	What worked/what didn't?		All

9:00 pm Adjourn

## City of Auburn – FY18 Work Plan Focus Areas & Initiatives

## A Strengthening Our Community

The City Manager's Office will work with the Mayor, Council, and all the departments of the City to have vibrant, connected and engaged neighborhoods. We will strive to have caring and compassionate services, with a healthy, safe and accessible City. We will encourage a community with amazing arts, culture and recreation experiences. Continued work with our neighborhoods is an important part of this process.

	Objectives – What we plan to achieve
	<ul> <li>Auburn becomes a leading destination for arts and cultural events; historical significance</li> <li>Build upon currently existing events, including music events</li> <li>Provide opportunities for any individual in our community to recreate</li> <li>Be known for having safe neighborhoods, and as "the community of neighborhoods"</li> <li>Access to public transportation</li> </ul>
	Why – How this supports our long term goals
	Makes the City more attractive to residents and visitors
	Measure – How we will know success
A.1. Community & Neighborhoods	<ul> <li>Create new signature events (i.e. like Balloon Festival and Yarmouth Clam Festival)</li> <li>Arts Walk expanded on this side of the river</li> <li>Increased number of venues available for events</li> <li>Opportunities for neighborhood-level recreational opportunities</li> <li>Greater communication and support of active neighborhood associations and participation</li> <li>Provide a Welcome to Auburn packet (perhaps neighborhood level too)</li> </ul>
	Leads – Who is responsible for doing this
	<ul> <li>City Manager's Office</li> <li>Police, Fire, Economic and Community Development, Rec. Department, Public Services, Econ. Dev.</li> <li>Historical Society and other organizations</li> </ul>
	Support – How the City Council and the public can be helpful
	<ul> <li>Communication: City Councilors talk to neighbors, serve as liaisons to neighborhood associations</li> <li>Funding support, and provide resources for neighborhood driven projects</li> </ul>

	Objectives – What we plan to achieve
	Opioid crisis response
	<ul> <li>Increase public safety</li> <li>New public safety facility</li> </ul>
	Why – How this supports our long term goals
	<ul> <li>City will be known as a safe community</li> </ul>
	Measure – How we will know success
A 2 Dublic Safety	<ul> <li>Reduce opioid overdose and death incidents and provide more services</li> <li>Complete fire safety study for Taylor Pond</li> </ul>
A.2. Public Safety	Reduction in crime rates
	Response times
	Leads – Who is responsible for doing this
	Police Department, Fire Department
	<ul> <li>General Assistance, Library, and hospitals</li> <li>Police Department, Fire Department</li> </ul>
	<ul> <li>Public Services, L/A 911</li> </ul>
	Support – How the City Council and the public can be helpful
	Council review study regarding a new facility
	Objectives – What we plan to achieve
	<ul> <li>Good schools are imperative to strengthening our community, growing our economy, and other goals.</li> </ul>
	<ul> <li>Strategize on how the City and the School Department can coordinate communications and activities.</li> </ul>
	<ul> <li>Present a unified front for the community, region and state.</li> </ul>
	Why – How this supports our long term goals
	Makes the city more attractive to home buyers and residents
	Increased communication, and transparency
A.3. Schools	Measure – How we will know success
	Tangible and noticeable increase in communications between School Department and City
	Leads – Who is responsible for doing this
	City Manager's Office and City Council
	Support – How the City Council and the public can be helpful
	Encourage and foster joint School Committee and City Council meetings
	Have City staff liaison to the School Committee

# B Growing Our Economy

The City Manager's Office will work with the Mayor, Council, and all the departments of the City to have strategic and collaborative partnerships both internally and externally that will help move the City forward with diverse employment opportunities and a growing business climate that promotes and encourages innovation and development. The following initiatives in the FY18 Budget are some examples of what is being done to encourage growth, with the Ag Study, Sports Tourism, the New Auburn Village Plan, and other similar investments in the community.

Objective - What we plan to achieve Market all positive aspects of the City in a highly effective and consistent way • Why – How this supports our long term goals Improves our reputation and attractiveness Heads us in the direction of being one of the best small cities in America ٠ Measure - How we will know success Increased economic activity • Less negative feedback B.1. Branding & Marketing ٠ New housing starts ٠ Leads – Who is responsible for doing this Coordinated by the Communications Department and City Manager's Office, yet ٠ Every department and every employee needs to be on board ٠ Support – How the City Council and the public can be helpful Buy into and implement the branding and messaging Be proactive and positive in all communications and meetings Address conflict in a constructive manner

	Objective – What we plan to achieve
	<ul> <li>Make Auburn the best city in Maine to attract new business and housing opportunities</li> <li>Make Auburn a Sports Tourism destination (sports, walking, biking, unorganized activities) leader</li> <li>Develop agribusiness activity, agri-tourism and other natural resource-based industries</li> <li>Revitalize New Auburn</li> </ul>
	Why – How this supports our long term goals
	<ul> <li>New development attracts investment; diversifies and increases the property tax base with ripple effect.</li> <li>Makes City more attractive to residents and visitors</li> <li>Improves our reputation and attractiveness</li> <li>Heads us in the direction of being one of the best small cities in America</li> <li>Creates new opportunities for business growth</li> </ul>
B.2. Development Opportunities	Measure - How we will know success
opportunities	<ul> <li>Increased economic growth, activity, property values and investments in the agriculture economy</li> <li>New business and housing starts, including enhanced or new facilities</li> <li>Increased hotel and restaurant activity; increased events and ticket sales</li> <li>New and expanded recreational opportunities and use of the river</li> <li>Increased competition for nearby housing</li> <li>Complete Agriculture Study</li> </ul>
	Leads – Who is responsible for doing this
	<ul> <li>Economic Development and Planning</li> <li>City Manager's Office</li> <li>Norway Savings Bank Arena, Ingersoll Turf Facility, Recreation Department, Public Services</li> </ul>
	Support – How the City Council and the public can be helpful
	Support economic development vision
	Objective – What we plan to achieve
B.3. Workforce Development	<ul> <li>Best workforce development opportunity in the state</li> <li>Increased affordable housing availability</li> <li>Develop a comprehensive strategy on workforce development</li> <li>Help with concentrated effort in retention of new Mainers</li> <li>Coordination and promotion of all available services to the public, community organizations, businesses, and city employees</li> <li>Increased legislative advocacy at state and federal levels</li> </ul>
	Why – How this supports our long term goals
	Skilled labor contributes to economic growth

<ul> <li>This supports increase in property values and investment because many of these people are well-educated and have a lot to offer</li> <li>Increases the labor force, including agricultural labor force</li> </ul>
Measure - How we will know success
<ul> <li>Reduced job vacancies, and increase in a well trained workforce</li> <li>Develop strategic focus on and see an increased progress on workforce development</li> <li>Increased home ownership</li> <li>Long term positive changes in demographics</li> </ul>
Leads – Who is responsible for doing this
<ul> <li>City Manager's Office</li> <li>Police Department and others</li> <li>School Department</li> </ul>
Support - How the City Council and the public can be helpful
Support the comprehensive strategy and approach to workforce development

# C Building a Sustainable City

The City Manager's Office will work with the Mayor, Council, and all the departments of the City to ensure that our infrastructure is being maintained properly with responsible growth to have the City of Auburn be a destination point with efficient, effective services and a strong, healthy environment.

	Objective – What we plan to achieve
	<ul> <li>Design, develop and create a more walk-able and attractive downtown</li> <li>Become an attractive livable city</li> <li>Improve connectivity along the Downtown and among facilities</li> <li>Increase urbanization and centrally provided services</li> <li>Inventory vacant, city-owned, underutilized, poorly managed properties, tax acquired property</li> <li>Explore property potential and disposition, understand spaces are available for development and occupancy</li> </ul>
	Why – How this supports our long term goals
C.1. Downtown Beautification	<ul> <li>Makes the City more attractive to residents and visitors</li> <li>Invites businesses to locate in the Downtown and in the City</li> <li>Facilitates investment in currently available properties</li> <li>Makes properties more attractive and increases taxable value</li> </ul>
& Connectivity	Measure - How we will know success
	<ul> <li>Increased utilization of the downtown and river walk as a destination point and for residents</li> <li>Completed inventory</li> <li>Increased infill development and reduced vacancy</li> <li>Increase property taxable value</li> </ul>
	Leads – Who is responsible for doing this
	<ul> <li>Economic Development, City Manager's Office</li> <li>Finance Department, Public Services</li> </ul>
	Support - How the City Council and the public can be helpful
	<ul> <li>Provide resources when needed</li> <li>Support Downtown Beautification initiatives</li> </ul>

<ul> <li>Objective – What we plan to achieve</li> <li>Improve and maintain current infrastructure and resources; expand when needed</li> <li>Support adequate staffing</li> <li>Implement LED streetlight conversion program</li> <li>Better coordination with Water and Sewer Departments regarding improvements</li> <li>Grow business partnerships and sponsorships: promotion, volunteers, financial investment</li> </ul>
Why – How this supports our long term goals
<ul> <li>High functioning infrastructure is critical to people and attract investment</li> <li>Partnerships, business involvement and volunteerism increases sense of shared ownership</li> </ul>
Measure - How we will know success
<ul> <li>Meet life-cycle replacement plans for facilities and equipment</li> <li>Demonstrate less failure and repair</li> <li>Increased numbers of volunteers, fewer vacancies on boards, and more recognition for volunteers</li> </ul>
Leads – Who is responsible for doing this
<ul> <li>City Manager's Office</li> <li>Public Services, Finance, Economic Development, Recreation Department</li> <li>Each department and all employees</li> </ul>
Support - How the City Council and the public can be helpful
<ul> <li>Additional financial support for increased staffing</li> <li>Continued commitment to the various boards and committees</li> <li>Volunteer recognition</li> </ul>

	<ul> <li>Objective – What we plan to achieve</li> <li>Acquire city benefits out of all relicensing processes</li> <li>Energy, environmental sustainability plan</li> <li>Increase river activity</li> <li>Balance of green space and development</li> </ul>
C.3 Open Space & Ecological	<ul> <li>Why – How this supports our long term goals</li> <li>Increases viability and sustainability of Auburn</li> <li>Measure - How we will know success</li> </ul>
Sustainability	<ul> <li>Relicensing processes are accomplished</li> <li>Energy and environmental sustainability plan in place</li> <li>New and increased river activity</li> </ul>
	Leads – Who is responsible for doing this
	Economic Development, Recreation Department, Public Services
	Support - How the City Council and the public can be helpful
	Support open space and ecological sustainability initiatives

# D Leading in Public Service

The City Manager's Office will work with the Mayor, Council, and all the departments of the City to have the City be one of the best small cities in the nation. We will do this by maintaining a stable fiscal environment, reducing the cost of government through improved business processes and innovation, conduct and implement the Compensation Study to retain and attract talented staff, implement initiatives to encourage greater investment in the community and growth, maximize opportunities for collaboration and regional partnerships that make sense.

Objective – What we plan to achieve         Prioritize the items in the CIP         Adequately fund the CIP         Inventory all facilities and develop a long term facilities improvement schedule         Why – How this supports our long term goals         High functioning capital assets are critical to people and attract investment         Measure - How we will know success         Buildings adequately maintained and fully functional         Adequate equipment provided for each department         CIP consistent with over-arching goals         Serves to control operational budgets         Leads – Who is responsible for doing this         Finance, City Manager's Office         Support - How the CiP         Adequately fund the CIP
