**X. Adjournment**
Information: The marijuana workgroup has been meeting regularly since the City Council meeting on February 5, 2018 to consider local impacts relating to adult use and medical marijuana businesses.

The workgroup has completed their work and is presenting to the council the proposed ordinance change. The proposed ordinances have been presented to the Planning Board and a public hearing has been held. The Planning Board has made recommendations for changes and some of these have been incorporated to this draft. Three workshops have been held with the city council to discuss the marijuana business ordinance, changes to the zoning ordinance and the odor ordinance. At this workshop we will discuss changes to the setbacks for existing medical marijuana cultivation sites which may want to transfer to an adult use cultivation business and answer any questions the council may have before the first reading.

We are proposing the city council hold the public hearing and first reading at the May 20, 2019 meeting to determine if the City of Auburn will “opt-in” to allow marijuana businesses as outlined in state statute. If the council is in favor of “opting-in”, the city council will need to adopt the proposed ordinance with any recommended changes by council. Although the ordinance will become effective upon adoption, the adult use applications will not be received until a conditional license is approved by the State of Maine. While the “Marijuana Legalization Act” has already been approved, the rulemaking has yet to be completed. It is reported that rulemaking may have their work completed by Spring of 2020.

City Budgetary Impacts: New revenue and new expenses will occur with the adoption of this ordinance. The estimated financials were reviewed at the April 11, 2019 workshop meeting.

Staff Recommended Action: If the city council votes to “opt-in” to allow marijuana businesses – staff recommends the city council approve the new and amended ordinances.

City Manager Comments:

I concur with the recommendation. Signature:

proposed high school who would like to see two questions (options) on the referendum ballot, not just one.

Councilor Gerry – reported that she is also getting comments from constituents regarding the referendum on the proposed high school.

Councilor Lasagna – reported that the Strategic Planning Committee will be meeting on Tuesday, April 23rd at 8:00 AM. She reported that she has also been receiving a lot of email and correspondence on whether we have one or two options on the referendum ballot for the new high school. Friday is the Great Falls forum at the Lewiston library.

Councilor Hayes – reported on the suggested RFP at the Airport to see if there was an interest for a developer utilizing part of the airport property and provided information on that topic. Regarding the proposed new high school, he commented that there have been a number of meetings and the public has been invited and encouraged to attend. A comment that they are hearing is that $15 million toward a new high school is a lot of money, but he reminded everyone that a few years ago, the city thought they may have to bear the entire cost of a new high school alone, however, we decided to hold off and fortunately made it to the top of the list for state funding for a new high school and $15 million for a $122 million dollar facility is another way of looking at this.

2015-2019 CONSOLIDATED PLAN

In 2015 the City of Auburn adopted the 2015-2019 Consolidated Plan. The Consolidated Plan identifies many of the community’s issues, establishes priorities, and describes how Community Development resources will address these needs. This Consolidated Plan sets forth goals, objectives, and performance benchmarks for measuring progress, and establishes a framework for assessing the programs and projects Auburn will make available for revitalization.

**2019 FUNDING**

This plan is built on a budget based on previous year funding levels until allocations are announced by HUD. Funding for the Community Development Program is primarily from two sources, Community Development Block Grant and HOME Investment Partnerships Program funds. These are entitlement grants which means the City will receive these each year.

The following is a summary of anticipated resources for the period July 1, 2019 to June 30, 2020. *Congress has approved the FFY2019 Appropriations Bill and HUD anticipates that the Grantee allocations will be announced on or before May 23. HUD advises grantees not to submit the Annual Action Plan until after FFY2019 allocations are announced. An affected grantee may delay submission of its action plan to HUD by up to 60 days after the date allocations are announced. In order not to delay the beginning of its 2019-2020 program year any more than necessary the City of Auburn is following this plan:

- Adhere to normal schedule through May 15, 2018;
- Build the plan on flat funding from previous year allocation. An increase to funding is anticipated and the Citizen Advisory Committee voted to add additional funding for Public Service Agencies to the Auburn Rec Department for more scholarships up to the CAP; Administration of CDBG Program up to the CAP. Additional funds will be used to increase funding for the Housing Rehab Program. Additional funding for HOME Program will be shared with Lewiston and all programs will be proportionally increased.

**Community Development Block Grant Funds:** The proposed budget for FFY2019 is $1,224,099 from the following sources of Community Development funds:

- Community Development Grant: $544,099
- Anticipated Program Income: $200,000
- Carry Over Funds: $491,064

HOME Grant $232,042
Anticipated Program Income $54,000

BUDGET DESCRIPTIONS

STRATEGY: SUPPORT FAIR HOUSING AND INCREASE HOUSING CHOICE
*Build a Fair Housing Website Page to disseminate information to landlords and tenants about the rights and responsibilities of each party and the means for assistance in the event of a problem.*

1.  Fair Housing
   Proposed Budget:  $2,000

   **Description:** Update the Analysis of Impediments to Fair Housing (AI) and implementation of identified Fair Housing strategies identified in the report.

   The Cities of Auburn and Lewiston will be undertaking fair housing activities to raise awareness of Fair Housing Laws. The Analysis of Impediments to Fair Housing Choice Report (AI) completed in 2013 identified activities to be undertaken in first four years. In 2018 the Cities were to begin work on the Fair Housing Assessment Planning Tool (FHP) however HUD has delayed this requirement until 2020. The Cities need to be pro-active and in lieu of the more extensive FHP updating the current AI is advised. The cost can be shared by both Auburn and Lewiston Community Development and the Housing Authorities.

   **Anticipated Outputs:** Update to the 2013 Impediments to Fair Housing Plan and identify Fair Housing Activities to be undertaken in the next 4 years.

STRATEGY: PROMOTE JOBS AND DEVELOPMENT

*Assist small businesses to start up, succeed and grow through*

- Loans to support job creation for low-income people anywhere in the City.

2.  Economic Development Programs
   Proposed Budget:  $100,000

   **STAR Program (Storefront Traffic Accelerates Revitalization)**

   **Description:** Funds will be used to provide loans to businesses and property owners for building renovations in Auburn. This program helps to create jobs and will encourage the redevelopment of vacant storefront properties. Funds will be used to provide forgivable loans to expanding businesses or to business start-ups. Funds can be used for working capital, equipment or inventory purchase, or building improvements. The program will help to create jobs in the community, primarily benefiting low- and moderate-income persons.

   **Anticipated Outputs:** 3 Business Loans
STRATEGY: PREVENT DETERIORATION OF HOUSING STOCK

• Provide grants, deferred loans, and low-interest loans for the rehabilitation of owner and rental housing that is occupied by low and moderate-income households;
• Provide matching funds to the 3-year federal grant to reduce childhood lead poisoning;
• Provide Community Development staff support to the Lewiston-Auburn Lead Subcommittee to assist with implementation of the 5-Year Strategic Action Plan for the Reduction of Childhood Lead Poisoning in the Cities of Auburn and Lewiston.
• Financially support code enforcement activities that result in improvements to the housing stock
• Provide financial assistance to encourage exterior as well as health and safety improvements.

3. Rehabilitation Loan Program
   Proposed Budget: $135,019
   Project Delivery Costs: $93,000

   Description: Funds will be used to provide loans under the Rehabilitation Loan Program to upgrade residential buildings, increase curb appeal, address code violations, weatherize homes, and to provide a loan match to the Lead Hazard Reduction Grant. The Rehabilitation Program helps to maintain and upgrade the quality of housing, particularly in targeted areas and assists low-income property owners and investors to address housing problems. The program also helps to increase or stabilize the tax base, provides an economic stimulus for contractors and suppliers, eliminates lead hazards, and prevents properties from becoming blighting influences in the more densely populated neighborhoods.

   The Project delivery costs covers staff salaries, benefits, supplies and equipment to implement the program. This does not count against the Administrative Cap.

   Anticipated Outputs: 4 units: health and safety repairs
   3 units: with whole house/curb appeal improvements
   2 units: with lead paint problems eliminated
   4 units: repairs of code enforcement violations

4. Lead Testing and Clearance
   Proposed Budget: $5,000

   Description: Funds will be used to cover the cost of performing lead clearances in buildings that have been rehabilitated with federal funds. These funds will be used only for projects where there are no Lead Grant funds involved. One of the requirements imposed by Title X is that a property that is rehabilitated with federal funds must be lead safe that is documented through a clearance test. These funds pay for the contractor to take samples and have the sample analyzed by a certified lab.

   Anticipated Outputs: 15 lead tests
5. **Code Enforcement**  
Proposed Budget: $50,000  

**Description:** Funds will be used to cover salary costs for a Code Enforcement officer of the City of Auburn. Code enforcement efforts will be directed in three target areas, Downtown, New Auburn and Union Street. The focus of the code enforcement effort is to control vacant and dangerous buildings, nuisance complaints, and to expand code enforcement efforts to improve the overall condition of the housing stock. This will include coordinating building improvements, some of which will come through the City’s Rehabilitation Program.

**Anticipated Outputs:** 100 buildings inspected  
25 buildings with health/safety violations repaired/private funds  
3 buildings with health and safety violations repaired/public funds

**STRATEGY: IMPROVE PARKS AND ESTABLISH COMMUNITY GARDENS**

- **Enhance physical infrastructure of key in-town parks;**  
- **Improve lighting at Union Street;**  
- **Extend the Riverwalk into New Auburn;**  
- **Improve walkways to and from parks;**  
- **Provide opportunities for growing fresh healthy foods by establishing community gardens in the Downtown, Union Street and New Auburn target areas.**

6. **Community Gardens**  
Proposed Budget: $8,000 (2019 growing season)  
$21,980 (Construction of New Garden)

**Description:** Funds will be used to support a garden coordinator and a neighborhood garden champion for the Webster Street and the Newbury Street gardens for the season beginning in April 2019. Community gardens encourage people to improve their health, stretch their food dollars, learn about growing vegetables, and provide a place where neighbors can meet to engage in a positive way. The garden coordinator will be supervised by St. Mary’s Nutrition Center which will be considered an in-kind match. This allocation will count towards the Public Service Cap in the 2019 budget. Infrastructure funds will be used to create a new Community Garden on Whitney St.

**Anticipated Output:** Support for Webster Street and Newbury Street Gardens and creation of a 3rd community garden.
STRATEGY: MAKE NEIGHBORHOODS STREETS SAFER AND MORE WALKABLE

Provide grants to Neighborhood Organizations and groups for projects that will enhance a neighborhood. The funds will be used for public infrastructure projects. This activity may also meet the previous strategy to improve parks and greenspaces.

7. Neighborhood Challenge Grants
   Proposed Budget: $30,000

   Description: Funds will be used in increments of $1,000 up to $10,000 to provide funding for projects that will enhance neighborhoods. Increased safety, beautification and improved parks are the goals. The budget amount of $25,000 will be awarded to applicants for projects of $1,000 or more. One $10,000 grant may be awarded. City staff will assist the applicants with the development of the projects.

   Anticipated Output: dependent on the applications received
   Up to 3 - $10,000 grant
   Up to 8 grants of $1,000 - $5,000

8. Chestnut Street Traffic Control and Parking
   Proposed Budget: $50,000

   Description: Chestnut Street is the home to the Auburn Pal Center, the athletic fields directly behind the center and the basketball courts/playground area across the Street known as the gully. It is a pass through for vehicular traffic between Webster and Winter Street. Given the pedestrian/child traffic at the PAL Center and the increased speeding motorists the safety of the pedestrians and children are a great concern. The funds will be used to install a raised crosswalk in front of the PAL Center and a pedestrian friendly access to the “gully”. It will also provide additional parking. Timeline for the project is the summer of 2019.

   Anticipated Output: 1 improved greenspace/park

9. Downtown Walkability Project
   Proposed Budget: $135,000

   Description: Reconstruction of Library Avenue to include new curbing, sidewalks, crosswalks and street lights. The goal is to provide safe, comfortable, attractive and convenient access and travel for pedestrians, bicyclists, motorists and transit users of all ages, abilities and preferences in the downtown area. This project will be leveraged with TIF Funds and Public Services Budget.

   Anticipated Output: 570 ft. of street reconstruction
   800 ft. new sidewalks and curbing
   4 new streetlights
   13 parking spaces on Library Avenue
STRATEGY: SUPPORT PEOPLE IN THEIR EFFORTS TO TRANSITION OUT OF POVERTY

Focus on helping young people growing up in poverty to get the personal and educational skills needed to live a healthy and productive adult life.

- Expand programming for at-risk teenagers that helps them learn work skills, graduate from high school
- Create youth apprenticeship opportunities with local businesses

Support low-income adults to successfully provide for themselves and their families through education and development of employment skills including mentoring, work readiness, and job training.

10. Androscoggin Head Start and Child Care Promise Early Education Extended Care Program
    Request: $10,000
    Proposed Budget: $10,000

    **Project Description:** Funds would provide social services for families enrolled in head start at Webster School and other sites. Services are available to economically disadvantaged children whose parents are working or in job training. These services assist families in meeting their basic needs, provide parent training, provide information and referrals, develop a strategy to maintain or attain economic independence, and provide crisis intervention. These services facilitate families’ efforts to maintain or obtain financial independence from assistance and help children achieve school readiness.
    **Anticipated Output:** 23 Auburn families

11. Literacy Volunteers of America/Androscoggin Literacy Services for Adults & Families
    Request: $8,895
    Proposed Budget: $8,895

    **Project Description:** Funds will be used to help recruit, train and support volunteers to provide tutoring to illiterate adults and families. The Adult Literacy Program provides one-on-one tutoring for reading, writing, and basic math for adults and families in Androscoggin County who are at the lowest two literacy levels. They also offer one-on-one tutoring for English speakers of other languages. The focus is to help adults with low literacy skills and immigrants gain critical reading, writing, and math skills that will help with employability. 90% of their students’ primary goal is to obtain a job, pass a job-related test, or participate in career training.
    **Anticipated Output:** 90 Auburn residents
12. Auburn Police Department
Work with Me
Request: $90,621
Proposed Budget: $47,105

**Description:** Auburn Police Department will work collaboratively with Auburn School Department, Central Maine Community College, and Community Concepts, Inc. Bridges Out of Poverty initiatives to provide case management for at-risk youth ages 15-19. Funds will be used to cover the program coordinator’s salary, student intern and PAL summer intern stipends, and College Mentor Stipends.

**Anticipated Output:** 40 Auburn youth

13. Auburn Recreation Department
Recreation Scholarships
Request: $50,000
Proposed Budget: $18,000

**Description:** Support families who are involved in education or working by providing summer day care for their children. Families will be required to enroll in an education or training program for their children to qualify. Funds will pay for grants to 30 children. Funds will pay for scholarships, approximately $500 per child.

**Anticipated Output:** 25 households (40 children)

**STRATEGIES: PREVENT HOMELESSNESS**

*Support homeless people first with housing, then with services to help them provide for themselves and their families through work readiness training and job skill development.*

- Provide staff support to Lewiston-Auburn Alliance for Services to the Homeless (LAASH) to improve access to services and housing for persons who are homeless or at risk.
- As a first step towards helping the homeless or at-risk households re-integrate into the community provide a City-sponsored Security Deposit Program as well as other “housing first” approaches.

14. Safe Voices
Request: $12,000
Proposed Budget: $11,000

**Project Description:** Funds will be used to pay the shelter worker salaries to provide services to families experiencing domestic violence and homelessness to develop skills for self-sufficiency. The shelter serves women and children who are victims of domestic violence. The shelter is open 24 hours, 365 days each year with day and evening staff.
Their clients are usually forced to leave behind most of their possessions and many lose their jobs when they come to the shelter. The ongoing case management services and connections to community resources help them to increase their income and non-cash benefits for overall housing stability which helps to prevent the reoccurrence of homelessness. The shelter advocate will assist the family by developing self-sufficiency skills, connect them with resources such as work ready training and job skills.

**Anticipated Output:** 70 Auburn residents

15. **Tedford Housing**  
    **Request:** $7,000  
    **Proposed Budget:** $7,000

**Description:** Funds will be used to pay for case management services for a supportive housing project in Auburn. Tedford Housing operates a permanent supportive housing for formerly homeless single adults. Services will help these individuals to improve quality of life and remain living independently. Without these services, many formerly homeless families fail to maintain housing. Tenants tend to have been homeless two or more times for an extended period. They typically have a disability and have frequent physical health challenges. Each person will be evaluated and have a plan of care. Additionally, the plan will identify opportunities to move towards a volunteering activity, academic courses or training.

**Anticipated Output:** 7 formerly chronically homeless persons

City Council Information Sheet

Council Workshop or Meeting Date: May 6, 2019

Order: 52-05062019

Author: Brett Sawyer, Economic Development Specialist

Subject: TIF District 24-Gracelawn Apartment Complex

Information: The Economic Development Office has been working with the Developer of Gracelawn Apartments to solve the pedestrian traffic concern on Turner Street. The development of the apartment complex will create additional pedestrian traffic in the area and will require sidewalks to be built. The proposed sidewalk on Turner St. would connect the mall area sidewalk system to future planned sidewalks on Gracelawn Road. This project supports City walkability goals and is supported by the Complete Street Committee.

The creation of the TIF district will make it possible to build the sidewalk while the apartment complex is being built with tax shift funds that would be lost to the State and County. The Developer of the complex would finance the project and be repaid utilizing a CEA. The Developer is only entitled to CEA repayment after completion of the sidewalk per the TIF agreement. Additional TIF funds would be generated for future repaving of Turner Street and Joline Drive.

City Budgetary Impacts: No impact to General Fund

Staff Recommended Action: Motion to approve the order

I. Introduction

A. Gracelawn Apartments

Millbran, LLC, (the “Developer”) has received approval for a Subdivision to construct four buildings designed to provide twelve (12) dwellings each. The 48-unit complex would consist of four buildings of twelve, one- and two-bedroom rental residences. The homes would occupy buildings roughly totaling 46,080 square feet, in four, 3-story buildings.

The area provides walkable access to a wide variety of retail, entertainment, restaurants, fitness facilities, medical offices and the nearby Auburn Mall. Saint Mary’s Workmed is directly across from the project site and Gracelawn Memorial Park is adjacent along both Gracelawn Road and Turner Street. Auburn Plaza, a large commercial complex, backs onto Turner Street across from the project site.

Based on the initial planning, the Developer estimates that the development within the District will result in an approximately $2,500,000 investment of new construction within the City.

B. Designation of the TIF District

The City hereby designates the Gracelawn Apartment Complex Tax Increment Financing District (#24) (the "District" or "TIF District"). The District is shown on Exhibit A and consists of 2.92 acres identified on City Tax Maps as Map 290, Lot 011. The District will exist for a total of twenty-four (24) years beginning on July 1, 2020, and is more fully described below in this Development Program. The City plans to capture fifty-one percent (51%) of the increased assessed value of taxable real property located within the District and will use the property taxes paid on such captured value (the “TIF Revenues”) to fund the credit enhancement agreement described herein and projects described in detail in Table 1 herein.

II. Development Program Narrative

A. The Development Program

This Development Program is structured and proposed pursuant to Chapter 206 of Title 30-A of the Maine Revised Statutes, as amended (the "TIF Statute"). The City's designation of the District combined with the adoption of this development program (the “Development Program”) create a single municipal TIF district in order to capture the value of the real property improvements made in the District, and enable the use of taxes paid on increased assessed value in the District ("TIF Revenues") to ensure the economic viability of the Facility slated for construction. The Development Program will run for the same twenty-four (24) year period as the District designation, starting with fiscal year 2020-2021, July 1, 2020, ending June 30, 2043.
Under this Development Program the City will capture fifty-one percent (51%) of the taxes paid on increased assessed value in the District. During term of the District, the City will intend to reimburse one hundred percent (100%) of the TIF Revenues to the Developer pursuant to a credit enhancement agreement (the “Credit Enhancement Agreement”) until the City of Auburn has repaid the Developer the actual cost of building the sidewalks on Turner Street, including any accrued interest the Developer incurs on financing it obtains in order to complete the sidewalk project, up to an overall maximum developer reimbursement over the District term of $300,000. The Developer must submit to the City proof of its actual costs for building the sidewalks. Once the Developer has been repaid, one hundred percent (100%) of the TIF Revenues will be available for municipal tax increment financing project costs. In addition, payments to the Developer under the Credit Enhancement Agreement will be triggered by a determination by the City Engineer that such sidewalk project is complete. If no such determination of project completeness has been made within three years of the effective date of the Credit Enhancement Agreement, the City will have no payment obligations under the Credit Enhancement Agreement.

In designating the District and adopting this Development Program, the City can accomplish the following goals:

- Ensure construction of a highly desirable apartment project;
- Maintain existing tax revenues;
- Provide for facilities outlined in the Development Program; and
- Enjoy enhanced future tax revenues generated by the Facility.

The City's designation of the TIF District and pursuit of this Development Program constitute a good and valid public purpose pursuant to Chapter 206 of Title 30-A because it represents a substantial necessary City infrastructure improvement and contributing to property taxes. In addition, by creating the District, the City will "shelter" the increase in municipal valuation that the Project will bring about. This tax shift benefit will mitigate the adverse effect that the District's increased assessed property value would have on the City's share of state aid to education, municipal revenue sharing and its county tax assessment. An estimate of the tax shift benefit is shown as Exhibit D-2 attached hereto.

B. The Project Costs

1. Municipal Project Costs

The City plans to invest in municipal infrastructure. The City plans to use its portion of the TIF Revenues to undertake several projects that will enhance the exposure and viability of the City as a vibrant place to locate a business, to visit, and to work. The City’s Project Costs will cover capital or municipal debt to fund the items listed in Table 1 below.
TABLE 1
City of Auburn’s Project Costs

Note: The TIF Revenues from this District are not intended to fully fund each of the projects listed below. The total project cost estimates for the projects listed below may well exceed the projected TIF Revenues from this District.

2. Developer's Use of TIF Revenue

Reimbursement to the Developer of one hundred percent (100%) of the TIF Revenues (until repayment of the actual cost of sidewalk, including any accrued interest the Developer incurs on financing for such sidewalk, is complete) up to an overall maximum reimbursement over the District’s term of $300,000 will provide a source of revenue to support the capital infrastructure project in proximity to the District (and/or obtain financing to do so).

C. Operational Components

1. Public Facilities

See Table 1 for a description of public facilities.

2. Commercial Improvements Financed Through Development Program

The City will enter into a credit enhancement agreement with Millbran, LLC, to support the commercial improvements in the District by providing reimbursement for the Turner Street sidewalk improvement project costs.

3. Relocation of Displaced Persons

Not applicable.
4. **Transportation Improvements**

See Table 1 for a description of any transportation improvements.

5. **Environmental Controls**

The improvements made under this Development Program will meet or exceed all federal, state and local environmental laws, regulations and ordinances and will comply with all applicable land use requirements for the City.

6. **Plan of Operation**

During the term of the District, the City Council or its designee will be responsible for all administrative matters within the purview of the City concerning the implementation and operation of the District.

D. **Improvements to the Public Infrastructure**

Please see Table 1 for a list of public infrastructure improvements contemplated by the District.

III. **Physical Description**

This Article III addresses the conditions for approval contained in 30-A M.R.S.A. § 5223(3). The proposed 2.92-acre District is shown in Exhibit A-1 and Exhibit A-2. The statutory threshold limits addressing the conditions for approval mandated by 30-A M.R.S.A. § 5223(3) are set forth in Exhibit B.

IV. **Financial Plan**

The Original Assessed Value of the property in the District was two hundred sixty-two thousand six hundred dollars ($262,600) as of March 31, 2019 (April 1, 2018) as shown in the Assessor’s Certificate at Exhibit C. In the event of a revaluation of taxable property within the City, the Captured Assessed Value of this District may be adjusted in proportion to the change in taxable assessed property valued within the District in the year of the revaluation.

A Development Program Fund shall be established by the City consisting of a Project Cost Account and a Sinking Fund. Upon each payment of property taxes for property located inside the District, the City will deposit into a development program fund (the "Gracelawn Apartment Development Program Fund" or "Development Program Fund") fifty-one percent (51%) of the property tax payments on increased assessed value of District property, also referred to as TIF Revenues. The Development Program Fund is pledged to and charged with the payment of the project costs in the manner provided in 30-A M.R.S.A. § 5227(3). The Development Program Fund Project Cost Account shall consist of and be separated into separate subaccounts: a Developer Project Cost Subaccount (a "Developer Project Cost Subaccount") and the City Project Cost Subaccount (the "City Project Cost Subaccount"). The Developer Project Cost Subaccount will be pledged to and charged with the payment of amounts due to the Developer under a
credit enhancement agreement entered into by the City and the Developer. Upon receipt of each payment of property tax from the Developer on District property, the City shall deposit into the Developer's Project Cost Subaccount one hundred percent (100%) of the TIF Revenues, until the total cumulative amount of TIF revenues so deposited during the district term compensate the Developer for the actual cost of sidewalks built on Turner St. including any accrued interest the Developer incurs up to a total maximum amount of $300,000, at which point no further deposits shall be made into the Developer Project Cost Subaccount. The amounts in the Developer Project Cost Subaccount shall be used and applied solely to fund the payments to the Developer under its Credit Enhancement Agreement. The City shall deposit the balance of the TIF Revenues in the City Project Cost Subaccount.

All funds deposited into the City Project Cost Subaccount will be used to pay or costs of the public facilities, improvements, and programs described in Table 1 hereof. All funds deposited into the Developer Project Coast Subaccount will be used to make payments pursuant to the credit enhancement agreement.

A. Financial Data

Estimates of the increased assessed property values of the District and the anticipated TIF Revenues generated by the District are shown in Exhibit D-1. The current and future developers owning or leasing properties located within the District will pay for and/or finance improvements located in the District through private sources.

The statutory requirements and thresholds for approval required by Section 5223(3) of Title 30-A in the TIF Statute are set forth in Exhibit B.

B. Tax Shifts

In accordance with the TIF Statute, the table set forth in Exhibit D-2 identifies the tax shift benefits that the City estimates will result during the term of the District.

C. Public Indebtedness

Any municipal bond issued for such project would require the City approval process as normally required for municipal indebtedness.

D. Certification of Original Assessed Value

The Original Assessed Value of the District was two hundred sixty-two thousand six hundred dollars ($262,600) as of March 31, 2019 (April 1, 2018). This assessed value is wholly attributable to taxable real property value. Certification by the City’s Tax Assessor of the original assessed value of the District is set forth in Exhibit C.

**24-year total:** $639,433 $300,000 $339,432

**24-year average:** $26,643 $12,500 $14,143
Assumptions:

1. The Company’s projections assume an increased assessed value of $1,247,800 in year one and $2,247,800 in year two. TIF scenario assumes 51% of new assessed value is captured in the TIF District and 100% of the TIF revenues are reimbursed to the Company until Sidewalk construction is paid off.

2. Data sources include the 2019 mil rate and commitment reported by City officials; the State Treasurer's Office Revenue Forecasting Committee Revenue Sharing subsidy projections dated 03/13/19, the Maine Department of Education Preliminary 2019-2020 ED 279 form (adjustments will be made throughout FY 2019) for Auburn Public Schools, and Androscoggin County's FY2019 County Tax assessment.

3. Tax shift losses are comprised of declining subsidies in revenue sharing and state education subsidies, and increasing obligations to pay county taxes and local education costs. Tax shift losses occur a couple of years following the year in which the new assessed value is first recognized in the assessment. No tax shift losses occur when a TIF captures all of the new value.

4. These projections assume that the formulas and general inputs for state subsidies and county taxes do not change over time and they assume that all other values in other communities are static relative to one another except for the new value assessed. The projections are less likely to be accurate farther into the future. The projections also assume the assessment ratio in the City is 100% when new property value arrives, such that the market value of new property is used for assessment purposes.

5. The preceding financial information contains projections and forward-looking statements that are subject to a number of risks and uncertainties, many of which are beyond the Company’s control, that could cause the actual results, performance, or achievements of the Company to differ materially from any future results, performances, or achievements expressed or implied by the financial information reported in this projection. The model is not, nor intended to be, an appraisal or guarantee of an assessed value, and there may be positive or negative variations in the actual assessment of the project due to variety of factors, including without limitation the employment of alternative methods of valuation. The financial information presented herein has not been audited or otherwise reviewed by the Company’s external accounting firm.

NOW THEREFORE BE IT ORDERED AS FOLLOWS:

Section 1. The City Council hereby finds and determines that:

a. At least twenty-five percent (25%), by area, of the real property within the District, as hereinafter designated, is suitable for commercial uses; and

b. The total area of the District does not exceed two percent (2%) of the total acreage of the City, and the total area of all existing and proposed development districts within the City (including the District) does not exceed five percent (5%) of the total acreage of the City; and

c. The original assessed value of all existing and proposed tax increment financing districts (including the District) does not exceed five percent (5%) of the total value of equalized taxable property within the City as of April 1, 2018; and

d. Sam Boss, Conservation Commission Application Addendum

Briefly describe why you want to serve on this committee?

The abundance of the natural resources in our city was one of the reasons that my wife and I decided to settle here when we moved back to Maine after living and working in Boston for six years. The accessibility of outdoor recreational opportunities, the proximity of farms to the Auburn town center, and the beauty of our water bodies make this a unique and special place to live. As a citizen I feel a responsibility to help protect those resources for future generations. I also have a sense of urgency about the importance of conserving Auburn’s natural resources, because I have seen other small towns in Maine sprawl outwards rather than supporting development in the town center, sacrificing both the character of the downtown corridor and the ease of access to natural spaces.

What do you hope to accomplish?

I want to work with other Conservation Commission members and engage other Auburn residents in efforts to find the best way to preserve and protect our distinctive natural resources. At the same time, I want us to be innovative about finding opportunities for economic development that will feature our natural resources, build access to local food, and improve local recreational opportunities, thereby improving the quality of life for Auburn residents. I work well collaboratively and would enjoy working with other members of the Conservation Commission to understand and meet the varied needs of our population.

Knight House and Downing Shoe Shop
Great Falls Plaza — Auburn, Maine

General Information
Admission and programs are free and open to the public.
Donations are gratefully accepted.

2019 Summer Schedule
The Knight House was built in 1796, allegedly by Revolutionary War veteran Caleb Lincoln, on a site about 1/2 mile up the river. Over the past 223 years it has been moved five times, attesting to the integrity of the original structure. The house was home to various families until 1967 and the furnishings reflect this span.

The adjoining Downing Shoe Shop predates the Knight House by 6 years and was moved to its present location from Perkins Ridge in 1981. The sparse one-room shop contains tools and equipment used in the manufacture and repair of footwear during the 18th and 19th centuries.

Both buildings are owned by the City of Auburn and leased to the Androscoggin Historical Society, which manages them and underwrites the programming.
