Proposed Budget Amendment Request

Name of City Councilor Proposing the Amendment: Jim Pross

Name of City Councilor Supporting the Proposed Amendment: Leroy Walker

City Charter Sec. 8-5 (b) Amendment before adoption. *After the public hearing, the city council may adopt the budget with or without amendment. In amending the budget, it may add or increase programs or amounts and may delete or decrease any programs or amounts except expenditures required by law or for debt service or for an estimated cash deficit, provided that no amendment to the budget shall increase the authorized expenditures to an amount greater than total estimated income.*

Proposed Amendment:

To implement traffic calming measures to improve pedestrian safety on Mill Street in New Auburn

This amendment would fund the installation of traffic calming measures, including authorizing a raised crosswalk, to be installed on Mill Street, with a focus on the mid-block crossing from Third Street to the historic Pontbriand Building that is now home to Selco.

The amendment would also fund a pedestrian activated crossing signal to further raise driver awareness of pedestrians seeking to cross this street.

Please note revenue source/expense:
$20,000 from the Downtown TIF account balance as of June 30, 2016

Additional comments or justification for this amendment:

The public at a recent meeting on the New Auburn Riverway/Greenway engineering study spoke strongly about the safety issue with crossing Mill Street. While intersection improvements are planned for Mill St. and Main Street in the next two years, that will not address slowing traffic as a highly used mid-block crossing.

This amendment will demonstrate to the neighborhood that the City Council is committed to continued, lower cost improvements to the village area while contiuning to advance larger projects related to the Riverfront.

Proposed Amendment:

To restore $27,000.00 in funding to the Lewiston-Auburn Transit Committee.

Proposed Budget Amendment Request
(cont.)

Please note revenue source/expense:
$27,000.00 from the General Fund

Additional comments or justification for this amendment:
ATRC is a joint agency that manages the public transportation infrastructure for the City of Auburn. This network allows seniors, people of low income, or individuals with disabilities to live independently and move throughout Lewiston-Auburn without the use of a car. Increases in the cost of running this service have created a need for additional funding that was not included in the Manager's proposed Budget. Failure to fully fund this agency will result in the loss of service of key routes of this transit network, jeopardizing the condition of those most vulnerable in our City.

To restore $233,559 in funding to LA 911.

Proposed Budget Amendment Request
(cont.)

Please note revenue source/expense:
$233,559 from the General Fund.

Additional comments or justification for this amendment:
LA 911 is a joint service of the Twin Cities that has operated by interlocal agreement for decades. Per that agreement, the cities must evenly split the costs of this essential service. Failure to fully fund this program could not only endanger Auburn residents who rely on this service, but also would break ordinances laid down by the City in the creation of this interlocal agreement.

Please note revenue source/expense:
$26,000.00 from General Revenue or TIF accounts.

Additional comments or justification for this amendment:
AVCOG, an intergovernmental agency comprised of many municipalities, has shown definitively that the services that it provides to the City save us significant amounts of money through the utilization of bulk purchasing and economies of scale. Eliminating this funding, and by extension our relationship with AVCOG, would likely cost the city a significant amount of money. Restoring this funding ensures that those savings and services remain intact.

Proposed Budget Amendment Request
(cont.)

Please note revenue source/expense:
$45,900.00 from the General Fund

Additional comments or justification for this amendment:
The Auburn Public Library has become a hub for community activity in the Lewiston-Auburn community. Teens use the space to connect and learn in a safe environment, seniors use its internet access to complete essential tasks, and the community at large uses the resources of the Library to enrich themselves through learning and community. Cutting this funding will likely lead to losses of staff or service, which will impact a key service of the city. This funding restoration would ensure that the Library continues to be a thriving resource.

auburnmaine.gov

Proposed Budget Amendment Request
(cont.)

Please note revenue source/expense:
$120,271 from the General Fund.

Additional comments or justification for this amendment:
The Auburn Fire Department, which now includes a municipal EMS service that is a revenue driver for the City, has set a standard of excellence in service across the region for decades. The Manager's proposed Budget was built around the idea of combining the City's Police and FIre Departments into a single Public Safety. The Council has heard compelling reasons as to why we ought not go down that path, and thus, should we wish to keep the Fire Department intact, we must fully fund its operation.

Proposed Amendment:

To restore $160,610 in funding to the Lewiston-Auburn Economic Growth Council (LAEGC), so dedicated, on the condition that LAEGC creates an advisory sub-committee whose charge shall be to review and recommend changes to the governance, structure, and deliverables of LAEGC, which recommendations shall be subject to monthly review and formal review by the full Board of LAEGC. Said sub-committee shall be comprised of two representatives designated by the Lewiston City Council, and two representatives designated by the Auburn City Council. Furthermore, LAEGC shall agree to provide requested information and metrics demonstrating its value to the community as an economic development asset to Lewiston and Auburn, as may be requested by the governance sub-committee from time to time, or by the City Councils of either City.

Additional comments or justification for this amendment:

The City of Auburn has a significant need for a City Solicitor who can provide legal advice on routine matters. The City of Auburn currently contracts these services to Brann & Issacson, which has totaled approximately $90,000 for services rendered between June 2015 and April 1, 2016. The governance of the City of Auburn would improve with the aid of an attorney who can review documents, agreements, ensure compliance, and advise the City Council and staff on everyday matters which would benefit from legal review. While the use of outside counsel will continue to be necessary for litigation and other purposes, having a City Solicitor will reduce the use of outside counsel and decrease the expenses associated with the same, while providing the added benefits of having a staff attorney working with the City's Department heads and the City Council.

Additional comments or justification for this amendment:

This would fund experts in Farmers Market development to support the city in building an event that will attract people to the New Auburn village area. To successfully implement the overall New Auburn plan will require events that draw people to spend time there and support businesses.

While Mill Street is a state road, event-based closures have been a long standing practice around the state, including our very own Main Street which is closed regularly for events.

Existing Public Services and Police resources are used for other city events for road closures and detours, so will be allocated for this event.

A one year pilot for the market would be targeted for a 2017 season launch. Funding would be made through a contract for consulting and event management. City logistical support would be provided within existing resources.

The pilot period may be extended for up to two additional years based on satisfactory reporting on the program to the Community and Economic Development Committee and their recommendation to the full City Council.

The City Council would authorize the use of Mill Street between Second Street and Broad Street, including its potential closure for the days/nights of the Market.

Additional comments or justification for this amendment:
With the creation of a new combined Economic and Community Development Department, it is crucial to ensure that the Department has the resources that it needs to be successful in its work. At a May 9, 2016 workshop, the City Council heard a presentation from the Department regarding its budget for the new fiscal year. In the course of that discussion, the need for additional human resources to meet the existing needs and workload of the Department was identified by the Department. This Amendment proposal is in response to that identified need with the specific role and functions of the new employee set forth in the attached job description developed by the Department.

Council Workshop or Meeting Date: June 20, 2016 Order: 40-06202016

Author: Eric J. Cousens, Deputy Director of Planning and Development

Subject: Dangerous Building at 12 Patton Street

Information: The Council is being asked to determine if the building 12 Patton Street meets statutory requirements for being deemed a Dangerous Building. City Staff has the option of asking the Council to make this determination or filing a complaint with Superior Court to have the Court make the determination. Either body, Council or Court, may order the abatement of the issues that make the building dangerous including demolition and removal of the structure if appropriate. The process in front of the Council is much more public, open for input from those affected by the nuisance property and it gives the owner a chance to be heard by the Council. Staff prefers the public process for these reasons and because it sends a message that the Council will not allow dangerous buildings to persist. When a dangerous building is allowed to exist, it causes negative impacts on the community and often puts neighbors or the public at risk. Generally, there is a long process of notices and missed compliance dates set by a Code Enforcement Officer before we would ask the Council to consider a building dangerous.

To help make the determination we have provided the following:

1. Documents establishing the identity of the current owner or owners;
2. The notice of hearing and proof of service on the owners and any party in interest;
3. Previous correspondence, notices or citations to the owner;
4. Photographs depicting the dilapidation at the property;
5. Other evidence regarding the building; and
6. Proposed Findings and a draft Order to abate conditions at the property will be provided at the hearing.

If the Council finds that a building is dangerous then there is a deadline established for abatement of the dangerous conditions and an Order issued to the owner. Staff recommends 30 days but the Council could allow longer. If the owner fails to meet the requirements of the Order then the City may cause the abatement, including demolition of the structure. If the owner fails to reimburse the City for the costs associated with the abatement then a special tax is filed against the property and the City can eventually foreclose on the property if the tax is not paid in full.

Advantages: Allows the Council to order the removal of the dangerous structure and cause the removal if necessary. Cleans up the neighborhood affected by dangerous or abandoned buildings and reduces hazards and service calls for residents and other departments.

Disadvantages: None.

City Budgetary Impacts: If the owner fails to comply with the order then demolition would be funded by the City and a special tax in the amount of our expenses would be assessed against the property.

Staff Recommended Action: Review the evidence and findings provided and determine if the building is dangerous as defined by Statute. It is staffs opinion that the conditions at the property make the structure dangerous.

CITY OF AUBURN CITY COUNCIL
FINDINGS OF FACT, CONCLUSIONS OF LAW
AND ORDER OF DEMOLITION

12 PATTON STREET

On June 20, 2016 at 7:00 pm, the Auburn City Council held a hearing at 60 Court Street in Auburn, Maine to determine whether the residential structure and garage (the "Structures") at 12 Patton Street in Auburn, Maine, identified as Lot 23 on Tax Map 211, and further described in the deed recorded in the Androscoggin County Registry of Deeds at Book 3217, Page 247 (the "Premises"), are dangerous or nuisances pursuant to 17 M.R.S. § 2851. As such, the Council makes the following findings of fact and conclusions of law, and orders that the Structures be demolished.

Findings of Fact

Present at the hearing on this matter for the City was Eric Cousens, City Planner. The following individuals appeared on behalf of the owner and/or parties in interest: _____.

After considering the testimony and evidence presented, the City Council makes the following findings of fact:

1. The Premises and Structures are owned by Lorena and David Jipson (the "Owners"). Planning, Permitting & Code Department ("Department") Exhibit A.

2. Ms. Jipson and Mr. Jipson were each served a copy of the Notice of Hearing ("Notice") on May 2, 2016. Department Exhibits C & D.

3. There are no other parties-in-interest.

4. A copy of that Notice was also recorded in the Androscoggin County Registry of Deeds at Book 9349 and Page 49. Department Exhibit B.

5. The Structures are structurally unsafe.

6. The Structures are abandoned and unfit for human occupancy due to the lack of utilities, including water, heat, and electricity, as well as major structural damage, including a completely collapsed roof on the garage and a failing foundation on the house.

7. It constitutes a hazard to health and safety because of inadequate maintenance, dilapidation, obsolescence, and abandonment.

8. It is unsanitary due to the fact that the interior is open to the elements.

9. It is a heightened fire hazard due to its proximity to neighbors and overgrown brush.

10. The Owners have been given the opportunity to remedy the conditions at the Premises but have failed to do so.

Conclusions of Law

Applying the legal standards set forth in 17 M.R.S. § 2851, the Auburn City Council reaches the following conclusions of law:

11. The Structures are structurally unsafe and unstable.

12. The Structures are unsanitary.

13. The Structures constitute a fire hazard.

14. The Structures are unsuitable and improper for human habitation.

15. The Structures are a hazard to health and safety because of inadequate maintenance, dilapidation, obsolescence and abandonment.

16. The Structures are dangerous to life and property.

Any one of these conclusions would be sufficient to support a finding that the Structures are a nuisance and dangerous building, and the Council hereby concludes that the Structures at 12 Patton Street are nuisances and dangerous buildings within the meaning of 17 M.R.S. § 2851.

Order

Having found that the Structures at 12 Patton Street are nuisances and dangerous buildings within the meaning of 17 M.R.S. § 2851, the Auburn City Council hereby ORDERS:

17. That the Owners, and/or their successors or assigns, demolish the Structures, remove all debris, and stabilize the site within thirty (30) days of service of this Order.

18. That if the Owners, and/or their successors or assigns, fail to comply with this Order in the time frame set forth herein, the City shall have the authority to carry out this Order.

19. That within thirty (30) days after demand by the City, the Owners, and/or their successors or assigns, shall reimburse the City for all expenses it incurs in connection with this proceeding, including, but not limited to, expenses for securing and maintaining the Structures, service and other costs incurred, attorneys' fees, and any and all demolition and clean-up costs.

20. That if the Owners, and/or their successors and assigns, fail to timely reimburse the City for the expenses provided for above, the City shall assess a special tax against the Premises, as provided for in 17 M.R.S. § 2853 and/or recover its costs by means of a collection action.

This decision may be appealed to Superior Court under Maine Rule of Civil Procedure 80B.

I, Susan Clements-Dallaire, City Clerk for the City of Auburn, certify that on June 20, 2016, the City of Auburn City Council adopted the above Order.

City Council Information Sheet

Council Workshop or Meeting Date: June 20, 2016 Order: 41-06202016

Author: Eric J. Cousens, Deputy Director of Planning and Development

Subject: Dangerous Building at 16 Newbury Street

Information: The Council is being asked to determine if the building 16 Newbury Street meets statutory requirements for being deemed a Dangerous Building. City Staff has the option of asking the Council to make this determination or filing a complaint with Superior Court to have the Court make the determination. Either body, Council or Court, may order the abatement of the issues that make the building dangerous including demolition and removal of the structure if appropriate. The process in front of the Council is much more public, open for input from those affected by the nuisance property and it gives the owner a chance to be heard by the Council. Staff prefers the public process for these reasons and because it sends a message that the Council will not allow dangerous buildings to persist. When a dangerous building is allowed to exist, it causes negative impacts on the community and often puts neighbors or the public at risk. Generally, there is a long process of notices and missed compliance dates set by a Code Enforcement Officer before we would ask the Council to consider a building dangerous.

To help make the determination we have provided the following:

1. Documents establishing the identity of the current owner or owners;
2. The notice of hearing and proof of service on the owners and any party in interest;
3. Previous correspondence, notices or citations to the owner;
4. Photographs depicting the dilapidation at the property;
5. Other evidence regarding the building; and
6. Proposed Findings and a draft Order to abate conditions at the property will be provided at the hearing.

If the Council finds that a building is dangerous then there is a deadline established for abatement of the dangerous conditions and an Order issued to the owner. Staff recommends 30 days but the Council could allow longer. If the owner fails to meet the requirements of the Order then the City may cause the abatement, including demolition of the structure. If the owner fails to reimburse the City for the costs associated with the abatement then a special tax is filed against the property and the City can eventually foreclose on the property if the tax is not paid in full.

Advantages: Allows the Council to order the removal of the dangerous structure and cause the removal if necessary. Cleans up the neighborhood affected by dangerous or abandoned buildings and reduces hazards and service calls for residents and other departments.

Disadvantages: None.

City Budgetary Impacts: If the owner fails to comply with the order then demolition would be funded by the City and a special tax in the amount of our expenses would be assessed against the property.

Staff Recommended Action: Review the evidence and findings provided and determine if the building is dangerous as defined by Statute. It is staffs opinion that the conditions at the property make the structure dangerous.

Previous Meetings and History: January 25, 2016 workshop regarding Dangerous Buildings in general

In the event that you do not comply with this order, this office may issue a citation pursuant to Chapter 2, Article VIII of the aforementioned Code. Said citation shall require you to pay a penalty of one hundred and five dollars ($105.00) for the first citation and you will be reordered to abate the outstanding violations in the previous Notices and Orders. Administrative reviews of potential enforcement actions result in advisory opinions only, and therefore do not permit subsequent judicial review. This notice is therefore not open to administrative appeal. However, commencement of actual enforcement action of the sort listed above for failure to correct the violation(s) as requested, if any, shall give rise to a right to appeal that action directly. Such right shall not arise until and unless enforcement action actually commences. Any and all potential act(s) of enforcement as referenced above shall include written notice of your right to appeal. That notice shall specifically outline municipal procedure, and reference Maine civil procedure, for use in the event an administrative appeal is desired.

CITY OF AUBURN CITY COUNCIL
FINDINGS OF FACT, CONCLUSIONS OF LAW
AND ORDER OF DEMOLITION

16 NEWBURY STREET

On June 20, 2016 at 7:00 pm, the Auburn City Council held a hearing at 60 Court Street in Auburn, Maine to determine whether the front residential structure (the "Structure") at 16 Newbury Street in Auburn, Maine, identified as Lot 35 on Tax Map 231, and further described in the deed recorded in the Androscoggin County Registry of Deeds at Book 2682, Page 139 (the "Premises"), are dangerous or nuisances pursuant to 17 M.R.S. § 2851. As such, the Council makes the following findings of fact and conclusions of law, and orders that the Structure be demolished.

Findings of Fact

Present at the hearing on this matter for the City was Eric Cousens, City Planner. The following individuals appeared on behalf of the owner and/or parties in interest: _____.

After considering the testimony and evidence presented, the City Council makes the following findings of fact:

1. The Premises and Structure are owned by Judith LaChappelle and Bernard Ouellette (the "Owners"). Planning, Permitting & Code Department ("Department") Exhibits A & B.

2. Ms. LaChappelle and Mr. Ouellette were separately served with copies of the Notice of Hearing ("Notice") on April 27, 2016. Department Exhibits D and E.

3. Party-in-Interest Rocheleau & Associates, P.A. was served with a copy of the Notice on June 6, 2016. Department Exhibit F.

4. Party-in-Interest Northern Utilities, Inc. was served with a copy of the Notice on April 26, 2016. Department Exhibit G.

5. Party-in-Interest Herbert C. Wood was served with a copy of the Notice on June 1, 2016. Department Exhibit H.

6. A copy of that Notice was also recorded in the Androscoggin County Registry of Deeds at Book 9349 and Page 48. Department Exhibit C.

7. The Structure is structurally unsafe.

8. The Structure is abandoned and unfit for human occupancy due to the lack of utilities, including water, heat, and electricity, as well as major structural damage.

9. It constitutes a hazard to health and safety because of inadequate maintenance, dilapidation, obsolescence, and abandonment.

10. It is unsanitary due to the fact that the interior is open to the elements.

11. It is a heightened fire hazard and attractive to vandals due to its proximity to neighbors.

12. The Owners have been given the opportunity to remedy the conditions at the Premises but have failed to do so.

Conclusions of Law

Applying the legal standards set forth in 17 M.R.S. § 2851, the Auburn City Council reaches the following conclusions of law:

13. The Structure is structurally unsafe and unstable.

14. The Structure is unsanitary.

15. The Structure constitutes a fire hazard.

16. The Structure is unsuitable and improper for human habitation.

17. The Structure is a hazard to health and safety because of inadequate maintenance, dilapidation, obsolescence and abandonment.

18. The Structure is dangerous to life and property.

Any one of these conclusions would be sufficient to support a finding that the Structure is a nuisance and dangerous building, and the Council hereby concludes that the Structure at 16 Newbury Street is a nuisance and dangerous building within the meaning of 17 M.R.S. § 2851.

Order

Having found that the Structure at 16 Newbury Street is a nuisance and dangerous building within the meaning of 17 M.R.S. § 2851, the Auburn City Council hereby ORDERS:

19. That the Owners, and/or their successors or assigns, demolish the Structure, remove all debris, and stabilize the site within thirty (30) days of service of this Order.

20. That if the Owners, and/or their successors or assigns, fail to comply with this Order in the time frame set forth herein, the City shall have the authority to carry out this Order.

21. That within thirty (30) days after demand by the City, the Owners, and/or their successors or assigns, shall reimburse the City for all expenses it incurs in connection with this proceeding, including, but not limited to, expenses for securing and maintaining the Structure, service and other costs incurred, attorneys' fees, and any and all demolition and clean-up costs.

22. That if the Owners, and/or their successors and assigns, fail to timely reimburse the City for the expenses provided for above, the City shall assess a special tax against the Premises, as provided for in 17 M.R.S. § 2853 and/or recover its costs by means of a

collection action.

This decision may be appealed to Superior Court under Maine Rule of Civil Procedure 80B.

I, Susan Clements-Dallaire, City Clerk for the City of Auburn, certify that on June 20, 2016, the City of Auburn City Council adopted the above Order.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: June 20, 2016 Order: 42-06202016

Author: Eric J. Cousens, Deputy Director of Planning and Development

Subject: Dangerous Building at 180 Station Road

Information: The Council is being asked to determine if the building 180 Station Road meets statutory requirements for being deemed a Dangerous Building. City Staff has the option of asking the Council to make this determination or filing a complaint with Superior Court to have the Court make the determination. Either body, Council or Court, may order the abatement of the issues that make the building dangerous including demolition and removal of the structure if appropriate. The process in front of the Council is much more public, open for input from those affected by the nuisance property and it gives the owner a chance to be heard by the Council. Staff prefers the public process for these reasons and because it sends a message that the Council will not allow dangerous buildings to persist. When a dangerous building is allowed to exist, it causes negative impacts on the community and often puts neighbors or the public at risk. Generally, there is a long process of notices and missed compliance dates set by a Code Enforcement Officer before we would ask the Council to consider a building dangerous.

To help make the determination we have provided the following:

1. Documents establishing the identity of the current owner or owners;
2. The notice of hearing and proof of service on the owners and any party in interest;
3. Previous correspondence, notices or citations to the owner;
4. Photographs depicting the dilapidation at the property;
5. Other evidence regarding the building; and
6. Proposed Findings and a draft Order to abate conditions at the property will be provided at the hearing.

If the Council finds that a building is dangerous then there is a deadline established for abatement of the dangerous conditions and an Order issued to the owner. Staff recommends 30 days but the Council could allow longer. If the owner fails to meet the requirements of the Order then the City may cause the abatement, including demolition of the structure. If the owner fails to reimburse the City for the costs associated with the abatement then a special tax is filed against the property and the City can eventually foreclose on the property if the tax is not paid in full.

Advantages: Allows the Council to order the removal of the dangerous structure and cause the removal if necessary. Cleans up the neighborhood affected by dangerous or abandoned buildings and reduces hazards and service calls for residents and other departments.

Disadvantages: None.

City Budgetary Impacts: If the owner fails to comply with the order then demolition would be funded by the City and a special tax in the amount of our expenses would be assessed against the property.

Staff Recommended Action: Review the evidence and findings provided and determine if the building is dangerous as defined by Statute. It is staffs opinion that the conditions at the property make the structure dangerous.

Dear Mr. Michael Farrell:

It has come to the attention of this office that violation(s) of the Code of Ordinances of the City of Auburn, hereafter referred to as the (Code), exist at:

180 STATION ROAD
AUBURN, ME 04210
PID#: 095003000

Violation: 17 M.R.S.A § 2851.

Description: DANGEROUS BUILDING

Revision: Whenever the municipal officers in the case of a municipality, or the county commissioners in the case of the unorganized or deorganized areas in their county, find that a building or structure or any portion thereof or any wharf, pier, pilings or any portion thereof that is or was located on or extending from land within the boundaries of the municipality or the unorganized or deorganized area, as measured from low water mark, is structurally unsafe; unstable; unsanitary; constitutes a fire hazard; is unsuitable or improper for the use or occupancy to which it is put; constitutes a hazard to health or safety because of inadequate maintenance, dilapidation, obsolescence or abandonment; or is otherwise dangerous to life or property, they may after notice and hearing on this matter adjudge the same to be a nuisance or dangerous and may make and record an order prescribing what disposal must be made of that building or structure.

Violation: Chapter 12, Section 12-226

Description: MAINTENANCE

Revision: All structures and structural elements shall be maintained structurally sound, in good repair, hazard free and suitable for intended use.

Corrective Action: The building at 180 Station Rd. has become structurally unsafe; unstable; unsanitary; constitutes a fire hazard; is unsuitable or improper for the use or occupancy to which it is put; and constitutes a hazard to health or safety because of inadequate maintenance and dilapidation. Abate the violation by either: repairing the building envelope (roof, windows, eaves), removing graffiti, removing refuse, and making the building suitable for its intended use, or; removing the building and properly disposing of the debris

Compliance Date: April 26, 2016

EXHIBIT E

Therefore, in accordance with the above referenced ordinance requirements, you are hereby ordered to complete the above corrective action by the compliance date given. Your prompt attention to this matter is advised to avoid legal action. It is our sincere desire to work with you in devising an implementation schedule for the correction of these conditions. **Please contact this office immediately if circumstances do not permit the timely compliance with this order and abatement of the violations or if you have any questions regarding this matter.**

In the event that you do not comply with this order, this office may issue a citation pursuant to Chapter 2, Article VIII of the aforementioned Code. Said citation shall require you to pay a penalty of one hundred and five dollars ($105.00) for the first citation and you will be reordered to abate the outstanding violations in the previous Notices and Orders. In the event that you do not comply with the first citation, additional citations may be issued. The second citation imposes a civil penalty of two hundred and ten dollars ($210.00), the third is four hundred and twenty dollars ($420.00), the fourth and subsequent citations are eight hundred and forty dollars ($840.00), and penalties are cumulative. In the future, if any of the above violations are repeated, you are not entitled to receive any further notification, and this office may serve you with a citation.

In lieu of or in addition to the issuance of citations, this office may initiate a land use complaint pursuant to 30-A M.R.S.A. § 4452 et seq. as amended, and M.R. Civ. P. 80K. A judgment from such a lawsuit in the City's favor will result in a court order that any violations be abated, the imposition of a mandatory fine of between one-hundred dollars ($100.00) and two-thousand five-hundred dollars ($2,500.00) per violation, per day, and the payment of court costs and the City's legal fees.

This notice is a warning only and therefore represents potential rather than actual enforcement of the ordinance provisions listed above. Administrative reviews of potential enforcement actions result in advisory opinions only, and therefore do not permit subsequent judicial review. This notice is therefore not open to administrative appeal. However, commencement of actual enforcement action of the sort listed above for failure to correct the violation(s) as requested, if any, shall give rise to a right to appeal that action directly. Such right shall not arise until and unless enforcement action actually commences. Any and all potential act(s) of enforcement as referenced above shall include written notice of your right to appeal. That notice shall specifically outline municipal procedure, and reference Maine civil procedure, for use in the event an administrative appeal is desired.

If you have any questions about what you need to do to comply with this Notice and Order please contact this office immediately. I can be reached directly at (207)333-6601 Ext.1150

CITY OF AUBURN CITY COUNCIL
FINDINGS OF FACT, CONCLUSIONS OF LAW
AND ORDER OF DEMOLITION

180 STATION ROAD

On June 20, 2016 at 7:00 pm, the Auburn City Council held a hearing at 60 Court Street in Auburn, Maine to determine whether the industrial structure (the "Structure") at 180 Station Road in Auburn, Maine, identified as Lot 3 on Tax Map 95, and further described in the deed recorded in the Androscoggin County Registry of Deeds at Book 4180, Page 81 (the "Premises"), is dangerous or a nuisance pursuant to 17 M.R.S. § 2851. As such, the Council makes the following findings of fact and conclusions of law, and orders that the Structure be demolished.

Findings of Fact

Present at the hearing on this matter for the City was Eric Cousens, City Planner. The following individuals appeared on behalf of the owner and/or parties in interest: _____.

After considering the testimony and evidence presented, the City Council makes the following findings of fact:

1. The Premises and Structure is owned by Michael Farrell (the "Owner"). Planning, Permitting & Code Department ("Department") Exhibits A.

2. Mr. Farrell was served with a copy of the Notice of Hearing ("Notice") on May 27, 2016. Department Exhibits C.

3. Party-in-Interest TD Bank, N.A., as successor to People's Heritage Bank was served with a copy of the Notice on June 6, 2016. Department Exhibit D.

4. A copy of that Notice was also recorded in the Androscoggin County Registry of Deeds at Book 9370 and Page 190. Department Exhibit B.

5. The Structure is structurally unsafe.

6. The Structure is abandoned and unfit for storage due to the lack of utilities, as well as major structural damage.

7. It constitutes a hazard to health and safety because of inadequate maintenance, dilapidation, obsolescence, and abandonment.

8. It is unsanitary due to the fact that the interior is open to the elements and loaded with trash and debris.

9. It is a heightened fire hazard and target for vandalism due to its remote location and current appearance and fire loading with flammable materials.

10. The Owner has been given the opportunity to remedy the conditions at the Premises but has failed to do so.

Conclusions of Law

Applying the legal standards set forth in 17 M.R.S. § 2851, the Auburn City Council reaches the following conclusions of law:

11. The Structure is structurally unsafe and unstable.

12. The Structure is unsanitary.

13. The Structure constitutes a fire hazard.

14. The Structure is unsuitable and improper for the use to which it is put.

15. The Structure is a hazard to health and safety because of inadequate maintenance, dilapidation, obsolescence and abandonment.

16. The Structure is dangerous to life and property.

Any one of these conclusions would be sufficient to support a finding that the Structure is a nuisance and dangerous building, and the Council hereby concludes that the Structure at 180 Station Road is a nuisance and dangerous building within the meaning of 17 M.R.S. § 2851.

Order

Having found that the Structure at 180 Station Road is a nuisance and dangerous building within the meaning of 17 M.R.S. § 2851, the Auburn City Council hereby ORDERS:

17. That the Owner, and/or his successors or assigns, demolish the Structure, remove all debris, and stabilize the site within thirty (30) days of service of this Order.

18. That if the Owner, and/or his successors or assigns, fail to comply with this Order in the time frame set forth herein, the City shall have the authority to carry out this Order.

19. That within thirty (30) days after demand by the City, the Owner, and/or his successors or assigns, shall reimburse the City for all expenses it incurs in connection with this proceeding, including, but not limited to, expenses for securing and maintaining the Structure, service and other costs incurred, attorneys' fees, and any and all demolition and clean-up costs.

20. That if the Owner, and/or his successors and assigns, fail to timely reimburse the City for the expenses provided for above, the City shall assess a special tax against the Premises, as provided for in 17 M.R.S. § 2853 and/or recover its costs by means of a collection action.

This decision may be appealed to Superior Court under Maine Rule of Civil Procedure 80B.

I, Susan Clements-Dallaire, City Clerk for the City of Auburn, certify that on June 20, 2016, the City of Auburn City Council adopted the above Order.

City Council Information Sheet

Council Workshop or Meeting Date: June 20, 2016 Order: 43-06202016

Author: Michael Chammings, Economic & Community Development Director and Eric Cousens, Deputy Director of Economic and Community Development

Subject: Economic & Community Development Department Budget

Information: This year we are proposing the combination of three departments, Economic Development, Planning and Permitting and Community Development, into a single department called Economic and Community Development. This transition started over a year ago after a verbal Council directive and we have been largely functioning under the proposed structure for a number of months, without the official formation of a new department. Council action is required under the Charter to formalize the new Department. The effort is motivated by the Council directive to reduce costs and meet financial challenges and to increase coordination in efforts to improve our community and increase taxable value. This structure works. It provides high quality services and a one stop process for residential or commercial development from concept to construction that considers all the City's needs in the decision making process and helps move projects to completion. This structure is lean and is constrained by the .7% CPI-U limit for funding and it minimizes general fund costs of the Department. An additional position could help in planning and economic development functions including providing staff support to existing committees and any new committees from other agencies and allow us to increase efforts to work with neighborhood groups. The structure recognizes that looking ahead is important but immediate opportunities and day to day services that are not as visible to Council remain a top priority.

Advantages: Reduces overall administration costs and streamlines project delivery to a single managerial structure. Leverages a 100% return on a $100,000 TIF funded small business loan pool for total loan availability of $200,000 to Auburn small businesses. Provides staff support to ABDC if LAEGC is unable to do so and could increase capacity to work with neighborhoods with one additional position. Formalizes policy to work with GIS Staff and secures staff time for E&CD Functions while reducing general tax burden for those valuable services. Takes advantage of and formalizes a new cooperative effort for business and workforce development with the School Department while reducing general tax burden for those services. Shift our focus to more heavily to downtown and community oriented development.

Disadvantages: Modifies some staff duties that will take some time and effort to implement as we shift our focus to more heavily to downtown and community oriented development.

City Budgetary Impacts: Shifts additional general revenue funded services to TIF and CDBG funding.

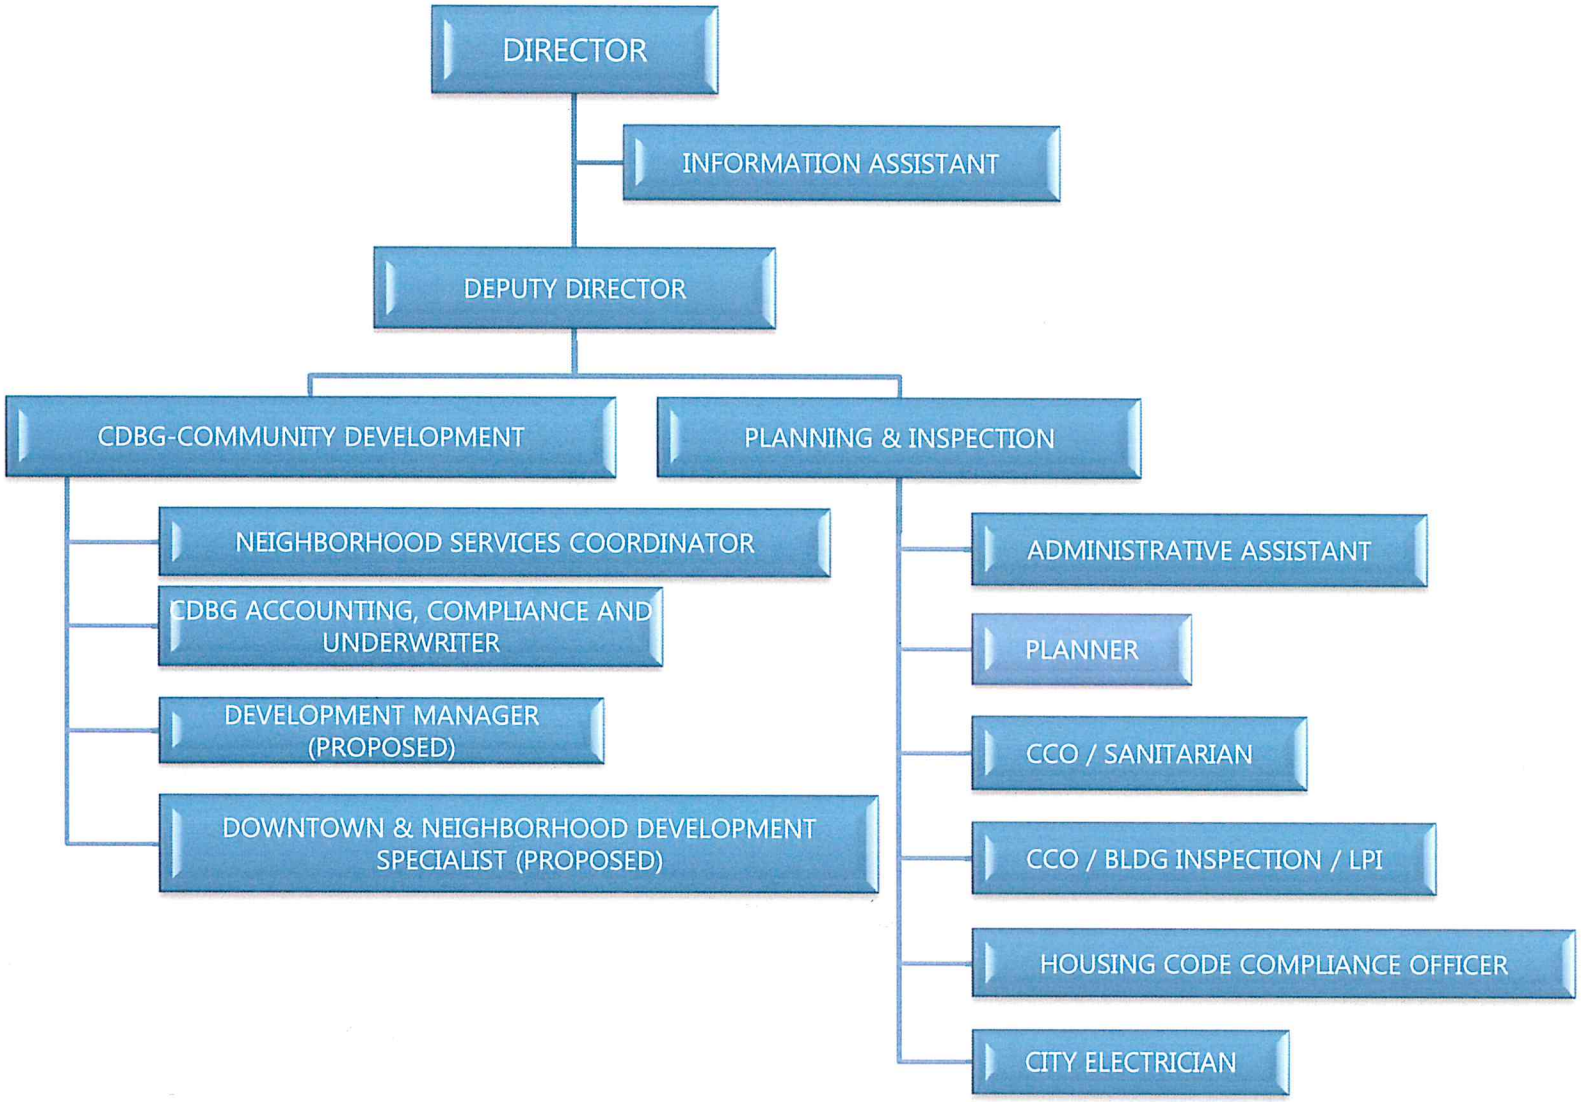
Staff Recommended Action: Review proposed budget and provide policy level direction to staff to finalize structure. Staff will implement the details. Consider adding one position to increase committee and neighborhood group engagement and to assist in day to day functions to expedite projects as volume continues to increase.

Committee Recommended Action: Pass along to Council for consideration. Some committee members expressed concerns that the budget proposal was informed heavily by financial constraints and additional capacity could be desirable. Provide CDBG and HOME budget caps for administration expenses for Council.

Previous Meetings and History: Community Planning and Development Council Committee Meeting April 21 and various Council meetings and workshops including one on May 9, 2016.

Attachments: Charter provision copy for department creation, Organizational Chart, CDBG and HOME administration cap memorandum, salary funding source summary, Information Sheet from previous Council workshop regarding department combination, CCI loan Information Letter.

COMMUNITY PLANNING & DEVELOPMENT (proposed)



Sec. 7.1. - General provisions.

A. Creation of departments. The city council may establish city departments, offices, or agencies in addition to those created by this Charter and may prescribe the functions of all departments, offices, and agencies. no function assigned by this Charter to a particular department, office, or agency may be discontinued or, unless this Charter specifically so provides, assigned to any other.

B. Direction by city manager. All departments, offices, and agencies under the direction and supervision of the city manager shall be administered by an officer appointed by and subject to the direction and supervision of the city manager. The mayor and councilors shall direct administrative functions of the city solely through the city manager.

Council Workshop or Meeting Date: 6/20/2016 **Order: 44-06202016**

Author: Alison F. Pepin, License Specialist

Subject: Approving the Mass Gathering Permit for the 2016 Liberty Festival. Public hearing.

Information: We received an application on 5/26/2016 for a Mass Gathering to be held July 2nd – 5th, 2016 (rain date July 3rd – 6th). Set up would begin on July 2nd and clean up would be completed on July 5th (rain date July 6th). The event will include fireworks, vendors, and a variety of entertainers.

Staff held a meeting (6/16/2016) with Cathy McDonald, President of the Liberty Festival/Independence Day Committee. Staff from Police, Code, Electrical, City Clerk and Public Services attended to review the application, ask questions and ensure things were in order.

The certificate of liability insurance (through Champoux Insurance Agency) will be provided approximately 10 days before the event.

Advantages: It is a nice community event that is fun for all ages. It may also attract visitors from other areas. Local businesses will likely benefit as well, particularly those within the Mass Gathering area.

Disadvantages: Potential complaints (traffic, noise, disruptive behavior).

City Budgetary Impacts: $10,000 towards the cost of fireworks and $1,800 for in kind services which have already been funded in the City budget.

Staff Recommended Action: Public hearing and approval.

Previous Meetings and History: This is a yearly event. The Mass Gathering application for 2016 was presented to Council under Communications at the June 6, 2016 Council Meeting.

Good morning, Cathy.

Thank you for submitting your application. The application will be presented to the City Council as a communication only, on Monday, June 6th. We are looking at putting it on the June 20th agenda for public hearing and action.

I noticed on the attached map, 84 Court Street is shown as a vendor. Will they be catering alcohol, food or both? Do you have any other confirmed vendors? We would like to get the list as soon as possible. I also noticed that you filled out the old version of the application. Attached is the updated version for you to use moving forward.

As you may recall, a public notice is required to be placed in the newspaper, serving the area where the mass gathering is proposed to be held, 30 days in advance of the gathering unless a lesser time is authorized by the City Council, at the applicants expense. Once we receive the proof and estimate from the Sun Journal, we will forward a copy to you for payment. Please make the check payable to the City of Auburn.

We will also need a certificate of liability insurance naming the City of Auburn as policy holder and listed as additional insured. I know this may take a couple of weeks to get completed.

Please let me know if you have any questions.

Thank you,

Alison F. Pepin, CCM

Dear Applicant:

We're pleased to tell you we determined you're exempt from federal income tax under Internal Revenue Code (IRC) Section 501(c)(3). Donors can deduct contributions they make to you under IRC Section 170. You're also qualified to receive tax deductible bequests, devises, transfers or gifts under Section 2055, 2106, or 2522. This letter could help resolve questions on your exempt status. Please keep it for your records.

Organizations exempt under IRC Section 501(c)(3) are further classified as either public charities or private foundations. We determined you're a public charity under the IRC Section listed at the top of this letter.

Based on the information you submitted with your application, your exemption under IRC Section 501(c)(6) is reinstated for the period July 15, 2012, to the effective date shown in the heading of this letter.

If we indicated at the top of this letter that you're required to file Form 990/990-EZ/990-N, our records show you're required to file an annual information return (Form 990 or Form 990-EZ) or electronic notice (Form 990-N, the e-Postcard). If you don't file a required return or notice for three consecutive years, your exempt status will be automatically revoked.

TO: **Howard Kroll, City Manager**

FROM: **Jill Eastman, Finance Director**

REF: **May 2016 Financial Report**

DATE: **June 6, 2016**

The following is a discussion regarding the significant variances found in the City's May financial report. Please note that although the monthly financial report contains amounts reported by the School Department, this discussion is limited to the City's financial results and does not attempt to explain any variances for the School Department.

The City has completed its eleventh month of the current fiscal year. As a guideline for tracking purposes, revenues and expenditures should amount to approximately 91.7% of the annual budget. However, not all costs and revenues are distributed evenly throughout the year; individual line items can vary based upon cyclical activity.

Revenues

Revenues collected through May 31st, including the school department were $71,149,943, or 91.75%, of the budget. The municipal revenues including property taxes were $52,477,453, or 95.53% of the budget which is more than the same period last year by 2.01%. The accounts listed below are noteworthy.

A. The current year tax revenue is at 96.94% as compared to 97.25% last year. The 30 day notice of liens were sent out in May. Tax liens will be filed in the middle of June on any properties that have unpaid taxes.

B. Excise tax for the month of May is at 104.06%. This is a $187,975 increase from FY 15. Our excise revenues for FY16 are 12.36% above projections as of May 31, 2016. As of May 31st we are $135,943 over the anticipated revenue for the year of $3,350,000.

C. State Revenue Sharing for the month of May is 91.55% or $1,352,815.

Expenditures

City expenditures through May 2015 were $35,345,171 or 91.83%, of the budget. This is 1.78% higher than last year at this time.

Noteworthy variances are:

A. The transfer to the Workers Compensation Fund was processed earlier this fiscal year than last fiscal year.
B.

Investments

This section contains an investment schedule as of May 31st. Currently the City's funds are earning an average interest rate of .47%.

Respectfully submitted,
