Scope of Services Progress Report June 3, 2015

LAEGC and its Scope of Services

The Cities of Auburn and Lewiston jointly with LAEGC signed a Memorandum of Understanding and “Scope of Services” (attached) in June, 2014. That MOU and attached Scope of Services clarifies and defines LAEGC’s role and services to each City. This is a Progress Report prepared as per Section 1.5 of that Agreement. A draft of this Report was reviewed, as per Section 1.5, by the Auburn City Manager and Lewiston City Administrator.

Issues

The following issues were identified as critical to transforming the economic development system in Lewiston Auburn:

- Building capacity for functioning within a system composed of many networks and building leadership capacity for economic and community development among organizations and networks
- Building capacity and resources for business intelligence, working smarter – data, research, digital technologies and information resources
- Incorporating new funding models – and reducing reliance on government entities
- Building capacity for understanding emerging trends and adapting accordingly
- Greater focus on workforce
- Greater focus on place based economic development and including worker and resident recruitment and retention strategies

The design of the **Economic Growth Strategy** (a “Level I Priority” within the Scope of Services) and its presentation is organized to address those issues. Furthermore, LAEGC has and will continue to evolve to meet these issues and implement the **Strategy** within the constraints of its funding. LAEGC has met many of the specific priority points in the Scope of Services as it has reorganized in the past five months. This has included significant transformation in its expertise, staff competencies, and a new model to contract for professional services as needed to meet needs of the Strategy. The Strategy itself, organized under the themes People, Place, and Prosperity (Expanding, Development, and Attracting Business) focuses attention on workforce and place based economic development.

Priorities

The Scope of Services recognized limited financial and thus professional capacity at LAEGC and thus identified the following priorities. *We offer status and update on each here, in italics.*

Level I Priority Hire New President

LAEGC hired a new President who took his position January 1, 2015.

Level I Priority Economic Development Strategy (EDS)

The Strategy is under development. As currently envisioned, the Strategy shall be a guiding document for LAEGC and all agencies and organizations working towards these common goals. It is intended as a living and working document and LAEGC will ensure the community is engaged. LAEGC will take on leadership for its continued advancement.

Level I Priority Organization Plan including staffing, management, financing, and communications

Since hiring of the new President, LAEGC has reorganized and put into place new staff each with clear and new roles and responsibilities directed at meeting the intent of the Scope of Services. It has and will continue regular updates with each City Council. LAEGC has engaged the public through its Face Book and to some degree our web site. The President has reported to each City Council on at least two occasions and shared his comments publicly (and on the web site).

The agency is exploring two innovative avenues for alternate funding, in-line with our core mission of economic development in LA. As an example, LAEGC has also secured funding and collaboration as a Blackstone Accelerates Growth (BxG) Hub for Entrepreneurship and Innovation.

Level II Priority Hiring of additional staff to carry out work and organizational plan

Management of LAEGC has become "flatter." Stephanie Lewis has been re-assigned and promoted to Vice President and Chief Financial Officer. LAEGC hired Maura Moody in March, 2015, as its Office Manager and Public Relations Coordinator. On April 27, 2015, Scott Benson was hired as Economic and Business Development Director. John Belisle remains on staff as Loan Officer and has, since July 1, 2014 (Fiscal Year 2015).

Together, with the Strategy in place, LAEGC staff will be revising and updating our internal organizational plan with input and collaboration from city economic development staff in Auburn and Lewiston.

Level II Priority Marketing plan

A detailed marketing plan is underway. It was critical to focus on the larger Strategy before full detailed development of a marketing plan. At the same time there has been immediate marketing activities including a much strong presence on social media and outreach to new markets, business, and investors. LAEGC has also worked with the Chamber's Regional Image Committee and in cooperation with the Chamber taken on this initiative and established a Committee of its own to focus on the Regional Image

effort. That Committee was established in May, will reach out to the community for participation, and has a clear objective and timeline.

Level II Priority Business visitation program

A business visitation program will be systemized and coordinated with city staff and LAEGC as part of implementation of the Strategy. The formation of that Program has begun as the President has met with the Directors of Economic Development in each City and the LA Career Center Director and Staff. The Economic & Business Development Director will be taking on leadership for organizing a systemic method to coordinate business visits among these key economic development service providers.

Level II Priority 3-year operating budget FY 2016, 2017, 2018

An FY 2016 budget was submitted to each City Council on March 13, 2015. This budget meets the expectations in the Scope of Services, has no increase, and is designed to allow for direct economic development and marketing. A more detailed and projected FY 2017-20 operating budget will be completed as part of the FY 2017 budget request.

Progress on Scope of Services by Service Area

The Scope of Services outlines seven “Service Areas”. This Progress Report includes a summary of each Service Area, taken directly from the Scope of Services, *followed by a report and status of each service, activity, and tasks in italics.*

1. Economic Development Strategy

As noted above the Strategy is under development. The Scope of Services noted that the development of such a Strategy would be a 4-6 month process and indeed, drafts of the Strategy will be under final (draft) development in June 2015. LAEGC has proposed that the Strategy will be a living, working document and intends to have semi-annual reviews on the status of implementation.

The Scope of Services identified the following “**Functions/Services**”

- Collaborate with the Cities, economic development stakeholders, and partner organizations
- Monitor economic trends (local, state and national) to assess opportunities and priorities
- Coordinate the development of the joint Economic Development Strategy (EDS)
- Integrate with and clarify roles of L/A Future Forum and Benchmark L/A with regard to the EDS
- Track and measure progress of strategic goals and initiatives and communicate progress with the Cities, stakeholders, and public
- Periodically coordinate a review of the EDS

We believe the current process and plans for on-going monitoring of the Strategy meets the above Services.

The following “**Tasks/Projects**” were identified in the Scope of Services. *Following each, in italics is a report and current status of each as part of this Progress Report.*

1. Establish, in consultation with the LAEGC Board, and EDS Steering Committee
The LAEGC Board was used, in general, as the Steering Committee and was kept abreast of the development of the Strategy as it took place. We also used the input from the LA Future Forum to set forth the vision for the Strategy. Various other organizations and groups were engaged and asked for input to the Strategy including, for example but not limited to, the Auburn Business Development Corporation and Lewiston Development Corporation. The June LAEGC Board Meeting will include a status report and dialogue on the ongoing use of Benchmarks LA.
2. Solicit and contract, in consultation with the Steering Committee, an independent, qualified economic development strategy consultant to provide research, analysis, and development support of the EDS
As a matter of practice and to preserve limited funds available, the task of preparing the Strategy was taken on by LAEGC staff. Some limited outside and consulting fees were paid for focused input, for example as part of the Build Maine Conference or for input of a business site consultant.
3. Identify and engage stakeholders
This was the approach taken. A series of five community engagement sessions were held between March and the end of May. Additional meetings by LAEGC President and interested community groups, business, and organizations further influenced the input to the Strategy. As we continue to craft more specific action-oriented items within the Strategy, LAEGC will be engaging various “groups” of stakeholders including, for example but not limited to, City Staff, LA Arts, USM LAC, etc.
4. LAEGC to assist EDS process with administrative, coordination and committee support services
See above. As LAEGC took on the role of creating the Strategy this activity was not required.
5. Develop Draft EDS
As noted this is now under development.
6. Review/adopt EDS by LAEGC Board, and City Councils
Presentations and review by the LAEGC Board will take place in July with follow up presentations to each Council in August or September. The definitive “roll out” of the Strategy is a matter of discussion at the June LAEGC Board Meeting and for input from each City. We want to restate, here, as has been stated publicly a number of times that LAEGC considers the Strategy a working-living document. It will be presented. It will, however, evolve with input from the community—most notably our primary clients, each City Council. To that end, LAEGC intends to “monitor” and actively communicate and report on the status of the Strategy and its evolution. As a matter of practice the “publishing” of the Strategy will be integrated into the revised LAEGC web site, the timing of which is planned for late summer or early fall launch to coincide with the work on the regional image effort.

We should note that the Scope of Services proposed that funding for the Strategy “will be separately identified and budgeted within LAEGC contracted services and will require additional funds than what is currently provided.” That has not and will not be the case and LAEGC incorporated the work of the preparing the Strategy within existing budget. LAEGC will continue to monitor progress on the Strategy as part of its base funding.

2. Joint Economic Development Coordination

The Scope of Services calls for “LAEGC [to] work to coordinate efforts on projects, interests and/or issues that are deemed to be of a joint nature. LAEGC will act as steward of and monitor the application of the Joint Economic Development Protocol.”

The Scope of Services identified the following “**Functions/Services.**”

- Lead and support cities in joint economic development activities
- Establish a protocol and process for efficiently handling business inquiries. This should foster a “no wrong door” procedure for handling business and investor inquiries that recognizes that inquiries will come in from many sources/directions but need to be effectively referred to the persons(s) best in a position to address.
- Administer, Facilitate and Maintain the Joint Economic Development Protocol and TIF Policies

LAEGC has continued to and expanded to foster these services. The Economic Growth Strategy, of course, represents the primary “joint” work at this time. At the same time, LAEGC has handled “leads” and projects as per the established protocol and has worked to reinforce that protocol. In the case of one business expansion, LAEGC has focused first on expansion in the “home community” with intent to meet the business client’s needs for space and desired building attributes in either city. LAEGC has discussed with City Staff review of each City TIF District and Development Programs and intends to offer recommendations to make the most use of the TIF program for each District and City.

The Scope of Services further outlines “**Anticipated Activities.**” *Again, in italics, we comment on the approach and current status of each as part of this Progress Report.*

1. Facilitate periodic review of Joint Economic Development Protocol and TIF Policy
We have not yet offered any recommendations on the existing Protocol or Policy. We have reviewed both with City Staff and accepted it as presented. As we finalize the Growth Strategy we will review the Protocol and TIF Policy with City Staff and offer recommendations, if any. The new LAEGC staff looks forward to offering their combined years of experience on protocols and TIF Programs together with the years of experience of the cities’ economic development directors in reviewing and offering input on possible updates or innovative revisions to the joint TIF Policy and each city’s TIF Programs.
2. Lead implementation of Joint Economic Development Protocol
See 1, above.

3. Track client contacts and results
We have instituted new methods to track these and will report them as requested and certainly as part of our December Progress Report.
4. Recommendation to Cities of issues, projects, processes or policies that would enhance joint economic development
We expect to make such recommendations following the release of the Strategy, as we implement the Strategy, and as it evolves. Recommendations on TIF Programs and other programs have been subject of some meetings but formal recommendations will be forthcoming.

The following “**Tasks/Projects**” were identified in the Scope of Services. *We have added, in italics, the approach and current status of each as part of this Progress Report.*

- A. Review of Joint Economic Development Protocol and TIF Policy
- B. Work with Cities’ economic development staff to develop clear, efficient process for business referrals

The “**Expected Outcome**” for this Service Area was a “revised Joint Economic Development Protocol and TIF Policy including process for handling business inquiries.”

As noted above, we have accepted the established Protocol and TIF Policy at this time. We intend to review these and make recommendations by December 31, 2015.

3. Marketing and Promotion

The Scope of Services is clear that, “LAEGC shall be responsible for marketing and promoting of Lewiston and Auburn for economic development including business retention, expansion and attraction.” Yet it recognizes that there are many other organizations and agencies that promote or market LA. LAEGC’s role is to coordinate those efforts, reduce redundancies, and vest (and invest) in the brand for the community.

The Scope of Services identified the following “**Functions/Services.**”

- Marketing and promoting the communities and their assets
 - Develop marketing and collateral materials which promote the cities and their economic growth – with emphasis on web, digital, and social media
 - Coordinate with and support Visitor/Tourism promotion efforts within and outside of the community.
 - Assist in the marketing and promotion of the cities industrial/commercial parks, Auburn-Lewiston Municipal Airport, and key properties for redevelopment
 - Assist/support marketing and promotion activities of the Cities’ downtowns
- Share information that recognizes and celebrates the Cities’ economic progress
- Maintain of Economic Development/Community Promotion website and social media sites

- Actively lead/coordinate community branding “image” efforts
- Collaborate/Participate with other community promotion efforts
- Create an Advisory Group for Economic Development Marketing and Promotion and engage stakeholders, interested business representatives and marketing professionals to provide advice and guidance in marketing/promotion efforts
- Better utilize Great Falls TV for economic development communications, marketing, and promotion

LAEGC has made significant improvements to our social media presence, primarily on Face Book. We have used that online presence to promote the community (Cities) and various economic and community development projects. The LAEGC website is in need of significant overhaul. That work is budgeted as part of our FY2016 budget and timed to coincide with progress on the regional branding initiative. That initiative is becoming clearer as this Progress Report is prepared.

LAEGC has established a Marketing Committee. That Committee is charged to “seek additional community members and is charged with oversight and selection of Consultants for Regional Image Brand, if funded; oversight and approval of Consultant recommendations; and other marketing or brand recommendations as requested by Board or President. The LAEGC Marketing Committee is to make its recommendations by December 31, 2015.

The current FY2016 City budgets do not include funding for study or focus groups (consulting) for the regional image. Yet, there have been a number of research projects including community surveys completed over the last 15 years, the most recent as late as August 2014. LAEGC is proposing to work with the Chamber, make use of the existing and recent studies to prepare brand and graphic materials for a ‘regional image.’ At the same time, LAEGC and the Chamber will update our brand, graphics, logos, websites, etc. to align with this regional image and brand. LAEGC will seek City and community input and acceptance of its new brand and “look” in a manner that will allow integration, coordination, and make most use of the renewed brand—for the LA Maine community and the cities. This will be coordinated through the LAEGC Marketing Committee. Thus, a new regional brand will be initiated within the currently available budget at LAEGC and the Chamber.

LAEGC has reached out to Great Falls TV and will revisit with them as the marketing plan is developed. GFTV took part in filming parts of the Build Maine Conference at the invite of LAEGC and as part of our community engagement effort.

The Scope of Services further outlines “**Anticipated Activities.**” *Again, in italics, the approach and current status of each as part of this Progress Report.*

1. Develop and annual marketing and promotion plan
An LAEGC Marketing Plan will be prepared as part of and following the completion of the Economic Growth Strategy as LAEGC’s role in “marketing” is confirmed and clarified
2. Maintenance and publication of joint marketing materials
These will be redeveloped as the new brand and logo is established.

3. Creation and maintenance of websites and social media sites
These will be redeveloped as the new brand and logo is established. LAEGC's Face Book page has been update and is updated almost daily at this time.
4. Development of and attendance at marketing and promotion events.
LAEGC has and is scheduled to attend various business and economic development marketing events. In the past six months that has included state events such as Maine Real Estate and Economic Development, Maine Trade Day, and others. The President has made one and will be making a second visit to reconnect with business and business contacts from Atlantic Canada before the end of June, 2015. Our FY2016 budget reflects plans to do more such events with intent to expand the breadth of these events.
5. Facilitate/organize the annual business to business trade show, Annual Dinner, and Business Forum
We held LAEGC's Annual Dinner in May and plans are underway for the B2B Trade Show on June 18.
6. Preparation and issuance of media releases/events
LAEGC has issued press releases in regards to the System Logistics and Elmet investments as well as re-posted these from our web site and Face Book. LAEGC also played a lead role in promoting the Build Maine conference and the 'Raising Ali' documentary.
7. Creation and staff support for an economic development marketing advisory group
LAEGC reorganized its budget and staff to create a full time Office Manager and Public Relations Coordinator. The result has been the noted increase in social media and event coordination. At the same time, the realignment has and will allow for contractual services for specific marketing activities, such as event planning and leadership for the Annual Dinner and B2B Trade Show. LAEGC has also established a Marketing Committee (see above).

The following **"Task/Project"** was identified in the Scope of Services. *We have added, in italics, the approach and current status of each as part of this Progress Report.*

[The] Cities will discuss and consider consolidating the services and resources of Great Falls TV (GFTV) under the LAEGC to provide for additional marketing, business and community promotion. *As noted above, LAEGC has met with GFTV and awaits the completion of its Growth Strategy and Marketing Plan to propose how best to integrate the use of GFTV into LAEGC Scope of Services.*

We would like to add that the Scope of Services noted that, "LAEGC currently budgets approximately \$15,000 for Marketing and Promotion beyond staff costs. This level of funding is insufficient to fully implement the activities specified above." LAEGC has proposed an additional budget allocation for direct Foreign Direct Investment and the regional branding (marketing) initiative. The proposed FDI marketing funds will be directly used as leverage and "match" to a 1-time grant program. LAEGC will return to each City Council as it prepares for its application for those funds.

4. Business Development; Retention, Expansion, and Attraction

The Scope of Services stated that, “LAEGC shall be responsible for leading, coordinating and supporting public sector and private sector efforts to grow, improve, retain, and attract businesses in Lewiston-Auburn.” *This has been and is a basic tenet of LAEGC’s role and continues to be.*

Specifically, The Scope of Services identified the following “**Functions/Services.**”

- Assist existing business with retention and/or expansion
- Lead the development, coordination, and support of a business visitation program to identify existing businesses needs and concerns
- Lead the provision and coordination of services and activities to support business attraction to the Cities
- Work with workforce development partners (education, workforce, labor, and training stakeholders) to develop, support, and implement programs, policies, and services to meet the workforce needs to grow the economy in the two Cities
- Work with local, state, and regional partners/stakeholders for support of entrepreneurs and business start-ups
- Encourage the involvement of the private and non-governmental sectors in economic development efforts

To date, since January 1, LAEGC has continued to work with existing business clients and reach out to others. Additionally, LAEGC has met with City Staff and the LA Career Center to propose how to systematically establish a business visitation program. To date that process is still in development. To date, LAEGC has met with approximately 45 existing business as part of specific business visits. In each case, refers have been made, as requested, to appropriate agencies and contacts. At the same time, we have kept City staff in direct communications with these visits.

LAEGC has continued to serve as the direct point of contact for new business interests and state agencies with “leads” of business seeking new or expanded locations. Since January 1, LAEGC has responded or is currently working with six such contacts.

LAEGC has secured funding to support the establishment of LA as a “hub” of the statewide Blackstone Accelerates Growth program—to deliver entrepreneurial development programming to the community. Under BxG LAEGC has begun to reach out and will coordinate various entrepreneurial projects and programs in place around LA and sponsor additional programs.

Specific “**Anticipated Activities**” identified in the Scope of Services include, *with our current progress in italics:*

1. Seek and support new business development. Track #'s of businesses assisted, outcomes, common trends and noted community needs/issues
LAEGC has reached out to a number of businesses since January (see above), in coordination or follow up communication and coordination with City Staff. A report of business issues will be part of our December 31, 2015 Progress Report.
2. Jointly maintain and update inventory of developable properties (land and buildings) in the industrial, commercial and downtown sectors of the cities and make information available through the LAEGC website
This is under development as is a complete overhaul of LAEGC website.
3. Lead the development, coordination, and support of a Business Visitation Program
As noted above, a systematic and coordinated business visitation program is under development while LAEGC conducts business visits.
4. Provide an Annual Report of Business Development
This will be presented in our December 31 Progress Report.
5. Lead the provision and coordination of services, activities, and information to support business attraction to the Cities
This is under development as we complete the first round of the Economic Growth Strategy, consider the regional branding effort, and redevelopment LAEGC website(s). As part of this activity we expect to (and have briefed the cities) apply for funds from the Maine International Trade Center for support of "Foreign Direct Investment"—one component of business attraction.
6. Provide information and links to resources on the LAEGC website to support workforce, entrepreneurial, and business start-up development
This will be provided when the LAEGC website is redeployed (as part of FY 2016 budget).

The “**Tasks/Projects**” that were further identified, in the Scope of Services, under the Business Development; Retention, Expansion, and Attraction Service Area, follow directly the above referenced “**Activities**”. *Thus we have no more to report.*

5. Targeted Growth Opportunities

The Scope of Services noted that the **Economic Growth Strategy** should include “targeted “growth and industrial sector opportunities.” The Scope of Services identifies some sectors recommended for targeting. *LAEGC has completed an Economic Development Profile. The Profile was used, in part, to help identify target sectors and was presented as part of the community meetings around the development of the Strategy. At the time of this Progress Report additional analysis and research is underway. The Strategy will identify “targeted growth strategies.”*

Specific “**Anticipated Activities**” identified in the Scope of Services include, *with our current progress in italics follow:*

1. Create advisory committee(s) to oversee the EDS for targeted opportunities
LAEGC has not established such committees. LAEGC is anticipating the creation of a business development advisory committee to serve in such a capacity but has not yet fully developed the role or focus of such a committee.
2. Selection of and working with professional consultant as part of the EDS
As noted earlier in this Report, LAEGC chose to internalize the development of the Strategy, making use of the experience of the new President and more recently newly hired Economic & Business Development Director.

*The **tasks and expected outcomes** of this Service Area includes a “targeted industry analysis” as part of the Economic Development Strategy and a focused efforts and plans to address the retention, expansion, and attraction for those targeted opportunities. Those outcomes are under development at this time and will be included in the **Strategy**.*

6. Project Financing and Portfolio Management

The Scope of Services states that, “the LAEGC shall develop and manage financing resources and programs designed to provide ‘gap’ and other financing for businesses locating or expanding in Lewiston Auburn.” It continues and states, “The LAEGC shall administer and manage the Cities’ business lending/grant programs, as assigned. The LAEGC will endeavor to identify, develop and expand the amount and availability of business support resources in the community.”

*LAEGC has continued to manage its loan portfolio and has deployed eight loans of \$790,610 and approved two loan modifications resulting in eleven new jobs and 116 retained jobs since July 1, 2014. LAEGC has, prior to January 1 had talks with the City of Auburn in regards to administering or developing new lending or grant programs. LAEGC has assisted with underwriting of Lewiston loan funds. LAEGC is positioned to review, advise, and recommend or develop increased efficiencies and loan programs within each city and expects that work to be a component of implementing the **Strategy**.*

Specific “**Anticipated Activities**” identified in the Scope of Services include, *with our current progress in italics:*

- Act as a business financing clearinghouse for the Cities
- Serve as a navigator to businesses seeking financial resources in support of growth or development
- Seek and advocate for additional community resources, including private and/or grant funding, targeted for economic development financing and projects
- Manage assigned loan/grant programs from the Cities, development corporations, State/Federal agencies or private institutions
- Staff support of LAEGC Loan Committee/Business Financing Advisory group

LAEGC has continued to act as this “clearinghouse.” As a result of meetings in Lewiston a draft “guide” to starting and financing your local business is in development. This guide is a simple “one pager” that will help guide and channel business investment inquiries. LAEGC has applied for additional loan capital from the Finance Authority of Maine. As noted earlier, LAEGC is prepared to review and make recommendations on creative financing using tax increment financing or other funding sources.

Specific “**Anticipated Activities**” included activities directly related to the above and LAEGC has continued to provide those activities.

The Scope of Services called for a “**task**” that included the “expansion of the LAEGC Loan Committee to a Business Financing Advisory group which will not only providing loan review but also business financing assistance and advice to businesses and the LAEGC.” *We have not proceeded on this at this time.*

The “**expected outcome(s)**” include an “annual Report of loan program(s) activity and results” and a “review and recommendation (as appropriate) to Cities of Loan Program Guidelines. *These will be undertaken as part of our December 31, 2015 Progress Report.*

7. Administration, Advocacy and Governance

This service area recognized the overall leadership, coordination, and partnerships LAEGC has in the community. It references LAEGC’s role in providing “administrative support for other development related agencies serving Lewiston Auburn including, but not limited to, the Auburn Business Development Corporation (ABDC), Lewiston Development Corporation (LDC), and the Lewiston and Auburn Railroad Company (LARC).”

Specifically, The Scope of Services identified the following “**Functions/Services.**”

- Provide logistical support (meetings/agendas/minutes/accounting, etc.) to the LAEGC and development corporations
 - Auburn Business Development Corporation, Lewiston Development Corporation, Lewiston and Auburn Railroad Company
 - Staff and support numerous (currently 10) standing committees of the LAEGC and Development Corporations
- Provide technical assistance/support to city staff and airport manager in negotiating incentives/lease terms relating to economic development projects
- Administer the Foreign-Trade Zone (F-TZ)
- Serve as Liaison for economic development to the Auburn-Lewiston Municipal Airport Committee
- Support and coordinate the goals and efforts of L/A Future Forum and Benchmark L/A
- Support other economic/community development-related issues, initiatives and projects that arise and as requested by the Cities

- Monitor regional and state policies and inform Cities of issues that may impact economic development

LAEGC has continued to manage the above as well as review and consider alternative approaches and its own role in each. LAEGC has engaged each “group” in the development of the Economic Growth Strategy, in part, to help define its own role and strategic opportunities for the implementation of the Strategy. For example, ABDC, LDC, and LARC have had more than two Board Meetings, each, discussing their own current and strategic future direction. LAEGC will continue to facilitate these strategic discussions in order to establish the most efficient and effective economic development “team” in Maine.

LAEGC has and will continue to emphasize community engagement in the Growth Strategy, its implementation, and evolution. To that end, staff have supported and coordinated with other organizations and agencies including, to only name a few, USM Lewiston Auburn College, Bates College, Kaplan University, Central Maine Community College, Tree Street Youth, Museum LA, LA Arts, Grow L+A, and others.

LAEGC has monitored state and regional policies but, frankly, in this first five months of transition, has not played a major role. LAEGC will expand its monitoring, leadership, and engagement in the coming year as the Strategy is put forth.

Specific “**Anticipated Activities**” identified in the Scope of Services include:

1. Coordinated and efficient administration of the Cities’ joint economic development programs, development corporations and activities
As noted above in this Report, LAEGC has begun to explore and discuss with City Staff and other organizations ways to become most efficient and effective in our collective economic development efforts. Many more of these details will be identified as we begin to outline specific action within the Growth Strategy and many more will evolve over time.
2. Conduct annual briefing to Cities and stakeholders on regional, state, and federal issues and policies that may impact economic development in the Cities
LAEGC will propose a briefing on such issues in November, 2015 as part of its reorganization and plans to move its “annual dinner” to the fall. This move is being made as a matter of efficiency for the organization, to spread out the timing and planning necessary for the “annual dinner” and the B2B Trade Show.

The expected outcome under this Service Area is “annual reporting to the Cities on LAEGC operations, use of funds, and outcomes. *This Progress Report is the first of those with subsequent and then annual reports to be issued in December of this year and then annually thereafter.*

F. Discussions of information contained in records made, maintained or received by a body or agency when access by the general public to those records is prohibited by statute;

G. Discussion or approval of the content of examinations administered by a body or agency for licensing, permitting or employment purposes; consultation between a body or agency and any entity that provides examination services to that body or agency regarding the content of an examination; and review of examinations with the person examined; and

Subject: County Budget issues and potential legal action

Information:

Androscoggin County Commissioners decided that the Budget Committee had advisory power only after the budget committee recommended that the Commissioners salary and benefits be reduced due to the future hiring of a County Administrator (yet to be hired). By doing this most if not all of the County municipalities felt that the commissioners have violated the law and that the budget committee does have authority based on the amended county charter of 2012.

While I feel that is an important component of this discussion the more pressing issue for the City of Auburn is the lack of service we get from the County for the lion share of the budget we pay and unfortunately had to cover this year (increase of over \$90,000).

On Wednesday, 10 June 2015 the City of Lewiston held a meeting with elected officials across the county and all were in favor of seeking legal action against the county if the Commissioners did not reverse their decision. The cost of the legal action would be split amongst each community based on valuation. Auburn having the second highest valuation would be paying \$2,563 based on a \$10,000 legal fund. Discussions during this meeting recommended that the legal fund be increased to a larger amount based on the potential length of time it would take to get this issue resolved.

I have prepared a resolve you should endorse tonight and seek a commitment to paying for legal fees out of the FY16 Legal Budget that will hopefully end the debate on the Budget Committee's status.

While I remain optimistic that resolution can occur the greater question still remains why are we not considering other options that can potentially save the City money? A great deal of money in fact.

Advantages: Working with our neighboring community on similar issues such as this and more importantly fixing this problem so that it doesn't occur again.

Disadvantages: Potential legal costs that might be unforeseen and dragged out by the County.

City Budgetary Impacts: ~~Committing legal fees up to a certain amount.~~

Staff Recommended Action: Approve the resolve and direct City Manager on his staff's role during this process. NO staff is appointed just to be there for support.

COUNCIL RESOLVE

Resolve, Authorizing Legal Action Against Androscoggin County Regarding Certain Elements of the County Charter Relating to Elected Official Compensation and Benefits and the Authority of the County Budget Committee.

Whereas, in 2012, the voters of Androscoggin County approved a new county charter changing the nature, responsibilities, and composition of both the Board of County Commissioners (the Board) and the County Budget Committee (the Committee); and

Whereas, the Committee's role was redefined from approving all county budget expenditures to advising on such expenditures, but with two exceptions: a requirement that the County elected officials' compensation and benefits be approved by the Committee (County Charter section 3.7) and authorizing the Committee to override specific line items recommended by the Board by an affirmative vote of 11 of its members (County Charter Section 5.5.2); and

Whereas, when the new charter went into effect, the newly constituted Committee and the transitional Board agreed that Section 3.7 of the Charter ultimately meant that the Board could not set its own salaries or benefits since final authority remained with the Committee; and

Whereas, this same understanding was reiterated without objection at the outset, during, and at the conclusion of this year's budget process; and

Whereas, only following final presentation of the budget and the adjournment of the Committee did the Board (upon an opinion solicited from the County's legal counsel) disregard the Committee's action on Commissioner compensation; and

Whereas, the official version of the charter provided to the municipal clerks prior to the charter election and upon which the voters cast their ballots clearly indicated that the County Budget Committee had the authority to change line items in the budget proposed by the Commissioners with a supermajority vote of 11 of its members; and

Whereas, subsequent to the approval of the charter, the Commissioners requested the legislature to make certain "non-substantive" changes to the voter approved charter to address practical problems in implementing the new charter; and

Whereas, one of the changes requested – to amend the charter to transform the Budget Committee into an advisory body only – constituted a substantive change; and

Whereas, subsequent to the legislature's adoption of a resolve directing the Commissioners to amend the charter as requested by the Commissioners, the Commissioners amended the charter to eliminate the Budget Committee's authority to make changes in the budget by a supermajority vote; and

Whereas, Maine Revised Statutes, 30-A M.R.S.A. § 1353, states that a county charter may give the board the authority to appropriate money according to the budget so long as the budget is approved by the finance committee, and the Budget Committee functions as the finance committee under 30-A M.R.S.A. § 1353 ; and

Whereas, Maine Revised Statutes, 30-A M.R.S.A. §§ 725 and 1352 provide that the Androscoggin County Budget Committee has final approval of the budget unless otherwise provided in a charter adopted by the county.

Whereas, state law also requires that amendments to county charters adopted by referendum must be approved by referendum, a process that was not followed in this case; and

Whereas, the county's municipalities have strongly objected to the County Commission's interpretation of the county charter that, in effect, denies any meaning to Section 3.7 of the charter dealing with the compensation and benefits of elected officials; and

Whereas, the municipalities also object to the Commission taking unilateral action without consultation with its municipalities to pursue a substantive change in the charter to transform the budget committee into a purely advisory body; and

Whereas, the Commission's proposal to place an amendment to section 3.7 of the charter on the November ballot is unacceptable in that it continues to advance the Commission's position that the budget committee is and remains purely advisory; and

Whereas, when presented recently with a proposed charter amendment to clarify the ability of the Budget Committee to make line item budget changes with a supermajority vote, the Commission failed to take action; and

Whereas, these actions of the Commission have undermined the checks and balances intended by the framers of the Charter and the will of the public as expressed in their approval of a county charter that clearly and unequivocally provided authority to the Budget Committee to approve elected official salaries and benefits and to make changes in the county budget with a supermajority vote, actions that have served to undermine the legitimacy of the County's governance structure;

Now, therefore, be it resolved by the City Council of the City of Lewiston that the firm of Brann & Isaacson is hereby authorized to initial legal action against Androscoggin County in regard to certain actions of the Commissioners relating to elected official compensation and benefits and the authority of the county budget committee, subject to the participation of the lesser of seven other communities or communities representing two thirds or more of the total municipal assessed value of the county and to share costs and expenses in accordance with the formula used to allocate the County Tax; and

Be It Further Resolved that Lewiston is authorized to act as fiscal agent for the communities joining in this legal action, and the City Manager is authorized to enter into such agreements as the Manager deems necessary to implement the foregoing resolutions; and

Be It Further Resolved that the Council designates Councilor Gerry as its representative to any meetings of the communities participating in this effort.

Proposal

Order 48-06152015

City Auburn Proposal - May 20th, 2015:

L/A Arts is pleased to submit this proposal to the City of Auburn for 2015-16 funding for two Auburn based initiatives, Concerts in the Parks & Cultural Plan Lewiston/Auburn. For Concerts in the Parks (late summer 2015) L/A Arts seeks \$4,000, and for the Cultural Plan Lewiston/Auburn, (Fall 2015-Spring 2016) it seeks \$5,000 in matching funds for a Maine Arts Commission CCED grant it has applied for (if successfully received).

Concerts in the Parks:

L/A Arts believes in the need for highly visible and entertaining public art events in Auburn, and proposes to have four summer concerts in Festival Plaza and/or downtown Auburn areas during the late summer of 2015. These concerts will take place in the early evening and/or lunchtime, and be free to the public. The musicians represented will be high quality artists with local and Maine based regional roots, from across multiple musical genres. The series will extend the summer concerts model the organization has done in the past, with such notable artists as: Don Campbell, Robert Sylvain and Cajun Aces de Douce, Colwell Brothers, Veayo Twins, Maine Marimba Ensemble, Denny Breau and much more.

L/A Arts has actively listened to the community of Auburn and regards highly the need for the organization to bring high quality events to the city as an extension of its mission. This initiative will support local artists while bringing their high quality artistry to the public. The opportunity to bring people together and drive them to downtown Auburn will cultivate economic activity and build the strength of our city's social fabric. Music is an extremely popular art form which offers many personal opportunities for individuals to connect to the work. It will help express the distinctive features and dynamics of our Auburn community through the expressive forms which will be represented. This initiative will coincide with a series of concerts across the river in Lewiston, which L/A Arts hopes to make a mainstay of its programming and service to the Twin Cities into the future. Funding from the City of Auburn will go toward direct costs associated with performances in Auburn only and cover artist, technical and promotional expenses:

Cultural Plan Lewiston/Auburn:

L/A Arts and Arts & Culture Lewiston Auburn (ACLA) are collaborating on a new initiative to develop a cultural plan for Lewiston and Auburn Maine. This project will bring together cross-sector leaders from our community to engage in a 12–18 month process of developing strategies that will elevate the arts and culture in the Twin Cities. This is an outstanding opportunity to establish new and meaningful partnerships between the arts and other sectors, strengthen L/A’s creative economy, and bolster funding and revenue for local arts projects. By pulling together rich and varied perspectives from cross sector leaders, the intended plan stands to tap into the rich intellectual and innovative resources of our community to realize best practices in arts and culture into the future.

The specific outcomes created in this plan, realized over 3 years following the plan’s creation, may include:

- Public art
- Arts in education
- Audience development
- Promotion and marketing for the arts and culture
- Retail space and housing for artists
- Arts and culture central building
- New and meaningful partnerships between the arts and culture and other sectors (including economic)
- Additional ideas, based on steering committee members and Twin City-wide survey data, for how to grow Lewiston / Auburn’s cultural landscape

CCED Grant:

L/A Arts and its partners are pleased to apply for Phase I of the CCED grant, a crucial piece of their development of a cultural plan. L/A Arts staff, ACLA members, and Maine based Reinholt Consulting from the High Peak’s Arts Council will administer the cultural planning process. To finance this initiative, L/A Arts and ACLA are applying for a Maine Arts Commission “Creative Communities = Economic Development” (CCED) grant, which will help to ensure funding for the project in two phases. *Reinholt Consulting was*

recommended to L/A Arts by the Maine Arts Commission to be the consulting firm for this initiative. The grant announcement will take place in the late summer/early fall of 2015. CCED Grant: <http://mainearts.maine.gov/Pages/Grants/CCED-Grant>

The timeline for the plan:

1. Cultural plan launching meeting - Fall 2015
2. Strategies and data collection meeting - Late Fall/Winter 2015
3. Data gathering and assessment meeting - Winter 2016
4. Task forces and draft recommendations - Spring 2016
5. Final draft and plan endorsement - Spring/Summer 2016

L/A Arts is pleased to have received letters of support from Auburn's Mayor Jonathan Labonte and Lewiston Mayor Robert MacDonald for the grant proposal. To be effective, this plan needs the support of a 20-25 member steering committee made up of community leaders who can lend insights and actions from their areas of expertise. Among an expert steering committee, the partnering organizations are proud to have confirmed one city councilor and city staff member from Auburn to participate.

Order 49-06152015

Author: Phillip L. Crowell, Jr., Chief of Police

Subject: “Art Therapy Program”

Information: In 2014, Child Protective Services received reports/referrals of upwards of 200 children who have been sexually abused in Androscoggin County. Recently, CPS has been working with eight (8) young girls who have been sexually assaulted. This statistic is of utmost concern for the Auburn Police Department and social service providers.

In an effort to assist Auburn’s victims of child sex abuse, the Auburn Police Department is requesting that the City Council consider allocating \$2,240 from the unused local “Arts” funds that have been set aside to provide “hands on art therapy” to eight young girls. The “Art Therapy Program” will focus on a target population of 11 to 14 year old (pre-teens) victims and sessions will take place at the Sexual Assault Crisis Center.

The “Art Therapy Program” will consist of:

- Includes 2 licensed art therapists
- Begin on June 29th and end on August 28th
- Planning, materials and transportation
- Length of sessions: 2 hours total; 1.5 hours hands on art-making with .5 hours staff clean up and set up

A full description of the Mission and Goals as well as the history of the ArtVan is attached.

Advantages: By providing an alternative to general therapy sessions – where there are children of their own age who suffered similar experiences - they will more easily disclose the details of their assault, their feelings and will have an opportunity to move forward more quickly with their own trauma recovery.

Disadvantages: None

City Budgetary Impacts: Transfer \$2,240 of FY 2015 unallocated “Art” funds for this project.

Staff Recommended Action: Vote to transfer \$2,240 in FY 2015 unallocated “Art” funds to provide an “Art Therapy Program” for eight young girls who have been the recent victims of a sexual assault.

ArtVan is...

Fun! Creative! Discovery! The ArtVan is a mobile arts therapy whose mission is to provide a creative and collaborative environment to encourage Youth who have little or no arts access to fully express their imaginations, relationships and experiences within themselves, among their peers and across our communities. ArtVan's hands-on projects allow children and teens ample time, materials, and support to create and explore their ideas. The results are tremendous! Children freely express their feelings, learn to work together, help each other, and communicate respectfully with one another. Youth discover new talents in themselves, pride in their accomplishments and pride in their neighborhoods.

When the ArtVan rolls into a neighborhood....

The excitement is palpable! Youth jump and wave their arms to greet the ArtVan staff. They eagerly assist with unloading supplies. This scene can be found in public housing developments, head start centers, schools and group homes throughout Bath, Brunswick, Biddeford and Lewiston/Auburn. The art projects vary from basic activities such as drawing, weaving and explorations in color, to more complex undertakings such as sculpture and collage. ArtVan staff members consult with property managers, school officials and community leaders to determine the unique needs of each population being served and to design projects that address those needs. Participants are encouraged to take risks through the creative process, to express their own ideas, and to take ownership in their work - whether it is a work of art that they take home or a contribution to a public art display.

Creating Art...

When guided by professional art therapists, participants learn to communicate thoughts and ideas directly and safely, building trust, and create healthy peer and adult friendships. Art activities are a fun and relaxed way to bring together participants of all ages, nationalities and artistic skills in a way that breaks down preconceptions, prejudices, judgments and rigid expectations.

The outcomes include individual growth and development.

ArtVan Overview- ArtVan and Auburn PAL Center Collaboration

MISSION AND GOALS

ArtVan is a mobile arts therapy with a mission to provide a creative and collaborative environment to encourage youth who have little or no arts access to fully express themselves, their imaginations, relationships and experiences within themselves, among their peers, and across our communities. ArtVan believes that by providing art therapy resources to low-income youth will give them the ability to process and heal in a safe environment. To this day, our goal is to improve the well-being of youth living in low-income neighborhoods and support community change through direct art therapy services.

OUR HISTORY

In 2004, the Director of the Bath (Maine) Recreation Department, Jack Hart, and expressive art therapist, Jamie Silvestri, noticed an increase in scholarship assistance requests for afterschool and summer recreation activities, as well as a lack of arts programming in city schools. After performing a needs assessment, they applied for and were awarded a Community Development Block Grant to launch the ArtVan as an eight-week summer pilot project bringing no-cost arts a variety of under-resourced communities in Bath. In the eight weeks, ArtVan's work proved successful with all these populations. ArtVan decided to continue its work with low-income neighborhoods, with the mission of enriching the lives of youth with the least access to social services and extracurricular programming. During 2006-2007, ArtVan expanded to working with low-income housing neighborhoods in Lewiston, Auburn, Brunswick, and Biddeford. Our flagship core neighborhood program is composed of communities where we provide our art therapy services free of charge on a weekly basis all year; these sites include Broadview Acres (Auburn), Family Development (Lewiston), Hyde Park (Bath), Lewiston Public Library (Lewiston), Maritime Apartments (Bath), and Perryman Village (Brunswick). We also have experience working with organizations such as Tree Street Youth, River Valley Village, Lewiston Middle School, Center for Wisdom Women and others on a short term, fee for service basis in the Lewiston-Auburn area.

WHAT IS ART THERAPY?

Art therapy is at the core of the work that we do at ArtVan. According to the American Art Therapy Organization, art therapy is "a mental health field in which clients, facilitated by art therapists use the creative process and the resulting artwork to... reconcile emotional conflicts, foster self-awareness, manage behavior and addictions, develop social skills... reduce anxiety, and increase self-esteem." Art Therapists do not try to seek interpretation from a work of art but instead facilitate the process of self-discovery, so youth are able to make sense of their experiences, feelings and perceptions. Telling their story through art helps youth to tap their senses as a source of stories and memories. Because thoughts and feelings are not strictly verbal and are not limited to storage as verbal language in the brain, art therapy is particularly useful in

helping to communicate aspects of memories and stories that may not be readily available through conversation. When we give permission to youth to identify, process and bring new awareness to unwanted, confused and unspoken experiences, art making offers creative and therapeutic approaches to redirect attention and focus, and alleviate emotional stress.

When at-risk youth begin to build trust with ArtVan staff and engage in art therapy practices, we find that they mirror healthy social relations, build self-esteem and address past traumatic and problematic experiences into present positive choices; consequently, the individual and the larger community benefits from these changes in behavior. Individually and collaboratively, we support the uniqueness of each youth, without labels, and move forward creating productive community members that will enhance the quality of their lives and those around them.

OUR CORE PROGRAM

ArtVan's core program provides a venue for independent growth, empowerment and positive social interaction in 90-minute to two-hour afterschool and summer programs for youth ages 4-16. In these neighborhoods that are constantly in flux, family incomes are below the average means and youth have limited or no access to social services. We deal with transportation barriers by bringing free art-making directly to these youth in our colorful painted van.

When the ArtVan drives up, youth excitedly come help unload the van and set up the materials for the day. One of our art therapists leads a warm-up activity to gauge the needs of the group and introduce the session project along with a materials demonstration. We propose a preplanned theme directed towards overall neighborhood needs; for example, a recent theme: "Celebrate What's New", to address issues of anxiety starting school, new routines and to introduce their participation in ArtVan's 10-year anniversary. Each session concludes with an art "gallery" share and a collective clean-up effort.

ArtVan has a long lasting impact on youth, whether in one-time art-making experiences or an ongoing relationship. We plant seeds of change by giving youth opportunities to alter their perspectives and take healthy risks. One quiet, withdrawn youth was referred to us by a guidance counselor. In weekly sessions, we gently encouraged her to share her work, let her choose materials either challenging or familiar and gave her the space to work at her own pace. With this approach, she became more social and shined as an artist among her peers. Her parent said "ArtVan has done so much for her. Jayline usually stays in her room, but after ArtVan programs she is in a good mood, out of her room and talks more with everyone in the house." These stories indicate to us that we are making a profound, positive change in the lives of local youth.

Qualitative methods, such as testimonials and photographic documentation, and quantitative methods, such as attendance records and our kid-friendly Story Board evaluation forms, show program impact. We deeply believe in our opportunity and responsibility to provide youth with the arts' powerful, expressive tools to activate imaginations. Putting thoughts, ideas, and feelings into tangible, meaningful, creative forms energizes new hopes, empowers resolution of old conflicts, and offers motivation for positive growth and achievement.

Subject: Liberty Festival – Special Event/Mass Gathering Application

Information: We received an application on 5/27/2015 for a Mass Gathering to be held on July 4, 2015 (rain date July 5). Set up would begin on July 3rd and clean up would be completed on July 5th (rain date July 6th). The event will include fireworks, vendors, and a variety of entertainers.

Staff held a meeting (6/3/2015) with Cathy McDonald, President of the Liberty Festival/Independence Day Committee. Staff from Police, Fire, Code, Electrical, City Clerk and Public Services attended to review the application, ask questions and ensure things were in order.

A change was made to the original application under Parking Accommodations. There will be nobody requesting donations to park in the parking garage or public lots. Donation areas will be set up elsewhere within the Mass Gathering area.

The certificate of liability insurance (through Champoux Insurance Agency) will be provided approximately 10 days before the event.

Advantages: It is a nice community event that is fun for all ages. It may also attract visitors from other areas. Local businesses will likely benefit as well, particularly those within the Mass Gathering area.

Disadvantages: Potential complaints (traffic, noise, disruptive behavior).

City Budgetary Impacts: \$10,000 towards the cost of fireworks and \$1,800 for in kind services which have already been funded in the City budget.

Staff Recommended Action: Public hearing and approval.

Previous Meetings and History: This is a yearly event. The Mass Gathering application for 2015 was presented to Council under Communications at the June 1, 2015 Council Meeting.

Dear Mayor and Auburn City Councilors,

I am writing to inform you what I have found regarding our 501c6 tax exempt status.

Because of our group size and amount of gross receipts, we previously were not required to file annually. Although, we now know differently that failure in 2011 is what caused the automatic revocation. We have investigated and found through the IRS that we have to apply for retroactive reinstatement along with copies of our last 3 years 990-EZ forms.

As of today, all necessary documentation has been forwarded to the IRS. We are told that it can take up to 90 days for the process of reinstatement.

I apologize for not realizing this but have taken all the necessary steps to correct it.

City Council Information Sheet

City of Auburn

Council Workshop or Meeting Date: June 15, 2015

Ordinance 12-06152015

Author: Sue Clements-Dallaire and Eric J. Cousens

Subject: Proposed amendment to Part II, Code of Ordinance, Chapter 14, Business Licenses and Permits, Article XVII, Garage Sales, Section 14-632, to include Agricultural Barn Sale, Article I, In General, Section 14-2, Definitions, to include Agricultural Barn Sale, and Appendix A – Fees and Charges under Businesses and Business Regulations to include Agricultural Barn Sale. Public hearing and first reading.

Information: The Garage Sale and Flea Market Ordinance and Fee issues have surfaced again. A meeting was held with two Auburn Residents, Howard Kroll, Sue Clements-Dallaire, Councilor Gerry and Councilor Walker to discuss possible changes to the Garage Sale ordinance. Staff was directed to draft changes and hold a public input meeting to discuss the Garage Sale and Flea Market ordinances and fees as well as a proposal from a resident for Agricultural Barn Sales. The meeting took place on April 7, 2015. Three members of the public attended as well as a reporter from the Sun Journal. Staff was directed to bring this back to the Council for discussion.

Roger Gauthier a resident in South Auburn and retired farmer is the proponent of this amendment and he attended the public meeting to express support. Currently yard sales are limited to twice in any 6 month period and Mr. Gauthier advocated for more frequent sales to earn extra income. The definition of a yard sale is limited to the sale of personal household items and not for the sale of items purchased with the intent to resell. Sale of items purchased with the intent to resell is not a Yard Sale based on City definitions. This proposal allows second hand sales on a limited 3-day per month basis if other criteria are met.

Advantages: Provides and income opportunity for a limited number of retired farmers while they continue to reside at the inactive farm property.

Disadvantages: Narrow exception with potential impacts for neighbors and opens the door to a small commercial operation where things are purchased with the intent of resale for profit.

City Budgetary Impacts: N/A

Staff Recommended Action: Hold public hearing and consider amendment. Staff is concerned that most residents would not want to see this type of limited commercial activity in their rural neighborhoods and for that reason does support the change.

Previous Meetings and History: Workshop on June 1, 2015.

City of Auburn to Hold Public Meeting on Yard Sales, Flea Markets and Barn Sales

AUBURN, ME. – The City of Auburn has scheduled a public meeting on Tuesday, April 7th at 6 p.m. in the Auburn City Hall, 2nd floor Community Room. The purpose of the meeting is to discuss and receive public input on possible changes to the City's Code of Ordinances related to Yard Sales, Flea Markets and Barn Sales.

Some of the issues discussed will be the number and size of temporary sales, fees for these kinds of sales, status of applicant (for profit or non-profits), locations (private property, convention or event centers, churches or gymnasiums) a new type of sale proposed by a property owner, namely and agricultural barn sale and other related topics.

Interested citizens are invited to attend to learn more about the proposals or to express their opinions.

Yard Sales, Flea Markets Barn Sale Meeting Notes 4.7.15

Issues discussed at the meeting

3 members from the public attended, 1 Sun Journal reporter , City Councilor Gerry and Eric Cousens from staff

-Fees are too high for short duration Flea Markets - \$50 per table is fine for long term event but oppressive for short duration sale. Proposed fee of \$50 for the first 25 tables for 1 day sales would be better but a smaller fee category for small one day sales should be added. Add \$25 fee for up to 10 tables for one day flea markets and other sales noted in the same category in the ordinances.

-Flea Market definition includes short term sales for charity and events at existing approved convention centers, auditoriums and gymnasiums – Create exemption for craft fairs, ski swaps, bazaar antique roadshow, etc. Clearly define craft fair, bazaar/Charity fund raiser etc.

- Neighborhood garage sales should not require the fee for each participant, but should be charged a reduced fee because the neighborhood coordination and single contact for the sale registering at City Hall saves the City time which reduces costs to process. Suggested one fee garage sale fee per 3 participants so that it is \$5 each instead of \$15 each if coordinated by neighborhood individual. – Confirmed with Clerks Office after meeting that they interpret it as a single fee per event and not per household as may have been done under previous clerks office staff. This change may not be necessary.

Proposal from Mr. Roger Gauthier

Agricultural Barn Sales – income opportunity for retired farmers with limits to minimize impacts on neighbors, roadways etc to one sale per month for 3 days each during summer months.

City Council Information Sheet

City of Auburn

Council Workshop or Meeting Date: June 15, 2015

Ordinance 13-06152015

Author: Sue Clements-Dallaire and Eric J. Cousens

Subject: Proposed amendment to Part II, Code of Ordinance, Chapter 14, Business Licenses and Permits, Article I, In General, Section 14-2, Definitions, and Appendix A – Fees and Charges under Businesses and Business Regulations (Flea market to include craft fairs, swap meets, and bazaars). Public hearing and first reading.

Information: The Garage Sale and Flea Market Ordinance and Fee issues have surfaced again. A meeting was held with two Auburn Residents, Howard Kroll, Sue Clements-Dallaire, Councilor Gerry and Councilor Walker to discuss possible changes to the Garage Sale ordinance. Staff was directed to hold a public input meeting to discuss the Garage Sale and Flea Market ordinances and fees. The meeting took place on April 7, 2015. Three members of the public attended as well as a reporter from the Sun Journal. Staff was directed to bring this back to the Council for discussion.

Advantages: Reducing the fee for a one day event that falls under the Flea Market definition provides opportunities for individuals and organizations to hold their events at a reasonable cost. The change provides clarity for staff and the public on fees and sale types.

Disadvantages: Reduced revenue for short time sales.

City Budgetary Impacts: N/A

Staff Recommended Action: Hold public hearing and approve amendments.

Previous Meetings and History: Flea Market fees were discussed in a workshop on 5/20/2013, brought to Council for action on 6/3/2013, was postponed to 6/17/2013, postponed again to 7/15/2013, postponed again to 8/19/2013, and at that meeting, postponed to a date to be determined. On October 21, 2013 proposed changes to the Flea Market and Garage Sale Ordinances were work-shopped but not brought forward for further action until the workshop on June 1, 2015.

PRELUDE- Auburn Ward 1 Report for Monday 2015.06.15

TO: Residents of Auburn and the Auburn City Council
FROM: Tizz E. H. Crowley- Auburn City Council Ward

Tuesday June 16th The first meeting of the Conservation Commission will start at 6:00pm in room 204 here at Auburn City Hall. The public is encouraged to attend. There are still two openings on the Commission and so I hope people will apply.

Visiting Hours- Thursday evening visiting hours during the summer are only from 5-6pm as the library closes early. Visiting hours are Thursday June 25th from 5-6pm and Tuesday July 24th from 2-4pm at the Auburn Public Library.

From another vantage point: There has been lots of talk regarding our last meeting and the subject of a resolve to support the work of the Joint Charter Commission. Sadly, too people were denying the subject was not in support of the merger- when the work on the Joint Commission is to present the documents necessary for the vote on the merger. There are people strongly opposed to the merger and there are people strongly in favor of the merger, but I think many of us want to have courteous conversations on the benefits and risks of such action and no one seems to want the “neutral” position to be involved in conversation and process. Clearly the public was left out of the Council meeting when rules were suspended, the item was presented as communication and presentation topic not on the agenda, and the public had no idea this was a subject for the meeting. Clear message- public doesn’t need to know, example of no transparency.

From my vantage point- I felt and saw lots of “politics” going on which left me with a frustration of helplessness and anger that the open process/transparency wasn’t important. The subject of such a resolve is an appropriate topic for the Council- although I had hoped it wouldn’t come forward until the community had materials and detailed documents. It’s the way this topic got to the table that I strongly object to... and the background actions to push a certain agenda.

The Council has a procedure where a new agenda item, especially one of importance, would be placed on the Council schedule for a workshop when two councilors completed a request form. The request should go in queue- which means that other Councilors, who have had completed requests pending for months, would come first. It has also been an agreed upon practice that the Council would not vote on a workshop item on the same night as the workshop, so Councilors and the public could have input, ask questions and such after receiving the detailed information. Finally, during budget session, it has been the understanding that new business topics would be limited. The resolve is a new subject on a “hot” topic for the community.

According to testimony and the Sun Journal, the meeting with the Governor was over a month before the Council meeting, so there was sufficient time to follow the process- bring the subject to workshop, create a resolve based on the position of the Council, and come back at another meeting for action. Why wasn’t this done? Instead, it’s coming in at the last moment and politics played out in the vote.

I received a call from a constituent, who is also a member of the Joint Charter Commission, who asked to meet with me the week before our Council meeting. When we didn't connect by phone I got an email and a copy of the proposed resolve. No it didn't ask for edits. On Friday, this Commissioner mentioned the resolve was on the Council agenda for Monday. I checked the agenda packet and it was not listed- as I would have expected. Reported this back and never heard from any Councilors about the subject.

I attended the Joint Charter Commission meeting on Thursday evening, May 28th - nothing was mentioned about the resolve or the interest in having support by the Council at the June 1st meeting. It is important for the community members to know the Commissioners want input and are very open at these Joint Charter Commission meetings. They encourage the audience to fully participate in the dialogue and they are listening. Unfortunately, few residents attend. I believe I was the only "audience" member on Thursday night. So why wasn't the resolve topic brought up? Why didn't one of the Commissioners ask for my support as a Councilor? Why didn't the plans to push the resolve through on Monday City Council be discussed at this public meeting?

Over the weekend, I heard more about the topic of this resolve being on the agenda for Monday. There were no updates for the agenda or the materials- I checked often. I spent most of Monday afternoon, tracking down the City Clerk (who has the authority regarding agendas) and the Assistant City Manager- who confirmed the resolve was not on the agenda, and the City Manager who said the topic was expected to come up from the public during open session. Instead, the Mayor brought the subject up under Communications and Presentations. This is the first City Council meeting I've attended where topics under presentation and communications were really workshop agenda topics- in my opinion- a way to "get around the system".

It is well documented that the subject of the merger and the work of the Joint Charter Commission have sufficient votes on Auburn's City Council for any related topic. Four members of the Council and the Mayor signed the form. I know I heard the comment that signing the petition did not mean support of the Commission. Really?! "We the undersigned" "hereby PROPOSE TO CONSOLIDATE the City of Auburn with the City of Lewiston." These signatures establish an election for members of a "joint charter commission for the purposed of drafting a consolidation agreement".

There are a number of members in the community who are very upset with recent actions of the Governor. Everyone is entitled to an opinion, based on the Governor's refusal to bills passed by the legislature sponsored by the opposing party, I'm being asked to behave in the same manner and not support what the Governor wants- the Auburn City Council to support the work of the Joint Charter Commission. I can see both sides of this argument.

Although, not a process or procedure issue, the members of the Charter Commission have said no taxpayer dollars for the work of the Commission. The funds from the Governor are tax payer dollars. The Council meeting comments regarding funding are just the type of community conversation we should have. I've asked many people who signed the merger petition how they expected pay for the Commission. No one thought about the cost and didn't realize the last round of consolidation of services cost \$165,000. I like some of the ideas mentioned about payment for the work and the influence contributors may have on the final documents. My suggestion, of course, would be to have all petition signers contribute \$50- put your money with your position of support.

It is my understanding that politics will play again on Monday as the resolve issue will be brought back- with no notice to the public. Since there are the sufficient number of votes to pass whatever is stated about the joint charter commission, the minority position will not be respected by waiting until we finish the budget work and follow the procedures outlined. Let's hope we don't waste a lot of time in discussion. Just take the necessary steps permitted under Roberts Rule and move on. I will be voting "no" again because of the failure to follow the process and inform the public. Yes, I know I also hold the minority position that "City Council meetings are for the public" and the "Council to conduct business in the open".

The way this resolve has been presented is just a demonstration of the future. The "fors" and the "againsts" will fight at every opportunity- while ignoring the residents who might need and want respectful dialogue on what the merger of the cities really means to the community.

Thank you for your attention.

Financial Services

TO: Howard Kroll, City Manager
FROM: Jill Eastman, Finance Director
REF: May 2015 Financial Report
DATE: June 10, 2015

The following is a discussion regarding the significant variances found in the City's May financial report. Please note that although the monthly financial report contains amounts reported by the School Department, this discussion is limited to the City's financial results and does not attempt to explain any variances for the School Department.

The City has completed its eleventh month of the current fiscal year. As a guideline for tracking purposes, revenues and expenditures should amount to approximately 91.7% of the annual budget. However, not all costs and revenues are distributed evenly throughout the year; individual line items can vary based upon cyclical activity.

Revenues

Revenues collected through May 31st, including the school department were \$68,105,203, or 89.49%, of the budget. The municipal revenues including property taxes were \$50,512,819, or 93.52% of the budget which is less than the same period last year by 0.27%. The accounts listed below are noteworthy.

- A. The current year tax revenue is at 97.25% as compared to 95.9% last year. The 30 day notice of liens were sent out in May. Tax liens will be filed in the middle of June on any properties that have unpaid taxes.
- B. Excise tax for the month of May is at 103.55%. This is a \$171,470 increase from FY 14. Our excise revenues for FY15 are 11.85% above projections as of May 31, 2015. As of May 31st we are \$112,968 over the anticipated revenue for the year of \$3,185,000.
- C. State Revenue Sharing for the month of May is 81.5% or \$1,344,291.

Expenditures

City expenditures through May 2015 were \$34,100,030 or 90.05%, of the budget. This is 2.14% lower than last year at this time.

Noteworthy variances are:

- A. The transfer to the Workers Compensation Fund has not been done this fiscal year. It will be done in June.

Investments

This section contains an investment schedule as of May 31st. Currently the City's funds are earning an average interest rate of .36%. I will be moving all of the City's investments out of TD Bank and into Androscoggin Bank or Northern Capital to maximize our return. I have moved a large portion in May and the balance will be moved in June.

Respectfully submitted,

Jill M. Eastman
Finance Director
