He said he wanted to talk about “an easy way to save nearly \$1 million dollars in the budget” which is through the 9-1-1 center, stating that we pay the County for services that we do not use. He suggested that we develop a policy giving them a deadline to figure out how they can support us with 9-1-1 service. He also suggested that we look at a way for fewer outside entities to control our destiny and to take control of what is inside of our city.

Dan Herrick 470 Hatch Road – commented on the snow removal that was done just a few days before we had 50° weather when the snow was melting, noting that this was costly for the tax payers of the City. He would like to know why they did it.

VIII. Reports

Mayor LaBonté – noted that first Neighborhood Conversation meeting was held last Thursday. He said it was not a perfect format but it was helpful and he expects it will get better as they progress. He said he will not be able to attend the next one due to medical reasons, however Councilor Pross and the City Manager will help to facilitate that meeting in his absence. He mentioned that the Danville Junction Grange is up for listing on the National Register of Historic Places. He noted that next year, 2017, marks the 150th anniversary of the end or annexation of Danville. There may be opportunities to work with Danville residents, the Grange and the State Preservation office to find a way

to celebrate that milestone anniversary and to celebrate our history. He reported that Auburn has been awarded with a half million dollar grant for Hampshire Street in 2018. He provided documents for Councilors to review on the Council Committees. He would like the committees to kick off with a meeting in February. If all Council Committees are able to meet in February, he would like Council to meet on February 29th for Council goal setting and a work plan.

Councilor Burns – he thanked staff for taking the time on another Saturday for the Orientation tour which he found very informative.

Councilor Walker – his written reports are included in the agenda packet but he wanted to add that tomorrow evening at 6:00 PM at Rolly's Diner, the United New Auburn Association will meet. Guest speaker will be Mamie Ney, the Library Director. The Neighborhood Watch Group will be meeting at the St. Louis Church building at 6:30 on Thursday evening.

Councilor Gilbert – also wanted to thank staff for the Saturday orientation tours.

Councilor Titus – agreed with Councilor Gilberts comments as well. He noted that he attended the Joint Charter Committee meeting. The draft charter is on line, and he encouraged residents to check it out. He said he is looking forward to more Neighborhood Conversation meetings. There hasn't been an AVCOG Executive Committee meeting yet – the next meeting is scheduled for February.

Councilor Stone – echoed the comments on the orientation tour, and said it was great. The Airport Board met, and a lot of issues are involved in putting together a workable budget. Wednesday morning he is meeting with Bonnie Hayes, Ward 2 School Committee representative to talk about Council and School relations. He will not be able to attend the East Auburn Community Conversation because he will be attending the Chamber of Commerce Annual meeting. He attended the Joint Charter Committee meeting along with Councilor Titus. He said he has a lot of questions and concerns. He urged everyone to take a long, hard look at the proposed by laws.

Councilor Pross – echoed the previous comments that were made on the Neighborhood Conversation meeting held last Thursday. The School Committee is deeply into union contract negotiations, which will be a major cost driver of the budget. He has encouraged School Committee members to reach out to their corresponding Councilors as he did to Councilors at the last Council meeting in order to open up the dialogue before we get into budget discussions. He noted that the School Committee did adopt a formal policy regarding the administration of medical marijuana to minor students in the schools which protects the city and schools from liability issues. He commented on a presentation that was given at the previous School Committee meeting. It was an in depth presentation on the proficiency based diploma implementation plan. He also reported that he let the school committee know about the restructuring effort of the Committees of the City Council in order to be more effective policy makers.

Councilor Young – he attended the meeting of the Great Falls TV advisory board, and the members thought it would be their last meeting but new members have not been

Larry Pelletier, 129 Second Street stated that he purchased his home in 1982 and has been able to maintain it over the years. He added that it is now in serious need of paint or siding but they cannot afford it at this time. He asked what kind of assistance is out there for residents to be able to maintain their properties.

Joe Gray, Sopers Mill Road commented that the packet is not well organized. Draft 1 and Draft 2 should be separated by a page rather than noted at the bottom of the pages. He went on to comment that he agrees with Mr. Herrick and this ordinance would not be enforceable. He also questioned who determines what is considered “substantial” and what is not? He noted that the city should do something about structural problems, not paint.

Motion was made by Councilor Burns and seconded by Councilor Gilbert to strike section 12-226 on page 7 under Maintenance that states “free from substantial chipping and peeling paint” and refer this issue to Community and Economic Development Committee to further workshop with CDBG and Code Enforcement to come up with a plan regarding the paint issue.

We hosted the 44th Annual Lion's Tournament at the Norway Savings Bank Arena, and we were part of a nearly 60 game tournament between our facility and the Portland area which brought teams from all over New England and Canada. Mary LaFontaine, Western Avenue – opened by commenting that she loves this community and chooses to live here and we are doing some really great things. She noted that she sat in the Ward 3 Council seat for 4 years and understands the work and understands that decisions that are made are not easy decisions to make and when decisions are made to fund or not fund a program or department, it comes with a cost. She asked that Councilors approach their decisions in a couple of ways. Approach decisions as a whole community,

seek out opinions, fact, data, and historical perspective. Don't listen to just one group. Consider the greater community and future of this community. The business community needs support from both cities. When she moved to L-A in 1988, she saw it as one community. She lives in Auburn, works in Lewiston, and shops, dines, and recreates in both. While many decisions they make are for Auburn specifically, many decisions will be about the greater community. She asked that they consider why decisions were made previously, and honor consistency and dependability. She spoke about property valuations and the work of the Growth Council. She commented that we now have a different leader at the Growth Council and there is good work going on. She spoke about the impact on businesses and the community if Auburn were to defund the Growth Council and asked that they honor the commitment that was made, do complete research, talk to a variety of people before a decision is made.

Alan Hahnel, Chairman of the Board of Lewiston Auburn Economic Growth Council. He wanted to express his concern that Auburn is looking to move backwards in terms of Economic Development in the Lewiston – Auburn Community. He mentioned the topic of rescinding the \$50,000 for the Rail Study. He added that there are rumors that Auburn wants to defund LAEGC, and the message is that Auburn does not care about Economic Development and that perception is not good for the community.

Lincoln Jeffers, Economic Development Director in Lewiston, stated that as a rule, he tries to not speak at Auburn Council meetings but with rumor that Auburn is looking to defund the Lewiston Auburn Economic Growth Council, it compelled him to speak. He spoke in support of the LAEGC and John Holden and the work that is being done. He noted that he agreed with the comments Mary LaFontaine made.

Stephanie Gelinias, Lewiston resident – stated that she believes this is not just an Auburn discussion, as the dialogue that is occurring has ramifications that go well beyond Auburn and Lewiston and beyond. The LA Metro Chamber released a strong support statement for LAEGC stating that they should be allowed to continue doing the important work they are doing. She noted that LAEGC was the first resource she accessed when she started her business years ago and that is where she refers others. She added that now is not the time to withdraw from LAEGC and now is the time for Lewiston and Auburn to support joint efforts.

Gabrielle Russell, a downtown resident of Lewiston and owns a building on Lisbon Street - noted that she grew up in Auburn and works in Auburn. She expressed her strong support for the work that LAEGC is doing now. She reached out to John Holden when she was looking for a tenant for her Lisbon Street building. He responded right away and within 2 weeks she had a lease agreement. She added that she also worked with LAEGC to get a small business loan and noted that she couldn't have made it happen without John Holden and the staff at LAEGC.

Carl Shalene, commented that we need to understand that what is good for Lewiston is good for Auburn and what is good for Auburn is good for Lewiston. He spoke in support of LAEGC adding that Lewiston and Auburn are better together and we need the Growth Council.

VIII. Reports

VIII. Reports

Mayor's Report – The Mayor reported that he had an opportunity to sit with the management team and staff from Planning and Development, Public Services and the Maine Department of Transportation, to talk about a number of infrastructure projects. They discussed the New Auburn redevelopment efforts, and the Lown Bridge investment the State plans to make and other ways the State might be able to invest with us to implement those neighborhood recommendations. There are good ideas on the table to bring more State money to Auburn. There was significant discussion about Miracle Enterprises and the infrastructure needs on Minot Avenue. He added that staff did an excellent job laying out the case and securing MDOT's quick response to doing what we need to do to pursue State construction money and federal resources. He wanted to publicly give kudos to staff for their work in moving these things forward.

City Councilors' Reports

Councilor Burns – reported on the last meeting of the Council Committee (Community and Economic Development) which was held on March 17th. He stated that they covered a lot of ground, and will be bringing forth four items to move forward to the Council at large. They discussed a proposal from Derek Boulanger putting out an RFP for a solarized power project for Auburn to pool their resources to get discounted solar panels for residential use with the City acting as the facilitator of that process, they went over the draft of the CDBG budget and they opted to move the draft forward to the entire Council for a workshop. They also voted to move forward on the Adaptive Re-Use Ordinance that has been proposed which allows for the re-use of using historical

buildings, and finally, they discussed the on the ongoing issue for the Transportation Center sewer system. There was also a lengthy discussion with John Holden (President of LAEGC) to discuss their draft marketing plan and the relationship between Council and LAEGC.

Councilor Walker – reported that on March 24th all Neighborhood Watch groups will be meeting at Sherwood Heights School at 6:30PM, on March 29th the United New Auburn Association will be meeting at Rolly’s Diner at 6:00 PM. He added that the Council Committee he is on (Transportation and Environment) is moving forward and making progress with the 9-1-1 mission that they’ve taken on. They are meeting with the County Sheriff. They will be meeting again on the 24th of March at 4:00 PM at Auburn Hall.

Councilor Gilbert - no report

Councilor Titus - no report

Councilor Stone – reported on the Community and Economic Development Council Committee discussion with John Holden regarding LAEGC. He has been getting phone calls, emails, and requests for meetings from many people. He said it was a productive discussion which can be seen on the Great Falls TV website and anyone interested in seeing the discussion should tune in. He said there was a very in depth marketing plan presented by Mr. Holden but the one thing he did not hear was any mention on what LAEGC commits to do in terms of adding dollars to Auburn’s taxable valuation. He said in the future, if we are to continue with LAEGC we’ve got to have some sort of a written commitment from them to generate real taxable dollars.

Councilor Pross – also reported on the discussion with John Holden regarding LAEGC. He also encouraged members of the Community interested in the topic to go to the Great Falls TV website to review the recording of the March 17th meeting. He commented that LAEGC is acting as the agent, by contract, with the Auburn Business Development Corporation with regard to the management of the Industrial Park and has been doing so since the Industrial Park was initially acquired. He said it appears they are wearing two hats; one is working for ABDC and the other for the taxpayers of Auburn to promote economic development. He went on to say that we’ve lost tax revenues and the City of Auburn has suffered as a result of LAEGC’s failure to record a sub division development plan for the Industrial Park (from 2006 to date). Lots are being marketed in that sub-division without a recorded subdivision plan. He added that it calls into question not only state law which prevents marketing a subdivision without a recorded subdivision plan, but it has also cost the taxpayers of Auburn who have taken a large portion of the liability of funding the development over the years for not having those lots individually assessed. He said it raises the question; who the Growth Council is working for in this case - the taxpayers of Auburn or the Auburn Business Development Corporation?

He also provided a School Committee update. At the last School Committee meeting they spent a lot of time talking about the proposed budget scenarios, the Superintendents budget which would be a 4.8% increase from the previous year, they looked at what that

would look like if they stuck to the CPIU and what it would mean in the budget. It would be a reduction of 1.5 million dollars and it would be taking a huge step backwards. That doesn't take into account the revenue they would be losing from the State side for not meeting the State Essential Program and Services (EPS) requirements. They also looked at a budget meeting the EPS which would be an increase of 3% on the school side which would allow them to continue to draw down the State funds they are relying on for revenues. He also sits on the Finance Committee of the School Department and they've been looking closely at cost drivers and ways to gain efficiencies in the future.

Councilor Young – reported on the Transportation and Environmental Council Committee. They were able to move forward on the Woodlot Management Ordinance proposal which will be placed on a future Council agenda. The Committee was not ready to make a recommendation on the Solid Waste and Recycling contract item yet. The Recreation and Special Events Committee item was crossed off the list. The Council Committee has decided to continue with the current ordinance that is in place rather than trying to re-invent the wheel. The Summer Street extension reconstruction project is shovel ready has already been approved by council. There was an update on Route 4 and were told they are still waiting for bids to go out.

City Manager Report – he called Eric Cousens up to provide an update on the Downtown Transportation Center Sewer issues. While installing the water line last fall, they found that they cannot connect into the Esplanade's line as they originally thought because of issues with that line. Another option was a continuation of the line to another manhole closer to the Hilton but there is a 24 inch water main owned by the City of Lewiston which is directly in that path. They looked at gravity flow to Turner Street and found that they would have to go approximately 19 feet deep to achieve gravity flow. After doing some test borings they found that there is ledge which would be very cost prohibitive. The Planning Department has been working with the Sewer District to come up with a pump solution. Three options were discussed. One is a pump system that would serve the future development-the Transportation Center and mainly two other lots in the development, another is a pump station which is much smaller and would be privately owned by the Transportation Center and serves only the Transportation Center, and the 3rd option would be to install a pump station serving only the Transportation Center so a septic system might be an option, however the City would be spending funds on something that does not serve the rest of the development. The pump station that would be publicly owned and taken over by the Sewer District would be able to service the larger development but they would charge the city a fee of \$50,000 on top of the construction cost to accept that pump station. A policy was set several years ago by the Sewer Board not to accept any new pump stations, however an exception was made a few years ago with the Town of Poland who was charged a \$50,000 fee, so precedence has been set in order to accept a new pump station. The Sewerage District is here to serve the sewer customers in the City of Auburn and staff will be asking them to reconsider that and treat Auburn differently.

Motion was made by Councilor Stone and seconded by Councilor Pross to accept and place on file the February 2016 monthly finance report. Passage 7-0.

IX. Open Session - Members of the public are invited to speak to the Council about any issue directly related to City business which is *not on this agenda*.

Joe Gray, Sopers Mill Road wanted to thank the Councilors for bringing to light the LAEGC issues discussed earlier. He also commented on the schools needing money, yet Council keeps growing government on the City side. He added that they have to stop the spending. He commented on the SAFER grant, stating it is not just \$22,000 for equipment. He asked if anyone has read the SAFER agreement noting that there were so many questions that still had to be answered. He asked if the Summer Street extension project could be held off for another year. He also commented on Code Enforcement stating that Council keeps giving Code Enforcement more authority. He said he knows of at least 4 different people who have tried starting or expanding their businesses and Code Enforcement is stopping them by not allowing them to do certain things. He said he has contacted city staff and administration but he has no patients and wants to “see it ended now”.

- 2. Public Hearing on the FY17 City Manager Budget**

IN COUNCIL REGULAR MEETING APRIL 25, 2016 VOL. 34 PAGE 233

Larry Pelletier, Second Street – commented that the City Manager and Council has some tough budget decisions to make and asked if we could go back to the drawing board with the school budget stating what they are asking for is well deserved and that it is time to do something positive with the school budget.

Ron Potvin, Northern Ave. homeowner, resident of Lewiston and former Auburn City Councilor, expressed that when Council is faced with tough decisions that other Councils have had to face, keep in mind the level of service we have now and what it is providing. If the proposed cuts are to do something a different way to try to get to the same point, he feels it might be worth a try, adding that there are a lot of proposed cuts and by reducing them, whether it is this Council or a future Council, they may want to put them back. He warned them to be careful “not to slice the bone”. One in particular for him is the Auburn Public Library. He said he has spent a lot of time at the Library and sees it as not just a Library, but a Community Center adding that he supports the Library.

Pat Gautier, 136 Pride Road – shared some thoughts that she wanted Council to consider. She expressed that the Council needs to fund our City and asked them to stop using retired people as an excuse to not raise taxes to fund our City. She said she will be retiring in June and doesn't want to see taxes go up but realizes that sometimes you have to. Over the last decade or more, our City has cut budgets and services and we are now paying dearly for that. She asked that they please consider

getting rid of the CPIU ordinance, to reconsider the cuts to the Library, to pass school budget as presented, avoid cutting positions, programs, and readjusting staff assignments, restore LAEGC and AVCOG funding, restore positions that have been cut on the city side and reconsider them individually. Do what is necessary to keep our City moving forward and sometimes that means that you have to raise taxes.

Wayne Werts, 556 Pownal Road, commented that the City Manager has done the best he can with the direction he was given and has done a good job and he wanted to be sure that his comments do not reflect badly on the City Manager. He understands the fund balance is a big issue and is lower than we want it to be adding that we did not get here over night. He agrees that we have to get it back to where it needs to be but said that we should walk and not sprint back to get there. He suggested looking at a long term strategic plan to get it back to where it needs to be. He commented on the Fire Department and asked why the one department that brings in a million dollars in revenue is the department that gets cut? He understands the process and reasoning behind a Public Safety Department noting that we tried doing this several years ago and why would it work now when it didn't work then? He doesn't feel that it would be efficient or cost effective suggesting that Council looks at that hard. He went on to add that the cuts to LAEGC and AVCOG represent two very short term gains for a long term negative to this community with what these organizations can for this community. He went on to talk about the educational budget. He said that he has not had a chance to really look at it closely but feels that the lack of funding would be worse than funding education in this community.

IN COUNCIL REGULAR MEETING APRIL 25, 2016 VOL. 34 PAGE 234

Adam Lee, Main Street, said that Wayne said a lot of what he wanted to say but he wanted to comment on the fund balance issue. He said the City Manager's budget letter noted that this was required by ordinance which he said was incorrect. It is a policy that was passed by resolution in 2011. Ordinance is defined as the authoritative law of a municipality and a resolution is not law but merely a form in which a legislative body expresses an opinion. It is a policy passed by resolution, not an ordinance. He talked about how that resolution and how the fund balance number came to be adding that Council can change that the policy in addition to the number of years it would take to *walk* back to a meaningful number when it comes to the fund balance.

Lisa Mayer, 1 Roosevelt Ave. spoke in support of the school budget. She said she started working at St Mary's Hospital recently and they have a lot of meetings because they are having a difficult time attracting and retaining doctors in this area. One of the reasons is because of cuts made to the school budget.

Gary Simard, Cook Street, asked why the Fire Chief position was eliminated before Council has even made a decision to merge the Police and Fire Departments? He went on to say that taking the Fire Chief out of the picture isn't right and the public will not know what the true consequences are of this merger. He said again, he

would like to know all of the pros and cons of the changes being made adding, in his opinion, this does impact public safety.

Bob Gardner, a resident and taxpayer of Auburn, said he is sorry to learn of position Council is in by having to make some serious cuts that can handicap operations that residents normally count on. He commented positively on the Library adding that “it is a treasure”.

VII. Executive Session - None

VIII. Reports

Mayor’s Report – the Danville Junction Grange has officially been listed on the National Register of Historic Places as of April 5, 2016.

He spoke about the Bike-Ped Committee which was formed by resolution and had a sunset clause when formed and had the Mayors of each City reporting back to Council on next steps. He said he has concerns of the current structure and the use of everyone’s time. The suggestion he is offering members of the board, all highly capable citizen volunteers on the committee, to empower them to do the work called out and rather than ask a City Councilor to attend those meetings and have the Bike-Ped Committee become a direct report to the Transportation and Environment Committee. One of those members would be expected to attend the monthly Transportation and Environment Committee meeting to report to them.

IN COUNCIL REGULAR MEETING APRIL 25, 2016 VOL. 34 PAGE 235

He provided an update to the TIF workforce training initiative discussion that was talked about at the joint meeting with school department. It is still moving forward but needs additional work. Because no other community has considered doing what we are proposing to do, the DECD (Department of Economic and Community Development) staff wants to work with us to ensure that the metrics we will use can be replicated elsewhere. Unfortunately the news story that ran inferred that we were looking to subsidize the school operations with TIF accounts and that you cannot do. The perception was out there and DECD received many calls as a result.

Last week he attended the LARC (Lewiston Auburn Railroad Corporation) meeting. They talked about renegotiation of a contract with the Growth Council, and the creation of a land sub-committee.

Tomorrow from 2-5 NEPRA (Northern New England Passenger Rail Authority) staff and board members will be coming to Lewiston - Auburn to kick off the service development plan effort. This morning the City broke ground on the Barker Mill Trail Extension. It is an eight foot trail segment. It is expected to be completed within a couple of weeks. There should be an upcoming ribbon cutting.

There was a presentation to discuss the proposed structure of the new department as well as an overview of budget. Several proposed amendments were provided to allow more access to these programs.

IN COUNCIL REGULAR MEETING APRIL 25, 2016 VOL. 34 PAGE 236

Friday before last, LAEGC had a meeting in which the issue of Auburn's funding came up. The meeting centered around examining the prospect of the loss of funding and what it would look like for the organization.

Councilor Pross added that a suggestion came up during the Council Committee meeting for a formal process or procedure after a Council Committee deliberates an issue, and comes out with a vote and recommendation to the full Council which would be to include on the info sheet in the Council packet, a separate line item listing which committee vetted the policy issue and if they have made a recommendation.

Councilor Walker noted that most of his reports are in the packet, but he wanted to add that the United New Auburn Association has a meeting on the 26th of April at 6pm and the new Recreation Director, Sabrina Best will be speaking. Councilor Young – asked if there was a conflict with the May 4, 2016 Transportation and Environment and Public Safety and Community Services meeting and there is. They may look into rescheduling the Transportation and Environment meeting.

Councilor Titus commented on the budget stating that his philosophy is that things have to change. We need to have measurable goals and we have to follow through with those goals. Change is always difficult, but the discussions are healthy. He offered his phone number and email address adding that he would like to hear from folks to understand where they are coming from.

He said that he will be attending the Western Avenue Neighborhood Watch Meeting on Thursday at 6pm, and the public is invited to attend.

The Finance and Public Administration Council Committee met in March and discussed EMS and EMS billing and a possible ordinance and will continue that discussion on May 12th. The Committee also discussed tax acquired properties.

Property. He met with the City Engineer, Tony Beaulieu, and the resident and by mid afternoon they had a cost estimate. They did make it clear to the resident that everything for this year was already in the hopper and the work would not be happening this season.

Yesterday was the 33rd awards banquet for the Lewiston Auburn Sports Hall of Fame, which is the only one in Maine. There were four inductees. He noted that it means a lot to them for their home community to recognize them. They have a lot of paraphernalia and would like to have a facility or a couple of accessible rooms in Lewiston or Auburn to set up a display. If anyone knows of any space that could be used please contact him with that information adding that he thinks it could be a tourist attraction.

Councilor Pross wanted to let everyone know that the Summer Street extension work has begun over by West Auburn Road. He thanked Dan Goyette and the Engineering team for getting that going.

On May 21st from 9:30am to Noon at the Lake Auburn Community Center on North Auburn Road, the Lake Auburn Neighborhood Watch Group will be holding the first annual "Trash Off" to clean up litter and debris.

He thanked the Auburn Police Department who responded to a vandalism call at the Taylor Pond Yacht Club. Damage was done to some of the buildings out there. It is being investigated and the private non-profit group is working to try to get that damage cleaned up.

On June 25th the Androscoggin Land Trust is hosting its first annual Boats and Brews Paddling River Race, open to kayakers and canoers starting at Festival Plaza and going down to the Durham Boat Launch. Assistant City Manager, Denis D’Auteuil, went over some issues that have occurred and also encouraged a joint meeting between Council and the Water and Sewerage Districts to open communications and try to get this moving in a positive way.

IN COUNCIL REGULAR MEETING APRIL 25, 2016 VOL. 34 PAGE 238

Motion was made by Councilor Stone and seconded by Councilor Walker to accept and place on file the March 2016 monthly finance report. Passage 7-0.

IX. Open Session - Members of the public are invited to speak to the Council about any issue directly related to City business which is *not on this agenda*.

Larry Pelletier talked about St. Louis Church and what to put in there. They are searching for developers to help them.

Gary Simard commented that 7-8 years ago the City went through this with cuts. People were scared and they lost a lot of good, valuable people. Some were hired back because the City needed their expertise. He said he would expect that employee morale is pretty poor wondering who is next. He stated that the employees are the City. Let them work for us the best we can, don't over work or make them feel like they will be laid off.

Annette Auger, Elm Street said she worked for State of Maine years ago, and they were all subject to furlough days and asked if anyone has thought of that? She said she feels it is better to have a job and it is one way to cut the budget.

Alfreda Fournier, 46 Davis Avenue said she had a nice conversation with the City Manager, and learned a lot in terms of how stuck we are now. She said this is an accumulative situation that we can't ignore it because it pushes it further down the road. She commended him for grabbing the bull by the horns and making some hard decisions. She did suggest that they take a look at fund balance numbers and if something were to be added back in, she would like to see library funding put back in.

X. Adjournment

Motion was made by Councilor Walker and seconded by Councilor Titus to adjourn. All were in favor, the meeting adjourned at 8:36 PM.
