

Lewiston Auburn Community Forest Board Meeting Agenda
Thursday, June 16, 2016

7:00 pm

Lake Auburn Community Center Tree Nursery-North Auburn Road

Call to order

1. Review and approve June meeting minutes
2. Public Session-“Members of the public are invited to speak to the board about any issue directly related to LACFB business which is not on the agenda. Please be succinct and speak for no more than five minutes. The board will not respond to your issue at this time. If necessary, we will refer your name to the appropriate city department or add the item to a future board agenda.
3. News of the City of Auburn Public Woodlot Ordinance and Auburn Tree Inventory
4. “Special Trees” of the twin cities- Application Form needs to be reviewed. A tentative one was created and put on the informational tables.

These first four items shouldn't take more that 10-15 minutes. The majority of our time will be spent on the next item.

5. Tree Nursery-We will witness and review the work that has occurred at the Tree Nursery over the last month. Proctor and Gamble should have had several volunteers working the day before. Depending on what they accomplished, we could get “hands-on” as a committee. I will be there on Wednesday and let you know what still needs to get done. Expect an e-mail Wednesday night to tell you what would be helpful to bring.

6. New business/old Business

7. Adjourn
