

Downtown Auburn Neighborhood Architectural History Walking Tour

Thursday, June 25th

6:00PM-7:30PM

Tourists meet at Festival Plaza, Main Street

The streets of Downtown Auburn's old historic neighborhood including High St., Pleasant St., Elm St., Drummond St., and Vine St. are lined and graced with some of New England's finest late 19th and early 20th century residential architecture.

Here the most affluent of Auburn's families hired the best architects in New England to design and build the most elegant, ornate, and highly valued homes in the State of Maine.

Greek-Revival, 2nd Empire French Mansard, Gothic-Revival, Queene-Anne, Richardsonian Romanesque, Beaux-Arts, and Arts & Crafts architectural styles are all wonderfully set into the streets and blocks of Auburn's most historic neighborhood overlooking the majestic Androscoggin Riverfront.

Join local urban guide and municipal Economic Development Specialist Alan S. Manoian for an informative, fascinating and enjoyable walking tour and discover the "architectural treasure-house" that is Downtown Auburn's Historic Neighborhood.

**Let's get out and walk Downtown Auburn together!
You will never look at it the same way again.**
