I. Letter of Interest

Definitions: “City” – is The City of Auburn.

“Interested Party” – an individual or business submitting a letter to The City of Auburn.

“Facility” – Ingersoll Turf Facility.

Purpose of Letters of Interest:

The City of Auburn is seeking a Naming Rights Partner to be associated with the construction/renovation of the Ingersoll Turf Facility on Pettengill Park Road in Auburn.

The purpose of this Request for Expression of Interest is to associate a corporate/individual name with this public facility. This opportunity will forge a partnership between the private and public sectors.

This process provides instructions for submitting letters of interest, protocols and procedures by which the City of Auburn intends to govern the relationship between it and the selected Interested Party.

This proposal does not include naming rights opportunities for any other city facilities.

Facility Information:

Ingersoll Arena was re-constructed into its current form in 1994 by the City of Auburn, local businesses, civic organizations, and individual contributions, in addition to a great amount of voluntary labor. Formerly named the Pettengill Arena, the facility was renamed in 1999 in honor of Norris E. Ingersoll in acknowledgment of his more than three decades of service to the City of Auburn as the Parks and Recreation Department Director. Built upon the achievements of Ingersoll Arena, recent investments by the City and community have produced a new ice arena facility; the Norway Savings Bank Arena. The opportunity now exists for Ingersoll Arena to enter a new chapter with a repurposed use as an indoor turf facility.

The Ingersoll Turf Facility will offer space for indoor training/practice which is presently unavailable within Auburn-Lewiston and surrounding areas. Also offered will be batting cages for both baseball and softball training. The goals for the facility will be to make Ingersoll the desired choice for training/practice activities within the community and proximate areas. Additional objectives will include: to provide a safe, fun, and affordable recreation facility, to increase recreation opportunities for youth and adults, and to operate a self-sustainable service.

The target age range of this facility is virtually unlimited. A blend of both athletic and recreational activity could be executed in this type of facility. There would be few limitations to the programs that could be provided; with the requirement that each program covers its own operating costs and other related expenses. The Ingersoll Turf Facility will compete predominantly at a local/regional level. The facility will have the capability to function under a combination of both facility rental, and program delivery operating models. This hybrid methodology would produce a competitive advantage, in that it would provide for maximum adaptability, and create the opportunity to maximize the income potential of the facility and place it as a regional recreation destination with no indoor turf competition within a 25 mile radius.

The Ingersoll Turf Facility will feature an approximately 20,000 sq ft. in-filled turf surface along with two baseball/softball batting cages. The facility will give an opportunity for those interested to secure an indoor training/practice space for nearly any activity that is traditionally done outdoors. The space will be able to accommodate participants of all ages and improve the overall level of service to the community.

II. Benefits of the Naming Rights Package

The primary goal of this process is for the development of a strong partnership between the City and a National/Regional Corporation/Brand in efforts to control operational costs, provide exceptional service to the users, and visitors of the Facility. The city desires to develop a model relationship that substantially advances recreational/community related opportunities at the facility, which capitalizes the immediate and long term priorities of the Facility and its partner. The name of Facility which is proposed by the successful Respondent and approved by the City will be the exclusive name of the Facility in all official Facility references during the term of the agreement. The successful Respondent will have the right to create and develop a proposed logo for the Facility to be owned jointly with the City and which design which is subject to approval by the City.

Name and logo identification in all official Facility references made by the City including, but not limited to, the following:

Naming Identification:

- Media Correspondence
- Media Placement (television, radio, digital/social media, and print ads)
- Website links
- Facility marketing collateral relating to the facility
- Facility related publications
- Advertising/Promotional literature
- Wayfinding Signage

Exterior Facility name and Signage Opportunities

- Large Sign on the Front, above the Main Entrance
- Signage on all entry doors

Provided, however, this waiver of subrogation provision shall become inoperative and null and void if the insured party contracts for insurance required to be carried under the terms of this agreement with an insurance company which (i) takes the position that the existence of this waiver of subrogation provision vitiates or would adversely affect any policy insuring the insured party in a substantial manner or (ii) requires the payment of a higher premium by reason of the existence of this waiver of subrogation provision, unless in the latter case, the other party within ten (10) days notice thereof from the insured party pays such increase in premium.

In such case it shall be lawful for the City, its agents or assigns, to commence forcible entry and detainer action against the Contractor pursuant to state law. The Contractor shall pay and indemnify the City against all costs, charges and expenses, including reasonable attorneys fees, incurred by the City in connection with the enforcement of its rights under this agreement, including the collection of commissions or other amounts due under this agreement, or in obtaining possession of the Premises after the default of the Contractor or after the Contractor's default in surrendering possession upon the expiration or earlier termination of the term of this agreement or extended term, or enforcing any covenants of the Contractor herein contained.

VII.I Waiver of Jury Right

Contractor shall, and does hereby, waive trial by jury in any action, proceeding or claim brought by the City against Contractor or by Contractor against the City on any matters arising out of or in any way connected with this agreement, the relationship of the City and Contractor, the Contractor's use or occupancy of the Premises or the Contractor's rights thereto.

VII.J Waiver

VII.L Governing Law

This agreement shall be construed and governed by the laws of the State of Maine
