

**REMOVAL OF HAZARDOUS MATERIALS
CITY OF AUBURN, MAINE
Bid #2015-033**

ADDENDUM NUMBER ONE

CONSISTING OF TWO PAGES

DATE: MAY 12, 2015

The following items are clarification to the CONTRACT DOCUMENT for 2015-033 BID PACKAGE FOR REMOVAL OF HAZARDOUS MATERIALS in Auburn, Maine and should be reflected in the BID.

CONTRACT DOCUMENTS

This addendum responds to questions raised by bidders.

Where is the tar paper in the 14 Second Street building?

Response: The tar paper is in a small pile of discarded roof shingles located on the Basement floor near the workbench and stairs. The tar paper/roof shingles were frozen in ice during the survey, but are now thawed out and marked with a capital A. The contractor needs to simply containerize the small amount of roof shingles and tar paper using whole component removal methods, inspect for similar debris and clean dirt/dust from adjacent surfaces (~ 1-2 feet perimeter from ACM) for a visual inspection.

**It is not clear where the 2nd floor storage/bedroom closet is located in the 115 Whitney Street building.
Could this be the third floor?**

Response: Yes, the ACM sheet flooring is in the room directly across from the top of the stairs on the 3rd Floor. Sorry for the confusion.

The contract includes removal of asbestos and universal waste. Fuel tanks and household trash will be removed under a separate contract.
