WAYFINDING SIGNAGE BID ADDENDUM #3

BID #: LA 2015-003
BID DATE: June 16, 2015

Addendum 3 to Bid LA 2015-003 is to make the following changes:

The cities of Lewiston and Auburn have requested proposals from a sign fabricator or other qualified individuals/organizations to provide final design, fabrication and installation services for the production of a wayfinding sign system. On Tuesday June 9th a Pre Bid Meeting was held resulting in the need for clarification provided by MDOT:

- Assume all signs will be mounted on a single sign post, unless specifically referenced in the sign schedule (i.e. mounted to ornamental light post, wall, etc.)

Reference should also be made to the initial Wayfinding Signage Bid dated March 10, 2015 and Addendum 1, 2 and 3.

On behalf of both the cities, sealed packages including qualifications and cost proposals will be received in the office of the Facilities Manager/Purchasing Agent, Auburn City Hall, 60 Court Street, Auburn, Maine, on **Tuesday, June 16, 2015, until 2:00 p.m.** At that time, project proposals will be publicly opened and the cost proposals will read aloud.

Dated: June 11, 2015

Norman Beuparlant
Director of Budget/Purchasing
