REF: March 2023 Financial Report

DATE: April 18, 2023

The following is a discussion regarding the significant variances found in the City's March financial report. Please note that although the monthly financial report contains amounts reported by the School Department, this discussion is limited to the City's financial results and does not attempt to explain any variances for the School Department.

The City has completed its ninth month of the current fiscal year. As a guideline for tracking purposes, revenues and expenditures should amount to approximately 75.0% of the annual budget. However, not all costs and revenues are distributed evenly throughout the year; individual line items can vary based upon cyclical activity.

Revenues

Revenues collected through March 31st, including the school department, were \$86,340,720 or 80.66% of the budget. The municipal revenues including property taxes were \$62,551,231, or 88.75% of the budget which is less than the same period last year by 2.07%. Due to the increase in the budgeted estimate for revenues, the percentage is lower, but the dollars collected are higher than the same period last year. The accounts listed below are noteworthy.

- A. The current year tax revenue is at 94.31%, the second payment was due March 15th. We are currently \$2,127,865 higher than this time last year.
- B. Excise tax for the month of March is at 78.54%. This is an increase of \$137,548 compared to FY 22.
- C. State Revenue Sharing at the end of March is 102.21% or \$753,648 more than in FY 22.

Expenditures

City expenditures through March 2023 were \$39,085,533 or 76.17% of the budget. This is a 3.07% decrease in percentage for the same period last year. Actual dollars spent are higher than last year by \$1,788,123. Noteworthy variances are:

- A. Fiscal Services are higher than last year due to the higher debt service payments than last year.
- B. Administration, Community Services, Public Safety and Public Works are higher dollar wise than last year.

Investments

This section contains an investment schedule as of March 31st. Currently the City's funds are earning an average interest rate of 3.24%.
