

Sec. 60-40- - Reduction in dimensional regulations.

No lot (except as allowed by the planning board at the time of final approval of a subdivision or development plan) shall be reduced, subdivided, conveyed, divided or otherwise transferred that violates, or creates a lot that violates, any minimum or maximum dimensional regulation of this chapter. No building permit or other municipal permit or license shall be issued to any of the land so transferred or to the land retained until all of such land or lots are in conformance with all dimensional regulations. If a serious health or safety issue with the property should arise, the director of planning and permitting services shall determine if a permit should be issued to correct the problem. This provision shall not allow further nonconformity to occur in order to achieve the corrective action necessary. Any land taken by eminent domain or conveyed for a public purpose shall not be deemed in violation of this provision. Any setback or lot that is reduced below the minimum or extended beyond the dimensional requirements as a result of land taken by eminent domain or conveyed for a public purpose shall not be deemed nonconforming. Setbacks for the enlargement of any existing building located on such a lot shall be referenced to the property line as it was located prior to the eminent domain action or the conveyance for a public purpose.
