

Taylor Pond Property Inspections

As part of the ongoing valuation study, the Assessing Department is restarting property inspections of waterfront properties on Taylor Pond. Many of you attended the public meetings or have heard about our efforts. We are grateful to the property owners who have invited us to their homes for an inspection, but we still have more to go.

In July 2019, the Assessing office will resume the Taylor Pond property inspections. Going forward We will visit specific areas and intend to work-around the pond in a clockwise manner. We will continue our property inspections until complete.

If you have any questions about the upcoming inspections, contact the Assessing Department at (207) 333-6601 extension 1114 or by email: kdoustout@auburnmaine.gov

Upcoming Neighborhood Inspections

Week of:	July 22, 2019
