City Administrator

# MEDIA RELEASE

## DENIS D'AUTEUIL NAMED NEXT LEWISTON DEPUTY CITY ADMINISTRATOR

Lewiston City Administrator Ed Barrett announced today that Denis D'Auteuil will replace long-time Deputy Administrator Phil Nadeau who will be retiring at the end of June. Denis is currently the Assistant City Manager in Auburn and, most recently, is also serving as Auburn's Acting City Administrator.

Denis is a Lewiston resident and native and has been an Auburn employee since 2010 where he has filled successively more responsible positions as Deputy Public Works Director, Public Services Director, and Assistant City Administrator. Prior to entering public service, Denis was a manager in the transportation and logistics field and served in the United States Air Force.

According to Ed Barrett, "I am extremely pleased that Denis will be joining Lewiston's management team. As a Lewiston native, he knows our community. Through his service in Auburn, he is familiar with our local governments and has worked closely with and impressed members of our staff. As important, his time in Auburn has shown that he has the necessary background and leadership skills to make a significant contribution to moving Lewiston forward."

Comment from Denis, "I've enjoyed my time in Auburn, and I'm proud of what we've accomplished over the years. I'm very grateful for the support from city staff, Mayor and City Council, and the community as a whole. They truly made my time in Auburn rewarding. I look forward to getting started in Lewiston and working with the staff, Mayor, and City Council. There's something special about getting the opportunity to work for both cities that make up the community where you grew up and are now raising your family in."

Lewiston Mayor Robert Macdonald reacted to Denis' appointment by saying: "Over my time as Mayor, I've watched Denis and the work he has done in Auburn, and I've been impressed as have the members of the City Council. We look forward to working closely with him in the coming years."

Denis will begin work on April 6, 2017. This will allow for a several month period where Denis will work closely with Phil Nadeau to ensure a seamless transition.
