Subject: Troy Street Zoning Map Amendment

Information: At their July 17, 2017 meeting, the City Council initiated a zoning map amendment (zone change) and instructed the Planning Board to make a recommendation to the City Council on the proposal. The staff is recommending a block of properties bounded by Union Street, Library Street, Troy Street and the Central Maine Railroad right of way. The properties are currently zoned General Business (GB) and the proposed zoning would be changed to Traditional Downtown Center (T-5.1). The zone change would make the properties easier to redevelopment and also complement the design of the Hampshire Street reconstruction project.

Advantages: Rezoning the Troy Street block of properties to Traditional Downtown Center (T-5.1) would provide the property owners the benefits of Form Based Code:

- More building area is allowed with smaller set-backs.
- Reduced parking requirements.
- Greater flexibility how you can use your property.
- New construction that follows the Form Based Code creates a predictable built environment that protects investment in new development.
- Most new development that follows all the Form Based Code requirements can apply directly for a building permit.

Disadvantages: Form Based Code has been in place for over a year and has worked well for the 62 Spring Street project. There is a learning curve for property owners to understand the advantages.

City Budgetary Impacts: None

Staff Recommended Action: Staff recommends the City Council schedule a public hearing and 1st reading pending the Planning Board’s recommendation from their August 8, 2017 meeting.

Previous Meetings and History: The Form Based Code went through a 2 year process by the Planning Board leading to adoption by the City Council in May of 2016.

Re: Zoning Map Amendment for Troy Street Properties

Date: August 8, 2017

I. PROPOSAL -- The City Council initiated a Zoning Map Amendment (zone change) at their July 17, 2017 meeting request. The Staff is recommending the block of properties bounded by Union Street, Hampshire St., Library St. and Troy St. be rezoned at the same time. The parcels are: PID 249-211 (52 Hampshire St.), 240-210 (50 Hampshire St.), 240-213 (43 Union St.), 240-214 (39 Union St.), 240-201 (31 Library St.), 240-202 (29 Library St.), 240-212 (Troy St.) and 240-215 (35 Union St.). These properties are currently zoned General Business (GB) and the Staff feels this area would benefit from a zone change to a Form Based Code, Downtown Traditional Center (T-5.1).

BACKGROUND and STAFF COMMENTS - During the Planning Board’s deliberation in 2015 on the initial Form Based Code zone change for Downtown Auburn and New Auburn, the downtown Minot Avenue corridor, northeast of the railroad tracks was discussed and considered to be included in the overall zone change. Ultimately, the Planning Board chose to limit the boundaries of the Form Based Code to the Central Business District and not extend beyond the railroad tracks. In particular the Downtown Traditional Center (T-5.1) would allow a zero set back along Union Street, Hampshire Street and Troy Street, decrease the parking requirement and allow a greater density, building height and coverage. The Staff is supportive of this change and would also be interested in discussing future expansions of Form Based Code at a later date.

II. DEPARTMENT REVIEW - The proposed zoned change was reviewed at the July 19, 2017 Plan Review Committee.
   a. Police - No Comments.
   b. Auburn Water and Sewer - No Comments.
   c. Fire Department - No Comments.
   d. Engineering – No Comments.
e. Public Services – No Comments.
f. Economic and Community Development – Staff presented the zone change request to the Plan Review Committee.

III. PLANNING BOARD ACTION- The Planning Board is being asked to use Chapter 60-1445, Amendments to the Zoning Ordinance Map. The Planning Board should reference A.) The Comprehensive Plan Goals and Objectives and B.) The Future Land Use Map designations and descriptions when considering whether a zone change is appropriate and in compliance with the 2010 Comprehensive Plan.

A. The 2010 Comprehensive Plan has the following sections described in the Chapter 1, Goals, Policies and Strategies that support this zone change:

Community Development Policies- H1- Neighborhood Actions and H2 Housing
a) “To carry out these housing policies, Auburn will maintain and enhance existing neighborhoods and housing, and provide opportunities for a wide range of new housing development in appropriate locations.” (Vision Statement pg. 56)

b) “Promote various housing options to meet the needs of Auburn residents and support neighborhood stability.” (Goal H.2 pg. 58)

c) “Encourage investment in higher-density downtown multi-family and mixed-use neighborhoods to develop a balance of rental and ownership options that serve a wide range of households.” (Housing Objective-H. 2. 4 pg. 61)

d) “Assure that the City’s zoning and land use regulations allow private owners to improve property in these neighborhoods.” (Housing Strategy, H. 2. 4. a pg. 61)

e) “Review and revise the zoning requirements, as needed, to allow for redevelopment and infill development on vacant lots that is in character with the neighborhood in terms of lot sizes and density, frontage, setbacks, and similar dimension. (Housing Strategy, H. 2. 4. a, ii pg. 61)

f) “Create flexible zoning provisions such as variable density requirements (bedroom-based density or building envelope provisions) that allow for the coordinated reuse or rehabilitation of a series of adjacent buildings in order to create expanded housing opportunities. (Housing Strategy, H. 2. 4. a, iii pg. 61)

B. Future Land Use Map- The 2010 Comprehensive Plan’s Future Land Use Map designates this area as a Limited Business Development Area (LBD) (See attachment 1 for map)

Limited Business Development District (LBD) (pg. 89-90)
Objective – Allow for the development and redevelopment of small and moderate scale nonresidential uses in areas that have good vehicle access and are served or can be served by public water and sewerage (see Figures 2.3, 2.4, and 2.5). Since these districts are often located adjacent to existing residential neighborhoods or residentially zoned areas, the allowed uses and development standards are intended to assure that activity within these districts have minimal adverse impact on the adjacent residential areas. In addition to
non-residential activity, the Limited Business Development District should allow for both existing and new residential uses at a density of up to 10-12 units per acre.

**Allowed Uses** – The following general types of uses should be allowed in the Limited Business Development District:

- small and moderate size retail uses (<40,000 square feet)
- personal and business services
- business and professional offices
- restaurants excluding drive-thru service
- hotel, motels, inns, and bed & breakfast establishments
- residential uses (including single and two-family, townhouses, and multi-family housing)
- community services and government uses
- small and moderate size (<20,000 square feet) fully-enclosed research, light manufacturing, assembly, and wholesale uses
- contractors and similar activities
- motor vehicle service
- motor vehicle sales limited to a subordinate or accessory use where the principal use is motor vehicle service
- recreational uses and facilities

**Development Standards** – The focus of the City’s development standards for the Limited Business Development District should be on assuring that new development or redevelopment/expansion of existing uses is done in a manner the results in well designed, attractive projects that minimize the potential for undesirable impacts. To ensure that redevelopment/conversion of residential buildings to nonresidential uses is compatible with the design and character of the community, these projects should require site plan review. The review standards should include provisions to manage the amount and location of vehicular access to the site, minimize stormwater runoff and other potential environmental impacts, require an attractive treatment along the boundary between the lot and the street, and provide for the buffering of adjacent residential districts. **Multifamily housing and townhouse style development should be allowed at a density of up to 10-12 units per acre**, while single and two-family housing should be allowed at a density of up to 6-8 units per acre. Conversion of older single family units to duplexes is encouraged, as well as the full utilization of all established units within multi-unit buildings, provided that the building will be renovated and meet the City’s requirements for residential units, including the provision of appropriate parking and green space.

IV. STAFF COMMENTS-
Context- The proposed zone change area, while not officially part of “Downtown Auburn”, is adjacent and similar in character and visual appearance to an area rezoned to Traditional Downtown Center (T-5.1) in May of 2016 located across the railroad tracks at
Spring, Hampshire and Library Streets. Re-zoning these properties to Traditional Downtown Center (T-5.1) would provide the affected property owners the benefits of Form Based Code:

- More building area is allowed.
- Smaller set-backs.
- Reduced parking requirements.
- Greater flexibility how you can use your property.
- New construction will have to follow the Form Based Code creating a predictable built environment that protects investment.
- Additions of less than 50% to existing buildings, will be exempt from Form Based Code.
- Most new development that follows all the Form Based Code requirements can apply directly for a building permit.

The Traditional Downtown Center (T-5.1) zoning to the proposed properties will be a positive incentive for redevelopment by taking advantage of the increased density and building size that the Form Based Code allows. In addition, Hampshire Street is undergoing a complete reconstruction and re-design that will make the surrounding neighborhood more pedestrian friendly, walkable and desirable for rehabilitation and investment.

**Density** - When the Central Business District was replaced by the Form Based Code, the density limits as recommended in the 2010 Comprehensive Plan were replaced by the Form Based Code regulations of building placement, configuration and parking. For each site or property, the density of a project will be determined by how it meets the Form Based Code prescriptive requirements. A developer that abides by the Form Based Code regulations and standards typically can create more dwelling units than previously allowed in traditional zoning districts. With that in mind, the Staff is recommending that the density recommendations contained in the city’s future land use designations be replaced by a finding that states “Densities for properties zoned in a Form Based Code district will be determined by compliance with the underlying Form Based Code requirements.”

V. **STAFF RECOMMENDATION**

The Staff recommends the Planning Board forward a motion of APPROVAL to the City Council of the Zoning Map Amendment for the properties listed as: PID 249-211 (52 Hampshire St.), 240-210 (50 Hampshire St.), 240-213 (43 Union St.), 240-214 (39 Union St.), 240-201 (31 Library St.), 240-202 (29 Library St.), 240-212 (Troy St.) and 240-215 (35 Union St.) from General Business (GB) to Traditional Downtown Center (T-5.1).

This recommendation is made with the following findings:

1. The zoning request is in compliance with the 2010 Comprehensive Plan’s goals, policies and objectives for Housing by meeting the following:

   a) Rezoning the properties to the Traditional Downtown Center (T-5.1) district would be in agreement with the 2010 Comprehensive Plan’s Housing
Objective H.2.4 to “encourage investment in higher-density downtown multi-family and mixed-use neighborhoods to develop a balance of rental and ownership options that serve a wide range of households.”

b) Rezoning the properties to the Traditional Downtown Center (T-5.1) district would be in agreement with the 2010 Comprehensive Plan’s Housing Strategy: H.2.4.a, “Assure that the City’s zoning and land use regulations allow private owners to improve property in these neighborhoods.”

c) Rezoning the properties to the Traditional Downtown Center (T-5.1) district would be in agreement with the 2010 Comprehensive Plan’s Housing Strategy H.2.4.a.ii “Review and revise the zoning requirements, as needed, to allow for redevelopment and infill development on vacant lots that is in character with the neighborhood in terms of lot sizes and density, frontage, setbacks, and similar dimension.”

d) Rezoning the properties to the Traditional Downtown Center (T-5.1) district would be in agreement with the 2010 Comprehensive Plan’s Housing Strategy H.2.4.a.iii “Create flexible zoning provisions such as variable density requirements (bedroom-based density or building envelope provisions) that allow for the coordinated reuse or rehabilitation of a series of adjacent buildings in order to create expanded housing opportunities.”

2. Rezoning the properties to Traditional Downtown Center (T-5.1) will allow future redevelopment to be constructed in a manner consistent with the existing character and visual appearance of the immediate neighborhood.

3. Densities for the properties being rezoned to the Form Base Code Downtown Traditional Center district (T-5.1) will be determined by compliance with the underlying Form Based Code requirements.

Downtown Auburn Area

Area Proposed for T-5.1 zoning
Intent and Purpose:  
**Downtown Traditional Center (T- 5.1)**

The Downtown Traditional Center zone is characterized by medium to larger sized buildings in a compact urban environment that generates an active street life. There is interplay between the Public Realm of the busy street and sidewalk, and the Private Realm of the residential stoops, commercial storefronts and gallery building fronts. The increased building widths form a more solid and compact street wall pattern, generating an energized traditional downtown feel.

**Executive Session**: On occasion, the City Council discusses matters which are required or allowed by State law to be considered in executive session. Executive sessions are not open to the public. The matters that are discussed in executive session are required to be kept confidential until they become a matter of public discussion. In order to go into executive session, a Councilor must make a motion in public. The motion must be recorded, and 3/5 of the members of the Council must vote to go into executive session. An executive session is not required to be scheduled in advance as an agenda item, although when it is known at the time that the agenda is finalized, it will be listed on the agenda. The only topics which may be discussed in executive session are those that fall within one of the categories set forth in Title 1 M.R.S.A. Section 405(6). Those applicable to municipal government are:

A. Discussion or consideration of the employment, appointment, assignment, duties, promotion, demotion, compensation, evaluation, disciplining, resignation or dismissal of an individual or group of public officials, appointees or employees of the body or agency or the investigation or hearing of charges or complaints against a person or persons subject to the following conditions:
   1. An executive session may be held only if public discussion could be reasonably expected to cause damage to the individual’s reputation or the individual’s right to privacy would be violated;

Subject: Transfer of Forfeiture Asset – Donna Marie Pagnani

Information: In January 2017, a patrol officer with the Auburn Police Department conducted a motor vehicle stop within the City of Auburn. The officer was familiar with the operator, Donna Pagnani, from previous criminal offense encounters. Ms. Pagnani’s right to operate a motor vehicle was currently suspended in the State of Maine. As a result, the officer arrested Ms. Pagnani. As the officer searched Ms. Pagnani and her jacket to arrest, the officer found a small white rock like substance packaged in a plastic bag. The officer believed the substance to be cocaine base. The officer made this determination based on training and experience. Further search revealed five individual baggies containing a tan/brown powder, which the officer believed to be heroin. Both substances were field tested in which both had presumptive results for cocaine base and heroin.

Ms. Pagnani was arrested and charged with Aggravated Trafficking in Schedule W Drugs, Class A (within 1000 feet of a school), Unlawful Possession of Schedule Drugs, Class C and Operating After Suspension. Ms. Pagnani was transported to the Androscoggin County Jail where she was searched by jail staff. Jail staff located $912.20 in her bra. The money was seized for the purpose of forfeiture as suspected proceeds from the illegal sale and distribution of drugs.

Council Workshop or Meeting Date: August 7, 2017  Order: 67-08072017

Author: Dan Goyette, Public Services Director

Subject: Authorization for the City Manager to execute the Collective Bargaining Agreement for Teamsters Local 340 Unit covering 7/1/2017 through 6/30/2020.

Information: The Collective Bargaining Agreement between the City of Auburn and Teamsters Local 340 covering the members of the Public Services Department expired on 6/30/17.

The following is a summary of the changes:

- Three year agreement effective 7/1/17 through 6/30/20;
- 2% COLA effective upon the signing of the contract (with retroactivity) for FY 18, FY 19 and FY 20.
- Elimination of the Operator 2 position, reducing operator classes from 3 to 2.

Advantages: The proposed contract is consistent with the desire of Council to hold to a 2% COLA for employees. The elimination of the Operator 2 position will over time save the City upwards of $20,000 annually. The bargaining unit will remain on the City PPO 500 health care plan.

Disadvantages:

City Budgetary Impacts: The proposed contract has been accounted for in the FY18 budget.

Staff Recommended Action: Staff recommends the City Council vote for passage of this Resolve.

Collective Bargaining Agreement

This Collective Bargaining Agreement (“Agreement”) is entered into between the CITY OF AUBURN, a Maine municipal corporation hereinafter referred to as the "City" and TEAMSTERS LOCAL UNION NO. 340, hereinafter referred to as the "Union."

ARTICLE 1 - PREAMBLE

Pursuant to the provisions of the Municipal Public Employees Labor Relations Act (Title 26, M.R.S. §§ 961-974, as it may be amended) the parties hereto have entered into this Agreement in order to establish mutual rights, preserve proper Employee morale and to promote effective and efficient operations.

ARTICLE 2 - RECOGNITION

The City recognizes the Union as the sole and exclusive bargaining agent for all permanent Employees of the City’s Department of Public Services (the “Department”) in the following classifications:

- Arborist
- Assistant Arborist
- Building/Field Maintenance Repair Technician
- Building Maintenance Person
- Equipment Operator I
- Equipment Operator II
- Inventory Technician
- Mechanic
- Mechanic Leadperson
- Welder

The Public Services workers who are covered by this Agreement are collectively referred to as “Employees” and individually as an “Employee.”

(No Municipal, State or federally subsidized work programs are included in this unit). Temporary workers in the Department are not included in this recognition.

ARTICLE 3 - UNION SECURITY
Section 1 – Right to Join Union

Membership in the Union is not compulsory. Employees have the right to join, not to join, maintain or drop their membership in the Union as they see fit. Neither party shall exert any pressure on or discriminate against an Employee in regards to such matters.

Section 2 – Union Representation and Fees

The Union has the obligation to represent all non-probationary Employees within the bargaining unit. Those Employees shall have the following options:

A. The first option being to join as full members of the Union and be entitled by that status, to participate in all Union functions, activities, and receive all benefits awarded by such membership. All Employees who are Union members shall, as a condition of employment, pay to the Union and the Union’s regular and usual initiation fee and its regular and usual dues. For present Employees, such payments shall commence thirty-one (31) days following the effective date or on the date of execution of this Agreement, whichever is the later, and for new Employees, the payment shall start thirty-one (31) days following the date of employment. If, however, during the term of this Agreement, Maine law is altered to permit an agency shop, all Employees shall, as a condition of employment, pay dues to the Union. The Shop Steward of the Union will issue the monthly dues receipts to the Director of Public Services, who will then attach the dues receipts to the paychecks of each Employee.

B. The second option being not to join as full members of the Union, but to have an amount equal to eighty percent (80%) of the prevailing dues, as an agency fee, deducted from their wages by the City and forwarded to the Union in the same manner as are regular dues for full members (the “Agency Fee”). Such Agency Fee is for services rendered by the Union on the Employees’ behalf, such as, but not limited to, negotiation of wages, benefits and conditions of employment, resolution of disputes arising from the bargaining agreement and protection of job security. If an Employee initiates a proceeding seeking relief from, or exemption to, such Agency Fee, the City shall continue to deduct the Agency Fee and pay it to the Union, who shall hold the money in question in escrow pending resolution. Such action for relief shall not be by method of the grievance procedure within this Agreement but shall be by legal action which the individual Employee shall be solely responsible for initiating. It is understood that the implementation of such Agency Fee is not contrary to existing State or Federal law, nor is it the intention of the parties, signatory to this Agreement, to violate any Employee’s legal rights. The Union agrees that an audit, having been completed, justifies the amount of the Agency Fee,

Certain violations, such as but not limited to violations of law, negligence, repeated offenses and violation of safety policies and/or safe work practices and loss of license as outlined in Section 2, may warrant discipline not in accordance with the progressive process. In each case, it shall be the discretion of the Director of Public Services or his or her designee to determine the appropriate discipline. Factors such as severity, frequency, consequences of the violation and the Employee’s prior work and disciplinary records may be considered in determining the appropriate level of discipline. An Employee whose job description requires a driver’s license, including a particular class of license and/or a Commercial Driver’s license (CDL) designation shall be subject to the following discipline:

The Employee will receive loss of pay by stepping down one step in his/her respective range until the license is restored.

B. An Employee who loses his/her license for more than 120 days will be terminated. Before the Employee is terminated, the City will hold a pre-disciplinary hearing and will consider documentation from the State or from such other governing authority regarding revocation, restriction or restoration of the licenses as well as any extenuating circumstances surrounding the loss of license.

C. An Employee who loses his/her license for a second time within a (3) three year period will be terminated immediately.

D. **ARTICLE 9 - GRIEVANCE PROCEDURE**

Section 1 - Definition

A grievance shall be defined as any dispute or disagreement raised by an Employee against the City involving interpretation or application of the specific provisions of this Agreement. All grievances shall be settled in the following manner:

**Step 1** - The aggrieved employee(s) and the Union steward shall notify the employee(s)’ immediate supervisor of a grievance within ten (10) working days of the event which caused the grievance. In an effort to resolve the grievance, a meeting shall be arranged involving the aggrieved employee(s), a union steward, the employee(s)’ supervisor and the Public Services Operations Manager or Deputy Public Services Director. The purpose of the meeting will be to share information, to review the grievance and to attempt to resolve or settle the dispute. The meeting shall be held within ten (10) working days from the date of notification to the employee(s)’ supervisor. Written documentation of the result(s) of the meeting will be given to the aggrieved employee and the union within five (5) working days.

**Step 2** - If the results of Step 1 are not satisfactory to the employee, the employee and steward may appeal to the Public Services Director or his designee in writing within ten (10) working days of the date of the Step 1 meeting documentation. The Public Services Director or his designee shall attempt to resolve or settle the dispute promptly and shall submit a written report of his action to the employee within ten (10) working days of its presentation.

**Step 3** - If the Public Services Director’s action is not satisfactory to the employee, the employee and steward may appeal the case to the City Manager in writing within ten (10) working days of the decision of the Director. The Manager or his/her designee shall forthwith consider the appeal and may hold a meeting or hearing at his/her option. The City Manager shall reach a decision within ten (10) working days of receipt of the employee's appeal, and submit his/her decision in writing to the employee.
Step 4 - If the grievance is not settled in accordance with the foregoing steps, then the City and/or the Union may refer the grievance to mediation within ten (10) working days after the receipt of the City Manager's decision. The parties shall utilize the Maine Labor Relations Board mediation procedures in accomplishing the purposes of this step.

Step 5 - If the grievance is not settled in accordance with the foregoing procedure, the Union may refer the grievance to binding arbitration within ten (10) calendar days after the completion of the mediation process prescribed in Step 5. The parties shall attempt to agree upon an arbitrator within five (5) calendar days after receipt of notice of referral and in the event the parties are unable to agree upon an arbitrator within said five (5) day period, the parties shall immediately jointly request the American Arbitration Association to submit a panel of five (5) arbitrators. Either party may reject the entire panel. Both the City and the Union shall have the right to strike two (2) names from the panel. One party shall strike the first name, the other party shall then strike a second name, the first party a third name, and other party a fourth name, and the remaining person shall be the arbitrator. The order of striking shall be determined by a coin toss.

1 - The arbitrator shall be notified jointly by the parties of his/her selection and shall be requested to set a time and place for the hearing, subject to the availability of Union and City representatives. The arbitrator shall submit his/her decision in writing within thirty (30) calendar days following the close of the hearing or the submission of briefs by the parties, whichever is later. The fees and expenses of the arbitrator shall be divided equally between the City and the Union, provided, however, that each party shall be responsible for compensating its own representatives and witnesses. If the above selection procedure fails to produce an arbitrator, then a request for arbitration will be submitted to the Maine Labor Relations Board.

2 - The Union or its authorized representative shall have the right to examine time sheets and any other records pertaining to the computation of compensation of any individual or individuals whose pay is in dispute or records pertaining to a specific grievance, provided such requests are first made in writing to the Director of Public Services.

3 - The time limits for the processing of grievances may be extended by consent of both parties, followed by written confirmation including a defined time period for the extension.
4 - All grievances shall be initiated not later than ten (10) working days after
the occurrence of the event giving rise to the grievance.

5 - Should the City feel aggrieved as the result of the interpretation or
application by the Union of any provision in this Agreement, the City may seek
adjustment of said grievance in the foregoing manner, except that the procedure
may be initiated at Step 4.

**ARTICLE 10 - SENIORITY**

Section 1 - List and Purpose

A seniority list shall be established naming all the Employees covered by
this Agreement, with the Employee with the greatest seniority (years of service)
listed first. Seniority shall be based upon the Employee's last date of hire.
Seniority, for the purpose of this Agreement shall be interpreted to mean length
of continuous service only, and shall be the governing factor in all matters
affecting layoff and recall provided all other qualifications are equal. In cases of
promotion and work shift assignment, where ability and qualifications are equal,
Employee seniority will be recognized as the controlling factor. Work shift shall
be defined as a scheduled period of work and shall not be considered in the same
context as daily work assignment.

The City reserves the exclusive right to make day to day work assignments
based upon the work required to serve the citizens of Auburn. In making day to
day work assignments the City agrees to consider seniority as a factor in
assigning the work available, providing such consideration does not interfere with
the efficient conduct of the City's business. The Union agrees that this issue will
not be processed through the grievance procedure but will be referred and
reviewed within the Labor-Management Team process.

Public Services Management Staff will maintain an overtime list in the
administrative office. Employees will be allowed to sign up for overtime shifts
and overtime will be approved based upon seniority.

Section 2 - Layoff

In the event it becomes necessary for the City to layoff Employees for any
reason(s), Employees shall be laid-off in the inverse order of their seniority, by
classification with bumping rights. All affected Employees shall receive a two (2)
calendar week advance notice of layoff and the City shall meet with the affected
Employees prior to the actual occurrence of layoff. Employees shall be recalled
from layoff according to their seniority. No new Employees shall be hired until all Employees on layoff have been afforded recall notices.

Section 3 - Availability

The seniority list shall be made available to the Union within thirty (30) days after the signing of this Agreement and posted on the Department bulletin board. Corrections to the seniority list shall be made within thirty (30) days of such posting. After such thirty (30) day period, the seniority list shall be deemed correct.

Section 4 - Draft

A name shall stay on the seniority list if an Employee of draft age either is drafted or enlists (under the threat of draft). The name shall stay on the seniority list for four years or until the end of hostile enemy action (whichever is longer).

ARTICLE 11 - HOURS OF WORK

Section 1 - Workweek

The regular workweek shall be five (5) consecutive workdays, Monday through Friday, consisting of eight consecutive hours of work inclusive of lunch within the twenty-four (24) hour period. The normal work day, except in emergencies, is 7:00 a.m. to 3:00 p.m. In some instances, an Employee(s)' hours of work may be altered on a seasonal or temporary basis.

Overtime at the rate of one and one half (1 1/2) shall be paid for all hours worked in excess of eight (8) hours in a day or forty (40) hours in a week. Further overtime at the rate of time and one-half (1 1/2) shall be paid to Employees who work on a holiday identified in Article 13, except on Christmas and Thanksgiving which will be double time. In the case of an altered workweek or hours, overtime shall be calculated after the daily work shift or forty (40) hours, whichever is appropriate. A lunch break of twenty (20) minutes shall be granted to all Employees. The City will not relieve a person of normal duties because of overtime worked, unless requested by the Employee.

Section 2 – Summer Schedule

Each spring, management will review the workload and projects scheduled for the summer months and will determine if the crews will work the regular
schedule or will work four 10 hour days. Such changes may only occur if mutually agreed upon by the Employee(s) involved and the Director of Public Services or his or her designee.

Section 3 - Call Back

Employees called back to work shall receive a minimum of three (3) hours pay for the work which they are called back for at time and one-half (1 ½) the straight time hourly rate. Call back specifically pertains only to Employees who have punched out and left the premises prior to or after their regularly scheduled straight time work shift. Employees offered the opportunity to begin work early, may choose to do so and receive 1 1/2 times the regular rate for hours worked only. All other circumstances shall qualify as a "Call Back" for pay purposes. Call back minimum shall not be cumulative to hours worked, at time and one-half (1 ½), in excess of the three (3) hour minimum. Employees shall be permitted reasonable travel time (considering the location of the Employee’s home and weather conditions) for response to a call back. If an Employee is found to have taken an unreasonable period of time to report for a call back, except for unusual circumstances, then the Employee shall be compensated only for the hours actually worked. The reasonableness of the response time shall be reviewed by the supervisor and the Union prior to the withholding of minimum call back pay.

Section 4 - Overtime

Employees may be assigned to overtime work at the discretion of the City. Employees shall be expected to work overtime unless excused by the City from November 15th to April 15th of each year. No Employee shall be required to work, and shall be sent home if, during extended overtime situations, an Employee informs his supervisor that he is too tired to work and said supervisor concurs. No request will be unreasonably denied. Insofar as practicable, without reducing efficiency of work performance, opportunities to work overtime shall be offered as equally as practicable among the Employees in each job classification in each work area, provided the Employees are qualified to perform the specific overtime work required. Daily and weekend overtime opportunities shall be accumulated on adequate records and offered overtime not worked shall be considered as worked in maintaining these records. If an Employee established that he has not received his fair share of weekly overtime, such Employee shall have preference to future weekly overtime until reasonable balance is re-established.

For all non-emergency overtime opportunities on the third shift, the evening (second) shift person shall be offered the first opportunity for the
overtime and vice versa for the third shift person. All such overtime opportunities must be within the offered Employee’s job classification.

Employees who have been called back to emergency work between the hours of 11:00 p.m. and 7:00 a.m. will be paid for a breakfast break of one-half (1/2) hour that may be taken prior to 7:00 a.m. This shall be interpreted to mean as follows:

(1) The City will pay the one-half hour breakfast break for Employees who work five (5) consecutive hours at some time during the third shift between 11:00 p.m. and 7:00 a.m. (for those Employees not scheduled to work the next shift) and; in the event the call-out was made prior to 5:00 a.m. and would be continuous service through the first shift then the Employees would be entitled to a paid one-half (1/2) hour breakfast break.

(2) Employees who have worked from 7:00 a.m. through 3:00 p.m. and are continuing work and expected to work through the night shift shall be allowed a fifteen (15) minute paid break between 3:00 p.m. and 11:00 p.m. Further, if the Employee continues to work after 11:00 p.m. and is expected to continue work he shall be entitled to a paid fifteen (15) minute break. All breaks shall be scheduled at the discretion of the Public Services Supervisors or their designee.

Section 5 - Rest Periods

Employees shall be permitted a fifteen (15) minute rest period during each one-half work shift. Rest periods shall be taken at times which are convenient and efficient to the current work assignment and with the approval of the supervisor. Employees shall also be permitted two five (5) minute clean-up periods, one prior to lunch and one prior to the end of the work shift.

Section 6 – Compensation Time

Employees who earn overtime may elect, at time of earning, to be paid at their current wage or may accrue hours equivalent to the overtime worked (actual hours worked multiplied by 1.5). A record of accrued compensation time (earned but not paid or used) shall be maintained by the Director of Public Services or his/her designee. Employees must schedule accrued compensation time within three (3) months of the date which it was earned (unless otherwise agreed to by the Director of Public Services or his or her designee).
ARTICLE 12 - WAGES

Section 1 - Wages

The permanent Employees of the Public Services Department who are members of the bargaining unit shall be paid in accordance with the attached wage and position classification schedules by respective fiscal years 2018, 2019, 2020. The wage schedule for FY 2018 shall be effective on July 1, 2017. If this Agreement is executed after July 1, 2017, all Employees will receive retroactive pay to July 1, 2017.

Section 2 - Grandfathered Equipment Operator 2 Employees

Equipment Operators from the most recent collective bargaining agreement will now be included within the Equipment Operator 2 pay scale, along with all Employees in the Equipment Operator 2 position as of the date of adoption of this Agreement, plus the Arborist Assistant. To ensure that no employee suffers a reduction in pay as a result of this new wage scale, the incumbent Arborist Assistant will be moved from step 3 to step 6 in the first year of this Agreement. Equipment Operator 2 Employees who are employed at the date this Agreement is executed will be grandfathered (the “Grandfathered EO2’s”), and will remain on the Grandfathered EO2 wage schedule attached as Exhibit C.

Section 3 - Step Increases

New Employees without a Commercial Drivers License (CDL) will begin on Step 1. Upon obtaining a CDL, the new Employee will be moved to Step 2. New Employees who have a valid CDL on their date of hire will begin on Step 2. In addition, eligible Employees will receive step increases in accordance with the attached wage schedule(s) on an annual basis. In order to receive an annual step increase, each Employee must receive a successful performance evaluation. After successful completion of a probationary period and upon the date of his/her first anniversary of employment, if an Employee receives a successful performance evaluation, he or she will be eligible for a step increase annually, until he or she reaches the highest step in his or her classification. All subsequent step increase eligibility will occur on the Employee's anniversary date of hire, or in the case of a promotion, on the most recent anniversary date of promotion.

Section 4 - Acting Pay

Employees who are assigned to work in a position in a higher pay
classification shall be paid the starting pay of that classification or 5% above their regular hourly rate, whichever is greater. To be eligible for the ‘acting pay’ Employees must be assigned for at least four (4) hours in the eight (8) hour shift. The provisions of this section shall not apply when an Employee has not been assigned to the higher position or for bona-fide training, mandatory or voluntary.

A third shift may be established at the discretion of the Director of Public Services. Employees assigned to third shift will receive a 5% shift differential pay on to their base hourly wage rate.

Section 5 - Cafeteria Benefit Plan

The City will contribute $800 annually to the account of each participating Employee who enrolls in the PPO 500 Health Insurance Plan. The City will contribute $450 annually to the account of each participating Employee who enrolls in the POS C Plan. In addition to the City’s contributions, participating Employees may also contribute, on an annual basis, the cash value of up to three (3) earned sick days, and up to four (4) sick leave incentive days, to their Cafeteria Plan account. The value of this contribution shall be calculated by multiplying the Employee’s hourly rate then in effect, by the number of hours that Employee normally works in a typical workday (excluding overtime). In addition, Employees may also make discretionary contributions to their Cafeteria Plan account through payroll deductions, including savings from changing from the POS C to the PPO 500 Plan, so long as the total funds in each Employee’s account (e.g. the total value of all employer contributions, Employee contributions, and the value of converting sick leave and sick leave incentive days) does not exceed the maximum amount allowed by law. The Cafeteria Benefits Plan documents shall govern all other terms of this benefit.

Section 6 - Performance Evaluation

During the term of this Agreement, the City and the Union agree to develop job specific criteria for use in the performance evaluation process. Use of job specific performance evaluations may be implemented on a position-by-position basis, as developed.

Section 7 – Pay for Lead Mechanic

The Lead Mechanic is also eligible for the annual payment for obtaining ASE certificates as per Article 24 Training, Section 4 Additional Certificates, as long as he or she meets the conditions included in that section. The Lead Mechanic pay will be paid on a weekly basis as a stipend in addition to the regular base wage.

Section 8 – Longevity Bonus for Grandfathered Equipment Operator 2, Mechanic, and Welder Workers

Employees in the Grandfathered EO2, Mechanic, and Welder positions, who have reached the top step in their respective classification, will continue to receive the 2% COLA for each year of this Agreement, but will not receive further step increases. In lieu of additional step increases, these Employees will receive a $200 longevity bonus annually, to be paid in a lump sum on the anniversary of their date of hire. Grandfathered Equipment Operator 2 Employees, Mechanics, and Welders, who have not reached the top step in their pay scale on the date this Agreement is signed, will begin receiving this longevity bonus at the first anniversary date following the year in which they receive the top step in their respective pay scale.

Section 9 – Longevity Bonus for 40 Years of Service

The month in which employment begins or ends will be counted as a month of service if employment begins before the 16th or ends after the 15th day of the month. (Any absence from duty for which sick leave is paid shall not constitute a break in the service record for the accumulation of vacation leave).

Unused vacation days may accrue from one year to the next but at no time shall exceed a total accumulation of thirty (30) days or six (6) workweeks. Accumulated vacation leave, subject to the maximum allowed, shall be paid to an Employee upon separation after six months employment or upon death, with no minimum employment, to his or her beneficiary. **ARTICLE 15 - SICK LEAVE**

Section 1 - Purpose

It is the expectation of the City and the Union that Employees be available for work. However, it is recognized that from time to time, Employees may be absent due to illness. Therefore, each Employee is provided with paid sick leave to accommodate periods of illness or injury. Misuse or abuse of sick leave is unfair to other Employees and the City. In accordance with this agreement, Employees confirmed of sick leave abuse will be subject to the disciplinary process.

Section 2 - Accrual and Use

Each Employee in the bargaining unit shall be entitled to paid sick leave earned at the rate of one day for each calendar month of service. Sick leave will continue to accrue while an Employee is on sick leave, with unused leave accruable to a maximum of 150 days.

Illness for which sick leave may be granted shall be actual personal illness or incapacity, quarantined, bodily injury or disease. Sick leave may also be granted because of illness of a member of the Employee's immediate family, defined in this instance as spouse, child or parent.

An Employee requesting sick leave must speak with a Supervisor, or on the answering machine (with an appropriately detailed message) if the Supervisor is unavailable, no later than one half-hour (1/2) prior to the start of the Employee's regularly scheduled work shift on the day leave will be taken, unless unusual circumstances exist. Failure to call in one half-hour prior to the start of a regularly scheduled work shift will be cause for progressive discipline as outlined in Article 8 - Discipline / Discharge.
Sick leave shall be credited and accrued at the rate of eight (8) hours a day and shall be charged at hourly increments. In the case of an altered work shift, sick leave shall be credited, accrued and charged at the number of hours of the altered work shift. An Employee must be on an altered work shift for a minimum of one (1) month for a change in the accrual and crediting of sick leave.

The City will post the monthly vacation and sick leave report which includes each member’s balance for vacation, sick leave and floating holidays. Sick leave may not be “borrowed” in advance.

The Director of Public Services or designee, may as a condition of payment of sick leave require a certificate from a qualified physician certifying the following:

- That the Employee or his family member is in such condition as to justify continued absence from employment;
- Documenting cases of single day patterned use of sick leave;
- High frequency of sick leave usage.

Except as provided in this section, an Employee absent on sick leave must utilize accumulated sick leave for every day absent until he or she returns to work or the sick leave is exhausted. Those Employees whose absence is covered by the MMEHT Income Protection Plan have the option of using partial sick leave for the first month of absence. The Employee must notify the Public Services Office Staff and the Human Resources Department within 24 hours of his/her intent to use partial sick leave. During this first month period, the Employee must use at least two sick days per week to cover all weekly deductions including health insurance cost share, Employee premiums for life insurance, income protection, dental insurance, cafeteria benefit plan, retirement, ICMA Loans, child support and similar deductions.

In the event that an Employee has met the qualifications set forth by the City’s Catastrophic Leave Bank Policy and a bank has been established, Employees will be allowed to contribute both vacation and sick time to this bank.

When all leave, including vacation leave and floating holidays have been utilized by an Employee absent on sick leave, salary payments to the Employee, including holiday pay, shall cease immediately. Once an Employee has exhausted all continuous earned accrued leave benefits, the City will continue health insurance coverage and life insurance coverage of the Employee (and the
Employee's dependents if applicable), up to and including 61 days from the date that all such leave benefits have been exhausted as long as the Employee continues to pay for his share of the premiums. At the end of the 61 days he or she will have the option of continuing his or her health insurance as provided by COBRA regulations at the Employee’s expense, or have his or her insurance coverage discontinued until such time as the Employee is able to return to work.

The Director of Public Services or his or her designee, in the use of reasonable judgment, may also require an Employee to undergo a medical examination, if the Employee’s physical and/or emotional condition is affecting his/her health, safety, job performance or well being. These examinations will not be unreasonably requested.

Section 3 - Retirement and Separation

One-half (1/2) of the accumulated sick leave, to a maximum of 75 days, shall be paid to an Employee upon retirement with 25 years of service, or upon death, to his or her beneficiary. One-half of accumulated sick leave to a maximum of 45 days will be paid to any Employee separating with ten years of service. Computation of the value of each day paid shall be determined by dividing the most recent weekly salary by five.

Section 4 – Attendance Incentive

Those Employees who have reached maximum sick leave accumulation (150 days) shall be entitled thereafter to exchange three (3) consecutive months of perfect attendance for one (1) vacation day to be scheduled at the discretion of the Director of Public Services or designee. Employees, who have not reached the maximum sick leave accumulation, shall be granted one (1) vacation day upon the completion of three (3) consecutive months without using sick leave. For the purposes of this section the three (3) month periods are established as follows; 1 – (July, August, September), 2 - (October, November, December), 3 – (January, February, March), 4 – (April, May, June). Use of sick leave for any reason (except as noted below) during any three (3) month period will deem the Employee ineligible for the incentive for that period. It shall be the Employee’s responsibility to notify the Department of his/her eligibility for this incentive. Upon earning an attendance incentive day an Employee must elect to add the day to his/her accumulated vacation leave or to have the current value (Employee’s current hourly wage x current work day hours) of the day placed into the Employee’s Cafeteria Benefit Plan for use in the next plan year which begins on 7/1. The value of the Cafeteria Benefit Plan may not exceed the limit noted in Article 11, Section 4. Any earned vacation days shall be scheduled at the discretion of the Director of
Public Services or designee. It shall be the Employee's responsibility to notify the Department of his/her eligibility for this incentive. Any earned vacation days shall be scheduled at the discretion of the Director of Public Services or designee.

ARTICLE 16 - OTHER LEAVES

Section 1 - State and Federal Family Leave

The City will comply with all provisions of the State and Federal Family Medical Leave Acts which provides unpaid Employee leave for up to 10 consecutive weeks (12 weeks under the federal law) for serious, life threatening illness of the Employee or the Employee's immediate family, or for the birth or adoption of a child. Leave under the Federal or State Family Leave Acts may be taken if the Employee meets all of the requirements of the respective acts.

Any leave taken under the State and Federal Family Leave Acts shall be substituted for, not taken in addition to any time taken under the City's Sick Leave policy. If an Employee does not have sufficient sick leave accrual to cover leave provided by the State and Federal Family Leave Acts for which he/she is otherwise eligible, said State and Family Federal Leave shall be unpaid.

Section 2 - Leave of Absence

An Employee may be granted a leave of absence without pay by the City Manager on recommendation of the Department head, with such leave not-to-exceed one year in length. The granting of the leave shall protect the Employee's existing continuous service for the leave period but shall not count as service time for Maine State Retirement, nor shall vacation or sick leave accrue during the absence, nor will the Employee receive pay for municipal holidays.

For the purpose of this section Leave of Absence shall be defined as any leave without pay, of more than two weeks in duration, which is for personal reasons of the Employee, and which is not occasioned by illness of the Employee.

Section 3 - Military Leave

Employees who are members of the organized military reserves and who are required to perform field duty will be granted a maximum of two weeks reserve service leave, in addition to normal vacation leave, per fiscal year. For any such period of reserve service leave, the City will pay the difference (if any) between service pay, and the Employee's regular pay except as hereinafter
Section 4 - Jury Duty

An Employee will be granted special leave, as required, for jury duty or performance of other civic duty requiring appearance in court or before another public body. The Employee shall be paid the difference (if any) in compensation between the amount received from the rendering of such service and his or her regular rate of pay, if the service occurs during a work day. Any Employee who is released from active jury duty prior to 1:30 p.m. shall report to work and be available for active service.

Section 5 - Funeral Leave

Leave of absence without loss of pay shall be granted for five (5) consecutive calendar days for death of spouse or child and up to a maximum of three (3) consecutive calendar days (which must include the day of the funeral), plus reasonable travel time, shall be granted for the death of his or her immediate family. Immediate family here shall be defined to include parent, grandparent, brother, sister, brother-in-law, sister-in-law, father-in-law, mother-in-law, grandparents-in-law, grandchildren, and any other person living in the Employee's household. Special leave may also be granted for the funeral of a co-worker if the funeral is scheduled during the regular work day, with the time granted not-to-exceed four (4) hours. Funeral leave for a co-worker will not be granted if the funeral is scheduled on the weekend, holiday, evening or during time that the Employee is not normally scheduled to work. One day's funeral leave will be granted for all other in-laws and for aunts, uncles, nieces and nephews. For attendance at a funeral for a relative or friend not included in the category eligible for special leave, it shall be permissible to utilize sick leave.

Section 6 - Medical Leave

An Employee may be allowed up to 20 (twenty) hours per fiscal year of medical appointments when medical appointments are only available during working hours. Medical leave will be granted if the following conditions are met:

- The medical leave is available for the appointments of the Employee and is not intended to cover medical appointments for spouse or dependents.
- Medical Leave may be taken in one hour increments, but will not exceed four (4) hours per occurrence.
- The Employee must punch into work for at least 4 hours per day.
Medical appointments that exceed the 4 hour limit or which are in excess of 20 hours in the fiscal year will be charged against the Employee’s sick leave accrual, or if the sick leave is exhausted, against vacation or at no pay. It is the responsibility of the Director of Public Services or designee to insure that this benefit is not abused. Employees are required to schedule medical leave by notifying the Director of Public Services or his or her designee, at least twenty-four hours in advance (whenever possible). Following the appointment, a medical sign-off form or a physician's slip/receipt may be required to be returned to the Employee’s supervisor and placed in the Employee’s personnel file, unless unusual circumstances exist.

Section 7 - Termination

An Employee who is absent from employment for any reason, excluding active military duty, in excess of one (1) year, may be terminated at the discretion of the City Manager. Employees with more than ten (10) years of continuous employment with the city will have a period, not to exceed two (2) years for the purposes of this section. Employees returning to work after a period of less than one (1) year will be returned to their prior pay and seniority. Further, in any case, Employees who have reached their maximum medical improvement and who as a result are unable to fulfill their job duties may be terminated before the above time periods. Employees must return to regular duty for a sixty (60) consecutive day period in order to regain rights to a new grace period under this section.

Section 8 – Promotion Notice

With respect to promotion posting, Employees on leave will be notified of the promotional opening via written notice (1st class mail) to their last known address.

ARTICLE 17 - INSURANCE

Section 1 - Coverage

The City will make available to all Employees and their dependents (as defined by the Maine Municipal Employee Health Trust) insurance under the Maine Municipal Employees Health Trust (MMEHT). Effective with the signing of this Agreement, Employees opting for health insurance coverage with the City may participate in the PPO 500 Plan or the POS C Plan.

The City reserves the right to change or offer alternative insurance carriers,
health maintenance organizations, preferred provider organizations, or benefit levels or to self-insure as it deems appropriate, so long as the new or alternative coverage and benefits are substantially similar to those which they are replacing.

Section 2 – Cost and Health Promotion Program

The City and the Employee shall share in the cost of health insurance. Effective for the duration of this contract, City and Employee cost share for annual health insurance premiums will be 85% of the PPO 500 Plan for the City’s contribution and 15% of the PPO 500 Plan for the Employee contribution. The Employee cost share of the health insurance premiums will be 30% for Employees remaining in the POS C Plan. The City cost share toward the premiums will be 70% for Employees who remain in the POS C Plan.

In order to maintain the 15% Employee contribution (or 30% if in the POS C Plan), the members of the bargaining unit agree to participate in a health promotion program. The Health Promotion Program will include the following components:

- Annual Physicals -- The members of the bargaining unit agree to have an annual physical with their primary care physician each year. The City will pay up to $20.00 co-pay for the office visit if the insurance plan requires a co-pay for the annual exam. The Employee will verify that he/she has received an annual physical by requesting that the physician complete a specific form generated by the City.

- Health Education – The City will provide health education for the Employees at the Employees’ worksite on paid time. The health education sessions will be designed to be of special interest to the members of the bargaining unit.

- Physical Fitness – The members of the bargaining unit may continue to participate in the City’s Wellness Program as designed by the City Wellness Team. In addition, the City will encourage Employee involvement in physical fitness programs and develop plans, programs and incentive for participation.

This cost share shall apply regardless of the level of insurance (individual, individual with children, or family). Employees will reimburse their share on a weekly basis (48 pay periods) through payroll deduction. Employees may elect to have the weekly cost share deducted from their Cafeteria Benefit Plan. Employee cost share shall be adjusted upon notification and billing by the insurance carrier.
Employees who do not participate in the Health Promotion Program, either in part or in whole will be subject to the following cost share schedule:

| FY 2018-2020 | Employee Cost Share: 25% (40% for Employees in POS C Plan) |

Section 3 - Cost Containment

The City reserves the right to institute cost containment measures relative to insurance coverage so long as the basic level of insurance benefits remains substantially similar. Such changes may include, but are not limited to, mandatory second opinions for elective surgery, pre-admission and continuing admission review, prohibition on weekend admission except in emergency situations, and mandatory out-patient elective surgery for certain designated surgical procedures.

Section 4 - Terms of Insurance Policies to Govern

The extent of coverage under the insurance policies (including HMO and self-insured plans) referred to in this Agreement shall be governed by the terms and conditions set forth in said policies or plans. Any questions or disputes concerning said insurance policies or plans or benefits there under shall be resolved in accordance with the terms and conditions set forth in said policies or plans and shall not be subject to the grievance and arbitration procedure set forth in this Agreement. The failure of any insurance carrier(s) or plan administrator(s) to provide any benefit for which it has contracted or is obligated shall result in no liability to the City, nor shall such failure be considered a breach by the City of any obligation undertaken under this or any other Agreement.

Section 5 - Group Term Life Insurance Plan

Effective 7/1/17, the City will pay up to $40,000 of supplemental term life insurance as provided under the City’s policy with the Maine Municipal Employees Health Trust Supplemental Life Insurance Plan for each member of the collective bargaining group as long as the following criteria are met:

1. The member agrees to pick up the cost of his/her supplemental life insurance for any coverage over $40,000. If the member does not purchase the remaining life insurance coverage, the member will not be eligible for the first $40,000.
2. The City of Auburn and the participant agree to the terms and conditions of the MMEHT Supplemental Life Insurance Plan.

Section 6- Payment Program for Waiving Health Insurance Coverage with the City of Auburn

Any Employee covered by this Agreement may elect to waive coverage under the City’s health insurance plans. Any Employee electing to waive full coverage or partial coverage for which he/she would otherwise be eligible shall be paid according to the following conditions:

a. Any Employee eligible for full family coverage, single parent coverage or single coverage, and who elects to waive all health insurance coverage under the City’s plans, shall receive an annual payment equal to four (4) months of the City’s portion of the health insurance premium contribution on the plan for which the Employee would otherwise be eligible. This payment shall be calculated using the insurance rates for the PPO 500 plan in effect for that calendar year.

b. An Employee who is eligible for a full family plan, but who elects coverage under either a 'single parent plan' or a 'single plan,' shall receive an annual payment equal to four (4) months of the difference in the City’s portion of the health insurance premium contribution applicable to the plan for which the Employee is otherwise eligible, and the (lesser) plan which the Employee elects. This payment shall be calculated using the insurance rates for the PPO 500 plan in effect for that calendar year.

c. If an Employee is eligible to be covered under a City health insurance plan offered to another City worker (excluding those who work for the Auburn School Department), the Worker may elect to be covered under that other City worker’s health insurance plan, in exchange for an annual payment from the City. The payment shall be equal to four (4) months of that portion of the health insurance premium that the City would otherwise be required to contribute if the Employee were to be covered as a single person. The payment shall be calculated using the insurance rates for the PPO 500 plan in effect for that calendar year.

d. Any annual payment for waiver of health insurance coverage required by this section will be divided into twelve (12) equal payments and will be paid monthly.

e. A new Employee who waives health insurance coverage shall not be eligible for the payment in lieu of insurance until he/she has successfully completed the probationary period.
f. If the new Employee wishes to be reinstated on the City’s health insurance plan, or changes his or her coverage from a single or a single parent plan (if he/she would otherwise be eligible for full coverage) he/she may do so as long as he or she follows the insurance carrier's requirements. Discontinuance of health insurance or reinstatement of coverage will be effective the first day of the month following the receipt of the written notice, provided that the Employee meets all conditions which may be imposed by the health insurance carrier.

g. In order to receive payment for waiving health insurance coverage or to be reinstated on the health insurance plan, the Employee must annually notify the City’s Director of Human Resources in writing, that he or she is electing to waive health insurance coverage, either in whole or in part. In addition, Employees who make such an election shall produce evidence of independent health insurance coverage to the City’s Director of Human Resources during each open enrollment period under the City’s health insurance plans, as a condition of receiving the payment.

Section 7 – Health Reimbursement Account (HRA)

The City shall continue a Health Reimbursement Account for each Employee participating in the PPO 500 Plan through MMEHT. The City will provide 100% of the plan deductibles and co-insurance for each year of this Agreement.

If, in any year during the term of this Agreement, City contributions remain in the HRA after all employee requests for reimbursement have been paid in accordance with the HRA plan documents, the remaining City contributions shall be credited to the City’s HRA contribution obligation for the following year (the “Rollover Contribution”), if allowed under the HRA documents and applicable law. For the following year, the City shall contribute to the HRA the difference between the Rollover Contribution and the amount required to meet the City’s obligation to fund 100% of the combined deductible and coinsurance payments for that year.

**ARTICLE 18 - RETIREMENT**

The City of Auburn is a participating district in the Maine Public Employees Retirement System for the benefit of all Employees covered by this Agreement. The City also participates in the I.C.M.A. 401(a) plan and the I.C.M.A. 457 plan. Participation is voluntary for any of the above retirement plans. The Employee may join either the Maine State Retirement Plan or the I.C.M.A. 401(a) plan, but not both. The I.C.M.A. 457 plan may offer a supplement for either of the other plans. The Employee contributes 5% to the 401(a) plan and the City contributes 6% to the 401(a). There is no employer contribution toward the I.C.M.A. 457 plan. The Employee and the employer must meet all IRS and I.C.M.A. Retirement Corporation regulations in order to participate in the 401(a) and 457 Deferred Compensation plans.

**ARTICLE 19 - WORKER'S COMPENSATION**

All Employees are eligible for benefits under the Workers' Compensation Act for a personal injury or compensable illness arising out of or in the course of employment with the City.

When an on-the-job accident occurs, the affected Employee shall report it immediately to his or her direct supervisor, who in turn, shall immediately notify the Director of Public Services or the Deputy Director of Public Services.

Medical bills, when received either by the Department or the Employee, are to be forwarded immediately to the City’s Director of Human Resources.

If the injured Employee is out for more than three (3) days, the Director of Public Services or his or her designee shall, on the 4th day, fill out an Employee Wage Statement using the forms provided by the Director of Human Resources, and forward it to the Human Resources Department. If an Employee is absent for more than three (3) days as a result of an injury occurring at or as a result of his or her work for the City, an Agreement Claim Form will normally be signed by both the City and the Employee.

Medical bills are paid without any waiting period. For Employee compensation there is a three (3) day waiting period. The City remains responsible for Employee compensation for the first three (3) days of the absence; between four and thirteen days the insurance carrier provides compensation; fourteen days and over all compensation is retroactive to day one.

If the carrier denies payment or stops payment, the Personnel Office will contact the company, ascertain the reason, and contact the affected Employee.

The affected Employee in a situation such as above may petition for a hearing before the Worker’s Compensation Commission and may be required by
the City to petition for such a hearing.

If he or she so prefers, the Employee may receive his or her normal pay by electing to have the difference between the amount of Worker's Compensation benefits and normal pay charged to accrued sick leave. Such an election shall be confirmed by the Employee in writing.

Each time the injured Employee is examined by his or her physician, the examining physician shall notify the City as to the Employee's condition and whether or not he or she may return for light duty. If an Employee is determined to have a work capacity for other than his or her regular job, such Employee shall immediately report for such work as the City may arrange which is suited to the practitioner. Any Employee who is determined by his treating physician, chiropractor, or other health practitioner to be fit to return to his or her regular job shall do so immediately.

The City shall have the authority to order an examination of any Employee making a claim for, or receiving benefits under this section by a physician of his choice. The City shall pay for the cost of this examination.

At the end of two years' absence from work as a result of a work related accident or illness, or at such time that the Employee is determined by a physician that he/she is unable to return to work, whichever is first, said Employee will be terminated from employment with the City of Auburn, unless extended by the City Manager after review of the Employee's medical condition.

An Employee who is out of work due to a work related injury will accrue sick leave, vacation leave, and floating holidays, for one year cumulative absence from work beginning with the Employee’s first date of injury, as long as the Employee remains employed by the City.

**ARTICLE 20 - CLOTHING**

For the duration of the contract, except as provided below the City will provide each member of the bargaining unit $50 toward the purchase of a Cityapproved list of uniform short-sleeved tee shirts, long-sleeved tee shirts, hooded sweatshirts and/or jackets. The $50 uniform purchase will be supplemented by a clothing allowance of $520 toward the purchase of other work-related clothing and footwear.

Such items may include, but not be limited to, hardhat, safety glasses, vests, ear protection, work gloves and safety footwear. The City will issue one pair of prescription safety glasses not to exceed $300, when the employee has a new prescription. A second pair of tinted glasses, not to exceed $300 will be allowed if job conditions warrant.

Employees are expected to wear clothing that is clean and in good repair to the work site. Employees will not wear clothing with any obscene, derogatory, or otherwise offensive wording, pictures or gestures on them. Clothing must meet all department safety standards.

The City shall determine the method of reimbursement to employees. Employees who are discharged, retire or otherwise terminate their employment with the City shall not be entitled to the balance of any unused clothing allowance.

**ARTICLE 21 - DEFECTIVE EQUIPMENT AND DANGEROUS CONDITIONS**

The City shall not require Employees to take out on the streets or highways any vehicle that is not in safe operating condition or equipped with the safety appliances prescribed by law.

Employees shall immediately, or at the end of their shift, report all defects of equipment. Such reports shall be made on a suitable form furnished by the Employer and shall be made in multiple copies, one copy to be retained by the Employee. The City shall not ask or require any Employee to take out equipment that has been reported by any other Employee as being in an unsafe operating condition until same has been approved as being safe by the mechanical Department foreman or his or her designee.

Whenever practicable, major repairs on defective equipment shall be made in the shop not on the highway.

Under no circumstances will an Employee be required or assigned to
engage in any activity involving dangerous conditions of work.

If an Employee is injured on the job as a direct result of violent action taken against him by a private individual(s) he shall have the first right to take civil action against said individual(s). However, if the Employee does not wish to take civil action he shall assign that right or request to the City who then shall have the right to proceed with Court action. Expenses for action by the City shall be the burden of the City and revenues derived from such action will revert to the City.

e. City will provide a flashlight for each truck.

f. Public Services Department Employees may continue to use Public Services vehicles to stop for food, as long as stops are reasonably on the way.

g. City will continue present practice of attempting to maintain a position for a disabled Employee for a period of up to one (1) year if it appears that said Employee will return to work and that maintaining the position will not be detrimental to the function of the Department.

h. It shall be the responsibility of the Employees to make arrangements to get to and from work. However, in call-back situations where an Employee who lives in Auburn has no other method of transportation and no other ride can be obtained, then the City may provide a ride to the worksite. In all instances, the decision of the Director of Public Services or his or her designee shall be final.
ARTICLE 23 - SUBCONTRACTING

If the city’s subcontracting will result in a loss of a job of an Employee, the City will meet and consult with the Union over the loss of the job. In addition, the City will:

A. Fill a posted vacancy within the Public Services Department, if any, with an affected Employee who is qualified for that vacancy;

B. If there is no posted vacancy for which an affected Employee is qualified, the City will attempt to find a vacancy elsewhere within the City’s workforce, which would provide comparable employment and offer such employment to the affected Employee;

C. If there is no comparable employment available elsewhere within the City’s workforce, the City will attempt to obtain an offer of employment for an affected Employee from a subcontractor.

D. If there is no offer of comparable employment by the City, and if there is no offer of comparable employment by the subcontractor, an Employee will then be laid-off. A laid-off Employee shall be recalled to his former job if a vacancy occurs within one (1) year of layoff.

If an affected Employee obtains a job with a subcontractor, but is laid off by the subcontractor within two (2) years after the Employee's last date of employment with the City and the following conditions exist:

1. The layoff of the former City Employee by the subcontractor was due to the loss of the contract with the City of Auburn;

2. the City of Auburn resumes the performance of the work formerly performed by the contractor;

3. because of the resumption of such work by the City of Auburn, a vacancy exists in the Public Services Department for which the former City Employee is qualified;

Then the City shall recall that former City Employee for employment with the City of Auburn.

A laid-off Employee or former Employee may be given notice of recall by certified mail sent to the Employee's last address in the City's records. Within five
(5) working days after the certified receipt date, a laid-off Employee must notify the Director of Public Services of his or her intent to return to work in writing. If delivery of the notice is unsuccessful, or if an Employee fails to respond within five (5) working days of the certified receipt date, such Employee shall be considered to have forfeited his rights to recall and shall be considered to have quit City employment. If an Employee timely notifies the Director of Public Services of his or her intention to return to work, he shall be given up to fourteen (14) consecutive days of the certified receipt date within which to report to work.

It is understood that the City may subcontract for reasons of economic or performance efficiency and effectiveness as long as those reasons do not include retribution on the Union for the conduction of legal Union activities.

**ARTICLE 24 - TRAINING**

Section 1 - Purpose

It is the policy of the Employer to provide training for its Employees whenever reasonably consistent with the operational needs of the Department. Training may be in various forms, such as through providing opportunities to work in other job classifications, through offering special training on new equipment, through the institution of safety training programs and demonstrations, through presenting group instruction and programs.

2. as a result of State Certification, the City shall not be required to make
any changes in the Employee's job assignments, performance standards, promotions, pay, or other related matters, unless otherwise specified by this agreement.

Section 3 - Commercial Drivers License

The City will reimburse an Employee for the cost of the Commercial Drivers License (CDL) when the CDL is a requirement for a promotion, or when the CDL is required by the City of Auburn. ORDER 68-08072017

ORDERED, that the City Council hereby approves the request from Anthea Thorpe, co-captain of The Dempsey Challenge Team “Team McKesson” to waive the $50 flea market fee for the fundraiser for the Dempsey Center held on August 19, 2017.
Information: Over the past 5-10 years a number of Maine towns have passed food sovereignty ordinances that didn’t accomplish much until a recent bill titled “An Act To Recognize Local Control Regarding Food Systems” passed; The bill passed with unanimous Senate approval on May 24, 2017 and was signed into Law by Governor LePage on June 16, 2017. In a little less than 90 days the law will take effect and allow producer to consumer transactions for locally grown food without being subject to government oversight or inspections if a municipality chooses to allow that. Accessing USDA inspected slaughter or processing facilities has been a major hurdle for smaller local producers bringing their products to the local market. Wholesale transactions or transactions outside of the municipality where the food is produced would continue to require the all inspections that are currently required, even if a local ordinance is passed. There is a common model ordinance that has been used by a number of Maine towns, including Livermore, which is included in your packet. The model ordinance contains a lot of language that is unnecessary to implement the flexibility afforded by the law. Councillor Lee has provided a draft ordinance that is cleaner, shorter and more concise than the model ordinance that has been used by other communities. Staff recommends that the Council listen to the local farmers and consumers to determine if there is support for the local ordinance. Making this option available to farmers and consumers that are comfortable with purchasing from an uninspected facility could be a major boost to small local farms. Farms must also take their responsibility to slaughter, process and store foods appropriately to prevent risking to their consumers safety. At the workshop the Council asked if there was risk for the City on this issue. City Attorney Michael Malloy is reviewing the proposal and his initial thought was that we were not taking on legal risk if we adopt an ordinance that allows people to follow the new State Law; Mr. Malloy will provide a final opinion by Monday night.

Advantages: Opens a new local option for sales between producers and consumers within our municipal boundaries and may help build relationships with producers. Allows people to make their own decisions about buying uninspected products from their neighbors or local farms as an option while continuing to allow for traditional markets to sell inspected products.

Disadvantages: If producers do not process products safely there could be a higher risk of food related illness.

City Budgetary Impacts: None

Staff Recommended Action: Consider this as an option for promoting agriculture on small farms in Auburn and determine if the community supports it. Vote to pass first reading and schedule for public hearing.

Previous Meetings and History: None

MEMORANDUM

To: Eric Cousens  
CC: Peter Crichton, Denise Clavette  
From: Michael Malloy  
Date: August 3, 2017  
Re: Food Sovereignty – Draft Ordinance

We have reviewed the proposed “Food Sovereignty Ordinance” as requested by the City Council on July 10, 2017, for the limited purpose of determining whether adoption of this ordinance as proposed, is likely to create liability risk to the City. Based upon our review of the City’s current ordinances, as well as the new and existing sections of Title 7-A of the Maine Revised Statutes and other relevant sections of state and federal law, we are of the opinion that adoption of the proposed ordinance will not create additional public liability risk to the City.

When it Takes Effect

The new statute was not enacted as emergency legislation, which means that it will take effect 90 days from the date of adjournment. The Legislature adjourned yesterday, which means it will take effect the first week of November.

The Maine Tort Claims Act

In general, the City enjoys protection from personal injury lawsuits under the Maine Tort Claims Act:

1. Immunity. Except as otherwise expressly provided by statute, all governmental entities shall be immune from suit on any and all tort claims seeking recovery of damages.

14 M.R.S. § 8103. The Maine Tort Claims Act waives this immunity with respect to property damage or personal injury involving machinery and equipment (including vehicles), negligent construction, operation, or maintenance of public buildings, the municipality’s own environmental contamination, and limited acts and omissions pertaining to road construction, street cleaning and repair. 14 M.R.S. § 8104. It does not waive immunity with respect to personal injury arising out of the consumption or purchase of locally grown food.

Accordingly, we are of the opinion that, should a member of the public suffer a personal injury or sickness due to consumption or other interaction with food that was grown, produced, or processed within the City of Auburn, the City would be immune from suit under the Maine Tort Claims Act.
Policy: Enactment of Food Sovereignty Ordinance

Summary of Issue: LD 725, An Act to Recognize Local Control Regarding Food Systems, was recently enacted by the legislature and signed by the Governor. It recognizes that municipalities, through their home rule authority, have regulatory control over local food systems. This Ordinance establishes that those foods grown, produced, or processed in Auburn sold or provided directly to consumers are exempt from local licensing and inspection obligations, and ensures that access to local food for residents is as unimpeded as the limits of home rule authority and the statute allow.

Recommended Action for Consideration: Passage of Ordinance

Existing Policy References (Comp. Plan, etc):

Committees of Jurisdiction (if applicable):

In order for a workshop item to be considered for an upcoming Auburn City Council Workshop agenda, please complete the above and present it at any time to the Mayor and City Manager. Our goal is to have items requested on a workshop agenda within 90 days of the date received.
An Act To Recognize Local Control Regarding Food Systems

Be it enacted by the People of the State of Maine as follows:

Sec. 1. 7-A MRSA §101, sub-§2-B is enacted to read:

2-B. Local food system. "Local food system" means a community food system within a municipality that integrates food production, processing, consumption, direct producer-to-consumer exchanges and other traditional foodways to enhance the environmental, economic, social and nutritional health and well-being of the municipality and its residents.

Sec. 2. 7-A MRSA §201-B is enacted to read:

§201-B. Local authority to regulate food systems

Pursuant to the home rule authority granted to municipalities by Title 30-A, section 3001 and by the Constitution of Maine, Article VIII, Part Second, and pursuant to section 201-A, and notwithstanding any other provision of law to the contrary, a municipal government may regulate by ordinance local food systems, and the State shall recognize such ordinances.

An ordinance adopted by a municipality pursuant to this section must apply only to food or food products that are grown, produced or processed by individuals within that municipality who sell directly to consumers.

Any food or food products grown, produced or processed in the municipality intended for wholesale or retail distribution outside of the municipality must be grown, produced or processed in compliance with all applicable state and federal laws, rules and regulations.

Fresh from the farm: Maine takes lead in ‘food sovereignty’ movement

A new law allows cities and towns to regulate local food production regardless of state and federal regulations that would otherwise apply.

Gov. Paul LePage has signed a bill into law that affirms the rights of cities and towns to regulate local food production, making Maine the second state in the nation to allow consumers to buy directly from farmers and food producers regardless of the state and federal licensing and inspections that would otherwise apply.

With the passage of the law last week, Maine becomes a leader in the so-called food sovereignty movement that promotes freedom of food choice for consumers who are willing to forgo some food safety regulations.
Food sovereignty revolves around a sort of “handshake integrity,” said Heather Retberg, a Blue Hill farmer who has been a leader in the movement. It means that a neighbor can pop by Quills End, the farm that Retberg runs with her husband, Phil, and pick up raw milk even if the Retbergs do not have that milk inspected and licensed by the state. If that neighbor trusts the Retbergs, the neighbor can buy directly from them.

If the Retbergs have veal calves and want to sell the meat directly to a consumer, they can do that too as long as the neighbor knows the story behind that milk or veal, and understands the risks involved in buying products that have not been vetted by state inspectors.

Blue Hill in Hancock County, where the movement first gained steam, is among the 20 towns across Maine that already have approved local food sovereignty ordinances. The bill that passed last week, L.D. 725, will essentially recognize the right of those towns to enforce their own food regulations, and the decisions of any other municipalities to do the same.
In 2015, Wyoming passed the Wyoming Food Freedom Act, which allows transactions among producers of what the state calls “homemade food” – produced in a kitchen that is not licensed, inspected or regulated – and “the informed end consumer.” The Maine and Wyoming laws are far from identical, but they speak to a desire for a more old-fashioned – some would say libertarian – approach to buying food.

LePage’s signature on the law proposed by Senate Minority Leader Troy Jackson, D-Allagash, came as a welcome surprise to advocates for food sovereignty.

“I ran for office because of food sovereignty,” said Rep. Craig Hickman, D-Winthrop. “Food sovereignty means that the state of Maine will recognize, at last, the right of municipalities to regulate local food systems as they see fit.”

Hickman, who also is a farmer and owner of a small bed-and-breakfast, had proposed similar legislation four times before handing the baton over to Jackson.

“Timing is everything,” Hickman said. “It seems that everything was aligned for this to happen.”

The Department of Conservation, Agriculture and Forestry, which oversees many of the inspection programs, including those for meat and dairy, said it is reviewing the legislation to determine the implementation issues that need to be addressed.

Things are unlikely to change, or change much, at farmers markets throughout the state because farmers markets are heavily insured and licensed independently from the municipalities where they are held.

“Most markets will be unaffected,” said Leigh Hallett, executive director of the Maine Federation of Farmers’ Markets.

But the Maine communities that have approved local food sovereignty ordinances can function almost as islands where a farmer can drop off a gallon of raw milk and a consumer can ask for a chunk of that delicious cheese made in an unlicensed facility.

Since 2011, when Sedgewick, population 1,200, declared itself food sovereign, the number of Maine towns passing local ordinances to take back regulatory control over locally produced food has steadily increased. And with it, so has the interest in getting affirmation from the state that there would be no interference with newly established local laws. The bill signed by the governor had the support of the Maine Municipal Association.

“Let the local people decide,” said Garrett Corbin, legislative advocate for the Maine Municipal Association. “That is kind of our mantra.”

That perturbs some in the Maine food community, who see this as a dangerous path that could put consumers at risk. The Maine Cheese Guild opposed the bill, and former president Eric Rector was one of the people who testified against it. He called the signing of the law a “big win for the deregulation crowd.”

It’s too early to say what the actual impact will be, Rector said. But he sees increased risk to both consumers and to the Maine cheese industry as a result of dairy products being “produced and sold to the public without any testing whatsoever.” That increases the risk that someone will get sick from “Maine cheese” and that this thriving food industry will be tainted by something that happens outside the regulated sector, he said.

Rector believes it will be hard for consumers to grasp the concept that there is state-regulated cheese and also municipally approved cheese.

The movement is not about dodging food safety issues, advocates say. It’s more about keeping small farms alive. Retberg was disheartened by a visit from a state inspector in 2009. He told her that although the Retbergs were using a licensed facility to butcher meat birds, since it was licensed to a friend and not them, their birds weren’t legal for sale. The Retbers were deflated; they’d recently made the transition to full-time farming and no longer had a supplemental income that might have helped them pay for their own licensed facility.

“The department just moved the goalposts,” Retberg said. “And when that happens, you either stop or the rules have to change.”

Rather than stop, she began working on changing the rules. And she found that quickly, she had support in the community, starting with a neighbor who very much wanted to be able to buy those meat birds, regardless of where they were slaughtered.

Retberg also had a powerful advocate in Hickman, whom she called “a champion for our cause.”

He says he ran on this cause, prompted by his own experience with state regulators, who told him, starting in 2009, that the business practices he’d been engaged in at his B&B, including making cheese and yogurt for his bed-and-breakfast customers, and letting customers at the farmstand know they could buy it from the house, were no longer acceptable unless he added a specific facility for those products, separate from the area where he prepared, say, breakfast.

“The department came around and said, ‘You can no longer serve your own yogurt,’ ” Hickman said. “If all of this sounds surreal, it is all true.”
The other towns that have declared themselves in control of their local food systems include Alexander, Appleton, Bingham, Brooklin, Brooksville, Canton, Freedom, Greenwood, Hope, Isle Au Haut, Liberty, Livermore, Madison, Moscow, Penobscot, Plymouth, Solon and Trenton. The city council in Rockland considered a food sovereignty ordinance this winter and opted instead for a resolution endorsing growth, sale and consumption of local foods.

One place that hasn’t declared food sovereignty? Winthrop. Which means Hickman still has to keep that yogurt to himself.

IN CITY COUNCIL

ORDINANCE 07-08072017

Be it Ordained, that the City Council hereby adopt First Reading of the following ordinance:

Sec. 14-50 -- FOOD SOVEREIGNTY LICENSE EXEMPTION

a. Intent and Purpose

The intent and purpose of Auburn’s Food Sovereignty Ordinance is to ensure that residents are provided unimpeded access to local food and to reduce governmental regulation of the local food system to the fullest extent permitted by home rule authority under Title 30-A M.R.S. § 3001, the Constitution of Maine, Article VIII, Part Second, and pursuant to 7-A M.R.S. §201, et. Seq.

b. Definitions

As used in this Ordinance, the following words and phrases shall have the meanings indicated:

“Consumer” means any individual who purchases or otherwise receives local food or food products from a producer, grower or processor.

“Grower” means any individual who grows local food or food products.

“Local food system” means a community food system within a municipality that integrates food production, processing, consumption, direct producer-to-consumer exchanges and other traditional foodways to enhance the environmental, economic, social and nutritional health and well-being of Auburn and its residents.

“Local food or food products” means food, food products or drink grown, produced and processed by individuals within Auburn who sell or provide directly to consumers.

“Processor” means any individual who processes or prepares local food or food products.

“Producer” means any individual who produces local food or food products.

c. Exemption
Producers, growers, and processors of local food or food products in the City of Auburn are exempt from licensure and inspection with respect to their provision or sale of local food and food products to consumers within the local food system of the City of Auburn. To the extent this Section conflicts with any portion of the Code of Ordinances of the City of Auburn, this Section shall prevail and, as it pertains to this Section, that portion of Code shall be inapplicable.

Council Meeting Date: August 7th, 2017       Order: 69-08072017

Author: Michael Chammings, Director of Economic and Community Development

Subject: 477 Minot Avenue Home Funds Request

Information: The developers anticipate approximately 35 workforce housing units in a townhouse style configuration. The developers are requesting a 50% credit enhancement for 30 years and $110,000 in HOME funds. The Credit Enhancement Agreement was approved by the council after a public hearing, the $110,000 in HOME funds still need to be voted on.

Advantages: The project would create approximately 35 workforce housing units and according to the developer’s projected assessed values, even after this TIF reimbursement, the City would net a significant increase in real estate taxes than are currently received from the property.

Disadvantages: The Council approved a budget that included a component for co-op housing, this would push any co-op housing project funding into fiscal year 2019.

City Budgetary Impacts: Minimal, Federal funds are already approved for moderate or low income housing assistance and the tax shift/general fund loss would be minimal.

Staff Recommended Action: The staff recommends passage.

Re: 477 Minot Ave. TIF and HOME funds request

Dear Michael:

I am writing this letter in documentation and support of our recent TIF request to the City of Auburn for property located at 477 Minot Avenue in Auburn. As you are aware, Developers Collaborative, in partnership with Joe Hogan and Continuum Health Care LLC has the property under agreement and is pursuing an affordable housing tax credit project this fall/winter with MaineHousing. We anticipate approximately 35 workforce housing units in a townhouse style configuration. We have designed the project to be responsive to the current scoring system contained with MSHA’s QAP and are confident that it will be successful. To ensure the project scores the maximum available number of points, we are requesting a 50% credit enhancement for 30 years and $110,000 in HOME funds.

Given current and projected assessed values, we are projecting that even after this TIF reimbursement, the City will net significantly more in real estate taxes than are currently received from the property. To achieve this, we would suggest that the City shelter 100% of the increment and dedicate 50% to the project and 50% to offset costs to local schools, which is permissible under the statute governing the Affordable Housing TIF program. According to our projections, 47% of all new unsheltered tax revenue in Auburn is lost to fiscal impacts of the county and state, so the credit enhancement we are requesting is essentially dollars which would be lost to the City regardless.

However, this project will not occur without a TIF – there would be no additional tax dollars to split. It is critical for two reasons – scoring and financial underwriting.

First, scoring. As you know the QAP is highly competitive and the program is typically 3x oversubscribed. It is possible for very worthwhile projects to sit on the waitlist for several years or even not get funded at all. Nearly all successful projects in recent years have had the benefit of a municipality working alongside the developer by contributing such a TIF. The TIF we propose will score 5 points, one less than the maximum of 6. We are not asking for a 6 point TIF because that would be a 75% CEA - and we would no longer be able to say that essentially the City is not losing any money even if you made the (false) assumption that the project could move forward without a TIF. Again, a 50% TIF is reasonable as it is essentially asking the municipality to assign money to the project that would have otherwise gone to the county and state. 5 points is still a very good number and will give us an advantage over many applications and hold us even with most or all others. Typically the difference between the winners and losers is only a point or two.

Second, financial underwriting. As we have discussed, Auburn assesses its tax credit projects at a very high ratio relative to many other communities around the state. This is perfectly defensible, and we take no issue with it whatsoever, but it creates a hardship for the project operating budget since rents cannot be raised past 50% and 60% AMI regardless of the assessment. That, coupled with the basic fact of high taxes which affects all service centers statewide, means that the credit enhancement is actually pretty critical to the basic underwriting of the project. Today the market for sale of credits is very competitive, but it is still unclear that the project could meet basic underwriting standards of both investor and MSHA if a TIF is absent.

For these reasons, we will likely not proceed with the project if we are not able to negotiate a mutually beneficial TIF arrangement. The TIF would need to be approved and sent to the state by the first council meeting in September.
Finally, we are also requesting $110,000 in HOME funds that will allow us to score 1 more point in our application, which seems to be a relatively low amount of commitment for adding at least 35 new units to Auburn’s workforce housing stock.

While we intend to pursue a Planning Board application as soon as this year’s scoring system is published, we do still have some time as we are informed it may be a month or two later than usual when the applications are due to MaineHousing.

I hope this letter has provided some baseline information as you evaluate this request and I will be happy to provide any other information you may require. I am hopeful that we will be able to appear before your Council on May 15 for workshop on our requests with a public hearing and final vote on the first meeting in June or July. This schedule will allow for all materials to be submitted to MaineHousing in time for the fall/winter application.

Thank you,

ORDERED, that the City Council hereby authorizes that $110,000 in Home funds be reserved for the 477 Minot Avenue workforce housing project.
Information: Councilors Walker and Stone have agreed to bring forward a proposal that was postponed at a meeting of a prior Council because there is a strong need to promote the viability of recreational uses if we are serious about sports tourism. The concept of allowing commercial or residential development around major recreational uses as a way to generate additional income, attract new visitors and residents and to help maintain the recreational assets by making them financially stable has been discussed for years. The 2010 Comprehensive recommended that we consider options to allow this nationally common flexibility within the City of Auburn. In 2011-2012 a lengthy public review of a proposal to allow this was conducted and the proposal was recommended for adoption by the Planning Board. At the time, the motivation for the discussion was for the success of existing recreational facilities and the users of those assets, advancement of the existing Comp Plan recommendations and for the advancement of a specific project opportunity at Martindale Country Club. A resident of the Martindale neighborhood promoted and organized neighborhood opposition to the proposal and the Council eventually postponed the item indefinitely. We now have a new opportunity for investment at another major recreational asset, Prospect Hill Golf Course, that the City should consider. The proposal provides a framework for the Planning Board to consider all benefits and impacts of individual proposals for customary commercial or residential uses that are not otherwise permitted in the zone to be considered adjacent to major recreational uses. Existing “Major Recreational Uses” as defined in the draft ordinance include and are limited to Lost Valley, Prospect Hill, Fox Ridge and Martindale. Staff recommends that the Council reopen the discussion and schedule a public hearing on the ordinance. Historic information, the latest draft ordinance and a memo summarizing comments from recreational business owners since the workshop are attached.

Advantages: May encourage new recreational investment consistent with the Council priority to increase sports and recreational tourism, improve quality of life and increase valuation.

Disadvantages: Any known disadvantages (traffic was the main concern in the last review) can be addressed and mitigated through the Planning Board review process in the proposed ordinance.

City Budgetary Impacts: Increased investment and valuation.

Staff Recommended Action: Schedule for a new first reading and public hearing and that would be followed by second and final reading if all goes well.

Re: Recreational Planned Unit Development (RPUD) Ordinance Feedback from Businesses

Since the workshop on this topic we have spoken with the owners of the four Major Recreational Uses as defined by the ordinance and received feedback that they support the ordinance but it could be modified to allow additional flexibility. The owners asked for a meeting with Councilors Stone and Walker to discuss challenges faced by their facilities. The Councilors expressed support for bringing the ordinance and the businesses ideas/concerns to the full Council during the public process. There have been two concerns raised that we are asking Council to consider addressing as part of the adoption of the proposed ordinance: 1) Residential Density; and 2) Public Sewer vs. Onsite Wastewater Disposal.

**Residential Density**

Based on the current draft ordinance the residential density allowed is equal to the density required by the zoning district. Two of the existing Major Recreational Uses are located in the Low Density Rural Residence (LDRR) District and the other two are split between the Agriculture and Resource Protection (AG/RP) and the LDRR or Low Density Country Residence. The number or residences that could be reviewed as part of the draft RPUD ordinance varies widely based on the lot size of the district. One way to address this inequity between recreational uses to provide a more even opportunity for each of them would be to allow the density of the district in which it is located as written, but to also allow the split zoned facilities to use the density of either zoning district that the parcel is partly located in. A chart showing what that modification would do as a simple function of dividing the lot by minimum required lot size is below.

<table>
<thead>
<tr>
<th>Facility Name</th>
<th>Lot Size (Acres)</th>
<th>Zoning District(s)</th>
<th>Maximum Possible Units Currently</th>
<th>Possible Units w/RPUD as Drafted</th>
<th>Possible Units w/ modified RPUD</th>
</tr>
</thead>

<td>20 (17 AG use restricted)</td>
<td>20</td>
<td>65</td>

<tr>

<td>195</td>
<td>AG/RP and LDRR</td>
<td>20 (19 AG use</td>
<td>20</td>
<td>195</td>
</tr>
</tbody>
</table>
The chart is a simple calculation and likely estimates substantially more units than could actually fit around the perimeter of most of the facilities to still meet the ordinance requirements of preserving the recreational use. Any RPUD Proposal would still need to meet the requirements of the ordinance and would be reviewed through a public process with the Planning Board carefully considering each proposal. It is staff’s opinion that the Council could make the above modification to the draft ordinance to allow a more even opportunity for density across all four of the recreational uses and still have a good ordinance to review proposals and mitigate impacts.

**Wastewater Disposal**

Flexibility for recreational uses is recommended by the Comprehensive Plan. The proposed ordinance urgency during the last review was motivated by a potential project in an area that had access to public sewer. We have now heard concerns that the requirement for public sewer will make it cost prohibitive for Lost Valley or Prospect Hill to ever take advantage of the RPUD Ordinance. The owners of both facilities are supportive of the direction in the proposed ordinance and would not want any possible controversy over sewer to delay the adoption of the ordinance and prevent the City and Prospect Hill from taking advantage of current investment opportunities. That said they have asked us to consider amending the proposal to follow State Plumbing Code, environmental and industry standards for wastewater disposal instead of simply requiring connection to public sewer.

Sewer was discussed by the Planning Board and the requirement remained in the ordinance as part of their unanimous recommendation. As with any public process there are compromises made, but there was not unanimous agreement on whether connection to public sewer should be required. Attached is a wastewater disposal survey of recreational uses provided by a Planning Board Member during the discussion in 2012. As you might expect, many rural recreational resources like ski areas and rural golf courses rely on private wastewater disposal systems designed to meet State Plumbing Codes, not public sewer.

As part of the Council’s consideration of the ordinance adoption the above input from the owners of recreational facilities should be considered. At the August 7th Council meeting we ask that the Council schedule this item for a new First Reading and Public Hearing at the next possible meeting and that the Council direct staff to draft amendments for the Council to consider at the hearing that would address the concerns raised by the businesses. The Council will then be able to get feedback from the public and move forward with a version that makes sense for the City. If the density and sewer discussions may delay the adoption of the current draft substantially the Council could adopt the version recommended by the Planning Board (after 2 readings and a public hearing) to allow a current opportunity to proceed and ask the Planning Board to consider an amendment to address the input from facility owners.

Re: Citizen initiated petition to amend The Ordinances of the City of Auburn, Chapter 60 - Zoning, Division 10. Planned Unit Developments, Subdivision II - Types to add a new type of Planned Unit Development: Recreation/Residential Planned Unit Development (RRPUD).

Date: November 15, 2011 Planning Board Meeting

This proposal has been modified based input from the Planning Board, the public, the applicant and staff. Input has been collected at two public hearings, a workshop and a neighborhood organized meeting that staff was invited to in the Beech Hill Road neighborhood.

Staff has attempted to include direction from the Board on all issues in the current draft (attached) with the exception of one significant issue: public vs. private wastewater disposal. Board member Bilodeau has provided a list of substantial recreational facilities in Maine and whether they are connected to public or private water and sewer systems for the Boards consideration. A copy of that list is included in the Board’s information.

Staff recommends that the Board consider two issues when deciding on the wastewater requirement. One is wastewater disposal and the other is sprawl and controlling the location of PUD-RR proposals. The latter, sprawl, and continuing Auburns effort to grow in concentric circles rather than randomly is the more important of the two. There is no question that wastewater treatment systems can built privately to dispose of large volumes of wastewater safely and effectively. Limiting PUDs to areas with public sewerage will help guide growth to areas where utilities are available or can be made available and will continue a policy that has helped guide PUDs to growth areas since PUDs have been an available option.

Staff recommends that the Board support the PUD-RR proposal and require public sewerage as part of a recommendation to the City Council. Below are the previous staff reports.

Re: Citizen initiated petition to amend The Ordinances of the City of Auburn, Chapter 60 - Zoning, Division 10. Planned Unit Developments, Subdivision II - Types to add a new
type of Planned Unit Development: Recreation/Residential Planned Unit Development (RRPUD).

Date: October 11, 2011 Planning Board Meeting

This proposal has changed substantially, based on input from the September Planning Board meeting. Staff has worked with the petition organizer to address the concerns raised by the Board and to incorporate the ordinance change into our existing PUD ordinance. The concerns raised were not unique to the proposed PUD-RR but are common to other types of PUDs and site plan/special exception proposals. Mitigation of impacts can be addressed as part of the existing process if it is applied to the proposed PUD-RR and the new draft incorporates the standards of subdivision, site plan and special exception reviews to give the Board a legal framework for considering any future proposals.

Staff was invited to a neighborhood meeting to explain the proposed ordinance to residents of the Beech Hill Road area that are concerned with the proposal. The meeting was on October 5th and was well attended. It seems that there has been some misinformation about the proposal claiming that the zoning in that area is being changed in some way to be commercial. The proposal does create a review method and specific controls and review criteria for considering a future proposal around a major recreational use, but does not change the zoning designation in any specific area of the City.

The latest proposal recognizes that major recreational uses are an asset to the City and that maintaining those uses requires that they are economically viable. The current proposal is a continuation of years of discussion about this concept. Lost Valley, Prospect golf course and reuse as a horse racing track and now Martindale and the economic challenges faced by these facilities. The comprehensive plan identifies this issue and suggests that we should consider something like this proposal as a solution.

At the September Planning Board Meeting, in phone calls from the public and at the October 5th neighborhood meeting, the main concern expressed is regarding traffic. If this ordinance or some other solution is to pass, it will be essential that the Board has the tools to address traffic concerns as part of the review. Traffic impacts may be the controlling factor on the size of any hotel or motel adjacent to a major recreational use. The following tables can be used to look at the impacts of this type of use, both by occupying large land areas with a recreational asset and by creating new trips with a hotel or motel or by conversion to housing if the recreational use fails economically.

With the standards as proposed, the Board could evaluate any future proposal to determine if it is appropriate for a particular area. If a proposal was determined not to be appropriate then the Board could deny the application or limit or reduce the scale of a proposal to make it appropriate for a particular area.

It is staff’s opinion that the proposed ordinance could provide an opportunity for an alternative income for major recreational assets in Auburn. That income could mean the difference between maintaining a recreational asset or losing it to other development pressures such as housing. The current review and ordinance must give the Board the legal tools to review any future proposal and justify denial or limitations to ensure the rural character and surrounding neighborhoods are protected from unreasonable impacts of any proposed use. It is staff’s opinion that the current proposal provides for the necessary tools for a responsible review of any future proposals.

Staff recommends that the Board discuss this proposal, hold a public hearing on the proposed draft and make any changes necessary to forward a favorable recommendation to the City Council.

Re: Citizen initiated petition to amend The Ordinances of the City of Auburn, Chapter 60 - Zoning, Division 10. Planned Unit Developments, Subdivision II-Types to add a new type of Planned Unit Development: Recreation/Residential Planned Unit Development (RRPUD).

Date: September 13, 2011 Planning Board Meeting

I. PROPOSAL

The City of Auburn received a petition from at least twenty-five (25) registered voters to amend Chapter 60 - Zoning, Division 10. Planned Unit Developments, Subdivision II-Types to add a new type of Planned Unit Development: Recreation/Residential Planned Unit Development (RRPUD).

The proposed purpose of this PUD Type is as follows: The purpose of the Recreation/Residential Planned Unit Development (RRPUD) is to recognize that there are customary and complementary residential and commercial uses that are appropriate to be developed on land adjacent to major recreation uses located in Auburn. These major recreation uses of land are designed for outdoor use of large acres of land, have indoor facilities to accommodate groups of people and while they may open year round, they primarily operate seasonally. Homes, condominiums, and hotels will help support the economics of a seasonal business and bring more people to Auburn by becoming a recreation destination point.

There are a number of sections of the Comprehensive Plan that support consideration of the economic development opportunities that a RRPUD could create. The first question is does the City of Auburn want this flexibility as part of the ordinance? It is staff’s opinion that the answer is yes, but that any allowance must be balanced by designing standards that allow the Planning Board to address any impacts of individual proposals and locations. Some of the sections of the comprehensive plan are copied below. Please refer to the full plan at [http://auburnmaine.org/](http://auburnmaine.org/) for more information.

**Strategy H.2.5.a:**

Revise zoning and other land use requirements to allow for the development of a wide range on housing outside of the built up area of the City to meet the housing needs of various segments of the population. (See Chapter 2. Future Land Use Plan)

i. Create both rental and homeownership opportunities for singles and young families by allowing relatively high density multifamily housing, including apartments and townhouse style developments, at densities up to 12-18 units per acre in areas served by public sewerage and water.

ii. Create senior and empty nester housing opportunities by allowing medium density
housing such as townhouses (condominiums and rental), “housominiums”, and small homes to be constructed at densities up to 10-12 units per acre, with house lots as small as 5,000 square feet, in areas that can be served by public sewerage and water.

**Goal I.2: Maintain Auburn’s role as a regional economic center with a diverse economic base, and support continued opportunities for appropriate business growth and development.**

**Objective I.2.3:**
Ensure availability of land for appropriate business/industrial development in designated areas.

**Agricultural/Rural District (AG) Comprehensive Plan Page 109-110**

Residential development that is proposed as part of a master planned commercial recreational development should be limited to the same density standard (one unit per 10 acres) as other accessory residential uses. A recreational master plan should be required outlining the scope, scale, and location of residential units and ensuring a cluster development pattern in which the majority of the land is retained as recreation/open space. A conservation easement, or other legally binding preservation measure, should be required to permanently conserve the recreation/open space areas.

Where a parcel that is located in the Agriculture/Rural District land also includes residentially zoned land, a residential unit should be allowed to be transferred from the residentially zoned portion of the parcel to the Agriculture/Rural portion as long as the relocation does not negatively impact natural resources or the agricultural potential of the land. As with other residential development in the Agriculture/Rural District, the development standards should encourage flexibility in the location and size of the lot, allow for a waiver of road frontage requirements, and allow access from a private driveway. When a transfer occurs, the land in the residential zone from which a residential unit is transferred must be permanently protected from development through a legally binding preservation measure, such as a conservation easement.

A copy of the Future Land Use section of the Comprehensive Plan is attached. The plan identifies growth, limited growth and restricted growth areas. The Board may want to use those categories to measure whether or not commercial development is appropriate within any proposed RRPUD. Residential development as part of a RRPUD could rely on the densities outlined on the Future Land Use Designations Map, Figure 2.3.

Staff recommends that the Board discuss this proposal and identify any concerns or questions and help staff finalize a version for consideration by the City Council or future consideration by the Board with any required additional information.

**Maine PUD Ordinance Examples:**

Gardiner Maine:
http://www.gardinermaine.com/Public_Documents/GardinerME_Code/t31c7s3203P
This ordinance allows for increased residential density in exchange for recreational or open space, but does not allow for commercial uses in residential areas.

Bangor Maine:
http://ecode360.com/6891784?highlight=planned#6891784
See 165-69. Allows for Planned Group Development but not the commercial and residential mix currently proposed in Auburn.

Portland Maine:
http://www.portlandmaine.gov/citycode/chapter014.pdf
See Section 14-145.13. Purpose. Allows for mixed residential, commercial and recreation/open space development. Inns are limited to not more than 50 rooms in Residential Island Zone.

**Tax Value of recreational asset:** Would closing of a golf course or ski area result in lost valuation for assessment purposes? Yes. The portions of the parcels used for a commercial recreational purpose are valued differently than vacant residential or agriculturally zoned land and the result is a higher valuation for the commercially used land.

**Recreational Use Definitions:** The Recreational use definition exists in the ordinance. Major Recreational use is intended to distinguish a major recreational use from the existing recreational uses and limit the RR PUD from being used in relation to recreational uses that do not require a substantial investments to prevent misuse of the proposed RR PUD option. Below are the two definitions:

*Major Recreational use of land* means permanent use of at least 100 acres of outdoor space limited to ski areas with at least 2 lifts and public and private golf courses with a minimum of 18 holes.
Recreational uses of land means permanent uses of outdoor space which are intended or designed for public use and include but are not limited to ski areas, golf courses (both public and private), driving ranges, horse boarding and riding facilities, miniature golf, paintball, horse and dog racing, snowmobile races, motorhome or recreational vehicle parks or commercial campgrounds and facilities for mass gatherings when used for two or more events during a calendar year.

Density around Martindale Vs. Lost Valley: The density of residences around Lost Valley is noticeably lower that that around Martindale. We will discuss this as we review the maps at the May 21 workshop and meeting. If it is still necessary, I will be trying to get some actual numbers in time for a future hearing.

Road Classification:

HIGHPWAYS AND ROADS

Classification

The largest and most important component of Auburn's transportation system is its road network. Based on data obtained from the Maine Department of Transportation (MDOT), the City has 228.69 miles of roads which fall into the following categories:

1. Controlled Access Highways - These are high speed highways which serve through traffic and have very few access points. Access to abutting land is generally prohibited. The Maine Turnpike is the only controlled access highway in Auburn. Total mileage: 5.35 miles.

2. Arterials - These are high speed highways which serve long distance, through traffic and attract a significant amount of Federal funding. Examples include Route 202, Route 4/Center Street, Route 136, Route 121/Minot Avenue, Turner Street, Hotel Road and Riverside Drive. Total mileage: 39.43 miles.

3. Collectors - These are roads which connect local streets with arterials. Examples include Lake Shore Drive, Lewiston Junction Road, Mount Auburn Avenue, North Auburn Road, North River Road, Park Avenue, Rodman Road, and South Main Street. Total mileage: 27.12 miles.

4. Local Streets - These are roads which directly serve local properties, but generally do not serve through traffic. Total mileage: 156.69 miles.

Examples of where the RR PUD Ordinance could be used. Please note that many of the 100 acre parcels would require sewer extensions and there are certainly other parcels that are smaller than 100 acres that could be combined to create additional opportunities for development. We will have a map for discussion at the meeting.
