Council Workshop or Meeting Date: December 7, 2020

Author: Eric J. Cousens, Deputy Director of Economic and Community Development/Interim Director

Subject: 285-307 Trapp Road Zoning Map Amendment

### Information:

A property owner and resident at 285 Trapp Road has made a significant investment in a marijuana cultivation business before we passed or ordinances related to marijuana. He has done everything as required by ordinance at the time of construction, however, when we passed the new ordinances in 2019 it made his structure nonconforming in the front residential portion of his parcel. The parcel is very close to the end of the residential zoning strip along Trapp Road. The facility has been operated professionally without violations or any known impacts to abutters. He has since applied for a permit to build another building to connect to the electrical and plumbing infrastructure that was built as part of what he planned as phase 1 and planned for additional buildings/phases. Staff had to deny the permit due to zoning but worked with the owner and Councilors Walker and Carrier to discuss options. Ledge and other site constraints will limit his ability to move the proposed building back to the AG/RP Zoning district. A relatively minor change to the map boundaries would enable construction with connections to existing infrastructure and promote investment in an allowed use in the AG/RP zoning district.

**City Budgetary Impacts**: None immediately but creates potential for future tax revenues and expanded business when additional structure is constructed.

**Staff Recommended Action**: Consider proposal and request a recommendation from the Planning Board if the Council is open to pursuing the concept.

Summary of Issue: A property owner and resident at 285 Trapp Road has made a significant investment in a marijuana cultivation business before we passed or ordinances related to marijuana. Staff had to deny the permit due to zoning but worked with the owner and Councilors to discuss options. Ledge and other site constraints will limit his ability to move the proposed building back to the AG zone
Recommended Action for Consideration:
Consider adjusting zoning boundary to increase AGRP zoned area as shown on the attached map.
Existing Policy References (Comp. Plan, etc):
Minor zoning change that promotes the growth of a permitted agricultural use, allows investment in new building(s) and creates new taxable value.

Whereas most Governmental buildings whether Federal, State or Municipally owned are deemed public places and provide public spaces for people to meet in and various departments to offer services for which residents and individuals are in need of - not all spaces in these entities' are open to the general public.

Whereas it is ordered that when a State of Emergency is declared by our Governor, Governmental agencies Auburn's Mayor and, etc. – Auburn's council chambers will be deemed a non-public setting for the city's departments, agencies, and the City Council to conduct their meetings in a non-comprised environment in order to carry out their duties.

Whereas, The Auburn City Councilors, Mayor, Manager and his or her staff during a pandemic will follow the CDC rules, social distancing and Governor's mandates as best as practical.

Whereas, Councilors, Mayor, Manager and his or her staff shall wear a mask UNLESS they have a medical condition that make it difficult to wear one when milling around inside the Council Chamber and coming in and out of the room as they get ready for the meeting or when they get up from sitting but once seated if they so choose a mask doesn't have to be worn.

Whereas, During the opening exercises and the meeting – the Mayor, City Councilors, Manager and his or her staff will be allowed to interact and speak unencumbered by a mask if they so choose in order to communicate in a manner that all participants in the room and at home can clearly hear and understand what the discussion is about and what is going on in the meeting.

Whereas the City councilors have an obligation to be able to hear what their Council mates, Mayor, Manager and staff are saying as clearly as possible to be informed and understand what they are voting on.

Whereas, as long as the City Council chamber is deemed a non-public setting/room during State of Emergency and the Council, Mayor, Manager and City Staff are fulfilling their duties and as acting as a body they will not be penalized for not wearing a mask while sitting at their place similar to those who eat at a restaurant.

Passage of Order 127-11162020 4-3 (Councilors Walker, Gerry, and Milks opposed). A roll call vote was taken.

Passage 7-0.

Motion was made by Councilor Milks and seconded by Councilor Gerry to present and add to the agenda the following Resolve:

#### RESOLVE 12-11162020

Whereas the people of Auburn are struggling with economic hardship and social breakdowns associated with the seemly never-ending restrictions imposed during the Governor's ongoing State of Emergency; and

Whereas many small businesses of Auburn continue to struggle and face impending failure due to ever changing guidelines, rules, and regulations as a result of the Governor's ongoing State of Emergency; and

Whereas the dreams and goals of families, children and parents of Auburn who have worked hard and endured many sacrifices are seeing their dreams and the dreams of their children being destroyed forever by the Governor's ongoing State of Emergency; and

Whereas the citizens of Auburn with the least resources bear the heaviest burden of the economic and emotional crisis created by the Governor's ongoing State of Emergency; and

Whereas we, the Auburn City council, take the Covid-19 virus very seriously and know the potential effects it may cause, and understand our own loss of free will, our forced compliance, our forced isolation, our loss of livelihood, our social breakdowns and the separation from loved ones has caused even more far reaching consequences than illness associated with Covid-19; and

Whereas the Legislature and Governor have failed in their responsibility to reconvene in a reasonable time frame to do the work of the People; and

Hereby let it further be resolved,

- 1. That the Auburn City Council calls for the Maine Legislature to convene as soon as possible to conduct the people's business; and
- 2. That the Auburn City Council requests that the Governor reconsider her Executive Orders for the disproportionate adverse impact they have had on Maine's most vulnerable populations, businesses, schoolchildren, and families.

Passage 4-3 (Councilors Boss, Lasagna, and MacLeod opposed). A roll call vote was taken.

Council Workshop or Meeting Date: December 7, 2020 Ordinances: 11-12072020 and 12-12072020

Author: Justin L. Poirier, Urban Development Specialist

Subject: Form-Based Code Expansion

**Information**: At the October 5<sup>th</sup> City Council directed the Planning Board to make a recommendation on whether the City should expand the Form-Based Code ("FBC") to several predominantly residential areas surrounding the City's urban core. Due to the number of parcels involved and COVID-19 related limitations, staff chose to split up the neighborhoods being considered into three sperate public hearings. The Planning Board reviewed Downtown Enterprise zone in the area adjacent to Academy, Elm, Maple, Pleasant, High, Drummond and a portion of Spring Streets and the Multi-Family Urban district in the Laurel Avenue and Newbury Street neighborhood. As a result of the public hearing the Planning Board has made the following recommendations:

- Expand the T-4.2 Traditional Downtown Neighborhood to the Downtown Enterprise District in the area adjacent to Academy, Maple, Elm, Pleasant, High, Drummond, and a portion of Spring street, to exclude the lots on Elm street from Main to High and the Multifamily Urban District in the Laurel Avenue and Newbury neighborhood based on findings in SR.
- Initiate a PB zone change and recommend to council to expand T-4.1 Traditional Main Street Neighborhood expand along Elm from Main to High for parcels on that section of Elm St. Findings for doing so is that properties on Elm from Main to High represent high value historical properties that better fit T-4.1 neighborhood description.

City Budgetary Impacts: None.

**Staff Recommended Action**: Council to consider the zoning ordinance changes recommended by the Planning Board take necessary action.

### City of Auburn,

Here are your current rates along with our recommendation for an increase. Please keep in mind about 65% of your transports are with Medicare, MaineCare and BlueCross which you will have a participating agreement with. What this mean is you will not see any more money from these three insurance companies, but you will see an increase in all other insurance companies. You have not had a rate increase since you started billing in 2014.

## City of Auburn Policy on Emergency Medical Services Billing and Collection

#### **PURPOSE**

To establish a policy to bill patients and collect fees for the provisions of emergency medical services and transportation provided by the City.

#### **POLICY**

#### **EMS Billing & Collection**

- A. The City recognizes the need to bill for these services to aid in the provision of EMS.
- B. No person requiring emergency medical services and/or transportation shall be denied services due to a lack of insurance or ability to pay levied charges.
- C. The City may, either directly or through any third party billing agency with which it has contracted for billing and/or collections for emergency medical services, make arrangements with patients and/or their financially responsible party for installment payments of bills so long as the City determines that:
  - 1. The financial condition of the patient requires such an arrangement; and
  - 2. The patient and/or financially responsible party has demonstrated a willingness to make good faith efforts towards payment of the bill.
- D. The City shall bill for all EMS services provided unless the City is reimbursed for services by another agency due to disaster declaration.
- E. Any applicable charges for EMS rendered shall be billed directly to the patient or to the patient's third party payer.
- F. The City may, at its option, and shall, where required by law, bill insurers or carriers on a patient's behalf and may accept payment on an assignment basis.
- G. All patients and/or their financially responsible parties, insurers or carriers, will be billed for emergency medical services provided by the City according to the Fee Schedule attached as Appendix A.
  - All patients shall be liable for any co-payment, deductibles and patient responsibility amounts not satisfied by public or private insurance, and the City shall Balance Bill and make reasonable collection efforts for all such balances. The City may bill any applicable coinsurance carriers for such amounts.

2. Exceptions include only those instances where the City or its agent has made a determination that the cost of billing and collecting such copayments, deductibles and patient responsibility amounts exceeds or is disproportionate to the amounts to be collected as determined by the City's write off policy.

### **Account Adjustments and Write Offs**

- A. The City's billing agency is authorized to consider all cases of financial hardship based on the City's financial assistance hardship guidelines.
- B. Uncollected balances on patients accounts that have been sent to collection and/or have had no activity for 270 days shall be deemed uncollectible and may be written off of the City's accounts receivable balances.

#### **PROCEDURES**

#### **EMS Billing & Collection**

- A. Third party billing agencies must:
  - 1) Have in place a compliance program conforming to standards set forth in the Office of Inspector General's Compliance Program Guidance for Third Party Medical Billing Companies, 63 Federal Register 70138, as amended.
  - 2) Deposit funds payable to the City directly into a designated City account, through a lock box or similar arrangement.
  - 3) Not be subject to exclusion from any state or federal health care program.
  - 4) Be bonded and/or insured in amounts satisfactory to the City.
- B. A detailed listing of patients who utilize EMS will be compiled by the Auburn Fire Department. This information will be transmitted to the agency responsible for billing in the form of a patient care report. The information will however be subject to the confidentiality requirements of applicable law. This information will include, at a minimum, the following:
  - 1) Name, address, and telephone number of patient.
  - 2) Name, address and claim number of insurance carrier, if applicable.
  - 3) Date, time and EMS chart number.
  - 4) Point of origin and destination.
  - 5) A Center for Medicare & Medicaid Services approved method for mileage billing.
  - 6) Reason for transport/ patient's complaint/ current condition.
  - 7) Itemization and description of services provided and charges.
  - 8) Signature of the patient (when possible) or authorized decision maker.

- 9) Name of receiving physician.
- 10) Names, titles, and signatures of ambulance personnel, when possible.
- C. The fee schedule for EMS is attached as Appendix A and may be amended from time to time.
- D. Payments on EMS invoices may be made by mail to the City's third party billing agency, on the City's website, or in person at Auburn City Hall located at 60 Court Street. Auburn, Maine.

#### **Account Adjustments**

- A. All patients are to be billed for transport upon receipt of billing information from the fire department.
- B. The City may, either directly or through any third party billing agency with which it has contracted for billing and/or collections for emergency medical services, make arrangements with patients and/or their financially responsible party for installment payments of bills so long as the City determines that:
  - 1) The financial condition of the patient requires such an arrangement; and
  - 2) The patient and/or financially responsible party has demonstrated a willingness to make good faith efforts towards payment of the bill.
- C. The City shall not Balance Bill when prohibited by law.
  - 1) Providers must accept the Medicare allowed charge as payment in full and may not bill or collect from the beneficiary any amount other than the unmet Part B deductible and Part B coinsurance amounts.
  - 2) For patients covered by Medicaid (Mainecare), the city will accept the payment from Medicaid as payment for services and will not pursue the patient for the remaining balance of the invoice.

#### Write Off of Uncollectible Accounts

- A. The City authorizes the billing contractor/agent to bulk write off amounts not contractually allowed by Medicare and Medicaid and provide reports to the City of such write offs.
- B. For all commercial insurance and private pay clients; all appropriate charges shall be applied uniformly without regard to ability to pay or probability of payment.
- C. Any account that has aged more than 90 days without activity or payment history shall be referred to the City for review. The billing contractor/agent must include all account documentation that demonstrates timely and efficient billing practices. This should include but not be limited to:

- 1) Account notes
- 2) Proof of billing statements and date of mailing(s) or electronic contact
- 3) Summary of amount billed and any current amount received
- 4) Summary of outstanding balances
- 5) Evidence of payment plan if applicable

After review the City will transfer uncollected balances to a collection agency designated by the City for continued collection efforts. Either when the collection agency determines that the account is uncollectible or 270 days from last insurance payment with no activity, the account will be determined to be uncollectible and it will be written off.

## Financial Services

TO: Phillip Crowell, City Manager

FROM: Jill Eastman, Finance Director

**REF:** October 2020 Financial Report

DATE: November 9, 2019

The following is a discussion regarding the significant variances found in the City's October financial report. Please note that although the monthly financial report contains amounts reported by the School Department, this discussion is limited to the City's financial results and does not attempt to explain any variances for the School Department.

The City has completed its fourth month of the current fiscal year. As a guideline for tracking purposes, revenues and expenditures should amount to approximately 33.3% of the annual budget. However, not all costs and revenues are distributed evenly throughout the year; individual line items can vary based upon cyclical activity.

#### Revenues

Revenues collected through October 31st, including the school department were \$39,406,976, or 42.10%, of the budget. The municipal revenues including property taxes were \$30,147,056, or 47.23% of the budget which is more than the same period last year by \$1,163,201. The accounts listed below are noteworthy.

- A. September 15<sup>th</sup> the first installment for real estate taxes were due. The current year tax revenue is at 49.6% as compared to 49.72% last year or \$116,868 than last year.
- B. Excise tax for the month of October is at 45.83%. This is a \$371,955 increase from FY 20. Our excise revenues for FY21 are 12.5% above projections as of October 31, 2020.
- C. State Revenue Sharing for the month of October is 44.33% or \$1,200,674. This is an increase from last October of \$229,289.

## **Expenditures**

City expenditures through October 2020 were \$22,892,690 or 49.84%, of the budget. This is 6.98% more than the same period last year. Noteworthy variances are:

- A. Worker's Comp is higher than last year at this time by \$641,910. The transfer to the Workers Comp fund was made earlier this year than last year.
- B. Public Safety is more than last year by \$124,373.
- C. The TIF Transfer was posted earlier this year than last, so it shows and increase of \$2,845,623.
- D. Water and Sewer is higher than last year due to the increase in the Hydrant Quarterly Charge.

#### **Investments**

This section contains an investment schedule as of October 31st. Currently the City's funds are earning an average interest rate of 0.9% compared to 1.87% at this time last year.

Respectfully submitted,

Jum Cartman

Jill M. Eastman Finance Director
