# **DIVISION 2. - AGRICULTURE AND RESOURCE PROTECTION DISTRICT**

## Sec. 60-144. - Purpose.

The purposes of this district are to allow for <u>conservation</u> of natural resources and open space land, and to <u>encourage agricultural</u>, forestry, and certain types of recreational uses. It is declared to be in the public interest that these areas should be protected and conserved because of their natural, aesthetic and scenic value, the need to retain and <u>preserve</u> open space lands, their economic contribution to the city, and primarily because these areas are so remote from existing centers of development that any added uncontrolled growth could result in an economic burden on the city and its inhabitants. This section shall be construed so as to effectuate the purposes outline here and to prevent any attempt to establish uses which are inconsistent with these purposes or any attempt to evade the provisions of this division.
