1. Order 36-05112015

Adopting the School Budget for Fiscal Year 2016.

Motion was made by Councilor LaFontaine and seconded by Councilor Lee to adopt the School Budget for Fiscal Year 2016 as presented.

Public comment:

- Tom Kendall, 221 Stevens Mill Road and chair of the School Committee, and Peter Letourneau, 38 Field Avenue and member of the School Committee presented a slide show which covered the proposed School Budget and the cost per pupil in various communities as well as the State average.
- Cynthia Jalbert, 11 Shepley Street, spoke in support of the SRO's (School Resource Officers) and School budget and commented that the Council and School Committee need to get together on this and set egos aside. She noted that she moved here years ago because Auburn had good schools but feels that is no longer the case.
- Larry Pelletier, 129 Second Street agreed with comments made by Ms. Jalbert and feels that Council and the School Committee need to work collaboratively. He commented that in watching several joint meetings of the Lewiston Council and Lewiston School Committee there was a difference in how they work together. They work as one. He is also in favor of working out the budget for the SRO's (School Resource Officers) because they are needed.
- Jennifer Corey, 1611 Perkins Ridge Road said that she has two students in the Auburn School Department and they deserve better than a reduction of the school budget and all students in Auburn deserve better. She added that that is what the proposed school budget is – a cut and a further deterioration of the schools in Auburn. She said she appreciated the comments made before her and added that it reaffirms things that have been said in the past that people don't want to move to Auburn because of the school system.
- Chief of Police, Phil Crowell spoke about the School Resource Officers and the SRO program. He stated that they are vital to the community, schools, teachers, students and parents. They build relationships and get ahead of things that could potentially take place.

Motion was made by Councilor Gerry and seconded by Councilor Walker to amend article 19 to say "That the City of Auburn will reduce the amount raised in excess to the total cost of the funding public education from Kindergarten to Grade 12 as described in the Essential Programs and Services Funding Act and in accordance with Maine Revised Statutes Title 20-A Section 15688 to the extent of any unanticipated increases to the adjusted State contribution under the Essential Programs and Services

Motion was made by Councilor LaFontaine and seconded by Councilor Crowley that the City Council hereby authorizes the Acting City Manager to sign a conditional agreement to modify the lease with Community Little Theatre in a form recommended by the City Attorney, including the following conditions:

1. The City will enter a forbearance agreement recommended by the City Attorney, that forbears from the collection of a promissory note dated July 13, 2012 for so long as the agreement is in effect, up to 3 years;
2. That authorizes the paving of the City owned parking lot on Academy Street;
3. That requires any developer of the property to incorporate reasonable sound proofing in its finished project, and to require residential tenants to waive noise related complaints against the theatre;
4. That requests the developer build a second floor in the gym for CLT use;
5. That the City and the Theatre shall execute a revised lease for the Theatrical Space as defined in the agreement; and
6. That allows the City to recover its reasonable costs and attorney fees in enforcing the agreement.

Resolve, Expressing the Support of the City Council of the _____ for the Process Now Underway to develop a Plan and Charter for the Possible Consolidation of the cities of Lewiston and Auburn for Presentation to the voters in November 2016.

Whereas, the Cities of Lewiston and Auburn are recognized leaders in the State of Maine for intergovernmental cooperation, working together to cost effectively provide a wide range of services from water pollution control to public transportation; and

Whereas, at a joint Lewiston Auburn City Council meeting held on May 1, 2013, the Councils discussed the concept of municipal consolidation as the next step in cooperation; and

Whereas, the Commission has tentatively selected the general election of November 2016 as the date where the communities will vote on a charter that would formally consolidate the two communities into a single local government; and

Whereas, it is right and appropriate that the residents of Lewiston and Auburn have the opportunity to vote on whether to approve a joint charter and consolidate the two communities;

We support the process now underway to develop a plan and charter for a consolidated Lewiston Auburn that is tentatively scheduled to be presented to the voters of our community in November 2016. Passage 5-0-1 (Councilor Lee abstained).

Motion was made by Councilor Gerry and seconded by Councilor LaFontaine to adopt Resolve 05-06152015 as follows:

Resolve, Authorizing Legal Action Against Androscoggin County Regarding Certain Elements of the County Charter Relating to Elected Official Compensation and Benefits and the Authority of the County Budget Committee.

IN COUNCIL REGULAR MEETING JUNE 15, 2015 VOL. 34 PAGE 148

Whereas, in 2012, the voters of Androscoggin County approved a new county charter changing the nature, responsibilities, and composition of both the Board of County Commissioners (the Board) and the County Budget Committee (the Committee); and

Whereas, the Committee's role was redefined from approving all county budget expenditures to advising on such expenditures, but with two exceptions: a requirement that the County elected officials' compensation and benefits be approved by the Committee (County Charter section 3.7) and authorizing the Committee to override specific line items recommended by the Board by an affirmative vote of 11 of its members (County Charter Section 5.5.2); and

Whereas, when the new charter went into effect, the newly constituted Committee and the transitional Board agreed that Section 3.7 of the Charter ultimately meant that the Board could not set its own salaries or benefits since final authority remained with the Committee; and

Whereas, this same understanding was reiterated without objection at the outset, during, and at the conclusion of this year's budget process; and

Whereas, only following final presentation of the budget and the adjournment of the Committee did the Board (upon an opinion solicited from the County's legal counsel) disregard the Committee's action on Commissioner compensation; and

Whereas, the official version of the charter provided to the municipal clerks prior to the charter election and upon which the voters cast their ballots clearly indicated that the County Budget Committee had the authority to change line items in the budget proposed by the Commissioners with a supermajority vote of 11 of its members; and

Whereas, subsequent to the approval of the charter, the Commissioners requested the legislature to make certain "non-substantive" changes to the voter approved charter to address practical problems in implementing the new charter; and

Whereas, one of the changes requested – to amend the charter to transform the Budget Committee into an advisory body only – constituted a substantive change; and

Whereas, subsequent to the legislature's adoption of a resolve directing the Commissioners to amend the charter as requested by the Commissioners, the Commissioners amended the charter to eliminate the Budget Committee's authority to make changes in the budget by a supermajority vote; and

Whereas, Maine Revised Statutes, 30-A M.R.S.A. § 1353, states that a county charter may give the board the authority to appropriate money according to the budget so long as the budget is approved by the finance committee, and the Budget Committee functions as the finance committee under 30-A M.R.S.A. § 1353 ; and

IN COUNCIL REGULAR MEETING JUNE 15, 2015 VOL. 34 PAGE 149

Whereas, Maine Revised Statutes, 30-A M.R.S.A. §§ 725 and 1352 provide that the Androscoggin County Budget Committee has final approval of the budget unless otherwise provided in a charter adopted by the county.

Whereas, state law also requires that amendments to county charters adopted by referendum must be approved by referendum, a process that was not followed in this case; and

Whereas, the county's municipalities have strongly objected to the County Commission's interpretation of the county charter that, in effect, denies any meaning to Section 3.7 of the charter dealing with the compensation and benefits of elected officials; and

Whereas, the municipalities also object to the Commission taking unilateral action without consultation with its municipalities to pursue a substantive change in the charter to transform the budget committee into a purely advisory body; and

Whereas, the Commission's proposal to place an amendment to section 3.7 of the charter on the November ballot is unacceptable in that it continues to advance the Commission's position that the budget committee is and remains purely advisory; and

Whereas, when presented recently with a proposed charter amendment to clarify the ability of the Budget Committee to make line item budget changes with a supermajority vote, the Commission failed to take action; and

Whereas, these actions of the Commission have undermined the checks and balances intended by the framers of the Charter and the will of the public as expressed in their approval of a county charter that clearly and unequivocally provided authority to the Budget Committee to approve elected official salaries and benefits and to make changes in the county budget with a supermajority vote, actions that have served to undermine the legitimacy of the County's governance structure;

Now, therefore, be it resolved by the City Council of the City of Auburn that the firm of Brann & Isaacson is hereby authorized to initial legal action against Androscoggin County in regard to certain actions of the Commissioners relating to elected official compensation and benefits and the authority of the county budget committee, subject to the participation of the lesser of seven other communities or communities representing two thirds or more of the total municipal assessed value of the county and to share costs and expenses in accordance with the formula used to allocate the County Tax; and

Be It Further Resolved that Lewiston is authorized to act as fiscal agent for the communities joining in this legal action, and the City Manager is authorized to enter into such agreements as the Manager deems necessary to implement the foregoing resolutions; and

IN COUNCIL REGULAR MEETING JUNE 15, 2015 VOL. 34 PAGE 150

Be It Further Resolved that the Council designates Councilor Gerry as its representative to any meetings of the communities participating in this effort.

Passage 5-0-1 (Councilor Lee abstained).

Motion was made by Councilor Lee and seconded by Councilor Hayes to reconsider a failed motion on Resolve 04-06012015 from the June 1, 2015 Council meeting. This is a Resolve expressing the support of the City Council of the City of Auburn for the process now underway to develop a plan and charter for the possible consolidation of the cities of Lewiston and Auburn for presentation to the voters in November 2016.

There was debate about the vote on that item because the motion to suspend the rules to add the item to the 6/1/2015 agenda was not imposed at the last meeting and did not have the required 2/3 vote of the Council. It has since been brought to our attention that in order to suspend the rules, a 2/3 vote of Councilors present is required. It was determined that because there was not a 2/3 vote of the Council, the item should not have been added and any motion would be a new consideration of that item. Councilor Lee requested this item be placed on the July 6, 2015 Council agenda.

Motion was made by Councilor Walker and seconded by Councilor Gerry to suspend the rules and add the item to the agenda. Passage 4-2 (Councilors LaFontaine and Lee opposed).

Motion was made by Councilor Lee and seconded by Councilor LaFontaine to adopt the Resolve as follows:

Resolve, Expressing the Support of the City Council of the City of Auburn for the Process Now Underway to develop a Plan and Charter for the Possible Consolidation of the cities of Lewiston and Auburn for Presentation to the voters in November 2016.

We urge all residents to become informed about and participate in this process in order to be prepared to vote on whether or not to adopt a joint charter and become one municipality.

VIII. Reports

Mayor's Report-A few weeks ago, he, along with Denis D'Auteuil served as a tour guide for the President of the Maine International Trade Center as well as the Director of the Port of St. John, New Brunswick who is looking to expand its relationships and are seeking opportunities for movement of goods. There is an opportunity to follow up to begin to build a relationship with St. John, New Brunswick. It looks like Lewiston and Auburn may attempt to initiate a sister city relationship with St. John. They are doing a lot with logistics and distribution around their port and also around innovation and economy. On the international relations front, he made his third trip in three months last week to Montreal to meet with Francois Robello, who is the investor proposing the hotel train that would run between Montreal to Boston which would include opportunity to serve Auburn. He also met with the President and COO of the Central Maine and Quebec Railroad. They have interest coming to Auburn to learn more about our freight activity here. In addition, he also spent time meeting with the Mayors of some of the smaller communities between the border and Montreal to see what their interest was in establishing passenger rail service. The conversation turned into a good conversation about hockey. He will be meeting with Mark Gosselin. He feels that there are opportunities to build relationships not only with Montreal but with the smaller communities to encourage them to visit our City in the summer. He also followed up with John Holden regarding our lease arrangement with St. Lawrence & Atlantic Railroads for parts of the Lewiston/Auburn railroad assets. We don't have a lease with the intermodal facility at this point and there isn't a lease with the railroad company for the Rangeley branch line. St. Lawrence & Atlantic Railroad is the longest run of railroad along the

proposed route. They have set high conditions for that track for passenger train service. There is a role Lewiston and Auburn could play in negotiating to make passenger rail between Montreal and Boston a reality. He is hopeful they will continue the dialogue because there are significant opportunities here.

He said he likes what he saw and it looks like a worthwhile project, but he didn't see anything regarding the business aspect of the project. He said he has been having discussions with Lewiston on their Mobile Food Distribution Unit ordinance stating when proposing ordinance changes, there are a lot of pieces that can be added to make it work for everybody, including the taxpayer, the restaurants, and food truck operators. Dan Herrick, 470 Hatch Road, noted that the Council will be changing soon and he wasn't sure if it will be better or worse. He said that he hears people commenting about taxes increasing and stated that this Council has done nothing to decrease taxes. He asked what this Council done in the last 4 years to help lessen the burden of taxes. He thanked the Police Department for setting up patrol in front of one of the schools on Minot Avenue. He thinks an article should be written informing citizens on where the money for the traffic stops go. People think the Auburn is making a lot of money on these traffic stops. He asked the Council what has been done on the agricultural resource zone. Meetings have been held but nothing has been done. He said the same about tax acquired properties stating "we're stagnant". He talked about the \$40,000,000 investment coming in to Auburn and stated that it sounds great but no particulars were given and based on his past experience, anytime you invest, it costs taxpayers a lot of money. He brought up his property at 240 Hatch Road and the zoning/permitting issues with that property. He then went on to talk about how City staff does not get back to constituents when they call the City with a complaint or concern but did go on to say that Public Services, Assessing, the Tax Office, and the Police Department do get back to constituents.

Joe Gray, Sopers Mill Road, stated that he agreed with the owner of the Munroe Inn who spoke about code enforcement being restrictive. He went on to comment on Great Falls TV stating that they've lost their lease and have to move. He said it is time to bring this out to the public and get it resolved. He noted that a few things that have come up that Great Falls could help with. One would be marketing the city. They could do a public service announcement to discuss the school budget, and to inform the public about where the traffic stop fines go. He commented that we can use Great Falls TV more than we currently do. They are underutilized.

1. Order 66-09082015

Authorizing the City Manager to sign a memorandum of understanding between the City and St. Mary's Nutrition Center dedicating 61 Webster Street as a community garden.

Motion was made by Councilor LaFontaine and seconded by Councilor Hayes authorizing the City Manager to sign a memorandum of understanding between the City and St. Mary's Nutrition Center dedicating 61 Webster Street as a community garden.

Bob Stone, 12 Harrison Circle spoke in support of the proposal and stated that he thinks it is a great proposal and a worthy project.

Andy Titus, 24 Rubellite Lane, spoke in favor of the project itself but questioned if we could spend time looking into other site options.

Bridget Bartlett, works with the St. Mary's Nutritional Center in Community Gardens noted that many people ask why there aren't any community gardens in Auburn. She said she would encourage Council to think of the long term benefits of this project. It will add value to the community.

Lynn Holland, Education Assistant for the Cooperative Extension of the University of Maine. She commented that with Community Gardens, you grow more than food, you grow community.

Dan Herrick, 470 Hatch Road stated that he doesn't mind Community Gardens but noted that the cost we are putting into this is ludicrous. He asked if any farmers in the area have been contacted to help with this project. He said he would be willing to deliver all of the loom and compost and would be willing to till every year to get this started. He said he would build a garden free of charge. He said people would be willing to help, including him but \$26,000 to spend on a garden did not make sense to him.

Kirsten Walter, Director of St. Mary's Nutrition Center addressed the comments about the cost of the project.

Deb Charest, Androscoggin Land Trust, said they support the project and will be partnering with them and will do whatever they can to help.

Grady Burns 25 Hillsdale Street said he was thrilled to hear about this project and is excited to see an investment like this in this neighborhood.

Ken Estes said he lives in the neighborhood and was excited to hear about the project. He said he would like to take Mr. Herrick up on his offer to do some "free stuff", and went on to say that grants are available to offset the cost. He commented that it shouldn't be a free ride and if we can the people involved to invest in the initial set up and get people involved based on their interest, the cost can go away.

Julie Isbill, resident of Brunswick who works for the National Park Service, a community assistance program. This group applied for assistance with this project. They are in support this project stating that Community gardens are just as important as parks and trails, and rivers.

Joe Gray, Sopers Mill Road, said he was not going to speak but commented that he was irritated when Mr. Herrick made a good faith offer that was taken as a joke and smirked at. He said it hasn't been taken into account the schools community garden, Auburn Housing community gardens and we can expand on what we currently have and we certainly do not have to spend \$25,000 for a small plot. This proposal is a good idea but has not been whittled down properly. He would like to see more of a grass roots effort and not have it imposed on him.
