# FY24 BUDGET

#### **EXECUTIVE OVERVIEW**

# Mayor Levesque and City Councilors, I am pleased to provide you with the manager's proposed FY 2023-24 Budget and CIP Five Year Plan for the City of Auburn.

In December 2022, the school superintendent and I came before you to discuss the FY24 budget. You gave the clear message that Auburn taxpayers had just experienced a market rate valuation adjustment and it was the goal of the city council to hold increases to a minimum and provide relief to our taxpayers. I am pleased to report that the FY24 budget being brought forward honors your request.

With your direction and with the hard work of the school officials and city directors, the total tax levy for the City of Auburn in FY24 is currently 3.79%, which is 2.71% less than the Consumer Price Index (Urban).

The entire nation has been faced with inflation, which creates uncertainty in local government revenue and expenditure forecasts. When the cost of living increases rapidly, it is critical for our organization to do our best to keep wages in reach of the rising impacts of inflation. In the past four months, the council has adopted five collective bargaining agreements.

The city's workforce continues to be our focus. We value our employees and seek to ensure that their wages are competitive and that they have a work environment that encourages personal growth, provides flexibility for work/life balance, and a culture of providing quality service for our citizens. I am proud of our team and excited to see what they will accomplish in FY24.

The FY24 Manager's Budget takes steps that preserve high quality city services, and enhances the services the city is already providing, all the while considering long-term sustainability and efficiencies.

City expenses are comprised of salary and fringe (48%), operating expenses (42%), and intergovernmental and county taxes (10%).

Budget increases for FY24 are reflected in the following categories:

12		
Workforce	\$1,937,476	<b>73</b> %
Operating	\$253,504	9%
<b>County Taxes</b>	\$210,817	8%
Utilities	\$118,079	4%
<b>Emergency Reserve</b>	\$88,770	3%
GA	\$60,950	2%
Intergovernmental	\$27,956	1%
Debt Service	(26,710)	-1%
TOTAL	\$2,670,842	100%

For the last two years, my proposed budgets have totaled 5% below CPI-U. This year, it required the removal of 12 city positions which are currently vacant to bring the city tax levy increase at 4%. If not for those position reductions, the city tax levy would have increased by 7.3%.

The programs and initiatives proposed align with the council vision and specifically your goals: "Auburn will embrace possibilities & create opportunities." Five goals to meet this vision include:

- 1. Planning for a better future
- 2. Reclaiming our streets
- 3. Making housing more attainable
- 4. Enriching neighborhood identities
- 5. Enacting resilient solutions

A great deal of hard work and difficult decisions have gone into the development of this budget. Auburn will continue to offer amazing services and programs; our team stands ready to serve our community.

#### **Cost of Services**

Signed into law on March 11, 2021, the American Rescue Plan Act (ARPA) of 2021 provided the City of Auburn with **\$13,545,799.** Staff have been assisting elected officials navigate the numerous regulations in spending these funds and have <u>helped ensure the long-term value of investments and financial stability of Auburn in using this one-time infusion of resources.</u> Most of the allocations have been used on non-recurring expenditures.

Since March of 2021, the City Council has appropriated \$12.1M of one-time funds from ARPA. The \$12.1M has been invested in several categories:

- Capital Improvements \$2.9M
- Community Needs/Resources \$4.7M
- Organizational Needs/Resources \$1.5M
- Economic Development \$3M

The City of Auburn is not unlike our local businesses, manufacturers, healthcare, and childcare industries. We are experiencing dramatic shifts in staffing shortages, and competition amongst one another - and the private sector - for those who are in the labor force. Our workforce cost increases total 73% of the requested city increase. Without the recent reduction of 12 positions, our workforce cost increase would have reflected an 80% increase.

In accordance with city ordinance, Article VI Finance Sec. 2-485 (a). - Council action on budget increase and the budget tax increase cap: *The city council will not approve any increase in the tax commitment, City and School combined which exceeds the consumer price index (urban) as compiled for the 12-month period ending as of December 31 prior the start of the succeeding fiscal year.* The Consumer Price Index (Urban) for FY24 is 6.5% and the **combined city and school tax commitment is 3.79%**.

#### **Five Year Fiscal Trends**

It is my priority to **continue controlling costs for our taxpayers,** which has been the focus of staff in preparing this budget. The budget is in line with the historic stabilization in total government spending, averaging a mil rate increase of 1.6% per year for five years. Below the chart is a yearly comparison for city expenses and revenues.

#### **Looking Ahead**

Auburn needs to continue seeking to "right-size" our organization. I will be proposing that we allocate a one-time expenditure from our ARPA funds to have a third-party analysis of our workforce needs. We will use this study to determine our staffing allocations in FY25.

Additional federal funding will be making its way to the state, then on to municipalities for **transportation**, **infrastructure**, **and housing**. Auburn will be at the table, making our needs known and requesting funds to make historic impacts for Auburn.

I appreciate the opportunity to present a balanced budget on behalf of the extremely talented team of City of Auburn employees. We stand ready to address challenges, seize opportunities, and most importantly, serve our community to the best of our abilities.

Project Purpose: Removal of Dangerous conditions from properties

**Department:** Planning & Permitting

Project Description:

We have completed two more junkyard cleanups at tax acquired properties in 2022 2 (1865 Hotel 145 Eastman Lane). We will be pusuing cleanup at 250 Hakett Road Junkyard in 2023/2024 and have a condemned building at 100 Hampshire Street that may require demolition. Others may come to our attention in any given year due to complaints, fire or damage. We attempt to recoup costs from the sale of property and special tax filings but need to address the safety and

Justification:

Without these funds we will not be able to implement comprehensive and strategic plan initiatives. If there is not funding available the Council will need to budget for priorities next year and that does not place the City in a Competetive position for a property that may become available during the year. Council will be asked to vote to allocate this funding to specific efforts during the year.

Project Title: Scheduled Fleet Replacement

Project Purpose: Vehicle Replacement

Department: Police

Project Description:

Scheduled replacement of four police vehicles.

**Location: Police Department** 

Justification:

The department has established a three-year life cycle for the patrol fleet and a five to seven year life cycle for support vehicles. Due to previous budget cuts, the service life of some patrol vehicles has been extended. This has increased vehicle repair costs significantly while drastically reducing trade-in value. The department will trade out a 2012 vehicle, a 2015 vehicle and two 2016 vehicles. The department will purchase four new vehicles. one of which will be an electric vehicle for Support Services / CID.

Project Title: New Mini Bus

Project Purpose: Replace "Age-Friendly" Mini Bus with a new one

Department: Recreation

Project Description:

Current Mini Bus used for senior trips is in-need of many repairs and is currently unsafe to take on long trips. We are looking to replace that Mini Bus with a new one. Looking to add an additional

 $\$2,\!500$  to cover the possible repair costs in 2-3 years.

Location: Auburn Senior Community Center

**Justification:** Senior/age-friendly trips are limited to the space we have on our mini busses. With our

before & aftercare program that limits the use of that "Rec" mini bus to 9-2PM Mon-Fri. Having another reliable bus will ensure that all programs get the proper and safe

Project Title:	LA911 Server Infrastructure Replacement		
Operational Funding Division:	LA911	Project Name:	Server Replacement
Est. Total Cost FY24:	0	Est. Total Cost FY25-FY28:	300,000
City Share FY24:	0	City Share FY25-FY28:	150,000

#### **Project Description:**

Planned LA911 Server Infrastructure Replacement. Hardware will be due to be replaced because of end of life (EOL) situations or replaced due to age of equipment, and manufacture support limitations in FY23. The Storage Area Networks (SAN), network switches, and servers that house the datacenter of LA911 will be due to be replaced in FY23. This project includes both the replacement of production site hardware and Disaster Recovery (DR) site hardware with reuse of current equipment as available. We have pushed the project to FY25 to align with planned relocation of the 9-1-1 Center.

#### Consistency with the Comprehensive or Strategic Plans or other related planning documents:

Organizations should proactively develop strategies that leverage resources, anticipate future requirements, and focus on business goals and performance objectives. As technology and other computing platforms become central to supporting the mission of the organization, effective planning for the management of these platforms has become vital.

#### Justification for project implementation/construction and segments, if applicable:

By not staying current with supported hardware and emerging technologies, systems become outdated, obsolete, and lose residual value. There is a high factor of risk involved in falling behind in a datacenter hardware lifecycle management. Potential issues are extended system downtime, data loss, and data corruption.

#### Future maintenance costs if known, including contracts and special service requirements:

All hardware purchased will have a 3 - 5 year life span. Recurring capital expenditure will be required each 3- 5 year cycle.

#### How were cost estimates obtained and expenditure commitment:

Worked with vendor to assess current usage and needs with planned growth and data trends.

**Project Title:** Ambulance Purchase

Project Purpose: New equipment to meet service needs

Department: EMS

Project Description:

Purchase one ambulance

Location: Fire

Justification:

As call volumes continue to increase, Auburn EMS has reached the point where we must begin to staff a third ambulance to meet the service demands of the City. To prepare for having three staffed units, we must increase our fleet of ambulances. The current lead time from the ambulance vendor for a new ambulance is 18-24 months. It is important that we make this purchase now to have the ambulance before the service demands exceed our ability to respond.
