DEFINITIONS

Homestead. "Homestead" means residential real property owned by an individual or individuals and occupied by those individuals as their permanent residence. Residential real property held in a revocable living trust for a beneficiary who occupies the property as his or her permanent residence also qualifies as a homestead. A resident homeowner who is subject to foreclosure and subsequently purchases the home back from the municipality is considered to have no interruption in homeownership for purposes of this exemption.

Permanent residence. "Permanent residence" means that place where an individual has a true, fixed, and permanent home and principal establishment to which the individual, whenever absent, has the intention of returning. An individual may have only one permanent residence at a time and, once a permanent residence is established, that residence is presumed to continue until circumstances indicate otherwise.

Permanent resident. "Permanent resident" means an individual who has established a permanent residence.
