Re: Parcel #275-001 and 275-026-001

We have received a permit application for a new house on lot #275-026-001. The house will be located on an access drive, which also serves Parcel 276-001, currently 448 Youngs Corner Rd.

Current 911 standards require that we name an access road whenever there are two or more addressable structures serviced by the road.

Stephen Helms, the owner requesting the permit for the new home has requested it be called HBI Drive. Abbreviations are not allowed, so he modified his request to Helms Dr. or Brothers Dr. The 911 Communications Center has reservations about Helms (it sounds similar to Holmes, which exists in Poland, within their dispatch area), but has been approved as a potential name. They would also approve Brothers Dr.

We contacted the owner of Parcel 276-001, Carmille Bernard, who has lived there for more than 30 years. He understood the need to change his address, but specifically requested that the road not be given a personal name and submitted a list of more than a dozen potential names.

Most are too close to existing road names for consideration, but one Windy Shore Lane, has been approved as a potential name by the E911 Communications Center. An alternate would be Wave Dr., also approved by 911.
