

AUBURN'S STRATEGIC PLAN: LIST OF PARTICIPANTS

A plan built for the community, by the community.

Auburn's strategic planning process was expertly and thoughtfully steered by the **Strategic Planning Committee** and the components were built by three sub-committees. Members of Auburn's business, non-profit, residential, and education communities participated at both the committee and sub-committee level, and every single

member was critically important to the success of the project. City staff supported, complimented and facilitated the process. *The full Strategic Plan can be found at auburnmaine.gov.*
