RE: **Request to add a footbridge to the next council meeting agenda**

Good afternoon, Phil,

I am respectfully requesting that an RFP be put out for a footbridge that I would like to propose to be installed between Anniversary Park and the end of Newbury Street Park. This footbridge would enhance the walkability in the City of Auburn and would greatly improve that area of the city. This project would flow into the master plan for the City of Auburn and would be a valuable project to undertake.

I will distribute the specifics to the council at the meeting.

My motion will be that the council votes to move this forward.

Advantages:

- People will have a nice place to take a walk, out of the noise and fumes of the street
- People will enjoy the beautiful scenery
- This footbridge will connect Anniversary Park to Newbury Street Park, which will complete the connection to Bonney Park.
- This will encourage people to take walks, who normally don't go for walks because of having to walk along the street.

REF: **April 2021 Financial Report**

DATE: **May 16, 2022**

The following is a discussion regarding the significant variances found in the City's April financial report. Please note that although the monthly financial report contains amounts reported by the School Department, this discussion is limited to the City's financial results and does not attempt to explain any variances for the School Department.

The City has completed its tenth month of the current fiscal year. As a guideline for tracking purposes, revenues and expenditures should amount to approximately 83.3% of the annual budget. However, not all costs and revenues are distributed evenly throughout the year; individual line items can vary based upon cyclical activity.

Revenues

Revenues collected through April 30, including the school department were $84,451,184, or 88.48%, of the budget. The municipal revenues including property taxes were $61,460,026, or 94.34% of the budget which is less than the same period last year by 0.10%, however, the dollar amount is $1,179,377 more than last year. The accounts listed below are noteworthy.

A. March 15th the second installment for real estate taxes were due. The current year tax revenue is at 97.14% as compared to 96.88% last year. Courtesy letters were sent out in April for those taxpayers that had not paid their taxes. The lien process will begin in May.

B. Excise tax for the month of April is at 84.7%. This is a decrease from FY 21 of $310,320. This is all related to the pandemic and the grace period that was implemented in 2019-20.

C. State Revenue Sharing continues to outpace expectations and is currently $1,275,019 more than last year.

Expenditures

City expenditures through April 2022 are $40,236,098, or 85.42%, of the budget. Noteworthy variances are:

A. The majority of operating departments are either below or right on target for April. The accounts that are over for 10 months are Debt Service, which the largest part of this line item is paid in the fall. The intergovernmental agencies get paid either quarterly or one annual payment. The budget is right in line with last year's expenditures at this time.

Investments

This section contains an investment schedule as of April 30th. Currently the City's funds are earning an average interest rate of 0.24%.

Respectfully submitted,

Jill M. Eastman
Finance Director

Re: Arena Financial Reports for April 30, 2022

Attached you will find a Statement of Net Assets and a Statement of Activities and budget to actual reports for Norway Savings Bank Arena for revenue and expenditures as of April 30, 2022.

NORWAY SAVINGS BANK ARENA

Statement of Net Assets:
The Statement of Net Assets lists current assets, noncurrent assets, liabilities, and net assets and shows a comparison to the previous month, in this case, February 28, 2022.

Current Assets:
As of the end of April 2022 the total current assets of Norway Savings Bank Arena were ($1,199,048). These consisted of cash and cash equivalents of $279,951, accounts receivable of $108,228, and an interfund payable of $1,507,227.

Noncurrent Assets:
Norway's noncurrent assets are equipment that was purchased, less depreciation (depreciation is posted at year end). The total value of the noncurrent assets as of April 30, 2022 was $195,258.

Liabilities:
Norway Arena had accounts payable of $3,695 as of April 30, 2022.

Statement of Activities:

The statement of activities shows the current operating revenue collected for the fiscal year and the operating expenses as well as any nonoperating revenue and expenses.

The operating revenues for Norway Arena through April 2022 are $879,592. This revenue comes from the concessions, sign advertisements, pro shop lease, youth programming, shinny hockey, public skating, and ice rentals.

The operating expenses for Norway Arena through April 2022 were $571,227. These expenses include personnel costs, supplies, utilities, repairs, rent, capital purchases and maintenance.

At the end of April 2022, there was an operating gain of $308,365.

As of April 30, 2022, Norway Arena has an increase in net assets of $308,365.

The budget to actual reports for revenue and expenditures, with comparison to the same period last year show that revenue for FY22 is $196,536 more than in FY21 and expenditures in FY22 are $2,610 less than last year in April.

X. Adjournment

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: June 6, 2022

Author: Sue Clements-Dallaire, City Clerk

Subject: Re-districtng

Information: Title 30-A §2503 (2) states that "the Municipal Legislative body must enact the reapportionment ordinance within 12 months after the Legislature has reapportioned the House and Senate districts". Those were adopted by the 130th Legislature and signed into law by the Governor on 9/29/21.

Title 30-A §2503 (1)(B) also states "each district must contain as nearly as possible the same number of inhabitants as determined according to the latest Federal Decennial Census, but districts may not differ in number of inhabitants by more than 10% of the inhabitants in the smallest district created".

Below are the numbers taken from the 2020 census and broken down by districts.

Ward	Target Population	Actual Population	Variance
1	4,812.2	5,040	+227.8
2	4,812.2	4,665	-147.2
3	4,812.2	5,023	+210.8
4	4,812.2	4,615	-197.2
5	4,812.2	4,718	-94.2
	24,061	24,061	

The variance between the lowest (W4) and highest (W1) populated districts is 425 or 9%

City Budgetary Impacts: None

Staff Recommended Action: Staff recommends re-adopting the current Ward lines.

Previous Meetings and History: Every 10 years following the census.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell J.

Attachments:

§2503. Reapportionment

1. Adoption by ordinance. Districts established for the purpose of electing, from each district, an equal number of municipal officers may be adjusted, by ordinance, by the municipal legislative body subject to the following conditions.

A. Each district must be formed of compact, contiguous territory. Its boundary lines may follow the center lines of streets. [PL 1987, c. 737, Pt. C, §2 and Pt (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

B. Each district must contain as nearly as possible the same number of inhabitants as determined according to the latest Federal Decennial Census, but districts may not differ in number of inhabitants by more than 10% of the inhabitants in the smallest district created. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

C. The ordinance must include a map and a description of the districts. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

D. The ordinance takes effect on the 30th day after adoption by the legislative body. The new districts and boundaries, as of the effective date, supersede previous districts and boundaries for the purposes of the next regular municipal election, including nominations. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

[PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

2. Failure to enact ordinance. The municipal legislative body must enact the reapportionment ordinance within 12 months after the Legislature has reapportioned the House and Senate districts pursuant to the Constitution of Maine, Article IV, Part First, Section 3 and Article IV, Part Second, Section 2 or after a court decision finalizing the reapportionment of districts. The ordinance must be enacted at least 90 days before a regular municipal election occurring within that 12-month period or the previous reapportionment ordinance applies to that election. If the legislative body fails to enact an ordinance within the 12-month period or at least 90 days before a regular election occurring after the 12-month period, all municipal officers to be elected must be elected at large and serve until their terms expire. Such at-large elections continue until the legislative body enacts an ordinance in accordance with subsection 1 at least 90 days before a regular municipal election.

[PL 2001, c. 537, §1 (AMD); PL 2001, c. 537, §2 (AFF).]

3. Referendum. Except when the municipal legislative body is the town meeting, the voters of the municipality may require the municipal legislative body to reconsider any ordinance adopted under subsection 1. If the legislative body does not repeal an ordinance so reconsidered, the voters may approve or reject it at a municipal election.

A. Any 5 voters may commence referendum proceedings by filing an affidavit with the municipal clerk stating:

(1) They will constitute the petitioners' committee;

(2) They will be responsible for circulating the petition and filing it in proper form;

(3) Their names and addresses;

(4) The address to which all notices to the committee are to be sent; and

(5) The ordinance sought to be reconsidered.

Promptly after the affidavit of the petitioners' committee is filed, the clerk shall issue the appropriate petition blanks to the petitioners' committee. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

B. Petitions under this subsection must meet the following requirements.

(1) Petitions must be signed by a number of voters of the municipality equal to at least 15% of the total number of voters in the municipality at the last presidential election.

(2) All papers of a petition shall be uniform in size and style and shall be assembled as one instrument for filing. Each signature must be executed in ink or indelible pencil and must be followed by the address of the person signing. While being circulated, petitions must have the full text of the ordinance sought to be reconsidered contained in or attached to the petition.

(3) When filed, each paper of a petition must have an affidavit, executed by the circulator of the petition, attached to it stating:

(a) That the circulator personally circulated the paper;

(b) The number of signatures on the paper;

(c) That all the signatures were signed in the circulator's presence;

(d) That the circulator believes them to be the genuine signatures of the persons whose names they purport to be; and

(e) That each signer had an opportunity before signing to read the full text of the ordinance sought to be reconsidered.

(4) Petitions must be filed within 30 days after the municipal legislative body adopts the ordinance sought to be reconsidered. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

C. The following procedure shall be followed after the petition is filed with the municipal clerk.

(1) Within 20 days after the petition is filed, the municipal clerk shall complete a certificate as to its sufficiency, specifying, if it is insufficient, the particulars which render it defective. The clerk shall promptly send a copy of the certificate to the petitioners' committee by registered mail. A petition certified insufficient for lack of the required number of valid signatures may be amended once if the petitioners' committee files a notice of intention to amend it with the clerk within 2 days after receiving the copy of the clerk's certificate and files a supplementary petition upon additional papers within 10 days after receiving a copy of the certificate. This supplementary petition must comply with the requirements of paragraph B, subparagraphs (2) and (3). Within 5 days after it is filed, the clerk shall complete a certificate as to the sufficiency of the petition as amended and promptly send a copy of that certificate to the petitioners' committee by registered mail as in the case of an original petition. If a petition or amended petition is certified insufficient and the petitioners' committee does not elect to amend the petition or request review under subparagraph (2), within the time required, the clerk shall promptly present the clerk's certificate to the municipal legislative body and the certificate is then a final determination as to the sufficiency of the petition.

(2) If a petition has been certified insufficient and the petitioners' committee does not file notice of intention to amend it or if an amended petition has been certified insufficient, the committee, within 2 days after receiving the copy of the certificate, may file a request that it be reviewed by the municipal legislative body. The legislative body shall review the certificate at its next meeting following the filing of the committee's request and approve or disapprove it. This determination is then final as to the sufficiency of the petition.

(3) A final determination as to the sufficiency of a petition is subject to court review. A final determination of insufficiency, even if sustained upon court review, does not prejudice the filing of a new petition for the same purpose. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

D. When a petition is filed with the clerk under this subsection, the ordinance sought to be reconsidered is suspended from taking effect. This suspension ends when:

(1) There is a final determination of insufficiency of the petition;

(2) The petitioners' committee withdraws the petition;

(3) The council repeals the ordinance; or

(4) Thirty days have elapsed after a vote of the municipality on the ordinance. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

E. The following procedure shall be followed if a petition is determined to be sufficient.

(1) When a petition has been finally determined sufficient, the municipal legislative body shall promptly reconsider the referred ordinance by voting its repeal. If the legislative body fails to repeal the referred ordinance within 30 days after the date the petition was finally determined sufficient, it shall submit the referred ordinance to the voters of the municipality.

(2) The vote of the municipality on a referred ordinance shall be held at least 30 days and not more than one year after the municipal legislative body's final vote on the ordinance. If no regular municipal election is to be held within this period, the legislative body shall provide for a special election; otherwise the vote shall be held at the same time as a regular election occurring within this period, except that the legislative body, in its discretion, may provide for a special election at an earlier date within the prescribed period. Copies of the referred ordinance shall be made available at the polls.

(3) The form of the ballot for the repeal of the ordinance shall be substantially as follows:

"Shall the ordinance entitled '.....' be repealed?

YES / / NO / /"

(The voters shall indicate their choice by a cross or check mark placed in the appropriate box opposite the words YES or NO.)

(4) A petition may be withdrawn at any time before the 15th day prior to the day scheduled for a vote of the municipality. The petitioners' committee must file with the municipal clerk a request for withdrawal signed by at least 4 members of the petitioners' committee. Upon filing this request, the petition has no further effect and all proceedings on the petition shall be terminated. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

F. If a majority of the voters who vote on a referred ordinance vote for its repeal, it is considered repealed upon certification of the election results. [PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. A, §16 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

[PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. A, §16 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

4. Exception. This section does not apply to municipalities whose charters specify different methods of reapportionment.

[PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

SECTION HISTORY

PL 1987, c. 737, §§A2,C106 (NEW). PL 1989, c. 6 (AMD). PL 1989, c. 9, §2 (AMD). PL 1989, c. 104, §§A116,C8,10 (AMD). PL 1989, c. 104, §§A116,C10 (AMD). PL 2001, c. 537, §1 (AMD). PL 2001, c. 537, §2 (AFF).

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: June 6, 2022

Author: Brian Wood, Assistant City Manager

Subject: Public Safety Facilities Presentation

Information:

The City of Auburn temporarily relocated the Auburn Police Department to City Hall in 2011 after extensive mold and flooding deemed the police station unusable. This relocation of the Police Department in addition to a needs and safety assessment of all three Auburn Fire Department location has resulted in a comprehensive facilities review that started in 2017. This review led to a determination that current facilities were inadequate to meet the modern safety standards and functional needs of the public safety deparmtents. Since 2019 staff has worked with consultants and subject matter experts to conduct assessments, land review and preliminary designs to understand what options would best address current and future needs of the public safety departments. These finding and options will be presented to City Council.

City Budgetary Impacts: TBD

Staff Recommended Action: NA

Previous Meetings and History: N/A

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: June 6, 2022

Author: Dan Goyette

Subject: Municipal Building Investment Grade Audit Results

Information: The City of Auburn partnered with BIMS (Building Infrastructure Management Solutions) to complete investment grade audits for all municipal facilities (City Hall, Library, Norway Savings Bank Arena, Hasty, Ingersoll, Public Works, Fire Stations and Community Little Theatre). The mechanical systems in each building were reviewed as well as data loggers installed to measure temperature, RH and CO2 levels. The building envelopes and the lighting systems in each facility were also reviewed. Based on the information that was gathered a list of building system upgrades was developed. The results of the survey are included as an attachment to along with a list of priority projects and the associated costs.

City Budgetary Impacts: All of these projects will need to be completed. The priorities listed are critical and will need to be done as soon as possible. The priority projects need additional funds in the amount of $1,400,000.

Staff Recommended Action: The Mayor Ad-hoc ARPA Committee listed the HVAC projects as tier one. Staff proposed having a review completed to determine estimated costs and priorities. Staff recommends the council determine if ARPA funds will be used or if the project will be funded within the capital improvement plan.

Previous Meetings and History: N/A

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Priorities

		Equipment Costs	25% engineering, contingency, commisioning and escalation	Existing CIP Allocation
1	Hasty Community- HVAC Upgrades (HRV/VRV)	$ 689,731	$ 862,164	$ 375,000
2	Auburn Library-HVAC (Boiler)	$ 109,512	$ 136,890	
3	Auburn Library-HVAC (Controls/Roof Top Units)	$ 547,239	$ 684,049	
4	Norway Savings Bank Arena (Exhaust/BACS)	$ 88,556	$ 110,695	$ 20,000
		$ 1,435,038	**$ 1,793,798**	$ 395,000
	Funding needs :	**$ 1,398,798**		

Future Needs

5	City Hall-HVAC Upgrades (Boiler/AHU)	$ 752,468	$ 940,585	
6	Engine 5 (VRV/ERV/BACS)	$ 187,733	$ 234,666	
7	City Hall-Chilled Water Dry Cooler	$ 188,477	$ 235,596	
8	Ingersoll Arena (AC System)	$ 387,261	$ 484,076	
		$ 1,515,939	$ 1,894,924	

Community Little Theatre

1	Boiler Room Upgrades	$ 575,441	$ 719,301
2	Basement Storage Ventilation Upgrade	$ 88,233	$ 110,291
3	Steam Radiation and DDC Controls Installation	$ 269,383	$ 336,729
4	Theater Area VRV and Ventilation Upgrade	$ 828,524	$ 1,035,655
5	Room 204 Split System	$ 21,751	$ 27,189
		$ 1,783,332	$ 2,229,165

DRAFT OVERVIEW

CITY OF AUBURN

INFRASTRUCTURE STUDY

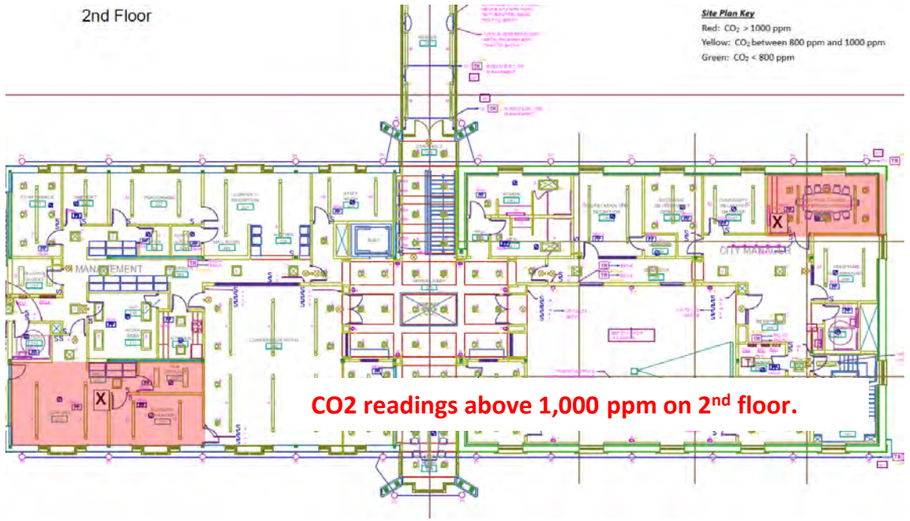
MAY, 2022

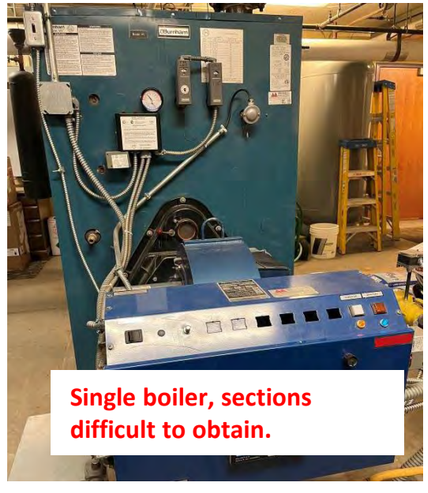
What we've done:

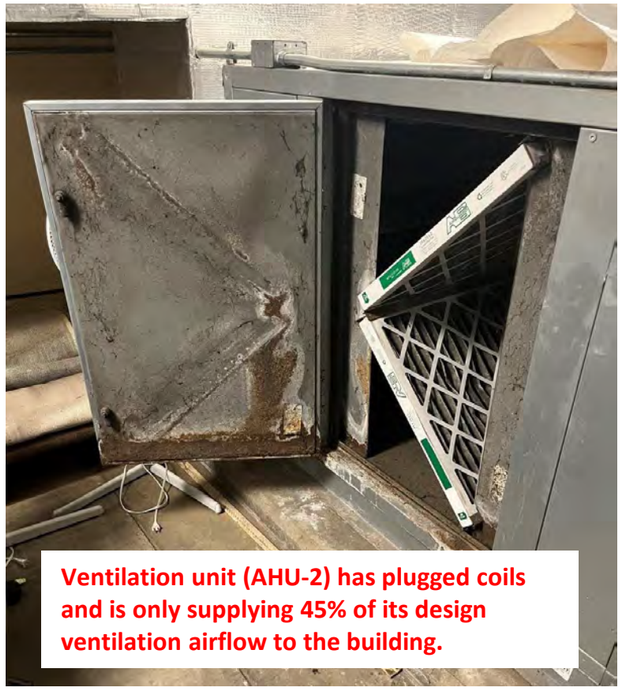
- Studied the condition of the boiler rooms at all buildings
- Studied the condition of ventilation systems at all buildings
- Assessed the existing boiler and ventilation system designs
- Installed data loggers to measure temperature, RH, CO2
- Met with staff to discuss the systems
- Discussed control sequences with staff at Norway
- Measured ventilation air – City Hall, Library, Norway
- Lighting audits - City Hall, Library, Ingersoll, Hasty, Norway
- Building envelope audits – City Hall, Library, Ingersoll, Hasty
- Developed initial needs list

Findings so far:

- Auburn City Hall Needs
  - Replace boiler and burner. Add for redundancy.
  - Add chilled water pump for redundancy.
  - Replace AHU-1 and -2.
  - Install new controls
  - Lighting and lighting controls retrofit.
  - Envelope improvement.





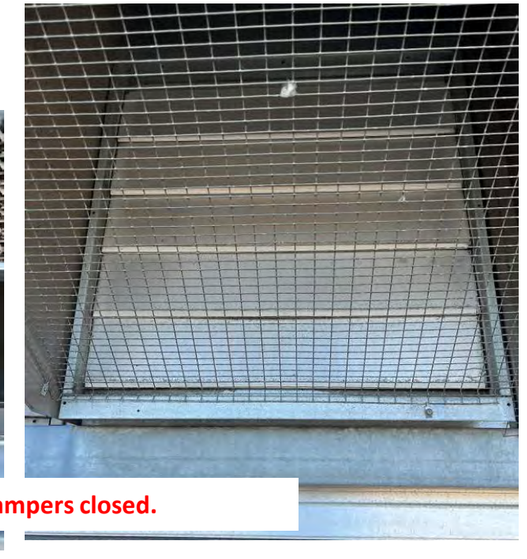


Findings so far:

- Auburn Public Library Needs
  - Replace RTU-1, -2, -3, -4.
  - Install new controls.
  - Repair leaks in chilled water piping.
  - Add hydronic heating elements in cold spaces.
  - Lighting and lighting controls retrofit.
  - Envelope improvement.

Electric heaters throughout Library.

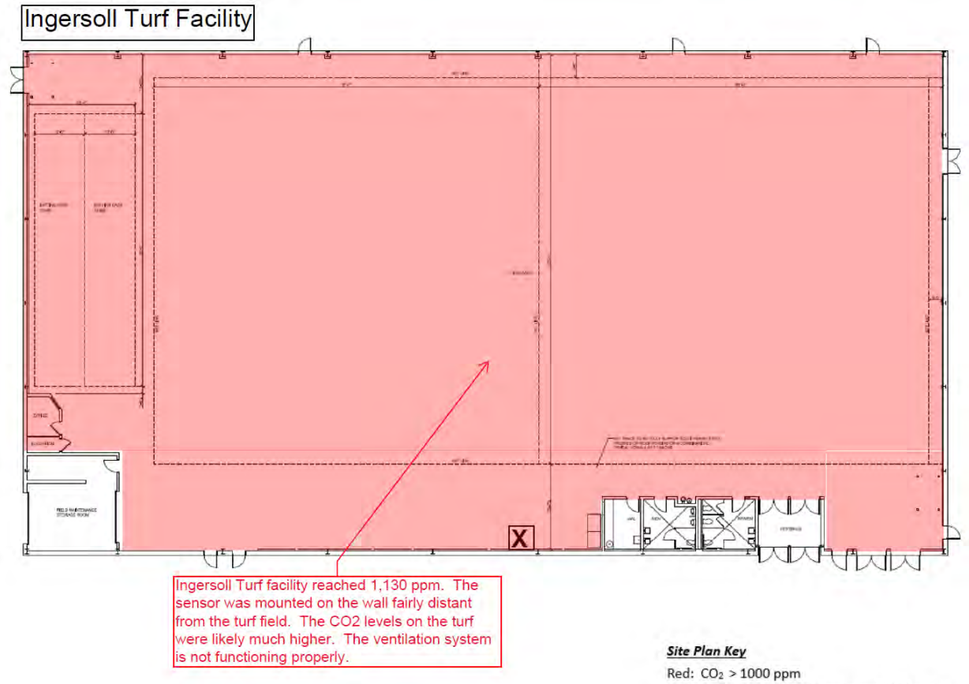
Ventilation air dampers closed.

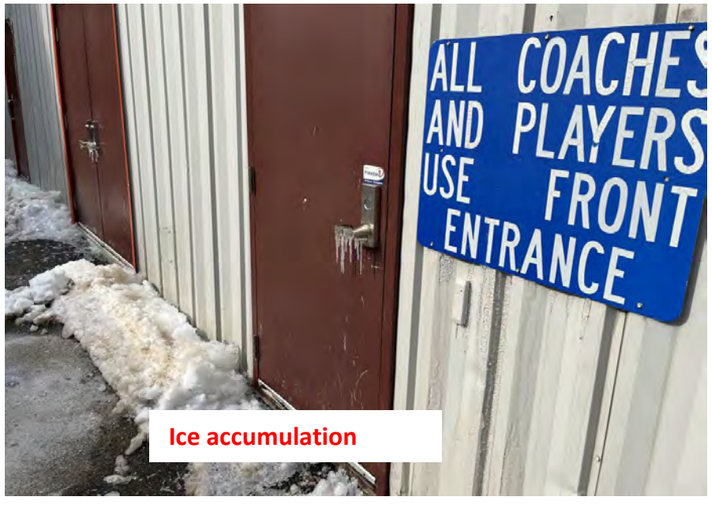


Chilled water leaks.

Findings so far:

- Ingersoll Turf Facility Needs
  - Investigate new roof for added insulation.
  - Add cooling units for summer use.
  - Recommission the ventilation system.
  - Potential lighting retrofit.



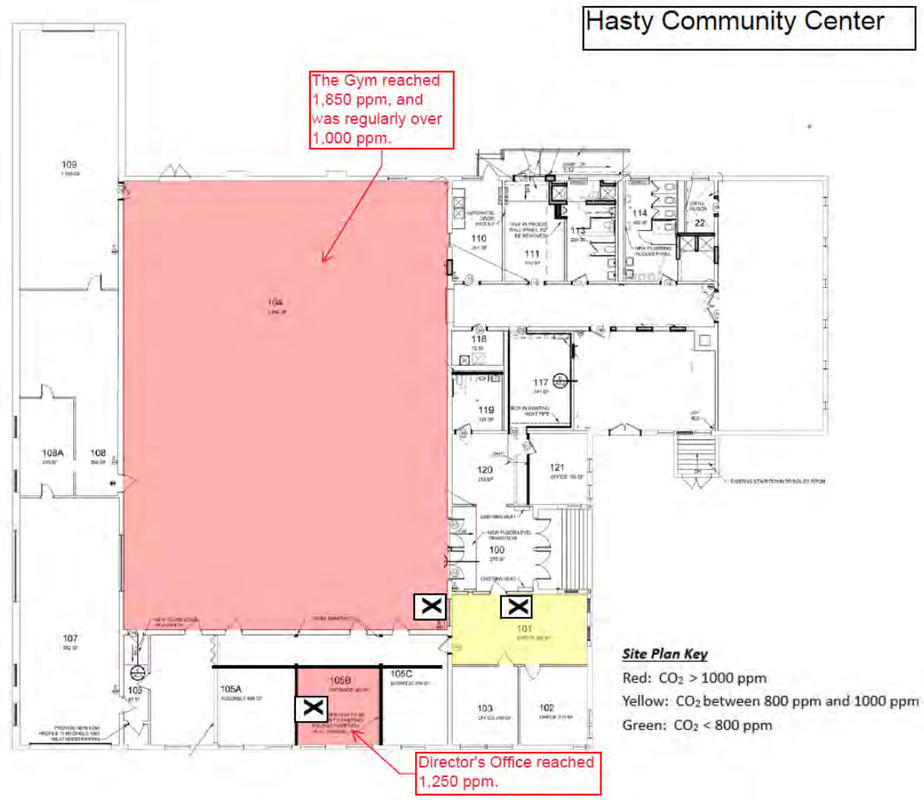


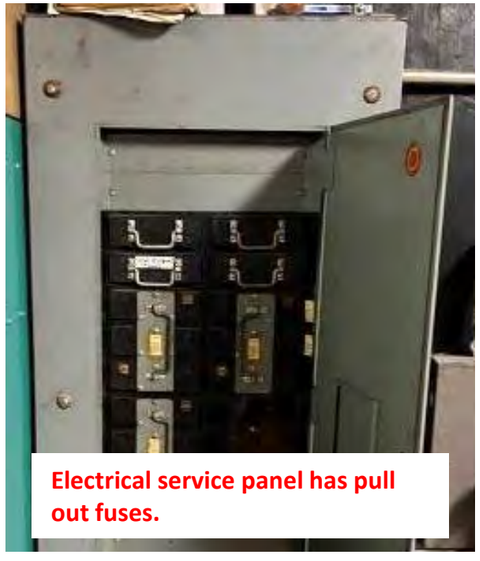
Ice accumulation

Poorly insulated roof causes wet exterior walls and ice accumulation on ground.

Findings so far:

- Hasty Community Center Needs
  - Install new air system to provide ventilation, heating and cooling.
  - Review electrical service capacity.
  - Potential building envelope improvements.
  - Potential lighting retrofit.



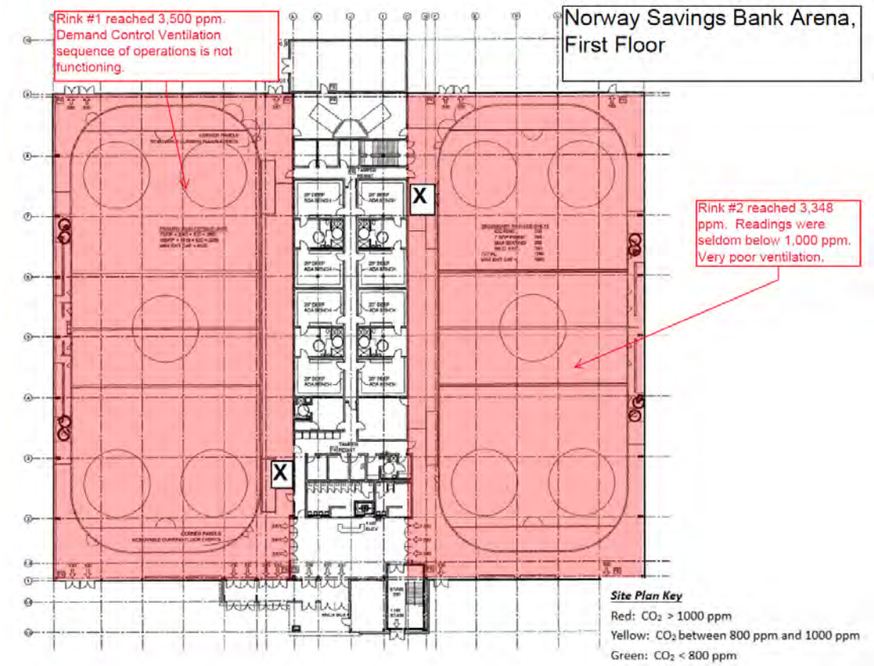


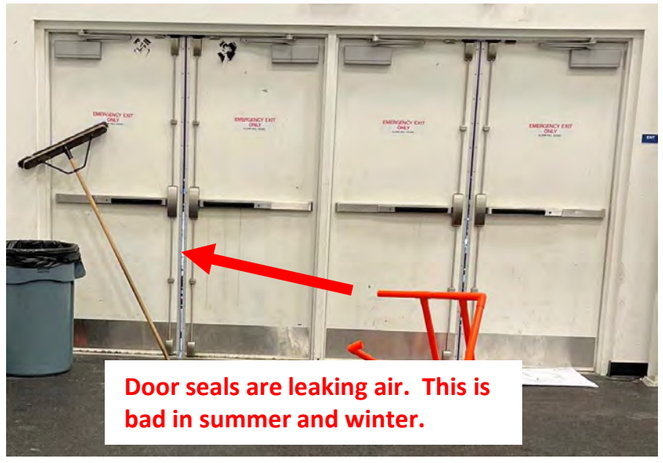
Electrical service panel has pull out fuses.

Hasty boiler is corroding. Some areas of building are not adequately heated.

Findings so far:

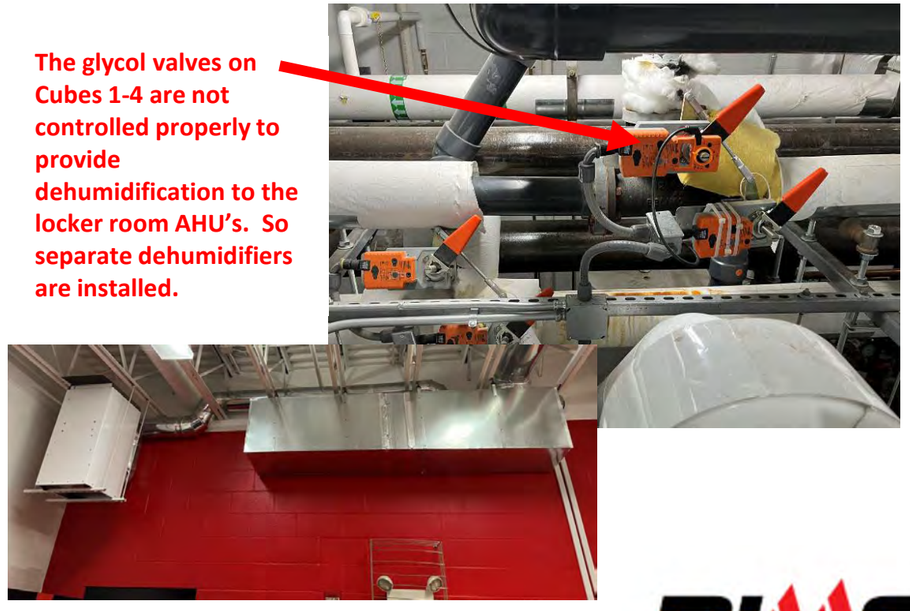
- Norway Savings Bank Arena Needs
  - Recommission the plant and ventilation systems.
  - Install new controls
  - Envelope improvements
  - Potential interior wall insulation





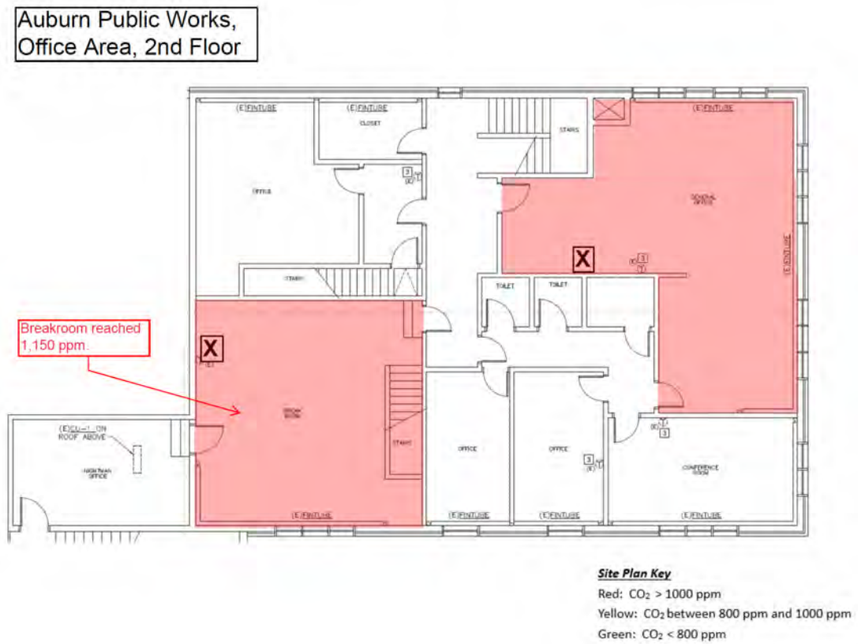
The ice is maintained cold to help ensure the sheet remains viable at the thinner edges as well as thinner areas at the decals.

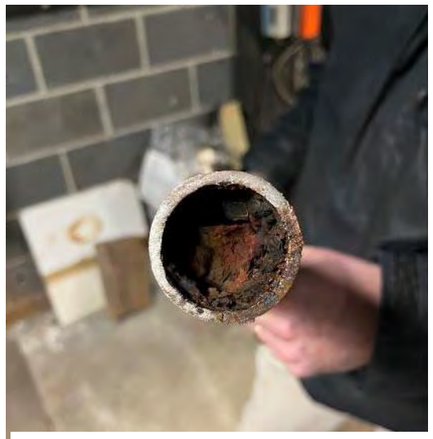
The glycol valves on Cubes 1-4 are not controlled properly to provide dehumidification to the locker room AHU's. So separate dehumidifiers are installed.



Findings so far:

- Auburn Public Works Needs
  - Upgrade or recommission ventilation in 2nd floor offices.
  - Selected piping and terminal unit repair.
  - Separate boiler room from electrical service room.
  - Review envelope and lighting.



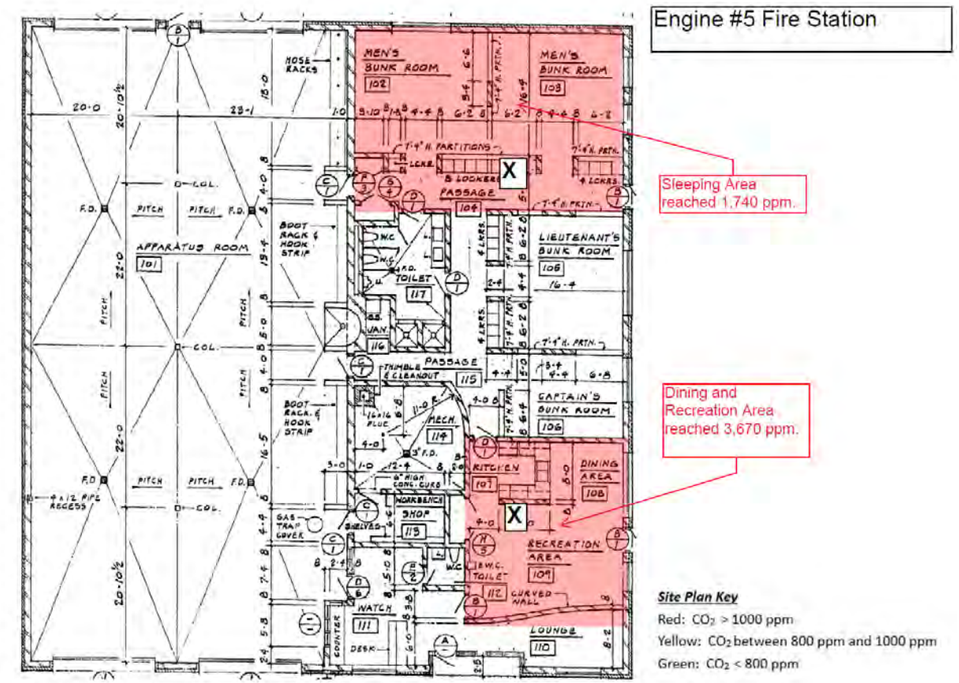


Public Works piping is plugged in some areas and needs selected replacement.

Public Works boiler installed near main electrical gear.

Findings so far:

- Engine 5 Station Needs
  - Install new ventilation and exhaust in Dining and Kitchen area.
  - Install new ventilation in Sleeping rooms.
  - Review envelope and lighting.
  - Review roofing project work.

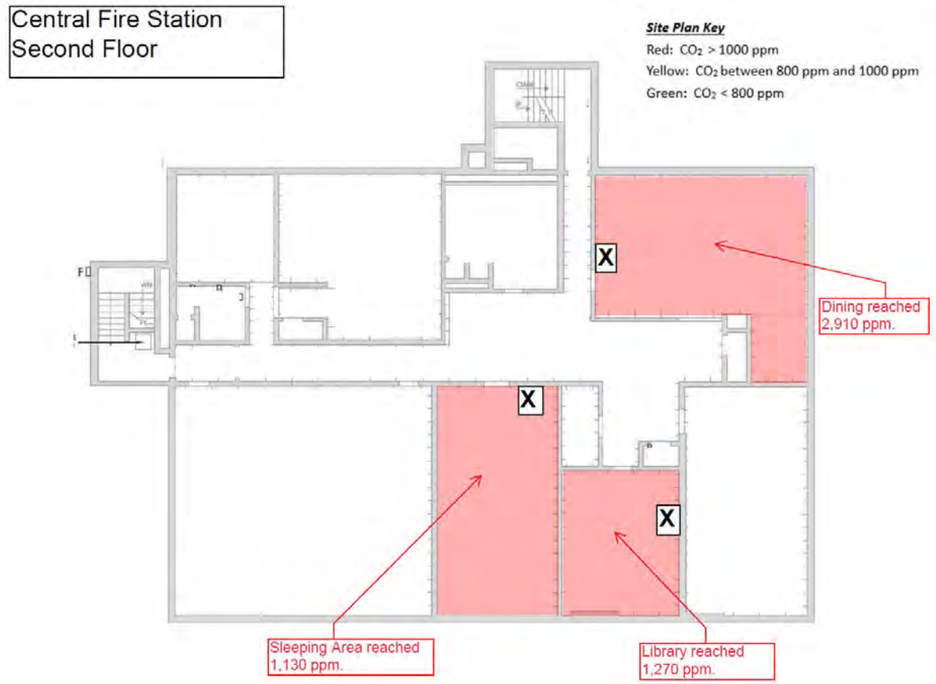


Old, inoperable Unit Ventilator in Dining and Kitchen area needs replacement with modern system.

New Engine 5 boiler installed by MSI.

Findings so far:

- Central Fire Station Needs
  - Install new ventilation and exhaust in Dining, Kitchen and Library area.
  - Install new ventilation in Sleeping rooms.
  - Recommission ventilation in Mezzanine level.
  - Review interface with other project.



AHU serving 2nd floor is inaccessible and is in poor condition.

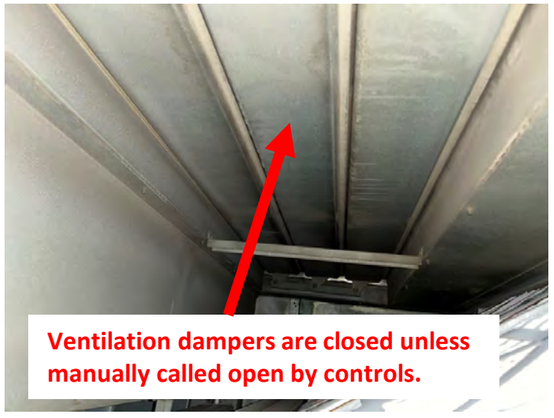
Central Fire Station Boiler.

Findings so far:

- Boys and Girls Club Needs
  - Install new HVAC controls.
  - Replace unit ventilators.
  - Replace air handling unit.
  - Review roof
  - Review building envelope.
  - Review lighting

Boys & Girls Club ventilation air handler fit with hot water F/B coil.

Boys & Girls Club has newer boiler.



Ventilation dampers are closed unless manually called open by controls.

Ventilation controls need manual operation to open outside air dampers.

Next Steps

- What is needed
  - Need utility data
  - Need hazardous material report
  - Discussion of building priority
  - Discussion of potential project elements and design concepts
- Next steps
  - Develop concept plans for investment
  - Select equipment
  - Project budgeting

Project Scenario

AMP TYPE	Asset Management Project Description		Location	Operational Savings	End of Life	Comfort & Safety	Code Compliance	REDUNDANCY	IMPACT TO # OF RESIDENTS
Boiler Plant Upgrades	Installation of two (2) HB Smith 28 HE series – 7 section boilers		City Hall	X	X	X	X	X	X
Heating & Ventilation System Upgrades	Replace roof top Air Handling Unit #1		City Hall	X	X	X	X		X
Heating & Ventilation System Upgrades	Replace Air Handling Unit #2		City Hall	X	X	X	X		X
Heating & Ventilation Control Upgrades	Building Automation System Upgrade/integration		City Hall	X	X	X	X	X	X
Heating & Ventilation Control Upgrades	Commissioning of new equipment		City Hall	X	X	X	X		X
	Installation of chilled water dry cooler		City Hall	X		X	X	X	X

Heating & Ventilation Control Upgrades	Replace locker room exhaust fan and perform control system upgrade		Norway Arena	X	X	X	X		X
Heating & Ventilation Control Upgrades	Install Daikin VRV heat pump system, Energy Recovery Ventilator and Building Controls		Engine 5, Fire St.	X	X	X	X	X	X
Heating & Ventilation System Upgrades	Installation of Air Conditioning		Ingersoll	X		X	X	X	X

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: June 6, 2022 **Order:** 67-06062022

Author: Rita Beaudry, Grant Manager

Subject: Maine Municipal Association – Legislative Policy Committee

---

Information: Any elected or appointed municipal official holding office in any Maine Municipal Association (MMA) member community is eligible to serve on the Legislative Policy Committee. There are two seats on the LPC for each State Senate District. Members serve two-year terms, representing their own community and other municipalities in their Senate District.

The LPC brings elected and appointed officials together from towns and cities across the state. According to its by-laws, the purpose of the LPS is "to define municipal interests and to maximize those interest through effective participation in the legislative process." Operating something like a town meeting, the LPS establishes MMA's public policy positions on all matters of direct and statewide municipal interest for representation in the State House.

MMA's strength as a municipal advocate depends on the active help of a dedicated LPC membership. MMA is seeking nominations from its members to serve on MMA's 2022-2024 Legislative Policy Committee. Senate District 20 is comprised of Auburn, Durham, New Gloucester, and Poland. Auburn appoints 1 LPC Member.

City Budgetary Impacts: None

Staff Recommended Action: City Council vote to nominate City Manager Phil Crowell to MMA's 2022-2024 Legislative Policy Committee.

Previous Meetings and History: None

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell J.

Previous Occupation (if retired or no longer working):

Education and/or experience: High school GED, Some college elective courses, Over 40 years working with Senior Citizens as well as Community projects. I also delivered meals to seniors when the city started its Grab and Go program and continue to deliver groceries weekly

Please check which board or committee you are interested in serving on. Individual applications for each board or committee (if you wish to serve on more than one).: Age-Friendly Community Committee

OTHER (Ad-Hoc Committees not on the list above)::

This application is for a... (choose one): Reappointment

Briefly describe why you want to serve on a board/committee (1,000 character limit): I would like to continue to serve on this committee and work to find ways to meet the needs of Auburn's seniors whether to help cook meals or light lunchesl , work with fellow board members to put on events that are senior oriented, to continue to be their voice and represent their interest in other city events, work with the city planners to make sure that those with mobility issues can get around in our city and participate whenever they choose to no matter their disability or age.

What do you hope to accomplish?: I would like to accomplish getting the word out about our Age Friendly committee, expand the current activities we are now doing, to be able to develop new programs geared to meet seniors needs and

interests. To help everyone that attends these functions feel that they welcomed and not an outsider... To help them to be able to participate freely without reservation or hesitation, no matter their physical capabilities and or age.

Are you presently serving on a City or Community Board or Committee? If so, which one(s)?: I am currently serving as an Auburn City Councilor

Have you previously served on a City or Community Board or Committee? If so, which one(s)?: CDBG Advisory Committee, Lewiston Auburn Transit, Auburn Housing

Dates served (if known): Through out my years on the City Council

How did you learn of this vacancy?: From Sue our City Clerk... She let us know that our term of serving is due to expire and asked us to fill out this form for reappointment.

I certify that this information is true to the best of my knowledge and agree to the terms and conditions set forth above. By typing your full name below, you are "signing" this electronic application.: Belinda A Gerry

The City Council strives to promote membership and by practice will attempt to limit the number of boards or committees any one person will serve. The city Council also strives to maintain balance of ward distribution on all boards, commissions, or committees.
Thank you for your interest and willingness to serve our community. The giving of your time is commendable and appreciated. Without people like you coming forward, our community would not be as strong, as vibrant, or as great as it is. On behalf of all of us at the City of Auburn, we hope your volunteer experience is rewarding and we thank you for being an outstanding citizen!

City of Auburn
City Council Information Sheet

Council Meeting Date: June 6, 2022 **Order:** 80-06062022

Author: Jason D. Moen, Chief of Police

Subject: Transfer of Forfeiture Assets – Shawn Estabrook

Information:

In December 2021 members of the Auburn Police Department completed a drug investigation and subsequent arrest of Richard Lambert. Members of the Auburn Police Department received information regarding suspected drug trafficking at 34 Flanders Street in Auburn

Throughout 2021 Detective Gagnon received information that drugs were being sold out of 34 Flanders Street. On December 22, 2021 the subsequent investigation lead to a search warrant being executed at 34 Flanders Street. During the search several different quantities of crack cocaine, powder cocaine, heroin, crystal methamphetamine and prescription pills were seized along with $4,637.00 in suspected drug proceeds.

Lambert was arrested for Unlawful Trafficking of Scheduled Drugs T17-A Sec. 1103-A.1.A

City Budgetary Impacts: The State of Maine, Office of the Attorney General, seeks to transfer $4,637.00U.S. Currency to the Auburn Police Department. Funds will be used for ongoing K-9 expenses.

Staff Recommended Action: Vote to accept the transfer of $4,637.00.

City Council Information Sheet

Council Meeting Date: June 6, 2022 **Order:** 82-06062022

Author: Jason D. Moen, Chief of Police

Subject: Transfer of Forfeiture Assets – Nicholas Blake

Information:

In June 2021 Detective Nicholas Gagnon completed a drug investigation and subsequent arrest of Nicholas Blake. Members of the Auburn Police Department developed information regarding suspected drug trafficking at 163 Broad Street in Auburn

Det. Gagnon and Officer Tyler Ham went to 163 Broad Street. Det. Gagnon could see into the apartment and observed Nicholas Blake sitting at the kitchen table with a small pile of brown powder in front of him. IT was clear to Det. Gagnon that Nicholas was weighing Heroin. He knocked on the door and all occupants began to run out the back. With officers on scene, they were able to place everyone in custody while the investigation took place. Det. Gagnon subsequently located 1.5 Grams of Cocaine base, .5 Grams of Heroin and $1075.00 in suspected drug proceeds. All of the items were seized, and Blake was arrested.

Estabrook was arrested for Aggravated Trafficking of Scheduled "W" Drugs T17-A Sec. 1105-A.1.H. (CLASS A).

City Budgetary Impacts: The State of Maine, Office of the Attorney General, seeks to transfer $1,075.00U.S. Currency to the Auburn Police Department. Funds will be used for ongoing K-9 expenses.

Staff Recommended Action: Vote to accept the transfer of $1,075.00.

Det. Gagnon and Officer Tyler Ham went to 163 Broad Street. Det. Gagnon could see into the apartment and observed Nicholas Blake sitting at the kitchen table with a small pile of brown powder in front of him. IT was clear to Det. Gagnon that Nicholas was weighing Heroin. He knocked on the door and all occupants began to run out the back. With officers on scene they were able to place everyone in custody while the investigation took place. Det. Gagnon subsequently located 1.5 Grams of Cocaine base, .5 Grams of Heroin and $1075.00 in suspected drug proceeds. All of the items were seized and Blake was arrested.

Estabrook was arrested for Aggravated Trafficking of Scheduled "W" Drugs T17-A Sec. 1105-A.1.H. (CLASS A).

ORDER 82-06062022

City Council Order

IN CITY COUNCIL

ORDERED, that the City Council hereby accepts the transfer of $1,075 forfeiture assets in Rem in U.S. Currency to the Auburn Police Department (Unified Criminal Court Docket No. CR-22-342).

Richard Whiting, Ward One
Joseph Morin, Ward Four
Belinda A. Gerry, At Large
Ryan Hawes, Ward Two
Leroy G. Walker, Ward Five
Jason J. Levesque, Mayor
Stephen G. Milks, Ward Three
Dana Staples, At Large
Phillip L. Crowell, Jr., City Manager

Mayor Levesque called the meeting to order at 7:02 P.M. in the Council Chambers of Auburn Hall and led the assembly in the salute to the flag. All Councilors were present.

Pledge of Allegiance

I. Consent Items - All items with an asterisk (*) are considered routine and will be enacted by one motion. There will be no separate discussion of these items unless a Council member or a citizen so requests, in which event, the item will be removed from the Consent Agenda and considered in its normal sequence on the agenda.

1. **Order 61-05162022***
Authorizing the City Clerk to waive the $200 business license fee for Auburn Suburban Baseball and Softball.

2. **Order 62-05162022***
Confirming Chief Moen's appointment of Sergio Martins as a Constable with firearm for the Auburn Police Department.

3. **Order 63-05162022***
Setting the date to hold the School Budget Validation Referendum Election for June 14, 2022.

Motion was made by Councilor Milks and seconded by Councilor Walker for passage of the three consent items.

Passage 7-0.

II. Minutes - May 2, 2022, Regular Council Meeting

Motion was made by Councilor Walker and seconded by Councilor Milks to approve the minutes of the May 2, 2022 Regular City Council meeting.

Passage 7-0.

III. Communications, Presentations and Recognitions

- Proclamation – Maine Arbor Week
- Proclamation – Kids to Parks Day
- Proclamation – 100th Anniversary of the Lewiston-Auburn Kiwanis Club
- Communication – Utilization of Capital Reserve Funds
- Council Communications (about and to the community)

Mayor Levesque – Recognized National Public Works Week, National EMS Week, National Police Officers Memorial Day/National Police Week, and he asked for a moment of silence to honor Auburn Police Officers Norman Philbrick and Rodney "Rocky" Bonney who lost their lives in the line of duty. He announced that the Auburn Business Associations', Citizen of the Year event is scheduled for tomorrow at Lost Valley, the LA Metro Chamber awards are scheduled for May 26th at the Poland Spring Inn at 3pm. On May 27th there will be the unveiling of the two new Veteran Memorial stones at 10am at Mt. Auburn Cemetery. June 9th is the Chamber breakfast where he will be presenting (on Education and Work Force

Development). The official dedication of the John Jenkins pedestrian bridge will be held on June 10th.

City Manager Crowell – Reported on the sustainable energy rebates, the $50,000 that was made available for non-profit organizations and outdoor recreational facilities, and he reported that he received notification from FEMA regarding the National Flood Insurance Program. Our community will qualify for a 5% discount on flood insurance premiums.

IV. Open Session

Dr. Susan Stanford, 33 Goff Street, spoke regarding severe electrical issues she has with her home adding that the house has to be fully re-wired. She provided letters to the City Council.

Scott Berry, 179 Davis Avenue, spoke in favor of the rezoning changes. He stated that he is creating a short video to show people how a septic system works. If they look at the video they will have a better understanding of how a septic system works.

V. Unfinished Business

1. Ordinance 15-05022022

Amending Auburn's Code of Ordinances, Chapter 60, Sec. 60-1066 (1). Second reading.

Motion was made by Councilor Staples and seconded by Councilor Hawes for passage.

Public comment – No one from the public spoke.

Passage 7-0. A roll call vote was taken.

2. Order 56-05022022

Authorizing the City's general obligation bonds in the amount of $7,300,00.00 to finance the City's FY23 Capital Improvement Program. Second reading.

Motion was made by Councilor Whiting and seconded by Councilor Walker for passage.

Public comment – No one from the public spoke.

Passage 6-1 (Councilor Gerry opposed). A roll call vote was taken.

3. Order 57-05022022

Authorizing the reallocation of $395,100 from previous General Obligation Bonds that were unspent to fund a portion of the City's FY 22 - 23 CIP. Public hearing and second reading.

Motion was made by Councilor Walker and seconded by Councilor Morin for passage.

Public hearing – No one from the public spoke.

Passage 7-0. A roll call vote was taken.

Motion was made by Councilor Hawes and seconded by Councilor Walker to take Order 64-05162022 out of order.

Passage 6-1 (Councilor Gerry opposed).

Order 64-05162022
Adopting the FY 2023 Auburn School Budget.

Motion was made by Councilor Staples and seconded by Councilor Morin for passage.

Motion was made by Councilor Walker and seconded by Councilor Gerry to amend by reducing the regular budget by $300,000 (to lower the mil rate) and taking $300,000 out of the School Department's fund balance to offset the $300,000 that would be taken from their budget.

Motion failed 3-4 (Councilors Hawes, Milks, Morin, and Whiting opposed).

Passage of Order 64-05162022 as presented, 5-2 (Councilors Walker and Gerry opposed). A roll call vote was taken.

4. **Resolve 03-05022022**
Adopting the Appropriations Resolve for Fiscal Year 2023. Second reading.

Motion was made by Councilor Walker and seconded by Councilor Hawes for passage.

Public comment – Andy Titus, 24 Rubelite Lane, commented on the so called "cliff". He said he thinks the ARPA money should be used to help offset costs now.

Motion was made by Councilor Walker and seconded by Councilor Milks to take off the table, the proposed amendment that was tabled at the 5/2/2022 meeting of adding $68,000 to the Fire Department budget to fill 4 positions.

Passage of the amendment 5-2 (Councilor Staples and Gerry opposed).

Motion was made by Councilor Gerry and seconded by Councilor Whiting to amend by taking $500,000 from the fund balance to offset the current budget which will reduce the mil rate.

Passage 6-1 (Councilor Morin opposed).

Passage of Resolve 03-05022022 as amended, 6-1 (Councilor Gerry opposed). A roll call vote was taken.

VI. New Business

Motion was made by Councilor Hawes and seconded by Councilor Walker to amend Order 46-03282022 previously adopted by adding language that the Planning Board sends this back to the Council by July 7, 2022.

Passage 5-2 (Councilors Gerry and Whiting opposed).

1. **Order 65-05162022**
Directing the City Manager to issue a design/build footbridge from Newbury Street to Anniversary Park.

Motion was made by Councilor Walker and seconded by Councilor Staples for passage.

Public comment – No one from the public spoke.

Passage 7-0.

VII. Open Session

Susan Brown, Dillingham Hill Road spoke regarding the septic system mentioned earlier adding that even with new septic systems, we should still not increase development. The studies should be updated.

VIII. Reports

Jill Eastman, Finance Director – April 2022 Final Monthly Report

Motion was made by Councilor Walker and seconded by Councilor Milks to accept and place on file the April 2022 Final Monthly Finance Report. 7-0.

Passage 7-0.

IX. Executive Session - Discussion on a poverty abatement case #PA 2022-001 pursuant to (36 M.R.S.A § 841) with possible action to follow.

Motion was made by Councilor Whiting and seconded by Councilor Gerry to enter into executive session to discuss a poverty abatement case #PA 2022-001 pursuant to (36 M.R.S.A § 841) with possible action to follow.

Passage 7-0. Time in 8:23 pm.

Council was declared out of executive session at 8:39 pm.

Motion was made by Councilor Walker and seconded by Councilor Gerry to approve a poverty abatement in the amount of $2,349.84. This is Order 66-05162022.

Passage 7-0.

VIII. Adjournment – Motion was made by Councilor Walker and seconded by Councilor Morin to adjourn. Unanimously approved and the meeting adjourned at 8:40 pm.

Re: Hydropower, Rivers and Dams Update June 6, 2022, Council Meeting

Date: June 6, 2022, Council Meeting

Lewiston Auburn Riverfest

The Riverfest, sponsored by the Lewiston Auburn Metropolitan Chamber of Commerce, is scheduled for Friday June 17th and Saturday June 18th and has something to offer for everyone. Last year's event was well attended and a great success. This year offers a kickball tournament, Trek Across Maine welcome, Rowing Regatta, canoe rentals, Beer Garden and Food Trucks.

For a full schedule see the website: **https://discoverlamaine.com/the-riverfest/**

Lewiston Falls Monty Hydro Licensing Update

The Federal Energy Regulatory Commission licenses hydropower facilities. The city may participate and comment on a proposed license as a stakeholder, much like a resident participates in a Planning Board process at a public hearing. We only get a chance to comment on a license renewal every 30 to 50 years so it is important that we advocate for compatibility and even contribution to accomplishing community goals in exchange for using the public's river for private power generating revenues. The FERC process requires the applicant to address fisheries, recreation, water quality and other potential impacts of their operation with equal consideration compared to power generation. Documents related to current and past licensing processes are available here: https://www.auburnmaine.gov/pages/government/rivers-hydropower .

We updated the Council in December of 2021 to start to familiarize you with the current relicensing of the Lewiston Falls Monty Hydro Project (FERC P-2302) in preparation for future discussions. The relicensing process has begun for the Lewiston Falls/Monty Hydro Facility on the main stem of the Androscoggin in anticipation of the expiration of the existing license in 2026. Our Comprehensive Plan, Strategic Plan, New Auburn Master Plan, the Androscoggin Greenway Plan and ATRC Bridging the Gaps Bicycle and Pedestrian Plans give staff substantive direction and support to advocate for needs, improvements and studies to identify the best way to meet identified needs to mitigate impacts of project operations on the community. The Pre-Application Document (PAD) has been filed and is available here: https://elibrary.ferc.gov/eLibrary/filelist?accession_num=20210804-5115 . Despite advocacy for a more inclusive *Integrated Licensing Process*, (TLP Objection and ILP Request.pdf) the request for Traditional Licensing Process was approved by FERC for this relicensing and an initial stakeholder meeting was held ahead of schedule (Table 2-1, Page 41 of the linked PAD) in November. The city along with other stakeholders asked for recreational, aesthetic, cultural, hydro-facility operational and river flow related studies to ensure that we have the information needed to advocate for mitigation of facility impacts and needs of the community at future stages

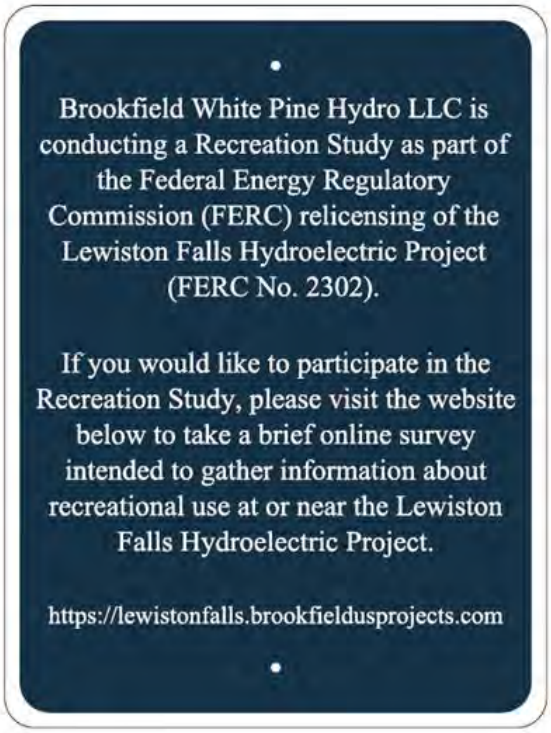
of the process. We submitted study requests with stakeholders, including the City of Lewiston and at least 6 other stakeholder groups, to best advocate for Auburn's needs in December of 2021 (Study Requests12.31.21). Past licensing processes have been more successful when there is coordination and agreement on study needs, rather than conflicting requests from multiple stakeholders. There will be public meetings and feedback needed from City Council, Committees and potentially legal counsel in the coming few years as we work with Brookfield and FERC on this important 40-year relicensing.

At this stage we have submitted comments on a Preapplication Document, preferred licensing process and a Draft Study Plan (StudyPlanComments31822.pdf) . A Final study Plan was proposed by Brookfield and they have begun the 2022 study season P2302FinalStudyPlan.pdf . Many agencies focused on different aspects of project operations and their impacts on the environment participate in the process. While the City has been supportive of studies requested by Maine DEP, NOAA Fisheries (NOAA Comments.pdf and Maine IFW related to water quality and fisheries improvement our focus has been on recreation, aesthetics of the falls and access for the public. Water quality, historic resources and fisheries are important to the City's overall recreational goals, but State and Federal Agencies are well equipped to for strong participation on those elements and we have collaborated with them.

The Final Study Plan (P2302FinalStudyPlan.pdf) covers almost all recreational elements requested for the main stem of the river-See pages 58-67 of the plan. The primary shortcomings relate to water quality monitoring in the Lewiston owned Canals and specific analysis of how water over the falls affects water quality and dissolved oxygen below the falls. The second part of that will have data available from the proposed water quality monitoring and we will continue to advocate for the analysis of how flows over the falls affect dissolved oxygen as part of the process, but it is currently not proposed. A primary shortcoming of the study plans is not including the canals in the study based on the argument that they are owned by Lewiston and not part of the project area mapped by FERC. In 2020 the project area was adjusted to remove nearly 4 miles of river and the canals from the FERC Project Boundary which the City opposed (Objection to P2302 Project Boundary Amendment 2020.pdf) but was ultimately approved by FERC. The ownership and FERC project Boundary test for inclusion in studies is not usually what determines if they are included. The test is whether the project operations impact the area, which they clearly do. Brookfield controls flows at this facility and at the upstream Gulf Island and Deer Rips hydro facilities and those three operations control water levels and flows in the canals that we believe are clearly affected by project operations. This raises a question of whether Auburn wants to advocate among stakeholders to exercise the FERC Study Dispute Process or take that on ourselves - either way we would need legal assistance and funding to do that. We are looking for preliminary feedback from Council on whether you wish to explore this further in an executive session. Staff's opinion is that we got most of what we asked for and would be happy to join Lewiston if they chose to challenge this important element, but that fight may not be our best use of limited resources.

The 2022 Study season is upon us, and Memorial Day Weekend will be the start of recreational monitoring and a survey for recreational users along the river in Auburn and Lewiston. We will be encouraging people who visit the area to take the time to fill out the survey. The results will be used to gauge recreational interest, benefits and

needs for the project area and nearby amenities affected by project operations. Signage has been placed along the Riverwalk and other project recreation facilities to alert the public of the existence of the survey and in person counts will be conducted by Brookfield staff throughout the summer. The website hosting the survey is here: https://lewistonfalls.brookfieldusprojects.com/ Results are intended to be collected based on specific locations visited and not from people that were there in the past so please encourage anyone visiting the riverfront area to check out the signs at Bonney Park, West Pitch Park, the North River Road Boat Launch, Durham Boat Launch or riverside parks and trails in Lewiston and provide feedback for each location that they enjoy or desire improvements. We will promote awareness of the effort on social media and any other opportunities.



Little Androscoggin River Dams - Recreation and Restoration Opportunities

Barker Mill Dams Update: The City participated, with other stakeholders, in the relicensing process at Lower and Upper Barker Mill Dams which are relatively small generators with limited profits. We achieved recreational benefits including increased minimum flows and controlled releases for whitewater paddling. The licensee looks very close to a settlement agreement to resolve a dispute over fish passage where the applicant used upstream obstructions as one reason not to restore fish access in the watershed. It looks like fish passage will be required during the terms of the new licenses and in exchange KEI will likely get a longer than normal license term of up to 45 years. Not many people that were here for this licensing process will be active participants in the next one. The proposed Settlement agreement would require KEI to install upstream passage for American eel for the 2026 migration season (June 1, 2026) and required to install upstream passage for anadromous fish species by the 2031 migration season (May 1, 2031), subject to a consideration of "New Information" as defined in the Settlement.

Littlefield Dam Update: The Littlefield Dam is the next obstruction upstream that impacts recreation, the environment and fish movement in the river. Past efforts to apply for grants to remove the unused partially breached dam have not been funded and required significant local match. There is a potential new opportunity in the coming years that has been explored by the Conservation Commission and Federal Grant Funding Sources that could go beyond restoration and include development of improved recreational access that furthers goals of the Comprehensive and Strategic Plans of the City. The anticipated funding sources may also be match free with the Little Androscoggin being identified as critical Atlantic Salmon Habitat. Sam Boss, Conservation Commission Chair explains this exciting opportunity below. Staff is hopeful that the City might be able to fund a planning and design exercise to position us for successful application when the funding becomes available. One option is to appropriate Comprehensive Plan Implementation funds if the Council is interested in this.

City Council, Mayor, and City Staff,

The Conservation Working Group has a longstanding interest in the removal of the defunct Littlefield Dam, which is a major barrier to fish passage on the Little Androscoggin River. Earlier this year we learned of an upcoming opportunity to apply for federal funds to support dam removals and other fish passage restoration efforts. The 2021 Infrastructure and Jobs Act allocated $400 million to the National Oceanic and Atmospheric Association (NOAA) to restore fish passage through the removal of dams and other barriers (further

information here). NOAA will award $80 million in grants for each of the next five years to support communities in undertaking river restoration efforts. Although a request for proposals has not yet been released, our contacts at NOAA have confirmed that the grants *will not* require a matching contribution from municipalities to support the costs of projects. Partner organizations such as Maine Rivers, the Androscoggin Watershed Council, and Trout Unlimited have described this funding and the lack of a matching requirement as a once-in-a-lifetime opportunity to make significant progress with river restoration efforts.

Because of the expected terms of the NOAA grants, we anticipate that the process will be highly competitive, and we have been working to lay the groundwork for a strong proposal when funds are released. Although some funding will be available to support the planning stages of dam removal and subsequent restoration efforts, we expect that shovel ready projects will have the best chance of receiving full funding. To this end, it would aid the development of a proposal significantly if the Council can provide funding to support further site assessments and planning. We have led multiple site visits, and have been in consistent conversation with local stakeholders including property owners on Littlefield Road and Panolam Surface Systems. Our goal is to identify scenarios for removing the dam that maximize ecological and recreational benefits to the broader community while minimizing any negative impacts for abutting property owners.

Outlined below are several key reasons to support the removal of the Littlefield Dam and further restoration efforts in the Little Androscoggin watershed.

1. **Improved fish passage and other ecological benefits**

   The Littlefield Dam is a full or partial barrier to fish passage, depending on the time of year and water levels. Removing the Littlefield Dam would help to pave the way for further efforts to restore fish species including alewives, shad, and American Eels to the Androscoggin watershed. These species need to travel freely from the ocean into freshwater rivers to spawn. Alewives in particular are a keystone species that provide a particularly important food source for the endangered Atlantic Salmon, as well as several other fish species (further information here). Removal of the Littlefield Dam will demonstrate our commitment to improving fish passage and strengthen our position in future negotiations for fish passage on the Lower and Upper Barker Dams. In addition to improving fish passage, dam removal improves dissolved oxygen content and sediment transfer, leading to healthier riverine ecosystems.

2. **Avoid potential safety issues**

   The Littlefield Dam has not been operational for at least fifty years, and there is no indication it has received regular maintenance in that time; FERC records indicate the most recent effort to restore the dam to production was in the 1980s, but that effort ultimately failed. During site visits when the water levels have been lower, we have observed significant corrosion of the bottom of the dam; high precipitation events or ice jams could eventually cause the dam to break in an uncontrolled way that would send concrete debris and sediment downriver and pose potential hazards to property owners and industries downriver. The dam can also present risks to swimmers, hikers, etc. who may go too close to the dam and not realize the dangers of its undertow. Taking full advantage of NOAA funds now to remove the dam in a controlled way will avoid the potential safety issues these scenarios could cause in the future.

3. **Improved recreational opportunities**

The Little Androscoggin is an underutilized resource for recreation that runs through the heart of Auburn. Removal of the Littlefield Dam could open up approximately four miles of the river for passage of kayaks and canoes and other small craft, with the potential that more of the river upstream would be navigable, depending on the water levels and time of year. NOAA staff have indicated that applicants should "think big", and submit a proposal that would support not only the removal of the dam, but the creation of possible recreational improvements such as a boat launch at the site, and restoration/modification of the riverbed to facilitate passage of boats and fish.

More information about the points outlined above is available on request (auburn.me.conservation@gmail.com).

Respectfully submitted,

Sam Boss, Chair

Conservation Working Group

WORLD REFUGEE DAY PROCLAMATION

WHEREAS, The World Refugee Day was launched by the United Nation to honor the bravery, strength and determination of refugees fleeing war and persecution; and

WHEREAS, refugees in communities across the welcoming state of Maine resettle in the hope of finding peace and safety for themselves and their families; and

WHEREAS, refugee communities from diverse backgrounds, with a variety of skills, abilities and experiences, have been and continue to be woven in the fabric of Maine's vibrant cultural tapestry throughout our states 200 year history; and

WHEREAS, refugee-led organizations in Maine share in the priority of our state to strengthen communities by engaging with and improving the lives of all Mainers; and

WHEREAS, all of Maine's communities are hoping to stay strong together as we recover from a time of uncertainty, reminiscent of experiences in the diaspora.

NOW, THEREFORE, I, Jason Levesque, Mayor of Auburn, do hereby proclaim June 20, 2022 to be World Refugee Day in Maine and recognize the positive impact and enduring contributions of refugee communities seeking refuge within Maine's borders.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the City of Auburn, Maine to be fixed this 6th day of June 2022.

_____

Jason Levesque, Mayor

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: June 6, 2022

Author: Sue Clements-Dallaire, City Clerk

Subject: Communication – Liberty Festival Mass Gathering

Information:
The organizers of the Liberty Festival have applied for their Mass Gathering Permit. City Ordinance states the following:

Sec. 14-252. - Clerk's notification to council.
As soon as the city clerk or designee receives an application to hold a mass gathering, the clerk shall give public notice by notifying the city council. Such notification shall appear as a formal communication on the agenda of the next regularly scheduled council meeting.

A Mass Outdoor Gathering is defined by ordinance as any gathering held outdoors with the intent to attract the continued attendance of 1,000 or more persons for two or more hours.

The public hearing and vote will occur at the second City Council meeting in June.

City Budgetary Impacts: $10,000 (Economic Development Budget)

Staff Recommended Action: Acknowledge the communication

Previous Meetings and History: This is a yearly event that has taken place in the Auburn/Lewiston communities for over 20 years.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell J.

N/A	**RUN/WALK/CYCLE** – Will event involve participants doing a walk-a-thon, road race, etc.? If yes, describe route:	☐	☒	☐
Separate permit required	**BURN PERMIT** – Will there be any open flame such as a bonfire? If yes, describe activity: Note - A permit from the Fire Department is required.	☐	☒	☐

N/A	**TENT/CANOPY** – Will you be setting up a tent or canopy? If yes, list number and sizes: 2 – 10x10 pop ups	☒	☐	☐
Separate fee and permit required	**ELECTRICAL POWER/EQUIPMENT** – Will electrically powered equipment be utilized, if so, provide a brief description of the equipment and the entity responsible for the installation of the electrical equipment? food vendors, lighting, DJ	☒	☐	☐
N/A	**ROAD/INTERSECTION CLOSURE** – Will any roads need to be closed to accommodate your event? If yes, please list: Court: Main, Plaza entrances	☒	☐	☐
N/A	**MAP/DIAGRAM** – Is a map or diagram attached detailing this event and depicting the placement of such items as tables, tents, port-a-potties, stage, parking, food service areas, etc.? This is a mandatory requirement for this application and must be included.	☐	☐	☐
N/A	**PARKING ACCOMODATIONS** – What will be the anticipated need for parking and what is your parking plan? Platz lot & parking garage	☒	☐	☐
N/A	**TOILETS** – Please list amount at event and/or nearest location: 5+1 ADA by TD Bank	☒	☐	☐
N/A	**WASTE DISPOSAL** – Please list process and location: trash cans provided; placed by the public works dept.	☒	☐	☐
N/A	**HAND WASHING FACILITIES** – Please list amount at event and/or nearest location: at porta parties	☐	☐	☐
N/A	**POTABLE WATER** – Please list amount at event and location:	☐	☒	☐
N/A	**FIRST AID FACILITIES** – Please list location at event: United Ambulance or Auburn Fire Dept	☒	☐	☐
$	**TOTAL FEE INCLUDED** – Checks payable to "City of Auburn"			

EVENT LIABILITY INSURANCE COVERAGE FOR EVENT

For an event such as a walk-a-thon, race, festival, concert, etc., the city requires general liability insurance coverage. The **City of Auburn** is to be named as "additionally insured" for the event activities on that date. Once the event is approved, the Certificate of Insurance will need to be received at least 30 days before the event and before permits can be issued. Please have the City of Auburn listed on the Certificate of Insurance (minimum coverage $1,000,000 Bodily Injury or Death, per occurrence, and $300,000 Property Damage, per occurrence). It should contain a clause providing that the policy may not be cancelled by either party except upon not less than 30 days written notice to the city. Please have your insurance company fax a copy to: City Clerk 207-333-6623.

DESCRIPTION OF EVENT – Please describe what will occur during your event

Signature of Applicant: Cathy McDonald Printed Name: Cathy McDonald Date Submitted: 4/16/22

Please note that you will be contacted by City Staff if you require additional permitting.

Please return this completed application with diagram and any applicable fee to:

City Council Public Hearing date, if applicable: _____

License Approved/Denied: 4/25/22 Date applicant notified: ✓

Sue,

Attached is the Liberty Festival application. We are also requesting the $10,000. funding towards the fireworks.

Also as discussed last year in planning meetings for the event, we were not required to provide insurance from the Liberty Festival because the pyrotechnics company, port-a-potty company and all vendors have insurance listing the city as additional insured. It was discussed as to whether we would need it again from us because we are just the organizers. We are hoping that is the same for this year.

Hope all is well with you. Seems great to be planning events again.

Thanks for your help and support !

Cathy

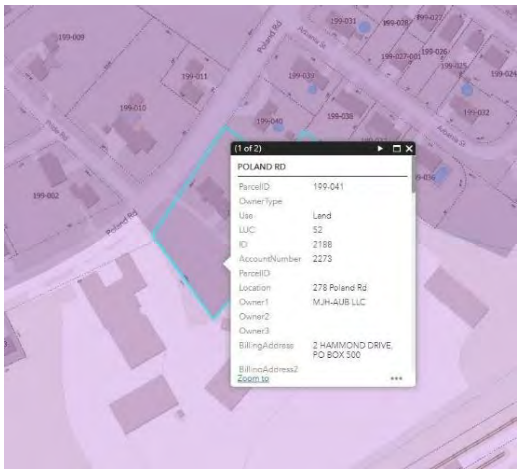
City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: June 6, 2022 **Ordinance:** 16-06062022

Author: Katherine Cook, Planning Coordinator

Subject: First reading of zone change request from Hammond Lumber, 278 Poland Road

---



Information: Hammond Lumber Company (owner) is requesting a zone change of the 1.75 +/- acre parcel at 278 Poland Road (PID 199-041). The request is to change this parcel form Suburban Residential (SR) zoning to Industrial (ID) zoning. The Parcel is already owned by Hammond Lumber and is surrounded by ID zoning and SR zoning. A recommendation for Hammond Lumber's request is pursuant to ARTICLE XVII DIVISION 2, SEC.1445-1448.
The Planning Board reviewed this request brought forth by a petition with the information and the recommendations noted in the staff report.

The Planning Board reviewed this proposal, held a Public Hearing and recommended that City Council reject Hammond Lumber's requested zone change on 1.75 acres +/- at 278 Poland Rd (PID 199-041) from Suburban Residential (SR) zone to Industrial (ID) zoning noting that the owner will address curb cut reductions and would be required to create a buffer that meets ordinance requirements and provides buffering to the neighborhood if a site plan review is a requested for proposed parking. Their motion is included in the packet.

Their recommendation was based on discussion between the applicants, the Planning Board, and members of the public and specified in the May 10th Planning Board Meeting minutes and on the YouTube Recording for this meeting.

City Budgetary Impacts: None.

Staff Recommended Action: Hold the first reading and hold a public hearing for the zone change at 278 Poland Road, Parcel I.D. 199-041 from Suburban Residential (SR) District to Industrial (ID) District.

Previous Meetings and History: May 10th 2022 Planning Board.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: Planning Board Memo, May 10th, 2022, Hammond Lumber Staff Report, May 10th, Application from Hammond Lumber, Hammond Lumber site plan.

Zone Change Request
278 Poland Road, Auburn ME 04210

Dear Planning Staff,

On behalf of Hammond Lumber Company, we are pleased to submit the following documentation for a zone change request to the City of Auburn. The requested zone change is for an approximately 1.75-acre parcel located at 278 Poland Road and identified by the City of Auburn as lot 199-041., and is within the City's Suburban Residential (SR) Zone and borders Auburn's Industrial (ID) Zone. The property was previously developed for residential use and consisted of a single-family house and barn. Hammond Lumber purchased the land, and in 2019, the buildings on the parcel were demolished and removed from the property. Hammond Lumber is now requesting the zone change of this property from the SR Zone to the ID Zone to allow the expansion of their development onto this parcel.

The subject parcel is located along the frontage of the Hammond Lumber site on Poland Road and abuts the entire front face of Hammond's primary and largest warehouse building. Adjacent residential development is located north across Poland Road and downhill to the east. There is an existing tree line along the eastern boundary of the property that extends from Poland Road to the rear of the Hammond Lumber development. The remaining area of the parcel is open lawn that is surrounded on three sides by Poland Road and Hammond Lumber's access drive and buildings.

With the aforementioned factors in mind, a zone change of lot 199-041 from Suburban Residential to Industrial will not pose any adverse effects to the Poland Road community or to the city as a whole A zone change will allow Hammond Lumber to utilize this area to its full potential by incorporating it into their existing development. The additional frontage will give Hammond Lumber the ability to create a more visually pleasing entrance along Poland Road that better matches the other industrial and commercial properties in the area. To assist with your review of this request, we have included the proposed design for how Hammond Lumber intends to utilize this site if the zone change is approved.

We hope the attached application and materials we have provided are sufficient information for the City of Auburn to allow Hammond Lumber Company's zone change request. The goal of Hammond Lumber Company is to obtain the zone change first, and then proceed with an application to the City of Auburn for improvements to the front façade of the existing retail building, a new parking lot with associated stormwater treatment, and much needed improvements to the frontage along Poland Road. Should you have any questions, or need additional information, please call James Seymour, PE at Sebago Technics, Inc. at 207-200-2083.

Sincerely,

SEBAGO TECHNICS, INC.

James R. Seymour, P.E.
Sr. Project Manager

- 500' Abutters List
- Full Size Plans
    - Existing Conditions Plan
    - Preliminary Site Plan

REZONING PETITION

We, the undersigned registered voters of the City of Auburn, do herein petition the City of Auburn to amend the Suburban Residential (SR) zoning portion of the zoning map on (PID 199-041) to allow for a zone change of SR to ID to support Industrial opportunities in an otherwise residential zoned neighborhood along Poland Road. The property has been owned by Hammond Lumber for a number of years. As the ID district is the adjacent use the current owner would like to have the zoning match their existing/adjacent property as they will be absorbing the property into their larger existing parcel. The abutting lot in common is currently zoned Industrial Development and is owned in common by Hammond Lumber Company entity. The home on the parcel located in the SR was demolished in 2019 and today it is an empty parcel. As the City is currently undergoing a zoning reorganization, this is a great time to include this adjacent parcel (PID 199-041) as part of the ID zone to match existing zone of the current owner (Hammond Lumber)

One of the primary tests of a zone change is its conformance with the Comprehensive Plan. The proposed Future Land Use Plan as part of the 2021 Comprehensive Plan update process has this area zoned as Industrial. The lot is outside the floodplain.

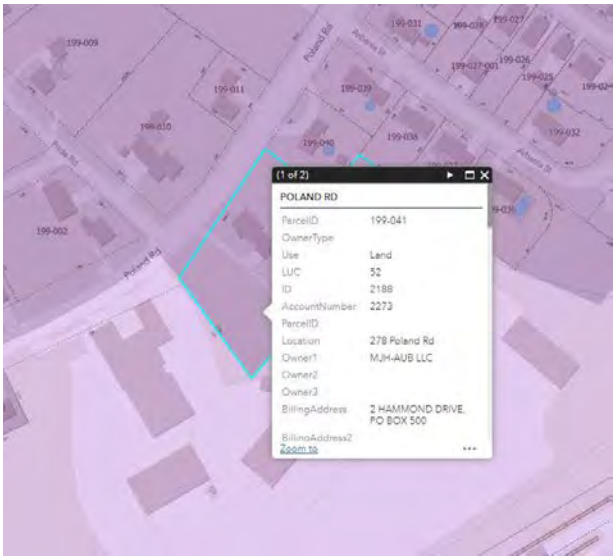
Re: Zone Change Request for Hammond Lumber, 278 Poland Road

Date: May 10, 2022

PROPOSAL #1: **PETITION/ ZONE CHANGE REQUEST:** Hammond Lumber Company (owner) is requesting a zone change of the 1.75+/- acre parcel at 278 Poland Road (PID 199-041). The request is to change this parcel from Suburban Residential (SR) zoning to Industrial (ID) zoning. The Parcel is already owned by Hammond Lumber and is surrounded by ID zoning and SR zoning. A recommendation for Hammond Lumber's request is pursuant to ARTICLE XVII DIVISION 2, Sec-1445-1448.



Amendments to the zoning ordinance, including the zoning map, may be initiated by the Planning Board on its own initiative or upon request by the City Council or **by a petition signed by not less than 25 registered voters of the city.** (Ord. of 9-21-2009, § 8.1A) This change was initiated by petition.

One of the primary tests of a zone change is its conformance with the Comprehensive Plan. The proposed Future Land Use Plan (FLUP) as part of the 2021 Comprehensive Plan update process has this area has a suggested zone as Suburban Residential but given the immediate proximity of ID on two sides and long-standing lumber companies ownership (61+/- years) in the immediate area this would be an enhancement to the growing lumber and construction industry in the community. Access to building materials in the community is a major asset to meeting economic and housing goals of the Comprehensive Plan.

The FLUP is not a zoning map. It is intended to show, in a general sense, the desired pattern of future land use and development *(Ref. City of Auburn Comprehensive Plan, Chapter 2, pg. 87)*

I. PLANNING BOARD ACTION/STAFF SUGGESTIONS: Staff suggests the Planning Board make a recommendation to City Council to amend zoning map amendment to PID: 199-041 from Suburban Residential to Industrial to support a business in an otherwise commercially zoned neighborhood. Although review of a site plan will be required later it is worth noting that site impacts will be addressed in that process, including:

1.) The owner will address curb cut reductions if a site plan review submission is requested for proposed parking areas.
2.) The owner would be required to create a buffer that meets ordinance requirements and provides buffering to the neighborhood if a site plan review is requested for proposed parking.

II. SUGGESTED FINDINGS AND REASONS:

1. The applicant submitted a rezoning petition with required signatures, City Zoning maps with Parcels identified, 500' abutters list, and plans which met the standards and the required materials to make the Zone change on April 8, 2022 thus meeting the time frame and submission standards (Sec. 60-1446).
2. The property in question is owned by Hammond Lumber and abuts its property already in the ID zoning district on two sides. Approximately the second half of the parcel abuts the suburban residential zone. The change would not affect the character of the neighborhood and would not impede public health, safety, convenience, and welfare (Sec. 60-1447).
3. The proposal can be implemented without detriment to city resources.
4. The proposal meets the general future land use plan pattern of development and is consistent with the current comprehensive plan.

III. DEPARTMENT REVIEW:

Suggested Motion: I make a motion to recommend that the City Council approve Hammond Lumber's requested Zone change on 1.75 acres +/- at 278 Poland Road (PID 199-041) from Suburban Residential (SR) Zone to Industrial (ID) Zone noting that the owner will address curb cut reductions and would be required to create a buffer that meets ordinance requirements and provides buffering to the neighborhood if a site plan review is requested for proposed parking.

City of Auburn, Maine
Office of Planning & Permitting
Eric Cousens, Director
60 Court Street | Auburn, Maine 04210 www.auburnmaine.gov | 207.333.6601

Proposal from the May 10th Planning Board staff report now before council:

Proposal: Hammond Lumber Company (owner) is requesting a zone change of the 1.75+/- acre parcel at 278 Poland Road (PID 199-041). The request is to change this parcel from Suburban Residential (SR) zoning to Industrial (ID) zoning. The Parcel is already owned by Hammond Lumber and is surrounded by ID zoning and SB zoning. Approval for Hammond Lumber's request is pursuant to ARTICLE XVII DIVISION 2, Sec-1445-1448.

Suggested Motion:

On May 10th, 2022, the City of Auburn Planning Board made the following recommendations:

"I move to recommend that City Council not rezone the property as it would be an encroachment of industrial area into residential neighborhoods."

(Motion from Mathieu Duvall, Second from Stacey LeBlanc)

Motion to NOT rezone the area to ID passes 5-2.

ORDINANCE 16-06062022

City Council Ordinance

IN CITY COUNCIL

Amendment to the Zoning Map to include the areas along Poland Road totaling approximately 1.75 +/- acres to be changed from Suburban Residential to Industrial shown on Auburn Tax Map as (PID 199-041)

Be it ordained, that the Auburn City Council approve the first reading of an amendment to the Zoning Map to include the areas along Poland Road totaling approximately 1.75 +/- acres to be changed from Suburban Residential to Industrial shown on Auburn Tax Map as (PID 199-041) as shown in the petition and below.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: June 6, 2022

Subject: Executive Session

Information: Economic development, pursuant to 1 M.R.S.A. Section 405(6) (C).

Executive Session: On occasion, the City Council discusses matters which are required or allowed by State law to be considered in executive session. Executive sessions are not open to the public. The matters that are discussed in executive session are required to be kept confidential until they become a matter of public discussion. In order to go into executive session, a Councilor must make a motion in public. The motion must be recorded, and 3/5 of the members of the Council must vote to go into executive session. An executive session is not required to be scheduled in advance as an agenda item, although when it is known at the time that the agenda is finalized, it will be listed on the agenda. The only topics which may be discussed in executive session are those that fall within one of the categories set forth in Title 1 M.R.S.A. Section 405(6). Those applicable to municipal government are:

A. Discussion or consideration of the employment, appointment, assignment, duties, promotion, demotion, compensation, evaluation, disciplining, resignation or dismissal of an individual or group of public officials, appointees or employees of the body or agency or the investigation or hearing of charges or complaints against a person or persons subject to the following conditions:
(1) An executive session may be held only if public discussion could be reasonably expected to cause damage to the individual's reputation or the individual's right to privacy would be violated;
(2) Any person charged or investigated must be permitted to be present at an executive session if that person so desires;
(3) Any person charged or investigated may request in writing that the investigation or hearing of charges or complaints against that person be conducted in open session. A request, if made to the agency, must be honored; and
(4) Any person bringing charges, complaints or allegations of misconduct against the individual under discussion must be permitted to be present. This paragraph does not apply to discussion of a budget or budget proposal;

B. Discussion or consideration by a school board of suspension or expulsion of a public school student or a student at a private school, the cost of whose education is paid from public funds, as long as:
(1) The student and legal counsel and, if the student is a minor, the student's parents or legal guardians are permitted to be present at an executive session if the student, parents or guardians so desire;

C. Discussion or consideration of the condition, acquisition or the use of real or personal property permanently attached to real property or interests therein or disposition of publicly held property or economic development only if premature disclosures of the information would prejudice the competitive or bargaining position of the body or agency;

D. Discussion of labor contracts and proposals and meetings between a public agency and its negotiators. The parties must be named before the body or agency may go into executive session. Negotiations between the representatives of a public employer and public employees may be open to the public if both parties agree to conduct negotiations in open sessions;

E. Consultations between a body or agency and its attorney concerning the legal rights and duties of the body or agency, pending or contemplated litigation, settlement offers and matters where the duties of the public body's or agency's counsel to the attorney's client pursuant to the code of professional responsibility clearly conflict with this subchapter or where premature general public knowledge would clearly place the State, municipality or other public agency or person at a substantial disadvantage;

F. Discussions of information contained in records made, maintained or received by a body or agency when access by the general public to those records is prohibited by statute;

G. Discussion or approval of the content of examinations administered by a body or agency for licensing, permitting or employment purposes; consultation between a body or agency and any entity that provides examination services to that body or agency regarding the content of an examination; and review of examinations with the person examined; and

H. Consultations between municipal officers and a code enforcement officer representing the municipality pursuant to Title 30-A, section 4452, subsection 1, paragraph C in the prosecution of an enforcement matter pending in District Court when the consultation relates to that pending enforcement matter.

City Council Workshop & Meeting
Agenda

- Economic development, pursuant to 1 M.R.S.A. §405(6)(C)

X. Adjournment

City of Auburn
City Council Information Sheet

Council Workshop: June 27th, 2022

Author: John A. Blais, Deputy Director of Planning and Permitting

Subject: Creation of a New DISTRICT REGULATION in Division 14, FORM BASED CODE; Article IV, Division 14, Sec. 60-549B-60-549.3B Traditional Downtown Neighborhood T- 4.2B

I. **Information**: The comprehensive plan update adopted on December 6, 2021, identified zoning map and text amendments needed to implement the goals of the plan updates. The area under discussion was recommended as follows by the Planning Board on June 21, 2022: *Residential uses should be allowed at a density driven by the form, lot size and configuration of the lot with no minimum road frontage required, shared driveways are encouraged. The areas within the Traditional Neighborhood designation are served by public/community sewer and water. In general, the minimum front setback should be 25 feet max. Side and rear setbacks should be 5-10 feet or 25% of the average depth of the lot to establish dimensional standards that relate to the size and width of the lot with up to 70% lot coverage. Minimum building height 1 story with maximum of 3 stories (excluding an attic story).*

1.) All Bed and Breakfast establishments allowed with special exception approval from the Planning Board.
2.) Residential Facilities allowed with special exception approval from the Planning Board.
3.) Lodging allowed with special exception approval from the Planning Board.
4.) Personal Services allowed with special exception approval from the Planning Board.
5.) Age restricted retail not allowed.
6.) Restaurants with over 30 seats not allowed.
7.) Government offices allowed with special exception approval from the Planning Board.
8.) Parking requirements (public or private) may be provided within 500 feet of the establishment for all FBC.
9.) Office, Service and Retail Use limited to 1,500 SF footprint and must include a residential unit, no drive through businesses allowed.
10.) Multifamily allowed with special exception approval from Planning Board.
11.) Artist studios and performing arts centers allowed with special exception
12.) Setbacks from a minimum of 5 to a maximum of 15 to a minimum of 5 to a maximum of 25 foot or 25% of the lot whichever is more (Staff does not recommend 25%-could lose form of residential lots on larger parcels).

The Planning Board and Council considered an approach to this, that staff has recommended be voted in favor of a new approach to create a new zoning district that better fits the area and incorporates a text component of new zone T-4.2B as recommended earlier by the council and planning board. A draft of the Codification is attached as well as the Draft findings of staff report to planning board.

Staff Recommended Action: Staff suggests council discuss the proposed changes and schedule the creation of a New DISTRICT REGULATION in Division 14, FORM BASED CODE; Article IV, Division 14, Sec. 60-549B-60-549.3B Traditional Downtown Neighborhood T- 4.2B for a first reading and public hearing as recommended by the Planning Board on July 18, 2022.

Previous Meetings and History: January 3rd Council Discussion Initiation, March 21,2022 Council First Reading and February 8th and March 8, 2022, Planning Board, June 21st Planning Board Meeting

---

City Manager Comments:

I concur with the recommendation. Signature:

DRAFT FOR REVIEW AND FINALIZTION AT THE 6/28/22 PLANNING BOARD MEETING

To: Auburn City Council

From: Auburn Planning Board

RE: Planning Board Report to City Council on Zoning Text and Map Amendments (T-4.2B Text and Court Street/City Core; 1,687.41 acres of Traditional Neighborhood Development District Areas Map amendment

Date: June 28, 2022

This report is the report from the Planning Board regarding the above-described map and text amendments pursuant to Section 60-1496 of the City of Auburn Ordinances. After notice and Public Hearings held on June 21, 2022, the Planning Board forwards this report to the City Council. The Board Recommends as follows:

1. PROPOSAL: **PUBLIC HEARING: Zoning Amendments**: Court Street/City Core; 1,687.41 acres of Traditional Neighborhood Development District Areas (T-4.2). Proposed text amendments to the Court Street/City Core of Urban Residential Area; 1,687.41 acres of Formed Base Code T-4.2 to T-4.2B (Exhibit A)

Motion: Brian DuBois; Second: Stacey LeBlanc

"I make a motion to recommend to City Council a text amendment suggested by Council with creation of a new form-based code zone T-4.2B with items listed under section 2 of your summary with a couple of revisions. One is under #9 to remove the words upper floor and say must include residential unit, and add number 12: that artists' studios and performing arts centers be considered a Special Exception"

Motion: Evan Cyr; Second: Riley Bergeron

"I make a motion to amend the front setbacks to include that we change the setbacks from a minimum of 5 to a maximum of 15 to a 5-foot minimum to a maximum of 25 foot or 25% of the lot whichever is more."

Motion to amend passes 7-0

The main motion is now amended to include the amended setbacks

---

Motion: Evan; Second: Mathieu Duvall

I am going to make a motion to amend to remove note number five (5) on page 19 of 22 which read that density of 14 dwelling units per acre unless special exception subject to planning Board approval."

Motion to amend passes 6-1

Motion to recommend new zone, T-4.2B with amendments passes 7-0

2. PROPOSAL: **PUBLIC HEARING: Zoning Map Amendments**: Court Street/City Core; 1,687.41 acres of Traditional Neighborhood Development District Areas (T-4.2). Proposed map amendment to the Court Street/City Core of Urban Residential Area; 1,687.41 acres of Formed Base Code T-4.2 to T-4.2B (Exhibit A)

Motion: Mathieu Duvall; Second Riley Bergeron

I'd like to make a motion to postpone this item until the first regular meeting of the Planning Board after the City Council finishes its deliberation and makes its decision on adoption of T-4.2B

Motion does not pass 0-7

Motion: Evan Cyr; Second Mathieu Duvall.

I make a motion to recommend the City to not (make a map) amend(ment) (regarding changing) T-4.2 to T-4.2 B for the Court Street area with a total area having been suggested for amendment of 1687.41 acres shown on the map exhibit A, due to process concerns specific to not knowing what the final language of T-4.2B will be from City Council that the Board would be adopting.

Motion passes as amended 7-0

DRAFT FOR CLARIFICATION BY THE BOARD: The Board intends to resume this discussion with an additional notice and public hearing after the T-4.2B Text has been finalized by the City Council.

OR

The Board requests direction from Council after receiving this report for how to proceed with future consideration.

Motion to continue the meeting to take on Item 5-8,

Motion does not pass. 5-2 (Need 100% concurrence found in Planning Board Policy- Article VI D: **No New Business.**

Motion does not pass. 5-2 (Need 100% concurrence found in Planning Board Policy- Article VI D: **No New Business.**)

DIVISION 14. FORM BASED CODE[1]

Subdivision I. In General

Sec. 60-546. Purpose.

The purpose of the form based code is to:

(a) Provide a building development pattern that is based upon the built environment's physical form and its relationship to the public realm and the private realm.

(b) Allow for a diversity of uses appropriate and compatible to the designated district area.

(c) Provide a more accelerated building design, review, approval and construction process.

(d) Deliver a more predictable building development outcome that is consistent with the traditional pedestrian-oriented street-building development pattern.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-547. Transects.

Form based code uses transects as a way to describe the areas under the regulating plan. A transect is a system of ordering human habitats in a range from the most natural to the most urban. Auburn's transects are organized using five form based code districts, (Transect 4.1, Transect 4.2B, Transect 4.2, Transect 5.1, Transect 5.2 and Transect 6), which describe the physical character of a place at a certain scale, according to the density and intensity of land use and urbanism.

(Ord. No. 04-03072016, 5-16-2016)

[1]Editor's note(s)—Ord. No. 04-03072016, adopted May 16, 2016, repealed former Div. 14, §§ 60-546—60-549, in its entirety and enacted new provisions as herein set out. Former Div. 14 pertained to the central business district and derived from Ord. of 9-21-2009, §§ 3.69A—3.69D; Ord. of 2-16-2010.

Sec. 60-548. Traditional Main Street Neighborhood (T-4.1)

Illustrative View of T-4.1 (Main Street)

Intent and Purpose:
Traditional Main Street Neighborhood (T-4.1)

The Main Street Neighborhood district is designed to continue the existing pattern of large houses set along Main Street. This area is characterized by front porches, residential front yards and front doors facing the street. T-4.1 promotes a lower-density and less concentrated pattern of buildings along the street, while maintaining a pleasing, connective and compact multi-modal environment.

Characteristic Features

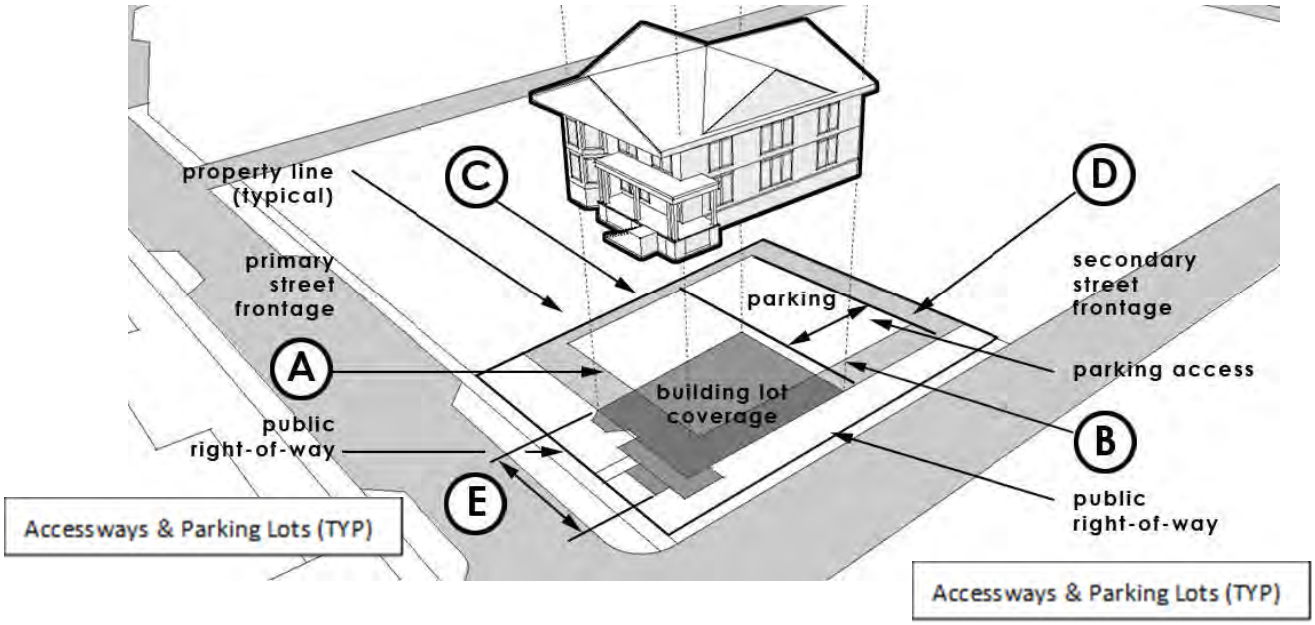
- Front lawns
- Front facade detailing
- Frontage fences
- Porches
- Bay windows
- Foundation planting and yard landscaping
- Street Trees
- Lower Density

Examples of Main Street Neighborhood - T-4.1

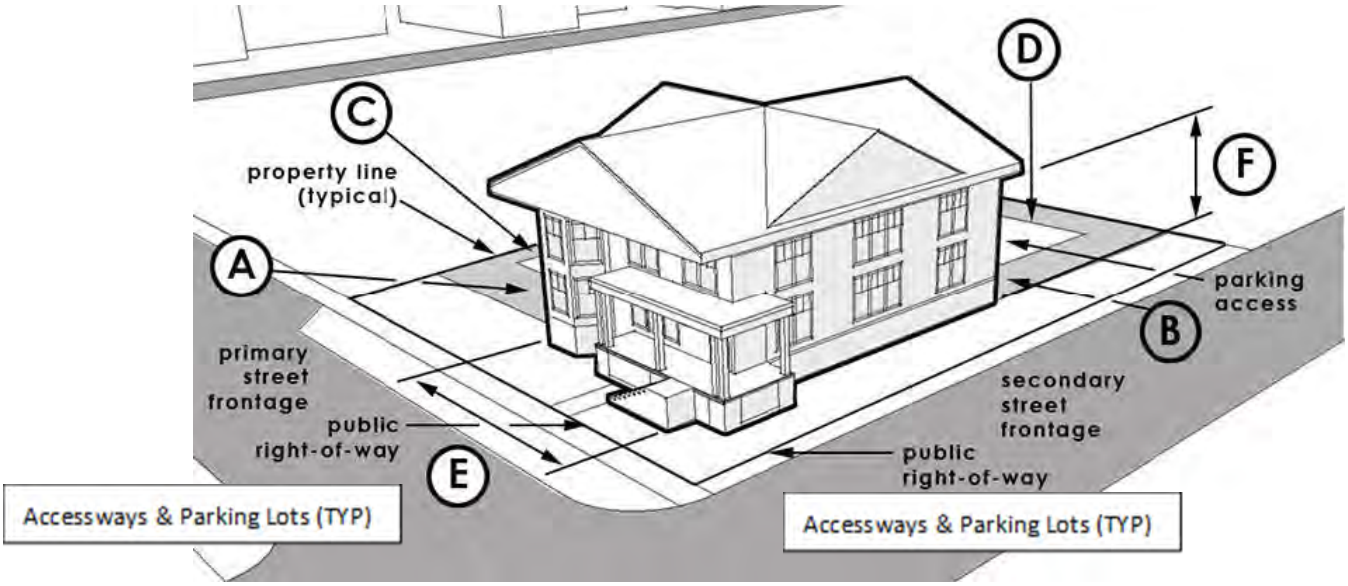
(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-548.1. Building placement and configuration T-4.1.

Elevated Building Placement



Building Placement on Lot



PRINCIPAL BUILDING PLACEMENT:

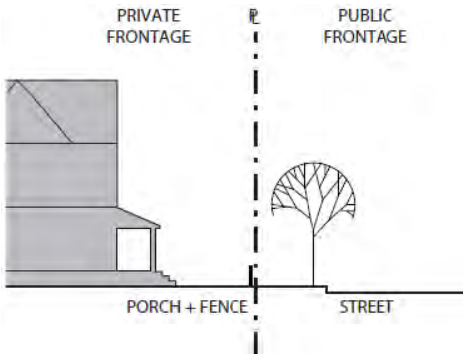
Common Yard



Porch Yard

BUILDING FRONTAGE TYPES:	Common Yard; Porch Yard

BUILDING ENTRIES:	Primary entry door is encouraged along ground story facade facing a primary street.
BUILDING ENVELOPE ARTICULATION:	
Ground Story Building Frontage Facade:	Windows and doors shall comprise a minimum of 25% and maximum 60% coverage of the total ground story facade frontage.
Upper Story Building Frontage Facades:	Windows and doors shall comprise a minimum of 20% and maximum 40% coverage of the total upper story facade frontage.
Ground Story Finished Floor Elevation:	The ground story shall be a minimum of 2 feet and 6 feet maximum above the front yard elevation (average grade).
Frontage Facade Wall:	Blank lengths of wall exceeding 10 linear feet are prohibited.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-548.3. External elements T-4.1.

Front Yard Fence:	A front yard fence a minimum of 2 feet and a maximum of 4 feet in height is encouraged to maintain spatial edge of street. Chain link, vinyl, split rail, or barbed wire is not allowed.
Front Yard Fence/Wall Opening:	A vehicle entry way, as part of a front fence/wall, shall be a maximum width of 20 feet; a pedestrian entry way shall be a maximum width of 6 feet.
Building Projections:	No part of any building, except overhanging eaves, awnings, balconies, bay windows, stoops and other architectural features shall encroach beyond the minimum or maximum front setback line.
Porch & Stoop Encroachments:	Porches & Stoops may encroach upon the minimum front setback line by the following distances: Front Setback, Principal Frontage 10 ft. maximum. Front Setback, Secondary Frontage 10 ft. maximum.
Garages:	Detached garages shall be located a minimum of 20 feet from any street right-of-way.
Driveways:	Driveways are encouraged to be on the secondary street frontage. Driveways shall be paved and a minimum of 8 feet wide and a maximum of 20 feet wide.
Parking:	Residential - Vehicle parking areas shall be located only on driveways or designated parking areas and shall not extend into the street right-of-way or sidewalk. Commercial - Parking shall be located to rear of the property to the greatest extent possible. Parking on a side yard is limited to no more than 60 feet wide or

	40% of the lot width. Screening and/or street wall is required for parking areas along a street.
Accessory Structures:	Accessory structures shall be located a minimum of 20 feet from any street right-of-way and 5 feet from either side or rear property line.
Landscaping:	Landscaping is encouraged but shall not extend into any sidewalk or travel way. Street trees are encouraged.
Foundation Planting:	Foundation plantings are encouraged but should be pruned and maintained with enough clearance from the building facade to encourage air circulation.

Sec. 60.549B. Traditional Neighborhood T-4.2B.

Illustrative View of T-4.2B

(Insert Image)

Intent and Purpose:
Traditional Neighborhood (T-4.2B)

The Traditional Downtown Neighborhood district is characterized by a small to medium sized buildings with smaller front yards and stoops in a more compact urban environment, and includes and traditional neighborhood sized storefronts. The smaller minimum and maximum building set-backs form a moderately dense street-wall pattern, diverse architectural styles and pedestrian friendly streets and sidewalks.

Characteristic Features

- More public and private realm interaction
- Front facade detailing
- Small front yards
- Bay windows
- Neighborhood scaled storefronts with large windows
- Frontage Fences
- Street Trees
- Moderate densities

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-553. Intent.

The conservation/open space district is reserved for natural resource and compatible open space uses such as agriculture and forestry, low-intensity recreation, facilities that provide water access and similar low impact uses. Uses that involve significant development or impervious surfaces should not be allowed in this district. Uses such as utility lines and roads may be located within the district if there is no practical alternative.

Subdivision II. Form Based Code Administration

Sec. 60-555. Form based code administration.

Form based code relation to zoning ordinance:

(1) The form based code shall regulate areas designated as form based code districts.

(2) All buildings and land uses located within a form based code district shall comply with section 60-33 et seq. (General Provisions) unless specifically stated otherwise in sections 60-546 to 60-558 of the form based code.

(3) Site plan/special exception. Any project located within a form based code district that requires special exception or site plan review shall comply with section 60-45.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-556. Form based code plan types.

(a) *Administrative types.*

(1) *By right.* No permits are required for projects such as normal maintenance or for new structures under 200 square feet.

(2) *Minor administrative.* Projects that require permits and comply with all form based code or zoning regulations, may be approved and permitted by the appropriate city departmental staff and will not require multiple departmental or planning board approval. These projects can be applied for at any time.

(3) *Major administrative.* Projects that do not qualify as a Subdivision. Special exception or site plan review type plans and comply with all form based code or zoning regulations, but due to multiple issues, will require review by the multiple city departmental staff.

(b) *Discretionary type plans.* The following plan types shall require review and action by the planning board.

(1) Subdivisions of three or more lots over a five-year period or a project creating more than three dwelling units. (Subdivision Review).

(2) Any project listed as special exception or "S" in section 60-554, Use and Parking Matrix Chart. (Special Exception and Site Plan Review).

(3) Any project within the form based code district proposing a total of 12,000 square feet of new construction, all floors included. (Special Exception and Site Plan Review).

(4) Any amendment to an existing discretionary plan that increases existing square footage more than 25 percent.

(5) Any project located within the form based code district area that seeks a waiver from the adopted form based code regulating development standards shall submit a complete Special Exception and Site Plan Review application for Planning Board review and action.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-557. Applicability.

(a) Any minor, major administrative type plan and/or discretionary plan, as defined in section 60-556, located within a form based code district, shall be required to submit a development review application prior to any issuance of building permits or development activity.

(b) Any development activity on or within property located with the form based code district shall be reviewed for compliance with applicable form based code or zoning ordinance regulations.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-558. Form based code development application procedure.

(a) *Administrative type plan application process.*

(1) Applicant identifies the subject property's zoning/transect district and determines what plan type the project is.

(2) Applicant reviews the project's compliance for form based code development standards, sections 60-548 through 60-552; including all sections on purpose, building placement and configuration, building frontages, external elements, lot layout, the Parking and Use Matrix Chart and administration; along with any other applicable zoning ordinance Regulations.

(3) Pre-development consultation. All administrative type plan applicants are encouraged to contact the Auburn Planning Office for a pre-development consultation to confirm the property's form based code or zoning district and discuss the form based code requirements and related zoning and/or other regulatory items. Failure to consult with the planning office may result in the delay of acceptance, review and approval of the application.

(4) Any minor or major administrative plan or discretionary plan applicant in a form based code district shall complete and submit a cover letter describing the project, a development review application, a form based code development checklist and the appropriate application fee and number of applications to the planning office.

(5) All form based code applications will be reviewed by the planning staff for completeness and applicant will be notified within five working days if the plan is deemed complete and whether the plan is administrative or discretionary. The applicant is responsible for working with the planning staff to correct any deficiencies needed to be accepted for further review.

(6) Type 2 and 3 administrative plans will be reviewed by the appropriate city departmental staff or other relevant agencies who will recommend approving, disapproving or postponing to allow for time to correct the application. The director of planning will notify the applicant of the decision in writing within 15 calendar days of its receipt of a completed application.

(7) The director of planning shall have the authority to require an administrative plan to be considered by the planning board and notify the applicant the justifications for doing so.

(b) *Discretionary project application process.*

(1) Applicant identifies subject property's zoning/transect and determines what plan type the project is.

(2) Applicant reviews the project's compliance for the applicable form based code development standards sections 60-548 through 60-552; including all sections on purpose, building placement and configuration, building frontages, external elements, lot layout, the Parking and Use Matrix Chart and administration; along with any other applicable zoning ordinance regulations.

(3) Pre-development consultation. All potential development and project applicants are encouraged to contact the Auburn Planning Office for a pre-development consultation to confirm the form based code or zoning regulations and discuss the form based code requirements and related zoning and/or other regulatory items. Failure to consult with the planning office may result in the delay of acceptance, review and approval of the application.

(4) Discretionary plan applicants will submit; a development review application, a form based code development checklist the appropriate application fee and number of applications to the planning office for review and consideration by the planning board according to their normal submission deadline and meeting schedule.

(5) Applications not meeting all the requirements of the form based code may include waiver as per section 60-1312 or variance requests as part of their application.

(c) *Waiver requests.*

(1) Any waiver request of form based code standards and requirements must identify what is regulation is being requested for the waiver and include a narrative explaining how the waiver, if approved, will allow the project to meet the purpose of the form based code and the objective of section 60-1277, site plan review.

(d) *Planning board approval.*

(1) The planning board shall approve, approve with conditions, disapprove or postpone based on its review of the application meeting all existing requirements, conditions, criteria and provisions of special exception, site plan review. Subdivision law and any other relevant procedural requirement of Chapter 60, Zoning, as part of its consideration of a form based code application.

(2) The planning board shall provide findings for approval or disapproval based on the application's meeting the purpose of the form based code.

(Ord. No. 04-03072016, 5-16-2016; Ord. No. 11-03012021, § 41, 3-15-2021)

DRAFT

City Council Ordinance

IN CITY COUNCIL

Creation of a New DISTRICT REGULATION in Division 14, FORM BASED CODE; Article IV, Division 14, Sec. 60-549B-60-549.3B Traditional Downtown Neighborhood T- 4.2B

Be it ordained, that the City Council approve the creation of a New DISTRICT REGULATION in Division 14, FORM BASED CODE; Article IV, Division 14, Sec. 60-549B-60-549.3B Traditional Downtown Neighborhood T- 4.2B as recommended by the Planning Board on June 21, 2022.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: June 27, 2022

Author: Phil Crowell, City Manager

Subject: ARPA FUNDING UPDATE

Information: City Manager will provide an update on:

- Non-Profit grant awards (spreadsheet attached)
- Sustainable Energy Matching Rebate Awards:
    - As of 6/23/2022 – 144 rebates were issued
    - State rebate program issued a total $120,518.40 in rebates
    - Auburn's rebate program issued total of $105,524.00 in rebates
- Auburn Sewer Storage Tank
    - The Auburn Sewerage District has procured a $4 million-dollar general resolution bond to cover their share of the up-front contribution to the construction of a storm surge tank to be located at the Lewiston Auburn Water Pollution Control Authority (LAWPCA). In order to fund this bond (and maintain adequate cash on hand for operational expenses), the district is planning to implement a 9.5% rate increase this year beginning on Oct. 1, and possibly a 7% increase in 2025. **If the City were to contribute $1.5 million in ARPA funds to this project, we could decrease the rate increase to 4.5% this year and 6.6% in 2025.** This contribution would save the average residential sewer customer $22/yr. and the City of Auburn would save approximately $2,800/yr.

City Budgetary Impacts: None

Auburn Sewerage District

Memo

To: Steve Milks, Auburn City Council Rep to Sewerage District

From: Sid Hazelton, P.E., Superintendent

CC:

Date: 5/17/2022

Re: Stormwater Storage Tank Request for Funding

On behalf of the Auburn Sewerage District, I am respectfully requesting consideration from the Auburn City Council to utilize a portion of the Cities ARPA funds to contribute towards the construction of a Combined Sewer Overflow Storage Tank to be located at the Lewiston Auburn Water Pollution Control Authority (LAWPCA). Justification for this project is further explained in the attached letter I sent to the Auburn City Manager on 11/19/2021.

I received no response to that request, as I was informed that the committee that considered requests had been dissolved pending assignment of new City Councilors. In a meeting with City Manager Phil Crowell today, he informed me that requests were being directly considered by the City Council, and I should reach out to you as the Auburn City Council Representative.

As you know, we have procured a $4 million dollar general resolution bond to cover our up-front contribution to this project.

In order to fund this bond (and maintain adequate cash on hand for operational expenses), we are looking to implement a 9% rate increase this year beginning on Oct. 1, and a possibly a 7% increase in 2025.

If the City were to contribute $1 million in ARPA funds, we could postpone rates for one year, or decrease to 5.5% this year and 7.5% in 2025.

If the City were to contribute $2 million in ARPA funds, we could postpone a 9% rate increase for two years or decrease to 3% this year and approximately 4% in 2025.

I appreciate you bringing this request before the City Council.

Please let me know if you have any questions, or need more information.

(207) 784-6469

(207) 784-6460

AUBURN SEWERAGE DISTRICT

268 COURT ST. - P.O. BOX 414

AUBURN, MAINE 04212-0414

Auburn City Building
Attn: Phil Crowell, Auburn City Manager
60 Court Street
Auburn, Maine, 04210

11/19/2021

Dear Phil,

At the monthly Auburn Sewerage District Trustee meeting on 11/16, the Trustees unanimously voted to respectfully request utilizing a portion of the Cities ARPA funds to construct a Combined Sewer Overflow Storage Tank.

As mandated by the Maine Department of Environmental Protection, we anticipate beginning construction of a 2 million-gallon Combined Sewer Overflow Storage Tank to be located at the Lewiston Auburn Water Pollution Control Authority (LAWPCA) beginning around 2025. Based upon similar projects, we assume a total project cost of approximately $25 million dollars. In 2020, CDM Smith was hired to complete a cost apportionment study, which resulted in a 70% Lewiston/30% ASD split. This roughly equates to $17M for Lewiston, **$8M for ASD**. Currently Consultant Woodard & Curran is working on tank siting, hydraulic evaluation, Geotech, and plant optimization in order to size the tank.

Lewiston has earmarked a portion of their $22 Million ARPA money to pay for their share of the tank.

We are requesting that the City of Auburn match Lewiston's effort, and contribute $8 million to pay for Auburn's share of the tank.

Installation of the storm surge tank will be the culmination of decades of stormwater separation projects that the City of Auburn has funded as partners with the Auburn Sewerage District. Once completed, this project will assure that untreated wastewater will not be discharged to the Androscoggin River during heavy rain events. This project will be instrumental in improving recreational opportunities in and on the river, and be a crucial step in eventually upgrading its classification.

Not only will funding this project benefit Auburn residents: it will be an opportunity for the ARPA funds to benefit Auburn's businesses and industries, as the majority of them are Auburn Sewerage District customers. Without assistance, the ASD may need to implement substantial rate increases to cover construction costs.

On behalf of the Trustees, thank you for your consideration. If you have any questions, or need more information on the project, please contact me at your convenience.

Sincerely,

Sid Hazelton, P.E.
Auburn Sewerage District Superintendent

Auburn Sewerage District

Memo

To: Steve Milks, Auburn City Council Rep to Sewerage District
Phil Crowell, City Manager

From: Sid Hazelton, P.E., Superintendent

CC:

Date: 6/22/2022

Re: Stormwater Storage Tank Request for Funding

On behalf of the Auburn Sewerage District, I am respectfully requesting consideration from the Auburn City Council to utilize a portion of the Cities ARPA funds to contribute towards the construction of a Combined Sewer Overflow Storage Tank to be located at the Lewiston Auburn Water Pollution Control Authority (LAWPCA).

This memo is written as a modified request following a letter I sent you on 5/19/2022 (attached), and a meeting we had with, Leroy Walker, Eric Cousens, Mike Broadbent, you two, and myself on Wednesday June 15, 2022.

Justification for this project is further explained in the attached letter I sent to the Auburn City Manager on 11/19/2021.

I understand the Council was informed of this project a few months ago in a workshop that was presented by LAWPCA Superintendent Travis Peaslee.

As you know, we have procured a $4 million dollar general resolution bond to cover our up-front contribution to this project.

In order to fund this bond (and maintain adequate cash on hand for operational expenses), we are looking to implement a 9.5% rate increase this year beginning on Oct. 1, and a possibly a 7% increase in 2025.

If the City were to contribute $1.5 million in ARPA funds, we could decrease the rate increase to 4.5% this year and 6.6% in 2025.

As outlined in the agenda packet narrative, this contribution would save the average residential sewer customer $22/yr, and the City of Auburn would save approximately $2,800/yr.

I appreciate you bringing this request before the City Council.

Please let me know if you have any questions, or need more information.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: June 27, 2022

Author: Phil Crowell, City Manager

Subject: Forestry Board and Tree Streets

Information: On March 21, 2022, Dave Griswold and Councilor Staples provided an update on the development of a street tree sustainability ordinance in order to provide information, planning and resources necessary to ensure the long-term viability and sustainability of the street tree component of the community forest.

Reasons for this ordinance:

1. The street tree component of the community forest has declined over time due to limited resources applied to maintain it.
2. Emerald Ash Borer (EAB) is a looming threat that is almost certain to impact Auburn's 430 ash street trees in the next decade.
3. This proposal is the result of discussions of the Community Forest Subcommittee of the former Conservation Commission, the former Conservation Commission, a City Council Workshop, the Sustainability and Natural Resources Management Board, from September 2021 to present.
4. This proposed ordinance provides for data collection, planning and budgeting necessary to address a significant sustainability issue.

City Budgetary Impacts: $25,000 was allocated during the FY23 appropriation to implement this ordinance.

Staff Recommended Action: Passage after a legal review.

Previous Meetings and History: March 21, 2022

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: Proposed ordinance and the Public Works policies for the implementation of the new ordinance.

AUBURN PUBLIC WORKS | Standard Operating Procedure

Subject: Asset Management	**Effective Date:** 09/22/2021	**Review Date:**
Distribution: All Personnel	**Approved By:** Denis D'Auteuil, Director	

Policy
The purpose of this policy is to direct and guide agency staff undertaking asset management practices in a systematic and coordinated way, in a manner which supports the City of Auburn's goals and objectives. Specifically, it addresses the need to:

- Provide consistent and accurate means of tracking and reporting on the city's assets, while improving decision-making, accountability, and transparency
- Provide a framework that will enable the city to implement plans, define goals, and work toward medium- and long-term sustainability, and to demonstrate fiscal stewardship
- Meet city's financial and strategic planning goals and requirements

Scope & Vision
Asset management is a broad strategic framework that encompasses many disciplines and involves the entire organization. To achieve established goals for infrastructure assets, Auburn Public Works will be guided by the statements and action steps set forth in this policy.

Auburn's goal for the community is a safe, livable, sustainable, and economically vibrant community, fortified by well-managed and maintained municipal assets. This goal will be met through investing in, maintaining, and mindful replacement of the assets for which our agency is responsible. Our goals include ensuring:

- Safe and well-maintained roadways, sidewalks, parks, and playgrounds
- Safe, dependable facilities, vehicles, and equipment
- Lowest total life cycle asset costs and
- Strategic decision-making (not necessarily taking care of/replacing assets that are in the 'worst condition' first)

This policy is intended to compliment the City of Auburn's Strategic Asset Management Plan (in development; scheduled for implementation in 2022).

Assets
Assets referred to in this policy include:

- Streetlights
- Street furniture
- Roads
- Facilities
- Trees
- Light pole banners
- Traffic lights
- Street trees
- Cemeteries
- Catch basins/drainpipes
- Playgrounds
- Parks

- Sidewalks
- Curbs
- Guardrails and
- Vehicles

Action Steps

Auburn Public Works' asset management efforts will be focused on:

- Maintaining an inventory of all assets (defined above), which can take several forms, including spreadsheets, GIS maps, etc.
- Implementing asset inspection schedules and preventive maintenance schedules, which will vary depending on the asset (any inspection/preventive maintenance schedules are established by other APW policies)
- Using asset management software (Lucity) and other technology for tracking
- Establishing asset replacement strategies, including life cycle expectancy, cost, and condition assessment, then
- Planning financially for the appropriate level of asset maintenance to deliver established service levels and extend the useful life of assets
- Planning and budgeting for asset replacement, most often as part of the city's CIP budget process, including justification
- Participating in city-wide infrastructure planning and investment to ensure the needs of the municipality will be met in the future

As part of asset management planning, the city may also consider actions that may be required to address vulnerabilities and risks to the city's infrastructure assets with regards to:

- Operations
- Levels of service
- Lifecycle management
- Disaster and incident planning

The City of Auburn will continue to follow all relevant regulations and requirements for capital asset reporting and asset management, including those of the Governmental Accounting Standards Board (GASB), and the City's Comprehensive Annual Financial Report (CAFR).

AUBURN PUBLIC WORKS | Standard Operating Procedure

Subject: Master Street/Landscape Management Plan	Effective Date: 06/06/2017	Review Date: 10/02/2020
Distribution: All Personnel	Approved By: Dan Goyette, Director	

Policy

An Urban Forest consists of all trees and shrubs found in a City or Town. These trees and shrubs coexist with buildings, asphalt, cars, power lines, and people. An Urban Forest adds tangible property value, temperature and precipitation control, water conservation, noise insulation, visual buffering and improved air quality.

While an urban forest provides numerous aesthetic and economic benefits, it can impose dramatic costs upon a community if it is not properly managed.

The Auburn Public Works Master Street/Landscape Management Plan will:

1. Define species to be planted
2. Outline planting/spacing requirements
3. Establish pruning, replacement and removal guidelines
4. Establish and maintains a comprehensive tree inventory (number, condition, size, species, planting sites, etc.)
5. Define future goals

1. Species

The City Arborist and Public Works maintain a tree inventory. The inventory includes an analysis of the number of trees, species, size, condition, and diversity. The inventory also includes an assessment of potential planting sites throughout the City.

The tree inventory shows that the predominant existing species is the Norway Maple. Other species seen frequently are Silver Maple, Sugar Maple, Red Maple Oak, Little Leaf Linden, White Pine and Ash.

Future plans include continuing to add more diverse species, incuding: Oak, Red Maple, Ginkgo and ornamental trees (crabapple, lilac, etc.). Planting of Norway Maple, Silver Maple and Ash will be avoided.

2. Planting/spacing requirements

The ideal planting space for a tree offers a six-foot square planting space. However, a realistic planting space could be smaller. Small, ornamental trees require 20 feet of planting space; large trees require 40 feet.

Efforts should be made to plant at least 30 feet from an intersection; at least five feet from a driveway; and no less than twenty feet from any other tree. It is imperative to avoid overhead and underground utilities. Dig Safe is contacted whenever planting using mechanical means.

Planting

- Measure the height and width of the root ball.
- Using root ball measurement, dig the hole. Place three fertilizer tablets in the hole.
- Put the tree in the hole.
- Backfill with the same soil, making sure the trunk is straight. Put the original soil back in the hole, breaking up large clods, and working it with your hands or a shovel. Mix in higher quality soil if needed. Water the root ball and the entire backfilled area.
- Put a 2 to 4-inch layer of mulch over the backfilled area. Pull mulch away from the trunk so that none touches the bark. There should never be more than 4 inches of mulch over the roots.
- Stake the tree using a tree staking kit. The tree should not be tied tightly. Remove stakes after 1-2 years.
- Newly planted trees should be monitored and watered weekly for the first few months (weather-depending).

3. Pruning, Replacement and Removal

Pruning healthy trees require a regular pruning schedule to preserve and control their health and appearance.

Pruning is conducted on an as-needed basis, prioritized by:

- sight distance/visibility issues
- vehicle clearance issues
- citizen requests
- road reconstruction projects
- staff-generated issues

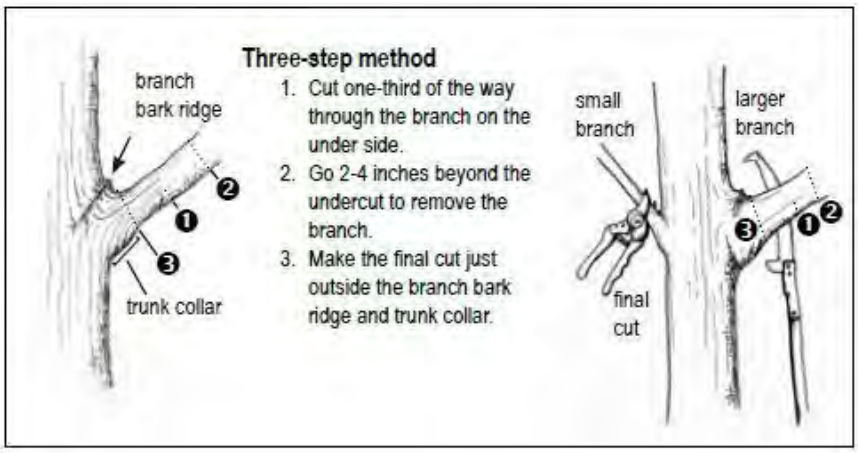
Central Maine Power will be contacted when pruning is required near power lines

Pruning Procedure:

Proper PPE is required. Support the branch with one hand while you make the cut to prevent the bark from ripping. If the branch is too large to support, use the three-step method:

- Cut one third of the way through the branch on the underside
- Go 2-4 inches beyond the undercut to remove the branch
- Make the final cut just outside the branch bark ridge and trunk collar

For the final cut, look for the branch bark ridge and trunk collar. Begin the cut just outside of the branch bark ridge, and angle down away from the trunk. Stay close to the trunk collar without cutting into it.



Beginning 2 years after planting, prune lightly every year or every other year (when possible). After 10 years, most trees will only require "hazard pruning."

Winter is the best time of year to prune because branches are easy to see, diseases cannot spread, and there is minimal stress to the tree. But for most trees, pruning can be done at any time.

Replacement/Removal

Trees deemed 'hazardous' by the City Arborist will be removed. Our goal is to replace every tree that is removed.

4. Tree Inventory

The City of Auburn maintains an inventory of trees, including number, condition, size, and species. This inventory is GIS based, and is maintained on the City's "AccessAuburn" application. It is accessible to staff in the field via handheld devices. APW staff members update the inventory as changes are made in the field.

5. Future Goals/Program Improvements

Partnerships: Green spaces and tree plantings should be encouraged at business and retail locations. This will include coordination with the Public Works Department to choose species and sites and to create a maintenance plan and define responsibilities.

Public Works will partner with the Lewiston Auburn Forest Board to educate and promote our Urban Forest. Initiatives may include celebration of Maine Arbor Week, education of local school children, education of the public, pursuing grant funding, recruiting community volunteers, and more.

A tree farm has been established at the Lake Auburn Community Center. Trees have been planted for future use in Auburn and Lewiston. This long-term investment will provide locally grown, healthy trees, nurture community relationships, and save money for both municipalities.

Beautification/Education: Collaboration with local non-profits, schools, and organizations can be an effective way to educate youth and adults and beautify our community. We will work to establish partnerships that support this goal.

Evaluation of Plan: This plan will be reviewed and, if deemed necessary, revised, no less than once every three years.

Street Tree Sustainability Ordinance

Chapter 56- Vegetation

Article II. -Trees and Shrubs

Division 3. - Street Tree Sustainability

Sec. 56-xx - Purpose.

The city hereby adopts the following street tree sustainability ordinance in order to provide information, planning and resources necessary to ensure the long term viability and sustainability of the street tree component of the community forest.

Sec. 56-xx – Authority.

This division is enacted pursuant to the Home Rule Authority granted to the city in accordance with the provisions of 30-A M.R.S.A. Sec 3001.

Sec. 56-xx – Definitions.

Street Trees - Trees within or upon the limits of any city road, public right of way or any public highway within the meaning of 30-A.M.R.S.A. Sec 3281.

Street Tree Inventory – Database within the City GIS system which documents physical location and description of each street tree, including species, diameter, condition, and hazard risk. The current street tree inventory was initially completed in 2018.

Removed Street Tree - Any street tree cut down and eliminated due to insect or disease damage, storm damage, hazardous condition, road work, accident or owner request.

Sec. 56-xx Maintenance of the street tree inventory

The city arborist shall keep the street tree inventory up to date by:

1. Keeping annual records concerning the removal, planting and maintenance of street trees.
2. Periodically reviewing the condition and any associated hazard of all street trees documented in the inventory.
3. Updating the street tree inventory database as needed to reflect information collected in parts 1 and 2.

Sec. 56- xx Replacement of removed street trees

1. Each fiscal year, the city arborist shall budget to purchase, plant and maintain the number of trees equal to the number of removed street trees from the previous year, at minimum. Replacement trees may be placed at the sites of removed street trees, or at other locations determined by the city arborist. City arborist planning shall be with appropriate input from the Community Forest Working Group or any successor committee.
2. The City Council shall endeavor to provide resources necessary to fund replacement of the prior years' removed street trees. In the event that this goal is not achieved, the number of unfunded replacement trees shall be carried forward and added to the total removed street trees described in part 1 for the following year.

Sec 56 -xx Street Tree Sustainability

1. Street trees are recognized as green infrastructure and an important component of neighborhoods as well as business districts. Street trees contribute to Auburn's economic and social well-being and positive public image. Sustainability of this component of the community forest depends on data collection, planning and resources to ensure that the number and condition of street trees does not decline over time.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: June 27, 2022

Author: Brian Wood, Assistant City Manager

Subject: Public Safety Facilities Presentation Part 2

Information:

The City of Auburn temporarily relocated the Auburn Police Department to City Hall in 2011 after extensive mold and flooding deemed the police station unusable. This relocation of the Police Department in addition to a needs and safety assessment of all three Auburn Fire Department location has resulted in a comprehensive facilities review that started in 2017. This review led to a determination that current facilities were inadequate to meet the modern safety standards and functional needs of the public safety deparmtents. Since 2019 staff has worked with consultants and subject matter experts to conduct assessments, land review and preliminary designs to understand what options would best address current and future needs of the public safety departments. These finding and options will be presented to City Council.

IN COUNCIL REGULAR MEETING JUNE 6, 2022, VOL. 36 PAGE 263

Mayor Levesque called the meeting to order at 7:03 P.M. in the Council Chambers of Auburn Hall and led the assembly in the salute to the flag. All Councilors were present.

Pledge of Allegiance

I. **Consent Items** - All items with an asterisk (*) are considered routine and will be enacted by one motion. There will be no separate discussion of these items unless a Council member or a citizen so requests, in which event, the item will be removed from the Consent Agenda and considered in its normal sequence on the agenda.

1. **Order 67-06062022***
Nominating City Manager Phillip L. Crowell, Jr. to Maine Municipal Association's 2022-2024 Legislative Policy Committee.

2. **Order 68-06062022***
Changing the date of the first regular City Council meeting in July from July 5, 2022 to July 11, 2022.

3. **Order 69-06062022***
Appointing Wardens and Ward Clerks for the June 14, 2022 Election.

4. **Order 70-06062022***
Re-appointing Jan Biron to the Age Friendly Committee with a term expiration of 6/1/2025.

5. **Order 71-06062022***
Re-appointing Belinda Gerry to the Age Friendly Committee with a term expiration of 6/1/2025.

6. **Order 72-06062022***
Re-appointing Frank Pippin to the Age Friendly Committee with a term expiration of 6/1/2025.

7. **Order 73-06062022***
Re-appointing Leroy Walker to the Age Friendly Committee with a term expiration of 6/1/2025.

8. **Order 74-06062022***
Appointing Heather Barnett to the Complete Streets Committee with a term expiration of 1/1/2025.

9. **Order 75-06062022***
Appointing Tim MacLeod to the Lewiston Auburn Transit Committee (LATC) with a term expiration of 7/1/2024.

10. **Order 76-06062022***
Appointing Michael Meigs to the Parks & Recreation Advisory Board with a term expiration of 10/01/2023.

11. **Order 77-06062022***

Re-appointing Kathy Shaw to the Regulatory Advisory Board with a term expiration of 6/01/2024.

12. **Order 78-06062022***
Appointing Tom Moulin to the Auburn Sewer District Board of Trustees with a term expiration of 3/1/2024.

13. **Order 79-06062022***
Appointing Jeff Chute to the Auburn Sewer District Board of Trustees with a term expiration of 3/1/2026.

14. **Order 80-06062022***
Accepting the transfer of $4,637 forfeiture assets in Rem in U.S. Currency to the Auburn Police Department (Unified Criminal Court Docket No. CR-21-2809).

15. **Order 81-06062022***
Accept the transfer of $1,321 forfeiture assets in Rem in U.S. Currency to the Auburn Police Department (Unified Criminal Court Docket No. CR-22-150).

16. **Order 82-06062022***
Accept the transfer of $1,075 forfeiture assets in Rem in U.S. Currency to the Auburn Police Department (Unified Criminal Court Docket No. CR-22-342).

Motion was made by Councilor Walker and seconded by Councilor Milks for passage of the consent items. Item number 10, Order 76-06062022 was removed from the agenda because the candidate withdrew his application.

Passage 7-0.

II. **Minutes** - May 16, 2022 Regular Council Meeting

Motion was made by Councilor Walker and seconded by Councilor Whiting to approve the minutes of the May 16, 2022, Regular City Council meeting.

Passage 7-0.

III. **Communications, Presentations and Recognitions**

- 2022 Mayor John Jenkins Hearts & Hands Leadership & Service Award was awarded to ELHS Basketball Coach Mike Adams
- Community Gardens - Kirsten Walter and Glen Holmes presented
- Hydro Power Update – Eric Cousens
- Proclamation – World Refugee Day
- Communication – Liberty Festival Special Event/Mass Gathering Request
- Council Communications (about and to the community)

Mayor Levesque announced the Grand Opening and Ribbon Cutting for Five Guys on Center Street is scheduled for Wednesday the June 8th at 10:30 am. He will be speaking at the LA Metro Chamber breakfast on June 9th at 6:45 am. The topic is on Workforce

Development and Education. The ELHS Adult Ed graduation is scheduled on the 9th of June at 7:00 pm in the ELHS gym. June 10th at noon, the VFW Minot Avenue chapter will hold their statewide convention. The unveiling of the John Jenkins pedestrian bridge will be held at 5:30 pm on Friday June 10th, and on Saturday, June 11th, a Celebration of Life, a tribute to John Jenkins will be held at the Lewiston Armory beginning at 2:00 pm and everyone is welcome to attend.

Councilor Staples thanked the city for the great Memorial Day dedication ceremony at Mount Auburn Cemetery as well as the Androscoggin Historical Society event put on by Tizz Crowley, along with a tour of Civil War Veterans graves.

Councilor Walker thanked everyone that worked on the Memorial Day celebration and also thanked Tizz Crowley for the Civil Ward event.

Councilor Gerry gave kudos to the Auburn Public Works Department for making our city look so great for the Memorial Day celebration.

IV. Open Session

Dr. Susan Stanford, 33 Goff Street spoke regarding the electrical wiring issues at her home.

Mamie Anthoine Ney, Director of the Auburn Public Library, announced that their "Books Around Town" fundraising event is underway.

Ann Parker, 69 Summit Street Auburn, thanked Mayor Levesque for including her in the award presentation earlier. She praised the recipients of the award (for 2021 and 2022). She spoke about the upcoming Celebration of Life, and the book that was published and available. The author of the book will be signing books at the Bridge Ceremony and the Celebration of Life. She invited everyone to attend both events.

V. Unfinished Business - None

VI. New Business

1. Ordinance 16-06062022

Approving the zoning amendment for 278 Poland Road. Public hearing and first reading.

Motion was made by Councilor Staples and seconded by Councilor Walker for passage.

Public hearing – Carol Lane, 30 Arbania Street, spoke in opposition of this proposed amendment.

Timothy Allen, Pride Road, spoke in opposition of this proposed amendment.

Motion was made by Councilor Gerry and seconded by Councilor Walker to postpone this item until July 18, 2022.

Passage 6-1 (Councilor Staples opposed).

2. **Order 83-06062022**
Allocating $300,000.00 of ARPA Funding to create a two-year pilot program called "Project Support You – Auburn".

Motion was made by Councilor Staples and seconded by Councilor Whiting for passage.

Public comment – a member of the audience asked what this was. Glen Holmes explained.

Motion was made by Councilor Staples and seconded by Councilor Walker to postpone this item until the first meeting of July.

Passage 5-2 (Councilors Gerry and Whiting opposed).

3. **Order 84-06062022**
Reallocating unspent bond proceeds in the amount of $32,376 to fund purchase of Flight Simulator.

Motion was made by Councilor Gerry and seconded by Councilor Morin for passage.

Public comment – No one from the public spoke.

James Scheller, Auburn Lewiston Airport Manager, provided additional information.

Passage 7-0.

4. **Order 85-06062022**
Adopting Juneteenth (June 19th) as an official city holiday.

Motion was made by Councilor Gerry and seconded by Councilor Morin for passage.

Public comment – No one from the public spoke.

Passage 7-0.

5. **Order 86-06062022**
Changing the date of the second regular Council meeting for the month of June from June 20, 2022 to June 27, 2022.

Motion was made by Councilor Walker and seconded by Councilor Staples for passage.

Public comment – No one from the public spoke.

Passage 6-1 (Councilor Walker opposed).

6. **Order 87-06062022**
Allocating $300,000.00 of ARPA Funding to create small area master plans in targeted growth areas within the city.

Motion was made by Councilor Staples and seconded by Councilor Milks for passage.

Public comment – No one from the public spoke.

Passage 7-0.

7. **Order 88-06062022**
Approving the sale of City owned property.

Motion was made by Councilor Walker and seconded by Councilor Morin for passage.

Public comment – No one from the public spoke.

Passage 6-1 (Councilor Gerry opposed).

VII. Open Session – No one from the public spoke.

VII. Reports (from sub-committees to Council)

Councilor Walker – reported that he received a letter regarding BJ's and the difficulty getting in and out of their parking lot.

IX. Executive Sessions - Economic Development matter, pursuant to 1 M.R.S.A. Sec. 405(6)(C). This item was taken up during the workshop.

VIII. Adjournment – Motion was made by Councilor Milks and seconded by Councilor Morin to adjourn. Unanimously approved and the meeting adjourned at 8:26 pm.

N/A	**FIRST AID FACILITIES** – Please list location at event: United Ambulance or Auburn Fire Dept	☒	☐	☐
$	**TOTAL FEE INCLUDED** – Checks payable to "City of Auburn"			

EVENT LIABILITY INSURANCE COVERAGE FOR EVENT

For an event such as a walk-a-thon, race, festival, concert, etc., the city requires general liability insurance coverage. The **City of Auburn** is to be named as "additionally insured" for the event activities on that date. Once the event is approved, the Certificate of Insurance will need to be received at least 30 days before the event and before permits can be issued. Please have the City of Auburn listed on the Certificate of Insurance (minimum coverage $1,000,000 Bodily Injury or Death, per occurrence, and $300,000 Property Damage, per occurrence). It should contain a clause providing that the policy may not be cancelled by either party except upon not less than 30 days written notice to the city. Please have your insurance company fax a copy to: City Clerk 207-333-6623.

DESCRIPTION OF EVENT – Please describe what will occur during your event

Signature of Applicant: Cathy McDonald Printed Name: Cathy McDonald Date Submitted: 4/16/22

Please note that you will be contacted by City Staff if you require additional permitting.

Please return this completed application with diagram and any applicable fee to:

June 8, 2022

Dear City Councilors of Auburn

My Name is Beth Spencer Woodhead. I am a resident of Auburn and a parent booster for Odyssey of the Mind Auburn teams.

Each Spring Auburn Middle School and Edward Little OM teams raise money For traveling to regional, State and National Competitions. In the last six years I have been a parent of a team member. I have helped fundraise.

I would like this Council to Vote yes to wave the sixty dollar fee associated with a temporary Food License. I plan to sell Labadies Bakery Whoopie Pies at festival Plaza on Six Wednesday Evenings during the Auburn Community Band Concerts this Summer.

all profits from these sales will be turned in to the Auburn School Department business office. As each school activity Can have an Account with the School Dept. business office. I would be turning in the fundraiser profits.

Please Consider Voting yes to waive the $60.00 fee for application of the temporary Food Service application Fee. I have turned in all application form papers to the City Clerk on June 8 2022.

Thank you for your time and Consideration
Beth S. Woodhead

ORDER 91-06272022

City Council Order

IN CITY COUNCIL

ORDERED, that the City Council hereby authorizes the City Clerk to waive the $60 business license fee (Temporary Food Service License) as requested by Auburn resident, Beth Woodhead who will be selling whoopie pies to raise funds for Auburn School Department's Odyssey of the Mind.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: June 27, 2022 **Order:** 92-06272022

Author: Glen E. Holmes, Director of Business & Community Development

Subject: Mutual Cooperation Agreement between the Cities of Auburn and Lewiston

---

Information: Every three years the Cities of Auburn and Lewiston enter into a Mutual Cooperation Agreement for the management of the HOME Investment Partnerships Program funds as provided by the U.S. Department of Housing & Urban Development (HUD). This agreement establishes the Auburn-Lewiston HOME consortium and appoints the city of Auburn as the Representative Entity responsible for the overall oversight and management of these funds.

HOME Investment Partnerships Program formula funding awards require a qualifying population size and composition, which neither city can achieve individually. These funds account for an average annual award of $500,000 per year to be split between the two cities. The HOME program has also provided for an additional HOME-ARP one time allocation of $1.7 million to be spent over the next 3 years.

The proposed Mutual Cooperation Agreement has been updated under the recommendation of HUD Community Planning Department staff and delineates the responsibilities of the representative member (lead) as well as that of the other member.

City Budgetary Impacts: Program dollars help to support the salary/benefits and program funds for Business and Community Development staff. Auburn's share of the allocation for the up coming year is approximately $298,500. Auburn's share of the HOME-ARP allocation is aprox $900,000 over the next 3 years.

Staff Recommended Action: Approve the Order as presented.

Previous Meetings and History: These consortium agreements have been in effect since 2002 and approved by City Council every three years.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: Auburn-Lewiston Consortium Agreement

AL (AUBURN-LEWISTON) CONSORTIUM

MUTUAL COOPERATION AGREEMENT
TO FORM A CONSORTIUM UNDER THE
HOME INVESTMENT PARTNERSHIPS PROGRAM

MUTUAL COOPERATION AGREEMENT made this 27th day of June, 2022, by and between the City of Auburn and the City of Lewiston (units of general local government) organized and existing under the laws of the State of Maine.

WHEREAS, the Congress of the United States of America has enacted the Cranston-Gonzalez National Affordable Housing Act, HOME Investment Partnerships Program; and

WHEREAS, the U.S. Department of Housing and Urban Development (hereinafter, "HUD") has promulgated regulations, notices, and requirements as now or hereafter in effect, allowing units of general local government to enter into mutual cooperation agreements to form a consortium or continue an existing consortium for the purpose of obtaining funding as a participating jurisdiction under the HOME Investment Partnerships Program (hereinafter, "HOME Program"), and

WHEREAS, the signatory units of general local government intend hereby to establish a consortium to cooperate in undertaking or assisting in pursuing housing assistance activities through the HOME Investment Partnerships Program, as it may be amended, and

WHEREAS, the signatories to this agreement agree to comply with all requirements of HUD regulations and requirements as now or hereafter in effect for eligibility to participate to the maximum extent possible in the HOME Program to create or improve affordable housing for their low and moderate income residents.

NOW THEREFORE, in consideration of the mutual promises contained herein, the parties to this agreement do agree as follows:

SECTION 1 - DEFINITIONS

a. "Member" means a unit of local government that is a signatory to this Agreement and therefore a member of the Consortium for the purpose of carrying out eligible activities under HUD regulations and requirements as now or hereafter in effect.

b. "Representative Member" means a unit of local government designated hereafter as the one member to act in a representative capacity for all members for the purposes of this Agreement, as defined in HUD regulations and requirements as now or hereafter in effect.

c. "Subrecipient" is a public agency or non-profit selected by the member to administer all or a portion of the member's HOME Program.

d. "Consolidated Strategy and Plan" means a Consolidated Plan, as defined in HOME Program

Regulation 92.2 and required by HUD regulations and requirements as now or hereafter in effect.

e. "CHDO" means a Community Housing Development Organization, as defined in HUD regulations and requirements as now or hereafter in effect.

f. "HUD Regulations and Requirements" means those HUD regulations and requirements which are applicable to the HOME Investment Partnerships Program.

g. "Commitment" means the member has executed a legally binding agreement with a recipient or a subrecipient to use a specific amount of HOME funds to produce affordable housing or provide tenant-based rental assistance; or has executed a written agreement reserving a specific amount of funds to a community housing development organization; or has met the requirements in the regulations to commit to a specific local project, including project underwriting according to Notice CPD-15-11 or other HOME Investment Partnerships guidance with respect to project/program review.

h. "Program Income" means gross income received by the member or subrecipient directly generated from the use of HOME funds or matching contributions. When program income is generated by housing that is only partially assisted with HOME funds or matching funds, the income shall be prorated to reflect the percentage of HOME funds used.

SECTION 2 - DESIGNATION OF REPRESENTATIVE MEMBER; POWERS AND DUTIES OF REPRESENTATIVE MEMBER

a. The City of Auburn, acting through its Community Development Director for the Community Development Department, hereinafter Consortium Administrator, will be designated as and agrees to assume overall responsibility as the Representative Member for this consortium for the purposes of the HOME Program, in compliance with HUD HOME Program statutes, regulations, and instructions, now or hereafter in effect, for the duration of this Agreement.

b. The Representative Member shall have access to all Member records related to the use of HOME program funds for the purpose of ensuring compliance with HUD regulations.

c. The Representative Member shall establish and maintain the local HOME Investment Trust Fund required by HUD regulations and requirements as now or hereafter in effect.

d. The Representative Member shall establish, with the prior consent of the Member units, such administrative procedures as may be necessary to facilitate the application for and distribution of HOME program funds.

e. Representative Member may provide technical assistance to the Members upon request. Said assistance shall not relieve each Member from compliance with all relevant HOME regulations, nor unduly burden the Representative Member.

f. The Representative Member may withdraw funds from the HOME Investment Trust Fund for a particular Member or Member's project only upon receipt of a written requisition signed by the Member requesting the disbursement.

g. The Representative Member may amend this Mutual Cooperation Agreement on behalf of the consortium to add new members to the consortium. When members are added, the funding formula shall be revised and agreed upon by all Members including the new Member.

SECTION 3 - DUTIES OF MEMBER UNITS OF LOCAL GOVERNMENT

a. Each Member agrees to cooperate in undertaking or assisting in the pursuit of housing assistance activities for the HOME Investment Partnerships Program.

b. The Consortium collectively acting through its Representative Member and each of its Members, acting through its Community Development Director (or other individual designated by each Member's chief executive officer), agrees to carry out eligible activities in accordance with the requirements of HUD regulations and requirements as now or hereafter in effect.

c. Each Member shall be responsible for obtaining the necessary local approvals for acceptance and allocation of HOME program funds.

d. Each Member shall be responsible for submitting to the Representative Member all information necessary for participation in the consortium as defined in HUD regulations, requirements, and schedules as now or hereafter in effect. This includes, but is not limited to, information necessary for the Consolidated Plan, Annual Plan, description of the use of HOME funds, the HOME Program Description including tasks to be performed, a schedule for completing the tasks, budget, and certifications, HOME Agreements executed with subrecipients, and performance reports.

e. Each Member shall be responsible for obtaining matching funds or matching fund credits for all its projects as required by HUD regulations and requirements as now or hereafter in effect. All Match funds shall be entered into the project funding portion of IDIS to be documented, tracked and carried forward into subsequent fiscal years.

f. Project Management.

(i) Representative Member shall be responsible for project management and shall perform all procedures and tasks necessary to implement and monitor each specific project and shall fully comply with uniform administrative requirements as stated in HOME Program regulation 92.505.

(ii) Each Member shall be responsible to develop, design and describe how each proposed project and site satisfy all applicable HOME Program regulations and the requirements of this Agreement and shall record these determinations in each project/site file together with an official approval memorandum signed by Member's responsible HOME Program staff. For multiple site programs the Member shall provide the proposed

program guidelines and any amendments to the same to the Representative Member for review.

(iii) Members shall assure that its share of the -24-month commitment requirement under the HOME Investment Partnerships Program regulations is met. Once projects are committed, each Member shall submit a commitment letter with the Consortium.

g. Each Member shall be responsible for developing qualified projects to spend their portion of the allocation on within 5 years of the award date.

h. Each Member shall be responsible for completing and closing out approved projects within 4 years from the commencement date.

SECTION 4 - FUNDING

a. The Representative Member shall be entitled to an amount of 5% of HOME Program funds for administration of the Consortium which shall be deducted from the annual allocation. Each Member will then share the remaining 5% (2.5% for Auburn & 2.5% for Lewiston) for administration funds permitted under the cap allowance pro-rata in relation to the percentage of HOME Program funds received by each member annually.

b. After the set aside for administration, each Member will share equally HOME Program funds allocated to the Consortium each year. A Member may voluntarily relinquish a portion or all of its HOME allocation, in writing, to another Member of the Consortium.

c. HOME funds will be deposited into and disbursed from the Consortium HOME Investment Trust account established by the Representative Member consistent with HOME Program regulation 92.500 the HOME Investment Trust Fund and 92.502 Program disbursement and information system. All loan repayments, interest, or other returns on investments shall be deposited into this account on a quarterly basis.

d. Reservation of HOME Funds.

(i) Unless otherwise suspended or eliminated by HUD, each Member shall be responsible for establishing its own projects and meeting its 50% share of the mandatory 24-month commitment of funds according to 92.500(d)(1) of the HOME rule and CPD-15-09. In January of each year, Representative Member shall communicate in writing with Member the status of the required commitment, and each shall identify in writing how commitment shares will be met. In May of same year, if either Member or Representative Member has not met the required level of commitment, then Member or Representative Member shall offer the uncommitted amount to the other, who may or may not accept responsibility for

committing these funds. There will be no obligation to accept or repay a transfer of funds. If transfer is not accepted by Member or Representative Member and funds are lost, then the loss shall remain with the original Member or Representative Member.

(ii) Project Set-Up in IDIS. Each Member shall request that the Representative Member "set up" in the federal Integrated Disbursement and Information System (IDIS) or any successor system, i.e. establish an activity and reserve funds for each particular site or eligible activity, after meeting all the requirements of the Mutual Cooperation Agreement.

(iii) Member shall forward a Set-Up Request in writing to the Representative Member, enclosing all required documentation together with the Auburn-Lewiston Consortium Project Compliance Checklist (AL Checklist), completed through the project initiation stage. The Representative Member will not establish an activity in the IDIS System if one or more of the following conditions occur: HUD Set-Up Report is incomplete; the data on the HUD Set-Up Report or other site data are inconsistent with HOME Program requirements, there is no evidence of local project approval have not been met; or there is incomplete project documentation.

(iv) The Representative Member agrees to provide the Member with Underwriting and environmental review requirements for the Members proposed projects or activities to be funded with HOME Program funds in the amounts as stated in the executed HOME - Agreements, as they may be amended from time to time, for the purposes described in said Agreements, provided that the Member has complied with all requirements of the HOME Program and this Agreement.

e. HOME Agreements.

(i) Prior to disbursing HOME Program funds each Member shall enter into a HOME agreement with the recipient including all provisions described in HOME Program regulation 92.504, or its successor. These agreements will be developed by the Representative Member based on project description and documentation provided by the Members.

(ii) The Representative Member shall include in each such HOME agreement additional provisions as may be required by HUD and such reasonable requirements as may be requested by the Member consistent with HOME Program regulations and this Agreement.

f. Review of Project Funding Instruments. Members shall transmit any proposed funding instruments and agreements to the Representative Member for underwriting consistent with the applicable Consortium guidelines, as they may be amended from time to time. Once guidelines and

funding instruments have been approved by the Representative Member, the Member may execute such funding instruments without further review by the Representative Member. Each Member must keep originals or certified copies of all case-specific funding instruments and related documents in project files.

g. Expenditures. The Member shall meet the principles and standards of cost allowability stated in 2 CFR 200, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards."

h. Processing and Release of Project Funds.

(i) Pre-Release Requirements.

(A) Funding Instruments. HOME - Agreement and funding agreements with recipients must be executed prior to set-up and/or drawdown. Closing documents with recipients must be executed or a specific closing scheduled prior to drawdown. No funds will be authorized or released for work done prior to the effective date of this Agreement and the applicable Consortium-Member HOME - Agreement.

(B) Environmental clearance. A Release of Funds, if applicable, must have been received from HUD for this project or activity.

(C) Set-up Request. The site shall be set-up in the HUD IDIS system as provided in Section 4 - Funding, herein.

(ii) Disbursement Procedure. The Representative Member shall draw down and release HOME funds on a reimbursement or "pay as you go" basis to the Member or on behalf of the Member to such designated subrecipient, vendor or other recipient as mutually approved by the Representative Member and Member consistent with the following procedure:

(A) Invoice. An invoice requesting payment shall be submitted to the Representative Member on a quarterly basis by the entity to be paid or reimbursed. Invoices must appear on the letterhead of the entity or another standard invoice form approved by the Representative Member, be signed by an individual authorized by the entity, and be submitted by the 15th day of the month immediately following each quarter-Requests for payment shall be limited to the amount currently needed for the payment of eligible costs consistent with HOME Program regulation 92.504(c)(2)(vi), corresponding to expenses already having been paid by Members. Requests for payment shall include:

1) An invoice detailing the amount being requested for reimbursement against the established budget signed by the program manager;
2) Documentation of draws paid to vendors or developers and any related inspection reports;
3) All pertinent back-up documentation for the charges including payroll records, time sheets, financial expense reports, and copies of source documentation; and
4) A spreadsheet that ties the invoice to the expense report including a summary the

salary expenses by project.

(B) Approval by Member. Each invoice submitted shall have been reviewed and approved by the Member for accuracy, quantity and quality of work, materials or services provided, consistency with contractual terms, and compliance with all applicable HUD and HOME Program regulations. As required by HOME Program regulation 92.504(c)(2)(vi) the Member shall limit the requested disbursement of project funds to the amount presently needed for payment of eligible costs.

(D) Processing Requisition and Checks. The Representative Member will process all approved requisitions for payment in a manner consistent with the Representative Member's accounts payable procedures. Incomplete or non-conforming requisitions will be returned to the Member. Checks will be mailed to the designated payee unless alternative arrangements have been made with the Representative Member.

(E) General. The Representative Member reserves the right to modify procedures herein as needed to comply with HUD and Representative Member's requirements. In such case, advance notification will be provided to the Members. Considerations unique to specific projects including but not limited to construction retainage, contingencies, retainage for compliance, and other aspects will be addressed on a case by case basis in a manner mutually acceptable to the Representative Member and Member and shall be described by the Member in a specific Project Description and attached to a HOME Project Funding Agreement.

i. Reversion of Assets. Upon expiration of this Agreement, each Member shall transfer to the Consortium HOME Investment Trust any HOME funds on hand at the time of expiration and accounts receivable attributable to the use of HOME funds per HOME Program regulations 92.503 and 92.504(c) and HUD Notice CPD 97-09. In the event the Consortium is dissolved, HOME funds and receivables shall remain in the custody of the Member, unless otherwise provided by HUD.

SECTION 5 - SETASIDE FOR COMMUNITY HOUSING DEVELOPMENT ORGANIZATIONS

Unless suspended or eliminated by HUD, each Member is responsible for reserving not less than 15 percent of its HOME funds for investment only in housing to be developed, sponsored, or owned by community housing development organizations (CHDOs), in accordance with the Consortium's Program Administration Guidelines and HOME Program regulations 92.300 - 92.303, as they may be amended from time to time. If one Member is able to fulfill the entire amount of this requirement, the other Member will not be required to also have a CHDO project. Members will coordinate this by January of each year prior to submission of the Annual Action Plan.

SECTION 6 - TERM OF AGREEMENT AND RENEWAL

a. This Agreement shall commence on July 1, 2022 and remain in effect during the period necessary to complete all activities funded by Federal Fiscal Year (FFY) 2023, -2024, and -2025 HOME Program grants or until the Consortium's status as a participating jurisdiction in the HOME Program is revoked by HUD, whichever occurs first. Members of the Consortium agree to a program year of July 1 to June 30 for the purposes of HOME.

b. Nothing in this Agreement obligates a Member to become a signatory to a future agreement to continue the Consortium for HOME Program grants subsequent to FY-2025. Each Member shall notify the Representative Member at least 60 days before the effective date of such future agreement if it intends not to become a signatory. Notwithstanding the foregoing, if the following FFY grant information is not available 60 days before the effective date, a Member shall use best efforts to notify the Representative Member as soon as possible after it receives the grant information.

SECTION 7 - REPAYMENT OF FUNDS AND PENALTIES

a. Repayment of HOME Funds to HUD. In the event that HUD requires the Representative Member to repay HOME funds disbursed to the Consortium for failure to meet affordability requirements as set forth in applicable HUD regulations, or for any other reason, each Member shall reimburse the Representative Member for the amount of funds required to be repaid on account of that Member's use of HOME funds. Consistent with the foregoing, the Representative Member, when acting as a Member shall remain solely liable to HUD for repayment of HOME funds originally awarded to the Representative Member, if required on account of the Representative Member's use of such HOME funds as a Member.

b. Cancellation. Each Member agrees to repay the Consortium HOME Investment Trust all HOME funds released to the Member attributable to a project in the event such project is cancelled for any reason. Such repayment shall be made within the time period specified by HUD or other reasonable time period agreed to by the Representative Member.

c. Violations. Each Member who continues to violate any HOME Program regulation, provision of this Agreement, or provision of a HOME - Agreement, after having an opportunity to cure, shall repay to the Consortium HOME Investment Trust Account any HOME funds disbursed directly to recipients or subrecipients, with respect to the site or sites where the violation has occurred, or such amount as HUD determines.

d. Penalties.

(i) Member. Each Member shall reimburse the Representative Member the full amount of any penalties assessed against the Representative Member by HUD as a result of that Member's use of HOME funds pursuant to this Agreement.

(ii) Representative Member. The Representative Member shall reimburse the Consortium the full amount of any penalties assessed against the Consortium by HUD as a result of the

Representative Member's failure to comply with HUD regulations.

e. Restriction on Future Funds. The Representative Member may withhold and restrict a Member's access to HOME funds if the Member fails to cure a violation, fails to repay HOME funds or fails to pay the penalties provided for above. Funds withheld in the amounts necessary to repay HOME funds or penalties should be charged against the Member's HOME funds in the following order:

(i) First against the funds for the project or projects in which the violation occurred or which are the subject of dispute between the Representative Member and Member;

(ii) Second against any other HOME funds allocated to the Member in the same fiscal year;

(iii) Finally, against HOME funds allocated to such Member in future fiscal years.

If HUD subsequently determines that no violation has occurred, the Representative Member shall make the withheld funds available to the Member for HOME projects. Otherwise such funds are retained for the benefit of the Consortium or in the case of penalties to reimburse the Representative Member or Consortium as the case may be.

SECTION 8 - OPPORTUNITY TO CURE OR DISPUTE VIOLATIONS, LEGAL RECOURSE AND INDEMNIFICATION

a. Opportunity to Cure. The Representative Member shall provide a written notice to a Member of the violation of any provisions of this Agreement-, or applicable HUD regulations. The notice shall set forth a description of the violation, the steps which must be taken to cure the violation and a reasonable time period established by mutual consent of the parties within which to effect the cure. However, if the parties are unable to agree to a deadline for full compliance, the Representative Member shall establish said deadline. The Representative Member may extend the time for cure if the Member proves its failure to cure was for circumstances beyond its control.

b. Disputing a Violation. If the Member and Representative Member disagree as to whether a violation has occurred, either may request HUD' determination of whether a violation exists. The Member disputing the Representative Member's finding of a violation may expend the subject funds, subject to repayment, unless the Representative Member chooses to withhold the funds.

c. Legal Recourse. In the event that any Member, including the Representative Member acting in its representative capacity, fails to comply with this Agreement, -, or a HOME Program or other HUD regulation or finding or fails to cooperate with any other Member, the Representative Member or the Consortium in complying with a HUD finding, the Representative Member or any other Member may take any steps necessary to fulfill its obligations to HUD and under this Agreement, including but not limited to legal action.

d. Indemnification for Violations. Each Member shall hold harmless the Representative Member, the Consortium and the other Members from and against all claims for repayment of HOME project funds attributable to such Member's failure to comply with applicable HUD regulations, this

Agreement, - and from penalties, costs and attorneys' fees related to such failure.

SECTION 9 - FAIR HOUSING

a. Each Member agrees to affirmatively further fair housing in accordance with applicable Federal Law, Consolidated Strategy and Plan and with 24 CFR 570.904(c).

b. Affirmative Marketing. The Representative Member shall adopt and implement an Affirmative Marketing Plan including affirmative marketing procedures for HOME assisted housing containing 5 or more housing units consistent with the requirements of HOME Program regulations 92.351. Each Member shall summarize these procedures in an affirmative marketing plan for each project. Documentation of action taken to carry out said site-specific plans shall also be placed in said files.

SECTION 10 – HOME/GENERAL PROVISIONS

a. Federal Regulations. The provisions of 24 CFR 92, HOME Investment Partnerships Program, Final Rule, 24 CFR 92 dated September 16, 2003 (hereinafter "HOME Program regulations") and all future amendments and revisions to the same are hereby incorporated into and made a part of this Agreement. The Representative Member and Members shall at all times comply with said HOME Program regulations and shall comply with other related Federal and state statutes and regulations, Executive Orders, 2 CFR 200, and all future revisions and amendments to the same. The Members shall become thoroughly familiar with all of the foregoing requirements as applicable and shall ensure that all projects comply in all respects.

b. Environmental Review. The release of funds for all HOME assisted projects and activities is subject to environmental review as set forth in HOME Program regulation 92.352 and 24 CFR 58. Each Member shall prepare and provide to the Representative Member all information necessary to obtain Release of Funds from HUD and documentation to establish specific site clearance consistent with Consortium procedures.

c. Equal Opportunity. Each Member shall comply with all applicable Federal and State laws governing discrimination and equal opportunity. In particular, each Member shall ensure compliance with HOME Program regulations 92.350 and the following statutes and executive orders pertaining to Equal Opportunity: Fair Housing Act; Executive Order 11063 (Equal Opportunity in Housing); Civil Rights Act of 1964, Title VI (Nondiscrimination in Federally Assisted Programs); Age Discrimination Act of 1975; Rehabilitation Act of 1973, Section 504; Executive Order 11246 (Equal Employment Opportunity); Housing and Urban Development Act of 1968, Section 3; Executive Orders 11625 and 121432 (Minority Business Enterprise); Executive Order 12138 (Women's Business Enterprise).

d. Labor Standards. Each Member shall comply with and/or ensure compliance with all applicable state and federal labor laws, including but not limited to the Davis/Bacon Act, 40 U.S.C. 276a-5 et. seq., Section 3 requirements established in 24 CFR part 75 and as applicable pursuant to HOME Program regulations 92.354. In particular, each Member shall comply with and/or ensure compliance with all applicable federal laws and regulations pertaining to labor standards and HUD

Handbook 1344.1 (Federal Labor Standards Compliance in Housing and Community Development Programs), and all future amendments and revisions thereto. Each Member shall require certification as to compliance with the provisions of this paragraph as required by HOME Program regulation 92.354.

e. Records. Each Member shall maintain all applicable records for its project(s) consistent with HOME Program regulations 92.508 Record-keeping. In addition, each Member shall make available copies of all such records as may be requested by the Representative Member for administration of the Consortium.

f. Reports. The Representative Member shall, on behalf of the Consortium submit such reports (with full and complete copies to the Member) as may be required pursuant to HOME Program regulations 92.509 Performance Reports. Each Member shall cooperate with the Representative Member in providing all data and information specific to each community and projects in such formats and time frame as required by HUD and the Representative Member. In addition, each Member shall prepare and submit to the Representative Member the project completion reports required by HOME Program regulation 92.502(d) Submission of project completion reports. This report shall be submitted to the Representative Member within 45 days of the final requisition for HOME funds together with a fully completed AL Consortium Project Compliance Checklist. Following review of the above for completeness, the Representative Member shall transmit the Project Completion Report on behalf of the Consortium to HUD as required by 92.502(d).

g. Faith Based Organizations. Each Member shall ensure that HOME funds are disbursed to a faith based organization in compliance with HOME Program regulations 92.257. In addition, each Member shall comply with the provisions of the above regulation with respect to assisting wholly secular organizations established by religious organizations which may be eligible to participate in HOME funded projects.

h. Conflict of Interest.

(i) In accordance with HOME Program regulation 92.356, the procurement of property and services by the Consortium, its Members and subrecipients is governed by the conflict of interest provisions stated in 2 CFR 200. Each Member shall comply with all applicable federal and state conflict of interest rules and shall endeavor to ensure the compliance with the same by all subrecipients as defined in HOME Program regulations 92.2 or other persons designated to receive HOME funds pursuant to this Agreement. At a minimum, each Member shall make a copy of all applicable conflict of interest provisions available to all recipients of HOME Program funds.

(ii) The conflict of interest provisions of part (i) of this section shall apply to the following persons: any person who is an employee, agent, consultant, officer, elected or appointed official of the Representative Member, or of the Members designated herein, or any state recipient, or subrecipient of HOME funds. None of the foregoing who exercise or have exercised any functions or responsibilities with respect to activities assisted with HOME

funds or who are in position to participate in a decision-making process or gain inside information with regard to these activities, may obtain a financial interest or benefits from a HOME assisted activity, or have an interest in any contract, subcontract or agreement with respect thereto or the proceeds thereunder, either for themselves or those with whom they have family or business ties, during their tenure or for one year thereafter. Any exceptions to the conflict of interest provisions stated or cited herein must be approved by HUD in accordance with HOME Program regulation 92.356(d). Each Member shall advise the Representative Member in writing as to any such exceptions granted by HUD.

i. HOME Project Requirements. Each Member shall perform and carry out the projects as described in the Consolidated Plan and Annual Action Plan approved by HUD during the period covered by this Agreement and funded pursuant to Consortium-Member HOME -Agreements consistent with specific Project Descriptions and in compliance with the requirements of HOME Program regulations Subpart F, Project Requirements, as applicable, depending upon the type of project assisted. Each Member shall comply with requirements contained in Subparts E and F specifically in HOME Program regulations 92.205 to 92.215 concerning eligible and prohibited activities, income targeting requirements in regulations 92.216 and 92.217, unit subsidy limits, and all other applicable requirements stated in regulations 92.250 through 92.258. Written agreements executed with a brecipient or other entity shall contain provisions requiring compliance with the regulations cited herein.

j. Ownership, Use, and Disposition of Property. Each Member shall comply with the affordability provisions referenced in HOME Program regulations 92.252 - 92.256, as applicable, which include income targeting, use requirements, initial and subsequent sale restrictions. For rental projects assisted with HOME funds, each Member shall require that the affordability requirements of HOME Program regulation section 92.252 be enforced by deed restriction or by restrictive covenants running with the land in accordance with HOME Program regulation 92.252(e). If a Member fails to comply with any of the requirements of this provision, the Member shall be required to repay HOME funds disbursed pursuant to this Agreement, consistent with HOME Program regulation 92.503(b).

k. Post-Completion Requirements. Upon completion of a project, each Member shall enforce all applicable short and long-term special requirements. Such requirements include, but are not limited to: compliance with housing affordability requirements (see HOME Program regulations 92.252 – 92.255 and 92.504(c)), and compliance with the Housing - Standards (see regulation 92.251 and 92.504(c)&(d)). Each Member shall require owners of HOME assisted housing to comply with the requirements stated above and all applicable requirements for the duration of the applicable period of affordability and shall incorporate such time period into the duration of agreements executed with recipients of HOME funds. Prior to the anticipated completion date for each site, each Member shall prepare a plan for each post-completion enforcement responsibility by site and shall include such plans in each site file. Each file shall include a Certificate of Final Inspection indicating compliance with applicable housing standards. Each Member shall notify the Representative Member of compliance with this requirement by completing the Post-completion Plan item on the ALConsortium Project Compliance Checklist for each site.

l. Other Federal Regulations and Provisions. Each Member shall comply with Federal regulations

incorporated in HOME Program regulation Subpart G, sections 92.300 through 92.303, Subpart H, sections 92.350 through 92.357, and all other applicable HOME regulations as well as all project requirements per this Agreement, provided that a Member's responsibilities with respect to environmental review contained in Subpart H shall be as stated in SECTION 10 – HOME GENERAL PROVISIONS, paragraph b., Environmental Review above.

m. Lead-Based Paint. Each Member shall remain solely responsible for ensuring that all projects at all times comply with applicable requirements of the Lead Based Paint Poisoning Prevention Act, 42 U.S.C. 4821, et, seq.; Lead-Based Paint Regulations 24 CFR 35 and all future revisions and amendments to the same. Each Member shall also ensure that all projects comply with such Lead-Based Paint regulations as may be adopted pursuant to HOME Program regulation 92.355, and with the applicable requirements of the Maine Lead Paint Statute, and all future revisions and amendments to the same.

n. Audit and Monitoring.

(i) General. Consortium and Member records shall be audited consistent with 2 CFR 200. Each Member shall be responsible for the cost of all audits performed on its records and operations pursuant to this section and may use designated HOME administrative funds. Other entities shall be responsible for the cost of their audits, respectively, and shall not use HOME funds for any portion of the cost of such audits unless expressly approved by a Member and included as an authorized cost in the Project Budget. Each Member and/or its subrecipient shall make available all such records and documents as requested by the Representative Member, HUD, and/or the Comptroller General of the United States. Such parties may examine and make copies, excerpts or transcripts from such records and may audit all contracts, procurement records, invoices, materials, payrolls, personnel records, conditions of employment, and all documents relating to all matters covered by this Agreement.

(ii) HUD Performance Reviews and Monitoring. HUD may conduct performance reviews and monitoring of the Consortium and of the Members as provided in HOME Program regulations 92.550 - 92.552. Each Member agrees to cooperate with HUD and the Representative Member to undertake such remedial action as may be required pursuant to HOME Program regulation 92.551, Corrective and remedial actions.

(iii) Monitoring. The Representative Member shall monitor each Member's projects to ensure full compliance with all applicable requirements. All monitoring shall be performed in accordance with applicable HUD monitoring guidelines and on forms agreed to by the Representative Member and Member. Monitoring shall occur between January and June of even years starting with 2023. Representative Member and Member - shall be responsible to follow through to resolve and clear any monitoring findings with respect to their own projects.

o. Indemnification.

(i) Disclaimer. Each Member shall hold harmless and defend the Representative Member, the Consortium, and the other Members from and against all claims arising from any latent, or patent defects in any work performed or services provided with respect to each Member's projects pursuant to this Agreement and any duly executed Consortium-Member HOME - Agreement.

(ii) Indemnification. Each Member shall indemnify, hold harmless and defend the Representative Member, the Consortium, and its agents, from and against all claims, damages, losses, and expenses including, but not limited to, attorneys' fees arising out of or resulting from the use of HOME funds disbursed pursuant to this Agreement with respect to each Member's projects, provided that any such claim, damage, loss or expense is (1) attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property, and (2) is caused in whole or in part by any negligent act or omission of a Member, anyone directly or indirectly employed by a Member, or anyone for whose acts the a Member may be liable, regardless of whether or not it is caused in part by a party indemnified hereunder.

p. Insurance. Each Member shall require that all owners, contractors and subrecipients of HOME assisted projects shall at all times maintain certain types of insurance coverage consistent with the character of the project and shall ensure compliance with the following as applicable.

(i) Certificate of Insurance. At time of closing of a grant or loan providing assistance, each Member shall obtain a certificate of insurance covering the assisted premises. Said certificate shall provide coverages of the types and amounts stated in subparagraphs (A) and (B) herein. The insurance provided shall be maintained for the duration of the note, mortgage or the affordability period, whichever is longer.

(A) The certificate of insurance shall provide, at a minimum, comprehensive general liability insurance and property insurance with an arrangement of coverage specifying the premises. The certificate shall name the Member as loss payee. Any changes from the standard required coverages and amounts as stated below must be mutually agreed to in advance and in writing by the Member and Representative Member.

(B) Minimum Requirements. Typically, the following coverage will be required at the minimum amounts indicated:

Property Insurance: *Minimum Amount* = 100% of market replacement value or amount of HOME funds invested and all senior indebtedness, whichever is greater.

Liability Insurance: *Minimum Amount* = HOME funds and all senior indebtedness.

(ii) Flood insurance. All HOME - assisted projects are subject to the Federal Flood Disaster Protection Act and associated regulations. Each Member shall ensure compliance with the applicable requirements, including ensuring the provision of flood insurance protection coverage, when required. At time of closing for providing assistance, each Member shall obtain a certificate of insurance covering the assisted premises. Said

certificate shall provide the following minimum coverage: *Minimum Amount* = HOME funds and all senior indebtedness.

(iv) Construction Insurance. Prior to the commencement of work on any HOME-assisted site, each Member shall obtain a certificate of insurance covering the work to performed. Said certificate shall provide coverages for premises, operations, contractual liability, completed operations, automobile liability, employers liability, workers' compensation and professional liability (where applicable). Minimum amounts are stated in subparagraphs (A) and (B) below. The insurance shall be maintained for the duration of the work to be performed.

(A) Minimum Requirements. Typically, the following coverages will be required at the minimum amounts indicated:

Workmans' Compensation:	Statutory coverage.
Employer's Liability:	$100,000 Coverage B
Comprehensive General Liability:	$300,000 each occurrence
Bodily Injury:	$500,000 each occurrence
Property Damage:	$100,000 each occurrence $300,000 aggregate

(B) Automobile Liability (case by case basis, subject to determination by Member and Representative Member) for owned and non-owned vehicles:

Property Damage:	$100,000 each occurrence $100,000 aggregate
Bodily injury	$250,000 each occurrence $500,000 aggregate

q. Displacement and Relocation.

(i) General. Each Member shall take all reasonable steps to minimize displacement of persons consistent with the requirements of HOME Program regulation 92.353. In the event that displacement cannot be avoided, each Member shall ensure compliance with HOME Program regulation 92.353, including the provision of relocation assistance in accordance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, hereinafter "URA", as amended. In addition, the Member shall ensure compliance with the most current edition of HUD Handbook 1378 "Tenant Assistance, Relocation and Real Property Acquisition".

(ii) Use of Community Development Block Grant funds (CDBG). If CDBG funds are utilized in the HOME assisted project for optional relocation costs (not administrative or planning costs) and/or for any project based costs, including staff project delivery costs, each Member shall ensure compliance with all applicable provisions of the Housing and Community

Development Act of 1974, and applicable implementing regulations set forth in 24 CFR 570.

(iii) Responsibility of Member. Each Member shall prepare and maintain all necessary displacement and relocation plans and documentation, including, but not limited to site-by-site relocation plans, determinations of comparable housing, amounts and types of relocation assistance proposed, etc. as required by the URA. Each Member shall record compliance with all applicable relocation requirements on the AL Consortium Project Compliance Checklist.

r. Acquisition. The acquisition of real property for a HOME project is subject to HOME Program regulation 92.353, the URA and the requirements of 49 CFR 24, Subpart B. Each Member shall ensure compliance with all of the foregoing, and shall prepare and maintain all necessary acquisition documentation, including, but not limited to: appraisals, offer letters, required notices, checklists, and any related materials.

s. Procurement. Each Member agrees to fully comply with applicable requirements as referenced in 2 CFR 200. Procurement steps must satisfy all applicable advertisement, competitive pricing, minority outreach, award, documentation and related requirements. Note that 2 CFR 200.213 prohibits the use of debarred firms.

t. Loan Servicing. In the event a loan or loans are issued with HOME funds, the Representative Member and each Member shall work out appropriate arrangements for the financial servicing of said loan(s) satisfactory to the parties. Each Member shall establish and maintain accounting records and procedures consistent with 2 CFR 200, HOME Program regulations 92.505 and 92.508(a)(6), including but not limited to individual loan case files, loan account histories, posting of payments and/or deferrals, account maintenance and updates, recording of loan discharge documents, preparation of IRS reports as applicable, loan portfolio reports, loan receivables control, loan repayment and interest reports, and related loan management documents. Loan payments, repayments and recaptures shall be handled in accordance with 92.503.

u. Assignability. Neither any Member nor the Representative Member shall assign any interest in this Agreement and shall not transfer any interest in the same whether by assignment or novation.

v. Liens.

(i) General. Each Member shall ensure that any property benefiting through a HOME-assisted activity is free from any attachments, tax liens, mechanics' liens or any other encumbrances except as provided in paragraph (ii) below.

(ii) A property assisted with HOME funds may have multiple mortgages subject to the discretion of each Member, and subject to loan underwriting analysis confirming sufficient equity is available to secure such HOME loan as may be secured by said property.

SECTION 11 - CHANGES

In the event that changes in this Agreement become necessary, a Member initiating such changes shall notify the Representative Member in writing describing the subject changes. Upon mutual consent regarding the requested changes, the Representative Member shall prepare an amendment

to this Agreement incorporating said changes which shall become effective following execution of the respective authorized signatories of the Members.

SECTION 12 - APPLICABLE LAW

This Agreement shall be governed by and construed in accordance with the laws of the State of Maine and all applicable HUD regulations. HUD HOME Program regulations (primarily at 24 CFR 92) and requirements, as now or hereafter in effect, are incorporated by reference and shall take precedence for determining any issues that may arise concerning the Consortium.

SECTION 13 - SEVERABILITY

a. The provisions of this Agreement are severable. In the event that any provision herein is declared void or unenforceable, all other provisions shall remain in full force and effect.

b. This Agreement is executed in two (2) counterparts, each of which shall be deemed to be an original and constituting together one and the same instrument, this being one of the said counterparts.

SIGNATORIES

IN WITNESS WHEREOF the parties hereto have executed this Agreement in two counterparts, as of the date first written above.

ORDER 92-06272022

City Council Order

IN CITY COUNCIL

ORDERED, the City Manager approve and sign the HOME Funds Consortium Agreement for the period commencing on July 1, 2022, and ending June 30, 2025, as presented.

Richard S. Whiting, Ward One
Joseph R. Morin, Ward Four
Belinda A. Gerry, At Large

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: June 27, 2022 Order: 93-06272022

Author: Dan Goyette, Capital Investments & Purchasing Director

Subject: HVAC SYSTEMS

Information: In partnership with Building Infrastructure Management Solutions (BIMS), we have identified three city-owned facilities totaling four projects that are in need of HVAC upgrades and/or replacements of equipment. These upgrades/replacements will provide for air quality improvements, heating, air conditioning, and a reduction in excessive operational costs (energy and maintenance.) The four selected projects have been prioritized based on imminent failure and/or need.

Hasty Community Center – carbon dioxide levels far exceed acceptable standards. There is currently no air conditioning system, and the heating system is 66 years old. (Boiler is only 13 years old but the piping system is 66 years old and does not function.)

Library – The existing boilers are beyond their useful life. Currently, staff is utilizing plug in portable heaters to make their workspace comfortable. Will replace existing boiler with state-of-the-art boilers and associated piping.

Library – Current ventilation system does not work. Carbon dioxide levels far exceed acceptable standards. Will upgrade to new roof top units.

Norway - Ventilation system does not currently work as designed. Carbon Dioxide levels far exceed acceptable standards. Ventilation system does not meet code requirements.

The upgrade/replacements of all these projects will result in energy savings as well as improved health of our staff and users.

This project aligns with ARPA (American Rescue Plan Act) focus area – 1 / 1.7 Capital Investments or Physical Plant Changes to Public Facilities that respond to theCOVID-19 public health emergency.

City Budgetary Impacts: None

Staff Recommended Action: Vote to allocate $1,600,000.00 in ARPA (American Rescue Plan Act) funds for the upgrades and/or replacements of HVAC systems in our city-owned facilities.

Previous Meetings and History: Workshop presentation June 6, 2022

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

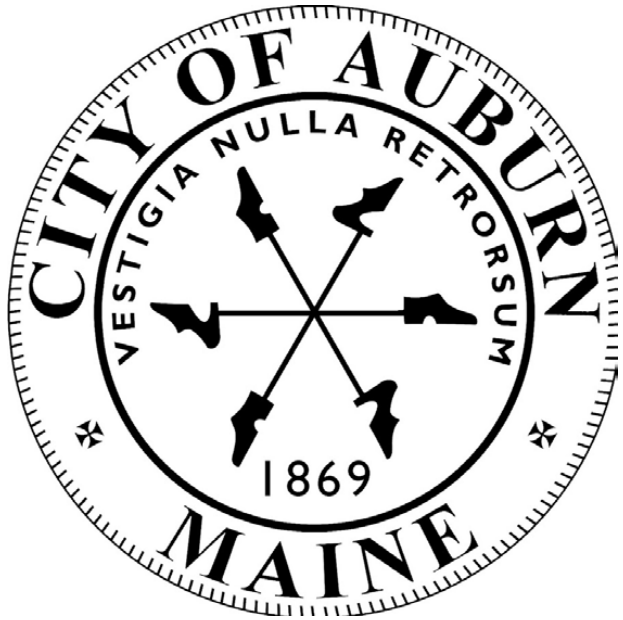
Supporting our Public Building Assets While Reducing Taxpayer Burden Utilizing ARPA Funding

A Financial and Technical Summary



Supporting our Public Building Assets While Reducing Taxpayer Burden Utilizing ARPA Funding

Hasty Community Center

- *City Emergency Shelter*
- *Critical Space During COVID Pandemic (School Space)*

Auburn Public Library

- *Brings People, Resources and Ideas Together*

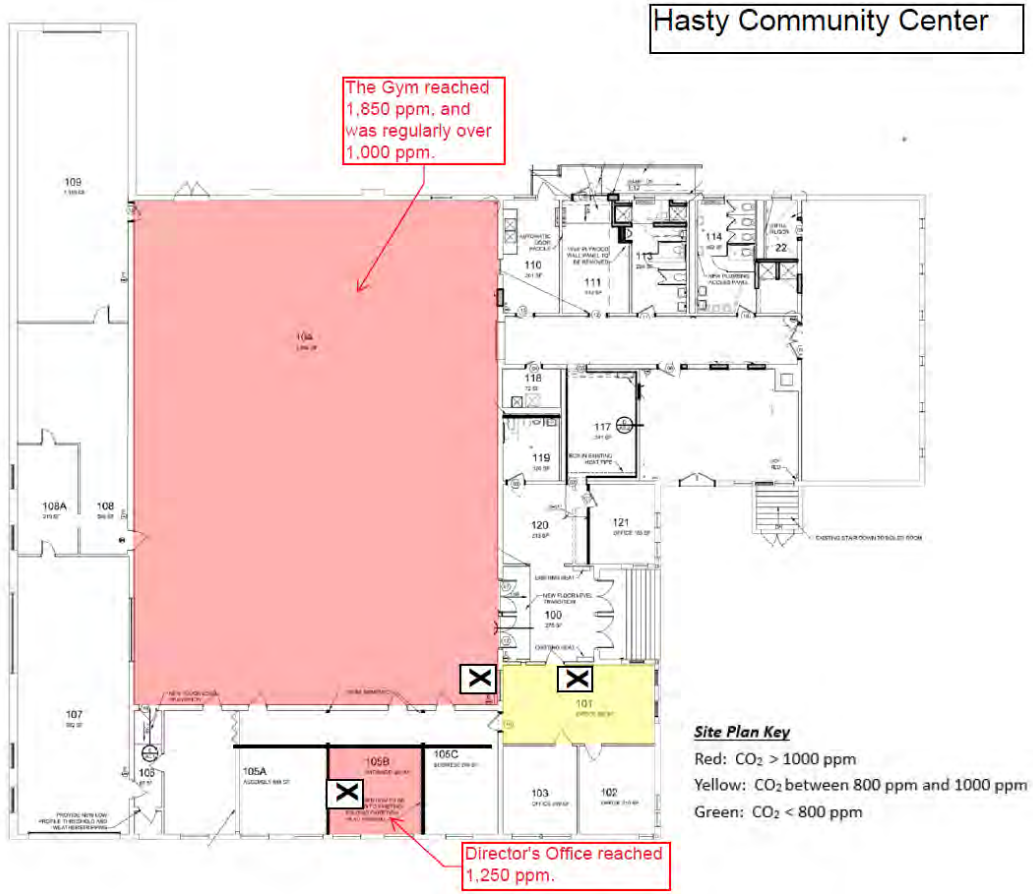
Norway Savings Bank Arena

- *Maine's Only Dual Surface Ice Arena*

Hasty Community Center - A City Public Shelter

Current Situation

- The existing steam heating system ***is sixty-six (66) years old and failing.*** The piping is corroding and leaking. Some areas of the building have no heat.
- The building ventilation is not working. The CO2 levels in the main Gym are very high (1,850 ppm). ***These excessive CO2 levels negatively impact the physical health*** and mental acuity ***of all*** occupants of the building.
- The electrical service is out of date and unsafe.
- There is no cooling (air conditioning) in the building so interior temperatures in summer are extremely uncomfortable.



Risks

- Legal liability for the City (occupant health)
- Boiler failure (shutdown of facility)
- Excessive operational costs (energy and maintenance)
- Missed opportunity by not using ARPA funds

Hasty Community Center- ”For the Kids”

What Do the Proposed Projects Accomplish?

- The new project will provide ***very efficient heat pumps to provide reliable heating for the building.***
- The two, new Energy Recovery Ventilators will continuously provide ***building code required ventilation air*** to building occupants, reducing CO2 and making the building safe.
- For the Gymnasium area, a new rooftop unit will provide ***building code required ventilation air*** and energy efficient temperature control.
- A new building automation and temperature control system will maintain uniform temperatures and ***reduce energy consumption*** during all occupied and unoccupied time periods.
- A modern ***and safe*** electrical service will be installed to reduce the chance of an unsafe hazard to the benefit of all occupants.

Hasty Community Center

Benefits of Proposed ARPA Projects

- ***Immediate*** Return-On-Investment (ROI) by substantially reducing the City of Auburn's liability due to documented elevated and unsafe CO2 levels and unreliable building heating infrastructure.
- ***Secondary ROI*** through documentable maintenance and energy savings for the benefit of the Auburn taxpayer.
- Reduces the risk of a ***prolonged building shutdown*** caused by documented electrical and heating deficiencies.
- Provides ***twenty years of additional building asset life*** through the replacement of critical infrastructure assets
- Directs ARPA funding to Auburn taxpayer benefit **by funding immediate infrastructure needs** via a third party (vs. taxpayer footing the bill).

Auburn Public Library - Boilers

Current Situation

- The existing boilers are ***breaking down frequently***. Due to the age of the boilers, the ***replacement parts are no longer available.***
- Maintenance costs are very high as a result of boiler age and unavailability of parts
- The boilers are piped inefficiently and ***waste energy***.

Risks

- Boiler failure could lead to a ***shutdown of Auburn Public Library***
- ***Excessive operational costs*** (energy and maintenance)
- Possible ***fire hazard*** with the use of portable heaters
- Missed opportunity for use of ARPA funds

The Library boilers break down often and parts are unavailable. This makes maintenance costs very high.

Auburn Public Library – Boiler Replacement Project

What Do the Proposed Projects Accomplish?

- The new project will provide ***very efficient and reliable heating for the building.***
- The new project will install two, new state of the art boilers that will ***be maintainable for a twenty-year period***.
- The new boiler piping will improve hot water flow in and out of the boiler room to ***improve energy efficiency*** of heating the Library.
- The new boilers and the hot water pumps ***will produce energy and operational savings.***
- The new system will utilize natural gas to maintain the ***energy savings design*** of the boiler room equipment.

Electric heaters are used throughout the Library to compensate for poor heating system operation.

Auburn Public Library Boiler Replacement

Benefits of Proposed ARPA Projects

- ***Immediate Return-On-Investment (ROI)*** by substantially reducing the City of Auburn's liability due to unsafe and unreliable building heating infrastructure.
- ***Secondary ROI*** through documentable maintenance and energy savings for the benefit of the Auburn taxpayer.
- Reduces the risk of a ***prolonged building shutdown*** caused by documented heating deficiencies.
- Provides ***twenty years of additional building asset life*** through the replacement of critical infrastructure assets
- Directs ARPA funding to Auburn taxpayer benefit ***by funding immediate infrastructure needs*** via a third party (vs. taxpayer footing the bill).

Auburn Public Library – Ventilation Air Project

Current Situation

- ***Ventilation Air in the Library is not functioning.*** Even with very low occupancy, the CO2 levels in the occupied areas is elevated. ***No ventilation air in children's reading room!***
- ***Temperature control is very poor*** in the Library spaces. The existing units' air handling unit is not sophisticated and ***results in significant temperature control issues in the space.***
- The ventilation rooftop units on the Library are at the ***end of their service life.***

Risks

- ***Legal liability*** for the City (occupant health)
- ***Excessive operational costs*** (energy and maintenance)
- ***Public Health and Safety Risk***
- Missed opportunity to use ARPA funds

Auburn Public Library – Building Code Required Ventilation Air via New Rooftop Mounted HVAC Units

- The project will install new ventilation air rooftop mounted units to ***provide much improved heating, cooling and ventilation air*** to the indoor spaces.
- The new units are state of the art and will provide ***energy savings.***
- An ***integrated temperature control system will*** connect the new boilers to the the new rooftop units ***optimizing energy savings during all occupied and unoccupied periods***.
- The new rooftop units will ***dramatically improve comfort and public safety*** in the Library.

What Does the Proposed Project Accomplish?

Auburn Public Library Ventilation Air Project

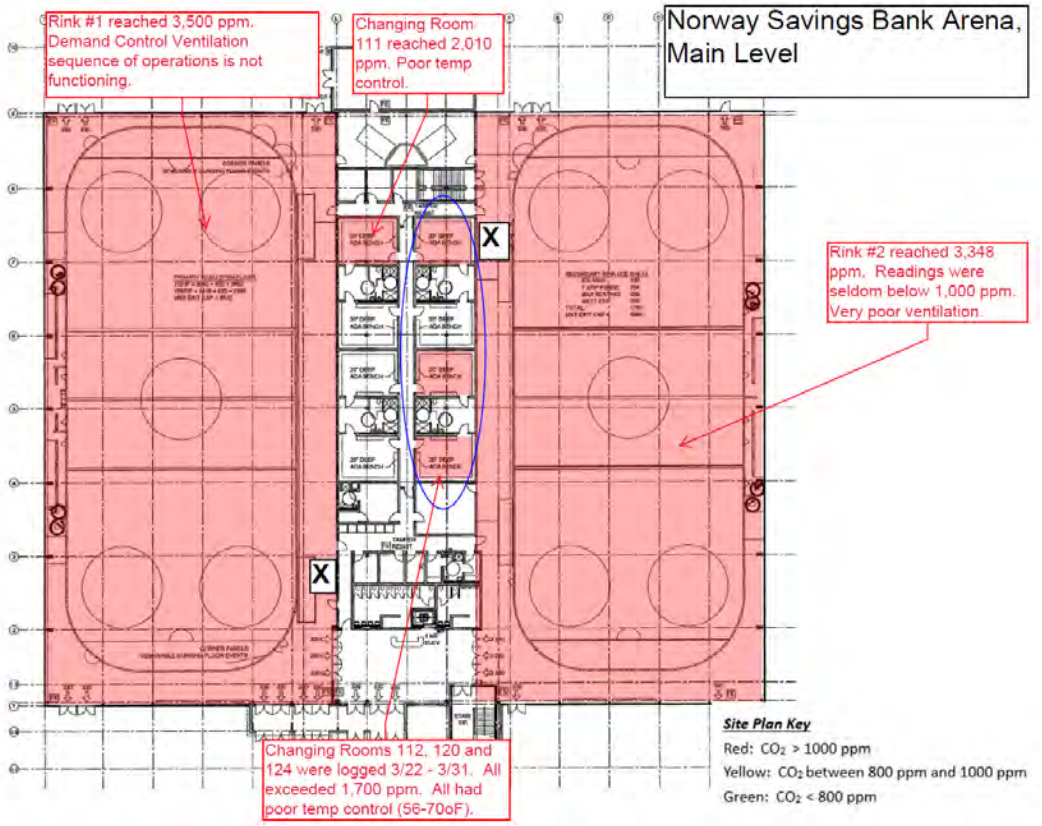
Numerous Benefits of Proposed ARPA Library Ventilation Air Project

- ***Immediate*** Return-On-Investment (ROI) by substantially reducing the City of Auburn's liability due to documented elevated and unsafe CO2 levels and unreliable building heating infrastructure.
- ***Secondary ROI*** through documentable maintenance and energy savings for the benefit of the Auburn taxpayer.
- Reduces the risk of a ***prolonged building shutdown*** caused by documented ventilation air deficiencies.
- Provides ***twenty years of additional building asset life*** through the replacement of critical infrastructure assets
- Directs ARPA funding to Auburn taxpayer benefit **by funding immediate infrastructure needs** via a third party (vs. taxpayer footing the bill).

Norway Savings Bank Arena-Ventilation Upgrade Project

Current Situation

- **Supply of Ventilation Air is not functioning!**
- CO2 levels in the rinks and locker rooms ***are exceedingly high.*** The rinks were measured above 3,500 ppm and the locker rooms were over 2,000 ppm. ***This is impacting occupants' physical health and mental acuity***
- Ventilation exhaust rates in shower and toilet rooms ***are half of code requirements.***
- Dehumidification is not functioning, and water is condensing off the cold walls in locker room and support spaces during summer.
- Seating areas are too cold during winter events.
- The ***energy consumption in the facility has increased significantly over the last 8 years.*** (over 50% according to Dude Solutions data)



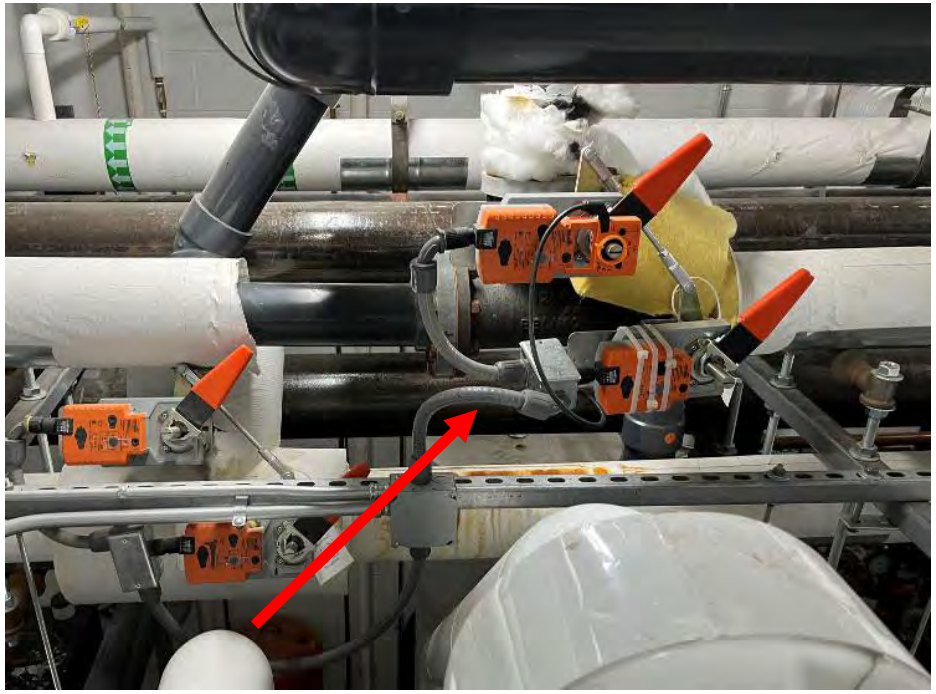
Risks

- Legal liability for the City (significant occupant health issue)
- Excessive operational costs (energy and maintenance)
- **Lost opportunity for a good use of ARPA funds**

Norway Savings Bank Arena

What Do the Proposed Projects Accomplish?

- The ventilation control upgrade is needed to make **ventilation air function properly.** This will also improve energy efficiency and lower utility expenditures.
- The new project will install a new, larger exhaust system to serve shower and toilet rooms in the locker rooms.
- The project will ***upgrade controls*** to facilitate dehumidification operations on the existing equipment.
- These efforts will ***eliminate the moisture problems*** in the locker room and support spaces by removing excess moisture and enabling current dehumidification functions.
- The entire ice making system will be recommissioned for optimized ***energy savings.***



The glycol valves on Cubes 1-4 are not controlled properly to provide dehumidification to the locker room AHU's.

Norway Savings Bank Arena

Benefits of Proposed ARPA Projects

- ***Immediate*** Return-On-Investment (ROI) by substantially reducing the **City of Auburn's liability due** to documented **elevated and unsafe CO2 levels.**
- ***Secondary ROI*** through documentable maintenance and energy savings for the benefit of the Auburn taxpayer.
- Reduces the risk of a ***prolonged building shutdown*** caused by documented ventilation system deficiencies.
- Directs ARPA funding to Auburn taxpayer benefit **by funding immediate infrastructure needs** via a third party (vs. taxpayer footing the bill).

ORDER 93-06272022

City Council Order

IN CITY COUNCIL

ORDERED, that the Auburn City Council allocate $1,600,000.00 of American Rescue Plan Act ((ARPA) funds for the upgrades and/or replacements of HVAC systems in our city-owned facilities.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: 6/27/2021 **Order:** 94-06272022

Author: Brian Wood, Assistant City Manager

Subject: Amending Order 137-120620214 Dark Fiber Network Previously Adopted by the City Council

---

Information:

The City of Auburn, in an effort to increase connectivity, maintain reliability and invest in resiliency is exploring the opportunity to join a consortium with Lewiston, and AWSD to stand up municipal owned fiber and explore last mile partnerships with private businesses. While this effort is still being explored the City request an amendment to the original order allowing for additional uses for cyber security and IT policy updates. This is in alignment with connectivity, reliability, and resilience. This will allow the city to ensure safety and adherence to IT policy best practices to ensure a safe and secure network.

City Budgetary Impacts: N/A

Staff Recommended Action: Staff recommends exploring this opportunity.

Previous Meetings and History: Order 137-12062021 adopted at the 12/6/2021 Council meeting.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell J.

ORDER 94-06272022

City Council Order

IN CITY COUNCIL

ORDERED, that the City of Auburn City Council hereby amends Order 137-12062021 that was previously adopted by the City Council on 12/6/2021 as follows:

ORDER 137-12062021

ORDERED, that the City of Auburn City Council allow for the funding allocated to join a consortium with the City of Lewiston and the Auburn Water and Sewer District (AWSD) to stand up a municipal owned fiber network to include additional Cyber security and policy allotments. The City of Auburn will disburse up to $250,000. from the American Rescue Plan Act (ARPA) funds for the installation of a backbone dark fiber network and/or other cybersecurity or policy software upgrades.

City Council Information Sheet

Council Workshop or Meeting Date: 06/27/22 **Order:** 95-06272022

Author: Jay Brenchick, Director, Economic Development

Subject: OpBox and www.Rent.Fun.com

Information: The Downtown Revitalization Plan calls for incorporating river activities in our events and to use these activities as a way to draw businesses and people to our downtown areas. This workshop will provide information for City Council to learn about riverfront activities using OpBox and the Rent.Fun kayak rental kiosk. We will review the www.OpBoxInfo.com and www.Rent.Fun websites, as well as discuss the promotional and revenue share opportunities.

City Budgetary Impacts: $100K ARPA Funds

Staff Recommended Action: Approval to use ARPA Funds

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: June 27, 2022 **Ordinance:** 17-06272022

Author: Sue Clements-Dallaire, City Clerk

Subject: Re-districtng

Information: Title 30-A §2503 (2) states that "the Municipal Legislative body must enact the reapportionment ordinance within 12 months after the Legislature has reapportioned the House and Senate districts". Those were adopted by the 130th Legislature and signed into law by the Governor on 9/29/21.

Title 30-A §2503 (1)(B) also states "each district must contain as nearly as possible the same number of inhabitants as determined according to the latest Federal Decennial Census, but districts may not differ in number of inhabitants by more than 10% of the inhabitants in the smallest district created".

Below are the numbers taken from the 2020 census and broken down by districts.

Ward	Target Population	Actual Population	Variance
1	4,812.2	5,040	+227.8
2	4,812.2	4,665	-147.2
3	4,812.2	5,023	+210.8
4	4,812.2	4,615	-197.2
5	4,812.2	4,718	-94.2
	24,061	24,061	

The variance between the lowest (W4) and highest (W1) populated districts is 425 or 9%.

We are proposing re-adopting the ward maps and descriptions but will have to replace references to the 2010 census block numbers with the 2020 census block numbers in the written descriptions.

City Budgetary Impacts: None

Staff Recommended Action: Staff recommends re-adopting the current Ward lines.

Previous Meetings and History: Every 10 years following the census. This was presented at the 6/6/2022 Council workshop.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: 30-A Sec. 2503, maps Voting District Maps | Elections and Voting (arcgis.com) and descriptions.

§2503. Reapportionment

1. Adoption by ordinance. Districts established for the purpose of electing, from each district, an equal number of municipal officers may be adjusted, by ordinance, by the municipal legislative body subject to the following conditions.

A. Each district must be formed of compact, contiguous territory. Its boundary lines may follow the center lines of streets. [PL 1987, c. 737, Pt. C, §2 and Pt (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

B. Each district must contain as nearly as possible the same number of inhabitants as determined according to the latest Federal Decennial Census, but districts may not differ in number of inhabitants by more than 10% of the inhabitants in the smallest district created. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

C. The ordinance must include a map and a description of the districts. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

D. The ordinance takes effect on the 30th day after adoption by the legislative body. The new districts and boundaries, as of the effective date, supersede previous districts and boundaries for the purposes of the next regular municipal election, including nominations. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

[PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

2. Failure to enact ordinance. The municipal legislative body must enact the reapportionment ordinance within 12 months after the Legislature has reapportioned the House and Senate districts pursuant to the Constitution of Maine, Article IV, Part First, Section 3 and Article IV, Part Second, Section 2 or after a court decision finalizing the reapportionment of districts. The ordinance must be enacted at least 90 days before a regular municipal election occurring within that 12-month period or the previous reapportionment ordinance applies to that election. If the legislative body fails to enact an ordinance within the 12-month period or at least 90 days before a regular election occurring after the 12-month period, all municipal officers to be elected must be elected at large and serve until their terms expire. Such at-large elections continue until the legislative body enacts an ordinance in accordance with subsection 1 at least 90 days before a regular municipal election.

[PL 2001, c. 537, §1 (AMD); PL 2001, c. 537, §2 (AFF).]

3. Referendum. Except when the municipal legislative body is the town meeting, the voters of the municipality may require the municipal legislative body to reconsider any ordinance adopted under subsection 1. If the legislative body does not repeal an ordinance so reconsidered, the voters may approve or reject it at a municipal election.

A. Any 5 voters may commence referendum proceedings by filing an affidavit with the municipal clerk stating:

(1) They will constitute the petitioners' committee;

(2) They will be responsible for circulating the petition and filing it in proper form;

(3) Their names and addresses;

(4) The address to which all notices to the committee are to be sent; and

(5) The ordinance sought to be reconsidered.

Promptly after the affidavit of the petitioners' committee is filed, the clerk shall issue the appropriate petition blanks to the petitioners' committee. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

B. Petitions under this subsection must meet the following requirements.

(1) Petitions must be signed by a number of voters of the municipality equal to at least 15% of the total number of voters in the municipality at the last presidential election.

(2) All papers of a petition shall be uniform in size and style and shall be assembled as one instrument for filing. Each signature must be executed in ink or indelible pencil and must be followed by the address of the person signing. While being circulated, petitions must have the full text of the ordinance sought to be reconsidered contained in or attached to the petition.

(3) When filed, each paper of a petition must have an affidavit, executed by the circulator of the petition, attached to it stating:

(a) That the circulator personally circulated the paper;

(b) The number of signatures on the paper;

(c) That all the signatures were signed in the circulator's presence;

(d) That the circulator believes them to be the genuine signatures of the persons whose names they purport to be; and

(e) That each signer had an opportunity before signing to read the full text of the ordinance sought to be reconsidered.

(4) Petitions must be filed within 30 days after the municipal legislative body adopts the ordinance sought to be reconsidered. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

C. The following procedure shall be followed after the petition is filed with the municipal clerk.

(1) Within 20 days after the petition is filed, the municipal clerk shall complete a certificate as to its sufficiency, specifying, if it is insufficient, the particulars which render it defective. The clerk shall promptly send a copy of the certificate to the petitioners' committee by registered mail. A petition certified insufficient for lack of the required number of valid signatures may be amended once if the petitioners' committee files a notice of intention to amend it with the clerk within 2 days after receiving the copy of the clerk's certificate and files a supplementary petition upon additional papers within 10 days after receiving a copy of the certificate. This supplementary petition must comply with the requirements of paragraph B, subparagraphs (2) and (3). Within 5 days after it is filed, the clerk shall complete a certificate as to the sufficiency of the petition as amended and promptly send a copy of that certificate to the petitioners' committee by registered mail as in the case of an original petition. If a petition or amended petition is certified insufficient and the petitioners' committee does not elect to amend the petition or request review under subparagraph (2), within the time required, the clerk shall promptly present the clerk's certificate to the municipal legislative body and the certificate is then a final determination as to the sufficiency of the petition.

(2) If a petition has been certified insufficient and the petitioners' committee does not file notice of intention to amend it or if an amended petition has been certified insufficient, the committee, within 2 days after receiving the copy of the certificate, may file a request that it be reviewed by the municipal legislative body. The legislative body shall review the certificate at its next meeting following the filing of the committee's request and approve or disapprove it. This determination is then final as to the sufficiency of the petition.

(3) A final determination as to the sufficiency of a petition is subject to court review. A final determination of insufficiency, even if sustained upon court review, does not prejudice the filing of a new petition for the same purpose. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

D. When a petition is filed with the clerk under this subsection, the ordinance sought to be reconsidered is suspended from taking effect. This suspension ends when:

(1) There is a final determination of insufficiency of the petition;

(2) The petitioners' committee withdraws the petition;

(3) The council repeals the ordinance; or

(4) Thirty days have elapsed after a vote of the municipality on the ordinance. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

E. The following procedure shall be followed if a petition is determined to be sufficient.

(1) When a petition has been finally determined sufficient, the municipal legislative body shall promptly reconsider the referred ordinance by voting its repeal. If the legislative body fails to repeal the referred ordinance within 30 days after the date the petition was finally determined sufficient, it shall submit the referred ordinance to the voters of the municipality.

(2) The vote of the municipality on a referred ordinance shall be held at least 30 days and not more than one year after the municipal legislative body's final vote on the ordinance. If no regular municipal election is to be held within this period, the legislative body shall provide for a special election; otherwise the vote shall be held at the same time as a regular election occurring within this period, except that the legislative body, in its discretion, may provide for a special election at an earlier date within the prescribed period. Copies of the referred ordinance shall be made available at the polls.

(3) The form of the ballot for the repeal of the ordinance shall be substantially as follows:

"Shall the ordinance entitled '.....' be repealed?

YES / / NO / /"

(The voters shall indicate their choice by a cross or check mark placed in the appropriate box opposite the words YES or NO.)

(4) A petition may be withdrawn at any time before the 15th day prior to the day scheduled for a vote of the municipality. The petitioners' committee must file with the municipal clerk a request for withdrawal signed by at least 4 members of the petitioners' committee. Upon filing this request, the petition has no further effect and all proceedings on the petition shall be terminated. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

F. If a majority of the voters who vote on a referred ordinance vote for its repeal, it is considered repealed upon certification of the election results. [PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. A, §16 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

[PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. A, §16 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

4. Exception. This section does not apply to municipalities whose charters specify different methods of reapportionment.

[PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

City of Auburn, Maine

"Maine's City of Opportunity"

Financial Services

TO: **Phillip Crowell, City Manager**

FROM: **Jill Eastman, Finance Director**

REF: **May 2022 Financial Report**

DATE: **June 21, 2022**

The following is a discussion regarding the significant variances found in the City's May financial report. Please note that although the monthly financial report contains amounts reported by the School Department, this discussion is limited to the City's financial results and does not attempt to explain any variances for the School Department.

The City has completed its eleventh month of the current fiscal year. As a guideline for tracking purposes, revenues and expenditures should amount to approximately 91.7% of the annual budget. However, not all costs and revenues are distributed evenly throughout the year; individual line items can vary based upon cyclical activity.

Revenues

A. Revenues collected through May 31st, including the school department were $89,739,708, or 94.02%, of the budget. The municipal revenues including property taxes were $63,546,319 or 97.54% of the budget which is more than the same period last year by 0.40% or $1,520,802. The accounts listed below are noteworthy.

B. The current year tax revenue is at 97.96% as compared to 97.88% last year. The 30 day notice of liens were sent out in May and tax liens will be filed at the end of June on any properties that have unpaid taxes.

C. Excise tax for the month of May is at 95.58%. This is a $249,657 decrease from FY 21. Our excise revenues for FY22 are 3.98% above projections as of May 31, 2022.

D. State Revenue Sharing for the month of May is 160.06% or $1,804,264 more than last year in May.

Expenditures

City expenditures through May 2022 were $42,205,520 or 89.60%, of the budget. This is 0.33% higher than May of last year.

Noteworthy variances are:

A. The operating departments are in line with this time last year. The accounts that are higher than last year is because they had budget increases.

Investments

This section contains an investment schedule as of May 31st. Currently the City's funds are earning an average interest rate of 0.41%.

Respectfully submitted,

Jill M. Eastman
Finance Director

Re: Arena Financial Reports for May 31, 2022

Attached you will find a Statement of Net Assets and a Statement of Activities and budget to actual reports for Norway Savings Bank Arena for revenue and expenditures as of May 31, 2022.

NORWAY SAVINGS BANK ARENA

Statement of Net Assets:
The Statement of Net Assets lists current assets, noncurrent assets, liabilities, and net assets and shows a comparison to the previous month, in this case, April 30, 2022.

Current Assets:
As of the end of May 2022 the total current assets of Norway Savings Bank Arena were ($1,123,177). These consisted of cash and cash equivalents of $279,951, accounts receivable of $60,72, and an interfund payable of $1,463,300.

Noncurrent Assets:
Norway's noncurrent assets are equipment that was purchased, less depreciation (depreciation is posted at year end). The total value of the noncurrent assets as of May 31, 2022 was $195,258.

Liabilities:
Norway Arena had no accounts payable as of May 31, 2022.

Statement of Activities:

The statement of activities shows the current operating revenue collected for the fiscal year and the operating expenses as well as any nonoperating revenue and expenses.

The operating revenues for Norway Arena through May 2022 are $928,096. This revenue comes from the concessions, sign advertisements, pro shop lease, youth programming, shinny hockey, public skating, and ice rentals.

The operating expenses for Norway Arena through May 2022 were $620,165. These expenses include personnel costs, supplies, utilities, repairs, rent, capital purchases and maintenance.

At the end of May 2022, there was an operating gain of $307,931.

As of May 31, 2022, Norway Arena has an increase in net assets of $307,931.

The budget to actual reports for revenue and expenditures, with comparison to the same period last year show that revenue for FY22 is $185,019 more than in FY21 and expenditures in FY22 are $9,278 more than last year in May.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: June 27, 2022

Subject: Executive Session

Information: Personnel matter (City Manager Review), pursuant to 1 M.R.S.A. Section 405(6) (C).

Executive Session: On occasion, the City Council discusses matters which are required or allowed by State law to be considered in executive session. Executive sessions are not open to the public. The matters that are discussed in executive session are required to be kept confidential until they become a matter of public discussion. In order to go into executive session, a Councilor must make a motion in public. The motion must be recorded, and 3/5 of the members of the Council must vote to go into executive session. An executive session is not required to be scheduled in advance as an agenda item, although when it is known at the time that the agenda is finalized, it will be listed on the agenda. The only topics which may be discussed in executive session are those that fall within one of the categories set forth in Title 1 M.R.S.A. Section 405(6). Those applicable to municipal government are:

A. Discussion or consideration of the employment, appointment, assignment, duties, promotion, demotion, compensation, evaluation, disciplining, resignation or dismissal of an individual or group of public officials, appointees or employees of the body or agency or the investigation or hearing of charges or complaints against a person or persons subject to the following conditions:
(1) An executive session may be held only if public discussion could be reasonably expected to cause damage to the individual's reputation or the individual's right to privacy would be violated;
(2) Any person charged or investigated must be permitted to be present at an executive session if that person so desires;
(3) Any person charged or investigated may request in writing that the investigation or hearing of charges or complaints against that person be conducted in open session. A request, if made to the agency, must be honored; and
(4) Any person bringing charges, complaints or allegations of misconduct against the individual under discussion must be permitted to be present. This paragraph does not apply to discussion of a budget or budget proposal;

B. Discussion or consideration by a school board of suspension or expulsion of a public school student or a student at a private school, the cost of whose education is paid from public funds, as long as:
(1) The student and legal counsel and, if the student is a minor, the student's parents or legal guardians are permitted to be present at an executive session if the student, parents or guardians so desire;

C. Discussion or consideration of the condition, acquisition or the use of real or personal property permanently attached to real property or interests therein or disposition of publicly held property or economic development only if premature disclosures of the information would prejudice the competitive or bargaining position of the body or agency;

D. Discussion of labor contracts and proposals and meetings between a public agency and its negotiators. The parties must be named before the body or agency may go into executive session. Negotiations between the representatives of a public employer and public employees may be open to the public if both parties agree to conduct negotiations in open sessions;

E. Consultations between a body or agency and its attorney concerning the legal rights and duties of the body or agency, pending or contemplated litigation, settlement offers and matters where the duties of the public body's or agency's counsel to the attorney's client pursuant to the code of professional responsibility clearly conflict with this subchapter or where premature general public knowledge would clearly place the State, municipality or other public agency or person at a substantial disadvantage;

F. Discussions of information contained in records made, maintained or received by a body or agency when access by the general public to those records is prohibited by statute;

G. Discussion or approval of the content of examinations administered by a body or agency for licensing, permitting or employment purposes; consultation between a body or agency and any entity that provides examination services to that body or agency regarding the content of an examination; and review of examinations with the person examined; and

H. Consultations between municipal officers and a code enforcement officer representing the municipality pursuant to Title 30-A, section 4452, subsection 1, paragraph C in the prosecution of an enforcement matter pending in District Court when the consultation relates to that pending enforcement matter.

c. City Manager Report

IX. Executive Session - None

X. Adjournment

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: July 18, 2022

Author: Brian Wood, Assistant City Manager

Subject: Public Safety Facilities Presentation

Information:

The City of Auburn temporarily relocated the Auburn Police Department to City Hall in 2011 after extensive mold and flooding deemed the police station unusable. This relocation of the Police Department in addition to a needs and safety assessment of all three Auburn Fire Department location has resulted in a comprehensive facilities review that started in 2017. This review led to a determination that current facilities were inadequate to meet the modern safety standards and functional needs of the public safety deparmtents. Since 2019 staff has worked with consultants and subject matter experts to conduct assessments, land review and preliminary designs to understand what options would best address current and future needs of the public safety departments. These finding and options will be presented to City Council.

City Budgetary Impacts: TBD

Staff Recommended Action: Discussion

Previous Meetings and History: 6/6/2022 and 6/27/2022 Workshop discussion

---

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: July 18, 2022

Author: Sue Clements-Dallaire, City Clerk

Subject: Proposal to change the Regular City Council meetings from Monday to Tuesday nights

---

Information: In 2022, 7 holidays fell on a Monday and the Council meetings had to be moved to another date. In 2023 there will be 6 holidays that fall on a Monday Council meeting night, and in 2024 there will be 5.

Staff is proposing to move the meetings from the first and third Monday of the month to the first and third Tuesday of the month.

In 2023, there is one holiday (4th of July), and the November 7th Election that will fall on the first Tuesday of those months.

In 2024, the only conflict will be the November 5th election.

City Budgetary Impacts: None

Staff Recommended Action: Discussion, with first reading and public hearing to be held on August 1, 2022 and second reading on August 15, 2022.

Previous Meetings and History: N/A

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell J.

Attachments:

Sec. 2-58. Time and place of regular meetings.

The dates and time of the regular meetings of the city council shall be the first and third ~~Mondays~~ Tuesdays of each calendar month at 7:00 p.m. If a regular meeting night falls on a legal holiday or the night before a legal holiday, then the stated meeting shall be held on the following Tuesday at the same time and place unless the city council shall, at the meeting held ~~next~~ prior to the meeting falling on the holiday or the night before the holiday, ~~fix~~ determine an ~~different~~ alternate meeting date. The place of such meetings shall be the city council chamber in the city building, hereby designated to be the regular meeting place, unless the council designates another meeting place. All meetings of the city council shall be open to the public and may be continued to another location.

City Council Information Sheet

Council Workshop or Meeting Date: July 18, 2022 **Order:** 96-07182022

Author: Rita Beaudry, Grant Manager

Subject: Maine Municipal Association – Executive Committee

Information: Any elected or appointed municipal official holding office in any Maine Municipal Association (MMA) member community is eligible to serve on the Executive Committee.

MMA Nomination Process: Each year, member municipalities have an opportunity to vote in the election of the proposed MMA Vice President and municipal officials to serve on the MMA Executive Committee. A five-member Nominating Committee was appointed in March to review nominations submitted by municipal officials and conduct interviews with those municipal officials qualifying for and interested in serving as the MMA Vice President and on the MMA Executive Committee. The MMA Nominating Committee completed its task in May and put forth the 2023 Proposed Slate of Nominees to member municipalities.

The official MMA ballot is being presented for City Council vote. The deadline to cast a ballot for MMA's Annual Election for Vice President and Executive Committee Members is Friday, August 19, 2022. The ballot must be signed by a majority of the municipal officers, or a municipal official designated by a majority of the municipal officers.

City Budgetary Impacts: None

Staff Recommended Action: Cast the voting ballot for the Election of MMA Vice President and Executive Committee Members as presented on the ballot.

Previous Meetings and History: August 2, 2021

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell J.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: July 18, 2022 **Order:** 97-07182022

Author: Rita Beaudry, Grant Manager

Subject: Maine Municipal Association – Legislative Policy Committee

---

Information: Any elected or appointed municipal official holding office in any Maine Municipal Association (MMA) member community is eligible to serve on the Legislative Policy Committee. There are two seats on the LPC for each State Senate District. Members serve two-year terms, representing their own community and other municipalities in their Senate District.

The LPC brings elected and appointed officials together from towns and cities across the state. According to its by-laws, the purpose of the LPS is "to define municipal interests and to maximize those interest through effective participation in the legislative process." Operating something like a town meeting, the LPS establishes MMA's public policy positions on all matters of direct and statewide municipal interest for representation in the State House.

MMA's strength as a municipal advocate depends on the active help of a dedicated LPC membership. MMA is seeking nominations from its members to serve on MMA's 2022-2024 Legislative Policy Committee. Senate District 20 is comprised of Auburn, Durham, New Gloucester, and Poland. Auburn appoints 1 LPC Member.

The official MMA ballot for District 20 is being presented for City Council vote.

City Budgetary Impacts: None

Staff Recommended Action: City Council vote for City Manager Phil Crowell to serve on MMA's 2022-2024 Legislative Policy Committee.

Previous Meetings and History: June 6, 2022

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Durham	Poland

Candidate Profile:

Matthew Garside has served as Manager in the Town of Poland for more than six years. Prior to that he served as CEO of an oil and gas firm and was a Captain in the U.S. Navy. Matthew would like to serve on the LPC because he believes strongly that presenting a united consensus on municipal issues serves everyone's interest and that the reasoned, well thought out approach to lobbying the Legislature is a good model and it should be continued.

Phillip Crowell, Jr. has served as City Manager in Auburn for the past two years. Prior to that he served as Assistant City Manager for two years and Police Chief for twelve years. Phil has served on the LPC since 2018 and would like to continue his service because he believes that home-based advocacy efforts make the LPC successful. Past commitments were honored in the last session and the core areas were protected. He hopes to continue doing his part to protect local governance in the coming session.

ORDER 97-07182022

City Council Order

IN CITY COUNCIL

ORDERED, that the City Council hereby officially votes to appoint City Manager Phillip L. Crowell, Jr. to serve on the Maine Municipal Association's 2022-2024 Legislative Policy Committee.

Richard Whiting, Ward One
Joseph Morin, Ward Four
Belinda A. Gerry, At Large

Ryan Hawes, Ward Two
Leroy G. Walker, Ward Five
Jason J. Levesque, Mayor

Stephen G. Milks, Ward Three
Dana Staples, At Large
Phillip L. Crowell, Jr., City Manager

City of Auburn
City Council Information Sheet

Council Meeting Date: July 18, 2022 **Order:** 98-07182022

Author: Jason D. Moen, Chief of Police

Subject: Transfer of Forfeiture Assets – Kale Dodge

Information:

In March of 2022, Auburn Police Department Officer Robinson conducted a traffic stop of Kale Dodge. While speaking with Dodge, Dodge told Officer Robinson he had a firearm just inside his door along with a few knives and a baseball bat. Officer Robinson asked if he could retrieve the firearm and Dodge allowed him to. During the stop Officer Avery and Officer Dyer arrived to assist. During the encounter Officer Avery noticed bags of raw marijuana behind the driver's seat, in plain view. Dodge could not tell them how much marijuana he had. To the officers, it appeared to be a large amount. The marijuana ended up weighing nearly two pounds. As a result of the investigation Dodge was arrested for t17A-1103 Trafficking Marijuana Class C. . During the course of the investigation a Smith & Wesson M&P 9mm bearing serial# MM50597 was seized as evidence in the case.

City Budgetary Impacts: The State of Maine, Office of the Attorney General, seeks to transfer Smith & Wesson M&P 9mm to the Auburn Police Department.

Staff Recommended Action: Vote to accept the transfer of Smith & Wesson M&P 9mm

Author: Sue Clements-Dallaire, City Clerk

Subject: Electing Members to Serve on the Androscoggin County Budget Committee for Budget Years 2023/2024/2025

Information: County Commissioners held the Budget Caucus to nominate Budget Committee members for budget years 2023/2024/2025. Municipal officers shall vote, as a board, for two budget committee members whose names appear on the ballot for County Commission Districts 5 and 6. Municipal officers must vote for at least one candidate who is a municipal official. The ballot must be returned to the County Commissoners by August 1, 2022.

There are three candidates on the District 6 ballot: Leroy Walker and Larry Pelletier (Auburn), Jane Pentheny (Poland)
There are two candidates on the District 5 ballot: Phil Crowell and Gordon Bell (Auburn)

City Budgetary Impacts: Auburn representation during budget discussions.

Staff Recommended Action: Recommend passage of orders as presented voting for Leroy Walker and Larry Pelletier for District 6, and Phil Crowell and Gordon Bell for District 5.

Previous Meetings and History: Members are elected once every three years

To: Municipal Officers of Androscoggin County
From: Office of County Commissioners

Greetings:

As required in the Androscoggin County Charter, we have held a caucus to nominate Budget Committee members. Please see the attached ballot for your district. The charter also states, "The municipal officers shall vote, as a board, for two (2) Budget Committee members from the candidates on the ballot. The municipal officers must vote for at least one (1) candidate who is a municipal official. After voting, the municipal officers shall return the ballot to the Board by a certain date."

Please return the ballots by August 1, 2022.

ANDROSCOGGIN COUNTY COMMISSION
DISTRICT 5 (Part of Auburn)

ANDROSCOGGIN COUNTY BUDGET COMMITTEE
Participating in 2022-23-24 (for budget years 2023/24/25)

OFFICIAL BALLOT- Revised due to Title 21-A, Maine Apportionment of Districts

Municipal Officers shall vote, as a board, for two (2) Budget Committee members to serve on the Androscoggin County Budget Committee to represent District 5. The municipal officers must vote for at least one (1) candidate who is a municipal official. 30-A M.R.S.A. §722 defines municipal officials to mean "mayor, aldermen, councilors or manager of a city and the selectmen, councilors or manager of a town located in Androscoggin County."

ORDER 100-07182022

City Council Order

IN CITY COUNCIL

ORDERED, that the City Council hereby casts their votes for Phil Crowell and Gordon Bell to serve on the Androscoggin County Budget Committee, representing County Commission District 5 for budget years 2023/2024/2025.

Richard Whiting, Ward One
Joseph Morin, Ward Four
Belinda A. Gerry, At Large

Ryan Hawes, Ward Two
Leroy G. Walker, Ward Five
Jason J. Levesque, Mayor

Stephen G. Milks, Ward Three
Dana Staples, At Large
Phillip L. Crowell, Jr., City Manager

Mayor Levesque called the meeting to order at 7:00 P.M. in the Council Chambers of Auburn Hall and led the assembly in the salute to the flag. All Councilors were present.

Pledge of Allegiance

I. Consent Items - None

II. Minutes - June 6, 2022, Regular Council Meeting

Motion was made by Councilor Staples and seconded by Councilor Walker to approve the minutes of the June 6, 2022, Regular City council meeting.

Passage 7-0.

III. Communications, Presentations and Recognitions

Council Communications (about and to the community)

Councilor Gerry provided an update on the Community Garden on Newbury Street.

Mayor Levesque announced two Community Conversations that are scheduled. The first is scheduled for July 12, 2022 at Walton School at 5:30 pm and the second is at Fairview School on July 13, 2022.

IV. Open Session

Scott Berry, 179 Davis Avenue spoke regarding the recent zoning amendment in the Lake Auburn Watershed area and the septic system discussions that took place. He stated that he has posted information on his Facebook page on how a septic system functions.

Jim Lynch, 80 Shepley Street, stated that he has concerns about the recent zone changes in residential neighborhoods.

V. Unfinished Business

VI. New Business

1. Order 89-06272022
Amending Order 68-06062022, previously adopted by the Auburn City Council on June 6, 2022, regarding the first Council meeting in July.

Motion was made by Councilor Staples and seconded by Councilor Whiting for passage.

Public comment – No one from the public spoke.

Passage 7-0.

2. Order 90-06272022

Approving the Mass Gathering request for the Liberty Festival scheduled for Monday, July 4, 2022. Public hearing.

Motion was made by Councilor Gerry and seconded by Councilor Milks for passage.

Public hearing – No one from the public spoke.

Passage 7-0.

3. **Order 91-06272022**
Authorizing the City Clerk to waive the $60 business licensing fee (Temporary Food Service License) as requested by Auburn resident, Beth Woodhead who would like to sell whoopie pies to raise funds for Auburn School Department's Odyssey of the Mind.

Motion was made by Councilor Walker and seconded by Councilor Milks for passage.

Public comment – No one from the public spoke.

Passage 7-0.

4. **Order 92-06272022**
Adopting the HOME consortium agreement.

Motion was made by Councilor Staples and seconded by Councilor Walker for passage.

Public comment – No one from the public spoke

Passage 6-0-1 (Councilor Whiting abstained because he is an officer of the Auburn Housing Development Corporation).

5. **Order 93-06272022**
Allocating $1,600,000.00 of American Rescue Plan Act (ARPA) funds for the upgrades and/or replacements of HVAC systems in our city-owned facilities.

Motion was made by Councilor Gerry and seconded by Councilor Whiting for passage.

Public comment – Andy Titus, 24 Rubelite Lane asked if the HVAC system upgrade is part of the 5-year Capital Improvement Plan.

Motion was made by Councilor Hawes and seconded by Councilor Morin to amend by approving this with ARPA funds today to get this moving and replace the ARPA money with bond money at a later date.

After further discussion, both Councilor Hawes and Morin withdrew the motion.

Motion was made by Councilor Whiting and seconded by Councilor Morin to amend to direct the City Manager to move forward with the bid process for the HVAC systems that have by identified as the four priority initiatives.

It will be determined at a later date how we will allocate the funds.

Passage 7-0.

6. **Order 94-06272022**
Amending Order 137-12062021, previously adopted by the Auburn City Council on December 6, 2021.

Motion was made by Councilor Staples and seconded by Councilor Walker for passage.

Public comment – Susan Brown Dillingham Hill Road stated that she was unclear about what this item was about.

Passage 7-0.

7. **Order 95-06272022**
Allocating $100,000.00 of American Rescue Plan Act (ARPA) funds for the OpBox and Kayak Rental Kiosk.

Motion was made by Councilor Staples and seconded by Councilor Walker for passage.

Public comment – No one from the public spoke.

Motion was made by Councilor Gerry and seconded by Councilor Hawes to amend by adding another $100,000 to purchase additional OpBoxes.

Passage 7-0.

Passage of Order 95-06272022 as amended 7-0.

8. **Ordinance 17-06272022**
Re-adopting the ward maps and descriptions that were adopted on 3/17/2014 using the 2020 census block references. Public hearing and first reading.

Motion was made by Councilor Walker and seconded by Councilor Staples for passage.

Public hearing – No one from the public spoke.

Passage 7-0. A roll call vote was taken.

VII. Open Session

Jim Lynch, Shepley Street stated that the OpBoxes sound great, adding that students at ELHS have been working on building little houses and this would be a good student project for the kids and the community, and it would cost less.

Susan Brown, Dillingham Hill Road, spoke regarding the neighborhood zone change that has taken place recently and how it affects people's quality of life.

Maureen O'Brien, 42 Winter Street wanted to discuss the $10,000 that was allocated to cover PR for the lake issue. The Mayor clarified that this was not a City item, but rather an Auburn Water District item.

VIII. Reports (from sub-committees to Council)

Mayor Levesque reminded everyone that the Liberty Festival will be held on the 4th of July.

Councilor Whiting stated that he attended World Refugee celebration on Monday where he saw Governor Mills and met Dr. Shah.

Councilor Walker provided information on how to pick up and dispose of pet waste. He announced that on Tuesday, the United New Auburn Association will meet at Rolly's Diner at 6:00 pm, Glen Holmes is the guest speaker. Thursday, the Neighborhood Watch group will be meeting at the Sixth Street Congregation Church at 6:00 pm and he invited the public to attend stating that you do not have to be a resident of New Auburn. All are welcome.

Councilor Staples stated that he attended the Planning Board meeting last Tuesday. He encouraged people to attend the Community Conversation meetings that are coming up on the 12th and 13th of the month adding that he is looking forward to hearing more public input. There is a neighborhood meeting at the Senior Center at 6:00 pm on Wednesday the 29th of the month. Last, he stated that there is another Planning Board meeting scheduled for tomorrow night.

Manager Crowell reported that we are wrapping up the fiscal year on Thursday, and union contract negotiations are underway.

Jill Eastman, Finance Director – May 2022 Final Monthly Report

Motion was made by Councilor Walker and seconded by Councilor Milks to accept and place on file the May 2022 final monthly report.

Passage 7-0.

IX. Executive Session

Economic development, pursuant to 1 M.R.S.A. §405(6)(C).

Motion was made by Councilor Walker and seconded by Councilor Staples to enter into executive session (economic development) pursuant to 1 M.R.S.A. §405(6)(C).

Passage 7-0, time 8:18 pm.

Council was declared out of executive session at 8:40 pm

Personnel matter (City Manager's performance review), pursuant to 1 M.R.S.A. §405(6)(A).

Motion was made by Councilor Morin and seconded by Councilor Walker to enter into executive session (personnel matter – City Manager's performance review) pursuant to 1 M.R.S.A. §405(6)(A).

Passage 7-0, time 8:40 pm.

Council was declared out of executive session at 9:10 pm

VIII. Adjournment – Motion was made by Councilor Hawes and seconded by Councilor Milks to adjourn. Unanimously approved and the meeting adjourned at 9:10 pm.

Citizens for Sensible Growth

July 6, 2022

Susan Clements-Dallaire
City Clerk
City of Auburn
60 Court St.
Auburn, ME 04210

Dear Susan:

On behalf of the Citizens for Sensible Growth I am submitting, pursuant to Section 9.3 of the City Charter, our petition to Repeal Ordinance 11-03212022.

Citizens for Sensible Growth has previously filed an affidavit, attached, creating a petitioner's committee pursuant to Section 9.2 of the City Charter.

Our submission consists of 119 petition forms having 2,437 signatures. I would note that we have attached a secondary Circulator's Affidavit to all but one of the petition forms. This was done as we noticed, after the circulators had completed the affidavit included on the petition form, that the original affidavit did not clearly certify that the circulator was a resident of Auburn. To ensure that the circulators had fully met the requirements of the City Charter, Section 9.5 C, a secondary affidavit with the language "that I am a resident of Auburn, Maine;" added to the certification section was attached to each petition form and sworn to by the circulator. We were unable to have a secondary affidavit notarized for the petition form circulated by Julianna Hayes as she is visiting Australia for an extended period.

We understand that pursuant to Section 9.4 of the City Charter that you will review our petitions for sufficiency within twenty days. If sufficient you will

transmit a certificate of sufficiency to the City Council. If found insufficient you will notify us of the details of the insufficiency via certified mail so that we might, pursuant to Section 9.4 A of the City Charter, cure the insufficiency.

We look forward to the results of your review.

Sincerely,

John Cleveland

Member, Petitioner's Committee

Auburn City Council
City of Auburn
60 Court Street
Auburn, ME 04210

RE: Ordinance 11-03212022 Referendum and T-4.2B Zoning Map Amendment

Dear Council Members:

My client, Citizens for Sensible Growth, has submitted a valid referendum petition to repeal Ordinance 11-03212022 ("the Ordinance"). With the filing of this referendum petition, the Ordinance will be suspended until the Petition is deemed insufficient or withdrawn, the Ordinance is repealed, or 30 days after the election on the referendum. *See* Auburn, Me., Charter, § 9.5. This suspension is intended to protect the City's voters from ordinances with which they disagree while they are attempting to review or repeal them. During this period of suspension, the Ordinance may not be applied to pending applications.

Until the referendum is voted upon, it would be a violation of the City Charter to enact a duplicative ordinance or modification of the subject ordinance with the intent or effect to circumvent this process. The public's right to approve or disapprove of legislation through the initiative and referendum processes is absolute, and the Council cannot act, directly or indirectly, to frustrate that right. *See Farris ex rel. Dorsky v. Goss*, 143 Me. 227, 232, 60 A.2d 908 (Me. 1947).

Despite numerous procedural irregularities, the City Council enacted the Ordinance on March 28, 2022. The Ordinance relocates 1,687.41 acres from the City's Urban Residential Area to the Traditional Neighborhood Development District (T-4.2). Because the City Council and Planning Board failed to engage the public as required prior to such a sweeping zoning amendment, and because the Ordinance would have a significant effect on the City, Citizens for Sensible Growth began circulating the petition to repeal the Ordinance. The City Council and Planning Board have recently considered an amendment that would relocate the same 1,687.41 acres from the City's Urban Residential Area to the "new" Traditional Neighborhood Development District (T-4.2B). There are no substantive differences between T-4.2 and T-4.2B. The sole effect of the amendment would be to duplicate the Ordinance and frustrate the purpose of the Petition. As such, it must be tabled until the referendum election is held.

All of the City's actions in regard to the Ordinance and Amendment have been rushed and undertaken without providing sufficient time for the City Council, Planning Board, or Auburn residents to provide input and feedback related to their impact on the City. On behalf of

Citizens for Sensible Growth, I urge the City Council to give the voters an unfettered opportunity to be heard on these issues.

Sincerely

Kristin M. Collins

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: July 18, 2022

Author: Karen Scammon

Subject: Valuation adjustments

Information: The City Assessor and Deputy Assessor will present a Power Point presentation on valuation adjustments/Declared ratio and 2022 mil rate.

City Budgetary Impacts: N/A

Staff Recommended Action: Presentation

Previous Meetings and History: None

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: July 18, 2022 **Ordinance:** 17-06272022

Author: Sue Clements-Dallaire, City Clerk

Subject: Re-districtng

Information: Title 30-A §2503 (2) states that "the Municipal Legislative body must enact the reapportionment ordinance within 12 months after the Legislature has reapportioned the House and Senate districts". Those were adopted by the 130th Legislature and signed into law by the Governor on 9/29/21.

Title 30-A §2503 (1)(B) also states "each district must contain as nearly as possible the same number of inhabitants as determined according to the latest Federal Decennial Census, but districts may not differ in number of inhabitants by more than 10% of the inhabitants in the smallest district created".

Below are the numbers taken from the 2020 census and broken down by districts.

Ward	Target Population	Actual Population	Variance
1	4,812.2	5,040	+227.8
2	4,812.2	4,665	-147.2
3	4,812.2	5,023	+210.8
4	4,812.2	4,615	-197.2
5	4,812.2	4,718	-94.2
	24,061	24,061	

The variance between the lowest (W4) and highest (W1) populated districts is 425 or 9%.

We are proposing re-adopting the ward maps and descriptions but will have to replace references to the 2010 census block numbers with the 2020 census block numbers in the written descriptions.

City Budgetary Impacts: None

Staff Recommended Action: Staff recommends re-adopting the current Ward lines.

Previous Meetings and History: Every 10 years following the census. This was presented at the 6/6/2022 Council workshop, public hearing and passage of first reading was held on 6/27/2022.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: 30-A Sec. 2503, maps and descriptions.

§2503. Reapportionment

1. Adoption by ordinance. Districts established for the purpose of electing, from each district, an equal number of municipal officers may be adjusted, by ordinance, by the municipal legislative body subject to the following conditions.

A. Each district must be formed of compact, contiguous territory. Its boundary lines may follow the center lines of streets. [PL 1987, c. 737, Pt. C, §2 and Pt (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

B. Each district must contain as nearly as possible the same number of inhabitants as determined according to the latest Federal Decennial Census, but districts may not differ in number of inhabitants by more than 10% of the inhabitants in the smallest district created. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

C. The ordinance must include a map and a description of the districts. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

D. The ordinance takes effect on the 30th day after adoption by the legislative body. The new districts and boundaries, as of the effective date, supersede previous districts and boundaries for the purposes of the next regular municipal election, including nominations. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

[PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

2. Failure to enact ordinance. The municipal legislative body must enact the reapportionment ordinance within 12 months after the Legislature has reapportioned the House and Senate districts pursuant to the Constitution of Maine, Article IV, Part First, Section 3 and Article IV, Part Second, Section 2 or after a court decision finalizing the reapportionment of districts. The ordinance must be enacted at least 90 days before a regular municipal election occurring within that 12-month period or the previous reapportionment ordinance applies to that election. If the legislative body fails to enact an ordinance within the 12-month period or at least 90 days before a regular election occurring after the 12-month period, all municipal officers to be elected must be elected at large and serve until their terms expire. Such at-large elections continue until the legislative body enacts an ordinance in accordance with subsection 1 at least 90 days before a regular municipal election.

[PL 2001, c. 537, §1 (AMD); PL 2001, c. 537, §2 (AFF).]

3. Referendum. Except when the municipal legislative body is the town meeting, the voters of the municipality may require the municipal legislative body to reconsider any ordinance adopted under subsection 1. If the legislative body does not repeal an ordinance so reconsidered, the voters may approve or reject it at a municipal election.

A. Any 5 voters may commence referendum proceedings by filing an affidavit with the municipal clerk stating:

(1) They will constitute the petitioners' committee;

(2) They will be responsible for circulating the petition and filing it in proper form;

(3) Their names and addresses;

(4) The address to which all notices to the committee are to be sent; and

(5) The ordinance sought to be reconsidered.

Promptly after the affidavit of the petitioners' committee is filed, the clerk shall issue the appropriate petition blanks to the petitioners' committee. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

B. Petitions under this subsection must meet the following requirements.

(1) Petitions must be signed by a number of voters of the municipality equal to at least 15% of the total number of voters in the municipality at the last presidential election.

(2) All papers of a petition shall be uniform in size and style and shall be assembled as one instrument for filing. Each signature must be executed in ink or indelible pencil and must be followed by the address of the person signing. While being circulated, petitions must have the full text of the ordinance sought to be reconsidered contained in or attached to the petition.

(3) When filed, each paper of a petition must have an affidavit, executed by the circulator of the petition, attached to it stating:

(a) That the circulator personally circulated the paper;

(b) The number of signatures on the paper;

(c) That all the signatures were signed in the circulator's presence;

(d) That the circulator believes them to be the genuine signatures of the persons whose names they purport to be; and

(e) That each signer had an opportunity before signing to read the full text of the ordinance sought to be reconsidered.

(4) Petitions must be filed within 30 days after the municipal legislative body adopts the ordinance sought to be reconsidered. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

C. The following procedure shall be followed after the petition is filed with the municipal clerk.

(1) Within 20 days after the petition is filed, the municipal clerk shall complete a certificate as to its sufficiency, specifying, if it is insufficient, the particulars which render it defective. The clerk shall promptly send a copy of the certificate to the petitioners' committee by registered mail. A petition certified insufficient for lack of the required number of valid signatures may be amended once if the petitioners' committee files a notice of intention to amend it with the clerk within 2 days after receiving the copy of the clerk's certificate and files a supplementary petition upon additional papers within 10 days after receiving a copy of the certificate. This supplementary petition must comply with the requirements of paragraph B, subparagraphs (2) and (3). Within 5 days after it is filed, the clerk shall complete a certificate as to the sufficiency of the petition as amended and promptly send a copy of that certificate to the petitioners' committee by registered mail as in the case of an original petition. If a petition or amended petition is certified insufficient and the petitioners' committee does not elect to amend the petition or request review under subparagraph (2), within the time required, the clerk shall promptly present the clerk's certificate to the municipal legislative body and the certificate is then a final determination as to the sufficiency of the petition.

(2) If a petition has been certified insufficient and the petitioners' committee does not file notice of intention to amend it or if an amended petition has been certified insufficient, the committee, within 2 days after receiving the copy of the certificate, may file a request that it be reviewed by the municipal legislative body. The legislative body shall review the certificate at its next meeting following the filing of the committee's request and approve or disapprove it. This determination is then final as to the sufficiency of the petition.

(3) A final determination as to the sufficiency of a petition is subject to court review. A final determination of insufficiency, even if sustained upon court review, does not prejudice the filing of a new petition for the same purpose. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

D. When a petition is filed with the clerk under this subsection, the ordinance sought to be reconsidered is suspended from taking effect. This suspension ends when:

(1) There is a final determination of insufficiency of the petition;

(2) The petitioners' committee withdraws the petition;

(3) The council repeals the ordinance; or

(4) Thirty days have elapsed after a vote of the municipality on the ordinance. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

E. The following procedure shall be followed if a petition is determined to be sufficient.

(1) When a petition has been finally determined sufficient, the municipal legislative body shall promptly reconsider the referred ordinance by voting its repeal. If the legislative body fails to repeal the referred ordinance within 30 days after the date the petition was finally determined sufficient, it shall submit the referred ordinance to the voters of the municipality.

(2) The vote of the municipality on a referred ordinance shall be held at least 30 days and not more than one year after the municipal legislative body's final vote on the ordinance. If no regular municipal election is to be held within this period, the legislative body shall provide for a special election; otherwise the vote shall be held at the same time as a regular election occurring within this period, except that the legislative body, in its discretion, may provide for a special election at an earlier date within the prescribed period. Copies of the referred ordinance shall be made available at the polls.

(3) The form of the ballot for the repeal of the ordinance shall be substantially as follows:

"Shall the ordinance entitled '.....' be repealed?

YES / / NO / /"

(The voters shall indicate their choice by a cross or check mark placed in the appropriate box opposite the words YES or NO.)

(4) A petition may be withdrawn at any time before the 15th day prior to the day scheduled for a vote of the municipality. The petitioners' committee must file with the municipal clerk a request for withdrawal signed by at least 4 members of the petitioners' committee. Upon filing this request, the petition has no further effect and all proceedings on the petition shall be terminated. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

F. If a majority of the voters who vote on a referred ordinance vote for its repeal, it is considered repealed upon certification of the election results. [PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. A, §16 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

[PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. A, §16 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

4. Exception. This section does not apply to municipalities whose charters specify different methods of reapportionment.

[PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

SECTION HISTORY

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: July 18, 2022 **Order:** 83-06062022

Author: Glen E. Holmes, Director of Business & Community Development

Subject: Project Support You - Auburn

Information: This is a request to allocate $300,000 in ARPA funds. Please see attached PowerPoint which outlines the "Project Support You-Auburn" program being proposed by Public Health along with supporting data showing the need for this program submitted by our police and fire departments. The program will address the needs of community members experiencing homelessness and housing instability, poor mental health, substance use disorders, and instability while supporting our first responders who are currently on the front lines encountering these complex issues in our community every day.

City Budgetary Impacts: None

Staff Recommended Action: Staff is requesting that this item is postponed until the meeting of August 1, 2022.

Previous Meetings and History: Originally presented at a City Council workshop on 3/21/2022. Order 83-06062022 was added to the June 6, 2022 council agenda. The order was tabled to allow for additional information to be included in the packet.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell J.

Attachments: PowerPoint overview of the program
Job Description of a similar position to be funded

PSY Co-Responder Program

Public Health

Project Support You - Auburn

We are here to request a total of $300,000 in ARPA funds for a two-year pilot of "Project Support You - Auburn," (PSY Auburn)

The program design is based on best practices from other programs used nationally to better meet the needs of individuals struggling with homelessness, mental illness, substance misuse, and access to care while reducing the number of calls for service our police and paramedic teams respond to from frequent system utilizers through diversion to longer term, sustainable, and appropriate support services.

auburnmaine.gov

Program Description

PSY is a "boots on the ground" service that would employ a TCMHS employee to be shared between AFD and APD to respond ***with*** our first responder teams in real time.

The PSY worker will follow-up on needs identified by AFD and APD that would benefit individuals utilizing services and in need of community supports.

Housing insecure youth

For the 2021-2022 school year, as of February 6, 2022, Auburn School Department's McKinney-Vento liaison had identified **58 confirmed students eligible for McKinney-Vento services** and another 22 students that were yet to be confirmed eligible.

The McKinney-Vento Act under federal law ensures homeless youth have access to educational stability and offers resource assistance such as transportation to and from school.

Chief Chase

"Our role as an EMS organization is not only to respond to medical emergencies, but to participate in the overall improvement of the health of our community. Substance use disorders and overdose deaths are quickly become the paramount public health issue. As an organization, and as a City, we need to find additional ways to address this growing public health crisis. This includes dedicating staff and resources with the specialized training needed to support those struggling with substance use disorders."

Robert Chase
Fire Chief, City of Auburn

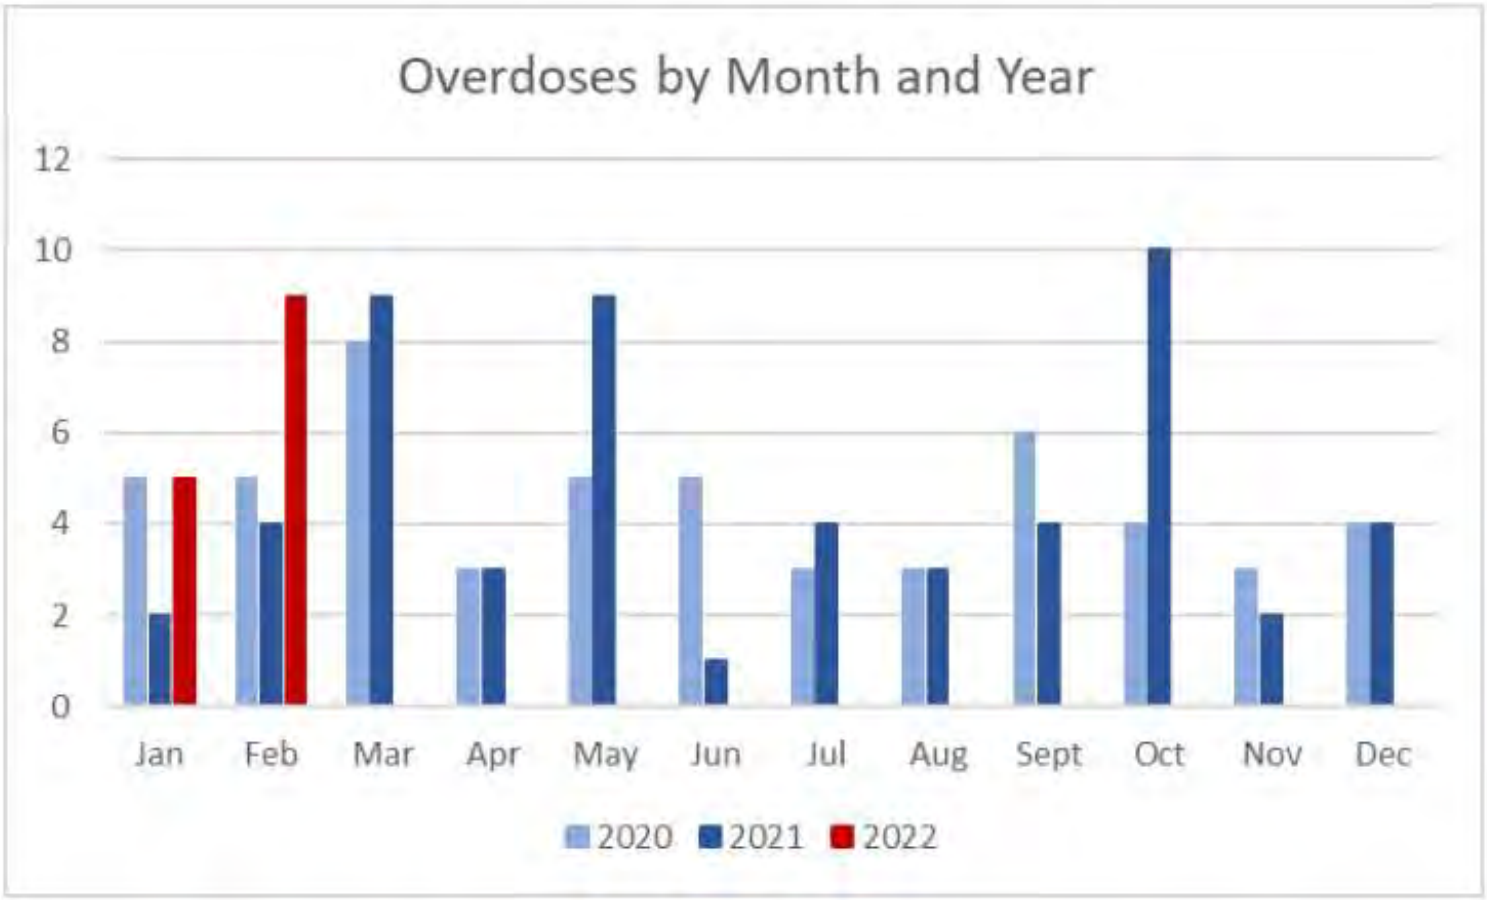
APD OD Data: 2020-2021

In 2021, Auburn PD responded to 55 overdoses at 51 calls for service; there were 54 overdoses in 2020.

- Seven of these 55 overdoses are known to have resulted in a death.
- 28 doses of Narcan were administered directly by Auburn PD to 24 victims at 22 calls for service.

auburnmaine.gov

Feb. 2022 APD Data



Count of Overdoses, by month and year

Source: APD Overdose Report – February 2022, provided by Lt. Harrington of APD

auburnmaine.gov

Currently…

- APD officers have been carrying Narcan since 2018
- APD's participation in Androscoggin County's Drug Take Back days dates back to 2010.
- The med drop box offers a safe place to drop off unused medications in the Auburn police department lobby, which can help prevent prescription drug misuse

Homelessness Crisis Protocol

This program would also come at a critical time for APD, as they work to comply with the new Homelessness Crisis Protocol provided by the Attorney General to meet requirements of 17-A M.R.S. §18 [PL 2021, c. 393, §1].

Our officers regularly respond to calls from community members concerned about unhoused individuals in our community, living on the streets, tenting on private or public property, and looking for a place to stay warm during the cold winter months when the limited shelters available in Lewiston and Auburn are full.

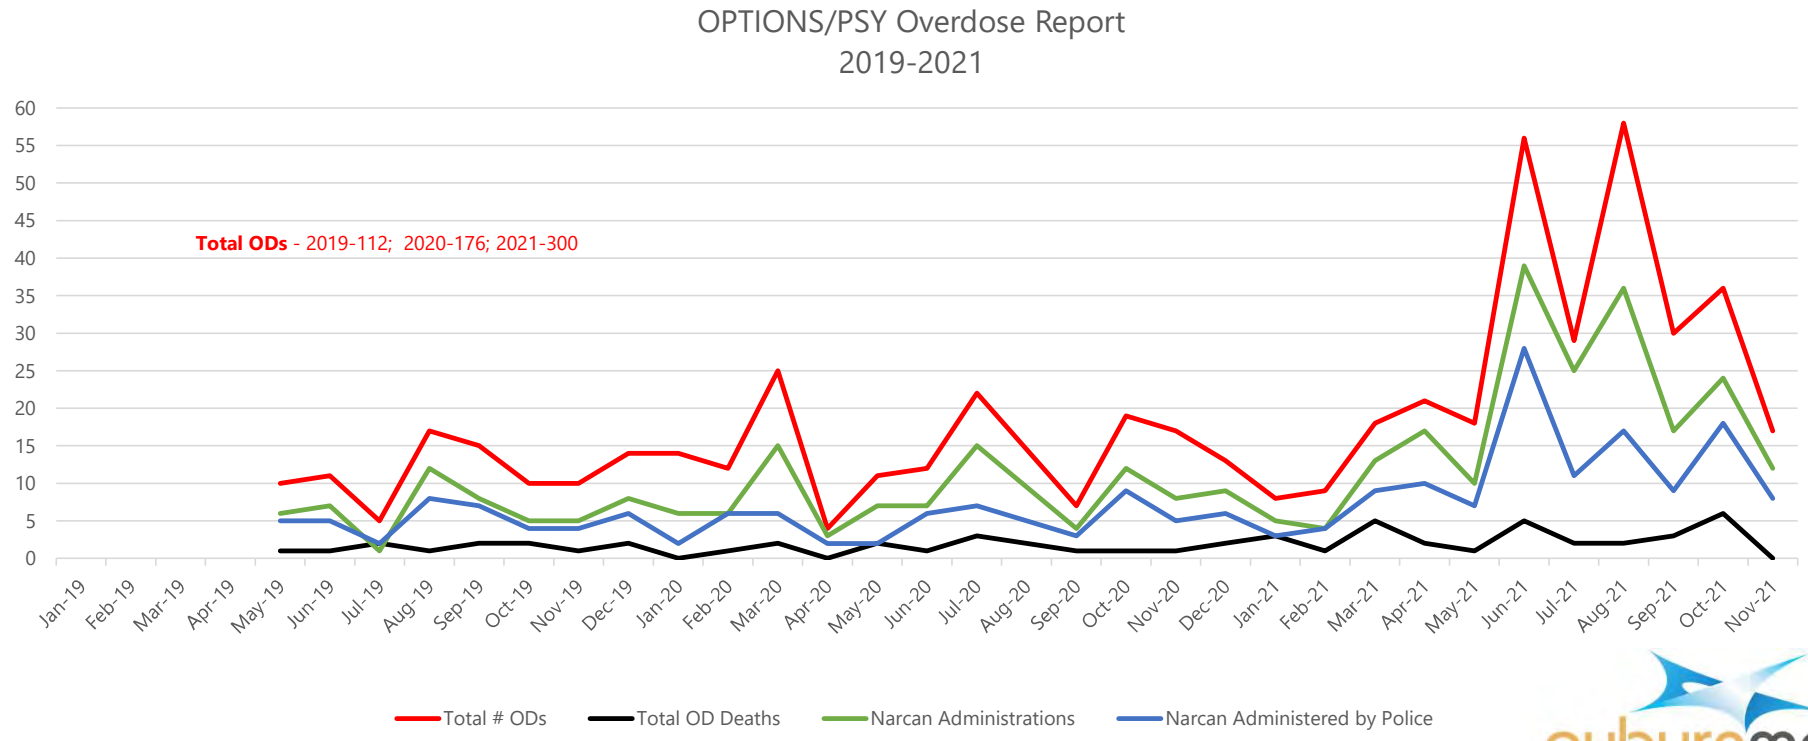
auburnmaine.gov

TCMHS Options/PSY Data



PSY success in Lewiston

Since 2018, the Lewiston Police Department has successfully employed this model – embedding mental health professionals from Tri-County Mental Health Services (TCMHS) within the police department to respond with and follow-up on needs in the community.

PSY-Auburn would be customized to meet the needs of Auburn, with a TCMHS PSY worker being shared between the Auburn Police Department and the Auburn Fire Department and working in close collaboration with the Public Health Manager. The PSY worker would remain an employee of TCMHS, and thus the program would also benefit from all the resources and programming of TCMHS.

Serving those who served…

According to SAMHSA's 2019 National Survey on Drug Use and Health in Veteran Adults:

- 3.9 Million (adult) Veterans had a mental illness and/or a substance use disorder (SUD), up 6.5% over 2018
- Of these, 2.3% (481K) struggled with both
- 1 in 4 struggled with illicit drug use
- 4 in 5 struggled with alcohol use
- 1 in 13 struggled with both
- Of those struggling with a mental illness, SAMHSA reported 1 in 4 had a severe mental illness.

Project Support You provides connection.

"Abby is pregnant, homeless, and using heroin daily. As a result of a call from a soup kitchen volunteer, TCMHS staff reach out to Abby to help connect her to medical care and emergency shelter housing. After repeated attempts to get her into residential treatment initially fails, TCMHS staff continue assertive contacts with her over ensuing weeks until Abby successfully agrees to detox treatment."

Success story provided in Catherine Ryder's support letter for PSY-Auburn.

Project Support You provides hope.

"Mary lived in a family that has experienced intergenerational trauma. She grew up in a home with an alcoholic father and began experimenting with substances in her early teens, leading to serious use as she moves through her teens into her 20s. Estranged from her family, Mary's substance misuse leads to repeated involvement with law enforcement, homelessness, and interactions with child protective services. In an effort to regain custody of her child, she enters a community program where she receives supports and job training. Despite her best efforts, exacerbated by the trauma experienced due to losing custody of her child, she relapses, becomes homeless again, and is arrested. TCMHS staff intervene to help her to access treatment, healthcare, job training, and housing. With their help, she restarts her path to recovery."

Success story provided in Catherine Ryder's support letter for PSY-Auburn.

auburnmaine.gov

Treatment works, but it takes resources.

"It is vital to remember, always, that treatment works and recovery is possible. Just as we would not give up hope or fail to help someone with diabetes, cancer or heart disease, the same is true for those who live with mental illness or a substance use disorder. We can and must bring all resources available to bear, and create them when they are not, to help those in need. Every life is worth saving."

Catherine R. Ryder, LCPC, ACS
Chief Executive Officer, Tri-County Mental Health Services

Quote taken from Catherine Ryder's support letter for PSY-Auburn.

auburnmaine.gov

Budget:

DESCRIPTION:	YEAR 1	YEAR 2	TOTAL
Tri-County Mental Health Services 1.4 FTE	98,000	98,000	196,000
Software, data analysis, and administrative support.	50,000	50,000	100,000
Misc. Program Supplies/Expenses	2,000	2,000	4,000
Total	150,000	150,000	300,000

The $98,000/year amount pays for a full-time position – including PTO and holidays. It provides some on-call for nights, weekends, and PTO time. It also pays for supervision, a laptop, encrypted phone, travel, and 20% overhead for Tri-County Mental Health Services.

auburnmaine.gov

Position Description:
Co-Responder

Classification: Non-Exempt	**Grade Level:** Non-Exempt 7
Reports To: Chief Executive Officer or Manager	**Department:** Substance Use Disorder Services

GENERAL SUMMARY:

The Co-Responder provides OUD/SUD overdose response, screening, behavioral health crisis de-escalation, assessment, screening, referral to community treatment services and resources, system navigation, short-term SUD and behavioral health interventions, and aid in completion of the State's Medicaid program application for uninsured population, in collaboration with local law enforcement.

ESSENTIAL JOB FUNCTIONS:

- Demonstrates commitment to the mission of the agency with a strong understanding and respect for the goals of agency activities.
- Responds to SUD/OUD-related emergency calls along with law enforcement, or other first responder agencies, prioritizing nonfatal overdose calls and the highest needs requests for support, as able.
- Responds to behavioral and mental health related emergency calls along with law enforcement, or other first responder agencies, prioritizing competing demands through triage, when possible.
- Coordinates with a Recovery Coach, Peer, or Patient Navigator, as available, to provide post-overdose response and support to overdose survivors within seventy-two (72) hours after a non-fatal overdose event, to include: provision of information around Harm Reduction, treatment, and recovery support services that are available.
- Coordinates with community resources and client treatment team, as available, to provide post response and support. Provision of information around community resources, services, supports and other options for services that are available.
- Conducts ASAM level of care Assessments as appropriate.
- Gathers all Releases of Information as required by law to remain in compliance with HIPAA guidelines, including CFR 42 Part 2.
- Participates in technical assistance sessions which will be provided by the Maine Medical Association and informed by the Behavioral Health Response unit within the Portland Police Department.

ESSENTIAL JOB FUNCTIONS (continued):

- Provides anti-stigma and SUD informational sessions.
- Provides system navigation assistance to individuals in need of necessary support services.
- Provides referrals to appropriate community-based treatment and recovery services.
- Conducts follow up visits to clients who present in frequent need to establish, build and maintain relationship and rapport with a supportive, ongoing presence.
- Completes and sends in CradleME referrals for any pre-natal or post-partum women that presents as an individual in need.
- Provides linkage to syringe service programs and other Harm Reduction sites as available and facilitates connectivity to a Federally Qualified Health Center (FQHC) or other provider site that can provide human immunodeficiency virus (HIV) and Hepatitis testing.
- Provides Naloxone kits and Naloxone administration training in the specific type of Naloxone being provided to the individual and/or affected others during the post-overdose follow-up.
- Provides Fentanyl test strips, training and education to clients as prevention.
- Determines if the individual is a Person in Crisis and coordinates response with Crisis Intervention Workers.
- Works in collaboration with the law enforcement agencies in their catchment area to utilize Overdose Detection Mapping Application Program (ODMAP) and be signed up to receive overdose alerts for notification of incidents occurring during off-hours and provides follow-up with the individual in need during normal working hours.
- Provides linkage to further long-term Peer and/or Recovery Coach services for individuals in need that are assessed as having a SUD.
- Supports linkage to affordable housing and referral to programs that can support and assist people experiencing homelessness.

OTHER DUTIES AND RESPONSIBILITIES:

- Communicates effectively both verbally and in writing, establishes positive public relations and interacts effectively with a diverse array of professionals and clients.
- Maintains appropriate boundaries and displays respect and courtesy to all internal and external customers.
- Participates in training to maintain or enhance job skills, including undergoing law enforcement orientation and training, as necessary.
- Demonstrates patience, caring, compassion, and sensitivity toward clients.
- Completes and submits required documentation in a timely manner and according to policies and procedures.
- Adheres to the agency's Organizational Standards for Performance (see attached).
- Maintains compliance with documentation in medical record in a timely manner by completing all required documentation on time and filing additional documentation, as necessary
- Adheres to the agency's Risk and Safety Management Programs.
- Ensures that confidentiality is maintained at all times in accordance with federal, state, and agency standards.
- Functions in a cost-effective manner with regard to the utilization of time, supplies and other agency resources.
- Attends meetings and supervisions as required and necessary for the position.
- Promotes and fosters effective relations, both inside and outside of the agency.
- May perform other related duties as required.

ADDENDUM:

OPTIONS/Substance Use Co-Responder

- Funded by Maine Grant for Androscoggin county; primary role of overdose/substance use response.

ADDENDUM (continued):

Co-Responder

- Funded by the City of Lewiston; primary role of mental health support response.

Project Support You Co-Responder Lead Role

- Support, coach and mentor onboarding staff of the PSY and OPTIONS programs as well as the Peer Navigator role
- Provide resources, encourage networking, make introductions to key colleagues and clients of these programs.
- Support staff in documentation and reporting, checking to ensure accuracy and timeliness.
- Support mandatory training with PD, Agency, State and others as appropriate.
- Co-facilitate group supervision with management.

POSITION REQUIREMENTS:

Duties require knowledge of Substance Use Disorders and Dual Diagnosis treatment services equivalent to completion of a Bachelor's degree or equivalent combination of education and experience.

Must be willing and eligible to pursue and obtain minimum of CADC certification within first year of employment. Must possess a valid State of Maine driver's license.

COMPETENCIES:

Detail-oriented with good organizational and time management skills

Ability to manage multiple priorities and tasks, and consistently meet deadlines.

Ability to demonstrate good problem solving and critical thinking skills.

Ability to work effectively on a multi-disciplinary team.

Ability to assess situations for personal and client safety.

Ability to respond effectively in crisis situations.

Proficient with the use of a computer and job-specific software applications

WORKING CONDITIONS/PHYSICAL DEMANDS:

Normal office environment, not subject to extremes in temperature, noise, odors, etc.; may also be subjected to unpredictable environments with extremes in temperature, noise, odors, weather conditions, etc.

Regular use of computer keyboards, telephone and operating office machines, requiring eye-hand coordination and finger dexterity.

Must be willing to abide by policies and procedures of Police Department and follow directive of co-responding officer, wear flack jacket and put safety at forefront at all times.

WORKING CONDITIONS/PHYSICAL DEMANDS (continued):

Occasional lifting and carrying of supplies, files, documents, records, etc.

May be asked to operate a motor vehicle in all types of weather.

The above statements are intended to describe the general nature and level of work being performed by people assigned to do this job. The above is not intended to be an exhaustive list of all responsibilities and duties required. The omission of specific statements of duties does not exclude them from the position if the work is similar, related, or a logical assignment to the position.

***External and internal applicants, as well as position incumbents who become disabled as defined under the Americans With Disabilities Act, must be able to perform the essential job functions (as listed) either unaided or with the assistance of a reasonable accommodation to be determined by management on a case by case basis.**

TRI-COUNTY MENTAL HEALTH SERVICES

Organizational Standards of Performance

STANDARD #1: Organizational Perspective

All employees demonstrate an understanding of how individual job performance and continuous quality improvement advances the Tri-County Mental Health Services mission.

Expectation:

- Understanding the connection between the agency's mission, continuous quality improvement and personal performance.
- Demonstrating a philosophy and work ethic that are consistent with agency's vision, mission and guiding principles.
- Perform duties in accordance with applicable regulations, laws and agency policy and procedures.

STANDARD #2: Professional, Ethical and Respectful Behavior

All employees act in a manner that demonstrates a commitment to professional ethical and respectful behavior.

Expectation:

- Interactions are guided by Trauma Informed practices and principles and are respectful, professional.
- Kind and courteous behavior that promotes positive interactions and engagement.
- Engage in direct communication and problem solving.
- Criticizing the agency and/or other employees to others (i.e. the "rumor mill") is actively discouraged. Continuously making an effort to squelch rumors and other disrespectful behaviors.
- Confidential information, whether received in the course of work or received inappropriately, is not shared with others.
- All employees know and understand the code of ethics of their respective professions

STANDARD #3: Confidentiality

All employees act in a manner that demonstrates an understanding of confidentiality.

Expectation:

- All employees can identify and discuss the parameters of confidentiality
- Confidential information, whether received in the course of work or inadvertently, is not shared with others
- All employees share a responsibility for safeguarding confidential information

STANDARD #4: Teamwork

All employees participate in an environment where success is created by working together collaboratively.

Expectation:

- Building collaborative relationships, both internally and externally.
- Accepting and using constructive feedback from both peers and supervisors.
- Collaborating to improve services and processes, and solve problems.
- Sharing responsibility and accountability for team goals.

STANDARD #5: Skill and Ability

All employees take advantage of training and educational opportunities to enhance skills, productivity, and quality of work.

Expectation:

- Seeking assistance and support when necessary.
- Accepting guidance from supervisor and implements decisions made with supervisor.
- Actively seeking training opportunities, through supervision and other sources, to enhance ability to perform all aspects of position.

STANDARD #6: Knowledge of Community

All employees use knowledge of current community needs to work effectively with community groups.

Expectation:

- Building and maintaining positive relationships with the community.
- Articulating and explaining accurately the full range of agency services and resources.
- Presenting the agency to the community in a positive, proactive and appropriate manner.
- Uses client and community feedback to improve service delivery.

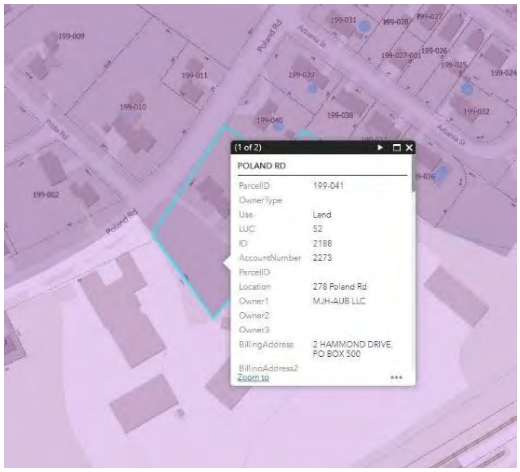
Author: Katherine Cook, Planning Coordinator

Subject: First reading of zone change request from Hammond Lumber, 278 Poland Road

---



Information: Hammond Lumber Company (owner) is requesting a zone change of the 1.75 +/- acre parcel at 278 Poland Road (PID 199-041). The request is to change this parcel form Suburban Residential (SR) zoning to Industrial (ID) zoning. The Parcel is already owned by Hammond Lumber and is surrounded by ID zoning and SR zoning. A recommendation for Hammond Lumber's request is pursuant to ARTICLE XVII DIVISION 2, SEC.1445-1448. The Planning Board reviewed this request brought forth by a petition with the information and the recommendations noted in the staff report.

The Planning Board reviewed this proposal, held a Public Hearing and recommended that City Council reject Hammond Lumber's requested zone change on 1.75 acres +/- at 278 Poland Rd (PID 199-041) from Suburban Residential (SR) zone to Industrial (ID) zoning noting that the owner will address curb cut reductions and would be required to create a buffer that meets ordinance requirements and provides buffering to the neighborhood if a site plan review is a requested for proposed parking. Their motion is included in the packet.

Their recommendation was based on discussion between the applicants, the Planning Board, and members of the public and specified in the May 10th Planning Board Meeting minutes and on the YouTube Recording for this meeting. The City Council tabled this item at the June 6, 2022 Meeting to be reconsidered at the July 18 meeting to allow the business to meet with neighbors and address concerns related to buffering and vehicles and any other neighborhood concerns. It is unusual to address buffering as part of a zone change and this is usually addressed during a later site plan review, however, the business met with staff and neighbors to better understand concerns (meeting minutes attached). The business provided an improved buffering plan that they are committed to implementing as part of site plan review if they are allowed to move forward. Staff and the Planning Board can make buffering and road frontage improvements a requirement as part of that process if the zoning moves forward.

City Budgetary Impacts: None.

Staff Recommended Action: Hold the first reading and hold a public hearing for the zone change at 278 Poland Road, Parcel I.D. 199-041 from Suburban Residential (SR) District to Industrial (ID) District. Vote on First reading.

Previous Meetings and History: May 10th 2022 Planning Board, June 6th CC meeting, Neighborhood meeting, June 30, 2022.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: Planning Board Memo, May 10th, 2022, Hammond Lumber Staff Report, May 10th, Application from Hammond Lumber, Hammond Lumber site plan, Buffer Plan, public site walk through minutes, public meetings sign in sheet.

Auburn, Maine 04210

Zone Change Request
278 Poland Road, Auburn ME 04210

Dear Planning Staff,

On behalf of Hammond Lumber Company, we are pleased to submit the following documentation for a zone change request to the City of Auburn. The requested zone change is for an approximately 1.75-acre parcel located at 278 Poland Road and identified by the City of Auburn as lot 199-041., and is within the City's Suburban Residential (SR) Zone and borders Auburn's Industrial (ID) Zone. The property was previously developed for residential use and consisted of a single-family house and barn. Hammond Lumber purchased the land, and in 2019, the buildings on the parcel were demolished and removed from the property. Hammond Lumber is now requesting the zone change of this property from the SR Zone to the ID Zone to allow the expansion of their development onto this parcel.

The subject parcel is located along the frontage of the Hammond Lumber site on Poland Road and abuts the entire front face of Hammond's primary and largest warehouse building. Adjacent residential development is located north across Poland Road and downhill to the east. There is an existing tree line along the eastern boundary of the property that extends from Poland Road to the rear of the Hammond Lumber development. The remaining area of the parcel is open lawn that is surrounded on three sides by Poland Road and Hammond Lumber's access drive and buildings.

With the aforementioned factors in mind, a zone change of lot 199-041 from Suburban Residential to Industrial will not pose any adverse effects to the Poland Road community or to the city as a whole A zone change will allow Hammond Lumber to utilize this area to its full potential by incorporating it into their existing development. The additional frontage will give Hammond Lumber the ability to create a more visually pleasing entrance along Poland Road that better matches the other industrial and commercial properties in the area. To assist with your review of this request, we have included the proposed design for how Hammond Lumber intends to utilize this site if the zone change is approved.

We hope the attached application and materials we have provided are sufficient information for the City of Auburn to allow Hammond Lumber Company's zone change request. The goal of Hammond Lumber Company is to obtain the zone change first, and then proceed with an application to the City of Auburn for improvements to the front façade of the existing retail building, a new parking lot with associated stormwater treatment, and much needed improvements to the frontage along Poland Road. Should you have any questions, or need additional information, please call James Seymour, PE at Sebago Technics, Inc. at 207-200-2083.

Sincerely,

SEBAGO TECHNICS, INC.

James R. Seymour, P.E.
Sr. Project Manager

Materials Enclosed:

- Rezoning Petition & Signatures
- City Zoning Maps with Subject Parcel Identified
- 500' Abutters List
- Full Size Plans
    - Existing Conditions Plan
    - Preliminary Site Plan

REZONING PETITION

We, the undersigned registered voters of the City of Auburn, do herein petition the City of Auburn to amend the Suburban Residential (SR) zoning portion of the zoning map on (PID 199-041) to allow for a zone change of SR to ID to support Industrial opportunities in an otherwise residential zoned neighborhood along Poland Road. The property has been owned by Hammond Lumber for a number of years. As the ID district is the adjacent use the current owner would like to have the zoning match their existing/adjacent property as they will be absorbing the property into their larger existing parcel. The abutting lot in common is currently zoned Industrial Development and is owned in common by Hammond Lumber Company entity. The home on the parcel located in the SR was demolished in 2019 and today it is an empty parcel. As the City is currently undergoing a zoning reorganization, this is a great time to include this adjacent parcel (PID 199-041) as part of the ID zone to match existing zone of the current owner (Hammond Lumber)

One of the primary tests of a zone change is its conformance with the Comprehensive Plan. The proposed Future Land Use Plan as part of the 2021 Comprehensive Plan update process has this area zoned as Industrial. The lot is outside the floodplain.

GENERAL NOTES:

1. THE RECORD OWNER OF THE PARCELS IS MJH-AUB LLC BY DEED DATED DECEMBER 15, 2003 AND RECORDED AT THE ANDROSCOGGIN COUNTY REGISTRY OF DEEDS (ACRD) IN BOOK 5750, PAGE 333 AND BY DEED DATED JANUARY 8, 2019 AND RECORDED AT THE ACRD IN BOOK 10009, PAGE 120.
2. THE PROPERTY IS SHOWN AS LOT 41 AND LOT 42 ON THE CITY OF AUBURN TAX MAP 199. THE PROPERTIES ARE LOCATED IN THE SUBURBAN RESIDENCE (SR) DISTRICT AND ABUTS THE INDUSTRIAL (ID) DISTRICT.
3. SPACE AND BULK CRITERIA FOR THE SR DISTRICT ARE AS FOLLOWS:

NET RESIDENTIAL DENSITY:	TWO DWELLINGS PER ACRE
MINIMUM LOT SIZE:	21,780 S.F.
MINIMUM LOT WIDTH:	150'
MINIMUM FRONT YARD:	25'
MINIMUM SIDE YARD:	15'
MINIMUM REAR YARD:	25'
MAXIMUM BUILDING HEIGHT:	2 1/2 STORIES OR 35'

* SEE ORDINANCE FOR MORE PARTICULAR INFORMATION.

4. TOTAL AREA OF THE TWO (2) PARCELS IS APPROXIMATELY 20.12 ACRES.
5. BOUNDARY INFORMATION SHOWN HEREON IS SOLELY BASED UPON PLAN REFERENCE 7E. SEBAGO TECHNICS, INC. HAS NOT DONE ANY ADDITIONAL RESEARCH IN PREPARING THIS PLAN.
6. TOPOGRAPHIC INFORMATION SHOWN HEREON IS BASED UPON A FIELD SURVEY PERFORMED BY SEBAGO TECHNICS, INC. IN SEPTEMBER OF 2021. TRADITIONAL SURVEY MEANS AND METHODS SUPPLEMENTED WITH AERO-GEOMATIC/sUAS BASED PHOTOGRAMMETRY & LIDAR WERE EMPLOYED IN THE COLLECTION OF THIS TOPOGRAPHIC INFORMATION.

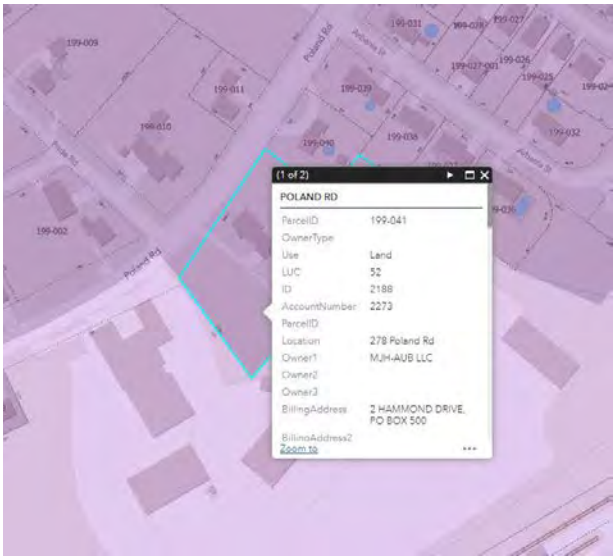
To: Auburn Planning Board

From: Katherine Cook, Planning Coordinator

Re: Zone Change Request for Hammond Lumber, 278 Poland Road

Date: May 10, 2022

PROPOSAL #1: **PETITION/ ZONE CHANGE REQUEST:** Hammond Lumber Company (owner) is requesting a zone change of the 1.75+/- acre parcel at 278 Poland Road (PID 199-041). The request is to change this parcel from Suburban Residential (SR) zoning to Industrial (ID) zoning. The Parcel is already owned by Hammond Lumber and is surrounded by ID zoning and SR zoning. A recommendation for Hammond Lumber's request is pursuant to ARTICLE XVII DIVISION 2, Sec-1445-1448.



Amendments to the zoning ordinance, including the zoning map, may be initiated by the Planning Board on its own initiative or upon request by the City Council or **by a petition signed by not less than 25 registered voters of the city.** (Ord. of 9-21-2009, § 8.1A) This change was initiated by petition.

One of the primary tests of a zone change is its conformance with the Comprehensive Plan. The proposed Future Land Use Plan (FLUP) as part of the 2021 Comprehensive Plan update process has this area has a suggested zone as Suburban Residential but given the immediate proximity of ID on two sides and long-standing lumber companies ownership (61+/- years) in the immediate area this would be an enhancement to the growing lumber and construction industry in the community. Access to building materials in the community is a major asset to meeting economic and housing goals of the Comprehensive Plan.

The FLUP is not a zoning map. It is intended to show, in a general sense, the desired pattern of future land use and development *(Ref. City of Auburn Comprehensive Plan, Chapter 2, pg. 87)*

I. PLANNING BOARD ACTION/STAFF SUGGESTIONS: Staff suggests the Planning Board make a recommendation to City Council to amend zoning map amendment to PID: 199-041 from Suburban Residential to Industrial to support a business in an otherwise commercially zoned neighborhood. Although review of a site plan will be required later it is worth noting that site impacts will be addressed in that process, including:

1.) The owner will address curb cut reductions if a site plan review submission is requested for proposed parking areas.
2.) The owner would be required to create a buffer that meets ordinance requirements and provides buffering to the neighborhood if a site plan review is requested for proposed parking.

II. SUGGESTED FINDINGS AND REASONS:

1. The applicant submitted a rezoning petition with required signatures, City Zoning maps with Parcels identified, 500' abutters list, and plans which met the standards and the required materials to make the Zone change on April 8, 2022 thus meeting the time frame and submission standards (Sec. 60-1446).
2. The property in question is owned by Hammond Lumber and abuts its property already in the ID zoning district on two sides. Approximately the second half of the parcel abuts the suburban residential zone. The change would not affect the character of the neighborhood and would not impede public health, safety, convenience, and welfare (Sec. 60-1447).
3. The proposal can be implemented without detriment to city resources.
4. The proposal meets the general future land use plan pattern of development and is consistent with the current comprehensive plan.

III. DEPARTMENT REVIEW:

- Police - No Comments
- Auburn Water and Sewer – No Comments
- Fire Department/Code Enforcement – No Comments
- Engineering – No Comments
- Public Services - No Comments
- Airport – No Comments
- 911 - No Comments

Suggested Motion: I make a motion to recommend that the City Council approve Hammond Lumber's requested Zone change on 1.75 acres +/- at 278 Poland Road (PID 199-041) from Suburban Residential (SR) Zone to Industrial (ID) Zone noting that the owner will address curb cut reductions and would be required to create a buffer that meets ordinance requirements and provides buffering to the neighborhood if a site plan review is requested for proposed parking.

City of Auburn, Maine
Office of Planning & Permitting
Eric Cousens, Director
60 Court Street | Auburn, Maine 04210 www.auburnmaine.gov | 207.333.6601

Proposal from the May 10th Planning Board staff report now before council:

Proposal: Hammond Lumber Company (owner) is requesting a zone change of the 1.75+/- acre parcel at 278 Poland Road (PID 199-041). The request is to change this parcel from Suburban Residential (SR) zoning to Industrial (ID) zoning. The Parcel is already owned by Hammond Lumber and is surrounded by ID zoning and SB zoning. Approval for Hammond Lumber's request is pursuant to ARTICLE XVII DIVISION 2, Sec-1445-1448.

Suggested Motion:

On May 10th, 2022, the City of Auburn Planning Board made the following recommendations:

"I move to recommend that City Council not rezone the property as it would be an encroachment of industrial area into residential neighborhoods."

(Motion from Mathieu Duvall, Second from Stacey LeBlanc)

Motion to NOT rezone the area to ID passes 5-2.

GENERAL NOTES:

1. THE RECORD OWNER OF THE PARCELS IS MJH-AUB LLC BY DEED DATED DECEMBER 15, 2003 AND RECORDED AT THE ANDROSCOGGIN COUNTY REGISTRY OF DEEDS (ACRD) IN BOOK 5750, PAGE 333 AND BY DEED DATED JANUARY 8, 2019 AND RECORDED AT THE ACRD IN BOOK 10009, PAGE 120.
2. THE PROPERTY IS SHOWN AS LOT 41 AND LOT 42 ON THE CITY OF AUBURN TAX MAP 199. THE PROPERTIES ARE LOCATED IN THE SUBURBAN RESIDENCE (SR) DISTRICT AND ABUTS THE INDUSTRIAL (ID) DISTRICT.
3. SPACE AND BULK CRITERIA FOR THE SR DISTRICT ARE AS FOLLOWS:

NET RESIDENTIAL DENSITY:	TWO DWELLINGS PER ACRE
MINIMUM LOT SIZE:	21,780 S.F.
MINIMUM LOT WIDTH:	150'
MINIMUM FRONT YARD:	25'
MINIMUM SIDE YARD:	15'
MINIMUM REAR YARD:	25'
MAXIMUM BUILDING HEIGHT:	2 1/2 STORIES OR 35'

* SEE ORDINANCE FOR MORE PARTICULAR INFORMATION.

4. TOTAL AREA OF THE TWO (2) PARCELS IS APPROXIMATELY 20.12 ACRES.
5. BOUNDARY INFORMATION SHOWN HEREON IS SOLELY BASED UPON PLAN REFERENCE 7E. SEBAGO TECHNICS, INC. HAS NOT DONE ANY ADDITIONAL RESEARCH IN PREPARING THIS PLAN.
6. TOPOGRAPHIC INFORMATION SHOWN HEREON IS BASED UPON A FIELD SURVEY PERFORMED BY SEBAGO TECHNICS, INC. IN SEPTEMBER OF 2021 UTILIZING AN UNMANNED AERIAL DRONE AND LIDAR (LIGHT DETECTION AND RANGING) TECHNOLOGIES.

Hammond Lumber Public Site Walk
June 30th, 2022
Zone Change Application

Meeting Minutes:

5:00 PM **Begin Site Walk**

Attendees gathered at the front of the site. A sign-in sheet passed around for attendees to write their name and address.

5:05 PM A formal introduction and project overview was given by Jim Seymour of Sebago Technics, Inc. Following the introduction, the floor was opened to questions from the public.

5:07 PM **Begin Open Discussion:**

Member of public asked: What time will truck operations/employees start in the morning?

Steve Pray of Hammond Lumber responded:

- Approximately 5-6 employees start 6AM
- Truck drivers arrive 6:30AM
- Try to end work day by 5:00PM, usually open no later than 6:00PM
- Block/close Poland Road entrance after hours
- Signs to prevent overnight parking in front of the site are currently being made and will be installed once ready

Member of the public (17 Arbania St.) asked: What is the impact to the trees (pointed to rear of site)?

- Clarified that the proposed zone change and proposed work in front of site would not impact trees in rear of site.
- Proposed work will explore new buffering in front of site if it proceeds to site plan review process.

5:10 PM Member of the public raised concern about truck access improvements and trucks blocking Poland Road

- Site plan will allow separation of trucks and commuter vehicles to improve access

Member of the public asked: Will the new entrance be blocked after hours?

- Yes, entrance will be blocked by a gate after hours

Member of the public asked: What percent of business is retail?

- Approximately 30% retail, 70% contractor

Member of the public asked: What will new parking be for?

- New parking will be for customers and employees to allow segregation of commuter vehicles and loading/trucking operations to improve safety and functionality.

Member of public asked about plantings/buffering on opposite side of the site on Poland Road

- Comment acknowledged, not related to zone change or proposed improvements but can be explored

5:15 PM Member of public asked about snow storage, and raised concerns of basements flooding since trees by Poland Road were cleared.

- Jim Seymour of Sebago Technics explained snow storage and the proposed soil filter BMP for stormwater treatment/control.
- New runoff will be controlled on site by BMP and additional plantings for buffering will be installed where previous trees were cut.

Member of the public asked about buffering

- A combination of trees and fencing can be explored in any areas requiring buffering

Members of the public raised concerns of deer in the area and concerns of deer getting trapped/dying in the soil filter (BMP)

- Clarified that the soil filter will be dry (typically dry 24 hours after storm)
- Soil filter only 3 feet deep and new plantings can be installed for buffering and to provide more cover for deer than what currently exists

5:20 PM Member of the public asked about redoing the front façade of the warehouse

- Old warehouse buildings are difficult to refinish but the applicant is exploring façade and entrance options to improve overall appearance of site

Member of the public raised concern about lighting

- Lighting will meet ordinance requirements and any requirements as requested by planning board (photometric plans typical for site plans) if the zone change is approved

5:25 PM Member of the public asked: How will you keep people from living in the parking lot?

Steve Pray responded:

- Entrances will be closed after hours
- There will be no access to the site after hours
- It is private property and anyone refusing to leave will have police called on them and be charged with trespassing

Member of the public asked about tax changes resulting from the zone change

Eric Cousens representing the City of Auburn responded:

- Taxes typically more in Industrial Zone vs. Residential Zones

Member of the public asked why parking is so far away and so large?

- Sidewalk will be located along front of parking lot, employees will occupy spaces furthest away
- Large parking lot required for capacity of all employees and customers
- Desire to remove parking in lay down areas behind warehouse for improved flow and safety
- Nothing is finalized, site plan review process still required if zone change is approved

5:30 PM Member of the public expressed desire for tree buffering to be added first.

- Comment acknowledged, can be explored if zone change is approved

Member of the public asked how Hammond Lumber can be trusted to plant buffers

- Any required buffering will be installed in accordance with the applicable approvals

- Will be enforced by the city under the site plan approval process if zone change is approved and project is allowed to move forward

Member of the public asked for overview of Zone change and site plan process

- Eric Cousens provided overview of zone change process and site plan application process

5:35 PM Member of the public asked what happened to imaginary road going through the site and what happens to ownership?

- Potentially a paper street and never built
- Meeting attendee with knowledge of land history (Tim Allen, family owned previously all land of Arbania Street subdivision) clarified there was a trolley easement which may have been what was seen. Mentioned sewer easement also possible. Mentioned if there were any roads they may have been proposed, and do not exist, therefor not applicable.

Member of the public asked if city council takes into account their comments/input

- Yes, meeting minutes will be provided with notes of tonight's meeting

Member of the public commented they are worried the City will mess up again and referenced Auburn Concrete site and summarized disapproval of their operation. Gravel falling in Poland Road from trucks and loud operations.

- Comment acknowledged

5:40 PM Member of the public asked: Where will people park after hours when gates are closed? (to view streetside or internal displays)

- Customers typically don't stop by after hours, and Hammond Lumber doesn't anticipate many customers coming to view any new potential staging/displays after hours

Member asked about hours and why not open on weekends

- Minimal locations open on Saturdays, closed on weekends for general employee health/longevity/happiness

Member of the public asked if the zone change will be very beneficial to Hammond Lumber and/or increase sales

- It will allow for a more attractive site, safer circulation and access through the site, and better functioning overall.
- Unknown change in sales, potential for more retail attraction

5:45 PM Member of the public expressed concerns that Hammond Lumber has made slow changes over last 30 years and won't stop.

- Comment acknowledged, changes necessary for business expansion/improvements
- Willing to accept input and suggestions to be good neighbor

Member of the public said the "no overnight parking" rule can't be enforced in the industrial zone.

- No parking signs are being made for the front of the site to prevent overnight parking
- Can explore working with polices department to enforce no parking on Poland Road

5:50 PM Member of the public asked: Was there a specific intent when Hammond Lumber purchase the residential lot?

- No specific plan at time of purchase
- Land is directly in front of Hammond Lumber and opportunity presented itself to acquire the property (first refusal)

Member of the public asked: What is the timeline for this process? What happens if zone change is denied?

- Final approval/disapproval of zone change anticipated in August
- Full site plan review process will begin if zone change approved
- If no approval of zone change then no moving forward with current site plan concept

Member of the public asked if there will be improvements to buffering in rear of site

- The current focus is on the front of the property and the zone change
- If allowed to move forward with site plan process city can enforce new buffering standards
- Hammond Lumber is willing to explore additional buffering in rear of site (both fencing and landscaping). Additional buffering could

potentially be provided if stripping/cut from proposed front parking lot were to be placed in rear by existing detention pond

5:55 PM Member of the public expressed desire for Hammond Lumber to be overall better neighbor

- Comment acknowledged

Member of the public asked when city council will look at this

- Next meeting where city council will review this zone change request is July 18th

6:00 PM: **Meeting Concluded**

City Council Ordinance

IN CITY COUNCIL

Amendment to the Zoning Map to include the areas along Poland Road totaling approximately 1.75 +/- acres to be changed from Suburban Residential to Industrial shown on Auburn Tax Map as (PID 199-041)

Be it ordained, that the Auburn City Council approve the first reading of an amendment to the Zoning Map to include the areas along Poland Road totaling approximately 1.75 +/- acres to be changed from Suburban Residential to Industrial shown on Auburn Tax Map as (PID 199-041) as shown in the petition and below.

Council Workshop or Meeting Date: July 18, 2022 **Order:** 93-06272022

Author: Sue Clements-Dallaire, City Clerk

Subject: HVAC SYSTEMS

Information: During the 6/27/2022 City Council meeting, Order 93-06272022 Allocating $1,600,000.00 of American Rescue Plan Act (ARPA) funds for the upgrades and/or replacements of HVAC systems in our city-owned facilities was presented by the City Council. After much discussion, and amendment was made to direct the City Manager to move forward with the bid process for the HVAC systems that have been identified as the four priority initiatives and it would be determined at a later date how we would allocate the funds. The amendment passed 7-0, however the order as amended was not voted on.

Below is from the minutes of the meeting:

> ***Order 93-06272022***
> *Allocating $1,600,000.00 of American Rescue Plan Act (ARPA) funds for the upgrades and/or replacements of HVAC systems in our city-owned facilities.*
>
> *Motion was made by Councilor Gerry and seconded by Councilor Whiting for passage.*
>
> *Public comment – Andy Titus, 24 Rubelite Lane asked if the HVAC system upgrade is part of the 5-year Capital Improvement Plan.*
>
> *Motion was made by Councilor Hawes and seconded by Councilor Morin to amend by approving this with ARPA funds today to get this moving and replace the ARPA money with bond money at a later date.*
>
> *After further discussion, both Councilor Hawes and Morin withdrew the motion.*
>
> *Motion was made by Councilor Whiting and seconded by Councilor Morin to amend to direct the City Manager to move forward with the bid process for the HVAC systems that have been identified as the four priority initiatives.*
>
> *It will be determined at a later date how we will allocate the funds.*
>
> *Passage 7-0.*

City Budgetary Impacts: None

Staff Recommended Action: Vote on Order 93-06272022 as it was amended on 6/27/2022.

Previous Meetings and History: Workshop presentation June 6, 2022, and more information noted above.

City Manager Comments:

I concur with the recommendation. Signature:

Council Workshop or Meeting Date: July 18, 2022 **Order:** 101-07182022

Author: Glen E. Holmes, Director of Business & Community Development

Subject: CDBG/HOME Action Plan for Program Year 2022

Information:
Each year the Community Development office presents the Annual Action Plan, detailing the use of Auburn's CDBG funds & the Auburn-Lewiston Consortium's HOME funds. This plan is designed to address community needs as detailed in the 5 year Consolidated Plan which was adopted in 2020.

This plan includes a new Citizen Participation Plan. During PY21 there was a consistent problem achieving the required quorum of appointed members to conduct business. Three separate meetings of the Citizens Advisory Committee (CAC) failed to achieve a quorum and one failed to have any members presents. Community development staff worked with HUD to develop a new, more compliant Citizen Participation Plan that relies on broad based community surveys and consultation with community service providers. This new outreach process, which includes translated surveys in 5 languages and incorporated additional outreach and community listening sessions, was utilized for the development of this plan.

City Budgetary Impacts:
Auburn's annual CDBG allocation is $539,980, with an additional $889,247 of unspent allocations from previous years and an expectation of $132,000 in program income. The Auburn-Lewiston HOME Consortium annual allocation is $514,791, with an additional $1,642,344 of unspent allocations from previous years and an expectation of $56,000 in program income. Auburn's share of the consortium dollars is $1,550,254. These federal grant dollars cover staff salary/benefits as well as program activities for the Business and Community Development program.

Staff Recommended Action:
Vote to adopt the 2022 CDBG & HOME Action Plan and appendices as presented.

ACTION PLAN | Program Year 2022

City of Auburn Business & Community Development Department

auburnmaine

Executive Summary

AP-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction

The City of Auburn is submitting its PY22 Action Plan with the U. S. Department of Housing and Urban Development (HUD). The national purpose of the Community Development Block Grant (CDBG) program is the development of viable urban communities by providing decent housing, a suitable living environment, and expanding economic opportunities principally for persons of low and moderate income. The national purpose of the HOME Investment Partnership (HOME) program is to create affordable housing for low-income households.

The City of Auburn has adopted the 2020-2024 Consolidated Plan (PLAN) for the CDBG program and the HOME program which includes both the City of Auburn and Lewiston. The PLAN identifies many community challenges and unmet needs, establishes priorities, and describes how these federal resources will address unmet needs. The PLAN also establishes goals, objectives, and performance benchmarks for measuring progress. These are used as a framework for determining prioritization of requests and the development of individual program guidelines while establishing conditions of support and recipient expectations.

CDBG funds are targeted to areas of the community in which there is a high proportion of low- and moderate-income people as well as for housing improvement programs throughout the jurisdiction which serve this target population. The uses of funds are limited to housing improvements, elimination of blight, infrastructure improvements, job creation, and providing of essential social services. So long as the national test is met, there is an amount of flexibility in the use of the funds, although CDBG funded social service spending is capped at 15% of the annual allocation.

This Action Plan describes the third-year budget and proposed activities to be carried out while advancing the goals and objectives set forth in the PLAN. Identified within this plan are 11,965 households in Auburn & Lewiston (47%) which qualify as being under 80% HUD Area Median Family Income (HAMFI). This means nearly half of households in Auburn & Lewiston are considered Low-moderate income and qualify for assistance under the CDBG or HOME programs. Additionally, the Comprehensive Housing Affordability Strategy (CHAS) contained within the Consolidated plan demonstrates that 54% of the households identified as Low- to Moderate income have at least 1 child under the age of 6 years.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

GOALS OF THE 2020-2024 CONSOLIDATED PLAN

The Auburn Community Development Office (ACDO) intends to work towards measurable outcomes established when the 2020-2024 Consolidated Plan was adopted. This plan established the 4 goals and outcome expectations indicated below:

Goal 1: Provide Safe & Affordable Housing

- 100 Rental Units Rehabilitated
- 50 Homeowner Units Rehabilitated
- 125 Tenant Based Rental Assistance

Goal 2: Improve Infrastructure & Reduce Blight

- 3,000 Persons Assisted

Goal 3: Promote Economic Opportunities

- 10 Jobs Created/Retained
- 10 Businesses Assisted

Goal 4: Provide Essential Services

- 500 Persons Assisted

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

Federal oversight: U.S. Department of Housing & Urban Development (HUD) oversees all funds invested into the cities through their respective Community Development Offices. In response to a recent city audit and on-going monitoring conducted by HUD, compliance reviews and substantial corrective actions have been carried out during PY21 for both cities of the consortium. Within this process all new

policies, program guidelines and standard operating procedure manuals were developed. In concert with HUD staff, programs were discontinued or substantially rebuilt as to be compliant with federal regulations, and an all-new staff has been brought in and trained to oversee and ensure compliance of these programs. Additional monitoring and corrective actions will continue through PY22 as the ACDO continues to improve processes redevelopment and compliance measures. Because of this extensive process there were a limited number of new projects begun in PY21.

As ACDO worked with HUD staff to correct previous year's financial and project reporting data it was necessity to conduct extensive internal quality control checks to re-qualify projects already under way. A limited number of projects which had already begun or had been completed prior to PY21 have now been deemed to be out of compliance with HUD requirements. For cases which cannot be brought into compliance the City of Auburn will be seeking to complete a Voluntary Grant Reduction (VGR) from the PY23 allocation. This process requires ACDO staff to revise previous year's impact numbers contained within the Consolidated Annual Performance Evaluation Report (CAPER) by removing projects which were deemed non-compliant with HUD requirements. The result is a reduction in not only PY21 impact metrics but in the PY20 & PY19 previously reported performance reports.

Citizen Participation: This plan includes a revision of the Citizen Participation Plan. During PY21 there was a consistent problem attracting new committee members and achieving the required quorum of appointed members to conduct business. Three separate meetings of the Citizens Advisory Committee (CAC) failed to achieve a quorum and one failed to have any members presents. In response to the difficulties in public meetings caused by Covid-19 precautions and the lack of committee participation the ACDO took new efforts to solicit input from a wider breadth of the Auburn and Lewiston communities.

The ACDO piloted a new, annual survey for housing matters. This survey, now set in policy to be conducted annually prior to the development of the Annual Action or Consolidated plans, will be more effective and equitable at influencing and informing programmatic decisions while also better accommodating a more diverse population who, for language, time, resources, and comfort levels may otherwise not have been included under the previous citizen participation model. By simultaneously using traditional methods of direct outreach through local service hubs as well as modern technology and social media to appeals to people at their homes or on their mobile devices greater accessibility and inclusiveness was achieved in the development of this plan.

This revision will allow for programmatic efficiencies to be made in the determination of community needs assessments from a broader participation base. It serves to better inform staff by providing quantifiable data points which are otherwise not available from the state or national surveys traditionally utilized and aids the department in more rapidly developing programmatic improvement based on concrete and measurable needs assessments which were not readily available.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The Action Plan for the city of Auburn and the Auburn-Lewison Consortium is due to be released each year by March according to the included draft citizen Participation Plan and relevant HUD guidelines. In March of 2022 HUD released CPD Notice 22-05, which suspended this process and related requirements until the formula-based allocations are published by HUD. These allocations, due to various approval delays at the federal level, were not made available to the city of Auburn until May 16, 2022. The ACDO will hold the final Public Hearing and approval of the draft Action Plan on July 18th.

Prior to the development of this Action Plan a community needs survey was circulated in 5 languages. This survey method utilized digital as well as paper surveys which were distributed at key service points within the city including food pantries, youth centers, head start service providers and municipal offices. The result was over 362 households including over 1,000 residents being received. This information, along with direct consultation efforts with area service provider partners helped craft the plan as presented.

The Citizen Advisory Committee, at their meeting on December 21, 2021, agreed that prioritization of the following four national objectives will be used to distribute Public Service Grant allocations: Senior Services (05A), Youth Services (05D), Battered & Abused Spouses (05G) and Other (05Z) to be used for the support of Auburn's community garden and food security programs.

The consultation process also entailed direct correspondence with dozens of area service providers. By educating them on the specifics of the qualified population as defined by HUD in CPD notice 21-10 this outreached further solicited quantifiable or anecdotal narratives which may serve to highlight unmet needs they regularly encounter. Additional meetings were held with members of a new regional homelessness service provider coalition and the MaineHousing HUB Coordinator housed within Lewiston Housing Authority. The information contained within these letters and discussed at these gatherings highlighted the lack of unreliable data to effectively quantify the size and needs of the at-risk community as defined.

Adoption of the CDGB and HOME Action Plans and budgets require a 30-day public comment period. This plan was made available for further public input on June 1, 2022. This is concluded with a Workshop with the City Council and a final Public Hearing. The Public Notice for these hearings as well as the solicitation of public input was run in the Sun Journal, was posted on the city's website and social media accounts to solicit the maximum input possible. The Action Plan & supplemental information were available on the City's website.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

Comments received will be summarized here.

6. Summary of comments or views not accepted and the reasons for not accepting them

Comments responses will be summarized here.

7. Summary

STRATEGY #1: PROVIDE SAFE & AFFORDABLE HOUSING

Description: Auburn's Funds from the CDBG program will be used to provide matching funds to leverage the city's Lead Hazard Control program. This will greatly increase community impact by focusing on reducing the amount of hazardous housing units occupied by children and low-to-moderate income families. Additional new unit development projects will begin utilizing previous-year HOME funds. These units are not expected to be completed within the current project year but will be included in production goals in the subsequent 2 Action Plans.

Anticipated Outcomes: 25 Rental Units Rehabilitated, 10 Homeowner Units Rehabilitated, 1 Rental Unit Created, 3 Homeowner Housing Units Created, 30 Tenant-households Rental Assistance, 5 Homebuyers assisted

STRATEGY #2: IMPROVE INFRASTRUCTURE & REDUCE BLIGHT

Description: Funds will be used to address blight remediation, continue the Neighborhood Challenge grant program as well as continue the development of publicly owned infrastructure and amenities within targeted neighborhoods. Additional focus will be placed on addressing distressed buildings and code violations.

Anticipated Outcomes: 1,000 Persons Assisted.

STRATEGY #3: PROMOTE JOBS AND ECONOMIC OPPORTUNITY

Business Loans will be provided to businesses city wide, with a focus on promoting entrepreneurship through the development of the Auburn Incubator Kitchen & Learning Center, a facility located at Pettengill road. This programming is supplemented by funds previously approved within the CDBG-CV budget.

Anticipated Outcomes: 10 Business Loans

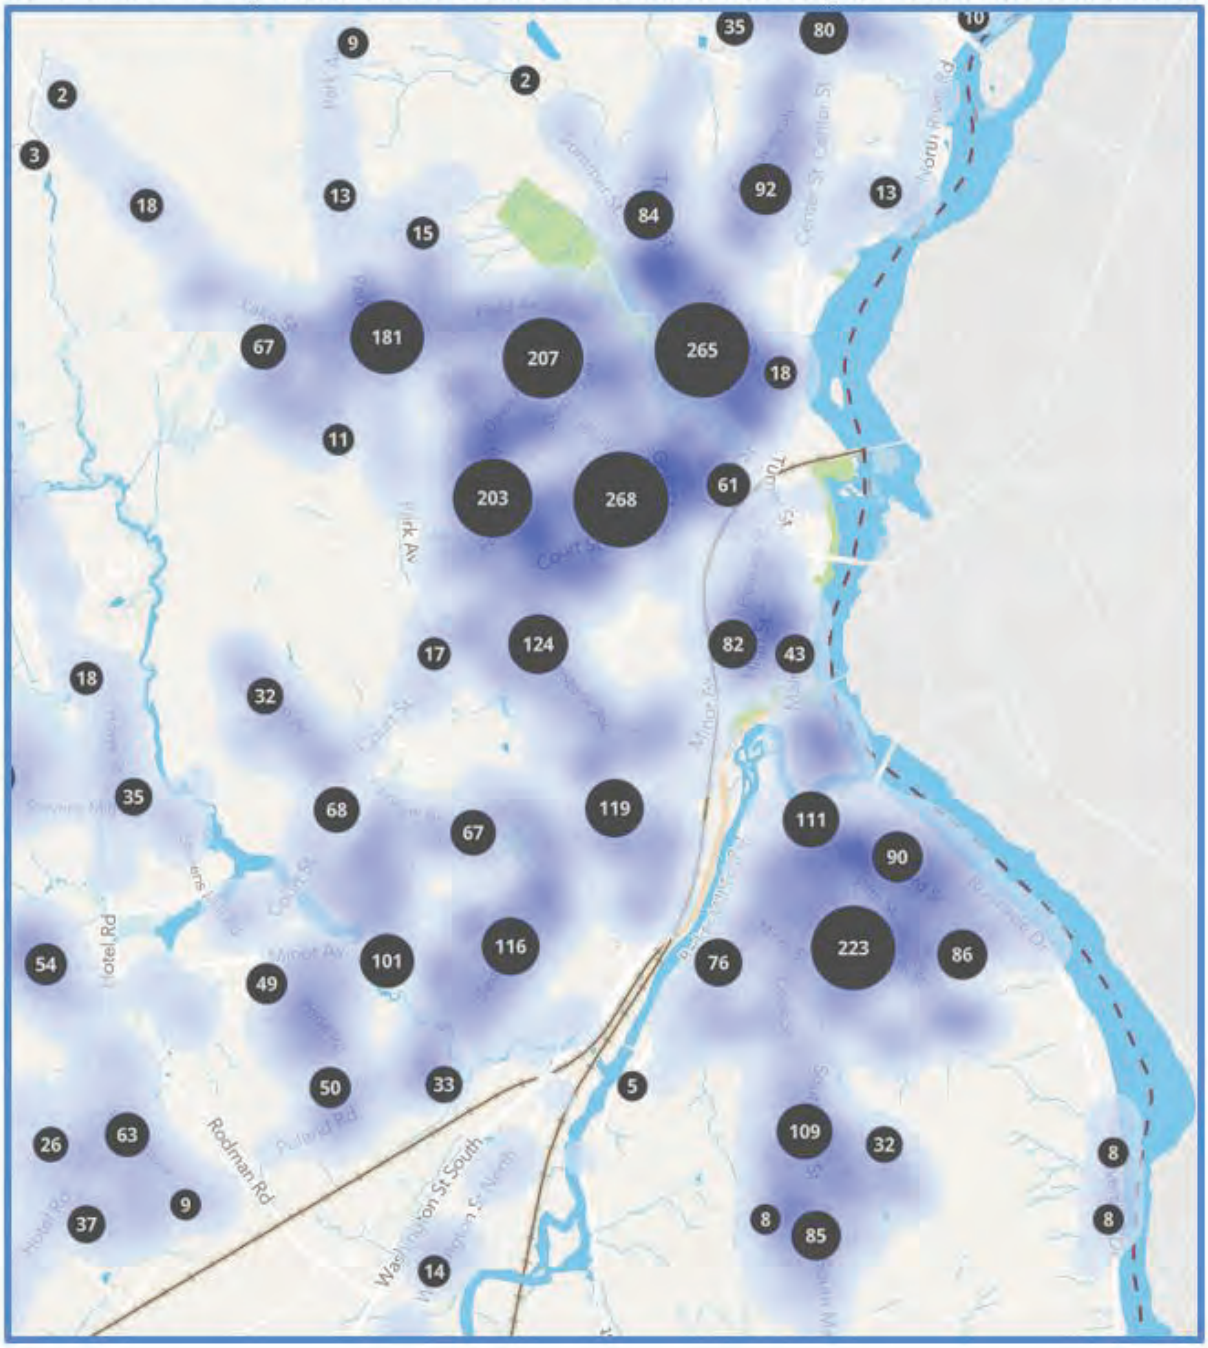
STRATEGY: PROVIDE ESSENTIAL SERVICES

Description: The Citizen Advisory Committee recommended setting 4 qualified services as budgetary priorities. The committee agreed to focus the Public Service budgets on, in order of priority, Senior Services (05A), Youth Services (05D), Battered and abused Spouses (05G) and Other (05Z) which is reserved to support the City's community garden and food security programs.

Anticipated Outcomes: 500 Persons Assisted.

Identified: Auburn Neighborhoods with high concentration of homes built prior to 1978.

These homes have a potential for Lead Paint Hazards which causes negative health effects in children.



PR-05 Lead & Responsible Agencies - 91.200(b)

1. Agency/entity responsible for preparing/administering the Consolidated Plan

The following are the agencies/entities responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

Agency Role	Name	Department/Agency
Lead Agency	AUBURN	
CDBG Administrator	AUBURN	City of Auburn Business & Community Development
HOPWA Administrator		
HOME Administrator	AUBURN	City of Auburn Business & Community Development
HOPWA-C Administrator		

Table 1 – Responsible Agencies

Narrative

In 2001, Auburn and Lewiston formed a consortium with Auburn as the lead agency to receive HOME Investment Partnerships Program funds. The consortium was formed to meet the funding threshold for HOME funds. Historically, ten percent of the current year allocations and program income combined can be set aside for administration of the HOME program. Auburn, serving as the program sponsor, utilizes 70% of these Admin funds to cover the overall administration of the program for the Consortium. Lewiston utilizes the remaining 30% for their administration costs. The balance of current year allocations is then divided evenly between both cities to provide programing. This agreement is set to be updated and re-approved within PY22. Any negotiated changes or updates to the agreement will be included within subsequent action plans.

The current consortium agreement includes provisions that each member city is responsible for conducting programs and required monitoring in compliance with HUD regulations. This agreement also outlines the responsibility of the City of Auburn, in its role as Representative Member, to step in and to manage and monitor another member's programs upon receipt of written notification of any member that may not be able to meet the standards established by HUD. At this time no notice has been given.

Consolidated Plan Public Contact Information

The PY22 Action Plan is the 3rd year of the 2020-24 Consolidated plan. Comments may be submitted at any time to the Auburn Community Development Office, 60 Court Street, Auburn, ME 04210, tel. 333-6601 or via e-mail at CDBG@auburnmaine.gov

AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

1. Introduction

In addition to a public survey and meeting of the Auburn Citizens Advisory Committee the city of Auburn has been in continual dialogue with Maine State Housing, the Auburn Housing Authority, private developers, and community service providers in a concerted effort to develop new communications channels. These efforts are substantially focused on activities which address the needs of individuals who are homeless, at risk of homelessness or otherwise identified as a Qualified Population (QP) under the HOME-ARP program requirements.

This Annual Action plan can and should recognize the tandem development and submissions of the Annual Action plans and the HOME-ARP plan. The development of these two plans included direct outreach and solicitation of needs assessment data from organizations and partners as outlined below.

The city has also increased its direct consultation and resiliency planning with the local Emergency Management Agency, state, and local health agencies as well as first responders such as local Police, Fire and Sherriff departments. These partnerships are in a response to emergent climate changes, civil emergencies such as homelessness, food insecurity and substance/mental health concerns within the community.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

The Maine State Housing Authority works with homeless service providers and other organizations toward a shared goal of preventing and eliminating homelessness in Maine. Collaborative efforts include the Continuum of Care (COC) a group of service providers serving a particular geographic area who work together to develop programs that address homelessness. Lewiston and Auburn are part of the Maine State Continuum of Care. This plan also includes the recent appointment of a Hub Coordinator housed within the Lewiston Housing Authority. This position will serve as a coordinated entry position for the COC services as well as a point for consolidating locally generated homelessness service data.

Locally, providers who address the continuum of homeless services for the area collaborate through the Lewiston-Auburn Alliance for Services to the Homeless (LAASH). LAASH works to improve access to services and housing for persons who are homeless or at risk of homelessness. This group shares information and strengthens cooperation among local agencies and homeless providers, identifies gaps in services, increases public awareness about homeless issues, and seeks funding to service the homeless and at-risk. The group meets monthly to focus on local homeless issues and provide a forum for educating its members. Auburn and Lewiston Community Development staff participate in LAASH,

and a consultation meeting with LAASH informed the needs and priorities of the Consolidated and Action Plans.

During consultation the ACDO identified that the traditional assessments and sources of data would not adequately demonstrate a modern GAP analysis for the identified Qualified Populations (QPs) for two specific reasons. First, traditional sources of data, such as the American Community Survey (ACS) or the Comprehensive Housing Affordability Strategy (CHAS) were most recently completed in 2019, prior to the onset of the Covid-19 pandemic. Second, the ongoing impact of the Covid-19 pandemic has negatively impacted more recent efforts to update this traditional data, including regional Point in Time (PIT) studies. Many of these annual studies have been put on hold altogether, or recent surveys have demonstrated detrimentally small respondent numbers.

Instead, the ACDO cultivated local data sources from other public housing providers, private and government health, mental health, and emergency service providers. By using data generated by the Auburn Fire Department's incident reporting system the ACDO confirmed officers had 198 separate encounters with homeless individuals from March 2020 to March 2022 with the second year containing 113 recorded encounters. This establishes a 34% increase from the previous year, a relation directly inverse to the trend demonstrated by state-level assessments. Of the 51 contacts with homeless individuals that the Auburn Fire Department serviced in the last 3 months, 87% if those involved substance abuse, Anxiety/psychiatric individuals, or those with exposure to the elements.

In order to combat the lack of recent, or post-covid data the ACDO employed tactics to collect meaningful and informative data regarding the size, demographic makeup and unmet needs of the local population. ACDO staff has reached out to local homeless service providers, community advocates, educational institutions, veterans' groups, community action programs, state agencies, domestic violence organizations, public housing authorities, and mental healthcare providers. This outreached included an appeal to these organizations to provide quantifiable data on hand or anecdotal narratives which may serve to highlight unmet needs they regularly encounter.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

On October 27th, 2021, Maine Housing and the CoC held a focus group to assess needs of homeless persons service providers and establish funding priorities. 59 persons were in attendance including homeless persons, and representing state, federal and local government staff, Senator King's office, housing providers, homeless shelters, interested citizens, mental health, health, nutrition, and substance abuse providers. The Auburn-Lewiston Consortium is not an ESG recipient, however there are multiple area homeless agencies that deal directly with the ESG program administered by Maine Housing.

The City of Auburn has integrated not only the Community Development Office but their General Assistance and Public Health Offices to combined efforts with groups like LAASH and its constituent parts. These three offices within Auburn have met with and continue to share resources and coordinate services and referrals with the HUB Coordinator. New positions created within the HOME-ARP plan will work in partnership with the HUB Coordinator to provide outreach and direct services to qualified populations of homeless and at-risk residents.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

In 2017 LAASH membership agreed that as a group, LAASH did not have the capacity to undertake the work and the expense of updating the 2009 10-year plan to end homelessness. LAASH members agreed to use the Statewide Homeless Council's updated plan as the on-going framework for advocacy and assessments. Unfortunately, before the creation of the HUB Coordinator position to be housed locally the data collection and service coordination provided under this fell short of expectations. Organizations initially bought into the HMIS system locally ceased to enter data and the local homelessness counts regularly under-reported the actual populations.

Statewide Homeless Council went through the process of updating their plan to end homeless in 2017, which served as a guide for LAASH members. The interaction with CoC service providers was revisited in June of 2021 during the Maine Homeless System Re-Design Initiative. This report detailed new funding priorities and access to care processes for all of the local service hubs which utilize ESG funds. This new effort is welcomed locally and ACDO staff have worked to dovetail the current Action Plan and HOME-ARP plan to fit within identified gaps in the continuum of care. Primarily, these gaps have been identified at the early intervention and crisis response phase of homelessness. By utilizing new funding sources, the ACDO will be able to establish itself as a consistent resource for the HUB Coordinator and the COC system.

2. Agencies, groups, organizations and others who participated in the process and consultations

Table 2 – Agencies, groups, organizations who participated

1	**Agency/Group/Organization**	MAINE STATE HOUSING AUTHORITY
	Agency/Group/Organization Type	Housing PHA
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Public Housing Needs Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans Homelessness Needs - Unaccompanied youth Homelessness Strategy Non-Homeless Special Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Agency was consulted as data source for Point in Time reporting as well as continued coordination of the Continuum of Care. Consultation and coordination of activities is on-going. ACDO staff has consulted with the MSHA HUB Coordinator to ensure that plans being developed will be complimentary in nature.
2	**Agency/Group/Organization**	Maine Department of Labor
	Agency/Group/Organization Type	Services-Education Services-Employment
	What section of the Plan was addressed by Consultation?	Economic Development Anti-poverty Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Agency was consulted through public services survey. MDOL is a great resource for labor information that informs community leaders as they make decisions that affect the local economy. Consultations with MDOL regarding workforce development efforts within the city is ongoing.

3	**Agency/Group/Organization**	Veterans Inc
	Agency/Group/Organization Type	Services - Housing Services-homeless Services-Health
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Homelessness Needs - Veterans
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Agency was consulted through public services survey and participates in the LAASH group. It is anticipated that Veteran's Inc. will continue to participate in advocating for homelessness and other veteran concerns.
4	**Agency/Group/Organization**	Community Clinical Services
	Agency/Group/Organization Type	Services-Health Health Agency
	What section of the Plan was addressed by Consultation?	Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans Homelessness Needs - Unaccompanied youth Homelessness Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Agency was consulted through public services survey. There is an opportunity to increase coordination with Community Clinical Services with other service providers serving the homeless.
5	**Agency/Group/Organization**	AUBURN HOUSING AUTHORITY
	Agency/Group/Organization Type	Housing PHA Service-Fair Housing

	What section of the Plan was addressed by Consultation?	Housing Need Assessment Public Housing Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Agency was consulted through public services survey. Auburn Housing will remain a partner in executing multiple activities anticipated in the consolidated plan, such as TBRA and Community Housing Development. Consultation and development activities with AHA are on-going.
6	**Agency/Group/Organization**	WESTERN MAINE COMMUNITY ACTION
	Agency/Group/Organization Type	Services-Children Services-Employment Health Agency Other government - State
	What section of the Plan was addressed by Consultation?	Homeless Needs - Families with children
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Agency was consulted through public services survey. Western Maine Community Action will continue to help area residents access available resources and programs. Workforce development programing in coordination with WMCA is on-going.
7	**Agency/Group/Organization**	LEWISTON-AUBURN TRANSIT COMMITTEE
	Agency/Group/Organization Type	Other government - Local Regional organization Planning organization
	What section of the Plan was addressed by Consultation?	Homelessness Strategy Anti-poverty Strategy

	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Agency was consulted through public services survey. The Transit Committee provides valuable insight to local transportation policies that may affect housing decisions. The city of Auburn is continuing to work directly with the LA transit committee on transportation design and optimization assessments.
8	**Agency/Group/Organization**	Seniors Plus
	Agency/Group/Organization Type	Services-Elderly Persons
	What section of the Plan was addressed by Consultation?	Anti-poverty Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Agency was consulted through public services survey. The creation of the Senior Center in Auburn that Seniors Plus will increase program coordination with the Rec Department. SeniorsPlus is an existing Public Service grant awardee and works regularly with city staff.
9	**Agency/Group/Organization**	SAFE VOICES
	Agency/Group/Organization Type	Services - Housing Services-Children Services-Victims of Domestic Violence Services-homeless Services - Victims
	What section of the Plan was addressed by Consultation?	Homeless Needs - Families with children Non-Homeless Special Needs Anti-poverty Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Agency was consulted through public services survey. Safe Voices assists in carrying out homeless goals of the consolidated plan. They are one of the areas most active agencies for domestic violence victims. Safe Voices is an existing Public Service grant awardee and works regularly with city staff.

10	**Agency/Group/Organization**	COMMUNITY CREDIT UNION
	Agency/Group/Organization Type	Services-Education Business Leaders Business and Civic Leaders
	What section of the Plan was addressed by Consultation?	Market Analysis Economic Development Anti-poverty Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Agency was consulted through public services survey. The Community Credit Union has been making efforts in the community to provide banking services needed by low/mod households.
11	**Agency/Group/Organization**	RAISE-OP HOUSING COOPERATIVE
	Agency/Group/Organization Type	Housing
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Market Analysis Economic Development Anti-poverty Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Agency was consulted through public services survey. Raise-Op Coop has successful experience with the HOME and CDBG program and provides valuable insight to the housing market. City staff has met with Raise-op regarding the administration and founding of new, city constructed co-op housing options.
12	**Agency/Group/Organization**	LA Metro Chamber of Commerce
	Agency/Group/Organization Type	Services-Education Services-Employment Regional organization Business Leaders Business and Civic Leaders

	What section of the Plan was addressed by Consultation?	Market Analysis Economic Development
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Agency was consulted through public services survey and community leaders regularly attend Chamber events. The Chamber provides valuable insight of the local economy and needs of area employers. City staff works regularly with the Chamber regarding workforce development activities.
13	**Agency/Group/Organization**	NEW BEGINNINGS, INC.
	Agency/Group/Organization Type	Services-Children Services-homeless Services-Education
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Homelessness Needs - Unaccompanied youth Homelessness Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Agency was consulted through public services survey. New Beginnings is a local shelter servicing runaway and homeless youth.
14	**Agency/Group/Organization**	COMMUNITY CONCEPTS, INC.
	Agency/Group/Organization Type	Services - Housing Regional organization
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Economic Development Lead-based Paint Strategy

	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Community Concepts works regularly with staff from both Lewiston and Auburn. They provide many needed services to area low/mod households, including housing, transportation, health, employment, and others. CCI has provided essential information and community needs data including the Emergency Rental Assistance program and community needs assessments.
15	**Agency/Group/Organization**	John T. Gorman Center
	Agency/Group/Organization Type	Civic Leaders Foundation
	What section of the Plan was addressed by Consultation?	Homelessness Strategy Economic Development Anti-poverty Strategy Lead-based Paint Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Agency was consulted through public services survey. They have four priority areas: improving educational achievement for young children; promoting successful transitions to adulthood for vulnerable older youth; helping struggling parents support their families and enabling low-income seniors to age in place.
16	**Agency/Group/Organization**	Maine Center for Disease Control and Prevention
	Agency/Group/Organization Type	Health Agency Other government - State
	What section of the Plan was addressed by Consultation?	Anti-poverty Strategy Lead-based Paint Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Agency was consulted through public services survey and is relied upon for public health data. The department is responsible for the State's lead paint response and makes regular referrals to the city in the case of Elevated Blood Lead Level (ebll) cases in children. The city meets quarterly with CDC staff in relation to the Lead Hazard Control grant.

17	**Agency/Group/Organization**	Androscoggin Valley Soil and Water Conservation District
	Agency/Group/Organization Type	Agency - Managing Flood Prone Areas Agency - Management of Public Land or Water Resources Regional organization
	What section of the Plan was addressed by Consultation?	Hazard Management
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Androscoggin Valley Soil and Water Conservation District goals are determined by using recommendations from partners, the Natural Resources Assessment, and our their internal review process. These tasks are broken down as follows; providing technical assistance, improving public relations, improving outreach and educational assistance improving funding opportunities
18	**Agency/Group/Organization**	Androscoggin Land Trust
	Agency/Group/Organization Type	Agency - Managing Flood Prone Areas Agency - Management of Public Land or Water Resources Regional organization
	What section of the Plan was addressed by Consultation?	Conservation
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Androscoggin Land Trust regularly works with community leaders with the conservation along the Androscoggin River. The strategic focus of the Androscoggin Land Trust includes conserving areas of ecological importance, working farms, and forests, and the promotion of outdoor experiences on and around the Androscoggin River Greenway. The ALT is also a managing member of the Auburn Community Gardens and meets regularly with city staff.

19	**Agency/Group/Organization**	COMMUNITY CONCEPTS FINANCE CORPORATION
	Agency/Group/Organization Type	Services-Education Services-Employment Regional organization Community Development Financial Institution
	What section of the Plan was addressed by Consultation?	Market Analysis Economic Development Anti-poverty Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	CCFC is a CDFI providing financial educational resources and access to capital for regional families and businesses. Their program directors were consulted during the creation of this plan and they will be an ongoing partner in the development and delivery of improved program impacts. City staff makes regular referrals to CCFC financial coaching and Homebuyer educational classes as a requirement of o-going education for program participants.
20	**Agency/Group/Organization**	Androscoggin Valley Council of Governments
	Agency/Group/Organization Type	Services-Education Other government - Local Regional organization Planning organization
	What section of the Plan was addressed by Consultation?	Market Analysis Economic Development Anti-poverty Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	AVCOG is a regional council of government providing financial educational resources and access to capital for regional businesses. Their program directors were consulted during the creation of this plan and they will be an ongoing partner in the development and delivery of improved program impacts.

21	**Agency/Group/Organization**	Auburn Police Department
	Agency/Group/Organization Type	Services - Victims Other government - Local
	What section of the Plan was addressed by Consultation?	Homeless Needs - Chronically homeless Homelessness Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Consulted with Chief of Police regarding homelessness activities and strategies. Auburn Police Department is a partner in the newly developed Homelessness outreach and crisis mitigation efforts carried out by Community Development staff.
22	**Agency/Group/Organization**	Auburn Fire Department
	Agency/Group/Organization Type	Services - Victims Other government - Local
	What section of the Plan was addressed by Consultation?	Homelessness Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Consulted Fire Chief regarding interactions and unmet needs of homeless population. Auburn Fire Department is a partner in the newly developed Homelessness outreach and crisis mitigation efforts carried out by Community Development staff.
23	**Agency/Group/Organization**	AUBURN SCHOOL DEPARTMENT
	Agency/Group/Organization Type	Services-Education Child Welfare Agency
	What section of the Plan was addressed by Consultation?	Homeless Needs - Families with children Homelessness Strategy

	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Consultation with School Department and Adult Education staff regarding Mckinney Vento services and transportation needs of students. Auburn School Mckinney Vento liaison is a partner in the newly developed Homelessness outreach and crisis mitigation efforts carried out by Community Development staff.
24	**Agency/Group/Organization**	Lewiston-Auburn Alliance for Services to the Homeless (LAASH)
	Agency/Group/Organization Type	Regional organization Civic Leaders
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans Homelessness Needs - Unaccompanied youth Homelessness Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The Cities of Lewiston and Auburn participate as Members of LAASH and gather monthly to discuss service needs and coordinating responses.
25	**Agency/Group/Organization**	New Auburn Neighborhood Watch
	Agency/Group/Organization Type	Neighborhood Watch Neighborhood Organization
	What section of the Plan was addressed by Consultation?	Local security
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Held multiple listening session with the Auburn Neighborhood watch group regarding affordable housing and homelessness services.

26	**Agency/Group/Organization**	Androscoggin Emergency Management Agency
	Agency/Group/Organization Type	Housing Services - Victims Agency - Managing Flood Prone Areas Agency - Emergency Management Other government - County Regional organization
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Homeless Needs - Chronically homeless Homeless Needs - Families with children Non-Homeless Special Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The city consulted with the EMA Director in preparation of this Action Plan. The city reviews and participates in the development of the Natural Hazard Mitigation plan which focuses on community planning and preparedness involving environmental climate changes (including flooding and storm impacts), community lifelines and housing.

Identify any Agency Types not consulted and provide rationale for not consulting

No agency types were intentionally not consulted.

Other local/regional/state/federal planning efforts considered when preparing the Plan

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care	Maine State Housing Authority	The Cities of Auburn and Lewiston have formed a consortium to qualify for HOME Investment Partnerships Program funds whereby the grant is shared by both cities. The 3-year HOME Consortium plan includes a consultation process with Maine State Housing Authority for the recertification. Lewiston and Auburn Community Development staff both participate in the Lewiston-Auburn Alliance for Services to the Homeless (LAASH), which meets monthly. As part of the process to develop the 2020-2024Consolidated Plan, the Auburn and Lewiston Community Development staff work closely on both the development and implementation of the plan. Both Lewiston and Auburn have continued the development of new, affordable rental units. Coordination of General Assistance and Public Health offices with the Coordinated entry system and emergency shelters.
Natural Hazard Mitigation Plan	Androscoggin EMA	This plan addresses the potential impacts of climate change and social emergencies utilizing the HAZUS method, a model for estimating the risk of damage from earthquakes, floods, solar flares, hurricanes, and other known hazards. This plan identifies a potential 866 households (1,225 individuals) which would need sheltering in response to flood impacts. Additionally, this plan estimates 2,323 individuals which would require emergency shelter options in response to a potential increase in hurricane damage.
Analysis of Impediments to Fair Housing Choice	Maine State Housing Authority	Published in October 2019, this plan recognizes similar impediments at the state level as are seen locally, including: Lack of Affordable Housing unit development, Racial and Ethnic barriers and zoning difficulties posed by NIMBYism efforts (discrimination by communities and neighbors).
Hope & Opportunity for ME	Coordinated Community Plan (CCP) Planning Committee	This HUD funded Youth Homelessness Demonstration Program (YHDP) is the result of a $3.3 mil planning and Technical Assistance grant to assess and respond to the needs of homeless youth and young adults in Maine. Plan identifies additional partners including Department of Education, DHHS and identified coordinated entry positions. This initiative will not only increase the efficacy of data collection and analysis within the HMIS system but increases coordination between service provider partners.

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Comprehensive Plan, 2021	City of Auburn	This plan focuses on established priorities which provide for the quality of life for not just the current, but future residents of Auburn. It outlines specific zoning and services to be equitably provided across the diverse types of neighborhoods, from rural to high-density urban and everything in between.
Strategic Plan, 2019	City of Auburn	The city Strategic Plan establishes 3 committees which oversee the implementation and progress being made as outlined within the city Comprehensive Plan.

Table 3 – Other local / regional / federal planning efforts

Narrative

The City of Auburn has incorporated the General Assistance office as well as the Public Health officer into regular, weekly meetings with Community Development Staff. This new internal integration of service delivery provides a more holistic approach to the delivery of services.

Auburn and Lewiston are both comprehensively covered by broadband providers: Spectrum, Consolidated Communications, GWI, RedZone Wireless, and available satellite providers. Cost is often the major factor whether a household is connected or not, especially for the rural LMI households or those located further away from the public right of way. Many of the providers offer programs for qualifying low/mod households, including Spectrum and Consolidated Communications. Lewiston and Auburn are both served by multiple broadband providers, but increased competition typically benefits consumers.

The consortium is working regularly with the Androscoggin County Emergency Management Agency in the assessment and preparation of increased natural hazards such as floods, hurricanes, and civil emergencies. This type of resiliency planning is in response to a measured increased in climactic changes (as caused by climate change & solar flares) as well as civil needs including food insecurity, migration/immigration and housing stresses within Auburn and Lewiston. Lewiston and Auburn are located on the banks of the Androscoggin River. The potential for increased flooding in the 100-year floodplain may increase due to climate change. the most recent EMA flood impact analysis report indicates a potential 866 displaced households (1,225 individuals) estimated to need emergency shelters during a major flood event.

Many rural house lots in the area are supplied by personal wells that can run dry if a drought is experienced. The most recent severe drought recorded which received a formal disaster designation in 2020 and provided support to farms and low income homes through the US Department of Agriculture. Drought has been more regularly addressed through consultation with the City Water department or emergency

repair program for private wells. Risk mitigation by flooding from the Androscoggin river or its tributaries is continually monitored and responses are being developed with regular partnerships with AVCOG, Androscoggin Land Trust & the Androscoggin Valley Soil & Water Conservation.

AP-12 Participation - 91.401, 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

For this PY22 annual Action Plan further improvements to increase participation are incorporated. The addition of an annual, locally focused, and managed housing and community needs assessment within this revision will allow for greater programmatic efficiencies to be implemented based on sound data.

These changes include more pragmatic improvements which directly respond to the current needs of community residents. The primary need is to solicit greater participation in the identification of local community needs on an annual basis. By developing and refining a local survey program, which demonstrates more diversity while eliminating traditional (or Covid-19) barriers to participation, city staff will be better prepared to respond to new and rapidly changing needs of Auburn and Lewiston residents.

In response to the difficulties in public meetings caused by Covid-19 precautions and the lack of committee participation the Community Development staff took a combination of new and traditional efforts to better solicit input from a wider breadth of the Auburn community. By simultaneously using technology and social media to appeal to people at home or on their mobile devices in 5 different languages greater accessibility and inclusiveness was achieved in the development of this plan.

Still, traditional methods of paper surveys, disseminated though dozens of service provider partners and area non-profits allowed for the additional inclusion of input from community members with substandard access to and capabilities managing internet connectivity and fluency. This will remain an essential part of diversifying community engagement and outreach efforts to ensure that as the methods of operation modernize, no members are left behind.

Additionally, and in coordination with the development of the HOME-ARP plan Auburn and Lewiston staff reached out to multiple homeless service providers, first responders and educational institutions. This input was incorporated into the development of both plans.

In order to combat the lack of recent, or post-covid data the Community Development staff employed the following two tactics to collect meaningful and informative data regarding the size, demographic makeup and unmet needs of the local population. First, staff has reached out to local homeless service providers, community advocates, educational institutions, veterans' groups, community action programs, state agencies, domestic violence organizations, public housing authorities, and mental healthcare providers. This outreach included an overview of the qualified population as defined by HUD in CPD notice 21-10 as well as potential situations in which these populations may be encountered which they may not have considered in the past. This outreached concluded an appeal to these

organizations to provide quantifiable data on hand or anecdotal narratives which may serve to highlight unmet needs they struggle to respond to.

The second approach was to release a broad community survey focused specifically on the impact of Covid-19 on access to adequate housing and essential services. This survey was circulated in 5 languages. This survey method utilized digital as well as paper surveys which were distributed at key service points within the city including food pantries, youth centers, head start service providers and municipal offices. The result was over 362 households including over 1,000 residents being received.

8	Public Meeting	Local Landlord Association	Staff presented to the Lewiston/Auburn Landlord association on January 25th.	Landlords need more funds available for unit rehabilitation. Concerns regarding the Fair Market Rent caps given prevailing rental rates. Good experiences with section 8 voucher programs relocation expenses during rehab prevents projects from starting.		

Table 4 – Citizen Participation Outreach

Expected Resources

AP-15 Expected Resources - 91.420(b), 91.220(c)(1,2)

Introduction

Funding for the Community Development Program is derived from Community Development Block Grant and HOME Investment Partnerships Program allocations for both Auburn and Lewiston. These yearly allocations are supplemented by their respective program income derived from current loan principal paybacks expected within the program year and unspent funds carried over from prior years. Allocations are presented as expected to be indicated on our FY22 award letter from HUD and internal reports designating available program income and available. Prior year resources include unspent funds from both CDBG and HOME funds. Unspent CDBG funds from program year 2019, 2020 and 2021 are included. Unspent funds from the HOME program include program years 2015, 2016, 2017, 2018, 2019, 2020 and 2021 are included. These unspent funds are the result of previous year projects which may have been canceled as well as balances of funds initially set aside for TBRA, rehab or public service grants whose expenditures fell short of budget expectations. Within this Action Plan these funds are being allocated to new projects as indicated and within guidelines established by HUD.

Anticipated Resources

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan $	Narrative Description
			Annual Allocation: $	Program Income: $	Prior Year Resources: $	Total: $		
HOME	public - federal	Acquisition Homebuyer assistance Homeowner rehab Multifamily rental new construction Multifamily rental rehab New construction for ownership TBRA	514,791	56,000	1,642,343	2,213,134	1,051,500	Expected amount available for the remainder of the Con Plan consists of the next two year annual allocations combined with the expected program income to be received during this period.

Table 2 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

This workplan has taken a proactive approach to engaging with 3rd party community service providers. In an attempt to eliminate duplication of services, and increase the impact of each federal dollar, new programmatic partnerships are being crafted which will improve the community impact and public services offered within Auburn, creating a new level of accountability for program impact monitoring.

Community Development funds which leverage additional resources are primarily the public service activities and multi-unit rehab projects which require owner contributions. The addition of the Lead Hazard Reduction program will also utilize a portion of CDBG funds to cover match requirements for income qualifying owners. These funds effectively leverage private and state funded programs. Investor-owned properties require a 25% match. Housing programs which target owner-occupied low-income populations have no match requirements.

Federal HOME funds will leverage private resources primarily through rental development projects. Auburn and Lewiston each have a rental development projects planned and in construction. The city of Auburn is working on new unit development on a city owned property located on Fern St. The City of Lewiston is developing a project for the Choice Neighborhood development which will leverage private capital contribution. These funds will be added to the previous year match carry forward to satisfy the requirement.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The City of Auburn is working with a to-be-determined developer to utilize 2 lots of publicly owned property for the development of multi-unit housing within the current project year. Additionally, Auburn's Economic Development Office has multiple city-owned properties currently under contract to sell to private commercial developers.

Discussion

Funding from prior year resources is notable within this budget, yet these numbers are not included in the amount expected for the remainder of the Con Plan. This number is the sum of new allocations and Program income for the next 2 program years.

If there is a reduction in the annual allocation from HUD or a shortfall in expected program income an equally proportionate reduction will be made to the budget. These reductions will come from the Affordable Housing budget.

Annual Goals and Objectives

AP-20 Annual Goals and Objectives - 91.420, 91.220(c)(3)&(e)

Goals Summary Information

Sort Order	Goal Name	Start Year	End Year	Category	Geographic Area	Needs Addressed	Funding	Goal Outcome Indicator
1	Provide Safe and Affordable Housing	2020	2024	Affordable Housing Public Housing Homeless Non-Homeless Special Needs		Provide Safe and Affordable Housing	CDBG: $608,055 HOME: $654,043	Rental units constructed: 5 Household Housing Unit Rental units rehabilitated: 25 Household Housing Unit Homeowner Housing Added: 3 Household Housing Unit Homeowner Housing Rehabilitated: 10 Household Housing Unit Tenant-based rental assistance / Rapid Rehousing: 30 Households Assisted
2	Promote Economic Opportunities	2020	2024	Non-Housing Community Development		Promote Economic Opportunities	CDBG: $50,000 HOME: $0	Businesses assisted: 10 Businesses Assisted
3	Provide Essential Services	2020	2024	Homeless Non-Homeless Special Needs		Provide Essential Services	CDBG: $100,000 HOME: $0	Public service activities other than Low/Moderate Income Housing Benefit: 500 Persons Assisted

Sort Order	Goal Name	Start Year	End Year	Category	Geographic Area	Needs Addressed	Funding	Goal Outcome Indicator
4	Improve Infrastructure and reduce blight	2020	2024	Non-Housing Community Development		Improve Public Infrastructure and remove blight	CDBG: $660,000 HOME: $0	Public Facility or Infrastructure Activities other than Low/Moderate Income Housing Benefit: 1000 Persons Assisted

AP-35 Projects - 91.420, 91.220(d)

Introduction

The following tables list the activities and programs which will be supported using HUD program funds during the 2022-23 program year. The objectives are to:

1. Provide Safe and Affordable Housing
2. Improve Public Infrastructure and Eliminate Blight
3. Promote Economic Opportunities
4. Provide Essential Services

The difference between the totals in the AP-35 & the AP-20 are due to administrative expenses.

#	Project Name
1	2022 Housing Rehab
2	2022 Housing Construction
3	2022 TBRA
4	2022 Homebuyer Assistance
5	2022 Economic Development
6	2022 Public Service
7	2022 Public Improvements
8	2022 Administration
9	2022 Lewiston Admin
10	2022 Lewiston Security Deposits
11	2022 Lewiston HOME Construction

Table 4 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

Allocation priorities for Auburn focus on improving the quality and safety of existing housing stock as directed by the city strategic plan. Increased attention is being given to seniors and households with children who are facing food insecurity. Most Public Services are being provided directly by city staff with allocations being based on historic service delivery and impact reports.

Lewiston priorities for HOME funds are based on the need to increase affordable housing units.

Obstacles for addressing underserved needs are focused on food insecurity and homelessness. These conditions are being addressed by both this annual action plan and the HOME-ARP plan to be released.

AP-38 Project Summary

Project Summary Information

1	**Project Name**	2022 Housing Rehab
	Target Area	
	Goals Supported	Provide Safe and Affordable Housing
	Needs Addressed	Provide Safe and Affordable Housing
	Funding	CDBG: $618,054 HOME: $140,299
	Description	Rehabilitation of existing single and multi units.
	Target Date	6/30/2023
	Estimate the number and type of families that will benefit from the proposed activities	**Anticipated Outcomes:** 25 Rental Units Rehabilitated, 10 Homeowner Units Rehabilitated. Occupants will be qualified low-to-moderate income households if critical health and safety concerns identified in the residential unit including lead hazards or other code violations.
	Location Description	Within Auburn.
	Planned Activities	$500,000 in Critical Repair programs for addressing essential housing repairs and Code Violations. $150,000 in Grants provided to Low-to-moderate income residents enrolled within the Lead Hazard Control Program. $98,353 in funding for additional Lead testing, Rehab and program delivery services.
2	**Project Name**	2022 Housing Construction
	Target Area	
	Goals Supported	Provide Safe and Affordable Housing
	Needs Addressed	Provide Safe and Affordable Housing
	Funding	HOME: $1,000,000
	Description	Creation of new residential housing units.
	Target Date	6/30/2023
	Estimate the number and type of families that will benefit from the proposed activities	**Anticipated Outcomes:** 1 Rental Unit Created, 3 Homeowner Housing Units Created on city owned property located on Fern St. Additional planning for subsequent rental unit development is to begin with CHDO or developer on TBD projects.
	Location Description	Within Auburn.

	Planned Activities	Creation of new 4-unit facility on city owned property on Fern St. This will entail 3 unit, owner-occupied co-op housing with 1 rental unit. Additional projects are being identified with certified Community Housing Development Organization and/or private developers.
3	**Project Name**	2022 TBRA
	Target Area	
	Goals Supported	Provide Safe and Affordable Housing
	Needs Addressed	Provide Safe and Affordable Housing
	Funding	HOME: $25,000
	Description	Tenant-based Rental Assistance in the form of Security Deposits for qualified Low-to-moderate income households.
	Target Date	6/30/2023
	Estimate the number and type of families that will benefit from the proposed activities	**Anticipated Outcomes: 2**0 Tenant-households provided Security Deposits
	Location Description	Within Auburn.
	Planned Activities	Providing security deposits for qualified low-to-moderate income households.
4	**Project Name**	2022 Homebuyer Assistance
	Target Area	
	Goals Supported	Provide Safe and Affordable Housing
	Needs Addressed	Provide Safe and Affordable Housing
	Funding	HOME: $205,000
	Description	Down payment assistance for qualified low-to-moderate income residents.
	Target Date	6/30/2023
	Estimate the number and type of families that will benefit from the proposed activities	**Anticipated Outcomes:** 5 qualified low-to-moderate income homebuyers assisted with downpayment assistance.
	Location Description	Within Auburn.

	Planned Activities	Providing first-time homebuyer resources including education and down payment assistance for qualified low-to-moderate income households.
5	**Project Name**	2022 Economic Development
	Target Area	
	Goals Supported	Promote Economic Opportunities
	Needs Addressed	Promote Economic Opportunities
	Funding	CDBG: $50,000
	Description	Business Loans will be provided to businesses city wide, with a focus on promoting entrepreneurship through the development of the Auburn Incubator Kitchen & Learning Center, a facility located at Pettengill road. This programming is supplemented by funds previously approved within the CDBG-CV budget.
	Target Date	6/30/2023
	Estimate the number and type of families that will benefit from the proposed activities	**Anticipated Outcomes:** 10 Business Loans to qualified low-to-moderate income business owners
	Location Description	Within Auburn.
	Planned Activities	Providing working capital micro-loans to qualified low-to-moderate income entrepreneurs.
6	**Project Name**	2022 Public Service
	Target Area	
	Goals Supported	Provide Essential Services
	Needs Addressed	Provide Essential Services
	Funding	CDBG: $100,000
	Description	Public Service funds will be used to provide Senior Services (05A), Youth Services (05D), Battered and abused Spouses (05G) and Other (05Z) which is reserved to support the City' s community gardens and food security programs.
	Target Date	6/30/2023
	Estimate the number and type of families that will benefit from the proposed activities	**Anticipated Outcomes:** 500 qualified lot-to-moderate income Persons Assisted

	Location Description	Within Auburn.
	Planned Activities	$62,000 of the Public Service Funds will be used to service the Grab-n-Go program operated out of the PAL Center. This food pantry and delivery service has assisted low-to-moderate income residents have reliable access to essential foods throughout the pandemic. This program currently supplies food from its Union St neighborhood location as well as offering delivery services to LMI and Senior living facilities including Roak Block, Barker Mills and Esplanade which are operated by the Auburn Housing Authority. Additional funding provided within this Action Plan will sustain the current 350 residents relying on regular food deliveries as well as allow the program to expand its capacity to another 80 residential units located within the Lake Auburn Town house facilities, another Auburn Housing operated residential facility. As part of these services Recreation/PAL center staff will be increasing support and coordination with the existing Community Garden programs. Additional $20,000 funding support for summer recreation scholarships will be provided to not only allow for equitable access to experiential opportunities to LMI youth, but also serves as structured childcare for working parents during the summer months. This compound benefit has proven to provide the broadest demographically available services within the city's historic public service funding. Expanding on the positive, proven Public Services offered directly by the city of Auburn will increase the city's response to the prevailing nutritional and economic needs of its most historically and economically disadvantaged residents and neighborhoods. Lastly, Public Service financing of $18,000 will continue for Safe Voices, who have effectively and proactively provided additional services and housing for domestic abuse victims and families throughout the pandemic. This funding decision is supported by the public service priorities established by the Citizen Advisory Committee.
7	**Project Name**	2022 Public Improvements
	Target Area	
	Goals Supported	Improve Infrastructure and reduce blight
	Needs Addressed	Improve Public Infrastructure and remove blight
	Funding	CDBG: $660,000

	Description	Funds will be used to address blight remediation, continue the Neighborhood Challenge grant program as well as continue the development of publicly owned infrastructure and amenities within targeted neighborhoods. Additional focus will be placed on addressing distressed buildings and code violations.
	Target Date	6/30/2023
	Estimate the number and type of families that will benefit from the proposed activities	**Anticipated Outcomes:** 1,000 Persons Assisted through improved public infrastructure and the removal of blight and heath hazards.
	Location Description	Within 3 qualified low-to-moderate income census tracts (New Auburn, Downtown & Union St).
	Planned Activities	Funds will be used to address health and blight conditions including lead based paint on publicly owned buildings. Additional funds will be earmarked for the Neighborhood Challenge grant program that creates and improved public amenities within 3 qualified low-to-moderate income census tracts. $500,000 in Public Infrastructure projects $35,000 in Neighborhood Challenge Grants $125,000 in Spot/Blight remediation projects
8	**Project Name**	2022 Administration
	Target Area	
	Goals Supported	
	Needs Addressed	
	Funding	CDBG: $133,173 HOME: $179,955
	Description	Personnel and administrative costs for delivering activities.
	Target Date	6/30/2023
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	

	Planned Activities	Administrative expenses for planning and delivering program activities. This includes 2 proposed planning grants, one HOME funded for Rental study and one CDBG funded Economic Development planning study.
9	**Project Name**	2022 Lewiston Admin
	Target Area	
	Goals Supported	
	Needs Addressed	
	Funding	HOME: $33,838
	Description	Administration Expenses for Lewiston HOME program.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	Administrative expenses for Lewiston HOME program.
10	**Project Name**	2022 Lewiston Security Deposits
	Target Area	
	Goals Supported	Provide Safe and Affordable Housing
	Needs Addressed	Provide Safe and Affordable Housing
	Funding	HOME: $15,000
	Description	Tenant-based Rental Assistance in the form of Security Deposits.
	Target Date	6/30/2023
	Estimate the number and type of families that will benefit from the proposed activities	**Anticipated Outcomes: 1**0 Tenant-households provided Security Deposits
	Location Description	Within Lewiston
	Planned Activities	Providing security deposits for qualified low-to-moderate income households.
11	**Project Name**	2022 Lewiston HOME Construction
	Target Area	

	Goals Supported	Provide Safe and Affordable Housing
	Needs Addressed	Provide Safe and Affordable Housing
	Funding	HOME: $614,042
	Description	Construction of new rental units.
	Target Date	6/30/2023
	Estimate the number and type of families that will benefit from the proposed activities	**Anticipated Outcomes:** 4 Rental Units Created. Additional planning for subsequent rental unit development is to begin with CHDO or developer on TBD projects.
	Location Description	Within Lewiston
	Planned Activities	Creation of new rental units within the Choice Neighborhood & Gauvreau Place projects. Additional projects are being identified with certified Community Housing Development Organization and/or private developers.

AP-50 Geographic Distribution - 91.420, 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

In Auburn, priority will be given to the Downtown (Census Tract # 101), The Union St Neighborhood (Census Tract # 103), and the New Auburn Area (Census Tract #105).

Geographic Distribution

Target Area	Percentage of Funds

Table 5 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The 2011-2015 American Community Census identified these 3 census tracts in Auburn where a majority of the households qualify as Low-To-Moderate Income levels. For this reason, these 3 tracts will be a focus of the city's affirmative marketing, outreach and translation services.

Discussion

Recently compiled GIS heat map data has also highlighted these 3 census tracts containing a majority of the city's homes which are at high risk for containing lead paint hazards. Additional resources for outreach, education and abatement services will be provided to these designated census tracts and funded through the recently acquired Lead Hazard Control & Healthy Homes grant.

Affordable Housing

AP-55 Affordable Housing - 91.420, 91.220(g)

Introduction

Annual Action plan targets providing TBRA to 35 homeless or near-homeless households in Auburn and Lewiston. Auburn's target for rehab of rental units is 25 units and rehab of 10 owner occupied homes. This will be accomplished by leveraging the Lead Hazard Control and Healthy Homes grant.

Auburn plans to develop 3 new owner occupied units and 1 rental unit at a single location on city owned property. Additional new unit development plans are currently underway and expect to have more HOME funded units to come online within subsequent Action Plans. Lewiston plans to develop 4 new HOME funded units.

Units funded with CDBG dollars must follow the city's Affordable Rent Standard. The definition of an affordable unit under this plan will be qualified as one that does not exceed HUD published Fair Market Rents (FMRs) for the current year. A unit is determined to fall within the FMR of a specific area by adding the contracted rent and the applicable utility allowance for the unit. For the purposes of CDBG funded projects, the sum of both numbers cannot exceed the FMR of a unit based on bedroom size as published by HUD annually. If the local housing authorities have adopted and been granted a community wide exception, then the affordable rent standard may increase to no more than 120% of the FMR for the local jurisdiction.

One Year Goals for the Number of Households to be Supported	
Homeless	0
Non-Homeless	8
Special-Needs	0
Total	8

Table 6 - One Year Goals for Affordable Housing by Support Requirement

One Year Goals for the Number of Households Supported Through	
Rental Assistance	0
The Production of New Units	8
Rehab of Existing Units	0
Acquisition of Existing Units	0
Total	8

Table 7 - One Year Goals for Affordable Housing by Support Type

Discussion

The total one-year goals established above are for HOME funded production units only, and not indicative of the total Action Plan anticipated impacts as demonstrated more comprehensively on the AP-35.

Due in part to the Covid-19 pandemic, inflated construction costs and lack of contractors the new-unit development scheduled in the previous year were not carried out for projects within both cities. These plans will be carried over to this current action plan. Additional funding, as provided by the HOME-ARP allocation will add to the impact of services for rental assistance as well as the related services required to help families struggling with challenges other than scarcity of affordable units.

Additional steps will be made within this Action Plan to address a lack of racial equity in affordable housing programming as outlined referenced the city's 5-year Comprehensive Plan. This will be achieved by providing more direct outreach to residents within the Union St, Downtown and New Auburn census tracts. This outreach will be aided with new translated materials. These census tracts are qualified as being comprised of 51% or more low-to-moderate income households, as well as being the highest concentration of residential units having been built prior to 1978. Pre-78 homes have a higher potential for containing Lead-based paint hazards which cause negative health effects in children.

AP-60 Public Housing - 91.420, 91.220(h)

Introduction

Auburn and Lewiston have added multiple large affordable housing projects in the past few years. According to statistics maintained by Maine Housing Authority 243 new affordable housing units have been created with MSHA funding (including Auburn & Lewiston Consortium funds) between 2019 and 2022. These buildings offer modern affordable amenities to public housing residents. Auburn Housing Authority has been transitioning to a voucher-based system allowing more aid to residents using privately owned units.

Actions planned during the next year to address the needs to public housing

Auburn is partnering with Auburn Housing Authority and a to-be-determined 3rd party nonprofit to develop a co-op owned building on Fern St. Auburn Housing Authority is continuing its conversion into a voucher-based system which is intended to increase capacity. The city has a notable amount of previous year HOME funds to invest in new unit developments.

The city of Auburn has substantial market rate developments planned and/or permitted for construction within the next year. Some of these projects have faced local opposition at the planning board level. Three projects within three very different zones within the city have stirred controversy due to isolated neighborhood opposition but the city is still committed to develop new housing units to help alleviate the identified housing shortage and high rental rates that have been plaguing residents. The existence of NIMBYism and discrimination by communities and neighbors, as highlighted in MSHA's Analysis to the Impediments of Fair Housing Choice published in 2019, is not new but the Auburn administration and City Council has continued to demonstrate though their actions unified support for the development of new housing units within the city.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

Auburn works with the Auburn Housing Authority and Community Concepts Finance Corporation to assist in the development of new homeowners through its homeownership program and related Homebuyer Education programs. Auburn has incorporated self-sustainability programs into its programs which provide free financial coaching and educational experiences as provided by a HUD certified housing or financial management counselor.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

N/A

Discussion

Both Lewiston and Auburn are focusing on supporting resident owned multi-unit facilities in order to promote home ownership. The city of Auburn as created an online fair housing resource center after Covid-19 forced the cancelation of the traditional joint landlord and tenant summit. This resource center provides opportunities for tenant's access new tools to address tenant topics of interest as well as other resources that assist tenants become homeowners. This online resource center can be found at https://www.auburnmaine.gov/pages/neighborhood/housing-summit

AP-65 Homeless and Other Special Needs Activities - 91.420, 91.220(i)

Introduction

Auburn and Lewiston's homeless needs have historically been addressed through the Maine Balance of State Continuum of Care. Both Cities participate and sponsor the Lewiston-Auburn Alliance for Services to the Homeless (LAASH), a group of local homeless providers who gather monthly to address the gaps in services to the areas homeless. Additionally, the city of Auburn has integrated the Public Health & General Assistance Departments within the Business & Community Development Department. This re-alignment has led to direct integration of these overlapping service plans. The consultation process undertaken for this Annual Action Plan as well as the HOME-ARP plan has been guided by assistance from the Public Health Manager. Data regarding homeless and at-risk qualified populations has resulted in the development of a service-based plan under HOME-ARP which would see the creation and additional budgetary resources necessary to address the needs of this population. This plan has been developed in partnership with the HUB Coordinator located within Lewiston Housing Authority whose role is to better assess and coordinate homeless counts and resource development and delivery.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

This annual Action Plan has been developed in coordination with the Consortium HOME-ARP plan. The consultation processes engaged in the development of both of these plans is further described within the HOME-ARP plan but will be summarized below.

Prior to the development of the Home-ARP and the Auburn-Lewiston HOME Consortium Action Plan a comprehensive community needs survey was circulated in 5 languages. This survey method utilized digital as well as paper surveys which were distributed at key service points within the city including food pantries, youth centers, head start service providers and municipal offices. The result was over 362 households including over 1,000 residents being received. This information, along with consultation efforts with area service provider partners helped craft the plan as presented.

The consultation process entailed direct correspondence with dozens of area service providers. By educating them on the specifics of the qualified population as defined by HUD in CPD notice 21-10 this outreached further solicited quantifiable or anecdotal narratives which may serve to highlight unmet needs they regularly encounter. These letters included responses from the Chief of the Auburn Police Department, the Chief of the Auburn Fire Department, The Mckinney-Vento Liaison of the Auburn School Department, the Assistant Director of Auburn Adult Education, as well as direct consultation with the developers of the Lewiston-Auburn Transitional Resource Center.

Addressing the emergency shelter and transitional housing needs of homeless persons

The Auburn-Lewiston Home Consortium includes the entirety of both cities. Much of the data provided at the state level is by Androscoggin County or as the Lewiston-Auburn Metropolitan Statistical Area (which includes 12 surrounding municipalities). Both Auburn & Lewiston serve as a regional service HUB for the area meaning that even though HOME-ARP funds are designated for residents of the two cities, the needs of these cities is impacted by the spillover, or centralization of needs from the surrounding rural populations.

For example, data collected form the 2 emergency shelters operated at the Lewiston Ramada Inn or the Lewiston Armory clearly demonstrates this catch-basin effect. The combined totals of the two emergency shelters (whose numbers are not included in MSHA PIT counts) regularly operated at capacity. Of their total 213 individuals sheltered 60% claimed Lewiston as their residence, 20% claimed Auburn with the remaining 20% coming from outside of the consortium jurisdiction. The city of Auburn is working in consultation with the Lewiston-Auburn Transitional Recourse Center team and the regional HUB Coordinator on an expansion of services under the HOME-ARP program to better address the needs of this population.

Additionally, the city of Auburn has recently taken in 17 additional refugee families of various origins. These needs are being addressed through the city General Assistance office with wrap around services and coordination being provided by the city Public Health manager. This coordination includes private charities, educational facilities, and local hotel operators.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The City of Auburn is developing a plan for implementing new services to be funded with Department of Housing & Urban Development (HUD) Home-ARP funds. These services are focused on responding to the needs of community members experiencing homelessness, who are at risk of homelessness or who are fleeing domestic/dating violence, sexual assault, or human trafficking. The definition of a Qualified Population (QP) to be assisted with these funds if further defined by HUD in their CDP Notice 21-10.

These services are being developed in response to quantifiable data collected by the Auburn Lewiston HOME Consortium in partnership with multiple city department, service providers and non-profits. This plan contains 2 key elements. The first is to provide funding for qualified services to include both **Tenant Based Rental Assistance (TBRA)**, which includes rental assistance, security deposits and utility deposits for qualified households, as well as **Direct Support Services (DSS)** to include McKinney-Vento Support

Services and Homelessness Prevention services as further outlined in CPD Notice 21-10.

The second key element will be one direct support service providers, housed in the Auburn Community Development Office, which will work proactively with the Public Health office and across various city departments including the Auburn School Department, Police Department and General Assistance Department to provide advocacy and support services to Auburn residents at their time of need.

The **Homeless Intervention Specialist (HIS)** will work across multiple city departments to build relationships with community members experiencing homelessness or at risk of homelessness to provide advocacy and support services and assist with connecting individuals to housing and support services in partnership with the regional HUB Coordinator. The Specialist will assist with identifying unsheltered homeless or at-risk neighbors through direct outreach with and referrals from the Auburn Police Department, Auburn Fire Department, Auburn School Department, Public Health Manager, and General Assistance Manager as needed. This may include meeting with individuals in encampments, shelters, warming locations, and other locations not meant for human habitation or those recently released from healthcare, mental health or correction facilities. The work schedule will include some evening and weekend hours where the Specialist will assess the needs of the individuals identified and facilitate placement into emergency or short-term housing as needed.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The General Assistance offices of both cities work proactively to prevent LMI families from becoming homeless. These efforts are not just based on the use of General Assistance funds but also the addition of wrap-around support services rooted in their proactive community roles. Similarly, the Auburn Public Health office continues to work with residential institutions to match needs with readily dwindling community housing and support resources. The Community Development Office is adding a new, Homelessness Intervention Specialist position with an additional Mckinney-Vento style budget from the HOME-ARP allocation to provide additional services and resources to these at-risk qualified populations.

Additionally, the Maine COC has added a new HUB coordinator located at the Lewiston Housing Authority. This position will be the point of coordinated entry into the COC system, allowing the Community Development and Public Health teams to focus their efforts on crisis response and early intervention efforts.

In addition to the current homelessness crisis and the influx of more refugee families into a jurisdiction already coping with a housing shortage is the impending end of the current Emergency Rental Assistance program. This program, which locally administered by Community Concepts Inc, has serviced 1,118 non-duplicated households as of March 2022. With the scheduled closure of the Ramada Inn Emergency Homeless shelter and the end of the ERA program funding set to expire on June 30th, 2022, preparations for a dramatic in housing needs are being developed.

Discussion

As noted above, Homelessness is not a place-based problem. Many who lack adequate, permeant housing are transitory in nature as they seek out new and ever-changing resources to meet their needs. Because of this, responses cannot be relegated to isolated neighborhoods or cities. The data compiled for this Action Plan reiterates the clear fact that this consortium is a catch-basin for homelessness and special needs for the region as a whole. To address this better assessments of causal events and cooperation between regional service providers is needed. A strong relationship with the State's Continuum of Care and the locally placed HUB Coordinator is necessary to more accurately quantify need and coordinate resources. These efforts will be optimized though a locally focused effort to measure and design systematic responses to the prevailing needs of the community.

AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

Private development of multi-unit housing projects is on the rise across Auburn. Projects which are in the permitting process or already under construction are climbing, as reported by the Auburn Planning & Permitting Department. There are a total of 102 new units in 3 different projects expected to come into service by the end of 2022. Another 423 new units are also in process to be completed by 2023, and 196 seeking approval for 2024. The large, and rapid increase in new unit development, coupled with Auburn Housing Authority's conversion to a voucher-based system will have a notable impact on addressing not just the over-all housing shortage, but will also make much needed headway in the alleviation of the shortage of affordable housing.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City of Auburn has continued its multi-year efforts to implement form-based zoning. This year an ambitious rezoning of the city's core residential area, totaling over 1,687 acres, is still ongoing. Conducted under the guidance of the city's Comprehensive Plan as updated in 2021, these changes to the land use code would allow for an increase density to as high as 16 units per acre. There is currently one new development waiting for these changes to take effect. This project, called Stable Ridge Apartments would construct 60 new units within a 5 building development located next to the Auburn Middle school.

City administration as well as elected leaders have not been seeking traditional governmental approaches to solution development. Instead of developing and implementing large-scale multi-unit construction subsidized by multiple layers of tax incentives, state and federal funds they have promoted a more equitable, and innovative small scale methods. These include the approval of Accessory Dwelling Units within city zoning which not only creates new housing stock, but also offers small-scale sustainable rental income for many more middle- and low-income residents who have an extra quarter-acre to spare. Some of these more innovative approaches have recently been highlighted in an article called "The YIMBYest City in America" (linked below), where the Mayor leans into the recent Not-in-my-back-yard exclusionism the city has faced. This same NIMBYism is also highlighted as an on-going concern within Maine State Housing Authority's 2019 Analysis of Impediments to Fair Housing Choice report.

YIMBY article: The YIMBYest City in America - Discourse (discoursemagazine.com)

MSHA Analysis of Impediments to Fair Housing: 2019-analysis-of-impediments.pdf (mainehousing.org)

Discussion

These progressive zoning changes, as well as the proposed projects, have stirred substantial community conversations. Dozens of residents have spoken at multiple public hearings or printed letters to the editor in the local paper, both for and against these types of zoning changes and development proposals. Arguments against these developments call into question potential negative effects on the "traditionally single family residence neighborhoods" which would be impacted by these large zoning changes across the city. This type of "Zone Defense" has been reactionary to these proposed developments in nature and speak to the impediments raised by MSHA in their analysis of Impediments to Fair Housing Choice.

Still, the Mayor and city council maintains support for not just the needs for new housing units to relieve what the mayor has referred to as "incremental" solutions to this larger housing crisis. Recent reports on these developments can be seen here: https://www.sunjournal.com/2022/03/27/legal-opinion-could-prompt-delay-in-auburn-rezoning-effort/

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

The Action Plan for the city of Auburn and the Auburn-Lewison Consortium is due to be released each year by March in order to provide the required public comment period, be approved and funded by the beginning of the new project year. This process would traditionally allow for the city to release RFPs for Public Service grants based on the approved budget. In March of 2022 HUD released CPD Notice 22-05, which suspended this process and related requirements until the formula-based allocations are published by HUD. These allocations, due to various approval delays at the federal level, were not made available to the city until May 16, 2022. Because of this delay the city will not have enough time to complete the approval process before the beginning of the next project year. In order to avoid any further delays in public service delivery the city of Auburn has chosen to fund internal programs based on the prioritization established by the Citizen Advisory Committee, instead of seeking 3rd party non-profit service providers. These internal programs are experienced service delivery projects dandled in collaboration with Auburn Recreation Department and the PAL Center. One 3rd party organization focused on domestic violence and homeless services was awarded based on historic performance and preferences established by the Citizen Advisory Committee.

The city of Auburn and the Auburn-Lewiston Consortium have undergone substantial redesign and re-staffing in order to better meet the prevailing needs of the community. As with any substantial change effort growing pains within program planning and subrecipient funding expectations is expected, and steps have been taken to prepare for and respond to these concerns. Still, it is essential that the federal funds provided to the city to address these ever changing needs and be spent effectively and with the largest impact per dollar possible.

Actions planned to address obstacles to meeting underserved needs

In a post-covid world the resources and needs of the at-risk community changed dramatically. During this time some types of programming and response systems proved their strength, reliability, and impact. These prevailing needs focused around food insecurity and at-home resources for home-bound or mobility-limited residents. Within this plan the primary allocation of Public Service Funds will be used to service the Grab-n-Go program operated out of the PAL Center. This food pantry and delivery service has assisted low-to-moderate income residents have reliable access to essential foods throughout the pandemic. This program currently supplies food from its Union St neighborhood location as well as offering delivery services to LMI and Senior living facilities including Roak Block, Barker Mills and Esplanade which are operated by the Auburn Housing Authority. Additional funding provided within this Action Plan will sustain the current 350 residents relying on regular food deliveries as well as allow the program to expand its capacity to another 80 residential units located within the Lake Auburn Town house facilities, another Auburn Housing operated residential facility.

Additional funding support for summer recreation scholarships will be provided to not only allow for

equitable access to experiential opportunities to LMI youth, but also serves as structured childcare for working parents during the summer months. This compound benefit has proven to provide the broadest demographically available services within the city's historic public service funding. Expanding on the positive, proven Public Services offered directly by the city of Auburn will increase the city's response to the prevailing nutritional and economic needs of its most historically and economically disadvantaged residents and neighborhoods.

Lastly, Public Service financing will continue for Safe Voices, who have effectively and proactively provided additional services and housing for domestic abuse victims and families throughout the pandemic. This funding decision is supported by the public service priorities established by the Citizen Advisory Committee.

Actions planned to foster and maintain affordable housing

Primary activities within this Action Plan involve the development of new residential units offered and made affordable for Low-to-moderate income residents. These funds will be provided to Community Housing Development Organizations and private developers in exchange for those assisted units being offered solely to LMI residents at rates that are deemed affordable.

Additional programs will provide access to funding for emergency repairs to residential housing units as well as lead testing and abatement funding dedicated to improving the health and safety of homes with young children.

Actions planned to reduce lead-based paint hazards

Both cities currently manage their own grants from the Office of Lead Hazard Control with which residential units containing children, or being marketed to families with children, can be tested for lead paint hazards. Where hazards are present, funds will be made available in the form of grants to mitigate and abate the presence of these lead paint hazards. The separate budget and work plan for the Lead Hazard Control grant established a goal of 110 units abated for lead hazards over the next 3 years. Included within this Action Plan are matching CDBG grants for LMI households to further increase the impact of the Lead Hazard Control grant funds.

Actions planned to reduce the number of poverty-level families

Community Development staff is committed to establishing and maintaining relationships with organizations and institutions which broaden and strengthen the institutional structure. Auburn is increasing its efforts to develop workforce empowerment programming with the local Chamber of commerce, as well as focusing and providing educational opportunities for Section 3 businesses. These are businesses owned or staffed with primarily by Low-to-moderate income residents. These additional empowerment structures provide opportunities to poverty-level families to increase their experience and earnings and are funded in part through the Lead Hazard Control grant.

The city has also established a relationship with Community Concepts Finance Corporation, a certified HUD homeownership and finance counselor, which will provide free financial education sessions to families enrolled in the homebuyer or rehab programs. Leading with education services better prepared LMI residents to understand and prepare for the financial planning necessary to maintain their assets and improve their own financial situations.

Actions planned to develop institutional structure

The city of Auburn has reorganized its internal structure to better meet the array of prevailing community needs. By integrating the Public Health, General Assistance and Community Development teams there is present a culture of collaboration and joint responding to emergency health, housing and refugee needs which can only be achieved though the removal of inter-department barriers and the establishment of a unified mission of service and crisis response. As new positions are added, such as the Lead Hazard Control team and the Housing Intervention team, service gaps within the department are being filled.

The Auburn-Lewiston Consortium is also in a new phase of development where the Community Development and General Assistance offices from each city are working more directly and collaboratively on planning and response initiatives. This is most prevalent around the development and coordination of responses funded under the HOME-ARP plan, where the shared needs and homelessness crisis's are not easily divisible between the two cities. This inter-city cooperation and data sharing removed duplicative services and increases the efficiency of service delivery and efficacy.

Actions planned to enhance coordination between public and private housing and social service agencies

The Auburn Community Development Department, the Auburn Housing Authority, the Lewiston-Auburn Alliance for Services to the Homeless, the Lewiston Community Development Department, the Lewiston Housing Authority, Community Concepts, Healthy Androscoggin, and other city departments, and local and regional nonprofit organizations coordinate closely in the planning and delivery of housing services. However, there are not enough resources among all of the partners to meet the identified needs. Waiting lists for services at the housing authorities are long. By leveraging private developers to construct more affordable units and engage with the Section 8 voucher program multiple agencies would be increasing efficiency and ability to better serve the 434 low-to-moderate income residents currently on the Section 8 wait list. By engaging with the new HUB Coordinator through a dedicated Housing Intervention Specialist position within the city these production efforts can be aided with wrap-around services necessary to move residents in need through a better organized structure with concrete benchmarks and measurable goals.

The Community Development Department has been involved in a local Green and Healthy Homes initiative in order to better coordinate housing improvements and bring new resources to

the community. The City of Auburn has received a Lead Hazard Control Grant with the assistance of Healthy Androscoggin and other service delivery partners within the community. This project entails substantial integration of multiple health agencies, non-profit service providers and state Center for Disease Control who can more efficiently share information, referrals and response services specifically for children with identified elevated blood-lead levels (eblls).

The city of Auburn is currently working on the development of a new multi-unit housing co-op in partnership with the Auburn Housing Authority. This project will utilize the assistance of additional non-profit technical assistance providers who specialize in co-op development and governance. This new model will not just create new multi-unit rentals but will create democratically governed buildings where residents become homeowners and have access to a greater opportunity to build generational wealth through homeownership.

Discussion

The last year has provided substantial and dramatic changes locally, nationally and internationally. More prevalent today than in the last 50 years international conflicts and the crumbling of a globalized consumer economy has created new and unexpected challenges to Auburn and Lewiston residents. Grocery prices and fuel are increasing dramatically. Essential foods are becoming scarce given manufacturing and resource acquisition breakdowns on the other side of the world. Lumber prices and construction materials are becoming scarce and largely unaffordable to many. Our community is growing with the addition of new and welcomed members who have been driven from other parts of the world due to famine and conflict. Finally, inflation and un/under employment are making housing and necessary daily resources unattainable for average residents.

The worst part of all of these new and novel trials and tribulations, which we all have grown accustomed to hearing on the daily news, is that it begins to negatively affect our general world-view and essential optimism which we all need to grow, develop and prosper. This is, above all, where we need to focus the majority of our efforts, energies and collaborations. In the face of all these challenges the most important aspect of interdepartmental, institutional, and interpersonal development will be to not lose sight of this key element.

Program Specific Requirements

AP-90 Program Specific Requirements - 91.420, 91.220(l)(1,2,4)

Introduction

Community Development Block Grant Program (CDBG)
Reference 24 CFR 91.220(l)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	**0**

Other CDBG Requirements

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income.Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	75.00%

HOME Investment Partnership Program (HOME)
Reference 24 CFR 91.220(l)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

   Auburn /Lewiston will not utilize other forms of investment beyond those in section 92.205

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

   The Auburn/Lewiston Consortium will use the Recapture method to recover HOME funds from projects that have not met the minimum required affordability periods. The proceeds from the repayment of the HOME Program assistance to the original first-time homebuyer will be utilized to assist other HOME Program eligible first-time homebuyers to obtain a home within the geographic area providing the property will be their principal residence.

   To ensure that the Auburn Lewiston Consortium recovers all or a portion of the HOME Program funds from a homeowner if the housing is sold, transferred or foreclosed upon within the minimum federally-required affordability period, the following Recapture provisions will be made an express covenant of the borrower applicable to the loan:

   If the mortgaged property is sold, refinanced, conveyed, assigned, leased or otherwise transferred or if a senior lender forecloses on any senior mortgage prior to the end of the minimum federally required affordability period as defined by 24CFR 92.254(a)(4), the Home Program loan assistance must be repaid to the City of Auburn on a net proceeds' basis according to the following mathematical formula:

   Net Proceeds = (sales price minus municipal liens minus principal owed to senior lenders minus selling costs);

   Homeowner Investment = (down payment plus principal paid on first mortgage, and any verifiable capital improvement investment made from date of purchase);

   A/L Investment = (HOME Program Loan(s) assistance);

   Total Investment = (homeowner investment plus City's investment)

   Amount of Net Proceeds to be returned to the City = City's investment x net proceeds

   Total investment

   In the event of resale of a property where there is no direct subsidy to the buyer, the

Auburn/Lewiston Consortium employs a Resale Provision to preserve the full term of affordability and ensure the housing is retained for occupancy by low-income families. Specifically, the Resale Provision requires that if the owner sells, conveys or otherwise transfers his interest in the premises prior to expiration of the affordability period, such sale, conveyance, or transfer shall only be to an eligible, low-income purchaser. Other restrictions concerning notice of sale, maximum resale price and marketing of affordable unit(s) apply and are fully detailed in the Auburn/Lewiston's Resale Provision.

Auburn/Lewiston Consortium will not use the resale draft guidelines without consultation and approval from HUD.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

   Homebuyer and Homeowner Rehabilitation projects will be subject to recapture provisions of the HOME Program. The property must be occupied as a principal residence for the minimum periods of 5 years if HOME assistance is less than$15,000, 10 years if HOME assistance is between $15,000 and $40,000, and 15 years if HOME assistance is over $40,000.The recapture period shall commence when the building acquisition and/or rehabilitation are complete and a project completion certification has been issued for rehabilitation.

   Transfer of Title. The City shall collect the net proceeds from the sale of the property up to the outstanding balance of the HOME assistance when the HOME Borrower relinquishes the property voluntarily or due to a foreclosure, bankruptcy, appointment of a receiver or liquidation, or assignment for the benefit of the HOME Borrower's creditors, or a financial hardship resulting in a short sale. In the event that the net proceeds are insufficient to repay the HOME loan(s), the City will then forgive part or all of the HOME loans(s).

   Auburn will not use a Resale provision unless preapproved by HUD.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

   Home funds will not be used to refinance existing debt.

Citizen Participation Plan
2020-2024
Adopted _____, 2022

The U.S. Department of Housing and Urban Development (HUD) has consolidated the planning, application, reporting and citizen participation processes of formula grant programs: Community Development Block Grants (CDBG), & Home Investment Partnerships (HOME). The Consolidated Plan is designed to help states and local jurisdictions to assess their affordable housing and community development needs and market conditions, and to make data-driven, place-based investment decisions. The consolidated planning process serves as the framework for a community-wide dialogue to identify housing and community development priorities that align and focus funding from the formula block grant programs.

The city of Auburn (City) encourages citizens, especially those earning low and moderate incomes, to participate in the development of the City's Consolidated Housing and Community Development Plan ("Consolidated Plan"). This Citizen Participation Plan outlines the responsibilities of the City for obtaining citizen participation in the process of preparing, amending, and updating the Five-Year Consolidated Plan, the Annual Action Plan, and the Consolidated Annual Performance Evaluation Report (CAPER).

Citizen Participation Statutory Requirements

Plan/Report	Frequency	Due Date	Comment Period	Public Hearings
Consolidated Plan	Every 5 years	May 15*	30 days	2
Annual Action Plan	Every Year	May 15*	30 days	2
Amendments to Consolidated Plan Annual Action Plan	As needed		30 days	1
Consolidated Annual Performance Evaluation Report (CAPER)	Every year	Sept. 30	15 days	1

*Unless otherwise extended by HUD CPD Notice

Timeline of Annual Tasks, Submissions & Approvals

February	Public Hearing to solicit consolidated/Action plan input Complete Department Program Budget
March 1st	Revisit Needs assessment and prioritizations Draft Consolidated/ Action Plan
April 1st	Publish Consolidated/ Action Plan Public Notice for 30-day Comment Period
1st Council Meeting in May	Public Hearing Approval of Budget & Action Plan
May 15th	Submission of: • Consolidated/ Action Plan • Summary of Consultations • Summary of Citizen Participation/ Comments • Certifications & 424s
July 1st	Beginning of Fiscal Year
August 1st	Close out Previous year activities/ Budgets
September 15	Publish CAPER Public Hearing regarding CAPER
September 30th	Submit CAPER to HUD
December 1st	Release annual citizen participation survey Solicit unmet needs statements from area service providers

THE CONSOLIDATED PLAN AND THE ANNUAL ACTION PLAN

The Consolidated Plan examines the current housing situation, explores the housing and community development needs of the City, and sets priorities for spending HUD grant funds. The Annual Action Plan represents activities for years 2-5 of the Consolidated Plan. The City encourages inter-local government, public and private agency, and citizen participation in collaboratively identifying housing and community development needs. To provide varied opportunities for participation in the planning and preparation of the Consolidated Plan, the City will undertake the following actions:

Consultation

Prior to the development of the draft Consolidated Plan, the City will solicit information about housing and community development needs. This solicitation may take the form of one or more of the following:

1. Consultation with local public agencies which assist low-income persons and areas, including state and federal agencies, other local governments and regional councils of government.
2. Consultation with private agencies, including public and private housing developers, local not-for-profit service providers, local public housing authorities, homeless service providers, not for-profit housing developers, community action agencies, social service agencies and advocates.

3. Information collection at statewide affordable housing and homeless conferences, with established entities such as the Statewide Homeless Council and the Continuums of Care, MaineHousing and with professional associations.
4. Public Hearing to solicit input from the community.
5. Sharing of local data and plans with Auburn Housing Authority to be incorporated in the AHA public hearing process.

Participation of Citizens

The City encourages citizens to participate in the development of the Consolidated Plan, Annual Action plans and all annual performance evaluations and reports. The City will take whatever actions are appropriate to encourage the participation of all residents, including minorities, non-English speaking persons, persons with disabilities, low- and moderate income persons, particularly those persons living in areas designated by the City as a revitalization area, or in a slum and blight area where CDBG funds are proposed to be used, as well as residents of predominantly low- and moderate income neighborhoods as defined by the most recent HUD census data. This includes translation services upon request for any written plans or notices as well as the increased use of the development of new, quantitative ways to increase and broaden public participation beyond the attendance of Public Hearings as required by 24 CFR 91.105 A-2 (iv).

Citizen participation will be accomplished through the following means:

1. Citizen Survey
    - An online survey of housing needs and service priorities will be provided via the City's websites. The availability of the online survey will be communicated through email and social media. Partner organizations will be encouraged to notify low-income clients of its availability.
    - A paper survey corresponding to the online survey will be provided locally through jurisdiction-wide service providers. These surveys will be translated into a minimum of three additional languages to include French, Portuguese & Somali.
2. Public Hearings/Forums
    - Public hearings will be scheduled at times and locations that are convenient to potential and actual beneficiaries.
    - Sites will accommodate persons with mobility impairments by being held in locations which meet ADA requirements, and special communication accommodations will be arranged if requested prior to the hearing date.

To the greatest extent practicable, the City may employ electronic means of communication and consultation, to include e-committees, online discussion forums and blogs, videoconferencing, online surveys, or similar methods. Upon request the City will provide Technical Assistance to groups representative of low- to moderate income communities who need assistance in developing proposals for funding assistance under any program included within the Consolidated Plan.

Public Notice

Reasonable notice will be given to announce the availability of the draft Consolidated Plan, Annual Action Plan and Consolidated Annual Performance and Evaluation Report. Availability of the drafts Plan or Annual Action Plan will be announced on the City's website and Social media.

To encourage citizen comment and attendance at public hearings/forums, notices will be emailed via City's mass email list as well as posted in city facilities including the local Housing Authority, the city Library, Senior Center and other service organizations which predominantly serve Low- and moderate-income residents.

These notices will include links to the draft plans and reports, contain information on how to access translation services and notify residents how to receive paper copies of the full proposals. The draft plans published will include the following as required by 24 CFR 91.105 (b)(1):

- HUD-provided data available to the public as cross-referenced to the data on HUD's Website
- the amount of assistance the local government expects to receive (including grant funds and program income);
- the range of activities that may be undertaken;
- the estimated amount of funding that will benefit persons of low- and moderate-income;
- the local government's plans to minimize displacement of persons and to assist any persons displaced, specifying the types and levels of assistance the local government will make available (or require others to make available) to persons displaced, even if the local government expects no displacement to occur; and

Public Hearings

Public hearings will be held before the submission of the final Consolidated & Annual Action Plan. This will be part of the 30-day public comment period. The purpose of this public hearing will be to gather citizen input on the proposed plans prior to submission.

Citizens will be notified of the public hearings at least two weeks before they are held. Public hearings will be announced in at least one Maine newspaper, by email, and on the City websites.

CONSIDERATION OF PUBLIC COMMENTS

A public comment period of at least 30 days will be provided prior to the adoption of the Consolidated Plan or implementation of substantial amendments. City staff will prepare a summary of all comments received in writing, or orally at the public hearing. In cases where citizens' views are not accepted, the city will provide reasons for the decision.

CONSOLIDATED ANNUAL PERFORMANCE AND EVALUATION REPORTS

Before the City submits a Consolidated Annual Performance and Evaluation Report (CAPER) to HUD, the proposed CAPER will be made available to those interested for a comment period of no less than 15 days. Citizens will be notified of the CAPER's availability by public notices as outlined above

The CAPER will be available on the City website during the 15-day public comment period. Hard copies will be provided upon request. Any comments from individuals or groups received verbally or in writing will be considered. A summary of the comments, and of the responses, will be included in the final CAPER.

SUBSTANTIAL AMENDMENTS

A substantial amendment is defined as a proposed change in allocation of funds after the official adoption of the Consolidated Plan that affects 10 percent or more of the City's annual allocation of CDBG & HOME funds. A substantial amendment may also be required to carry out an activity not previously described in the action plan.

Any changes in the distribution of funds caused by changes in federal funding allocations after the Consolidated Plan/Annual Action Plan's draft comment period has expired will not be considered a substantial amendment.

Substantial amendments to the approved Consolidated Plan will be made public by public notices as outlined above. The City will receive and consider comments delivered in writing or orally at a Public Hearing on substantial amendments to the Consolidated Plan for 30 days before implementing those amendments. Approved amendments and a summary of comments will be attached and uploaded to the plan being amended within the Integrated Disbursement Information System.

If a state of emergency is declared which requires reallocation of funds and/or receipt of disaster recovery funding, the City will follow any abbreviated notice and approval process as published within a HUD CPD notice.

CITIZEN COMPLAINTS

Citizens who have objections or complaints about the Community Development Programs may submit a written complaint to:

Community Development Department
City of Auburn
60 Court Street
Auburn, ME 04210

The complaint should include the date, name, address, telephone number of the complainant, convenient hour to reach that person by telephone, nature of the complaint and location. The complaint may also be given orally. The person initiating the complaint will schedule a meeting with the Community Development Manager and a formal complaint will be formulated from the interview that will be signed by the complainant.

There will be a written response, within 15 days of receipt, to the complainant. The response will indicate the ultimate disposition of the complaint.

PUBLIC ACCESS : Availability of Documents

The final Consolidated Plan, any substantial amendments, and annual performance reports will be made available to the public on the city's website. Copies will be available in printed form or electronic means upon request.

Access to Records

The City will provide all interested parties with access to information and records related to the Citizen Participation Plan, Consolidated Plan, Action Plan and any amendments by posting it in a translatable form on the city website. Hard copies can be requested, and accommodations will be available to individuals with visual or hearing impairments. Records relating to these documents can be requested for the preceding five years. The public will be provided reasonable access to housing assistance records, subject to laws regarding privacy and obligations of confidentiality.

Accommodations

Arrangements will be made for non-English-speaking persons and persons with special needs for mobility, hearing and visual impairments, or the homebound. Please contact the Community Development Department in advance so that arrangements can be made to provide adequate communication assistance. Access to these accommodations can be attained by contacting the Community Development Office ahead of time at (207) 333-6601 or emailing CDBG@auburnmaine.gov .

CITY OF AUBURN
CITIZEN PARTICIPATION PLAN
2020-2024

Amended August 2021

1. INTRODUCTION

The City of Auburn received an "entitlement" designation for Community Development Block Grant funds in 1974. These funds are used for a number of loan programs to promote housing and economic development. Funds are also used for public facilities and infrastructure, and for social services. In 2001, Auburn and Lewiston formed a consortium with Auburn as the lead agency to receive HOME Investment Partnerships Program funds. The consortium was formed to meet the funding threshold for HOME funds.

The Department of Housing and Urban Development (HUD) requires recipients of its grant funds to prepare formal plans as a condition of receiving federal funds. These plans are intended to encourage communities to allocate federal resources to address local needs and market conditions.

The City has developed a Consolidated Plan (ConPlan) which is a fact-based analysis of local housing needs that reflects the incidence and severity of housing problems among different segments of the population. The ConPlan articulates priorities for addressing the needs that have been documented and defines strategies and activities linked to these priorities. Community representatives and housing practitioners will have opportunities to help shape the development of priorities and strategies. The process is intended to assist with coordination among relevant agencies in both planning and implementation. The City works closely with Auburn Housing Authority (AHA) on housing matters.

Section 104(a) of the Housing and Community Development Act of 1974 requires that the City of Auburn follow a Citizen Participation Plan. In order to comply with HUD regulations, the Community Development Department has prepared the following plan which outlines the process through which citizens will be informed of and involved in the Community Development Program. The Community Development Program involves funding of both the Community Development Block Grant and HOME Investment Partnerships (HOME) Program.

The Citizen's Participation Plan is an effort to create a collaborative process whereby citizens assist in developing a vision for community development housing actions. The City Council will consider both public comments and recommendations of the Citizen's Advisory Committee (CAC) in making decisions to allocate Community Development and HOME resources.

To affirmatively encourage citizen participation, the following plan elements shall be implemented in the execution of the Community Development Program.

2. GOAL

The goal of the Citizen Participation Plan is to provide Auburn citizens with an opportunity to participate in various processes of the Community Development Program. Citizen participation shall be conducted in an open manner with appropriate and timely dissemination of information pertinent to all plans and programs. The emphasis of this Citizen Participation Plan to involve persons who are most likely to be affected by and utilize the Community Development Program, especially persons of low income, persons with special needs, and persons living in target areas.

3. OBJECTIVES

The objectives of the Citizen Participation Plan are to:

Encourage citizen participation with emphasis on participation by persons who are of low income, special needs, and persons who live in or own property in a target area;

- Provide citizens with reasonable and timely access to local meetings, information, and records relating to the City's proposed and actual use of funds;
- Provide technical assistance to groups or representative of persons of low income that request such assistance in developing proposals with the level and type of assistance to be determined by the City;
- Obtain citizen views and answer questions at all stages of the Community Development process including development of needs, review of proposed activities and review of program performance;
- Provide for a timely written answer to complaints and grievances; and
- Provide for meeting the needs of non-English speaking residents and persons with special needs for accessibility or communication assistance at public meetings where a significant number of people are expected to participate.

4. PUBLIC PARTICIPATION

A. NOTICES OF PUBLIC MEETINGS

Public meetings are held to obtain views of citizens and public agencies with respect to the Community Development Program. Meeting notices will be published on the City's website.

At least 30 days before adoption by the City Council, a summary of the proposed Consolidated Plan and Annual Action Plan will be published on the City's web site to give citizens an opportunity to review and comment on the plan. The summary will describe the general contents of the Consolidated Plan. The public notice will indicate the location where copies can be examined or how to find it on the web site.

At least 15 days before submission a public notice will be placed in a local newspaper announcing the availability of the Consolidated Annual Performance and Evaluation Report (CAPER). The CAPER provides a review of program progress and performance of the Community Development Block Grant Program.

B. AVAILABILITY OF PUBLIC DOCUMENTS

Documents will be available at the Community Development Department for perusal in an effort to provide readily accessible information to citizens. Historical records will be available for the previous five-year period. Documents that will be available are:

- Residential Anti-displacement;
- Relocation Assistance Plan and Affordable Rent Policy;
- Urban Conditions Study;
- Citizen Participation Plan;
- Community Development Block Grant Regulations;
- Environmental Review Records;
- Consolidated Annual Performance and Evaluation Report;
- Guidelines of various programs funded with Community Development and HOME Investment Partnerships Program funds; and
- Consolidated Plan and Annual Action Plans.

C. CITIZENS ADVISORY COMMITTEE

The purpose of the Citizen's Advisory Committee is to assist in developing the Consolidated Plan and to monitor progress on achieving the goals and objectives of the plan. The committee will be made of a minimum of 11 Auburn residents, with a quorum being a majority of those currently appointed. The Committee will meet on a regular basis to track progress in accomplishing the goals of the Consolidated Plan. Community Development staff shall solicit members who will be representative of the following categories:

- At least one person of minority race or ethnic background;
- 3 representatives of community organizations, one of which represents the interests of homeless persons;
- A City Councilor;
- 4 persons from target areas including residents, landlords and small business owners. There will be a minimum of 1 each from the Downtown, Union Street and New Auburn Target Areas; and
- 2 representatives with a background in Real Estate or Finance.

The City Councilor member shall be appointed by the Council and their term shall coincide with their term in office. The other committee members shall be appointed by the Mayor and their term shall be three years, terms start on July 1st. The CAC membership shall elect a person amongst them to act as liaison with Community Development staff and to serve as spokesperson for the CAC to the City Council.

1) CAC Meetings:

a) <u>Consolidated Plan</u>

The CAC will be involved in assisting with development of the 5-year Consolidated Plan by considering needs and resources, and prioritizing goals and objectives.

b) Annual Action Plan

In the subsequent four years, the CAC will review the annual Consolidated Annual Action Plan for conformance with the Consolidated Plan.

c) Consolidated Annual Performance and Evaluation Report (CAPER)

At the end of each program year, a performance report will be prepared. The CAC will meet after completion of the CAPER to consider progress in meeting the stated goals and objectives of the Consolidated Plan. The CAC will also review program performance, effectiveness, and evaluation.

d) The CAC may determine that other meetings are necessary to promote the goals of the Consolidated Plan. Establishing extra meetings will require a majority vote of the CAC.

2) Consolidated Plan Considerations:

During the study process, the CAC will consider data on housing needs and comments from focus groups to establish priorities. The CAC will consider the needs of extremely low-income, low-income, moderate-income, and middle income families; renters and owners; persons who are elderly, disabled, persons with HIV/AIDS and their families; single persons, large families, public housing residents, families on the public housing or section 8 tenant-based waiting list, and homeless; consider specific problems such as cost-burden, severe cost-burden, substandard housing and overcrowding.

D. OTHER PUBLIC PARTICIPATION

Community Development staff shall solicit input from citizens who may be affected by Community Development projects to give them an opportunity to express their views concerning problems, suggestions and alternatives to the proposed projects. A public notice will announce the availability of City documents and may include:

- amount of Community Development Block Grant funding to be received;
- eligible activities;
- general program requirements;
- previous years' use of funds;
- projected use of funds;
- time schedule for submitting the Consolidated Plan;
- amount of funds that will benefit very low, low, and low-moderate income persons; and plans to minimize displacement of persons and to assist persons.

E. CITY WEBSITE AND SOCIAL MEDIA NETWORKING

The City of Auburn's website will provide up-to-date information on the Community Development and HOME Investment Partnerships Programs. Meeting notices, the draft and adopted Consolidated Plan, Annual Action Plans, Consolidated Annual Performance and Evaluation Reports, various adopted guidelines and policies, and the Citizen Participation Plan will be available.

In order to reach a broader more diverse audience, during the 5-year planning process the Community Development Department will also utilize an internet social networking site to provide important information on the Consolidated Plan and funding resources.

F. PUBLIC HEARINGS

Public hearings shall be held by the City Council and shall serve as additional forums for citizens to convey their views on community development and housing needs, and to respond to proposed budget. At least 10 days prior to public hearings, a notice shall be placed in the newspaper announcing the public hearing. These public hearings will be conducted in the evenings and participation via zoom will be available. Recordings of these Public Hearings will be posted online for additional viewing accommodations. The City Council will consider comments or views of citizens received in writing or orally at the public hearing, Public hearing will be held at Auburn Hall, a location that accommodates persons with disabilities. Public hearing shall be held as follows:

1) Consolidated Plan - A public hearing will be held prior to adoption of the Consolidated Plan. A draft Consolidated Plan will be available to the public 30 days prior to adoption. Copies will be available free of charge.

2) Consolidated Annual Action Plan - A public hearing will be held prior to adoption of each Consolidated Annual Action Plan. A draft Annual Action Plan will be available 30 days prior to adoption. Copies will be available free of charge.

3) Amendments - A public hearing will be held prior to adoption of any substantial amendments to the Consolidated Plan and Annual Action Plans. A substantial program amendment description will be available 30 days prior to adoption. Copies will be available free of charge.

4) **Consolidated Annual Performance and Evaluation Report** - A public hearing will be held prior to submission of the Consolidated Annual Performance and Evaluation Report. The report will be available 15 days prior to submission. Copies will be available free of charge.

G. CONSIDERATION OF COMMENTS

A summary of comments will be attached to the appropriate document and submitted to the City Council before an action is taken. The City Council shall consider comments of the CAC or others

prior to final adoption of the Consolidated Plan, Annual Action Plan, or Consolidated Annual Performance and Evaluation Report.

H. RESPONSE TO PROPOSALS/COMMENTS

A staff member of the Community Development Department will respond to citizen comments or proposals. For every written proposal or comment, there will be a written response with reasons stated for whatever action the City has taken on the proposal. Oral proposals will receive oral responses, though they may be in writing.

5. SPECIAL CONSIDERATIONS

A. ACCOMMODATIONS

Arrangements will be made for non-English-speaking persons and persons with special needs for mobility, hearing and visual impairments, or the homebound. Please contact the Community Development Department in advance so that arrangements can be made to provide adequate communication assistance. Access to these accommodations can be attained by contacting the Community Development Office ahead of time at (207) 333-6601 or emailing CDBG@auburnmaine.gov .

B. TECHNICAL ASSISTANCE

Staff will provide direct assistance to low-income persons or their representative when forming proposals for Community Development activities. The level and type of assistance will be determined by Community Development staff and may not necessarily include the provision of funds to any person, group, or agency.

Staff will provide direct assistance to low income persons in their effort to progress through the various program processes. For the Rehabilitation Program, assistance will include preparing a loan application, submitting financial information, providing advice for soliciting bids, or upon request securing bids for a property owner, comparing and evaluating bids for conformance to required work, assisting to schedule rehabilitation work, managing the escrow account, performing inspections to ensure quality work, acting as liaison between the contractor and property owner for complaints and resolving a variety of other problems. For the homebuyer programs, assistance will include preparing a loan application, submitting financial information, providing pre-qualification for housing affordability, credit counseling, and guiding the home purchase.

Staff will provide counseling to tenants who are in jeopardy of being displaced because of a federally funded project and provide relocation assistance to those who are being displaced. Tenants will be assisted when required to file relocation claim forms and to secure comparable housing that is decent, safe and sanitary.

Staff will make a credit counseling referral to low-income households to assist them becoming homeowners.

6. COMPLAINTS AND GRIEVANCES

Citizens who have objections or complaints about the Community Development or HOME Programs may submit a written complaint to:

Community Development Department
City of Auburn
60 Court Street
Auburn, ME 04210

The complaint should include the date, name, address, telephone number of the complainant, convenient hour to reach that person by telephone, nature of the complaint and location. The complaint may also be given orally. The person initiating the complaint will schedule a meeting with the Community Development Manager and a formal complaint will be formulated from the interview that will be signed by the complainant.

There will be a written response, within 15 days of receipt, to the complainant. The response will indicate the ultimate disposition of the complaint.

7. AMENDMENTS TO CONSOLIDATED PLAN

Auburn will amend its Consolidated Plan in the following ways: whenever it makes one of the following decisions:

a) Minor Amendment

A minor amendment will be approved by the City Manager. These include:

- Program Guideline updates
- Policy Changes
- Budget changes under 20% of planned projects

b) Substantial Amendment

A substantial amendment must be authorized by the City Council and submitted to the U. S. Department of Housing and Urban Development. A public notice of the change will be published 30 days before adoption of an amendment by the City Council. An additional public hearing for a program amendment will be held in advance of a City Council vote.

A substantial amendment includes:

- to change a goal, priority, or activity of the Consolidated Plan;
- to carry out an activity using funds from any program covered by the Consolidated Plan (including program income) not previously covered in the Consolidated Annual Action Plan; or
- to change the purpose, scope, location, or beneficiaries of an activity included in the Consolidated Annual Action Plan.
- Change that exceeds 10% of the amount of annual Community Development or HOME Program budget

ORDER 101-07182022

City Council Order

IN CITY COUNCIL

ORDERED, that that City Council hereby adopts the Program Year 2022 Annual Action Plan with appendices as recommended by the Business & Community Development Office.

Richard Whiting, Ward One
Joseph Morin, Ward Four
Belinda A. Gerry, At Large

Ryan Hawes, Ward Two
Leroy G. Walker, Ward Five
Jason J. Levesque, Mayor

Stephen G. Milks, Ward Three
Dana Staples, At Large
Phillip L. Crowell, Jr., City Manager

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: July 18, 2022 **Order:** 102-07182022

Author: Glen E. Holmes, Director of Business & Community Development

Subject: Purchase of 121 Mill Street, Parcel ID 221-041

Information: The property located at 121 Mill Street was identified as a potentially valuable resourse for the city as it pertains to the Redevelopment plans in New Auburn. The parcel and building are uniquely situated in an area that offers opportunities for business relocation, recreational tourisim, housing, services, community space and many others. After evaluating the possibilities and realizing how this property meets the foreseeable needs of the City it was clear the City needed to have site control for any of these future uses.

City Budgetary Impacts: None – acquisition is funded from current funds

---

Staff Recommended Action: Approve the Order as presented.

Previous Meetings and History: Executive sessions on 6/27/22 & 7/11/22

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell J.

Thank you for your interested in becoming a licensed establishment to sell and serve alcoholic beverages in Maine. To avoid any delay in the processing of your application and the subsequent issuance of your liquor license, please use the following checklist to assist you in completing the application. If you are renewing your license, this checklist is useful as well.

- ☑ Your application has been completed in its entirety and is legible. For a renewal, please submit your application 30 days prior to the expiration date of your liquor license.
- ☑ Your application is signed and dated by a duly authorized person.
- ☐ The application is signed and approved by the Town or City Municipal Officers or County Commissioners.
- ☐ The license fee submitted is for the correct fee for the license class for which you are applying and includes the $10.00 filing fee.
  - ☐ The check must be made payable to "Treasurer, State of Maine"; both the license and filing fees can be submitted on one check.
  - ☐ If the licensee/applicant(s) is in an unorganized township, the application must be approved by the County Commissioners and the $10.00 filing fee must be paid to them. Please be sure to include a copy of the receipt of payment with your application.
- ☐ For a renewal, the dollar amount of your gross income for food, liquor and guest rooms, if applicable must be completed – see Section I.1
- ☐ A diagram of the facility to be licensed must accompany **all** applications whether for a new license or the renewal of an existing license
- ☐ If you are a registered business entity with the Maine Secretary of State's office like a corporation or a limited liability company, you must complete Section VII of the application. This does not need to be completed if you are a sole proprietor.
- ☐ Have you applied for other required licensing from other state and federal agencies? See attached list.

Important – all applications whether for a new license or to renew an existing license for an on-premises liquor licenses must contact their Municipal Officials or the County Commissioners in unincorporated places to have their application approved and signed prior to submitting it to the Bureau for further consideration.

The address to send your completed application to:

1. Mailing address:

Section III: For use by Municipal Officers and County Commissioners only

The undersigned hereby certifies that we have complied with the process outlined in 28-A M.R.S. §653 and approve this on-premises liquor license application.

Dated: _____

Who is approving this application? ☐ Municipal Officers of _____

☐ County Commissioners of _____ County

☐ **Please Note:** The Municipal Officers or County Commissioners must confirm that the records of Local Option Votes have been verified that allows this type of establishment to be licensed by the Bureau for the type of alcohol to be sold for the appropriate days of the week. Please check this box to indicate this verification was completed.

Signature of Officials	Printed Name and Title

This Application will Expire 60 Days from the date of Municipal or County Approval unless submitted to the Bureau

Included below is the section of Maine's liquor laws regarding the approval process by the municipalities or the county commissioners. This is provided as a courtesy only and may not reflect the law in effect at the time of application. Please see http://www.mainelegislature.org/legis/statutes/28-A/title28-Asec653.html

§653. Hearings; bureau review; appeal

1. Hearings. The municipal officers or, in the case of unincorporated places, the county commissioners of the county in which the unincorporated place is located, may hold a public hearing for the consideration of applications for new on-premises licenses and applications for transfer of location of existing on-premises licenses. The municipal officers or county commissioners may hold a public hearing for the consideration of requests for renewal of licenses, except that when an applicant has held a license for the prior 5 years and a complaint has not been filed against the applicant within that time, the applicant may request a waiver of the hearing.

A. The bureau shall prepare and supply application forms.

B. The municipal officers or the county commissioners, as the case may be, shall provide public notice of any hearing held under this section by causing a notice, at the applicant's prepaid expense, stating the name and place of hearing, to appear on at least 3 consecutive days before the date of hearing in a daily newspaper having general circulation in the municipality where the premises are located or one week before the date of the hearing in a weekly newspaper having general circulation in the municipality where the premises are located.

C. If the municipal officers or the county commissioners, as the case may be, fail to take final action on an application for a new on-premises license or transfer of the location of an existing on-premises license within 60 days of the filing of an application, the application is deemed approved and ready for action by the bureau. For purposes of this paragraph, the date of filing of the application is the date the application is received by the municipal officers or county commissioners. This paragraph applies to all applications pending before municipal officers or county commissioners as of the effective date of this paragraph as well as all applications filed on or after the effective date of this paragraph. This paragraph applies to an existing on-premises license that has been extended pending renewal. The municipal officers or the county commissioners shall take final action on an on-premises license that has been extended pending renewal within 120 days of the filing of the application.

D. If an application is approved by the municipal officers or the county commissioners but the bureau finds, after inspection of the premises and the records of the applicant, that the applicant does not qualify for the class of license applied for, the bureau shall notify the applicant of that fact in writing. The bureau shall give the applicant 30 days to file an amended application for the appropriate class of license, accompanied by any additional license fee, with the municipal officers or county commissioners, as the case may be. If the applicant fails to file an amended application within 30 days, the original application must be denied by the bureau. The bureau shall notify the applicant in writing of its decision to deny the application including the reasons for the denial and the rights of appeal of the applicant.

2. Findings. In granting or denying an application, the municipal officers or the county commissioners shall indicate the reasons for their decision and provide a copy to the applicant. A license may be denied on one or more of the following grounds:

A. Conviction of the applicant of any Class A, Class B or Class C crime;

B. Noncompliance of the licensed premises or its use with any local zoning ordinance or other land use ordinance not directly related to liquor control;

C. Conditions of record such as waste disposal violations, health or safety violations or repeated parking or traffic violations on or in the vicinity of the licensed premises and caused by persons patronizing or employed by the licensed premises or other such conditions caused by persons patronizing or employed by the licensed premises that unreasonably disturb, interfere with or affect the ability of persons or businesses residing or located in the vicinity of the licensed premises to use their property in a reasonable manner;

D. Repeated incidents of record of breaches of the peace, disorderly conduct, vandalism or other violations of law on or in the vicinity of the licensed premises and caused by persons patronizing or employed by the licensed premises;

D-1. Failure to obtain, or comply with the provisions of, a permit for music, dancing or entertainment required by a municipality or, in the case of an unincorporated place, the county commissioners;

E. A violation of any provision of this Title;

F. A determination by the municipal officers or county commissioners that the purpose of the application is to circumvent the provisions of section 601; and

G. After September 1, 2010, server training, in a program certified by the bureau and required by local ordinance, has not been completed by individuals who serve alcoholic beverages.

3. Appeal to bureau. Any applicant aggrieved by the decision of the municipal officers or county commissioners under this section may appeal to the bureau within 15 days of the receipt of the written decision of the municipal officers or county commissioners. The bureau shall hold a public hearing in the city, town or unincorporated place where the premises are situated. In acting on such an appeal, the bureau may consider all licensure requirements and findings referred to in subsection 2.

A. Repealed

B. If the decision appealed from is an application denial, the bureau may issue the license only if it finds by clear and convincing evidence that the decision was without justifiable cause.

4. Repealed

5. Appeal to District Court. Any person or governmental entity aggrieved by a bureau decision under this section may appeal the decision to the District Court within 30 days of receipt of the written decision of the bureau.

An applicant who files an appeal or who has an appeal pending shall pay the annual license fee the applicant would otherwise pay. Upon resolution of the appeal, if an applicant's license renewal is denied, the bureau shall refund the applicant the prorated amount of the unused license fee.

Section IV: Terms and Conditions of Licensure as an Establishment that sells liquor for on-premises consumption in Maine

- The licensee/applicant(s) agrees to be bound by and comply with the laws, rules and instructions promulgated by the Bureau.
- The licensee/applicant(s) agrees to maintain accurate records related to an on-premise license as required by the law, rules and instructions promulgated or issued by the Bureau if a license is issued as a result of this application.
    - The licensee/applicant(s) authorizes the Bureau to obtain and examine all books, records and tax returns pertaining to the business, for which this liquor license is requested, and also any books, records and returns during the year in which any liquor license is in effect.
- Any change in the licensee's/applicant's licensed premises as defined in this application must be approved by the Bureau in advance.
- All new applicants must apply to the Alcohol and Tobacco Tax and Trade Bureau (TTB) for its Retail Beverage Alcohol Dealers permit. See the TTB's website at https://www.ttb.gov/nrc/retail-beverage-alcohol-dealers for more information.

Section V: Fee Schedule

Filing fee required. In addition to the license fees listed below, a filing fee of $10.00 must be included with all applications.

Please note: For Licensees/Applicants in unorganized territories in Maine, the $10.00 filing fee must be paid directly to County Treasurer. All applications received by the Bureau from licensees/applicants in unorganized territories must submit proof of payment was made to the County Treasurer together with the application.

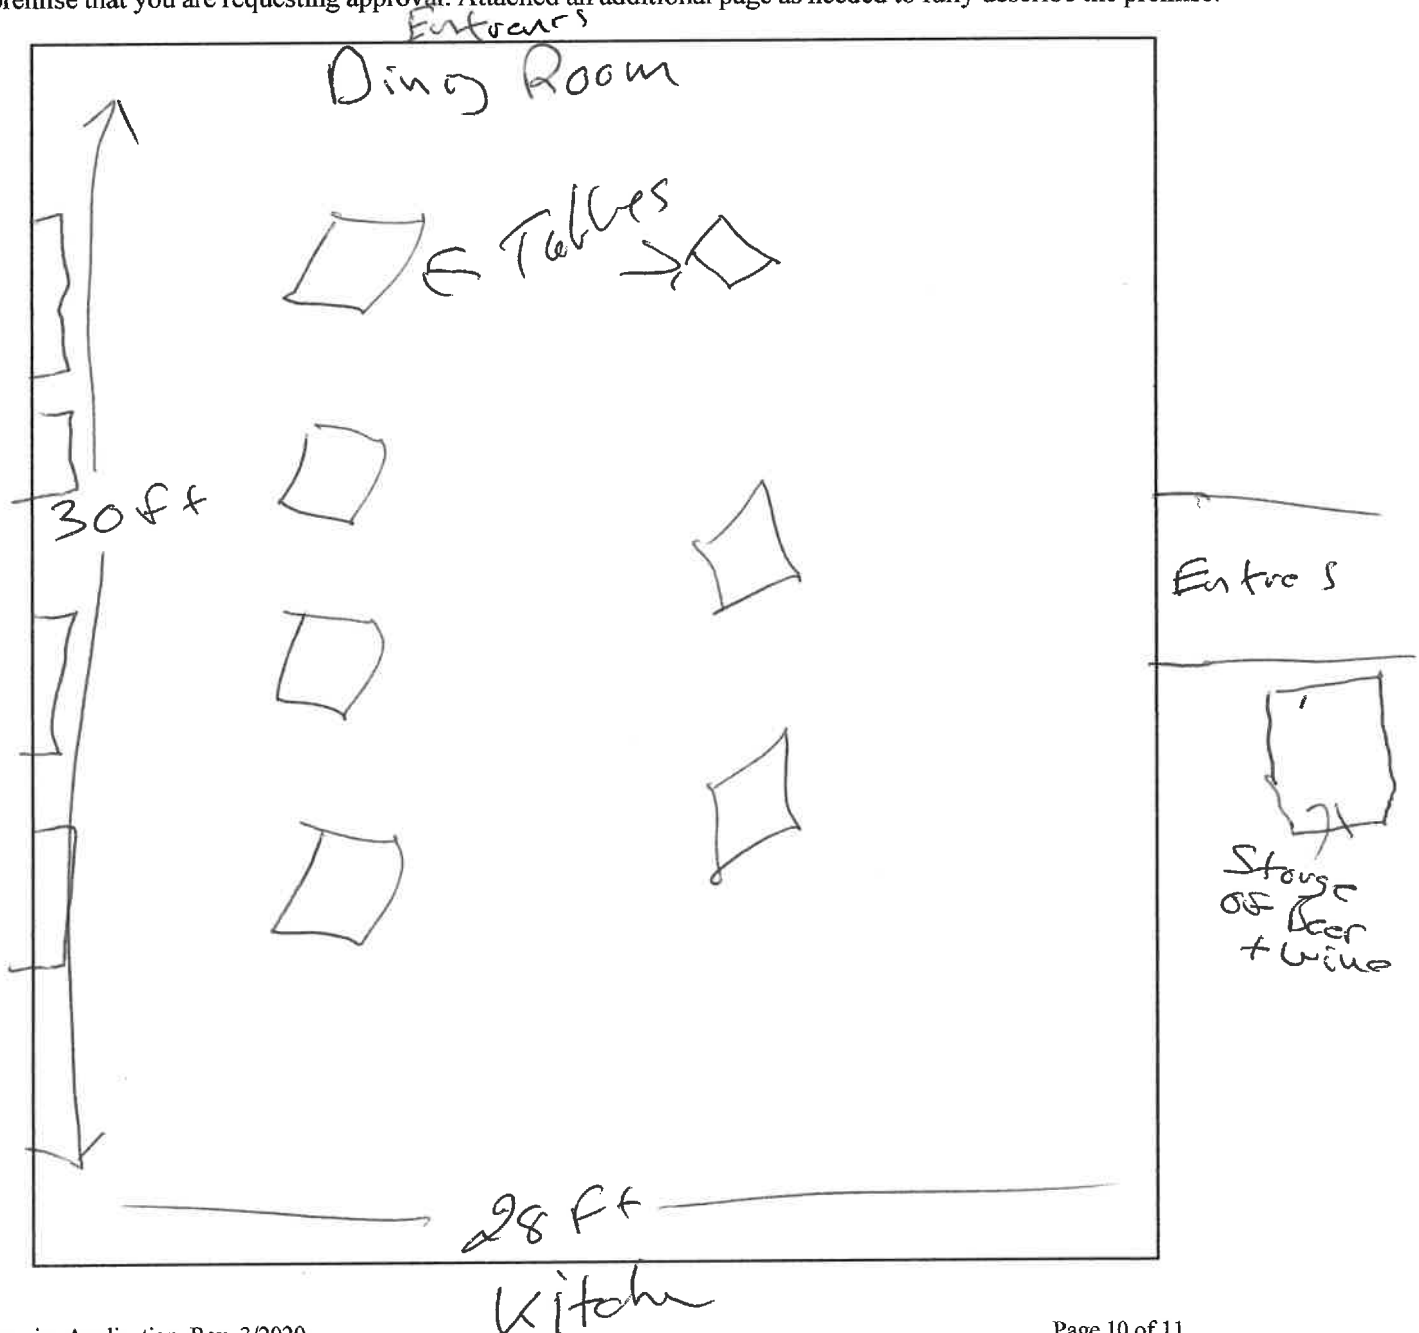
Class XI	**For the sale of liquor (malt liquor, wine and spirits)** This class includes only a Restaurant Lounge	$1,500.00

Section VI Premises Floor Plan

In an effort to clearly define your license premise and the areas that consumption and storage of liquor authorized by your license type is allowed, the Bureau requires all applications to include a diagram of the premise to be licensed.

Diagrams should be submitted on this form and should be as accurate as possible. Be sure to label the following areas: entrances, office area, coolers, storage areas, display cases, shelves, restroom, point of sale area, area for on-premise consumption, dining rooms, event/function rooms, lounges, outside area/decks or any other areas on the premise that you are requesting approval. Attached an additional page as needed to fully describe the premise.



Section VII: Required Additional Information for a Licensee/Applicant for an On-Premises Liquor License Who are Legal Business Entities

Questions 1 to 4 of this part of the application must match information in Section I of the application above and match the information on file with the Maine Secretary of State's office. If you have questions regarding your legal entity name or DBA, please call the Secretary of State's office at (207) 624-7752.

All Questions Must Be Answered Completely. Please print legibly.

1. Exact legal name: Danny D Cassa
2. Doing Business As, if any: The Cheesy Skillet
3. Date of filing with Secretary of State: _____ State in which you are formed: ME
4. If not a Maine business entity, date on which you were authorized to transact business in the State of Maine:

   _____

5. List the name and addresses for previous 5 years, birth dates, titles of officers, directors, managers, members or partners and the percentage ownership any person listed: (attached additional pages as needed)

Name	Address (5 Years)	Date of Birth	Title	Percentage of Ownership
Danny D Cassa Sr	92 Blackmore St	03/21/61	owner	100%

(Ownership in non-publicly traded companies must add up to 100%.)

Subject: ARPA (American Rescue Plan Act) - Acquisition of the Lake Auburn Community Center Property

---

Information: The City of Auburn was approached by the Lake Auburn Watershed Neighborhood Association to purchase the Lake Auburn Community Center. The purchasing of this parcel would be to ensure current and future generations have access to this public land, tree farm, trails, volleyball courts and other recreational activities. This partnership will also generate educational opportunities for youth, with specific emphasis on environmental sustainability.

The City of Auburn will partner with other organizations to ensure proper upkeep and maintenance of this 6.1.1-acre parcel. Current conservation easements will remain unchanged.

The purchase of this property is an allowable expenditure under ARPA's final rule – 2.22 - *Strong Healthy Communities: Neighborhood Features that Promote Health and Safety.*

City Budgetary Impacts: None.

Staff Recommended Action: Vote to authorize the City Manager and/or his designee to execute the final purchase and sale agreement of the Lake Auburn Community Center and land associated with it.

Previous Meetings and History:
Council Workshop – April 19, 2022, Council voted to allocate $100,000 of ARPA funds to purchase the lake Auburn Community Center (Order 55-05022022). This order new order authorizes the City Manager and/or his designee to execute the final purchase and sale agreement of the Lake Auburn Community Center and land associated with it and to approve and/or assume all leases that may be associated with said purchase.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Subject: Public Safety, Detention, and Correctional Facility Moratorium

---

Information: The Androscoggin County Commissioners have announced plans to acquire property within the City to be used as a new or additional location for offices of the Androscoggin County Sheriff's Department and as a new or additional location for the Androscoggin County Jail.

The City's current ordinances governing land use, zoning, site plan review and special exception review do not adequately or specifically address Public Safety Facilities, Detention Facilities or Correctional Facilities.

The development of new or additional Public Safety, Detention Facilities or Correctional Facilities could pose serious threats to the public health, safety and welfare of the residents and businesses abutting or in close proximity to such facilities without adequate provision for issues of public safety, health, land use compatibility, noise, visual degradation and environmental degradation.

A moratorium was adopted on March 7, 2022 on development proposals involving Public Safety Facilities, Detention Facilities, or Correctional Facilities at a site on which one currently does not exist, however staff has not been able to fully address this and is proposing the city council extends the moratorium, for another six months as allowed by State law.

City Budgetary Impacts: None

Staff Recommended Action: Extend the moratorium for another six months.

Previous Meetings and History: NA

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell J.

ORDINANCE 18-07182022

City Council Ordinance

CITY OF AUBURN

EXTENDING THE PUBLIC SAFETY, DETENTION AND CORRECTIONAL FACILITY MORATORIUM ORDINANCE

Be it Ordained, that the City Council hereby extends the six-month moratorium below that was adopted on March 7, 2022 for another six months.

THE CITY OF AUBURN adopts a Public Safety, Detention, and Correctional Facility Moratorium Ordinance as follows:

WHEREAS, the Androscoggin County Commissioners have announced plans to acquire property within the City to be used as a new or additional location for offices of the Androscoggin County Sheriff's Department and as a new or additional location for the Androscoggin County Jail;

WHEREAS, the current offices of the Androscoggin County Sheriff and the current Androscoggin County Jail are used for law enforcement, communications, emergency management, special operations, investigations, civil service, detention, including the holding and housing of persons in custody under process of law pending the outcome of legal proceedings, and corrections, including the holding and housing of persons for the purposes of punishment, correction, or rehabilitation following conviction of a criminal offense;

WHEREAS, the City's current ordinances governing land use, zoning, site plan review and special exception review do not adequately or specifically address Public Safety Facilities, Detention Facilities or Correctional Facilities;

WHEREAS, development of new or additional Public Safety Facilities, Detention Facilities or Correctional Facilities could pose serious threats to the public health, safety and welfare of the residents and businesses abutting or in close proximity to such facilities without adequate provision for issues of public safety, health, land use compatibility, noise, visual degradation and environmental degradation;

WHEREAS, the City is in the process of reviewing its Code of Ordinances, and needs additional time to study its Code of Ordinances to determine the implications of development proposals involving Public Safety Facilities, Detention Facilities and Correctional Facilities;

WHEREAS, the City Council and the Planning Board, with such professional advice and assistance as they deem necessary and appropriate, shall study the City's ordinances to determine the public safety, health, land use, environmental and other regulatory implications of development proposals involving Public Safety Facilities, Detention Facilities and Correctional Facilities and consider what regulations might be appropriate for such activity;

City Council Ordinance

WHEREAS, the City's current ordinances are not adequate to prevent serious public harm from proposed development proposals involving Public Safely Facilities, Detention Facilities and Correctional Facilities;

WHEREAS, the City's current ordinances do not contain sufficient standards to effectively provide municipal review and approval of development proposals involving Public Safety Facilities, Detention Facilities and Correctional Facilities;

WHEREAS, it is anticipated that such a study, review, and development of recommended ordinance changes will take at least one hundred and eighty (180) days from the date the City considers this moratorium on development proposals involving Public Safety Facilities, Detention Facilities, and Correctional Facilities;

WHEREAS, amendments to ordinances may require public hearings by the Planning Board and City Council and votes by the Planning Board and City Council; and

WHEREAS, in the judgment of the City, these facts create an emergency within the meaning of 30-A M.R.S.A. § 4356(1), and require this Ordinance as immediately necessary for the preservation of the public health, safety and welfare;

NOW, THEREFORE, the City does hereby ordain that the following Moratorium Ordinance be, and hereby is, enacted:

Section 1. Moratorium Declared.

The City does hereby declare a moratorium on development proposals involving Public Safety Facilities, Detention Facilities, or Correctional Facilities at a site on which one currently does not exist. The moratorium shall remain in effect for one hundred and eighty (180) days from the date of applicability of this Ordinance, unless extended or modified by the City Council, for the express purpose of drafting an amendment or amendments to City ordinances to protect the public from health and safety risks including, but not limited to, the potential adverse public safety, health. land use compatibility, noise, environmental degradation and visual degradation effects of development proposals involving a Public Safety Facility, Detention Facility or Correctional Facility if not properly regulated; and

BE IT FURTHER ORDAINED, that notwithstanding the provisions of 1 M.R.S.A. § 302 or any other law to the contrary, this Ordinance, when enacted, shall apply to any development proposals involving a Public Safety Facility, Detention Facility, or Correctional Facility for which an application for site plan review has not been determined to be complete by vote of the Planning Board prior to February 22, 2022, which is the applicability date of this Ordinance; and

BE IT FURTHER ORDAINED, that no person or organization shall start or engage in the

City Council Ordinance

construction or operation of a Public Safety Facility, Detention Facility, or Correctional Facility for which an application for site plan review has not been determined to be complete by vote of the Planning Board prior to February 22, 2022, without complying with whatever ordinance amendment or amendments the City may enact as a result of this moratorium; and

BE IT FURTHER ORDAINED, that during the time this moratorium is in effect, no officer, official, employee, office, administrative board or agency of the City shall accept, process, approve, deny, or in any other way act upon any application for a license, building permit, certificate of approved use, conditional use review, special exception review and/or any other permits, licenses or approvals related to a Public Safety Facility, Detention Facility, or Correctional Facility for which an application for site plan review has not been determined to be complete by vote of the Planning Board prior to February 22, 2022; and

BE IT FURTHER ORDAINED, that those provisions of the City's ordinances that are inconsistent or conflicting with the provisions of this Ordinance, are hereby repealed to the extent that they are applicable for the duration of the moratorium hereby ordained, and as it may be extended as permitted by law, but not otherwise; and

BE IT FURTHER ORDAINED, that should any section or provision of this Ordinance be declared by any court of competent jurisdiction to be invalid, such a declaration shall not invalidate any other section or provision.

Section 2. Violations; Civil Penalties.

If the construction or operation of a Public Safety Facility, Detention Facility, or Correctional Facility is initiated in violation of this Ordinance, each day of any continuing violation shall constitute a separate violation of this Ordinance, and the City shall be entitled to all rights available to it in law and equity, including, but not limited to, fines and penalties in accordance with 30-A M.R.S.A. § 4452 or City ordinance, injunctive relief, and its reasonable attorney's fees and costs in prosecuting any such violations.

Section 3. Definitions.

Correctional Facility means a facility in which persons are held and housed primarily for the purposes of punishment, correction, or rehabilitation following conviction of a criminal offense. This definition includes pre-release facilities, but does not include work release centers.

City means the City of Auburn, Maine, a municipal corporation organized and existing under the laws of the State of Maine.

Detention Facility means a facility in which persons are held and housed in custody under

City Council Ordinance

process of law, pending the outcome of legal proceedings, but not for the purposes of punishment, correction, or rehabilitation following conviction of a criminal offense.

Public Safety Facility means a facility in which the operations of law enforcement, communications, fire services, emergency management, special operations, investigations, or civil services are housed for emergency and public safety responses.

Section 4. Effective Date; Emergency Declaration

The City Council declares the existence of an emergency because the Code of Ordinances is insufficient to prevent serious public harm that could be caused by the unregulated development of Public Safety Facilities, Detention Facilities, and Correctional Facilities, thereby necessitating a moratorium to provide an opportunity for the City to review the potential impacts and harm that may be caused by such development, and to amend its Code of Ordinances to mitigate the potential impact and harm on the City, its businesses and its residents. This Ordinance shall be effective immediately upon enactment by the City Council and shall remain in effect for one hundred and eighty (180) days from the date of enactment unless it is adopted as a regular ordinance within that time period.

Adopted on March 7, 2022

Extended by 6 months on: Date

City of Auburn
City Council Information Sheet

Council Public Hearing: July 18th, 2022 **Ordinance:** 19-07182022

Author: John A. Blais, Deputy Director of Planning and Permitting

Subject: First Reading: Creation of a New DISTRICT REGULATION in Division 14, FORM BASED CODE; Article IV, Division 14, Sec. 60-549B-60-549.3B Traditional Downtown Neighborhood T- 4.2B

I. **Information**: The comprehensive plan update adopted on December 6, 2021, identified zoning map and text amendments needed to implement the goals of the plan updates. The area under discussion was recommended by Planning Board on June 21 and amended by City Council on June 27, 2022: *Residential uses should be allowed at a density driven by the form, lot size and configuration of the lot with no minimum road frontage required, shared driveways are encouraged. The areas within the Traditional Neighborhood designation are served by public/community sewer and water. No front yard needs to be any deeper than the average depth off front yards on the lots next thereto on either side. Side and rear setbacks should be 5-10 feet or 25% of the average depth of the lot to establish dimensional standards that relate to the size and width of the lot with up to 70% lot coverage. Minimum building height 1 story with maximum of 3 stories (excluding an attic story).*

II.

1.) All Bed and Breakfast establishments allowed with special exception approval from the Planning Board.
2.) Residential Facilities allowed with special exception approval from the Planning Board.
3.) Lodging allowed with special exception approval from the Planning Board.
4.) Personal Services allowed with special exception approval from the Planning Board.
5.) Age restricted retail not allowed.
6.) Restaurants with over 30 seats not allowed.
7.) Government offices allowed with special exception approval from the Planning Board.
8.) Parking requirements (public or private) may be provided within 500 feet of the establishment for all FBC.
9.) Office, Service and Retail Use limited to 1,500 SF footprint and must include a residential unit, no drive through businesses allowed.
10.) Multifamily allowed with special exception approval from Planning Board.
11.) Artist studios and performing arts centers allowed with special exception
12.) No front yard needs to be any less than the average depth off front yards on the lots next thereto on either side.

The Planning Board and Council considered an adoption of a new Form Based Code T-4.2B. Staff recommends creating this new zoning district that better fits the area and incorporates a text component of new zone T-4.2B as recommended by the Council and Planning Board. Council amended Planning Board's recommendation to change the front setback requirements from a minimum of 5 to a maximum of

15 to a 5-foot minimum to a maximum of 25 foot or 25% of the lot whichever is more. Council instead decided to adopt similar front setback requirements to the General Business (GB) zoning district (#12 above). A draft of the codification based on Planning Board and Council input and the findings of staff report to Planning Board are attached.

Staff Recommended Action: Staff suggests Council hold first reading and public hearing on New DISTRICT REGULATION in Division 14, FORM BASED CODE; Article IV, Division 14, Sec. 60-549B-60-549.3B Traditional Downtown Neighborhood T- 4.2B as recommended by Planning Board on June 21 and amended by Council on June 27, 2022.

Previous Meetings and History: January 3rd Council Discussion Initiation, March 21,2022 Council First Reading and February 8th and March 8, 2022, Planning Board, June 21st Planning Board Meeting, June 27th City Council Meeting

DRAFT FOR REVIEW AND FINALIZTION AT THE 6/28/22 PLANNING BOARD MEETING

To: Auburn City Council

From: Auburn Planning Board

RE: Planning Board Report to City Council on Zoning Text and Map Amendments (T-4.2B Text and Court Street/City Core; 1,687.41 acres of Traditional Neighborhood Development District Areas Map amendment

Date: June 28, 2022

This report is the report from the Planning Board regarding the above-described map and text amendments pursuant to Section 60-1496 of the City of Auburn Ordinances. After notice and Public Hearings held on June 21, 2022, the Planning Board forwards this report to the City Council. The Board Recommends as follows:

1. PROPOSAL: **PUBLIC HEARING: Zoning Amendments**: Court Street/City Core; 1,687.41 acres of Traditional Neighborhood Development District Areas (T-4.2). Proposed text amendments to the Court Street/City Core of Urban Residential Area; 1,687.41 acres of Formed Base Code T-4.2 to T-4.2B (Exhibit A)

Motion: Brian DuBois; Second: Stacey LeBlanc

"I make a motion to recommend to City Council a text amendment suggested by Council with creation of a new form-based code zone T-4.2B with items listed under section 2 of your summary with a couple of revisions. One is under #9 to remove the words upper floor and say must include residential unit, and add number 12: that artists' studios and performing arts centers be considered a Special Exception"

Motion: Evan Cyr; Second: Riley Bergeron

"I make a motion to amend the front setbacks to include that we change the setbacks from a minimum of 5 to a maximum of 15 to a 5-foot minimum to a maximum of 25 foot or 25% of the lot whichever is more."

Motion to amend passes 7-0

The main motion is now amended to include the amended setbacks

---

Motion: Evan; Second: Mathieu Duvall

I am going to make a motion to amend to remove note number five (5) on page 19 of 22 which read that density of 14 dwelling units per acre unless special exception subject to planning Board approval."

Motion to amend passes 6-1

Motion to recommend new zone, T-4.2B with amendments passes 7-0

2. PROPOSAL: **PUBLIC HEARING: Zoning Map Amendments**: Court Street/City Core; 1,687.41 acres of Traditional Neighborhood Development District Areas (T-4.2). Proposed map amendment to the Court Street/City Core of Urban Residential Area; 1,687.41 acres of Formed Base Code T-4.2 to T-4.2B (Exhibit A)

Motion: Mathieu Duvall; Second Riley Bergeron

I'd like to make a motion to postpone this item until the first regular meeting of the Planning Board after the City Council finishes its deliberation and makes its decision on adoption of T-4.2B

Motion does not pass 0-7

Motion: Evan Cyr; Second Mathieu Duvall.

I make a motion to recommend the City to not (make a map) amend(ment) (regarding changing) T-4.2 to T-4.2 B for the Court Street area with a total area having been suggested for amendment of 1687.41 acres shown on the map exhibit A, due to process concerns specific to not knowing what the final language of T-4.2B will be from City Council that the Board would be adopting.

Motion passes as amended 7-0

DRAFT FOR CLARIFICATION BY THE BOARD: The Board intends to resume this discussion with an additional notice and public hearing after the T-4.2B Text has been finalized by the City Council.

OR

The Board requests direction from Council after receiving this report for how to proceed with future consideration.

Motion to continue the meeting to take on Item 5-8,

Motion does not pass. 5-2 (Need 100% concurrence found in Planning Board Policy- Article VI D: **No New Business.**

City of Auburn, Maine
Office of Planning and Permitting
60 Court Street | Auburn, Maine 04210
www.auburnmaine.gov | 207.333.6601

To: Auburn Planning Board from City Council
From: John Blais, Deputy Director of Planning & Permitting
Re: City Council update to T-4.2B
Date: June 28, 2022

The Council acknowledged that the PB did what they asked and they appreciate the recommendation. Council also discussed a couple of considerations or tweaks to the language that they will consider on July 18th.

1. Apply marijuana buffer map over zoning to see if there is any concern with areas available for MJ business being mixed in with another retail store at less than 50% floor area to avoid being an age restricted business under the existing definition. Special exception for any retail business could address the concern if PB reviews them, which is required, but they want the information to consider.

2. Setback Maximum. 25% may create anomalies. Consider GB language that averages adjacent setbacks for conformity with existing patterns: *No front yard needs to be any deeper than the average depth off front yards on the lots next thereto on either side. A vacant lot or a lot occupied by a building with a front yard more than 25 feet shall be considered as having a front yard of 25 feet*.

3. Give map examples of lots over 100 feet deep. Generally, characterize where this is common or unusual.

Action by Planning Board: None required

ORDINANCE 19-07182022

City Council Ordinance

IN CITY COUNCIL

Creation of a New DISTRICT REGULATION in Division 14, FORM BASED CODE; Article IV, Division 14, Sec. 60-549B-60-549.3B Traditional Downtown Neighborhood T- 4.2B

Be it ordained, that the City Council approve the creation of a New DISTRICT REGULATION in Division 14, FORM BASED CODE; Article IV, Division 14, Sec. 60-549B-60-549.3B Traditional Downtown Neighborhood T- 4.2B as recommended by the Planning Board on June 21, 2022 and amended as attached.

Richard Whiting, Ward One
Joseph Morin, Ward Four
Belinda A. Gerry, At Large
Ryan Hawes, Ward Two
Leroy G. Walker, Ward Five
Jason J. Levesque, Mayor
Stephen G. Milks, Ward Three
Dana Staples, At Large
Phillip L. Crowell, Jr., City Manager

DIVISION 14. FORM BASED CODE[1]

Subdivision I. In General

Sec. 60-546. Purpose.

The purpose of the form based code is to:

(a) Provide a building development pattern that is based upon the built environment's physical form and its relationship to the public realm and the private realm.

(b) Allow for a diversity of uses appropriate and compatible to the designated district area.

(c) Provide a more accelerated building design, review, approval and construction process.

(d) Deliver a more predictable building development outcome that is consistent with the traditional pedestrian-oriented street-building development pattern.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-547. Transects.

Form based code uses transects as a way to describe the areas under the regulating plan. A transect is a system of ordering human habitats in a range from the most natural to the most urban. Auburn's transects are organized using five form based code districts, (Transect 4.1, Transect 4.2B, Transect 4.2, Transect 5.1, Transect 5.2 and Transect 6), which describe the physical character of a place at a certain scale, according to the density and intensity of land use and urbanism.

(Ord. No. 04-03072016, 5-16-2016)

[1]Editor's note(s)—Ord. No. 04-03072016, adopted May 16, 2016, repealed former Div. 14, §§ 60-546—60-549, in its entirety and enacted new provisions as herein set out. Former Div. 14 pertained to the central business district and derived from Ord. of 9-21-2009, §§ 3.69A—3.69D; Ord. of 2-16-2010.

Sec. 60-548. Traditional Main Street Neighborhood (T-4.1)

Illustrative View of T-4.1 (Main Street)

Intent and Purpose:
Traditional Main Street Neighborhood (T-4.1)

The Main Street Neighborhood district is designed to continue the existing pattern of large houses set along Main Street. This area is characterized by front porches, residential front yards and front doors facing the street. T-4.1 promotes a lower-density and less concentrated pattern of buildings along the street, while maintaining a pleasing, connective and compact multi-modal environment.

Characteristic Features

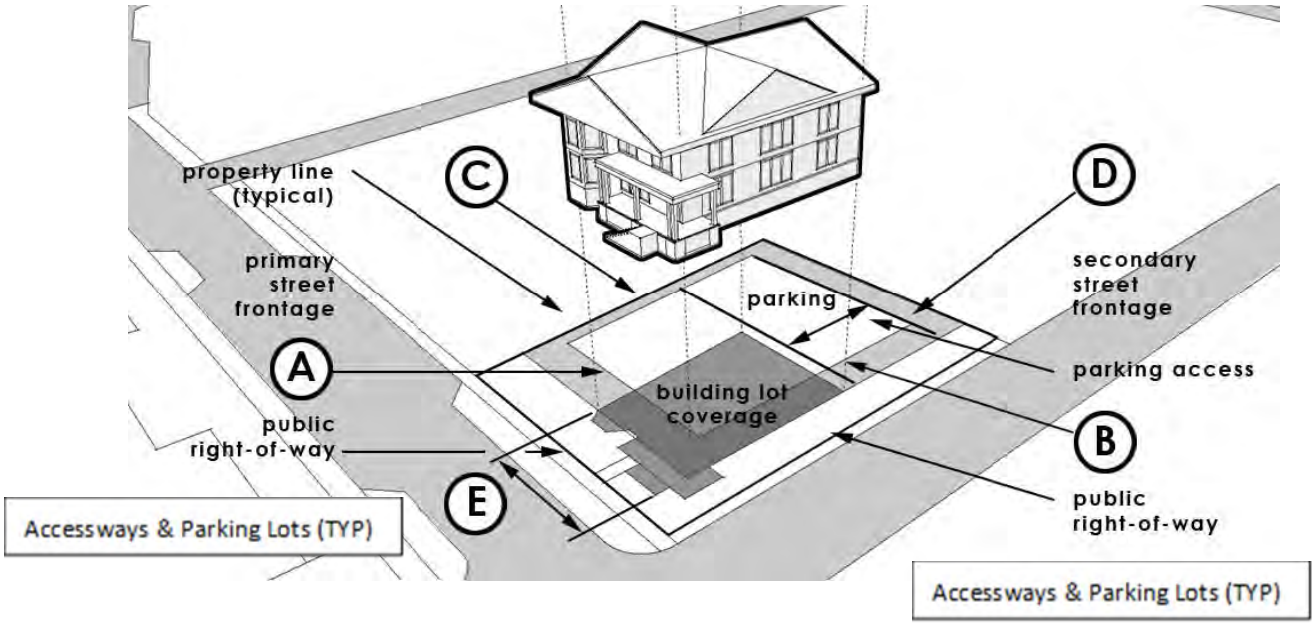
- Front lawns
- Front facade detailing
- Frontage fences
- Porches
- Bay windows
- Foundation planting and yard landscaping
- Street Trees
- Lower Density

Examples of Main Street Neighborhood - T-4.1

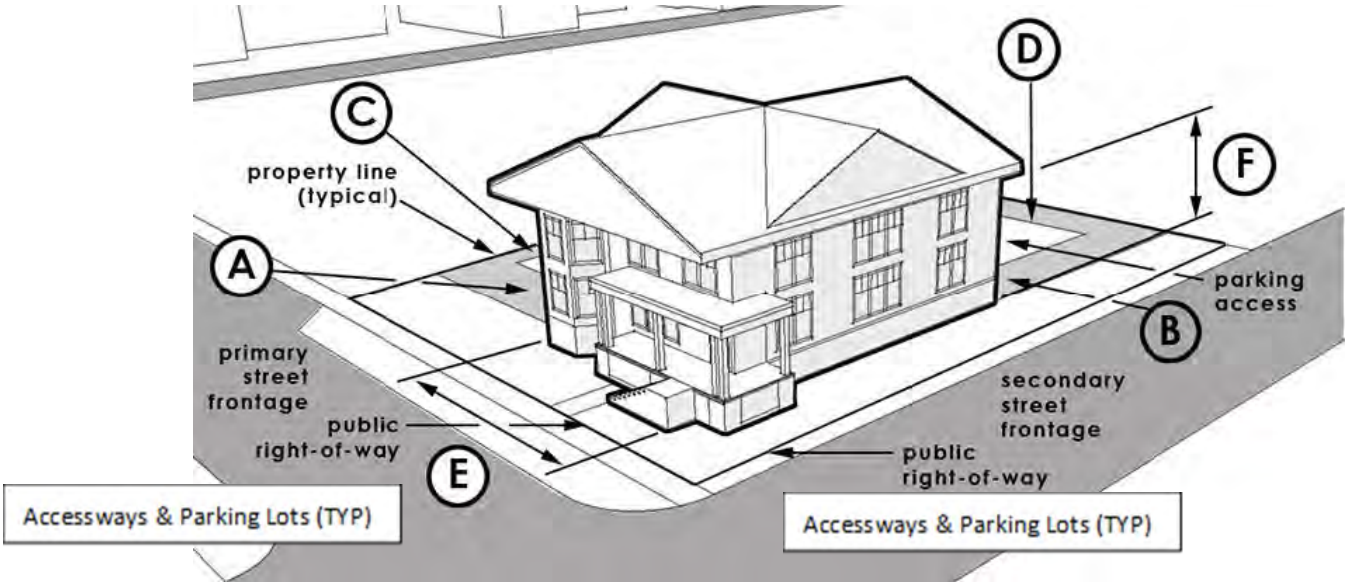
(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-548.1. Building placement and configuration T-4.1.

Elevated Building Placement



Building Placement on Lot



PRINCIPAL BUILDING PLACEMENT:		
Front Setback, Principal:	15 ft. Min. 25 ft. Max.	(A)
(Corner Lot) Front Setback, Secondary:	15 ft. Min., 25 ft. Max	(B)

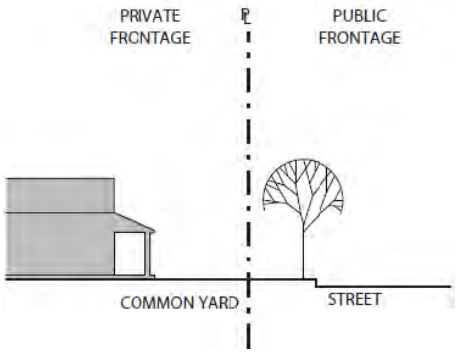
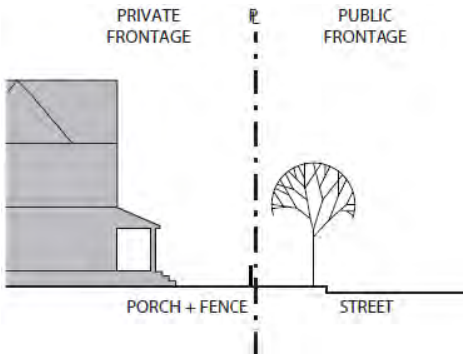
Rear Setback:	10 ft. Min.	(D)
Building Lot Coverage:	60% Max.	
Useable Open Space:	20% Min.	
Frontage Build-Out:	40% Min. (along Front Setback, Primary)	
Lot Width:	24 ft. Min, 120 ft. Max	
PRINCIPAL BUILDING CONFIGURATION:		
Building Width:	14 ft. Min., 64 ft. Max.	(E)
Building Height Minimum:	2 Story Min.	(F)
Building Height Maximum:	2 Story Max. (excluding attic story)	(F)

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-548.2. Building frontages types T-4.1.



Common Yard



Porch Yard

BUILDING FRONTAGE TYPES:	Common Yard; Porch Yard

BUILDING ENTRIES:	Primary entry door is encouraged along ground story facade facing a primary street.
BUILDING ENVELOPE ARTICULATION:	
Ground Story Building Frontage Facade:	Windows and doors shall comprise a minimum of 25% and maximum 60% coverage of the total ground story facade frontage.
Upper Story Building Frontage Facades:	Windows and doors shall comprise a minimum of 20% and maximum 40% coverage of the total upper story facade frontage.
Ground Story Finished Floor Elevation:	The ground story shall be a minimum of 2 feet and 6 feet maximum above the front yard elevation (average grade).
Frontage Facade Wall:	Blank lengths of wall exceeding 10 linear feet are prohibited.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-548.3. External elements T-4.1.

Front Yard Fence:	A front yard fence a minimum of 2 feet and a maximum of 4 feet in height is encouraged to maintain spatial edge of street. Chain link, vinyl, split rail, or barbed wire is not allowed.
Front Yard Fence/Wall Opening:	A vehicle entry way, as part of a front fence/wall, shall be a maximum width of 20 feet; a pedestrian entry way shall be a maximum width of 6 feet.
Building Projections:	No part of any building, except overhanging eaves, awnings, balconies, bay windows, stoops and other architectural features shall encroach beyond the minimum or maximum front setback line.
Porch & Stoop Encroachments:	Porches & Stoops may encroach upon the minimum front setback line by the following distances: Front Setback, Principal Frontage 10 ft. maximum. Front Setback, Secondary Frontage 10 ft. maximum.
Garages:	Detached garages shall be located a minimum of 20 feet from any street right-of-way.
Driveways:	Driveways are encouraged to be on the secondary street frontage. Driveways shall be paved and a minimum of 8 feet wide and a maximum of 20 feet wide.
Parking:	Residential - Vehicle parking areas shall be located only on driveways or designated parking areas and shall not extend into the street right-of-way or sidewalk. Commercial - Parking shall be located to rear of the property to the greatest extent possible. Parking on a side yard is limited to no more than 60 feet wide or

	40% of the lot width. Screening and/or street wall is required for parking areas along a street.
Accessory Structures:	Accessory structures shall be located a minimum of 20 feet from any street right-of-way and 5 feet from either side or rear property line.
Landscaping:	Landscaping is encouraged but shall not extend into any sidewalk or travel way. Street trees are encouraged.
Foundation Planting:	Foundation plantings are encouraged but should be pruned and maintained with enough clearance from the building facade to encourage air circulation.

(Ord. No. 04-03072016, 5-16-2016; Ord. No. 11-03012021, § 65, 3-15-2021)

Sec. 60.549B. Traditional Neighborhood T-4.2B.

Illustrative View of T-4.2B

(Insert Image)

Intent and Purpose:
Traditional Neighborhood (T-4.2B)

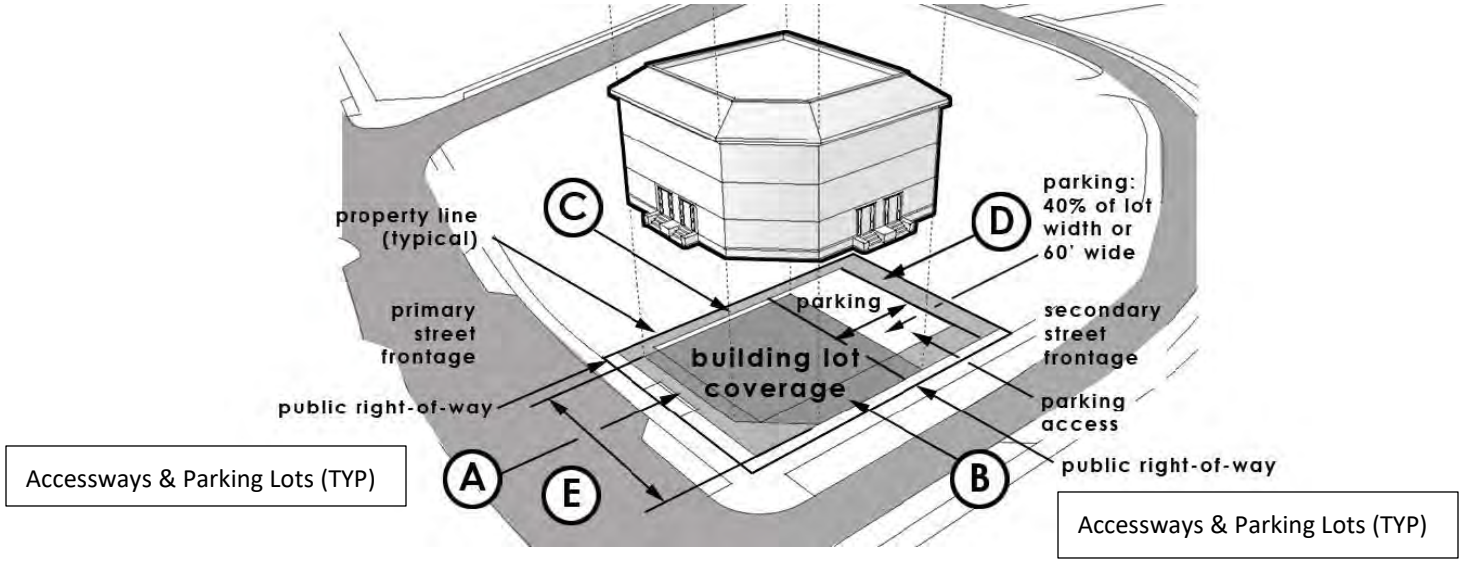
The Traditional Downtown Neighborhood district is characterized by a small to medium sized buildings with smaller front yards and stoops in a more compact urban environment, and includes and traditional neighborhood sized storefronts. The smaller minimum and maximum building set-backs form a moderately dense street-wall pattern, diverse architectural styles and pedestrian friendly streets and sidewalks.

Characteristic Features

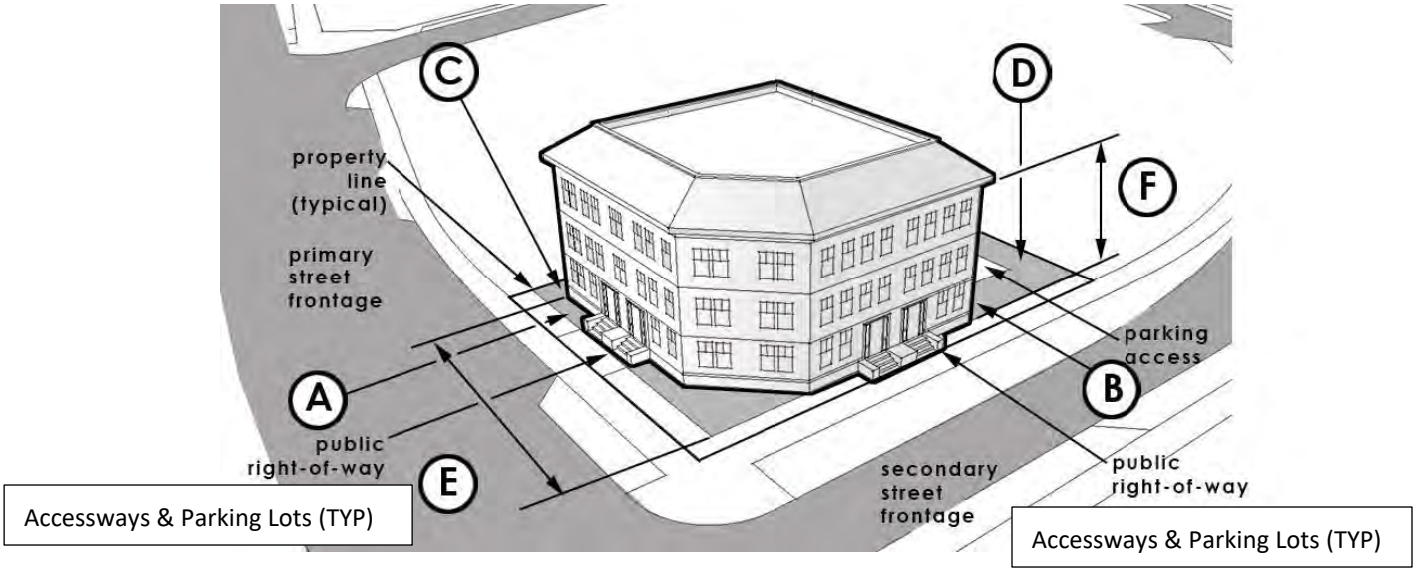
- More public and private realm interaction
- Front facade detailing
- Small front yards
- Bay windows
- Neighborhood scaled storefronts with large windows
- Frontage Fences
- Street Trees
- Moderate densities

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-549.1B. Building placement and configuration T-4.2B.



Elevated Building Placement



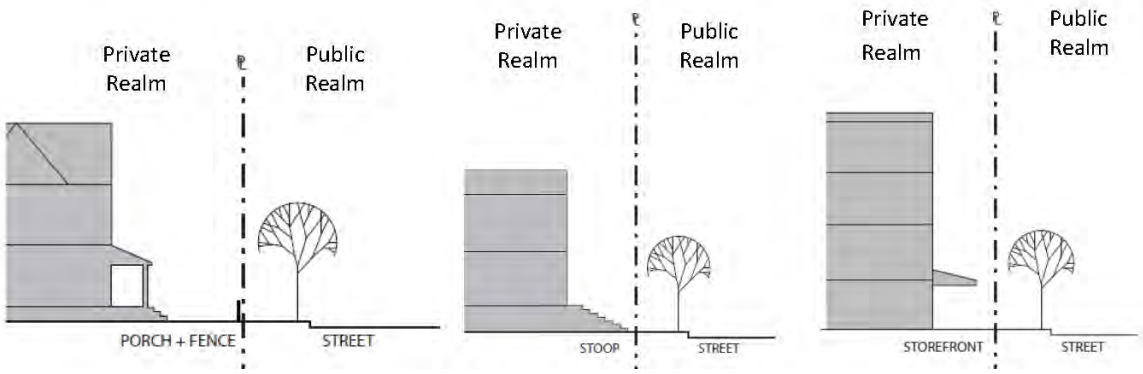
Building Placement on Lot

PRINCIPAL BUILDING PLACEMENT:		
Front Setback, Principal:	5 ft. Min., ~~15 ft.~~ 25 ft. Max*	(A)
(Corner Lot) Front Setback, Secondary:	5 ft. Min., ~~15 ft.~~ 25 ft. Max. *	(B)
Side Setback:	5 ft. Min.	(C)
Rear Setback:	10 ft. Min.	(D)
Building Lot Coverage:	70% Max.	
Useable Open Space:	10% Min.	
Frontage Build-Out:	60% Min (along Front Setback, Primary)	
Lot Width:	24 ft. Min, 120 ft. Max.	
PRINCIPAL BUILDING CONFIGURATION:		
Building Width:	14 ft. Min., 110 ft. Max.	(E)
Building Height Minimum:	1 Story Min.	(F)
Building Height Maximum:	3 Story Max.	(F) (excluding attic story

* No front yard needs to be any less than the average depth off front yards on the lots next thereto on either side.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60.549.2B. Building frontages T-4.2B.



Common or Porch Yard Stoop Yard Frontage Storefront Type

BUILDING FRONTAGE TYPES:	Common Yard; Porch Yard, Stoop and Storefront
BUILDING ENTRIES:	Primary entry door is encouraged along ground story facade facing a primary street.
BUILDING ENVELOPE ARTICULATION:	
Ground Story Building Frontage Facade:	Residential - Windows and doors shall comprise a minimum of 25% and maximum 60% coverage of the total ground story frontage facade. Commercial - Windows and doors shall comprise a minimum of 40% and maximum of 90% coverage of the total ground story frontage facade.

Upper Story Building Frontage Facade:	Windows and doors shall comprise a minimum of 20% and maximum 40% coverage of the total upper story building frontage facade.
Ground Story Finished Floor Elevation:	Residential - The ground story elevation must be a minimum of 2 feet minimum and 6 feet maximum above the front yard elevation (average grade). Commercial - The ground story elevation must be at a minimum of sidewalk grade to maximum of 2 feet.
Frontage Facade Wall:	Blank lengths of wall exceeding 10 linear feet are prohibited.

(Ord. No. 04-03072016, 5-16-2016; Ord. No. 11-03012021, § 66, 3-15-2021)

Sec. 60-549.3B. External elements T-4.2B.

Front Yard Fence:	Residential - A front yard fence a minimum of 2 feet and a maximum of 4 feet in height is encouraged to maintain spatial edge of street. No chain link, vinyl, split rail, or barbed wire is allowed
Front Yard Fence/Wall Opening:	A vehicle entry way, as part of a front fence/wall, shall be a maximum width of 20 feet; a pedestrian entry way shall be a maximum width of 6 feet.
Building Projections:	No part of any building, except overhanging eaves, awnings, balconies, bay windows, stoops and other architectural features shall encroach beyond the minimum front setback line.
Porch & Stoop Encroachments:	Porches & Stoops may encroach upon the minimum front setback line by the following distances: Front Setback, Principal Frontage 5 ft. maximum. Front Setback, Secondary Frontage 5 ft. maximum.
Garages:	Detached garages shall be located a minimum of 20 feet from any street right-of-way.
Driveways:	Driveways are encouraged to be on the secondary street frontage. Driveways shall be paved and a minimum of 8 feet wide and a maximum of 20 feet wide.
Parking:	Residential - Vehicle parking areas shall be located only on driveways or designated parking areas and shall not extend into the street right-of-way or sidewalk. Commercial - Parking shall be located to rear of the property to the greatest extent possible. Parking on a side yard is limited to no more than 60 feet wide or 40% of the lot width. Screening and/or street wall is required for parking areas along a street.
Accessory Structures:	Accessory structures shall be located a minimum of 20 feet from any street right-of-way and 5 feet from either side or rear property line.
Landscaping:	Landscaping is encouraged but shall not extend into any street right-of-way or sidewalk. Street trees are encouraged.
Foundation Planting:	Foundation plantings are encouraged but should be pruned and maintained with enough clearance from the building facade to encourage air circulation.

Sec. 60-553. Intent.

The conservation/open space district is reserved for natural resource and compatible open space uses such as agriculture and forestry, low-intensity recreation, facilities that provide water access and similar low impact uses. Uses that involve significant development or impervious surfaces should not be allowed in this district. Uses such as utility lines and roads may be located within the district if there is no practical alternative.

Subdivision II. Form Based Code Administration

Sec. 60-555. Form based code administration.

Form based code relation to zoning ordinance:

(1) The form based code shall regulate areas designated as form based code districts.

(2) All buildings and land uses located within a form based code district shall comply with section 60-33 et seq. (General Provisions) unless specifically stated otherwise in sections 60-546 to 60-558 of the form based code.

(3) Site plan/special exception. Any project located within a form based code district that requires special exception or site plan review shall comply with section 60-45.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-556. Form based code plan types.

(a) *Administrative types.*

(1) *By right.* No permits are required for projects such as normal maintenance or for new structures under 200 square feet.

(2) *Minor administrative.* Projects that require permits and comply with all form based code or zoning regulations, may be approved and permitted by the appropriate city departmental staff and will not require multiple departmental or planning board approval. These projects can be applied for at any time.

(3) *Major administrative.* Projects that do not qualify as a Subdivision. Special exception or site plan review type plans and comply with all form based code or zoning regulations, but due to multiple issues, will require review by the multiple city departmental staff.

(b) *Discretionary type plans.* The following plan types shall require review and action by the planning board.

(1) Subdivisions of three or more lots over a five-year period or a project creating more than three dwelling units. (Subdivision Review).

(2) Any project listed as special exception or "S" in section 60-554, Use and Parking Matrix Chart. (Special Exception and Site Plan Review).

(3) Any project within the form based code district proposing a total of 12,000 square feet of new construction, all floors included. (Special Exception and Site Plan Review).

(4) Any amendment to an existing discretionary plan that increases existing square footage more than 25 percent.

(5) Any project located within the form based code district area that seeks a waiver from the adopted form based code regulating development standards shall submit a complete Special Exception and Site Plan Review application for Planning Board review and action.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-557. Applicability.

(a) Any minor, major administrative type plan and/or discretionary plan, as defined in section 60-556, located within a form based code district, shall be required to submit a development review application prior to any issuance of building permits or development activity.

(b) Any development activity on or within property located with the form based code district shall be reviewed for compliance with applicable form based code or zoning ordinance regulations.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-558. Form based code development application procedure.

(a) *Administrative type plan application process.*

(1) Applicant identifies the subject property's zoning/transect district and determines what plan type the project is.

(2) Applicant reviews the project's compliance for form based code development standards, sections 60-548 through 60-552; including all sections on purpose, building placement and configuration, building frontages, external elements, lot layout, the Parking and Use Matrix Chart and administration; along with any other applicable zoning ordinance Regulations.

(3) Pre-development consultation. All administrative type plan applicants are encouraged to contact the Auburn Planning Office for a pre-development consultation to confirm the property's form based code or zoning district and discuss the form based code requirements and related zoning and/or other regulatory items. Failure to consult with the planning office may result in the delay of acceptance, review and approval of the application.

(4) Any minor or major administrative plan or discretionary plan applicant in a form based code district shall complete and submit a cover letter describing the project, a development review application, a form based code development checklist and the appropriate application fee and number of applications to the planning office.

(5) All form based code applications will be reviewed by the planning staff for completeness and applicant will be notified within five working days if the plan is deemed complete and whether the plan is administrative or discretionary. The applicant is responsible for working with the planning staff to correct any deficiencies needed to be accepted for further review.

(6) Type 2 and 3 administrative plans will be reviewed by the appropriate city departmental staff or other relevant agencies who will recommend approving, disapproving or postponing to allow for time to correct the application. The director of planning will notify the applicant of the decision in writing within 15 calendar days of its receipt of a completed application.

(7) The director of planning shall have the authority to require an administrative plan to be considered by the planning board and notify the applicant the justifications for doing so.

(b) *Discretionary project application process.*

(1) Applicant identifies subject property's zoning/transect and determines what plan type the project is.

(2) Applicant reviews the project's compliance for the applicable form based code development standards sections 60-548 through 60-552; including all sections on purpose, building placement and configuration, building frontages, external elements, lot layout, the Parking and Use Matrix Chart and administration; along with any other applicable zoning ordinance regulations.

(3) Pre-development consultation. All potential development and project applicants are encouraged to contact the Auburn Planning Office for a pre-development consultation to confirm the form based code or zoning regulations and discuss the form based code requirements and related zoning and/or other regulatory items. Failure to consult with the planning office may result in the delay of acceptance, review and approval of the application.

(4) Discretionary plan applicants will submit; a development review application, a form based code development checklist the appropriate application fee and number of applications to the planning office for review and consideration by the planning board according to their normal submission deadline and meeting schedule.

(5) Applications not meeting all the requirements of the form based code may include waiver as per section 60-1312 or variance requests as part of their application.

(c) *Waiver requests.*

(1) Any waiver request of form based code standards and requirements must identify what is regulation is being requested for the waiver and include a narrative explaining how the waiver, if approved, will allow the project to meet the purpose of the form based code and the objective of section 60-1277, site plan review.

(d) *Planning board approval.*

(1) The planning board shall approve, approve with conditions, disapprove or postpone based on its review of the application meeting all existing requirements, conditions, criteria and provisions of special exception, site plan review. Subdivision law and any other relevant procedural requirement of Chapter 60, Zoning, as part of its consideration of a form based code application.

(2) The planning board shall provide findings for approval or disapproval based on the application's meeting the purpose of the form based code.

(Ord. No. 04-03072016, 5-16-2016; Ord. No. 11-03012021, § 41, 3-15-2021)

a. Mayor's Report
b. City Councilors' Reports
c. City Manager Report

IX. Executive Sessions - None

X. Adjournment

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: August 1, 2022

Subject: Executive Session

Information: Legal consultation, pursuant to 1 M.R.S.A. Section 405(6) (E).

Executive Session: On occasion, the City Council discusses matters which are required or allowed by State law to be considered in executive session. Executive sessions are not open to the public. The matters that are discussed in executive session are required to be kept confidential until they become a matter of public discussion. In order to go into executive session, a Councilor must make a motion in public. The motion must be recorded, and 3/5 of the members of the Council must vote to go into executive session. An executive session is not required to be scheduled in advance as an agenda item, although when it is known at the time that the agenda is finalized, it will be listed on the agenda. The only topics which may be discussed in executive session are those that fall within one of the categories set forth in Title 1 M.R.S.A. Section 405(6). Those applicable to municipal government are:

A. Discussion or consideration of the employment, appointment, assignment, duties, promotion, demotion, compensation, evaluation, disciplining, resignation or dismissal of an individual or group of public officials, appointees or employees of the body or agency or the investigation or hearing of charges or complaints against a person or persons subject to the following conditions:
(1) An executive session may be held only if public discussion could be reasonably expected to cause damage to the individual's reputation or the individual's right to privacy would be violated;
(2) Any person charged or investigated must be permitted to be present at an executive session if that person so desires;
(3) Any person charged or investigated may request in writing that the investigation or hearing of charges or complaints against that person be conducted in open session. A request, if made to the agency, must be honored; and
(4) Any person bringing charges, complaints or allegations of misconduct against the individual under discussion must be permitted to be present. This paragraph does not apply to discussion of a budget or budget proposal;

B. Discussion or consideration by a school board of suspension or expulsion of a public school student or a student at a private school, the cost of whose education is paid from public funds, as long as:
(1) The student and legal counsel and, if the student is a minor, the student's parents or legal guardians are permitted to be present at an executive session if the student, parents or guardians so desire;

C. Discussion or consideration of the condition, acquisition or the use of real or personal property permanently attached to real property or interests therein or disposition of publicly held property or economic development only if premature disclosures of the information would prejudice the competitive or bargaining position of the body or agency;

D. Discussion of labor contracts and proposals and meetings between a public agency and its negotiators. The parties must be named before the body or agency may go into executive session. Negotiations between the representatives of a public employer and public employees may be open to the public if both parties agree to conduct negotiations in open sessions;

E. Consultations between a body or agency and its attorney concerning the legal rights and duties of the body or agency, pending or contemplated litigation, settlement offers and matters where the duties of the public body's or agency's counsel to the attorney's client pursuant to the code of professional responsibility clearly conflict with this subchapter or where premature general public knowledge would clearly place the State, municipality or other public agency or person at a substantial disadvantage;

F. Discussions of information contained in records made, maintained or received by a body or agency when access by the general public to those records is prohibited by statute;

G. Discussion or approval of the content of examinations administered by a body or agency for licensing, permitting or employment purposes; consultation between a body or agency and any entity that provides examination services to that body or agency regarding the content of an examination; and review of examinations with the person examined; and

H. Consultations between municipal officers and a code enforcement officer representing the municipality pursuant to Title 30-A, section 4452, subsection 1, paragraph C in the prosecution of an enforcement matter pending in District Court when the consultation relates to that pending enforcement matter.

Pledge of Allegiance

I. Consent Items - All items with an asterisk (*) are considered routine and will be enacted by one motion. There will be no separate discussion of these items unless a Council member or a citizen so requests, in which event, the item will be removed from the Consent Agenda and considered in its normal sequence on the agenda

1. Order 96-07182022*
Casting a vote to appoint City Manager, Phillip L. Crowell, Jr. to serve on the Maine Municipal Association's Executive Committee for a three-year term.

2. Order 97-07182022*
Appointing City Manager, Phillip L. Crowell, Jr. to serve on the Maine Municipal Association's 2022-2024 Legislative Policy Committee.

3. Order 98-07182022*
Accepting the transfer of the Smith & Wesson M&P 9mm to the Auburn Police Department (Unified Criminal Court Docket No. CR-22-654).

4. Order 99-07182022*
Casting votes for Larry Pelletier and Leroy Walker to represent County Commission District 6 on the Androscoggin County Budget Committee.

5. Order 100-07182022*
Casting votes for Phil Crowell and Gordon Bell to represent County Commission District 5 on the Androscoggin County Budget Committee.

Motion was made by Councilor Staples and seconded by Councilor Walker for passage of the five consent items.

Passage 7-0.

II. Minutes - June 27, 2022, Regular Council Meeting

Motion was made by Councilor Staples and seconded by Councilor Whiting to approve the minutes of the June 27, 2022 Regular Council Meeting.

Passage 7-0.

III. Communications, Presentations and Recognitions

- Auburn Police Department Swearing in Ceremony
  - Sergeant Steven Gosselin, promoted to Lieutenant
  - Sergeant Jason Moore, promoted to Lieutenant
  - Sergeant Eric Audette, promoted to Lieutenant
- City of Auburn Certified Member of the AARP Network of Age-Friendly States & Communities

- Communication from Petitioner's Committee for the repeal of Ordinance 11-03212022
- Presentation – Assessing Valuation Adjustments/Declared Ratio and 2022 Mil Rate (Karen Scammon and Joe St. Peter)
- Council Communications (about and to the community)

Mayor Levesque shared a few words about former City Councilor, Alfreda Fournier, who recently passed. He also announced that a bench and plaque will be purchased in her honor. The bench will be placed in Anniversary Park near the brick she purchased for her late husband.

Councilor Staples reported that he attended the Triple Crown race, Emily's Run on Sunday morning. He said it was an honor being a part of it. He stated that he would like the Council to strongly encourage a recommendation naming the new ELHS track after the Fletcher family.

City Manager Crowell reported on the July 4th celebration and thanked the Liberty Festival Committee for their work. He also provided an update on some upcoming summer events noting that more can be found on our website. He also announced that the hot breakfast and lunch program has been extended to anyone 18 and under to receive a free hot meal at either the PAL Center or the Boy's & Girl's Club. Last, he announced that nominations are being taken for the Spirit of America Award for those that go above and beyond in the community.

IV. Open Session

Scott Berry, 179 Davis Avenue spoke about exclusionary zoning and its effect on racial discrimination in the housing market. He provided written materials of an article on this subject to the Clerk to provide to the members of the City Council.

Fred Brodeur, 83 Sixth Street thanked the City Council for their time and commitment serving the people of Auburn. He commented on the zoning proposals, the petitions, and encouraged the Council to listen and work out a compromise. Written comments were handed out to the City Council.

V. Unfinished Business

1. Ordinance 17-06272022

Re-adopting the ward maps and descriptions that were adopted on 3/17/2014. Second reading.

Motion was made by Councilor Walker and seconded by Councilor Whiting for passage.

Public comment – No one from the public spoke.

Passage 7-0. A roll call vote was taken.

2. Order 83-06062022

Allocating $300,000.00 of ARPA Funding to create a two-year pilot program called "Project Support You – Auburn".

Motion was made by Councilor Gerry and seconded by Councilor Walker for passage.

Public comment – No one from the public spoke.

Motion was made by Councilor Staples and seconded by Councilor Walker to postpone this item until the 8/1/2022 Council meeting.

Passage 7-0.

3. **Ordinance 16-06062022**
Approving the zoning amendment for 278 Poland Road. First reading (a public hearing was held on 6/6/2022 and the item was postponed to July 18, 2022).

Motion was made by Councilor Hawes and seconded by Councilor Walker for passage.

Public comment –

Timothy Allen, 194 Pride Road stated that this was the first time he has seen this update, he spoke of concerns of traffic exiting the parking lot which will cause headlights to shine in his home. He also expressed other concerns about the proposed amendment.

Carol Lane, 30 Arbania Street stated that this information was new to her as well, she was unable to attend the meeting. She expressed concerns with the buffer zone and spoke in opposition of changing this area to an industrial zone adding that they've already had a negative impact on her neighborhood.

Ryan Smith, 14 Weaver Street, said he thought of an idea to open up a different zone for potential future uses and potentially something that would allow for parking with no other industrial uses.

Elizabeth Dunn, 530 Court Street asked why she was hearing about a community meeting with a developer and a plan about a large project that will impact the Poland Road neighborhood.

Motion was made by Councilor Hawes and seconded by Councilor Walker to amend by splitting the lot to exclude all land east of the parking lot to create more buffer zones and maintaining it as residential.

Passage 7-0.

Passage of Ordinance 16-06062022 as amended, 6-1 (Councilor Staples opposed). A roll call vote was taken.

4. **Order 93-062762022**
Directing the City Manager to move forward with the bid process for the upgrades and/or replacements of HVAC systems in our city-owned facilities that have been identified as the four priority initiatives ($1,600,000.00 to be funded either with ARPA funds or bond to be determined).

Motion was made by Councilor Walker and seconded by Councilor Milks for passage.

Public comment – No one from the public spoke.

Passage 7-0.

VI. New Business

1. Order 101-07182022
Adopting the CDBG/HOME Program Year 2022 Annual Action Plan. Public hearing.

Motion was made by Councilor Gerry and seconded by Councilor Staples for passage.

Public hearing – Barbara McGivaren, 55 Winter Street spoke regarding issues she has been experiencing since 2019 with a weatherization/asbestos removal project to her home.

Passage 7-0.

2. Order 102-07182022
Authorizing the City Manager to negotiate and execute the purchase of 121 Mill Street, Auburn, Maine, parcel ID 221-041.

Motion was made by Councilor Walker and seconded by Councilor Morin for passage.

Public comment – No one from the public spoke.

Passage 7-0.

3. Order 103-07182022
Approving the liquor license for The Cheesy Skillet. Public hearing.

Motion was made by Councilor Milks and seconded by Councilor Walker for passage.

Public hearing – No one from the public spoke.

Passage 7-0.

4. Order 104-07182022
Authorizing the City Manager to execute a purchase and sale agreement for the Lake Auburn Community Center.

Motion was made by Councilor Walker and seconded by Councilor Milks for passage.

Public comment – No one from the public spoke.

Passage 7-0.

5. Ordinance 18-07182022

Extending the moratorium on public safety, detention, and correctional facilities. Public hearing and first reading.

Motion was made by Councilor Staples and seconded by Councilor Whiting for passage.

Public hearing – No one from the public spoke.

Motion was made by Councilor Staples and seconded by Councilor Gerry to amend by striking "*at a site in which one currently does not exist*".

Failed 2-5 (Councilors Whiting, Hawes, Milks, Morin, and Walker opposed).

Passage of Ordinance 18-07182022 5-2 (Councilors Gerry and Staples opposed). A roll call vote was taken.

6. Ordinance 19-07182022

Creating a new Formed Base Code District Traditional Neighborhood Development District (T-4.2B). Public hearing and first reading.

Motion was made by Councilor Staples and seconded by Councilor Walker for passage.

Public hearing –

Ryan Smith, 14 Weaver Street, spoke about process and said he thinks T-4.2B is too similar to T-4.2 and feels this undermines the petition effort that took place. He suggested working with urban residential and traditional neighborhood zoning and just make small changes and make adjustments to density and reduce the setbacks.

Jeffrey Harmon, 34 Vista Drive urged council to vote no on this and send it back to the Planning Board adding that this has to happen through a normal planning process with robust public participation.

Bob Hayes, 172 Allen Avenue stated that with respect to the Monday night meeting that he was invited to attend to sit down with another Auburn resident and two councilors and the Mayor to discuss and he did not feel it was a dated meeting of the Council. He commented on Form Based Planning and Code. He said T-4.2B is almost the same as T-4.2. He encouraged everyone to also read the strategic plan.

Adam Lee, 87 Western Prom commented on the Freedom of Access Act and read section 406.

Elizabeth Dunn, 530 Court Street said that T-4.2B as she reads it, is minimally, if at all different from T-4.2. She would like them to think of a compromise.

Motion was made by Councilor Staples and seconded by Councilor Gerry to postpone this item to allow additional meetings to engage the public. A series of three meetings in three months.

Failed 3-4 (Councilors Hawes, Milks, Moring, and Walker opposed).

Passage of Ordinance 19-07182022 5-2 (Councilors Gerry and Whiting opposed). A roll call vote was taken.

7. **Order 105-07182022**
Authorizing the Mayor to sign and submit Certifications and Assurances by the Chief Executive of the Applicant Government document to be submitted with the 2022 Edward Byrne Justice Assistance Grant application.

Motion was made by Councilor Walker and seconded by Councilor Whiting for passage.

Public comment – No one from the public spoke.

Passage 7-0.

VII. Open Session – Elizabeth Dunn, 530 Court Street said that she is perplexed and doesn't believe the public is being heard.

VIII. Reports (from sub-committees to Council)

Councilor Morin wanted to express his heartfelt condolences to Alfreda Fournier's family and friends for her recent passing.

City Manager Crowell reported that at the last LATC meeting, it was discussed that their meetings should be part of Federal Transit Authority's requirements regarding access to those meetings should be done through the available transit when buses run. The meeting time is being moved from 5:30 pm to noon and will be held here at Auburn Hall. They will also include a ZOOM option.

IX. Executive Session - None

VIII. Adjournment – Motion was made by Councilor Milks and seconded by Councilor Walker to adjourn. Unanimously approved and the meeting adjourned at 9:43 pm.

A TRUE COPY ATTEST Susan Clements-Dallaire

Susan Clements-Dallaire, City Clerk

Ms. Susan Clements-Dallaire, City Clerk

City of Auburn, Maine

60 Court Street

Auburn, Maine 04210

Dear Ms. Clements-Dallaire,

Accompanying this letter are 102 certified referendum petition papers bearing a total of 2120 signatures of registered Auburn voters which are being collectively filed as a single petition. This petition seeks the repeal of Auburn Ordinance 08-03072022 which amends the city's zoning map and modifies the boundary of the Lake Auburn Watershed Overlay District Map. This petition is being filed by the committee created by affidavit filed with your office on April 20, 2022, and which has come to be known informally as the Committee to Protect Lake Auburn. The number of signatures on the petition exceeds 10% of the number of registered voters of the City on the date the committee filed its affidavit. Each of the petition papers incorporates two Circulator's Affidavits; the first printed on the reverse side on the petition and an attached second affidavit which tracks the requirements of the present City Charter.

Please proceed to review these petition documents in accordance with Section 9.4 of the Charter and issue your certificate accordingly. Please notify the appropriate officials of Auburn city government as soon as possible, including those officials responsible for issuing and/or acting on permits, that Ordinance 08-03072022 is now suspended, effective upon the filing of these collective petition papers, until one of the further actions set forth in Section 9.5 of the Charter has been completed.

Thank you for your assistance in this petition process.

Keri Myrick, for the committee

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: August 1, 2022 **Order**: 83-06062022

Author: Glen E. Holmes, Director of Business & Community Development

Subject: Project Support You - Auburn

Information: Allocate $300,000.00 of ARPA Funding to create a two-year pilot program, "Project Support You – Auburn." The program design is to have co-responders with the police and fire department engage with residents that need services other than those traditionally responding. This employee will work with residents to access other programs required to serve our residents better and reduce the need for fire and police response in the future.

City Budgetary Impacts: NONE

Staff Recommended Action: Approve the Order as presented.

Previous Meetings and History: March 21, 2022 Workshop Item, June 6, 2022, and July 18, 2022 postponed until today.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: See attached packet

PSY Co-Responder Program

Public Health

Project Support You - Auburn

We are here to request a total of $300,000 in ARPA funds for a two-year pilot of "Project Support You - Auburn," (PSY Auburn)

The program design is based on best practices from other programs used nationally to better meet the needs of individuals struggling with homelessness, mental illness, substance misuse, and access to care while reducing the number of calls for service our police and paramedic teams respond to from frequent system utilizers through diversion to longer term, sustainable, and appropriate support services.

auburnmaine.gov

Program Description

PSY is a "boots on the ground" service that would employ a TCMHS employee to be shared between AFD and APD to respond ***with*** our first responder teams in real time.

The PSY worker will follow-up on needs identified by AFD and APD that would benefit individuals utilizing services and in need of community supports.

Chief Chase

"Our role as an EMS organization is not only to respond to medical emergencies, but to participate in the overall improvement of the health of our community. Substance use disorders and overdose deaths are quickly become the paramount public health issue. As an organization, and as a City, we need to find additional ways to address this growing public health crisis. This includes dedicating staff and resources with the specialized training needed to support those struggling with substance use disorders."

Robert Chase
Fire Chief, City of Auburn

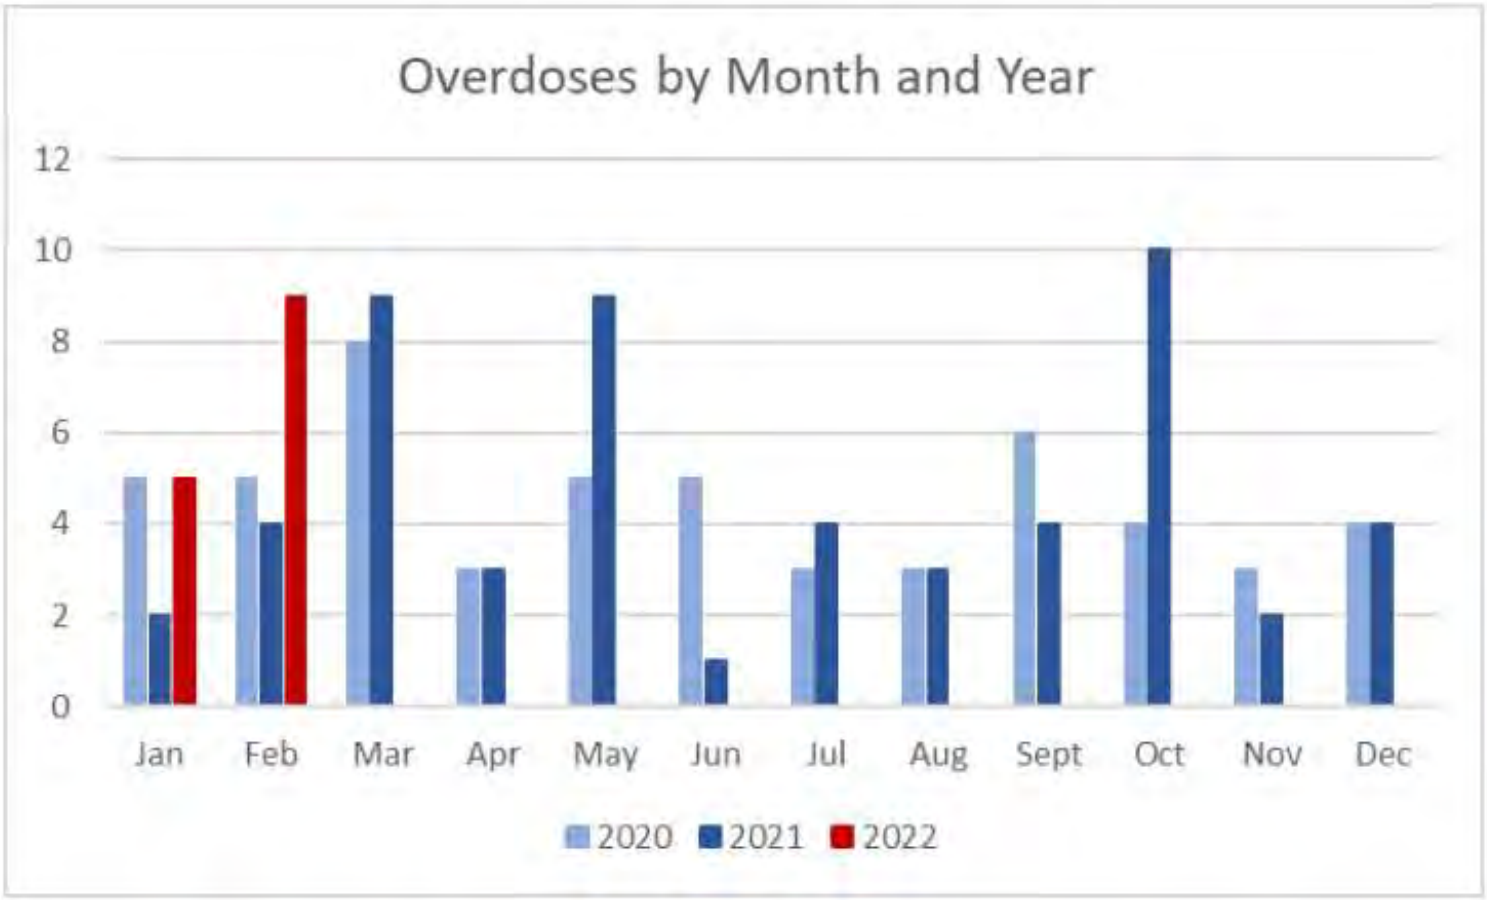
APD OD Data: 2020-2021

In 2021, Auburn PD responded to 55 overdoses at 51 calls for service; there were 54 overdoses in 2020.

- Seven of these 55 overdoses are known to have resulted in a death.
- 28 doses of Narcan were administered directly by Auburn PD to 24 victims at 22 calls for service.

auburnmaine.gov

Feb. 2022 APD Data



Count of Overdoses, by month and year

Source: APD Overdose Report – February 2022, provided by Lt. Harrington of APD

auburnmaine.gov

Currently…

- APD officers have been carrying Narcan since 2018
- APD's participation in Androscoggin County's Drug Take Back days dates back to 2010.
- The med drop box offers a safe place to drop off unused medications in the Auburn police department lobby, which can help prevent prescription drug misuse

Homelessness Crisis Protocol

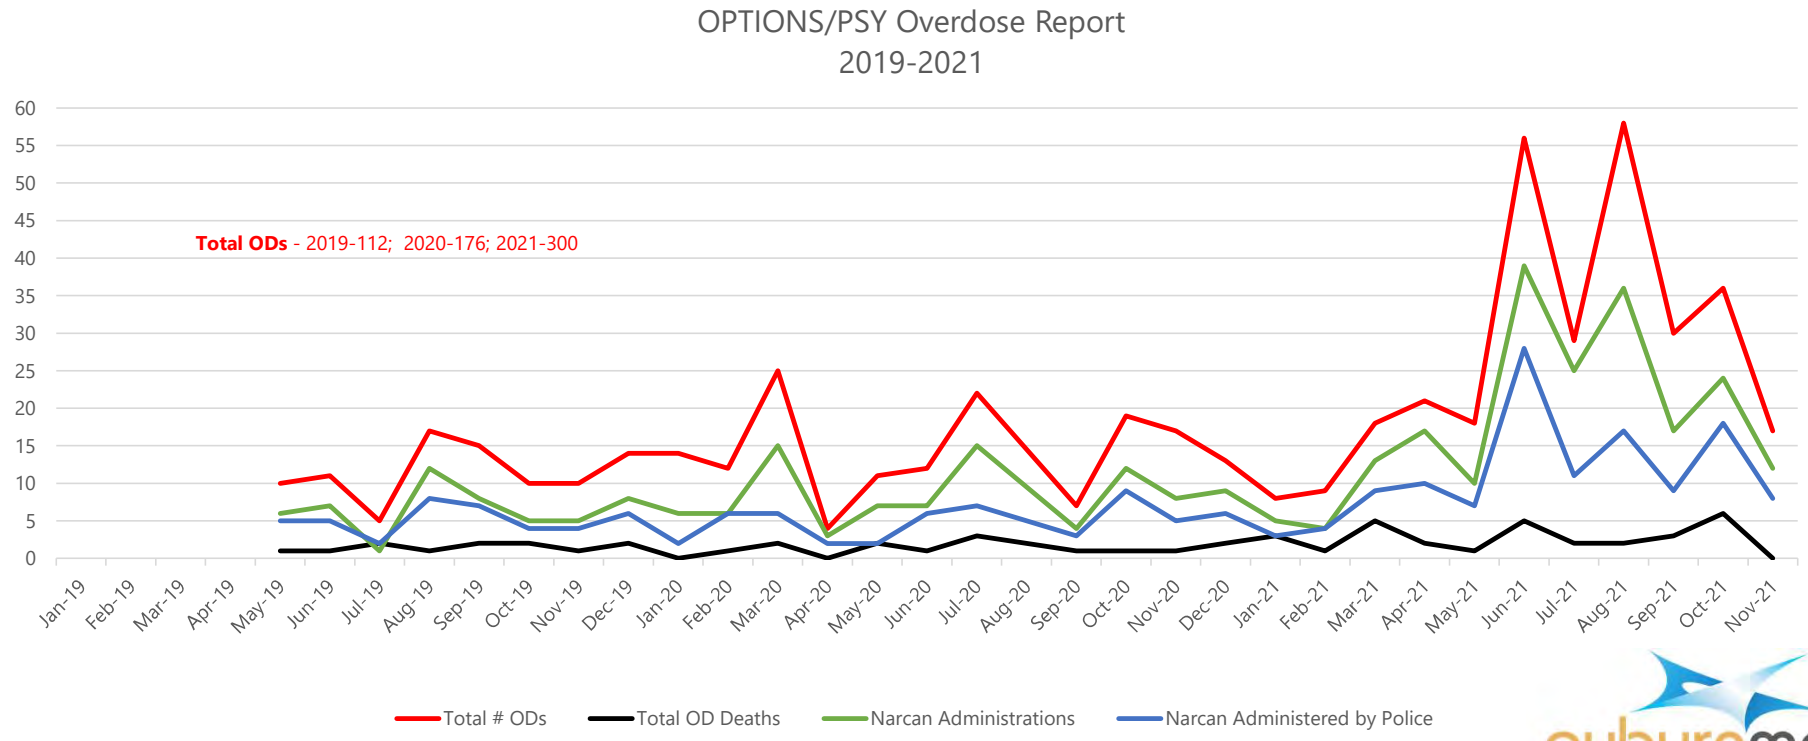
This program would also come at a critical time for APD, as they work to comply with the new Homelessness Crisis Protocol provided by the Attorney General to meet requirements of 17-A M.R.S. §18 [PL 2021, c. 393, §1].

Our officers regularly respond to calls from community members concerned about unhoused individuals in our community, living on the streets, tenting on private or public property, and looking for a place to stay warm during the cold winter months when the limited shelters available in Lewiston and Auburn are full.

Link to statue: Title 17-A, §18: Homelessness crisis protocol (mainelegislature.org)

auburnmaine.gov

TCMHS Options/PSY Data



PSY success in Lewiston

Since 2018, the Lewiston Police Department has successfully employed this model – embedding mental health professionals from Tri-County Mental Health Services (TCMHS) within the police department to respond with and follow-up on needs in the community.

PSY-Auburn would be customized to meet the needs of Auburn, with a TCMHS PSY worker being shared between the Auburn Police Department and the Auburn Fire Department and working in close collaboration with the Public Health Manager. The PSY worker would remain an employee of TCMHS, and thus the program would also benefit from all the resources and programming of TCMHS.

Serving those who served…

According to SAMHSA's 2019 National Survey on Drug Use and Health in Veteran Adults:

- 3.9 Million (adult) Veterans had a mental illness and/or a substance use disorder (SUD), up 6.5% over 2018
- Of these, 2.3% (481K) struggled with both
- 1 in 4 struggled with illicit drug use
- 4 in 5 struggled with alcohol use
- 1 in 13 struggled with both
- Of those struggling with a mental illness, SAMHSA reported 1 in 4 had a severe mental illness.

Data Source: 2019 National Survey on Drug Use and Health: Veteran Adults. Project Support You provides connection.

"Abby is pregnant, homeless, and using heroin daily. As a result of a call from a soup kitchen volunteer, TCMHS staff reach out to Abby to help connect her to medical care and emergency shelter housing. After repeated attempts to get her into residential treatment initially fails, TCMHS staff continue assertive contacts with her over ensuing weeks until Abby successfully agrees to detox treatment."

Success story provided in Catherine Ryder's support letter for PSY-Auburn.

Project Support You provides hope.

"Mary lived in a family that has experienced intergenerational trauma. She grew up in a home with an alcoholic father and began experimenting with substances in her early teens, leading to serious use as she moves through her teens into her 20s. Estranged from her family, Mary's substance misuse leads to repeated involvement with law enforcement, homelessness, and interactions with child protective services. In an effort to regain custody of her child, she enters a community program where she receives supports and job training. Despite her best efforts, exacerbated by the trauma experienced due to losing custody of her child, she relapses, becomes homeless again, and is arrested. TCMHS staff intervene to help her to access treatment, healthcare, job training, and housing. With their help, she restarts her path to recovery."

Success story provided in Catherine Ryder's support letter for PSY-Auburn.

auburnmaine.gov

Treatment works, but it takes resources.

"It is vital to remember, always, that treatment works and recovery is possible. Just as we would not give up hope or fail to help someone with diabetes, cancer or heart disease, the same is true for those who live with mental illness or a substance use disorder. We can and must bring all resources available to bear, and create them when they are not, to help those in need. Every life is worth saving."

Catherine R. Ryder, LCPC, ACS
Chief Executive Officer, Tri-County Mental Health Services

Quote taken from Catherine Ryder's support letter for PSY-Auburn.

auburnmaine.gov

Budget:

DESCRIPTION:	YEAR 1	YEAR 2	TOTAL
Tri-County Mental Health Services 1.4 FTE	98,000	98,000	196,000
Software, data analysis, and administrative support.	50,000	50,000	100,000
Misc. Program Supplies/Expenses	2,000	2,000	4,000
Total	150,000	150,000	300,000

The $98,000/year amount pays for a full-time position – including PTO and holidays. It provides some on-call for nights, weekends, and PTO time. It also pays for supervision, a laptop, encrypted phone, travel, and 20% overhead for Tri-County Mental Health Services.

auburnmaine.gov

Position Description:
Co-Responder

Classification: Non-Exempt	**Grade Level:** Non-Exempt 7
Reports To: Chief Executive Officer or Manager	**Department:** Substance Use Disorder Services

GENERAL SUMMARY:

The Co-Responder provides OUD/SUD overdose response, screening, behavioral health crisis de-escalation, assessment, screening, referral to community treatment services and resources, system navigation, short-term SUD and behavioral health interventions, and aid in completion of the State's Medicaid program application for uninsured population, in collaboration with local law enforcement.

ESSENTIAL JOB FUNCTIONS:

- Demonstrates commitment to the mission of the agency with a strong understanding and respect for the goals of agency activities.
- Responds to SUD/OUD-related emergency calls along with law enforcement, or other first responder agencies, prioritizing nonfatal overdose calls and the highest needs requests for support, as able.
- Responds to behavioral and mental health related emergency calls along with law enforcement, or other first responder agencies, prioritizing competing demands through triage, when possible.
- Coordinates with a Recovery Coach, Peer, or Patient Navigator, as available, to provide post-overdose response and support to overdose survivors within seventy-two (72) hours after a non-fatal overdose event, to include: provision of information around Harm Reduction, treatment, and recovery support services that are available.
- Coordinates with community resources and client treatment team, as available, to provide post response and support. Provision of information around community resources, services, supports and other options for services that are available.
- Conducts ASAM level of care Assessments as appropriate.
- Gathers all Releases of Information as required by law to remain in compliance with HIPAA guidelines, including CFR 42 Part 2.
- Participates in technical assistance sessions which will be provided by the Maine Medical Association and informed by the Behavioral Health Response unit within the Portland Police Department.

ESSENTIAL JOB FUNCTIONS (continued):

- Provides anti-stigma and SUD informational sessions.
- Provides system navigation assistance to individuals in need of necessary support services.
- Provides referrals to appropriate community-based treatment and recovery services.
- Conducts follow up visits to clients who present in frequent need to establish, build and maintain relationship and rapport with a supportive, ongoing presence.
- Completes and sends in CradleME referrals for any pre-natal or post-partum women that presents as an individual in need.
- Provides linkage to syringe service programs and other Harm Reduction sites as available and facilitates connectivity to a Federally Qualified Health Center (FQHC) or other provider site that can provide human immunodeficiency virus (HIV) and Hepatitis testing.
- Provides Naloxone kits and Naloxone administration training in the specific type of Naloxone being provided to the individual and/or affected others during the post-overdose follow-up.
- Provides Fentanyl test strips, training and education to clients as prevention.
- Determines if the individual is a Person in Crisis and coordinates response with Crisis Intervention Workers.
- Works in collaboration with the law enforcement agencies in their catchment area to utilize Overdose Detection Mapping Application Program (ODMAP) and be signed up to receive overdose alerts for notification of incidents occurring during off-hours and provides follow-up with the individual in need during normal working hours.
- Provides linkage to further long-term Peer and/or Recovery Coach services for individuals in need that are assessed as having a SUD.
- Supports linkage to affordable housing and referral to programs that can support and assist people experiencing homelessness.

OTHER DUTIES AND RESPONSIBILITIES:

- Communicates effectively both verbally and in writing, establishes positive public relations and interacts effectively with a diverse array of professionals and clients.
- Maintains appropriate boundaries and displays respect and courtesy to all internal and external customers.
- Participates in training to maintain or enhance job skills, including undergoing law enforcement orientation and training, as necessary.
- Demonstrates patience, caring, compassion, and sensitivity toward clients.
- Completes and submits required documentation in a timely manner and according to policies and procedures.
- Adheres to the agency's Organizational Standards for Performance (see attached).
- Maintains compliance with documentation in medical record in a timely manner by completing all required documentation on time and filing additional documentation, as necessary
- Adheres to the agency's Risk and Safety Management Programs.
- Ensures that confidentiality is maintained at all times in accordance with federal, state, and agency standards.
- Functions in a cost-effective manner with regard to the utilization of time, supplies and other agency resources.
- Attends meetings and supervisions as required and necessary for the position.
- Promotes and fosters effective relations, both inside and outside of the agency.
- May perform other related duties as required.

ADDENDUM:

OPTIONS/Substance Use Co-Responder

- Funded by Maine Grant for Androscoggin county; primary role of overdose/substance use response.

ADDENDUM (continued):

Co-Responder

- Funded by the City of Lewiston; primary role of mental health support response.

Project Support You Co-Responder Lead Role

- Support, coach and mentor onboarding staff of the PSY and OPTIONS programs as well as the Peer Navigator role
- Provide resources, encourage networking, make introductions to key colleagues and clients of these programs.
- Support staff in documentation and reporting, checking to ensure accuracy and timeliness.
- Support mandatory training with PD, Agency, State and others as appropriate.
- Co-facilitate group supervision with management.

POSITION REQUIREMENTS:

Duties require knowledge of Substance Use Disorders and Dual Diagnosis treatment services equivalent to completion of a Bachelor's degree or equivalent combination of education and experience.

Must be willing and eligible to pursue and obtain minimum of CADC certification within first year of employment. Must possess a valid State of Maine driver's license.

COMPETENCIES:

Detail-oriented with good organizational and time management skills

Ability to manage multiple priorities and tasks, and consistently meet deadlines.

Ability to demonstrate good problem solving and critical thinking skills.

Ability to work effectively on a multi-disciplinary team.

Ability to assess situations for personal and client safety.

Ability to respond effectively in crisis situations.

Proficient with the use of a computer and job-specific software applications

WORKING CONDITIONS/PHYSICAL DEMANDS:

Normal office environment, not subject to extremes in temperature, noise, odors, etc.; may also be subjected to unpredictable environments with extremes in temperature, noise, odors, weather conditions, etc.

Regular use of computer keyboards, telephone and operating office machines, requiring eye-hand coordination and finger dexterity.

Must be willing to abide by policies and procedures of Police Department and follow directive of co-responding officer, wear flack jacket and put safety at forefront at all times.

WORKING CONDITIONS/PHYSICAL DEMANDS (continued):

Occasional lifting and carrying of supplies, files, documents, records, etc.

May be asked to operate a motor vehicle in all types of weather.

The above statements are intended to describe the general nature and level of work being performed by people assigned to do this job. The above is not intended to be an exhaustive list of all responsibilities and duties required. The omission of specific statements of duties does not exclude them from the position if the work is similar, related, or a logical assignment to the position.

***External and internal applicants, as well as position incumbents who become disabled as defined under the Americans With Disabilities Act, must be able to perform the essential job functions (as listed) either unaided or with the assistance of a reasonable accommodation to be determined by management on a case by case basis.**

TRI-COUNTY MENTAL HEALTH SERVICES

Organizational Standards of Performance

STANDARD #1: Organizational Perspective

All employees demonstrate an understanding of how individual job performance and continuous quality improvement advances the Tri-County Mental Health Services mission.

Expectation:

- Understanding the connection between the agency's mission, continuous quality improvement and personal performance.
- Demonstrating a philosophy and work ethic that are consistent with agency's vision, mission and guiding principles.
- Perform duties in accordance with applicable regulations, laws and agency policy and procedures.

STANDARD #2: Professional, Ethical and Respectful Behavior

All employees act in a manner that demonstrates a commitment to professional ethical and respectful behavior.

Expectation:

- Interactions are guided by Trauma Informed practices and principles and are respectful, professional.
- Kind and courteous behavior that promotes positive interactions and engagement.
- Engage in direct communication and problem solving.
- Criticizing the agency and/or other employees to others (i.e. the "rumor mill") is actively discouraged. Continuously making an effort to squelch rumors and other disrespectful behaviors.
- Confidential information, whether received in the course of work or received inappropriately, is not shared with others.
- All employees know and understand the code of ethics of their respective professions

STANDARD #3: Confidentiality

All employees act in a manner that demonstrates an understanding of confidentiality.

Expectation:

- All employees can identify and discuss the parameters of confidentiality
- Confidential information, whether received in the course of work or inadvertently, is not shared with others
- All employees share a responsibility for safeguarding confidential information

STANDARD #4: Teamwork

All employees participate in an environment where success is created by working together collaboratively.

Expectation:

- Building collaborative relationships, both internally and externally.
- Accepting and using constructive feedback from both peers and supervisors.
- Collaborating to improve services and processes, and solve problems.
- Sharing responsibility and accountability for team goals.

STANDARD #5: Skill and Ability

All employees take advantage of training and educational opportunities to enhance skills, productivity, and quality of work.

Expectation:

- Seeking assistance and support when necessary.
- Accepting guidance from supervisor and implements decisions made with supervisor.
- Actively seeking training opportunities, through supervision and other sources, to enhance ability to perform all aspects of position.

STANDARD #6: Knowledge of Community

All employees use knowledge of current community needs to work effectively with community groups.

Expectation:

- Building and maintaining positive relationships with the community.
- Articulating and explaining accurately the full range of agency services and resources.
- Presenting the agency to the community in a positive, proactive and appropriate manner.
- Uses client and community feedback to improve service delivery.

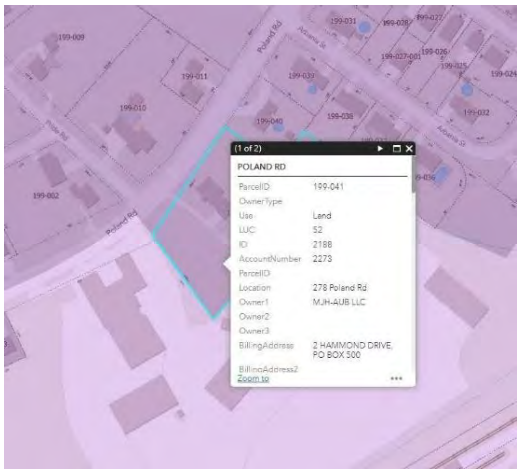
City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: August 1, 2022 **Ordinance:** 16-06062022
Author: Katherine Cook, Planning Coordinator
Subject: First reading of zone change request from Hammond Lumber, 278 Poland Road

---



Information: Hammond Lumber Company (owner) is requesting a zone change of the 1.75 +/- acre parcel at 278 Poland Road (PID 199-041). The request is to change this parcel form Suburban Residential (SR) zoning to Industrial (ID) zoning. The Parcel is already owned by Hammond Lumber and is surrounded by ID zoning and SR zoning. A recommendation for Hammond Lumber's request is pursuant to ARTICLE XVII DIVISION 2, SEC.1445-1448.
The Planning Board reviewed this request brought forth by a petition with the information and the recommendations noted in the staff report.

The Planning Board reviewed this proposal, held a Public Hearing and recommended that City Council reject Hammond Lumber's requested zone change on 1.75 acres +/- at 278 Poland Rd (PID 199-041) from Suburban Residential (SR) zone to Industrial (ID) zoning noting that the owner will address curb cut reductions and would be required to create a buffer that meets ordinance requirements and provides buffering to the neighborhood if a site plan review is a requested for proposed parking. Their motion is included in the packet.

Their recommendation was based on discussion between the applicants, the Planning Board, and members of the public and specified in the May 10th Planning Board Meeting minutes and on the YouTube Recording for this meeting. The City Council tabled this item at the June 6, 2022 Meeting to be reconsidered at the July 18 meeting to allow the business to meet with neighbors and address concerns related to buffering and vehicles and any other neighborhood concerns. It is unusual to address buffering as part of a zone change and this is usually addressed during a later site plan review, however, the business met with staff and neighbors to better understand concerns (meeting minutes attached). The business provided an improved buffering plan that they are committed to implementing as part of site plan review if they are allowed to move forward. Staff and the Planning Board can make buffering and road frontage improvements a requirement as part of that process if the zoning moves forward.

UPDATE: As requested by Council Hammond Lumber has provided the attached revised zoning boundary plan with buffering information. The proposed boundary reduces the area that would be changed to industrial as suggested by Council at first reading. Hammond Lumber has also committed to addressing buffering at the rear of the property where they abut residential neighbors as part of a site plan review process for the project that will go to Planning Board and have an additional public process.

City Budgetary Impacts: None.

Staff Recommended Action: Hold the first reading and hold a public hearing for the zone change at 278 Poland Road, Parcel I.D. 199-041 from Suburban Residential (SR) District to Industrial (ID) District. Vote on First reading.

Previous Meetings and History: May 10th 2022 Planning Board, June 6th CC meeting, Neighborhood meeting, June 30, 2022, Council first reading on July 18, 2022.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: Planning Board Memo, May 10th, 2022, Hammond Lumber Staff Report, May 10th, Application from Hammond Lumber, Hammond Lumber site plan, Buffer Plan, public site walk through minutes, public meetings sign in sheet.

Proposal from the May 10th Planning Board staff report now before council:

Proposal: Hammond Lumber Company (owner) is requesting a zone change of the 1.75+/- acre parcel at 278 Poland Road (PID 199-041). The request is to change this parcel from Suburban Residential (SR) zoning to Industrial (ID) zoning. The Parcel is already owned by Hammond Lumber and is surrounded by ID zoning and SB zoning. Approval for Hammond Lumber's request is pursuant to ARTICLE XVII DIVISION 2, Sec-1445-1448.

Suggested Motion:

On May 10th, 2022, the City of Auburn Planning Board made the following recommendations:

"I move to recommend that City Council not rezone the property as it would be an encroachment of industrial area into residential neighborhoods."

(Motion from Mathieu Duvall, Second from Stacey LeBlanc)

Motion to NOT rezone the area to ID passes 5-2.

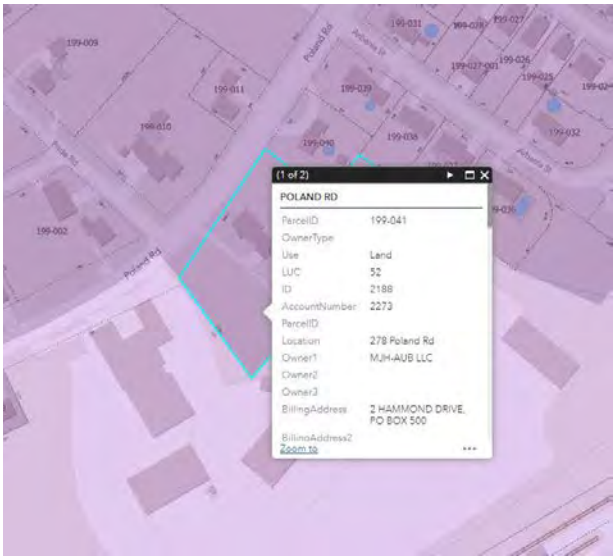
Re: Zone Change Request for Hammond Lumber, 278 Poland Road

Date: May 10, 2022

PROPOSAL #1: **PETITION/ ZONE CHANGE REQUEST:** Hammond Lumber Company (owner) is requesting a zone change of the 1.75+/- acre parcel at 278 Poland Road (PID 199-041). The request is to change this parcel from Suburban Residential (SR) zoning to Industrial (ID) zoning. The Parcel is already owned by Hammond Lumber and is surrounded by ID zoning and SR zoning. A recommendation for Hammond Lumber's request is pursuant to ARTICLE XVII DIVISION 2, Sec-1445-1448.



Amendments to the zoning ordinance, including the zoning map, may be initiated by the Planning Board on its own initiative or upon request by the City Council or **by a petition signed by not less than 25 registered voters of the city.** (Ord. of 9-21-2009, § 8.1A) This change was initiated by petition.

One of the primary tests of a zone change is its conformance with the Comprehensive Plan. The proposed Future Land Use Plan (FLUP) as part of the 2021 Comprehensive Plan update process has this area has a suggested zone as Suburban Residential but given the immediate proximity of ID on two sides and long-standing lumber companies ownership (61+/- years) in the immediate area this would be an enhancement to the growing lumber and construction industry in the community. Access to building materials in the community is a major asset to meeting economic and housing goals of the Comprehensive Plan.

The FLUP is not a zoning map. It is intended to show, in a general sense, the desired pattern of future land use and development *(Ref. City of Auburn Comprehensive Plan, Chapter 2, pg. 87)*

I. PLANNING BOARD ACTION/STAFF SUGGESTIONS: Staff suggests the Planning Board make a recommendation to City Council to amend zoning map amendment to PID: 199-041 from Suburban Residential to Industrial to support a business in an otherwise commercially zoned neighborhood. Although review of a site plan will be required later it is worth noting that site impacts will be addressed in that process, including:

1.) The owner will address curb cut reductions if a site plan review submission is requested for proposed parking areas.
2.) The owner would be required to create a buffer that meets ordinance requirements and provides buffering to the neighborhood if a site plan review is requested for proposed parking.

II. SUGGESTED FINDINGS AND REASONS:

1. The applicant submitted a rezoning petition with required signatures, City Zoning maps with Parcels identified, 500' abutters list, and plans which met the standards and the required materials to make the Zone change on April 8, 2022 thus meeting the time frame and submission standards (Sec. 60-1446).
2. The property in question is owned by Hammond Lumber and abuts its property already in the ID zoning district on two sides. Approximately the second half of the parcel abuts the suburban residential zone. The change would not affect the character of the neighborhood and would not impede public health, safety, convenience, and welfare (Sec. 60-1447).
3. The proposal can be implemented without detriment to city resources.
4. The proposal meets the general future land use plan pattern of development and is consistent with the current comprehensive plan.

- Airport – No Comments
- 911 - No Comments

Suggested Motion: I make a motion to recommend that the City Council approve Hammond Lumber's requested Zone change on 1.75 acres +/- at 278 Poland Road (PID 199-041) from Suburban Residential (SR) Zone to Industrial (ID) Zone noting that the owner will address curb cut reductions and would be required to create a buffer that meets ordinance requirements and provides buffering to the neighborhood if a site plan review is requested for proposed parking.

Zone Change Request
278 Poland Road, Auburn ME 04210

Dear Planning Staff,

On behalf of Hammond Lumber Company, we are pleased to submit the following documentation for a zone change request to the City of Auburn. The requested zone change is for an approximately 1.75-acre parcel located at 278 Poland Road and identified by the City of Auburn as lot 199-041., and is within the City's Suburban Residential (SR) Zone and borders Auburn's Industrial (ID) Zone. The property was previously developed for residential use and consisted of a single-family house and barn. Hammond Lumber purchased the land, and in 2019, the buildings on the parcel were demolished and removed from the property. Hammond Lumber is now requesting the zone change of this property from the SR Zone to the ID Zone to allow the expansion of their development onto this parcel.

The subject parcel is located along the frontage of the Hammond Lumber site on Poland Road and abuts the entire front face of Hammond's primary and largest warehouse building. Adjacent residential development is located north across Poland Road and downhill to the east. There is an existing tree line along the eastern boundary of the property that extends from Poland Road to the rear of the Hammond Lumber development. The remaining area of the parcel is open lawn that is surrounded on three sides by Poland Road and Hammond Lumber's access drive and buildings.

With the aforementioned factors in mind, a zone change of lot 199-041 from Suburban Residential to Industrial will not pose any adverse effects to the Poland Road community or to the city as a whole A zone change will allow Hammond Lumber to utilize this area to its full potential by incorporating it into their existing development. The additional frontage will give Hammond Lumber the ability to create a more visually pleasing entrance along Poland Road that better matches the other industrial and commercial properties in the area. To assist with your review of this request, we have included the proposed design for how Hammond Lumber intends to utilize this site if the zone change is approved.

We hope the attached application and materials we have provided are sufficient information for the City of Auburn to allow Hammond Lumber Company's zone change request. The goal of Hammond Lumber Company is to obtain the zone change first, and then proceed with an application to the City of Auburn for improvements to the front façade of the existing retail building, a new parking lot with associated stormwater treatment, and much needed improvements to the frontage along Poland Road. Should you have any questions, or need additional information, please call James Seymour, PE at Sebago Technics, Inc. at 207-200-2083.

Sincerely,

SEBAGO TECHNICS, INC.

James R. Seymour, P.E.
Sr. Project Manager

REZONING PETITION

We, the undersigned registered voters of the City of Auburn, do herein petition the City of Auburn to amend the Suburban Residential (SR) zoning portion of the zoning map on (PID 199-041) to allow for a zone change of SR to ID to support Industrial opportunities in an otherwise residential zoned neighborhood along Poland Road. The property has been owned by Hammond Lumber for a number of years. As the ID district is the adjacent use the current owner would like to have the zoning match their existing/adjacent property as they will be absorbing the property into their larger existing parcel. The abutting lot in common is currently zoned Industrial Development and is owned in common by Hammond Lumber Company entity. The home on the parcel located in the SR was demolished in 2019 and today it is an empty parcel. As the City is currently undergoing a zoning reorganization, this is a great time to include this adjacent parcel (PID 199-041) as part of the ID zone to match existing zone of the current owner (Hammond Lumber)

One of the primary tests of a zone change is its conformance with the Comprehensive Plan. The proposed Future Land Use Plan as part of the 2021 Comprehensive Plan update process has this area zoned as Industrial. The lot is outside the floodplain.

Hammond Lumber Public Site Walk
June 30th, 2022
Zone Change Application

Meeting Minutes:

5:00 PM **Begin Site Walk**

Attendees gathered at the front of the site. A sign-in sheet passed around for attendees to write their name and address.

5:05 PM A formal introduction and project overview was given by Jim Seymour of Sebago Technics, Inc. Following the introduction, the floor was opened to questions from the public.

5:07 PM **Begin Open Discussion:**

Member of public asked: What time will truck operations/employees start in the morning?

Steve Pray of Hammond Lumber responded:

- Approximately 5-6 employees start 6AM
- Truck drivers arrive 6:30AM
- Try to end work day by 5:00PM, usually open no later than 6:00PM
- Block/close Poland Road entrance after hours
- Signs to prevent overnight parking in front of the site are currently being made and will be installed once ready

Member of the public (17 Arbania St.) asked: What is the impact to the trees (pointed to rear of site)?

- Clarified that the proposed zone change and proposed work in front of site would not impact trees in rear of site.
- Proposed work will explore new buffering in front of site if it proceeds to site plan review process.

5:10 PM Member of the public raised concern about truck access improvements and trucks blocking Poland Road

- Site plan will allow separation of trucks and commuter vehicles to improve access

Member of the public asked: Will the new entrance be blocked after hours?

- Yes, entrance will be blocked by a gate after hours

Member of the public asked: What percent of business is retail?

- Approximately 30% retail, 70% contractor

Member of the public asked: What will new parking be for?

- New parking will be for customers and employees to allow segregation of commuter vehicles and loading/trucking operations to improve safety and functionality.

Member of public asked about plantings/buffering on opposite side of the site on Poland Road

- Comment acknowledged, not related to zone change or proposed improvements but can be explored

5:15 PM Member of public asked about snow storage, and raised concerns of basements flooding since trees by Poland Road were cleared.

- Jim Seymour of Sebago Technics explained snow storage and the proposed soil filter BMP for stormwater treatment/control.
- New runoff will be controlled on site by BMP and additional plantings for buffering will be installed where previous trees were cut.

Member of the public asked about buffering

- A combination of trees and fencing can be explored in any areas requiring buffering

Members of the public raised concerns of deer in the area and concerns of deer getting trapped/dying in the soil filter (BMP)

- Clarified that the soil filter will be dry (typically dry 24 hours after storm)
- Soil filter only 3 feet deep and new plantings can be installed for buffering and to provide more cover for deer than what currently exists

5:20 PM Member of the public asked about redoing the front façade of the warehouse

- Old warehouse buildings are difficult to refinish but the applicant is exploring façade and entrance options to improve overall appearance of site

Member of the public raised concern about lighting

- Lighting will meet ordinance requirements and any requirements as requested by planning board (photometric plans typical for site plans) if the zone change is approved

5:25 PM Member of the public asked: How will you keep people from living in the parking lot?

Steve Pray responded:

- Entrances will be closed after hours
- There will be no access to the site after hours
- It is private property and anyone refusing to leave will have police called on them and be charged with trespassing

Member of the public asked about tax changes resulting from the zone change

Eric Cousens representing the City of Auburn responded:

- Taxes typically more in Industrial Zone vs. Residential Zones

Member of the public asked why parking is so far away and so large?

- Sidewalk will be located along front of parking lot, employees will occupy spaces furthest away
- Large parking lot required for capacity of all employees and customers
- Desire to remove parking in lay down areas behind warehouse for improved flow and safety
- Nothing is finalized, site plan review process still required if zone change is approved

5:30 PM Member of the public expressed desire for tree buffering to be added first.

- Comment acknowledged, can be explored if zone change is approved

Member of the public asked how Hammond Lumber can be trusted to plant buffers

- Any required buffering will be installed in accordance with the applicable approvals

- Will be enforced by the city under the site plan approval process if zone change is approved and project is allowed to move forward

Member of the public asked for overview of Zone change and site plan process

- Eric Cousens provided overview of zone change process and site plan application process

5:35 PM Member of the public asked what happened to imaginary road going through the site and what happens to ownership?

- Potentially a paper street and never built
- Meeting attendee with knowledge of land history (Tim Allen, family owned previously all land of Arbania Street subdivision) clarified there was a trolley easement which may have been what was seen. Mentioned sewer easement also possible. Mentioned if there were any roads they may have been proposed, and do not exist, therefor not applicable.

Member of the public asked if city council takes into account their comments/input

- Yes, meeting minutes will be provided with notes of tonight's meeting

Member of the public commented they are worried the City will mess up again and referenced Auburn Concrete site and summarized disapproval of their operation. Gravel falling in Poland Road from trucks and loud operations.

- Comment acknowledged

5:40 PM Member of the public asked: Where will people park after hours when gates are closed? (to view streetside or internal displays)

- Customers typically don't stop by after hours, and Hammond Lumber doesn't anticipate many customers coming to view any new potential staging/displays after hours

Member asked about hours and why not open on weekends

- Minimal locations open on Saturdays, closed on weekends for general employee health/longevity/happiness

Member of the public asked if the zone change will be very beneficial to Hammond Lumber and/or increase sales

- It will allow for a more attractive site, safer circulation and access through the site, and better functioning overall.
- Unknown change in sales, potential for more retail attraction

5:45 PM Member of the public expressed concerns that Hammond Lumber has made slow changes over last 30 years and won't stop.

- Comment acknowledged, changes necessary for business expansion/improvements
- Willing to accept input and suggestions to be good neighbor

Member of the public said the "no overnight parking" rule can't be enforced in the industrial zone.

- No parking signs are being made for the front of the site to prevent overnight parking
- Can explore working with polices department to enforce no parking on Poland Road

5:50 PM Member of the public asked: Was there a specific intent when Hammond Lumber purchase the residential lot?

- No specific plan at time of purchase
- Land is directly in front of Hammond Lumber and opportunity presented itself to acquire the property (first refusal)

Member of the public asked: What is the timeline for this process? What happens if zone change is denied?

- Final approval/disapproval of zone change anticipated in August
- Full site plan review process will begin if zone change approved
- If no approval of zone change then no moving forward with current site plan concept

Member of the public asked if there will be improvements to buffering in rear of site

- The current focus is on the front of the property and the zone change
- If allowed to move forward with site plan process city can enforce new buffering standards
- Hammond Lumber is willing to explore additional buffering in rear of site (both fencing and landscaping). Additional buffering could

potentially be provided if stripping/cut from proposed front parking lot were to be placed in rear by existing detention pond

5:55 PM Member of the public expressed desire for Hammond Lumber to be overall better neighbor

- Comment acknowledged

Member of the public asked when city council will look at this

- Next meeting where city council will review this zone change request is July 18th

6:00 PM: **Meeting Concluded**

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: August 1, 2022 **Ordinance:** 18-07182022

Author: Eric J Cousens, Planning and Permitting Director

Subject: Public Safety, Detention, and Correctional Facility Moratorium

---

Information: The Androscoggin County Commissioners have announced plans to acquire property within the City to be used as a new or additional location for offices of the Androscoggin County Sheriff's Department and as a new or additional location for the Androscoggin County Jail.

The City's current ordinances governing land use, zoning, site plan review and special exception review do not adequately or specifically address Public Safety Facilities, Detention Facilities or Correctional Facilities.

The development of new or additional Public Safety, Detention Facilities or Correctional Facilities could pose serious threats to the public health, safety and welfare of the residents and businesses abutting or in close proximity to such facilities without adequate provision for issues of public safety, health, land use compatibility, noise, visual degradation and environmental degradation.

A moratorium was adopted on March 7, 2022 on development proposals involving Public Safety Facilities, Detention Facilities, or Correctional Facilities at a site on which one currently does not exist, however staff has not been able to fully address this and is proposing the city council extends the moratorium, for another six months as allowed by State law.

City Budgetary Impacts: None

Staff Recommended Action: Passage of second reading, extending the moratorium for another six months.

Previous Meetings and History: Public hearing and first reading held 7/18/2022.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell J.

Attachments: Proposed Moratorium

ORDINANCE 18-07182022

City Council Ordinance

CITY OF AUBURN

EXTENDING THE PUBLIC SAFETY, DETENTION AND CORRECTIONAL FACILITY MORATORIUM ORDINANCE

Be it Ordained, that the City Council hereby extends the six-month moratorium below that was adopted on March 7, 2022 for another six months.

THE CITY OF AUBURN adopts a Public Safety, Detention, and Correctional Facility Moratorium Ordinance as follows:

WHEREAS, the Androscoggin County Commissioners have announced plans to acquire property within the City to be used as a new or additional location for offices of the Androscoggin County Sheriff's Department and as a new or additional location for the Androscoggin County Jail;

WHEREAS, the current offices of the Androscoggin County Sheriff and the current Androscoggin County Jail are used for law enforcement, communications, emergency management, special operations, investigations, civil service, detention, including the holding and housing of persons in custody under process of law pending the outcome of legal proceedings, and corrections, including the holding and housing of persons for the purposes of punishment, correction, or rehabilitation following conviction of a criminal offense;

WHEREAS, the City's current ordinances governing land use, zoning, site plan review and special exception review do not adequately or specifically address Public Safety Facilities, Detention Facilities or Correctional Facilities;

WHEREAS, development of new or additional Public Safety Facilities, Detention Facilities or Correctional Facilities could pose serious threats to the public health, safety and welfare of the residents and businesses abutting or in close proximity to such facilities without adequate provision for issues of public safety, health, land use compatibility, noise, visual degradation and environmental degradation;

WHEREAS, the City is in the process of reviewing its Code of Ordinances, and needs additional time to study its Code of Ordinances to determine the implications of development proposals involving Public Safety Facilities, Detention Facilities and Correctional Facilities;

WHEREAS, the City Council and the Planning Board, with such professional advice and assistance as they deem necessary and appropriate, shall study the City's ordinances to determine the public safety, health, land use, environmental and other regulatory implications of development proposals involving Public Safety Facilities, Detention Facilities and Correctional Facilities and consider what regulations might be appropriate for such activity;

Richard Whiting, Ward One
Joseph Morin, Ward Four
Belinda A. Gerry, At Large
Ryan Hawes, Ward Two
Leroy G. Walker, Ward Five
Jason J. Levesque, Mayor
Stephen G. Milks, Ward Three
Dana Staples, At Large
Phillip L. Crowell, Jr., City Manager

City Council Ordinance

WHEREAS, the City's current ordinances are not adequate to prevent serious public harm from proposed development proposals involving Public Safely Facilities, Detention Facilities and Correctional Facilities;

WHEREAS, the City's current ordinances do not contain sufficient standards to effectively provide municipal review and approval of development proposals involving Public Safety Facilities, Detention Facilities and Correctional Facilities;

WHEREAS, it is anticipated that such a study, review, and development of recommended ordinance changes will take at least one hundred and eighty (180) days from the date the City considers this moratorium on development proposals involving Public Safety Facilities, Detention Facilities, and Correctional Facilities;

WHEREAS, amendments to ordinances may require public hearings by the Planning Board and City Council and votes by the Planning Board and City Council; and

WHEREAS, in the judgment of the City, these facts create an emergency within the meaning of 30-A M.R.S.A. § 4356(1), and require this Ordinance as immediately necessary for the preservation of the public health, safety and welfare;

NOW, THEREFORE, the City does hereby ordain that the following Moratorium Ordinance be, and hereby is, enacted:

Section 1. Moratorium Declared.

The City does hereby declare a moratorium on development proposals involving Public Safety Facilities, Detention Facilities, or Correctional Facilities at a site on which one currently does not exist. The moratorium shall remain in effect for one hundred and eighty (180) days from the date of applicability of this Ordinance, unless extended or modified by the City Council, for the express purpose of drafting an amendment or amendments to City ordinances to protect the public from health and safety risks including, but not limited to, the potential adverse public safety, health. land use compatibility, noise, environmental degradation and visual degradation effects of development proposals involving a Public Safety Facility, Detention Facility or Correctional Facility if not properly regulated; and

BE IT FURTHER ORDAINED, that notwithstanding the provisions of 1 M.R.S.A. § 302 or any other law to the contrary, this Ordinance, when enacted, shall apply to any development proposals involving a Public Safety Facility, Detention Facility, or Correctional Facility for which an application for site plan review has not been determined to be complete by vote of the Planning Board prior to February 22, 2022, which is the applicability date of this Ordinance; and

BE IT FURTHER ORDAINED, that no person or organization shall start or engage in the

construction or operation of a Public Safety Facility, Detention Facility, or Correctional Facility for which an application for site plan review has not been determined to be complete by vote of the Planning Board prior to February 22, 2022, without complying with whatever ordinance amendment or amendments the City may enact as a result of this moratorium; and

BE IT FURTHER ORDAINED, that during the time this moratorium is in effect, no officer, official, employee, office, administrative board or agency of the City shall accept, process, approve, deny, or in any other way act upon any application for a license, building permit, certificate of approved use, conditional use review, special exception review and/or any other permits, licenses or approvals related to a Public Safety Facility, Detention Facility, or Correctional Facility for which an application for site plan review has not been determined to be complete by vote of the Planning Board prior to February 22, 2022; and

BE IT FURTHER ORDAINED, that those provisions of the City's ordinances that are inconsistent or conflicting with the provisions of this Ordinance, are hereby repealed to the extent that they are applicable for the duration of the moratorium hereby ordained, and as it may be extended as permitted by law, but not otherwise; and

BE IT FURTHER ORDAINED, that should any section or provision of this Ordinance be declared by any court of competent jurisdiction to be invalid, such a declaration shall not invalidate any other section or provision.

Section 2. Violations; Civil Penalties.

If the construction or operation of a Public Safety Facility, Detention Facility, or Correctional Facility is initiated in violation of this Ordinance, each day of any continuing violation shall constitute a separate violation of this Ordinance, and the City shall be entitled to all rights available to it in law and equity, including, but not limited to, fines and penalties in accordance with 30-A M.R.S.A. § 4452 or City ordinance, injunctive relief, and its reasonable attorney's fees and costs in prosecuting any such violations.

Section 3. Definitions.

Correctional Facility means a facility in which persons are held and housed primarily for the purposes of punishment, correction, or rehabilitation following conviction of a criminal offense. This definition includes pre-release facilities, but does not include work release centers.

City means the City of Auburn, Maine, a municipal corporation organized and existing under the laws of the State of Maine.

Detention Facility means a facility in which persons are held and housed in custody under

City Council Ordinance

process of law, pending the outcome of legal proceedings, but not for the purposes of punishment, correction, or rehabilitation following conviction of a criminal offense.

Public Safety Facility means a facility in which the operations of law enforcement, communications, fire services, emergency management, special operations, investigations, or civil services are housed for emergency and public safety responses.

Section 4. Effective Date; Emergency Declaration

The City Council declares the existence of an emergency because the Code of Ordinances is insufficient to prevent serious public harm that could be caused by the unregulated development of Public Safety Facilities, Detention Facilities, and Correctional Facilities, thereby necessitating a moratorium to provide an opportunity for the City to review the potential impacts and harm that may be caused by such development, and to amend its Code of Ordinances to mitigate the potential impact and harm on the City, its businesses and its residents. This Ordinance shall be effective immediately upon enactment by the City Council and shall remain in effect for one hundred and eighty (180) days from the date of enactment unless it is adopted as a regular ordinance within that time period.

Adopted on March 7, 2022

City of Auburn
City Council Information Sheet

Council Public Hearing: August 1, 2022 **Ordinance:** 19-07182022

Author: John A. Blais, Deputy Director of Planning and Permitting

Subject: First Reading: Creation of a New DISTRICT REGULATION in Division 14, FORM BASED CODE; Article IV, Division 14, Sec. 60-549B-60-549.3B Traditional Downtown Neighborhood T- 4.2B

I. **Information**: The comprehensive plan update adopted on December 6, 2021, identified zoning map and text amendments needed to implement the goals of the plan updates. The area under discussion was recommended by Planning Board on June 21 and amended by City Council on June 27, 2022: *Residential uses should be allowed at a density driven by the form, lot size and configuration of the lot with no minimum road frontage required, shared driveways are encouraged. The areas within the Traditional Neighborhood designation are served by public/community sewer and water. No front yard needs to be any deeper than the average depth off front yards on the lots next thereto on either side. Side and rear setbacks should be 5-10 feet or 25% of the average depth of the lot to establish dimensional standards that relate to the size and width of the lot with up to 70% lot coverage. Minimum building height 1 story with maximum of 3 stories (excluding an attic story).*

II.

1.) All Bed and Breakfast establishments allowed with special exception approval from the Planning Board.
2.) Residential Facilities allowed with special exception approval from the Planning Board.
3.) Lodging allowed with special exception approval from the Planning Board.
4.) Personal Services allowed with special exception approval from the Planning Board.
5.) Age restricted retail not allowed.
6.) Restaurants with over 30 seats not allowed.
7.) Government offices allowed with special exception approval from the Planning Board.
8.) Parking requirements (public or private) may be provided within 500 feet of the establishment for all FBC.
9.) Office, Service and Retail Use limited to 1,500 SF footprint and must include a residential unit, no drive through businesses allowed.
10.) Multifamily allowed with special exception approval from Planning Board.
11.) Artist studios and performing arts centers allowed with special exception
12.) No front yard needs to be any less than the average depth off front yards on the lots next thereto on either side.

The Planning Board and Council considered an adoption of a new Form Based Code T-4.2B. Staff recommends creating this new zoning district that better fits the area and incorporates a text component of new zone T-4.2B as recommended by the Council and Planning Board. Council amended Planning Board's recommendation to change the front setback requirements from a minimum of 5 to a maximum of

15 to a 5-foot minimum to a maximum of 25 foot or 25% of the lot whichever is more. Council instead decided to adopt similar front setback requirements to the General Business (GB) zoning district (#12 above). A draft of the codification based on Planning Board and Council input and the findings of staff report to Planning Board are attached.

Staff Recommended Action: Consider passage of second reading

Previous Meetings and History: January 3rd Council Discussion Initiation, March 21,2022 Council First Reading and February 8th and March 8, 2022, Planning Board, June 21st Planning Board Meeting, June 27th City Council Meeting, public hearing and passage of first reading on 7/18/2022.

City Manager Comments:

I concur with the recommendation. Signature:

DRAFT FOR REVIEW AND FINALIZTION AT THE 6/28/22 PLANNING BOARD MEETING

To: Auburn City Council

From: Auburn Planning Board

RE: Planning Board Report to City Council on Zoning Text and Map Amendments (T-4.2B Text and Court Street/City Core; 1,687.41 acres of Traditional Neighborhood Development District Areas Map amendment

Date: June 28, 2022

This report is the report from the Planning Board regarding the above-described map and text amendments pursuant to Section 60-1496 of the City of Auburn Ordinances. After notice and Public Hearings held on June 21, 2022, the Planning Board forwards this report to the City Council. The Board Recommends as follows:

1. PROPOSAL: **PUBLIC HEARING: Zoning Amendments**: Court Street/City Core; 1,687.41 acres of Traditional Neighborhood Development District Areas (T-4.2). Proposed text amendments to the Court Street/City Core of Urban Residential Area; 1,687.41 acres of Formed Base Code T-4.2 to T-4.2B (Exhibit A)

Motion: Brian DuBois; Second: Stacey LeBlanc

"I make a motion to recommend to City Council a text amendment suggested by Council with creation of a new form-based code zone T-4.2B with items listed under section 2 of your summary with a couple of revisions. One is under #9 to remove the words upper floor and say must include residential unit, and add number 12: that artists' studios and performing arts centers be considered a Special Exception"

Motion: Evan Cyr; Second: Riley Bergeron

"I make a motion to amend the front setbacks to include that we change the setbacks from a minimum of 5 to a maximum of 15 to a 5-foot minimum to a maximum of 25 foot or 25% of the lot whichever is more."

Motion to amend passes 7-0

The main motion is now amended to include the amended setbacks

---

Motion: Evan; Second: Mathieu Duvall

I am going to make a motion to amend to remove note number five (5) on page 19 of 22 which read that density of 14 dwelling units per acre unless special exception subject to planning Board approval."

Motion to amend passes 6-1

Motion to recommend new zone, T-4.2B with amendments passes 7-0

2. PROPOSAL: **PUBLIC HEARING: Zoning Map Amendments**: Court Street/City Core; 1,687.41 acres of Traditional Neighborhood Development District Areas (T-4.2). Proposed map amendment to the Court Street/City Core of Urban Residential Area; 1,687.41 acres of Formed Base Code T-4.2 to T-4.2B (Exhibit A)

Motion: Mathieu Duvall; Second Riley Bergeron

I'd like to make a motion to postpone this item until the first regular meeting of the Planning Board after the City Council finishes its deliberation and makes its decision on adoption of T-4.2B

Motion does not pass 0-7

Motion: Evan Cyr; Second Mathieu Duvall.

I make a motion to recommend the City to not (make a map) amend(ment) (regarding changing) T-4.2 to T-4.2 B for the Court Street area with a total area having been suggested for amendment of 1687.41 acres shown on the map exhibit A, due to process concerns specific to not knowing what the final language of T-4.2B will be from City Council that the Board would be adopting.

Motion passes as amended 7-0

DRAFT FOR CLARIFICATION BY THE BOARD: The Board intends to resume this discussion with an additional notice and public hearing after the T-4.2B Text has been finalized by the City Council.

OR

The Board requests direction from Council after receiving this report for how to proceed with future consideration.

Motion to continue the meeting to take on Item 5-8,

Motion does not pass. 5-2 (Need 100% concurrence found in Planning Board Policy- Article VI D: **No New Business.**

City of Auburn, Maine
Office of Planning and Permitting
60 Court Street | Auburn, Maine 04210
www.auburnmaine.gov | 207.333.6601

To: Auburn Planning Board from City Council
From: John Blais, Deputy Director of Planning & Permitting
Re: City Council update to T-4.2B
Date: June 28, 2022

The Council acknowledged that the PB did what they asked and they appreciate the recommendation. Council also discussed a couple of considerations or tweaks to the language that they will consider on July 18th.

1. Apply marijuana buffer map over zoning to see if there is any concern with areas available for MJ business being mixed in with another retail store at less than 50% floor area to avoid being an age restricted business under the existing definition. Special exception for any retail business could address the concern if PB reviews them, which is required, but they want the information to consider.

2. Setback Maximum. 25% may create anomalies. Consider GB language that averages adjacent setbacks for conformity with existing patterns: *No front yard needs to be any deeper than the average depth off front yards on the lots next thereto on either side. A vacant lot or a lot occupied by a building with a front yard more than 25 feet shall be considered as having a front yard of 25 feet*.

3. Give map examples of lots over 100 feet deep. Generally, characterize where this is common or unusual.

Action by Planning Board: None required

ORDINANCE 19-07182022

City Council Ordinance

IN CITY COUNCIL

Creation of a New DISTRICT REGULATION in Division 14, FORM BASED CODE; Article IV, Division 14, Sec. 60-549B-60-549.3B Traditional Downtown Neighborhood T- 4.2B

Be it ordained, that the City Council approve the creation of a New DISTRICT REGULATION in Division 14, FORM BASED CODE; Article IV, Division 14, Sec. 60-549B-60-549.3B Traditional Downtown Neighborhood T- 4.2B as recommended by the Planning Board on June 21, 2022 and amended as attached.

Richard Whiting, Ward One
Joseph Morin, Ward Four
Belinda A. Gerry, At Large
Ryan Hawes, Ward Two
Leroy G. Walker, Ward Five
Jason J. Levesque, Mayor
Stephen G. Milks, Ward Three
Dana Staples, At Large
Phillip L. Crowell, Jr., City Manager

DIVISION 14. FORM BASED CODE[1]

Subdivision I. In General

Sec. 60-546. Purpose.

The purpose of the form based code is to:

(a) Provide a building development pattern that is based upon the built environment's physical form and its relationship to the public realm and the private realm.

(b) Allow for a diversity of uses appropriate and compatible to the designated district area.

(c) Provide a more accelerated building design, review, approval and construction process.

(d) Deliver a more predictable building development outcome that is consistent with the traditional pedestrian-oriented street-building development pattern.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-547. Transects.

Form based code uses transects as a way to describe the areas under the regulating plan. A transect is a system of ordering human habitats in a range from the most natural to the most urban. Auburn's transects are organized using five form based code districts, (Transect 4.1, Transect 4.2B, Transect 4.2, Transect 5.1, Transect 5.2 and Transect 6), which describe the physical character of a place at a certain scale, according to the density and intensity of land use and urbanism.

(Ord. No. 04-03072016, 5-16-2016)

[1]Editor's note(s)—Ord. No. 04-03072016, adopted May 16, 2016, repealed former Div. 14, §§ 60-546—60-549, in its entirety and enacted new provisions as herein set out. Former Div. 14 pertained to the central business district and derived from Ord. of 9-21-2009, §§ 3.69A—3.69D; Ord. of 2-16-2010.

Sec. 60-548. Traditional Main Street Neighborhood (T-4.1)

Illustrative View of T-4.1 (Main Street)

Intent and Purpose:
Traditional Main Street Neighborhood (T-4.1)

The Main Street Neighborhood district is designed to continue the existing pattern of large houses set along Main Street. This area is characterized by front porches, residential front yards and front doors facing the street. T-4.1 promotes a lower-density and less concentrated pattern of buildings along the street, while maintaining a pleasing, connective and compact multi-modal environment.

Characteristic Features

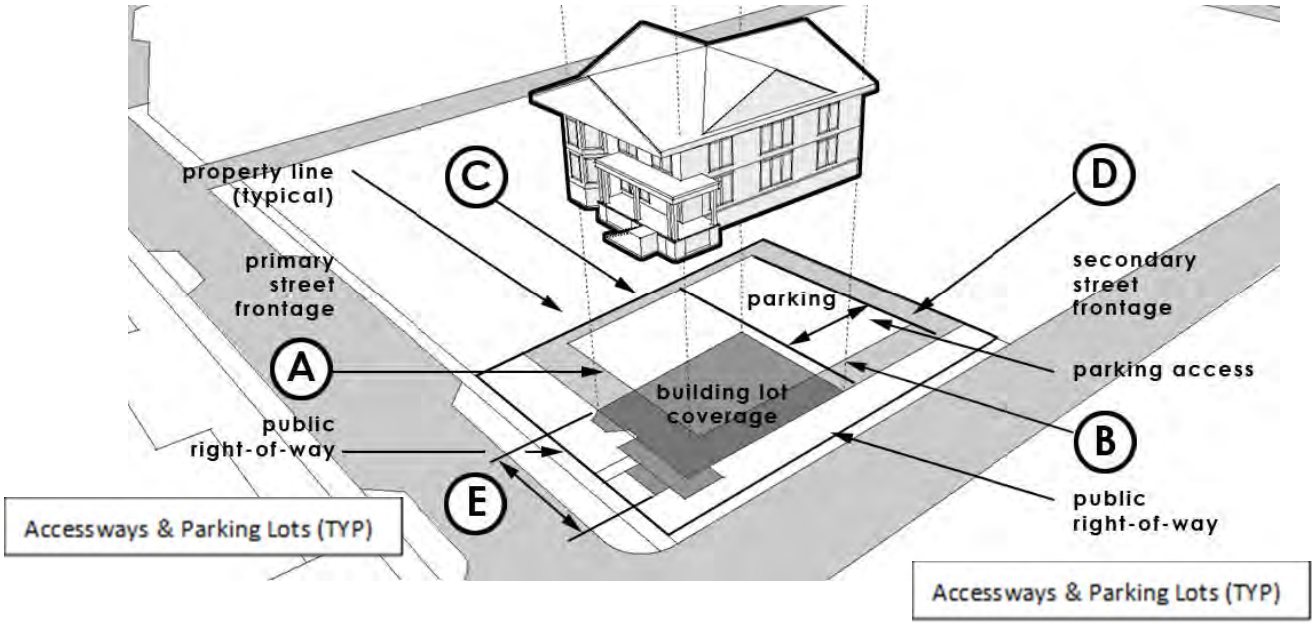
- Front lawns
- Front facade detailing
- Frontage fences
- Porches
- Bay windows
- Foundation planting and yard landscaping
- Street Trees
- Lower Density

Examples of Main Street Neighborhood - T-4.1

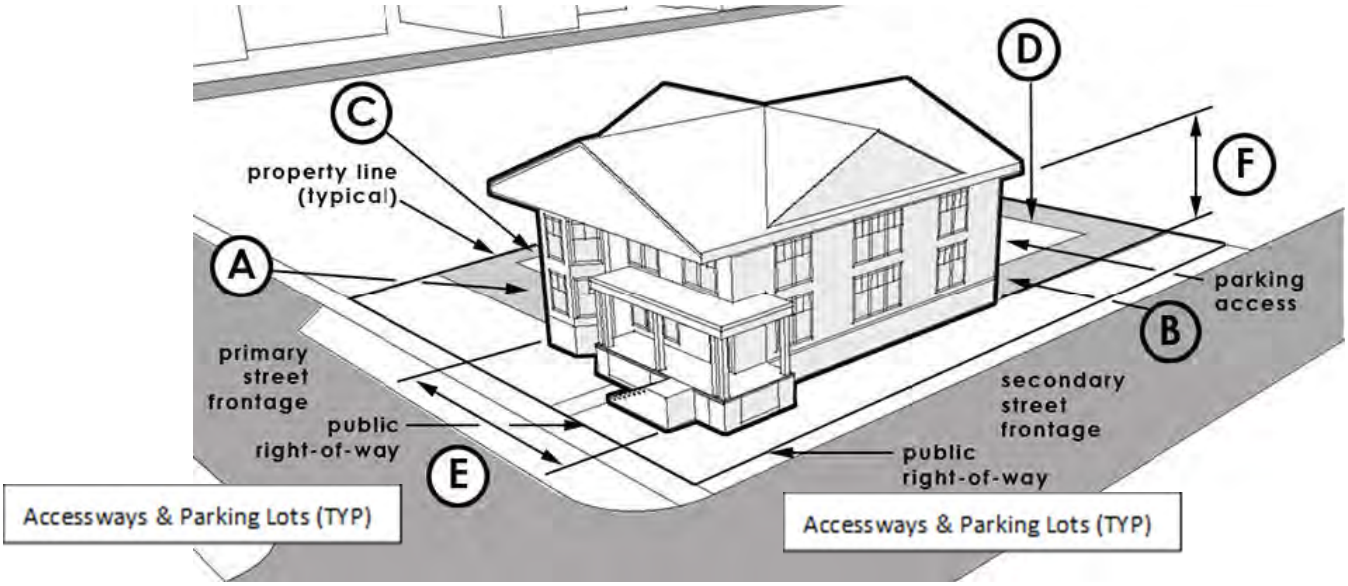
(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-548.1. Building placement and configuration T-4.1.

Elevated Building Placement



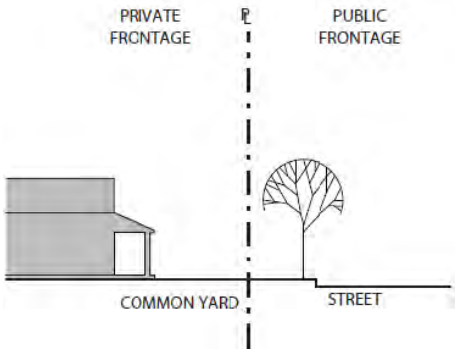
Building Placement on Lot



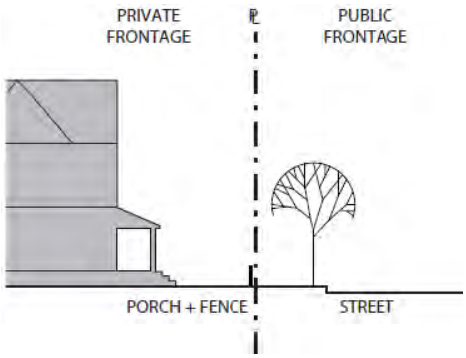
PRINCIPAL BUILDING PLACEMENT:		
Front Setback, Principal:	15 ft. Min. 25 ft. Max.	(A)
(Corner Lot) Front Setback, Secondary:	15 ft. Min., 25 ft. Max	(B)
Side Setback:	5 ft. Min.	(C)
Rear Setback:	10 ft. Min.	(D)
Building Lot Coverage:	60% Max.	
Useable Open Space:	20% Min.	
Frontage Build-Out:	40% Min. (along Front Setback, Primary)	
Lot Width:	24 ft. Min, 120 ft. Max	
PRINCIPAL BUILDING CONFIGURATION:		
Building Width:	14 ft. Min., 64 ft. Max.	(E)
Building Height Minimum:	2 Story Min.	(F)
Building Height Maximum:	2 Story Max. (excluding attic story)	(F)

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-548.2. Building frontages types T-4.1.



Common Yard



Porch Yard

BUILDING FRONTAGE TYPES:	Common Yard; Porch Yard

BUILDING ENTRIES:	Primary entry door is encouraged along ground story facade facing a primary street.
BUILDING ENVELOPE ARTICULATION:	
Ground Story Building Frontage Facade:	Windows and doors shall comprise a minimum of 25% and maximum 60% coverage of the total ground story facade frontage.
Upper Story Building Frontage Facades:	Windows and doors shall comprise a minimum of 20% and maximum 40% coverage of the total upper story facade frontage.
Ground Story Finished Floor Elevation:	The ground story shall be a minimum of 2 feet and 6 feet maximum above the front yard elevation (average grade).
Frontage Facade Wall:	Blank lengths of wall exceeding 10 linear feet are prohibited.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-548.3. External elements T-4.1.

Front Yard Fence:	A front yard fence a minimum of 2 feet and a maximum of 4 feet in height is encouraged to maintain spatial edge of street. Chain link, vinyl, split rail, or barbed wire is not allowed.
Front Yard Fence/Wall Opening:	A vehicle entry way, as part of a front fence/wall, shall be a maximum width of 20 feet; a pedestrian entry way shall be a maximum width of 6 feet.
Building Projections:	No part of any building, except overhanging eaves, awnings, balconies, bay windows, stoops and other architectural features shall encroach beyond the minimum or maximum front setback line.
Porch & Stoop Encroachments:	Porches & Stoops may encroach upon the minimum front setback line by the following distances: Front Setback, Principal Frontage 10 ft. maximum. Front Setback, Secondary Frontage 10 ft. maximum.
Garages:	Detached garages shall be located a minimum of 20 feet from any street right-of-way.
Driveways:	Driveways are encouraged to be on the secondary street frontage. Driveways shall be paved and a minimum of 8 feet wide and a maximum of 20 feet wide.
Parking:	Residential - Vehicle parking areas shall be located only on driveways or designated parking areas and shall not extend into the street right-of-way or sidewalk. Commercial - Parking shall be located to rear of the property to the greatest extent possible. Parking on a side yard is limited to no more than 60 feet wide or

	40% of the lot width. Screening and/or street wall is required for parking areas along a street.
Accessory Structures:	Accessory structures shall be located a minimum of 20 feet from any street right-of-way and 5 feet from either side or rear property line.
Landscaping:	Landscaping is encouraged but shall not extend into any sidewalk or travel way. Street trees are encouraged.
Foundation Planting:	Foundation plantings are encouraged but should be pruned and maintained with enough clearance from the building facade to encourage air circulation.

(Ord. No. 04-03072016, 5-16-2016; Ord. No. 11-03012021, § 65, 3-15-2021)

Sec. 60.549B. Traditional Neighborhood T-4.2B.

Illustrative View of T-4.2B

(Insert Image)

Intent and Purpose:
Traditional Neighborhood (T-4.2B)

The Traditional Downtown Neighborhood district is characterized by a small to medium sized buildings with smaller front yards and stoops in a more compact urban environment, and includes and traditional neighborhood sized storefronts. The smaller minimum and maximum building set-backs form a moderately dense street-wall pattern, diverse architectural styles and pedestrian friendly streets and sidewalks.

Characteristic Features

- More public and private realm interaction
- Front facade detailing
- Small front yards
- Bay windows
- Neighborhood scaled storefronts with large windows
- Frontage Fences
- Street Trees
- Moderate densities

(Ord. No. 04-03072016, 5-16-2016)

Foundation Planting:	Foundation plantings are encouraged but should be pruned and maintained with enough clearance from the building facade to encourage air circulation.

Sec. 60-553. Intent.

The conservation/open space district is reserved for natural resource and compatible open space uses such as agriculture and forestry, low-intensity recreation, facilities that provide water access and similar low impact uses. Uses that involve significant development or impervious surfaces should not be allowed in this district. Uses such as utility lines and roads may be located within the district if there is no practical alternative.

Notes:

(1) Uses not listed are considered prohibited unless deemed similar by the director of planning or by the planning board through a special exception approval.

(2) *Parking requirements in **T-4.1 T-4.2, T-4.2B**, T-5.1, T-5.2 and T-6 may be provided by the municipality or private parking resources within **500** feet of the principal building, subject to planning board approval.

(3) Where more than 50 percent of floor space is devoted to age restricted goods. This may include licensed adult use or medical marijuana stores.

(4) Office, Service and Retail uses limited to 1,500 SF footprint and must have a residential unit, with drive- through access not allowed.

(Ord. No. 04-03072016, 5-16-2016; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 07-05202019, 6-3-2019; Ord. No. 29-06212021, 7-19-2021)

Subdivision II. Form Based Code Administration

Sec. 60-555. Form based code administration.

Form based code relation to zoning ordinance:

(1) The form based code shall regulate areas designated as form based code districts.

(2) All buildings and land uses located within a form based code district shall comply with section 60-33 et seq. (General Provisions) unless specifically stated otherwise in sections 60-546 to 60-558 of the form based code.

(3) Site plan/special exception. Any project located within a form based code district that requires special exception or site plan review shall comply with section 60-45.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-556. Form based code plan types.

(a) *Administrative types.*

(1) *By right.* No permits are required for projects such as normal maintenance or for new structures under 200 square feet.

(2) *Minor administrative.* Projects that require permits and comply with all form based code or zoning regulations, may be approved and permitted by the appropriate city departmental staff and will not require multiple departmental or planning board approval. These projects can be applied for at any time.

(3) *Major administrative.* Projects that do not qualify as a Subdivision. Special exception or site plan review type plans and comply with all form based code or zoning regulations, but due to multiple issues, will require review by the multiple city departmental staff.

(b) *Discretionary type plans.* The following plan types shall require review and action by the planning board.

(1) Subdivisions of three or more lots over a five-year period or a project creating more than three dwelling units. (Subdivision Review).

(2) Any project listed as special exception or "S" in section 60-554, Use and Parking Matrix Chart. (Special Exception and Site Plan Review).

(3) Any project within the form based code district proposing a total of 12,000 square feet of new construction, all floors included. (Special Exception and Site Plan Review).

(4) Any amendment to an existing discretionary plan that increases existing square footage more than 25 percent.

(5) Any project located within the form based code district area that seeks a waiver from the adopted form based code regulating development standards shall submit a complete Special Exception and Site Plan Review application for Planning Board review and action.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-557. Applicability.

(a) Any minor, major administrative type plan and/or discretionary plan, as defined in section 60-556, located within a form based code district, shall be required to submit a development review application prior to any issuance of building permits or development activity.

(b) Any development activity on or within property located with the form based code district shall be reviewed for compliance with applicable form based code or zoning ordinance regulations.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-558. Form based code development application procedure.

(a) *Administrative type plan application process.*

(1) Applicant identifies the subject property's zoning/transect district and determines what plan type the project is.

(2) Applicant reviews the project's compliance for form based code development standards, sections 60-548 through 60-552; including all sections on purpose, building placement and configuration, building frontages, external elements, lot layout, the Parking and Use Matrix Chart and administration; along with any other applicable zoning ordinance Regulations.

(3) Pre-development consultation. All administrative type plan applicants are encouraged to contact the Auburn Planning Office for a pre-development consultation to confirm the property's form based code or zoning district and discuss the form based code requirements and related zoning and/or other regulatory items. Failure to consult with the planning office may result in the delay of acceptance, review and approval of the application.

(4) Any minor or major administrative plan or discretionary plan applicant in a form based code district shall complete and submit a cover letter describing the project, a development review application, a form based code development checklist and the appropriate application fee and number of applications to the planning office.

(5) All form based code applications will be reviewed by the planning staff for completeness and applicant will be notified within five working days if the plan is deemed complete and whether the plan is administrative or discretionary. The applicant is responsible for working with the planning staff to correct any deficiencies needed to be accepted for further review.

(6) Type 2 and 3 administrative plans will be reviewed by the appropriate city departmental staff or other relevant agencies who will recommend approving, disapproving or postponing to allow for time to correct the application. The director of planning will notify the applicant of the decision in writing within 15 calendar days of its receipt of a completed application.

(7) The director of planning shall have the authority to require an administrative plan to be considered by the planning board and notify the applicant the justifications for doing so.

(b) *Discretionary project application process.*

(1) Applicant identifies subject property's zoning/transect and determines what plan type the project is.

(2) Applicant reviews the project's compliance for the applicable form based code development standards sections 60-548 through 60-552; including all sections on purpose, building placement and configuration, building frontages, external elements, lot layout, the Parking and Use Matrix Chart and administration; along with any other applicable zoning ordinance regulations.

(3) Pre-development consultation. All potential development and project applicants are encouraged to contact the Auburn Planning Office for a pre-development consultation to confirm the form based code or zoning regulations and discuss the form based code requirements and related zoning and/or other regulatory items. Failure to consult with the planning office may result in the delay of acceptance, review and approval of the application.

(4) Discretionary plan applicants will submit; a development review application, a form based code development checklist the appropriate application fee and number of applications to the planning office for review and consideration by the planning board according to their normal submission deadline and meeting schedule.

(5) Applications not meeting all the requirements of the form based code may include waiver as per section 60-1312 or variance requests as part of their application.

(c) *Waiver requests.*

(1) Any waiver request of form based code standards and requirements must identify what is regulation is being requested for the waiver and include a narrative explaining how the waiver, if approved, will allow the project to meet the purpose of the form based code and the objective of section 60-1277, site plan review.

(d) *Planning board approval.*

(1) The planning board shall approve, approve with conditions, disapprove or postpone based on its review of the application meeting all existing requirements, conditions, criteria and provisions of special exception, site plan review. Subdivision law and any other relevant procedural requirement of Chapter 60, Zoning, as part of its consideration of a form based code application.

(2) The planning board shall provide findings for approval or disapproval based on the application's meeting the purpose of the form based code.

(Ord. No. 04-03072016, 5-16-2016; Ord. No. 11-03012021, § 41, 3-15-2021)

EMAIL INQUIRIES: maineliquor@maine.gov

Thank you for your interested in becoming a licensed establishment to sell and serve alcoholic beverages in Maine. To avoid any delay in the processing of your application and the subsequent issuance of your liquor license, please use the following checklist to assist you in completing the application. If you are renewing your license, this checklist is useful as well.

- ☑ Your application has been completed in its entirety and is legible. For a renewal, please submit your application 30 days prior to the expiration date of your liquor license.
- ☑ Your application is signed and dated by a duly authorized person.
- ☑ The application is signed and approved by the Town or City Municipal Officers or County Commissioners.
- ☑ The license fee submitted is for the correct fee for the license class for which you are applying and includes the $10.00 filing fee.
  - ☑ The check must be made payable to "Treasurer, State of Maine"; both the license and filing fees can be submitted on one check.
  - ☐ If the licensee/applicant(s) is in an unorganized township, the application must be approved by the County Commissioners and the $10.00 filing fee must be paid to them. Please be sure to include a copy of the receipt of payment with your application.
- ☐ For a renewal, the dollar amount of your gross income for food, liquor and guest rooms, if applicable must be completed – see Section I.1
- ☑ A diagram of the facility to be licensed must accompany **all** applications whether for a new license or the renewal of an existing license
- ☑ If you are a registered business entity with the Maine Secretary of State's office like a corporation or a limited liability company, you must complete Section VII of the application. This does not need to be completed if you are a sole proprietor.
- ☑ Have you applied for other required licensing from other state and federal agencies? See attached list.

Important – all applications whether for a new license or to renew an existing license for an on-premises liquor licenses must contact their Municipal Officials or the County Commissioners in unincorporated places to have their application approved and signed prior to submitting it to the Bureau for further consideration.

Section III: For use by Municipal Officers and County Commissioners only

The undersigned hereby certifies that we have complied with the process outlined in 28-A M.R.S. §653 and approve this on-premises liquor license application.

Dated: _____

Who is approving this application? ☐ Municipal Officers of _____

☐ County Commissioners of _____ County

☐ **Please Note:** The Municipal Officers or County Commissioners must confirm that the records of Local Option Votes have been verified that allows this type of establishment to be licensed by the Bureau for the type of alcohol to be sold for the appropriate days of the week. Please check this box to indicate this verification was completed.

Signature of Officials	Printed Name and Title

This Application will Expire 60 Days from the date of Municipal or County Approval unless submitted to the Bureau

Included below is the section of Maine's liquor laws regarding the approval process by the municipalities or the county commissioners. This is provided as a courtesy only and may not reflect the law in effect at the time of application. Please see http://www.mainelegislature.org/legis/statutes/28-A/title28-Asec653.html

§653. Hearings; bureau review; appeal

1. Hearings. The municipal officers or, in the case of unincorporated places, the county commissioners of the county in which the unincorporated place is located, may hold a public hearing for the consideration of applications for new on-premises licenses and applications for transfer of location of existing on-premises licenses. The municipal officers or county commissioners may hold a public hearing for the consideration of requests for renewal of licenses, except that when an applicant has held a license for the prior 5 years and a complaint has not been filed against the applicant within that time, the applicant may request a waiver of the hearing.

A. The bureau shall prepare and supply application forms.

B. The municipal officers or the county commissioners, as the case may be, shall provide public notice of any hearing held under this section by causing a notice, at the applicant's prepaid expense, stating the name and place of hearing, to appear on at least 3 consecutive days before the date of hearing in a daily newspaper having general circulation in the municipality where the premises are located or one week before the date of the hearing in a weekly newspaper having general circulation in the municipality where the premises are located.

C. If the municipal officers or the county commissioners, as the case may be, fail to take final action on an application for a new on-premises license or transfer of the location of an existing on-premises license within 60 days of the filing of an application, the application is deemed approved and ready for action by the bureau. For purposes of this paragraph, the date of filing of the application is the date the application is received by the municipal officers or county commissioners. This paragraph applies to all applications pending before municipal officers or county commissioners as of the effective date of this paragraph as well as all applications filed on or after the effective date of this paragraph. This paragraph applies to an existing on-premises license that has been extended pending renewal. The municipal officers or the county commissioners shall take final action on an on-premises license that has been extended pending renewal within 120 days of the filing of the application.

D. If an application is approved by the municipal officers or the county commissioners but the bureau finds, after inspection of the premises and the records of the applicant, that the applicant does not qualify for the class of license applied for, the bureau shall notify the applicant of that fact in writing. The bureau shall give the applicant 30 days to file an amended application for the appropriate class of license, accompanied by any additional license fee, with the municipal officers or county commissioners, as the case may be. If the applicant fails to file an amended application within 30 days, the original application must be denied by the bureau. The bureau shall notify the applicant in writing of its decision to deny the application including the reasons for the denial and the rights of appeal of the applicant.

2. Findings. In granting or denying an application, the municipal officers or the county commissioners shall indicate the reasons for their decision and provide a copy to the applicant. A license may be denied on one or more of the following grounds:

A. Conviction of the applicant of any Class A, Class B or Class C crime;

B. Noncompliance of the licensed premises or its use with any local zoning ordinance or other land use ordinance not directly related to liquor control;

C. Conditions of record such as waste disposal violations, health or safety violations or repeated parking or traffic violations on or in the vicinity of the licensed premises and caused by persons patronizing or employed by the licensed premises or other such conditions caused by persons patronizing or employed by the licensed premises that unreasonably disturb, interfere with or affect the ability of persons or businesses residing or located in the vicinity of the licensed premises to use their property in a reasonable manner;

D. Repeated incidents of record of breaches of the peace, disorderly conduct, vandalism or other violations of law on or in the vicinity of the licensed premises and caused by persons patronizing or employed by the licensed premises;

D-1. Failure to obtain, or comply with the provisions of, a permit for music, dancing or entertainment required by a municipality or, in the case of an unincorporated place, the county commissioners;

E. A violation of any provision of this Title;

F. A determination by the municipal officers or county commissioners that the purpose of the application is to circumvent the provisions of section 601; and

G. After September 1, 2010, server training, in a program certified by the bureau and required by local ordinance, has not been completed by individuals who serve alcoholic beverages.

3. Appeal to bureau. Any applicant aggrieved by the decision of the municipal officers or county commissioners under this section may appeal to the bureau within 15 days of the receipt of the written decision of the municipal officers or county commissioners. The bureau shall hold a public hearing in the city, town or unincorporated place where the premises are situated. In acting on such an appeal, the bureau may consider all licensure requirements and findings referred to in subsection 2.

A. Repealed

B. If the decision appealed from is an application denial, the bureau may issue the license only if it finds by clear and convincing evidence that the decision was without justifiable cause.

4. Repealed

5. Appeal to District Court. Any person or governmental entity aggrieved by a bureau decision under this section may appeal the decision to the District Court within 30 days of receipt of the written decision of the bureau.

An applicant who files an appeal or who has an appeal pending shall pay the annual license fee the applicant would otherwise pay. Upon resolution of the appeal, if an applicant's license renewal is denied, the bureau shall refund the applicant the prorated amount of the unused license fee.

Section IV: Terms and Conditions of Licensure as an Establishment that sells liquor for on-premises consumption in Maine

- The licensee/applicant(s) agrees to be bound by and comply with the laws, rules and instructions promulgated by the Bureau.
- The licensee/applicant(s) agrees to maintain accurate records related to an on-premise license as required by the law, rules and instructions promulgated or issued by the Bureau if a license is issued as a result of this application.
    - The licensee/applicant(s) authorizes the Bureau to obtain and examine all books, records and tax returns pertaining to the business, for which this liquor license is requested, and also any books, records and returns during the year in which any liquor license is in effect.
- Any change in the licensee's/applicant's licensed premises as defined in this application must be approved by the Bureau in advance.
- All new applicants must apply to the Alcohol and Tobacco Tax and Trade Bureau (TTB) for its Retail Beverage Alcohol Dealers permit. See the TTB's website at https://www.ttb.gov/nrc/retail-beverage-alcohol-dealers for more information.

Section V: Fee Schedule

Filing fee required. In addition to the license fees listed below, a filing fee of $10.00 must be included with all applications.

Please note: For Licensees/Applicants in unorganized territories in Maine, the $10.00 filing fee must be paid directly to County Treasurer. All applications received by the Bureau from licensees/applicants in unorganized territories must submit proof of payment was made to the County Treasurer together with the application.

	This class includes only a Club without catering privileges.	
Class X	**For the sale of liquor (malt liquor, wine and spirits)**	$2,200.00
	This class includes only a Class A Lounge	
Class XI	**For the sale of liquor (malt liquor, wine and spirits)**	$1,500.00
	This class includes only a Restaurant Lounge	

Section VI Premises Floor Plan See attached

In an effort to clearly define your license premise and the areas that consumption and storage of liquor authorized by your license type is allowed, the Bureau requires all applications to include a diagram of the premise to be licensed.

Diagrams should be submitted on this form and should be as accurate as possible. Be sure to label the following areas: entrances, office area, coolers, storage areas, display cases, shelves, restroom, point of sale area, area for on-premise consumption, dining rooms, event/function rooms, lounges, outside area/decks or any other areas on the premise that you are requesting approval. Attached an additional page as needed to fully describe the premise.

Section VII: Required Additional Information for a Licensee/Applicant for an On-Premises Liquor License Who are Legal Business Entities

Questions 1 to 4 of this part of the application must match information in Section I of the application above and match the information on file with the Maine Secretary of State's office. If you have questions regarding your legal entity name or DBA, please call the Secretary of State's office at (207) 624-7752.

All Questions Must Be Answered Completely. Please print legibly.

1. Exact legal name: Make Dough LLC
2. Doing Business As, if any: Otto Auburn
3. Date of filing with Secretary of State: 02/18/2021 State in which you are formed: Maine
4. If not a Maine business entity, date on which you were authorized to transact business in the State of Maine: _____
5. List the name and addresses for previous 5 years, birth dates, titles of officers, directors, managers, members or partners and the percentage ownership any person listed: (attached additional pages as needed)

Name	Address (5 Years)	Date of Birth	Title	Percentage of Ownership
Gregory J Ingrao	22 Hawthorne St #2 Portland Maine 04103	10/28/89	partner	50
Brendon Medeiros	10 Swan St Portland Maine 04102	02/03/91	partner	50
Gregory J Ingrao	9 Willis St Portland, Maine 04101			

(Ownership in non-publicly traded companies must add up to 100%.)

Author: Glen E. Holmes, Director of Business & Community Development

Subject: Auburn-Lewiston HOME-ARP Plan

Information:
The Auburn-Lewiston HOME Consortium was allocated $1,700,829 from U.S. Department of HUD for the purpose of addressing Homelessness and housing insecurity. These funds are restricted to a "Qualified Population" as defined by HUD. This definition includes Homeless, those at-risk of becoming homeless, victims of domestic abuse and veterans.

In order to access these funds the Consortium had to complete a comprehensive assessment and consultation process. This plan codifies the recommendations from community and service provider input and establishes a 3 year budget and action plan for the use of these funds. Of the funds provided in aggregate to both cities, this plan establishes that 40% shall be spent on providing supportive services, 24% will be set aside for the development and operation of non-congregate shelters, 4% will provide additional funding for Sercirity Deposit assistance, 15% for the development of affordable housing, 5% for 3rd party non-profit operations and 12% for planning and administration of the grant.

City Budgetary Impacts:
Auburn's share of the consortium allocation for HOME-ARP is $914,195. These federal grant dollars cover staff salary/benefits as well as program activities for the Business and Community Development program.

Staff Recommended Action:
Vote to adopt the Auburn-Lewiston Consortium HOME-ARP Plan as presented.

Previous Meetings and History:
Public Hearing May 2, 2022
Public Comment Period July 14 – August 1, 2022

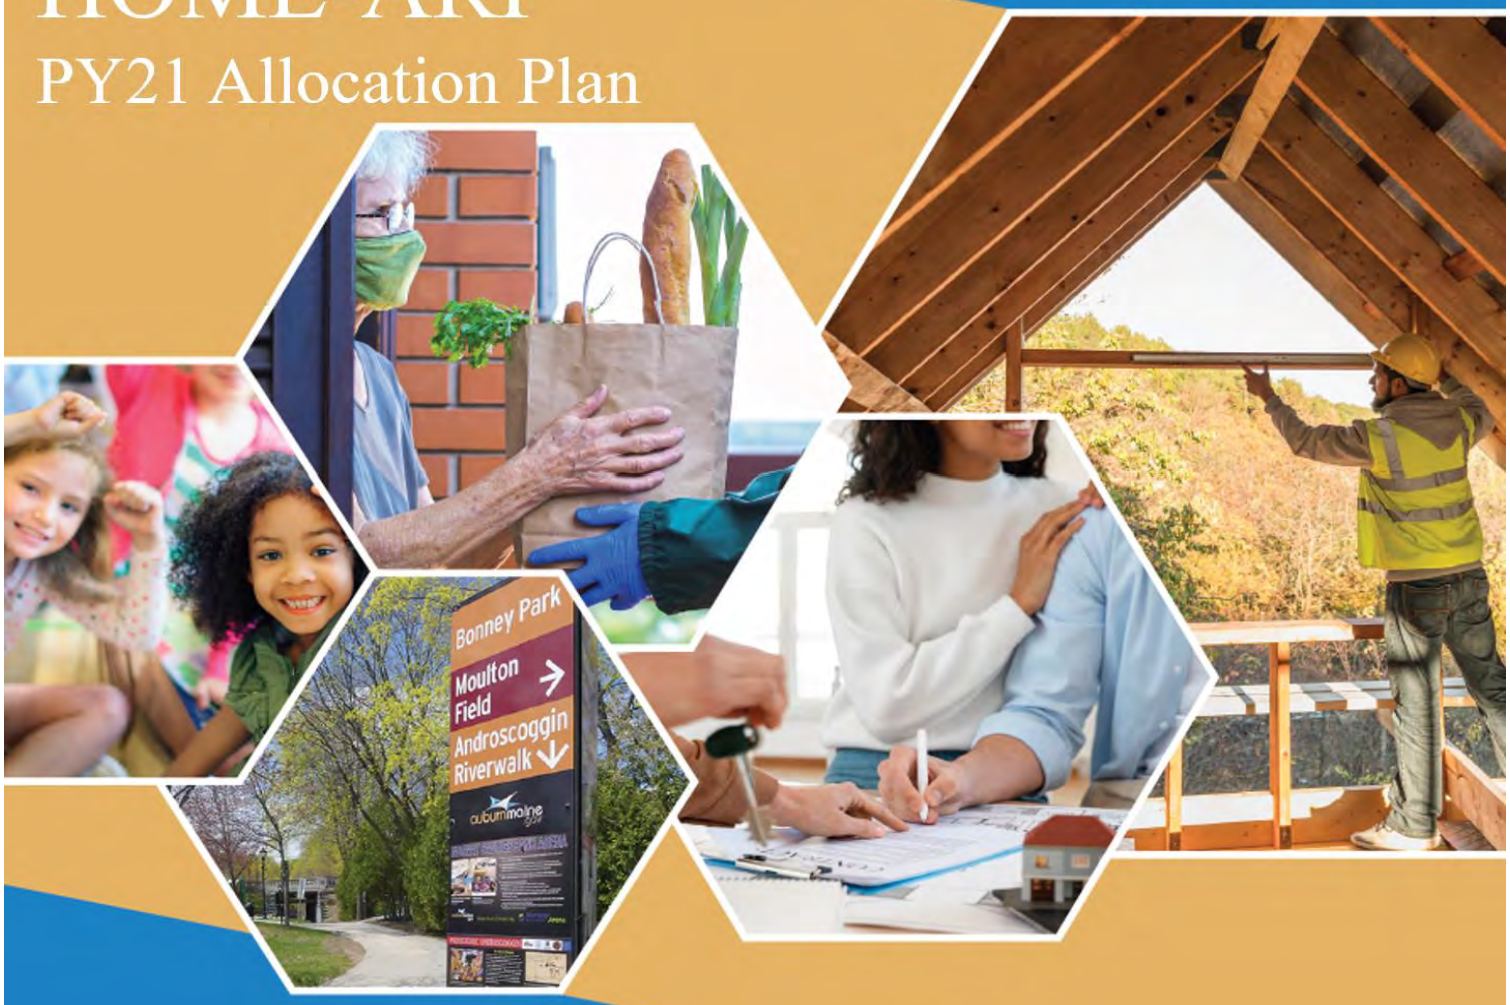
Auburn-Lewiston HOME Consortium

HOME-ARP

PY21 Allocation Plan



auburnmaine

City of Auburn Business & Community Development Department

HOME-ARP Allocation Plan

Program Year 2021

Prepared by: Auburn-Lewiston HOME Consortium
July, 2022

This plan was created utilizing the HUD CPD template provided, including questions and tables, as well as the requirements for the HOME-ARP allocation plan, as described in Notice CPD-21-10: *Requirements of the Use of Funds in the HOME-American Rescue Plan Program*, unless noted as optional. Also submitted with this plan are the SF-424, and the related certifications. References to "ARP" mean the HOME-ARP statute at section 3205 of the American Rescue Plan Act of 2021 (P.L. 117-2).

Award Amount

The Auburn-Lewiston HOME Consortium (ALHC) is a Participating Jurisdiction (PJ) recognized by the US Department of Housing & Urban Development (HUD). The ALHC will receive $1,700,829 in HOME-American Rescue Plan (ARP) funding. These funds are to be distributed by the city of Auburn to the ALHC Members in accordance with this Allocation Plan.

Consultation

In accordance with Section V.A of the Notice (page 13), before developing its HOME-ARP allocation plan, at a minimum, a PJ consulted with:

- CoC(s) serving the jurisdiction's geographic area,
- homeless service providers,
- domestic violence service providers,
- veterans' groups,
- public housing agencies (PHAs),
- public agencies that address the needs of the qualifying populations, and
- public or private organizations that address fair housing, civil rights, and the needs of persons with disabilities.

Describe the consultation process including methods used and dates of consultation:

The Auburn-Lewiston Home Consortium (ALHC) employed the following three tactics to collect meaningful and informative data regarding the size, demographic makeup and unmet needs of the local population. First, staff sources all traditional statistical data sources including federal census numbers, American Community Survey (ACS) and the Comprehensive Housing Affordability Strategy (CHAS) data as well as local data compiled by the Maine State Housing Authority (MSHA).

Secondly, staff reached out to local homeless service providers, community advocates, educational institutions, veterans' groups, community action programs, state agencies, domestic violence organizations, public housing authorities, mental healthcare providers and various housing navigators operating at organizations throughout the jurisdiction. This outreach included an overview of the qualified population as defined by HUD in CPD notice 21-10 as well as potential situations in which these populations may be encountered which they may not have considered in the past. This outreached concluded an appeal to these organizations to provide quantifiable data on hand or anecdotal narratives which may serve to highlight unmet needs regularly encountered. From this outreach culminated a number of formal and informal letters and consultations providing qualitative as well as quantitative data not represented or considered within the traditional data sources noted above.

The third approach was to release a broad community survey focused specifically on the impact of Covid-19 on access to adequate housing and essential services. This survey was circulated in 5 languages, utilizing digital as well as paper surveys distributed at key service points within the city including food pantries, youth centers, head start service providers and municipal offices. The result was over 362 households encompassing over 1,000 residents being completed.

This locally sourced survey data coupled with the formal or informal correspondence from local service providers was at times contradictory to the traditional data sources. Still, it aided in the development of a plan which is fixated on providing direct responses to the below identified needs. Through consultation and continued collaboration and data sharing with the MSHA HUB Coordinator, the Coordinated Entry system of the Continuum of Care and the various housing navigators operating at various specialty service providers within the jurisdiction the ALHC will be able to better compile accurate, local assessments of need. Sharing these methodologies and conclusions with MSHA and other state and federal level offices will improve the ability to assess and address homeless & at-risk populations.

List the organizations consulted:

Agency/Org Consulted	Type of Agency/Org	Method of Consultation	Feedback
Maine Continuum of Care (MCoC)	Continuum of Care	Participated in virtual meeting with 59 people attending representing 24 service provider organizations – 10/27/21	Need to continue rental assistance programs and asses missing connections through a diversity, equity & inclusion lens. Provide direct outreach to landlords to assist development or improvement of new units. Need relaxed criteria for LMI populations.
Lewiston-Auburn Landlord Association	Private Org addressing housing	Attended regular meeting with 26 landlords. – 1/25/22	Need for more rehab programs with relaxed criteria to improve or add new units. Need relaxed zoning to allow for additional units. Need to

			remove sprinkler requirements for older buildings.
Auburn Housing Authority	Public Housing Authority	Discussions with Director	Needing increase in voucher funds for Section 8. Additional funding from HOME program for new unit development projects is needed to add to inventory.
PAL Center	Agency which addresses needs of Qualified Populations: Homeless, At-Risk & Other	Discussions with Director/ Survey Distribution Center	Need for additional funding to continue food pantry and senior services.
Auburn Police Department	Agency which addresses needs of Qualified Populations: Homeless, At-Risk, DV & Other	Discussions with Police Chief	Department needs greater assistance to comply with new Homelessness Crisis Protocol. Additional Co-responders with mental health, substance abuse or housing focus will provide for better incident outcomes and follow-up services.
Community Concepts Inc.	Agency which addresses needs of Qualified Populations: Homeless, At-Risk & Other	Consultation with Program Director	Discussed needs of QPs and current Emergency Rental Assistance counts and program sunset concerns.
Community Concepts Finance Corp	Agency which addresses needs of Qualified Populations: Homeless, At-Risk& Other	Discussions with Program Manager and review of Community Needs Assessment.	Needed increase in homeownership counseling and financial capability training for tenants to move into homeownership. Establish referral network for new tenants and tracking of completed educational opportunities.
Auburn Fire Department	Agency which addresses needs of Qualified Populations: Homeless, At-Risk, DV & Other	Discussions with Fire Chief	Direct data points indicating 34% increase in interactions with Homeless individuals & 87% dealing with substance abuse, mental health and exposure. Additional co-responder and follow up services is needed.
Auburn Adult Education	Agency which addresses needs of Qualified	Consultation with Assistant Director	Additional funding and services are needed for continued educational and job preparedness training. This includes transportation services to

	Populations: At-Risk & Other		and from training and early work-placement programs.
New Auburn Neighborhood Watch	Neighborhood group	Meeting on 4/28/22	18 residents attended. Comments supporting section 8 voucher program, question on how to achieve local adult homelessness counts, cost savings if city consolidated shelter programs.
Androscoggin Head Start	Agency which addresses needs of Qualified Populations: At-Risk & Other	Survey Distribution Center	Need to fill gaps for middle income residents and support services for LMI families and single parents.
Lewiston Housing Authority	Public Housing Agency	Consultation with HUB Coordinator	Need to integrate local actions and activities with the COC. HUB Coordinator cannot provide direct service. Case management needed to better count and facilitate services.
Lewiston Homelessness Committee	Organization addressing Fair Housing, Civil Rights and/or needs of persons with disabilities	Consultation with Committee Chair	Discusses options for transitional housing development as well as zoning and shelter options.
Veterans Inc.	Veterans Group	Consultation with Staff Grantwriter	Not enough resources to meet the increased number of homeless or at-risk veterans with their pandemic-related federal financial assistance ending in July of this year. Funding needed to supplement homeless veterans transitional housing programs as well as increased operational costs. Seeing a 17% increase in veterans served in transitional housing program so far this program year.
Preble Street Veterans Services	Veterans Group	Consultation with staff	Provided feedback regarding housing service needs and latent job training opportunities.
Emergency Quarantine Shelter	Homeless Service Providers	Consultation with Managers – 3/17/22	Current service data on population counts and demographics. Recommends additional transitional housing and low barrier shelter development.
Trinity Jubilee Shelter	Homeless Service Providers	Consultation with Executive Director	Not enough housing to use with vouchers; not enough readily accessible mental health case

			management services, program expansion estimated to serve at least 50 people per year; accessible overnight shelters that do not require guests to climb stairs to enter building and/or sleeping area; need for trainings relating to de-escalation and incentives to serve the mentally ill; need for shelters to participate in HMIS to provide robust, accurate data, offer proof of the scale of the homelessness issue, and possibly increase funding for homeless services; need for public restrooms/showers that would likely be used by more than 60 homeless people per year; and need for laundry access for at least 75 homeless people per year wash clothing and bedding.
New Beginnings	Homeless Service Providers	Feedback from Executive Director	Not enough services – shelters or housing – available to help youth exit homelessness. Funding needed for additional staffing positions for existing services; creation of new or expansion of existing support services facilities to address non-daytime weekday needs and service of individuals who are excluded by current age or other restrictions in existing programming. Significant unmet need for a) affordable housing; b) support services; and c) shelter resources.
Lewiston School Department	Agency which addresses needs of Qualified Populations	Consultation with District Resource Coordinator	Approximately 300 youth are identified as homeless or at risk for experiencing housing disruption. The Store Next Door provides hygiene items, clothing, food, gift cards for cabs/groceries, and school supplies which are funded with community donations. Funding needed to expand program offerings.
Pinetree Legal	Organization addressing Fair Housing, Civil Rights and needs of	Consultation regarding Fair housing	Direct discussions and resource development regarding fair housing services and legal aid.

	persons with disabilities.		
Androscoggin EMA	Agency which addresses needs of Qualified Populations: At-Risk	Consultation with County EMA Director	EMA has new directives on development of Emergency housing plans. Shared quantified data on estimated emergency shelter needs.
Safe Voices	Domestic Violence Service Providers	Consultation with Director of Shelter and Housing Services	Provided data on sheltered counts and local unmet demand. Support if housing in the form of security deposits and housing resources is needed.
Lewiston Fire Department	Agency which addresses needs of Qualified Populations: Homeless, At-Risk, DV & Other	Consultation with Fire Chief	Most frequent adverse housing events are unsafe housing and sanitary issues for persons housed in units that are not suited to their physical conditions. Lack of housing for physically impaired persons. Long waitlist for Section 8 and other government assistance.
Lewiston Police Department	Agency which addresses needs of Qualified Populations: Homeless, At-Risk, DV & Other	Consultation with Police Chief	Better funding is needed to provide resources to the homeless population, including better services for mental health, substance misuse, and housing. Project Support You (PSY) has 1 1/2 positions and needs the other half position funded to provide additional on-scene crisis de-escalation and mental health resources, connect individuals with ongoing treatment options, and resources to officers to address crisis calls. Funding is needed for counseling resources to address current legislation directing law enforcement to encourage counseling and resources versus arrest or issuing citations. Other needs include reimbursement for emergency hotel vouchers (weekends/holiday); wrap-around services inclusive of a temporary shelter, drug/substance abuse counseling, and shelter for those seeking protection from an abuser; affordable housing; and support for those experiencing substandard rental units.

LA Housing System Collaborative	Organization addressing Fair Housing, Civil Rights and needs of persons with disabilities.	Community Discussion Forum - 5/3/22	Worked with other housing system stakeholders to develop new structures and systems for inter-organizational communication and coordination.

Summarize feedback received and results of upfront consultation with these entities:

Through this consultation process the ALHC identified early on that the traditional assessments and sources of data would not adequately demonstrate a modern GAP analysis for the identified Qualified Populations (QPs) for two specific reasons. First, traditional sources of data, such as the American Community Survey (ACS) or the Comprehensive Housing Affordability Strategy (CHAS) were most recently completed in 2019-20, prior to the onset of the Covid-19 pandemic. Second, the ongoing impact of the Covid-19 pandemic has negatively impacted more recent efforts to update this traditional data, including regional Point in Time (PIT) studies. Many of these annual studies have been put on hold altogether, or recent surveys have demonstrated detrimentally small respondent numbers.

For example, the scope of the 2021 Point-in-Time Youth Addendum Survey conducted by MSHA was reduced to only 25 individuals due to the Covid-19 pandemic. This survey sample represents only 0.4% of the number of homeless clients MSHA recorded as sheltered in the 2020 statewide counts. Further, through direct consultation with the local School Department 69 Auburn and 196 Lewiston homeless students within the district have already been qualified as of March 2022, with another 20 cases still being confirmed. The current year combined totals of McKinney-Vento qualified students between both Auburn and Lewiston school systems are already in excess of 265. This is, according to the direct service providers consulted in the development of this plan, still the tip of the unmet need iceberg.

The second apprehension with current statewide data points is the waiver to skip the current year unsheltered population counts. Attempting to develop an emergency service plan to address the needs of the increasing homeless and at-risk population while waiving the continued collection of data is problematic. Firstly, without consistent measurements any new data points have no baseline for change which can reasonably be relied upon. For example, Maine's Plan to End & Prevent Homelessness as amended in 2017 estimates the population statewide at 7,020 based on HMIS data and asserts that 98% of those are currently serviced within shelters. This data was updated again in 2021 within the Homeless System Re-Design Initiative. This final report and recommendations are based on a total, statewide population in need of only 4,497. This 36% reduction in need is directly contradictory to local data recently collected. What this data does show is that the current shelter and transitional housing system is clogged with current residents and service recipients which are unable to exit the subsidized housing system and related services.

By using data generated by the Auburn Fire Department's incident reporting system the ALHC confirmed officers had 198 separate encounters with homeless individuals from March 2020 to March 2022 with the second year containing 113 recorded encounters. This establishes a 34% increase from the previous year, a relation directly inverse to the trend demonstrated by state-level assessments. The ALHC understands this count does not establish a more accurate total, nor

does it include all potential homeless or at-risk populations. What it does do is further corroborate the view statewide data, as compiled by MSHA, is insufficient to assist if not detrimental to the development of a true needs-based plan.

What is more useful to establishing priorities within the Auburn-Lewiston Consortium is data generated locally and what can effectively incorporate these new data sources including first responders and volunteer program services. For example, of the 51 contacts with homeless individuals that the Auburn Fire Department serviced in the last 3 months, 87% if those involved substance abuse, Anxiety/psychiatric individuals, or those with exposure to the elements. Not only does this total eclipse the PIT counts provided by MSHA, but clearly demonstrates the unsheltered population, which is currently not being counted, is suffering to the extent that EMTs from the local fire departments have to intervene on a routine basis to address the needs of this population, including substance abuse, mental health and exposure.

Unfortunately, after treatment these individuals are released back into the unhoused population with little to no follow-up support or continuation of services being provided. What is needed, and what this plan lays out for response, is the development of new field service providers whose roll will be to take these self-generated or referrals from first responders and provide the needed follow up and direct service care in order to address the un-met needs of unhoused populations with the end result to facilitate the client's transition into the Coordinated Entry (CE) system either via the HUB Coordinator or the housing navigators housed within one of the specialty service providers.

There has been substantial evidence that the local homeless service providers are not committed to utilizing the HMIS system which MSHA relies on to compile their counts. In response, this plan outlines a dedicated pre-entry and co-responder system that can count, assess, and serve the unsheltered population where they are with an end goal of referring them to the most appropriate service providers and Housing Navigators that can best meet their needs.

Public Participation

Describe the public participation process, including information about and the dates of the public comment period and public hearing(s) held during the development of the plan:

- ***Date(s) of public notice: 7/14/2022***
- ***Public comment period:*** *start date –* ***7/14/2022*** *end date –* ***8/1/2022***
- ***Date(s) of public hearing: 8/1/2022***
  5/2/2022

Describe the public participation process:

Traditional public participation process, including posting of the proposed plan in its entirety, holding public hearings and public comment period have been expanded to additionally include multiple community outreach efforts as documented above. ALHC staff sent direct requests to area service providers which highlighted all of the potential uses of the program funds and outlined the qualified populations. Staff also conducted multiple listening sessions within both cities hosted at city council meetings, neighborhood

watch events and housing focused meetings. The efforts to broaden this participation from the mandated minimum will be more thoroughly described below.

Evidence of public posting and appeals for input is included below:

PUBLIC NOTICE

The Auburn-Lewiston HOME Consortium presents their HOME ARP Plan. This plan spells out how HOME-ARP funds, as provided by the U.S. Department of Housing & Urban Development, will be used to provide homelessness assistance and supportive services. Prior to submitting the HOME-ARP allocation plan to HUD, the Auburn/Lewiston consortium must provide reasonable notice and opportunity for the public to comment on the plan no less than 15 days.

Public comments will be accepted until August 1, 2022. Comments may be submitted to CDBG@auburnmaine.gov, delivered in person to the Business & Community Development Office, or offered at a Public Hearing to be held on August 1, 2022.

Printed copies, translations and accommodations can be requested by emailing CDBG@auburnmaine.gov or calling the Community Development Office at (207) 333-6601

View the plan at AuburnMaine.gov or scan the QR code below to download:

Homelessness across the US is increasing. It's almost doubled in Maine from last year. Many factors contribute to that. You have to separate the various causes, i.e. mental illness, lack of education/skills, poor paying jobs, education on family planning (too many single parents, immediate reliance on government assistance for children), drug addiction. Of course no one wants people to be unsafe and w/o a roof over their head. But where are the plans to lower the rate of homelessness thru education, better liveable wage jobs, drug addiction and mental illness facilities, etc? I have no issue with tax dollars assisting society but I do with money just be thrown at a problem w/o solutions to decrease the cause of the problem.

Maximus Guida Magnus
"HOME-ARP funds (provided by the U.S. Department of Housing & Urban Development)"

Incorrect. Provided by the taxpayer. That is where HUD gets its money from. Tired of seeing the impression given that it doesn't cost each and every working person. ALL funds coming from a government entity are TAXPAYER money.

AUBURN TRAFFIC ADVISORY

EMILY'S RUN IS SUNDAY

AUBURN — Race two of this year's Greater L-A Triple Crown 5K Series will be held Sunday.

Emily's Run will kick off at 8:30 a.m.

The course, which begins and ends at Edward Little High School on Harris Street in Auburn, is considered moderately hilly. Runners will leave the high school, turn right on Western Avenue, left on Court Street, right on Park Avenue, right on Gamage Avenue, and right on Shepley Street. They will go left on Lake Street, right on Fern Street, left on Granite Street, right on Court Street and left on Harris Street, heading back to the high school.

MORE ONLINE
Visit sunjournal.com to view a map detailing the course for Emily's Run.

Motorists are urged to be patient when passing runners, or to seek alternative routes.

Emily's Run is organized in memory of Emily Fletcher, who had been a standout runner while attending Edward Little High School. She died in a car accident in 2004.

All proceeds benefit the Fletcher Foundation, which will give two $1,000 scholarships to deserving Edward Little students in her name, as well as donations to the Auburn Public Library, the Auburn Nordic Ski Association, the Stanton Bird Club, and the Androscoggin Land Trust.

Event day registration is $25; free for all children ages 14 and younger.

For more information or to register online, go to: triplecrown5k.com/emilys-run/race-information/.

Otisfield man denies child porn charges

By Christopher Williams
SUN JOURNAL

PORTLAND — An Otisfield man who had worked at a summer camp and a day care center denied Friday three federal felony charges, including sexual exploitation of a minor.

Travis Kimball, 21, appeared in U.S. District Court remotely by videoconference from his home Friday morning to answer to the charge of sexual exploitation of a minor, a crime punishable by 15 to 30 years in prison.

He also was charged with distribution of child pornography, a crime punishable by five to 20 years in prison.

The third charge, possession of material containing images of child pornography, carries a maximum penalty of 10 years in prison.

He pleaded not guilty Friday to all three charges.

Kimball was indicted on the three charges by a federal grand jury July 7.

U.S. District Court Magistrate Judge Karen F. Wolf asked Kimball whether he understood the charges and possible penalties if he were convicted.

He said he did.

The case is scheduled for trial in September.

Kimball is a former employee at Camp O-AT-KA in Sebago and Kid Quarters Child Care Center in New Gloucester.

A special agent at the Federal Bureau of Investigation wrote in court documents that Kimball had subscribed to a messaging application that allows users of mobile devices to send texts, photographs and videos and engage in chat groups.

The app "maintains a distinctive emphasis on privacy and anonymity and was originally targeted towards younger users," Morin wrote.

On June 7, an app user who would later be identified as Kimball, sent a message to an undercover FBI task force officer and the two messaged back and forth, Morin wrote.

The FBI agent asked Kimball to send a photo of himself, which he did, according to Morin.

Kimball also sent the undercover agent three photos, each one of a man and a prepubescent boy engaged in sexual displays as well as a video of a similar nature, Morin wrote.

Through cellphone records, agents tracked down Kimball and identified him by the photos he sent of himself to the undercover agent, according to the affidavit. He later confirmed with agents that he was the man pictured in that photo.

Agents seized the cellphone Kimball was carrying and he was arrested.

Kimball is free on an unsecured $10,000 bond and confined to his home except for work, education, religious services and legal and medical appointments.

Police charge Lewiston man, 37, after reported shooting Friday morning

SUN JOURNAL STAFF REPORT

LEWISTON — A King Avenue man was arrested Friday morning after a reported shooting incident near his home.

Police arrested Jason Payer, 37, of 57 King Ave., on charges of reckless conduct with a firearm, felony possession of methamphetamine and violating conditions of release from prior arrests.

About 8:35 a.m. police responded to a report of a shooting on King Avenue, according to a statement from Lewiston police. About 10:15 a.m., police were seen putting a handcuffed man into a police car. At that time, several police cars filled a section of the short residential street that runs between Main Street and Mollison Way.

An officer at the scene said, "We got a call, it's still an active investigation, and there's no threat to the public at this point. And we will put out a statement in about an hour or two."

Shortly after noon, police announced they had charged Payer. They said Payer was on "three sets of conditions of release from prior arrests." He was being held without bail Friday afternoon at the Androscoggin County Jail in Auburn.

The police statement said an investigation is ongoing.

"There were no injuries, and there is no further threat to the public," the statement said.

No additional details on the incident were available.

LEGAL AND PUBLIC NOTICE

Notice to contractors, labor unions and private individuals.

The city of Auburn, Maine intends to solicit assistance from the Department of Defense's Innovative Readiness Training Program. The request will include all site work for the proposed athletic fields at **Stevens Mill Rd/PID 217-002** scope of work includes vertical and horizontal construction, cutting trees, grubbing, excavation, grading, trenching, site layout, stumping, hauling material, stockpiling material, earthwork, culvert, underdrain, catch basins, manholes, sewer and water service pipes, and conduit installation. Ditching, rip-rap, topsoil, sand, subgrade and surface gravel installation and compaction, stormwater pond and concrete pad installation, stick build (wood framing) of a concession stand, and pull in for electrical and plumbing. Providing approval, the proposed assistance will take place in the city of Auburn, Maine in 2023. Contractors, labor unions, or private individuals who have questions or wish to voice opposition to military assistance for this project may contact Marc Gosselin, Executive Director of Community Partnerships and Sport Tourism for the city of Auburn at 207-333-6688 ext. 2114 or by email at marc.gosselin@auburnmaine.gov or by mail at 985 Turner Street, Auburn, Maine 04210. Persons not filing comments within the time frame noted will be considered to have waived their objections to military assistance for the project.

NOTICE OF PUBLIC HEARING
Mechanic Falls Sanitary District
Monday, July 18, 2022 @ 6:00 PM
at Mechanic Falls
Sanitary District

The Mechanic Falls Sanitary District Board of Trustees will hold a public hearing for discussion of the proposed rate schedule beginning October 1, 2022.

PUBLIC NOTICE

Notice to contractors, labor unions and private individuals.

The Maine Veterans' Memorial Cemetery intends to solicit assistance from the Department of Defense's Innovative Readiness Training Program. The request will include the expansion of the Maine Veterans' Cemetery located on Mt. Vernon Road in Augusta, Maine to include earthwork, the construction of burial grounds, and roads throughout the cemetery.

Providing approval, the proposed assistance will take place at the Mt. Vernon Road Veterans' Cemetery in 2024.

Contractors, labor unions or private individuals who have questions or wish to voice opposition to military assistance for this project may contact Melissa Willette, Superintendent of the Maine Veterans' Cemetery System at 207-287-8830, melissa.willette@maine.gov, 163 Mt. Vernon Rd, Augusta ME 04330 no later than 15 days after publication of this notice. Persons not filing comments within the time frame noted will be considered to have waived their objections to military assistance for this project.

NOTICE

The Auburn-Lewiston HOME Consortium presents their HOME ARP Plan. This plan spells out how HOME-ARP funds, as provided by the U.S. Department of Housing & Urban Development, will be used to provide homelessness assistance and supportive services. Prior to submitting the HOME-ARP allocation plan to HUD, the Auburn/Lewiston consortium must provide reasonable notice and opportunity for the public to comment on the plan no less than 15 days.

Public comments will be accepted until August 1, 2022. Comments may be submitted to CDBG@auburnmaine.gov, delivered in person to the Business & Community Development Office, or offered at a Public Hearing to be held on August 1, 2022.

Printed copies, translations and accommodations can be requested by emailing CDBG@auburnmaine.gov or calling the Community Development Office at (207) 333-6601

View the plan at AuburnMaine.gov or scan the QR code to the right to download:

Responses to any public comments delivered will be entered here.

Describe efforts to broaden public participation:

Prior to the development of the Home-ARP and the Auburn-Lewiston HOME Consortium Annual Action Plan a comprehensive community needs survey was circulated in 5 languages. This survey method utilized digital as well as paper surveys which were distributed at key service points within the city including food pantries, youth centers, head start service providers and municipal offices. The result was over 362 households including over 1,000 residents being received. This information, along with consultation efforts with area service provider partners helped craft the plan as presented.

The consultation process also entailed direct correspondence with dozens of area service providers. By educating them on the specifics of the qualified population as defined by HUD in CPD notice 21-10 this outreached further solicited quantifiable or anecdotal narratives which may serve to highlight unmet needs they regularly encounter.

Additionally, ALHC staff held listening session at multiple community neighborhood meetings and events as indicated above.

Summarize the comments and recommendations received through the public participation process either in writing, or orally at a public hearing:

Numerical data developed though the community survey will be summarized within the GAP analysis below. A selection of narrative input received during the local survey is included below. This input, sourced from over 1,000 households across two surveys, was key to filling data gaps caused by the Covid-19 pandemic and demonstrates the changed landscape residents and service providers need to navigate and adapt to in order to better address the needs of at-risk and homeless populations.

- The prices of housing has increased substantially. Between prices of rent and goods we can barely make ends meet.
- Public transportation is severely lacking in Auburn especially in the evening.
- Lack of home health care due to staffing shortages and issues around quality healthcare
- Loss of jobs due to school closure and lack of adequate affordable childcare.
- I’m on a fixed income and looking into elderly housing but the waiting lists are so long
- My father and brother are living with me because they cannot find housing.
- Can't afford car upkeep or bills
- Can’t access programs to help
- Don't have money for food medication and bill. Need help with property taxes
- I went to through the process the rent assistance is on average six to eight weeks late via community concepts. The landlords get frustrated and toss the clients even if they share the applications to the program.
- folks are taking their important items and moving into their vehicles and sleeping in parking lots around auburn where they won't be harassed. I know of at least 500

vehicles at least some are couch surfing when possible or in for medical reasons, so their cars are parked around the hospital.

- I have a son with a disability who currently lives an hour away. For safety reasons he needs to be closer to us. He is on a ridiculously long waiting list for low-income housing.
- Rising costs have put me back to living paycheck to paycheck and seeking a second job. Pre-covid I lived comfortably on my single income. The cost of food is outrages. I pay more for CMP delivery charges than I use in electric.
- There's a gap for kids who qualify for Headstart and those who don't. There is a long waitlist for many [childcare] providers.
- People don't know there's help out there and they are hard to navigate.
- People don't know about services. We have so many services, but they all work solo. None are working together.
- Covid-19 exacerbated food issues. People who were hurting are hurting more now.

Summarize any comments or recommendations not accepted and state the reasons why:

No comments or recommendations were intentionally dismissed. Some responses or recommendations derived either from the community surveys or through direct consultation with area service providers did contain demonstrations of unmet need which are unable to be addressed given the restrictions on funding availability or individuals whom do not fall within the Qualified Population as defined by HUD. In these cases, consideration is taken, and priority of funding is established as available.

Needs Assessment and Gaps Analysis

The Auburn-Lewiston Home Consortium includes the entirety of both cities. Much of the data provided at the state level is by Androscoggin County or as the Lewiston-Auburn Metropolitan Statistical Area LAMSA), which includes 12 surrounding municipalities. Both Auburn & Lewiston serve as a regional service HUB for the area meaning that even though HOME-ARP funds are designated for residents of the two cities, the needs of these cities is impacted by the spillover, or centralization of needs from the surrounding rural populations. The two emergency shelters recently operated in Lewiston during the Covid-19 pandemic corroborated this fact by reporting that 20% of their population cited towns outside of the PJ as their residence.

The American Community Survey (ACS) data calculated a total population of the jurisdiction as 59,425 in 2020. This accounts for 53% of the population of the entire county of Androscoggin being housed on only 20% of the total area. For this reason, and as further demonstrated by residency data provided by the two Emergency Shelters, this plan takes into account the expected spillover of needs from the total LAMSA. An additional concern with the data utilized is that the county level data provided by MSHA is still derived from the 2015-2020 American community survey. Most of this data provided by ACS was compiled pre-covid and the recent and dramatic shifts in household income and rental rates are not representative of the current situation.

Describe the size, demographic composition of qualifying populations and unmet housing and service needs within the PJ's boundaries:

Definitions of the four Qualified Populations (QP) is described below. Refer to HUD CPD Notice 21-10 for a more complete definition:

- Homeless
  - lacking fixed/regular and adequate nighttime residence
    - Nighttime residence is not designed for ordinary sleeping accommodations
    - Living in public/private shelter or commercial lodging
  - Will lose nighttime residence:
    - Within 14 days
    - Lacks support network needed to obtain new housing
  - Unaccompanied youth (under 25) or families with children which:
    - Defined by HUD as Runaway, DV or Mckiney-Vento
    - Not had lease or ownership in permanent housing within 60 days
- At-Risk of Homelessness
  - Annual income below 30%LMI ($15k individual)
  - Not had lease or ownership in permanent housing within 60 days
  - Has been notified in writing of eviction
- Fleeing DV, Dating Violence, Stalking or Assault
- Other Populations
  - Families requiring services or housing assistance to prevent homelessness
  - At greatest risk of homelessness
    - Annual income less than 30%AMI
    - Cost burden of 50% monthly household income
  - Veterans and families that include a veteran family member

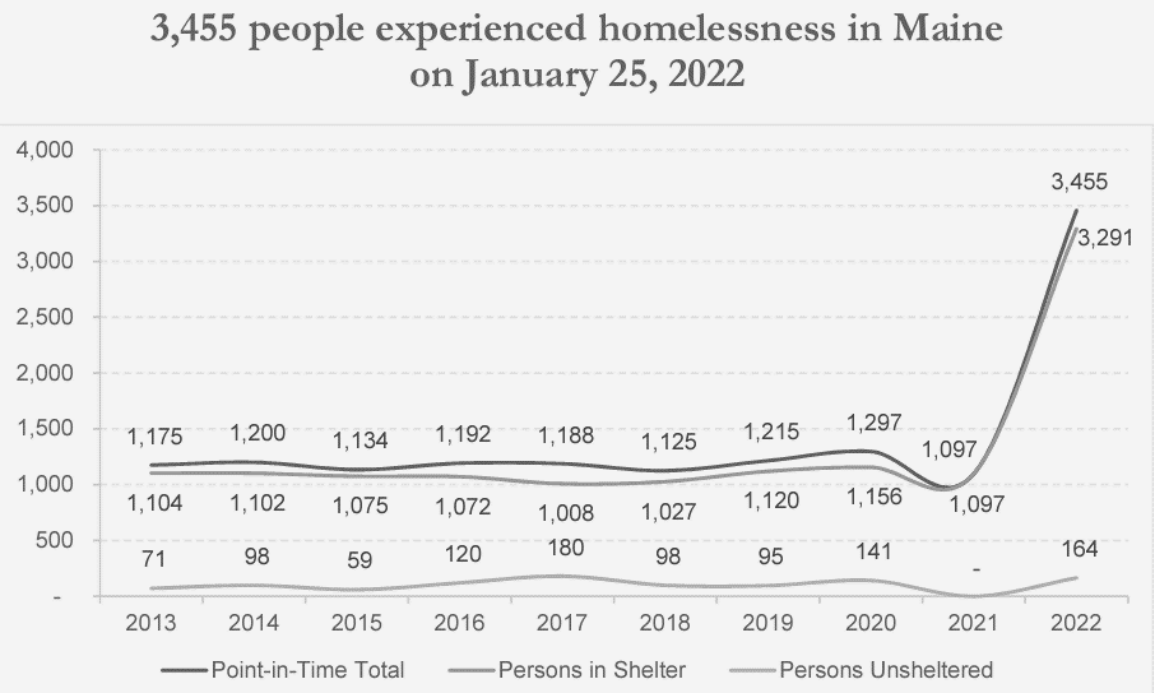
Homeless as defined in 24 CFR 91.5

The Maine Continuum of Care (MCoC) is a state-wide effort, which is beneficial in regards to coordination of efforts and resources across a wide territory as the system improves. From a local data collection effort, as addressed prior, it is also a limiting factor. The data below is from the statewide MCoC 2021 PIT. This data demonstrates a total population of sheltered individuals at 2,063.

Summary by household type reported:	**Sheltered**	
	Emergency Shelter	**Transitional Housing***
Households without children[1]	706	529
Households with at least one adult and one child[2]	113	134
Households with only children[3]	3	2
Total Homeless Households	**822**	**665**
Summary of persons in each household type:		
Persons in households without children[1]	**717**	**556**
Persons Age 18 to 24	46	56
Persons Over Age 24	671	500
Persons in households with at least one adult and one child[2]	**362**	**423**
Children Under Age 18	201	255
Persons Age 18 to 24	14	22
Persons Over Age 24	147	146
Persons in households with only children[3]	**3**	**2**
Total Homeless Persons	**1,082**	**981**

Source: MSHA PIT Report

The number of people experiencing homelessness statewide, and MSHA quantified in January 2022, jumped to 3,455 in the updated 2022 PIT count. This increase was the result of including, for the first time, data derived from the local General Assistance providers as well as the Emergency Rental Assistance program. The most concerning take-away from this updated data compiled by MSHA is that as the sheltered counts increased over 300% over the past year by including new data sources, the unsheltered count only increased 15%. This demonstrates that, although new data collection and reporting is improving the accuracy of the sheltered counts, there is still an unmet need in adequately finding and quantifying the unhoused population.



Source: MSHA PIT count

Local data collected form the 2 emergency shelters operated at the Lewiston Ramada Inn and the Lewiston Armory clearly demonstrates this catch-basin effect of homeless services provided within the ALHC. The combined totals of the two emergency shelters (whose numbers are not included in MSHA PIT counts) regularly operated at capacity. Of their total 213 individuals sheltered 60% claimed Lewiston as their residence, 20% claimed Auburn with the remaining 20% coming from outside of the ALHC jurisdiction. The unmet needs as reported by managers and service providers is a lack of adequate case management as well as vacancies within transitional or supervised housing facilities that are essential to take high-need clients out of short-term shelters.

Another resource engaged during this assessment process was the Auburn & Lewiston School Departments McKinney-Vento Homeless Assistance liaisons. For Auburn, the historic totals were 69 students for school year 19-20, 70 students for school year 2021 and what is looking like 80 students for school year 2021-22. Department staff was clear data is currently hard to quantify as data was tracked in multiple systems. Still, the 265 students in the school systems who are being

transported by the system under the McKinney-Vento program is notably larger than the totals of sheltered teen as reported by MSHA and the Continuum of Care. The unmet needs reported include additional funding for reliable transportation as well as supplies and expenses necessary to sustain their education while in an unstable housing situation.

At Risk of Homelessness as defined in 24 CFR 91.5

Those at risk of homelessness within Androscoggin County are renters within 30% of the Area Median Income with at least one severe housing problem, such as overcrowding or rent burden greater than 30% of their income. The below chart provides for a total of 1, 665 renters in Androscoggin County which qualified as 30%AMI.

Owner Occupied Households

HOUSEHOLD INCOME	Estimate	Margin Of Error
30% of Median Household Income	2,388	+/-428
50% of Median Household Income	5,612	+/-572
80% of Median Household Income	11,305	+/-926
Total =	**19,305**	

Renter Occupied Households

HOUSEHOLD INCOMI	Estimate	Margin Of Error	Total
30% of Median Household Income	1,665	+/-266	**4,052**
50% of Median Household Income	3,804	+/-529	**9,416**
80% of Median Household Income	6,849	+/-967	**18,155**
Total =	**12,318**		

Source: MSHA Housing Characteristics Report

Over 57% of the survey respondents indicated household income levels below 80% of the Area Median Income (AMI), meaning their household would already qualify for assistance under traditional HOME programs. Furthermore, over 24% of respondents indicated a household income under 30% AMI, meaning they would qualify as "At Risk of Homelessness" as defined in 24 CFR 91.5. Of the total respondents, 36% indicated that their household income was negatively impacted by the Covid-19 pandemic. A further 34% also indicated their families access to food and household necessities was made more difficult due to the pandemic. Regarding housing, 14% of respondents indicated that their access to adequate housing was negatively impacted this past year.

Lastly, through consultation with local housing authorities provided data on the Housing Choice Voucher centralized waitlist provided the quantification of 454 current applicants. 411 applicants currently qualify under 60% AI with 121 applicants residing in "temporary residences", 26 being housed in a shelter or hotel and 33 reporting that they are currently "living in a place not normally used for housing." Lastly, 57 of the current waitlist applicants are households of 3 or more.

The unmet needs relating to this QP includes additional support for subsidized housing such as the TBRA programs as well as the creation of additional new affordable units within the jurisdiction. Additional emergency expense assistance programs targeted to address short-term emergencies which usually turn into catalysts for homelessness would aid further in the prevention of homelessness within the at-risk population living under the poverty line.

Fleeing, or Attempting to Flee, Domestic Violence, Dating Violence, Sexual Assault, Stalking, or Human Trafficking, as defined by HUD in the Notice

Information provided by SafeVoices, a domestic abuse shelter service provider currently operating a 17-bed shelter, demonstrates an average 44 shelter requests per month. Safe

Voices has been committed to the mission of supporting and empowering those affected by domestic violence and human trafficking and engaging the community in creating social change in Androscoggin, Oxford and Franklin counties for 45 years.

In their last fiscal year, SafeVoices alone received a total of 325 local shelter requests but were only able to house 83 individuals. This leaves an unmet need of 242 families which were under-served by the current capacity. The unmet need reported by DV focused shelter operators is additional funds and support for TBRA and subsidized housing programs to aid in the re-housing of their current population as well as a larger public awareness campaign to address the increasing instances of domestic violence they are seeing in recent years.

Other populations requiring services or housing assistance to prevent homelessness and other populations at greatest risk of housing instability, as defined by HUD in the Notice

In looking to better assess the at-risk population the ALHC staff reached out the current Emergency Rental Assistance providers for concrete numbers related to the impending end of the current Emergency Rental Assistance program. This program, which locally administered by Community Concepts Inc, has serviced 1,118 non-duplicated households as of March 2022. With the scheduled closure of the Ramada Inn Emergency Homeless shelter and the end of the ERA program funding, preparations for a dramatic increase in housing assistance needs are being developed.

Additional data below indicates a total of over 14, 000 households within Androscoggin which have reported incomes below the poverty line. These families qualify as having characteristics of housing associated with instability and increase risk of homelessness, which includes having a household income of less than 30% AMI and/or paying more than 50% of their monthly income toward housing expenses.

	2015 Income below Poverty Level				2020 Income below Poverty Level		
	Households	Margin of Error Households in Poverty	% of Family Type in Poverty		Households	Margin of Error Households in Poverty	% of Family Type in Poverty
Total Households	7,041	+/-515	15.8%		5,410	+/-503	11.8%
Family Households	3,179	+/-351	11.4%		1,931	+/-346	7.0%
Married Couple Fam HH	905	+/-185	4.4%		569	+/-194	2.8%
M C Fam HH w/Children	508	+/-139	6.5%		358	+/-164	4.7%
Male Head of Family HH	368	+/-140	16.7%		194	+/-90	8.2%
Male Head of HH w/Children	341	+/-138	21.7%		132	+/-73	8.4%
Female Head of Family HH	1,906	+/-293	38.3%		1,168	+/-296	24.6%
Female Head of HH w/Children	1,816	+/-280	47.2%		962	+/-291	31.6%
Non-Family HH	3,862	+/-394	22.9%		3,479	+/-469	19.2%
				Total=	14,203		

Source: MSHA Housing Characteristics Report

In addition to the current homelessness crisis and the influx of more refugee families into a jurisdiction already coping with a housing shortage is the impending end of the current Emergency

Rental Assistance program. This program, which locally administered by Community Concepts Inc, has serviced 1,118 non-duplicated households as of March 2022. These populations are currently being housed within hotels and apartments funded through the ERA or General Assistance programs within the jurisdiction. Simultaneously, as the ERA program is coming to a funding cliff, the GA program has announced that the hotels will no longer be pay going rates for housing refugees. As these funds shrink the unmet needs of these QPs will be new unit development with the necessary TBRA and subsidized housing to support these populations.

Identify and consider the current resources available to assist qualifying populations, including congregate and non-congregate shelter units, supportive services, TBRA, and affordable and permanent supportive rental housing (Optional):

The General Assistance offices of both cities work proactively to prevent LMI families from becoming homeless. These efforts are not just based on the use of General Assistance funds but also the addition of wrap-around support services rooted in their proactive community roles. Similarly, the Auburn Public Health office continues to work with residential institutions to match needs with readily dwindling community housing and support resources. The Community Development Office is adding a new, Homelessness Intervention Specialist position with an additional Mckinney-Vento style budget from the HOME-ARP allocation to provide additional services and resources to these at-risk qualified populations including TBRA.

Additionally, the Maine COC has added a new HUB Coordinator & Housing Navigator located at the Lewiston Housing Authority. This position will be the point of Coordinated Entry (CE) into the MCoC system, allowing the Community Development and Public Health teams to focus their efforts on crisis response and early intervention efforts.

A number of new shelter initiatives are being developed within both cities. With the scheduled closure of the Ramada Inn Emergency Homeless shelter and the end of the ERA program funding set to expire on June 30th, 2022, preparations for a dramatic in housing needs are being developed. This plan allocates substantial funding and staff time to support these projects as they develop.

Identify any gaps within the current shelter and housing inventory as well as the service delivery system:

Community Concepts, who has been running the Emergency Rental Assistance program has reported a total of 1,118 non-duplicated households in the city of Auburn who have been assisted to date. As this program winds down, it is expected that these families will still be in need of some form of transitional Tennent Based Rental Assistance. More recently, MSHA has provided for government rate caps on rental assistance, which is substantially decreasing the number of hotel/motels that will accept discounted rates. The end result being an anticipated eviction wave of residents currently housed within these privately owned facilities.

Total housing inventory data, as compiled by MSHA in 2021 for Androscoggin County demonstrates only a 2.6% vacancy rate for rental units. This rate is a causal reasons for individuals to find themselves stuck within the shelter and transitional housing systems.

Units by Tenure & Vacancy

	2011-2015	%	Margin of Error 2011-2015	2016-2020	%	Margin of Error 2016-2020	% Change
Total Units	49,164		+/-154	50,053		+/-187	2%
Occupied Units	44,636	91% of Total	+/-483	45,906	92% of Total	+/-574	3%
Owner Occupied	28,372	64% of Occ.	+/-620	29,796	65% of Occ.	+/-724	5%
Renter Occupied	16,264	36% of Occ.	+/-596	16,110	35% of Occ.	+/-654	-1%
Vacant Units	4,528	9% of Total	+/-480	4,147	8% of Total	+/-541	-8%
Vacant For Sale	519	1.8% Vac.	+/-179	384	1.3% Vac.	+/-179	-26%
Vacant For Rent	681	4% Vac.	+/-213	423	2.6% Vac.	+/-146	-38%
Vacant Seasonal	1,110	2% of Total	+/-249	1,432	3% of Total	+/-363	29%

Data from the American Community Survey are estimates

Source: MSHA Housing Characteristics Report

Although this plan expects to provide funding for 4 new affordable rental units, the ALHC regular allocation budget workplan expects to double that number. Historically, Auburn and Lewiston have added multiple large affordable housing projects in the past few years. According to statistics maintained by Maine Housing Authority 243 new affordable housing units have been created with MSHA funding (including Auburn & Lewiston Consortium funds) between 2019 and 2022. These buildings offer modern affordable amenities to public housing residents. Auburn Housing Authority has been transitioning to a voucher-based system allowing more aid to residents using privately owned units.

Identify priority needs for qualifying populations:

Priority needs for qualified populations include the development of new, affordable housing units to ease the congestion within the current shelter as well as transitional housing systems. Additional direct field services and case management is also needed to aid in the transition from the high-need unhoused population into openings within the current structures and non-profit service providers across the jurisdiction.

The Auburn Community Development Department, the Auburn Housing Authority, the Lewiston-Auburn Alliance for Services to the Homeless, the Lewiston Community Development Department, the Lewiston Housing Authority, Community Concepts, Healthy Androscoggin, and other city departments, and local and regional nonprofit organizations coordinate closely in the planning and delivery of housing services. However, there are not enough resources among all of the partners to meet the identified needs. Waiting lists for services at the housing authorities are long. By leveraging private developers to construct more affordable units and engage with the Section 8 voucher program multiple agencies would be increasing efficiency and ability to better serve the 434 low-to-moderate income residents currently on the Section 8 wait list. By engaging with the new HUB Coordinator through a dedicated Housing Intervention Specialist position within the city these production efforts can be aided with wrap-around services necessary to move residents in need through a better organized structure with concrete benchmarks and measurable goals.

Explain how the PJ determined the level of need and gaps in the PJ's shelter and housing inventory and service delivery systems based on the data presented in the plan:

Housing inventory has been a recent topic for all income brackets within Auburn and Lewiston as of late. Private development of multi-unit housing projects is on the rise across Auburn. As reported by the Auburn Planning & Permitting Department, there are a total of 102 new units in 3 different projects expected to come into service by the end of 2022. Another 423 new units are also in process to be completed by 2023, and 196 seeking approval for 2024. The large, and rapid increase in new unit development, coupled with Auburn Housing Authority's conversion to a voucher-based system will have a notable impact on addressing not just the over-all housing shortage, but will also make much needed headway in the alleviation of the shortage of affordable housing.

In order to better qualify the current state of availability it is key to point out that in the 2009 Lewiston Auburn Homelessness Strategy it was clearly stated that "the homelessness problem in Lewiston and Auburn is not, in the first place, primarily a problem of lack of housing… Instead, homelessness is a problem of insufficient income and resources, a lack of life skills, and health problems (primarily mental health and substance abuse)." This plan presented a 10-year goal of 210 new affordable units to be developed by the Auburn and Lewiston Community Development Offices. According to MSHA there were 243 new affordable units constructed within the area between 2019 and 2022 alone (not including the to-be developed Choice Neighborhood project currently underway in Lewiston).

This 2009 plan clearly identified the gaps as a service deficiency, as opposed to a long-term permanent housing problem. This initial, although dated, claim is supported by the service call data from the Auburn Fire Department who indicate 87% of their responses to homeless individuals are related to substance or mental health situations. Therefor the development of a more effective Crisis Response Team as suggested in the 2009 strategy is a key component and priority addressed by this plan.

HOME-ARP Activities

Describe the method(s)that will be used for soliciting applications for funding and/or selecting developers, service providers, subrecipients and/or contractors:

The ALHC will draft a Request for Proposals (RFP) in order to choose projects and developers to receive HOME-ARP awards. The applicants must demonstrate how funding will be used to create affordable housing and provide services. Applicants will be scored according to a rubric including points for criteria such as developer experience, capacity building, services offered, housing need, project readiness, compliance to existing land use requirements, and availability of match funding. Applicants must submit application materials by a specific deadline. Applications will be scored by the ALHC management team and will award funding in order of scoring results until there are no remaining funds available. The applicants will be developers or service providers who must describe their own experience as well as that of any service providers, contractors, or consultants with

whom they wish to partner. Application exhibits must demonstrate the financial feasibility of the projects, conformity to HOME-ARP requirements, commitments for services and other funding sources, site control, compliance with land use requirements, and detailed construction plans.

Describe whether the PJ will administer eligible activities directly:

The ALHC will both provide supportive services directly as well as competitively selecting local service providers to fill identified service gaps. The City of Auburn will be creating a 3 year, field service provider position. These services are focused on responding to the needs of community members experiencing homelessness, who are at risk of homelessness or who are fleeing domestic/dating violence, sexual assault, or human trafficking. The definition of a Qualified Population (QP) to be assisted with these funds if further defined by HUD in their CDP Notice 21-10.

These services are being developed in response to quantifiable data collected by the Auburn Lewiston HOME Consortium in partnership with multiple city department, service providers and non-profits. This plan contains two key elements. The first is to provide funding for qualified services to include both **Tenant Based Rental Assistance (TBRA)**, which includes security deposits and utility deposits for qualified households, as well as **Direct Support Services (DSS)** to include McKinney-Vento Support Services and Homelessness Prevention services as further outlined in CPD Notice 21-10.

The second key element will be the creation of a Crisis Response Team (CRT) as put forward in the 2009 LAASH plan. Direct support service providers, housed in the Auburn Community Development Office, which will work proactively across city departments including the School Departments, Police Departments and General Assistance Departments to provide advocacy and support services to residents at their time of need. By engaging with the new HUB Coordinator through a dedicated Housing Intervention Specialist position within the city these production efforts can be aided with wrap-around services necessary to move residents in need through a better organized structure with concrete benchmarks and measurable referrals to the Coordinated Entry system.

The **Homeless Intervention Specialist (HIS)** will work across multiple city departments to build relationships with community members experiencing homelessness or at risk of homelessness to provide advocacy and support services and assist with connecting individuals to housing and support services. The Specialist will assist with identifying unsheltered homeless or at-risk neighbors through direct outreach with and referrals from the Auburn Police Department, Auburn Fire Department, Auburn School Department, Public Health Manager, and General Assistance Manager as needed. This may include meeting with individuals in encampments, shelters, warming locations, and other locations not meant for human habitation. The work schedule will include some evening and weekend hours where the Specialist will assess the needs of the individuals identified and facilitate placement into emergency or short-term housing as needed.

If any portion of the PJ's HOME-ARP administrative funds are provided to a subrecipient or contractor prior to HUD's acceptance of the HOME-ARP allocation plan because the

subrecipient or contractor is responsible for the administration of the PJ's entire HOME-ARP grant, identify the subrecipient or contractor and describe its role and responsibilities in administering all of the PJ's HOME-ARP program:

The ALHC did not provide administration funds to a subrecipient prior to HUD's acceptance of the HOME-ARP allocation plan.

Use of HOME-ARP Funding

	Funding Amount	Percent of the Grant	Statutory Limit
Supportive Services	$684,419	40%	
Acquisition and Development of Non-Congregate Shelters	$410,000	24%	
Tenant Based Rental Assistance (TBRA)	$60,000	4%	
Development of Affordable Rental Housing	$250,000	15%	
Non-Profit Operating	$90,000	5%	5%
Non-Profit Capacity Building	$0	0%	5%
Administration and Planning	$206,410	12%	15%
Total HOME ARP Allocation	**$1,700,829**	**100%**	

Describe how the PJ will distribute HOME-ARP funds in accordance with its priority needs identified in its needs assessment and gap analysis:

In 2001, Auburn and Lewiston formed a consortium with Auburn as the lead agency to receive HOME Investment Partnerships Program funds. The consortium was formed to meet the funding threshold for HOME funds. Auburn, serving as the program sponsor, utilizes 75% of the portion of the allocations which can be set aside for administration of the HOME program to cover the overall administration of the program for the Consortium. Lewiston utilizes the remaining 25% for their administration costs. The balance of current year allocations is then divided evenly between both cities to provide programing.

Describe how the characteristics of the shelter and housing inventory, service delivery system, and the needs identified in the gap analysis provided a rationale for the plan to fund eligible activities:

What the MSHA PIT, the CHAS & ACS data clearly demonstrates is the need for a local option in collecting quantifiable data around housing, homelessness, and at-risk populations. This plan takes the lack of on the ground data seriously and has built in a mechanism for not just responding to the demonstrated needs which have been established through direct consultation with area service providers and locally executed community surveys, but also including a 2-year assessment component which will build the basis for developing a more permanent, sustainable and integrated response.

The last time this data was locally developed was in 2009, which was published in the Lewiston Auburn Homelessness Strategy by the Lewiston/Auburn Alliance for Services for the Homeless (LAASH). This was a local initiative used to establish a 10-year plan to end homelessness in the area. This plan was to be administered by regional partners including the cities of Auburn & Lewiston, Auburn Housing Authorities, Community Concepts, St. Mary's and New Beginnings. This initiative was to be overseen by the United Way of Androscoggin County. This plan had concrete benchmarks and established expectations for all partners and was set to be re-assessed in 2019.

The below table is derived from the May 2009 study. Although it is dated this data still demonstrates the inconsistency between local assessments and state-level data that still exists to this day:

Gaps in Service for Homeless populations in Lewiston Auburn Lewiston Auburn Homelessness Strategy – May 8, 2009		
	Numbers	**At-Risk**
Youth	**204 homeless youth** grades 9-12 identified by schools **423 homeless youth** served by New Beginnings and Volunteers of America	**Youth not employed:** 900 ages 20-21 500 ages 22-24 **Youth not in school:** 200 ages 15-17
Families	2008 MSHA Point-In-Time Survey found **6 families homeless on January 30, 2008** **As of September 2008,** **23 families sheltered; 47 families turned away** 69 homeless children grades K-8 identified by schools	**Families living in poverty** in Lewiston Auburn: 1,400 families 1,200 families with children 200 families over age 65
Domestic Violence Survivors	AWAP's domestic violence shelter served **170 women and children last year**	**434 domestic violence crimes** were reported to Lewiston and Auburn police departments in 2006
New Americans	There are an estimated 4,000- 6,000 New Americans living in Lewiston-Auburn.	As of Jan. 2007, Lewiston identified 2,641 immigrants who had moved to the city and enrolled in General Assistance. A 2007 study by the Maine Department of Labor found unemployment among the Somali immigrants to be at 51%
Single Adults	546 homeless single adults sheltered by Hope Haven and St. Martin De Porres in 2007 As of Sept. 2008, Hope Haven had sheltered 252 homeless individuals and turned away 207 because it was full.	3,900 non-institutionalized individuals with a mental disability over the age of 16 700 veterans living below poverty, 2/3 of whom are disabled National rates suggest that as many as 3,000 people in Lewiston Auburn may have significant substance abuse issues

The table above indicates the MSHA PIT report demonstrated 6 homeless families in 2008, while local data verified though the Auburn School Department verified 70 homeless families. Similarly, of the 546 homeless single adults sheltered by Hope Haven & St. Martin in 2007, the MSHA PIT report for 2022 estimates those same facilities to have only 12.

Unfortunately, in 2017 LAASH members agreed to use the Statewide Homeless Council's updated plan as the framework for advocacy as the group did not have the capacity to undertake the work and the expense of updating the plan. This abdication has left the Auburn Lewiston HOME Consortium with little to no accurate baseline data for use in the generation of this plan. In order to begin to augment the anecdotes and small data samples provided by local service providers the consortium released a Covid-19 Community housing and service survey.

Current day MSHA has made dramatic steps to improve local services for the homeless population by, as recently as March 2022, funding a new HUB Coordinator position located at Lewiston Housing Authority whose role will be to better assess the current data collection methods and coordinate service delivery through the various and disparately funded shelters and service providers.

HOME-ARP Production Housing Goals

Estimate the number of affordable rental housing units for qualifying populations that the PJ will produce or support with its HOME-ARP allocation:

The ALHC anticipates 4 affordable rental units for qualified populations will be produced with HOME-ARP funds.

Describe the specific affordable rental housing production goal that the PJ hopes to achieve and describe how the production goal will address the PJ's priority needs:

The ALHC will prioritize projects that are able to be developed quickly and that can operate with sufficient operating and supportive service dollars to meet the needs of tenants. As noted above, it is anticipated that at least 4 units of affordable rental housing units will be developed. The units developed with HOME-ARP funds will meet the ALHC's Consolidated Plan Priorities of Improving and Preserving the Quality of Housing and Expanding Affordable Housing Opportunities.

Preferences

Identify whether the PJ intends to give preference to one or more qualifying populations or a subpopulation within one or more qualifying populations for any eligible activity or project:

The ALHC will not provide preferential services for a subset of the qualified populations within the service area.

If a preference was identified, explain how the use of a preference or method of prioritization will address the unmet need or gap in benefits and services received by individuals and families in the qualifying population or subpopulation of qualifying population, consistent with the PJ's needs assessment and gap analysis:

The ALHC will not provide preferential services for a subset of the qualified populations within the service area.

Referral Methods

Identify the referral methods that the PJ intends to use for its HOME-ARP projects and activities. PJ's may use multiple referral methods in its HOME-ARP program. (Optional):

A waitlist will be established for each HOME-ARP project.

If the PJ intends to use the coordinated entry (CE) process established by the CoC, describe whether all qualifying populations eligible for a project or activity will be included in the CE process, or the method by which all qualifying populations eligible for the project or activity will be covered. (Optional):

The ALHC does not intend to use the coordinated entry process for referrals.

If the PJ intends to use the CE process established by the CoC, describe the method of prioritization to be used by the CE. (Optional):

The ALHC does not intend to use the coordinated entry process for referrals.

If the PJ intends to use both a CE process established by the CoC and another referral method for a project or activity, describe any method of prioritization between the two referral methods, if any. (Optional):

The ALHC does not intend to use the coordinated entry process for referrals.

Limitations in a HOME-ARP rental housing or NCS project

Describe whether the PJ intends to limit eligibility for a HOME-ARP rental housing or NCS project to a particular qualifying population or specific subpopulation of a qualifying population identified in section IV.A of the Notice:

The ALHC will not limit eligibility to a particular qualifying population.

If a PJ intends to implement a limitation, explain why the use of a limitation is necessary to address the unmet need or gap in benefits and services received by individuals and families in the qualifying population or subpopulation of qualifying population, consistent with the PJ's needs assessment and gap analysis:

The ALHC will not limit eligibility to a particular qualifying population.

If a limitation was identified, describe how the PJ will address the unmet needs or gaps in benefits and services of the other qualifying populations that are not included in the limitation through the use of HOME-ARP funds (i.e., through another of the PJ's HOME-ARP projects or activities):

The ALHC will not limit eligibility to a particular qualifying population.

HOME-ARP Refinancing Guidelines

Establish a minimum level of rehabilitation per unit or a required ratio between rehabilitation and refinancing to demonstrate that rehabilitation of HOME-ARP rental housing is the primary eligible activity

The ALHC will not provide refinancing activities with HOME-ARP funds.

Require a review of management practices to demonstrate that disinvestment in the property has not occurred; that the long-term needs of the project can be met; and that the feasibility of serving qualified populations for the minimum compliance period can be demonstrated.

The ALHC will not provide refinancing activities with HOME-ARP funds.

State whether the new investment is being made to maintain current affordable units, create additional affordable units, or both.

The ALHC will not provide refinancing activities with HOME-ARP funds.

Specify the required compliance period, whether it is the minimum 15 years or longer.

The ALHC will not provide refinancing activities with HOME-ARP funds.

State that HOME-ARP funds cannot be used to refinance multifamily loans made or insured by any federal program, including CDBG.

The ALHC will not provide refinancing activities with HOME-ARP funds.

Other requirements in the PJ's guidelines, if applicable:

The ALHC will not provide refinancing activities with HOME-ARP funds.

HOME-ARP CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the participating jurisdiction certifies that:

Affirmatively Further Fair Housing --The jurisdiction will affirmatively further fair housing pursuant to 24 CFR 5.151 and 5.152.

Uniform Relocation Act and Anti-displacement and Relocation Plan --It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, (42 U.S.C. 4601-4655) and implementing regulations at 49 CFR Part 24. It will comply with the acquisition and relocation requirements contained in the HOME-ARP Notice, including the revised one-for-one replacement requirements. It has in effect and is following a residential anti-displacement and relocation assistance plan required under 24 CFR Part 42, which incorporates the requirements of the HOME-ARP Notice. It will follow its residential anti-displacement and relocation assistance plan in connection with any activity assisted with funding under the HOME-ARP program.

Anti-Lobbying --To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and

3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction --The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations and program requirements.

Section 3 --It will comply with section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u) and implementing regulations at 24 CFR Part 75.

HOME-ARP Certification --It will use HOME-ARP funds consistent with Section 3205 of the American Rescue Plan Act of 2021 (P.L. 117-2) and the CPD Notice: Requirements for the Use of Funds in the HOME-American Rescue Plan Program, as may be amended by HUD, for eligible activities and costs, including the HOME-ARP Notice requirements that activities are consistent with its accepted HOME-ARP allocation plan and that HOME-ARP funds will not be used for prohibited activities or costs, as described in the HOME-ARP Notice.

ORDER 110-08012022

City Council Order

IN CITY COUNCIL

ORDERED, that that City Council hereby adopts the Auburn-Lewiston Consortium HOME-ARP Plan as recommended by the Business & Community Development Office.

Richard Whiting, Ward One
Joseph Morin, Ward Four
Belinda A. Gerry, At Large

Ryan Hawes, Ward Two
Leroy G. Walker, Ward Five
Jason J. Levesque, Mayor

Stephen G. Milks, Ward Three
Dana Staples, At Large
Phillip L. Crowell, Jr., City Manager

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: August 1, 2022 **Order:** 111-08012022

Author: Glen E. Holmes, Director of Business & Community Development

Subject: Tambrands II Technical Revision

Information: The City's original District application was submitted on March 30, 2001 and was granted conditional approval. The approval allowed for the City to expend TIF revenues to make credit enhancement payments, but withheld approval of all City project costs and expenditures. There is no history that there was any follow up on the conditional approval from the City or from the Department of Community and Economic Development.

The City made credit enhancement payments but also spent TIF revenues on what the City believed to be approved City project costs. Once submitting the First Amendment to the District this year, it became clear this was done in error. The City has reviewed the expended TIF revenues from the start of the District through present. All of the expenditures fell into a project cost listed in the original development program.

This order and attached documentation is what DECD has requested to ensure the city is in compliance with the Districts plans.

City Budgetary Impacts: NONE

Staff Recommended Action: Approve the Order as presented.

Previous Meetings and History: NONE

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: Program overview

Tambrands II Original District Project Costs

Expenditure History

Project Costs	**TIF Revenues Expended to Date**	**Statutory Citation (as of March 30, 2001)**	**Projects Undertaken**
Public Infrastructure: To fund infrastructure improvements within and abutting the District including but not limited to roads, traffic signals, sewer, water, storm drains, sidewalks and landscaping (herein after called the Public District Improvements)"	$1,742,478	30-A MRSA §5252(8)(B)(1)(a)	Bond payments related to infrastructure improvements in the area of the District.
Economic Development Job Creation: To develop new employment opportunities in the City and to pay other Project costs	$0	30-A MRSA §5252(8)(B)(11)	
Public Safety: To provide for costs reasonably related to the construction, alteration, and expansion of facilities not located within the District that are required due to improvements or activities within the District as described in 30-A MRSA section 5252(8)(B)(9) including road, water sewer, stormwater and environmental protection improvements, and fire and public safety projects.	$297,721	30-A MRSA §5252(8)(B)(9)	Purchase of a fire truck that significantly increases ability to fight fires at large commercial structures such as the Tambrands facility.

Administration: To fund the City's economic development programs including but not limited to implementation of Auburn Downtown Action Plan for Tomorrow being the City's downtown revitalization plan	$1,324,424	30-A MRSA §5252(8)(B)(11)	Economic development programs and economic development department salary.
Environmental Improvements: To fund environmental improvement programs	$0	30-A MRSA §5252(8)(B)(11)	
Infrastructure: To Fund infrastructure improvements and other Project Costs	$0	30-A MRSA §5252(8)(B)	
TOTAL	**$3,364,625**		

Tambrands II Municipal Project Cost Table

Project Costs	Cost Estimate	Statutory Citation
Public Infrastructure: To fund infrastructure improvements within and relating to the District including but not limited to roads, traffic signals, sewer, water, storm drains, sidewalks and landscaping.	$200,000	30-A MRS §5225(1)(A)(1), (1)(B)(1), (1)(B)(2)
Economic Development Job Creation: To develop new employment opportunities in the City and to pay other project costs.	$150,000	30-A MRS §5225(1)(C)(1), (1)(C)(4)
Public Safety: To provide for costs reasonably related to the construction, alteration, and expansion of facilities not located within the District that are required due to improvements or activities within the District including road, water sewer, stormwater and environmental protection improvements, and fire and public safety projects.	$250,000	30-A MRS §5225(1)(A)(1), (1)(B)(1), (1)(B)(2), (1)(C)(9).

TOTAL	$1,000,000	

NOTICE OF PUBLIC HEARING

CITY OF AUBURN
NOTICE OF PUBLIC HEARING

Regarding
A Technical Revision to the Municipal Development and Tax Increment Financing District known as:

"#6 Proctor & Gamble (Tambrands II) Municipal Development and Tax Increment Financing District"

Notice is hereby given that the City of Auburn will hold a public hearing on

August 1, 2022
at 60 Court Street Auburn , ME 04210
The Public Hearing will be at 7:00 p.m.

The purpose of the public hearing is to receive public comments on the technical revision to the municipal development and tax increment financing district known as the Tambrands II Municipal Development and Tax Increment Financing District (the "District") and the approval of the technical revision to the development program for the District pursuant to the provisions of Chapter 206 of Title 30-A of the Maine Revised Statutes, as amended.

The Tambrands II Municipal Development Tax Increment Financing District is comprised of approximately 84 acres and is located on Hotel Road. The proposed technical revision involves providing an updated project cost list with estimates of TIF revenue expenditures to the Department of Economic and Community Development.

A copy of the proposed technical revision materials will be on file with the City Office during normal business hours of 8:30 am – 4:00 pm. They can also be found at https://www.auburnmaine.gov/or one can call *207-333-6601* during normal business hours to request that a copy be mailed to you. All interested persons are invited to attend the public hearing and will be given an opportunity to be heard at that time.

Public comments will be taken at the hearings and written comments should be submitted to Susan Clements-Dallaire, City Clerk at sdaillaire@auburnmaine.gov. Written comments will be accepted until 4:00PM on July 28, 2022.

ORDER 111-08012022

City Council Order

IN CITY COUNCIL

Technical Revision to the #6 Proctor & Gamble (Tambrands II) Municipal Development Tax Increment Financing Development Program

WHEREAS, the City of Auburn (the "City") is authorized pursuant to Chapter 206 of Title 30-A of the Maine Revised Statutes, as amended, to designate specific areas within the City as the Tambrands II Tax Increment Financing District (the "District") and to adopt a development program for the District (the "Development Program"); and

WHEREAS, on November 6, 2000 the Auburn City Council designated the District and adopted a Development Program for the District (the "Original Development Program"), which received the approval from the Maine Department of Economic and Community Development (the "Department"); and

WHEREAS, on February 21, 2022 the City adopted the First Amendment to the District and Development Program (the "First Amendment") to continue to achieve the District's original goals by revising the percentage of taxes paid on captured assessed value allocated to Tambrands Inc. ("the Company") in the Credit Enhancement Agreement; and

WHEREAS, the Department is requiring the City to provide an updated project cost list stating the cost estimates of the tax increment revenue expenditures from the City's Project Cost Subaccount in order to obtain the Department's approval of the First Amendment to the District; and

WHEREAS, the City Council has held a public hearing on August 1, 2022, upon at least ten (10) days prior notice published in a newspaper of general circulation within the City, on the question of submitting a technical revision to the Development Program; and

WHEREAS, the City Council has considered the comments provided at the public hearing, both for and against the technical revision to the Development Program, if any; and

WHEREAS, it is expected that approval will be sought and obtained from the Department, approving the technical revisions; and

Richard S. Whiting, Ward One
Joseph R. Morin, Ward Four
Belinda A. Gerry, At Large
Ryan A. Hawes, Ward Two
Leroy G. Walker, Ward Five
Jason J. Levesque, Mayor
Stephen G. Milks, Ward Three
Dana N. Staples, At Large
Phillip L. Crowell, Jr., City Manager

ORDER 111-08012022

City Council Order

NOW THEREFORE, BE IT ORDERED BY THE CITY COUNCIL OF THE CITY OF AUBURN, MAINE:

Section 1. The City Council hereby approves and adopts the proposed technical revision to the Tambrands II Municipal Development Tax Increment Financing Development Program as presented.

Section 2. The City Manager, or his duly appointed representative, is hereby authorized, empowered and directed to submit the technical revisions to the Department for review and approval.

Approved _____ , 2022, by the City Council, at a meeting duly convened and conducted at Auburn, Maine.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: August 1, 2022 **Order:** 112-08012022

Author: Dan Goyette

Subject: HVAC Systems

Information: The City Council on July 18, 2022 officially authorized the City Manager to move forward with four projects that will result in the upgrade and/or replacements of HVAC systems in three city-owned facilities. The Council requested that the funding of the $1,600,000 projects be determined later. We are recommending that the funding be taken from the City's ARPA allocation. This project aligns with ARPA (American Rescue Plan Act) focus area – 1 / 1.7 Capital Investments or Physical Plant Changes to Public Facilities that respond to theCOVID-19 public health emergency.

City Budgetary Impacts: By using the ARPA funding for the project there will be no budgetary impact. If the City were to bond the project, it would cost $341,333 in interest payments in addition to the $1.6 million dollar bond. A bond schedule has been attached.

Staff Recommended Action: Allocate ARPA funds to complete the projects in lieu of additional capital funds in the amount of $1,600,000 saving tax payers a total of $1,941,333.

Previous Meetings and History: 6/6/22, 6/27/22, 7/18/22

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: August 1, 2022 **Referred Ordinance:** 11-03212022

Author: Sue Clements-Dallaire, City Clerk

Subject: Action on Citizen Petition and Potential Repeal of Ordinance 11-03212022

Information: On March 28, 2022, the City Council adopted Ordinance 11-03212022, a Zoning Ordinance Amendment to amend the zoning district Court Street/City Core of Urban Residential Area; 1,687.41 acres of Urban Residential to Traditional Neighborhood Development District Areas (T-4.2).

On April 5, 2022, an affidavit to form a Petitioner's Committee was filed with the City Clerk. On April 8, 2022, petition blanks were issued. The deadline for the petition to be filed with the City Clerk was July 7, 2022. The petition was filed with the City Clerk on July 6, 2022. At that point, pursuant to Sec. 9.5 of the Charter, the Ordinance was suspended from taking effect.

The total number of valid signatures required was 1,648. *See* Charter Sec. 9.3(A). The petition was reviewed and signatures validated; the petition was certified to be sufficient, with 2,152 valid signatures and 260 invalid signatures, on July 21, 2022. The City Clerk then issued a Certificate of Sufficiency of Petition and provided a copy to the Petitioners' Committee's contact person, John Cleveland, on July 22, 2022.

Once the petition is determined to be sufficient, pursuant to Sec. 9.6 of the Charter, the City Council shall promptly consider voting to repeal the ordinance. If the Council fails to repeal the ordinance within 30 days after the date the petition was finally determined to be sufficient, it must submit the Ordinance to the voters of the City.

A proposed motion to act to repeal the ordinance is as follows: "I move that the ordinance specified in the referendum petition (Ordinance 11-03212022) be repealed."

If the repeal motion fails, it means that the Ordinance must be sent to the voters for a City-wide referendum vote. The timing of the referendum election is dictated by Sec. 9.6(B) of the Charter: the referendum election must be held "not less than one hundred twenty (120) days and not later than six (6) months" from the date the petition is determined to be sufficient. If the City Council is ready on August 1st to set the date for the referendum election, a motion in substantially the same form as follows ought to be made: "I move that the ordinance specified in the referendum petition (Ordinance 11-03212022) be sent to a referendum vote to be held on _____, 202___."

City Budgetary Impacts: N/A

Staff Recommended Action: Consider the repeal of Ordinance 11-03212022.

Previous Meetings and History: On March 28, 2022, Council adopted Ordinance 11-03212022

City Manager Comments:

I concur with the recommendation. Signature:

ATTEST:

Susan Clements-Dallaire 7/21/2022

Susan Clements-Dallaire, City Clerk Date

ARTICLE IX. - INITIATIVE, REFERENDUM, AND RECALL

Sec. 9.1. - General authority.

A. *Initiative.* The registered voters of the city shall have the power to propose ordinances, orders, and resolves to the city council and, if the city council fails to adopt the matter proposed without any change in substance, to adopt or reject it at a city election, provided that such power shall not extend to the budget or capital program or any ordinance, order, or resolve relating to appropriation of money, levy of taxes, or salaries of city officers or employees. An initiative which fails to win a majority vote in a citywide election may not be the subject of another initiative for at least six months after the citywide election in which it failed.

B. *Referendum.* The registered voters of the city shall have power to require reconsideration by the city council of any adopted ordinance, order, or resolve and, if the city council fails to repeal the matter so reconsidered, to approve or reject it at a city election, provided that such power shall not extend to the budget or capital program or any emergency ordinance or ordinance, order, or resolve relating to appropriation of money or levy of taxes. A referendum which fails to win a majority vote in a citywide election may not be the subject of another referendum for at least six months after the citywide election in which it failed.

C. *Recall.* The registered voters of the city shall have the power to recall any elected official, but no recall petition shall be filed against any official within six months after the official takes office, nor, in the case of an official subjected to a recall election and not removed, until at least six months after the recall election.

Sec. 9.2. - Commencement of proceedings.

[A.] Any five registered voters may commence initiative, referendum, or recall proceedings by filing with the city clerk an affidavit stating they will constitute a petitioners' committee and be responsible for circulating the petition, filing it in proper form, stating their names and addresses, and specifying the address to which all notices to the committee are to be sent, as well as setting out in full the proposed initiative ordinance, order, or resolve or citing the ordinance, or other matter sought to be reconsidered, or the elected official proposed to be recalled, together with a statement not to exceed 200 words, of the reasons for the recall. Grounds for the recall should relate to and affect the administration of the official's office and be of a substantial nature directly affecting the rights and interest of the public. Promptly after receipt of a recall petition, the city clerk shall serve, personally or by certified mail, return receipt requested, restricted delivery, a copy of the affidavit on the elected official sought to be recalled. Within ten days of the copy's delivery, refusal, or being unclaimed, the elected official sought to be recalled may file a statement with the city clerk not to exceed 200 words in response.

[B.] Promptly after the affidavit of the petitioners' committee is filed, the city clerk shall issue appropriate petition blanks to the petitioners' committee.

Sec. 9.3. - Petitions.

A. *Number of signatures.* Initiative and referendum petitions must be signed by registered voters of the city equal in number to at least ten percent of the number of registered voters as of the date on which the petitioners' committee filed its affidavit. Recall petitions must be signed by at least 15 percent of the number of registered voters as of the date on which the petitioners' committee filed its affidavit.

B. *Form and content.* All papers of a petition shall be uniform in size and style and shall be assembled as one instrument for filing. Each signature shall be executed in ink or indelible pencil and shall be followed by the address of the person signing. Petitions shall contain or have attached during their

circulation the full text of the ordinance, order, or resolve proposed or sought to be reconsidered or the name of the elected official proposed to be recalled and the reasons for that action. Petitions for recall shall be limited to the recall of one individual and shall contain the statement of grounds for the recall and the response of the official sought to be recalled, if any. If no response was filed, the petition shall state that fact.

C. *Affidavit of circulator.* Each paper of a petition shall have attached to it when filed an affidavit signed by the circulator stating the number of signatures as well as that the circulator:

(a.) Is a resident of the city;

(b.) Personally circulated the paper;

(c.) Had all the signatures signed in the circulator's presence;

(d.) Believes the signatures are the genuine signature of the persons; and

(e.) That each signer had an opportunity before signing to read the full text of the ordinance proposed or to be reconsidered or the name of the elected official proposed to be recalled and the statements of both the official and the petitioners' committee.

D. *Time for filing.* Referendum affidavits must be filed within 30 days after adoption by the city council of the ordinance, order, or resolve sought to be reconsidered. petitions for initiative, referendum and recall must be filed with the city clerk within 90 days of the city clerk's issuance of petitions, otherwise the petitions expire.

Sec. 9.4. - Procedure after filing.

A. *Certificate of city clerk; amendment.* Within 20 days after the petition is filed, the city clerk shall complete a certificate as to its sufficiency, specifying, if it is insufficient, the particulars wherein it is defective and shall promptly send a copy of the certificate to the petitioners' committee by certified mail, return receipt requested, restricted delivery. A petition certified insufficient for lack of the required number of valid signatures may be amended once, if the petitioners' committee files a notice of intention to amend it with the city clerk within five days after receiving the copy of the certificate and files a supplementary petition upon additional papers within ten days after receiving the copy of such certificate. Such supplementary petition shall comply with the requirements of subsections B and C of section [9.]3 above. Within five days after the supplementary petition is filed, the city clerk shall complete a certificate as to the sufficiency of the petition as amended and promptly send a copy of such certificate to the petitioners' committee by certified mail, return receipt requested, restricted delivery, as in the case of an original petition. If a petition or amended petition is certified sufficient, or if a petition or amended petition is certified insufficient and the petitioners' committee does not elect to amend or request city council review under subsection B of this section within the time required, the city clerk shall promptly present the certificate to the city council and the certificate shall then be a final determination as to the sufficiency of the petition.

B. *City council review.* If a petition has been certified insufficient and the petitioners' committee does not file notice of intention to amend it, or if an amended petition has been certified insufficient, the committee may, within two days after receiving the copy of such certificate, file a request for review by the city council. The city council shall review the certificate at its next meeting following the filing of such request and approve or disapprove it. The city council's determination shall be a final determination as to the sufficiency of the petition. The official proposed to be recalled shall not participate in any proceedings regarding the petition or the election.

C. *Court review; new petition.* A final determination as to the sufficiency of a petition shall be subject to court review. A final determination of insufficiency, even if sustained upon court review, shall not prejudice the filing of a new petition for the same purpose.

Sec. 9.5. - Referendum petitions; suspension of effect.

When a referendum petition is filed with the city clerk, the ordinance, order, or resolve sought to be reconsidered shall be suspended from taking effect. Such suspension shall terminate when:

a. There is a final determination of insufficiency of the petition; or

b. The petitioners' committee withdraws the petition; or

c. The city council repeals the ordinance, order, or resolve; or

d. Thirty days have elapsed after a vote of the city on the ordinance, order, or resolve.

Sec. 9.6. - Action on petitions.

A. *Action by city council.* When an initiative or referendum petition has been fully determined sufficient, the city council shall promptly consider the proposed initiative ordinance, order, or resolve in the manner provided in article 2 or reconsider the referred ordinance, order, or resolve by voting its repeal. If the city council fails to adopt a proposed initiative ordinance, order, or resolve without any change in substance within 60 days or fails to repeal the referred ordinance, order, or resolve within 30 days after the date the petition was finally determined sufficient, it shall submit the proposed or referred matter to the voters of the city.

B. *Submission to voters.* The vote of the city on a proposed or referred ordinance, order, or resolve shall be held not less than 120 days and not later than six months from the date of the final city council vote thereon. In the case of a recall petition, the election shall be held not later than six months after the petition is finally determined to be sufficient. If no regular city election is to be held within the period prescribed in this subsection, the city council shall provide for a special election; otherwise, the vote shall be held at the same time as such regular election except that the city council may, in its discretion, provide for a special election at an earlier date within the prescribed period. Copies of the proposed or referred matter shall be available for view at the polls.

C. *Withdrawal of petition.* An initiative, referendum, or recall petition may be withdrawn at any time prior to the 15th day preceding the day scheduled for a vote of the city, by filing with the city clerk a request for withdrawal signed by at least four members of the petitioners' committee. Upon the filing of such request, the petition shall have no further force or effect and all proceedings thereon shall be terminated.

Sec. 9.7. - Results of election.

A. *Initiative.* If a majority of the registered voters voting on a proposed initiative ordinance, order, or resolve vote in its favor, it shall be considered adopted upon certification of the election results and shall be treated in all respects in the same manner as ordinances, orders, or resolves of the same kind adopted by the city council. If conflicting ordinances, orders, or resolves are approved at the same election, the one receiving the greatest number of affirmative votes shall prevail to the extent of such conflict.

B. *Referendum.* If a majority of the registered voters voting on a referred ordinance, order, or resolve vote for repeal, it shall be considered repealed upon certification of the election results.

C. *Recall.* If a majority of the registered voters voting on a recall petition vote in favor of the petition, the office of the recalled official shall become vacant upon certification of the election results. If the election results or procedure is legally challenged by the recalled official, that person's right to serve in that office shall be suspended and the city shall not compensate that official pending the resolution of the legal proceeding.

Referred Ordinance: 11-03212022

City Council Ordinance

IN CITY COUNCIL

Repealing Ordinance 11-03212022 amending the zoning district Court Street/City Core of Urban Residential Area; 1,687.41 acres of Urban Residential to Traditional Neighborhood Development District Areas (T-4.2) that was adopted on 3/28/2022.

Whereas, the City Council adopted Ordinance 11-03212022, a Zoning Ordinance amendment to amend the zoning district Court Street/City Core of Urban Residential Area; 1,687.41 acres of Urban Residential to Traditional Neighborhood Development District Areas (T-4.2); and

Whereas, a Petitioners' Committee was formed to gather a minimum of 1,648 signatures of registered voters in the City of Auburn in an effort to repeal said Ordinance; and

Whereas, the petition was filed with the City Clerk on July 6, 2022 and determined to be sufficient on July 21, 2022; and

Whereas, Section 9.6 of the Charter provides that when a referendum petition has been determined to be sufficient, the City Council shall promptly consider voting to repeal the referred ordinance; and

Whereas, if the City Council fails to repeal the referred ordinance within 30 days after the date the petition was finally determined to be sufficient, the City Council shall submit the referred ordinance to the voters of the City;

NOW, THEREFORE, be it ordained that the City Council hereby repeals Ordinance 11-03212022 that was adopted on March 28, 2022.

City Council Workshop & Meeting
Agenda
August 15, 2022
Auburn Hall, Council Chambers

5:30 P.M. City Council Workshop

- **A.** Assessing and Tax Relief Presentation – Karen Scammon and Joe St. Peter
- **B.** 180 Station Road Grant Application – Eric Cousens
- **C.** Transportation Safety Initiatives – Jonathan LaBonté

7:00 P.M. City Council Meeting - Roll call votes will begin with Councilor Milks

Pledge of Allegiance

I. Consent Items - None

II. Minutes

- August 1, 2022, Regular Council Meeting

III. Communications, Presentations and Recognitions

- Washington Street Demonstration Safety Project – East Hardscrabble and Beech Hill/Danville Corner
- Lake Auburn Watershed Report Sub Surface Wastewater – Eric Cousens
- Public Safety Building – Brian Wood
- Council Communications (about and to the community)

IV. Open Session – *Members of the public are invited to speak to the Council about any issue directly related to City business or any item that does not appear on the agenda.*

V. Unfinished Business

1. Order 115-08012022
Authorizing the marketing of city owned property located at 115 Newbury Street. Parcel ID 221-055.

2. Order 116-08012022
Authorizing the marketing of city owned property located at 103 Newbury Street. Parcel ID 221-058.

3. Order 49-04042022
Authorizing the proposed Charter amendments be placed on a referendum ballot and submitted to the voters of Auburn at the November 8, 2022, Election. Public hearing and vote.

VI. New Business

1. Order 122-08152022
Approving the Incorporated Civic Organization Liquor License application for the City of Auburn, for the Riverwalk Blues & Brews Festival scheduled for September 10, 2022 in the Festival Plaza/Main Street area.

2. Order 123-08152022
Authorizing the City Clerk to waive the $75 business licensing fee (Peddler License) as requested by the Maine Blues Society, for the Riverwalk Blues and Brews Festival scheduled for September 10, 2022.

VII. Open Session - *Members of the public are invited to speak to the Council about any issue directly related to City business or any item that does not appear on the agenda*

VIII. Reports (from sub-committees to Council)

a. Mayor's Report
b. City Councilors' Reports
c. City Manager Report

IX. Executive Sessions - None

X. Adjournment

City of Auburn
City Council Information Sheet

Council Public Hearing or Meeting Date: August 15, 2022

Author: Eric Cousens, Director of Planning and Permitting

Subject: 180 Station Road Junkyard Cleanup and MNRCP Grant Application

Information

The City tax acquired the illegal junkyard property at 180 Station Road. The tax acquisition took place after enforcement actions that lead to cleanup and then the property owner recreating a junkyard at the site. The City acquired two other sites from the same property owner and we have been funding one cleanup at a time. This property is next for a cleanup RFP and contract later this year. The site has a small useable area along the road and is very limited for reuse potential. The property is 1.7 acres in area with about 7,000 square feet of upland useable area. The City will remove all surface debris from the site but does not have any plans for redevelopment. The site is likely to continue to be problematic for illegal dumping because it is secluded on a dead-end industrial road.

In 2022, staff learned of available funding and were contacted by the Royal River Conservation Trust to see if the City would consider restoring the site floodplain and stream banks on the property. This may be a way to restore the stream and avoid future costs of maintaining the property as an attractive nuisance for easily dumping debris on the current filled area. Given limited reuse potential and the low value of the site staff recommends that we do this.

Staff Recommended Action: Consider allowing staff to apply for the grant and provide feedback or any objections.

Previous Meetings and History: None

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: Memo dated August 2, 2022 and tax maps.

Date:	August 2, 2022
To:	Eric Cousens (Auburn)
From:	Rodney Kelshaw (Flycatcher LLC)
CC:	Katelin Nickerson (Flycatcher) Evan Ma, and Katherine Cook (Auburn)
Subject:	Station Road Restoration Project and Maine Natural resources Conservation Program Overview

Hello Eric,

This memo was developed to provide an overview of the Station Road restoration project (Project) and the status of potential funding from the Maine Natural Resources Conservation Program (MNRCP). Flycatcher LLC is a local land use consulting firm and we have the skills and experience to help this Project achieve success. We are pursuing this Project because we believe it is an important site to clean up and restore due to its proximity to the stream, it aligns with the goals of the MNRCP, and because we believe we have something to offer in terms of our technical capabilities and experience with a wide variety of development and restoration projects. Lastly, it is important as part of the values of our company to do work that contributes to the betterment of our local environment and communities.

Project Description: The proposed Project is the removal of wetland fill removal and restoration of a historic floodplain of an unnamed tributary to Moose Brook on a tax-acquired parcel along Station Road in Auburn. Based on review of historic maps and aerial photos it appears the stream floodplain was filled to allow for construction of buildings and for associated storage. The buildings were removed, however the land is still occupied with old vehicles, machinery, invasive plant species and other surface debris that accumulated overtime during a previous residency. Wetland fill extends from the Station Road right-of-way directly to the banks of the Moose Brook tributary. To restore this wetland and streambank after refuse removal, fill will be removed down to the original floodplain elevation and regraded and revegetated to re-create a healthy stream floodplain. Some fill will remain along the right-of-way to allow for parking and the space between the wetland and parking will be graded to around a 3 to 1 slope. Currently, we are assuming there is no contamination beyond surficial oil staining. Sediment and erosion control best management practices (BMP's) will be maintained throughout construction. If selected this project will develop a comprehensive seeding and planting plan as well as an invasive management plan for the site. The small parking area along the Station Road right-of-way will be maintained with potential for a future trail along the railroad bed. Post-construction, the City of Auburn will assume long-term management of the property or will work with a local land trust to take over this aspect of the project.

Conservation values: The Project is located along a tributary of Moose Brook, which is a tributary of the Royal River. The Royal River is mapped as a wild brook trout priority habitat as well as habitat for a state listed species according to the Beginning with Habitat Map Viewer. As a headwater of the Royal River, the Royal River Conservation Trust has voiced support for this project as it aligns with Imperative #5 of their 2022 Conservation Plan: to restore and project the water, headwaters, and stream-side habitats of the Royal River. This project will restore a wetland that has been buried for a prolonged period of time, providing vital floodplain habitat within the watershed of the Royal River.

Maine's In Lieu Fee Compensation Program: A voluntary program that allows entities seeking permits for impacts to natural resources, primarily wetlands, from the Maine Department of Environmental Protection (MDEP) and/or the U.S. Army Corps of Engineers (Corps) to make a payment directly to the MDEP as an alternative to the traditional mitigation process. Fees are assessed based on the amount and type of resource impacted, the type of impact, and the location in the state. Fees collected by MDEP are deposited into funds based on the biophysical regions in which the impacts occurred. These funds are administered by The Nature Conservancy in Maine (TNC) through the MNRCP process.

MNRCP: MNRCP is funded through Maine's In Lieu Fee Compensation Program. It's used for projects that will help restore and protect high priority aquatic resources. These projects are presented by conservation groups, environmental consultants, municipalities and public agencies. The application process is administered by the MDEP and Corps. The funds are awarded every year through a grant process reviewed by a committee from the MDEP with representatives from the Corps, Maine Department of Inland Fisheries and Wildlife, Maine Department of Agriculture, Conservation and Forestry, Maine Natural Areas Program, Maine Department of Transportation, Maine Department of Marine Resources, Maine Audubon, U.S. Fish and Wildlife Service, and the U.S. Environmental Protection Agency. For restoration and enhancement projects, funds are usually disbursed in multiple increments based on project milestones, typically after the project work plan has been approved and after the restoration work has been completed. The details of the award disbursements can be adjusted to meet specific project needs. The final decisions on the winning proposals are made in November or December of each year.

MNRCP gives preference to projects that restore, enhance, preserve, or create resources that best match the natural resources and wetland functions and values that were impacted in that region.

Special Considerations: While MNRCP is designed to review and approve prospective projects through a process similar to other state and federal grant programs, it remains a compensatory mitigation program that must comply with relevant state and federal regulations. As such, there are several aspects of this program that should be considered fully before a potential applicant submits a full proposal:

- Restoration and enhancement projects are strongly encouraged and will likely score and rank higher than preservation projects.
- For restoration and enhancement projects, consultation with qualified professionals is recommended. To appropriately scope the feasibility of a project, to accurately estimate projects costs, and to design a successful restoration project, MNRCP recommends consultation with wetland consultants, engineers, or other qualified restoration practitioners. Note that the costs for professionals to assist with the project can be included in the MNRCP budget.
- Invasive species management to protect aquatic resources is eligible for MNRCP funding as part of a project's long-term management and stewardship costs.
- MNRCP-funded projects must be conserved in perpetuity. Conservation easements can be funded by MNRCP but must prohibit any activities that would adversely affect the protected natural resources, and must provide third party enforcement rights for MDEP and the right of entry for MDEP and the Corps.
- MNRCP funds may not be eligible to match some federal funding sources.

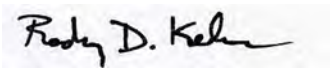
*Flycatcher is currently working towards finding a partner to oversee the long-term management of the project.

Criteria for proposed projects:

1. Potential to meet MNRCP Goals - Sustainably restores, enhances, preserves, or creates wetlands or other resources determined by the MNRCP to be Priority Resource Types.
2. Landscape context - Consider the location of a potential project relative to statewide focus areas for land conservation or habitat preservation identified by a state or federal agency, or other regional or municipal plans.
3. Project Readiness/ Feasibility - Ability of the project to meet MNRCP goals as stated in the proposal. Assesses the extent to which the proposal meets the core program requirement to provide for long-term management and/or stewardship by a responsible state or federal resource agency, or conservation organization
4. Cost effectiveness - Project represents an efficient use of funds expended given the condition, location, and relative appraised values of the property
5. Other Benefits - Support economic activity, job creation, recreational access, scenic enhancements, climate change resiliency, environmental justice or equity considerations, educational opportunities, or other contributions to "Quality of Place" in the town or region where the project is located. For projects involving acquisition of land, documented support from the municipality in which the project is proposed is encouraged.

Flycatcher: Flycatcher's staff is composed of soil scientists, wildlife biologists, wetland scientists, and environmental planning and permitting specialists. We are pursuing this work to support restoration efforts in our local communities, to provide meaningful projects for our staff, and provide technical support for projects we believe in. With our office located on the Royal River in Yarmouth, this project will directly impact the watershed where we spend much of our time. Flycatcher is excited to help the city of Auburn with the development of a full proposal for this Project. We are grateful to have the resources to provide upfront support for the proposal at no cost to the City, because we are confident this Project will be selected by MNRCP. If the full proposal is successful, we plan to utilize funding from the MNRCP grant to compensate our current and future efforts of supporting this Project.

Based on these considerations and feedback from representatives of the MNRCP, we believe this Project is a strong candidate to be selected for funding. With permission from the city of Auburn, Flycatcher submitted a Letter of Intent to MNRCP in early July, 2022. Based on their review MNRCP has invited us to submit a full proposal for the project for consideration for funding by the program. This full proposal is due on September 8, 2022. With the support of the City of Auburn, we propose to prepare a full proposal for submittal to MNRCP. Funding decisions will be made by the end of the year, and, if selected, the Project will be required to provide a restoration work plan to be submitted to MNRCP for approval prior to commencing the work. The project will be for restoring the site, and the City can proceed with site clean up without waiting for approval of the rest of the project. The enclosed acceptance letter from MNRCP outlines this process, we have also attached a Project location map as well as images of the site. Please contact me with questions and thanks again for allowing us to work with you on this project.



Rodney Kelshaw (CPSS, LSS, CPESC, LSE, PWS, CWB)
Managing Partner/Senior Scientist

---

Katelin,

Thank you again for your interest in the Maine Natural Resource Conservation Program (MNRCP). We reviewed your Letter of Intent for the **Station Road Wetland Restoration Project** and would like to invite you to submit a Full Proposal for this project. I have attached the Request for Proposal document which provides details on the Full Proposal process. I have also attached a Full Proposal Outline in MS Word format, the Project Budget template in MS Excel format, and the MNRCP guidelines for Restoration Work Plans. The Restoration Work Plan does not need to be submitted with the proposal and is provided for reference only at this time.

Kristen Puryear at the Maine Natural Areas Program has time available this summer to visit MNRCP proposal sites to perform a natural resources inventory and to assist applicants in evaluating aquatic resource restoration or enhancement opportunities. We encourage you to contact Kristen soon to discuss a potential site visit (Kristen.Puryear@maine.gov or 287-8043) and if possible, include the results of the natural resources inventory with the Full Proposal.

We also want to highlight some areas that would benefit from more detail in your Full Proposal:

1. Please confirm that the City of Auburn would be willing to record a Notice of Project Agreement (example included in the RFP) with the deed for this property to ensure long-term compliance with the MNRCP Project Agreement.
2. Note that a long-term management plan will be required for the site as well. Costs for development of this plan can be included in the project budget.
3. Is an Environmental Site Assessment complete or planned for this property, prior to the restoration work occurring? We note the contamination risk at the site and will require more information on the scope of contamination in the proposal, if possible.
4. Note that the full proposal will require a conceptual design or sketch of the proposed restoration work. The conceptual design should also include a reference site, if possible. This reference site should have vegetation and hydrology conditions similar to what is proposed for the restoration area and can serve as a target for defining performance standards for the project. A complete design plan, including any required engineering plans, is not required at the time of proposal.
5. Reviewers questioned whether enough budget was included in the Letter of Intent. Please confirm that enough budget has been allocated for development of the work plan, implementation of the project, and long-term monitoring and management.
6. Related to budget, MNRCP allows for contingency funds to be included in the budget. These funds can be included in the project award, but the Project Agreement will be drafted so that

the contingency funds are only disbursed if needed. MNRCP recommends including some contingency funding in the budget.

Please note that the deadline for submitting your Full Proposal is **5:00PM on September 8, 2022**. Full Proposals may be submitted via email to me or to maineresources@tnc.org.

Please let me know if you have any questions or if any further clarification would be helpful.

Thank you again for your interest in MNRCP. We look forward to learning more about your proposed project.

Sincerely,

--Bryan

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: August 15, 2022

Author: Jonathan P. LaBonte, Transportation Systems Director

Subject: Transportation Safety Initiatives

Information:
As part of the evaluation and analysis of the city's transportation efforts, specific near-term opportunities to pursue improved safety for residents and those traveling in and through the community have been identified.

For context, the 2010 and 2021 Comprehensive Plans both included the same language to open the vision statement for Auburn's transportation infrastructure. They state that "Auburn's transportation network of roads, sidewalks, and bike lanes along with rail, air, and mass transit systems provide all users with safe and equitable movement throughout the community and beyond."

The 2019 Strategic Plan includes a focus on safety in the community with vision that states "Auburn will be a community that balances urban & rural living, with safe, sustainable, livable neighborhoods that are well-connected..." A recommendation of that plan is to "Address identified public service and infrastructure needs."

The following intersections/road segments will be highlighted during the workshop, except for Washington Street, which will be discussed during Presentations during the City Council meeting.

Pedestrian Safety:
Gamage Avenue, Union Street, Court Street (connections to Edward Little), Turner Street between Court Street and Great Falls Plaza and at Dennison Street

Highway Safety:
Poland Rd and Rodman Rd (intersection), Minot Ave (segment from Hatch Rd to Hotel Rd), Center St (Union St to Stetson Rd)and Washington St (East Hardscrabble and Beech Hill/Danville Corner)

City Budgetary Impacts: N/A

Staff Recommended Action: Council Resolve in Support of Center Street Safety Action Plan Grant Application

---

Previous Meetings and History:

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments:

Mayor Levesque called the meeting to order at 7:00 P.M. in the Council Chambers of Auburn Hall and led the assembly in the salute to the flag. All Councilors were present.

Pledge of Allegiance

I. Consent Items - All items with an asterisk (*) are considered routine and will be enacted by one motion. There will be no separate discussion of these items unless a Council member or a citizen so requests, in which event, the item will be removed from the Consent Agenda and considered in its normal sequence on the agenda

1. Order 106-08012022*
Confirming Chief Moen's appointment of Ryan Jones as Constable with firearm/arrest powers for the Auburn Police Department.

Motion was made by Councilor Staples and seconded by Councilor Walker for passage.

Passage 7-0.

II. Minutes

July 11, 2022, Special Council Meeting

Motion was made by Councilor Walker and seconded by Councilor Staples to approve the minutes of the July 11, 2022, Special Council Meeting.

Passage 7-0.

July 18, 2022, Regular Council Meeting

Motion was made by Councilor Walker and seconded by Councilor Staples to approve the minutes of the July 18, 2022, Regular Council meeting.

Passage 7-0.

III. Communications, Presentations and Recognitions

- Communication from Petitioner's Committee for the repeal of Ordinance 08-03072022
- Council Communications (about and to the community)

Manager Crowell reported that there will be a virtual meeting at 6:00 pm on August 8, 2022 with the Assessing Department regarding valuation changes. The public can go to our website for access information. He also announced that tomorrow night is National Night out from 5:30 pm until dusk at Festival Plaza.

IV. Open Session –

Angela Dow, Auburn resident and employee of Auburn Public Works Department, expressed her concerns with the MSEA union negotiations that are underway.

V. Unfinished Business

1. Order 83-06062022
Allocating $300,000.00 of ARPA Funding to create a two-year pilot program called "Project Support You – Auburn".

Motion was made by Councilor Gerry and seconded by Councilor Whiting for passage.

Public comment – No one from the public spoke.

Passage 6-1 (Councilor Milks opposed).

2. Ordinance 16-06062022
Approving the zoning amendment for 278 Poland Road. Second reading.

Motion was made by Councilor Staples and seconded by Councilor Walker for passage.

Public comment –

Timothy Allen, 194 Pride Road, thanked Council for reading the correspondence that he submitted. He stated that he met with some of his neighbors, and they were surprised to see the updated plans which appeared to be different from what was discussed at the last meeting. He said that they do not think that Hammond Lumber is making a good faith effort and doesn't think they can trust them to do what they say they will do.

Carol Lane, Arbania Street, commented that this lot is a nice residential lot, and there is no reason to turn this into an industrial lot. She said that she does not want to see this changed to industrial.

Failed 1-6 (Councilors Hawes, Milks, Morin, Staples, Gerry, and Whiting opposed). A roll call vote was taken.

3. Ordinance 18-07182022
Extending the moratorium on public safety, detention, and correctional facilities. Second reading.

Motion was made by Councilor Hawes and seconded by Councilor Walker for passage.

Public comment – No one from the public spoke.

Passage 5-2 (Councilors Gerry and Staples opposed). A roll call vote was taken.

4. Ordinance 19-07182022
Creating a new Formed Base Code District Traditional Neighborhood Development District (T-4.2B). Second reading.

Motion was made by Councilor Staples and seconded by Councilor Morin for passage.

Public comment – No one from the public spoke.

Failed 0-7. A roll call vote was taken.

Motion was made by Councilor Morin and seconded by Councilor Walker to suspend the rules to add an item to the agenda.

Passage 5-2 (Councilors Gerry and Whiting opposed).

Motion was made by Councilor Morin and seconded by Councilor Staples on the following:

Order 121-08012022, Ordered, that the City Council hereby refers for consideration, conduct a public hearing, and recommendation, a zoning text and map amendment to create and apply a new T-4.2B zoning district to the Court Street area (1,687.41 acres) to the Planning Board at its September 13, 2022 meeting.

Public comment – No one from the public spoke.

Passage 5-2 (Councilors Gerry and Whiting opposed). A roll call vote was taken.

VI. New Business

1. Order 109-08012022
Approving the liquor license for Make Dough, LLC., DBA Otto, Auburn located at 730 Center Street. Public hearing and vote.

Motion was made by Councilor Walker and seconded by Councilor Gerry for passage.

Public hearing – No one from the public spoke.

Passage 7-0.

2. Order 110-08012022
Adopting the Auburn-Lewiston Consortium HOME-ARP Plan. Public hearing and vote.

Motion was made by Councilor Gerry and seconded by Councilor Whiting for passage.

Public hearing - No one from the public spoke.

Passage 7-0.

3. Order 111-08012022
Approving the proposed technical revision to the Tambrands II Municipal Development Tax Increment Financing Development (TIF) program. Public hearing and vote.

Motion was made by Councilor Walker and seconded by Councilor Whiting for passage.

Public hearing – No one from the public spoke.

Passage 7-0.

4. Order 112-08012022

Allocating $1,600,000.00 of American Rescue Plan Act (ARPA) funds for the upgrades and/or replacements of HVAC systems in our city-owned facilities.

Motion was made by Councilor Staples and seconded by Councilor Hawes for passage.

Public comment- No one from the public spoke.

Motion was made by Councilor Milks and seconded by Councilor Walker to postpone this item for three months.

Passage 6-1 (Councilor Whiting opposed).

5. **Referred Ordinance 11-03212022**
Repealing Ordinance 11-03212022 amending the zoning district Court Street/City Core of Urban Residential Area; 1,687.41 acres of Urban Residential to Traditional Neighborhood Development District Areas (T-4.2) that was adopted on 3/28/2022.

Motion was made by Councilor Staples and seconded by Councilor Morin for passage.

Public comment – John Cleveland, 183 Davis Avenue, commented on the current city charter that was adopted in 2005.

Ryan Smith, 14 Weaver Street, provided a legal letter from Kristin M. Collins of Preti Flaherty, and he read a portion of the letter. He said he would like to see this go before the voters and does not want to see T-4.2B to go before the planning board again.

Jeffrey Harmon, 34 Vista Drive, stated that this is the first time that a citizen referendum has come before the City Council and has been signed by 2,400 Auburn residents. He said repealing this Ordinance to push through T-4.2B is an insult to the people that signed the petition.

Dennis Bergeron, Ward 2 resident, doesn't think this has been much of a process, there hasn't been due public process and the people feel that the City Council isn't listening to them. Residents are upset over what the council is doing.

Steven Beal, Shepherd Street, questions why refer T4.2b to the Planning Board, when it is similar to this T-4.2.

Pam Rousseau, West Auburn Road listened to the Planning Board meeting twice, and found no substantial difference between T-4.2 and T-4.2B adding that the Council isn't listening.

Bob Hayes, 172 Allen Avenue, commented on the Strategic Plan, neighborhoods, and read sections from the Strategic Plan adding that he would like to get the neighborhoods involved in the process.

Passage 4-3 (Councilors Staples, Gerry, and Whiting, opposed). A roll call vote was taken.

6. **Order 113-08012022**

Authorizing the marketing of city owned property located at 86 Western Avenue. Parcel ID 230-026.

Motion was made by Councilor Walker and seconded by Councilor Staples for passage.

Public comment – No one from the public spoke.

Passage 7-0.

7. **Order 114-08012022**
Authorizing the marketing of city owned property located at 192 Winter Street. Parcel ID 260-022.

Motion was made by Councilor Walker and seconded by Councilor Whiting for passage.

Motion was made by Councilor Staples and seconded by Councilor Morin to amend by correcting the street number on the Order from 129 to 192. Passage 7-0.

Public comment – No one from the public spoke.

Passage 7-0.

8. **Order 115-08012022**
Authorizing the marketing of city owned property located at 104 Newbury Street. Parcel ID 221-067.

Motion was made by Councilor Staples and seconded by Councilor Milks for passage.

Due to an error on the street number in the Council packet, a motion was made by Councilor Whiting and seconded by Councilor Morin to postpone within 30-day period in order to make the necessary corrections.

Passage 7-0.

9. **Order 116-08012022**
Authorizing the marketing of city owned property located at 103 Newbury Street. Parcel ID 221-058.

Motion was made by Councilor Staples and seconded by Councilor Milks for passage.

Public comment – No one from the public spoke.

Due to an error on the street number in the Council packet, a motion was made by Councilor Hawes and seconded by Councilor Staples to postpone within a 30-day period to make the necessary corrections.

Passage 7-0.

10. **Order 117-08012022**
Authorizing the marketing of city owned property located at 369 Main Street. Parcel ID 221-044.

Motion was made by Councilor Walker and seconded by Councilor Milks for passage.

Public comment – No one from the public spoke.

Passage 7-0.

11. **Order 118-08012022**
Authorizing the marketing of city owned property located at 351 Main Street. Parcel ID 221-048.

Motion was made by Councilor Walker and seconded by Councilor Staples for passage.

Public comment – No one from the public spoke.

Passage 7-0.

12. **Order 119-08012022**
Authorizing the marketing of city owned property located on Vickery Road. Parcel ID 183-029.

Motion was made by Councilor Walker and seconded by Councilor Staples for passage.

Public comment - No one from the public spoke.

Passage 7-0.

13. **Order 120-08012022**
Authorizing the marketing of city owned property, Winter Oak, parcel ID 191-101.

Motion was made by Councilor Walker and seconded by Councilor Staples for passage.

Public comment - No one from the public spoke.

Passage 7-0.

VII. **Open Session –** No one from the public spoke.

VIII. **Reports (from sub-committees to Council)**

City Manager Crowell announced that he and Assistant City Manager, Brian Wood, will be attending MTCMA (Maine Town and City Manager) conference next week.

IX. **Executive Sessions -** None

VIII. **Adjournment** – Motion was made by Councilor Milks and seconded by Councilor Staples to adjourn. Unanimously approved and the meeting adjourned at 8:11 pm.

A TRUE COPY ATTEST Susan Clements-Dallaire

Susan Clements-Dallaire, City Clerk

TECHNICAL MEMORANDUM | LAKE AUBURN MODEL

TO: Eric Cousens, City of Auburn, Maine

FROM: Laura Diemer, FB Environmental Associates

SUBJECT: Memorandum on Modeling 2022 Proposed Ordinance Changes

DATE: August 1, 2022

CC: Forrest Bell & Maggie Kelly, FB Environmental Associates

The City of Auburn requested FB Environmental Associates (FBE) to evaluate proposed ordinance changes for their potential effects on land use and development in the Lake Auburn watershed and associated impacts to lake water quality. The purpose of this memorandum is to 1) summarize the proposed ordinance changes that the City of Auburn deliberated in May 2022 and 2) describe the modeling work that was completed which simulated the impact that the proposed ordinances changes will have on land use and development in the watershed and subsequent lake water quality.

BACKGROUND

This work follows up on a comprehensive analysis that FBE, along with Horsley Witten Group and Dr. Adam Daigneault of the University of Maine, conducted for the City of Auburn in 2021. For that analysis and subsequent report, FBE ran a buildout analysis and a coupled watershed-lake model that estimated phosphorus loading from the watershed to Lake Auburn and subsequent in-lake water quality conditions. The calibrated baseline watershed-lake model was run for several future scenarios that simulated in-lake water quality conditions under different watershed development conditions. With the calibrated baseline watershed-lake model, additional future scenarios can be run based on changes to the underlying model inputs and/or assumptions.

PROPOSED REGULATORY CHANGES & MODELING APPROACH

The proposed ordinance changes that FBE were given to consider are in Section 60-952 (the Lake Auburn Watershed District Overlay) and Section 60-1066 (the Phosphorus Control Ordinance). The ordinance changes with implications for the modeling effort are described in Table 1.

For carrying out the model run, the first step was to update the buildout analysis to account for the new ordinances. A buildout analysis uses existing or in this case proposed ordinances, existing natural features, and other development constraints to estimate the number and location of new buildings possible under the simulated zoning. Once the buildout analysis was complete, the results were input to the watershed-lake model. FBE started with the "Business As Usual + LID" model scenario and made adjustments to the new model run to account for the proposed ordinance changes, which included changing the number of projected new buildings (for Auburn only) and agricultural land area within the 100 ft buffer of surface waters[1] (refer to Table 1).

[1] Note for future model runs: with the anticipated decline in existing agricultural land area in the watershed, these agricultural lands were assumed to likely be replaced by new development; however, there were instances where the anticipated increase in development was less than the anticipated decline in agricultural lands which were then assumed to lay fallow and regenerate into forest. Overall, the new model run estimated up to 39 acres of regenerated forest by 2100. It may be more practical to convert these agricultural lands to open land rather than forest in the model unless the agricultural lands are managed and protected as forested land. Open land has a slightly higher phosphorus export compared to forested land, so this change in assumption would minorly increase the total phosphorus load estimate.

Table 1. Summary of existing ordinances and their proposed changes, along with a description of the modeling approach to account for these proposed ordinance changes.

Category	Existing Ordinance	Proposed Ordinance	*Model*: Modeling Approach
Agricultural Buffer Strips	In Section 60-952 (c), for tilled agricultural lands adjoining the lake or its perennial tributary streams, the width of untilled agricultural buffer strips is 50 feet.	The proposed ordinance changes the setback to 100 feet.	*Watershed-Lake Model:* FBE found the intersection of agricultural land use and a 100 ft buffer from Lake Auburn and its ponds and perennial tributaries (within the City of Auburn) and manually changed any agriculturally classified land use as open land, assuming that property owners will be required to reforest or lay fallow tilled fields within 100 ft of those surface waters. FBE identified 0.82 hectares (2.01 acres) and 2.26 hectares (5.58 acres) of agricultural land use within a 50 ft and 100 ft buffer, respectively, from Lake Auburn and its ponds and perennial tributaries (within the City of Auburn) (Table 2). Note that this desktop analysis was performed at a coarse scale, and some of these agricultural areas may be outside of the buffer zone if measured in the field. **Converting the 2.26 hectares (5.58 acres) of agricultural land use to open land for this new model run includes the 0.82 hectares (2.03 acres) of agricultural land within the existing 50 ft buffer restriction and posed as a minor limitation to directly comparing the results between the model runs since the "Business As Usual" model scenario considered some agricultural land within the 50 ft buffer despite existing regulations.**
Subsurface Disposal Systems (Septic Systems)	Section 60-952 (f) (1) currently prohibits the siting of systems where there is less than 36 inches of vertical separation from the bottom of the organic horizon and the nearest "limiting factor" (bedrock, seasonal water table, occluding layer of clay or other mineral that would prevent drainage). This vertical separation must be achieved by previously in-situ soils or sediments, disallowing the use of fill materials.	The proposed change allows for siting of septic systems where there is 12 inches of in-situ vertical separation between the bottom of the disposal field and the limiting factor, a standard that is consistent with the State of Maine Subsurface Wastewater Disposal Rules 10-144 Chapter 241 (a.k.a., Chapter 241). In addition, the revised section would allow the use of suitable fill materials to achieve a total of 36 inches of vertical separation, which is retained from the old rules.	*Buildout Analysis*: Using county-level NRCS soil series data, we updated the development constraints input to show areas with restrictive layers within 12" of the surface (compared to 36" originally).
	Section 60-952 (f) (2) currently prohibits the siting of septic systems within 300 feet of the high-water line where soils are described as deep, loose, and sandy containing 70 percent sand.	The proposed change prohibits the siting of septic systems within 400 feet of the high-water line where soils are profiled as gravel outwash or stratified drift as shown in Table 4D (profiles 5, 6, and some of 11) of Chapter 241.	*Buildout Analysis*: We expanded the target area from 300 to 400 ft around Lake Auburn and its ponds and tributaries. FBE roughly matched soil series (from county-level NRCS data) in the watershed to 5, 6, and 11 soil profiles in Table 4D of Chapter 241. However, the soil profiles in Table 4D are broadly applicable to several soil series under different environmental conditions and likely do not reflect true parcel-by-parcel variability in septic system siting restrictions. FBE's approach of excluding only those soil series that are definitively not 5, 6, and 11 soil profile types is conservative for development potential, showing nearly the entire 400 ft buffer as restricted from development. Practical field application of the Table 4D rules would likely be less restrictive, but there is no way of knowing the extent of the difference without field evaluations by a Licensed Site Evaluator. FBE confirmed this limitation with Daniel Locke, a Professional Geologist and Licensed Site Evaluator with the Maine Geological Survey. **Thus, the buildout analysis results for the new model run likely underestimated new building potential. There were 23 projected new buildings identified within the 300 ft buffer under the "Business As Usual" model scenario that the new scenario run using the Table 4D soil profiles excluded and therefore potentially underestimated development along the shoreline.**
Zoning Change	Approximately 1,038 acres are proposed to be rezoned from Rural Residential to Low-Density Country Residential. If carried out, this change will result in minimum three-acre lots where previously the minimum lot size was one acre.		*Buildout Analysis*: We rezoned Rural Residential to Low-Density Country Residential in the Auburn portion of the watershed so that the minimum lot size increased from 1 to 3 acres.

Category	Existing Ordinance	Proposed Ordinance	*Model*: Modeling Approach
	Auburn's Chapter 60 – Zoning, Article IV. – District Regulations, Division 2 – Agriculture and Resource Protection District use regulations provide restrictive standards for new development and are only approved on a case-by-case basis.	No change.	*Buildout Analysis*: We removed new development in the Agriculture and Resource Protection Zone. **The original "Business As Usual" model scenario showed 74 projected new buildings in the Agriculture and Resource Protection Zone, which posed as a limitation to directly comparing the results between the model runs.**
Phosphorus Control Plans	Section 60-1066 (1) concerns the applicability of the ordinance, with any new building or structure of 575 square feet of ground floor area requiring the creation of a Phosphorus Control Plan – essentially a detailed stormwater management plan that includes estimated phosphorus loading calculations.	The proposed change requires any new building of 200 square feet of ground floor area to develop a Phosphorus Control Plan, making the applicability much broader.	*Watershed-Lake Model:* For the broader application of Phosphorus Control Plan requirements on new development in the watershed, we will want to consider the fact that the change from 575 square feet to 200 square feet would largely only extend phosphorus controls to accessory buildings or additions since primary dwellings are already required to submit a Phosphorus Control Plan. In addition, the "Business As Usual" model scenario did not account for low impact development (LID) standards that would be implemented as a result of a Phosphorus Control Plan, so we recommend comparing the new model run results to the "Business As Usual + LID" model scenario. According to the Phosphorus Control Ordinance, the per-acre phosphorus allocation for new development in the Lake Auburn watershed is 0.047 lbs. per acre (0.060 lbs. per acre when including background levels) which would amount to 0.180 lbs. per year on a 3-acre lot. The phosphorus export for low density residential development assumed in the model is roughly 0.652 lbs. per acre. Applying LID adjustments (30% less impact area, 70% reduced phosphorus export) lowers the phosphorus export for low density residential development to roughly 0.121 lbs. per acre which would amount to 0.170 lbs. per year on a 3-acre lot with 1 acre of developed area and 2 acres of forest land. Despite the model appearing to meet the allowable phosphorus allocation per built lot, it is important to note that these are rough average estimates since the model adjusts the phosphorus export from any given parcel of land based on accumulation and runoff with dry and wet spells. There may be times when the phosphorus export is lower than the allowable phosphorus allocation and other times when it is higher. **Note**: The City of Auburn uses 450-ft-deep "residential strips" to effectively limit the construction of new roads in rural areas, most especially in the Lake Auburn watershed. Therefore, our assumption that each new building will slightly increase the amount of roadway in the area may not be applicable at least in the Auburn portion of the watershed. In addition, most new built lots in the watershed are less than one-half acre of developed area as opposed to the model assumption of one-acre (which was based on the average existing developed area per existing building in the watershed). Adjusting these model assumptions should be considered in a future model run but will likely have a negligible impact to the total phosphorus load and in-lake total phosphorus concentration.

Table 2. Agricultural land cover by sub-basin within a 50 ft and 100 ft buffer from Lake Auburn and its ponds and perennial tributaries (within the City of Auburn).

Basin Name	Land Cover	50 ft Buffer		100 ft Buffer	
		Area (hectares)	Area (Acres)	Area (hectares)	Area (Acres)
Townsend Brook	Cropland	0.01	0.02	0.01	0.02
Townsend Brook	Hay/Pasture	0.77	1.89	1.94	4.78
West Auburn Rd-Youngs Corner-Gracelawn-Summer St	Cropland	0.04	0.10	0.31	0.78
	Total	**0.82**	**2.01**	**2.26**	**5.58**

NEW MODEL RUN RESULTS

Results of the buildout analysis incorporating the 2022 ordinance changes compared to the original baseline buildout analysis are provided in Tables 3 and 4 and shown in Figures 1-3. The ordinance changes only impacted the Auburn portion of the watershed, reducing the total buildable area by 955 acres and the number of projected new buildings by 155. However, these results reflect adjustments made to the buildout assumptions that more accurately apply existing ordinances. For example, new development in the Agriculture and Resource Protection zone was removed which accounted for 928 acres of buildable area and 74 projected new buildings. In addition, there were 23 projected new buildings identified within the 300 ft buffer under the original baseline buildout that the ordinance changes conservatively excluded due to the limitations of using the Table 4D soil profiles. Accounting for these adjustments, the ordinance changes directly reduced the total buildable area by 27 acres and the number of projected new buildings by 58. This indicates that the expansion of buildable area with the lifting of the septic system siting restriction (changing from 36" to 12" to limiting factor) was effectively offset by the reduction of buildable area with the rezoning of Rural Residential to Low Density Country Residential (changing from 1-acre to 3-acre minimum lot size).

Results of the watershed-lake model are provided in Table 5. The new model run reflecting the 2022 ordinance changes and other adjustments resulted in a predicted total phosphorus load of 937 kg/yr and an in-lake total phosphorus concentration of 9.3 ppb. Compared to the "Business As Usual + LID" model scenario, the ordinance changes and other adjustments reduced the total phosphorus load by 6 kg/yr and the in-lake total phosphorus concentration by 0.1 ppb. Although a small change, the reduction entered a new tier or probability bracket for bloom risk, lowering it slightly from 40% to 30-40% with taste/odor complaints still possible but slightly less likely and filtration waiver violation remaining a low risk.

To meet the goal of 900 kg/yr total phosphorus load and 9.0 ppb in-lake total phosphorus concentration in the future at full buildout, additional changes to development strategies that limit total phosphorus export will be needed. While the City of Auburn has taken valuable action to put phosphorus controls in place on new development, the goal cannot be ultimately met without the cooperation of headwater towns to implement similar development strategies controlling phosphorus in the watershed.

Table 3. Amount of total and buildable land by town and zone in the Lake Auburn watershed. Results of the new model run incorporating the 2022 ordinance changes are compared to the original baseline buildout analysis. Note: the total area for the City of Auburn's zones, Low Density Country Residential and Rural Residential, are split between two values to show that Rural Residential was rezoned to Low Density Country Residential as part of the new model run incorporating the 2022 ordinance changes; the first value represents conditions under the original baseline buildout, and the second value represents conditions under the 2022 ordinance changes baseline buildout.

Zone	Total Area (acres)*	Original Baseline Buildout		2022 Ordinance Changes Baseline Buildout	
		Buildable Area (Acres)	Percent Buildable Area	Buildable Area (Acres)	Percent Buildable Area

[2] The original baseline buildout from May 2021 predicted 311 buildings. There were no changes to development constraints in Turner, so this difference is likely due to small differences in how the buildings were randomly placed by the model.

Table 5. Baseline and select scenario model results for total phosphorus (TP) load (kg/yr) and in-lake TP concentration (ppb), along with gross estimates for water quality risks related to drinking water and recreation in Lake Auburn. The new model run is highlighted in gray.

SCENARIO	YEAR	TP LOAD (KG/YR)	TP (PPB) - AVG	TP (PPB) - MIN	TP (PPB) - MAX	Bloom Risk	Taste/Odor	Filtration Waiver Violation Risk	Filtration Plant Needed?
Baseline or "Existing Conditions"	2018	1,114	10.9	9.2	14.4	40%	Complaints	None	No, borderline for taste/odor
Baseline + Alum Treatment	2020	842	8.3	6.6	11.8	10%	Likely Few Complaints	Likely None	No
Baseline + Alum Treatment + Climate Change (RCP 4.5) + Future "Business As Usual" Buildout (No Code Changes)	2100	957	9.5	7.8	13.0	40%	Complaints Likely	Low Risk	Likely no, but borderline for taste/odor
Baseline + Alum Treatment + Climate Change (RCP 4.5) + Future "Business As Usual" Buildout (No Code Changes) + Low Impact Development Standards	2100	943	9.4	7.7	12.9	40%	Complaints Likely	Low Risk	Likely no, but borderline for taste/odor
Baseline + Alum Treatment + Climate Change (RCP 4.5) + Future "Business As Usual + 2022 Ordinance Changes" Buildout (Code Changes) + Low Impact Development Standards	2100	937	9.3	7.6	12.8	30-40%	Complaints Possible	Low Risk	Likely no, but potentially for taste/odor
Lake Auburn Water Quality Goal Recommendation	2100	900	9.0			10-20%	Few Complaints	Low	No

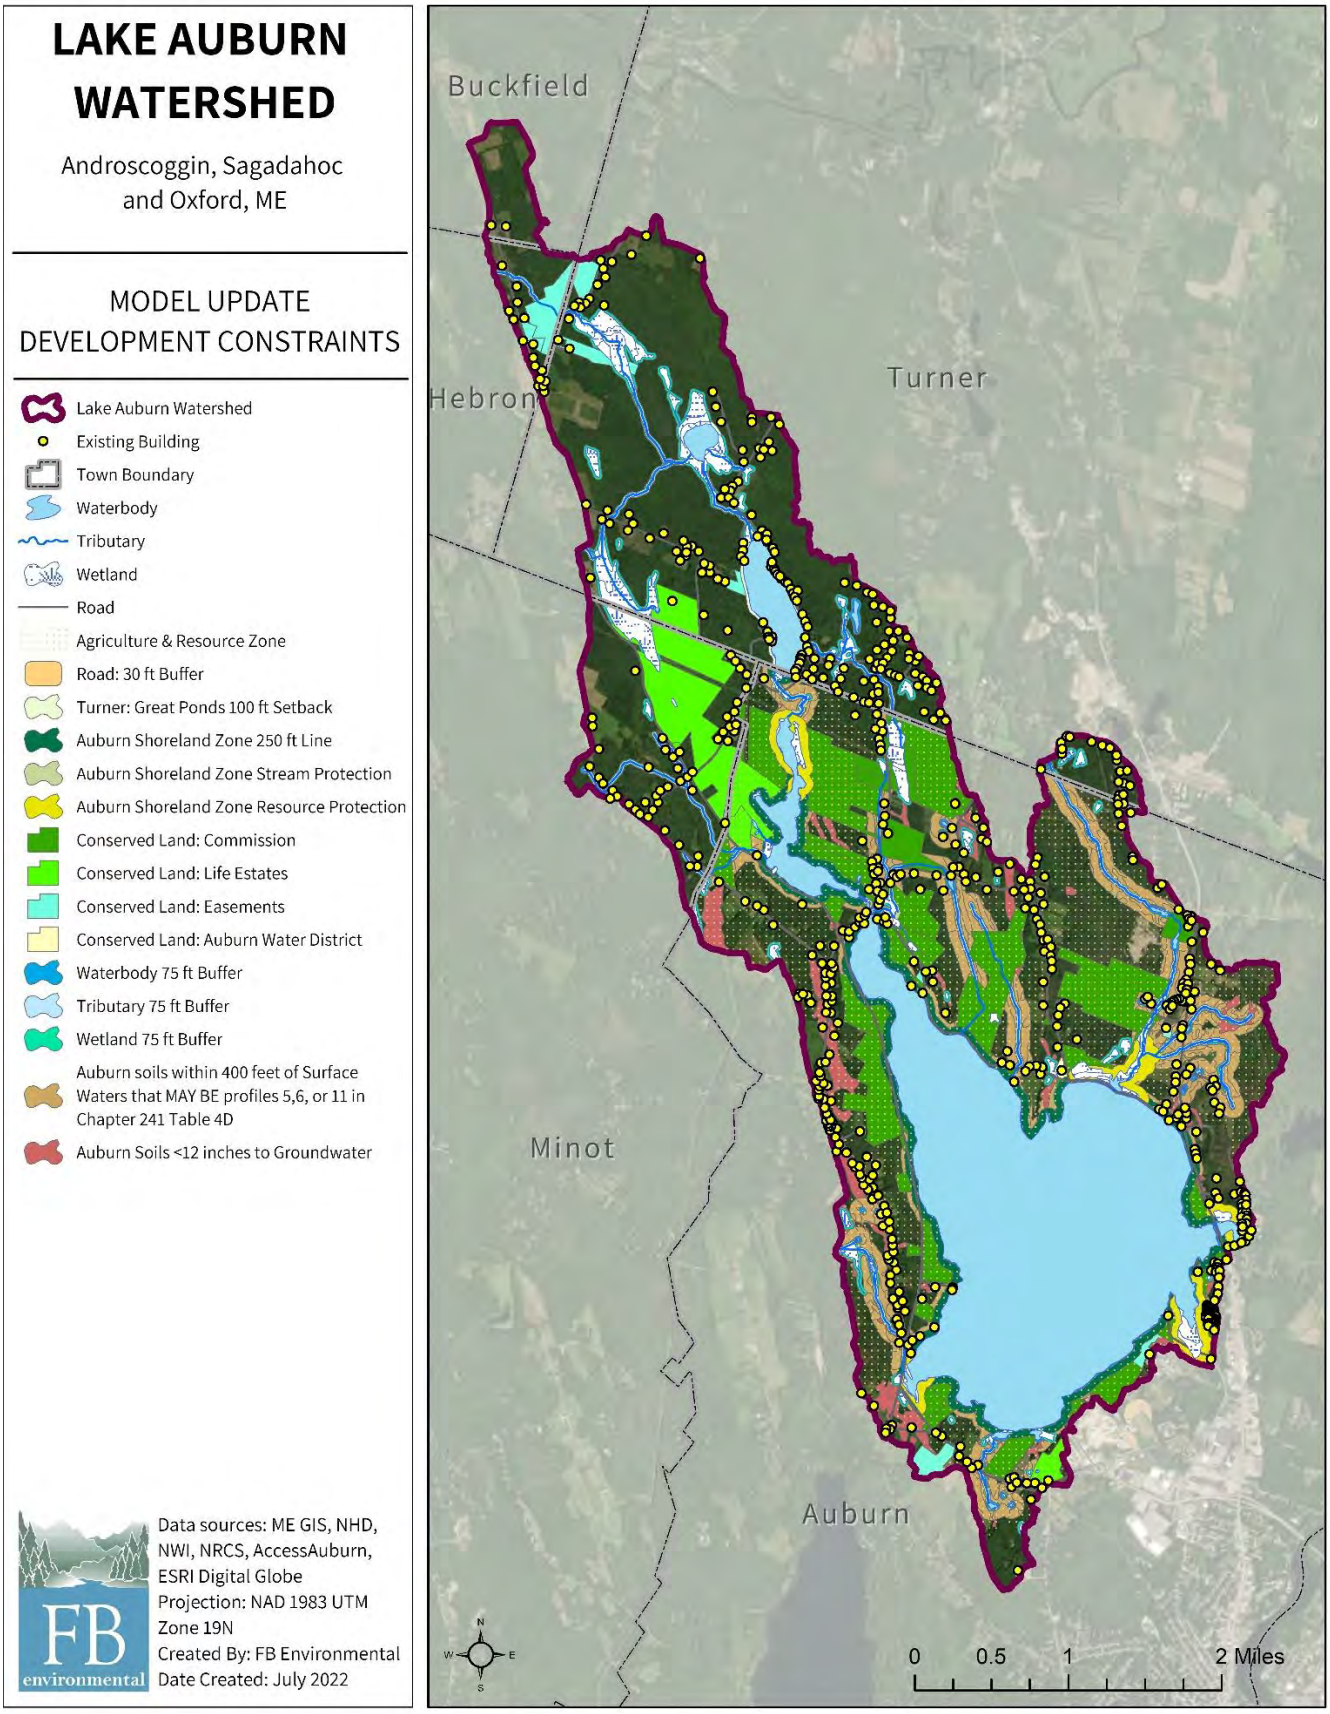

Figure 1. Development constraints in the Lake Auburn watershed for the 2022 ordinance changes baseline buildout analysis.

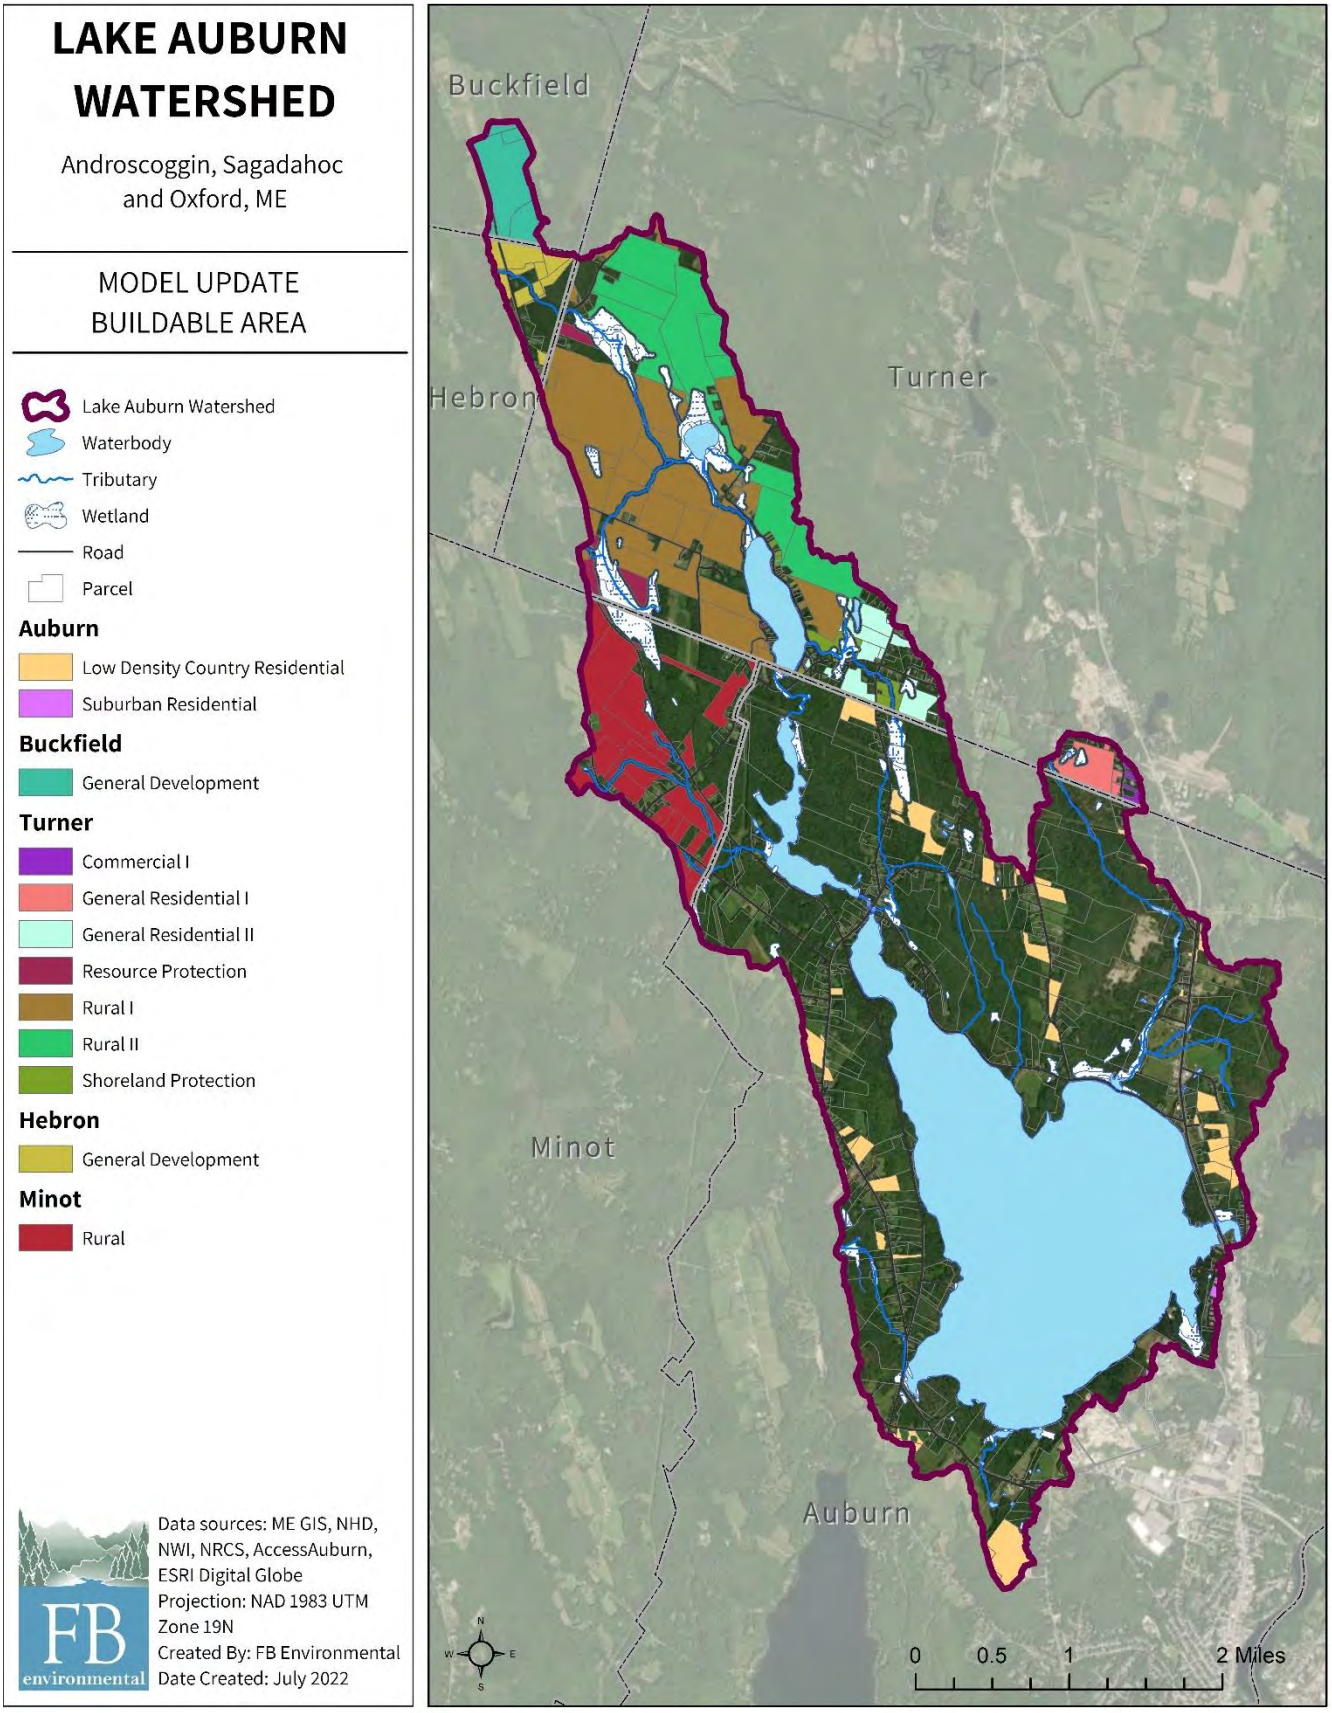

Figure 2. Buildable area in the Lake Auburn watershed for the 2022 ordinance changes baseline buildout analysis.

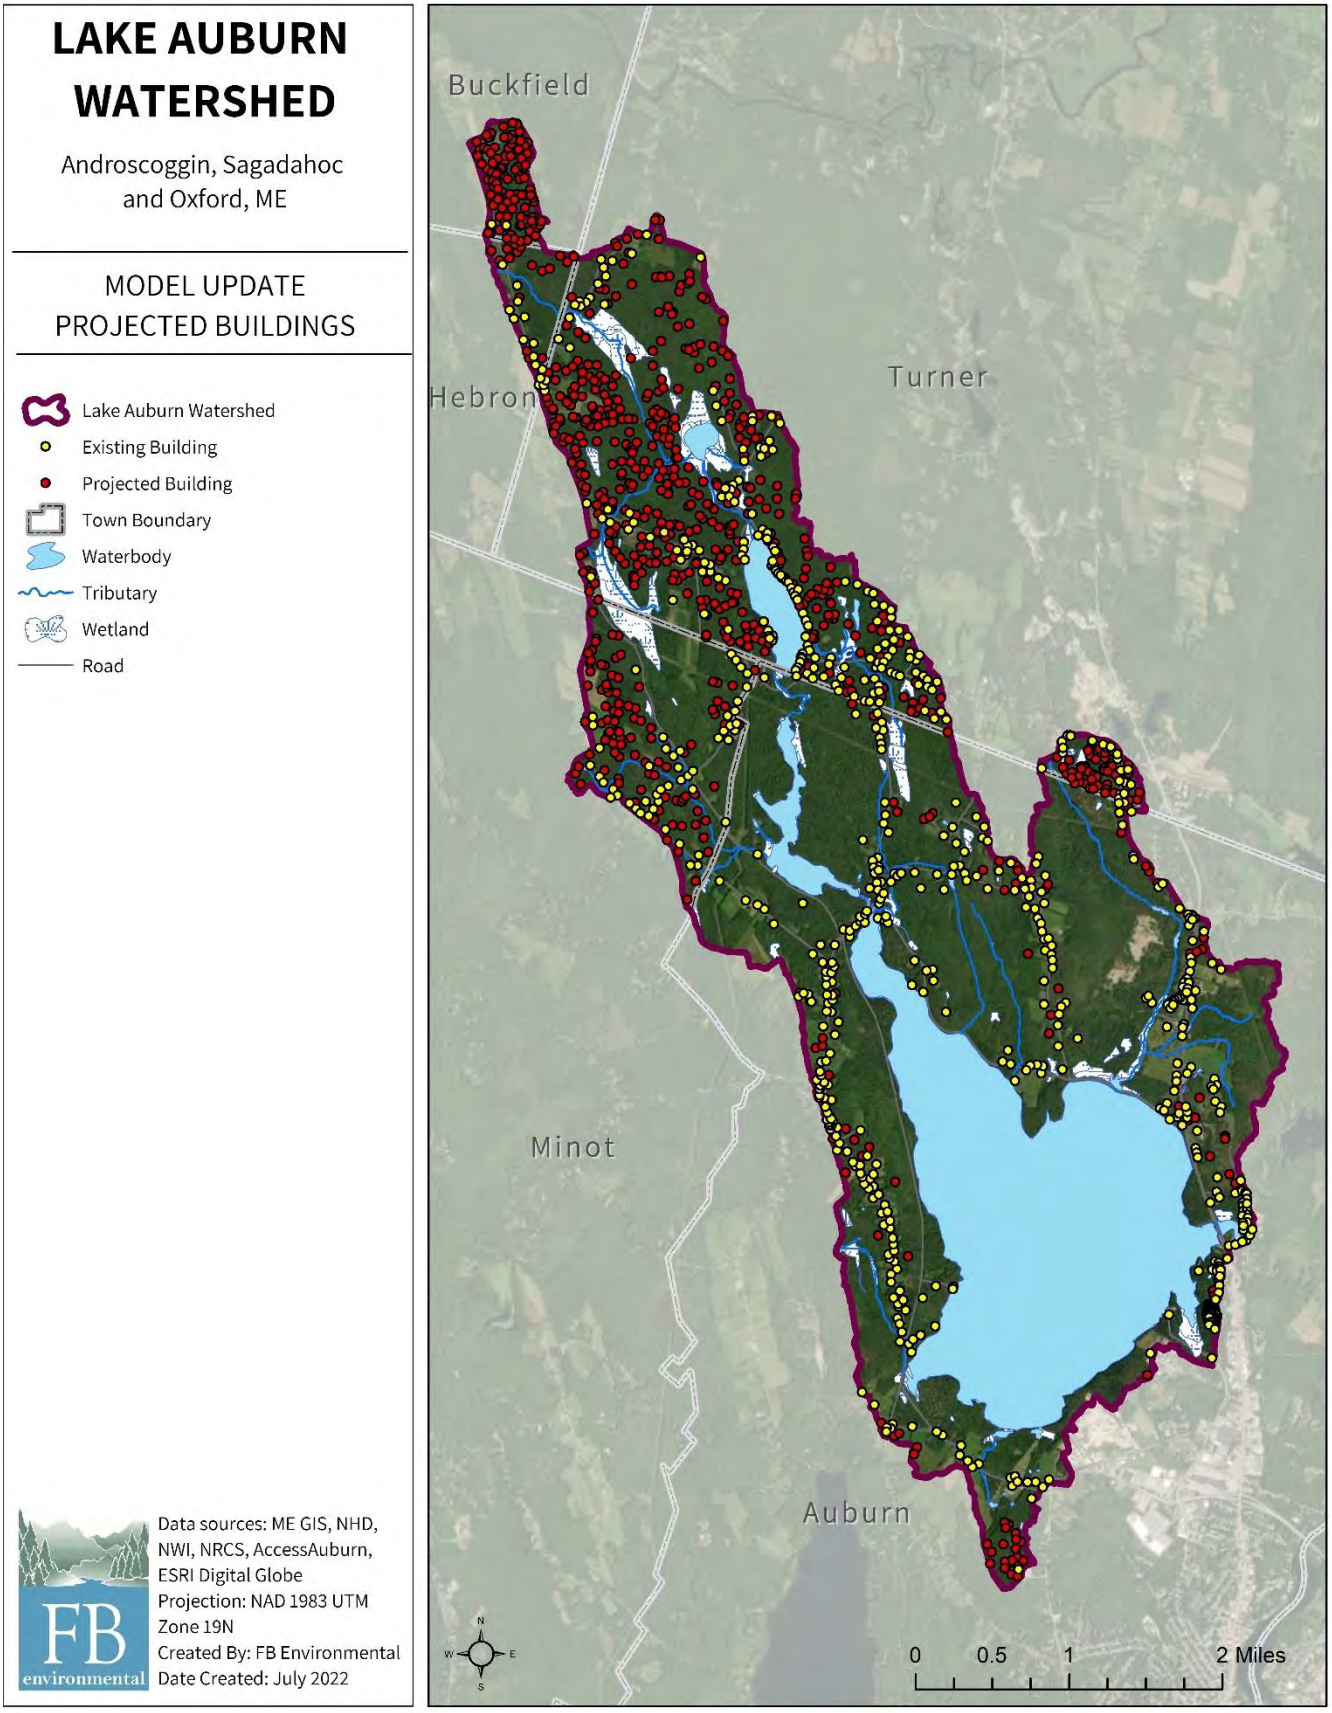

Figure 3. Existing and projected buildings in the Lake Auburn watershed for the 2022 ordinance changes baseline buildout analysis.

FUTURE SCENARIO CONSIDERATIONS

Considering additional nutrient attenuation by improved septic systems in the watershed. The City of Auburn will be requiring the use of diversion ditches and curtain drains for all septic system siting conditions. Diversion ditches and curtain drains divert surface and ground water away from leachfields to optimize the performance of septic systems, including their nutrient reduction potential (note: conventional septic systems are only designed for pathogen not nutrient removal; any nutrient removal is a byproduct of the design and is only optimized when an adequate biomat is established and maintained over time; the City of Auburn could consider requiring the installation of advanced treatment systems that directly target and reduce nutrients in sensitive environmental areas). The model already assumes that 90% of phosphorus in effluent is treated by an optimally functioning system and native soil. Additional research would be required to determine the validity of applying an adjustment factor to the phosphorus attenuation factor assumed for septic systems in the model. Even if an adjustment factor was justified in the literature, the change would likely be small and within the margin of uncertainty in the model. At the City's request, FBE could also make all existing and projected septic systems "new"[3] in the model to determine the possible improvement to in-lake water quality from upgrading all septic systems in the Auburn portion of the watershed (note: this would only be for shoreline septic systems; watershed septic systems are inherent to the land use export coefficients and would require additional research and consideration to tease out).

Including nitrogen modeling for Lake Auburn. The model can also predict nitrogen load and in-lake nitrogen concentrations, but additional work would be required to calibrate the model for nitrogen.

Strategizing how to achieve the target 900 kg/yr phosphorus load to Lake Auburn. The 2021 modeling effort set a target phosphorus load of 900 kg/yr for Lake Auburn to maintain good water quality and its filtration waiver. Model simulations for various circumstances would need to be played out to come up with one or more strategies for achieving the target load.

[3] Currently, the shoreline septic system load is a coarse estimate that splits the systems into "old" (>25 yrs) and "new" (<25 yrs) with a difference of 20% attenuation and 10% attenuation assumed for phosphorus, respectively. New systems are added to the model and split between the two age groups based on a similar ratio as existing old/new systems. This is because the model is projecting out to the end of the century - a system that is installed today will become "old" in 25 years and would likely be replaced a few times by the end of the century and alternate between those two age groups. A more nuanced analysis would take more research and discussion.

To: Auburn Planning Board
From: John A. Blais, Deputy Director of Planning & Permitting
Re: FB Environmental Update on the 1 acre to 3 acre lots in the Lake Auburn Watershed with proposed Septic system ordinance change.

Date: August 3, 2022

WORKSHOP: FB Environmental update the planning board on findings of lot size analysis and overall development potential changes.

1) Summarize the proposed ordinance changes that the City of Auburn Planning Board deliberated in May 2022 and 2) Describe the modeling work that was completed which simulated the impact that the proposed ordinances changes will have on land use and development in the watershed and subsequent lake water quality.

New Model Results
Results of the buildout analysis incorporating the 2022 ordinance changes compared to the original baseline buildout analysis are provided in Tables 3 and 4 and shown in Figures 1-3 in the attached updated report. The ordinance changes only impacted the Auburn portion of the watershed, reducing the total buildable area by 955 acres and the number of projected new buildings by 155. However, these results reflect adjustments made to the buildout assumptions that more accurately apply existing ordinances. For example, new development in the Agriculture and Resource Protection zone was removed which accounted for 928 acres of buildable area and 74 projected new buildings. In addition, there were 23 projected new buildings identified within the 300 ft buffer under the original baseline buildout that the ordinance changes conservatively excluded due to the limitations of using the Table 4D soil profiles. Accounting for these adjustments, the ordinance changes directly reduced the total buildable area by 27 acres and the number of projected new buildings by 58. This indicates that the expansion of buildable area with the lifting of the septic system siting restriction (changing from 36" to 12" to limiting factor) was effectively offset by the reduction of buildable area with the rezoning of Rural Residential to Low Density Country Residential (changing from 1-acre to 3-acre minimum lot size).

Results of the watershed-lake model are provided in Table 5 (pg.7 report). The new model run reflecting the 2022 ordinance changes and other adjustments resulted in a predicted total phosphorus load of 937 kg/yr and an in-lake total phosphorus concentration of 9.3 ppb. Compared to the "Business as Usual + LID" model scenario, the ordinance changes and other adjustments reduced the total phosphorus load by 6 kg/yr and the in-lake total phosphorus concentration by 0.1 ppb. Although a small change, the reduction entered a new tier or probability bracket for bloom risk, lowering it slightly from 40% to 30-40% with taste/odor complaints still possible but slightly less likely and filtration waiver violation remaining a low risk. To meet the goal of 900 kg/yr total phosphorus load and 9.0 ppb in-lake total phosphorus concentration in the future at full buildout, additional changes to development strategies that limit total phosphorus export will be needed. While the City of Auburn has taken valuable action to put phosphorus controls in place on new development, the goal cannot be ultimately met without the cooperation of headwater towns to implement similar development strategies controlling phosphorus in the watershed.

Results Staff Note: The 937 kg/yr. was based on a buildout analysis of one acre of disturbed area/new impervious surface. The Low Impact Development (LID) ordinance limits development disturbance area to 15,000 SF and 7,500 SF of impervious area. This approach would limit the development footprint to 22,500 SF or .52 acres. This would help further the limit phosphorus export with new development.

Requirements for New Single Family Lot Development	
Basic SFR Lot Standard	**Alternative SFR Lot Standards**
Disturbance on an individual lot must be less than 15,000 square feet (including building, driveway, walkways, lawn area, construction access, grading). And, no more than 7,500 square feet of impervious cover is located on the property.	Low Impact Development (LID) practices are used and sized to treat 0.5 inches of runoff from all impervious surfaces on the site, and 0.2 inches o runoff from all disturbed pervious areas of the site (lawn).*
A minimum natural vegetated buffer must be maintained downgradient of all developed area on the lot. This buffer shall be 35 feet deep if naturally forested or 50 feet deep if maintained as a natural meadow.*	The LID practices installed on the site are maintained in perpetuity. If necessary, LID practices may be replaced with new LID practices as long as the overall site treatment standard above is met.
A minimum of 25 percent of the lot area must be maintained as undisturbed natural area.*	
** If the lot or a portion of the lot is located within a watershed of a Lake Most at Risk from New Development, an Urban Impaired Stream, or other impaired or sensitive waterbodies as designated by the municipality for the purposes of this standard, a minimum of:* • *50 feet if naturally forested buffer, or 75 feet if maintained as meadow must be maintained downgradient of all developed area on the lot,* • *A minimum of 40% of the lot area must be maintained as undisturbed natural area.* *If the existing land has been disturbed by prior activities, a natural vegetated buffer and/or undisturbed natural area may be proposed through restoration and revegetation.*	** If the lot or a portion of the lot is located within watersheds of Lakes Most at Risk from New Development or other impaired or sensitive waterbodies as designated by the municipality for the purposes of this standard, the project must treat one inch of runoff from impervious surfaces and 0.4 inch from disturbed pervious surfaces.*

Staff Recommendation

Staff suggests a Planning Board hold a public hearing and provide positive feedback to the City Council to recommend both the zone change and lifting the septic system siting restriction (changing from 36" to 12" to limiting factor).

1. Change all areas of the Rural Residential zone in the watershed to Low Density Country Residential (LDCR).

   The LDCR Dimensional Standards are as follows

Sec. 60-202. Dimensional requirements.

All structures in this district except as noted shall be subject to the following dimensional regulations:

(1) *Minimum lot area, width and depth.* No lot shall be created and/or no building shall be erected on a lot containing less than three acres and measuring less than 325 feet in width. No lot shall be less than 200 feet in depth. The keeping of horses, mules, cows, goats, sheep, hogs and similar size animals for domestic use of the residents of the lot is permitted provided that the land area required per animal unit forms to the definition of farm, livestock contained in section 60-2.

(2) *Density.* The density of dwelling units shall not exceed an average of one dwelling per three acres.

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 50 feet or 25 percent of the average depth of the lot, whichever is less.

b. *Side.* There shall be a minimum distance of 15 feet between any building and the side property line plus the side yard setback shall be increased one foot for every five feet or part thereof increase in street frontage over 50 feet to a maximum of 25 feet for side yard setback.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 50 feet or 25 percent of the average depth of the lot whichever is less.

(4) *Height.* The height of all dwelling structures shall be limited to 2½ stories or 35 feet in height. Accessory buildings and structures may have a maximum height of 65 feet from grade, provided that the front yard, rear yard, and each of the side yards shall be increased by one foot for each foot in height in excess of 35 feet.

(5) *Off-street parking.* Off-street parking spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.32C; Ord. No. 11-03012021, §§ 10, 11, 3-15-2021)

2. Updating Sec 60-952 (c) and (f) (1-5) for agricultural buffer strip and subsurface wastewater systems in Division 4- Lake Auburn Watershed; and Sec 60-1066 (1) Phosphorous control for any new building or structure.

Sec. 60-952 (c) *Agricultural buffer strip.* Where land adjoining Lake Auburn or its perennial tributaries is tilled for agricultural purposes, an untilled buffer strip ~~50~~ 100 feet wide shall be retained between the tilled area and the normal high-water mark. This subsection (c) shall not be interpreted as permitting agricultural tillage in any zoning district in which it is not otherwise permitted.

~~I.~~

(f)*Private sewage disposal systems.* The following regulations shall be adhered to in the development of private sewage disposal systems in the Lake Auburn Watershed:

~~II.~~

(1)~~Subsurface absorption~~ Disposal areas shall not be permitted on sites on which ~~the highest seasonal groundwater table, bedrock, or other impervious layer~~ is less than 12 inches to the limiting factor. ~~36 12 inches below the bottom of the organic horizon. Not less than 24 inches of suitable soil shall be present below the bottom of the subsurface absorption area. The bottom of such subsurface absorption area shall not be less than 12 inches below the bottom of the organic horizon measured from the lowest point on the subsurface absorption area.~~ In addition, having at least 24 inches of suitable natural soil or fill material below the bottom of the disposal field and (the mineral soil surface) to result in a 36-inch separation between the bottom of the disposal field and the limiting factor.

~~III.~~

(2) Within areas containing soils described as deep, ~~loose~~ and sandy or gravelly and which contain ~~70 percent~~ sand or gravel outwash or stratified drift as shown on table 4D (profiles 5 or 6 and some 11) of the State of Maine Subsurface Wastewater Disposal Rules 10-144 Chapter 241 ~~9-3 of the state plumbing code, part II (April 25, 1975)~~, no subsurface absorption area shall be installed closer than ~~300~~ 400 feet to the normal high-water mark of any lake, pond, or year-round or intermittent stream. Where the daily sewage flow is or is reasonably likely to be in excess of 2,000 gallons, the system shall be located at least 1,000 feet from the normal high-water mark of any lake, pond or year-round or intermittent stream.

~~IV.~~

(3) All disposal areas, replacement or new shall meet the section 60-952 (F) (1) design criteria. If replacement systems cannot meet Section 60-952 (F) (1) The local plumbing inspector must evaluate the

design with concurrence from the Auburn Water District to impart as much design criteria to the replacement system.

~~V.~~

(4) All private sewage disposal systems shall have a curtain drain installed per section H, 10-144 CMR 34 of the Maine Subsurface Wastewater Disposal Rules or diversion ditch, upslope of a disposal field, for its entire length including fill extensions as determined by groundwater conditions by a Licensed Site Evaluator.

~~VI.~~

(5) All private sewage disposal systems shall be installed on the lot of the dwelling unit, unless the system can be developed outside the watershed or in under special conditions replacement systems may approve by local plumbing inspector on adjacent lots.

~~(3)~~ (6)The city water district shall have the right to inspect any system within the Lake Auburn Watershed District during its construction and operation and may notify the health office, police chief, local plumbing inspector or housing inspector who shall require the abatement of such defects or malfunctions.

~~(4)~~(7)The local plumbing inspector shall furnish a copy of all site investigation reports in the Lake Auburn Watershed District to the city water district.

City of Auburn
City Council Information Sheet
August 15, 2022

Council Workshop or Meeting Date: August 15, 2022 **Orders:** 115-08012022 and 116-08012022

Author: Jay Brenchick, Director of Economic Development

Subject: Sale of City-Owned Properties

Information: The Economic Development department has identified 2 city-owned properties that have the potential to create economic impact if sold. The Economic Development department will work with the city's contracted real estate broker to market the properties and identify potential uses.

City Budgetary Impacts: None

Staff Recommended Action: Approve the orders as presented

Previous Meetings and History: These items were presented at the 8/1/2022 Council meeting and due to house numbering/parcel ID errors, these items were postponed to allow staff to make the necessary corrections.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell J.

Attachments: List of properties

City of Auburn
Proposed Sale of City-Owned Properties
City Council Meeting August 15, 2022

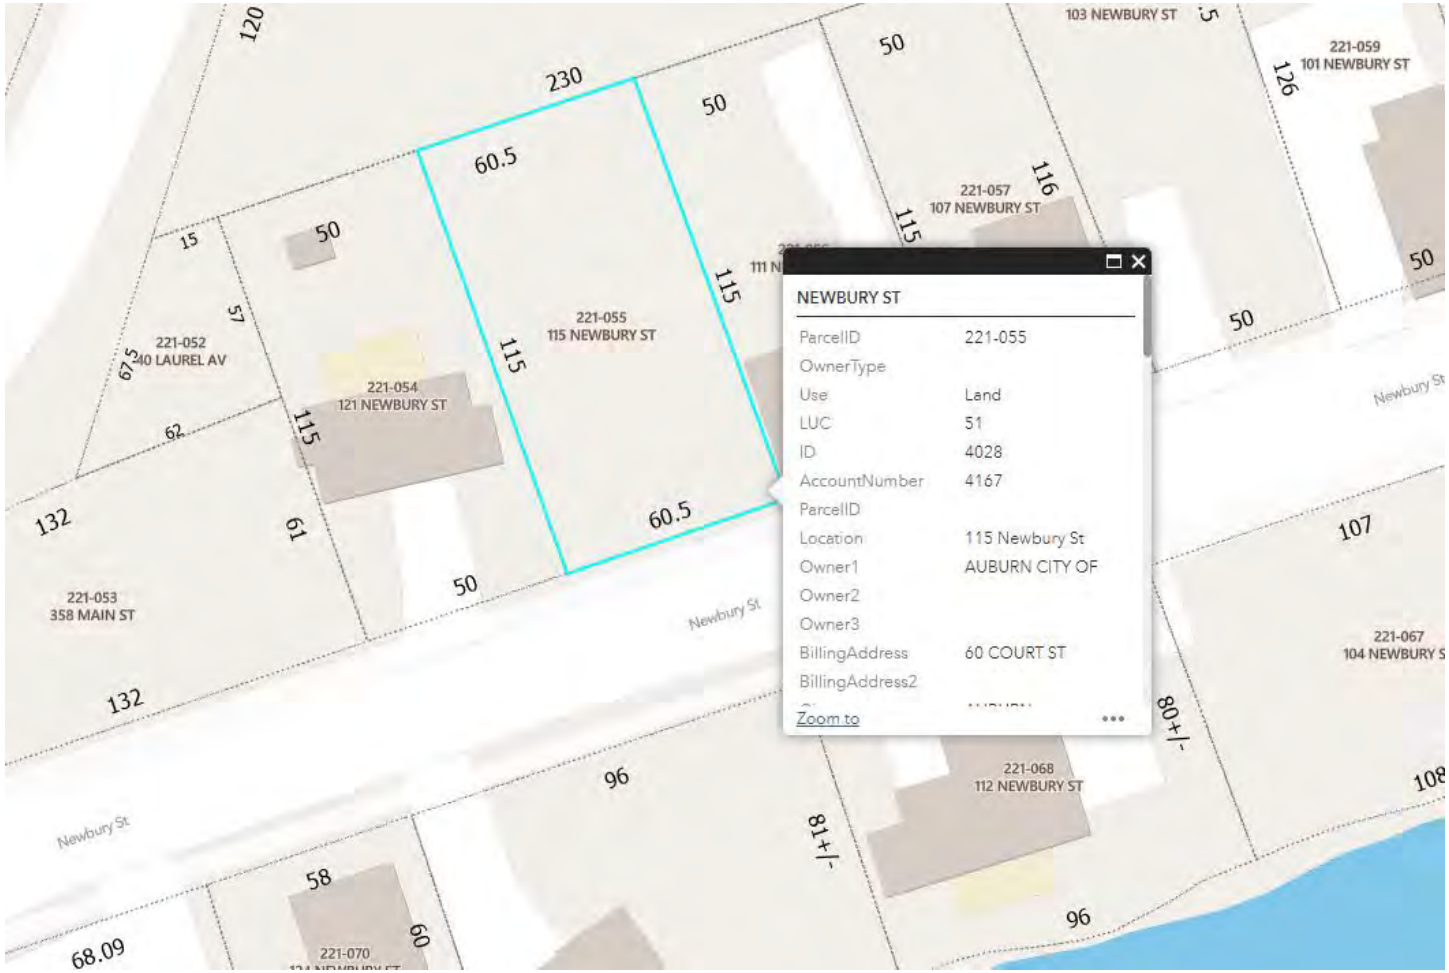
Jay Brenchick, Director of Economic Development

Subject: The City of Auburn Economic Development Department seeks approval to sell the city-owned properties below through the city's approve bid process. Applicants will be required to share a short narrative describing what they plan to build as well as the project's anticipated timeline and completion date.

Address	Description
103 Newbury Street	Parcel ID: 221-058
115 Newbury Street	Parcel ID: 221-055

103 Newbury Street
.21 Acres +/-

115 Newbury Street
.16 Acres +/-



ORDER 115-08012022

City Council Order

IN CITY COUNCIL

ORDERED, the City of Auburn authorizes the marketing of 115 Newbury Street Parcel ID 221-055 (city-owned property) by the Economic Development Department.

Richard Whiting, Ward One
Joseph Morin, Ward Four
Belinda A. Gerry, At Large
Ryan Hawes, Ward Two
Leroy G. Walker, Ward Five
Jason J. Levesque, Mayor
Stephen G. Milks, Ward Three
Dana Staples, At Large

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: August 15, 2022 **Order:** 49-04042022

Author: Sue Clements-Dallaire, City Clerk

Subject: Proposed Charter Amendments – Public hearing and Council vote to submit to Auburn voters

---

Information: The Auburn Charter sec. 2.8 states "the city council shall provide for the review of the city's charter and ordinances in their entirety at least once every 15 years". Council recently completed the review of the City Charter and City Ordinances beginning in October of 2020.

After a review by the City Council, School Committee, and City Attorney, there were five minor amendments proposed. We are proposing to submit those to the voters at the November 8, 2022 Election.

If Council votes to submit the proposed Charter amendments to the voters of Auburn at the November 8, 2022 Election, and the amendments pass, they would take effect July 1, 2023.

This order was brought forward to the City Council on April 7, 2022 with a recommendation to submit this to the voters at the June 14, 2022 Election. Council voted to postpone this item to a date no later than September 19, 2022 to submit it to the voters at the November 8, 2022 General Election because of higher voter turnout.

30-A, Sec. 2105:

4. Effective date. If a majority of the ballots cast on any question under subsection 1 or 2 favor acceptance, the new charter, charter revision, charter modification or charter amendment becomes effective as provided in this subsection, provided the total number of votes cast for and against the question equals or exceeds 30% of the total votes cast in the municipality at the last gubernatorial election.

A. Except as provided in subparagraph (1), new charters, charter revisions or charter modifications adopted by the voters take effect on the first day of the next succeeding municipal year.

(1) New charters, charter revisions or charter modifications take effect immediately for the purpose of conducting any elections required by the new provisions

B. Charter amendments adopted by the voters take effect on the date determined by the municipal officers, but not later than the first day of the next municipal year.

The total number of ballots cast in the 2018 gubernatorial election was 9,755, 30% of that would be 2,927.

City Budgetary Impacts: Approximately $2,800 for the cost of printing the ballots.

Staff Recommended Action: Recommend passage

Previous Meetings and History: 10/26/2020, 11/9/2020, 11/30/2020, and 03/21/2022, 4/4/2022.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: Public notice, proposed amendments.

Proposed Charter Amendments

Sec. 4.2 Composition and compensation.

The School Committee shall consist of the Mayor, or a City Councilor selected by the Mayor, and seven (7) other members. Five (5) members shall be elected, one (1) from each ward by and from its registered voters. Two (2) members shall be elected at-large by and from the City's registered voters. Members shall hold office for a term of two (2) years or until their successors are elected and qualified except that any candidate whose name does not appear on the printed ballot must receive at least twenty-five (25) valid write-in votes in order to qualify for election to that position. The School Committee may appoint by rule non-voting student representatives to serve with the School Committee. Student members will be secondary students and will serve a one (1) year term.

Sec. 4.7. Voting.

A roll call vote shall be taken on the passage of any order or resolve when requested by any member. Any action by the school committee shall require at least four affirmative votes; however, in the event of a tie the measure fails. ~~Five affirmative votes shall be required to hire or fire the superintendent of schools.~~

Sec. 4.9. Superintendent of schools.

The school committee shall choose a superintendent of schools in accordance with Title 20-A §1051.~~solely on the basis of executive and administrative qualifications~~. The superintendent of schools need not be a resident of the city at the time of appointment, but shall be a resident of the city during tenure of office unless otherwise approved by the school committee. The School Committee may discharge the superintendent before the expiration of the contract term in accordance with 20-A §1052.

Sec. 6.4. Powers and duties.

The city manager shall be administrative head of the city government and shall be responsible to the city council for the administration of all departments other than the ~~department of education~~ School Department.

Sec. 8.7. Amendments after adoption.

A. *Supplemental appropriations.* If during or before the fiscal year the city manager certifies that there are available for appropriation municipal revenues, including those of the ~~department of education~~ School Department, in excess of those estimated in the budget, the city council by resolve may make supplemental appropriations for the year up to the amount of such excess.

§2105. Submission to voters

The method of voting at municipal elections, when a question relating to a charter adoption, a charter revision, a charter modification or a charter amendment is involved, shall be in the manner prescribed for municipal elections under sections 2528 to 2532, even if the municipality has not accepted the provisions of section 2528. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

1. Charter revision or adoption. Except as provided in paragraph A, in the case of a charter revision or a charter adoption, the question to be submitted to the voters shall be in substance as follows:

"Shall the municipality approve the (charter revision) (new charter) recommended by the charter commission?"

A. If the charter commission, in its final report under section 2103, subsection 5, recommends that the present charter continue in force with only minor modifications, those modifications may be submitted to the voters in as many separate questions as the commission finds practicable. The determination to submit the charter revision in separate questions under this paragraph and the number and content of these questions must be made by a majority of the charter commission.

(1) If a charter commission decides to submit the charter revision in separate questions under this paragraph, each question to be submitted to the voters shall be in substance as follows:

"Shall the municipality approve the charter modification recommended by the charter commission and reprinted (summarized) below?" [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

[PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

2. Charter amendment. In the case of a charter amendment the question to be submitted to the voters shall be in substance as follows:

"Shall the municipality approve the charter amendment reprinted (summarized) below?"

[PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

3. Voter information. Reports shall be made available and summaries prepared and made available as follows.

A. In the case of a charter revision or charter adoption, at least 2 weeks before the election, the municipal officers shall:

(1) Have the final report of the charter commission printed;

(2) Make copies of the report available to the voters in the clerk's office; and

(3) Post the report in the same manner that proposed ordinances are posted. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

B. In the case of a charter amendment, at least 2 weeks before the election, the municipal officers shall:

(1) Have the proposed amendment and any summary of the amendment prepared under this section printed;

(2) Make copies available to the voters in the clerk's office; and

(3) Post the amendment and any summary of that amendment in the same manner that proposed ordinances are posted. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

C. Any summary must fairly describe the content of the proposed amendment and may not contain information designed to promote or oppose the amendment. [PL 1991, c. 622, Pt. X, §11 (AMD).]

[PL 1991, c. 622, Pt. X, §11 (AMD).]

4. Effective date. If a majority of the ballots cast on any question under subsection 1 or 2 favor acceptance, the new charter, charter revision, charter modification or charter amendment becomes effective as provided in this subsection, provided the total number of votes cast for and against the question equals or exceeds 30% of the total votes cast in the municipality at the last gubernatorial election.

A. Except as provided in subparagraph (1), new charters, charter revisions or charter modifications adopted by the voters take effect on the first day of the next succeeding municipal year.

(1) New charters, charter revisions or charter modifications take effect immediately for the purpose of conducting any elections required by the new provisions. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

B. Charter amendments adopted by the voters take effect on the date determined by the municipal officers, but not later than the first day of the next municipal year. [PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

[PL 1987, c. 737, Pt. A, §2 (NEW); PL 1987, c. 737, Pt. C, §106 (NEW); PL 1989, c. 6 (AMD); PL 1989, c. 9, §2 (AMD); PL 1989, c. 104, Pt. C, §§8, 10 (AMD).]

SECTION HISTORY

Sec. 4.9. Superintendent of schools.

The school committee shall choose a superintendent of schools in accordance with Title 20-A §1051.~~solely on the basis of executive and administrative qualifications~~. The superintendent of schools need not be a resident of the city at the time of appointment, but shall be a resident of the city during tenure of office unless otherwise approved by the school committee. The School Committee may discharge the superintendent before the expiration of the contract term in accordance with Title 20-A §1052.

◯ YES

◯ NO

QUESTION 4:

Shall the municipality approve the charter amendment reprinted below?

Sec. 6.4. Powers and duties.

The city manager shall be administrative head of the city government and shall be responsible to the city council for the administration of all departments other than the ~~department of education~~ School Department.

◯ YES

◯ NO

QUESTION 5:

Shall the municipality approve the charter amendment reprinted below?

Sec. 8.7. Amendments after adoption.

A. *Supplemental appropriations.* If during or before the fiscal year the city manager certifies that there are available for appropriation municipal revenues, including those of the ~~department of education~~ School Department, in excess of those estimated in the budget, the city council by resolve may make supplemental appropriations for the year up to the amount of such excess.

◯ YES

◯ NO

CITY OF AUBURN
PUBLIC NOTICE
PROPOSED CHARTER AMENDMENTS

Notice is hereby given that the Auburn City Council will hold a public hearing on an Order to submit the following proposed charter amendments to the voters at the November 8, 2022, Election. The public hearing will be held on August 15, 2022 at 7:00 pm or as soon thereafter, in Council Chambers of Auburn Hall located at 60 Court Street, Auburn, Maine.

The purpose of the public hearing is to receive public comments on the proposed charter amendments in accordance to Title 30-A §2104. All interested parties are invited to attend the public hearing and will be given an opportunity to be heard at that time.

Proposed Charter Amendments

Sec. 4.2 Composition and compensation.

The School Committee shall consist of the Mayor, or a City Councilor selected by the Mayor, and seven (7) other members. Five (5) members shall be elected, one (1) from each ward by and from its registered voters. Two (2) members shall be elected at-large by and from the City's registered voters. Members shall hold office for a term of two (2) years or until their successors are elected and qualified except that any candidate whose name does not appear on the printed ballot must receive at least twenty-five (25) valid write-in votes in order to qualify for election to that position. The School Committee may appoint by rule non-voting student representatives to serve with the School Committee. Student members will be secondary students and will serve a one (1) year term.

Sec. 4.7. Voting.

A roll call vote shall be taken on the passage of any order or resolve when requested by any member. Any action by the school committee shall require at least four affirmative votes; however, in the event of a tie the measure fails. ~~Five affirmative votes shall be required to hire or fire the superintendent of schools.~~

Sec. 4.9. Superintendent of schools.

The school committee shall choose a superintendent of schools in accordance with Title 20-A §1051.~~solely on the basis of executive and administrative qualifications~~. The superintendent of schools need not be a resident of the city at the time of appointment but shall be a resident of the city during tenure of office unless otherwise approved by the school committee. The School Committee may discharge the superintendent before the expiration of the contract term in accordance with Title 20-A §1052.

Sec. 6.4. Powers and duties.

The city manager shall be administrative head of the city government and shall be responsible to the city council for the administration of all departments other than the ~~department of education~~ School Department.

Sec. 8.7. Amendments after adoption.

A. *Supplemental appropriations.* If during or before the fiscal year the city manager certifies that there are available for appropriation municipal revenues, including those of the ~~department of education~~ School Department, in excess of those estimated in the budget, the city council by resolve may make supplemental appropriations for the year up to the amount of such excess.

ORDER 49-04042022

City Council Order

IN CITY COUNCIL

ORDER to submit the proposed Charter Amendments to the voters of Auburn at the November 8, 2022 Election.

Whereas, the Auburn City Council held several special meetings to conduct a review of the City Charter section by section in accordance to Sec. 2.8 of Auburn's Charter; and

Whereas, the School Committee presented their recommended changes to the City Council at a special meeting held on November 30, 2020; and

Whereas, proposed changes that were voted on by the City Council during the process only submitted the Proposed Charter Amendments listed below to the City Attorney for legal review, with proposed additions to the City Charter indicated with an underline, and proposed deletions from the City Charter indicated with a ~~strikethrough~~; and

Now, therefore, be it ordered by the Auburn City Council as follows:

The Auburn City Council finds that the Proposed Charter Amendment in Section 4.2 does not affect the composition nor voting authority of the School Committee, but is simply designed to ensure that any student representatives are of sufficient capacity to meaningfully participate in the School Committee's work.

The Auburn City Council finds that the Proposed Charter Amendments in Sections 4.7 and 4.9 merely serve to conform the existing Charter language to Maine statutes governing the hiring and firing of the superintendent of schools.

The Auburn City Council finds that the Proposed Charter Amendments to Sections 6.4 and 8.7 simply promote conformity and consistency in references to the Auburn School Committee throughout the Charter.

Accordingly, the Auburn City Council concludes that the Proposed Charter Amendments will not alter the general plans, schemes, or structure of the existing Charter language, will not result in a profound or fundamental alteration in the essential character or core operations of Auburn's municipal government, and therefore constitute amendments to the Auburn City Charter which are within the purview of the Auburn City Council, as the municipal officers, to propose for consideration by the voters and that they are not revisions requiring the establishment of a Charter Commission.

ORDER 49-04042022

City Council Order

The Auburn City Council therefor orders that the Proposed Charter Amendments be placed on a ballot and submitted to the voters of Auburn at the November 8, 2022 Election and if passed by the voters of Auburn, the Charter Amendments would take effect July 1, 2023.

Proposed Charter Amendments

Sec. 4.2 Composition and compensation.

The School Committee shall consist of the Mayor, or a City Councilor selected by the Mayor, and seven (7) other members. Five (5) members shall be elected, one (1) from each ward by and from its registered voters. Two (2) members shall be elected at-large by and from the City's registered voters. Members shall hold office for a term of two (2) years or until their successors are elected and qualified except that any candidate whose name does not appear on the printed ballot must receive at least twenty-five (25) valid write-in votes in order to qualify for election to that position. The School Committee may appoint by rule non-voting student representatives to serve with the School Committee. Student members will be secondary students and will serve a one (1) year term.

Sec. 4.7. Voting.

A roll call vote shall be taken on the passage of any order or resolve when requested by any member. Any action by the school committee shall require at least four affirmative votes; however, in the event of a tie the measure fails. ~~Five affirmative votes shall be required to hire or fire the superintendent of schools.~~

Sec. 4.9. Superintendent of schools.

The school committee shall choose a superintendent of schools in accordance with Title 20-A §1051.~~solely on the basis of executive and administrative qualifications~~. The superintendent of schools need not be a resident of the city at the time of appointment but shall be a resident of the city during tenure of office unless otherwise approved by the school committee. The School Committee may discharge the superintendent before the expiration of the contract term in accordance with Title 20-A §1052.

Sec. 6.4. Powers and duties.

The city manager shall be administrative head of the city government and shall be responsible to the city council for the administration of all departments other than the ~~department of education~~ School Department.

Signature of Officials	Printed Name and Title

Section E: Application Fee; Other Information

1. The license fee is $50.00 plus a $10.00 filing fee; make checks payable to Treasurer State of Maine.
2. The law requires the application to be submitted at least 24 Hours prior to the function, however, a longer notice is appreciated to allow additional time for processing.
3. Once issued, this permit is not assignable and is valid only for use by the licensee named in this application and for the date, time, and location listed in this application. This permit is issued subject to Maine liquor laws under Title 28-A and the Bureau's Administrative Rules. Penalties for failure to comply with the laws and rules are provided in Chapter 33 of Title 28-A.
4. The Division is hereby authorized to obtain and examine all books, records and tax returns pertaining to the business, for which this liquor license is requested, and also such books, records and returns during the year in which any liquor license is in effect.
5. Payments to the Division by check subject to penalty provided by 28-A MRS Section 3-B.

Section F: Diagram for Outdoor Events

The following restrictions apply to outdoor events:

- There must be a stanchion or a fence completely enclosing the area.
- Signs must be posted stating "No alcohol beyond this point".
- There must be sufficient employees at the event to control and monitor the area.

In an effort to clearly define the area that consumption and storage of liquor will occur during this outdoor event, diagrams must be submitted on this form and should be as accurate as possible. Be sure to label the areas of consumption and storage on your diagram.

§1071. INCORPORATED CIVIC ORGANIZATIONS

1. Issuance of licenses. The bureau may issue licenses under this section for the sale of spirits, wine and malt liquor to be consumed on the premises to incorporated civic organizations, as defined in section 2, subsection 15, paragraph I.

[1997, c. 373, §96 (AMD) .]

2. Up to 5 licensed events per year; one event per license. An incorporated civic organization may obtain up to 5 licenses under this section per calendar year. Each license authorizes the licensee to sell or serve liquor at only one public event or public gathering which is sponsored by the licensee.

[1987, c. 151, §2 (RPR) .]

3. Length of licenses. One license issued under this section to each incorporated civic organization is valid for up to 7 consecutive days. The other 4 licenses for which the incorporated civic organization is eligible are valid for one day each. The bureau may not issue separate licenses under this section to the same incorporated civic organization for events or gatherings held on consecutive days.

[1997, c. 373, §97 (AMD) .]

4. Application. An incorporated civic organization shall file an application for a license. The application includes the following:

A. Title and purpose of the event; [1987, c. 45, Pt. A, §4 (NEW).]

B. Date, time and duration; [1987, c. 45, Pt. A, §4 (NEW).]

C. Location; [1987, c. 45, Pt. A, §4 (NEW).]

D. Approximate number of persons to be accommodated; [1987, c. 45, Pt. A, §4 (NEW).]

E. Name and address of the sponsoring civic organization and the name and title of the officer making the application; [1987, c. 45, Pt. A, §4 (NEW).]

F. If food is to be served, the name and address of food caterer, if other than the licensee; and [1987, c. 45, Pt. A, §4 (NEW).]

G. Approval by the municipal officers of the municipality in which the proposed licensed premises are located, which, notwithstanding section 653, may be granted without notice or a public hearing. [1987, c. 45, Pt. A, §4 (NEW).]

[1987, c. 45, Pt. A, §4 (NEW) .]

5. Ruling on application. The bureau shall approve or deny the application and immediately notify the applicant of its decision. The bureau shall advise the applicant that the license may be revoked and suspended under chapter 33.

[1997, c. 373, §98 (AMD) .]

6. Server requirements. A manufacturer licensed by the bureau under section 1355-A, a certificate of approval holder or a wholesaler who provides malt liquor, wine, fortified wine or spirits for the public event or gathering being sponsored may serve its product at the event. An incorporated civic organization issued a license in accordance with this section shall provide the names of persons not licensed under chapters 51, 55 or 59 who will be serving alcoholic beverages at the event. In the event that a server from that list is unavailable, a licensed manufacturer, distributor, wholesaler, small winery or small brewery that has provided alcoholic beverages to be served at the event may provide serving assistance.

[2015, c. 214, §6 (AMD) .]

SECTION HISTORY
1987, c. 45, §A4 (NEW). 1987, c. 151, §2 (AMD). 1997, c. 373, §§96-98 (AMD). 2009, c. 102, §1 (AMD). 2011, c. 629, §19 (AMD). 2015, c. 214, §6 (AMD).

RE: Fee Waiver Request

Dear City Council Members,

We, the Maine Blues Society (a 501C3 organization) are writing to request that our "Vendor Fee" be waived for the upcoming Riverwalk Blues & Brews Festival on September 10, 2022.

We will be promoting our organization to visitors, educating them about upcoming events and workshops as well as opportunities for involvement in helping to grow the Blues Music genre in our great State of Maine. In addition to memberships, we will also be selling our Maine Blues Society tee shirts at our space.

We are honored to be included in this festival and look forward to representing our organization to all of your guests (fellow Blues lovers) throughout the event.

Thank you for your consideration,

MJ Crace

X. Adjournment

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: September 6, 2022

Author: Brian Wood, Assistant City Manager

Subject: Remote Policy for the City of Auburn Boards and Commissions

---

Information: The City of Auburn, to create uniform policies and practices amongst the various boards and commissions under the direction of the Auburn City Council, are exploring the creation and adoption of a single uniform policy for remote/ virtual engagement and participation. By creating a unform policy it will create clarity for members and the public about participation, votes, absences, and other opaque actions that haven caused confusion in the past.

City Budgetary Impacts: N/A

Staff Recommended Action: Staff recommends exploring this opportunity.

Previous Meetings and History: N/A

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: September 6, 2022

Subject: Executive Session

Information: Economic development, pursuant to 1 M.R.S.A. Section 405(6) (C).

Executive Session: On occasion, the City Council discusses matters which are required or allowed by State law to be considered in executive session. Executive sessions are not open to the public. The matters that are discussed in executive session are required to be kept confidential until they become a matter of public discussion. In order to go into executive session, a Councilor must make a motion in public. The motion must be recorded, and 3/5 of the members of the Council must vote to go into executive session. An executive session is not required to be scheduled in advance as an agenda item, although when it is known at the time that the agenda is finalized, it will be listed on the agenda. The only topics which may be discussed in executive session are those that fall within one of the categories set forth in Title 1 M.R.S.A. Section 405(6). Those applicable to municipal government are:

A. Discussion or consideration of the employment, appointment, assignment, duties, promotion, demotion, compensation, evaluation, disciplining, resignation or dismissal of an individual or group of public officials, appointees or employees of the body or agency or the investigation or hearing of charges or complaints against a person or persons subject to the following conditions:
(1) An executive session may be held only if public discussion could be reasonably expected to cause damage to the individual's reputation or the individual's right to privacy would be violated;
(2) Any person charged or investigated must be permitted to be present at an executive session if that person so desires;
(3) Any person charged or investigated may request in writing that the investigation or hearing of charges or complaints against that person be conducted in open session. A request, if made to the agency, must be honored; and
(4) Any person bringing charges, complaints or allegations of misconduct against the individual under discussion must be permitted to be present. This paragraph does not apply to discussion of a budget or budget proposal;

B. Discussion or consideration by a school board of suspension or expulsion of a public school student or a student at a private school, the cost of whose education is paid from public funds, as long as:
(1) The student and legal counsel and, if the student is a minor, the student's parents or legal guardians are permitted to be present at an executive session if the student, parents or guardians so desire;

C. Discussion or consideration of the condition, acquisition or the use of real or personal property permanently attached to real property or interests therein or disposition of publicly held property or economic development only if premature disclosures of the information would prejudice the competitive or bargaining position of the body or agency;

D. Discussion of labor contracts and proposals and meetings between a public agency and its negotiators. The parties must be named before the body or agency may go into executive session. Negotiations between the representatives of a public employer and public employees may be open to the public if both parties agree to conduct negotiations in open sessions;

E. Consultations between a body or agency and its attorney concerning the legal rights and duties of the body or agency, pending or contemplated litigation, settlement offers and matters where the duties of the public body's or agency's counsel to the attorney's client pursuant to the code of professional responsibility clearly conflict with this subchapter or where premature general public knowledge would clearly place the State, municipality or other public agency or person at a substantial disadvantage;

F. Discussions of information contained in records made, maintained or received by a body or agency when access by the general public to those records is prohibited by statute;

G. Discussion or approval of the content of examinations administered by a body or agency for licensing, permitting or employment purposes; consultation between a body or agency and any entity that provides examination services to that body or agency regarding the content of an examination; and review of examinations with the person examined; and

H. Consultations between municipal officers and a code enforcement officer representing the municipality pursuant to Title 30-A, section 4452, subsection 1, paragraph C in the prosecution of an enforcement matter pending in District Court when the consultation relates to that pending enforcement matter.

ORDER 124-09062022

City Council Order

IN CITY COUNCIL

ORDERED, that the City Council hereby confirms Chief Moen's appointment of Corey David as Constable with firearm for the Auburn Police Department.

Richard Whiting, Ward One
Joseph Morin, Ward Four
Belinda A. Gerry, At Large
Ryan Hawes, Ward Two
Leroy G. Walker, Ward Five
Jason J. Levesque, Mayor
Stephen G. Milks, Ward Three
Dana Staples, At Large
Phillip L. Crowell, Jr., City Manager

Mayor Levesque called the meeting to order at 7:00 P.M. in the Council Chambers of Auburn Hall and led the assembly in the salute to the flag. All Councilors were present.

Pledge of Allegiance

I. Consent Items - None

II. Minutes - August 1, 2022, Regular Council Meeting

Motion was made by Councilor Staples and seconded by Councilor Walker to approve the minutes of the August 1, 2022, Regular Council Meeting.

Passage 7-0.

III. Communications, Presentations and Recognitions

- Washington Street Demonstration Safety Project – East Hardscrabble and Beech Hill/Danville Corner – Jonathan LaBonté
- Lake Auburn Watershed Report Sub Surface Wastewater – Eric Cousens
- Public Safety Building – Brian Wood
- Council Communications - None

IV. Open Session

Scott Berry, 179 Davis Avenue had comments and questions regarding the Lake Auburn Watershed Report Sub Surface Wastewater presentation.

Jim Lynch, 80 Shepley Street also had a question regarding the Lake Auburn Watershed Report Sub Surface Wastewater presentation.

Jennifer Goff Lynch, 80 Shepley Street spoke regarding a notice she received in the mail and asked if there would be public comment on upcoming zone changes.

Erica Gosselin, 48 Houghton Street stated she is unhappy with the Council and the lack of civic engagement like other people that have spoken.

Mary Fuller, Lake Auburn Avenue, stated that she isn't sure what these changes are.

Victoria Ballou, 106 Locksley Road, stated that she has concerns with the rezoning and she would like to see the information provided to the public in a format that was easier to understand what the proposed changes are. She asked why there couldn't be a third option.

V. Unfinished Business

1. Order 115-08012022
Authorizing the marketing of city owned property located at 115 Newbury Street. Parcel ID 221-055.

Motion was made by Councilor Walker and seconded by Councilor Whiting for passage.

Public comment – No one from the public spoke.

Passage 7-0.

2. **Order 116-08012022**
Authorizing the marketing of city owned property located at 103 Newbury Street. Parcel ID 221-058.

Motion was made by Councilor Walker and seconded by Councilor Morin for passage.

Public comment – Andy Titus, applauds this going on, would like more in the packet to go over the process we use to market these properties.

Passage 7-0.

3. **Order 49-04042022**
Authorizing the proposed Charter amendments be placed on a referendum ballot and submitted to the voters of Auburn at the November 8, 2022, Election. Public hearing and vote.

Motion was made by Councilor Walker and seconded by Councilor Staples for passage.

Public hearing – No one from the public spoke.

Passage 7-0.

VI. New Business

1. **Order 122-08152022**
Approving the Incorporated Civic Organization Liquor License application for the City of Auburn, for the Riverwalk Blues & Brews Festival scheduled for September 10, 2022, in the Festival Plaza/Main Street area.

Motion was made by Councilor Walker and seconded by Councilor Staples for passage.

Public comment – No one from the public spoke.

Passage 7-0.

2. **Order 123-08152022**
Authorizing the City Clerk to waive the $75 business licensing fee (Peddler License) as requested by the Maine Blues Society, for the Riverwalk Blues and Brews Festival scheduled for September 10, 2022.

Motion was made by Councilor Gerry and seconded by Councilor Walker for passage.

Public comment – No one from the public spoke.

Passage 7-0.

VII. Open Session - No one from the public spoke.

VIII. Reports (from sub-committees to Council)

Mayor Levesque announced that he will be on the next Legislative Policy Committee for the Maine Municipal Association (MMA), representing the City of Auburn.
Councilor Staples reported that the Lewiston Auburn Transit Committee (LATC) was cancelled this month and the Auburn Public Library board will meet on Tuesday.

IX. Executive Sessions – None

X. Adjournment

Motion was made by Councilor Milks and seconded by Councilor Morin to adjourn. Unanimously approved. The meeting adjourned at 8:49 PM.

Susan Clements-Dallaire, City Clerk

Age-Friendly Community Committee
Potato Give-away Report
As of August 29, 2022

On or about April 25, 2022, I met with David Bell and discussed a new program for people who are faced with food insecurity. The discussion involved his donating approximately 4000 lbs of potatoes per month to be given away. The program ended on July 26, 2022.

Since that time, we have given away 185 50 lb bags of potatoes, which equals 1850 5 lb bags. That equals 9,250 lbs, or 4.5 tons of potatoes. All for FREE.

At the current rate of $16.50 per 50 lb. bag, the cost for these potatoes would have been $3,052.50.

The new rate for this fall will be $20.00/50 lb. bag., bringing the cost to $3,700.00 (regular price.)

David Bell is now proposing that he sell us potatoes at a drastically discounted rate (to be negotiated.) Funding has not been determined at this point, but we are hoping that the City Manager, Phil Crowell, will be able to help us to find a funding source for this badly needed program for people with food insecurity.

This has hit home for many people, and they have come to rely on this program to feed themselves and their families. We have provided potatoes to the Boys and Girls Club, PAL, First Auburn, New Auburn and Robin Dow Senior Citizens Clubs, several churches, and have even given some to St. Mary's hospital patients and employees.

The recommendation from the Age-Friendly Community Committee would be that the CDBG department undertake this program through their funding so that we can continue the potato give-away.

We are estimating that we will go through approximately 5000 50 lb. bags of potatoes in the coming season. Potatoes are a food staple for most families, which is why it is so important to make sure people have this opportunity.

Here is the math: 5000 50lb. bags = 250,000 lbs of potatoes ÷ 10 bags in each 50 lb bag = 25,000 bags of potatoes to be given away.

Respectfully submitted:

Leroy Walker, Sr.
Chair

Jan Biron
Secretary

City of Auburn, Maine

Memorandum: Mayors Ad Hoc Committee to develop permit ready housing plans

To: Auburn City Council, Auburn Planning Board, City Manager Crowell
CC: City Staff

As Auburn continues to experience high demand for multiple housing types coupled with our continual comprehensive plan implementation, we are faced with multiple questions on what type of home, how many units are allowable and who could design such a building are becoming common.

We are also faced with residents justified concerns that new construction will not fit into the current neighborhood aesthetic. In order to alleviate neighborhood concerns and provide a guide to builders, I am forming an Ad Hoc committee charged with the following: develop shovel ready building plans that will be offered as permit ready, and free of charge. Several plans should be developed for each of the following categories:

1. Townhome style homes, stand alone or up to a four pack
2. Detached ADU's
3. Single family homes on historically non-conforming lots (minimum road frontage)
4. Duplexes, triplexes, and fourplexes

The make up of this committee will be as follows:

1. Two residents from each of our five wards
2. Two planning board members chosen by either the Chair or by vote of the body
3. City staff as deemed appropriate by the City Manager
4. A paid architectural firm to be chosen through the city policy

I have asked the City manager to present an RFP and budget for the architectural firm at our next meeting for council approval.

Timeframe will be determined by the Ad Hoc committee, but the goal is to submit the plans to the planning board for approval or modification by February 2023.

While choosing a plan from this list shall not be a mandatory condition of construction, by offering these shovel ready plans free of charge to builders, the intent is to expedite and make new construction more cost effective while guiding style to what is acceptable within the neighborhoods that they will be built within.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: September 6, 2022 **Resolve:** 04-09062022

Author: Brian Wood, Assistant City Manager

Subject: Accepting the final report from the Public Safety Building Ad-Hoc Committee

---

Information:

The Auburn City Council voted to create the Ad-Hoc Public Safety Building Committee to work with staff and qualified consultants to advise the City Manager and City Council on the preferred site, design and probable cost estimates for a new Engine 2 Fire Station, design and probable cost estimates for a combined Police and Fire Public Safety Building and building upgrades at Engine 5 Fire Station. The final report has been submitted and the recommendation of the staff and committee is for City Council to officially accept the final report.

City Budgetary Impacts: N/A

Staff Recommended Action: Accept the final report

Previous Meetings and History: Several Council workshops and presentations have been held (June 6, June 27, July 18, August 1, and August 15, 20022).

RESOLVE 04-09062022

City Council Resolve

IN CITY COUNCIL

RESOLVED, by the Council of the City of Auburn, Maine, in City Council assembled, that,

WHEREAS, in 2011 the Auburn Police Department relocated to Auburn City Hall as a temporary solution due to space needs; and,

WHEREAS, in 2017 the Auburn Public Safety Team and consultants conducted a space needs analysis based on current usage and future needs along with extensive site evaluations; and,

WHEREAS, in 2019 the CIP funding secured to address deficiencies with the police locker room and facilities at City Hall were higher than anticipated those funds were allocated to a comprehensive facilities assessment of all public safety facilities; and,

WHEREAS, on September 7, 2021 the Auburn City Council voted to create the Ad-Hoc Public Safety Building Committee to work with staff, consultants and members of the public to advise the City Manager and City Council on the preferred site, design and cost estimates for a new Engine 2 Fire Station, combined Police and Fire Public Safety Building and upgrade to Engine 5 Fire Station; and,

WHEREAS, the Public Safety Ad-Hoc committee reviewed all previous work done by consultants and reviewed all recommendations by city staff over the course of a 6 month period; and,

WHEREAS, a final report and recommendation was presented to the Auburn City Council on September 16, 2022; and,

NOW, THEREFORE, BE IT RESOLVED, by the Auburn City Council in City Assemble, officially thank all the participants for their hard work and dedication to the process and accept the final report from the Public Safety Building Ad-Hoc Committee in its entirety and will act upon the recommendations at a time and in a manner determined by the City Council.

RESOLVE 05-09062022

City Council Resolve

IN CITY COUNCIL

WHEREAS, as part of the new Bipartisan Infrastructure Law, the, Infrastructure Investment and Jobs Act (IIJA), there is over $1 billion of roadway safety funding available in the form of the Safe Streets and Roads for All (SS4A) program; and

WHEREAS, between 2012 and 2022, approximately 9,000 crashes occurred on Auburn's streets, with 22 of those crashes involving a fatality and 2,238 involving personal injury; and

WHEREAS, the city, in coordination with community stakeholders, can aid in preventing these types of tragedies by taking a proactive, preventative approach that prioritizes transportation safety as public health issue in planning and investment decisions, and

WHEREAS, Vision Zero, a strategy supported by the Federal Highway Administration (FHWA), aims to eliminate all traffic fatalities and severe injuries while increasing safe, healthy, and equitable mobility for all and is a framework that has successfully reduced fatalities and serious injuries in cities where it has been implemented, and

WHEREAS, the Center Street/Route 4 and Mt. Auburn Avenue/Veteran's Memorial Bridge corridors have been identified as having multiple high crash locations, limited bicycle and pedestrian access, and have been prioritized in 2021 Comprehensive Plan for investments focused on safety and mobility for all users; and

WHEREAS, the Androscoggin Transportation Resource Center (ATRC), the metropolitan planning organization for our urban area can apply for a SS4A grant to develop an Action Plan for the Center Street and Mt. Auburn Avenue corridors; and

WHEREAS, the Auburn City Council commits to achieve significant declines in roadway fatalities and serious injuries along these corridors and others citywide; and

NOW THEREFORE BE IT RESOLVED, that the Auburn City Council supports the submission of the SS4A grant and the engagement of residents, businesses, and all users of these corridors in creating an Action Plan if awarded.

RESOLVE 06-09062022

City Council Resolve

IN CITY COUNCIL

Whereas the City of Auburn is experiencing tremendous demand upon existing housing stock causing values to significantly increase.

Whereas the City of Auburn, State of Maine and most parts of the United States is experiencing a significant housing shortage.

Whereas the City of Auburn has over 20,000 acres of under or undeveloped land, with a significant percentage serviced by some infrastructure such as roads, trash, police, and fire protection, which is on average more served than similar rural communities.

Whereas there are certain impediments that are restricting natural growth of homes on this privately held land within the Agriculture and Resource Protection Zone or within an arbitrary residential strip of 300' in depth.

Whereas the City of Auburn Planning Department has received numerous requests to petition to Planning Board to change zoning in order to construct a residence, these numerous requests must be heard but will produce a significant burden upon staff and Planning Bboard.

Whereas the 2018 third party Cross Roads study of the viability of our rural land recommended elimination of the income standard as a condition to build a residence.

Whereas the income standard was not repealed but modified from 50% of a family's income to 30% of an individual's income being derived from agriculture activities as a condition to build a residence in 2019 without any increase in number of new farms created.

Whereas the Comprehensive plan of 2021 states "it is understood that agriculture and forestry may not be profitable in some areas of the city and the existing Agriculture and Resource Protection zoning, in some cases, eliminates the economic use of private land."

Whereas LD 2003 allows the building of 2 units on a parcel located in an area that allows residences. This State law supersedes local ordinance and will be in effect in July of 2023.

Whereas the Lake Auburn Watershed requires conservation measures to protect Lake Auburn and therefore the greater good supersedes the individual's economic benefits unless those within the watershed petition the Planning Board directly for a zone change and can

Council Workshop or Meeting Date: September 6, 2022 **Referred Ordinance:** 08-03072022

Author: Sue Clements-Dallaire, City Clerk

Subject: Action on Citizen Petition and Potential Repeal of Ordinance 08-03072022

Information: On March 21, 2022, the City Council adopted Ordinance 08-03072022, amending the zoning map of 148 acres of Agriculture and Resource Protection (AG) to General Business (Parcel ID 289-001 and 289-002) of the Zoning Map and adjust the Article XII, Division 4, Sec. 60-951 Lake Auburn Overlay District map as proposed in the 2021 FB Environmental Report know as Lake Auburn-A Regulatory, Environmental, and Economic Analysis of Water Supply Protection.

On April 20, 2022, an affidavit to form a Petitioner's Committee was filed with the City Clerk. On April 25, 2022, petition blanks were issued. The deadline for the petition to be filed with the City Clerk was July 25, 2022. The petition was filed with the City Clerk on July 21, 2022. At that point, pursuant to Sec. 9.5 of the Charter, the Ordinance was suspended from taking effect.

The total number of valid signatures required was 1,647. *See* Charter Sec. 9.3(A). The petition was reviewed, and signatures validated; the petition was certified to be sufficient, with 1,981 valid signatures and 135 invalid signatures, on August 9, 2022. The City Clerk then issued a Certificate of Sufficiency of Petition and provided a copy to the Petitioners' Committee's contact person, Keri Myrick, on August 9, 2022.

Once the petition is determined to be sufficient, pursuant to Sec. 9.6 of the Charter, the City Council shall promptly consider voting to repeal the ordinance. If the Council fails to repeal the ordinance within 30 days after the date the petition was finally determined to be sufficient, it must submit the Ordinance to the voters of the City.

A proposed motion to act to repeal the ordinance is as follows: "I move that the ordinance specified in the referendum petition (Ordinance 08-03072022) be repealed."

If the repeal motion fails, it means that the Ordinance must be sent to the voters for a City-wide referendum vote. The timing of the referendum election is dictated by Sec. 9.6(B) of the Charter: the referendum election must be held "not less than one hundred twenty (120) days and not later than six (6) months from the date of the final city council vote thereon". If the City Council is ready on September 6, 2022, to set the date for the referendum election, a motion in substantially the same form as follows ought to be made: "I move that the ordinance specified in the referendum petition (Ordinance 08-03072022) be sent to a referendum vote to be held on _____, 202___." The timeframe to hold the special election would be no sooner than January 4, 2023, but no later than March 6, 2023.

City Budgetary Impacts: N/A

Staff Recommended Action: Consider the repeal of Ordinance 08-03072022.

Previous Meetings and History: On March 21, 2022, Council adopted Ordinance 08-03072022.

City Manager Comments:

I concur with the recommendation. Signature:

Ms. Susan Clements-Dallaire, City Clerk

City of Auburn, Maine

60 Court Street

Auburn, Maine 04210

Dear Ms. Clements-Dallaire,

Accompanying this letter are 102 certified referendum petition papers bearing a total of 2120 signatures of registered Auburn voters which are being collectively filed as a single petition. This petition seeks the repeal of Auburn Ordinance 08-03072022 which amends the city's zoning map and modifies the boundary of the Lake Auburn Watershed Overlay District Map. This petition is being filed by the committee created by affidavit filed with your office on April 20, 2022, and which has come to be known informally as the Committee to Protect Lake Auburn. The number of signatures on the petition exceeds 10% of the number of registered voters of the City on the date the committee filed its affidavit. Each of the petition papers incorporates two Circulator's Affidavits; the first printed on the reverse side on the petition and an attached second affidavit which tracks the requirements of the present City Charter.

Please proceed to review these petition documents in accordance with Section 9.4 of the Charter and issue your certificate accordingly. Please notify the appropriate officials of Auburn city government as soon as possible, including those officials responsible for issuing and/or acting on permits, that Ordinance 08-03072022 is now suspended, effective upon the filing of these collective petition papers, until one of the further actions set forth in Section 9.5 of the Charter has been completed.

Thank you for your assistance in this petition process.

Keri Myrick, for the committee

CERTIFICATE OF SUFFICIENCY OF PETITIONS

PETITION TO REPEAL ORDINANCE 08-03072022, AMENDING THE ZONING MAP AND ADJUSTING ARTICLE XII, DIVISION 4, SEC. 60-951 LAKE AUBURN WATERSHED OVERLAY DISTRICT MAP.

Date petitions issued to Petitioner's Committee: **April 25, 2022**

Number of valid signatures required: **1,647**

Deadline to file petitions with the City Clerk (90 days after petition blanks are provided): **July 25, 2022**

Date petitions were filed with the City Clerk: **July 21, 2022**

Deadline for City Clerk to complete a certificate of sufficiency: **August 10,2022**

Number of petitions certified: **102 of 102 submitted**

Number of signatures verified: **2,116**

Number of valid signatures: **1,981**

Number of invalid signatures: **135**

I, Susan Clements-Dallaire, Auburn City Clerk, hereby declare that the Petition submitted to Repeal **Ordinance 08-03072022, Amending the Zoning Map, and adjusting Article XII, Division 4, Sec. 60-951 Lake Auburn Watershed Overlay District Map,** meets the requirements and contains a sufficient number of valid signatures pursuant to Article IX, Sec. 9.3 of the Auburn City Charter.

ATTEST:

Susan Clements-Dallaire 8/9/2022

Susan Clements-Dallaire, City Clerk Date

ARTICLE IX. - INITIATIVE, REFERENDUM, AND RECALL

Sec. 9.1. - General authority.

A. *Initiative.* The registered voters of the city shall have the power to propose ordinances, orders, and resolves to the city council and, if the city council fails to adopt the matter proposed without any change in substance, to adopt or reject it at a city election, provided that such power shall not extend to the budget or capital program or any ordinance, order, or resolve relating to appropriation of money, levy of taxes, or salaries of city officers or employees. An initiative which fails to win a majority vote in a citywide election may not be the subject of another initiative for at least six months after the citywide election in which it failed.

B. *Referendum.* The registered voters of the city shall have power to require reconsideration by the city council of any adopted ordinance, order, or resolve and, if the city council fails to repeal the matter so reconsidered, to approve or reject it at a city election, provided that such power shall not extend to the budget or capital program or any emergency ordinance or ordinance, order, or resolve relating to appropriation of money or levy of taxes. A referendum which fails to win a majority vote in a citywide election may not be the subject of another referendum for at least six months after the citywide election in which it failed.

C. *Recall.* The registered voters of the city shall have the power to recall any elected official, but no recall petition shall be filed against any official within six months after the official takes office, nor, in the case of an official subjected to a recall election and not removed, until at least six months after the recall election.

Sec. 9.2. - Commencement of proceedings.

[A.] Any five registered voters may commence initiative, referendum, or recall proceedings by filing with the city clerk an affidavit stating they will constitute a petitioners' committee and be responsible for circulating the petition, filing it in proper form, stating their names and addresses, and specifying the address to which all notices to the committee are to be sent, as well as setting out in full the proposed initiative ordinance, order, or resolve or citing the ordinance, or other matter sought to be reconsidered, or the elected official proposed to be recalled, together with a statement not to exceed 200 words, of the reasons for the recall. Grounds for the recall should relate to and affect the administration of the official's office and be of a substantial nature directly affecting the rights and interest of the public. Promptly after receipt of a recall petition, the city clerk shall serve, personally or by certified mail, return receipt requested, restricted delivery, a copy of the affidavit on the elected official sought to be recalled. Within ten days of the copy's delivery, refusal, or being unclaimed, the elected official sought to be recalled may file a statement with the city clerk not to exceed 200 words in response.

[B.] Promptly after the affidavit of the petitioners' committee is filed, the city clerk shall issue appropriate petition blanks to the petitioners' committee.

Sec. 9.3. - Petitions.

A. *Number of signatures.* Initiative and referendum petitions must be signed by registered voters of the city equal in number to at least ten percent of the number of registered voters as of the date on which the petitioners' committee filed its affidavit. Recall petitions must be signed by at least 15 percent of the number of registered voters as of the date on which the petitioners' committee filed its affidavit.

B. *Form and content.* All papers of a petition shall be uniform in size and style and shall be assembled as one instrument for filing. Each signature shall be executed in ink or indelible pencil and shall be followed by the address of the person signing. Petitions shall contain or have attached during their

circulation the full text of the ordinance, order, or resolve proposed or sought to be reconsidered or the name of the elected official proposed to be recalled and the reasons for that action. Petitions for recall shall be limited to the recall of one individual and shall contain the statement of grounds for the recall and the response of the official sought to be recalled, if any. If no response was filed, the petition shall state that fact.

C. *Affidavit of circulator.* Each paper of a petition shall have attached to it when filed an affidavit signed by the circulator stating the number of signatures as well as that the circulator:

(a.) Is a resident of the city;

(b.) Personally circulated the paper;

(c.) Had all the signatures signed in the circulator's presence;

(d.) Believes the signatures are the genuine signature of the persons; and

(e.) That each signer had an opportunity before signing to read the full text of the ordinance proposed or to be reconsidered or the name of the elected official proposed to be recalled and the statements of both the official and the petitioners' committee.

D. *Time for filing.* Referendum affidavits must be filed within 30 days after adoption by the city council of the ordinance, order, or resolve sought to be reconsidered. petitions for initiative, referendum and recall must be filed with the city clerk within 90 days of the city clerk's issuance of petitions, otherwise the petitions expire.

Sec. 9.4. - Procedure after filing.

A. *Certificate of city clerk; amendment.* Within 20 days after the petition is filed, the city clerk shall complete a certificate as to its sufficiency, specifying, if it is insufficient, the particulars wherein it is defective and shall promptly send a copy of the certificate to the petitioners' committee by certified mail, return receipt requested, restricted delivery. A petition certified insufficient for lack of the required number of valid signatures may be amended once, if the petitioners' committee files a notice of intention to amend it with the city clerk within five days after receiving the copy of the certificate and files a supplementary petition upon additional papers within ten days after receiving the copy of such certificate. Such supplementary petition shall comply with the requirements of subsections B and C of section [9.]3 above. Within five days after the supplementary petition is filed, the city clerk shall complete a certificate as to the sufficiency of the petition as amended and promptly send a copy of such certificate to the petitioners' committee by certified mail, return receipt requested, restricted delivery, as in the case of an original petition. If a petition or amended petition is certified sufficient, or if a petition or amended petition is certified insufficient and the petitioners' committee does not elect to amend or request city council review under subsection B of this section within the time required, the city clerk shall promptly present the certificate to the city council and the certificate shall then be a final determination as to the sufficiency of the petition.

B. *City council review.* If a petition has been certified insufficient and the petitioners' committee does not file notice of intention to amend it, or if an amended petition has been certified insufficient, the committee may, within two days after receiving the copy of such certificate, file a request for review by the city council. The city council shall review the certificate at its next meeting following the filing of such request and approve or disapprove it. The city council's determination shall be a final determination as to the sufficiency of the petition. The official proposed to be recalled shall not participate in any proceedings regarding the petition or the election.

C. *Court review; new petition.* A final determination as to the sufficiency of a petition shall be subject to court review. A final determination of insufficiency, even if sustained upon court review, shall not prejudice the filing of a new petition for the same purpose.

Sec. 9.5. - Referendum petitions; suspension of effect.

When a referendum petition is filed with the city clerk, the ordinance, order, or resolve sought to be reconsidered shall be suspended from taking effect. Such suspension shall terminate when:

a. There is a final determination of insufficiency of the petition; or

b. The petitioners' committee withdraws the petition; or

c. The city council repeals the ordinance, order, or resolve; or

d. Thirty days have elapsed after a vote of the city on the ordinance, order, or resolve.

Sec. 9.6. - Action on petitions.

A. *Action by city council.* When an initiative or referendum petition has been fully determined sufficient, the city council shall promptly consider the proposed initiative ordinance, order, or resolve in the manner provided in article 2 or reconsider the referred ordinance, order, or resolve by voting its repeal. If the city council fails to adopt a proposed initiative ordinance, order, or resolve without any change in substance within 60 days or fails to repeal the referred ordinance, order, or resolve within 30 days after the date the petition was finally determined sufficient, it shall submit the proposed or referred matter to the voters of the city.

B. *Submission to voters.* The vote of the city on a proposed or referred ordinance, order, or resolve shall be held not less than 120 days and not later than six months from the date of the final city council vote thereon. In the case of a recall petition, the election shall be held not later than six months after the petition is finally determined to be sufficient. If no regular city election is to be held within the period prescribed in this subsection, the city council shall provide for a special election; otherwise, the vote shall be held at the same time as such regular election except that the city council may, in its discretion, provide for a special election at an earlier date within the prescribed period. Copies of the proposed or referred matter shall be available for view at the polls.

C. *Withdrawal of petition.* An initiative, referendum, or recall petition may be withdrawn at any time prior to the 15th day preceding the day scheduled for a vote of the city, by filing with the city clerk a request for withdrawal signed by at least four members of the petitioners' committee. Upon the filing of such request, the petition shall have no further force or effect and all proceedings thereon shall be terminated.

Sec. 9.7. - Results of election.

A. *Initiative.* If a majority of the registered voters voting on a proposed initiative ordinance, order, or resolve vote in its favor, it shall be considered adopted upon certification of the election results and shall be treated in all respects in the same manner as ordinances, orders, or resolves of the same kind adopted by the city council. If conflicting ordinances, orders, or resolves are approved at the same election, the one receiving the greatest number of affirmative votes shall prevail to the extent of such conflict.

B. *Referendum.* If a majority of the registered voters voting on a referred ordinance, order, or resolve vote for repeal, it shall be considered repealed upon certification of the election results.

C. *Recall.* If a majority of the registered voters voting on a recall petition vote in favor of the petition, the office of the recalled official shall become vacant upon certification of the election results. If the election results or procedure is legally challenged by the recalled official, that person's right to serve in that office shall be suspended and the city shall not compensate that official pending the resolution of the legal proceeding.

Referred Ordinance: 08-03072022

City Council Ordinance

IN CITY COUNCIL

Repealing Ordinance 08-03072022 adopted on 3/21/2022 amending the zoning map and adjusting Article XII, Division 4, Sec. 60-951 Lake Auburn Watershed Overlay District Map

Whereas, the City Council adopted Ordinance 08-03072022 on 3/21/2022 amending the zoning map of 148 acres of Agriculture and Resource Protection (AG) to General Business (Parcel ID 289-001 and 289-002) of the Zoning Map and adjust the Article XII, Division 4, Sec. 60-951 Lake Auburn Overlay District map as proposed in the 2021 FB Environmental Report know as Lake Auburn-A Regulatory, Environmental, and Economic Analysis of Water Supply Protection; and

Whereas, a Petitioners' Committee was formed to gather a minimum of 1,647 signatures of registered voters in the City of Auburn in an effort to repeal said Ordinance; and

Whereas, the petition was filed with the City Clerk on July 21, 2022 and determined to be sufficient on August 9, 2022; and

Whereas, Section 9.6 of the Charter provides that when a referendum petition has been determined to be sufficient, the City Council shall promptly consider voting to repeal the referred ordinance; and

Whereas, if the City Council fails to repeal the referred ordinance within 30 days after the date the petition was finally determined to be sufficient, the City Council shall submit the referred ordinance to the voters of the City;

NOW, THEREFORE, be it ordained that the City Council hereby repeals Ordinance 08-03072022 that was adopted on March 21, 2022.

City Council Information Sheet

Council Workshop or Meeting Date: September 6, 2022 **Order:** 125-09062022

Author: Brian Wood, Assistant City Manager

Subject: Homeowner Relief Program 2022

Information:

The City of Auburn, in response to the market adjustment, is seeking to offset a portion of the increase many residents saw in their 2022-2023 tax bill. This response to the market adjustment will provide one time relief funding for Auburn residents. The details of this the program and eligibility will be created by the staff of the City of Auburn; however the anticipated goal is to provide $300.00 dollar checks for single family dwellings and multifamily units that are owner occupied that are currently receiving the Homestead exemption. The Council will allocate $1,500,000.00 from the American Rescue Plan Act (ARPA) funds to cover the cost of this initiative.

City Budgetary Impacts: N/A

Staff Recommended Action: Staff recommends exploring this opportunity.

Previous Meetings and History: N/A

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

ORDER 125-09062022

City Council Order

IN CITY COUNCIL

ORDERED, that the City of Auburn City Council provide one time relief funding for Auburn residents in direct recognition of the market adjustment made in the spring and summer of 2022. This stabilization effort has resulted in varying tax increases for the residents of Auburn. The Auburn City Council orders the allocation of $1,500,000.00 from the American Rescue Plan Act (ARPA) funds for one time relief checks and associated implementation costs.

City Council Information Sheet

Council Public Hearing or Meeting Date: September 6, 2022 **Ordinance:** 20-09062022

Author: Eric Cousens, Director of Planning and Permitting

Subject: Zoning Text and Map Amendments to Create the Traditional Neighborhood Form Based Code T-4.2B zoning district and to include 1,687.41 acres of property located in the Court Street/City Residential Core area of the City within the new zoning district.

Information: The property to be rezoned is currently located in the Urban Residence zoning district and is further identified on the Proposed Official Zoning Map dated 7/6/2022. The text of the new Traditional Neighborhood District Form Based Code T-4.2B zoning district is also attached. The purpose of the rezoning is to provide equitable access to housing in walkable neighborhoods by allowing residential uses at a density driven by the form, lot size and configuration of the lot with less minimum road frontage required and shared driveways encouraged. These changes are recommended in the 2021 Comprehensive Plan Update that support higher density and growth from the city's core outward that is supported by existing infrastructure and smart economic growth. The change creates a new district that carries the urban form of walkable, desirable existing neighborhoods to expanded land area where existing zoning has forced development to meet more suburban standards and limited housing production. The area proposed is limited to land where public water and sewer are available or reasonably available nearby. The proposed changes allow for infill development, creation of new housing units in existing buildings, new development of housing on vacant land and limited neighborhood scale commercial uses.

This proposal will also go to Planning Board for a public hearing and recommendation to Council on September 13, 2022. Second reading with the Council is scheduled for the September 19, 2022 agenda. Both the City Council and Planning Board have created this new district based on feedback from the public while considering the application of the existing T-4.2 district to the same area. In response to public feedback the new district was created to recognize differences between existing T-4.2 districts and the proposed T-4.2B area. Most notable are setback allowances that are flexible to match existing development patterns, the size limitations on commercial uses, a requirement for a residence on the same lot as a commercial use and the additional Special Exception review and Planning Board public process required for considering most commercial uses.

Staff Recommended Action: Hold a Public Hearing and vote on the first reading of the proposed text and map amendment.

Previous Meetings and History: See Staff Report attached.

City Manager Comments:

I concur with the recommendation. Signature:

Re: Zoning Text and Map Amendment Public Hearing
Date: August 30, 2022

PROPOSAL: Zoning Text and Map Amendments to Create the Traditional Neighborhood Form Based Code T-4.2B zoning district and to include 1,687.41 acres of property located in the Court Street/City Residential Core area of the City within the new zoning district.

The property to be rezoned is currently located in the Urban Residence zoning district and is further identified on the Proposed Official Zoning Map dated 7/6/2022. The text of the new Traditional Neighborhood District Form Based Code T-4.2B zoning district is also attached. The purpose of the rezoning is to provide equitable access to housing in walkable neighborhoods by allowing residential uses at a density driven by the form, lot size and configuration of the lot with less minimum road frontage required and shared driveways encouraged. These changes are recommended in the 2021 Comprehensive Plan Update that support higher density and growth from the city's core outward that is supported by existing infrastructure and smart economic growth.

STAFF RECOMMENDATIONS

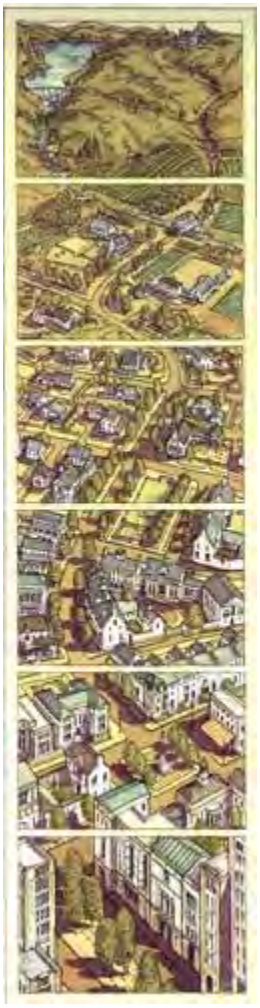
Hold a public hearing on creation of new Form-Based Code zoning district, T-4.2B and the application of the same new zone, T-4.2B to the Court Street area. The Board should review these as a single agenda item and forward a recommendation to Council.

Previous meetings concerning the creation of application of T-4.2B:

- August 17, 2021, city council meeting: increased housing and form-based code
- December 21, 2020, city council meeting T-4.2 Downtown Enterprise District
- December 17, 2020, - June 16, 2021, comprehensive plan meetings
- March 1, 2021, city council meeting T-4.2 Court/Lake Street and Lake Auburn Avenue, Union, Lake, and Whitney Street areas
- April 27, 2021, community conversation: comprehensive plan update
- April 29, 2021, community conversation: comprehensive plan update
- May 4, 2021, community conversation: comprehensive Plan update
- March 31, 2022, community conversation: discuss zoning changes January 3, 2022, city council meeting
- January 11, 2022, planning board meeting Workshop: T-4.2 Court Street
- February 8, 2022, planning board meeting Public Hearing: T-4.2 Court Street
- March 8, 2022, planning board meeting Public Hearing: T-4.2 Court Street
- March 21, 2022, city council meeting: T-4.2 Court Street
- March 28, 2022, city council meeting: T-4.2B Court Street planning board directive
- April 14, 2022, planning board meeting workshop: T-4.2B areas A-D

- June 18, 2022, city council meeting- T-4.2B creation
- June 27, 2022, city council meeting- Court Street amendment workshop
- July 12, 2022, community conversation: zoning in Auburn
- July 18, 2022, city council meeting: T-4.2B first reading
- August 1, 2022, city council meeting- T-4.2B Court Street planning board directive and repeal 4.2 Court Street
- August 15, 2022, city council meeting: postpone T-4.2B Court Street
  Update original dates from first approval

[1]FORM-BASED CODE The Form Based Code Institute defines a form-based code as "a land development regulation that fosters predictable built results and a high-quality public realm by using physical form (rather than separation of uses) as the organizing principle for the code. A form-based code is a regulation, not a mere guideline, adopted into city, town, or county law. A form-based code offers a powerful alternative to conventional zoning regulation."[2]The purpose of implementing form-based code is to provide equitable access to housing in walkable neighborhoods by allowing residential uses at a density driven by the form, lot size and configuration of the lot with less minimum road frontage required and shared driveways encouraged. Form-based code regulates the physical form of the built environment using transects, which are the standardized categories that describe the range or continuum of development types; from T-1 Natural Areas to T-6 Urban Core or City Center with an additional category designated for other uses. Form-based code offers an alternative to traditional zoning laws which separate where we live from where we work, learn, shop, play, and gather. By strictly regulating the setbacks and types of housing, units are built further apart resulting in greater reliance on roads. As an alternative, form-based code promotes walkability by reducing the separation between private and public realms of life. Auburn's form-based code proposes five types of form-based code districts, T-4.1, T-4.2B, T-4.2, T-5.1, T-5.2 and T-6. These districts range from least urban to most urban. T-4.2B is characterized as the Traditional Neighborhood Development District or General Urban Zone.



TRADITIONAL NEIGHBORHOOD DEVELOPMENT DISTRICT (TND)

Description- The Traditional Downtown Neighborhood district is characterized by a small to medium sized buildings with smaller front yards and stoops in a more compact urban environment and includes and traditional neighborhood sized storefronts. The smaller minimum and maximum building setbacks form a moderately dense street-wall pattern, diverse architectural styles and pedestrian friendly streets and sidewalks (Sec. 60.549).

[1] "American Transect," Duany Plater-Zyberk & Company / James Wassell
[2] https://formbasedcodes.org/definition/

Objective – Allow for the development of a wide range of residential and community uses at a density of up to what is allowed by the form of the lot with an estimation of 16 units per acre, but not specified because of the variability of the lots form, as specified in the Comprehensive Plan in areas that are served or can be served by public sewer and water (see Figures 2.3, 2.4 and 2.6). New development should be designed to minimize the number of vehicular access points to existing collector or other through roads.

Allowed Uses – The Traditional Neighborhood Development District generally follows the boundaries of the Urban Residential Zoning District, in effect at the time of the 2021 Comprehensive Plan update. The following general types of uses should be allowed within the Traditional Neighborhood Development District:

- *Low and High-Density Residential Dwellings*
- *Home Occupations*
- *Plant/Crop-Based Agriculture*
- *Community Services and Government Uses*
- *Small Offices and Mixed-Use Buildings*
- *Small commercial operations that do not exceed the average lot size of the neighborhood (or more than two times the average size of the home).*

[3]Development Standards – Residential uses should be allowed at a density of the existing form of the lot with no minimum road frontage required, shared driveways are encouraged, the front setback should be 25 feet max with the consideration that no front yard needs to be any less than the average depth of front yards on the lots next thereto on either side. Side and rear setbacks should be 5-10 feet or 25% of the average depth of the lot to establish dimensional standards that relate to the size and width of the adjacent lot with up to 70% lot coverage. Minimum building height 1 story with maximum of 3 stories (excluding an attic story).

T-4.2B is a new zone distinct from T-4.1, T-4.2, T-5.1, T-5.2, and T-6. The attached text, Division 14. Form Based Code, shows the text of the T-4.2 B. The document represents the text of proposed new zone, T-4.2 B. The red sections mark the differences between T-4.2 and T-4.2B. The transects in Auburn are ordered from least to most urban. Form allows multifamily housing in this area capped at 3.5 stories with an attic. Parcel size determines form and therefore number of units. The most prominent differences between T-4.2 andT-4.2B is the size and type of businesses that will be permitted. Office, service, and retail uses limited to 1500 sq ft with a residential unit on the same parcel. Age-restricted retail stores (marijuana stores or dispensaries) are not allowed in T-4.2B. Restaurants with over 30 seats will not be permitted nor will drive-through restaurants.

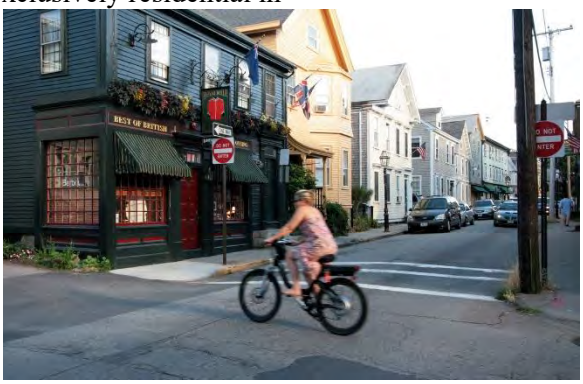
THE PURPOSE BEHIND APPLYING NEW ZONING TO AUBURN'S CITY CORE

1. The proposed zone change will **increase housing opportunity** for more people by lowering barriers to finding housing. Auburn's housing supply is limited and is not increasing fast enough to accommodate both current residents and those who want to call Auburn home. Housing scarcity drives up prices and increasing the supply of housing will lower the cost overtime.

[3] Newport, Rhode Island. Sponsored by Center for Applied Transect Studies, Photographed by Sandy Sorlien

2. [4]The proposed zoning will **allow a wider variety of housing**. Offering choice in housing to residents will allow more residents the freedom to live as they want and not pay more than they can afford. Financial institutions recommend not spending more than 28% of household gross income on housing. Single family homes are outside of the price range and may not meet the lifestyle needs of many people, especially young adults, young families, empty nesters, elderly residents and many in between. The current zoning essentially renders housing that is not single-family or two-family illegal effectively barring those who cannot afford the high price of a single-family home to live with their neighbors. Allowing mixed use housing gives residents of all backgrounds and financial capacities options and promotes community be allowing neighbors to live close to and among each other.

3. [5]Current traditional zoning laws tend to separate where we live from where we work, learn, and shop and force us to center roads over all other aspects of city design. These roads, as they are today, are dangerous to pedestrians and cyclists. We have an over-reliance on cars and Auburn's form-based code is meant to provide an alternative. T-4.2B **encourages walkability** by allowing uses that are not exclusively residential in moderately dense urban environments. There will not be walkability if there is nowhere to walk to. Encouraging infill and small business growth encourages walkability by giving folks spaces to walk to. Suburban sprawl as it exists limits transportation to folks who have a car and assumes that there will be little to no walking. It champions cars and roads over people and centralized communities.



FREQUENTLY ASKED QUESTIONS

How would T-4.2B affect my neighborhood?

Building by form as regulated in T-4.2B will differ based on where you live and the existing neighborhood form. Most city lots are small and already built on, likely limiting additional development to infill housing opportunities and freedom for property owners to add additional units or make improvements to existing homes. The map shows the size of parcels in the urban core area. The map shows that 54.6% of parcels cannot support over four units and 79.4% of parcels cannot support over eight units.

[4] Marblehead Massachusetts. Sponsored by Center for Applied Transect Studies, Photographed by Sandy Sorlien.

[5] Newport, Rhode Island. Sponsored by Center for Applied Transect Studies, Photographed by Sandy Sorlien.

The larger open areas, five-plus acres in the example, have a form that could support higher development intensity. Of the 571.85 acres on parcels with over five acres in what is proposed to be T-4.2B, only 391.71 acres of the area could be considered for further development (26.6%) because of schools, existing condos, and parks.

[6]The traffic in Auburn is already much too fast and congested. Would higher density in the city core make the traffic worse? Adding more housing, though may add more vehicles to the road in the short term, will allow the city to find projects to improve current road conditions, and invest in improving circulation patterns throughout the city. Increasing density will also make Auburn a more viable location to extend local public transit and especially commuter transportation to and from nearby metro areas like Boston, Portland, and more. Form-based code encourages and supports safe pedestrian traffic, over time also decreasing the heavy reliance on vehicles.

More units will mean more kids who need education. Will T-4.2B make this worse for already strained educators?

Applying form-based code could improve the state of Auburn's schools. Over the past several years, students enrolled in Auburn public schools have been stagnant and falling. Fairview can absorb another 100 students, Walton can absorb another 150, and East Auburn is close to capacity but could absorb about 20 more students. Altogether, the district could absorb up to 500-600 more students.

A reliable marker for determining enrollment trends in schools is the rate of preschool enrollment. Superintendent, Dr. Connie Brown, noted that preschool enrollment has been decreasing over the past several years resulting in needing to close Walton Preschool and reducing the hours of East Auburn preschool. She noted that there are other schools that may need to close if they cannot increase enrollment.

The school district can, and in some cases will need to absorb more students, though it is also struggling with attracting and retaining teachers. The recommended monthly house payment is 28% of a person's income. The entry level pay for a teacher is $42,000, a firefighter starting wage is $45,000 plus average OT is $10,000 for a total of $55,000, and a police officer with OT is $65,000. The average price of an existing, entry level home is $267,500 and the average cost of a new entry level home is $318,000. Based on the 28% recommendation, a person would need to make $87,450.00. / year to afford an existing entry level home, and 104,6000.000/year to afford a new entry-level home. People working the above noted jobs, which are critical to some of the most important city services could not afford to build or purchase a home in the city that they work in. A teacher and fireperson living together still could not afford a single-family home in the city where they work. Dr. Brown stated that her number-one reason for teacher resignations is that they found another job closer to where they live. Housing options need to reflect different families and individuals' lifestyles and incomes.

How might new zoning affect the housing crisis?

[6] T4 Rendering of Spring Street

In his article, "3 Zoning changes that Make Residential Neighborhoods More Affordable", Founder and Director of the Urban Sustainability Accelerator and Institute for Sustainable Solutions at Portland State University, Robert Liberty, identified eliminating single-family-residential-only zoning as an important factor to make residential neighborhoods more affordable. Multifamily housing is outlawed in about 75% of the country which poses a significant barrier for low to middle income residents by reinforcing housing segregation and increasing reliance on cars.[7]

Form-based code allows mixed uses and businesses among homes. What does this mean? What can I expect?

T-4.2B will allow uses other than single family including businesses with a residential unit on the same parcel. Businesses shall not be over 1,500 square feet. Drive-through restaurants are not allowed in T-4.2B and cannabis shops are also prohibited- a change from the first T-4.2 zone. There are some businesses that will be prohibited and most will require Special Exception Approval from the planning board depending on the size and type.

LEGAL NOTICE
CITY OF AUBURN

NOTICE OF PUBLIC HEARING ON PROPOSED AMENDMENTS TO THE ZONING ORDINANCE TEXT AND MAP TO CREATE A NEW TRADITIONAL NEIGHBORHOOD FORM BASED CODE T-4.2B DISTRICT

Notice is hereby given that the Auburn Planning Board will hold a Public Hearing on **Tuesday, September 13, 2022 at 6:00** p.m. in the City Council Chambers, 60 Court Street, Auburn, Maine to consider proposed amendments to the Zoning Ordinance text and map to create a new Traditional Neighborhood Form Based Code T-4.2B zoning district as follows:

PUBLIC HEARING: Zoning Text and Map Amendments to Create the Traditional Neighborhood Form Based Code T-4.2B zoning district and to include 1,687.41 acres of property located in the Court Street/City Residential Core area of the City within the new zoning district. The property to be rezoned is currently located in the Urban Residence zoning district and is further identified on a sketch map available in the Planning & Permitting Department. The text of the new Traditional Neighborhood District Form Based Code T-4.2B zoning district is also available in the Planning & Permitting Department. The purpose of the rezoning is to provide equitable access to housing in walkable neighborhoods by allowing residential uses at a density driven by the form, lot size and configuration of the lot with less minimum road frontage required and shared driveways encouraged. These changes are recommended in the 2021 Comprehensive Plan Update. The map and text showing the proposed changes is available at [illegible] government/planning-board-agendas under the September 13, 2022 Agenda link and in-person at the City of Auburn Planning & Permitting Office, 60 Court Street, Auburn, Maine during normal business hours. All interested persons are invited to attend the public hearing and will be given an opportunity to be heard at the hearing.

The Planning Board will, after the close of the public hearing, make a recommendation to the Auburn City Council regarding the proposed amendments. The City Council is expected to conduct First Reading and its own Public Hearing on the proposed amendments on Tuesday, September 6, 2022 at 7:00 p.m. and a Second Reading on Monday, September 19, 2022 at 7 p.m. in the City Council Chambers, 60 Court Street, Auburn, Maine.

Additional information is available and may be obtained from the Auburn Planning & Permitting Department by contacting Katherine Cook at (207) 333-6601 ext. 1155 or [illegible] or John Blais at (207) 333-6601 ext. 1334 or [illegible]

ORDINANCE 20-09062022

T-4.2B ZONING ORDINANCE TEXT AND MAP AMENDMENTS
Council First Reading & Public Hearing 9/6/22
Planning Board Public Hearing 9/13/22

Amend Sec. 60-547 of ARTICLE IV, DISTRICT REGULATIONS, DIVISION 14, FORM BASED CODE

BE IT ORDAINED, that the City Council hereby approves the amendment of the text and map of Chapter 60, Zoning, of the Code of Ordinances as follows:

---

1. Amend Sec. 60-547 of ARTICLE IV, DISTRICT REGULATIONS, DIVISION 14, FORM BASED CODE, as follows (additions underlined and in red):

Subdivision I. In General

● ● ●

Sec. 60-547. Transects.

Form based code uses transects as a way to describe the areas under the regulating plan. A transect is a system of ordering human habitats in a range from the most natural to the most urban. Auburn's transects are organized using five form based code districts, (Transect 4.1, Transect 4.2B, Transect 4.2, Transect 5.1, Transect 5.2 and Transect 6), which describe the physical character of a place at a certain scale, according to the density and intensity of land use and urbanism.

● ● ●

---

2. Amend ARTICLE IV, DISTRICT REGULATIONS, DIVISION 14, FORM BASED CODE, to add a new Secs. 60-548B, 60-548B.1, 60-548B.2 and 60-548B.3 as follows (text additions in red text and includes images and photographs):

Sec. 60-548. Traditional Main Street Neighborhood (T-4.1)

Ryan Hawes, Ward Two
Stephen G. Milks, Ward Three
Joseph Morin, Ward Four
Leroy G. Walker, Ward Five
Dana Staples, At Large
Belinda A. Gerry, At Large
Jason J. Levesque, Mayor
Phillip L. Crowell, Jr., City Manager

Sec. 60-548B. Traditional Neighborhood T-4.2B.

Illustrative View of T-4.2B

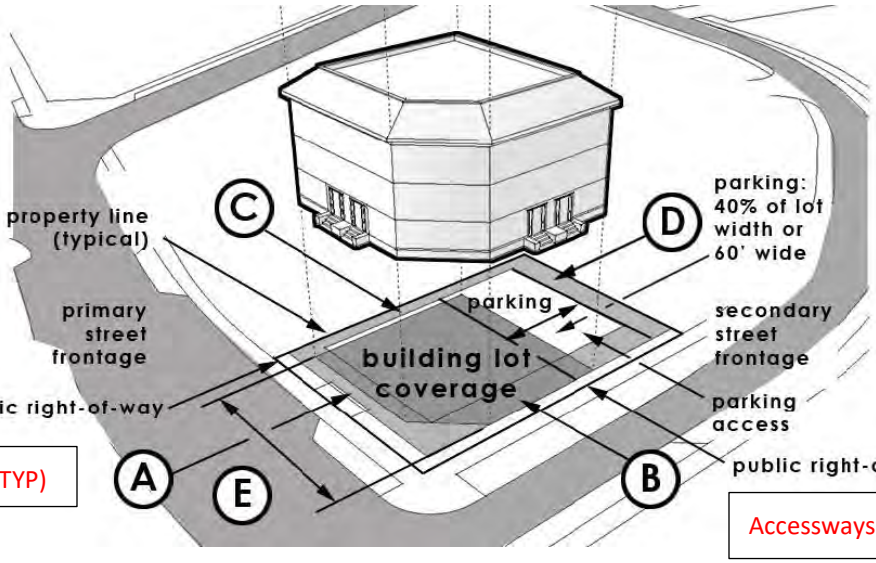
Intent and Purpose:
Traditional Neighborhood (T-4.2B)

The Traditional Neighborhood district is characterized by a small to medium sized buildings with smaller front yards and stoops in a more compact urban environment, and includes and traditional neighborhood sized storefronts. The smaller minimum and maximum building set-backs form a moderately dense street-wall pattern, diverse architectural styles and pedestrian friendly streets and sidewalks.

Characteristic Features

- More public and private realm interaction
- Front facade detailing
- Small front yards
- Bay windows
- Neighborhood scaled storefronts with large windows
- Frontage Fences
- Street Trees
- Moderate densities

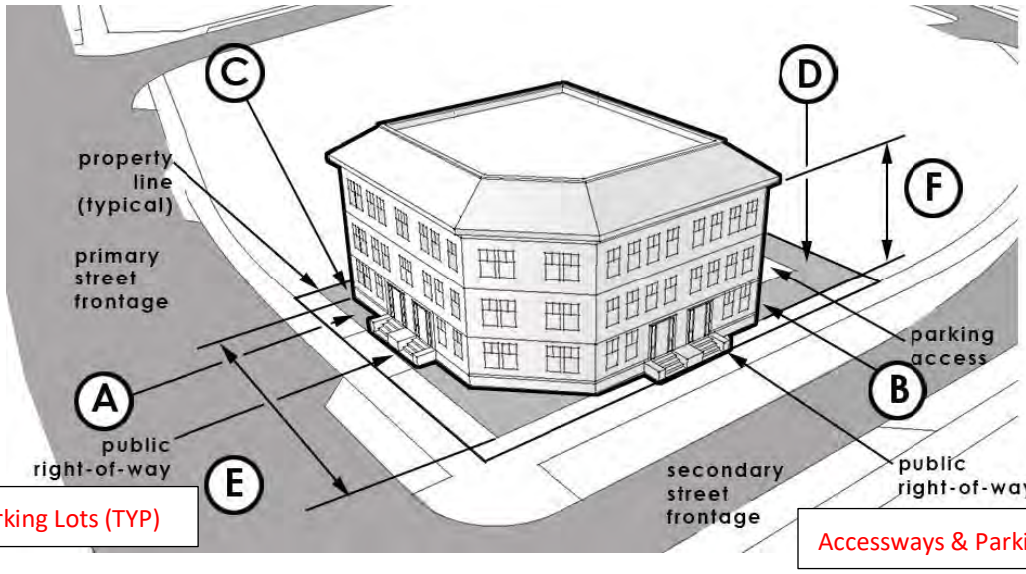
Sec. 60-548B.1. Building placement and configuration T-4.2B.



Accessways & Parking Lots (TYP)

Accessways & Parking Lots (TYP)

Elevated Building Placement



Accessways & Parking Lots (TYP)

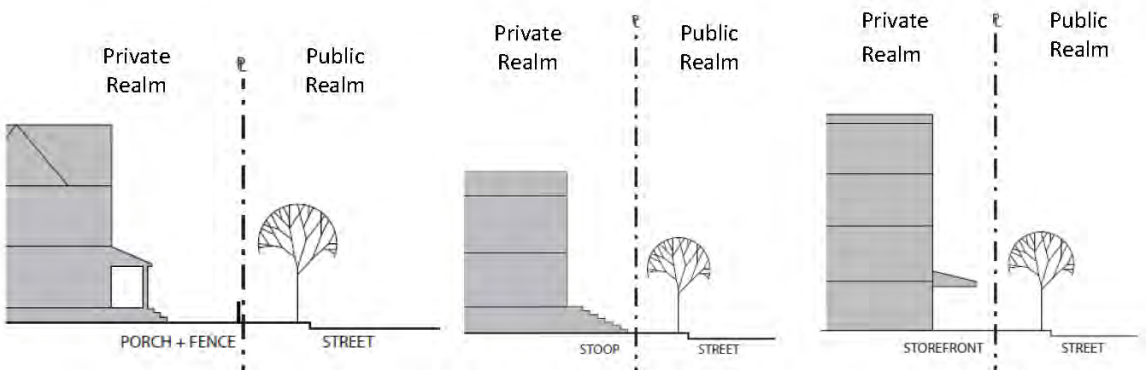
Accessways & Parking Lots (TYP)

Building Placement on Lot

PRINCIPAL BUILDING PLACEMENT:		
Front Setback, Principal:	5 ft. Min/, 25 ft. Max*	(A)
(Corner Lot) Front Setback, Secondary:	5 ft. Min., 15 ft. Max.	(B)
Side Setback:	5 ft. Min.	(C)
Rear Setback:	10 ft. Min.	(D)
Building Lot Coverage:	70% Max.	
Useable Open Space:	10% Min.	
Frontage Build-Out:	60% Min (along Front Setback, Primary)	
Lot Width:	24 ft. Min, 120 ft. Max.	
PRINCIPAL BUILDING CONFIGURATION:		
Building Width:	14 ft. Min., 110 ft. Max.	(E)
Building Height Minimum:	1 Story Min.	(F)
Building Height Maximum:	3 Story Max.	(F) (excluding attic story

*Where adjacent buildings exceed the maximum setback, the maximum setback may be calculated by the average setback of principal structures on adjacent lots. For undeveloped adjacent lots, a setback of 25 feet shall be used for the calculation.

Sec. 60-548B.2. Building frontages T-4.2B.



Common or Porch Yard Stoop Yard Frontage Storefront Type

BUILDING FRONTAGE TYPES:	Common Yard; Porch Yard, Stoop and Storefront
BUILDING ENTRIES:	Primary entry door is encouraged along ground story facade facing a primary street.
BUILDING ENVELOPE ARTICULATION:	
Ground Story Building Frontage Facade:	Residential - Windows and doors shall comprise a minimum of 25% and maximum 60% coverage of the total ground story frontage facade. Commercial - Windows and doors shall comprise a minimum of 40% and maximum of 90% coverage of the total ground story frontage facade.

Upper Story Building Frontage Facade:	Windows and doors shall comprise a minimum of 20% and maximum 40% coverage of the total upper story building frontage facade.
Ground Story Finished Floor Elevation:	Residential - The ground story elevation must be a minimum of 2 feet minimum and 6 feet maximum above the front yard elevation (average grade). Commercial - The ground story elevation must be at a minimum of sidewalk grade to maximum of 2 feet.
Frontage Facade Wall:	Blank lengths of wall exceeding 10 linear feet are prohibited.

Sec. 60-548B.3. External elements T-4.2B.

Front Yard Fence:	Residential - A front yard fence a minimum of 2 feet and a maximum of 4 feet in height is encouraged to maintain spatial edge of street. No chain link, vinyl, split rail, or barbed wire is allowed
Front Yard Fence/Wall Opening:	A vehicle entry way, as part of a front fence/wall, shall be a maximum width of 20 feet; a pedestrian entry way shall be a maximum width of 6 feet.
Building Projections:	No part of any building, except overhanging eaves, awnings, balconies, bay windows, stoops and other architectural features shall encroach beyond the minimum front setback line.
Porch & Stoop Encroachments:	Porches & Stoops may encroach upon the minimum front setback line by the following distances: Front Setback, Principal Frontage 5 ft. maximum. Front Setback, Secondary Frontage 5 ft. maximum.
Garages:	Detached garages shall be located a minimum of 20 feet from any street right-of-way.
Driveways:	Driveways are encouraged to be on the secondary street frontage. Driveways shall be paved and a minimum of 8 feet wide and a maximum of 20 feet wide.
Parking:	Residential - Vehicle parking areas shall be located only on driveways or designated parking areas and shall not extend into the street right-of-way or sidewalk. Commercial - Parking shall be located to rear of the property to the greatest extent possible. Parking on a side yard is limited to no more than 60 feet wide or 40% of the lot width. Screening and/or street wall is required for parking areas along a street.
Accessory Structures:	Accessory structures shall be located a minimum of 20 feet from any street right-of-way and 5 feet from either side or rear property line.
Landscaping:	Landscaping is encouraged but shall not extend into any street right-of-way or sidewalk. Street trees are encouraged.
Foundation Planting:	Foundation plantings are encouraged but should be pruned and maintained with enough clearance from the building facade to encourage air circulation.

Sec. 60-549. Traditional Downtown Neighborhood T-4.2.

• • •

---

3. Amend Sec. 60-554 of ARTICLE IV, DISTRICT REGULATIONS, DIVISION 14, FORM BASED CODE, as follows (text additions underlined and in red; deletions are ~~struck out~~):

Sec. 60-554. Form based code use and parking matrix.

Notes:

(1) Uses not listed are considered prohibited unless deemed similar by the director of planning or by the planning board through a special exception approval.

(2) *Parking requirements in T-4.1, T-4.2B, T-4.2, T-5.1, T-5.2 and T-6 may be provided by the municipality or private parking resources within ~~1,000~~500 feet of the principal building, subject to planning board approval.

(3) Where more than 50 percent of floor space is devoted to age restricted goods. This may include licensed adult use or medical marijuana stores.

(4) Office, Service and Retail uses limited to 1,500 SF footprint and must include a residential unit; no drive through businesses allowed.

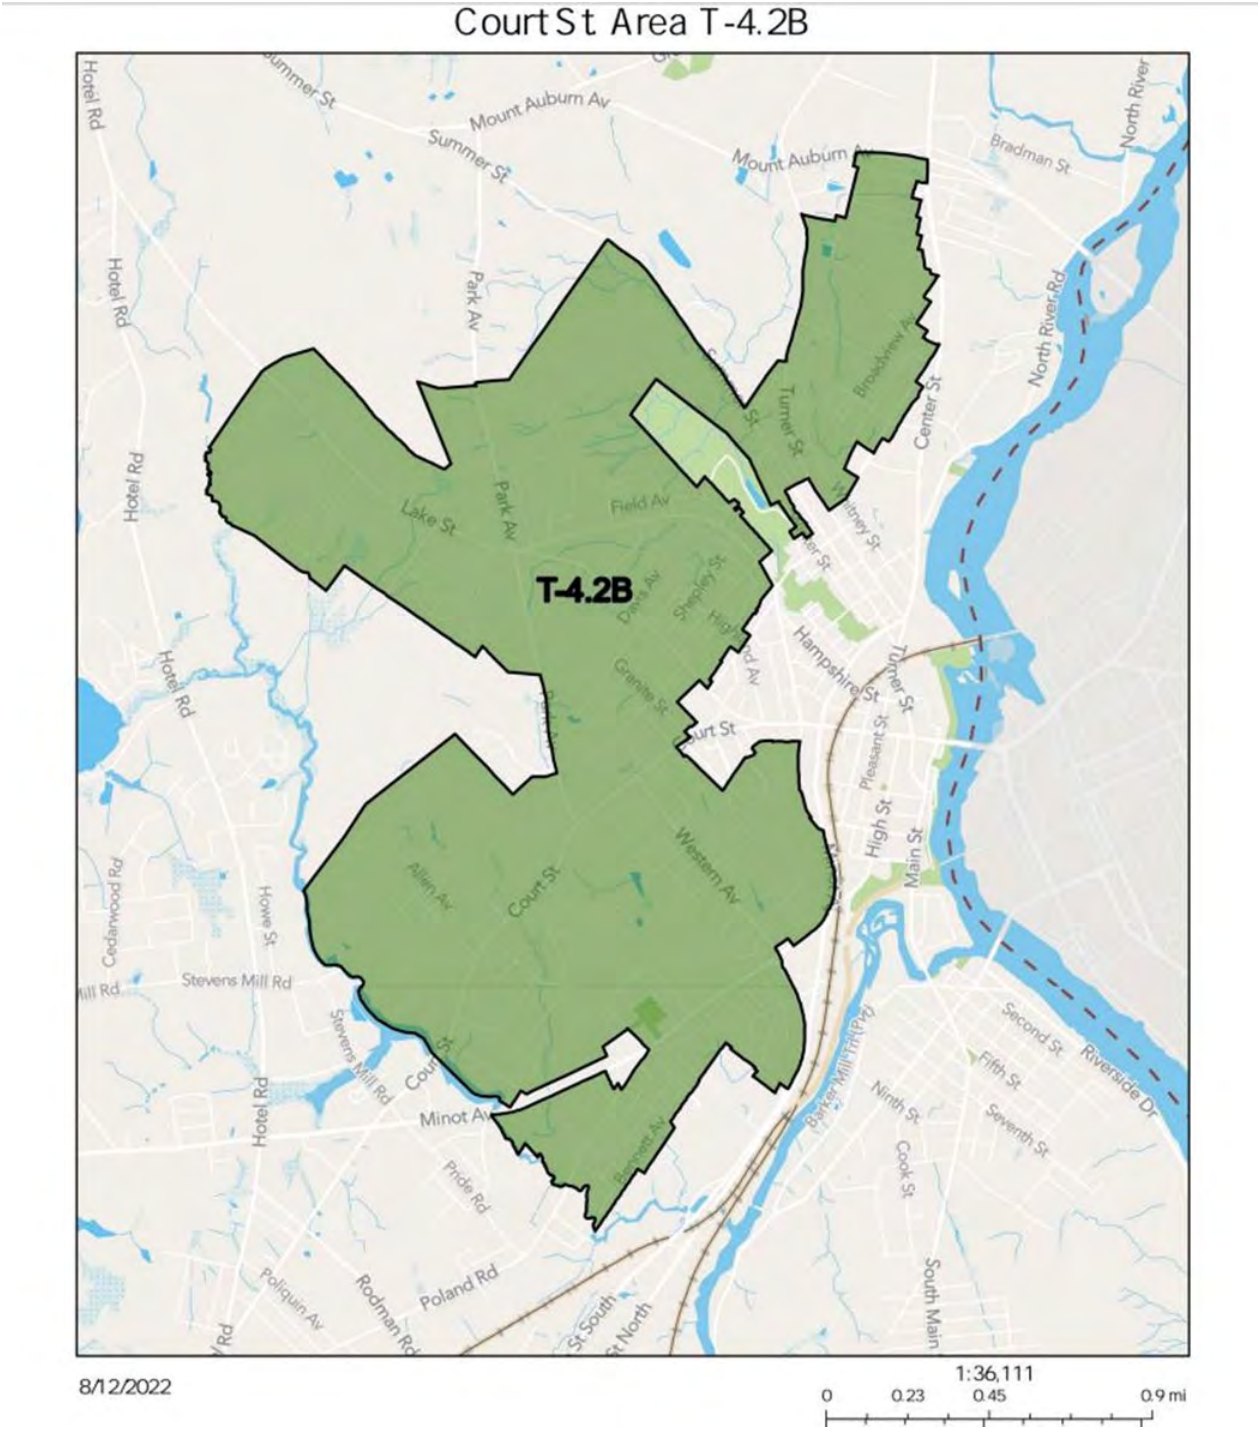
● ● ●

---

4. Amend the official zoning map of the City of Auburn entitled "City of Auburn, Zoning Map, dated May 16, 2016," revised through its current date and revisions, as provided under Sec. 60-5 of the Zoning Ordinance, to rezone certain land area from the Urban Residence zoning district to the Traditional Neighborhood Form Based Code T-4.2B zoning district, all as more particularly shown on the attached sketch map. (The attached sketch map is for general reference purposes only. The official zoning map amendment is available for review and inspection at the City Clerk's Office and the Planning & Permitting Department.)

SKETCH MAP OF COURT STREET AREA TO BE REZONED FROM URBAN RESIDENCE TO TRADITIONAL NEIGHBORHOOD FORM BASED CODE T-4.2B

The green area outlined in black below is 1,687.41 acres of land area that is currently zoned Urban Residence and is proposed to be rezoned Traditional Neighborhood Form Based Code District T-4.2B. Streets/roads included in the new district are parts of Lake, Court, Turner and Summer Streets and parts of Park, Western, Gamage Avenues.



City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: September 6, 2022 **Resolve:** 07-09062022

Author: Phil Crowell, City Manager

Subject: Sewer Infrastructure Extension

Information: City staff met recently with officials from the governors office to discuss various topics impacting the housing shortage. With state and federal funding opportunities becoming available, staff is requesting authorization from the city council to explore funding for sewer infrastructure expansion and the creation of an ad-hoc committee to draw upon community resources to advance this initiative.

City Budgetary Impacts: N/A

Staff Recommended Action: Consider the resolve

Previous Meetings and History: N/A

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments:

RESOLVE 07-09062022

City Council Resolve

IN CITY COUNCIL

RESOLVED, by the Council of the City of Auburn, Maine, in City Council assembled, that,

WHEREAS, The City of Auburn and the State of Maine are experiencing a housing crisis making housing difficult to secure or unattainable for more than half of Maine people if they did not already own a home in 2019.

WHEREAS, a lack of sewer infrastructure is preventing higher density residential development in South Auburn; and,

WHEREAS, the 2021 Comprehensive Plan identified the area north and west of the Maine Turnpike as a Designated Growth Area in the Future Land Use Map given its proximity to existing densely developed neighborhoods and the potential for existing transportation capacity to serve growth while maintaining mobility; and,

WHEREAS, the 2021 Comprehensive Plan established a goal to "Provide safe and adequate sewage disposal that meets the needs of current and future residents and businesses in coordination with the Future Land Use Plan" and further "When economically feasible, work with developers to expand the sewer service to areas designated for future growth by the Future Land Use Plan;"

WHEREAS, Undeveloped land served by public utilities can provide for a great number of housing units when compared to those developments requiring individual wastewater disposal systems; and,

WHEREAS, the City Council to authorize the City Manager to explore funding opportunities for utility extensions, improvements and capacity increases. To include all cost, but not limited to feasibility and capacity studies, design, estimating and construction cost; and,

WHEREAS, to support State of Maine charge to consider measures that would encourage increased housing options in the City of Auburn including but not limited to municipal incentives, state mandates (LD 2003) eliminating or limiting single- family-only zones and allowing greater housing density near transit, jobs, schools or creation and development of neighborhood centers that would be supported by utility and infrastructure expansion; and

Richard Whiting, Ward One
Joseph Morin, Ward Four
Belinda A. Gerry, At Large

RESOLVE 07-09062022

City Council Resolve

WHEREAS, Collaboration with the State of Maine; Governor's Office, Executive Branch and Legislative Body to support increase housing opportunities in the City of Auburn while exploring funding avenues for public infrastructure.

NOW, THEREFORE, BE IT RESOLVED, by the Auburn City Council in City Assemble, that there hereby an Ad Hoc, Public Infrastructure Committee created, and the membership, terms, offices and duties shall be as follows:

1. Create a joint effort among The State of Maine, City of Auburn staff, Auburn Sewer and Water District, City Council and the Citizens of Auburn to explore funding avenues for public Infrastructure.
2. To advance this important project, draw upon resources of the community, state, federal and city resources to plan with sufficient detail to create funding opportunities for City of Auburn Public Infrastructure to create housing opportunities.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: September 6, 2022 **Order:** 126-09062022

Author: Glen E. Holmes, Director of Business & Community Development

Subject: Accessory Dwelling Unit Development (ADUD) Program

Information:
The City of Auburn is seeking funds from the Maine State Housing Authority (MSHA) Community Solutions Grant to implement a new housing initiative designed to help residents overcome the financial barrier of creating new rental units. This forgivable loan program is designed to rapidly enhance the creation of privately built secondary or accessory dwelling unit (ADU) housing where appropriate zoning and municipal infrastructure is accessible.

This program is contingent on approval and awarding of funds by Maine State Housing Authority.

City Budgetary Impacts:
The Office of Business & Community Development is seeking $225,000 in ARPA funds to leverage $250,000 in MSHA grant funds and $50,000 of in-kind program delivery.

Staff Recommended Action:
Vote to authorize the use of $225,000 in ARPA funds for the Accessory Dwelling Unit Development (ADUD) Program, contingent on Maine State Housing Authorities awarding of Community Solutions Grant funding.

Previous Meetings and History:
8/1/2022 The mayor presented an overview for staff to work from.

City Manager Comments:

Phillip Crowell Jr.

I concur with the recommendation. Signature:

Accessory Dwelling Unit Development (ADUD) Program

The office of Business & Community Development believes the construction of new rental units is essential in meeting the needs of current and future Auburn residents alike. We also believe that residents who rely on affordable housing services, such as housing choice vouchers (HCV) or affordable unit development, deserve a choice on where they live and which school their children attend. Each neighborhood in this city has a distinct style and value, as does each resident. Allowing all families, regardless of income, the freedom to choose their home and what environment in which to raise their children is an essential right. To this end, the city is embracing development models which increase housing choice for residents who rely on affordable housing while simultaneously leveraging private capital to meet the modern demand of a rapidly evolving housing market.

The City of Auburn is seeking funds from the Maine State Housing Authority (MSHA) Community Solutions Grant to implement a new housing initiative designed to help residents overcome the financial barrier of creating new rental units on their property. This forgivable loan program is designed to rapidly enhance the creation of privately built secondary or accessory dwelling unit (ADU) housing where appropriate zoning and municipal infrastructure is accessible.

Goal: The program goal is to create 15 new housing units over 2 years by incentivizing infill and locally owned rental unit construction. These units are less costly to construct for state and local government and allows for more rapid creation of units by leveraging local contractors, private capital and municipal infrastructure. These initial units will further the intent of LD 2003 and serve as a catalyst for further private construction city-wide.

Target audience: Individuals with the desire to build small (less than <800 sq/foot) attached or detached accessory dwelling units for rent. This program has the added benefit of decentralizing the ownership and development of affordable housing while providing sustainable, residual income for Auburn property owners. This program will be available for property owners city-wide where zoning permits. Property owners will income qualify at or below 120% of the Area Median Income (AMI).

Local Needs Assessment: Auburn Housing Authority provided data on the Housing Choice Voucher centralized waitlist. This data quantifies 454 current applicants. 411 applicants currently qualify under 60% AMI with 121 applicants residing in “temporary residences”, 26 being housed

in a shelter or hotel and 33 reporting that they are currently "living in a place not normally used for housing." Lastly, 57 of the current waitlist applicants are households of 3 or more.

Additionally, SafeVoices, a domestic violence shelter received a total of 325 local shelter requests in the previous year but were only able to house 83 individuals. This leaves an unmet need of 242 families which were under-served by their current capacity and ability to rapidly re-house domestic abuse victims within the city through a combined effort of the city security deposit assistance and SafeVoices resources. The creation of 15 new units supported in part by the city's security deposit program will help to address this shortage and re-house low-income and at-risk residents.

Affordable Housing Development: Units enrolled in this program will be newly constructed after program launch date and will be rented to low-income tenants (qualified under 80% AMI) for a period of 5 years. Additionally, rent for enrolled units will not exceed the lower of HUD's published Fair Market Rent (FMR), or 30% of tenant monthly income (including utilities) for a period of 5 years. The city of Auburn will monitor compliance during this affordability period and re-qualify any new tenants if there is turn-over in the unit.

Financial components: This program will provide a forgivable loan up to 15% of actual construction costs of a property which adds a new accessory dwelling unit. This construction will be verified by the Business & Community Development Department, Assessing & Code Enforcement. Average anticipated cost of an 800 sq/ft unit on a single-family residential lot in Auburn is $200,000. All projects will be properly permitted and approved by the city Code Enforcement Office and must receive an occupancy permit within 6 months.

Occupancy: The city will manage applications and monitor occupancy of assisted units through its Security Deposit application process for 5 years. Tenants applying for Security Deposit grants must provide income verification documents and be approved by the Director of Business & Community Development per the current program guidelines. The tenant and landlord will execute a lease that conforms to HUD guidelines.

Timeline: The city expects to secure matching funds by November 1st. Contingent upon receipt of MSHA Community Solutions Grant, this program will be launched and begin taking applications by December 1st, 2022. Expectations are that construction will begin summer of 2023 with the first units being occupied by late fall 2023. The program will continue until all funds are disbursed. Monitoring and reporting will continue for 5 years after the final unit is occupied.

Proposed Budget: This program will employ $225,000 of city ARPA funds, $25,000 of HOME funds, $25,000 in city funded staff hours and $250,000 MSHA Community Solutions grant. Additionally, private leveraged funds are estimated at $2.5 million.

As indicated in the Sources & Uses table below, the city intends to match MSHA funds with ARPA funds to capitalize the forgivable loan pool. In-kind matching funds will be provided by the city's CDBG & HOME allocations to facilitate and monitor these units for the duration of the 5-year affordability period. Additional HOME funds will be utilized to provide security deposits to

qualified tenants. Upon vacancy, these funds, unless used by the landlord to repair the unit, will be turned over to the qualified tenant.

Sources and Uses	PY2022
Sources	Budget
Total Sources=	$525,000
Community Solutions Grant Loan Pool Funds (CSG)	$250,000
Auburn Matching Loan Pool Funds (ARPA)	$200,000

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: September 19, 2022

Author: Kelsey Earle, Deputy Finance Director

Subject: Homeowner Relief Program 2022

Information: The anticipated goal is to provide $300.00 dollar checks to homeowners 65 and older, who's taxes increased by $300.00 dollars or more, and currently qualify for the Homestead exemption. The Council would allocate $700,000.00 from the American Rescue Plan Act (ARPA) funds to cover the cost of this initiative. There would be an application created by city staff, made available by November, with a deadline to apply of February 1st. This would allow a 3-month window for qualifying homeowners to apply for the funds.

City Budgetary Impacts: N/A

Staff Recommended Action: Staff recommends exploring this opportunity.

Previous Meetings and History: September 6, 2022, Order 125-09062022 Allocating $1,500,000.00 ARPA (American Rescue Plan Act) funding for home relief. Vote was tabled.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell J.

RULES & PROCEDURES GOVERNING OPEN SESSION/PUBLIC COMMENT

City Council meetings are conducted to carry on the official business of the City of Auburn. All meetings of the City Council, except Executive Sessions, are open to the public. The public is cordially invited to attend City Council meetings, and to participate in them consistent with the provisions of this policy and with the exception of Council workshops, which are primarily intended for the Council and staff to review and discuss items prior to their appearance on a regular City Council meeting.

The intent of this policy is to allow a fair and adequate opportunity for the public to be heard, to express opinions and concerns related to the business of the City, and to provide adequate time for the City Council to obtain information and opinions on subjects before it while ensuring that the time allowed for public input does not interfere with the addressing the scheduled agenda.

To carry out these purposes, the following rules and procedures shall govern the public comment period at all Auburn city council meetings:

GENERAL OPEN SESSION

An open session, or public comment period, shall be conducted near the beginning and end of all regular City Council meetings, at which time Auburn residents will have the opportunity to be heard on matters directly relating to City business that ARE NOT included on the regular agenda. Individuals addressing the Council during the public comment period will limit their comments to (3) three minutes. Up to forty-five (45) minutes will be allocated for general public comment periods. If the general public comment period exceeds 45 minutes, the public comment period will be suspended by the Mayor to allow the Council to conduct its business and out of courtesy for those attending the meeting for a specific agenda item. If needed, the open session will continue at end of the meeting as listed in the agenda. The Council will not engage in dialogue with the public during this time. Questions posed during the public comment period will be followed up upon after the meeting. Individuals requesting further information should leave their contact information with the City Clerk.

Open session will not be conducted at workshops, emergency meetings, or special meetings of the City Council.

ADDRESSING SPECIFIC AGENDA ITEMS

Public comments will be allowed during a meeting on those items requiring a public hearing and on other items appearing on the agenda. These comments should be DIRECTLY related to the specific agenda item being addressed. Public comments will not be taken during workshops unless a request is made to the Mayor by an individual Councilor.

RULES GOVERNING OPEN SESSION

1. Since meetings are broadcast and recorded, persons wishing to speak must use the public podium located to the left side of the audience, and speakers must preface their comments by giving their full name and address.

2. Comments must be limited to issues or concerns DIRECTLY related to Auburn municipal government. Public comment on matters not related to the City business will not be allowed, so as

to make sure that all meetings are carried out in a productive and efficient time and in keeping with the interests of all who attend and participate in a Council meeting.

3. Per state law, found in Title 1, Section 408, complaints or charges from the public about an individual employee will not be permitted. Such comments should be directed to the City Manager for their immediate follow-up and review.

4. Comments related to the following will be ruled out of order by the Mayor:

    a. Specific situations that are in litigation, including those in which the City is a party (issues of a criminal or legal nature should be addressed with the Auburn Police Department or other criminal justice agency). Individual employees and/or employee groups will not be permitted to discuss matters for which complaint or grievance procedures are provided;
    b. Personal disputes between the speaker and other private residents not germane to City business; or
    c. Support for or opposition to any candidate for political office.

5. Individuals will be restricted to speaking once during the general public comment period and once per public comment period for each specific agenda item.

6. Individuals addressing the Council shall direct their remarks exclusively to the Mayor. No person other than the elected officials and the individual at the podium shall be permitted to enter into any discussion, either directly or through members of the Council. The public comment period is an opportunity for residents to express their views on matters relating to City business.

7. As a limited designated public forum, the City Council does not have the right to prohibit disparaging, rude and other remarks of a personal nature. But, because of the potential implications, including personal liability of the speakers, speakers are encouraged to strive to be accurate in their statements and avoid making personal, rude, or provocative remarks.

8. All statements should respect the dignity and seriousness of the proceeding.

9. Persons present at Council meetings shall not interrupt, nor applaud or otherwise express approval or disapproval of any statements made or actions taken at such meeting, except for those instances that are listed on the Council Agenda under Public Recognition where the Mayor or a City Councilor are formally recognizing and individual or group for their accomplishments.

FAILURE TO FOLLOW GUIDELINES

The Mayor will limit commentary that is determined not to be germane to City business or the topic at hand, or which violates any of the guidelines listed above. The Mayor will direct any individual not operating in accord with these guidelines to cease such action or risk being asked to be seated or removed. If such conduct continues, the Mayor will call a recess, request the removal of such person(s) from the Chambers, adjourn the meeting, or take other such appropriate action. Repeated violations by any individual will result in the Mayor revoking that individual's right to speak at future meetings. Should the Mayor fail to take action, any Councilor may move that the Mayor enforce the rules and guidelines and, if denied, request that the Council vote on the motion.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: September 19, 2022

Author: Sue Clements-Dallaire, City Clerk

Subject: Food Service Establishment – Lemonade Stands

Information: During the September 6, 2022 Council meeting, Councilor Morin reported that he was contacted by a constituent whose six year old son wanted to run a lemonade stand to try to raise money to purchase a guitar. They came to Auburn Hall to obtain a permit and was told that the permit would be $200. He has asked Councilor Hawes to co-sponsor an ordinance that they will try to present at the September 19, 2022 City Council meeting regarding waiving that fee.

Three options are listed below for the Councils consideration:

1. **Sec. 14-31 Fees; Waiver**

   This section of our Code states: The fees for business licenses shall be paid by the owner or his agent in accordance with the business fee schedule established by the city council The city council is the only authority allowed to waive fees prescribed by ordinance. **An application for waiver of any fees must be presented in writing to the city clerk to be brought to the city council at its next available meeting**.

With this provision, an ordinance amendment would not be necessary and the City Council can determine on a case by case basis if they would like to waive the fee if someone were to request a license for a lemonade stand.

2. **Sec. 14-31 Fees; Waiver**

   This section of our Code states: The fees for business licenses shall be paid by the owner or his agent in accordance with the business fee schedule established by the city council The city council is the only authority allowed to waive fees prescribed by ordinance, except that the City Clerk has the delegated authority to waive the fee for minors operating a temporary lemonade stand on private property. An application for waiver of any fees must be presented in writing to the city clerk to be brought to the city council at its next available meeting.

This provides the City Clerk to waive the fee without having to bring forth to the City Council. This option would be an ordinance amendment and would require a public hearing and two readings.

3. **Sec. 14-49 Exemptions from license requirement or fees**.
   This section of our code lists exemptions from license requirement or fees.

We could include the following to that section which would exempt minors operating a lemonade stand on private property from having to obtain a license.

(h) Minors operating a temporary lemonade stand on private property.

Option three would be an ordinance amendment and would require a public hearing and two readings.

City Budgetary Impacts: N/A

Staff Recommended Action: Discussion and recommendation

Previous Meetings and History: Councilor Morin discussed bringing this forward during the 9/6/2022 Council meeting.

City Manager Comments:

I concur with the recommendation. Signature:

OPTION 2 - DRAFT

Sec. 14-31. Fees; waiver.

This section of our Code states: The fees for business licenses shall be paid by the owner or his agent in accordance with the business fee schedule established by the city council The city council is the only authority allowed to waive fees prescribed by ordinance, except that the City Clerk has the delegated authority to waive the fee for minors operating a temporary lemonade stand on private property. An application for waiver of any fees must be presented in writing to the city clerk to be brought to the city council at its next available meeting.

(Ord. No. 38-02072011-05, att. §§ 24-31, 2-7-2011)

OPTION 3 - DRAFT

Sec. 14-49. Exemptions from license requirement or fees.

(a) Persons acting pursuant to an order or process of a court of competent jurisdiction and persons acting in accordance with their powers and duties as public officers, such as sheriffs and marshals, shall not be required to secure a local license.

(b) Orphanages and public and private hospitals, as defined in the laws of the State, shall not be required to secure a local business license to operate a children's home or day care facility.

(c) Persons selling, exclusively, farm, dairy, orchard or fish products of their own production shall not be required to obtain a local license.

(d) No charge shall be made for the issuance of a solicitor's license, blasting permit or chimney cleaner permit; however, persons traveling by foot, wagon, automotive vehicle or any other type of conveyance, from place to place, from house to house or from street to street selling magazines or other merchandise by sample, list or catalogue for future delivery shall be required to obtain a local itinerant vendor/peddler's license.

(e) Persons licensed in accordance with state law to maintain an automobile graveyard or junkyard shall not be required to obtain a local license to also operate as a junk collector.

(f) Persons who use their own homes to provide foster care to children shall not be required to obtain a local license.

(g) Public or private school cafeterias and nursing homes shall not be required to obtain a local food service establishment license.

(h) Minors operating a temporary lemonade stand on private property.

(Ord. No. 38-02072011-05, att. § 24-48, 2-7-2011)

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: September 19, 2022

Subject: Executive Session

Information: Legal consultation, pursuant to 1 M.R.S.A. Section 405(6) (E).

Executive Session: On occasion, the City Council discusses matters which are required or allowed by State law to be considered in executive session. Executive sessions are not open to the public. The matters that are discussed in executive session are required to be kept confidential until they become a matter of public discussion. In order to go into executive session, a Councilor must make a motion in public. The motion must be recorded, and 3/5 of the members of the Council must vote to go into executive session. An executive session is not required to be scheduled in advance as an agenda item, although when it is known at the time that the agenda is finalized, it will be listed on the agenda. The only topics which may be discussed in executive session are those that fall within one of the categories set forth in Title 1 M.R.S.A. Section 405(6). Those applicable to municipal government are:

A. Discussion or consideration of the employment, appointment, assignment, duties, promotion, demotion, compensation, evaluation, disciplining, resignation or dismissal of an individual or group of public officials, appointees or employees of the body or agency or the investigation or hearing of charges or complaints against a person or persons subject to the following conditions:
(1) An executive session may be held only if public discussion could be reasonably expected to cause damage to the individual's reputation or the individual's right to privacy would be violated;
(2) Any person charged or investigated must be permitted to be present at an executive session if that person so desires;
(3) Any person charged or investigated may request in writing that the investigation or hearing of charges or complaints against that person be conducted in open session. A request, if made to the agency, must be honored; and
(4) Any person bringing charges, complaints or allegations of misconduct against the individual under discussion must be permitted to be present. This paragraph does not apply to discussion of a budget or budget proposal;

B. Discussion or consideration by a school board of suspension or expulsion of a public school student or a student at a private school, the cost of whose education is paid from public funds, as long as:
(1) The student and legal counsel and, if the student is a minor, the student's parents or legal guardians are permitted to be present at an executive session if the student, parents or guardians so desire;

C. Discussion or consideration of the condition, acquisition or the use of real or personal property permanently attached to real property or interests therein or disposition of publicly held property or economic development only if premature disclosures of the information would prejudice the competitive or bargaining position of the body or agency;

D. Discussion of labor contracts and proposals and meetings between a public agency and its negotiators. The parties must be named before the body or agency may go into executive session. Negotiations between the representatives of a public employer and public employees may be open to the public if both parties agree to conduct negotiations in open sessions;

E. Consultations between a body or agency and its attorney concerning the legal rights and duties of the body or agency, pending or contemplated litigation, settlement offers and matters where the duties of the public body's or agency's counsel to the attorney's client pursuant to the code of professional responsibility clearly conflict with this subchapter or where premature general public knowledge would clearly place the State, municipality or other public agency or person at a substantial disadvantage;

F. Discussions of information contained in records made, maintained or received by a body or agency when access by the general public to those records is prohibited by statute;

G. Discussion or approval of the content of examinations administered by a body or agency for licensing, permitting or employment purposes; consultation between a body or agency and any entity that provides examination services to that body or agency regarding the content of an examination; and review of examinations with the person examined; and

H. Consultations between municipal officers and a code enforcement officer representing the municipality pursuant to Title 30-A, section 4452, subsection 1, paragraph C in the prosecution of an enforcement matter pending in District Court when the consultation relates to that pending enforcement matter.

Attachments:	Outlook-b55nhiyc.png

Alison,
On September 9, 2022 we inspected the following Junkyards:

Don's Towing / Morris Auto Parts - Washington Street North - Planning approves of the license renewal. Vehicles are being stored outside of floodplain until fluids are drained as required. Fencing is in poor condition but still meeting basic screening requirements. Building is in the process of being painted and fencing improvements are planned.

M&P Auto Parts - 227 Merrow Road - Planning approves of the license renewal. Fewer cars than normal.

Randy's Auto Parts - 899 Broad Street - Planning approves of the license renewal. Fewer cars than normal.

Isadore T Miller - 79 and 80 Old Hotel Road - Planning approves of the license renewal. Currently no Junk at the property but they maintain the license.

Prolerized New England - 522 Washington Street North- Planning approves of the license renewal.

Eric J. Cousens

Jason J. Levesque, Mayor

Stephen G. Milks, Ward Three
Dana Staples, At Large
Phillip L. Crowell, Jr., City Manager

Mayor Levesque called the meeting to order at 7:00 P.M. in the Council Chambers of Auburn Hall and led the assembly in the salute to the flag. All Councilors were present.

Pledge of Allegiance

I. Consent Items - All items with an asterisk (*) are considered routine and will be enacted by one motion. There will be no separate discussion of these items unless a Council member or a citizen so requests, in which event, the item will be removed from the Consent Agenda and
II. considered in its normal sequence on the agenda

1. Order 124-09062022*
Confirming Chief Moen's appointment of Corey David as Constable with firearm for the Auburn Police Department.

Motion was made by Councilor Staples and seconded by Councilor Walker for passage of the one consent item.

Passage 7-0.

III. Minutes – August 15, 2022, Regular Council Meeting

Motion was made by Councilor Walker and seconded by Councilor Milks to approve the minutes of the August 15, 2022, Regular Council Meeting.

Passage 7-0.

IV. Communications, Presentations and Recognitions

- Landon Cougle was recognized for being selected as a Page for the US Senate.
- The Spirit of America Award was awarded to the late Jimbo Marston for his contribution to the community. His wife and family were there to accept the award.
- Councilor Walker provided an update on the Potato Give-Away on behalf of the Age Friendly Community Committee.
- The Mayor provided a communication on the Mayor's Ad-hoc Committee to Develop Permit Ready Housing Plans.
- Council Communications (about and to the community)

Mayor Levesque reminded everyone about the Blues and Brews Festival to be held on September 10th.

Councilor Staples reported that the Androscoggin Land Trust will be holding their 13th annual Androscoggin River clean up from 9am until noon on September 10th.

Councilor Walker reported that the United New Auburn Association met on August 30th at Rolly's diner. The City Manager was the guest speaker. Councilor Walker commended City Manager Crowell stating that "Phil Crowell is one heck of a speaker". He also added that the Age Friendly Community Committee will be meeting at Senior Center on September 13th at 6:00 pm. All are welcome.

Councilor Morin reported that he was contacted by a constituent whose six year old son wanted to run a lemonade stand to try to raise money to purchase a guitar. They came to Auburn Hall to obtain a permit and was told that the permit would be $200. He has asked Councilor Hawes to co-sponsor an ordinance that they will try to present at the next City Council meeting regarding waiving that fee.

City Manager Crowell – provided a work force update and some of the challenges we are facing. We currently have approximately 30 vacancies with the majority being Police, Fire, and the Public Works Departments. These shortages unfortunately impact our services. We are working on it and numerous initiatives to try to resolve the issue.

V. Open Session

Stephen Beale, 575 Johnson Road, asked of there would there be an opportunity to comment on the Lake Auburn repeal.

Pam Rousseau, 745 West Auburn Road, stated that when watching meetings on YouTube, it is difficult to hear, and closed captioning isn't available. She would like to see the volume increased and closed captioning available. She also said she wanted to remind everyone is that "Taylor Pond is on the chopping block, also".

Scott Berry, 179 Davis Avenue, spoke in favor of the proposed zoning amendments which he feels will end exclusionary zoning and help to end racial discrimination in the housing market. He provided photos to the Council and also commented on the illumination of business signs and devaluation of homes.

Elizabeth Dunn, 530 Court Street, had a request for a new ordinance to be written making it a requirement for, rather than only encouraging, public meetings to be held if a developer or someone wants to come into a neighborhood with plans for an apartment complex or to develop property.

VI. Unfinished Business - None

VII. New Business

1. Resolve 04-09062022

Accepting the final report from the Public Safety Building Ad-Hoc Committee.

Motion was made by Councilor Gerry and seconded by Councilor Walker for passage.

Public comment – No one from the public spoke.

Motion was made by Councilor Staples and seconded by Councilor Walker to amend by correcting the date in the second to last paragraph to say August 15th not September 16th as follows:

"WHEREAS, a final report and recommendation was presented to the Auburn City Council on ~~September 16~~ August 15, 2022"

Passage 7-0.

Passage of Resolve 04-09062022 as amended 7-0.

2. **Resolve 05-09062022**
Supporting the Center Street Safety Action Plan Grant Application.

Motion was made by Councilor Staples and seconded by Councilor Walker for passage.

Public comment – No one from the public spoke.

Passage 7-0.

3. **Resolve 06-09062022**
Addressing the current housing shortage in Auburn by seeking an opinion from the Planning Board to consider eliminating income standards and current strip zoning limitations in areas outside of the Lake Auburn Watershed overlay.

Motion was made by Councilor Walker and seconded by Councilor Milks for passage.

Public comment –

Pam Rousseau, 745 West Auburn Road, stated that we need our Ag zone, and she is not in favor of this. She asked how does one demonstrate that any development will not negatively impact the regions primary source of drinking water? She added that she would like them to vote not in favor of this.

Victoria Ballou, 106 Locksley Road, asked if we were working with consultants, and what that may look like and what would the plan be to make a decision.

Jane Costlow, 104 Fourth Street, she spoke of balancing need for housing and protecting the lake and our natural resources and there should be a robust series of conversations with the various committees and the Planning Board. She stated that there was an error in the resolve, in the section referencing the 2018 Crossroads Study regarding the elimination of the income standards. She stated that they did recommend doing away with the income standards, but they also recommended putting in other considerations to make sure that the people building houses were in fact farming.

Bruce Rioux, 85 Mary Carroll Street, said that he didn't have a strong opinion either way, but eliminating the last paragraph of this resolve would make it a much better document.

Motion was made by Councilor Staples and seconded by Councilor Whiting to amend the last paragraph to read:

Therefore, be it resolved that the City Council directs the Planning Board ***after consultation from the Sustainability and Natural Resource Management Board*** *to provide an opinion no later than December 15th, 2022, on whether or not to eliminate the income standard and the current strip zoning limitations in all areas outside of the Lake Auburn Watershed overlay.*

Passage 7-0.

Motion was made by Councilor Staples and seconded by Councilor Whiting to amend the deadline from December 15, 2022 to March 20, 2023 and to include language that the recommendations be delivered to the City Council no later than that March 20th deadline, as follows:

Therefore, be it resolved that the City Council directs the Planning Board after consultation from the Sustainability and Natural Resource Management Board to provide an opinion and deliver recommendations to the City Council no later than March 20, 2023 ~~December 15th, 2022~~, on whether or not to eliminate the income standard and the current strip zoning limitations in all areas outside of the Lake Auburn Watershed overlay.

Passage 6-1 (Councilor Walker opposed).

Passage of Resolve 06-09062022 as amended, 4-3 (Councilor Staples, Gerry, and Whiting opposed).

4. Referred Ordinance 08-03072022

Repealing Ordinance 08-03072022 that was adopted on 3/21/2022 amending the zoning map and adjusting Article XII, Division 4, Sec. 60-751 Lake Auburn Watershed Overlay District Map.

Motion was made by Councilor Milks and seconded by Councilor Hawes for passage.

Public comment –

Stephen Beale, 575 Johnson Road commented on an error in packet where the acreage in the Ordinance did not reflect the amendment that was made when the Ordinance was adopted (changing it from 148 acres to 120 acres). He also stated that he would like to see this referred to the public for a public vote rather than being repealed by the City Council.

Passage 4-3 (Councilors Gerry, Whiting, and Staples opposed).

5. Order 125-09062022

Allocating $1,500,000.00 ARPA (American Rescue Plan Act) funding for home relief.

Motion was made by Councilor Gerry and seconded by Councilor Walker for passage.

Public comment –

Jackie Majeris-Collins, 30 Taylor Street, spoke in opposition of this order and would like to see the money spent in other areas, such as homelessness. There is more that can be done if the money is pooled together.

Ryan Smith, 14 Weaver Street, said he is not against doing this, but a better solution would be adjusting the taxes on commercial properties.

Dan Herrick, 470 Hatch Road, asked why they don't take the money and reduce the budget instead.

Motion was made by Councilor Walker and seconded by Councilor Gerry to postpone this item until the first meeting of October (October 3, 2022).

Passage 7-0.

6. **Ordinance 20-09062022**
Amending the zoning district T-4.2B. Public hearing and first reading.

Motion was made by Councilor Walker and seconded by Councilor Staples for passage.

Public hearing –

John Cleveland, 183 Davis Avenue, said citizens have not had adequate time for public involvement and this item should be tabled until the Planning Board reviews the zoning changes with an opportunity for more public input and then make a recommendation to the City Council.

Ronald Lebel, 31 Coachman Avenue, said that he objects to this proposal and stated his reasons why. A written statement was provided to the City Clerk.

Beth Bell, 86 Nottingham Road, said she is trying to get up to speed on this, adding that she feels that many people are uninformed about this. She said she is opposed to this at this time, she has a lot of concerns about it. She said that she is a real estate agent and is concerned about the values of people's homes and feels like it is too big of an area to make the change.

Pam Rousseau, 745 West Auburn Road, said that she doesn't believe they are able to do this legally based on the City Charter, and this is not a "one size fits all".

Jeffry Harmon, 34 Vista Drive, stated that his issue with the matter before the Council is with the lack of public engagement.

Elizabeth Dunn, 530 Court Street, stated that her concern is that this is very similar to T-4.2 which was repealed. She spoke about the development at 555 Court Street, stating that the buildings tower over the neighborhood.

Ryan Smith, 14 Weaver Street, said that he believes this item is out of order and that this item should be tabled until the next meeting. He noted that many municipalities are waiting to see what happens with LD 2003 before making changes.

Pat Phillips, 17 Sunset Avenue, received a letter stating that her home is within 500 feet of one of the proposed zoning changes and she doesn't really know what that means. She suggested having neighborhood meetings and to make it a community effort.

The Mayor closed the public hearing.

Councilor Milks stated that he does own a piece of property within this area, which could be viewed as a potential conflict.

Motion was made by Councilor Staples and seconded by Councilor Morin to allow Councilor Milks to continue in the debate and voting on this item. Passage 6-0 with Councilor Milks abstaining.

Passage 5-2 (Councilors Whiting and Gerry opposed).

7. **Resolve 07-09062022**

Supporting the creation of an Ad-hoc/Public Infrastructure Committee.

Motion was made by Councilor Morin and seconded by Councilor Walker for passage.

Public comment – No one from the public spoke.

Passage 6-1 (Councilor Gerry opposed).

8. Order 126-09062022
Allocating $225,000 in ARPA (American Rescue Plan Act) funding for Accessory Dwelling Unit Development Program.

Motion was made by Councilor Staples and seconded by Councilor Morin for passage.

Public comment – No one from the public spoke.

Passage 7-0.

VIII. Open Session – No one from the public spoke.

IX. Reports (from sub-committees to Council)

Mayor Levesque reported on the School Committee meeting.

Councilor Morin congratulated the ELHS football team on their win Friday night.

IX. Executive Sessions – None

X. Adjournment – Motion was made by Councilor Milks and seconded by Councilor Morin to adjourn. Unanimously approved and the meeting adjourned at 10:00 pm.

Susan Clements-Dallaire, City Clerk

City of Auburn
City Council Information Sheet

Council Public Hearing or Meeting Date: September 19, 2022 **Ordinance:** 20-09062022

Author: Eric Cousens, Director of Planning and Permitting

Subject: Zoning Text and Map Amendments to Create the Traditional Neighborhood Form Based Code T-4.2B zoning district and to include 1,687.41 acres of property located in the Court Street/City Residential Core area of the City within the new zoning district.

Information: The property to be rezoned is currently located in the Urban Residence zoning district and is further identified on the Proposed Official Zoning Map dated 7/6/2022. The text of the new Traditional Neighborhood District Form Based Code T-4.2B zoning district is also attached. The purpose of the rezoning is to provide equitable access to housing in walkable neighborhoods by allowing residential uses at a density driven by the form, lot size and configuration of the lot with less minimum road frontage required and shared driveways encouraged. These changes are recommended in the 2021 Comprehensive Plan Update that support higher density and growth from the city's core outward that is supported by existing infrastructure and smart economic growth. The change creates a new district that carries the urban form of walkable, desirable existing neighborhoods to expanded land area where existing zoning has forced development to meet more suburban standards and limited housing production. The area proposed is limited to land where public water and sewer are available or reasonably available nearby. The proposed changes allow for infill development, creation of new housing units in existing buildings, new development of housing on vacant land and limited neighborhood scale commercial uses.

This proposal will also go to Planning Board for a public hearing and recommendation to Council on September 13, 2022. Second reading with the Council is scheduled for the September 19, 2022 agenda. Both the City Council and Planning Board have created this new district based on feedback from the public while considering the application of the existing T-4.2 district to the same area. In response to public feedback the new district was created to recognize differences between existing T-4.2 districts and the proposed T-4.2B area. Most notable are setback allowances that are flexible to match existing development patterns, the size limitations on commercial uses, a requirement for a residence on the same lot as a commercial use and the additional Special Exception review and Planning Board public process required for considering most commercial uses.

Staff Recommended Action: Consider passage of the second reading of the proposed text and map amendment.

Previous Meetings and History: See Staff Report attached. A public hearing and passage of first reading was on 9/6/2022.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: Proposed Official Zoning Map dated 7/6/2022, proposed text of the new Traditional Neighborhood District Form Based Code T-4.2B zoning district, Planning Board Staff report.

RE: Planning Board Public Hearing Process re Zoning Ordinance Amendments

DATE: September 8, 2022

I am writing in response to your inquiry regarding the Planning Board public hearing process related to Zoning Ordinance amendments. Specifically, you have inquired whether it is legally permissible for the City Council to conduct its first reading on proposed Zoning Ordinance amendments in advance of the required Planning Board public hearing. The short answer is yes.

State statute requires that the Planning Board conduct a public hearing on the adoption or amendment of the Zoning Ordinance, with certain notices provided in advance of the public hearing, including a public hearing notice posted at City Hall at least 13 days before the public hearing and publication of notice of the public hearing in a newspaper of general circulation at least 12 days and again at least 7 days in advance of the public hearing. 30-A M.R.S. § 4351(9). Section 60-1474 of the City's Zoning Ordinance contains similar notice provisions (and adds a local requirement of notice to abutters in Sec. 60-1475). Under Sec. 60-1496 of the Zoning Ordinance, the Planning Board must "within 30 days of the conclusion of the [Planning Board] public hearing, report in writing the results of the hearing and recommendations of the board on the amendment to the city council."

There is nothing in State statute, the City Charter or the Zoning Ordinance that dictates the timing of the Planning Board public hearing in relationship to the City Council's first reading of proposed Zoning Ordinance amendments. Some municipalities with the Council-Manager form of government prefer to conduct Council first reading before the Planning Board public hearing to enable Council input on the version of the amendments that will be considered and reported on by the Planning Board. Other municipalities with the Council-Manager form of government prefer to have the Planning Board conduct its public hearing before Council first reading. In some municipalities, the timing of the Planning Board public hearing in relationship to the City Council's first reading of proposed Zoning Ordinance amendments varies from time

to time (*i.e.*, sometimes before first reading and sometimes after first reading) depending on the complexity of the subject matter of the amendments.

As relates to the proposed amendments to the Zoning Ordinance text and map to create a new Traditional Neighborhood Form Based Code T-4.2B District, it is my understanding that the Planning Board specially requested at its June 21, 2022 meeting that its recommendation on the T-4.2B amendments be delayed until after the City Council determined what version of the amendments the Council wanted to bring forward for final action. Such an approach whereby the City Council conducts its first reading in advance of the Planning Board public hearing is legally permissible under State and local law.

From: Katherine Cook, Planning Coordinator
Re: Zoning Text and Map Amendment Public Hearing
Date: August 30, 2022

PROPOSAL: Zoning Text and Map Amendments to Create the Traditional Neighborhood Form Based Code T-4.2B zoning district and to include 1,687.41 acres of property located in the Court Street/City Residential Core area of the City within the new zoning district.

The property to be rezoned is currently located in the Urban Residence zoning district and is further identified on the Proposed Official Zoning Map dated 7/6/2022. The text of the new Traditional Neighborhood District Form Based Code T-4.2B zoning district is also attached. The purpose of the rezoning is to provide equitable access to housing in walkable neighborhoods by allowing residential uses at a density driven by the form, lot size and configuration of the lot with less minimum road frontage required and shared driveways encouraged. These changes are recommended in the 2021 Comprehensive Plan Update that support higher density and growth from the city's core outward that is supported by existing infrastructure and smart economic growth.

STAFF RECOMMENDATIONS

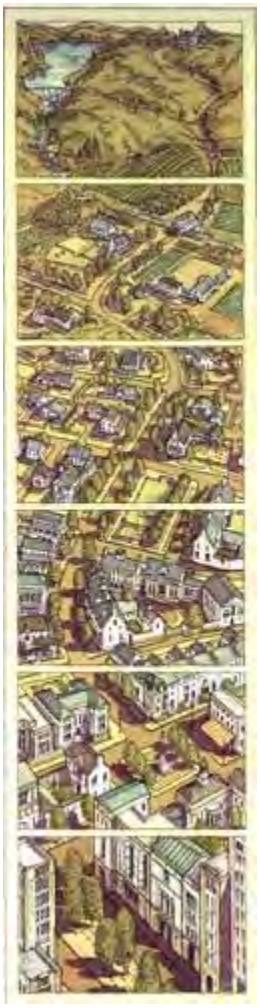
Hold a public hearing on creation of new Form-Based Code zoning district, T-4.2B and the application of the same new zone, T-4.2B to the Court Street area. The Board should review these as a single agenda item and forward a recommendation to Council.

Previous meetings concerning the creation of application of T-4.2B:

- August 17, 2021, city council meeting: increased housing and form-based code
- December 21, 2020, city council meeting T-4.2 Downtown Enterprise District
- December 17, 2020, - June 16, 2021, comprehensive plan meetings
- March 1, 2021, city council meeting T-4.2 Court/Lake Street and Lake Auburn Avenue, Union, Lake, and Whitney Street areas
- April 27, 2021, community conversation: comprehensive plan update
- April 29, 2021, community conversation: comprehensive plan update
- May 4, 2021, community conversation: comprehensive Plan update
- March 31, 2022, community conversation: discuss zoning changes January 3, 2022, city council meeting
- January 11, 2022, planning board meeting Workshop: T-4.2 Court Street
- February 8, 2022, planning board meeting Public Hearing: T-4.2 Court Street
- March 8, 2022, planning board meeting Public Hearing: T-4.2 Court Street
- March 21, 2022, city council meeting: T-4.2 Court Street
- March 28, 2022, city council meeting: T-4.2B Court Street planning board directive
- April 14, 2022, planning board meeting workshop: T-4.2B areas A-D

- June 18, 2022, city council meeting- T-4.2B creation
- June 27, 2022, city council meeting- Court Street amendment workshop
- July 12, 2022, community conversation: zoning in Auburn
- July 18, 2022, city council meeting: T-4.2B first reading
- August 1, 2022, city council meeting- T-4.2B Court Street planning board directive and repeal 4.2 Court Street
- August 15, 2022, city council meeting: postpone T-4.2B Court Street
  Update original dates from first approval

[1]FORM-BASED CODE The Form Based Code Institute defines a form-based code as "a land development regulation that fosters predictable built results and a high-quality public realm by using physical form (rather than separation of uses) as the organizing principle for the code. A form-based code is a regulation, not a mere guideline, adopted into city, town, or county law. A form-based code offers a powerful alternative to conventional zoning regulation."[2]The purpose of implementing form-based code is to provide equitable access to housing in walkable neighborhoods by allowing residential uses at a density driven by the form, lot size and configuration of the lot with less minimum road frontage required and shared driveways encouraged. Form-based code regulates the physical form of the built environment using transects, which are the standardized categories that describe the range or continuum of development types; from T-1 Natural Areas to T-6 Urban Core or City Center with an additional category designated for other uses. Form-based code offers an alternative to traditional zoning laws which separate where we live from where we work, learn, shop, play, and gather. By strictly regulating the setbacks and types of housing, units are built further apart resulting in greater reliance on roads. As an alternative, form-based code promotes walkability by reducing the separation between private and public realms of life. Auburn's form-based code proposes five types of form-based code districts, T-4.1, T-4.2B, T-4.2, T-5.1, T-5.2 and T-6. These districts range from least urban to most urban. T-4.2B is characterized as the Traditional Neighborhood Development District or General Urban Zone.



TRADITIONAL NEIGHBORHOOD DEVELOPMENT DISTRICT (TND)

Description- The Traditional Downtown Neighborhood district is characterized by a small to medium sized buildings with smaller front yards and stoops in a more compact urban environment and includes and traditional neighborhood sized storefronts. The smaller minimum and maximum building setbacks form a moderately dense street-wall pattern, diverse architectural styles and pedestrian friendly streets and sidewalks (Sec. 60.549).

[1] "American Transect," Duany Plater-Zyberk & Company / James Wassell
[2] https://formbasedcodes.org/definition/

Objective – Allow for the development of a wide range of residential and community uses at a density of up to what is allowed by the form of the lot with an estimation of 16 units per acre, but not specified because of the variability of the lots form, as specified in the Comprehensive Plan in areas that are served or can be served by public sewer and water (see Figures 2.3, 2.4 and 2.6). New development should be designed to minimize the number of vehicular access points to existing collector or other through roads.

Allowed Uses – The Traditional Neighborhood Development District generally follows the boundaries of the Urban Residential Zoning District, in effect at the time of the 2021 Comprehensive Plan update. The following general types of uses should be allowed within the Traditional Neighborhood Development District:

- *Low and High-Density Residential Dwellings*
- *Home Occupations*
- *Plant/Crop-Based Agriculture*
- *Community Services and Government Uses*
- *Small Offices and Mixed-Use Buildings*
- *Small commercial operations that do not exceed the average lot size of the neighborhood (or more than two times the average size of the home).*

[3]Development Standards – Residential uses should be allowed at a density of the existing form of the lot with no minimum road frontage required, shared driveways are encouraged, the front setback should be 25 feet max with the consideration that no front yard needs to be any less than the average depth of front yards on the lots next thereto on either side. Side and rear setbacks should be 5-10 feet or 25% of the average depth of the lot to establish dimensional standards that relate to the size and width of the adjacent lot with up to 70% lot coverage. Minimum building height 1 story with maximum of 3 stories (excluding an attic story).

T-4.2B is a new zone distinct from T-4.1, T-4.2, T-5.1, T-5.2, and T-6. The attached text, Division 14. Form Based Code, shows the text of the T-4.2 B. The document represents the text of proposed new zone, T-4.2 B. The red sections mark the differences between T-4.2 and T-4.2B. The transects in Auburn are ordered from least to most urban. Form allows multifamily housing in this area capped at 3.5 stories with an attic. Parcel size determines form and therefore number of units. The most prominent differences between T-4.2 andT-4.2B is the size and type of businesses that will be permitted. Office, service, and retail uses limited to 1500 sq ft with a residential unit on the same parcel. Age-restricted retail stores (marijuana stores or dispensaries) are not allowed in T-4.2B. Restaurants with over 30 seats will not be permitted nor will drive-through restaurants.

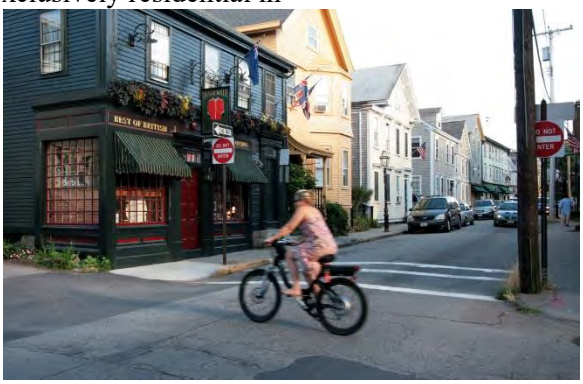
THE PURPOSE BEHIND APPLYING NEW ZONING TO AUBURN'S CITY CORE

1. The proposed zone change will **increase housing opportunity** for more people by lowering barriers to finding housing. Auburn's housing supply is limited and is not increasing fast enough to accommodate both current residents and those who want to call Auburn home. Housing scarcity drives up prices and increasing the supply of housing will lower the cost overtime.

[3] Newport, Rhode Island. Sponsored by Center for Applied Transect Studies, Photographed by Sandy Sorlien

2. [4]The proposed zoning will **allow a wider variety of housing**. Offering choice in housing to residents will allow more residents the freedom to live as they want and not pay more than they can afford. Financial institutions recommend not spending more than 28% of household gross income on housing. Single family homes are outside of the price range and may not meet the lifestyle needs of many people, especially young adults, young families, empty nesters, elderly residents and many in between. The current zoning essentially renders housing that is not single-family or two-family illegal effectively barring those who cannot afford the high price of a single-family home to live with their neighbors. Allowing mixed use housing gives residents of all backgrounds and financial capacities options and promotes community be allowing neighbors to live close to and among each other.

3. [5]Current traditional zoning laws tend to separate where we live from where we work, learn, and shop and force us to center roads over all other aspects of city design. These roads, as they are today, are dangerous to pedestrians and cyclists. We have an over-reliance on cars and Auburn's form-based code is meant to provide an alternative. T-4.2B **encourages walkability** by allowing uses that are not exclusively residential in moderately dense urban environments. There will not be walkability if there is nowhere to walk to. Encouraging infill and small business growth encourages walkability by giving folks spaces to walk to. Suburban sprawl as it exists limits transportation to folks who have a car and assumes that there will be little to no walking. It champions cars and roads over people and centralized communities.



FREQUENTLY ASKED QUESTIONS

How would T-4.2B affect my neighborhood?

Building by form as regulated in T-4.2B will differ based on where you live and the existing neighborhood form. Most city lots are small and already built on, likely limiting additional development to infill housing opportunities and freedom for property owners to add additional units or make improvements to existing homes. The map shows the size of parcels in the urban core area. The map shows that 54.6% of parcels cannot support over four units and 79.4% of parcels cannot support over eight units.

[4] Marblehead Massachusetts. Sponsored by Center for Applied Transect Studies, Photographed by Sandy Sorlien.

[5] Newport, Rhode Island. Sponsored by Center for Applied Transect Studies, Photographed by Sandy Sorlien.

The larger open areas, five-plus acres in the example, have a form that could support higher development intensity. Of the 571.85 acres on parcels with over five acres in what is proposed to be T-4.2B, only 391.71 acres of the area could be considered for further development (26.6%) because of schools, existing condos, and parks.

[6]The traffic in Auburn is already much too fast and congested. Would higher density in the city core make the traffic worse? Adding more housing, though may add more vehicles to the road in the short term, will allow the city to find projects to improve current road conditions, and invest in improving circulation patterns throughout the city. Increasing density will also make Auburn a more viable location to extend local public transit and especially commuter transportation to and from nearby metro areas like Boston, Portland, and more. Form-based code encourages and supports safe pedestrian traffic, over time also decreasing the heavy reliance on vehicles.

More units will mean more kids who need education. Will T-4.2B make this worse for already strained educators?

Applying form-based code could improve the state of Auburn's schools. Over the past several years, students enrolled in Auburn public schools have been stagnant and falling. Fairview can absorb another 100 students, Walton can absorb another 150, and East Auburn is close to capacity but could absorb about 20 more students. Altogether, the district could absorb up to 500-600 more students.

A reliable marker for determining enrollment trends in schools is the rate of preschool enrollment. Superintendent, Dr. Connie Brown, noted that preschool enrollment has been decreasing over the past several years resulting in needing to close Walton Preschool and reducing the hours of East Auburn preschool. She noted that there are other schools that may need to close if they cannot increase enrollment.

The school district can, and in some cases will need to absorb more students, though it is also struggling with attracting and retaining teachers. The recommended monthly house payment is 28% of a person's income. The entry level pay for a teacher is $42,000, a firefighter starting wage is $45,000 plus average OT is $10,000 for a total of $55,000, and a police officer with OT is $65,000. The average price of an existing, entry level home is $267,500 and the average cost of a new entry level home is $318,000. Based on the 28% recommendation, a person would need to make $87,450.00. / year to afford an existing entry level home, and 104,6000.000/year to afford a new entry-level home. People working the above noted jobs, which are critical to some of the most important city services could not afford to build or purchase a home in the city that they work in. A teacher and fireperson living together still could not afford a single-family home in the city where they work. Dr. Brown stated that her number-one reason for teacher resignations is that they found another job closer to where they live. Housing options need to reflect different families and individuals' lifestyles and incomes.

How might new zoning affect the housing crisis?

[6] T4 Rendering of Spring Street

In his article, "3 Zoning changes that Make Residential Neighborhoods More Affordable", Founder and Director of the Urban Sustainability Accelerator and Institute for Sustainable Solutions at Portland State University, Robert Liberty, identified eliminating single-family-residential-only zoning as an important factor to make residential neighborhoods more affordable. Multifamily housing is outlawed in about 75% of the country which poses a significant barrier for low to middle income residents by reinforcing housing segregation and increasing reliance on cars.[7]

Form-based code allows mixed uses and businesses among homes. What does this mean? What can I expect?

T-4.2B will allow uses other than single family including businesses with a residential unit on the same parcel. Businesses shall not be over 1,500 square feet. Drive-through restaurants are not allowed in T-4.2B and cannabis shops are also prohibited- a change from the first T-4.2 zone. There are some businesses that will be prohibited and most will require Special Exception Approval from the planning board depending on the size and type.

LEGAL NOTICE
CITY OF AUBURN

NOTICE OF PUBLIC HEARING ON PROPOSED AMENDMENTS TO THE ZONING ORDINANCE TEXT AND MAP TO CREATE A NEW TRADITIONAL NEIGHBORHOOD FORM BASED CODE T-4.2B DISTRICT

Notice is hereby given that the Auburn Planning Board will hold a Public Hearing on **Tuesday, September 13, 2022 at 6:00** p.m. in the City Council Chambers, 60 Court Street, Auburn, Maine to consider proposed amendments to the Zoning Ordinance text and map to create a new Traditional Neighborhood Form Based Code T-4.2B zoning district as follows:

PUBLIC HEARING: Zoning Text and Map Amendments to Create the Traditional Neighborhood Form Based Code T-4.2B zoning district and to include 1,687.41 acres of property located in the Court Street/City Residential Core area of the City within the new zoning district. The property to be rezoned is currently located in the Urban Residence zoning district and is further identified on a sketch map available in the Planning & Permitting Department. The text of the new Traditional Neighborhood District Form Based Code T-4.2B zoning district is also available in the Planning & Permitting Department. The purpose of the rezoning is to provide equitable access to housing in walkable neighborhoods by allowing residential uses at a density driven by the form, lot size and configuration of the lot with less minimum road frontage required and shared driveways encouraged. These changes are recommended in the 2021 Comprehensive Plan Update. The map and text showing the proposed changes is available at [illegible] government/planning-board-agendas under the September 13, 2022 Agenda link and in-person at the City of Auburn Planning & Permitting Office, 60 Court Street, Auburn, Maine during normal business hours. All interested persons are invited to attend the public hearing and will be given an opportunity to be heard at the hearing.

The Planning Board will, after the close of the public hearing, make a recommendation to the Auburn City Council regarding the proposed amendments. The City Council is expected to conduct First Reading and its own Public Hearing on the proposed amendments on Tuesday, September 6, 2022 at 7:00 p.m. and a Second Reading on Monday, September 19, 2022 at 7 p.m. in the City Council Chambers, 60 Court Street, Auburn, Maine.

Additional information is available and may be obtained from the Auburn Planning & Permitting Department by contacting Katherine Cook at (207) 333-6601 ext. 1155 or [illegible] or John Blais at (207) 333-6601 ext. 1334 or [illegible]

LEGAL NOTICE
CITY OF AUBURN

NOTICE OF PUBLIC HEARING ON PROPOSED AMENDMENTS TO THE ZONING ORDINANCE TEXT AND MAP TO CREATE A NEW TRADITIONAL NEIGHBORHOOD FORM BASED CODE T-4.2B DISTRICT

Notice is hereby given that the Auburn Planning Board will hold a Public Hearing on **Tuesday, September 13, 2022 at 6:00** p.m. in the City Council Chambers, 60 Court Street, Auburn, Maine to consider proposed amendments to the Zoning Ordinance text and map to create a new Traditional Neighborhood Form Based Code T-4.2B zoning district as follows:

PUBLIC HEARING: Zoning Text and Map Amendments to Create the Traditional Neighborhood Form Based Code T-4.2B zoning district and to include 1,687.41 acres of property located in the Court Street/City Residential Core area of the City within the new zoning district. The property to be rezoned is currently located in the Urban Residence zoning district and is further identified on a sketch map available in the Planning & Permitting Department. The text of the new Traditional Neighborhood District Form Based Code T-4.2B zoning district is also available in the Planning & Permitting Department. The purpose of the rezoning is to provide equitable access to housing in walkable neighborhoods by allowing residential uses at a density driven by the form, lot size and configuration of the lot with less minimum road frontage required and shared driveways encouraged. These changes are recommended in the 2021 Comprehensive Plan Update. The map and text showing the proposed changes is available at [illegible] government/planning-board-agendas under the September 13, 2022 Agenda link and in-person at the City of Auburn Planning & Permitting Office, 60 Court Street, Auburn, Maine during normal business hours. All interested persons are invited to attend the public hearing and will be given an opportunity to be heard at the hearing.

The Planning Board will, after the close of the public hearing, make a recommendation to the Auburn City Council regarding the proposed amendments. The City Council is expected to conduct First Reading and its own Public Hearing on the proposed amendments on Tuesday, September 6, 2022 at 7:00 p.m. and a Second Reading on Monday, September 19, 2022 at 7 p.m. in the City Council Chambers, 60 Court Street, Auburn, Maine.

Additional information is available and may be obtained from the Auburn Planning & Permitting Department by contacting Katherine Cook at (207) 333-6601 ext. 1155 or [illegible] or John Blais at (207) 333-6601 ext. 1334 or [illegible]

To: Auburn Planning Board
From: Katherine Cook, Planning Coordinator
Re: Zoning Text and Map Amendment Public Hearing
Date: August 30, 2022

PROPOSAL: Zoning Text and Map Amendments to Create the Traditional Neighborhood Form Based Code T-4.2B zoning district and to include 1,687.41 acres of property located in the Court Street/City Residential Core area of the City within the new zoning district.

The property to be rezoned is currently located in the Urban Residence zoning district and is further identified on the Proposed Official Zoning Map dated 7/6/2022. The text of the new Traditional Neighborhood District Form Based Code T-4.2B zoning district is also attached. The purpose of the rezoning is to provide equitable access to housing in walkable neighborhoods by allowing residential uses at a density driven by the form, lot size and configuration of the lot with less minimum road frontage required and shared driveways encouraged. These changes are recommended in the 2021 Comprehensive Plan Update that support higher density and growth from the city's core outward that is supported by existing infrastructure and smart economic growth.

STAFF RECOMMENDATIONS

Hold a public hearing on creation of new Form-Based Code zoning district, T-4.2B and the application of the same new zone, T-4.2B to the Court Street area. The Board should review these as a single agenda item and forward a recommendation to Council.

Previous meetings concerning the creation of application of T-4.2B:

- August 17, 2021, city council meeting: increased housing and form-based code
- December 21, 2020, city council meeting T-4.2 Downtown Enterprise District
- December 17, 2020, - June 16, 2021, comprehensive plan meetings
- March 1, 2021, city council meeting T-4.2 Court/Lake Street and Lake Auburn Avenue, Union, Lake, and Whitney Street areas
- April 27, 2021, community conversation: comprehensive plan update
- April 29, 2021, community conversation: comprehensive plan update
- May 4, 2021, community conversation: comprehensive Plan update
- March 31, 2022, community conversation: discuss zoning changes January 3, 2022, city council meeting
- January 11, 2022, planning board meeting Workshop: T-4.2 Court Street
- February 8, 2022, planning board meeting Public Hearing: T-4.2 Court Street
- March 8, 2022, planning board meeting Public Hearing: T-4.2 Court Street
- March 21, 2022, city council meeting: T-4.2 Court Street
- March 28, 2022, city council meeting: T-4.2B Court Street planning board directive
- April 14, 2022, planning board meeting workshop: T-4.2B areas A-D

- June 18, 2022, city council meeting- T-4.2B creation
- June 27, 2022, city council meeting- Court Street amendment workshop
- July 12, 2022, community conversation: zoning in Auburn
- July 18, 2022, city council meeting: T-4.2B first reading
- August 1, 2022, city council meeting- T-4.2B Court Street planning board directive and repeal 4.2 Court Street
- August 15, 2022, city council meeting: postpone T-4.2B Court Street
  Update original dates from first approval

[1]FORM-BASED CODE The Form Based Code Institute defines a form-based code as "a land development regulation that fosters predictable built results and a high-quality public realm by using physical form (rather than separation of uses) as the organizing principle for the code. A form-based code is a regulation, not a mere guideline, adopted into city, town, or county law. A form-based code offers a powerful alternative to conventional zoning regulation."[2]The purpose of implementing form-based code is to provide equitable access to housing in walkable neighborhoods by allowing residential uses at a density driven by the form, lot size and configuration of the lot with less minimum road frontage required and shared driveways encouraged. Form-based code regulates the physical form of the built environment using transects, which are the standardized categories that describe the range or continuum of development types; from T-1 Natural Areas to T-6 Urban Core or City Center with an additional category designated for other uses. Form-based code offers an alternative to traditional zoning laws which separate where we live from where we work, learn, shop, play, and gather. By strictly regulating the setbacks and types of housing, units are built further apart resulting in greater reliance on roads. As an alternative, form-based code promotes walkability by reducing the separation between private and public realms of life. Auburn's form-based code proposes five types of form-based code districts, T-4.1, T-4.2B, T-4.2, T-5.1, T-5.2 and T-6. These districts range from least urban to most urban. T-4.2B is characterized as the Traditional Neighborhood Development District or General Urban Zone.

TRADITIONAL NEIGHBORHOOD DEVELOPMENT DISTRICT (TND)

Description- The Traditional Downtown Neighborhood district is characterized by a small to medium sized buildings with smaller front yards and stoops in a more compact urban environment and includes and traditional neighborhood sized storefronts. The smaller minimum

[1] "American Transect," Duany Plater-Zyberk & Company / James Wassell
[2] https://formbasedcodes.org/definition/

and maximum building setbacks form a moderately dense street-wall pattern, diverse architectural styles and pedestrian friendly streets and sidewalks (Sec. 60.549).
Objective – Allow for the development of a wide range of residential and community uses at a density of up to what is allowed by the form of the lot with an estimation of 16 units per acre, but not specified because of the variability of the lots form, as specified in the Comprehensive Plan in areas that are served or can be served by public sewer and water (see Figures 2.3, 2.4 and 2.6). New development should be designed to minimize the number of vehicular access points to existing collector or other through roads.
Allowed Uses – The Traditional Neighborhood Development District generally follows the boundaries of the Urban Residential Zoning District, in effect at the time of the 2021 Comprehensive Plan update. The following general types of uses should be allowed within the Traditional Neighborhood Development District:

- *Low and High-Density Residential Dwellings*
- *Home Occupations*
- *Plant/Crop-Based Agriculture*
- *Community Services and Government Uses*
- *Small Offices and Mixed-Use Buildings*
- *Small commercial operations that do not exceed the average lot size of the neighborhood (or more than two times the average size of the home).*

[3]Development Standards – Residential uses should be allowed at a density of the existing form of the lot with no minimum road frontage required, shared driveways are encouraged, the front setback should be 25 feet max with the consideration that no front yard needs to be any less than the average depth of front yards on the lots next thereto on either side. Side and rear setbacks should be 5-10 feet or 25% of the average depth of the lot to establish dimensional standards that relate to the size and width of the adjacent lot with up to 70% lot coverage. Minimum building height 1 story with maximum of 3 stories (excluding an attic story).

T-4.2B is a new zone distinct from T-4.1, T-4.2, T-5.1, T-5.2, and T-6. The attached text, Division 14. Form Based Code, shows the text of the T-4.2 B. The document represents the text of proposed new zone, T-4.2 B. The red sections mark the differences between T-4.2 and T-4.2B. The transects in Auburn are ordered from least to most urban. Form allows multifamily housing in this area capped at 3.5 stories with an attic. Parcel size determines form and therefore number of units. The most prominent differences between T-4.2 andT-4.2B is the size and type of businesses that will be permitted. Office, service, and retail uses limited to 1500 sq ft with a residential unit on the same parcel. Age-restricted retail stores (marijuana stores or dispensaries) are not allowed in T-4.2B. Restaurants with over 30 seats will not be permitted nor will drive-through restaurants.

THE PURPOSE BEHIND APPLYING NEW ZONING TO AUBURN'S CITY CORE

1. The proposed zone change will **increase housing opportunity** for more people by lowering barriers to finding housing. Auburn's housing supply is limited and is not increasing fast enough to accommodate both current residents and those who want to call

[3] Newport, Rhode Island. Sponsored by Center for Applied Transect Studies, Photographed by Sandy Sorlien

Auburn home. Housing scarcity drives up prices and increasing the supply of housing will lower the cost overtime.

2. [4]The proposed zoning will **allow a wider variety of housing**. Offering choice in housing to residents will allow more residents the freedom to live as they want and not pay more than they can afford. Financial institutions recommend not spending more than 28% of household gross income on housing. Single family homes are outside of the price range and may not meet the lifestyle needs of many people, especially young adults, young families, empty nesters, elderly residents and many in between. The current zoning essentially renders housing that is not single-family or two-family illegal effectively barring those who cannot afford the high price of a single-family home to live with their neighbors. Allowing mixed use housing gives residents of all backgrounds and financial capacities options and promotes community be allowing neighbors to live close to and among each other.

3. [5]Current traditional zoning laws tend to separate where we live from where we work, learn, and shop and force us to center roads over all other aspects of city design. These roads, as they are today, are dangerous to pedestrians and cyclists. We have an over-reliance on cars and Auburn's form-based code is meant to provide an alternative. T-4.2B **encourages walkability** by allowing uses that are not exclusively residential in moderately dense urban environments. There will not be walkability if there is nowhere to walk to. Encouraging infill and small business growth encourages walkability by giving folks spaces to walk to. Suburban sprawl as it exists limits transportation to folks who have a car and assumes that there will be little to no walking. It champions cars and roads over people and centralized communities.

FREQUENTLY ASKED QUESTIONS

How would T-4.2B affect my neighborhood?

Building by form as regulated in T-4.2B will differ based on where you live and the existing neighborhood form. Most city lots are small and already built on, likely limiting additional development to infill housing opportunities and freedom for property owners to add additional units or make improvements to existing homes. The map shows the size of parcels in the urban

[4] Marblehead Massachusetts. Sponsored by Center for Applied Transect Studies, Photographed by Sandy Sorlien.

[5] Newport, Rhode Island. Sponsored by Center for Applied Transect Studies, Photographed by Sandy Sorlien.

core area. The map *(Appendix A)* shows that 54.6% of parcels cannot support over four units and 79.4% of parcels cannot support over eight units.

The larger open areas, five-plus acres in the example, have a form that could support higher development intensity. Of the 571.85 acres on parcels with over five acres in what is proposed to be T-4.2B, only 391.71 acres of the area could be considered for further development (26.6%) because of schools, existing condos, and parks.

[6]The traffic in Auburn is already much too fast and congested. Would higher density in the city core make the traffic worse? Adding more housing, though may add more vehicles to the road in the short term, will allow the city to find projects to improve current road conditions, and invest in improving circulation patterns throughout the city. Increasing density will also make Auburn a more viable location to extend local public transit and especially commuter transportation to and from nearby metro areas like Boston, Portland, and more.

Form-based code encourages and supports safe pedestrian traffic, over time also decreasing the heavy reliance on vehicles.

More units will mean more kids who need education. Will T-4.2B make this worse for already strained educators?

Applying form-based code could improve the state of Auburn's schools. Over the past several years, students enrolled in Auburn public schools have been stagnant and falling. Fairview can absorb another 100 students, Walton can absorb another 150, and East Auburn is close to capacity but could absorb about 20 more students. Altogether, the district could absorb up to 500-600 more students. A reliable marker for determining enrollment trends in schools is the rate of preschool enrollment. Superintendent, Dr. Connie Brown, noted that preschool enrollment has been decreasing over the past several years resulting in needing to close Walton Preschool and reducing the hours of East Auburn preschool. She noted that there are other schools that may need to close if they cannot increase enrollment.

The school district can, and in some cases will need to absorb more students, though it is also struggling with attracting and retaining teachers. The recommended monthly house payment is 28% of a person's income. The entry level pay for a teacher is $42,000, a firefighter starting wage is $45,000 plus average OT is $10,000 for a total of $55,000, and a police officer with OT is $65,000. The average price of an existing, entry level home is $267,500 and the average cost of a new entry level home is $318,000. Based on the 28% recommendation, a person would need to make $87,450.00. / year to afford an existing entry level home, and 104,6000.000/year to afford a new entry-level home. People working the above noted jobs, which are critical to some of the most important city services could not afford to build or purchase a home in the city that they work in. A teacher and fireperson living together still could not afford a single-family home in the city where they work. Dr. Brown stated that her number-one reason for teacher resignations is

[6] T4 Rendering of Spring Street

that they found another job closer to where they live. Housing options need to reflect different families and individuals' lifestyles and incomes.

How might new zoning affect the housing crisis?

In his article, "3 Zoning changes that Make Residential Neighborhoods More Affordable", Founder and Director of the Urban Sustainability Accelerator and Institute for Sustainable Solutions at Portland State University, Robert Liberty, identified eliminating single-family-residential-only zoning as an important factor to make residential neighborhoods more affordable. Multifamily housing is outlawed in about 75% of the country which poses a significant barrier for low to middle income residents by reinforcing housing segregation and increasing reliance on cars.[7]

Form-based code allows mixed uses and businesses among homes. What does this mean? What can I expect?

T-4.2B will allow uses other than single family including businesses with a residential unit on the same parcel. Businesses shall not be over 1,500 square feet. Drive-through restaurants are not allowed in T-4.2B and cannabis shops are also prohibited- a change from the first T-4.2 zone. There are some businesses that will be prohibited, and most will require Special Exception Approval from the planning board depending on the size and type.

DRAFT FOR REVIEW AND FINALIZATION AT THE 6/28/22 PLANNING BOARD MEETING

To: Auburn City Council

From: Auburn Planning Board

RE: Planning Board Report to City Council on Zoning Text and Map Amendments (T-4.2B Text and Court Street/City Core; 1,687.41 acres of Traditional Neighborhood Development District Areas Map amendment

Date: June 28, 2022

This report is the report from the Planning Board regarding the above-described map and text amendments pursuant to Section 60-1496 of the City of Auburn Ordinances. After notice and Public Hearings held on June 21, 2022 the Planning Board forwards this report to the City Council. The Board Recommends as follows:

1. PROPOSAL: **PUBLIC HEARING: Zoning Amendments**: Court Street/City Core; 1,687.41 acres of Traditional Neighborhood Development District Areas (T-4.2). Proposed text amendments to the Court Street/City Core of Urban Residential Area; 1,687.41 acres of Formed Base Code T-4.2 to T-4.2B (Exhibit A)

Motion: Brian DuBois; Second: Stacey LeBlanc

"I make a motion to recommend to City Council a text amendment suggested by Council with creation of a new form-based code zone T-4.2B with items listed under section 2 of your summary with a couple of revisions. One is under #9 to remove the words upper floor and say must include residential unit, and add number 12: that artists' studios and performing arts centers be considered a Special Exception"

Motion: Evan Cyr; Second: Riley Bergeron

"I make a motion to amend the front setbacks to include that we change the setbacks from a minimum of 5 to a maximum of 15 to a 5-foot minimum to a maximum of 25 foot or 25% of the lot whichever is more."

Motion to amend passes 7-0

The main motion is now amended to include the amended setbacks

---

Motion: Evan; Second: Mathieu Duvall

I am going to make a motion to amend to remove note number five (5) on page 19 of 22 which read that density of 14 dwelling units per acre unless special exception subject to planning Board approval."

Motion to amend passes 6-1

Motion to recommend new zone, T-4.2B with amendments passes 7-0

2. PROPOSAL: **PUBLIC HEARING: Zoning Map Amendments**: Court Street/City Core; 1,687.41 acres of Traditional Neighborhood Development District Areas (T-4.2). Proposed map amendment to the Court Street/City Core of Urban Residential Area; 1,687.41 acres of Formed Base Code T-4.2 to T-4.2B (Exhibit A)

Motion: Mathieu Duvall; Second Riley Bergeron

I'd like to make a motion to postpone this item until the first regular meeting of the Planning Board after the City Council finishes its deliberation and makes its decision on adoption of T-4.2B

Motion does not pass 0-7

Motion: Evan Cyr; Second Mathieu Duvall.

I make a motion to recommend the City to not (make a map) amend(ment) (regarding changing) T-4.2 to T-4.2 B for the Court Street area with a total area having been suggested for amendment of 1687.41 acres shown on the map exhibit A, due to process concerns specific to not knowing what the final language of T-4.2B will be from City Council that the Board would be adopting.

Motion passes as amended 7-0

DRAFT FOR CLARIFICATION BY THE BOARD: The Board intends to resume this discussion with an additional notice and public hearing after the T-4.2B Text has been finalized by the City Council.

OR

The Board requests direction from Council after receiving this report for how to proceed with future consideration.

Motion to continue the meeting to take on Item 5-8,

Motion does not pass. 5-2 (Need 100% concurrence found in Planning Board Policy- Article VI D: **No New Business.**)

City of Auburn, Maine
Office of Planning & Permitting
Eric Cousens, Director
60 Court Street | Auburn, Maine 04210
www.auburnmaine.gov | 207.333.6601

To: Auburn Planning Board
From: John Blais, Deputy Director
Re: Public Hearing Court Street/Urban Core Area Zoning Considerations from City Council for Zoning Map and Text Amendment.

Date: June 21, 2022

PROPOSAL: **PUBLIC HEARING: Zoning Amendments**: Court Street/City Core; 1,687.41 acres of Traditional Neighborhood Development District Areas (T-4.2). Proposed text and map amendments to the Court Street/City Core of Urban Residential Area; 1,687.41 acres of Formed Base Code T-4.2 to T-4.2B (Exhibit A)

New Proposed Form-Based Code Zone: T-4.2B

Council voted on May 16th, 2022, to ask the Planning Board to review the T-4.2 zone known as Court street area and deliver a recommendation for a T-4.2B zone, based on amendments previously put forward by the Council. They include the following:

- All Bed and Breakfast establishments allowed with special exception approval from the Planning Board.
- Residential Facilities allowed with special exception approval from the Planning Board.
- Lodging allowed with special exception approval from the Planning Board.
- Personal Services allowed with special exception approval from the Planning Board.
- Age restricted retail not allowed.
- Restaurants with over 30 seats not allowed.
- Government offices allowed with special exception approval from the Planning Board.
- Parking requirements (public or private) may be provided within 500 feet of the establishment.
- Office, Service and Retail Use limited to 1,500 SF footprint and must include upper floor residential unit.
- No drive through businesses allowed.
- Multifamily allowed with special exception approval from Planning Board. (limit is 14 units per acre-above with Planning Board approval).

I. PLANNING BOARD ACTION/STAFF SUGGESTIONS: Staff suggests a planning board discuss the proposals and hold a Public Hearing on June 21, 2022 on the following items. 1.) Staff recommends that the Board forward a positive recommendation to the Council supporting the proposed changes provided by the City Council, to include the adjusted text to create a new Formed Base Code T-4.2B. 2.) Provide a map amendment (T-4.2 to T-4.2B) for the Court Street Area. The total amendment includes 1,687.41 acres shown on the map (Exhibit A) based on the following findings.

SUGGESTED FINDINGS AND REASONS:

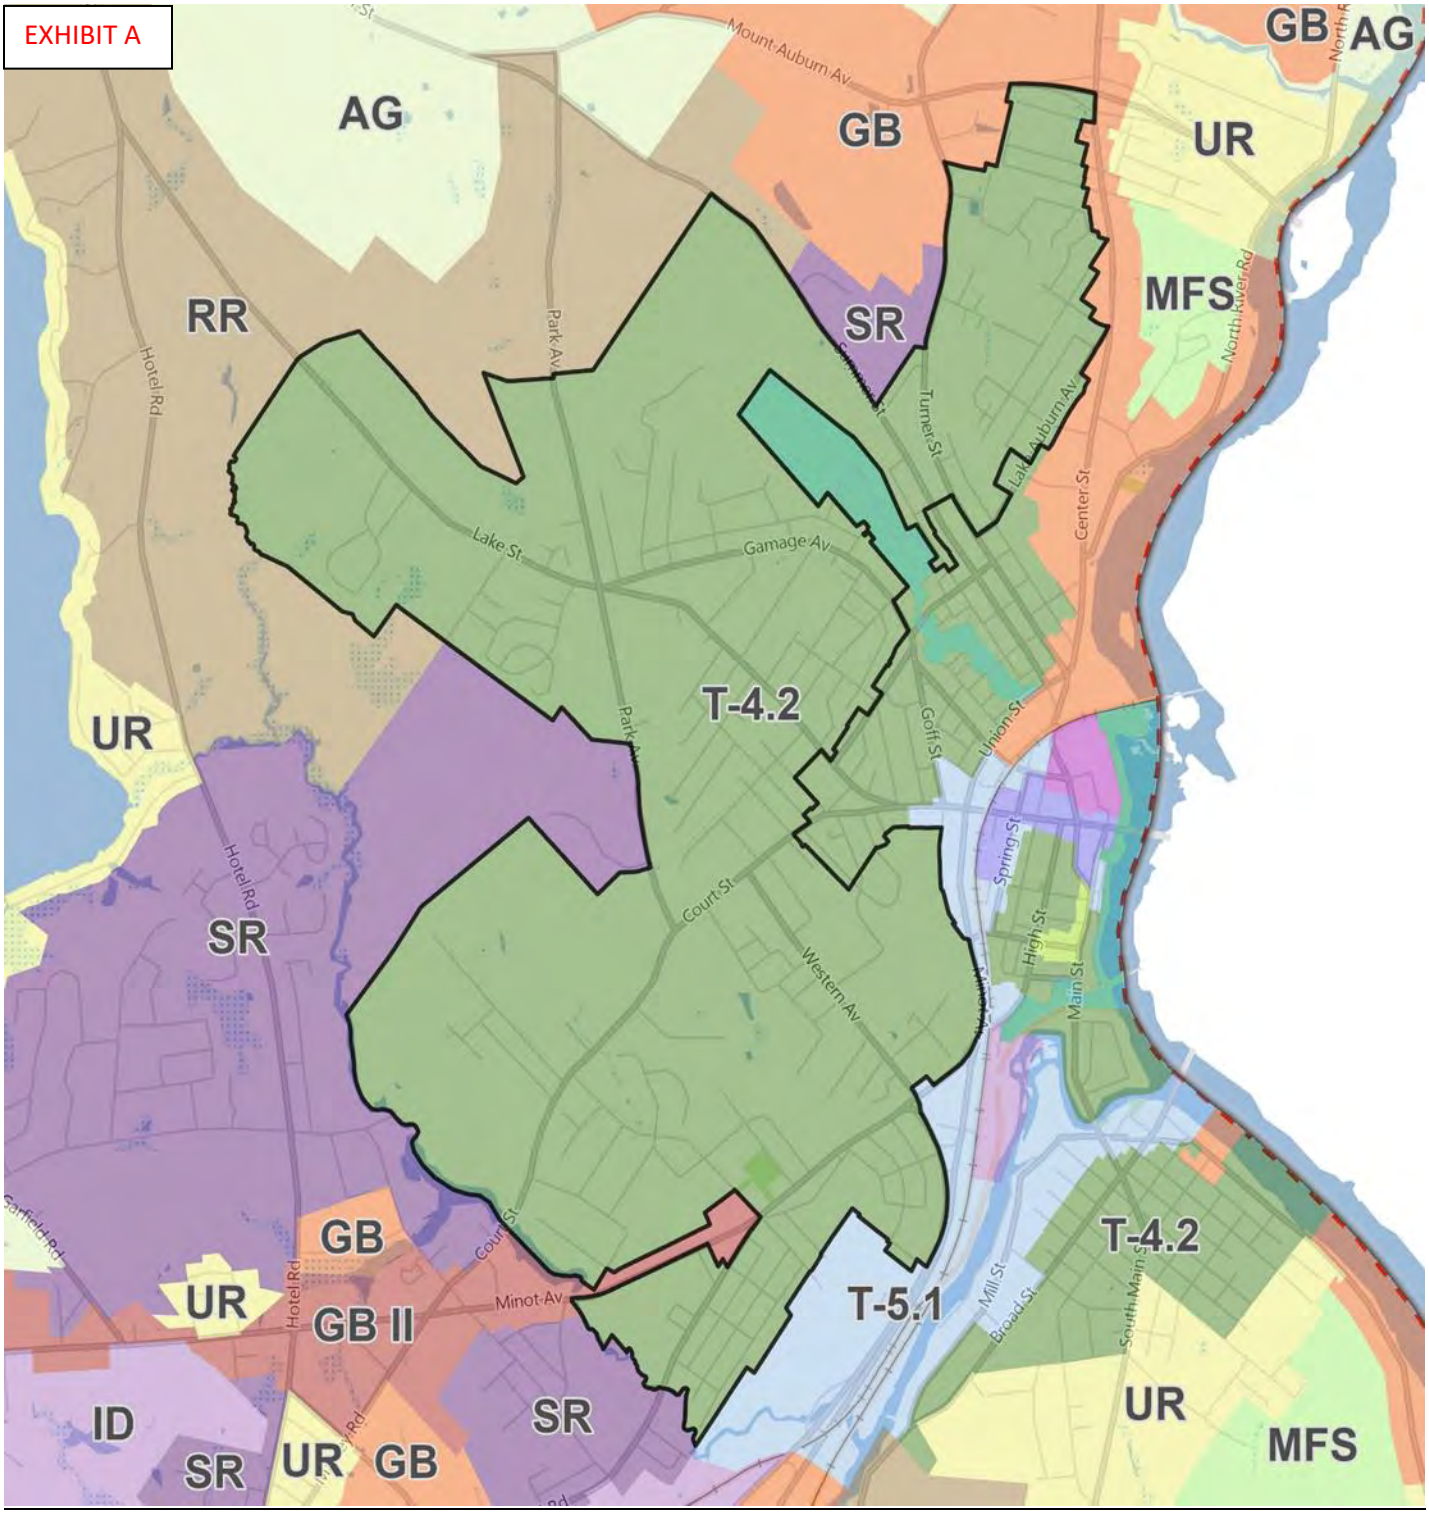
1. The 2010 and now 2020 Comprehensive Plan recommends expanding the Formed Base zoning. This can be accomplished with the creation of a new district by using T-4.2B that conforms to and expands existing development patterns.
2. The distinctions between allowed uses, density and development patterns in the existing T-4.2 areas in place for years and the Court Street/City Core area are significant enough to warrant a new zoning district that can be called T-4.2-B. This will prevent limitation in the urban core where density and mixed use has been allowed by leaving T.4.2 zoning in place in some areas.
3. The area is considered the core of the city and the 2010 and now 2021 support higher density with available infrastructure in place. (sewer, water, power, high speed internet, gas & roads)
4. The proposal can be implemented without detriment to city resources.
5. Assure that the City's zoning and land use regulations allow for private investments to improve property in these neighborhoods.
6. Maintain and increase the City's population.
7. Limit the need for new roads by encouraging infill development within the identified growth areas in 2020 Comprehensive Plan .
8. FBC allows for 5-foot front and side setbacks in contrast with the current 25 feet. Most buildings in these districts are currently non-conforming because of this standard. Generally, the change recommended will have little impact on the allowed uses in the district.
9. In many of the older, developed areas of the City, the current configuration of space within residential buildings is functionally obsolete. Reconfiguration of the available space is often difficult under the density and lot size requirements of the current zoning ordinance.

II. SUGGESTED MOTION: 1.) I make a motion to recommend to City Council a text amendment suggested by council with creation of a new Formed Based Code Zone T-4.2B.

1. All Bed and Breakfast establishments allowed with special exception approval from the Planning Board.
2. Residential Facilities allowed with special exception approval from the Planning Board.
3. Lodging allowed with special exception approval from the Planning Board.
4. Personal Services allowed with special exception approval from the Planning Board.
5. Age restricted retail not allowed.
6. Restaurants with over 30 seats not allowed.
7. Government offices allowed with special exception approval from the Planning Board.
8. Parking requirements (public or private) may be provided within 500 feet of the establishment.
9. Office, Service and Retail Use limited to 1,500 SF footprint and must include upper floor residential unit.
10. No drive through businesses allowed.
11. Multifamily allowed with special exception approval from Planning Board. (limit is 14 units per acre-above with Planning Board approval).

2.) I make a motion of the proposed map amendment (T-4.2 to T-4.2B) for the Court Street Area. The total amendment includes 1,687.41 acres shown on the map (Exhibit A) boundary and be adjusted from T-4.2 to T-4.2B the total amendment includes 1,687.41 acres shown on the map as Exhibit A.

The green area below highlighted in black is 1,687.41 acres of Traditional Neighborhood Development District Areas (T-4.2). Proposed is text and map amendments to the Court Street/City Core of Urban Residential Area; 1,687.41 acres of Formed Base Code from T-4.2 to T-4.2B. Roads include parts of Lake, Court, Turner and Summer Streets and parts of Park, Western, Gamage Avenues.



ORDINANCE 20-09062022

T-4.2B ZONING ORDINANCE TEXT AND MAP AMENDMENTS
Council First Reading & Public Hearing 9/6/22
Planning Board Public Hearing 9/13/22

Amend Sec. 60-547 of ARTICLE IV, DISTRICT REGULATIONS, DIVISION 14, FORM BASED CODE

BE IT ORDAINED, that the City Council hereby approves the amendment of the text and map of Chapter 60, Zoning, of the Code of Ordinances as follows:

---

1. Amend Sec. 60-547 of ARTICLE IV, DISTRICT REGULATIONS, DIVISION 14, FORM BASED CODE, as follows (additions underlined and in red):

Subdivision I. In General

● ● ●

Sec. 60-547. Transects.

Form based code uses transects as a way to describe the areas under the regulating plan. A transect is a system of ordering human habitats in a range from the most natural to the most urban. Auburn's transects are organized using five form based code districts, (Transect 4.1, Transect 4.2B, Transect 4.2, Transect 5.1, Transect 5.2 and Transect 6), which describe the physical character of a place at a certain scale, according to the density and intensity of land use and urbanism.

● ● ●

---

2. Amend ARTICLE IV, DISTRICT REGULATIONS, DIVISION 14, FORM BASED CODE, to add a new Secs. 60-548B, 60-548B.1, 60-548B.2 and 60-548B.3 as follows (text additions in red text and includes images and photographs):

Sec. 60-548. Traditional Main Street Neighborhood (T-4.1)

● ● ●

Ryan Hawes, Ward Two
Stephen G. Milks, Ward Three
Joseph Morin, Ward Four
Leroy G. Walker, Ward Five
Dana Staples, At Large
Belinda A. Gerry, At Large
Jason J. Levesque, Mayor
Phillip L. Crowell, Jr., City Manager

Sec. 60-548B. Traditional Neighborhood T-4.2B.

Illustrative View of T-4.2B

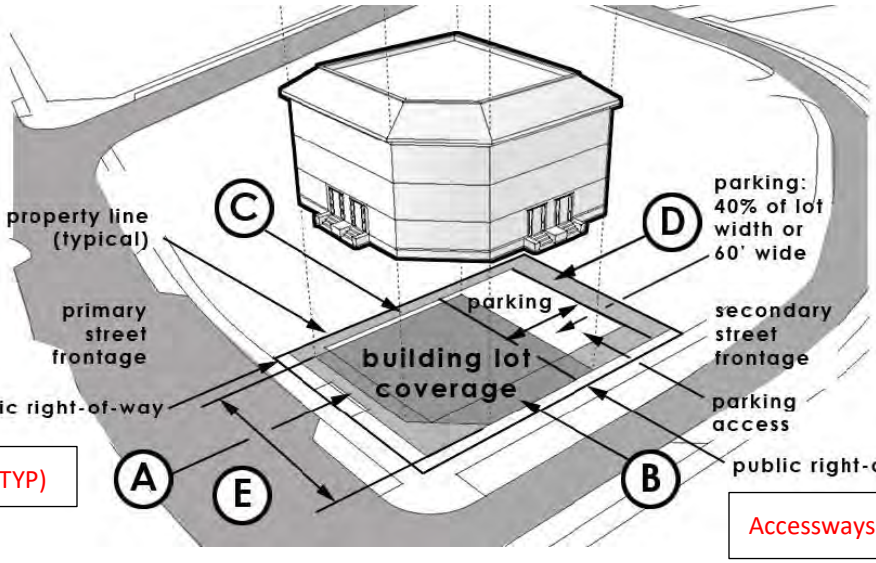
Intent and Purpose:
Traditional Neighborhood (T-4.2B)

The Traditional Neighborhood district is characterized by a small to medium sized buildings with smaller front yards and stoops in a more compact urban environment, and includes and traditional neighborhood sized storefronts. The smaller minimum and maximum building set-backs form a moderately dense street-wall pattern, diverse architectural styles and pedestrian friendly streets and sidewalks.

Characteristic Features

- More public and private realm interaction
- Front facade detailing
- Small front yards
- Bay windows
- Neighborhood scaled storefronts with large windows
- Frontage Fences
- Street Trees
- Moderate densities

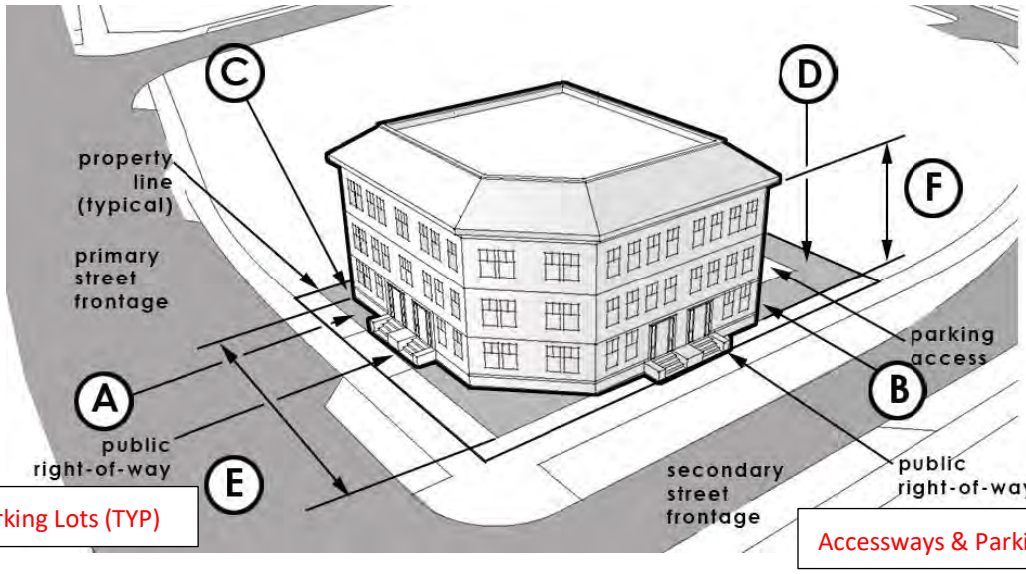
Sec. 60-548B.1. Building placement and configuration T-4.2B.



Accessways & Parking Lots (TYP)

Accessways & Parking Lots (TYP)

Elevated Building Placement



Accessways & Parking Lots (TYP)

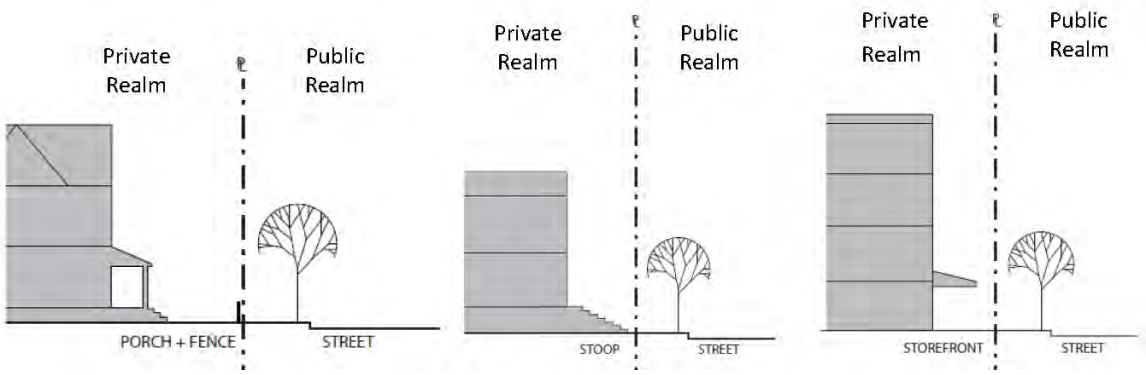
Accessways & Parking Lots (TYP)

Building Placement on Lot

PRINCIPAL BUILDING PLACEMENT:		
Front Setback, Principal:	5 ft. Min/, 25 ft. Max*	(A)
(Corner Lot) Front Setback, Secondary:	5 ft. Min., 15 ft. Max.	(B)
Side Setback:	5 ft. Min.	(C)
Rear Setback:	10 ft. Min.	(D)
Building Lot Coverage:	70% Max.	
Useable Open Space:	10% Min.	
Frontage Build-Out:	60% Min (along Front Setback, Primary)	
Lot Width:	24 ft. Min, 120 ft. Max.	
PRINCIPAL BUILDING CONFIGURATION:		
Building Width:	14 ft. Min., 110 ft. Max.	(E)
Building Height Minimum:	1 Story Min.	(F)
Building Height Maximum:	3 Story Max.	(F) (excluding attic story

*Where adjacent buildings exceed the maximum setback, the maximum setback may be calculated by the average setback of principal structures on adjacent lots. For undeveloped adjacent lots, a setback of 25 feet shall be used for the calculation.

Sec. 60-548B.2. Building frontages T-4.2B.



Common or Porch Yard Stoop Yard Frontage Storefront Type

BUILDING FRONTAGE TYPES:	Common Yard; Porch Yard, Stoop and Storefront
BUILDING ENTRIES:	Primary entry door is encouraged along ground story facade facing a primary street.
BUILDING ENVELOPE ARTICULATION:	
Ground Story Building Frontage Facade:	Residential - Windows and doors shall comprise a minimum of 25% and maximum 60% coverage of the total ground story frontage facade. Commercial - Windows and doors shall comprise a minimum of 40% and maximum of 90% coverage of the total ground story frontage facade.

Upper Story Building Frontage Facade:	Windows and doors shall comprise a minimum of 20% and maximum 40% coverage of the total upper story building frontage facade.
Ground Story Finished Floor Elevation:	Residential - The ground story elevation must be a minimum of 2 feet minimum and 6 feet maximum above the front yard elevation (average grade). Commercial - The ground story elevation must be at a minimum of sidewalk grade to maximum of 2 feet.
Frontage Facade Wall:	Blank lengths of wall exceeding 10 linear feet are prohibited.

Sec. 60-548B.3. External elements T-4.2B.

Front Yard Fence:	Residential - A front yard fence a minimum of 2 feet and a maximum of 4 feet in height is encouraged to maintain spatial edge of street. No chain link, vinyl, split rail, or barbed wire is allowed
Front Yard Fence/Wall Opening:	A vehicle entry way, as part of a front fence/wall, shall be a maximum width of 20 feet; a pedestrian entry way shall be a maximum width of 6 feet.
Building Projections:	No part of any building, except overhanging eaves, awnings, balconies, bay windows, stoops and other architectural features shall encroach beyond the minimum front setback line.
Porch & Stoop Encroachments:	Porches & Stoops may encroach upon the minimum front setback line by the following distances: Front Setback, Principal Frontage 5 ft. maximum. Front Setback, Secondary Frontage 5 ft. maximum.
Garages:	Detached garages shall be located a minimum of 20 feet from any street right-of-way.
Driveways:	Driveways are encouraged to be on the secondary street frontage. Driveways shall be paved and a minimum of 8 feet wide and a maximum of 20 feet wide.
Parking:	Residential - Vehicle parking areas shall be located only on driveways or designated parking areas and shall not extend into the street right-of-way or sidewalk. Commercial - Parking shall be located to rear of the property to the greatest extent possible. Parking on a side yard is limited to no more than 60 feet wide or 40% of the lot width. Screening and/or street wall is required for parking areas along a street.
Accessory Structures:	Accessory structures shall be located a minimum of 20 feet from any street right-of-way and 5 feet from either side or rear property line.
Landscaping:	Landscaping is encouraged but shall not extend into any street right-of-way or sidewalk. Street trees are encouraged.
Foundation Planting:	Foundation plantings are encouraged but should be pruned and maintained with enough clearance from the building facade to encourage air circulation.

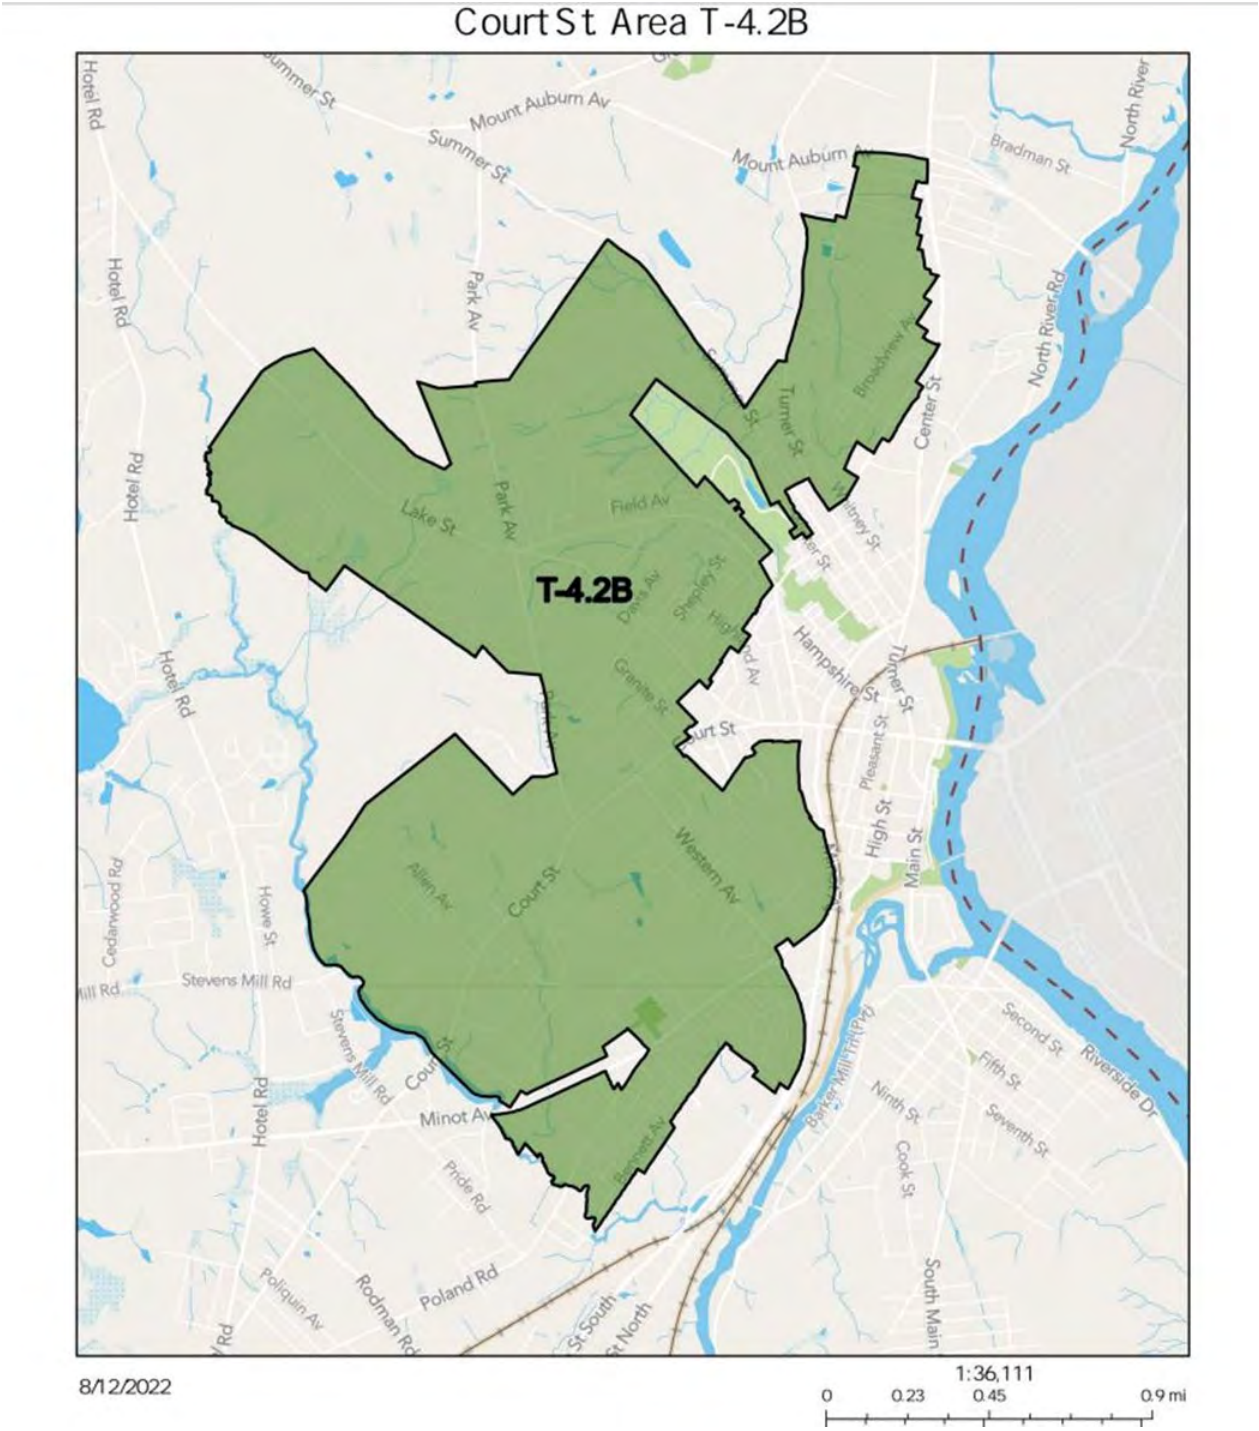
4. Amend the official zoning map of the City of Auburn entitled "City of Auburn, Zoning Map, dated May 16, 2016," revised through its current date and revisions, as provided under Sec. 60-5 of the Zoning Ordinance, to rezone certain land area from the Urban Residence zoning district to the Traditional Neighborhood Form Based Code T-4.2B zoning district, all as more particularly shown on the attached sketch map. (The attached sketch map is for general reference purposes only. The official zoning map amendment is available for review and inspection at the City Clerk's Office and the Planning & Permitting Department.)

SKETCH MAP OF COURT STREET AREA TO BE REZONED FROM URBAN RESIDENCE TO TRADITIONAL NEIGHBORHOOD FORM BASED CODE T-4.2B

The green area outlined in black below is 1,687.41 acres of land area that is currently zoned Urban Residence and is proposed to be rezoned Traditional Neighborhood Form Based Code District T-4.2B. Streets/roads included in the new district are parts of Lake, Court, Turner and Summer Streets and parts of Park, Western, Gamage Avenues.



City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: September 19, 2022 **PUBLIC HEARING**

Author: Glen E. Holmes, Director of Business & Community Development

Subject: CDBG/HOME Consolidated Annual Performance Evaluation Report (CAPER) Program Year 2020

Information:
Each year the Community Development office presents the Consolidated Annual Performance Evaluation Report (CAPER), detailing the use of Auburn's CDBG funds & the Auburn-Lewiston Consortium's HOME funds. This report compares actual impact numbers to expectations set within the 5-year Consolidated Plan which was adopted in 2020.

This report was revised after consultation with US Department of HUD staff and re-released. Programs focused on Public Service exceeded expectation and were made possible by additional funding provided for Covid-19 response and relief. Programs which came in under expectation included activities such as home rehab and tenant based Rental assistance as project were put on hold due to the pandemic, or additional programs filled the needs gap (such as the Emergency Rental Assistance program).

City Budgetary Impacts:
CDBG funds expended during this program year totaled $985,156. Home Funds expended totaled $539,708. These federal grant dollars cover staff salary/benefits as well as program activities for the Business and Community Development program.

Staff Recommended Action: Hold Public Hearing.

Previous Meetings and History:
Original Public Comment Period October 14-29, 2021
Revised plan Public Comment Period September 1-19th, 2022

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell J.

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)
This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

The Auburn/Lewiston Consortium Annual Performance Report describes implementation of the consortium's consolidated plan for the 2020 project year. The consolidated plan covers the use of HOME Investment Partnership Program (HOME) for both Auburn & Lewiston, Community Development Block Grant (CDBG) for Auburn and leveraged funds for the period of July 1, 2020, through June 30, 2021. Objectives and expectations for HOME & CDBG funds have been identified through the Consolidated Plan process. The Annual Action Plan addresses how identified objectives are met for each year of the Consolidated Plan.

The global Covid-19 pandemic as well as a high rate of staff turnover within the program significantly affected the outcomes contained in this report. However, progress has been made to address Consolidated Plan priorities and objectives. When the CDBG Covid-19 funds were provided to the city there was no requirement to increase the expected outcomes of the Annual Action Plan. The effect is that the impact from the extra programming created the illusion that the city outperformed its expectations. In reality, where the regularly expected impacts were difficult to reach due to the pandemic, the added programs overcompensated for the shortfall in impact.

Improve Parks and Create Community Gardens: Agreements have been signed with St. Mary's Nutrition Center for the construction of the third community garden. This garden, located on Whitney St, has been fenced in and most of the garden beds built and planted for this growing cycle. The other two gardens continued to operate this year with health and safety guidelines in effect. The city also installed neighborhood signs in New Auburn to promote neighborhood identity and benches in Anniversary Park.

Make Neighborhoods Safe and Walkable: The City of Auburn has made a number of efforts this past year towards making neighborhoods safe and walkable. On Third St, a raised crosswalk been installed to service the community around the neighborhood Boy & Girls Club and safely and reduce vehicle speeds on these residential streets.

Prevent Deterioration of Housing Stock/Aub: The pandemic paused rehab projects and a lack of contractors has created a backlog of projects. Delays caused by the pandemic and rising construction costs have added to the large number of open/uncompleted projects, many of which were finished and closed out during the final months of this program year. Moving forward Auburn is now better positioned to make broader, more impactful improvements in the condition of housing stock across the city during the subsequent years of this consolidated plan to make up

for the lack of notable forward momentum this past year.

Improve Quality of life for Seniors: Throughout the pandemic the Auburn Recreation and the new Senior Community Center were busy with a variety of programming for the community. When allowable under Covid safety protocols programming was offered and centered around the senior population. These programs provided opportunities for seniors to be social and physically active as well as participating in meal programs. Similarly, in addition to a Public Service grant to SeniorsPlus for a Meals-on-Wheels program, new programming was added for Seniors including the Senior Activity Kits and the Grab-N-Go food delivery program which were launched to mitigate the harmful effects of isolation and hunger caused by the Covid19 Pandemic.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Goal	Category	Source / Amount	Indicator	Unit of Measure	Expected – Strategic Plan	Actual – Strategic Plan	Percent Complete	Expected – Program Year	Actual – Program Year	Percent Complete
Improve Infrastructure and reduce blight	Non-Housing Community Development	CDBG: $ / HOME: $	Public Facility or Infrastructure Activities other than Low/Moderate Income Housing Benefit	Persons Assisted	3000	1977	65.90%	1000	1977	197.70%

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

Anti-Poverty Strategy has been addressed by providing funds to public service agencies and two city programs. Literacy Volunteers, Community Youth Services and Androscoggin Head Start are crucial to the success of families who are struggling with the issues of poverty. The Auburn Police Department offers a program called "Work with Me" aimed at area high school youth to ensure they remain in school and learn important skills that can transition them out of generational poverty. The Recreation Scholarship Program is funded to aid LMI families by offering valuable summer camp experiences for area youth. The program provides greater diversity within the campers as well as making it possible for parents to work, look for employment and better their financial situations.

Auburn's aging housing stock has been neglected and in disrepair within specific target areas. Rehab projects dropped off due to the pandemic. Many jobs were canceled or greatly delayed because of the added risk of bringing contractors into occupied units during the pandemic. Program guidelines have been revamped at the end of the project year to streamline applications as well as to limit the number of various programs putting funding into the same property. The goal moving forward is to generate larger impact within the community by focusing on many more, smaller dollar critical repairs needed by auburn residents as opposed to whole-home upgrades. Auburn appears to be experiencing more investment in housing due to rise in housing costs in other areas of the state.

The city addressed the safety and walkability of neighborhoods with pedestrian improvements to Third St. A raised crosswalk was installed that allows visitors of the Boys and Girls Club to safely cross the street to the newly constructed Anniversary Park. A Neighborhood Challenge Grant was also used to place benches and bike racks within Anniversary Park to improve accessibility. Walkability is also continuing after the design commissioned for the Library St. area.

Promoting Jobs and development has been a difficult goal to make progress on. The City is finding the program difficult for applicants due to eligibility requirements. Program guidelines were altered to expand eligibility, but the City still only approved one activity under this goal the past project year. The city was more successful disbursing the additional Covid grant funds to another 3 businesses.

Preventing homelessness was addressed through public service providers, Tedford Housing and Safe Voices, who provides shelter for the homeless.

The continued Senior Center Expansion allows the city to better serve the growing senior population of Auburn by providing more space and better amenities. New additions this year were expanded refrigeration and backup generators to help service seniors through the pandemic.

CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted). 91.520(a)

	CDBG	HOME
White	1,438	15
Black or African American	234	0
Asian	16	4
American Indian or American Native	20	0
Native Hawaiian or Other Pacific Islander	6	0
Total	**1,714**	**19**
Hispanic	18	3
Not Hispanic	1,696	16

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

The total population for the city of Auburn is 23,414 and the 2019 ACS shows that 91% of the population is white, 5.7% is two or more races, while all other races where less than 2%.

The analysis of CDBG Funds spent by population shows that 83% were white, 13% were black and the other races received 2%. Home Funds spent by population shows that 78% of the funds went to white households/persons, 21% are Asian households/persons. Demographics for the City are changing as more diverse families are seeking to settle in Auburn. The discrepancy with the HOME funds total demonstrates a struggle for these families to enter homeownership as well as the need for further improvements to the city's affirmative marketing plan.

CR-15 - Resources and Investments 91.520(a)

Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	public - federal	1,802,724	985,156
HOME	public - federal	1,365,409	539,708

Table 3 - Resources Made Available

Narrative

The city had a notable carry over of uncompleted projects from the previous year which were completed during this period. The higher number of CDBG funds represents the city catching up on not just open projects but the subsequent drawdowns.

Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description

Table 4 – Identify the geographic distribution and location of investments

Narrative

The 2020-24 Consolidated Plan did not provide for a target area of focus, but instead categorized activities under a city-wide lens. Because of this the data provided by the IDIS reporting system did not track such information.

Under the most recent Action Plan there is a designated target area of focus for future projects. This area consists of Census tracts 101, 103 & 105, which are qualified as being 51% or more Low-to-Moderate Income in the 2015 American Community Survey (ACS) Census 2010.

During this program year there were no publicly owned land utilized to fulfil the needs identified within the Consolidated Plan.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

The city tracks available match carried forward from previous years. For this year the city has an available carry forward of $1,388,905.11 in match. The City also received approval of a match waiver allowing this amount to be carried forward for another year.

City programs leverage additional federal, state, or private funds by requiring matching funds be provided by homeowners and non-LMI multi-unit owners. These match requirements average 20% of project costs.

Fiscal Year Summary – HOME Match	
1. Excess match from prior Federal fiscal year	1,351,210
2. Match contributed during current Federal fiscal year	0
3. Total match available for current Federal fiscal year (Line 1 plus Line 2)	1,351,210
4. Match liability for current Federal fiscal year	0
5. Excess match carried over to next Federal fiscal year (Line 3 minus Line 4)	1,351,210

Table 5 – Fiscal Year Summary - HOME Match Report

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of Homeless households to be provided affordable housing units	48	8
Number of Non-Homeless households to be provided affordable housing units	34	8
Number of Special-Needs households to be provided affordable housing units	0	0
Total	**82**	**16**

Table 11 – Number of Households

	One-Year Goal	Actual
Number of households supported through Rental Assistance	48	8
Number of households supported through The Production of New Units	0	2
Number of households supported through Rehab of Existing Units	34	6
Number of households supported through Acquisition of Existing Units	0	0
Total	**82**	**16**

Table 12 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The one-year goal for HOME programs is established in the 2020 Annual Action Plan. The HOME Data in the table above is populated from the HUD IDIS system, which may not include all activities covered by this report. The data above is only from the HOME activities completed in project year 2020. Some activities were begun in the previous program years and closed out within 2020. Similarly, some activities have begun in Program year 2020 but are not yet complete.

Additionally, the impacts of the Covid-19 pandemic, related increase in construction costs, limited available contractors and eviction moratoriums impacted the city's ability to meet goals and complete projects as expected.

During the Pandemic the city provided extra focus on addressing "worst case needs". Additional support was provided through the Emergency Rental assistance (ERA) program operated by a local community Action program. These low-income renters are traditionally burdened by paying more than half of their monthly income towards rent, homeless or currently housed in substantially substandard housing.

Tenants in substandard housing are served by the CDBG Emergency repair program. Of the rehab projects completed within the program year 15 of 22 units were housed by tenants who qualify as Low-to-Moderate income.

These multi-unit rental rehab projects are intended to foster and maintain affordable housing stock within Auburn by providing financial resources to landlords for qualified repairs in exchange for maintaining affordable rents within rehabbed units. This affordability period length differs based on the amount of federal subsidy, but caps monthly rent at Fair Market Rent (FMR) standards as posted by HUD each year.

There were noted errors included within the previous year action plan and consolidated plan. These errors were made under the presumption of qualified vs nonqualified units which could be expected during the current year. This impact is most notable under the number of Homeless households to be provided affordable housing units. The expectation is to have a greater impact for this qualified population through the implementation of new Home-ARP funded programs later this project year.

Discuss how these outcomes will impact future annual action plans.

The Consortium will consider these outcomes when establishing the goals of the 2022 Action Plan.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual	HOME Actual
Extremely Low-income	6	7
Low-income	47	7
Moderate-income	0	2
Total	**53**	**16**

Table 13 – Number of Households Served

Narrative Information

Home funds for Project year 2020 were reserved for single family residences. All the HOME funds deployed during the year can be more effectively targeted to the Low-Moderate Income population. Meanwhile, CDBG funds are used on multi-unit rehab projects. To qualify a multi-unit building for rehab a minimum of 51% of the tenants need to qualify as LMI. During program year 2020 only 2 units were reported as being non-low-mod, compared to the 16 Low-mod units. This represents only 11% of CDBG units rehabbed during the year, which is well under the 25% guideline.

Additional efforts are being undertaken to maintain and preserve affordable housing through the Lead & Healthy Homes program. This program provides grants to homeowners and landlords to improve living standards by removing lead hazards. All units utilizing this program must be occupied by low-to-moderate income families or be made available to LMI tenants in the future. This program, which leverages CDBG funds to cover income qualifying homeowners required match funding, provides for an affordability period in which max rent rates are monitored to assure affordability. Each new unit rehabbed creates 1 new affordable unit within the city.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Maine Continuum of Care's outreach plan is supported in coordination with the Department of Health and Human Services (DHHS) Projects for Assistance in Transition from Homelessness (PATH) grantees. The goal of these outreach efforts is to engage individuals who are unsheltered, assess their immediate needs and health care concerns, determine their eligibility for MaineCare and other services, and transition them to a community provider for ongoing assistance.

The Maine CoC continued to redesign its Coordinated Entry System in 2020 and has coordinated with the Maine Statewide Homeless Council to redesign the homelessness response system in Maine around local service hubs. When implemented, these hubs will include outreach providers who will be able to directly with shelter and housing providers in their area.

Internally, Auburn's Community Development office now houses the City General Assistance Administrator as well as the Public Health Officer. These positions are working proactively with the city police and EMTs to develop new resources for first responders to house homeless individuals in distress or rehouse individuals after an adverse experience that would otherwise lead to homelessness.

Both the General Assistance Administrator & the City Public Health Officer are active members of the Lewiston Auburn Alliance of Services to the Homeless (LAASH). LAASH has been working in the Lewiston Auburn area for 25 years and meets monthly to focus on local homeless issues. It is currently working on continuum of care issues and provides a forum for educating its members about available resources.

Addressing the emergency shelter and transitional housing needs of homeless persons

Maine continues to address both emergency shelter and transitional housing needs of persons who are homeless through the direction and advocacy of the Maine Continuum of Care and the Maine Statewide Homeless Council. Maine utilizes ESG funding to support 36 shelters across the state, including adult individual, family, youth, and domestic violence shelters. Unfortunately, most local shelters are not funded by Maine Housing Authority. Instead, the city utilizes portions of its Public Service allocation of funds to provide some financial support to these programs.

One such organization is Safe Voices, a domestic violence response organization that helps including re-housing and homelessness diversion programs.

Helping low-income individuals and families avoid becoming homeless, especially extremely

low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The Statewide Homeless Council continues to work with the Department of Corrections to implement the Maine Criminal Justice System Blueprint for Ending and Preventing Homelessness, which seeks to prevent inmates from being released into homelessness. A similar Blueprint for Ending Homelessness with DHHS is used to address discharge planning from state-run mental health facilities. Maine was also awarded the Youth Homelessness Demonstration Program grant in 2019 and has been working to design and implement a number of programs supported by that funding. These programs will establish protocols and procedures for youth leaving foster care and other youth facilities.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Community Development staff, specifically the Public Health Officer and General Assistance Administrator work in cooperation with the School Department, Police & Fire departments as well as local non-profits such as Safe Voices and New Beginnings. This integration of services allows for more direct hand-offs of residents in need and various service providers.

The Community Development team was recently awarded $1.7 Million in a new, 1 time allocation of HOME-ARP funds. The plan currently being developed for both Auburn & Lewiston around these funds are targeted specifically towards meeting the needs of homelessness, homelessness prevention and additional qualified populations.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

The City of Auburn works closely with the Auburn Housing Authority (AHA) on the promotion and development of affordable housing. During this program year AHA increased their payment standards within the section 8 voucher program up to 110% of Fair Market Rent. This increase is to assist qualified renters be able to find and afford housing in the face of increasing rental rates and limited supply of available units.

MaineHousing Family Self-Sufficiency (FSS) staff continue to lead statewide efforts to improve processes and evaluation of the program among those PHAs who administer it, along with bringing together all other PHA FSS staff to assess and respond to new HUD program regulations. Along with Portland HA, MaineHousing is a member of the National FSS Network through a partnership with Compass Working Capital.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

City provides down payment assistance are available to first-time homebuyers who meet income requirements.

Actions taken to provide assistance to troubled PHAs

There are no troubled PHAs in Maine.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

The city of Auburn has been very proactive removing barriers to housing development in the past year. Notable achievements include the approval of new ordinances allowing for accessory dwelling units, an increase in density standards and reduced road frontage requirements for residential lots. Coupled with a new form-based code, these changes will promote in-fill development of new housing, allow for multi-unit housing development in residential zones and reducing or eliminating permit fees for targeted demographics.

The city efforts in advocating for change do not stop at the local level. They Mayor of Auburn has been active in highlighting inequities in policy which hinder progress in development of new affordable housing units. In a recent editorial the mayor is continuing to call for zoning reforms to address racial inequities not just in Auburn, but across the state. the full article is linked below: https://news.yahoo.com/editorial-auburns-mayor-isnt-afraid-035900064.html?soc_src=social-sh&soc_trk=ma&guccounter=1Further coverage of new, private affordable housing developments the city has been developing: https://wgme.com/news/local/new-affordable-housing-developments-planned-for-biddeford-auburn

Linked below is a radio interview with Maine Speaker of the House talking about Auburn's innovative changes to zoning for the promotion of affordable housing development (comments begin at 5min30sec.) https://soundcloud.com/newsradio-wgan/speaker-ryan-fecteau-7?utm_source=clipboard&utm_campaign=wtshare&utm_medium=widget&utm_content=https%253A%252F%252Fsoundcloud.com%252Fnewsradio-wgan%252Fspeaker-ryan-fecteau-7

Below are two articles highlighting the City Council efforts to promote affordable housing development by making strategic changes to zoning and land use ordinances:

https://www.sunjournal.com/2021/05/02/auburn-looks-to-zoning-to-solve-housing-crunch/https://www.sunjournal.com/2020/09/18/auburn-looking-to-increase-housing-stock/

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

Administrative barriers for underserved community needs are being improved in part through the addition of General Assistance Administrator and Public Health Officer to the Community Development team. They are integral parts of weekly team meetings as well as having input on the Action Plan

development and Caper reporting. These front-line, community facing positions work with underserved communities daily and relay program challenges and changing community needs to the team more rapidly so improvements can be made to program delivery on a weekly basis if need be.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

During the project year the City of Auburn worked with regional CAP agencies to provide additional resources for Lead remediation projects.

The City of Lewiston has received and began the first year of a three-year Lead Hazard Control & Healthy Homes (LHCHH) grant. The City of Auburn has applied for and just received notification of award for their own LHCHH grant to begin implementing in the current project year. These funds will be used in cooperation with the CDBG & HOME funds to further the impact of this program.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

In Maine, there is a statewide network of Community Action Programs (CAPs) with a common purpose of providing services to low-income people across Maine. The goal of these agencies is to empower low-income people to lift themselves and their families out of poverty. The city works with these agencies to leverage additional support for poverty-level families to weatherize and install new, more efficient systems in more homes. On a case-by-case basis city staff has been able to make referrals to financial coaching services and Homebuyer education classes provided by these CAP agencies.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

Internally, the City of Auburn has redeveloped the entire Community Development department, including the integration of General Assistance and Public Health Officer. This includes 100% turnover of staff within the past project year. This new team-based approach to program delivery has allowed staff to provide a more holistic delivery of services to targeted communities. The redevelopment coincided with larger city efforts to streamline the application, approval, and service delivery. These efforts have reduced impact latency and allows the program to respond in-time to identified needs. In 2020, MaineHousing and the Maine Continuum of Care continued to work to redevelop and improve its Coordinated Entry system. The Maine CoC has also worked to address the concerns brought forward in the gaps and needs analysis conducted in 2019.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

Community Development Staff is working in tandem with Auburn Housing Authority (AHA) staff to develop new plans for new affordable housing units, manage a Security Deposit assistance program as well as managing a new co-op owned residential facility.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

The city has put substantial effort into removing barriers to the development of new affordable housing units. These efforts include switching to form-based code, changes to density standards in residential zones allowing for the construction of new, accessory dwelling units and the reduction of required road frontage to allow for infill development of new residential units.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

Community Development Staff is working within the Auburn-Lewiston Consortium to implement new, comprehensive monitoring program to ensure fund recipients are adhering to program guidelines for the duration of their federally mandated affordability period. This process includes an annual desk monitoring, risk assessment and onsite inspection regiment which serves to verify and document findings related to income levels, fair market rental rates and compliance with the city's established standards of housing.

Additional required oversight and technical assistance is being developed for Public Service grant recipients. The city requires a subrecipient to submit a quarterly demographic and impact report for desktop review prior to requesting disbursement of funds. These reports include backup data on the demographics of LMI program recipients as well as administrative data such as payroll records and financial expense reports. This elevated level of review ensures that grant recipients are better prepared to not only provide, but to track and report out on the essential and valuable impact they provide.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The draft 2020 CAPER was published on the city website and available for public comment for 15 days as required by statute beginning October 14th to October 29th. The public was notified of the availability via newspaper ad in the Lewiston Sun Journal. Additional solicitations for input were made available through the city social media presence. The Caper was also emailed directly to the 2,041 individuals who have signed up for email alerts through the city marketing department.

The revised 2020 Caper was published on the city website and available for public comment for 15 days as required by statute beginning September 1st to September 20th, 2022. A Public Hearing was held by the Auburn City Council on September 19th. The public was notified of the availability of the report in accordance with the Citizen Participation Plan. Additional solicitations for input were made available

through the city social media presence. The Caper was also emailed directly to the 2,041 individuals who have signed up for email alerts through the city marketing department.

Responses to comments received will be included here prior to submission.

Improved citizen outreach efforts include posting notices to the CAPER (with direct access links and QR codes) in public facilities around the city. This includes city hall, public library, senior housing facilities and food pantries. Additional outreach methods include translatable website and social medial notifications. These posts include language and directions for accommodations for language translation and access to printed versions of the report.

Winthrop talk to cover town's apple history

WINTHROP — Kerry Wilkins-Demming plans present a "History of Apples in Winthrop: What We Know and What We Don't Know," at 6 p.m. Thursday.

The talk will take place at at the Winthrop History and Heritage Center, 107 Main St.

Wilkins-Demming, who lives in East Winthrop, will talk on the early history of Pond Town, the more recent history of apples in Winthrop and the future of apple orchards in town.

Kerry Wilkins-Demming

Ichabod Howe, an early settler in what was then called Pond Town, planted orchards there. He and his family moved from New Hampshire to Pondtown in 1768.

Howe brought with him a bag of apple seeds. One of the seedlings became the Winthrop Greening, which still exists today due to Morris Towle (1911-90), who found the Winthrop Greening and saved it.

The Winthrop Greening, now over 250 years old, can be found at the Maine Heritage Orchard in Unity where one can obtain scion wood for the Winthrop Greening from Fedco trees.

For more information, call 207-395-5199 or email win-[redacted]

LIVERMORE FALLS

Library events, programs planned

LIVERMORE FALLS — Treat Memorial Library, at 56 Main St., plans several events and programs for September.

Among those is Fall into Books, every time books are checked out at the library, the reader is entered for a chance to win a book in December. The more books read, the more chances to win. The library has books available for children, teens and adults, so everyone gets to play this fall, according to a news release from the library.

The library will be closed Tuesday in observance of Labor Day.

Those who need help with a job search can talk with a career consultant from the Career Center from 1 to 3 p.m. Wednesday. Appointments will be drop in on a first-come, first-serve basis. The consultant will be able to assist with job searches, preparation of a resume and cover letters, and/or provide information on education and training related to one's career interest.

On Wednesdays at 10:30 a.m., Story Time will be held inside at the library with picture books, singalongs, and other activities.

Book Club will hold a hybrid meeting, both Zoom and in person, at 3 p.m. Thursday. "One Flew Over the Cuckoo's Nest" by Ken Kesey will be discussed as part of the club's Count on Books series (books with numbers in the title). Let staff know if a copy of the book up for discussion is needed.

Check out the staffs' latest favorites from the shelves with Bonkers for Books, their biweekly recommendation video on Facebook. Some of their favorites will be shared on Saturdays, Sept. 3 and 17.

The library's annual book sale is back. On Saturday, Sept. 24, from 10 a.m. to 2 p.m., the library will have books, DVDs, CDs and more available by donation; stop by on way to or from the Apple Pumpkin Festival.

For more information, call the library at 207-897-3631.

Lewiston Public Library reading program concludes

The Lewiston Public Library's Summer Reading Program recently ended.

The program, which ran from June 27 through Aug. 13, provided all ages with reading logs that also served as bookmarks. Participants could log reading time combined with other activities such as signing out a state of Maine park pass or signing out a nature backpack filled with educational activities on the topics of birds, wildlife and plants. The backpacks were provided by the Maine Audubon Society.

"Adults were part of the enrichment and fun too. Not only did they complete more reading logs than last year but also enjoyed book discussions with ReadME in partnership with the Maine Humanities Council; listened to the musical stylings of New York Blues Hall of Fame inductee Marc Blue; and learned about community solar, whales of Maine, and first amendment rights in the modern age," said Children's Librarian Sara Turner, according to a news release from Dottie Perham-Whittier, community relations coordinator at Lewiston City Hall.

"Every person has different learning styles, and we want to provide accommodations for more than just reading. It's about experience, it's about engagement, and educational enrichment in many learning forms. We want a connection with the Lewiston Public Library to be safe, a place where people feel accepted, and a place where they are understood."

Mayor Carl Sheline shared his enthusiasm of how Read, Make, Explore reached community members. "The Library is a cornersione of our city, and I'm proud of the programs that Sara and the Children's Department have developed for all ages this past summer," he said.

In addition to in-person activities with an Ocean of Possibilities theme, the program provided educational presentations, a magician and puppeteers, lecture talks and crafts for adults, and learning enrichment programs about sharks, cephalopods, and the importance of keeping the environment clean. Participants also visited with entertainer Drew Desjardins of Mr. Drew and His Animals Too in Kennedy Park.

Turner adds that Tree Street Youth also visited the library each week over the summer, which provided youth with access to various activities, books, and interaction with Library staff. The relationship with Tree Street Youth is expected to continue into the fall.

To be sensitive to the time and possible transportation and language barriers for parents/guardians to bring children to the library, Turner also brought the summer reading program to each Lewiston elementary school where 21st Century and Early Promise Education summer camps were being hosted. She said that at the end of the program she rolled in carts of books to give away.

"Seeing the smiles spread across each child's face as they selected a book was worth the effort. There's nothing like receiving a brand new book as your very own, especially if you're only had used books. Even in these small moments, you never know how it can impact a child's life," said Turner.

The Children's Department gave away over 400 new books this summer.

Library Director Marcela Perez echoed the mayor's sentiments, "Mainers love to take full advantage of summers, so Lewiston Public Library staff work hard to offer programming that engages community members of all ages in a season of joyful learning and enrichment. We hope that through the Library's Summer Reading Program each year, kids, teens, and adults will use their extra time to challenge themselves to learn new skills, meet others with similar interests, and celebrate our community of learners."

Additional creativity at the library continued throughout the summer with Lewiston High School 21st Century teens weekly utilizing the teen space, and the Teen Tabletop RPG Program, which will continue into the fall, brought many new teen patrons into the teen space. In addition, library staff and teen volunteers also hosted story times within the community, and the teen space was also a popular venue for teens and families to play games, read, watch movies, do crafts and stay cool.

Auburn Housing – Great Falls

City Hall

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

There were no changes made to the city's program objectives during the program year.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

CR-50 - HOME 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Please list those projects that should have been inspected on-site this program year based upon the schedule in §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

Please list those projects that should have been inspected on-site this program year based upon the schedule in §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

Please list those projects that should have been inspected on-site this program year based upon the schedule in §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

In 2020, due to the COVID-19 pandemic, HUD granted waivers in relation to several HOME regulatory requirements, including the requirement for on-site inspections and reviews. Most projects needing to be reviewed in 2020 were therefore deferred and will be completed once on-site reviews and inspections resume.

Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 92.351(b)

Property owners are required to have a Management Plan and a Marketing Plan that affirmatively furthers Fair Housing. The Owner is responsible for selecting residents in a nondiscriminatory manner. The Owner is also responsible for maintaining a written waiting list of applicants in accordance with the project's resident selection policies and criteria that comply with all federal and state laws prohibiting discrimination on the grounds of race, color, national origin, religion, sex, physical or mental handicap, sexual orientation, familial status, ancestry, and receipt of public assistance.

The city is renewing efforts to update its affirmative marketing plan to meet the changing needs of the community. This includes new avenues for outreach, translation, and accessibility services.

Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics

HUD's IDIS PR-09 report demonstrated $126,907 in Program Income received from HOME projects.

These funds were reinvested in the Stay At Home Rental Assistance Program, new unit development at 48 Hampshire St and 477 Minot Ave.

Describe other actions taken to foster and maintain affordable housing. 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 91.320(j)

The city of Auburn fosters the development and maintenance of affordable housing through its Housing Development & rehab programs. These programs offer federal funds to developers or building owners for qualified expenses in exchange for ensuring units created or rehabbed remain affordable. Affordable rent requirements are capped at the Fair Market Rent (FMR) as established by HUD.

CR-58 – Section 3

Identify the number of individuals assisted and the types of assistance provided

Total Labor Hours	CDBG	HOME	ESG	HOPWA	HTF

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: September 19, 2022 **PUBLIC HEARING**

Author: Glen E. Holmes, Director of Business & Community Development

Subject: CDBG/HOME Consolidated Annual Performance Evaluation Report (CAPER) Program Year 2021

Information:
Each year the Community Development office presents the Consolidated Annual Performance Evaluation Report (CAPER), detailing the use of Auburn's CDBG funds & the Auburn-Lewiston Consortium's HOME funds. This report compares actual impact numbers to expectations set within the 5-year Consolidated Plan which was adopted in 2020. This report represents the second year of the 5-year plan.

Programs focused on Public Service again exceeded expectation and were made possible by additional funding provided for Covid-19 response and relief. Programs which came in under expectation included activities such as home rehab, public infrastructure and tenant based Rental assistance as project were put on hold due to the pandemic, or additional programs filled the needs gap (such as the Emergency Rental Assistance program).

City Budgetary Impacts:
CDBG funds expended during this program year totaled $579,052. Home Funds expended totaled $158,283. These federal grant dollars cover staff salary/benefits as well as program activities for the Business and Community Development program.

Staff Recommended Action: Hold Public Hearing.

Previous Meetings and History: Public Comment Period September 1-19th, 2022

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

The City of Auburn receives annual allocations from the U. S. Department of Housing and Urban Development (HUD) Community Development Block Grant (CDBG) program and the HOME Investment Partnership (HOME) program. The national purpose of the CDBG program is the development of viable urban communities by providing decent housing, a suitable living environment, and expanding economic opportunities principally for persons of low and moderate income. The national purpose of the HOME program is to create affordable housing for low-income households.

This Consolidated Annual Performance Evaluation Report (CAPER) covers the use of HOME funds for both Auburn & Lewiston, CDBG funds for Auburn and leveraged funds for the period of July 1, 2021, through June 30, 2022. Objectives and expectations for HOME & CDBG funds have been identified through the Consolidated Plan process conducted for program years 2020-2024. The Annual Action Plan referenced within established 1 year performance measures and how identified objectives to be met for each year of the Consolidated Plan.

The Auburn Community Development Office (ACDO) worked with HUD staff to correct previous year's financial and project reporting data and will re-release the 2020 CAPER in tandem with this report. Through this process it was necessity to conduct extensive internal quality control checks to re-qualify multiple projects. A limited number of projects, which had already begun or had been completed prior to PY21 have now been deemed to be out of compliance with HUD requirements. For cases which cannot be brought into compliance the City of Auburn will be seeking to complete a Voluntary Grant Reduction (VGR) from future allocations. This process required ACDO staff to revise previous year's impact numbers contained within the CAPERs by removing projects which were deemed non-compliant with HUD requirements. The result is a reduction in not only PY21 impact metrics but in the PY20 & PY19 previously reported performance reports.

During PY21 ACDO brought on and trained an entirely new staff as well as embraced extensive Technical Assistance which was provided and paid for by HUD in order to develop and approve a new set of policies and procedures. This process, although greatly beneficial, significantly affected the outcomes contained in this report. Dramatic increases in building materials and a lack of qualified contractors added to the low housing rehab numbers. However, unexpected progress has been made to address Consolidated Plan priorities and objectives. The added impact numbers from CDBG-CV programming increased and offset the overall effectiveness of program deliverables.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Goal	Category	Source / Amount	Indicator	Unit of Measure	Expected – Strategic Plan	Actual – Strategic Plan	Percent Complete	Expected – Program Year	Actual – Program Year	Percent Complete

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

The specific objectives identified within the PY21 Action Plan are four-fold, and outlined below:

Provide Safe and Affordable Housing: The city of Auburn continued to use CDBG funds in the rehabilitation of LMI qualified residents. These funds have also been used to leverage additional Lead Abatement funds sourced from a newly received grant from the Office of Lead Hazard Control & Health Homes.

Improve Public Infrastructure: This program year saw the completion of the final of 3 public community gardens. Additional activities began within this program year but are not expected to be completed until PY22. The impact from these efforts will be recognized within the PY22 CAPER.

Promote Economic Opportunities: This program year saw two job creation loans made to two LMI owned businesses under the outdated STAR loan program. New microloan programs and support programs for businesses affected by Covid-19 continued during PY21.

Provide Essential Services: During this program year the city provided CDBG funds to 8 sub-recipients for the purposes of providing essential Public Services to LMI residents of Auburn. These included Literacy Volunteers, Community Youth Services and Androscoggin Head Start and are crucial to the success of families who are struggling with the issues of poverty. The Recreation Scholarship Program is funded to aid LMI families by offering valuable summer camp experiences for area youth. This program provides greater diversity within the campers as well as making it possible for parents to work, look for employment and better their financial situations.

CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted). 91.520(a)

	CDBG	HOME
White	570	88
Black or African American	99	4
Asian	13	0
American Indian or American Native	1	2
Native Hawaiian or Other Pacific Islander	1	0
Total	**684**	**94**
Hispanic	20	1
Not Hispanic	664	93

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

The total population for the city of Auburn is 24,033 and 2021 census data shows that 90% of the population is white, 1.3% is Black or African American and 1.4% Asian. The analysis of CDBG impact by population demonstrates that 83% of the recipients were white, 14% were black and 1.9% Asian. Home Funds spent by population demonstrates that 93% of the recipients were white, 4.2% were black and 2.1% Native American.

Some activities funded through PY21 CDBG funds fall under the category of 'area wide benefit', activities that fall under this category have a higher-than-average impact per activity but do not collect the racial and ethnic composition of the people served. The location of these 'area wide benefit' projects are reserved for qualified Low-to-moderate income qualified census tracts, which trend higher than average racial and ethnic composition of the city or serve a more diverse population than the makeup of Auburn as a whole. Demographic makeup of the city is evolving but data suggest that further improvements to the cities affirmative marketing plan and community outreach is needed.

CR-15 - Resources and Investments 91.520(a)

Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	public - federal	1,051,858	579,052
HOME	public - federal	1,803,240	158,283

Table 3 - Resources Made Available

Narrative

The city spent substantial time re-qualifying recent projects and preparing work-out recommendations for non-compliant projects. Additionally, many activities that carried over from the previous fiscal year that were delayed due to the pandemic, or otherwise delayed by the contractors, were canceled due to non-performance. This kept the expended amount during the program year lower than expected.

There was also a considerable amount of unexpected Program Income recorded this year. This was due in part to multiple units being sold prior to the end of their affordability period as well as a more consistent enforcement of refinance policies by administration.

Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description

Table 4 – Identify the geographic distribution and location of investments

Narrative

The 2020-24 Consolidated Plan did not provide for a target area of focus, but instead categorized activities under a city-wide lens. Because of this the data provided by the IDIS reporting system did not track such information.

Under the most recent Action Plan there is a designated target area of focus for future projects. This area consists of Census tracts 101, 103 & 105, which are qualified as being 51% or more Low-to-Moderate Income in the 2015 American Community Survey (ACS) Census 2010.

During this program year there were no publicly owned land utilized to fulfil the needs identified within the Consolidated Plan.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

The city tracks available match carried forward from previous years. For this year the city has an available carry forward of $1,351,209 in match. The City also received approval of a match waiver allowing this amount to be carried forward for another year.

City programs leverage additional federal, state or private funds by requiring matching funds be provided by homeowners and non-LMI multi-unit owners. These match requirements average 20% of project costs.

Fiscal Year Summary – HOME Match	
1. Excess match from prior Federal fiscal year	1,351,210
2. Match contributed during current Federal fiscal year	0

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of Homeless households to be provided affordable housing units	35	1
Number of Non-Homeless households to be provided affordable housing units	120	7
Number of Special-Needs households to be provided affordable housing units	0	0
Total	**155**	**8**

Table 11 – Number of Households

	One-Year Goal	Actual
Number of households supported through Rental Assistance	35	1
Number of households supported through The Production of New Units	85	0
Number of households supported through Rehab of Existing Units	35	7
Number of households supported through Acquisition of Existing Units	0	0
Total	**155**	**8**

Table 12 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The one-year goal for HOME programs is established in the 2021 Annual Action Plan. The HOME Data in the table above is populated from the HUD IDIS system, which may not include all activities covered by this report. The data above is only from the HOME activities completed in project year 2021. Some activities were begun in the previous program years and closed out within 2021. Similarly, some activities have begun in Program year 2021 but are not yet complete.

Additionally, the impacts of the Covid-19 pandemic, related increase in construction costs, limited availability of contractors and eviction moratoriums impacted the city's ability to meet goals and complete projects as expected.

During the Pandemic the city provided extra focus on addressing "worst case needs". Additional support was provided through the Emergency Rental assistance (ERA) program operated by a local community Action program. These low-income renters are traditionally burdened by paying more than half of their monthly income towards rent, homeless or currently housed in substantially substandard housing.

Tenants in substandard housing are served by the CDBG Emergency repair program. Of the rehab projects completed within the program year 15 of 22 units were housed by tenants who qualify as Low-to-Moderate income.

These multi-unit rental rehab projects are intended to foster and maintain affordable housing stock within Auburn by providing financial resources to landlords for qualified repairs in exchange for maintaining affordable rents within rehabbed units. This affordability period length differs based on the amount of federal subsidy, but caps monthly rent at Fair Market Rent (FMR) standards as posted by HUD each year.

Discuss how these outcomes will impact future annual action plans.

The ability for a person to find safe, quality, affordable housing is becoming increasingly difficult across Maine. Prior to the Covid-19 Pandemic, the housing market in the region was tight, this has gotten significantly worse and spread further out into the rest of the County. In future action plans, the need to create more affordable housing and offer more services to help individuals find quality housing will become ever more important. The Consortium will consider these outcomes when establishing the goals of the 2023 Action Plan.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual	HOME Actual
Extremely Low-income	0	2
Low-income	66	5
Moderate-income	2	1
Total	**68**	**8**

Table 13 – Number of Households Served

Narrative Information

Historically, Home funds had been reserved for single family residences. This posed problematic for a hand full of projects as the homes needed substantial additional resources above the max allowable home funds to achieve the necessary Auburn Rehab standards. Meanwhile, CDBG funds are used on multi-unit rehab projects. To qualify a multi-unit building for rehab a minimum of 51% of the tenants need to qualify as LMI.

Additional efforts are being undertaken to maintain and preserve affordable housing through the Lead & Healthy Homes program. This program provides grants to homeowners and landlords to improve living standards by removing lead hazards. All units utilizing this program must be occupied by low-to-moderate income families or be made available to LMI tenants in the future. This program, which leverages CDBG funds to cover income qualifying homeowners required match funding, provides for an affordability period in which max rent rates are monitored to assure affordability. Each new unit rehabbed creates 1 new affordable unit within the city.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Maine Continuum of Care's outreach plan is supported in coordination with the Department of Health and Human Services (DHHS) Projects for Assistance in Transition from Homelessness (PATH) grantees. The goal of these outreach efforts is to engage individuals who are unsheltered, assess their immediate needs and health care concerns, determine their eligibility for MaineCare and other services, and transition them to a community provider for ongoing assistance.

The Maine CoC concluded the redesign of its Coordinated Entry System in 2020 and has coordinated with the Maine Statewide Homeless Council to redesign the homelessness response system in Maine around local service hubs. When implemented, these hubs will include outreach providers who will be able to directly with shelter and housing providers in their area.

Internally, Auburn's Community Development office now houses the City General Assistance Administrator as well as the Public Health Officer. These positions are working proactively with the city police and EMTs to develop new resources for first responders to house homeless individuals in distress or rehouse individuals after an adverse experience that would otherwise lead to homelessness.

Both the General Assistance Administrator & the City Public Health Officer are active members of the Lewiston Auburn Alliance of Services to the Homeless (LAASH). LAASH has been working in the Lewiston Auburn area for 25 years and meets monthly to focus on local homeless issues. It is currently working on continuum of care issues and provides a forum for educating its members about available resources.

During this program year substantial outreach was conducted for the HOME-ARP plan development. This outreach focused on qualifying the unmet needs of the Homeless and at-risk populations. The adoption of the HOME-ARP plan early in Program year 2022 will dramatically increase Auburn's effectiveness in serving this population.

Addressing the emergency shelter and transitional housing needs of homeless persons

Maine continues to address both emergency shelter and transitional housing needs of persons who are homeless through the direction and advocacy of the Maine Continuum of Care and the Maine Statewide Homeless Council. Maine utilizes ESG funding to support 36 shelters across the state, including adult individual, family, youth, and domestic violence shelters. Unfortunately, most local shelters are not funded by Maine Housing Authority. Instead, the city utilizes portions of its Public Service allocation of funds to provide some financial support to these programs. One such organization is Safe Voices, a

domestic violence response organization that provides assistance including re-housing and homelessness diversion programs. One such organization is Safe Voices, a domestic violence response organization that provides assistance including re-housing and homelessness diversion programs.

Substantial consultation was conducted during PY21 in preparation of the HOME-ARP plan. This plan is expected to be implemented early in PY22.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The Statewide Homeless Council continues to work with the Department of Corrections to implement the Maine Criminal Justice System Blueprint for Ending and Preventing Homelessness, which seeks to prevent inmates from being released into homelessness. A similar Blueprint for Ending Homelessness with DHHS is used to address discharge planning from state-run mental health facilities.

During PY21 the Emergency Rental Assistance (ERA) program serviced over 1,118 non duplicated households via services provided by Community Concepts inc. Additional improvements to the Auburn Security Deposit program guidelines increased compliance with HUD regulations, but disbursement of funds was hampered by the Fair Market Rent (FMR) caps established by HUD in light of the dramatic increase of market rent. Many landlords were not interested in entertaining a program which capped their rent for such at such a reduced rate.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Community Development staff, specifically the Public Health Officer and General Assistance Administrator work in cooperation with the School Department, Police & Fire departments as well as local non-profits such as Safe Voices and New Beginnings. This integration of services allows for more direct hand-offs of residents in need and various service providers.

The Community Development team was recently awarded $1.7 Million in a new, 1 time allocation of HOME-ARP funds. The plan currently being developed for both Auburn & Lewiston around these funds are targeted specifically towards meeting the needs of homelessness, homelessness prevention and

additional qualified populations. Planning and consultations were conducted during PY21, but final approval of the workplan will commence early in PY22.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

The City of Auburn works closely with the Auburn Housing Authority (AHA) on the promotion and development of affordable housing. During this program year AHA increased their payment standards within the section 8 voucher program up to 110% of Fair Market Rent. This increase is to assist qualified renters be able to find and afford housing in the face of increasing rental rates and limited supply of available units.

MaineHousing Family Self-Sufficiency (FSS) staff continue to lead statewide efforts to improve processes and evaluation of the program among those PHAs who administer it, along with bringing together all other PHA FSS staff to assess and respond to new HUD program regulations. Along with Portland HA, MaineHousing is a member of the National FSS Network through a partnership with Compass Working Capital.

Auburn Housing Authority has increased its efforts to convert their operation to voucher based support. Increased efforts to support the development of privately built units which could employ housing vouchers continues.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

City continues to provide down payment assistance to first-time homebuyers who meet income requirements.

The city, along with Auburn Housing staff, also met with multiple Co-op and Resident Owned community planning organizations. The goal is to involve a 3rd party organization in the new Fern St development, who can provide on-going technical assistance to the resident-owners of the new development. This project is expected to be completed within PY23.

Actions taken to provide assistance to troubled PHAs

There are no troubled PHAs in Maine.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

The city of Auburn has been very proactive removing barriers to housing development in the past two years. Notable achievements include the approval of new ordinances allowing for accessory dwelling units, an increase in density standards and reduced road frontage requirements for residential lots. Coupled with a new form-based code, these changes will promote in-fill development of new housing, allow for multi-unit housing development in residential zones and reducing or eliminating permit fees for targeted demographics.

The City Council have since been facing community petition efforts and threats of recall by an organized citizen group opposed to the new, more inclusive zoning efforts.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

Administrative barriers for underserved community needs are being improved in part through the addition of General Assistance Administrator and Public Health Officer to the Community Development team. They are integral parts of weekly team meetings as well as having input on the Action Plan development and Caper reporting. These front-line, community facing positions work with underserved communities daily and relay program challenges and changing community needs to the team more rapidly so improvements can be made to program delivery on a weekly basis if need be.

Additional staff is being brought on board under the HOME-ARP program to provide direct services to underserved residents. This plan is expected to be approved early in PY22.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

The City of Auburn has received a three-year Lead Hazard Control & Healthy Homes (LHCHH) grant t hat began in November 2021. CDBG funds are used at matching funds to provide additional subsidy grants to income qualified residents.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

In Maine, there is a statewide network of Community Action Programs (CAPs) with a common purpose of providing services to low-income people across Maine. The goal of these agencies is to empower low-income people to lift themselves and their families out of poverty. The city works with these agencies to leverage additional support for poverty-level families to weatherize and install new, more efficient systems in more homes. On a case-by-case basis city staff has been able to make referrals to financial

coaching services and Homebuyer education classes provided by these CAP agencies.

Auburn Community Development continues to fund public services and housing programs. Services include, food pantries, homelessness prevention, housing navigators, domestic violence services, neighborhood centers, Meals on Wheels, and youth programs.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

Internally, the City of Auburn has redeveloped the entire Community Development department, including the integration of General Assistance and Public Health Officer. This new team-based approach to program delivery has allowed staff to provide a more holistic delivery of services to targeted communities. The redevelopment coincided with larger city efforts to streamline the application, approval, and service delivery. These efforts have reduced impact latency and allows the program to respond in-time to identified needs. In 2021, MaineHousing and the Maine Continuum of Care continued to work to redevelop and improve its Coordinated Entry system. The Maine CoC has also worked to address the concerns brought forward in the gaps and needs analysis conducted in 2019.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

Community Development Staff is working in tandem with Auburn Housing Authority (AHA) staff to develop new plans for new affordable housing units, manage a Security Deposit assistance program as well as managing a new co-op owned residential facility.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

The city has put substantial effort into removing barriers to the development of new affordable housing units. These efforts include switching to form-based code, changes to density standards in residential zones allowing for the construction of new, accessory dwelling units and the reduction of required road frontage to allow for infill development of new residential units. Additional efforts have been taken to highlight the impediments to fair housing as highlighted by Maine Housing Authority.

In 2019 Maine State Housing Authority (MSHA) published an analysis of Impediments to Fair Housing Choice in which it recognized that opposition by communities and neighbors to planning and zoning improvements aimed at promoting affordable housing is discriminatory. In this report MSHA pledges to support affordable housing projects against such NIMBY efforts. The city of Auburn is similarly committed to affirmatively furthering fair housing not only because it is a condition of federal funding but because it is the most fair and practical means to improve the quality of our community. Limiting access to certain types or locations of housing development for low-income populations strips opportunities and equity from our most at-risk community members. Similarly, concentrating subsidized housing in downtown urban areas as a development model serves only to cave to the pressures of

nimbyism that MSHA has identified in their assessment.

To this end, the city is embracing development models which increase housing choice for residents that rely on affordable housing. Each neighborhood has a distinct style and value, as does each resident of this city. Allowing all families, regardless of income, the freedom to choose their home and what environment in which to raise their children is an essential right. That is why this department not only supports the inclusive zoning efforts undertaken by the Planning & Permitting department, but why we continue to approach the creation of affordable housing in Auburn from a place of increased inclusion, accessibility, and choice. This policy is consistent with MSHA's recommendation to encourage economic diversity by encouraging mixed-income housing initiatives as well as to increase the use of housing choice vouchers in low poverty areas.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

Community Development Staff is working within the Auburn-Lewiston Consortium to implement new, comprehensive monitoring program to ensure fund recipients are adhering to program guidelines for the duration of their federally mandated affordability period. This process includes an annual desk monitoring, risk assessment and onsite inspection regiment which serves to verify and document findings related to income levels, fair market rental rates and compliance with the city's established standards of housing.

Additional required oversight and technical assistance is being developed for Public Service grant recipients. The city requires a subrecipient to submit a quarterly demographic and impact report for desktop review prior to requesting disbursement of funds. These reports include backup data on the demographics of LMI program recipients as well as administrative data such as payroll records and financial expense reports. This elevated level of review ensures that grant recipients are better prepared to not only provide, but to track and report out on the essential and valuable impact they provide.

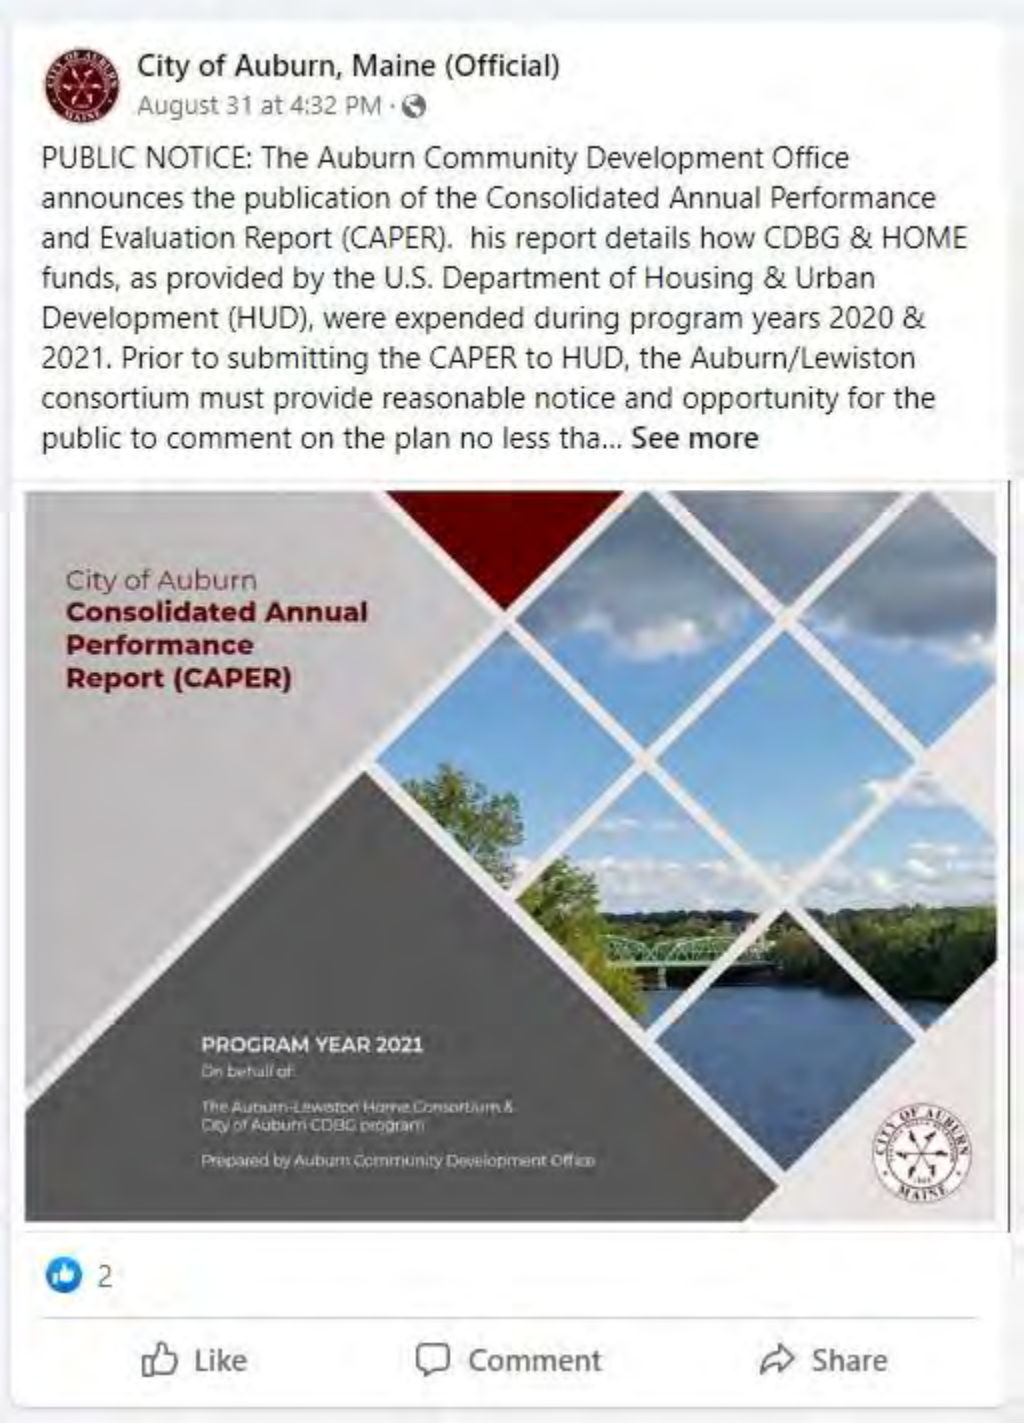
Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The draft 2021 CAPER was published on the city website and available for public comment for 15 days as required by statute beginning September 1st to September 20th. A Public Hearing was held by the Auburn City Council on September 19th. The public was notified of the availability of the report in accordance with the Citizen Participation Plan. Additional solicitations for input were made available through the city social media presence. The Caper was also emailed directly to the 2,041 individuals who have signed up for email alerts through the city marketing department.

Responses to comments received will be included here prior to submission.

Improved citizen outreach efforts include posting notices to the CAPER (with direct access links and QR codes) in public facilities around the city. This includes city hall, public library, senior housing facilities and food pantries. Additional outreach methods include translatable website and social medial notifications. These posts include language and directions for accommodations for language translation and access to printed versions of the report.



Winthrop talk to cover town's apple history

WINTHROP — Kerry Wilkins-Demming plans present a "History of Apples in Winthrop: What We Know and What We Don't Know," at 6 p.m. Thursday.

The talk will take place at at the Winthrop History and Heritage Center, 107 Main St.

Wilkins-Demming, who lives in East Winthrop, will talk on the early history of Pond Town, the more recent history of apples in Winthrop and the future of apple orchards in town.

Kerry Wilkins-Demming

Ichabod Howe, an early settler in what was then called Pond Town, planted orchards there. He and his family moved from New Hampshire to Pondtown in 1768.

Howe brought with him a bag of apple seeds. One of the seedlings became the Winthrop Greening, which still exists today due to Morris Towle (1911-90), who found the Winthrop Greening and saved it.

The Winthrop Greening, now over 250 years old, can be found at the Maine Heritage Orchard in Unity where one can obtain scion wood for the Winthrop Greening from Fedco trees.

For more information, call 207-395-5199 or email win-

LIVERMORE FALLS

Library events, programs planned

LIVERMORE FALLS — Treat Memorial Library, at 56 Main St., plans several events and programs for September.

Among those is Fall into Books, every time books are checked out at the library, the reader is entered for a chance to win a book in December. The more books read, the more chances to win. The library has books available for children, teens and adults, so everyone gets to play this fall, according to a news release from the library.

The library will be closed Tuesday in observance of Labor Day.

Those who need help with a job search can talk with a career consultant from the Career Center from 1 to 3 p.m. Wednesday. Appointments will be drop in on a first-come, first-serve basis. The consultant will be able to assist with job searches, preparation of a resume and cover letters, and/or provide information on education and training related to one's career interest.

On Wednesdays at 10:30 a.m., Story Time will be held inside at the library with picture books, singalongs, and other activities.

Book Club will hold a hybrid meeting, both Zoom and in person, at 3 p.m. Thursday. "One Flew Over the Cuckoo's Nest" by Ken Kesey will be discussed as part of the club's Count on Books series (books with numbers in the title). Let staff know if a copy of the book up for discussion is needed.

Check out the staffs' latest favorites from the shelves with Bonkers for Books, their biweekly recommendation video on Facebook. Some of their favorites will be shared on Saturdays, Sept. 3 and 17.

The library's annual book sale is back. On Saturday, Sept. 24, from 10 a.m. to 2 p.m., the library will have books, DVDs, CDs and more available by donation; stop by on way to or from the Apple Pumpkin Festival.

For more information, call the library at 207-897-3531.

CITY OF LEWISTON PUBLIC NOTICE

A hearing on the following liquor license application will be held by the Lewiston City Council in the Council Chambers, City Hall on **Tuesday, September 6, 2022, at 7:00 p.m.**, or as soon thereafter as it may be heard. Any interested person may appear and will be given the opportunity to be heard before final action on said application.

Basin Bar Brewing Co., LLC
128 Lisbon Street
Consent – Victoria & Rose Ouellette

The City of Lewiston is an EOE. For more information, please visit our website at [illegible] and click on the Non-Discrimination Policy.

PUBLIC NOTICE CITY OF LEWISTON - PLANNING BOARD MEETING

The Lewiston Planning Board will hold a hearing on Monday, September 12, 2022 at 5:30 p.m. in the City Council Chambers, third floor of City Hall to consider:

- An amendment to Appendix A, Article XI, Section 27 of the Zoning and Land Use Code reducing the minimum lot size required for the keeping of up to six female chickens to 15,000 square feet in specific zoning districts.

Information is available in Planning & Code Enforcement on the third floor of City Hall between 8:30 a.m. and 4:00 p.m., Monday through Friday. Written comments may be submitted to the Planning & Code Enforcement Department on or before the hearing date, and comments will be accepted at the hearing.

NOTICE

The Auburn Community Development Office announces the publication of the Consolidated Annual Performance and Evaluation Report (CAPER). This report details how CDBG & HOME funds, as provided by the U.S. Department of Housing & Urban Development (HUD), were expended during program years 2020 & 2021. Prior to submitting the CAPER to HUD, the Auburn/Lewiston consortium must provide reasonable notice and opportunity for the public to comment on the plan no less than 15 days.

Public comments will be accepted until September 19th, 2022. Comments may be submitted to [illegible] or delivered in person to the Business & Community Development Office. A Public Hearing will be held by the Auburn City Council on Sept 19th, 2022.

Request printed copies, translations, or other accommodations by emailing CDBG@[illegible] or call the Community Development Office at (207) 333-6601.

View the reports at [illegible] or scan the QR code below to download:

NOTICE

The Auburn-Lewiston HOME Consortium presents their HOME-ARP Plan. This plan spells out how HOME-ARP funds, as provided by the U.S. Department of Housing & Urban Development, will be used to provide homelessness assistance and supportive services. Prior to submitting the HOME-ARP allocation plan to HUD, the Auburn/Lewiston consortium must provide reasonable notice and opportunity for the public to comment on the plan no less than 15 days.

Public comments will be accepted until October 4th, 2022. Comments may be submitted to [illegible] or delivered in person to the Business & Community Development Office. A Public Hearing to be held by the Auburn City Council on Sept 19th, 2022 & by the Lewiston City Council on October 4th, 2022.

Request printed copies, translations or other accommodations by emailing CDBG@[illegible] or call the Community Development Office at (207) 333-6601.

View the plan at [illegible] or scan the QR code to download:

Lewiston Public Library reading program concludes

The Lewiston Public Library's Summer Reading Program recently ended.

The program, which ran from June 27 through Aug. 13, provided all ages with reading logs that also served as bookmarks. Participants could log reading time combined with other activities such as signing out a state of Maine park pass or signing out a nature backpack filled with educational activities on the topics of birds, wildlife and plants. The backpacks were provided by the Maine Audubon Society.

"Adults were part of the enrichment and fun too. Not only did they complete more reading logs than last year but also enjoyed book discussions with ReadME in partnership with the Maine Humanities Council; listened to the musical stylings of New York Blues Hall of Fame inductee Marc Blue; and learned about community solar, whales of Maine, and first amendment rights in the modern age," said Children's Librarian Sara Turner, according to a news release from Dottie Perham-Whittier, community relations coordinator at Lewiston City Hall.

"Every person has different learning styles, and we want to provide accommodations for more than just reading. It's about experience, it's about engagement, and educational enrichment in many learning forms. We want a connection with the Lewiston Public Library to be safe, a place where people feel accepted, and a place where they are understood."

Mayor Carl Sheline shared his enthusiasm of how Read, Make, Explore reached community members. "The Library is a cornersione of our city, and I'm proud of the programs that Sara and the Children's Department have developed for all ages this past summer," he said.

In addition to in-person activities with an Ocean of Possibilities theme, the program provided educational presentations, a magician and puppeteers, lecture talks and crafts for adults, and learning enrichment programs about sharks, cephalopods, and the importance of keeping the environment clean. Participants also visited with entertainer Drew Desjardins of Mr. Drew and His Animals Too in Kennedy Park.

Turner adds that Tree Street Youth also visited the library each week over the summer, which provided youth with access to various activities, books, and interaction with Library staff. The relationship with Tree Street Youth is expected to continue into the fall.

To be sensitive to the time and possible transportation and language barriers for parents/guardians to bring children to the library, Turner also brought the summer reading program to such Lewiston elementary school where 21st Century and Early Promise Education summer camps were being hosted. She said that at the end of the program she rolled in carts of books to give away.

"Seeing the smiles spread across each child's face as they selected a book was worth the effort. There's nothing like receiving a brand new book as your very own, especially if you're only had used books. Even in these small moments, you never know how it can impact a child's life," said Turner.

The Children's Department gave away over 400 new books this summer.

Library Director Marcela Perez echoed the mayor's sentiments, "Mainers love to take full advantage of summers, so Lewiston Public Library staff work hard to offer programming that engages community members of all ages in a season of joyful learning and enrichment. We hope that through the Library's Summer Reading Program each year, kids, teens, and adults will use their extra time to challenge themselves to learn new skills, meet others with similar interests, and celebrate our community learners."

Additional creativity at the library continued throughout the summer with Lewiston High School 21st Century teens weekly utilizing the teen space, and the Teen Tabletop RPG Program, which will continue into the fall, brought many new teen patrons into the teen space. In addition, library staff and teen volunteers also hosted story times within the community, and the teen space was also a popular venue for teens and families to play games, read, watch movies, do crafts and stay cool.

Auburn Housing – Great Falls

City Hall

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

There were no changes made to the city's program objectives during the program year.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

CR-50 - HOME 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Please list those projects that should have been inspected on-site this program year based upon the schedule in §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

The city has begun utilizing the Code Enforcement office to assist completion of HQS and property standard inspections. During this program year 2 projects were found to be out of compliance with monitoring requirements. To this end the city will be including these units in a Voluntary Grant Reduction (VGR) to cure the problem with HUD.

Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 92.351(b)

Property owners are required to have a Management Plan and a Marketing Plan that affirmatively furthers Fair Housing. The Owner is responsible for selecting residents in a nondiscriminatory manner. The Owner is also responsible for maintaining a written waiting list of applicants in accordance with the project's resident selection policies and criteria that comply with all federal and state laws prohibiting discrimination on the grounds of race, color, national origin, religion, sex, physical or mental handicap, sexual orientation, familial status, ancestry, and receipt of public assistance.

The city has updated its affirmative marketing plan to meet the changing needs of the community. This includes new avenues for outreach, translation, and accessibility services.

Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics

HUD's IDIS PR-01 report draws information from the registered HOME projects completed in Auburn for the project year. These reports demonstrate an additional $75,261 in program income generated during the year which had been committed to new activities. Portion of these funds were reinvested into the rehabilitation of a single family residence located at 140 Lake St.

Describe other actions taken to foster and maintain affordable housing. 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 91.320(j)

The city of Auburn fosters the development and maintenance of affordable housing through its Housing Development & rehab programs. These programs offer federal funds to developers or building owners

for qualified expenses in exchange for ensuring units created or rehabbed remain affordable. Affordable rent requirements are capped at the Fair Market Rent (FMR) as established by HUD.

CR-58 – Section 3

Identify the number of individuals assisted and the types of assistance provided

Total Labor Hours	CDBG	HOME	ESG	HOPWA	HTF
Total Number of Activities	0	0	0	0	0
Total Labor Hours	0	0			
Total Section 3 Worker Hours	0	0			
Total Targeted Section 3 Worker Hours	0	0			

Table 14 – Total Labor Hours

Qualitative Efforts - Number of Activities by Program	CDBG	HOME	ESG	HOPWA	HTF
Outreach efforts to generate job applicants who are Public Housing Targeted Workers					
Outreach efforts to generate job applicants who are Other Funding Targeted Workers.					
Direct, on-the job training (including apprenticeships).					
Indirect training such as arranging for, contracting for, or paying tuition for, off-site training.					
Technical assistance to help Section 3 workers compete for jobs (e.g., resume assistance, coaching).					
Outreach efforts to identify and secure bids from Section 3 business concerns.					
Technical assistance to help Section 3 business concerns understand and bid on contracts.					
Division of contracts into smaller jobs to facilitate participation by Section 3 business concerns.					
Provided or connected residents with assistance in seeking employment including: drafting resumes,preparing for interviews, finding job opportunities, connecting residents to job placement services.					
Held one or more job fairs.					
Provided or connected residents with supportive services that can provide direct services or referrals.					
Provided or connected residents with supportive services that provide one or more of the following: work readiness health screenings, interview clothing, uniforms, test fees, transportation.					
Assisted residents with finding child care.					
Assisted residents to apply for, or attend community college or a four year educational institution.					
Assisted residents to apply for, or attend vocational/technical training.					
Assisted residents to obtain financial literacy training and/or coaching.					
Bonding assistance, guaranties, or other efforts to support viable bids from Section 3 business concerns.					
Provided or connected residents with training on computer use or online technologies.					
Promoting the use of a business registry designed to create opportunities for disadvantaged and small businesses.					
Outreach, engagement, or referrals with the state one-stop system, as designed in Section 121(e)(2) of the Workforce Innovation and Opportunity Act.					

Other.					

Table 15 – Qualitative Efforts - Number of Activities by Program

Narrative

The city did not have a project which required Section 3 tracking. Still, new outreach efforts were undertaken during the program year including the hosting of lead hazard control and RRP trainings being provided to local contractors and their employees.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: September 19, 2022 **Order:** 132-09192022

Author: Glen E. Holmes, Director of Business & Community Development

Subject: Auburn-Lewiston HOME-ARP Plan

Information:
The Auburn-Lewiston HOME Consortium was allocated $1,700,829 from U.S. Department of HUD for the purpose of addressing Homelessness and housing insecurity. To access these funds, the Consortium had to complete a comprehensive assessment and consultation process. This plan codifies the recommendations from community and service provider input and establishes a 3-year budget and action plan for the use of these funds. Of the funds provided in aggregate to both cities, this plan establishes that 58% shall be spent on providing supportive services, 4% will provide additional funding for Security Deposit assistance, 21% for the development of affordable housing, 5% for 3rd party non-profit operations and 12% for planning and administration of the grant.

A previous version of this plan was approved by the Auburn City Council on August 1, 2022. The Lewiston City Council was presented the plan for approval on August 16th and opted to recommend changes to the Lewiston portion of the joint budget. These changes included removing funding for non-congregate shelter development and reallocating those funds to public services & affordable housing development. This substantial change necessitated the overall revision and restarting of the public approval process.

City Budgetary Impacts:
Auburn's share of the consortium allocation for HOME-ARP is $914,195. These federal grant dollars cover staff salary/benefits as well as program activities for the Business and Community Development program.

Staff Recommended Action:
Vote to amend the PY21 Action Plan to include the Auburn-Lewiston Consortium HOME-ARP Plan as presented.

Previous Meetings and History:
Public Hearing May 2, 2022
Public Comment Period July 14 – August 1, 2022 & approval of first version.
Public Comment Period September 1 – September 19th.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

HOME-ARP Allocation Plan

A Program Year 2021 Amendment

Prepared by: Auburn-Lewiston HOME Consortium
August 2022

This plan was created utilizing the HUD CPD template provided, including questions and tables, as well as the requirements for the HOME-ARP allocation plan, as described in Notice CPD-21-10: *Requirements of the Use of Funds in the HOME-American Rescue Plan Program*, unless noted as optional. Also submitted with this plan are the SF-424, and the related certifications. References to "ARP" mean the HOME-ARP statute at section 3205 of the American Rescue Plan Act of 2021 (P.L. 117-2).

Award Amount

The Auburn-Lewiston HOME Consortium (ALHC) is a Participating Jurisdiction (PJ) recognized by the US Department of Housing & Urban Development (HUD). The ALHC will receive $1,700,829 in HOME-American Rescue Plan (ARP) funding. These funds are to be distributed by the city of Auburn to the ALHC Members in accordance with this Allocation Plan.

Consultation

In accordance with Section V.A of the Notice (page 13), before developing its HOME-ARP allocation plan, at a minimum, a PJ consulted with:

- CoC(s) serving the jurisdiction's geographic area,
- homeless service providers,
- domestic violence service providers,
- veterans' groups,
- public housing agencies (PHAs),
- public agencies that address the needs of the qualifying populations, and
- public or private organizations that address fair housing, civil rights, and the needs of persons with disabilities.

Describe the consultation process including methods used and dates of consultation:

The Auburn-Lewiston Home Consortium (ALHC) employed the following three tactics to collect meaningful and informative data regarding the size, demographic makeup, and unmet needs of the local population. First, staff sources all traditional statistical data sources including federal census numbers, American Community Survey (ACS) and the Comprehensive Housing Affordability Strategy (CHAS) data as well as local data compiled by the Maine State Housing Authority (MSHA).

Secondly, staff reached out to local homeless service providers, community advocates, educational institutions, veterans' groups, community action programs, state agencies, domestic violence organizations, public housing authorities, mental healthcare providers and various housing navigators operating at organizations throughout the jurisdiction. This outreach included an overview of the qualified population as defined by HUD in CPD notice 21-10 as well as potential situations in which these populations may be encountered which they may not have considered in the past. This outreached concluded an appeal to these organizations to provide quantifiable data on hand or anecdotal narratives which may serve to highlight unmet needs regularly encountered. From this outreach culminated several formal and informal letters and consultations providing qualitative as well as quantitative data not represented or considered within the traditional data sources noted above.

The third approach was to release a broad community survey focused specifically on the impact of Covid-19 on access to adequate housing and essential services. This survey was circulated in 5 languages, utilizing digital as well as paper surveys distributed at key service points within the city including food pantries, youth centers, head start service providers and municipal offices. The result was over 362 households encompassing over 1,000 residents being completed.

This locally sourced survey data coupled with the formal or informal correspondence from local service providers was at times contradictory to the traditional data sources. Still, it aided in the development of a plan which is fixated on providing direct responses to the below identified needs. Through consultation and continued collaboration and data sharing with the MSHA HUB Coordinator, the Coordinated Entry system of the Continuum of Care and the various housing navigators operating at various specialty service providers within the jurisdiction the ALHC will be able to better compile accurate, local assessments of need. Sharing these methodologies and conclusions with MSHA and other state and federal level offices will improve the ability to assess and address homeless & at-risk populations.

List the organizations consulted:

Agency/Org Consulted	Type of Agency/Org	Method of Consultation	Feedback
Maine Continuum of Care (MCoC)	Continuum of Care	Participated in virtual meeting with 24 service provider organizations – 10/27/21	Need to continue rental assistance programs and assess missing connections through a diversity, equity & inclusion lens. Provide direct outreach to landlords to assist development or improvement of new units. Need relaxed income criteria for LMI populations accessing housing.

Name	Agency/Organization/Company

Lewiston-Auburn Landlord Association	**Private Org addressing housing**	**Attended regular meetings with 26 landlords. – 1/25/22**	**Need for more rehab programs with relaxed criteria to improve or add new units. Need relaxed zoning to allow for additional units. Need to remove sprinkler requirements for older buildings.**
Auburn Housing Authority	Public Housing Authority	Discussions with Director	Needing increase in voucher funds for Section 8. Additional funding from HOME program for new unit development projects is needed to add to inventory.
PAL Center	Agency which addresses needs of Qualified	Discussions with Director/ Survey Distribution Center	Need for additional funding to continue food pantry and senior services.

	Populations: Homeless, At-Risk & Other		
Auburn Police Department	Agency which addresses needs of Qualified Populations: Homeless, At-Risk, DV & Other	Discussions with Police Chief	Department needs greater assistance to comply with new Homelessness Crisis Protocol. Additional Co-responders with mental health, substance abuse or housing focus will provide for better incident outcomes and follow-up services.
Community Concepts Inc.	Agency which addresses needs of Qualified Populations: Homeless, At-Risk & Other	Consultation with Program Director	Discussed needs of QPs and current Emergency Rental Assistance counts and program sunset concerns.
Community Concepts Finance Corp	Agency which addresses needs of Qualified Populations: Homeless, At-Risk& Other	Discussions with Program Manager and review of Community Needs Assessment.	Needed increase in homeownership counseling and financial capability training for tenants to move into homeownership. Establish referral network for new tenants and tracking of completed educational opportunities.
Auburn Fire Department	Agency which addresses needs of Qualified Populations: Homeless, At-Risk, DV & Other	Discussions with Fire Chief	Direct data points indicating 34% increase in interactions with Homeless individuals & 87% dealing with substance abuse, mental health, and exposure. Additional co-responder and follow up services is needed.
Auburn Adult Education	Agency which addresses needs of Qualified Populations: At-Risk & Other	Consultation with Assistant Director	Additional funding and services are needed for continued educational and job preparedness training. This includes transportation services to and from training and early work-placement programs.
New Auburn Neighborhood Watch	Neighborhood group	Meeting on 4/28/22	18 residents attended. Comments supporting section 8 voucher program, question on how to achieve local adult homelessness counts, cost savings if city consolidated shelter programs.
Androscoggin Head Start	Agency which addresses needs of Qualified	Survey Distribution Center	Need to fill gaps for middle income residents and support services for LMI families and single parents.

	Populations: At-Risk & Other		
Lewiston Housing Authority	Public Housing Agency	Consultation with HUB Coordinator	Need to integrate local actions and activities with the COC. HUB Coordinator cannot provide direct service. Case management needed to better count and facilitate services.
Lewiston Shelter Committee	Organization addressing Fair Housing, Civil Rights and/or needs of persons with disabilities	Consultation with Committee Chair and review of report released July, 2022.	Discusses options for transitional housing development as well as zoning and shelter options.
Veterans Inc.	Veterans Group	Consultation with Staff Grantwriter	Not enough resources to meet the increased number of homeless or at-risk veterans with their pandemic-related federal financial assistance ending in July of this year. Funding needed to supplement homeless veterans transitional housing programs as well as increased operational costs. Seeing a 17% increase in veterans served in transitional housing program so far this program year.
Preble Street Veterans Services	Veterans Group	Consultation with staff	Provided feedback regarding housing service needs and latent job training opportunities.
Emergency Quarantine Shelter	Homeless Service Providers	Consultation with Managers – 3/17/22	Current service data on population counts and demographics. Recommends additional transitional housing and low barrier shelter development.
Trinity Jubilee Shelter	Homeless Service Providers	Consultation with Executive Director	Not enough housing to use with vouchers; not enough readily accessible mental health case management services, program expansion estimated to serve at least 50 people per year; accessible overnight shelters that do not require guests to climb stairs to enter building and/or sleeping area; need for trainings relating to de-escalation and incentives to serve the mentally ill; need for shelters to participate in HMIS to provide robust, accurate data, offer proof of the scale of the homelessness issue, and possibly

			increase funding for homeless services; need for public restrooms/showers that would likely be used by more than 60 homeless people per year; and need for laundry access for at least 75 homeless people per year wash clothing and bedding.
New Beginnings	Homeless Service Providers	Feedback from Executive Director	Not enough services – shelters or housing – available to help youth exit homelessness. Funding needed for additional staffing positions for existing services; creation of new or expansion of existing support services facilities to address non-daytime weekday needs and service of individuals who are excluded by current age or other restrictions in existing programming. Significant unmet need for a) affordable housing; b) support services; and c) shelter resources.
Lewiston School Department	Agency which addresses needs of Qualified Populations	Consultation with District Resource Coordinator	Approximately 300 youth are identified as homeless or at risk for experiencing housing disruption. The Store Next Door provides hygiene items, clothing, food, gift cards for cabs/groceries, and school supplies which are funded with community donations. Funding needed to expand program offerings.
Pinetree Legal	Organization addressing Fair Housing, Civil Rights and needs of persons with disabilities.	Consultation regarding Fair housing	Direct discussions and resource development regarding fair housing services and legal aid.
Androscoggin EMA	Agency which addresses needs of Qualified Populations: At-Risk	Consultation with County EMA Director	EMA has new directives on development of Emergency housing plans. Shared quantified data on estimated emergency shelter needs.
Safe Voices	Domestic Violence Service Providers	Consultation with Director of Shelter and Housing Services	Provided data on sheltered counts and local unmet demand. Support if housing in the form of security deposits and housing resources is needed.

Lewiston Fire Department	Agency which addresses needs of Qualified Populations: Homeless, At-Risk, DV & Other	Consultation with Fire Chief	Most frequent adverse housing events are unsafe housing and sanitary issues for persons housed in units that are not suited to their physical conditions. Lack of housing for physically impaired persons. Long waitlist for Section 8 and other government assistance.
Lewiston Police Department	Agency which addresses needs of Qualified Populations: Homeless, At-Risk, DV & Other	Consultation with Police Chief	Better funding is needed to provide resources to the homeless population, including better services for mental health, substance misuse, and housing. Project Support You (PSY) has 1 1/2 positions and needs the other half position funded to provide additional on-scene crisis de-escalation and mental health resources, connect individuals with ongoing treatment options, and resources to officers to address crisis calls. Funding is needed for counseling resources to address current legislation directing law enforcement to encourage counseling and resources versus arrest or issuing citations. Other needs include reimbursement for emergency hotel vouchers (weekends/holiday); wrap-around services inclusive of a temporary shelter, drug/substance abuse counseling, and shelter for those seeking protection from an abuser; affordable housing; and support for those experiencing substandard rental units.
LA Housing System Collaborative	Organization addressing Fair Housing, Civil Rights and needs of persons with disabilities.	Community Discussion Forum - 5/3/22 facilitated by the Sewall Foundation	Worked with other housing system stakeholders to develop new structures and systems for inter-organizational communication and coordination.
Lewiston-Auburn Alliance for Services to the Homeless (LAASH)	Agency which addresses needs of Qualified Populations: Homeless, At-	Attended Monthly meetings and reviewed the 2009 study and 10-year plan to end homelessness	This plan was to be administered by regional partners including the cities of Auburn & Lewiston, Auburn Housing Authorities, Community Concepts, St. Mary's, and New Beginnings. This initiative was to be

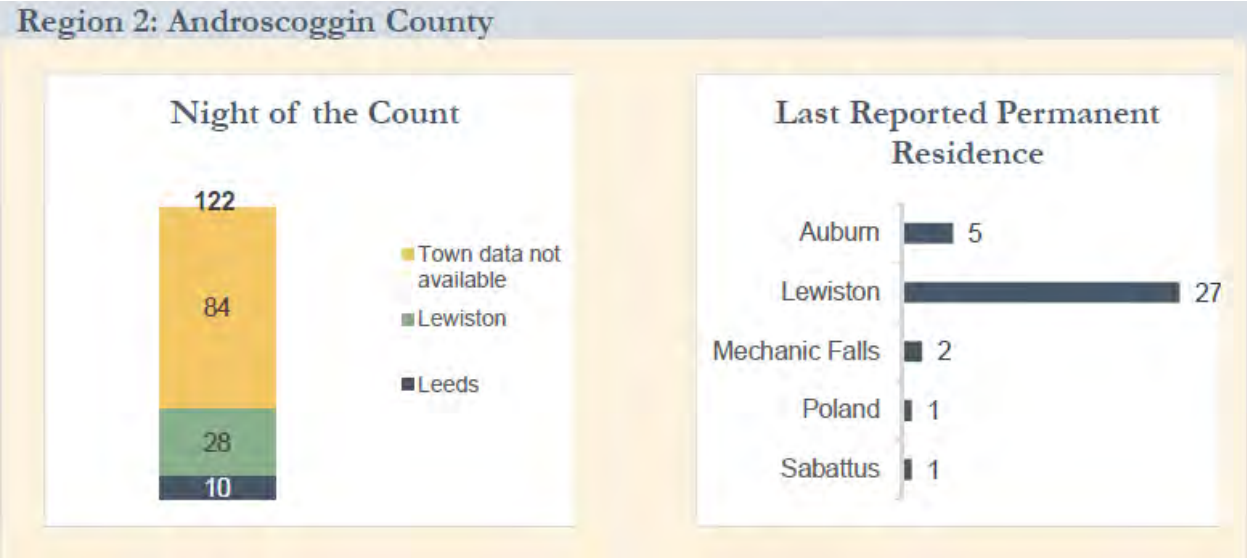
	Risk, DV & Other		overseen by the United Way of Androscoggin County. This plan had concrete benchmarks and established expectations for all partners and was set to be re-assessed in 2019.

Summarize feedback received and results of upfront consultation with these entities:

Through this consultation process the ALHC identified early on that the traditional assessments and sources of data would not adequately demonstrate a modern GAP analysis for the identified Qualified Populations (QPs) for two specific reasons. First, traditional sources of data, such as the American Community Survey (ACS) or the Comprehensive Housing Affordability Strategy (CHAS) were most recently completed in 2019-20, prior to the onset of the Covid-19 pandemic. Second, the ongoing impact of the Covid-19 pandemic has negatively impacted more recent efforts to update this traditional data, including regional Point in Time (PIT) studies. Many of these annual studies have been put on hold altogether, or recent surveys have demonstrated detrimentally small respondent numbers.

For example, the scope of the 2021 Point-in-Time Youth Addendum Survey conducted by MSHA was reduced to only 25 individuals due to the Covid-19 pandemic. This survey sample represents only 0.4% of the number of homeless clients MSHA recorded as sheltered in the 2020 statewide counts. Further, through direct consultation with the local School Department 69 Auburn and 196 Lewiston homeless students within the district have already been qualified as of March 2022, with another 20 cases still being confirmed. The current year combined totals of McKinney-Vento qualified students between both Auburn and Lewiston school systems are already more than 265. This data collected did not differentiate as accompanied or unaccompanied youth but, according to the direct service providers consulted in the development of this plan, is still the tip of the unmet need iceberg.

The second apprehension with current statewide data points is the waiver to skip the 2021 unsheltered population counts or not compile the 2020 data. Attempting to develop an emergency service plan to address the needs of the increasing homeless and at-risk population while maintaining an inconsistent collection of data is problematic. Firstly, without consistent measurements any new data points have no baseline for change which can reasonably be relied upon. For example, Maine's Plan to End & Prevent Homelessness as amended in 2017 estimates the population statewide at 7,020 based on HMIS data and asserts that 98% of those are currently serviced within shelters. This data was updated again in 2021 within the Homeless System Re-Design Initiative. This final report and recommendations are based on a total, statewide population in need of only 4,497. This 36% reduction in need is directly contradictory to local data recently collected. What this data does show is that the current shelter and transitional housing system is clogged with current residents and service recipients which are unable to exit the subsidized housing system and related services.



2022 Maine COC PIT Location Detail 1

The MSHA 2022 PIT did detail 122 individuals in Androscoggin County, as recorded above. Unfortunately, this data did not capture the place of permanent residence totals for most individuals encountered during the count, nor did it record the location data for 84 of the total 122 individuals. The 2022 PIT location report does indicate that counts where no town data is available were derived from hotel stays paid for by General Assistance or Emergency Rental Assistance programs. Direct consultation with the Auburn GA administrator indicates that the 8 families (17 individuals) which were housed through General Assistance last year are not included in that count

Direct correspondence with MSHA also confirms that the state level unhoused population count of 164 is not included in the county totals, nor will that data be shared to "protect the whereabouts of certain populations." In addition to the fact that the 164 total of unhoused across the state is artificially low, this means we are still unable to quantify if any of the individuals were encountered within the city of Auburn by utilizing MSHA data. This point is further supported by the Lewiston Ad Hoc Shelter Committee report released July 14, 2022, in which it is posed that the PIT counts are "fundamentally flawed" and that the true homelessness numbers are 5-10 times higher than MSHA figures.

By using data generated by the Auburn Fire Department's incident reporting system the ALHC confirmed officers had 198 separate encounters with homeless individuals from March 2020 to March 2022 with the second year containing 113 recorded encounters. This establishes a 34% increase from the previous year, a relation directly inverse to the trend demonstrated by state-level assessments. The ALHC understands this count does not establish a more accurate total, nor does it include all potential homeless or at-risk populations. What it does do is further corroborate the view statewide data, as compiled by MSHA, is insufficient to assist if not detrimental to the development of a true needs-based plan.

What is more useful to establishing priorities within the Auburn-Lewiston Consortium is data generated locally and what can effectively incorporate these new data sources including first responders and volunteer program services. For example, of the 51 contacts with homeless individuals that the Auburn Fire Department serviced in the last 3 months, 87% if those involved

substance abuse, Anxiety/psychiatric individuals, or those with exposure to the elements. Not only does this total eclipse the PIT counts provided by MSHA, but clearly demonstrates the unsheltered population, which is currently not being counted, is suffering to the extent that EMTs from the local fire departments must intervene on a routine basis to address the needs of this population, including substance abuse, mental health, and exposure.

Unfortunately, after treatment these individuals are released back into the unhoused population with little to no follow-up support or continuation of services being provided. What is needed, and what this plan lays out for response, is the development of new field service providers whose roll will be to take these self-generated or referrals from first responders and provide the needed follow up and direct service care in order to address the un-met needs of unhoused populations with the end result to facilitate the client's transition into the Coordinated Entry (CE) system either via the HUB Coordinator or the housing navigators housed within one of the specialty service providers.

There has been substantial evidence that the local homeless service providers are not committed to utilizing the HMIS system which MSHA relies on to compile their counts. Most of the shelters in Auburn & Lewiston which provide 83 shelter beds do not use HMIS. Instead, the counts attributed to these shelters in the MSHA PIT are anecdotal and can only be used with a healthy bit of skepticism given the flaws pointed out in other aspects of the count. In response, this plan outlines a dedicated pre-entry and co-responder system that can count, assess, and serve the unsheltered population where they are with an end goal of referring them to the most appropriate service providers and Housing Navigators that can best meet their needs.

Public Participation

Describe the public participation process, including information about and the dates of the public comment period and public hearing(s) held during the development of the plan:

- ***Date(s) of public notice: 9/1/2022***
- ***Public comment period:*** *start date –* ***9/1/2022*** *end date –* ***10/1/2022***
- ***Date(s) of public hearings: 9/19/2022***
  10/4/2022

Describe the public participation process:

Traditional public participation process, including posting of the proposed plan in its entirety, holding public hearings and public comment period have been expanded to additionally include multiple community outreach efforts as documented above. ALHC staff sent direct requests to area service providers which highlighted all the potential uses of the program funds and outlined the qualified populations. Staff also conducted multiple listening sessions within both cities hosted at city council meetings, neighborhood watch events and housing focused meetings. The efforts to broaden this participation from the mandated minimum will be more thoroughly described below.

Evidence of public posting and appeals for input is included below:

City of Auburn, Maine (Official)
August 31 at 4:24 PM ·

PUBLIC NOTICE: The Auburn-Lewiston HOME Consortium presents their HOME ARP Plan. This plan spells out how HOME-ARP funds, as provided by the U.S. Department of Housing & Urban Development, will be used to provide homelessness assistance and supportive services. Prior to submitting the HOME-ARP allocation plan to HUD, the Auburn-Lewiston consortium must provide reasonable notice and opportunity for the public to comment on the plan no less than 15 days.

Public comments will ... See more

Winthrop talk to cover town's apple history

WINTHROP — Kerry Wilkins-Demming plans present a "History of Apples in Winthrop: What We Know and What We Don't Know," at 6 p.m. Thursday.

The talk will take place at at the Winthrop History and Heritage Center, 107 Main St.

Wilkins-Demming, who lives in East Winthrop, will talk on the early history of Pond Town, the more recent history of apples in Winthrop and the future of apple orchards in town.

Kerry Wilkins-Demming

Ichabod Howe, an early settler in what was then called Pond Town, planted orchards there. He and his family moved from New Hampshire to Pondtown in 1768.

Howe brought with him a bag of apple seeds. One of the seedlings became the Winthrop Greening, which still exists today due to Morris Towle (1911-80), who found the Winthrop Greening and saved it.

The Winthrop Greening, now over 250 years old, can be found at the Maine Heritage Orchard in Unity where one can obtain scion wood for the Winthrop Greening from Fedco trees.

For more information, call 207-395-5199 or email win-[illegible]

LIVERMORE FALLS

Library events, programs planned

LIVERMORE FALLS — Treat Memorial Library, at 56 Main St., plans several events and programs for September.

Among those is Fall into Books, every time books are checked out at the library, the reader is entered for a chance to win a book in December. The more books read, the more chances to win. The library has books available for children, teens and adults, so everyone gets to play this fall, according to a news release from the library.

The library will be closed Tuesday in observance of Labor Day.

Those who need help with a job search can talk with a career consultant from the Career Center from 1 to 3 p.m. Wednesday. Appointments will be drop in on a first-come, first-serve basis. The consultant will be able to assist with job searches, preparation of a resume and cover letters, and/or provide information on education and training related to one's career interest.

On Wednesdays at 10:30 a.m., Story Time will be held inside at the library with picture books, sing-a-longs, and other activities.

Book Club will hold a hybrid meeting, both Zoom and in person, at 3 p.m. Thursday. "One Flew Over the Cuckoo's Nest" by Ken Kesey will be discussed as part of the club's Count on Books series (books with numbers in the title). Let staff know if a copy of the book up for discussion is needed.

Check out the staffs' latest favorites from the shelves with Bonkers for Books, their biweekly recommendation video on Facebook. Some of their favorites will be shared on Saturdays, Sept. 3 and 17.

The library's annual book sale is back. On Saturday, Sept. 24, from 10 a.m. to 2 p.m., the library will have books, DVDs, CDs and more available by donation; stop by on way to or from the Apple Pumpkin festival.

For more information, call the library at 207-897-3631.

Lewiston Public Library reading program concludes

The Lewiston Public Library's Summer Reading Program recently ended.

The program, which ran from June 27 through Aug. 13, provided all ages with reading logs that also served as bookmarks. Participants could log reading time combined with other activities such as signing out a state of Maine park pass or signing out a nature backpack filled with educational activities on the topics of birds, wildlife and plants. The backpacks were provided by the Maine Audubon Society.

"Adults were part of the enrichment and fun too. Not only did they complete more reading logs than last year but also enjoyed book discussions with ReadME in partnership with the Maine Humanities Council; listened to the musical stylings of New York Blues Hall of Fame inductee Marc Blac; and learned about community solar, whales of Maine, and first amendment rights in the modern age," said Children's Librarian Sara Turner, according to a news release from Dottie Perham-Whittier, community relations coordinator at Lewiston City Hall.

"Every person has different learning styles, and we want to provide accommodations for more than just reading. It's about experience, it's about engagement, and educational enrichment in many learning forms. We want a connection with the Lewiston Public Library to be safe, a place where people feel accepted, and a place where they are understood."

Mayor Carl Sheline shared his enthusiasm of how Read, Make, Explore reached community members. "The Library is a cornersione of our city, and I'm proud of the programs that Sara and the Children's Department have developed for all ages this past summer," he said.

In addition to in-person activities with an Ocean of Possibilities theme, the program provided educational presentations, a magician and puppeteers; lecture talks and crafts for adults; and learning enrichment programs about sharks, cephalopods, and the importance of keeping the environment clean. Participants also visited with entertainer Drew Desjardins of Mr. Drew and His Animals Too in Kennedy Park.

Turner adds that Trve Street Youth also visited the library each week over the summer, which provided youth with access to various activities, books, and interaction with Library staff. The relationship with Tree Street Youth is expected to continue into the fall.

To be sensitive to the time and possible transportation and language barriers for parents/guardians to bring children to the library, Turner also brought the summer reading program to each Lewiston elementary school where 21st Century and Early Promise Education summer camps were being hosted. She said that at the end of the program she rolled in carts of books to give away.

"Seeing the smiles spread across each child's face as they selected a book was worth the effort. There's nothing like receiving a brand new book as your very own, especially if you've only had used books. Even in these small moments, you never know how it can impart a child's life," said Turner.

The Children's Department gave away over 400 new books this summer.

Library Director Marcela Perez echoed the mayor's sentiments, "Mainers love to take full advantage of summers, so Lewiston Public Library staff work hard to offer programming that engages community members of all ages in a season of joyful learning and enrichment. We hope that through the Library's Summer Reading Program each year, kids, teens, and adults will use their extra time to challenge themselves to learn new skills, meet others with similar interests, and celebrate our community of learners."

Additional creativity at the library continued throughout the summer with Lewiston High School 21st Century teens weekly utilizing the teen space, and the Teen Tabletop RPG Program, which will continue into the fall, brought many new teen patrons into the teen space. In addition, library staff and teen volunteers also hosted story times within the community, and the teen space was also a popular venue for teens and families to play games, read, watch movies, do crafts and stay cool.

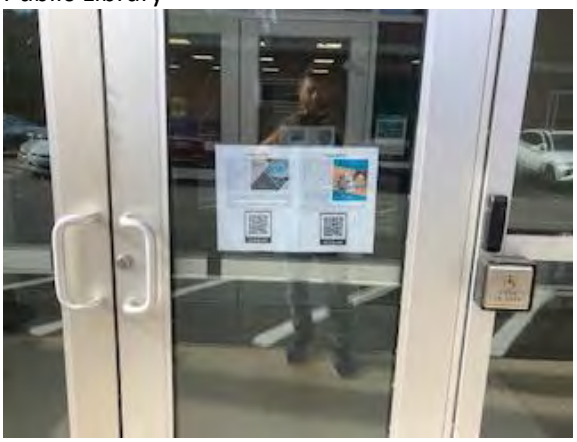
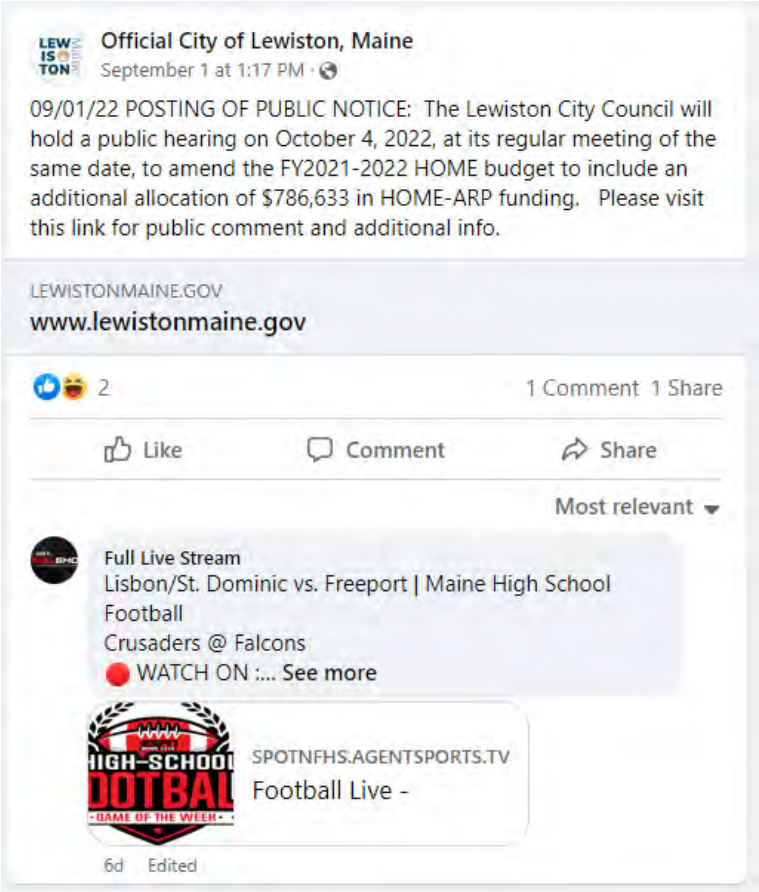
Senior Center I



Senior Center II

Auburn Housing – Great Falls

City Hall



Responses to any public comments delivered will be entered here.

Describe efforts to broaden public participation:

Prior to the development of the Home-ARP and the Auburn-Lewiston HOME Consortium Annual Action Plan a comprehensive community needs survey was circulated in 5 languages. This survey method utilized digital as well as paper surveys which were distributed at key service points within the city including food pantries, youth centers, head start service providers and municipal offices. The result was over 362 households including over 1,000 residents being received. This information, along with consultation efforts with area service provider partners helped craft the plan as presented.

The consultation process also entailed direct correspondence with dozens of area service providers. By educating them on the specifics of the qualified population as defined by HUD in CPD notice 21-10 this outreached further solicited quantifiable or anecdotal narratives which may serve to highlight unmet needs they regularly encounter.

Additionally, ALHC staff held listening session at multiple community neighborhood meetings and events as indicated above.

Summarize the comments and recommendations received through the public participation process either in writing, or orally at a public hearing:

Numerical data developed though the community survey will be summarized within the GAP analysis below. A selection of narrative input received during the local survey is included below. This input, sourced from over 1,000 households across two surveys, was key to filling data gaps caused by the Covid-19 pandemic and demonstrates the changed landscape residents and service providers need to navigate and adapt to better address the needs of at-risk and homeless populations.

- The prices of housing have increased substantially. Between prices of rent and goods we can barely make ends meet.
- Public transportation is severely lacking in Auburn especially in the evening.
- Lack of home health care due to staffing shortages and issues around quality healthcare
- Loss of jobs due to school closure and lack of adequate affordable childcare.
- I'm on a fixed income and looking into elderly housing but the waiting lists are so long
- My father and brother are living with me because they cannot find housing.
- Can't afford car upkeep or bills
- Can't access programs to help
- Don't have money for food medication and bill. Need help with property taxes
- I went to through the process the rent assistance is on average six to eight weeks late via community concepts. The landlords get frustrated and toss the clients even if they share the applications to the program.
- folks are taking their important items and moving into their vehicles and sleeping in parking lots around auburn where they won't be harassed. I know of at least 500 vehicles at least some are couch surfing when possible or in for medical reasons, so their cars are parked around the hospital.
- I have a son with a disability who currently lives an hour away. For safety reasons he needs to be closer to us. He is on a ridiculously long waiting list for low-income housing.
- Rising costs have put me back to living paycheck to paycheck and seeking a second job. Pre-covid I lived comfortably on my single income. The cost of food is outrages. I pay more for CMP delivery charges than I use in electric.
- There's a gap for kids who qualify for Headstart and those who don't. There is a long waitlist for many [childcare] providers.
- People don't know there's help there, and they are hard to navigate.
- People don't know about services. We have so many services, but they all work solo. None are working together.
- Covid-19 exacerbated food issues. People who were hurting are hurting more now.

Summarize any comments or recommendations not accepted and state the reasons why:

No comments or recommendations were intentionally dismissed. Some responses or recommendations derived either from the community surveys or through direct consultation with area service providers did contain demonstrations of unmet need which are unable to be addressed given the restrictions on funding availability or individuals who do not fall within the Qualified Population as defined by HUD. In these cases, consideration is taken, and priority of funding is established as available.

Needs Assessment and Gaps Analysis

The Auburn-Lewiston Home Consortium includes the entirety of both cities. Much of the data provided at the state level is by Androscoggin County or as the Lewiston-Auburn Metropolitan Statistical Area LAMSA), which includes 12 surrounding municipalities. Both Auburn & Lewiston serve as a regional service HUB for the area meaning that even though HOME-ARP funds are designated for residents of the two cities, the needs of these cities is impacted by the spillover, or centralization of needs from the surrounding rural populations. The two emergency shelters recently operated in Lewiston during the Covid-19 pandemic corroborated this fact by reporting that 20% of their population cited towns outside of the PJ as their residence.

The American Community Survey (ACS) data calculated a total population of the jurisdiction as 59,425 in 2020. This accounts for 53% of the population of the entire county of Androscoggin being housed on only 20% of the total area. For this reason, and as further demonstrated by residency data provided by the two Emergency Shelters, this plan considers the expected spillover of needs from the total LAMSA. An additional concern with the data utilized is that the county level data provided by MSHA is still derived from the 2015-2020 American community survey. Most of this data provided by ACS was compiled pre-covid and the recent and dramatic shifts in household income and rental rates are not representative of the current situation.

Prior to the current Lewiston Shelter Committee report, the last time this data was locally developed was in 2009, which was published in the Lewiston Auburn Homelessness Strategy by the Lewiston/Auburn Alliance for Services for the Homeless (LAASH). This was a local initiative used to establish a 10-year plan to end homelessness in the area. This plan was to be administered by regional partners including the cities of Auburn & Lewiston, Auburn Housing Authorities, Community Concepts, St. Mary's, and New Beginnings. This initiative was to be overseen by the United Way of Androscoggin County. This plan had concrete benchmarks and established expectations for all partners and was set to be re-assessed in 2019.

The below table is derived from the May 2009 study. Although it is dated this data still demonstrates the inconsistency between local assessments and state-level data that still exists to this day:

Gaps in Service for Homeless populations in Lewiston Auburn Lewiston Auburn Homelessness Strategy – May 8, 2009		
	Numbers	**At-Risk**
Youth	**204 homeless youth** grades 9-12 identified by schools **423 homeless youth** served by New Beginnings and Volunteers of America	**Youth not employed:** 900 ages 20-21 500 ages 22-24 **Youth not in school:** 200 ages 15-17
Families	2008 MSHA Point-In-Time Survey found **6 families homeless on January 30, 2008** **As of September 2008,** **23 families sheltered; 47 families turned away** 69 homeless children grades K-8 identified by schools	**Families living in poverty** in Lewiston Auburn: 1,400 families 1,200 families with children 200 families over age 65
Domestic Violence Survivors	AWAP's domestic violence shelter served **170 women and children last year**	**434 domestic violence crimes** were reported to Lewiston and Auburn police departments in 2006
New Americans	There are an estimated 4,000- 6,000 New Americans living in Lewiston-Auburn.	As of Jan. 2007, Lewiston identified 2,641 immigrants who had moved to the city and enrolled in General Assistance. A 2007 study by the Maine Department of Labor found unemployment among the Somali immigrants to be at 51%
Single Adults	546 homeless single adults sheltered by Hope Haven and St. Martin De Porres in 2007 As of Sept. 2008, Hope Haven had sheltered 252 homeless individuals and turned away 207 because it was full.	3,900 non-institutionalized individuals with a mental disability over the age of 16 700 veterans living below poverty, 2/3 of whom are disabled National rates suggest that as many as 3,000 people in Lewiston Auburn may have significant substance abuse issues

The table above indicates the MSHA PIT report demonstrated 6 homeless families in 2008, while local data verified though the Auburn School Department verified 70 homeless families. Similarly, of the 546 homeless single adults sheltered by Hope Haven & St. Martin in 2007, the MSHA PIT report for 2022 estimates those same facilities to have only 12.

Unfortunately, in 2017 LAASH members agreed to use the Statewide Homeless Council's updated plan as the framework for advocacy as the group did not have the capacity to undertake the work and the expense of updating the plan. This abdication has left the Auburn Lewiston HOME Consortium with little to no accurate baseline data for use in the generation of this plan. To begin to augment the anecdotes and small data samples provided by local service providers the consortium released a Covid-19 Community housing and service survey.

To better qualify the current state of availability it is key to point out that in the 2009 Lewiston Auburn Homelessness Strategy it was clearly stated that "the homelessness problem in Lewiston and Auburn is not, in the first place, primarily a problem of lack of housing… Instead, homelessness

is a problem of insufficient income and resources, a lack of life skills, and health problems (primarily mental health and substance abuse)." This plan presented a 10-year goal of 210 new affordable units to be developed by the Auburn and Lewiston Community Development Offices. According to MSHA there were 243 new affordable units constructed within the area between 2019 and 2022 alone (not including the to-be developed Choice Neighborhood project currently underway in Lewiston).

There has since been an undisputed tightening of the housing market since this 2009 plan but the clearly identified gaps represented as a service deficiency, as opposed to a long-term permanent housing problem remain. This initial, although dated, claim is supported by the service call data from the Auburn Fire Department who indicate 87% of their responses to homeless individuals are related to substance or mental health situations. Therefor the development of a more effective Crisis Response Team as suggested in the 2009 strategy is a key component and priority addressed by this plan.

Describe the size, demographic composition of qualifying populations and unmet housing and service needs within the PJ's boundaries:

Definitions of the four Qualified Populations (QP) is described below. Refer to HUD CPD Notice 21-10 for a more complete definition:

- Homeless
  - lacking fixed/regular and adequate nighttime residence
    - Nighttime residence is not designed for ordinary sleeping accommodations
    - Living in public/private shelter or commercial lodging
  - Will lose nighttime residence:
    - Within 14 days
    - Lacks support network needed to obtain new housing
  - Unaccompanied youth (under 25) or families with children which:
    - Defined by HUD as Runaway, DV or Mckiney-Vento
    - Not had lease or ownership in permanent housing within 60 days
- At-Risk of Homelessness
  - Annual income below 30%LMI ($15k individual)
  - Not had lease or ownership in permanent housing within 60 days
  - Has been notified in writing of eviction
- Fleeing DV, Dating Violence, Stalking or Assault
- Other Populations
  - Families requiring services or housing assistance to prevent homelessness
  - At greatest risk of homelessness
    - Annual income less than 30%AMI
    - Cost burden of 50% monthly household income
  - Veterans and families that include a veteran family member

Homeless as defined in 24 CFR 91.5

The Maine Continuum of Care (MCoC) is a state-wide effort, which is beneficial in regard to coordination of efforts and resources across a wide territory as the system improves. From a local

data collection effort, as addressed prior, it is also a limiting factor. The data below is from the statewide MCoC 2021 PIT. This data demonstrates a total population of sheltered individuals at 2,063.

Summary by household type reported:

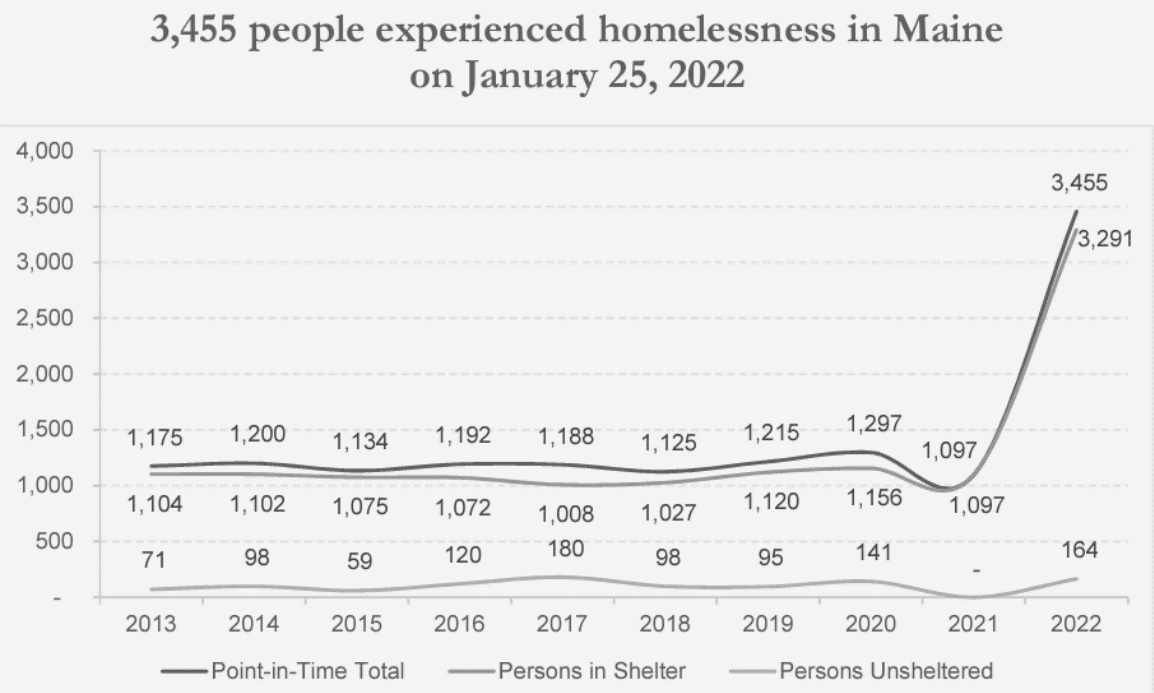
	Sheltered	
	Emergency Shelter	Transitional Housing*
Households without children[1]	706	529
Households with at least one adult and one child[2]	113	134
Households with only children[3]	3	2
Total Homeless Households	**822**	**665**

Summary of persons in each household type:

Persons in households without children[1]	**717**	**556**
Persons Age 18 to 24	46	56
Persons Over Age 24	671	500
Persons in households with at least one adult and one child[2]	**362**	**423**
Children Under Age 18	201	255
Persons Age 18 to 24	14	22
Persons Over Age 24	147	146
Persons in households with only children[3]	**3**	**2**
Total Homeless Persons	**1,082**	**981**

Source: MSHA PIT Report

The number of people experiencing homelessness statewide, and MSHA quantified in January 2022, jumped to 3,455 in the updated 2022 PIT count. This increase was the result of including, for the first time, data derived from the local General Assistance providers as well as the Emergency Rental Assistance program. The most concerning take-away from this updated data compiled by MSHA is that as the sheltered counts increased over 300% over the past year by including new data sources, the unsheltered count only increased 15%. This demonstrates that, although new data collection and reporting is improving the accuracy of the sheltered counts, there is still an unmet need in adequately finding and quantifying the unhoused population.



Source: MSHA PIT count

Local data collected form the 2 emergency shelters operated at the Lewiston Ramada Inn and the Lewiston Armory clearly demonstrates this catch-basin effect of homeless services provided within the ALHC. The combined totals of the two emergency shelters (whose numbers are not included in MSHA PIT counts) regularly operated at capacity. Of their total 213 individuals sheltered 60% claimed Lewiston as their residence, 20% claimed Auburn with the remaining 20% coming from outside of the ALHC jurisdiction. The unmet needs as reported by managers and service providers is a lack of adequate case management as well as vacancies within transitional or supervised housing facilities that are essential to take high-need clients out of short-term shelters.

Another resource engaged during this assessment process was the Auburn & Lewiston School Departments McKinney-Vento Homeless Assistance liaisons. For Auburn, the historic totals were 69 students for school year 19-20, 70 students for school year 2021 and what is looking like 80 students for school year 2021-22. Department staff was clear data is currently hard to quantify as data was tracked in multiple systems. Still, the 265 students in the school systems who are being transported by the system under the McKinney-Vento program is notably larger than the totals of sheltered teen as reported by MSHA and the Continuum of Care. This data does not indicate whether they are unaccompanied youth or part of a larger homeless family unit, but it does indicate the unmet needs reported necessitate additional funding for reliable transportation as well as supplies and expenses necessary to sustain their education while in an unstable housing situation.

Data provided by the Lewiston Mayoral Ad Hoc Shelter Committee represents the most sound and updated picture of the present situation. In comparison to the total 122 homeless population

demonstrated my MSHA 2022 PIT, the Lewiston committee has indicated 130 individuals living outdoors or couch surfing and 54 individuals being put in temporary housing paid for by General Assistance in Lewiston. This is in addition to the 393 individuals housed within the emergency shelters and the 258 Lewiston students that were homeless during the 2021-2022 school year.

At Risk of Homelessness as defined in 24 CFR 91.5

Those at risk of homelessness within Androscoggin County are renters within 30% of the Area Median Income with at least one severe housing problem, such as overcrowding or rent burden greater than 30% of their income. The below chart provides for a total of 1, 665 renters in Androscoggin County which qualified as 30%AMI.

Owner Occupied Households

HOUSEHOLD INCOME	Estimate	Margin Of Error
30% of Median Household Income	2,388	+/-428
50% of Median Household Income	5,612	+/-572
80% of Median Household Income	11,305	+/-926
Total =	**19,305**	

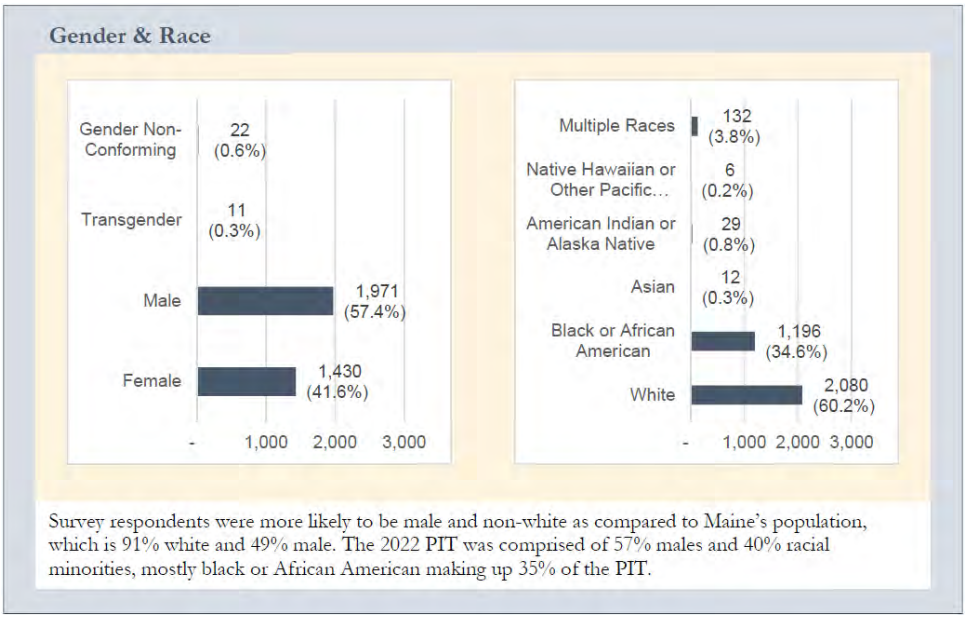
Renter Occupied Households

HOUSEHOLD INCOMI	Estimate	Margin Of Error	Total
30% of Median Household Income	1,665	+/-266	**4,052**
50% of Median Household Income	3,804	+/-529	**9,416**
80% of Median Household Income	6,849	+/-967	**18,155**
Total =	**12,318**		

Source: MSHA Housing Characteristics Report

Over 57% of the survey respondents indicated household income levels below 80% of the Area Median Income (AMI), meaning their household would already qualify for assistance under traditional HOME programs. Furthermore, over 24% of respondents indicated a household income under 30% AMI, meaning they would qualify as “At Risk of Homelessness” as defined in 24 CFR 91.5. Of the total respondents, 36% indicated that their household income was negatively impacted by the Covid-19 pandemic. A further 34% also indicated their families access to food and household necessities was made more difficult due to the pandemic. Regarding housing, 14% of respondents indicated that their access to adequate housing was negatively impacted this past year.

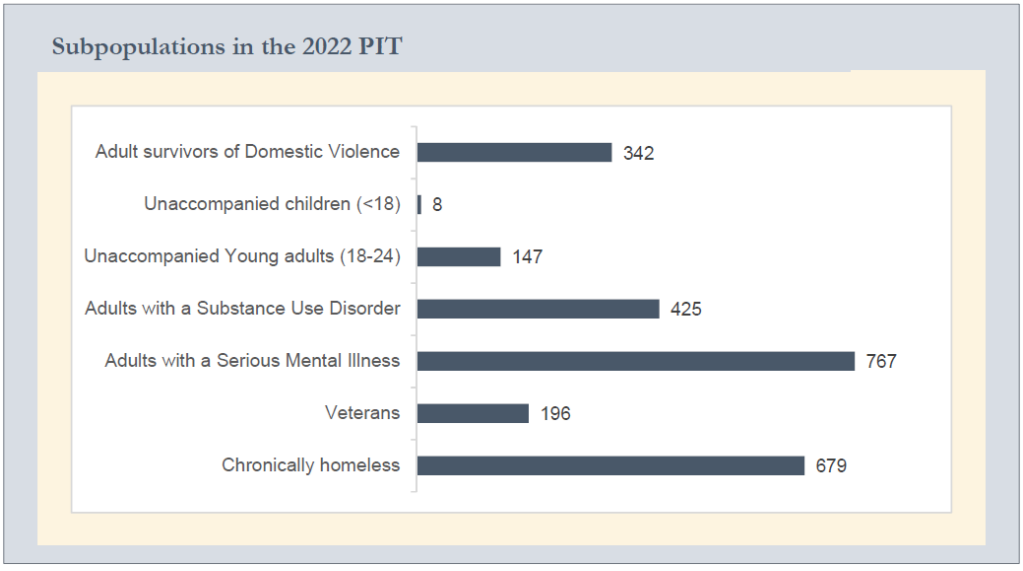
Demographic data provided by MSHA PIT report, as summarized below, indicate that most of the respondents are white males, although this percentage is disproportionately lower than the states overall population.



MSHA PIT Report 1

Lastly, through consultation with local housing authorities provided data on the Housing Choice Voucher centralized waitlist provided the quantification of 454 current applicants. 411 applicants currently qualify under 60% AI with 121 applicants residing in "temporary residences", 26 being housed in a shelter or hotel and 33 reporting that they are currently "living in a place not normally used for housing." Lastly, 57 of the current waitlist applicants are households of 3 or more.

The unmet needs relating to this QP includes additional support for adults with substance abuse or mental illness. As demonstrated by the MSHA PIT report on subpopulations the vast majority of respondents are, in order of prevalence, Adults with serious mental illness, chronically homeless and adults with substance abuse disorders.



MSHA PIT Report 2

Fleeing, or Attempting to Flee, Domestic Violence, Dating Violence, Sexual Assault, Stalking, or Human Trafficking, as defined by HUD in the Notice

Information provided by SafeVoices, a domestic abuse shelter service provider currently operating a 17-bed shelter, demonstrates an average 44 shelter requests per month. Safe Voices has been committed to the mission of supporting and empowering those affected by domestic violence and human trafficking and engaging the community in creating social change in Androscoggin, Oxford, and Franklin counties for 45 years.

As indicated in the above MSHA subpopulation summary, adult survivors are the 4th largest subpopulation. This is mirrored in the Lewiston Shelter Committee's assertation that the primary cause of homelessness for women is domestic abuse and violence. Although MSHA PIT reports reference 110 persons being located within domestic violence shelters, further information regarding demographics for this population are less available due to the anonymous nature of the locations and subpopulations serviced.

In their last fiscal year, SafeVoices alone received a total of 325 local shelter requests but were only able to house 83 individuals. This leaves an unmet need of 242 families which were under-served by the current capacity. The unmet need reported by DV focused shelter operators is additional funds and support for TBRA and subsidized housing programs to aid in the re-housing of their current population as well as a larger public awareness campaign to address the increasing instances of domestic violence they are seeing in recent years.

Other populations requiring services or housing assistance to prevent homelessness and other populations at greatest risk of housing instability, as defined by HUD in the Notice

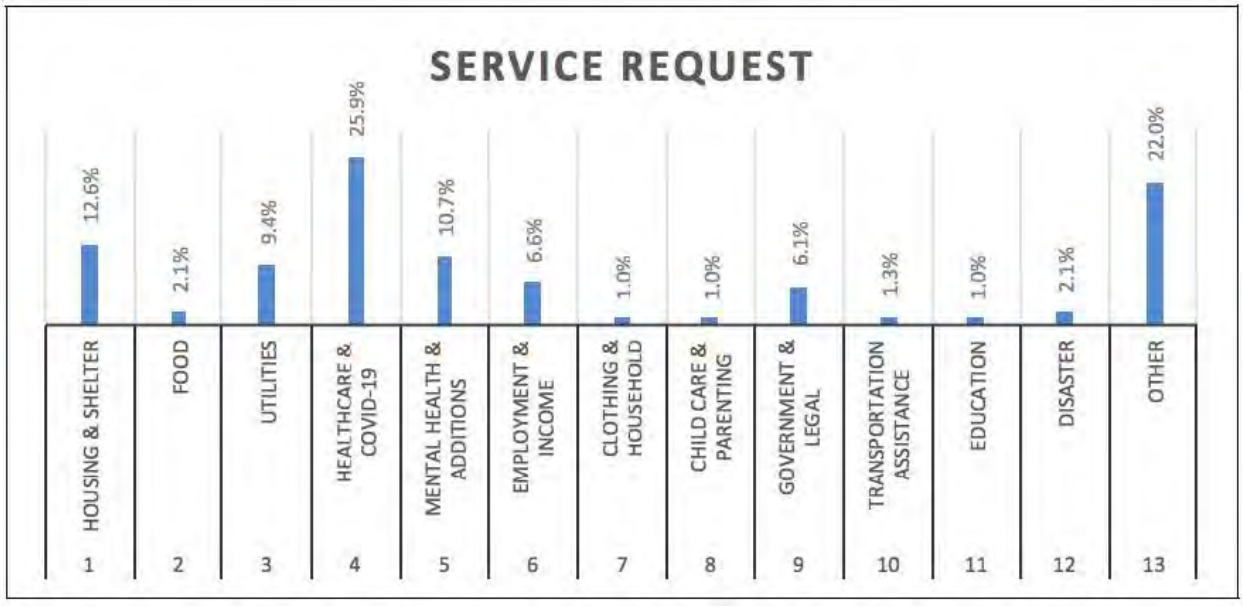
In looking to better assess the at-risk population the ALHC staff reached out the current Emergency Rental Assistance providers for concrete numbers related to the impending end of the current Emergency Rental Assistance program. This program, which locally administered by Community Concepts Inc, has serviced 1,118 non-duplicated households as of March 2022. With the scheduled closure of the Ramada Inn Emergency Homeless shelter and the end of the ERA program funding, preparations for a dramatic increase in housing assistance needs are being developed.

	2015 Income below Poverty Level			2020 Income below Poverty Level		
	Households	Margin of Error Households in Poverty	% of Family Type in Poverty	Households	Margin of Error Households in Poverty	% of Family Type in Poverty
Total Households	7,041	+/-515	15.8%	5,410	+/-503	11.8%
Family Households	3,179	+/-351	11.4%	1,931	+/-346	7.0%
Married Couple Fam HH	905	+/-185	4.4%	569	+/-194	2.8%
M C Fam HH w/Children	508	+/-139	6.5%	358	+/-164	4.7%
Male Head of Family HH	368	+/-140	16.7%	194	+/-90	8.2%
Male Head of HH w/Children	341	+/-138	21.7%	132	+/-73	8.4%
Female Head of Family HH	1,906	+/-293	38.3%	1,168	+/-296	24.6%
Female Head of HH w/Children	1,816	+/-280	47.2%	962	+/-291	31.6%
Non-Family HH	3,862	+/-394	22.9%	3,479	+/-469	19.2%
			Total=	14,203		

Source: MSHA Housing Characteristics Report

Additional data below indicates a total of over 14, 000 households within Androscoggin which have reported incomes below the poverty line. These families qualify as having characteristics of housing associated with instability and increase risk of homelessness, which includes having a household income of less than 30% AMI and/or paying more than 50% of their monthly income toward housing expenses.

In addition to the traditional unmet needs of other populations, the Lewiston Shelter Committee derived data from the United Way 2-1-1 call for assistance between May 2021 through May 2022. Although only 12% of the calls were categorized as housing, the data also indicates additional unmet needs of the population such as 9.4% regarding assistance with utilities and 25.9% as healthcare.



Lewiston Shelter Committee Report 2022 1

In addition to the current homelessness crisis and the influx of more refugee families into a jurisdiction already coping with a housing shortage is the impending end of the current Emergency Rental Assistance program. This program, which locally administered by Community Concepts Inc,

has serviced 1,118 non-duplicated households as of March 2022. These populations are currently being housed within hotels and apartments funded through the ERA or General Assistance programs within the jurisdiction. Simultaneously, as the ERA program is coming to a funding cliff, the GA program has announced that the hotels will no longer be pay going rates for housing refugees. As these funds shrink the unmet needs of these QPs will be new unit development with the necessary TBRA and subsidized housing to support these populations.

Identify and consider the current resources available to assist qualifying populations, including congregate and non-congregate shelter units, supportive services, TBRA, and affordable and permanent supportive rental housing (Optional):

Current resources provided within the jurisdiction include 5 overnight shelters which provide a total of 83 overnight beds. Additional resources include drop-in shelters and food pantries.

The General Assistance offices of both cities work proactively to prevent LMI families from becoming homeless. These efforts are not just based on the use of General Assistance funds but also the addition of wrap-around support services rooted in their proactive community roles. Similarly, the Auburn Public Health office continues to work with residential institutions to match needs with readily dwindling community housing and support resources. These include current TBRA programs within both cities which provide security deposit assistance in the form of grants to help house people when available units can be found.

The Community Development Office is adding a new, Homelessness Intervention Specialist position with an additional Mckinney-Vento style budget from the HOME-ARP allocation to provide additional services and resources to these at-risk qualified populations including additional TBRA services dedicated to QPs. Additional support service networks are being identified within this process including medical aid, education & job training providers as well as mental health and substance abuse counseling services which will better meet the needs of the unhoused subpopulations identified above.

Additionally, the Maine COC has added a new HUB Coordinator & Housing Navigator located at the Lewiston Housing Authority. This position will be the point of Coordinated Entry (CE) into the MCoC system, allowing the Community Development and Public Health teams to focus their efforts on crisis response and early intervention efforts.

Several new shelter initiatives are being developed within both cities. With the scheduled closure of the Ramada Inn Emergency Homeless shelter and the end of the ERA program funding set to expire on June 30th, 2022, preparations for a dramatic in housing needs are being developed. This plan allocates substantial funding and staff time to support these projects as they develop.

Identify any gaps within the current shelter and housing inventory as well as the service delivery system:

Community Concepts, who has been running the Emergency Rental Assistance program has reported a total of 1,118 non-duplicated households in the city of Auburn who have been assisted to date. As this program winds down, it is expected that these families will still need some form

of transitional Tennent Based Rental Assistance. More recently, MSHA has provided for government rate caps on rental assistance, which is substantially decreasing the number of hotel/motels that will accept discounted rates. The result being an anticipated eviction wave of residents currently housed within these privately owned facilities.

Total housing inventory data, as compiled by MSHA in 2021 for Androscoggin County demonstrates only a 2.6% vacancy rate for rental units. This rate is a causal reason for individuals to find themselves stuck within the shelter and transitional housing systems.

Units by Tenure & Vacancy

	2011-2015	%	Margin of Error 2011-2015	2016-2020	%	Margin of Error 2016-2020	% Change
Total Units	49,164		+/-154	50,053		+/-187	2%
Occupied Units	44,636	91% of Total	+/-483	45,906	92% of Total	+/-574	3%
Owner Occupied	28,372	64% of Occ.	+/-620	29,796	65% of Occ.	+/-724	5%
Renter Occupied	16,264	36% of Occ.	+/-596	16,110	35% of Occ.	+/-654	-1%
Vacant Units	4,528	9% of Total	+/-480	4,147	8% of Total	+/-541	-8%
Vacant For Sale	519	1.8% Vac.	+/-179	384	1.3% Vac.	+/-179	-26%
Vacant For Rent	681	4% Vac.	+/-213	423	2.6% Vac.	+/-146	-38%
Vacant Seasonal	1,110	2% of Total	+/-249	1,432	3% of Total	+/-363	29%

Data from the American Community Survey are estimates

Source: MSHA Housing Characteristics Report

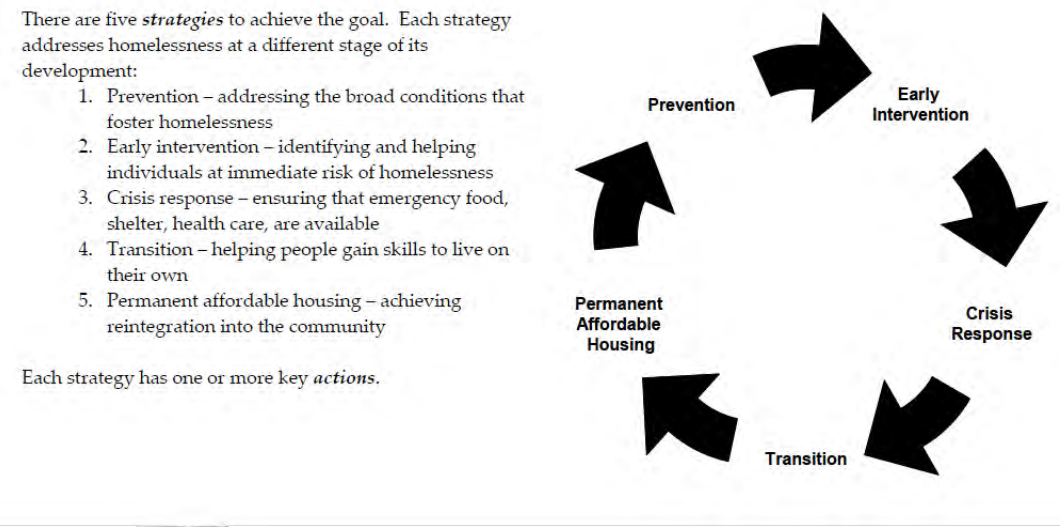
Although this plan expects to provide funding for 4 new affordable rental units, the ALHC regular allocation budget workplan expects to double that number. Historically, Auburn and Lewiston have added multiple large affordable housing projects in the past few years. According to statistics maintained by Maine Housing Authority 243 new affordable housing units have been created with MSHA funding (including Auburn & Lewiston Consortium funds) between 2019 and 2022. These buildings offer modern affordable amenities to public housing residents. Auburn Housing Authority has been transitioning to a voucher-based system allowing more aid to residents using privately owned units.

Additional gaps, as identified within the MSHA PIT subpopulation report highlight the substantive calls for wrap-around services by individuals and organizations consulted during the development of this plan. Additional calls for assistance in funding allowable medical expenses such as non-cosmetic dental care, transportation, life skills training and substance abuse services.

Identify priority needs for qualifying populations:

Priority needs for qualified homeless, at-risk, and domestic abuse populations include additional direct field services and case management is also needed to aid in the transition from the high-need unhoused population into openings within the current structures and non-profit service providers across the jurisdiction. To achieve the best outcomes for the largest populations a service-first model that incorporates direct outreach services will be prioritized. On-scene assessments and triage will allow city service providers to offer custom fit responses that address direct and immediate needs of the unhoused and underhoused population. The goal of the service-first programming is to better assist the population in accessing the coordinated entry system at one of the multiple service providers which they may otherwise not be able to access due to the unmet service needs identified above.

The Auburn Community Development Department, the Auburn Housing Authority, the Lewiston-Auburn Alliance for Services to the Homeless, the Lewiston Community Development Department, the Lewiston Housing Authority, Community Concepts, Healthy Androscoggin, and other city departments, and local and regional nonprofit organizations coordinate closely in the planning and delivery of housing services. However, there are not enough resources among all the partners to meet the identified needs. Additional funding from HOME-ARP will be utilized to expand service capacity for regional providers which specialize in mental health, out-patient medical services, transportation, life skill/job training as well as substance abuse.



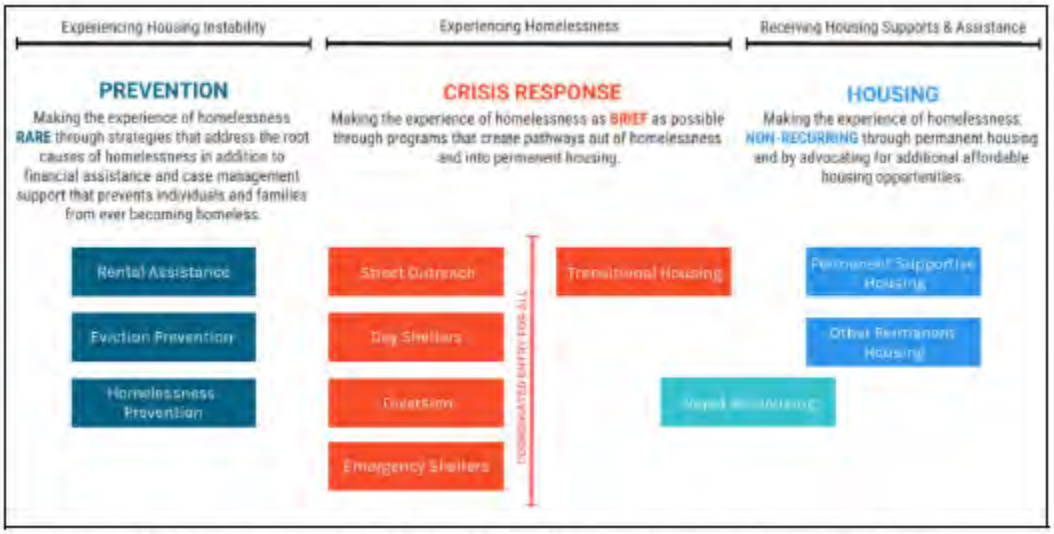
There are five ***strategies*** to achieve the goal. Each strategy addresses homelessness at a different stage of its development:

1. Prevention – addressing the broad conditions that foster homelessness
2. Early intervention – identifying and helping individuals at immediate risk of homelessness
3. Crisis response – ensuring that emergency food, shelter, health care, are available
4. Transition – helping people gain skills to live on their own
5. Permanent affordable housing – achieving reintegration into the community

Each strategy has one or more key ***actions***.

Lewiston Auburn Homeless Strategy - 2009 1

The strategy laid out in 2009 (above) has changed very little as demonstrated by the current day Continuum of Care implementation and strategy graphic (below). The key to addressing and ending homelessness is not simply the development of new affordable housing units but bust include a priority focus on prevention and crisis intervention.



Continuum of Care graphic provided by Jessica Chow, Hub Coordinator, Androscoggin County

Still, the development of new, affordable housing units in needed as part of a wholistic approach to ease the congestion within the current shelter as well as transitional housing systems. Waiting lists for services at the housing authorities are long. By leveraging private developers to construct more affordable units and engage with the Section 8 voucher program multiple agencies would be increasing efficiency and ability to better serve the 434 low-to-moderate income residents currently on the Section 8 wait list. By engaging with the new HUB Coordinator through a dedicated Housing Intervention Specialist position within the city these production efforts can be aided with wrap-around services necessary to move residents in need through a better organized structure with concrete benchmarks and measurable goals.

Explain how the PJ determined the level of need and gaps in the PJ's shelter and housing inventory and service delivery systems based on the data presented in the plan:

Housing inventory has been a recent topic for all income brackets within Auburn and Lewiston as of late. Private development of multi-unit housing projects is on the rise across Auburn. As reported by the Auburn Planning & Permitting Department, there are a total of 102 new units in 3 different projects expected to come into service by the end of 2022. Another 423 new units are also in process to be completed by 2023, and 196 seeking approval for 2024. The large, and rapid increase in new unit development, coupled with Auburn Housing Authority's conversion to a voucher-based system will have a notable impact on addressing not just the over-all housing shortage, but will also make much needed headway in the alleviation of the shortage of affordable housing. This increase will better serve the current 454 housing voucher holders currently on the waitlist within the jurisdiction.

The Lewiston Shelter Committee has completed the most recent and comprehensive assessment of housing services. In their report they identified that rents have risen 38.2% over the past 10 years which not only places more families within the at-risk population as the percentage of their housing-cost burdens go up but has driven more new residents to relocate to the area from more expensive markets. Even with substantially new affordable units going online demand is outpacing supply and thus creating scarcity.

The Lewiston Shelter Committee was also very prescriptive in their determination that the jurisdiction needs an additional 80-160 shelter beds to meet demand. Although the process to develop and support new additional shelter development has received substantial community and political opposition, including a moratorium stopping any new shelter development in Lewiston, zoning reforms are under way in both cities to help aid in the development of new affordable housing units.

HOME-ARP Activities

Describe the method(s)that will be used for soliciting applications for funding and/or selecting developers, service providers, subrecipients and/or contractors:

The ALHC will draft a Request for Proposals (RFP) to choose projects, service providers and developers to receive HOME-ARP awards. The applicants must demonstrate how funding will be used to create affordable housing and provide allowable services as detailed by HUD CPD notice 21-10. These services may include the following:

- Childcare and related expenses

- Education services
- Employment Assistance and job training
- Food
- Housing search and counseling services
- Legal services
- Life Skills training
- Mental health services
- Outpatient health services
- Substance abuse treatment services
- Transportation
- Case management
- Services for special populations
- Financial assistance

Applicants will be scored according to a rubric including points for criteria such as developer experience, capacity building, services offered, housing need, project readiness, compliance to existing land use requirements, and availability of match funding. Applicants must submit application materials by a specific deadline. Applications will be scored by the ALHC management team and will award funding in order of scoring results until there are no remaining funds available. The applicants will be developers or service providers who must describe their own experience as well as that of any service providers, contractors, or consultants with whom they wish to partner. Application exhibits must demonstrate the financial feasibility of the projects, conformity to HOME-ARP requirements, commitments for services and other funding sources, site control, compliance with land use requirements, and detailed construction plans.

Describe whether the PJ will administer eligible activities directly:

These services are being developed in response to quantifiable data collected by the Auburn Lewiston HOME Consortium in partnership with multiple city department, service providers and non-profits. This plan contains two key elements. The first is to provide funding for qualified services to include both **Tenant Based Rental Assistance (TBRA)**, which includes security deposits and utility deposits for qualified households, as well as **Direct Support Services (DSS)** to include McKinney-Vento Support Services and Homelessness Prevention supportive services directly as described above as well as competitively selecting local service providers to fill identified service gaps.

The second key element will be the creation of a Crisis Response Team (CRT) comprised by a Housing Resource Coordinator funded by HOME-ARP as well as a Mental Health service provider funded by city ARPA funds. The City of Auburn will be creating one 3-year field service provider position focused on responding to the needs of community members experiencing homelessness, who are at risk of homelessness or who are fleeing domestic/dating violence, sexual assault, or human trafficking. These services will be provided directly by city staff when possible. Where

specialization is required, clients will be referred, and services facilitated by approved grant subrecipients.

These direct support service providers, housed in the Auburn Community Development Office, will work proactively across city departments including the School Departments, Police Departments and General Assistance Departments to provide advocacy and support services to residents at their time of need. These positions will assist with identifying unsheltered homeless or at-risk neighbors through direct outreach with and referrals from the Auburn Police Department, Auburn Fire Department, Auburn School Department, Public Health Manager, and General Assistance Manager as needed. This may include meeting with individuals in encampments, shelters, warming locations, and other locations not meant for human habitation. The work schedule will include some evening and weekend hours where the Specialist will assess the needs of the individuals identified and facilitate placement into emergency or short-term housing as needed.

By engaging with the new HUB Coordinator through a dedicated Housing Resource Coordinator position within the city these production efforts can be aided with wrap-around services necessary to move residents in need through a better organized structure with concrete benchmarks and measurable referrals to the Coordinated Entry system, partners operating transitional or supportive housing or permanent housing when available.

If any portion of the PJ's HOME-ARP administrative funds are provided to a subrecipient or contractor prior to HUD's acceptance of the HOME-ARP allocation plan because the subrecipient or contractor is responsible for the administration of the PJ's entire HOME-ARP grant, identify the subrecipient or contractor and describe its role and responsibilities in administering all the PJ's HOME-ARP program:

The ALHC did not provide administration funds to a subrecipient prior to HUD's acceptance of the HOME-ARP allocation plan.

Use of HOME-ARP Funding

	Funding Amount	Percent of the Grant	Statutory Limit
Supportive Services	$994,419	58%	
Acquisition and Development of Non-Congregate Shelters	$0	0%	
Tenant Based Rental Assistance (TBRA)	$60,000	4%	
Development of Affordable Rental Housing	$350,000	21%	
Non-Profit Operating	$90,000	5%	5%
Non-Profit Capacity Building	$0	0%	5%
Administration and Planning	$206,410	12%	15%
Total HOME ARP Allocation	**$1,700,829**	**100%**	

Describe how the PJ will distribute HOME-ARP funds in accordance with its priority needs identified in its needs assessment and gap analysis:

In 2001, Auburn and Lewiston formed a consortium with Auburn as the lead agency to receive HOME Investment Partnerships Program funds. The consortium was formed to meet the funding threshold for HOME funds. Auburn, serving as the program sponsor, utilizes 75% of the portion of the allocations which can be set aside for administration of the HOME program to cover the overall administration of the program for the Consortium. Lewiston utilizes the remaining 25% for their administration costs. The balance of current year allocations is then divided evenly between both cities to provide programing.

Describe how the characteristics of the shelter and housing inventory, service delivery system, and the needs identified in the gap analysis provided a rationale for the plan to fund eligible activities:

Families and individuals who are homeless or at risk of homelessness require access to many numerous types of resources and services. The gap analysis performed by the ALHC identified the three highest priorities as being affordable housing and supportive services. This approach is intended to quickly and successfully connect individuals and families experiencing homelessness to permanent housing as well as the supportive services needed to maximize housing stability and prevent returns to homelessness.

What the MSHA PIT, the CHAS & ACS data clearly demonstrates is the need for better data. The lack of use of the HMIS system can be addressed by the city service providers reporting all their interactions and activities around housing, homelessness, and at-risk populations either directly or indirectly to the coordinated entry system. This ALHC takes the lack of on the ground data seriously and has built in a mechanism for not just responding to the demonstrated needs which have been established through direct consultation with area service providers and locally executed community surveys, but also provides for a new direct service provider which will be reporting to the MSHA system. This will build the basis for developing a more permanent, sustainable, and integrated response system which meets the unmet needs of the homeless and at-risk population.

Current day MSHA has made dramatic steps to improve local services for the homeless population by, as recently as March 2022, funding a new HUB Coordinator position located at Lewiston Housing Authority whose role will be to better assess the current data collection methods and coordinate service delivery through the various and disparately funded shelters and service providers.

HOME-ARP Production Housing Goals

Estimate the number of affordable rental housing units for qualifying populations that the PJ will produce or support with its HOME-ARP allocation:

The ALHC anticipates 4 affordable rental units for qualified populations will be produced with HOME-ARP funds.

Describe the specific affordable rental housing production goal that the PJ hopes to achieve and describe how the production goal will address the PJ's priority needs:

The ALHC will prioritize projects that are able to be developed quickly and that can operate with sufficient operating and supportive service dollars to meet the needs of tenants. As noted above, it is anticipated that at least 4 units of affordable rental housing units will be developed. The units developed with HOME-ARP funds will meet the ALHC's Consolidated Plan Priorities of Improving and Preserving the Quality of Housing and Expanding Affordable Housing Opportunities.

Preferences

Identify whether the PJ intends to give preference to one or more qualifying populations or a subpopulation within one or more qualifying populations for any eligible activity or project:

The ALHC will not provide preferential services for a subset of the qualified populations within the service area.

If a preference was identified, explain how the use of a preference or method of prioritization will address the unmet need or gap in benefits and services received by individuals and families in the qualifying population or subpopulation of qualifying population, consistent with the PJ's needs assessment and gap analysis:

The ALHC will not provide preferential services for a subset of the qualified populations within the service area.

Referral Methods

Identify the referral methods that the PJ intends to use for its HOME-ARP projects and activities. PJ's may use multiple referral methods in its HOME-ARP program. (Optional):

A waitlist will be established for each HOME-ARP project.

If the PJ intends to use the coordinated entry (CE) process established by the CoC, describe whether all qualifying populations eligible for a project or activity will be included in the CE process, or the method by which all qualifying populations eligible for the project or activity will be covered. (Optional):

The ALHC does not intend to use the coordinated entry process for referrals.

If the PJ intends to use the CE process established by the CoC, describe the method of prioritization to be used by the CE. (Optional):

The ALHC does not intend to use the coordinated entry process for referrals.

If the PJ intends to use both a CE process established by the CoC and another referral method for a project or activity, describe any method of prioritization between the two referral methods, if any. (Optional):

The ALHC does not intend to use the coordinated entry process for referrals.

Limitations in a HOME-ARP rental housing or NCS project

Describe whether the PJ intends to limit eligibility for a HOME-ARP rental housing or NCS project to a particular qualifying population or specific subpopulation of a qualifying population identified in section IV.A of the Notice:

The ALHC will not limit eligibility to a particular qualifying population.

If a PJ intends to implement a limitation, explain why the use of a limitation is necessary to address the unmet need or gap in benefits and services received by individuals and families in the qualifying population or subpopulation of qualifying population, consistent with the PJ's needs assessment and gap analysis:

The ALHC will not limit eligibility to a particular qualifying population.

If a limitation was identified, describe how the PJ will address the unmet needs or gaps in benefits and services of the other qualifying populations that are not included in the limitation using HOME-ARP funds (i.e., through another of the PJ's HOME-ARP projects or activities):

The ALHC will not limit eligibility to a particular qualifying population.

HOME-ARP Refinancing Guidelines

Establish a minimum level of rehabilitation per unit or a required ratio between rehabilitation and refinancing to demonstrate that rehabilitation of HOME-ARP rental housing is the primary eligible activity

The ALHC will not provide refinancing activities with HOME-ARP funds.

Require a review of management practices to demonstrate that disinvestment in the property has not occurred; that the long-term needs of the project can be met; and that the feasibility of serving qualified populations for the minimum compliance period can be demonstrated.

The ALHC will not provide refinancing activities with HOME-ARP funds.

State whether the new investment is being made to maintain current affordable units, create additional affordable units, or both.

The ALHC will not provide refinancing activities with HOME-ARP funds.

Specify the required compliance period, whether it is the minimum 15 years or longer.

The ALHC will not provide refinancing activities with HOME-ARP funds.

State that HOME-ARP funds cannot be used to refinance multifamily loans made or insured by any federal program, including CDBG.

The ALHC will not provide refinancing activities with HOME-ARP funds.

Other requirements in the PJ's guidelines, if applicable:

The ALHC will not provide refinancing activities with HOME-ARP funds.

HOME-ARP CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the participating jurisdiction certifies that:

Affirmatively Further Fair Housing --The jurisdiction will affirmatively further fair housing pursuant to 24 CFR 5.151 and 5.152.

Uniform Relocation Act and Anti-displacement and Relocation Plan --It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, (42 U.S.C. 4601-4655) and implementing regulations at 49 CFR Part 24. It will comply with the acquisition and relocation requirements contained in the HOME-ARP Notice, including the revised one-for-one replacement requirements. It has in effect and is following a residential anti-displacement and relocation assistance plan required under 24 CFR Part 42, which incorporates the requirements of the HOME-ARP Notice. It will follow its residential anti-displacement and relocation assistance plan in connection with any activity assisted with funding under the HOME-ARP program.

Anti-Lobbying --To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and

3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction --The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations and program requirements.

Section 3 --It will comply with section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u) and implementing regulations at 24 CFR Part 75.

HOME-ARP Certification --It will use HOME-ARP funds consistent with Section 3205 of the American Rescue Plan Act of 2021 (P.L. 117-2) and the CPD Notice: Requirements for the Use of Funds in the HOME-American Rescue Plan Program, as may be amended by HUD, for eligible activities and costs, including the HOME-ARP Notice requirements that activities are consistent with its accepted HOME-ARP allocation plan and that HOME-ARP funds will not be used for prohibited activities or costs, as described in the HOME-ARP Notice.

ORDER 132-09192022

City Council Order

IN CITY COUNCIL

ORDERED, that that City Council hereby amend the PY21 Action Plan to include the Auburn-Lewiston Consortium HOME-ARP Plan as recommended by the Business & Community Development Office.

Richard Whiting, Ward One
Joseph Morin, Ward Four
Belinda A. Gerry, At Large

Ryan Hawes, Ward Two
Leroy G. Walker, Ward Five
Jason J. Levesque, Mayor

Stephen G. Milks, Ward Three
Dana Staples, At Large
Phillip L. Crowell, Jr., City Manager

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: September 19, 2022 **Ordinance:** 21-09192022

Author: Jeff Tardif, General Assistance Manager-Health & Social Services

Subject: Adoption of Appendices for General Assistance, Effective 10/01/2022 through 9/30/2023

Information: I am seeking approval of the new General Assistance maximums. They Are: Appendix A (The GA overall maximums), Appendix B (the food maximums), Appendix C (Lewiston/Auburn MSA rental maximums), and Recovery Residences.

These maximums are established as a matter of State law based on certain federal and HUD fair market values. These appendices are filed with the Department of Health and Human Services (DHHS) in compliance with title 22 M.R.S.A § 4305(4).

****By adopting the new appendices A-C, the program will be in compliance and receive the 70% reimbursement from the State****

City Budgetary Impacts: The overall maximums (Appendix A) are an average increase of $21.00 per person/household per month. The food maximums (Appendix B) are an average increase of $25.00 per individual per month. The housing maximums (Appendix C) are an average increase of $53.00 per household per month. Electricity (Appendix D) with and without hot water increased $9.00 per person, per month. *There are no changes in appendices E-H*

Staff Recommended Action: Approval of changes to the General Assistance Appendices A-C, and Recovery Residences as required by State statute and ordinance. First reading: 9/19/2022. Second reading: 10/03/2022.

Previous Meetings and History: This is a yearly approval needed by council when changes are made to the appendices.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: Health & Social Services FY 22/23
Appendix A, Overall Maximums
Appendix B, Food Maximums
Appendix C, Housing Maximums
Recovery Residences
Ordinance & Adoption form for 22/23

***Please review the attached appendices A-C and Recovery Residences ***

Budgetary Impacts:

For Appendix A: The overall maximum was increased slightly this year (see chart below). This is the maximum amount that General Assistance can assist for a 30-day period.

Current Overall Maximums:

Lewiston/Auburn MSA Auburn, Durham, Greene, Leeds, Lewiston. Lisbon, Livermore, Livermore Falls, Mechanic Falls, Minot, Poland, Sabattus, Turner, Wales	1 $754.00	2 $811.00	3 $1,042.00	4 $1,335.00	5 $1,652.00

New Overall Maximums:

Lewiston/Auburn MSA Auburn, Durham, Greene, Leeds, Lewiston. Lisbon, Livermore, Livermore Falls, Mechanic Falls, Minot, Poland, Sabattus, Turner, Wales	1 $795.00	2 $859.00	3 $1,099.00	4 $1,427.00	5 $1,728.00

For Appendix B: The overall food maximums have increased (see chart below). These amounts are set by the USDA Thrifty Food Plan and take into effect on October 1st, 2021.

Number in household	Old SNAP amount	New SNAP amount
1	**$250.00**	**$281.00**
2	**$459.00**	**$516.00**
3	**$658.00**	**$740.00**
4	**$835.00**	**$939.00**
5	**$992.00**	**$1,116.00**
6	**$1,190.00**	**$1,339.00**
7	**$1,316.00**	**$1,480.00**
8	**$1,504.00**	**$1,691.00**

For Appendix C: The housing maximums had a slight increase this year (see chart below). The Department of Housing and Urban Development (HUD) sets these new guidelines based on the fair market value of property in our area.

Current housing maximums:

Lewiston/Auburn MSA	Unheated		Heated	
Bedroom Size	Weekly	Monthly	Weekly	Monthly
0	$140.00	$601.00	$163.00	$701.00
1	$143.00	$616.00	$174.00	$749.00
2	$185.00	$796.00	$226.00	$970.00
3	$241.00	$1,038.00	$291.00	$1,251.00
4	$299.00	$1,285.00	$360.00	$1,549.00

New housing maximums:

Lewiston/Auburn MSA	Unheated		Heated	
Bedroom Size	Weekly	Monthly	Weekly	Monthly
0	$153.00	$660.00	$181.00	$780.00
1	$159.00	$684.00	$196.00	$842.00
2	$203.00	$872.00	$251.00	$1,078.00
3	$267.00	$1,150.00	$326.00	$1,403.00
4	$322.00	$1,386.00	$395.00	$1,699.00

Recovery Residences: (New)

Lewiston/Auburn MSA	Heated	
As of 7/1/2022	Weekly	Monthly
	$131.08	561.75

Lewiston/Auburn MSA	Heated	
As of 10/1/2022	Weekly	Monthly
	$147.35	$631.50

Prior to July 1st, 2022, Auburn GA was paying $273.00 a month for recovery residence rent (based on the previous rule).

Appendix B
Effective: 10/01/22 to 09/30/23

2022-2023 Food Maximums

Please Note: The maximum amounts allowed for food are established in accordance with the U.S.D.A. Thrifty Food Plan. As of October 1, 2022, those amounts are:

Number in Household	Weekly Maximum	Monthly Maximum
1	$ 65.35	$ 281.00
2	120.00	516.00
3	172.09	740.00
4	218.37	939.00
5	259.53	1,116.00
6	311.40	1,339.00
7	344.19	1,480.00
8	393.26	1,691.00

Note: For each additional person add $211 per month.

2022-2023 GA Housing Maximums
(Heated & Unheated Rents)

NOTE: NOT ALL MUNICIPALITIES SHOULD ADOPT THESE SUGGESTED HOUSING MAXIMUMS! Municipalities should ONLY **consider** adopting the following numbers, if these figures are consistent with local rent values. If not, a market survey should be conducted and the figures should be altered accordingly. The results of any such survey must be presented to DHHS prior to adoption. **Or**, no housing maximums should be adopted and eligibility should be analyzed in terms of the Overall Maximum—Appendix A. *(See Instruction Memo for further guidance.)*

APPENDIX D - UTILITIES

ELECTRIC

NOTE: For an electrically heated dwelling also see "Heating Fuel" maximums below. But remember, an applicant is ***not automatically*** entitled to the "maximums" established—applicants must demonstrate need.

1) Electricity Maximums for Households *Without Electric Hot Water*: The maximum amounts allowed for utilities, for lights, cooking and other electric uses ***excluding*** electric hot water and heat:

Number in Household	Weekly	Monthly
1	$19.95	$ 85.50
2	$22.52	$ 96.50
3	$24.97	$107.00
4	$27.53	$118.00
5	$29.88	$128.50
6	$32.55	$139.50

NOTE: For each additional person add $10.50 per month.

2) Electricity Maximums for Households *With Electrically Heated Hot Water*: The maximum amounts allowed for utilities, hot water, for lights, cooking and other electric uses ***excluding*** heat:

Number in Household	Weekly	Monthly
1	$29.63	$127.00
2	$34.07	$146.00
3	$39.67	$170.00
4	$46.32	$198.50
5	$55.65	$238.50
6	$58.68	$251.50

NOTE: For each additional person add $14.50 per month.

NOTE: For electrically heated households, the maximum amount allowed for electrical utilities per month shall be the sum of the appropriate maximum amount under this subsection and the appropriate maximum for heating fuel as provided below.

APPENDIX E - HEATING FUEL

Month	Gallons	Month	Gallons
September	50	January	225
October	100	February	225
November	200	March	125
December	200	April	125
		May	50

NOTE: When the dwelling unit is heated electrically, the maximum amount allowed for heating purposes will be calculated by multiplying the number of gallons of fuel allowed for that month by the current price per gallon. When fuels such as wood, coal and/or natural gas are used for heating purposes, they will be budgeted at actual rates, if they are reasonable. No eligible applicant shall be considered to need more than 7 tons of coal per year, 8 cords of wood per year, 126,000 cubic feet of natural gas per year, or 1000 gallons of propane.

APPENDIX F - PERSONAL CARE & HOUSEHOLD SUPPLIES

Number in Household	Weekly Amount	Monthly Amount
1-2	$10.50	$45.00
3-4	$11.60	$50.00
5-6	$12.80	$55.00
7-8	$14.00	$60.00

NOTE: For each additional person add $1.25 per week or $5.00 per month.

SUPPLEMENT FOR HOUSEHOLDS WITH CHILDREN UNDER 5

When an applicant can verify expenditures for the following items, a special supplement will be budgeted as necessary for households with children under 5 years of age for items such as cloth or disposable diapers, laundry powder, oil, shampoo, and ointment up to the following amounts:

Number of Children	Weekly Amount	Monthly Amount
1	$12.80	$55.00
2	$17.40	$75.00
3	$23.30	$100.00
4	$27.90	$120.00

Appendix G
Effective: 10/01/22-09/30/23

2022-2023 Mileage Rate

This municipality adopts the State of Maine travel expense reimbursement rate as set by the Office of the State Comptroller. The current rate for approved employment and necessary medical travel etc. is 46 cents (46¢) per mile.

Please refer to the Office of the State Controller for changes to this rate at 626-8420 or visit http://www.state.me.us/osc/

The Adoption Process

The **municipal officers (i.e., selectpersons/council) adopt the local General Assistance Ordinance and yearly Appendices**, even in town meeting communities. The law requires that the municipal officers conduct a ***notice and hearing*** prior to the adoption of the Ordinance and/or Appendices. Seven days posted notice is recommended, unless local law (or practice) provides otherwise.

At the hearing, the municipal officers should:

1) Allow all interested members of the public an opportunity to comment on the proposed ordinance;

2) End public discussion, close the hearing; and

3) Move and vote to adopt the ordinance and/or appendices either in its posted form or as amended in light of public discussion.

Municipalities May Establish Their Own Maximums

Municipalities may establish their own maximum levels of assistance provided that the proposed levels of assistance are reasonable and meet adequate standards sufficient to maintain the health and safety of applicants in the municipality. The municipality must submit to the Department documentation to justify these levels of assistance and verify that the figures developed are appropriate to maintain health and decency.

A municipality's maximum assistance level for Food may not be below the Department provided figures which are issued by the USDA and published annually following a study of cost of food for various family sizes. A market basket survey may be used to establish food maximums if the maximums provided by the USDA are insufficient to maintain health in the municipality. (C.M.R. 10-144, Chapter 323, Section V).

Filing of GA Ordinance and/or Appendices

Please remember that General Assistance law requires each municipality to send DHHS a copy of its ordinance once adopted, should that ordinance differ from the MMA Model. Any changes or amendments, such as new Appendices, must also be submitted to DHHS. DHHS will accept the enclosed "adoption sheet" as proof that your Municipal Officers have adopted the current MMA Model GA maximums and/or ordinance.

City of Auburn, Maine
General Assistance Office
Jeff Tardif, Manager

207.333.6601 Extension 1411

Pursuant to 22 M.R.S. § 4305(1), the municipal officers of the Municipality of **Auburn**, after notice and hearing, hereby amend the municipal General Assistance Ordinance by repealing and replacing appendices A through H of the existing ordinance with the attached appendices A through H, which shall be in effect from October 1, 2022, through September 30, 2023. This amendment will be filed with the Maine Department of Health & Human Services (DHHS) pursuant to 22 M.R.S. § 4305(4), and a copy of the ordinance and amended appendices shall be available for public inspection at the municipal office along with a copy of the 22 M.R.S. chapter 1161.

ORDINANCE 21-09192022

City Council Ordinance

IN CITY COUNCIL

AMENDING CHAPTER 24, ARTICLE II, DIVISION 1, SEC. 24-23 OF THE GENERAL ASSISTANCE ORDINANCE ANNUAL ADJUSTMENT OF MAXIMUM BENEFITS.

Be it Ordained, that the City Council hereby amends Chapter 24, Article II, Division 1, Sec. 24-23 of the General Assistance Ordinance Annual Adjustment of Maximum Benefits to incorporate the following maximum levels of assistance to be effective on and after October 1, 2022 through September 30, 2023, as follows:

Sec. 24-23. - Annual adjustment of maximum benefits.

(a) Each year the Maine Municipal Association provides the city three appendices providing maximum benefits applicable for the period beginning October 1 and ending September 30 as mandated by state law and based on certain federal values effective on October 1 of each year, as follows:

(1) Appendix A, a listing of overall maximum levels of general assistance relating to all Maine municipalities.

(2) Appendix B, a listing of maximum levels of assistance for food.

(3) Appendix C, a listing of maximum levels for heated and unheated housing.

(b) The portion of these annual appendices applicable to the city, as adopted each year by the city council, are made a part of this chapter as though fully set forth herein and a copy thereof is available in the Office of the City Clerk.

Editor's note— The appendices referred to in this section are not codified but are available in the office of the city clerk.

September 1, 2022

Memorandum: Mayors Ad Hoc Committee to develop permit ready housing plans

To: Auburn City Council, Auburn Planning Board, City Manager Crowell
CC: City Staff

As Auburn continues to experience high demand for multiple housing types coupled with our continual comprehensive plan implementation, we are faced with multiple questions on what type of home, how many units are allowable and who could design such a building are becoming common.

We are also faced with residents justified concerns that new construction will not fit into the current neighborhood aesthetic. In order to alleviate neighborhood concerns and provide a guide to builders, I am forming an Ad Hoc committee charged with the following: develop shovel ready building plans that will be offered as permit ready, and free of charge. Several plans should be developed for each of the following categories:

1. Townhome style homes, stand alone or up to a four pack
2. Detached ADU's
3. Single family homes on historically non-conforming lots (minimum road frontage)
4. Duplexes, triplexes, and fourplexes

The make up of this committee will be as follows:

1. Two residents from each of our five wards
2. Two planning board members chosen by either the Chair or by vote of the body
3. City staff as deemed appropriate by the City Manager
4. A paid architectural firm to be chosen through the city policy

I have asked the City manager to present an RFP and budget for the architectural firm at our next meeting for council approval.

Timeframe will be determined by the Ad Hoc committee, but the goal is to submit the plans to the planning board for approval or modification by February 2023.

While choosing a plan from this list shall not be a mandatory condition of construction, by offering these shovel ready plans free of charge to builders, the intent is to expedite and make new construction more cost effective while guiding style to what is acceptable within the neighborhoods that they will be built within.

ORDER 133-09192022

City Council Order

IN CITY COUNCIL

ORDERED, that the City Council hereby directs the City Manager to draft a Request for Proposal (RFP) procuring the solicitation of engineering and/or architectural services as part of the Accessory Dwelling Unit Initiative proposed by Council. This RFP will be drafted and published no later than sixty days from passage of this order. Selected respondent and associated cost will be presented to Council for review, approval, and funding.

Subject: Rules & Procedures Governing Open Session/Public Comment

---

Information: The City Manager will review a the proposed Rules & Procedures Governing Open Session and Public Comment.

City Budgetary Impacts: N/A

Staff Recommended Action: Consider passage of the proposed City Council Rules & Procedures Governing Open Session and Public Comment.

Previous Meetings and History: N/A

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: Draft Rules & Procedures Governing Open Session/Public Comment

RULES & PROCEDURES GOVERNING OPEN SESSION/PUBLIC COMMENT

City Council meetings are conducted to carry on the official business of the City of Auburn. All meetings of the City Council, except Executive Sessions, are open to the public. The public is cordially invited to attend City Council meetings, and to participate in them consistent with the provisions of this policy and with the exception of Council workshops, which are primarily intended for the Council and staff to review and discuss items prior to their appearance on a regular City Council meeting.

The intent of this policy is to allow a fair and adequate opportunity for the public to be heard, to express opinions and concerns related to the business of the City, and to provide adequate time for the City Council to obtain information and opinions on subjects before it while ensuring that the time allowed for public input does not interfere with the addressing the scheduled agenda.

To carry out these purposes, the following rules and procedures shall govern the public comment period at all Auburn city council meetings:

GENERAL OPEN SESSION

An open session, or public comment period, shall be conducted near the beginning and end of all regular City Council meetings, at which time Auburn residents will have the opportunity to be heard on matters directly relating to City business that ARE NOT included on the regular agenda. Individuals addressing the Council during the public comment period will limit their comments to (3) three minutes. Up to forty-five (45) minutes will be allocated for general public comment periods. If the general public comment period exceeds 45 minutes, the public comment period will be suspended by the Mayor to allow the Council to conduct its business and out of courtesy for those attending the meeting for a specific agenda item. If needed, the open session will continue at end of the meeting as listed in the agenda. The Council will not engage in dialogue with the public during this time. Questions posed during the public comment period will be followed up upon after the meeting. Individuals requesting further information should leave their contact information with the City Clerk.

Open session will not be conducted at workshops, emergency meetings, or special meetings of the City Council.

ADDRESSING SPECIFIC AGENDA ITEMS

Public comments will be allowed during a meeting on those items requiring a public hearing and on other items appearing on the agenda. These comments should be DIRECTLY related to the specific agenda item being addressed. Public comments will not be taken during workshops unless a request is made to the Mayor by an individual Councilor.

RULES GOVERNING OPEN SESSION

1. Since meetings are broadcast and recorded, persons wishing to speak must use the public podium located to the left side of the audience, and speakers must preface their comments by giving their full name and address.

2. Comments must be limited to issues or concerns DIRECTLY related to Auburn municipal government. Public comment on matters not related to the City business will not be allowed, so as

to make sure that all meetings are carried out in a productive and efficient time and in keeping with the interests of all who attend and participate in a Council meeting.

3. Per state law, found in Title 1, Section 408, complaints or charges from the public about an individual employee will not be permitted. Such comments should be directed to the City Manager for their immediate follow-up and review.

4. Comments related to the following will be ruled out of order by the Mayor:

    a. Specific situations that are in litigation, including those in which the City is a party (issues of a criminal or legal nature should be addressed with the Auburn Police Department or other criminal justice agency). Individual employees and/or employee groups will not be permitted to discuss matters for which complaint or grievance procedures are provided;
    b. Personal disputes between the speaker and other private residents not germane to City business; or
    c. Support for or opposition to any candidate for political office.

5. Individuals will be restricted to speaking once during the general public comment period and once per public comment period for each specific agenda item.

6. Individuals addressing the Council shall direct their remarks exclusively to the Mayor. No person other than the elected officials and the individual at the podium shall be permitted to enter into any discussion, either directly or through members of the Council. The public comment period is an opportunity for residents to express their views on matters relating to City business.

7. As a limited designated public forum, the City Council does not have the right to prohibit disparaging, rude and other remarks of a personal nature. But, because of the potential implications, including personal liability of the speakers, speakers are encouraged to strive to be accurate in their statements and avoid making personal, rude, or provocative remarks.

8. All statements should respect the dignity and seriousness of the proceeding.

9. Persons present at Council meetings shall not interrupt, nor applaud or otherwise express approval or disapproval of any statements made or actions taken at such meeting, except for those instances that are listed on the Council Agenda under Public Recognition where the Mayor or a City Councilor are formally recognizing and individual or group for their accomplishments.

FAILURE TO FOLLOW GUIDELINES

The Mayor will limit commentary that is determined not to be germane to City business or the topic at hand, or which violates any of the guidelines listed above. The Mayor will direct any individual not operating in accord with these guidelines to cease such action or risk being asked to be seated or removed. If such conduct continues, the Mayor will call a recess, request the removal of such person(s) from the Chambers, adjourn the meeting, or take other such appropriate action. Repeated violations by any individual will result in the Mayor revoking that individual's right to speak at future meetings. Should the Mayor fail to take action, any Councilor may move that the Mayor enforce the rules and guidelines and, if denied, request that the Council vote on the motion.

ORDER 134-09192022

City Council Order

IN CITY COUNCIL

ORDERED, that the City Council hereby adopts the City Council Rules & Procedures Governing Open Session and Public Comment.

"Maine's City of Opportunity"

Financial Services

TO: Phillip Crowell, City Manager

FROM: Jill Eastman, Finance Director

REF: August 2022 Financial Report

DATE: September 19, 2022

The following is a discussion regarding the significant variances found in the City's August financial report. Please note that although the monthly financial report contains amounts reported by the School Department, this discussion is limited to the City's financial results and does not attempt to explain any variances for the School Department.

The City has completed its second month of the current fiscal year. As a guideline for tracking purposes, revenues and expenditures should amount to approximately 16.66% of the annual budget. However, not all costs and revenues are distributed evenly throughout the year; individual line items can vary based upon cyclical activity.

Revenues

Revenues, for the City, collected through August 31st were $8,939,432, or 12.68%, of the budget, which is lower than last year at this time by 1.21%. The accounts listed below are noteworthy.

A. Excise taxes of $815,854-down $31,591 from last year.

B. Property tax revenue of $6,010,500 an increase over last year of $713,925. This is due to the timing of sending out the tax bills. This year we were about a week earlier than last fiscal year.

C. State Revenue Sharing for the month of August is 24.6% or $1,108,342. This is an increase over last year of $169,644.

Expenditures

City expenditures through August 31st were $5,392,895, or 10.51%, of the budget as compared to last year at $5,166,108 or 10.97%. Noteworthy variances are:

In the current fiscal year, the percentage of expenditures is actually less than last year by .46% but $226,787 difference. Most of the departments are in line with last year's expenditures.

Investments

This section contains an investment schedule as of August 31st with a comparison to July 31st. Currently the City's funds are earning an average interest rate of 0.41%.

Respectfully submitted,

Jill M. Eastman
Finance Director

Re: Financial Reports for August 31, 2022

Attached you will find a Statement of Net Assets and a Statement of Activities and budget to actual reports for Ingersoll Turf Facility for revenue and expenditures as of August 31, 2022.

As of the Budget for FY 22 – 23 Ingersoll operations has become part of the Recreation Department and is now budgeted in the General Fund. There is an offset Revenue line in the General Fund to help pay the costs. The only revenue and expenses that will now show in this report are those associated with Revenue Collections for rentals and other programs as well as program specific expenses.

INGERSOLL TURF FACILITY

Statement of Net Assets:
The Statement of Net Assets lists current assets, noncurrent assets, liabilities and net assets as of August 31, 2022.

Current Assets:
As of the end of August 2022 the total current assets of Ingersoll Turf Facility were $227,103. This consisted of cash and cash equivalents of $227,103.

Noncurrent Assets:
Ingersoll's noncurrent assets are the building and equipment that was purchased, less depreciation. The total value of the noncurrent assets as of August 31, 2022, was $61,779.

Liabilities:
Ingersoll had no accounts payable as of August 31, 2022, and an interfund payable of $22,334, which means they owe the General Fund $23,334.

Statement of Activities:

The statement of activities shows the current operating revenue collected for the fiscal year and the operating expenses as well as any nonoperating revenue and expenses.

The operating revenues for Ingersoll Turf Facility through August 2022 are $10,767. This revenue comes from the sponsorships, programs, rental income and batting cages.

The program operating expenses for Ingersoll Turf Facility through August 2022 were $7,733. These expenses include program supplies, and capital purchases. All building and maintenance costs are now located in the recreation budget.

As of August 31, 2022, Ingersoll has an operating of $3,034.

As of August 31, 2022, Ingersoll has an increase in net assets of $3,034.

Re: Arena Financial Reports for August 31, 2022

Attached you will find a Statement of Net Assets and a Statement of Activities and budget to actual reports for Norway Savings Bank Arena for revenue and expenditures as of August 31, 2022.

The Norway Savings Bank Arena report now includes a budget to actual comparison with last fiscal year for both revenues and expenditures.

NORWAY SAVINGS BANK ARENA

Statement of Net Assets:
The Statement of Net Assets lists current assets, noncurrent assets, liabilities and net assets and shows a comparison to the previous month, in this case, July 31, 2022.

Current Assets:
As of the end of August 2022 the total current assets of Norway Savings Bank Arena were ($1,311,794). These consisted of cash and cash equivalents of $280,710, accounts receivable of $49,006, and an interfund payable of $1,641,510, which means that Norway owes the General Fund $1,641,510 at the end of August.

Noncurrent Assets:
Norway's noncurrent assets are equipment that was purchased, less depreciation (depreciation is posted at year end). The total value of the noncurrent assets as of August 31, 2022 was $147,691.

Liabilities:
NSB Arena had accounts payable of $45,133, and a net pension liability of $86,444 as of August 31, 2022.

Statement of Activities:

The statement of activities shows the current operating revenue collected for the fiscal year and the operating expenses as well as any nonoperating revenue and expenses.

The operating revenues for Norway Arena through August 2022 are $126,563. This revenue comes from the concessions, sign advertisements, pro shop lease, youth programming, shinny hockey, public skating and ice rentals.

The operating expenses for Norway Arena through August 2022 were $99,949. These expenses include personnel costs, supplies, utilities, repairs, capital purchases and maintenance.

As of August 2022, Norway Arena has an operating gain of $26,614 compared to the August 2021 operating gain of $62,345.

As of August 31, 2022, Norway Arena has a increase in net assets of $26,614.

c. City Manager Report

IX. Executive Sessions

X. Adjournment

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: October 3, 2022

Subject: Executive Session

Information: Legal consultation, pursuant to 1 M.R.S.A. Section 405(6) (E).

Executive Session: On occasion, the City Council discusses matters which are required or allowed by State law to be considered in executive session. Executive sessions are not open to the public. The matters that are discussed in executive session are required to be kept confidential until they become a matter of public discussion. In order to go into executive session, a Councilor must make a motion in public. The motion must be recorded, and 3/5 of the members of the Council must vote to go into executive session. An executive session is not required to be scheduled in advance as an agenda item, although when it is known at the time that the agenda is finalized, it will be listed on the agenda. The only topics which may be discussed in executive session are those that fall within one of the categories set forth in Title 1 M.R.S.A. Section 405(6). Those applicable to municipal government are:

A. Discussion or consideration of the employment, appointment, assignment, duties, promotion, demotion, compensation, evaluation, disciplining, resignation or dismissal of an individual or group of public officials, appointees or employees of the body or agency or the investigation or hearing of charges or complaints against a person or persons subject to the following conditions:
(1) An executive session may be held only if public discussion could be reasonably expected to cause damage to the individual's reputation or the individual's right to privacy would be violated;
(2) Any person charged or investigated must be permitted to be present at an executive session if that person so desires;
(3) Any person charged or investigated may request in writing that the investigation or hearing of charges or complaints against that person be conducted in open session. A request, if made to the agency, must be honored; and
(4) Any person bringing charges, complaints or allegations of misconduct against the individual under discussion must be permitted to be present. This paragraph does not apply to discussion of a budget or budget proposal;

B. Discussion or consideration by a school board of suspension or expulsion of a public school student or a student at a private school, the cost of whose education is paid from public funds, as long as:
(1) The student and legal counsel and, if the student is a minor, the student's parents or legal guardians are permitted to be present at an executive session if the student, parents or guardians so desire;

C. Discussion or consideration of the condition, acquisition or the use of real or personal property permanently attached to real property or interests therein or disposition of publicly held property or economic development only if premature disclosures of the information would prejudice the competitive or bargaining position of the body or agency;

D. Discussion of labor contracts and proposals and meetings between a public agency and its negotiators. The parties must be named before the body or agency may go into executive session. Negotiations between the representatives of a public employer and public employees may be open to the public if both parties agree to conduct negotiations in open sessions;

E. Consultations between a body or agency and its attorney concerning the legal rights and duties of the body or agency, pending or contemplated litigation, settlement offers and matters where the duties of the public body's or agency's counsel to the attorney's client pursuant to the code of professional responsibility clearly conflict with this subchapter or where premature general public knowledge would clearly place the State, municipality or other public agency or person at a substantial disadvantage;

F. Discussions of information contained in records made, maintained or received by a body or agency when access by the general public to those records is prohibited by statute;

G. Discussion or approval of the content of examinations administered by a body or agency for licensing, permitting or employment purposes; consultation between a body or agency and any entity that provides examination services to that body or agency regarding the content of an examination; and review of examinations with the person examined; and

H. Consultations between municipal officers and a code enforcement officer representing the municipality pursuant to Title 30-A, section 4452, subsection 1, paragraph C in the prosecution of an enforcement matter pending in District Court when the consultation relates to that pending enforcement matter.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: October 3, 2022

Author: Phil Crowell, City Manager

Subject: City Council Retreat

Information: The city council met November 8, 2021, for a retreat to develop the council vision and goals for the 2022 / 2023 term. At the retreat, we also discussed projects and budget goals.

To plan for the upcoming retreat, the council should determine the date, location, and topics for the agenda.

The final vision and goals document is attached as a review. Staff will be prepared to provide council with an update on the goals at the retreat.

Attachments: 2022 – 2023 City Council Vision and Goals

2021-2023 City Council Vision:

Auburn will embrace **possibilities** and create **opportunities**

The City of Auburn & the Auburn City Council are committed to promoting diversity, equity and inclusion. Our municipal government understands that embracing equity is fundamental to Auburn's continued success. Our "equity lens" and core values of **compassion, empathy, collaboration, accountability, diversity, leadership and service** will be applied to all decision-making. This will lead to positive outcomes including: thriving people, a thriving economy and a thriving community.

Council Goals

We will make our vision a reality by...

Planning for a better future

Develop education strategies for all stages of life that are dynamic, innovative, and collaborative to develop a foundation for economic and personal development. Attract quality businesses by creating an environment where business can succeed. Collaborate with existing partners to ensure and foster a sustainable, satisfying lifestyle. Recognize the value of historic, cultural, and artistic assets and activities in enriching lives and promoting community life. Support the development of future opportunities in culture and arts.

Reclaiming our streets

Develop clear identities for Auburn's downtown and industrials park that consider scale, connectivity, use and integrity to maximize their appeal. Invest in and maintain infrastructure necessary to provide a sustainable, safe, and livable environment.

Making housing more attainable

Efficiently utilize current housing stocks and sustainable targeted residential development that supports and attracts growth, residents, and workforce.

Enriching neighborhood identities

Support all residents by fostering a sense of unity while honoring diversity and coordinating community resources and assets to provide "wraparound" support to all residents. Dedicate resources to define our image and identity to build a sense of community.

Enacting resilient solutions

Create, support, and market an accessible, connected, and diverse network of recreation and natural resources that provides both destinations and pathways for residents. Continue to improve access to training programs designed to address workforce gaps. Provide diverse, well-rounded education by partnering with available resources and businesses. Protect funding and support educators, facilities, and accessibility.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: October 3, 2022

Author: John Blais, Deputy Director of Planning, Permitting and Code

Subject: Directing the City Manager to draft a Request for Proposal procuring the solicitation of engineering and/or architectural services as part of the Accessory Dwelling Unit Initiative proposed by Council.

Information: The Council on September 19, 2022, voted to direct the City Manager to draft a request for proposal (RFP) and budgeting for an architectural firm. This RFP will be drafted and published no later than sixty days from passage of this order. Selected respondent and associated cost will be presented to Council for funding approval. Proposal is tentatively due November 10, 2023. With completed deliverables by February 28, 2023.

City Budgetary Impacts: TBD by competitive RFP.

Staff Recommended Action: Review the written RFP suggest the council assign the Ad-hoc committee.

Previous Meetings and History: September 6 & 19 2022.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

City of Auburn, Maine
Office of Planning & Permitting
Eric Cousens, Director
www.auburnmaine.gov | 207.333.6601
60 Court Street, Auburn, Maine 04210

September 30, 2022

Dear Bidder,

The City of Auburn is accepting written **Engineering and Architectural (AE) proposals** for the Planning, Permitting and Code Department's **Shovel Ready Housing Plan.** The City reserves the right to accept or reject any or all proposals in whole or in part and to waive any informality the City may determine necessary. The City also reserves to itself the exclusive right to accept any proposal when it is deemed by the City to be in its best interest. The City of Auburn is governed by Title 1 M.R.S.A. § 401-410, otherwise known as the Freedom of Information Act, which considers bid specifications as public documents. In awarding any proposal, the City may consider, but not be limited to, any of the following factors: Bidder qualifications, price, experience, financial standing with the City, warranties, references, bonding, delivery date, and service of Bidder. Vendors/Consultants shall be current on all amounts due to the City of Auburn prior to the City entering into any contract agreement. All proposals must include FOB to Auburn, Maine unless otherwise specified.

Proposals will not receive consideration unless submitted in accordance with the following instructions to bidders.

Please mark sealed envelopes plainly: **Engineering and Architectural (AE) Proposals, Shovel Ready Housing Plans BID #2023-009."**

Questions regarding this Request for Bids should be written and directed to John Blais, Deputy Director of Planning, Permitting and Code, at jblais@auburnmaine.gov.

Please note: To bid, a required pre-submission meeting will be required to attend on Tuesday, October 18, 2022 at 10:00am in the Community Room, 60 Court Street, Auburn, ME.

Please submit your proposal to the City of Auburn by 2:00 p.m. **Thursday, November 10th, 2022.** Proposals will be opened at 2:00 p.m. Proposals must be delivered to **Derek Belanger, Facilities Manager/Purchasing Agent, 60 Court Street, Auburn, Maine 04210** on or before the date and time appointed. No proposals will be accepted after the time and date listed above.

Sincerely,

John Blais

SAMPLE AGREEMENT 7
BID PROPOSAL FORM 12
BID SCHEDULE 2022 13

CONDITIONS AND INSTRUCTIONS TO BIDDERS

1. Bidders shall use the enclosed bid form for quotations. Whenever, in bid forms, an article is defined by using a trade name or catalog number, the term "or approved equal", if not inserted, shall be implied.

2. Submit a separate unit price for each item unless otherwise specified in the bid request. Award will be made on a basis of each item, or as a group, whichever is in the best interest of the City. Prices stated are to be "delivered to destination".

3. Bid proposals must be completed in full, in ink and must be signed by firm official. Bid proposal **must be notarized** prior to bid being sealed and will be disqualified if not notarized. Bids may be withdrawn prior to the time set for the official opening.

4. Bids will be opened publicly. Bidders or representatives may be present at bid opening.

5. Awards will be made to the lowest responsible bidder, considering the quality of the materials, date of delivery, cost which meets specification and is in the best interest to the City of Auburn.

6. All transportation charges, including expense for freight, transfer express, mail, etc. shall be prepaid and be at the expense of the vendor unless otherwise specified in the bid.

7. The terms and cash discounts shall be specified. Time, in connection with discount offered, will be computed from date of delivery at destination after final inspection and acceptance or from date of correct invoice, whichever is later.

8. The City is exempt from payment of Federal Excise Taxes on the articles not for resale, Federal Transportation Tax on all shipments and Maine Sales Tax and Use Taxes. Please quote less these taxes. Upon application, exemption certificate will be furnished with the Purchase Order when required.

9. Time of delivery shall be stated. If time is of the essence, the earliest date may be a factor in the bid award.

10. No contract may be assigned without the written consent of the Finance Director or her designate. The contract shall not be considered valid until a purchase order has been issued to the successful bidder.

11. Please state "**Engineering and Architectural (AE) Proposals, Shovel Ready Housing Plans BID #2023-009."** on submitted, sealed envelope. Please submit your proposal to the City of Auburn by 2:00 p.m. **Thursday, November 10th, 2022.** Proposals will be opened at 2:00 p.m. Proposals must be delivered to **Derek Belanger, Facilities Manager/Purchasing Agent, 60 Court Street, Auburn, Maine 04210** on or before the date and time appointed. No proposals will be accepted after the time and date listed above

12. The City of Auburn reserves the right to waive any formality and technicality in bids whichever is deemed best for the interest of the City of Auburn.

13. The City of Auburn may reduce the scope pursuant to overall prices.

14. Bidder will clearly outline all options that are included in the bid price.

GENERAL CONDITIONS

1. Equal Employment Opportunity

The City of Auburn is an Equal Opportunity Employer and shall not discriminate against an applicant for employment, and employee or a citizen because of race, color, sex, marital status, physical and/or mental handicap, religion, age, ancestry or natural origin, unless based upon a bona-fide occupation qualification. Vendors and Consultant or their agents doing business with the City shall not violate the above clause or the Civil Rights Acts of 1964. Violations by vendors shall be reviewed on a case-by-case basis and may mean an automatic breach of contract or service to the City of Auburn.

2. Save Harmless

The Bidder agrees to protect and save harmless the owner from all costs, expenses or damages that may arise out of alleged infringement of patents of materials used.

3. Subcontracting

The Bidder shall not subcontract any part of the work or materials or assign any monies due it without first obtaining the written consent of the municipality. Neither party shall assign or transfer its interest in the contract without the written consent of the other party. Unless the subConsultant is identified in the RFP proposal and part of the team.

4. Warranty

The Bidder warrants that all work will be of good quality and free from faults and defects, and in conformance with the specifications. All work not so conforming to these standards may be considered defective. The Bidder agrees to be responsible for the acts and omissions of all of its employees and all subconsultants, their agents and employees, and all other persons performing any of the work under a contract with the Bidder.

5. Safety

The Consultant shall be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the work.

The Consultant shall comply with MUTCD standards for work signs and with OSHA for employee highway safety equipment.

The Consultant shall take all reasonable precautions for the safety of, and shall provide all reasonable protection to prevent damage, injury, or loss to:

- All employees and others on or near the work site.
- Materials and equipment, whether in storage on or off the site, under the care, custody or control of the Consultant or any of its subconsultants.

The Consultant shall give all notices and comply with all applicable laws, ordinances, rules, regulations, and lawful orders of any public authority bearing on the safety of persons or property of their protection from damage, injury, or loss.

SCOPE OF WORK

The City of Auburn intends to use contractual services to perform the following Services:

1. 300 SF Tiny House Design
2. 700 SF (Carriage House) One-story Single-Family Design
3. 1,000 SF (14-20' Narrow House) Single Family Design
4. 1,200 SF (Standard House) Single Family Design
5. 1,780 SF Stacked Duplex Design
6. 2, 640 SF Triple Stacked with Finish Attic Design
7. 4, 350 SF Small Apartment Complex 6 Units Design
8. 8,700 SF Medium Apartment Complex 12 Units Design

The 8 building designs will include the following; site plan for the most restrictive zoning to include setbacks, required parking, building elevations with façade options, floorplans, foundation plans and framing details to include cross-section structural roof truss or rafter plans, window opening, minimum BTU requirement, cost estimate and cover sheet that list MUBEC adopted codes and standards. Deliverable will include

- 2021 International Residential Code (IRC)
- 2021 International Building Code (IBC)
- 2021 International Existing Building Code (IEBC)
- 2015 International Energy Conservation Code (IECC)
- 2015 International Mechanical Code (IMC)
- NFPA & ADA Requirement for buildings over 3 or more units.

The CONSULTANT shall provide all labor, materials, equipment, and the maintenance thereof, fuel and oils, etc. necessary to complete the job in a timely fashion. All costs associated with the performance of the contract shall be the sole responsibility of the CONSULTANT and shall be reflected in a "Lump Sum" (LS) per Design package for a total of 8 packages.

Work to be Performed

The Consultant's Scope of Work for this Project includes the following deliverable elements:

1. Sketch plan phase (25% completion)
2. Preliminary plan phase (75% completion)
3. Final plan phase (100% completion)

All work shall be done at such times as the Consultant and City of Auburn shall deem appropriate. Weekly work schedule will be coordinated by the Planning, Permitting and Code Department. Work shall not begin in any area without specific notification of, and approval by the City.

PROGRAM MANAGEMENT

The Contract shall be managed by the Planning, Permitting and Code Department of the City of Auburn. It is expected that informal weekly progress and facilitation meetings will be held with the Consultant, and that a formal concise written progress report may be required from the Consultant on a no more frequent than bi- weekly basis in a format determined by the Deputy Director, Planning, Permitting and Code or his designee.

Schedule

The City of Auburn intends to have this work performed from December 1, 2022, to February 28, 2023.

PROPOSAL EVALUATION CRITERIA

The City of Auburn will evaluate proposals and select a Consultant based on a combination of the following factors:

20% Qualifications and relevant experience of the firm.
20% Qualifications and relevant experience of the firm's proposed staff.
20% Quality of references from similar work completed recently.
20% The extent to which the proposed solution matches the needs of the City of Auburn.
20% Cost of associated services requested.

REQUIREMENTS AND FORMAT OF THE PROPOSAL

Consultants responding to this RFP shall submit their proposals, organized and presented as outlined below. Accuracy and completeness are essential. Since the successful proposal will be incorporated into the contract, Consultants are cautioned not to make claims or statements to which they are not prepared to commit to contractually.

The Consultant must provide the following with the proposal:

- Business Name, Contact Information, Owner(s)
- Short History of Business (existing customers, experience, specialties, etc.)
- Proof of Commercial Liability Insurance (listing of City as additional insured will be required)
- List of equipment to be used in performance of specified work

Letter of Transmittal

The Proposal must consist of a letter of transmittal signed by an individual authorized to bind the Consultant contractually. It shall:

- Concisely identify the services offered in the proposal.

- State that the proposal will remain in effect for a period of thirty (30) calendar days after the deadline for submission of proposals.
- Include the name, title, address, telephone number and email address of one or more contact individuals.
- Include the name, title, address, telephone number and email address of one or more individuals who are authorized to sign a contract.

Understanding of the Scope of Work

In this section, Consultant should notify the City of Auburn of any potential difficulties that might arise in implementing the work. The City requires prospective Consultants to **attend a pre-submission meeting will be required to attend on Tuesday, October 18, 2022 at 10:00am in the Community Room, 60 Court Street, Auburn, ME.**

Relevant Experience and Client References

Interested firms should submit one paper copy and one electronic copy of a Letter of Interest with a Statement of Qualifications which includes the firm's response to each of the following criteria.
A. qualifications to undertake this project;
B. documented experience with budgets, estimating, and project cost control;
C. list of projects that demonstrate the firm's capabilities;
D. list of recently completed work of similar type and size projects, with client contact information for each project;
E. organization of team and profiles of key personnel who would be involved in the project;
F. statement of current workload and ability to absorb the project; and
G. list of business references other than those listed above, including contact information.

SAMPLE AGREEMENT

THIS AGREEMENT is made this ### day of ***Month, Year***, by and between the CITY OF AUBURN, a municipal corporation existing under the laws of the State of Maine and located in the County of Androscoggin, State of Maine (hereinafter "CITY"), ***Company Name, Address, EIN***, (hereinafter "CONSULTANT"),

WITNESSETH:
In consideration of the mutual covenants and conditions contained herein, the CITY and the CONSULTANT agree as follows:

SPECIFICATIONS:
1. The CONSULTANT shall furnish all of the material and perform all of the work shown on the drawings and described in the specifications entitled: ***Bid #*** 2023-009 ***Bid Title*** which are attached hereto and made a part hereof, and the CONSULTANT covenants that it shall do everything required by this Agreement, the Special Provisions of the Agreement, the Invitation to Bid and the Specifications in return for payment as provided herein.

COMPLETION DATE:

2. The work to be performed under this Agreement shall be commenced by ***Month day, year*** and fully completed on or before ***Month day, year.***

CONTRACT PRICE:
3. The CITY shall pay the CONSULTANT for the performance of the Agreement, the sum of $***XXX.***

PERFORMANCE BOND:
4. If required by the City, the CONSULTANT shall furnish to the CITY at the time of the execution of this Agreement a performance bond and a labor and material payment bond each in the amount of ***$Dollar amount or N/A (whichever applies)*** executed by a surety company satisfactory to the CITY, guaranteeing the performance and payment by the CONSULTANT.

❑ Yes, Required (Initials: ____) X No, Waived (Initials _JAB__)

GUARANTEE:
5. The CONSULTANT shall guarantee his work against any defects in workmanship and materials for a period of one year from the date of the CITY's written acceptance of the project.

PERMITS AND LICENSES:
6. Permits and licenses necessary for the prosecution of the work shall be secured and paid by the CONSULTANT.

CITY'S RIGHT TO TERMINATE CONTRACT:
7. If the CONSULTANT should be adjudged a bankrupt, or if it should make a general assignment for the benefit of creditors, or if a receiver should be appointed on account of its insolvency, or if it should persistently or repeatedly refuse or should fail, except in cases for which extension of time is provided, to supply enough properly skilled workmen or proper materials, or if it should fail to make prompt payment to subconsultants or for material or labor, or persistently disregard laws, and ordinances, or otherwise be guilty of a substantial violation of any provision of the Agreement, then the CITY when sufficient cause exists to justify such action, may, without prejudice to any other right or remedy and after giving the CONSULTANT, and his surety, seven (7) days written notice, terminate the employment of the CONSULTANT and take possession of the premises and of all materials, tools and appliances thereon and finish the work by whatever method it may deem expedient. In such case the CONSULTANT shall not be entitled to receive any further payment until the work is finished. If the unpaid balance of the Agreement price shall exceed the expense of the finishing the work, including compensation for additional architectural, managerial, and administrative services, such excess shall be paid to the CONSULTANT. If such expense shall exceed such unpaid balance, the CONSULTANT shall pay the difference to the CITY.

CONSULTANT'S LIABILITY INSURANCE:
8. The CONSULTANT shall not commence work under this Agreement until he has obtained all insurance required under this paragraph and such insurance has been approved by the CITY, nor shall the CONSULTANT allow any subConsultant to commence work on his subcontract until all similar insurance required of subConsultant has been so obtained and approved. **It is a requirement that the CITY be named as an Additional Insured on the General Liability and Automobile Liability policies.**

(a) **Commercial General Liability** to include products and completed operations, and blanket contractual. The limits of liability shall be as follows:

Bodily Injury and Property Damage	$1,000,000
Personal Injury and Advertising Injury	$1,000,000
Per Project Aggregate	$1,000,000
General Aggregate	$2,000,000
Products and Completed Operations Aggregate	$2,000,000
Medical Payments	$10,000

(b) **Business Automobile Liability**
The CONSULTANT shall maintain and cause all sub-Consultants and lower tier Consultants to maintain business automobile liability insurance covering all owned, non-owned, leased, rented or hired automobiles (symbol 1). The limits of liability shall be as follows:

Bodily Injury and Property Damage	$1,000,000

Automobile physical damage coverage shall be at the option of the CONSULTANT, all sub-Consultants and lower tier Consultants. The CITY shall not be liable for physical loss or damage to any owned, non-owned, leased, rented or hired automobile.

(c) **Workers' Compensation Insurance**
The CONSULTANT shall maintain and cause all sub-Consultants and lower tier Consultant's to maintain Workers' Compensation and Employers Liability in accordance with the laws and regulations of the State of Maine. The limits of liability provided shall be as follows:

Coverage A: Statutory
Coverage B: $100,000/$500,000/$100,000

(d) **Professional Liability**
If the CONSULTANT is an Architect, Engineer or Surveyor, they shall maintain a policy of insurance to pay on their behalf whatever amounts that may become legally required to pay on account of an error, omission or negligent act.

Limits of Liability shall be as follows:
$1,000,000 per occurrence and in the aggregate site specific.

It is a requirement that this policy be maintained for a period of three (3) years following completion of the project.

(e) **Certificates of Insurance** of the types and in the amounts required shall be delivered to the CITY prior to the commencement of any work by the CONSULTANT, subConsultant or lower tier Consultant or any person or entity working at the direction or under control of the CONSULTANT. The CONSULTANT shall assume the obligation and responsibility to confirm insurance coverage for all sub-Consultants or lower tier Consultants who will participate in the project.

(f) The Certificate of Insurance and the policies of insurance shall include a sixty (60) day notice to the CITY of cancellation, non-renewal or material change in coverage or form.

(g) The CONSULTANT and his surety shall indemnify and save harmless the CITY, his officers and employees from all suits, actions or claims of any character brought because of any injuries or damage received or sustained by any person, persons or property on account of the operations of the said CONSULTANT; or on account of or in consequence of any neglect in safeguarding the work; or through use of unacceptable materials in construction of the work; or because of any act or omission, neglect, or misconduct of said CONSULTANT; or because of any claims or amounts recovered from any infringements or patent trademark, or copyright; or from any claims or amounts arising or recovered under the "Workmen's Compensation Act" or of any other law, ordinance, order or decree; and so much of the money due to the said CONSULTANT under and by virtue of his/her contract as shall be considered necessary by the CITY for such purpose, may be retained; or in case no money is due, his surety may be held until such suit or suits, action or actions, claim or claims, for injuries or damages as aforesaid shall have been settled and suitable evidence to that effect furnished to the CITY.

(h) **Waiver of Subrogation**
Payment of any claim or suit including any expenses incurred in connection therewith by the CITY, or any insurance company on behalf of the CITY shall not constitute a waiver of subrogation against the CONSULTANT, sub-Consultants or any lower tier Consultant in the event that such claim or suit was caused by or contributed to as a result of the negligent acts of the CONSULTANT, any sub-Consultants or lower tier Consultants.

(i) **Construction Agreement**
The CONSULTANT shall and does hereby agree to indemnify, save harmless and defend the CITY from the payment of any sum or sums of money to any person whomsoever on account of claims or suits growing out of injuries to persons, including death, or damages to property, caused by the CONSULTANT, his employees, agents or sub-Consultants or in any way attributable to the performance and execution of the work herein contracted for, including (but without limiting the generality of the foregoing), all claims for service, labor performed, materials furnished, provisions and suppliers, injuries to persons or damage to property, liens, garnishments, attachments, claims, suits, costs, attorney's fees, costs of investigation and defense. It is the intention of this paragraph to hold the CONSULTANT responsible for the payment of any and all claims, suits, or liens, of any nature character in any way attributable to or asserted against the CITY, or the CITY and the CONSULTANT, which the City may be required to pay. In the event the liability of the CONSULTANT shall arise by reason of the sole negligence of the CITY and/or the sole negligence of the CITY's agents, servants or employees, then and only then, the CONSULTANT shall not be liable under the provisions of this paragraph.

DAMAGES:
9. The CONSULTANT shall defend, indemnify and save harmless the CITY and all persons acting for or on behalf of it against all claims for injuries (including death), loss or damage, arising out of the performance out this contract.

LIENS:
10. Neither the final payment nor any part of the retained percentage shall become due until the CONSULTANT, if required, shall deliver to the CITY a complete release of all liens arising out of the Agreement, or receipts in full in lieu thereof and, if required in either case, an affidavit that so far as it has

knowledge or information the releases and receipts include all the labor and material for which a lien could be filed; but the CONSULTANT may, if any SUB-CONSULTANT refuses to furnish a release or receipt in full, furnish a bond satisfactory to the CITY to indemnify it against any lien. If any lien remains unsatisfied after all payment are made, the CONSULTANT shall refund to the CITY all moneys that the latter may be compelled to pay in discharging such a lien, including all costs and a reasonable attorney's fee.

ASSIGNMENT:
11. Neither party to the Agreement shall assign the Agreement or sublet it as a whole without the written consent of the other, nor shall the CONSULTANT assign any moneys due or to become due to it hereunder, without the previous written consent of the CITY.

SUBCONTRACTS:
12. The CONSULTANT shall not sublet any part of this Agreement without the written permission of the CITY. The CONSULTANT agrees that it is as fully responsible to the CITY for the acts and omissions of its SUB-CONSULTANTS and of persons either directly or indirectly employed by them, as it is for the acts and omissions of persons directly employed by it.

USE OF PREMISES:
13. The CONSULTANT shall confine its apparatus, the storage of materials and operations of its workers to limits indicated by law, ordinance and permits and shall not otherwise unreasonably encumber the premises with materials. If any part of the project is completed and ready for use, the CITY may, by written and mutual consent, without prejudice to any of its rights or the rights of the CONSULTANT, enter in and make use of such completed parts of the project. Such use or occupancy shall in no case be construed as an acceptance of any work or materials.

CLEANING UP:
14. The CONSULTANT shall at all times keep the premises free from accumulation of waste materials or rubbish caused by its employees or work, and at the completion of the work it shall remove all its rubbish from and about the project, and all its tools, scaffolding and surplus materials and shall leave its work "broom-clean" or its equivalent, unless more exactly specified. In case of dispute, the CITY may remove the rubbish and charge the cost to the CONSULTANT.

PAYMENTS:
15. Unless otherwise agreed to, the CITY shall make payments on account of the Agreement as follows: Within 30 days, as invoices are submitted for work completed to the satisfaction of the CITY.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the day and year first above written.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: October 3, 2022

Subject: Executive Session

Information: Economic development, pursuant to 1 M.R.S.A. Section 405(6) (C).

Executive Session: On occasion, the City Council discusses matters which are required or allowed by State law to be considered in executive session. Executive sessions are not open to the public. The matters that are discussed in executive session are required to be kept confidential until they become a matter of public discussion. In order to go into executive session, a Councilor must make a motion in public. The motion must be recorded, and 3/5 of the members of the Council must vote to go into executive session. An executive session is not required to be scheduled in advance as an agenda item, although when it is known at the time that the agenda is finalized, it will be listed on the agenda. The only topics which may be discussed in executive session are those that fall within one of the categories set forth in Title 1 M.R.S.A. Section 405(6). Those applicable to municipal government are:

A. Discussion or consideration of the employment, appointment, assignment, duties, promotion, demotion, compensation, evaluation, disciplining, resignation or dismissal of an individual or group of public officials, appointees or employees of the body or agency or the investigation or hearing of charges or complaints against a person or persons subject to the following conditions:
(1) An executive session may be held only if public discussion could be reasonably expected to cause damage to the individual's reputation or the individual's right to privacy would be violated;
(2) Any person charged or investigated must be permitted to be present at an executive session if that person so desires;
(3) Any person charged or investigated may request in writing that the investigation or hearing of charges or complaints against that person be conducted in open session. A request, if made to the agency, must be honored; and
(4) Any person bringing charges, complaints or allegations of misconduct against the individual under discussion must be permitted to be present. This paragraph does not apply to discussion of a budget or budget proposal;

B. Discussion or consideration by a school board of suspension or expulsion of a public school student or a student at a private school, the cost of whose education is paid from public funds, as long as:
(1) The student and legal counsel and, if the student is a minor, the student's parents or legal guardians are permitted to be present at an executive session if the student, parents or guardians so desire;

C. Discussion or consideration of the condition, acquisition or the use of real or personal property permanently attached to real property or interests therein or disposition of publicly held property or economic development only if premature disclosures of the information would prejudice the competitive or bargaining position of the body or agency;

D. Discussion of labor contracts and proposals and meetings between a public agency and its negotiators. The parties must be named before the body or agency may go into executive session. Negotiations between the representatives of a public employer and public employees may be open to the public if both parties agree to conduct negotiations in open sessions;

E. Consultations between a body or agency and its attorney concerning the legal rights and duties of the body or agency, pending or contemplated litigation, settlement offers and matters where the duties of the public body's or agency's counsel to the attorney's client pursuant to the code of professional responsibility clearly conflict with this subchapter or where premature general public knowledge would clearly place the State, municipality or other public agency or person at a substantial disadvantage;

F. Discussions of information contained in records made, maintained or received by a body or agency when access by the general public to those records is prohibited by statute;

G. Discussion or approval of the content of examinations administered by a body or agency for licensing, permitting or employment purposes; consultation between a body or agency and any entity that provides examination services to that body or agency regarding the content of an examination; and review of examinations with the person examined; and

H. Consultations between municipal officers and a code enforcement officer representing the municipality pursuant to Title 30-A, section 4452, subsection 1, paragraph C in the prosecution of an enforcement matter pending in District Court when the consultation relates to that pending enforcement matter.

Dana Staples, At Large
Phillip L. Crowell, Jr., City Manager

IN COUNCIL REGULAR MEETING SEPTEMBER 19, 2022, VOL. 36 PAGE 296

Mayor Levesque called the meeting to order at 7:00 P.M. in the Council Chambers of Auburn Hall and led the assembly in the salute to the flag. All Councilors were present.

Pledge of Allegiance

I. Consent Items - All items with an asterisk (*) are considered routine and will be enacted by one motion. There will be no separate discussion of these items unless a Council member or a citizen so requests, in which event, the item will be removed from the Consent Agenda and considered in its normal sequence on the agenda

1. Order 127-09192022*
Approving the renewal of the Auto Graveyard/Junkyard permit for Isadore T. Miller Corp. located at 78 & 80 Hotel Road.

2. Order 128-09192022*
Approving the renewal of the Auto Graveyard/Junkyard permit for Prolerized New England Co., LLC. located at 522 Washington Street.

3. Order 129-09192022*
Approving the renewal of the Auto Graveyard/Junkyard permit for Don's No Preference Towing, dba Morris Auto Parts located at 940 Washington St. N.

4. Order 130-09192022*
Approving the renewal of the Auto Graveyard/Junkyard permit for Randy's Auto Parts located at 899 Broad Street.

5. Order 131-09192022*
Approving the renewal of the Auto Graveyard/Junkyard permit for M & P Auto located at 227 Merrow Road.

Motion was made by Councilor Staples and seconded by Councilor Walker for passage of the five consent items.

Passage 7-0.

II. Minutes - September 6, 2022, Regular Council Meeting

Motion was made by Councilor Walker and seconded by Councilor Staples to approve the minutes of the September 6, 2022, Regular Council Meeting.

Passage 7-0.

III. Communications, Presentations and Recognitions

Council Communications (about and to the community)

Mayor Levesque reported that he attended a walk through of the new Edward Little High School adding that it is going to be a great asset to the students and community. He also noted that the Blues and Brews Festival was a huge hit.

Councilor Staples reported that on Thursday, September 29th at 5:30 p.m. the Auburn Public Library will hold it's Annual Meeting. The social hour begins at 5:30 and the business meeting will begin at 6:00 p.m. He also wanted to promote the Auburn City website which has a feature where citizens can subscribe to emails to receive notification on upcoming meetings of the Council and Planning Board and more.

Councilor Whiting reported that the Lake Auburn Watershed Protection Commission is building a Trail on the Tot Lot and on Sunday, the Auburn Nordic Ski Association cleaned up the cuttings of a new trail.

City Manager Crowell reported that the Maine Town and City Clerk's Association presented the City with a plaque for their support of the Association and the City Clerk.

IV. Open Session – No one from the public spoke.

V. Unfinished Business

1. Ordinance 20-09062022
Amending the zoning district T-4.2B. Second reading.

Motion was made by Councilor Staples and seconded by Councilor Milks for passage.

Public comment –

Ronald Lebel, Coachman Avenue, said that he objects to the rezoning proposal and would suffer particularized injury if it were to be enacted. A letter was provided to the City Clerk.

Scott Berry, Davis Avenue, provided a list of some potential businesses that could fit into the neighborhoods nicely without impacting on the ambiance of the neighborhoods living space.

Elizabeth Dunn, 530 Court Street, stated that it is a shame that we've had to spend our taxpayer dollars for legal counsel to convince the public that their actions are legal. She stated that she would like the City Council to vote this down.

Motion was made by Councilor Morin and seconded by Councilor Staples to postpone this item until November 7th with the intention that Mr. Cousens and the Planning office staff would redemonstrate the presentation of 9/6/22.

Passage 5-2 (Councilors Gerry and Whiting opposed).

VI. New Business

1. **Public hearing** - CDBG/HOME Consolidated Annual Performance Evaluation Report (CAPER) Program Year 2020.

Public hearing – No one from the public spoke.

2. Public hearing - CDBG/HOME Consolidated Annual Performance Evaluation Report (CAPER) Program Year 2021.

Public hearing – No one from the public spoke.

3. **Order 132-09192022**
Amending the PY21 Action Plan to include the Auburn-Lewiston Consortium HOME-ARP Plan as recommended by the Business & Community Development Office.

Motion was made by Councilor Whiting and seconded by Councilor Staples for passage.

Public comment – No one from the public spoke.

Passage 7-0.

4. **Ordinance 21-09192022**
Amending the GA Maximum Appendices. Public hearing and first reading.

Motion was made by Councilor Gerry and seconded by Councilor Walker for passage.

Public hearing – No one from the public spoke.

Passage 7-0. A roll call vote was taken.

5. **Order 133-09192022**
Directing the City Manager to draft a Request for Proposal (RFP) procuring the solicitation of engineering and/or architectural services as part of the Accessory Dwelling Unit Initiative proposed by Council.

Motion was made by Councilor Walker and seconded by Councilor Hawes for passage.

Public comment – Maureen O'Brien, Whitney Street stated that if Councilors want to hear what people think they should answer phone calls.

Passage 7-0.

6. **Order 134-09192022**
Adopting the Rules & Procedures Governing Open Session and Public Comment.

Motion was made by Councilor Milks and seconded by Councilor Staples for passage.

Public comment –

Andy Titus, 24 Rubelite Lane, stated that he likes this but is not a believer of voting on something that is workshopped in the same night. He also thinks we should keep the second open session.

Pam Rousseau, 745 West Auburn Road, also has concerns about eliminating the 2nd open session.

Scott Berry, 179 Davis Avenue, would like to give people 5 minutes to speak instead of 3 minutes.

Motion was made by Councilor Staples and seconded by Councilor Walker to continue to maintain the second open session as we've been doing.

Passage 7-0.

Motion was made by Councilor Gerry and seconded by Councilor Staples to amend to state that when questions are asked, they are given an answer at the next Council meeting if possible.

Motion failed 3-4 (Councilor Whiting, Hawes, Milks, and Walker opposed).

Motion was made by Councilor Staples to amend by striking rule #4. Motion failed for lack of a second.

Passage of Order 134-09192022 as amended, 7-0.

VII. Open Session - Pam Rousseau, 745 West Auburn Road, stated that people do not realize that the Court Street T-4.2B does not just impact Court Street, it impacts the city core.

VIII. Reports (from sub-committees to Council)

Councilor Milks reported that there is a Sewer District meeting tomorrow (Tuesday) at 5:30 p.m. at AVCOG regarding the increase in Sewer rates.

City Manager Crowell reported that the Assistant City Manager, Brian Wood, is attending the ICMA conference in Ohio. The County budget work will begin on September 21st at the County Building, and MMA's Legislative Policy Committee work begins this week.

Jill Eastman, Finance Director – August Finance Report

Motion was made by Councilor Hawes and seconded by Councilor Walker to accept and place on file the August Finance Report.

Passage 7-0.

IX. Executive Sessions – None

X. Adjournment – Motion was made by Councilor Walker and seconded by Councilor Hawes to adjourn. Unanimously approved and the meeting adjourned at 7:57 pm.

A TRUE COPY ATTEST Susan Clements-Dallaire

Susan Clements-Dallaire, City Clerk

Lake Auburn Watershed Protection Commission

September 14, 2022

Resolution of the Lake Auburn Watershed Protection Commission Regarding:

City of Auburn Proposed Revisions to the Lake Auburn Watershed Zoning Ordinance

The following resolution was adopted on the 14nd day of September, 2022 by the Commissioners of the Lake Auburn Watershed Protection Commission (the "Commission") by a vote of 5 yes, 2 no, 1 abstention at the Commission's regularly scheduled meeting on September 14, 2022:

WHEREAS, in 1993, the Lake Auburn Watershed Protection Commission ("Commission") was formed with the principal purpose to maintain safe and healthful environmental conditions within the Lake Auburn Watershed, to prevent and control water pollution and to protect and maintain the present quality and volume of potable water supplied from the Lake Auburn Watershed, and

WHEREAS, the Commission has the authority to take legal action to enforce the laws and ordinances relative to the watershed and drinking water pollution, to such extent as is required to protect the watershed or waters of Lake Auburn in order to maintain its purity and the exemption from filtration requirements under the surface water treatment rules adopted under the Safe Drinking Water Act; and

WHEREAS, Lake Auburn is the public drinking water supply for water consumers in the City of Auburn and also (pursuant to Chapter 153 of the Laws of 1899) is the public drinking water supply for the City of Lewiston; and

WHEREAS, the United States Environmental Protection Agency, pursuant to the Safe Drinking Water Act, promulgated rules in June of 1989 calling for the filtration of all surface water supplies that cannot meet stringent criteria with respect to purity; and

WHEREAS, the 2010 City of Auburn Comprehensive Plan; Chapter 1(A), provides Goals, Objectives and Strategies with regard to natural resources, with Goal A.1 expressing the public's desire to: "Maintain the exceptional water quality of Lake Auburn and existing waiver from filtration to avoid the need for costly treatment;" and

WHEREAS, the Auburn Water District has adopted a by-law regarding the land located within the Lake Auburn Watershed Overlay District, which provides that, "These zoning and land use policies, and the enforcement of them, are deemed to provide sufficient protection for the water supply from the adverse effects of human activities in the watershed," which conclusion is premised on the existing development standards, restrictions, and definitions presently applicable to the underlying zoning districts within the Lake Auburn Watershed Overlay District, which existing standards are a critical component of the Commission's efforts to protect and preserve the water quality of Lake Auburn; and

WHEREAS, the City of Auburn is currently in the process of considering adopting revisions to the septic Ordinance as currently outlined in the Lake Auburn Watershed Zoning Ordinance that was adopted in July 1974; as a result of recommendations made from *A Regulatory, Environmental, and Economic analysis of Water Supply Protection in Auburn, Maine*, prepared by FB Environmental Associates dated October 2021, and the supplemental *Lake Auburn Model Technical Memorandum* dated August 1, 2022; and

WHEREAS, the Commission has approved a Scope of Services for Comprehensive Environmental Incorporated (CEI) to evaluate the conclusions drawn from FB Environmental Report and Technical Memorandum as they pertain to development and water quality impacts on Lake Auburn; and

WHEREAS, the CEI report will be completed within a month of notice to proceed; and

WHEREAS, the evaluation of results of CEI conclusions may have an impact on the recommendations of the Commission to the City of Auburn regarding the City of Auburns decision to approve the revised Septic Ordinance

WHEREAS, the City of Auburn may be planning to approve the revised Septic Ordinance in late September/early October, and

WHEREAS, the CEI evaluation and vetting their conclusions may not be completed by late September/early October, and

NOW THEREFORE, the Lake Auburn Watershed Protection Commission hereby RESOLVES that the City of Auburn's proposed revisions to the existing Lake Auburn Watershed Zoning Ordinances should not be amended until such time as Comprehensive Environmental Incorporated (CEI) has completed a peer review of *A Regulatory, Environmental, and Economic analysis of Water Supply Protection in Auburn, Maine*, prepared by FB Environmental Associates dated October 2021, and the supplemental *Lake Auburn Model Technical Memorandum* dated August 1, 2022. The Commission also resolves that time be allowed for proper vetting of the

information supplied. The Commission further Resolves that this Resolution shall be forwarded to the Auburn City Council, the Auburn Water District, and the City of Auburn Planning Board.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: October 3, 2022 **Order:** 125-09062022

Author: Kelsey Earle, Deputy Finance Director

Subject: Homeowner Relief Program 2022

Information: The City of Auburn, in response to the market adjustment, is seeking to offset a portion of the increase many residents saw in their 2022-2023 tax bill. The anticipated goal is to provide $300.00 dollar checks to homeowners 65 and older, who's taxes increased by $300.00 dollars or more, and currently qualify for the Homestead exemption. There would be an application created by city staff, made available by November, with a deadline to apply of February 1st. This would allow a 3-month window for qualifying homeowners to apply for the funds. The Council will allocate $700,000.00 from the American Rescue Plan Act (ARPA) funds to cover the cost of this initiative.

City Budgetary Impacts: N/A

Staff Recommended Action: Staff recommends funding program and amending the original Order as follows:

ORDERED, that the City of Auburn City Council provide one time relief funding in the amount of $300.00 dollars for Auburn homeowners aged 65 and older who's taxes increased by $300.00 dollars or more and currently qualify for the Homestead exemption, in direct recognition of the market adjustment made in the spring and summer of 2022. The Auburn City Council orders the allocation of $700,000.00 from the American Rescue Plan Act (ARPA) funds for relief checks and associated implementation costs.

Previous Meetings and History: September 6, 2022, Order 125-09062022 Allocating $1,500,000.00 ARPA (American Rescue Plan Act) funding for home relief. Vote was postponed. September 19, 2022, Workshop discussion.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: Order 125-09062022

ORDER 125-09062022

City Council Order

IN CITY COUNCIL

ORDERED, that the City of Auburn City Council provide one time relief funding for Auburn residents in direct recognition of the market adjustment made in the spring and summer of 2022. This stabilization effort has resulted in varying tax increases for the residents of Auburn. The Auburn City Council orders the allocation of $1,500,000.00 from the American Rescue Plan Act (ARPA) funds for one time relief checks and associated implementation costs.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: October 3, 2022 **Ordinance:** 21-09192022

Author: Jeff Tardif, General Assistance Manager-Health & Social Services

Subject: Adoption of Appendices for General Assistance, Effective 10/01/2022 through 9/30/2023

Information: I am seeking approval of the new General Assistance maximums. They Are: Appendix A (The GA overall maximums), Appendix B (the food maximums), Appendix C (Lewiston/Auburn MSA rental maximums), and Recovery Residences.

These maximums are established as a matter of State law based on certain federal and HUD fair market values. These appendices are filed with the Department of Health and Human Services (DHHS) in compliance with title 22 M.R.S.A § 4305(4).

****By adopting the new appendices A-C, the program will be in compliance and receive the 70% reimbursement from the State****

City Budgetary Impacts: The overall maximums (Appendix A) are an average increase of $21.00 per person/household per month. The food maximums (Appendix B) are an average increase of $25.00 per individual per month. The housing maximums (Appendix C) are an average increase of $53.00 per household per month. Electricity (Appendix D) with and without hot water increased $9.00 per person, per month. *There are no changes in appendices E-H*

Staff Recommended Action: Approval of changes to the General Assistance Appendices A-C, and Recovery Residences as required by State statute and ordinance. First reading: 9/19/2022. Second reading: 10/03/2022.

Previous Meetings and History: This is a yearly approval needed by council when changes are made to the appendices. A public hearing and passage of first reading was on 9/19/2022.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: Health & Social Services FY 22/23
Appendix A, Overall Maximums
Appendix B, Food Maximums
Appendix C, Housing Maximums
Recovery Residences
Ordinance & Adoption form for 22/23

***Please review the attached appendices A-C and Recovery Residences ***

Budgetary Impacts:

For Appendix A: The overall maximum was increased slightly this year (see chart below). This is the maximum amount that General Assistance can assist for a 30-day period.

Current Overall Maximums:

Lewiston/Auburn MSA Auburn, Durham, Greene, Leeds, Lewiston. Lisbon, Livermore, Livermore Falls, Mechanic Falls, Minot, Poland, Sabattus, Turner, Wales	1 $754.00	2 $811.00	3 $1,042.00	4 $1,335.00	5 $1,652.00

New Overall Maximums:

Lewiston/Auburn MSA Auburn, Durham, Greene, Leeds, Lewiston. Lisbon, Livermore, Livermore Falls, Mechanic Falls, Minot, Poland, Sabattus, Turner, Wales	1 $795.00	2 $859.00	3 $1,099.00	4 $1,427.00	5 $1,728.00

For Appendix B: The overall food maximums have increased (see chart below). These amounts are set by the USDA Thrifty Food Plan and take into effect on October 1st, 2021.

Number in household	Old SNAP amount	New SNAP amount
1	**$250.00**	**$281.00**
2	**$459.00**	**$516.00**
3	**$658.00**	**$740.00**
4	**$835.00**	**$939.00**
5	**$992.00**	**$1,116.00**
6	**$1,190.00**	**$1,339.00**
7	**$1,316.00**	**$1,480.00**
8	**$1,504.00**	**$1,691.00**

For Appendix C: The housing maximums had a slight increase this year (see chart below). The Department of Housing and Urban Development (HUD) sets these new guidelines based on the fair market value of property in our area.

Current housing maximums:

Lewiston/Auburn MSA	Unheated		Heated	
Bedroom Size	Weekly	Monthly	Weekly	Monthly
0	$140.00	$601.00	$163.00	$701.00
1	$143.00	$616.00	$174.00	$749.00
2	$185.00	$796.00	$226.00	$970.00
3	$241.00	$1,038.00	$291.00	$1,251.00
4	$299.00	$1,285.00	$360.00	$1,549.00

New housing maximums:

Lewiston/Auburn MSA	Unheated		Heated	
Bedroom Size	Weekly	Monthly	Weekly	Monthly
0	$153.00	$660.00	$181.00	$780.00
1	$159.00	$684.00	$196.00	$842.00
2	$203.00	$872.00	$251.00	$1,078.00
3	$267.00	$1,150.00	$326.00	$1,403.00
4	$322.00	$1,386.00	$395.00	$1,699.00

Recovery Residences: (New)

Lewiston/Auburn MSA	Heated	
As of 7/1/2022	Weekly	Monthly
	$131.08	561.75

Lewiston/Auburn MSA	Heated	
As of 10/1/2022	Weekly	Monthly
	$147.35	$631.50

Prior to July 1st, 2022, Auburn GA was paying $273.00 a month for recovery residence rent (based on the previous rule).

Appendix B
Effective: 10/01/22 to 09/30/23

2022-2023 Food Maximums

Please Note: The maximum amounts allowed for food are established in accordance with the U.S.D.A. Thrifty Food Plan. As of October 1, 2022, those amounts are:

Number in Household	Weekly Maximum	Monthly Maximum
1	$ 65.35	$ 281.00
2	120.00	516.00
3	172.09	740.00
4	218.37	939.00
5	259.53	1,116.00
6	311.40	1,339.00
7	344.19	1,480.00
8	393.26	1,691.00

Note: For each additional person add $211 per month.

2022-2023 GA Housing Maximums
(Heated & Unheated Rents)

NOTE: NOT ALL MUNICIPALITIES SHOULD ADOPT THESE SUGGESTED HOUSING MAXIMUMS! Municipalities should ONLY **consider** adopting the following numbers, if these figures are consistent with local rent values. If not, a market survey should be conducted and the figures should be altered accordingly. The results of any such survey must be presented to DHHS prior to adoption. **Or**, no housing maximums should be adopted and eligibility should be analyzed in terms of the Overall Maximum—Appendix A. *(See Instruction Memo for further guidance.)*

APPENDIX D - UTILITIES

ELECTRIC

NOTE: For an electrically heated dwelling also see "Heating Fuel" maximums below. But remember, an applicant is ***not automatically*** entitled to the "maximums" established—applicants must demonstrate need.

1) Electricity Maximums for Households *Without Electric Hot Water*: The maximum amounts allowed for utilities, for lights, cooking and other electric uses ***excluding*** electric hot water and heat:

Number in Household	Weekly	Monthly
1	$19.95	$ 85.50
2	$22.52	$ 96.50
3	$24.97	$107.00
4	$27.53	$118.00
5	$29.88	$128.50
6	$32.55	$139.50

NOTE: For each additional person add $10.50 per month.

2) Electricity Maximums for Households *With Electrically Heated Hot Water*: The maximum amounts allowed for utilities, hot water, for lights, cooking and other electric uses ***excluding*** heat:

Number in Household	Weekly	Monthly
1	$29.63	$127.00
2	$34.07	$146.00
3	$39.67	$170.00
4	$46.32	$198.50
5	$55.65	$238.50
6	$58.68	$251.50

NOTE: For each additional person add $14.50 per month.

NOTE: For electrically heated households, the maximum amount allowed for electrical utilities per month shall be the sum of the appropriate maximum amount under this subsection and the appropriate maximum for heating fuel as provided below.

APPENDIX E - HEATING FUEL

Month	Gallons	Month	Gallons
September	50	January	225
October	100	February	225
November	200	March	125
December	200	April	125
		May	50

NOTE: When the dwelling unit is heated electrically, the maximum amount allowed for heating purposes will be calculated by multiplying the number of gallons of fuel allowed for that month by the current price per gallon. When fuels such as wood, coal and/or natural gas are used for heating purposes, they will be budgeted at actual rates, if they are reasonable. No eligible applicant shall be considered to need more than 7 tons of coal per year, 8 cords of wood per year, 126,000 cubic feet of natural gas per year, or 1000 gallons of propane.

APPENDIX F - PERSONAL CARE & HOUSEHOLD SUPPLIES

Number in Household	Weekly Amount	Monthly Amount
1-2	$10.50	$45.00
3-4	$11.60	$50.00
5-6	$12.80	$55.00
7-8	$14.00	$60.00

NOTE: For each additional person add $1.25 per week or $5.00 per month.

SUPPLEMENT FOR HOUSEHOLDS WITH CHILDREN UNDER 5

When an applicant can verify expenditures for the following items, a special supplement will be budgeted as necessary for households with children under 5 years of age for items such as cloth or disposable diapers, laundry powder, oil, shampoo, and ointment up to the following amounts:

Number of Children	Weekly Amount	Monthly Amount
1	$12.80	$55.00
2	$17.40	$75.00
3	$23.30	$100.00
4	$27.90	$120.00

Appendix G
Effective: 10/01/22-09/30/23

2022-2023 Mileage Rate

This municipality adopts the State of Maine travel expense reimbursement rate as set by the Office of the State Comptroller. The current rate for approved employment and necessary medical travel etc. is 46 cents (46¢) per mile.

Please refer to the Office of the State Controller for changes to this rate at 626-8420 or visit http://www.state.me.us/osc/

	223.30	957.00

The Adoption Process

The **municipal officers (i.e., selectpersons/council) adopt the local General Assistance Ordinance and yearly Appendices**, even in town meeting communities. The law requires that the municipal officers conduct a ***notice and hearing*** prior to the adoption of the Ordinance and/or Appendices. Seven days posted notice is recommended, unless local law (or practice) provides otherwise.

At the hearing, the municipal officers should:

1) Allow all interested members of the public an opportunity to comment on the proposed ordinance;

2) End public discussion, close the hearing; and

3) Move and vote to adopt the ordinance and/or appendices either in its posted form or as amended in light of public discussion.

Municipalities May Establish Their Own Maximums

Municipalities may establish their own maximum levels of assistance provided that the proposed levels of assistance are reasonable and meet adequate standards sufficient to maintain the health and safety of applicants in the municipality. The municipality must submit to the Department documentation to justify these levels of assistance and verify that the figures developed are appropriate to maintain health and decency.

A municipality's maximum assistance level for Food may not be below the Department provided figures which are issued by the USDA and published annually following a study of cost of food for various family sizes. A market basket survey may be used to establish food maximums if the maximums provided by the USDA are insufficient to maintain health in the municipality. (C.M.R. 10-144, Chapter 323, Section V).

Filing of GA Ordinance and/or Appendices

Please remember that General Assistance law requires each municipality to send DHHS a copy of its ordinance once adopted, should that ordinance differ from the MMA Model. Any changes or amendments, such as new Appendices, must also be submitted to DHHS. DHHS will accept the enclosed "adoption sheet" as proof that your Municipal Officers have adopted the current MMA Model GA maximums and/or ordinance.

City of Auburn, Maine
General Assistance Office
Jeff Tardif, Manager
60 Court Street | Auburn, Maine 04210 www.auburnmaine.gov |
207.333.6601 Extension 1411

Pursuant to 22 M.R.S. § 4305(1), the municipal officers of the Municipality of **Auburn**, after notice and hearing, hereby amend the municipal General Assistance Ordinance by repealing and replacing appendices A through H of the existing ordinance with the attached appendices A through H, which shall be in effect from October 1, 2022, through September 30, 2023. This amendment will be filed with the Maine Department of Health & Human Services (DHHS) pursuant to 22 M.R.S. § 4305(4), and a copy of the ordinance and amended appendices shall be available for public inspection at the municipal office along with a copy of the 22 M.R.S. chapter 1161.

ORDINANCE 21-09192022

City Council Ordinance

IN CITY COUNCIL

AMENDING CHAPTER 24, ARTICLE II, DIVISION 1, SEC. 24-23 OF THE GENERAL ASSISTANCE ORDINANCE ANNUAL ADJUSTMENT OF MAXIMUM BENEFITS.

Be it Ordained, that the City Council hereby amends Chapter 24, Article II, Division 1, Sec. 24-23 of the General Assistance Ordinance Annual Adjustment of Maximum Benefits to incorporate the following maximum levels of assistance to be effective on and after October 1, 2022 through September 30, 2023, as follows:

Sec. 24-23. - Annual adjustment of maximum benefits.

(a) Each year the Maine Municipal Association provides the city three appendices providing maximum benefits applicable for the period beginning October 1 and ending September 30 as mandated by state law and based on certain federal values effective on October 1 of each year, as follows:

(1) Appendix A, a listing of overall maximum levels of general assistance relating to all Maine municipalities.

(2) Appendix B, a listing of maximum levels of assistance for food.

(3) Appendix C, a listing of maximum levels for heated and unheated housing.

(b) The portion of these annual appendices applicable to the city, as adopted each year by the city council, are made a part of this chapter as though fully set forth herein and a copy thereof is available in the Office of the City Clerk.

Editor's note— The appendices referred to in this section are not codified but are available in the office of the city clerk.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: October 03, 2022 **Ordinance:** 22-10032022

Author: Sue Clements-Dallaire, City Clerk

Subject: Food Service Establishment – Concession Stands

Information: During the September 6, 2022 Council meeting, Councilor Morin reported that he was contacted by a constituent whose six year old son wanted to run a lemonade stand to try to raise money to purchase a guitar. They came to Auburn Hall to obtain a permit and was told that the permit would be $200. This was discussed at the September 19, 2022 City Council workshop.

Three options below were presented to the City Council for consideration:

1. Determine on a case by case basis under Sec. 14-31 Fees; Waiver which gives the City Council the option of waiving business licensing fee on a case by case basis and would not require an ordinance change.
2. Delegate the authority to waive the fee for minors operating a temporary lemonade (or concession) stand on private property to the City Clerk. This would be an ordinance change which would require a public hearing and two readings.
3. Add a provision under Sec. 14-49, Exemptions from license requirements or fees, which would exempt minors operating a temporary lemonade (or concession stand) on private property. This would be an ordinance change which would require a public hearing and two readings.

After much discussion, Council seemed to be in favor of option 3.

City Budgetary Impacts: N/A

Staff Recommended Action: Consider passage of the proposed ordinance amendment.

Previous Meetings and History: Councilor Morin discussed bringing this forward during the 9/6/2022 Council meeting. This item was discussed at the September 19, 2022 Council workshop.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

ORDINANCE 22-10032022

City Council Ordinance

IN CITY COUNCIL

Amending the Code of Ordinances, Chapter 14, Sec. 14-49 Exemptions from license requirement or fees.

Be it ordained, that the City Council hereby amends the Code of Ordinances, Chapter 14, Sec. 14-49 to include exemption (h) Minors operating a temporary concession stand on private property.

Sec. 14-49. Exemptions from license requirement or fees.

(a) Persons acting pursuant to an order or process of a court of competent jurisdiction and persons acting in accordance with their powers and duties as public officers, such as sheriffs and marshals, shall not be required to secure a local license.

(b) Orphanages and public and private hospitals, as defined in the laws of the State, shall not be required to secure a local business license to operate a children's home or day care facility.

(c) Persons selling, exclusively, farm, dairy, orchard or fish products of their own production shall not be required to obtain a local license.

(d) No charge shall be made for the issuance of a solicitor's license, blasting permit or chimney cleaner permit; however, persons traveling by foot, wagon, automotive vehicle or any other type of conveyance, from place to place, from house to house or from street to street selling magazines or other merchandise by sample, list or catalogue for future delivery shall be required to obtain a local itinerant vendor/peddler's license.

(e) Persons licensed in accordance with state law to maintain an automobile graveyard or junkyard shall not be required to obtain a local license to also operate as a junk collector.

(f) Persons who use their own homes to provide foster care to children shall not be required to obtain a local license.

(g) Public or private school cafeterias and nursing homes shall not be required to obtain a local food service establishment license.

(h) Minors operating a temporary concession stand on private property.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: October 3, 2022 **Ordinance:** 23-10032022

Author: Phil Crowell, City Manager

Subject: Forestry Board and Tree Streets

Information: On March 21, 2022, Dave Griswold and Councilor Staples provided an update on the development of a street tree sustainability ordinance in order to provide information, planning and resources necessary to ensure the long-term viability and sustainability of the street tree component of the community forest.

Reasons for this ordinance:

1. The street tree component of the community forest has declined over time due to limited resources applied to maintain it.
2. Emerald Ash Borer (EAB) is a looming threat that is almost certain to impact Auburn's 430 ash street trees in the next decade.
3. This proposal is the result of discussions of the Community Forest Subcommittee of the former Conservation Commission, the former Conservation Commission, a City Council Workshop, the Sustainability and Natural Resources Management Board, from September 2021 to present.
4. This proposed ordinance provides for data collection, planning and budgeting necessary to address a significant sustainability issue.

City Budgetary Impacts: $25,000 was allocated during the FY23 appropriation to implement this ordinance.

Staff Recommended Action: Consider passage.

Previous Meetings and History: March 21, 2022, and June 27, 2022.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: Proposed ordinance and the Public Works policies for the implementation of the new ordinance.

ORDINANCE 23-10032022

City Council Ordinance

IN CITY COUNCIL

Adopting Division 3 - Street Tree Sustainability under Chapter 56 – Vegetation, Article II – Trees and Shrubs in the Auburn Code of Ordinances.

Be it ordained, that the City Council hereby adopts Division 3 – Street Tree Sustainability under Chapter 56 – Vegetation, Article II – Trees and Shrubs as attached.

Richard Whiting, Ward One
Joseph Morin, Ward Four
Belinda A. Gerry, At Large
Ryan Hawes, Ward Two
Leroy G. Walker, Ward Five

Ordinance: 23-10032022

Street Tree Sustainability Ordinance

Chapter 56- Vegetation

Article II. -Trees and Shrubs

Division 3. - Street Tree Sustainability

Sec. 56-xx - Purpose.

The city recognizes that trees promote the health, safety, and welfare of the city and its residents by promoting social well-being and a positive public image of the city. In order to sustain the community forest, the city requires data collection, planning and resources to mitigate the potential loss of this valuable public resource. Accordingly, the city adopts this sustainability ordinance to promote the information, planning, and resources necessary to ensure the long-term viability and sustainability of the community forest.

Sec. 56-xx – Authority.

This division is enacted pursuant to the Home Rule Authority granted to the city in accordance with the provisions of 30-A M.R.S.A. § 3001.

Sec. 56-xx – Definitions.

Street Tree. Any tree which is located on land owned by the city and deemed appropriate for inclusion in the Street Tree Inventory by the municipal arborist; or, a public shade tree as defined at 30-A M.R.S.A. § 3281, which is located within or upon the limits of any municipal road, public right of way, or highway, regardless of whether the roadway is classified as a highway under state law.

Street Tree Inventory. A database maintained by the municipal arborist or the public works director or his or her designee, identifying the location of each Street Tree by reference to the city's GIS system and listing its species, diameter, condition, and hazard risk.

Removed Street Tree. A Street Tree which has been cut down or otherwise eliminated due to: insect, disease, or weather-related conditions; the existence of unnecessary risks to life or property as determined by the municipal arborist; the construction or maintenance of public roads and rights of way; the request of the owner of property on which the Street Tree is located; or other accident or casualty event.

Sec. 56-xx Maintenance of Street Tree Inventory

The municipal arborist shall keep the Street Tree Inventory up to date by:

(1) keeping annual records concerning the removal, planting and maintenance of Street Trees;
(2) periodically reviewing the condition and any associated hazard of all Street Trees; and
(3) updating the Street Tree Inventory as needed to reflect information collected in parts 1 and 2.

Sec. 56- xx Replacement of removed Street Trees

(1) Each fiscal year, the municipal arborist shall propose to the city manager, a budget sufficient for the city to purchase, plant and maintain the number of trees equal to the number of Removed Street Trees from the previous fiscal year. Replacement trees may be placed at the sites of Removed Street Trees, or at other locations which the municipal arborist deems appropriate in light of the Purpose of this Division stated above, in consultation with the Community Forest Working Group or any successor committee.

(2) The City Council shall consider replacement of Removed Street Trees as part of the adoption of each year's municipal budget. To the extent the final budget adopted by the city council is insufficient to fund all of the replacement trees requested by the municipal arborist, the number of unfunded replacement trees shall be carried forward and added to the list of trees to be replaced in future years.

RESOLVE 08-10032022

City Council Resolve

IN CITY COUNCIL

WHEREAS, the number of community members who are unhoused is continuing to increase rapidly; and

WHEREAS, the current increase in housing costs, especially rental costs are increasing at rates that are exceeding inflationary rates; and

WHEREAS, the housing costs increases are happening throughout the entire State of Maine; and

WHEREAS, individuals who are without housing are statistically going to be adversely impacted more by other contributing factors than the population as a whole; and

WHEREAS, these known contributing factors include domestic violence, behavioral health, substance abuse, human trafficking and others; and

WHEREAS, the State of Maine, with federal COVID funds during the pandemic, provided temporary relief by utilizing hotels as a short term solution; and

WHEREAS, those hotels are no longer available, leaving those in need without other viable alternatives; and

WHEREAS, municipalities are required by the Maine Law to provide housing assistance through the General Assistance Program; and

WHEREAS, municipalities, including the City of Auburn, do not have the expertise or resources to provide the additional services which would be beneficial to many of the community members who are unhoused; and

WHEREAS, the housing crisis cannot be solved without uniform policies, State coordination, and cooperation between municipalities; and

WHEREAS, finding viable long term solutions for the growing number of folks without housing will require participation and resources from outside of the municipality; and

WHEREAS, the federal government, through various policies, including but not limited to those that impact Asylum Seekers, are contributing to the challenges of serving the needs of the unhoused;

NOW, THEREFORE, BE IT RESOLVED that we, the City Council and Mayor of the City of Auburn, join with other municipal leaders in Maine to request that the Governor of the State of Maine, supported by Legislative Leadership, create a formal Working Group of both elected and professional staff to make improvements to the state and local responses for those who are unhoused.

City Council Information Sheet

Council Workshop or Meeting Date: October 17, 2022

Author: Brian Wood, Assistant City Manager

Subject: Updating the Council on the year to date spend on all American Rescue Plan Act (ARPA) and City approved Capital Investment Purchases (CIP)

Information:

The City of Auburn received approximately $13,500,000.00 in ARPA funding in 2021. The current City Council and previous City Council have funded a number of projects and initiatives with this one time funding to advance a number of efforts, many related to the city strategic plan. This is an opportunity to provide an update on each project. Additionally, with the increase in goods, material and labor the City will be providing an update on CIP projects that were funded in FY22 and FY23.

Council Workshop or Meeting Date: October 17, 2022 **Order:** 143-10172022

Author: Glen E. Holmes, Director of Business & Community Development

Subject: Auburn Neighborhood Curb Appeal Grant Program

Information: The Auburn Neighborhood Curb Appeal Grant Program will allocate Two hundred Thousand dollars ($200,000) of APRA Funding to promote revitalization of properties in the Downtown District by providing financial assistance to building owners for improvement and maintenance to existing multi-unit residential buildings. Financial assistance is made available to provide a visual impact on the exterior of existing multi-unit buildings, thus improving the quality of the neighborhood, improve the sense of place and marketability of the overall area. The intent of this program is to incentivize building owners to take reinvest in their buildings and communities.

City Budgetary Impacts: NONE

Staff Recommended Action: Approve the Order as presented.

Previous Meetings and History: City Council Meeting October 3, 2022, during Communications and Presentations, Mayor Leveque proposed action.

Auburn Neighborhood Curb Appeal Grant

Purpose

The purpose of the Neighborhood Curb Appeal Grant Program is to promote revitalization of multi-unit properties in the Downtown District by providing financial assistance to building owners for improvement and maintenance to existing residential buildings. Financial assistance is made available to provide a visual impact on the exterior of existing multi-unit buildings, thus improving the quality of the neighborhood, improve the sense of place and marketability of the overall area. The intent of this program is to incentivize building owners to take reinvest in their buildings and communities.

Eligibility

Owners of buildings of 4 units or greater and located in the Downtown District and who's majority of tenants are at or below 120% of area median household income are eligible for financial assistance from the Auburn Community Development Office**.** The funds can be used to upgrade and rehabilitate the exterior façade of their buildings. Only projects, which have not begun prior to being awarded, are eligible. This is a reimbursement grant, therefore, only after a project is paid for, will the grant money be given. All work must take place after an approved scope of work. Proof of payment must be shown, to receive a reimbursement. Financial assistance will only be available to those projects meeting eligibility requirements and preference will be given to projects that can be completed in a timely manner and make the most visual impact to the downtown area. Business and Community Development staff will use existing city data to actively reach out to property owners in this district.

Eligible items may include:

- **Exterior Improvements** to the façade, including but not limited to, the following: changing exterior wall covering, landscaping, lighting, screening of unsightly utilities and to a limited extent, paving of parking areas.
- **Exterior Maintenance** measures that improve the overall looks of the façade and ensure the sustainability of exterior surfaces, such as cleaning, painting, tuckpointing, repairing, power washing, sand blasting, acid washing, window glazing, and caulking.

In order to be eligible to receive grant funds, all property taxes, real and personal, owed on the property that is the subject of the application must be current at the time the application is made. Any property on which there is past due balance for such taxes will be removed from consideration.

DRAFT

City of Auburn, Maine
Business & Community Development
60 Court Street | Auburn, Maine 04210
www.auburnmaine.gov | 207.333.6601

Scoring Criteria

- The level of private investment utilized for the renovation. Applicants providing more than a 50% match will receive higher priority
- The potential impact the project will have on the surrounding area (visual prominence/significance)
- Whether the proposed improvements restore the historical character of the building
- The building's level of blight
- Whether the building is abandoned
- Improvements must be adjacent to a public space; however, priority is given to projects renovating multiple facades
- Whether the applicant has utilized the city incentive programs in the recent past

Funding

The City of Auburn may allocate $200,000 from the City ARPA funds for this program to complete projects on a minimum of 4 separate properties within the Downtown District. All projects must be reviewed and approved by the Community Development Office and all work we conducted with proper permitting and approvals from the city Code Enforcement office.

Program Administration (1 year)			$8,000
Rebates for Approved Façade Improvements	$47,000.00	*4*	$188,000
Program Delivery (20 Hours)	$1,000.00	4	$4,000

DRAFT

City of Auburn
City Council Information Sheet

Council Workshop: October 17, 2022

Author: Eric J. Cousens, Director of Planning and Permitting

Subject: Dangerous Buildings, 80K Action and Property Maintenance Code Overview

---

Information: This workshop is to discuss our current housing code which is essentially a very simple, limited property maintenance code (PMC), the option of a more comprehensive national/international property maintenance code and the Dangerous Buildings Statute.

Housing Code/PMC: Over time the Council has considered the adoption of a comprehensive PMC or to make changes to our Housing Code to better address conditions that are detrimental to residents and the community. Some changes have been made while others have been seen as too far reaching and have not passed after extensive discussion and preparation of PMC code text. This was considered in 1999, 2012, 2016 and 2020 when the Council opted to make some changes to the Housing Code. A poorly maintained building impacts the decisions of abutting property owners and reduces investment in surrounding properties. Poor housing quality makes it harder to attract residents to the area which further reduces market competition and demand for a particular neighborhood. Likewise, a poorly managed building that allows for trash and debris problems, nuisance noise and/or pervasive criminal activity affects the behavior of other residents and can become more widespread in a neighborhood, with impacts that are similar to a poorly maintained building. Generally, a poorly maintained building is also a poorly managed building. Our housing code is a very limited PMC. A more extensive example is available at: https://codes.iccsafe.org/content/IPMC2018/preface. Communities with a PMC usually adopt a model code like the IPMC with some edits or deletions locally. Failure to comply with staff issued notices and citations can only be further enforced with an 80K Lawsuit/Action or Dangerous Buildings action.

80K Action: The term "80K" is derived from the rule contained in the Maine Rules of Civil Procedure which prescribes the legal procedure which must be followed in prosecuting land use violations. Rule 80K provides a "Summary Procedure," which means it moves faster than other court proceedings. The violator can answer the Complaint orally in court rather than in writing, and the court can decide the main issues of the case with a minimum amount of formality. That reduces the time and expense involved, without sacrificing the due process rights of the person accused of the violation. Even this option costs at least $3,000 and takes more time to get a court date than it used to.

Dangerous Buildings: 17 M.R.S. §§2851-2859 authorize the municipal officers(City Council) to determine that a building or structure is "dangerous" and to order appropriate corrective action either by the owner or by the town if the owner does nothing to correct the issues. Other than in the case of a building which is so dangerous that immediate court action is required, there is no express authority

given to the CEO to act under this statute. Buildings or structures which can be dealt with under this statute must fit within one of the following categories: • structurally unsafe; • unstable; • unsanitary; • constitutes a fire hazard; • is unsuitable or improper for the use or occupancy to which it is put; • constitutes a hazard to health or safety because of inadequate maintenance, dilapidation, obsolescence or abandonment or is otherwise dangerous to life or property. An example of this process can be viewed at the April 5, 2021 CC Mtg.

Staff Recommended Action: Discussion and feedback. Does the Council want to be more aggressive in legal actions for existing Housing Code violations? Three citations and then a lawsuit? Does the Council want to consider a more comprehensive model PMC to cover more concerns (maintaining vegetation for intown yards, broken windows/screens/, paint coverings, others). Questions on Dangerous Buildings Statute?

Previous Meetings and History: None recently

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: Auburn Housing Code, Dangerous Buildings Statute, images of example violations.

ARTICLE IV. HOUSING CODE

DIVISION 1. GENERALLY

Sec. 12-145. Purpose.

The purpose of this article is to establish minimum standards for all dwellings and property incident thereto in the city to insure safety, health, and public welfare through the proper construction, maintenance, and use thereof.

(Code 1967, § 20-A(1.1); Ord. of 3-26-1990; Ord. No. 02-04012013, att. B, 4-16-2013)

Sec. 12-146. Definitions and rules of construction.

(a) The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Basement means that portion of a building below the first floor joists having at least one-half of its clear ceiling height above the main level of the adjacent ground.

Chief of police means the legally designated head of the police department of the city or his authorized representative.

Dwelling or *dwelling unit* means a building or portion thereof arranged or designed to provide living facilities for one or more families.

Dwelling unit means a room or group of rooms located within a building and forming a single habitable unit, physically separated from any other rooms or dwelling units which may be in the same structure, with facilities which are used or intended to be used for independent living, sleeping, cooking and eating purposes. Dwelling units available for rental or occupancy for periods of less than one week shall be considered boarding/lodging units.

Extermination means the control and elimination of insects, rodents, or other pests by eliminating their harborage places; by removing or making inaccessible materials that may serve as their food; by poisoning, spraying, fumigating, trapping; or by any other recognized and legal pest elimination methods approved by the health officer.

Fire chief means the legally designated head of the fire department of the city or his authorized representative.

Garbage means the animal and vegetable waste resulting from the handling, preparation, cooking, and consumption of food.

Habitable room means a room or enclosed floor space used or intended to be used for living, sleeping, cooking or eating purposes excluding bathrooms, water closet compartments, laundries, pantries, game rooms, foyers or communicating corridors and permanent built-in closets and storage spaces.

Health officer means the legally designated health authority of the city or his authorized representative.

Infestation means the presence or evidence of the presence within or around a dwelling, of any insects, rodents, or other pests.

Manufactured housing means a structural unit or units designed for occupancy, and constructed in a manufacturing facility and then transported by the use of its own chassis, or placed on an independent chassis, to a building site, the term includes any type of building which is constructed at a manufacturing facility and then transported to a building site where it is utilized for housing and may be purchased or sold by a dealer in the interim. Manufactured housing shall include newer mobile homes and modular homes as defined in city zoning regulations.

Mobile homes, older, means any factory-built home that fails to meet the definition of manufactured housing and more specifically, any mobile home constructed prior to June 15, 1976. These units shall be restrict to location in approved mobile home parks.

Mobile home park means a parcel of land under single ownership in rural residence, suburban residence and cluster development districts that has been planned and improved for the placement of not less than three mobile homes for non-transient use.

Multiple dwelling means any dwelling containing more than three dwelling units.

Occupant means any person over one year of age, living, sleeping, cooking, or eating in, or having actual possession of, a dwelling unit or rooming unit.

Operator means any person, who has charge, care or control of a building or part thereof, in which dwelling units or rooming units are rented or let or of an area where spaces are rented or let for mobile homes.

Owner means any person who, alone or jointly or severally with others, has legal title to any dwelling or dwelling unit, with or without accompanying actual possession thereof, or has charge, care or control of any dwelling or dwelling unit, as owner or agent of the owner, or an executor, executrix, administrator, administratrix, trustee, or guardian of the estate of owner. Any such person thus representing the actual owner shall be bound to comply with the provisions of this chapter to the same extent as if he were the owner.

Paint stabilization means repairing any physical defect in the substrate of a painted surface that is causing paint deterioration, removing loose paint and other material from the surface to be treated, and applying a new protective coating or paint to the affected areas.

Plumbing means all of the following supplied facilities and equipment: gas pipes, gas-burning equipment, water pipes, garbage disposal units, waste pipes, water closets, sinks, installed dishwasher, lavatories, bathtubs, shower baths, installed clothes washing machines, catch basins, drains, vents , and any other similar supplied fixtures, together with all connections to water, sewer or gas lines.

Rooming house means any dwelling, or that part of any dwelling, containing one or more rooming units, in which space is let by the owner or operator to four or more persons who are not husband or wife, son or daughter, mother or father, or sister or brother of the owner or operator.

Rooming unit means any room or group of rooms forming a single habitable unit used or intended to be used for living, and sleeping, but not for cooking or eating purposes.

Rubbish means combustible and non-combustible waste materials except garbage, including, without limitation, residue from the burning of wood, coal, coke, or other combustible material, paper, rags, cartons, boxes, wood, excelsior, rubber, leather, tree branches, yard trimmings, tin cans, metals, mineral matter, glass, crockery, dust and others.

Structural elements means all of the following components of a structure, including but not limited to: foundation, framing, sheathing, siding, roofing material, windows, doors, trim, eaves, porches, stairs, railings, guards; and interior surfaces such as sheetrock, plaster, ceiling tiles, countertops, and floors.

Summer camps means seasonal dwelling units intended for and actually used for single-family dwellings only during the months of May, June, July, August, September and October or weekends or other periods of vacations but not to exceed 30 days.

Supplied means paid for, furnished, installed or provided by or under the control of the owner or operator.

Temporary housing means any tent, trailer, or other structure used for human shelter that is designed to be transportable and which is not attached to the ground, to another structure, or to any utilities system on the same premises for more than 30 consecutive days.

(b) Whenever the words "dwelling," "dwelling unit," "lodging house," "rooming unit," or "premises" are used in this article, they shall be construed as though they were followed by the words "or any part thereof."

(Code 1967, § 20-A(art. V); Ord. of 3-26-1990; Ord. No. 02-04012013, att. B, 4-16-2013; Ord. No. 02-02222016, 3-7-2016; Ord. No. 10-11022020, 11-16-2020)

Sec. 12-147. Compliance required.

(a) No dwelling or dwelling unit shall be deemed to conform with the requirements of this article until it meets all of the minimum standards of this article as specified herein.

(b) It is unlawful to construct, alter, maintain, occupy, let for occupancy, or use a building or structure, or part thereof, in violation of the provisions of this article.

(Code 1967, §§ 20-A(1.2), 20A(1.3); Ord. of 3-26-1990; Ord. No. 02-04012013, att. B, 4-16-2013)

Sec. 12-148. Validity of other laws.

Nothing in this article shall be construed to prevent the enforcement of other laws that prescribe more restrictive limitations.

(Code 1967, § 20-A(1.4); Ord. of 3-26-1990; Ord. No. 02-04012013, att. B, 4-16-2013)

Sec. 12-149. Exceptions permitted.

In seasonal dwellings, mobile homes, buildings erected prior to the original adoption of this article, or in agriculture and resource protection district as defined by the zoning provisions of the city, or in areas where public water or sewerage systems are not available, the code compliance officer shall upon application grant an exception for the use of buildings for dwelling purposes that do not meet the minimum standards set forth in this article when he determines that:

(1) It is not feasible or practicable to comply with such minimum standards;

(2) The safety, health, or general welfare of the occupants and the public will not be adversely affected; and

(3) The effect of the granting of the exception will not adversely affect adequate light, air, overcrowding, of persons or property, the provision for public utilities, the character of the neighborhood, or traffic conditions as applied to the welfare of the occupants or the general public.

(Code 1967, § 20-A(1.6); Ord Ord. of 3-26-1990; Ord. No. 02-04012013, att. B, 4-16-2013; Ord. No. 02-02222016, 3-7-2016)

Sec. 12-150. Procedure for granting exceptions.

(a) The code compliance officer shall issue such exception in writing setting forth the date of granting, the reasons for granting the same, the date it shall expire, and the location of the premises.

(b) No such exceptions shall be granted for a period of more than five years. Any exception may be renewed one or more times, upon application to the board of appeals. Each renewal shall not exceed additional periods of five years for such renewal. Each renewal shall contain the requirements of the original exception and in addition thereto the date of issuance of the original exception and the statement that it is a renewal.

(Code 1967, § 20-A(1.7); Ord Ord. of 3-26-1990; Ord. No. 02-04012013, att. B, 4-16-2013; Ord. No. 02-02222016, 3-7-2016)

Secs. 12-151—12-169. Reserved.

DIVISION 2. INSPECTIONS

Sec. 12-170. Authority of code compliance officer.

The code compliance officer is hereby authorized to make inspections to determine the condition of dwellings, dwelling units, rooming houses, rooming units and premises located within this city in order that he may perform his duty of safeguarding the health and safety of the occupants of dwellings and of the general public.

(Code 1967, § 20-A(2.1); Ord. of 3-26-1990; Ord. No. 02-04012013, att. B, 4-16-2013; Ord. No. 02-02222016, 3-7-2016)

Sec. 12-171. Right of entry for inspection.

For the purpose of making such inspections, the code compliance officer is hereby authorized to enter, examine, and survey any or all dwelling units, rooming houses, rooming units, and premises at any mutually agreeable time but in any case within 20 days of notice to the owners or occupant of the intention to make such an inspection.

(Code 1967, § 20-A(2.2); Ord. of 3-26-1990; Ord. No. 02-04012013, att. B, 4-16-2013; Ord. No. 02-02222016, 3-7-2016)

Sec. 12-172. Owner and occupant to give free access.

(a) *Access of code compliance officer.* The owner and occupant of every dwelling, dwelling unit, lodging house and rooming unit or the person in charge thereof, shall give the code compliance officer free access to such dwellings, dwelling unit, lodging house or rooming unit and premises at any mutually agreeable time for the purpose of such inspection, examination, or survey, but in any case within 20 days of notice to the owner or occupant of the intention to make such an inspection, examination, or survey.

(b) *Access of owner.* Every occupant of a dwelling, dwelling unit, lodging house and rooming unit shall give the owner, and his agent or employee, access at all reasonable times to any part of the dwelling, dwelling unit, lodging house, rooming unit or premises for the purpose of compliance with the provisinos of this article or any lawful order issued pursuant to this article.

(Code 1967, §§ 20-A(2.3), 20-A(2.4); Ord. of 3-26-1990; Ord. No. 02-04012013, att. B, 4-16-2013; Ord. No. 02-02222016, 3-7-2016)

Secs. 12-173—12-194. Reserved.

DIVISION 3. ENFORCEMENT

Sec. 12-195. Procedure generally.

(a) If the code compliance officer determines that there are reasonable grounds to believe that there has been a violation of any provisions of this chapter, he shall initiate enforcement proceedings in accordance with the citation system established in this Code. Alternatively, he may initiate a land use complaint pursuant to state law, in which case the penalties therein provided shall apply.

(b) Any notice issued pursuant to this article shall:

(1) Be in writing;

(2) Include a statement of the reasons why it is being issued;

(3) Set a reasonable time for the performance of any act it requires;

(4) Be served upon the owner or his agent, or the occupant, as the case may require; provided, however, that:

a. Complaints under this article be deemed properly served upon such owner or agent or upon such occupant if a copy thereof is served upon him personally or by leaving a copy thereof at his dwelling house or usual place of abode with some person of suitable age and discretion then residing therein; or

b. If a copy thereof is sent by registered or certified mail to his last known address or the address as shown on the records in the tax assessor's office of the city of auburn; and

c. If service is made personally or by leaving at his dwelling house or usual place of abode a statement signed by the person so serving stating the date of service shall be filed in the office of planning and development.

(5) May contain an outline of remedial action that, if taken, will effect compliance with the provision of this article.

(c) After service of such notice, the owner or occupant to whom it is directed shall correct the condition constituting the violation within the time specified and promptly give notice to the code compliance officer that such corrective action has been taken.

(Code 1967, § 20-A(3.1); Ord. of 3-26-1990; Ord. No. 02-04012013, att. B, 4-16-2013; Ord. No. 02-02222016, 3-7-2016)

Sec. 12-196. Method of petitioning for hearing.

(a) Any person affected by any notice issued in connection with the enforcement of any provision of this article, may request and shall be granted a hearing on the matter before the board of appeals; provided that such person shall file in the office of the board of appeals a written petition requesting such hearing and setting forth a brief statement of the grounds therefor within ten days after the day the notice was served.

(b) Upon receipt of such petition, the board of appeals shall set a time and place for such hearing and shall give the petitioner notice thereof in person or by mail.

(c) At such hearing, the board of appeals shall take evidence to determine whether such notice should be sustained, modified, or withdrawn.

(d) The hearing shall be commenced not later than 30 days after the day on which the petition was filed; provided that upon application of the petitioner the board of appeals may postpone the date of the hearing for a reasonable time beyond such 30 day period, if in its judgment the petitioner has submitted a good and sufficient reason for such postponement.

(Code 1967, § 20-A(3.2); Ord. of 3-26-1990; Ord. No. 02-04012013, att. B, 4-16-2013)

Sec. 12-197. Power of board of appeals to alter notice.

After such hearing, the board of appeals shall sustain, modify, or withdraw the notice, depending upon its findings as to the compliance with the provisions of this chapter. If the board of appeals sustains or modifies such notice, it shall be deemed to be an order. Any notice served pursuant to this article shall automatically become an order if a written petition for a hearing is not filed in the office of the board of appeals within ten days after such notice is served. There shall be an appeal from the board of appeals to the superior court in the manner provided by state law.

(Code 1967, § 20-A(3.3); Ord. of 3-26-1990; Ord. No. 02-04012013, att. B, 4-16-2013)

Sec. 12-198. Recording of public hearing.

The proceedings at such hearing, including the findings and decision of the board of appeals, shall be summarized, reduced to writing, and entered as a matter of public record in the office of the board of appeals. Such record shall also include a copy of every notice or order issued in connection with the matter.

(Code 1967, § 20-A(3.4); Ord. of 3-26-1990; Ord. No. 02-04012013, att. B, 4-16-2013)

Sec. 12-199. Notice of intent to sell, transfer or rent property subject to order.

(a) *When required.* Any person who proposes to sell, transfer or otherwise dispose of lease or sublet any dwelling unit, lodging house, rooming unit, or other premises against which there is any existing lawful order of the code compliance officer, the board of appeals or any court of competent jurisdiction shall furnish the proposed grantee or transferee a true copy of such order and shall notify the office of planning and development in writing of the intent to so sell, transfer, or otherwise dispose of lease or sublet in writing giving the name and address of the person to whom such transfer is proposed within three days of the proposed transfer.

(b) *Penalty.* Any person who violates the terms of this section shall be in violation of this chapter and shall be subject to a penalty or fine of not less than $50 and not more than $100 to be enforced by complaint in a court of competent jurisdiction.

(Code 1967, § 20-A(3.5); Ord. of 3-26-1990; Ord. No. 02-04012013, att. B, 4-16-2013; Ord. No. 02-02222016, 3-7-2016)

Sec. 12-200. Placarding of buildings unfit for human habitation.

(a) *Authority of code compliance officer.* If the person so affected fails to appeal to the board of appeals or if after an appeal, the board of appeals sustains the decision of the code compliance officer, the dwelling, dwelling unit, lodging house, or rooming unit so affected may be declared unfit for human habitation and placarded by the code compliance officer.

(b) *Procedure.* To placard, the code compliance officer shall issue to the occupants and the owner or operator a written notice to vacate the premises within such time as the code compliance officer may deem reasonable, but not less than seven days, and a placard prohibiting continued occupancy or re-occupancy may be conspicuously posted on the premises, and a copy of such notice may be filed with the police department.

(c) *Use of placarded buildings prohibited.* No dwelling or dwelling units, lodging house, or rooming unit which has been placarded as unfit for human habitation shall again be used for human habitation until written approval is secured from, and such placard is removed by, the code compliance officer. The code compliance officer shall remove such placard whenever the defect or defects upon which the placarding action is based have been eliminated.

(d) *Defacement and removal of placard prohibited.* No person shall deface or remove the placard from any dwelling or dwelling unit, lodging house or rooming unit, which has been declared unfit for human habitation and placarded as such.

(Code 1967, § 20-A(3.6); Ord. of 3-26-1990; Ord. No. 02-04012013, att. B, 4-16-2013; Ord. No. 02-02222016, 3-7-2016)

Sec. 12-201. Order to vacate dangerous premises.

In instances where the health officer, fire chief, and chief of police, or their duly qualified deputies, determine in writing that extreme danger or menace to the occupants or the public health exists, the code compliance officer, health officer, fire chief, and chief of police, or their duly qualified deputies may order immediate correction to be made or, if the circumstances warrant, may order that the occupants vacate the premises as provided in this article.

(Code 1967, § 20-A(3.7); Ord. of 3-26-1990; Ord. No. 02-04012013, att. B, 4-16-2013; Ord. No. 02-02222016, 3-7-2016)

Secs. 12-202—12-224. Reserved.

DIVISION 4. MINIMUM STANDARDS

Sec. 12-225. Compliance with city codes and state law required.

All structures and structural elements of buildings and the construction, use and occupancy thereof shall be in accordance with the requirements of this Code, including the building and technical codes adopted by the city, and with state law and regulations.

(Code 1967, §§ 20-A(6.1), 20-A(12.1); Ord. of 3-26-1990; Ord. No. 02-04012013, att. B, 4-16-2013)

Sec. 12-226. Maintenance.

(a) All structures and structural elements shall be maintained structurally sound, in good repair, hazard free and suitable for the intended use.

(b) All painted exterior surface areas of pre 1978 properties must be maintained in a manner to not cause a public nuisance or affect the health and safety of the occupants of the property where the condition exists or of surrounding properties. Paint stabilization must occur if the potential for such a condition exists.

(Code 1967, § 20-A(6.2); Ord. of 3-26-1990; Ord. No. 02-04012013, att. B, 4-16-2013; Ord. No. 10-11022020, 11-16-2020)

Sec. 12-227. Plumbing.

Every dwelling unit shall contain a kitchen sink and a bathtub or shower. In addition, every dwelling unit shall contain, within a room which affords privacy, a flush water closet and a lavatory basin. All plumbing facilities required by this Code shall be in accordance with the requirements of the plumbing code adopted by the city as of date of installation and maintained in good sanitary working condition; water-related plumbing facilities required by this Code shall be connected to adequate supply of water.

(Code 1967, § 20-A(art. 7); Ord. of 3-26-1990; Ord. No. 02-04012013, att. B, 4-16-2013; Ord. No. 02-02222016, 3-7-2016)

Sec. 12-228. Heating and ventilation.

(a) *Maintenance.* All heating and ventilating facilities shall be maintained in safe operating condition for use without danger of asphyxiation or of overheating combustible material.

(b) *Requirements when central heating plant not available.* When heat is not furnished by a central heating plant, each dwelling unit or rooming unit shall be provided with one or more masonry flues and smoke or vent pipe connections, or equal arrangement, in accordance with the provisions of the basic building code to permit the use of heating equipment capable of providing heat as required by this section.

(c) *Heating facilities required in rented or leased premises.* Every habitable room, let for occupancy, shall be served by heating facilities capable of providing a minimum temperature of at least 68 degrees Fahrenheit, at a distance of three feet from the exterior walls, five feet above floor level, as required by prevailing weather conditions. In addition, the heating facilities must be operated to protect the building equipment and systems from freezing.

(d) *Window specifications.* Every habitable room shall have a window or windows with a total sash area equal to at least eight percent of its floor area opening on a street, alley, yard, or court open to the sky and constructed and maintained so that at least one-half of the sash area can be opened, except that an approved method of mechanical ventilation may be substituted for such window or windows

(Code 1967, § 20-A(art. 8); Ord. of 3-26-1990; Ord. No. 02-04012013, att. B, 4-16-2013; Ord. No. 02-02222016, 3-7-2016)

Sec. 12-229. Electrical and lighting.

All lighting and other electrical facilities shall be in accordance with the requirements of the electrical code adopted by the city and shall be maintained in good, safe and suitable electrical order.

(Code 1967, §§ 20-A(9.1), 20-A(9.2); Ord. of 3-26-1990; Ord. No. 02-04012013, att. B, 4-16-2013)

Sec. 12-230. Passageways, stairways and exits.

(a) *Exits.* Every dwelling unit and every rooming unit shall have safe, continuous and unobstructed means of egress leading from the interior of the building to safe and open spaces at ground level in accordance with applicable statutes and ordinances.

(b) *Lighting.* Every passageway and stairway shall have at least one ceiling-type or wall-type electric light fixture adequate to provide safe passage.

(c) *Obstructions.* Every hallway, stairway, corridor, exit, fire escape door or other means of egress hall be kept clear of obstructions at all times.

(Code 1967, §§ 20-A(9.3), 20-A(12.3), 20-A(12.4); Ord. of 3-26-1990; Ord. No. 02-04012013, att. B, 4-16-2013)

Sec. 12-231. Garbage and rubbish.

(a) *Method of disposal.* Every responsible occupant of a dwelling or dwelling unit shall dispose of all his garbage and rubbish in a clean and sanitary manner. Every owner of rental property shall provide his tenants with suitable waste containers as required by city ordinance.

(b) *Accumulations prohibited.* Every dwelling shall be clean and free from garbage or rubbish. When a dwelling or dwelling unit is not reasonably clean or free from garbage or rubbish, the code compliance officer may cause the responsible person to put the dwelling or dwelling unit in a clean and sanitary condition.

(Code 1967, § 20-A(10.1); Ord. of 3-26-1990; Ord. No. 02-04012013, att. B, 4-16-2013; Ord. No. 02-02222016, 3-7-2016)

Sec. 12-232. Insect and rodent control.

(a) *Owner responsible for extermination in multiple dwellings.* If infestation exists in two or more of the dwelling units in any dwelling, or in the shared or public parts of any dwelling containing two or more dwelling units, extermination thereof shall be the responsibility of the owner.

(b) *Occupant responsible for extermination.* Every occupant of a dwelling containing a single dwelling unit shall be responsible for the extermination of any insects, rodents, or other pests therein or on the premises.

(Code 1967, § 20-A(10.2); Ord. of 3-26-1990; Ord. No. 02-04012013, att. B, 4-16-2013)

Sec. 12-233. Space and occupancy.

(a) *Floor space requirements.* The total area of every dwelling unit shall contain at least 250 square feet of floor area, with an additional 125 square feet for each occupant over two.

(b) *Ceiling height.* At least one half of the floor area of every habitable room shall have a room ceiling height of at least 7 feet; and the floor area of that part of any room where the ceiling height is less than five feet shall not be considered as part of the floor area in computing the total floor area of the room for the purpose of determining the maximum permissible occupancy thereof.

(c) *Use of basement.* No basement space shall be used as a habitable room or dwelling unit unless it conforms to the minimum requirements of this article.

(Code 1967, § 20-A(art. 11); Ord. of 3-26-1990; Ord. No. 02-04012013, att. B, 4-16-2013)

Sec. 12-234. Dwelling occupancies prohibited adjacent to hazardous establishments.

No dwelling unit or rooming unit shall be located within a building containing any establishment handling, dispensing or storing flammable liquids or producing toxic gases or vapors in any quantity that may endanger the lives or safety of the occupants.

(Code 1967, § 20-A(12.2); Ord. of 3-26-1990; Ord. No. 02-04012013, att. B, 4-16-2013)

§2851. Dangerous buildings

The municipal officers in the case of a municipality or the county commissioners in the case of the unorganized or deorganized areas in their county may after notice pursuant to section 2857 and hearing adjudge a building to be a nuisance or dangerous, in accordance with subsection 2-A, and may make and record an order, in accordance with subsection 3, prescribing what disposal must be made of that building. The order may allow for delay of disposal if the owner or party in interest has demonstrated the ability and willingness to satisfactorily rehabilitate the building. If an appeal pursuant to section 2852 is not filed or, if an appeal pursuant to section 2852 is filed and the Superior Court does not order, stay or overturn the order to dispose of the building, the municipal officers or the county commissioners shall cause the nuisance to be abated or removed in compliance with the order. After recording an attested copy of the notice required by section 2857 in the registry of deeds located within the county where the building is situated, the municipality or the county may seek a writ of attachment of the property on which the building is located in accordance with Title 14, chapter 507 and the Maine Rules of Civil Procedure. [PL 2019, c. 557, §1 (AMD).]

For the purposes of this subchapter, "building" means a building or structure or any portion of a building or structure or any wharf, pier, pilings or any portion of a wharf, pier or pilings thereof that is or was located on or extending from land within the boundaries of the municipality or the unorganized or deorganized area, as measured from low water mark, and "parties in interest" has the same meaning as in Title 14, section 6321. [PL 2017, c. 136, §1 (NEW).]

1. Notice.
[PL 2017, c. 136, §1 (RP).]

2. Notice; how published.
[PL 2017, c. 136, §1 (RP).]

2-A. Standard. To adjudge a building to be a nuisance or dangerous, the municipal officers or county commissioners must find that the building is structurally unsafe, unstable or unsanitary; constitutes a fire hazard; is unsuitable or improper for the use or occupancy to which it is put; constitutes a hazard to health or safety because of inadequate maintenance, dilapidation, obsolescence or abandonment; or is otherwise dangerous to life or property.
[PL 2017, c. 136, §1 (NEW).]

3. Recording of the order. An order made by the municipal officers or county commissioners under this section must be recorded by the municipal or county clerk, who shall cause an attested copy to be served upon the owner and all parties in interest in the same way service of process is made in accordance with the Maine Rules of Civil Procedure. If the name or address cannot be ascertained, the clerk shall publish a copy of the order in the same manner as provided for notice in section 2857.
[PL 2017, c. 136, §1 (AMD).]

4. Proceedings in Superior Court. In addition to proceedings before the municipal officers or the county commissioners, the municipality or the county may seek an order of demolition by filing a complaint in the Superior Court situated in the county where the building is located. The complaint must identify the location of the property and set forth the reasons why the municipality or the county seeks its removal. Service of the complaint must be made upon the owner and parties in interest in accordance with the Maine Rules of Civil Procedure. After hearing before the court sitting without a jury, the court shall issue an appropriate order and, if it requires removal of the building, it shall award costs as authorized by this subchapter to the municipality or the county. The municipality or the county may petition the court for a writ of attachment of the property on which the building is located in accordance with Title 14, chapter 507 and the Maine Rules of Civil Procedure. Appeal from a decision of the Superior Court is to the law court in accordance with the Maine Rules of Civil Procedure.
[PL 2019, c. 557, §2 (AMD).]

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: October 17, 2022

Subject: Executive Session

Information: Contract negotiations, pursuant to 1 M.R.S.A. Section 405(6) (D).

Executive Session: On occasion, the City Council discusses matters which are required or allowed by State law to be considered in executive session. Executive sessions are not open to the public. The matters that are discussed in executive session are required to be kept confidential until they become a matter of public discussion. In order to go into executive session, a Councilor must make a motion in public. The motion must be recorded, and 3/5 of the members of the Council must vote to go into executive session. An executive session is not required to be scheduled in advance as an agenda item, although when it is known at the time that the agenda is finalized, it will be listed on the agenda. The only topics which may be discussed in executive session are those that fall within one of the categories set forth in Title 1 M.R.S.A. Section 405(6). Those applicable to municipal government are:

A. Discussion or consideration of the employment, appointment, assignment, duties, promotion, demotion, compensation, evaluation, disciplining, resignation or dismissal of an individual or group of public officials, appointees or employees of the body or agency or the investigation or hearing of charges or complaints against a person or persons subject to the following conditions:
(1) An executive session may be held only if public discussion could be reasonably expected to cause damage to the individual's reputation or the individual's right to privacy would be violated;
(2) Any person charged or investigated must be permitted to be present at an executive session if that person so desires;
(3) Any person charged or investigated may request in writing that the investigation or hearing of charges or complaints against that person be conducted in open session. A request, if made to the agency, must be honored; and
(4) Any person bringing charges, complaints or allegations of misconduct against the individual under discussion must be permitted to be present. This paragraph does not apply to discussion of a budget or budget proposal;

B. Discussion or consideration by a school board of suspension or expulsion of a public school student or a student at a private school, the cost of whose education is paid from public funds, as long as:
(1) The student and legal counsel and, if the student is a minor, the student's parents or legal guardians are permitted to be present at an executive session if the student, parents or guardians so desire;

C. Discussion or consideration of the condition, acquisition or the use of real or personal property permanently attached to real property or interests therein or disposition of publicly held property or economic development only if premature disclosures of the information would prejudice the competitive or bargaining position of the body or agency;

D. Discussion of labor contracts and proposals and meetings between a public agency and its negotiators. The parties must be named before the body or agency may go into executive session. Negotiations between the representatives of a public employer and public employees may be open to the public if both parties agree to conduct negotiations in open sessions;

E. Consultations between a body or agency and its attorney concerning the legal rights and duties of the body or agency, pending or contemplated litigation, settlement offers and matters where the duties of the public body's or agency's counsel to the attorney's client pursuant to the code of professional responsibility clearly conflict with this subchapter or where premature general public knowledge would clearly place the State, municipality or other public agency or person at a substantial disadvantage;

F. Discussions of information contained in records made, maintained or received by a body or agency when access by the general public to those records is prohibited by statute;

G. Discussion or approval of the content of examinations administered by a body or agency for licensing, permitting or employment purposes; consultation between a body or agency and any entity that provides examination services to that body or agency regarding the content of an examination; and review of examinations with the person examined; and

H. Consultations between municipal officers and a code enforcement officer representing the municipality pursuant to Title 30-A, section 4452, subsection 1, paragraph C in the prosecution of an enforcement matter pending in District Court when the consultation relates to that pending enforcement matter.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: October 17, 2022 **Order:** 136-10172022

Author: Sue Clements-Dallaire, City Clerk

Subject: Confirming Mayor Levesque's appointment of alternate member of the Ethics Panel

---

Information: Auburn's Ordinance states that two regular voting members and one alternate member are appointed by the Mayor and confirmed by the City Council and one regular voting member and one alternate is appointed by the School Committee Chair and confirmed by the School Committee.

The Mayor appointed alternate seat is vacant. Mayor Levesque would like to appoint Tara Paradie to fill this seat, which requires confirmation by a vote of the City Council. This is a three year term, term expiration date 11/1/2025.

City Budgetary Impacts: N/A

Staff Recommended Action: Consider passage.

Previous Meetings and History: N/A

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: Order 136-10172022

ORDER 136-10172022

Mayor Levesque called the meeting to order at 7:00 P.M. in the Council Chambers of Auburn Hall and led the assembly in the salute to the flag. All Councilors were present.

Pledge of Allegiance

I. Consent Items - All items with an asterisk (*) are considered routine and will be enacted by one motion. There will be no separate discussion of these items unless a Council member or a citizen so requests, in which event, the item will be removed from the Consent Agenda and considered in its normal sequence on the agenda

1. Order 135-10032022*
Confirming Chief Moen's appointments of Trevor Gagnon, Noor Shidad, Christopher Ivers, and Timothy Robinson as Constables with firearm for the Auburn Police Department.

Motion was made by Councilor Staples and seconded by Councilor Walker for passage.

Passage 7-0.

II. Minutes - September 19, 2022, Regular Council Meeting

Motion was made by Councilor Gerry and seconded by Councilor Walker to approve the minutes of the September 19, 2022 Regular Council meeting.

Passage 7-0.

III. Communications, Presentations and Recognitions

- Communication - Lake Auburn Watershed Protection Commission Resolution
- T-4.2B Education Presentation Schedule
- Council Communications (about and to the community)

Manager Crowell reported that he spoke with community members about how to enhance communications with the public. We are now using a different format for our newsletter. The public can sign up for various notifications under the "alert me" feature on our website. He reported that there were some email issues where emails were not working properly, but that is being worked on and should be resolved soon. The Police Department is sending out weekly crime statistics for the public. He reminded everyone that we are closed on Monday, October 10th in observance for Indigenous Peoples Day. He also reported that we have received over 150 applications for the Christmas Village event. About 18 will be selected out of the 150 applicants.

Councilor Walker reported that the Age Friendly Committee will hold a bean supper at the Senior Community Center on Saturday, October 15th from 4:00 pm to 5:30 pm. There is no charge, however donations are welcome and will be used for future dinners. Anyone that would like to attend are encouraged to call 333-6601 ext. 2108 so they will have an idea how many plan on attending. He also reported that the United New Auburn

Association will be holding their Halloween event in Anniversary Park on Sunday, October 30th from 1-3 pm with plenty of candy to hand out.

IV. Open Session

Ben Lounsbury asked why the communication item on the Lake Auburn Watershed Protection wasn't discussed. He also stated that he is concerned that the Planning and Permitting staff will be overloaded if all of the additional development goes through. He also spoke about a horse farm in his neighborhood that he stated was not in compliance with the terms of the permit and it seems that nothing is being done about it.

Pam Rousseau, 745 West Auburn Road, said that she would like to know what the city has spent of taxpayer money on attorney costs.

V. Unfinished Business

1. Order 125-09062022
Allocating $1,500,000.00 ARPA (American Rescue Plan Act) funding for home relief.

Motion was made by Councilor Staples and seconded by Councilor Walker for passage.

Public comment – No one from the public spoke.

Motion was made by Councilor Whiting and seconded by Councilor Walker to amend the $1,500,000.00 amount to $700,000 with the terms and conditions outlined in the staff memorandum.

Passage 7-0.

Passage as amended 5-2 (Councilors Gerry and Hawes opposed). A roll call vote was taken.

2. Ordinance 21-09192022
Amending the GA Maximum Appendices. Second reading.

Motion was made by Councilor Gerry and seconded by Councilor Whiting for passage.

Public comment – No one from the public spoke.

Passage 7-0. A roll call vote taken.

VI. New Business

1. Ordinance 22-10032022 Amending Chapter 14, Sec. 14-49, Exemptions from license requirement or fees of the City Code. Public hearing and first reading.

Motion was made by Councilor Walker and seconded by Councilor Gerry for passage.

Public hearing – No one from the public spoke.

Passage 7-0. A roll call vote was taken.

Ordinance 23-10032022
Adopting the Street Tree Sustainability Ordinance. Public hearing and first reading.

Motion was made by Councilor Walker and seconded by Councilor Staples for passage.

Public hearing – Dave Griswold spoke in favor of this proposed ordinance and thanked Councilors for their support.

Passage 7-0. A roll call vote was taken.

2. **Resolve 08-10032022**
Requesting increased State involvement for better outcomes for those unhoused.

Motion was made by Councilor Gerry and seconded by Councilor Morin for passage.

Public comment – Mike Gilligan, 107 Newbury Street said it is wonderful that we are reaching out to the state for assistance but we have to act and come up with a comprehensive plan.

Passage 7-0.

VII. Open Session – No one from the public spoke.

VIII. Reports (from sub-committees to Council)
Mayor's Levesque stated that this past weekend was an emotional weekend where we celebrated the life and memorialized the passing of Steven Roop, owner of Roopers adding that it was the largest funeral we've seen in Lewiston Auburn for generations. He reported that there is a School Committee meeting on Wednesday where they will be setting goals for the Superintendent, and he will discuss the dual enrollment resolve that the Council voted on.

Councilor Walker reported that the Age Friendly Group has been working with Bell's Potato Farm and recently came up with a deal to give away potatoes. They were able to purchase 15 tons of potatoes to give out to senior citizens that are in need.

IX. Executive Sessions

Economic Development (continuation from workshop executive session discussion), pursuant to 1 M.R.S.A. §405 (6)(C).

Motion was made by Councilor Milks and seconded by Councilor Gerry. Passage 7-0. Time 7:40 pm.

Council was declared out of executive session at 8:30 pm.

X. Adjournment – Motion was made by Councilor Milks and seconded by Councilor Morin to adjourn. Unanimously approved and the meeting adjourned at 8:30 pm.

Susan Clements-Dallaire, City Clerk

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: October 17, 2022 **Ordinance:** 22-10032022

Author: Sue Clements-Dallaire, City Clerk

Subject: Food Service Establishment – Concession Stands

Information: During the September 6, 2022 Council meeting, Councilor Morin reported that he was contacted by a constituent whose six year old son wanted to run a lemonade stand to try to raise money to purchase a guitar. They came to Auburn Hall to obtain a permit and was told that the permit would be $200. This was discussed at the September 19, 2022 City Council workshop.

Three options below were presented to the City Council for consideration:

1. Determine on a case by case basis under Sec. 14-31 Fees; Waiver which gives the City Council the option of waiving business licensing fee on a case by case basis and would not require an ordinance change.
2. Delegate the authority to waive the fee for minors operating a temporary lemonade (or concession) stand on private property to the City Clerk. This would be an ordinance change which would require a public hearing and two readings.
3. Add a provision under Sec. 14-49, Exemptions from license requirements or fees, which would exempt minors operating a temporary lemonade (or concession stand) on private property. This would be an ordinance change which would require a public hearing and two readings.

After much discussion, Council seemed to be in favor of option 3.

City Budgetary Impacts: N/A

Staff Recommended Action: Consider passage of the proposed ordinance amendment.

Previous Meetings and History: Councilor Morin discussed bringing this forward during the 9/6/2022 Council meeting. This item was discussed at the September 19, 2022 Council workshop. A public hearing and passage of the first reading was on 10/03/2022.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell J.

Attachments: Proposed ordinance amendment

ORDINANCE 22-10032022

City Council Ordinance

IN CITY COUNCIL

Amending the Code of Ordinances, Chapter 14, Sec. 14-49 Exemptions from license requirement or fees.

Be it ordained, that the City Council hereby amends the Code of Ordinances, Chapter 14, Sec. 14-49 to include exemption (h) Minors operating a temporary concession stand on private property.

Sec. 14-49. Exemptions from license requirement or fees.

(a) Persons acting pursuant to an order or process of a court of competent jurisdiction and persons acting in accordance with their powers and duties as public officers, such as sheriffs and marshals, shall not be required to secure a local license.

(b) Orphanages and public and private hospitals, as defined in the laws of the State, shall not be required to secure a local business license to operate a children's home or day care facility.

(c) Persons selling, exclusively, farm, dairy, orchard or fish products of their own production shall not be required to obtain a local license.

(d) No charge shall be made for the issuance of a solicitor's license, blasting permit or chimney cleaner permit; however, persons traveling by foot, wagon, automotive vehicle or any other type of conveyance, from place to place, from house to house or from street to street selling magazines or other merchandise by sample, list or catalogue for future delivery shall be required to obtain a local itinerant vendor/peddler's license.

(e) Persons licensed in accordance with state law to maintain an automobile graveyard or junkyard shall not be required to obtain a local license to also operate as a junk collector.

(f) Persons who use their own homes to provide foster care to children shall not be required to obtain a local license.

(g) Public or private school cafeterias and nursing homes shall not be required to obtain a local food service establishment license.

(h) Minors operating a temporary concession stand on private property.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: October 17, 2022 **Ordinance:** 23-10032022

Author: Phil Crowell, City Manager

Subject: Forestry Board and Tree Streets

Information: On March 21, 2022, Dave Griswold and Councilor Staples provided an update on the development of a street tree sustainability ordinance in order to provide information, planning and resources necessary to ensure the long-term viability and sustainability of the street tree component of the community forest.

Reasons for this ordinance:

1. The street tree component of the community forest has declined over time due to limited resources applied to maintain it.
2. Emerald Ash Borer (EAB) is a looming threat that is almost certain to impact Auburn's 430 ash street trees in the next decade.
3. This proposal is the result of discussions of the Community Forest Subcommittee of the former Conservation Commission, the former Conservation Commission, a City Council Workshop, the Sustainability and Natural Resources Management Board, from September 2021 to present.
4. This proposed ordinance provides for data collection, planning and budgeting necessary to address a significant sustainability issue.

City Budgetary Impacts: $25,000 was allocated during the FY23 appropriation to implement this ordinance.

Staff Recommended Action: Consider passage.

Previous Meetings and History: March 21, 2022, and June 27, 2022. A public hearing and passage of first reading was on October 3, 2022.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: Proposed ordinance and the Public Works policies for the implementation of the new ordinance.

ORDINANCE 23-10032022

City Council Ordinance

IN CITY COUNCIL

Adopting Division 3 - Street Tree Sustainability under Chapter 56 – Vegetation, Article II – Trees and Shrubs in the Auburn Code of Ordinances.

Be it ordained, that the City Council hereby adopts Division 3 – Street Tree Sustainability under Chapter 56 – Vegetation, Article II – Trees and Shrubs as attached.

Richard Whiting, Ward One
Joseph Morin, Ward Four
Belinda A. Gerry, At Large

Ryan Hawes, Ward Two
Leroy G. Walker, Ward Five
Jason J. Levesque, Mayor

Stephen G. Milks, Ward Three
Dana Staples, At Large
Phillip L. Crowell, Jr., City Manager

Ordinance: 23-10032022

Street Tree Sustainability Ordinance

Chapter 56- Vegetation

Article II. -Trees and Shrubs

Division 3. - Street Tree Sustainability

Sec. 56-xx - Purpose.

The city recognizes that trees promote the health, safety, and welfare of the city and its residents by promoting social well-being and a positive public image of the city. In order to sustain the community forest, the city requires data collection, planning and resources to mitigate the potential loss of this valuable public resource. Accordingly, the city adopts this sustainability ordinance to promote the information, planning, and resources necessary to ensure the long-term viability and sustainability of the community forest.

Sec. 56-xx – Authority.

This division is enacted pursuant to the Home Rule Authority granted to the city in accordance with the provisions of 30-A M.R.S.A. § 3001.

Sec. 56-xx – Definitions.

Street Tree. Any tree which is located on land owned by the city and deemed appropriate for inclusion in the Street Tree Inventory by the municipal arborist; or, a public shade tree as defined at 30-A M.R.S.A. § 3281, which is located within or upon the limits of any municipal road, public right of way, or highway, regardless of whether the roadway is classified as a highway under state law.

Street Tree Inventory. A database maintained by the municipal arborist or the public works director or his or her designee, identifying the location of each Street Tree by reference to the city's GIS system and listing its species, diameter, condition, and hazard risk.

Removed Street Tree. A Street Tree which has been cut down or otherwise eliminated due to: insect, disease, or weather-related conditions; the existence of unnecessary risks to life or property as determined by the municipal arborist; the construction or maintenance of public roads and rights of way; the request of the owner of property on which the Street Tree is located; or other accident or casualty event.

Sec. 56-xx Maintenance of Street Tree Inventory

The municipal arborist shall keep the Street Tree Inventory up to date by:

(1) keeping annual records concerning the removal, planting and maintenance of Street Trees;
(2) periodically reviewing the condition and any associated hazard of all Street Trees; and
(3) updating the Street Tree Inventory as needed to reflect information collected in parts 1 and 2.

Sec. 56- xx Replacement of removed Street Trees

(1) Each fiscal year, the municipal arborist shall propose to the city manager, a budget sufficient for the city to purchase, plant and maintain the number of trees equal to the number of Removed Street Trees from the previous fiscal year. Replacement trees may be placed at the sites of Removed Street Trees, or at other locations which the municipal arborist deems appropriate in light of the Purpose of this Division stated above, in consultation with the Community Forest Working Group or any successor committee.

(2) The City Council shall consider replacement of Removed Street Trees as part of the adoption of each year's municipal budget. To the extent the final budget adopted by the city council is insufficient to fund all of the replacement trees requested by the municipal arborist, the number of unfunded replacement trees shall be carried forward and added to the list of trees to be replaced in future years.

City of Auburn, Maine

"Maine's City of Opportunity"

Financial Services

TO: **Phillip Crowell, City Manager**

FROM: **Jill Eastman, Finance Director**

REF: **September 2022 Financial Report**

DATE: **October 12, 2022**

The following is a discussion regarding the significant variances found in the City's September financial report. Please note that although the monthly financial report contains amounts reported by the School Department, this discussion is limited to the City's financial results and does not attempt to explain any variances for the School Department.

The City has completed its third month of the current fiscal year. As a guideline for tracking purposes, revenues and expenditures should amount to approximately 25.0% of the annual budget. However, not all costs and revenues are distributed evenly throughout the year; individual line items can vary based upon cyclical activity.

Revenues

Revenues, for the City, collected through September 30 were $29,139,470, or 41.35%, of the budget, which is a lower percentage than last year at this time. The percentage difference is 2.83% lower, but the dollar amount of collection is higher by $358,355. Accounts listed below are noteworthy.

A. Excise taxes of $1,223,074-down $10,464 from last year.

B. Property tax revenue of $25,470,090 an increase over last year of $1,524,496.

C. State Revenue Sharing for the month of September is 35.52% or $1,599,744. This is an increase over last year of $257,900.

Expenditures

City expenditures through September 30th were $12,606,993, or 20.76%, of the budget as compared to last year at $14,176,601 or 30.1%. Noteworthy variances are:

In the current fiscal year, the percentage of expenditures is less than last year by 9.34% or $3,523,574 less. The major differences are the timing of Debt Service payments and payment for County Tax. Last year the Debt Service was posted September and this year it will be in October. County Tax was posted in September this year and October last year. Most of the departments are in line with last year's expenditures.

Investments

This section contains an investment schedule as of September 30th with a comparison to August 31st. Currently the City's funds are earning an average interest rate of 0.45%.

Respectfully submitted,

Jill M. Eastman
Finance Director

Re: Arena Financial Reports for September 30, 2022

Attached you will find a Statement of Net Assets and a Statement of Activities and budget to actual reports for Norway Savings Bank Arena for revenue and expenditures as of September 30, 2022.

NORWAY SAVINGS BANK ARENA

Statement of Net Assets:
The Statement of Net Assets lists current assets, noncurrent assets, liabilities and net assets and shows a comparison to the previous month, in this case, August 31, 2022.

Current Assets:
As of the end of September 2022 the total current assets of Norway Savings Bank Arena were ($1,383,033). These consisted of cash and cash equivalents of $280,688, accounts receivable of $73,092, and an interfund payable of $1,736,813.

Noncurrent Assets:
Norway's noncurrent assets are equipment that was purchased, less depreciation (depreciation is posted at year end). The total value of the noncurrent assets as of September 30, 2022 was $147,691.

Liabilities:
Norway Arena had accounts payable $6,025 as of September 30, 2022.

Statement of Activities:

The statement of activities shows the current operating revenue collected for the fiscal year and the operating expenses as well as any nonoperating revenue and expenses.

The operating revenues for Norway Arena through September 2022 are $158,764. This revenue comes from the concessions, sign advertisements, pro shop lease, youth programming, shinny hockey, public skating and ice rentals.

The operating expenses for Norway Arena through September 2022 were $164,281. These expenses include personnel costs, supplies, utilities, repairs, rent, capital purchases and maintenance.

As of September 2022, Norway Arena has an operating loss of $5,517.

As of September 30, 2022, Norway Arena has a decrease in net assets of $5,517.

The budget to actual reports for revenue and expenditures, with comparison to the same period last year show that revenue for FY22 is $22,130 more than in FY21 and expenditures in FY22 are $89,992 more than last year in September.

VII. Open Session - *Members of the public are invited to speak to the Council about any issue directly related to City business or any item that does not appear on the agenda*

VIII. Reports (from sub-committees to Council)

a. Mayor's Report
b. City Councilors' Reports
c. City Manager Report

IX. Executive Sessions - None

X. Adjournment

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: November 7, 2022

Author: Glen E. Holmes, Director of Business & Community Development

Subject: Community Development Annual Survey

Information:
The Community Development office releases an annual community survey each year to gather data and solicit input to inform the development of the city's Annual Action Plan as is prescribed in detail within the city's Citizen Participation Plan. This survey will be released in early December and circulate through February 2023.

This process includes both web-based as well as written surveys which are published in five languages and distributed in public locations including municipal buildings, food pantries, daycare centers, senior housing facilities and through the PAL center.

The previous year survey, which was focused on the impact of Covid-19, had 362 total respondents covering over 1,000 individual residents. As this survey process is refined and circulation time extended the Community Development office expects to, at a minimum, double the number of the respondents.

City Budgetary Impacts:

DRAFT 2022 Community Development Survey

Auburn Community Development Survey

The Auburn Community Development Office is seeking YOUR input in the development of programs and services. Data derived from this survey will be used to influence programs and services offered in part by the City of Auburn as well as through non-profit service providers. **Please complete one per Household**.

Demographic Information

Are you an Auburn Resident: ? ☐ Yes ☐ No

Is anyone not in your direct household currently living with you? ☐ Yes ☐ No

Housing Type:

☐ Unhoused ☐ Rental ☐ Homeowner

Please detail Household size:

Total Occupants:	
# of Seniors (62+):	
# of Adults 18-61:	
# of Children 7-17:	
# of Children under 6y:	
Total # of Bedrooms:	

Gross Household Income: (include all wages, benefits, Child support, etc. for all adults)

Race & Ethnicity: Number of all members:

	Race	**Hispanic**
White		
Black/African American		
Asian		
American Indian/Alaskan Native		
Native Hawaiian/Other Pacific Islander		
American Indian/Alaskan Native & White		
Asian & White		
Black/African American & White		
American Indian/Alaskan Native & Black/African American		
Other Multi-Racial		

What is the highest level of education in the household?	☐ Less than High School ☐ High Diploma or GED ☐ Associate Degree ☐ Bachelor's Degree ☐ Master's Degree ☐ More than Master's Degree
Is any member of your household under or unemployed?	☐ Yes ☐ No
If under/unemployed, what are the barriers to employment?	☐ No barriers ☐ Childcare ☐ Transportation ☐ Disability ☐ Language skills ☐ Skills in applying for a job ☐ Computer Skills ☐ Lack of education ☐ Other: _____

Neighborhood & Housing

What neighborhood do you live in?	☐ Downtown ☐ Union St ☐ New Auburn ☐ North Auburn ☐ West Auburn ☐ Greater Washington Ave ☐ Unknown
What type of neighborhood do you live in?	☐ Rural ☐ Urban ☐ Suburban
In the past year, have you or a member of your household experienced homelessness?	☐ Yes ☐ No
If not housed, what is your current housing situation?	☐ living temporarily with someone else (i.e. couch surfing) ☐ living in a vehicle ☐ living in a temporary shelter such as a tent ☐ living with no shelter ☐ other: _____
If housed, how much of your monthly income goes towards rent & utilities?	☐ ≤30% ☐ 30-50% ☐ 51+%
If housed, does your home fit your housing need?	☐ No, too small ☐ Yes ☐ No, too large
Does your home have any of the following characteristics?	☐ Unable to lock all windows & doors ☐ Poor air quality ☐ Lead Paint Hazards ☐ Cold & drafty ☐ Cluttered or unsanitary ☐ Rodents or infestations ☐ Roof leaks or wet basement ☐ other: _____

DRAFT

Please rate Auburn on each of the following characteristics:			
As a place to live:	☐ poor	☐ fair	☐ excellent
As a place to work:	☐ poor	☐ fair	☐ excellent
As a place to shop:	☐ poor	☐ fair	☐ excellent
As a place for entertainment:	☐ poor	☐ fair	☐ excellent
As a place for recreation:	☐ poor	☐ fair	☐ excellent
As a place people like to visit:	☐ poor	☐ fair	☐ excellent
As a place to raise children:	☐ poor	☐ fair	☐ excellent
Does your neighborhood have any of these conditions?	☐ Commercial properties ☐ Deserted buildings ☐ Litter ☐ River areas ☐ Run down houses ☐ Shopping ☐ Street trees ☐ Vacant lots ☐ Well-kept houses ☐ Yards ☐ Sidewalks ☐ Street lights ☐ Other: _____		

Essential Needs and Services

In the last six months, has your household struggled with not having enough food to eat?	☐ Yes ☐ No
If yes, how often has your household struggled with food insecurity?	☐ More Than Weekly ☐ Weekly ☐ Monthly ☐ Less than Monthly
Does your household have adequate access to schooling and education?	☐ Yes ☐ No
Does your household have adequate and reliable access to the internet?	☐ Yes ☐ No
In the past six months, have you worried about how you were going to pay for medication or medical expenses for yourself or a member of your household?	☐ Yes ☐ No
In the past six months, have you worried about how you were going to pay utility bills?	☐ Yes ☐ No
Please check **3 Services** that you believe the city should focus on.	☐ Senior ☐ Youth ☐ Homelessness ☐ Neighborhood Cleanups ☐ Battered & abused spouses ☐ Food Banks ☐ Childcare ☐ Community Gardens ☐ Public Transportation ☐ Substance abuse ☐ Employment Training

Transportation

Does your household have adequate and reliable transportation?	☐ Yes ☐ No
Have you used public transportation in the past six months?	☐ Yes ☐ No
If yes, for what purpose?	☐ Work ☐ Shopping ☐ Medical appointment ☐ Other:_____
Do you walk in your neighborhood?	☐ Yes ☐ No
If not, what keeps you from walking?	☐ Lack of sidewalks ☐ Distance to destination ☐ Snow/Ice on sidewalks ☐ Difficult crossing roads ☐ Not accessible to wheelchairs/strollers ☐ Safety Concerns

City Priorities

Please check **3 priorities** that you believe the city should focus on.	☐ Affordable Housing ☐ Senior housing ☐ Housing Rehab ☐ Rental assistance ☐ Public Services ☐ Parks & trail facilities ☐ Public Transportation ☐ Food assistance ☐ Economic opportunities ☐ Other: _____

DRAFT

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: November 7, 2022,

Author: Glen E. Holmes, Director of Business & Community Development

Subject: Neighborhood Corner Store Program

Information:
The City of Auburn is seeking funds from the American Rescue Plan Act (ARPA) to support the establishment or expansion of essential corner stores which derive most of their revenues from the sale of food and groceries. This forgivable loan program aligns with the city's strategic goal of enhancing access to healthy food choices, while creating healthy neighborhoods within the urban core.

City Budgetary Impacts:
This program will not impact the Cities Budget as The Office of Business & Community Development is seeking $150,000 in ARPA funds to administer the program.

Staff Recommended Action:
Discussion and feedback.

Previous Meetings and History:
City Council Meeting October 3, 2022, during Communications and Presentations, Mayor Leveque proposed action for staff to work from.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Neighborhood Corner Store Program Overview

City of Auburn, Maine
Business & Community Development
60 Court Street | Auburn, Maine 04210
www.auburnmaine.gov | 207.333.6601

Neighborhood Corner Store Program Overview

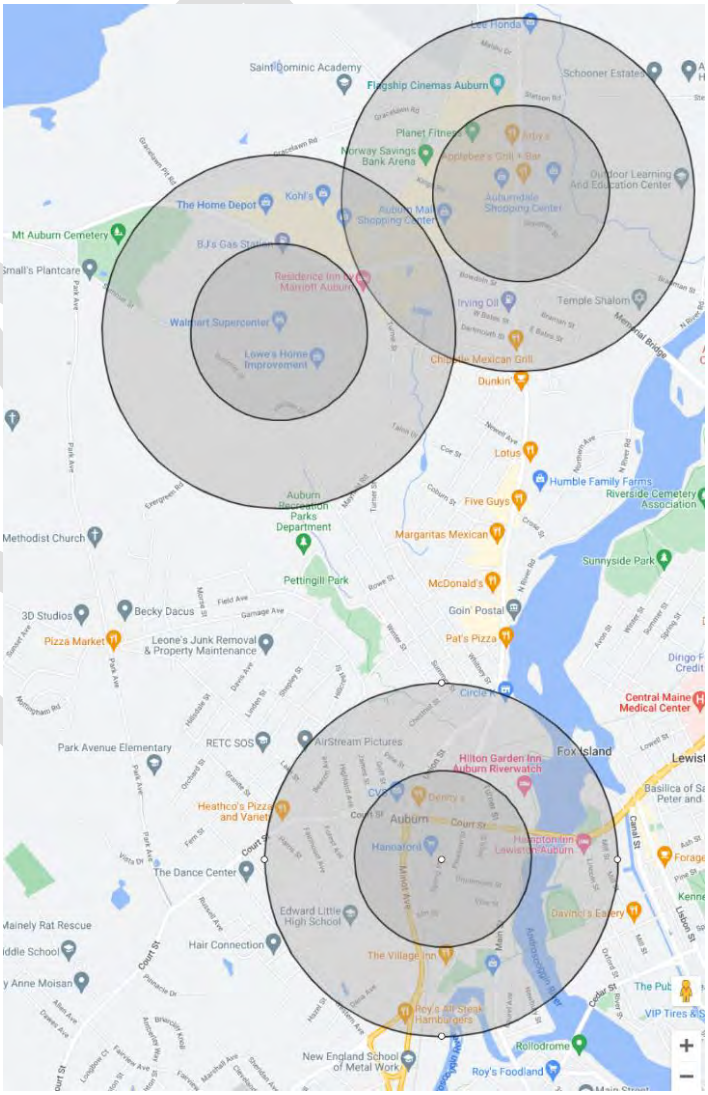
Purpose

The purpose of the Neighborhood Corner Storer program is to support the establishment or expansion of essential corner stores which derive most of their revenues from the sale of food and groceries. This initiative aligns with goals established within the city Comprehensive Plan which aim to "ensure that fresh, local food is equitably accessible to everyone regardless of income or geography" (Objective K.1.1) by "supporting practices that facilitate access to healthy food in residential settings" (Objective K.1.3).

Funding

The City of Auburn may allocate $150,000 from the City ARPA funds for this program to provide funds to a minimum of 4 businesses. Maximum assistance is $35,000 per location for approved expenses.

All proposals will provide a detailed budget and explain how this expansion or construction will provide a net increase in healthy food options to their neighborhood. Financial assistance will only be available to those projects meeting eligibility requirements and preference will be given to projects that can be completed in a timely manner and make the most quantifiable impact on the local market.



Eligibility

Maine based food retailers (e.g. grocery stores, large convenience stores, cooperatives, etc.) which derive 50+% of their sales from food and groceries are eligible for financial assistance. The funds can be used to upgrade store infrastructure necessary to improve the selection of healthy food offerings or facilitate access to grocery retailers. Only projects not within (1/2 mile or 1/4 mile) of a regional or national chain, are eligible.

Eligible requests may include:

- **Funding for equipment and stock improvements for SNAP and/or WIC (Women, Infant, Children) eligible inventories**
  - For both new and existing retailers, improvements should enhance the ability of retailers to offer high quality produce and other healthy foods and serve a broader clientele. This could include the purchase of a refrigeration unit for produce at the front of the store. Marketing and merchandizing assistance should focus on the provision of healthy products or de-emphasis on unhealthy products.
  - For new retailers, funding can be requested for capital start-up costs, which include equipment and other retail infrastructure. Funding for marketing/merchandizing assistance can also be requested.
- **Funding for a grocery store shuttle program**
  - Funds could be used by a full-service supermarket or organization partnering with a full-service supermarket to provide low or no-cost transportation between established grocery retailers and priority neighborhoods. Projects could include a general community outreach plan that involves contacting community leaders in priority neighborhoods and details of frequency and timing of service.

The City will accept and consider applications on a rolling basis, based on the availability of funds.
In order to be eligible to receive funds, all property taxes, real and personal, owed on the property that is the subject of the application must be current at the time the application is made. Any property on which there is past due balance for such taxes will be removed from consideration.

Corner Store Accelerator

Sources and Uses	Unit Price	Quantity	Budget
Total Sources=			$150,000
Auburn Funds (ARPA)			$150,000
Total Uses=			$150,000
Program Administration (1 year)			$8,000
Forgivable Loans	$35,000.00	*4*	$140,000
Marketing and supplies			$2,000

Marketing

The City of Auburn will utilize funds to educate local neighborhoods of existing and increased access to local, healthy food options directly or through a local organization which specializes in furthering food security and access goals.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: November 7, 2022
Subject: Executive Session
Information: Real estate negotiations which premature disclosure of the information would prejudice the competitive or bargaining position of the city, pursuant to 1 M.R.S.A. Section 405(6) (C).

Executive Session: On occasion, the City Council discusses matters which are required or allowed by State law to be considered in executive session. Executive sessions are not open to the public. The matters that are discussed in executive session are required to be kept confidential until they become a matter of public discussion. In order to go into executive session, a Councilor must make a motion in public. The motion must be recorded, and 3/5 of the members of the Council must vote to go into executive session. An executive session is not required to be scheduled in advance as an agenda item, although when it is known at the time that the agenda is finalized, it will be listed on the agenda. The only topics which may be discussed in executive session are those that fall within one of the categories set forth in Title 1 M.R.S.A. Section 405(6). Those applicable to municipal government are:

A. Discussion or consideration of the employment, appointment, assignment, duties, promotion, demotion, compensation, evaluation, disciplining, resignation or dismissal of an individual or group of public officials, appointees or employees of the body or agency or the investigation or hearing of charges or complaints against a person or persons subject to the following conditions:
(1) An executive session may be held only if public discussion could be reasonably expected to cause damage to the individual's reputation or the individual's right to privacy would be violated;
(2) Any person charged or investigated must be permitted to be present at an executive session if that person so desires;
(3) Any person charged or investigated may request in writing that the investigation or hearing of charges or complaints against that person be conducted in open session. A request, if made to the agency, must be honored; and
(4) Any person bringing charges, complaints or allegations of misconduct against the individual under discussion must be permitted to be present. This paragraph does not apply to discussion of a budget or budget proposal;

B. Discussion or consideration by a school board of suspension or expulsion of a public school student or a student at a private school, the cost of whose education is paid from public funds, as long as:
(1) The student and legal counsel and, if the student is a minor, the student's parents or legal guardians are permitted to be present at an executive session if the student, parents or guardians so desire;

C. Discussion or consideration of the condition, acquisition or the use of real or personal property permanently attached to real property or interests therein or disposition of publicly held property or economic development only if premature disclosures of the information would prejudice the competitive or bargaining position of the body or agency;

D. Discussion of labor contracts and proposals and meetings between a public agency and its negotiators. The parties must be named before the body or agency may go into executive session. Negotiations between the representatives of a public employer and public employees may be open to the public if both parties agree to conduct negotiations in open sessions;

E. Consultations between a body or agency and its attorney concerning the legal rights and duties of the body or agency, pending or contemplated litigation, settlement offers and matters where the duties of the public body's or agency's counsel to the attorney's client pursuant to the code of professional responsibility clearly conflict with this subchapter or where premature general public knowledge would clearly place the State, municipality or other public agency or person at a substantial disadvantage;

F. Discussions of information contained in records made, maintained or received by a body or agency when access by the general public to those records is prohibited by statute;

G. Discussion or approval of the content of examinations administered by a body or agency for licensing, permitting or employment purposes; consultation between a body or agency and any entity that provides examination services to that body or agency regarding the content of an examination; and review of examinations with the person examined; and

H. Consultations between municipal officers and a code enforcement officer representing the municipality pursuant to Title 30-A, section 4452, subsection 1, paragraph C in the prosecution of an enforcement matter pending in District Court when the consultation relates to that pending enforcement matter.

City of Auburn
City Council Information Sheet

Council Meeting Date: November 7, 2022 **Order:** 145-11072022

Author: Jason D. Moen, Chief of Police

Subject: Transfer of Forfeiture Assets – Derek B. Dube

Information:

In July of 2022, Auburn Police Department Sergeant Nicholas Gagnon conducted a traffic stop in which Derek B. Dube was a passenger. Sgt. Gagnon Arrested Dube on an outstanding arrest warrant. While conducting a search incident to the arrest, Sgt. Gagnon found Dube in possession of 43 grams of fentanyl, $7,523 in cash and a loaded Smith & Wesson .38 caliber revolver (serial # 13-48018). Dube is a convicted felon for offenses including aggravated assault and domestic violence assault. Dube was ultimately charged with aggravated trafficking of scheduled drugs Class A, unlawful possession of fentanyl powder Class C, violating conditions of release Class C, and illegal possession of a firearm Class C.

City Budgetary Impacts: The State of Maine, Office of the Attorney General, seeks to transfer $7,523 Currency and a Smith & Wesson .38 caliber revolver to the Auburn Police Department. Funds will be used for ongoing K-9 expenses.

Staff Recommended Action: Vote to accept the transfer of $7,523 and a Smith & Wesson .38 caliber revolver.

IN COUNCIL REGULAR MEETING OCTOBER 17, 2022, VOL. 36 PAGE 304

Mayor Levesque called the meeting to order at 7:02 P.M. in the Council Chambers of Auburn Hall and led the assembly in the salute to the flag. All Councilors were present.

Pledge of Allegiance

I. Consent Items - All items with an asterisk (*) are considered routine and will be enacted by one motion. There will be no separate discussion of these items unless a Council member or a citizen so requests, in which event, the item will be removed from the Consent Agenda and considered in its normal sequence on the agenda

1. **Order 136-10172022***
Confirming Mayor Levesque's appointment of Tara Paradie as alternate member of the Ethics Panel with a term expiration of 11/1/2025.

2. **Order 137-10172022***
Re-appointing Misty Edgecomb to the Parks & Recreation Advisory Board with a term expiration of 10/01/2024.

3. **Order 138-10172022***
Re-appointing Haley Warden to the Parks & Recreation Advisory Board with a term expiration of 10/01/2024.

4. **Order 139-10172022***
Re-appointing Ronald Spofford to the Auburn Housing Authority Board of Trustees with a term expiration of 10/01/2027.

5. **Order 140-10172022***
Appointing Wesley Mech to the Complete Streets Committee with a term expiration of 01/01/2025.

6. **Order 141-10172022***
Confirming the Mayor's appointments to the Ad Hoc Committee to develop permit ready housing.

Motion was made by Councilor Staples and seconded by Councilor Walker for passage.

Councilor Whiting requested that item #1, Order 136-10172022 be moved from the consent agenda and under new business.

Passage of the remaining 5 consent items, 7-0.

II. Minutes – October 3, 2022 Regular Council Meeting

Motion was made by Councilor Staples and seconded by Councilor Milks to approve the minutes of the October 3, 2022 Regular Council meeting.

Passage 7-0.

III. Communications, Presentations and Recognitions

- Assessor's Report (Karen Scammon and Joe St. Peter)
- Council Communications (about and to the community)

Councilor Staples reported that he has heard from a constituent that received their absentee ballot and was confused about the proposed charter changes.

Councilor Walker reported that the United New Auburn Association will be holding a meeting on Tuesday, October 25th at 6:00 pm to discuss the Halloween event, he invited the public to attend. The Neighborhood Watch Group will be meeting on October 27th at the Sixth Street Congregational Church, the United New Auburn Association will be holding a bean dinner on October 29th, October 30th is the Halloween event from 1:00-3:00 pm at Anniversary Park, and the Age Friendly Committee will be holding a Thanksgiving dinner on November 24th.

City Manager Crowell reported that the Council Retreat date is November 14th from 5:00 pm to 8:30 pm, location to be determined. He talked about the Election Hub that is on our website. LATC voted to waive the bus fees on election day.

He reported on communications – we are pushing out crime stats, planning and permitting is pushing out information, and data is being shared consistently.

Mayor Levesque addressed the nationwide housing crisis which is impacting our community. He wanted the public to know that we are working on this, and city staff has put together a proposal on short term housing. We are working with our partners collaboratively to take action with a goal to roll this out by January 2023.

IV. Open Session

Pam Rousseau, 745 West Auburn Road, thanked Councilor Staples for his suggestion on providing information on the local ballot questions, she commented on the watershed and asked how much land can be cleared, it doesn't make sense to her to allow bed and breakfasts, and she would like it to be more restrictive. She mentioned that she attended the planning board meeting where they discussed getting rid of the income requirement for the AG zone with no safeguards, we have to think about PFAS/forever chemicals and she asked that the Council be very mindful.

Maureen O'Brien, 42 Winter Street commented on statements she said were made by the Mayer that were published in the newspaper on Sunday regarding families moving into neighborhoods.

V. Unfinished Business

1. Ordinance 22-10032022

Amending Chapter 14, Sec. 14-49, Exemptions from license requirement or fees. of the City Code. Second reading.

Motion was made by Councilor Walker and seconded by Councilor Staples for passage.

Public comment – No one from the public spoke.

Passage 7-0. A roll call vote was taken.

2. **Ordinance 23-10032022**
Adopting the Street Tree Sustainability Ordinance. Second reading.

Motion was made by Councilor Walker and seconded by Councilor Staples for passage.

Public comment - No one from the public spoke.

Passage 7-0. A roll call vote was taken.

VI. New Business

Order 136-10172022*
Confirming Mayor Levesque's appointment of Tara Paradie as alternate member of the Ethics Panel with a term expiration of 11/1/2025.

This item was taken from the Consent Agenda.

Motion was made by Councilor Walker and seconded by Councilor Staples for passage.

Passage 7-0.

1. **Order 142-10172022**
Allocating $200,000.00 ARPA funding for the Sustainable Auburn Match Program.

Motion was made by Councilor Walker and seconded by Councilor Staples for passage.

Public comment - No one from the public spoke.

Passage 7-0.

2. **Order 143-10172022**
Authorizing the marketing of city owned property located at 1865 Hotel Road, parcel ID 187-005.

Motion was made by Councilor Staples and seconded by Councilor Milks for passage.

Public comment - No one from the public spoke.

Passage 6-1 (Councilor Gerry opposed).

3. **Order 144-10172022**
Authorizing the marketing of city owned property located at 145 Eastman Lane, parcel ID 079-004.

Motion was made by Councilor Staples and seconded by Councilor Walker for passage.

Public comment - No one from the public spoke.

Passage 6-1 (Councilor Gerry opposed).

VII. Open Session – No one from the public spoke.

VIII. Reports (from sub-committees to Council)

Mayor Levesque reported on the School Committee meeting.

Councilor Staples provided an update on the LATC meeting, and he reminded everyone that there will be free bus trips on election day. He noted that the Conservation Committee will be meeting tomorrow night and Complete Streets Committee will be meeting on Wednesday of this week. There is also a presentation on Wednesday for the T-4.2B.

Councilor Walker spoke about the potatoes that are being given to senior citizens at no cost. Anyone in need can go to the Senior Center on Wednesday to pick up a 5 pound bag.

Councilor Milks announced that the Water and Sewer District meetings are scheduled for this week at 4:00 pm on Tuesday (Sewer) and Wednesday (Water) of this week.

Councilor Whiting reported that the Auburn Nordic Ski Association will be working on Saturday, October 29th to trim the ski trails.

Jill Eastman, Finance Director – September Finance Report

Motion was made by Councilor Morin and seconded by Councilor Whiting to accept and place on file the September Final Finance Report.

Passage 7-0.

X. Executive Session – None.

XI. Adjournment – Motion was made by Councilor Milks and seconded by Councilor Walker to adjourn. Unanimously approved and the meeting adjourned at 7:56 pm.

Susan Clements-Dallaire, City Clerk

OFFICE OF THE MAYOR | CITY OF AUBURN, MAINE

PROCLAMATION | **EXTRA MILE DAY**

WHEREAS, the City of Auburn, Maine sees the real and lasting benefits when its citizens "go the extra mile" in personal effort, volunteerism, and service; and

WHEREAS, Auburn is a community which encourages its citizens to give of themselves wholeheartedly and with total effort, commitment, and conviction to their family, friends, causes, and community; and

WHEREAS, Auburn is a community which chooses to shine a light on and celebrate individuals and organizations within its community who "go the extra mile" to make a difference and lift others up;

NOW THEREFORE, I Jason Levesque, Mayor of the City of Auburn, do hereby proclaim November 7, 2022, to be Extra Mile Day. I urge everyone in our community to take time on this day - and in the days and weeks to come - to not only "go the extra mile" in his or her own life, but to also acknowledge those who are inspirational in their efforts and commitment to make their organizations, families, community, country, or world a better place.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the City of Auburn, Maine to be fixed this 7th day of November 2022

Mayor Jason Levesque

RE: City of Auburn 2022 Community Solutions Grant Application

Dear Mr. Holmes:

Thank you for submitting an application to MaineHousing's 2022 Community Solutions Grant.

After review of your application, I am happy to inform you that MaineHousing is making available to the City of Auburn $250,000 requested from the Community Solutions Grant to support Auburn's Accessory Dwelling Unit Development (ADUD) Program.

Regarding next steps, a grant agreement needs to be drafted and signed. To begin the process please contact:

Ashley Janotta
Counsel

Accessory Dwelling Unit Development (ADUD) Program

The office of Business & Community Development believes the construction of new rental units is essential in meeting the needs of current and future Auburn residents alike. We also believe that residents who rely on affordable housing services, such as housing choice vouchers (HCV) or affordable unit development, deserve a choice on where they live and which school their children attend. Each neighborhood in this city has a distinct style and value, as does each resident. Allowing all families, regardless of income, the freedom to choose their home and what environment in which to raise their children is an essential right. To this end, the city is embracing development models which increase housing choice for residents who rely on affordable housing while simultaneously leveraging private capital to meet the modern demand of a rapidly evolving housing market.

The City of Auburn is seeking funds from the Maine State Housing Authority (MSHA) Community Solutions Grant to implement a new housing initiative designed to help residents overcome the financial barrier of creating new rental units on their property. This forgivable loan program is designed to rapidly enhance the creation of privately built secondary or accessory dwelling unit (ADU) housing where appropriate zoning and municipal infrastructure is accessible.

Goal: The program goal is to create 15 new housing units over 2 years by incentivizing infill and locally owned rental unit construction. These units are less costly to construct for state and local government and allows for more rapid creation of units by leveraging local contractors, private capital and municipal infrastructure. These initial units will further the intent of LD 2003 and serve as a catalyst for further private construction city-wide.

Target audience: Individuals with the desire to build small (less than <800 sq/foot) attached or detached accessory dwelling units for rent. This program has the added benefit of decentralizing the ownership and development of affordable housing while providing sustainable, residual income for Auburn property owners. This program will be available for owner-occupied properties where public water and sewer are availible. Property owners will income qualify at or below 120% of the Area Median Income (AMI).

Local Needs Assessment: Auburn Housing Authority provided data on the Housing Choice Voucher centralized waitlist. This data quantifies 454 current applicants. 411 applicants currently

qualify under 60% AMI with 121 applicants residing in "temporary residences", 26 being housed in a shelter or hotel and 33 reporting that they are currently "living in a place not normally used for housing." Lastly, 57 of the current waitlist applicants are households of 3 or more.

Additionally, SafeVoices, a domestic violence shelter received a total of 325 local shelter requests in the previous year but were only able to house 83 individuals. This leaves an unmet need of 242 families which were under-served by their current capacity and ability to rapidly re-house domestic abuse victims within the city through a combined effort of the city security deposit assistance and SafeVoices resources. The creation of 15 new units supported in part by the city's security deposit program will help to address this shortage and re-house low-income and at-risk residents.

Affordable Housing Development: Units enrolled in this program will be newly constructed after program launch date and will be rented to low-income tenants (qualified under 80% AMI) for a period of 5 years. Additionally, rent for enrolled units will not exceed the lower of HUD's published Fair Market Rent (FMR), or 30% of tenant monthly income (including utilities) for a period of 5 years. The city of Auburn will monitor compliance during this affordability period and re-qualify any new tenants if there is turn-over in the unit.

Financial components: This program will provide a forgivable loan up to 15% of actual construction costs of a property which adds a new accessory dwelling unit. This construction will be verified by the Business & Community Development Department, Assessing & Code Enforcement. All work must take place after an approved and separate scope of work and budget. A closing for a forgivable loan will be executed and approved funds will be held in a city managed escrow account. Contractors will be paid pari passu to matching funds and other programs funds which may be included. All projects will be properly permitted and approved by the city Code Enforcement Office and must receive an occupancy permit within 6 months.

Occupancy: The city will manage applications and monitor occupancy of assisted units through its Security Deposit application process for 5 years. Tenants applying for Security Deposit grants must provide income verification documents and be approved by the Director of Business & Community Development per the current program guidelines. The tenant and landlord will execute a lease that conforms to HUD guidelines.

Timeline: The city expects to secure matching funds by November 1st. Contingent upon receipt of MSHA Community Solutions Grant, this program will be launched and begin taking applications by December 1st, 2022. Expectations are that construction will begin summer of 2023 with the first units being occupied by late fall 2023. The program will continue until all funds are disbursed. Monitoring and reporting will continue for 5 years after the final unit is occupied.

Proposed Budget: This program will employ $225,000 of city ARPA funds, $25,000 of HOME funds, $25,000 in city funded staff hours and $250,000 MSHA Community Solutions grant. Additionally, private leveraged funds are estimated at $2.5 million.

As indicated in the Sources & Uses table below, the city intends to match MSHA funds with ARPA funds to capitalize the forgivable loan pool. In-kind matching funds will be provided by the city's CDBG & HOME allocations to facilitate and monitor these units for the duration of the 5-year affordability period. Additional HOME funds will be utilized to provide security deposits to qualified tenants. Upon vacancy, these funds, unless used by the landlord to repair the unit, will be turned over to the qualified tenant.

Sources and Uses	PY2022
Sources	Budget
-	-

Private Funds Leveraged=	$2,550,000.00

Accessory Dwelling Unit Development (ADUD) Program Guidelines

A. PROGRAM GOAL

The goal of the **Accessory Dwelling Unit Development (ADUD) Program** is to create new housing units by incentivizing infill and locally owned rental unit construction. These units are less costly to construct for state and local government and allows for more rapid creation of units by leveraging local contractors, private capital, and municipal infrastructure. This program is funded by American Rescue Plan Act (ARPA) as well as the Maine State Housing Authority (MSHA) Community Solutions Grant and is subject to all requirements set forth by the funders as well as the Community Development Program rules herein. This program utilizes income standards and Fair Market Rent (FMR) as published annually by the U.S. Department of Housing & Urban Development (HUD).

B. ELIGIBILITY CRITERIA

1. The property must be an owner-occupied, year-round residential property.
2. Property owners must qualify at or below 120% of the Area Median Income (AMI) based on the current year limits as established by HUD.
3. Owners must not be delinquent on any taxes or utilities.
4. Funds must be used to construct a new secondary or accessory dwelling on the property.
    a. Unit of no more than 800sq.ft.
    b. Unit must be newly constructed or create a net increase of livable space by converting previously non-occupied space.
    c. Unit must be completed within 6 months of agreement.
    d. Unit will be rented to income-qualified tenants (under 80% AMI for the current year as published by HUD) for a period of 5 years.
    e. Rental unit will not exceed the lower of HUD's published Fair Market Rent (FMR), or 30% of tenant monthly income (including utilities) for a period of 5 years.

C. ASSISTANCE CATEGORIES AND TERMS

Loan Terms

1.) Maximum loan assistance is the lesser of $30,000 or 15% of actual construction costs.
    a) Fully amortized loan @ 2% APR for 1-year, deferred payments.

b) IF all conditions of the agreement are met this loan will be converted to a grant on the 5th anniversary of the rental unit's first occupancy.

2.) If the property is sold or transferred prior to the end of the affordability period, the principal balance of the loan(s) and any accrued interest or fees shall be immediately repaid.

Funding

All work must take place after an approved and separate scope of work and budget. A closing for a forgivable loan will be executed and approved funds will be held in a city managed escrow account. Contractors will be paid pari passu to matching private funds and other programs funds included within the approved budget and scope of work.

D. NATIONAL OBJECTIVES

Projects will be eligible under the American Rescue Plan Act (ARPA) as well as the Maine State Housing Authority (MSHA) Community Solutions Grant. The allocation of loan pool funds will be monitored and adhere to the current and future requirements set forth by these funding sources.

Income Qualification: Applicants will be required to provide source income if they are the occupant or tenant certifications of income. Applicants will be required to sign a Rent Regulatory Agreement to assure 5-year occupancy after project completion by a qualified tenant.

Affordable Housing: Renters will utilize the Tenant-Based Rental Assistance (TBRA) Security Deposit Program. This objective will meet income qualifications as well as lease terms as established by HUD.

E. PROGRAM QUALIFICATION ASSESMENT

The Community Development Office has responsibility for administration of the **Accessory Dwelling Unit Development (ADUD) Program**. Community Development verifies source documentation in accordance with program guidelines and presents the loan request to the Program Director for approval based on achieving the national objective in part D above and part G below.

F. PRIVATE FUNDS

Private Funds: When matching funds are required, the applicant will have the option of using cash or borrowed funds. Disbursement of funds will be Pari Passu to matching funds on a per-invoice basis. Verification of private fund payments will accompany each disbursement request.

G. LOAN CONSIDERATIONS

In approving or denying loan requests, the Community Development staff shall be guided by the following loan considerations:

1.) Underwriting

a) Construction costs reasonable and arms-length.
b) Credit - credit history and reputation.
c) Payment of taxes or acceptable arrangements.
d) Collateral - Collateral coverage must be adequate as determined by the Community Development Staff.
e) Security - other assets.
f) Commitment of matching funds.

2.) Assessment Private/Public Benefit

The Community Development staff will also consider the broader implications of private and public benefits.

H. NON-DISCRIMINATION

Administration of this program shall be in accordance with Title VI of the Civil Rights Act of 1964. No person shall, on the ground of race, color, national origin, be excluded from participation in, be denied the benefits of, or subjected to discrimination under this program.

I. APPLICATION PRIORITY

Applications shall be processed on a first-come, first-served basis. Community Development staff shall use the receipt date of a complete application (including all required source documentations) to establish the order of priority. The applicant will be notified if there is funding available to proceed with the project, if there is inadequate funding then the application may be placed on a waiting list.

J. AFFORDABLE RENT STANDARDS

a. Rental units that are improved with Community Development funds shall be available and affordable to households qualified at or below 80% AMI.
b. The applicant will be required to furnish rental information to enable Community Development staff to evaluate the impact of the project on rent levels. The applicant will submit the current amount of rental charges for all units in the housing project, utility types, who pays the utilities, and the names of tenants.
c. A rent cap shall apply to assisted units. The maximum allowable rent shall be based on the lower of 30% the qualified tenant's income or Fair Market Rent (FMR) established by HUD and equal to the amount of rent and utility costs being paid by the tenant and reviewed annually.

d. The period of affordability shall be for five years after the date of initial occupancy by a qualified renter.
e. The borrower will sign a Rent Agreement stipulating rent limitations at loan closing.

K. DEFINITIONS

a. **Fair Market Rent**
An annually published rent level prescribed by the U.S. Office of Housing and Urban Development based on a specified number of bedrooms.

b. Household Income

i. For the purpose of determining eligibility, Community Development staff will calculate income by estimating the annual income of a family or household by projecting the prevailing rate of income of each person at the time assistance is requested based on the IRS Form 1040 method as defined by the Office of Housing and Urban Development.

ii. Income of all members of the household over the age of 18 years is considered for computing income. This may include wages, salaries, overtime, bonuses, fees, tips, commissions, interest and dividend income, self-employment income, net rental income, income from estates or trusts, child support, alimony, Social Security benefits, SSI retirement, survivor or disability pension, VA payments, pension, or annuity, Temporary Aid to Needy Families, unemployment benefits, worker's compensation, and disability or benefits from any source.

iii. For computing income, a household shall be defined as all persons who occupy a housing unit. The occupants may be a single family, one person living alone, two or more families living together or any other group of related or unrelated persons who share living arrangements.

c. **Owner-Occupied**
An applicant who holds the entire ownership interest of a property and lives in one unit of the property as a primary residence.

d. **Construction Costs**
The total of contractor estimates from the lowest eligible contractors, and the contingency determined to be reasonable by the Community Development Staff.

e. **Residential Property**
A property used entirely for residential purposes (household living space).

f. Income Limits

To qualify applicants for various loans under the **Accessory Dwelling Unit Development (ADUD) Program**, Community Development staff will use income limits for Lewiston-Auburn SMSA established by the Office of Housing and Urban Development. Revised charts will be used upon receipt.

Sustainability & Natural Resources Management Board

Minutes: Oct 13, 2022 Approved:

Attending:

Community Forest Working Group:	Dave Griswold
Conservation Working Group:	Jane Costlow
Natural Products & Agriculture Working Group:	Bill Sylvester
Sustainability Working Group:	Ralph Harder
Mayor's Representative:	Councilor Leroy Walker
Planning Board Representative:	Evan Cyr
Staff:	City Manager Crowell

Guests: Kathy Shaw, Katherine Cook, Maurice Keene

Recorder: Dave Griswold

Call to Order: 6:03

1. **Public Participation:** The question of whether to add an opportunity for public participation to future agendas was raised. A motion was passed 6-0 to have the chair develop a protocol before the January meeting.
2. **Approval of Minutes:** July 14, 2022 minutes were approved with minor adjustments, 4-0
3. **Working with Staff:** Mgr Crowell provided a handout outlining staff support for the working groups. Community Forest: Noel Skelton, staff; Director Denis D'Auteuil; Conservation: Staff vacant; Director Eric Cousins; Natural Products and Agriculture: Staff vacant; Director Eric Cousins; Sustainability: Staff Derek Boulanger; Director Dan Goyette; SNRB: Mgr Crowell
    a. Mgr Crowell reported that the City is working with the School Department to assign staff to a position focused on sustainability. SNRB will have an opportunity to have input on a position description.
4. **Council Resolve 06-09062022**
    a. Evan reviewed discussion about the resolve at the Planning Board meeting 10 11.

i. History of the income requirement and strip zones
ii. LD 2003 rulemaking process
iii. PB views income requirement and strip zones as separate questions.
iv. Looking for pros and cons of both questions from SNRB by 1 4 23, in order to allow for PB to discuss at three meetings and develop response by 3 20 23. Resolve does not include a zoning change proposal, so if the Council decides to make changes, each will be referred back to the PB for a proposal.

b. Strip zones are controversial. Are there better alternatives?
c. Any change will need to be viewed through the lens of the Comprehensive Plan and Strategic Plan
d. Response to Council could be "no change" or "change recommended with qualifications.
e. Discussion of degree and method of public input to process.
f. Agreed it would be helpful for Eric Cousins to review strip zone history and issues.
g. Discussion of how SNRB process should be organized. Jane, Bill, Ralph and Dave will serve as an ad hoc committee of SNRB to refine the process and develop recommendations to bring back to the full SNRB.

5. **Staffing and Funding:** Ralph pointed out that there are details of staffing and funding of Working Groups that need further discussion. He said the model employed for the previous recycling group was a good one.
6. **Climate Action Grants:** The state has grants available for municipalities to use to address climate change. Phil will provide information about how Auburn can qualify to apply. Documents will be posted on the SNRB page.
7. Adjourn: 7:46

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: November 7, 2022 **Ordinance:** 20-09062022

Author: Eric Cousens, Director of Planning and Permitting

Subject: Zoning Text and Map Amendments to Create the Traditional Neighborhood Form Based Code T-4.2B zoning district and to include 1,687.41 acres of property located in the Court Street/City Residential Core area of the City within the new zoning district.

Information: The property to be rezoned is currently located in the Urban Residence zoning district and is further identified on the Proposed Official Zoning Map dated 7/6/2022. The text of the new Traditional Neighborhood District Form Based Code T-4.2B zoning district is also attached. The purpose of the rezoning is to provide equitable access to housing in walkable neighborhoods by allowing residential uses at a density driven by the form, lot size and configuration of the lot with less minimum road frontage required and shared driveways encouraged. These changes are recommended in the 2021 Comprehensive Plan Update that support higher density and growth from the city's core outward that is supported by existing infrastructure and smart economic growth. The change creates a new district that carries the urban form of walkable, desirable existing neighborhoods to expanded land area where existing zoning has forced development to meet more suburban standards and limited housing production. The area proposed is limited to land where public water and sewer are available or reasonably available nearby. The proposed changes allow for infill development, creation of new housing units in existing buildings, new development of housing on vacant land and limited neighborhood scale commercial uses.

This proposal has been recommended to Council by Planning Board at the September 13, 2022, public hearing. Second reading with the Council was postponed at the September 19, 2022, meeting allowing for additional public information sessions hosted by staff. The second reading is now scheduled for the November 7, 2022, Council Meeting. Both the City Council and Planning Board have created this new district based on feedback from the public while considering the application of the existing T-4.2 district to the same area. In response to public feedback the new district was created to recognize differences between existing T-4.2 districts and the proposed T-4.2B area. Most notable are setback allowances that are flexible to match existing development patterns, the size limitations on commercial uses, a requirement for a residence on the same lot as a commercial use and the additional Special Exception review and Planning Board public process required for considering most commercial uses.

City Budgetary Impacts: N/A

Staff Recommended Action: Hold a Public Hearing and vote to pass second reading of the proposed text and map amendment.

Previous Meetings and History: See Staff Report attached. A public hearing and passage of first reading was on 9/6/2022. Staff also hosted two informational community forums online October 19 and in-person October 25.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: Proposed Official Zoning Map dated 7/6/2022, proposed text of the new Traditional Neighborhood District Form Based CodeT-4.2B zoning district, Planning Board Staff Report.

CC: Eric Cousens, Director of Planning and Permitting

FROM: Sally J. Daggett, Esq.

RE: Planning Board Public Hearing Process re Zoning Ordinance Amendments

DATE: September 8, 2022

I am writing in response to your inquiry regarding the Planning Board public hearing process related to Zoning Ordinance amendments. Specifically, you have inquired whether it is legally permissible for the City Council to conduct its first reading on proposed Zoning Ordinance amendments in advance of the required Planning Board public hearing. The short answer is yes.

State statute requires that the Planning Board conduct a public hearing on the adoption or amendment of the Zoning Ordinance, with certain notices provided in advance of the public hearing, including a public hearing notice posted at City Hall at least 13 days before the public hearing and publication of notice of the public hearing in a newspaper of general circulation at least 12 days and again at least 7 days in advance of the public hearing. 30-A M.R.S. § 4351(9). Section 60-1474 of the City's Zoning Ordinance contains similar notice provisions (and adds a local requirement of notice to abutters in Sec. 60-1475). Under Sec. 60-1496 of the Zoning Ordinance, the Planning Board must "within 30 days of the conclusion of the [Planning Board] public hearing, report in writing the results of the hearing and recommendations of the board on the amendment to the city council."

There is nothing in State statute, the City Charter or the Zoning Ordinance that dictates the timing of the Planning Board public hearing in relationship to the City Council's first reading of proposed Zoning Ordinance amendments. Some municipalities with the Council-Manager form of government prefer to conduct Council first reading before the Planning Board public hearing to enable Council input on the version of the amendments that will be considered and reported on by the Planning Board. Other municipalities with the Council-Manager form of government prefer to have the Planning Board conduct its public hearing before Council first reading. In some municipalities, the timing of the Planning Board public hearing in relationship to the City Council's first reading of proposed Zoning Ordinance amendments varies from time

to time (*i.e.*, sometimes before first reading and sometimes after first reading) depending on the complexity of the subject matter of the amendments.

As relates to the proposed amendments to the Zoning Ordinance text and map to create a new Traditional Neighborhood Form Based Code T-4.2B District, it is my understanding that the Planning Board specially requested at its June 21, 2022 meeting that its recommendation on the T-4.2B amendments be delayed until after the City Council determined what version of the amendments the Council wanted to bring forward for final action. Such an approach whereby the City Council conducts its first reading in advance of the Planning Board public hearing is legally permissible under State and local law.

Re: Zoning Text and Map Amendment Public Hearing
Date: August 30, 2022

PROPOSAL: Zoning Text and Map Amendments to Create the Traditional Neighborhood Form Based Code T-4.2B zoning district and to include 1,687.41 acres of property located in the Court Street/City Residential Core area of the City within the new zoning district.

The property to be rezoned is currently located in the Urban Residence zoning district and is further identified on the Proposed Official Zoning Map dated 7/6/2022. The text of the new Traditional Neighborhood District Form Based Code T-4.2B zoning district is also attached. The purpose of the rezoning is to provide equitable access to housing in walkable neighborhoods by allowing residential uses at a density driven by the form, lot size and configuration of the lot with less minimum road frontage required and shared driveways encouraged. These changes are recommended in the 2021 Comprehensive Plan Update that support higher density and growth from the city's core outward that is supported by existing infrastructure and smart economic growth.

STAFF RECOMMENDATIONS

Hold a public hearing on creation of new Form-Based Code zoning district, T-4.2B and the application of the same new zone, T-4.2B to the Court Street area. The Board should review these as a single agenda item and forward a recommendation to Council.

Previous meetings concerning the creation of application of T-4.2B:

- August 17, 2021, city council meeting: increased housing and form-based code
- December 21, 2020, city council meeting T-4.2 Downtown Enterprise District
- December 17, 2020, - June 16, 2021, comprehensive plan meetings
- March 1, 2021, city council meeting T-4.2 Court/Lake Street and Lake Auburn Avenue, Union, Lake, and Whitney Street areas
- April 27, 2021, community conversation: comprehensive plan update
- April 29, 2021, community conversation: comprehensive plan update
- May 4, 2021, community conversation: comprehensive Plan update
- March 31, 2022, community conversation: discuss zoning changes January 3, 2022, city council meeting
- January 11, 2022, planning board meeting Workshop: T-4.2 Court Street
- February 8, 2022, planning board meeting Public Hearing: T-4.2 Court Street
- March 8, 2022, planning board meeting Public Hearing: T-4.2 Court Street

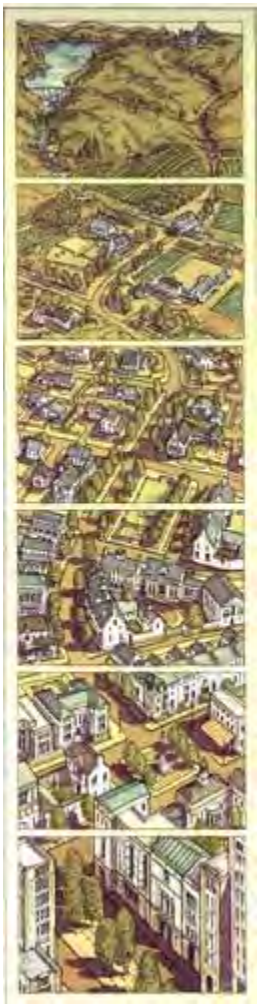
- March 28, 2022, city council meeting: T-4.2B Court Street planning board directive
- April 14, 2022, planning board meeting workshop: T-4.2B areas A-D

- June 18, 2022, city council meeting- T-4.2B creation
- June 27, 2022, city council meeting- Court Street amendment workshop
- July 12, 2022, community conversation: zoning in Auburn
- July 18, 2022, city council meeting: T-4.2B first reading
- August 1, 2022, city council meeting- T-4.2B Court Street planning board directive and repeal 4.2 Court Street
- August 15, 2022, city council meeting: postpone T-4.2B Court Street
  Update original dates from first approval

[1]FORM-BASED CODE The Form Based Code Institute defines a form-based code as "a land development regulation that fosters predictable built results and a high-quality public realm by using physical form (rather than separation of uses) as the organizing principle for the code. A form-based code is a regulation, not a mere guideline, adopted into city, town, or county law. A form-based code offers a powerful alternative to conventional zoning regulation."[2]The purpose of implementing form-based code is to provide equitable access to housing in walkable neighborhoods by allowing residential uses at a density driven by the form, lot size and configuration of the lot with less minimum road frontage required and shared driveways encouraged. Form-based code regulates the physical form of the built environment using transects, which are the standardized categories that describe the range or continuum of development types; from T-1 Natural Areas to T-6 Urban Core or City Center with an additional category designated for other uses. Form-based code offers an alternative to traditional zoning laws which separate where we live from where we work, learn, shop, play, and gather. By strictly regulating the setbacks and types of housing, units are built further apart resulting in greater reliance on roads. As an alternative, form-based code promotes walkability by reducing the separation between private and public realms of life. Auburn's form-based code proposes five types of form-based code districts, T-4.1, T-4.2B, T-4.2, T-5.1, T-5.2 and T-6. These districts range from least urban to most urban. T-4.2B is characterized as the Traditional Neighborhood Development District or General Urban Zone.



TRADITIONAL NEIGHBORHOOD DEVELOPMENT DISTRICT (TND)

Description- The Traditional Downtown Neighborhood district is characterized by a small to medium sized buildings with smaller front yards and stoops in a more compact urban environment and includes and traditional neighborhood sized storefronts. The smaller minimum and maximum building setbacks form a moderately dense street-wall pattern, diverse architectural styles and pedestrian friendly streets and sidewalks (Sec. 60.549).

[1] "American Transect," Duany Plater-Zyberk & Company / James Wassell
[2] https://formbasedcodes.org/definition/

Objective – Allow for the development of a wide range of residential and community uses at a density of up to what is allowed by the form of the lot with an estimation of 16 units per acre, but not specified because of the variability of the lots form, as specified in the Comprehensive Plan in areas that are served or can be served by public sewer and water (see Figures 2.3, 2.4 and 2.6). New development should be designed to minimize the number of vehicular access points to existing collector or other through roads.

Allowed Uses – The Traditional Neighborhood Development District generally follows the boundaries of the Urban Residential Zoning District, in effect at the time of the 2021 Comprehensive Plan update. The following general types of uses should be allowed within the Traditional Neighborhood Development District:

- *Low and High-Density Residential Dwellings*
- *Home Occupations*
- *Plant/Crop-Based Agriculture*
- *Community Services and Government Uses*
- *Small Offices and Mixed-Use Buildings*
- *Small commercial operations that do not exceed the average lot size of the neighborhood (or more than two times the average size of the home).*

[3]Development Standards – Residential uses should be allowed at a density of the existing form of the lot with no minimum road frontage required, shared driveways are encouraged, the front setback should be 25 feet max with the consideration that no front yard needs to be any less than the average depth of front yards on the lots next thereto on either side. Side and rear setbacks should be 5-10 feet or 25% of the average depth of the lot to establish dimensional standards that relate to the size and width of the adjacent lot with up to 70% lot coverage. Minimum building height 1 story with maximum of 3 stories (excluding an attic story).

T-4.2B is a new zone distinct from T-4.1, T-4.2, T-5.1, T-5.2, and T-6. The attached text, Division 14. Form Based Code, shows the text of the T-4.2 B. The document represents the text of proposed new zone, T-4.2 B. The red sections mark the differences between T-4.2 and T-4.2B. The transects in Auburn are ordered from least to most urban. Form allows multifamily housing in this area capped at 3.5 stories with an attic. Parcel size determines form and therefore number of units. The most prominent differences between T-4.2 andT-4.2B is the size and type of businesses that will be permitted. Office, service, and retail uses limited to 1500 sq ft with a residential unit on the same parcel. Age-restricted retail stores (marijuana stores or dispensaries) are not allowed in T-4.2B. Restaurants with over 30 seats will not be permitted nor will drive-through restaurants.

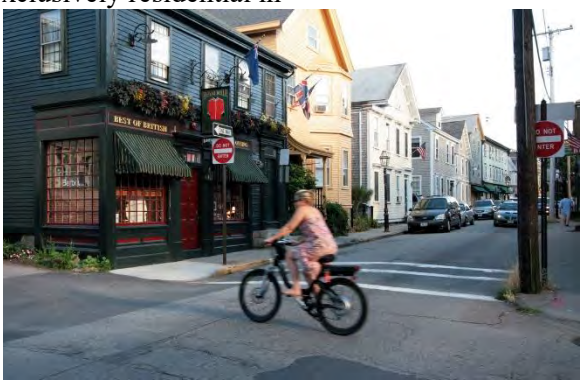
THE PURPOSE BEHIND APPLYING NEW ZONING TO AUBURN'S CITY CORE

1. The proposed zone change will **increase housing opportunity** for more people by lowering barriers to finding housing. Auburn's housing supply is limited and is not increasing fast enough to accommodate both current residents and those who want to call Auburn home. Housing scarcity drives up prices and increasing the supply of housing will lower the cost overtime.

[3] Newport, Rhode Island. Sponsored by Center for Applied Transect Studies, Photographed by Sandy Sorlien

2. [4]The proposed zoning will **allow a wider variety of housing**. Offering choice in housing to residents will allow more residents the freedom to live as they want and not pay more than they can afford. Financial institutions recommend not spending more than 28% of household gross income on housing. Single family homes are outside of the price range and may not meet the lifestyle needs of many people, especially young adults, young families, empty nesters, elderly residents and many in between. The current zoning essentially renders housing that is not single-family or two-family illegal effectively barring those who cannot afford the high price of a single-family home to live with their neighbors. Allowing mixed use housing gives residents of all backgrounds and financial capacities options and promotes community be allowing neighbors to live close to and among each other.

3. [5]Current traditional zoning laws tend to separate where we live from where we work, learn, and shop and force us to center roads over all other aspects of city design. These roads, as they are today, are dangerous to pedestrians and cyclists. We have an over-reliance on cars and Auburn's form-based code is meant to provide an alternative. T-4.2B **encourages walkability** by allowing uses that are not exclusively residential in moderately dense urban environments. There will not be walkability if there is nowhere to walk to. Encouraging infill and small business growth encourages walkability by giving folks spaces to walk to. Suburban sprawl as it exists limits transportation to folks who have a car and assumes that there will be little to no walking. It champions cars and roads over people and centralized communities.



FREQUENTLY ASKED QUESTIONS

How would T-4.2B affect my neighborhood?

Building by form as regulated in T-4.2B will differ based on where you live and the existing neighborhood form. Most city lots are small and already built on, likely limiting additional development to infill housing opportunities and freedom for property owners to add additional units or make improvements to existing homes. The map shows the size of parcels in the urban core area. The map shows that 54.6% of parcels cannot support over four units and 79.4% of parcels cannot support over eight units.

[4] Marblehead Massachusetts. Sponsored by Center for Applied Transect Studies, Photographed by Sandy Sorlien.

[5] Newport, Rhode Island. Sponsored by Center for Applied Transect Studies, Photographed by Sandy Sorlien.

The larger open areas, five-plus acres in the example, have a form that could support higher development intensity. Of the 571.85 acres on parcels with over five acres in what is proposed to be T-4.2B, only 391.71 acres of the area could be considered for further development (26.6%) because of schools, existing condos, and parks.

[6]The traffic in Auburn is already much too fast and congested. Would higher density in the city core make the traffic worse? Adding more housing, though may add more vehicles to the road in the short term, will allow the city to find projects to improve current road conditions, and invest in improving circulation patterns throughout the city. Increasing density will also make Auburn a more viable location to extend local public transit and especially commuter transportation to and from nearby metro areas like Boston, Portland, and more. Form-based code encourages and supports safe pedestrian traffic, over time also decreasing the heavy reliance on vehicles.

More units will mean more kids who need education. Will T-4.2B make this worse for already strained educators?

Applying form-based code could improve the state of Auburn's schools. Over the past several years, students enrolled in Auburn public schools have been stagnant and falling. Fairview can absorb another 100 students, Walton can absorb another 150, and East Auburn is close to capacity but could absorb about 20 more students. Altogether, the district could absorb up to 500-600 more students.

A reliable marker for determining enrollment trends in schools is the rate of preschool enrollment. Superintendent, Dr. Connie Brown, noted that preschool enrollment has been decreasing over the past several years resulting in needing to close Walton Preschool and reducing the hours of East Auburn preschool. She noted that there are other schools that may need to close if they cannot increase enrollment.

The school district can, and in some cases will need to absorb more students, though it is also struggling with attracting and retaining teachers. The recommended monthly house payment is 28% of a person's income. The entry level pay for a teacher is $42,000, a firefighter starting wage is $45,000 plus average OT is $10,000 for a total of $55,000, and a police officer with OT is $65,000. The average price of an existing, entry level home is $267,500 and the average cost of a new entry level home is $318,000. Based on the 28% recommendation, a person would need to make $87,450.00. / year to afford an existing entry level home, and 104,6000.000/year to afford a new entry-level home. People working the above noted jobs, which are critical to some of the most important city services could not afford to build or purchase a home in the city that they work in. A teacher and fireperson living together still could not afford a single-family home in the city where they work. Dr. Brown stated that her number-one reason for teacher resignations is that they found another job closer to where they live. Housing options need to reflect different families and individuals' lifestyles and incomes.

How might new zoning affect the housing crisis?

[6] T4 Rendering of Spring Street

In his article, "3 Zoning changes that Make Residential Neighborhoods More Affordable", Founder and Director of the Urban Sustainability Accelerator and Institute for Sustainable Solutions at Portland State University, Robert Liberty, identified eliminating single-family-residential-only zoning as an important factor to make residential neighborhoods more affordable. Multifamily housing is outlawed in about 75% of the country which poses a significant barrier for low to middle income residents by reinforcing housing segregation and increasing reliance on cars.[7]

Form-based code allows mixed uses and businesses among homes. What does this mean? What can I expect?

T-4.2B will allow uses other than single family including businesses with a residential unit on the same parcel. Businesses shall not be over 1,500 square feet. Drive-through restaurants are not allowed in T-4.2B and cannabis shops are also prohibited- a change from the first T-4.2 zone. There are some businesses that will be prohibited and most will require Special Exception Approval from the planning board depending on the size and type.

LEGAL NOTICE
CITY OF AUBURN

NOTICE OF PUBLIC HEARING ON PROPOSED AMENDMENTS TO THE ZONING ORDINANCE TEXT AND MAP TO CREATE A NEW TRADITIONAL NEIGHBORHOOD FORM BASED CODE T-4.2B DISTRICT

Notice is hereby given that the Auburn Planning Board will hold a Public Hearing on **Tuesday, September 13, 2022 at 6:00** p.m. in the City Council Chambers, 60 Court Street, Auburn, Maine to consider proposed amendments to the Zoning Ordinance text and map to create a new Traditional Neighborhood Form Based Code T-4.2B zoning district as follows:

PUBLIC HEARING: Zoning Text and Map Amendments to Create the Traditional Neighborhood Form Based Code T-4.2B zoning district and to include 1,687.41 acres of property located in the Court Street/City Residential Core area of the City within the new zoning district. The property to be rezoned is currently located in the Urban Residence zoning district and is further identified on a sketch map available in the Planning & Permitting Department. The text of the new Traditional Neighborhood District Form Based Code T-4.2B zoning district is also available in the Planning & Permitting Department. The purpose of the rezoning is to provide equitable access to housing in walkable neighborhoods by allowing residential uses at a density driven by the form, lot size and configuration of the lot with less minimum road frontage required and shared driveways encouraged. These changes are recommended in the 2021 Comprehensive Plan Update. The map and text showing the proposed changes is available at [illegible] government/planning-board-agendas under the September 13, 2022 Agenda link and in-person at the City of Auburn Planning & Permitting Office, 60 Court Street, Auburn, Maine during normal business hours. All interested persons are invited to attend the public hearing and will be given an opportunity to be heard at the hearing.

The Planning Board will, after the close of the public hearing, make a recommendation to the Auburn City Council regarding the proposed amendments. The City Council is expected to conduct First Reading and its own Public Hearing on the proposed amendments on Tuesday, September 6, 2022 at 7:00 p.m. and a Second Reading on Monday, September 19, 2022 at 7 p.m. in the City Council Chambers, 60 Court Street, Auburn, Maine.

Additional information is available and may be obtained from the Auburn Planning & Permitting Department by contacting Katherine Cook at (207) 333-6601 ext. 1155 or [illegible] or John Blais at (207) 333-6601 ext. 1334 or [illegible]

To: Auburn Planning Board
From: Katherine Cook, Planning Coordinator
Re: Zoning Text and Map Amendment Public Hearing
Date: August 30, 2022

PROPOSAL: Zoning Text and Map Amendments to Create the Traditional Neighborhood Form Based Code T-4.2B zoning district and to include 1,687.41 acres of property located in the Court Street/City Residential Core area of the City within the new zoning district.

The property to be rezoned is currently located in the Urban Residence zoning district and is further identified on the Proposed Official Zoning Map dated 7/6/2022. The text of the new Traditional Neighborhood District Form Based Code T-4.2B zoning district is also attached. The purpose of the rezoning is to provide equitable access to housing in walkable neighborhoods by allowing residential uses at a density driven by the form, lot size and configuration of the lot with less minimum road frontage required and shared driveways encouraged. These changes are recommended in the 2021 Comprehensive Plan Update that support higher density and growth from the city's core outward that is supported by existing infrastructure and smart economic growth.

STAFF RECOMMENDATIONS

Hold a public hearing on creation of new Form-Based Code zoning district, T-4.2B and the application of the same new zone, T-4.2B to the Court Street area. The Board should review these as a single agenda item and forward a recommendation to Council.

Previous meetings concerning the creation of application of T-4.2B:

- August 17, 2021, city council meeting: increased housing and form-based code
- December 21, 2020, city council meeting T-4.2 Downtown Enterprise District
- December 17, 2020, - June 16, 2021, comprehensive plan meetings
- March 1, 2021, city council meeting T-4.2 Court/Lake Street and Lake Auburn Avenue, Union, Lake, and Whitney Street areas
- April 27, 2021, community conversation: comprehensive plan update
- April 29, 2021, community conversation: comprehensive plan update
- May 4, 2021, community conversation: comprehensive Plan update
- March 31, 2022, community conversation: discuss zoning changes January 3, 2022, city council meeting
- January 11, 2022, planning board meeting Workshop: T-4.2 Court Street
- February 8, 2022, planning board meeting Public Hearing: T-4.2 Court Street
- March 8, 2022, planning board meeting Public Hearing: T-4.2 Court Street
- March 21, 2022, city council meeting: T-4.2 Court Street
- March 28, 2022, city council meeting: T-4.2B Court Street planning board directive
- April 14, 2022, planning board meeting workshop: T-4.2B areas A-D

- June 18, 2022, city council meeting- T-4.2B creation
- June 27, 2022, city council meeting- Court Street amendment workshop
- July 12, 2022, community conversation: zoning in Auburn
- July 18, 2022, city council meeting: T-4.2B first reading
- August 1, 2022, city council meeting- T-4.2B Court Street planning board directive and repeal 4.2 Court Street
- August 15, 2022, city council meeting: postpone T-4.2B Court Street
  Update original dates from first approval

[1]FORM-BASED CODE The Form Based Code Institute defines a form-based code as "a land development regulation that fosters predictable built results and a high-quality public realm by using physical form (rather than separation of uses) as the organizing principle for the code. A form-based code is a regulation, not a mere guideline, adopted into city, town, or county law. A form-based code offers a powerful alternative to conventional zoning regulation."[2]The purpose of implementing form-based code is to provide equitable access to housing in walkable neighborhoods by allowing residential uses at a density driven by the form, lot size and configuration of the lot with less minimum road frontage required and shared driveways encouraged. Form-based code regulates the physical form of the built environment using transects, which are the standardized categories that describe the range or continuum of development types; from T-1 Natural Areas to T-6 Urban Core or City Center with an additional category designated for other uses. Form-based code offers an alternative to traditional zoning laws which separate where we live from where we work, learn, shop, play, and gather. By strictly regulating the setbacks and types of housing, units are built further apart resulting in greater reliance on roads. As an alternative, form-based code promotes walkability by reducing the separation between private and public realms of life. Auburn's form-based code proposes five types of form-based code districts, T-4.1, T-4.2B, T-4.2, T-5.1, T-5.2 and T-6. These districts range from least urban to most urban. T-4.2B is characterized as the Traditional Neighborhood Development District or General Urban Zone.

TRADITIONAL NEIGHBORHOOD DEVELOPMENT DISTRICT (TND)

Description- The Traditional Downtown Neighborhood district is characterized by a small to medium sized buildings with smaller front yards and stoops in a more compact urban environment and includes and traditional neighborhood sized storefronts. The smaller minimum

[1] "American Transect," Duany Plater-Zyberk & Company / James Wassell
[2] https://formbasedcodes.org/definition/

and maximum building setbacks form a moderately dense street-wall pattern, diverse architectural styles and pedestrian friendly streets and sidewalks (Sec. 60.549).
Objective – Allow for the development of a wide range of residential and community uses at a density of up to what is allowed by the form of the lot with an estimation of 16 units per acre, but not specified because of the variability of the lots form, as specified in the Comprehensive Plan in areas that are served or can be served by public sewer and water (see Figures 2.3, 2.4 and 2.6). New development should be designed to minimize the number of vehicular access points to existing collector or other through roads.
Allowed Uses – The Traditional Neighborhood Development District generally follows the boundaries of the Urban Residential Zoning District, in effect at the time of the 2021 Comprehensive Plan update. The following general types of uses should be allowed within the Traditional Neighborhood Development District:

- *Low and High-Density Residential Dwellings*
- *Home Occupations*
- *Plant/Crop-Based Agriculture*
- *Community Services and Government Uses*
- *Small Offices and Mixed-Use Buildings*
- *Small commercial operations that do not exceed the average lot size of the neighborhood (or more than two times the average size of the home).*

[3]Development Standards – Residential uses should be allowed at a density of the existing form of the lot with no minimum road frontage required, shared driveways are encouraged, the front setback should be 25 feet max with the consideration that no front yard needs to be any less than the average depth of front yards on the lots next thereto on either side. Side and rear setbacks should be 5-10 feet or 25% of the average depth of the lot to establish dimensional standards that relate to the size and width of the adjacent lot with up to 70% lot coverage. Minimum building height 1 story with maximum of 3 stories (excluding an attic story).

T-4.2B is a new zone distinct from T-4.1, T-4.2, T-5.1, T-5.2, and T-6. The attached text, Division 14. Form Based Code, shows the text of the T-4.2 B. The document represents the text of proposed new zone, T-4.2 B. The red sections mark the differences between T-4.2 and T-4.2B. The transects in Auburn are ordered from least to most urban. Form allows multifamily housing in this area capped at 3.5 stories with an attic. Parcel size determines form and therefore number of units. The most prominent differences between T-4.2 andT-4.2B is the size and type of businesses that will be permitted. Office, service, and retail uses limited to 1500 sq ft with a residential unit on the same parcel. Age-restricted retail stores (marijuana stores or dispensaries) are not allowed in T-4.2B. Restaurants with over 30 seats will not be permitted nor will drive-through restaurants.

THE PURPOSE BEHIND APPLYING NEW ZONING TO AUBURN'S CITY CORE

1. The proposed zone change will **increase housing opportunity** for more people by lowering barriers to finding housing. Auburn's housing supply is limited and is not increasing fast enough to accommodate both current residents and those who want to call

[3] Newport, Rhode Island. Sponsored by Center for Applied Transect Studies, Photographed by Sandy Sorlien

Auburn home. Housing scarcity drives up prices and increasing the supply of housing will lower the cost overtime.

2. [4]The proposed zoning will **allow a wider variety of housing**. Offering choice in housing to residents will allow more residents the freedom to live as they want and not pay more than they can afford. Financial institutions recommend not spending more than 28% of household gross income on housing. Single family homes are outside of the price range and may not meet the lifestyle needs of many people, especially young adults, young families, empty nesters, elderly residents and many in between. The current zoning essentially renders housing that is not single-family or two-family illegal effectively barring those who cannot afford the high price of a single-family home to live with their neighbors. Allowing mixed use housing gives residents of all backgrounds and financial capacities options and promotes community be allowing neighbors to live close to and among each other.

3. [5]Current traditional zoning laws tend to separate where we live from where we work, learn, and shop and force us to center roads over all other aspects of city design. These roads, as they are today, are dangerous to pedestrians and cyclists. We have an over-reliance on cars and Auburn's form-based code is meant to provide an alternative. T-4.2B **encourages walkability** by allowing uses that are not exclusively residential in moderately dense urban environments. There will not be walkability if there is nowhere to walk to. Encouraging infill and small business growth encourages walkability by giving folks spaces to walk to. Suburban sprawl as it exists limits transportation to folks who have a car and assumes that there will be little to no walking. It champions cars and roads over people and centralized communities.

FREQUENTLY ASKED QUESTIONS

How would T-4.2B affect my neighborhood?

Building by form as regulated in T-4.2B will differ based on where you live and the existing neighborhood form. Most city lots are small and already built on, likely limiting additional development to infill housing opportunities and freedom for property owners to add additional units or make improvements to existing homes. The map shows the size of parcels in the urban

[4] Marblehead Massachusetts. Sponsored by Center for Applied Transect Studies, Photographed by Sandy Sorlien.

[5] Newport, Rhode Island. Sponsored by Center for Applied Transect Studies, Photographed by Sandy Sorlien.

core area. The map *(Appendix A)* shows that 54.6% of parcels cannot support over four units and 79.4% of parcels cannot support over eight units.

The larger open areas, five-plus acres in the example, have a form that could support higher development intensity. Of the 571.85 acres on parcels with over five acres in what is proposed to be T-4.2B, only 391.71 acres of the area could be considered for further development (26.6%) because of schools, existing condos, and parks.

[6]The traffic in Auburn is already much too fast and congested. Would higher density in the city core make the traffic worse? Adding more housing, though may add more vehicles to the road in the short term, will allow the city to find projects to improve current road conditions, and invest in improving circulation patterns throughout the city. Increasing density will also make Auburn a more viable location to extend local public transit and especially commuter transportation to and from nearby metro areas like Boston, Portland, and more.

Form-based code encourages and supports safe pedestrian traffic, over time also decreasing the heavy reliance on vehicles.

More units will mean more kids who need education. Will T-4.2B make this worse for already strained educators?

Applying form-based code could improve the state of Auburn's schools. Over the past several years, students enrolled in Auburn public schools have been stagnant and falling. Fairview can absorb another 100 students, Walton can absorb another 150, and East Auburn is close to capacity but could absorb about 20 more students. Altogether, the district could absorb up to 500-600 more students. A reliable marker for determining enrollment trends in schools is the rate of preschool enrollment. Superintendent, Dr. Connie Brown, noted that preschool enrollment has been decreasing over the past several years resulting in needing to close Walton Preschool and reducing the hours of East Auburn preschool. She noted that there are other schools that may need to close if they cannot increase enrollment.

The school district can, and in some cases will need to absorb more students, though it is also struggling with attracting and retaining teachers. The recommended monthly house payment is 28% of a person's income. The entry level pay for a teacher is $42,000, a firefighter starting wage is $45,000 plus average OT is $10,000 for a total of $55,000, and a police officer with OT is $65,000. The average price of an existing, entry level home is $267,500 and the average cost of a new entry level home is $318,000. Based on the 28% recommendation, a person would need to make $87,450.00. / year to afford an existing entry level home, and 104,6000.000/year to afford a new entry-level home. People working the above noted jobs, which are critical to some of the most important city services could not afford to build or purchase a home in the city that they work in. A teacher and fireperson living together still could not afford a single-family home in the city where they work. Dr. Brown stated that her number-one reason for teacher resignations is

[6] T4 Rendering of Spring Street

that they found another job closer to where they live. Housing options need to reflect different families and individuals' lifestyles and incomes.

How might new zoning affect the housing crisis?

In his article, "3 Zoning changes that Make Residential Neighborhoods More Affordable", Founder and Director of the Urban Sustainability Accelerator and Institute for Sustainable Solutions at Portland State University, Robert Liberty, identified eliminating single-family-residential-only zoning as an important factor to make residential neighborhoods more affordable. Multifamily housing is outlawed in about 75% of the country which poses a significant barrier for low to middle income residents by reinforcing housing segregation and increasing reliance on cars.[7]

Form-based code allows mixed uses and businesses among homes. What does this mean? What can I expect?

T-4.2B will allow uses other than single family including businesses with a residential unit on the same parcel. Businesses shall not be over 1,500 square feet. Drive-through restaurants are not allowed in T-4.2B and cannabis shops are also prohibited- a change from the first T-4.2 zone. There are some businesses that will be prohibited, and most will require Special Exception Approval from the planning board depending on the size and type.

RE: Planning Board Report to City Council on Zoning Text and Map Amendments (T-4.2B Text and Court Street/City Core; 1,687.41 acres of Traditional Neighborhood Development District Areas Map amendment

Date: June 28, 2022

This report is the report from the Planning Board regarding the above-described map and text amendments pursuant to Section 60-1496 of the City of Auburn Ordinances. After notice and Public Hearings held on June 21, 2022 the Planning Board forwards this report to the City Council. The Board Recommends as follows:

1. PROPOSAL: **PUBLIC HEARING: Zoning Amendments**: Court Street/City Core; 1,687.41 acres of Traditional Neighborhood Development District Areas (T-4.2). Proposed text amendments to the Court Street/City Core of Urban Residential Area; 1,687.41 acres of Formed Base Code T-4.2 to T-4.2B (Exhibit A)

Motion: Brian DuBois; Second: Stacey LeBlanc

"I make a motion to recommend to City Council a text amendment suggested by Council with creation of a new form-based code zone T-4.2B with items listed under section 2 of your summary with a couple of revisions. One is under #9 to remove the words upper floor and say must include residential unit, and add number 12: that artists' studios and performing arts centers be considered a Special Exception"

Motion: Evan Cyr; Second: Riley Bergeron

"I make a motion to amend the front setbacks to include that we change the setbacks from a minimum of 5 to a maximum of 15 to a 5-foot minimum to a maximum of 25 foot or 25% of the lot whichever is more."

Motion to amend passes 7-0

The main motion is now amended to include the amended setbacks

---

Motion: Evan; Second: Mathieu Duvall

I am going to make a motion to amend to remove note number five (5) on page 19 of 22 which read that density of 14 dwelling units per acre unless special exception subject to planning Board approval."

Motion to amend passes 6-1

Motion to recommend new zone, T-4.2B with amendments passes 7-0

2. PROPOSAL: **PUBLIC HEARING: Zoning Map Amendments**: Court Street/City Core; 1,687.41 acres of Traditional Neighborhood Development District Areas (T-4.2). Proposed map amendment to the Court Street/City Core of Urban Residential Area; 1,687.41 acres of Formed Base Code T-4.2 to T-4.2B (Exhibit A)

Motion: Mathieu Duvall; Second Riley Bergeron

I'd like to make a motion to postpone this item until the first regular meeting of the Planning Board after the City Council finishes its deliberation and makes its decision on adoption of T-4.2B

Motion does not pass 0-7

Motion: Evan Cyr; Second Mathieu Duvall.

I make a motion to recommend the City to not (make a map) amend(ment) (regarding changing) T-4.2 to T-4.2 B for the Court Street area with a total area having been suggested for amendment of 1687.41 acres shown on the map exhibit A, due to process concerns specific to not knowing what the final language of T-4.2B will be from City Council that the Board would be adopting.

Motion passes as amended 7-0

DRAFT FOR CLARIFICATION BY THE BOARD: The Board intends to resume this discussion with an additional notice and public hearing after the T-4.2B Text has been finalized by the City Council.

OR

The Board requests direction from Council after receiving this report for how to proceed with future consideration.

Motion to continue the meeting to take on Item 5-8,

Motion does not pass. 5-2 (Need 100% concurrence found in Planning Board Policy- Article VI D: **No New Business.**)

City of Auburn, Maine
Office of Planning & Permitting

To: Auburn Planning Board
From: John Blais, Deputy Director
Re: Public Hearing Court Street/Urban Core Area Zoning Considerations from City Council for Zoning Map and Text Amendment.

Date: June 21, 2022

PROPOSAL: **PUBLIC HEARING: Zoning Amendments**: Court Street/City Core; 1,687.41 acres of Traditional Neighborhood Development District Areas (T-4.2). Proposed text and map amendments to the Court Street/City Core of Urban Residential Area; 1,687.41 acres of Formed Base Code T-4.2 to T-4.2B (Exhibit A)

New Proposed Form-Based Code Zone: T-4.2B

Council voted on May 16th, 2022, to ask the Planning Board to review the T-4.2 zone known as Court street area and deliver a recommendation for a T-4.2B zone, based on amendments previously put forward by the Council. They include the following:

- All Bed and Breakfast establishments allowed with special exception approval from the Planning Board.
- Residential Facilities allowed with special exception approval from the Planning Board.
- Lodging allowed with special exception approval from the Planning Board.
- Personal Services allowed with special exception approval from the Planning Board.
- Age restricted retail not allowed.
- Restaurants with over 30 seats not allowed.
- Government offices allowed with special exception approval from the Planning Board.
- Parking requirements (public or private) may be provided within 500 feet of the establishment.
- Office, Service and Retail Use limited to 1,500 SF footprint and must include upper floor residential unit.
- No drive through businesses allowed.
- Multifamily allowed with special exception approval from Planning Board. (limit is 14 units per acre-above with Planning Board approval).

I. PLANNING BOARD ACTION/STAFF SUGGESTIONS: Staff suggests a planning board discuss the proposals and hold a Public Hearing on June 21, 2022 on the following items. 1.) Staff recommends that the Board forward a positive recommendation to the Council supporting the proposed changes provided by the City Council, to include the adjusted text to create a new Formed Base Code T-4.2B. 2.) Provide a map amendment (T-4.2 to T-4.2B) for the Court Street Area. The total amendment includes 1,687.41 acres shown on the map (Exhibit A) based on the following findings.

SUGGESTED FINDINGS AND REASONS:

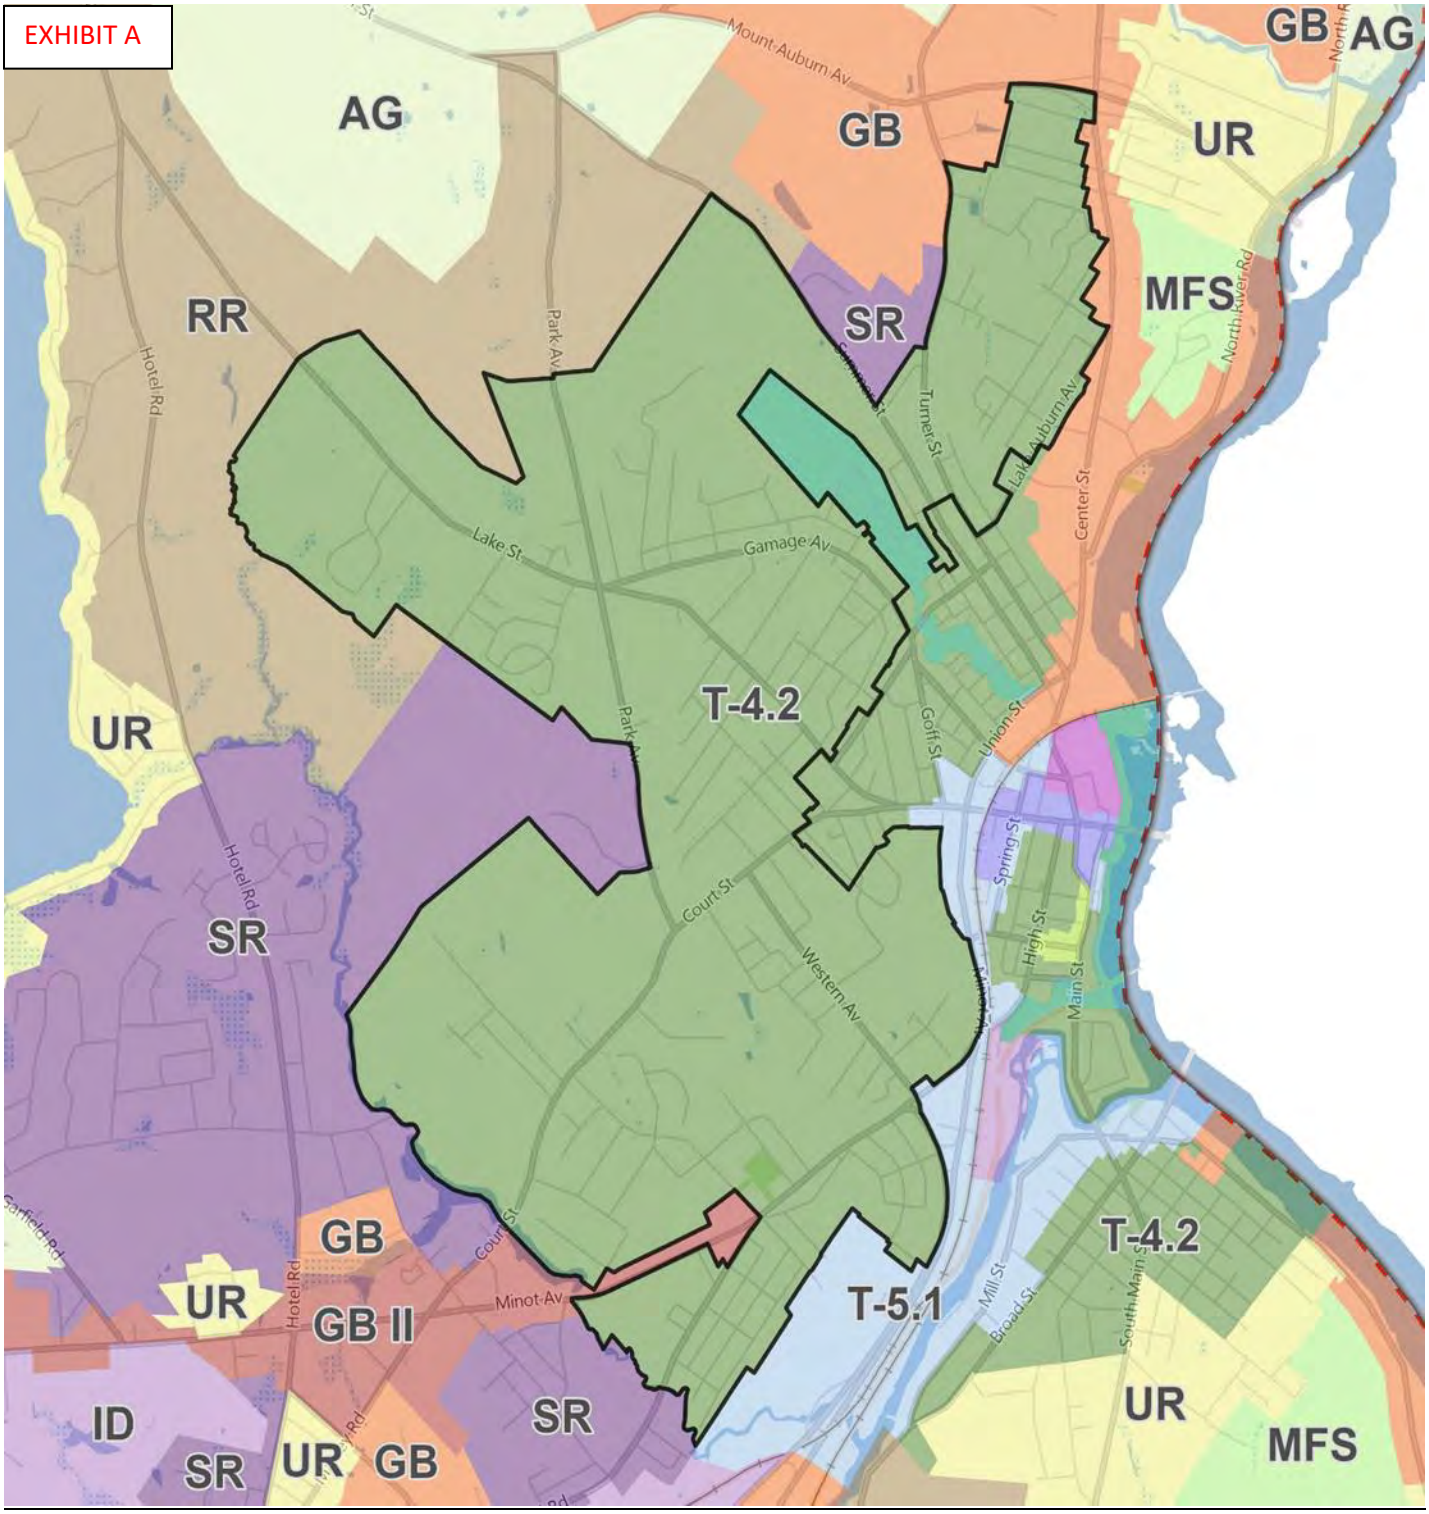
1. The 2010 and now 2020 Comprehensive Plan recommends expanding the Formed Base zoning. This can be accomplished with the creation of a new district by using T-4.2B that conforms to and expands existing development patterns.
2. The distinctions between allowed uses, density and development patterns in the existing T-4.2 areas in place for years and the Court Street/City Core area are significant enough to warrant a new zoning district that can be called T-4.2-B. This will prevent limitation in the urban core where density and mixed use has been allowed by leaving T.4.2 zoning in place in some areas.
3. The area is considered the core of the city and the 2010 and now 2021 support higher density with available infrastructure in place. (sewer, water, power, high speed internet, gas & roads)
4. The proposal can be implemented without detriment to city resources.
5. Assure that the City's zoning and land use regulations allow for private investments to improve property in these neighborhoods.
6. Maintain and increase the City's population.
7. Limit the need for new roads by encouraging infill development within the identified growth areas in 2020 Comprehensive Plan .
8. FBC allows for 5-foot front and side setbacks in contrast with the current 25 feet. Most buildings in these districts are currently non-conforming because of this standard. Generally, the change recommended will have little impact on the allowed uses in the district.
9. In many of the older, developed areas of the City, the current configuration of space within residential buildings is functionally obsolete. Reconfiguration of the available space is often difficult under the density and lot size requirements of the current zoning ordinance.

II. SUGGESTED MOTION: 1.) I make a motion to recommend to City Council a text amendment suggested by council with creation of a new Formed Based Code Zone T-4.2B.

1. All Bed and Breakfast establishments allowed with special exception approval from the Planning Board.
2. Residential Facilities allowed with special exception approval from the Planning Board.
3. Lodging allowed with special exception approval from the Planning Board.
4. Personal Services allowed with special exception approval from the Planning Board.
5. Age restricted retail not allowed.
6. Restaurants with over 30 seats not allowed.
7. Government offices allowed with special exception approval from the Planning Board.
8. Parking requirements (public or private) may be provided within 500 feet of the establishment.
9. Office, Service and Retail Use limited to 1,500 SF footprint and must include upper floor residential unit.
10. No drive through businesses allowed.
11. Multifamily allowed with special exception approval from Planning Board. (limit is 14 units per acre-above with Planning Board approval).

2.) I make a motion of the proposed map amendment (T-4.2 to T-4.2B) for the Court Street Area. The total amendment includes 1,687.41 acres shown on the map (Exhibit A) boundary and be adjusted from T-4.2 to T-4.2B the total amendment includes 1,687.41 acres shown on the map as Exhibit A.

The green area below highlighted in black is 1,687.41 acres of Traditional Neighborhood Development District Areas (T-4.2). Proposed is text and map amendments to the Court Street/City Core of Urban Residential Area; 1,687.41 acres of Formed Base Code from T-4.2 to T-4.2B. Roads include parts of Lake, Court, Turner and Summer Streets and parts of Park, Western, Gamage Avenues.



ORDINANCE 20-09062022

T-4.2B ZONING ORDINANCE TEXT AND MAP AMENDMENTS
Council First Reading & Public Hearing 9/6/22
Planning Board Public Hearing 9/13/22

Amend Sec. 60-547 of ARTICLE IV, DISTRICT REGULATIONS, DIVISION 14, FORM BASED CODE

BE IT ORDAINED, that the City Council hereby approves the amendment of the text and map of Chapter 60, Zoning, of the Code of Ordinances as follows:

---

1. Amend Sec. 60-547 of ARTICLE IV, DISTRICT REGULATIONS, DIVISION 14, FORM BASED CODE, as follows (additions underlined and in red):

Subdivision I. In General

● ● ●

Sec. 60-547. Transects.

Form based code uses transects as a way to describe the areas under the regulating plan. A transect is a system of ordering human habitats in a range from the most natural to the most urban. Auburn's transects are organized using five form based code districts, (Transect 4.1, Transect 4.2B, Transect 4.2, Transect 5.1, Transect 5.2 and Transect 6), which describe the physical character of a place at a certain scale, according to the density and intensity of land use and urbanism.

● ● ●

---

2. Amend ARTICLE IV, DISTRICT REGULATIONS, DIVISION 14, FORM BASED CODE, to add a new Secs. 60-548B, 60-548B.1, 60-548B.2 and 60-548B.3 as follows (text additions in red text and includes images and photographs):

Sec. 60-548. Traditional Main Street Neighborhood (T-4.1)

● ● ●

Richard Whiting, Ward One
Ryan Hawes, Ward Two
Stephen G. Milks, Ward Three
Joseph Morin, Ward Four
Leroy G. Walker, Ward Five
Dana Staples, At Large
Belinda A. Gerry, At Large
Jason J. Levesque, Mayor
Phillip L. Crowell, Jr., City Manager

Sec. 60-548B. Traditional Neighborhood T-4.2B.

Illustrative View of T-4.2B

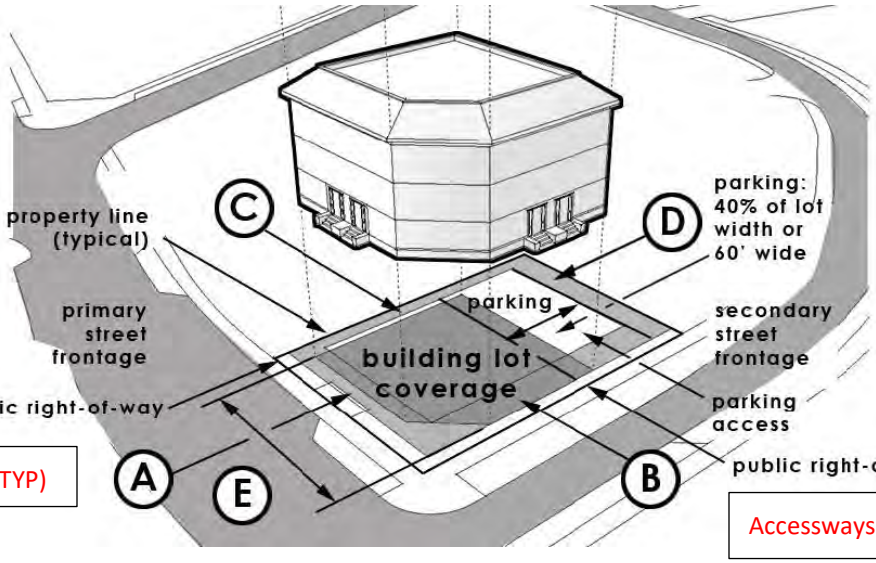
Intent and Purpose:
Traditional Neighborhood (T-4.2B)

The Traditional Neighborhood district is characterized by a small to medium sized buildings with smaller front yards and stoops in a more compact urban environment, and includes and traditional neighborhood sized storefronts. The smaller minimum and maximum building set-backs form a moderately dense street-wall pattern, diverse architectural styles and pedestrian friendly streets and sidewalks.

Characteristic Features

- More public and private realm interaction
- Front facade detailing
- Small front yards
- Bay windows
- Neighborhood scaled storefronts with large windows
- Frontage Fences
- Street Trees
- Moderate densities

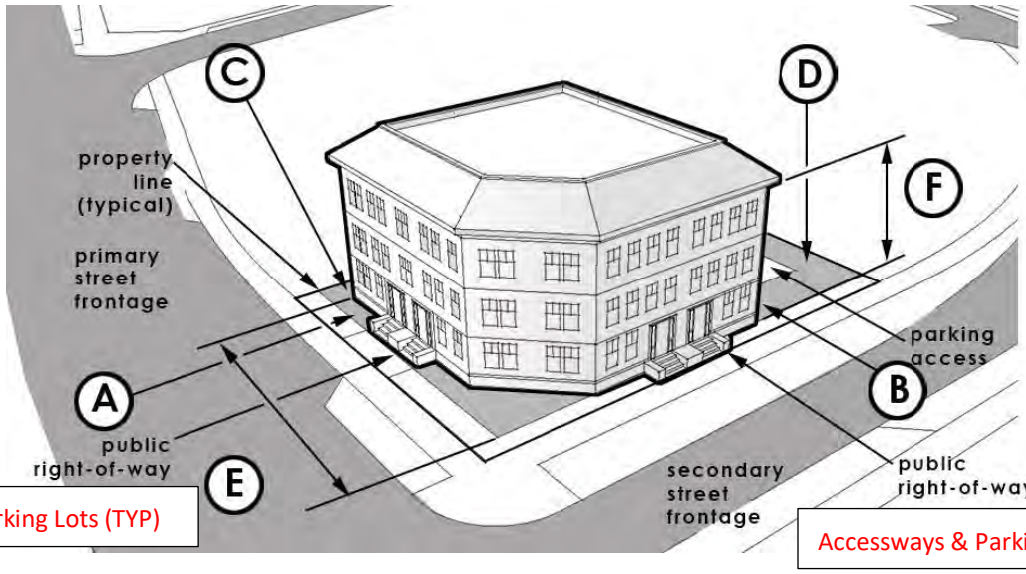
Sec. 60-548B.1. Building placement and configuration T-4.2B.



Accessways & Parking Lots (TYP)

Accessways & Parking Lots (TYP)

Elevated Building Placement



Accessways & Parking Lots (TYP)

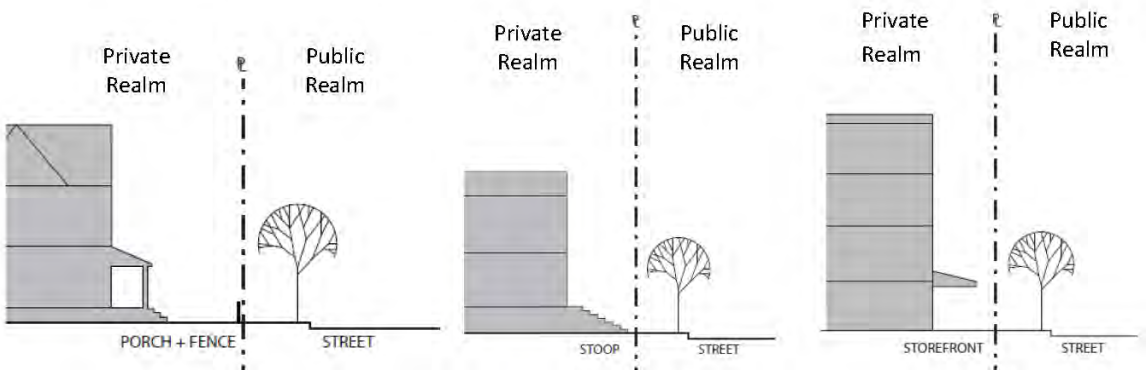
Accessways & Parking Lots (TYP)

Building Placement on Lot

PRINCIPAL BUILDING PLACEMENT:		
Front Setback, Principal:	5 ft. Min/, 25 ft. Max*	(A)
(Corner Lot) Front Setback, Secondary:	5 ft. Min., 15 ft. Max.	(B)
Side Setback:	5 ft. Min.	(C)
Rear Setback:	10 ft. Min.	(D)
Building Lot Coverage:	70% Max.	
Useable Open Space:	10% Min.	
Frontage Build-Out:	60% Min (along Front Setback, Primary)	
Lot Width:	24 ft. Min, 120 ft. Max.	
PRINCIPAL BUILDING CONFIGURATION:		
Building Width:	14 ft. Min., 110 ft. Max.	(E)
Building Height Minimum:	1 Story Min.	(F)
Building Height Maximum:	3 Story Max.	(F) (excluding attic story

*Where adjacent buildings exceed the maximum setback, the maximum setback may be calculated by the average setback of principal structures on adjacent lots. For undeveloped adjacent lots, a setback of 25 feet shall be used for the calculation.

Sec. 60-548B.2. Building frontages T-4.2B.



Common or Porch Yard Stoop Yard Frontage Storefront Type

BUILDING FRONTAGE TYPES:	Common Yard; Porch Yard, Stoop and Storefront
BUILDING ENTRIES:	Primary entry door is encouraged along ground story facade facing a primary street.
BUILDING ENVELOPE ARTICULATION:	
Ground Story Building Frontage Facade:	Residential - Windows and doors shall comprise a minimum of 25% and maximum 60% coverage of the total ground story frontage facade. Commercial - Windows and doors shall comprise a minimum of 40% and maximum of 90% coverage of the total ground story frontage facade.

Upper Story Building Frontage Facade:	Windows and doors shall comprise a minimum of 20% and maximum 40% coverage of the total upper story building frontage facade.
Ground Story Finished Floor Elevation:	Residential - The ground story elevation must be a minimum of 2 feet minimum and 6 feet maximum above the front yard elevation (average grade). Commercial - The ground story elevation must be at a minimum of sidewalk grade to maximum of 2 feet.
Frontage Facade Wall:	Blank lengths of wall exceeding 10 linear feet are prohibited.

Sec. 60-548B.3. External elements T-4.2B.

Front Yard Fence:	Residential - A front yard fence a minimum of 2 feet and a maximum of 4 feet in height is encouraged to maintain spatial edge of street. No chain link, vinyl, split rail, or barbed wire is allowed
Front Yard Fence/Wall Opening:	A vehicle entry way, as part of a front fence/wall, shall be a maximum width of 20 feet; a pedestrian entry way shall be a maximum width of 6 feet.
Building Projections:	No part of any building, except overhanging eaves, awnings, balconies, bay windows, stoops and other architectural features shall encroach beyond the minimum front setback line.
Porch & Stoop Encroachments:	Porches & Stoops may encroach upon the minimum front setback line by the following distances: Front Setback, Principal Frontage 5 ft. maximum. Front Setback, Secondary Frontage 5 ft. maximum.
Garages:	Detached garages shall be located a minimum of 20 feet from any street right-of-way.
Driveways:	Driveways are encouraged to be on the secondary street frontage. Driveways shall be paved and a minimum of 8 feet wide and a maximum of 20 feet wide.
Parking:	Residential - Vehicle parking areas shall be located only on driveways or designated parking areas and shall not extend into the street right-of-way or sidewalk. Commercial - Parking shall be located to rear of the property to the greatest extent possible. Parking on a side yard is limited to no more than 60 feet wide or 40% of the lot width. Screening and/or street wall is required for parking areas along a street.
Accessory Structures:	Accessory structures shall be located a minimum of 20 feet from any street right-of-way and 5 feet from either side or rear property line.
Landscaping:	Landscaping is encouraged but shall not extend into any street right-of-way or sidewalk. Street trees are encouraged.
Foundation Planting:	Foundation plantings are encouraged but should be pruned and maintained with enough clearance from the building facade to encourage air circulation.

Sec. 60-549. Traditional Downtown Neighborhood T-4.2.

---

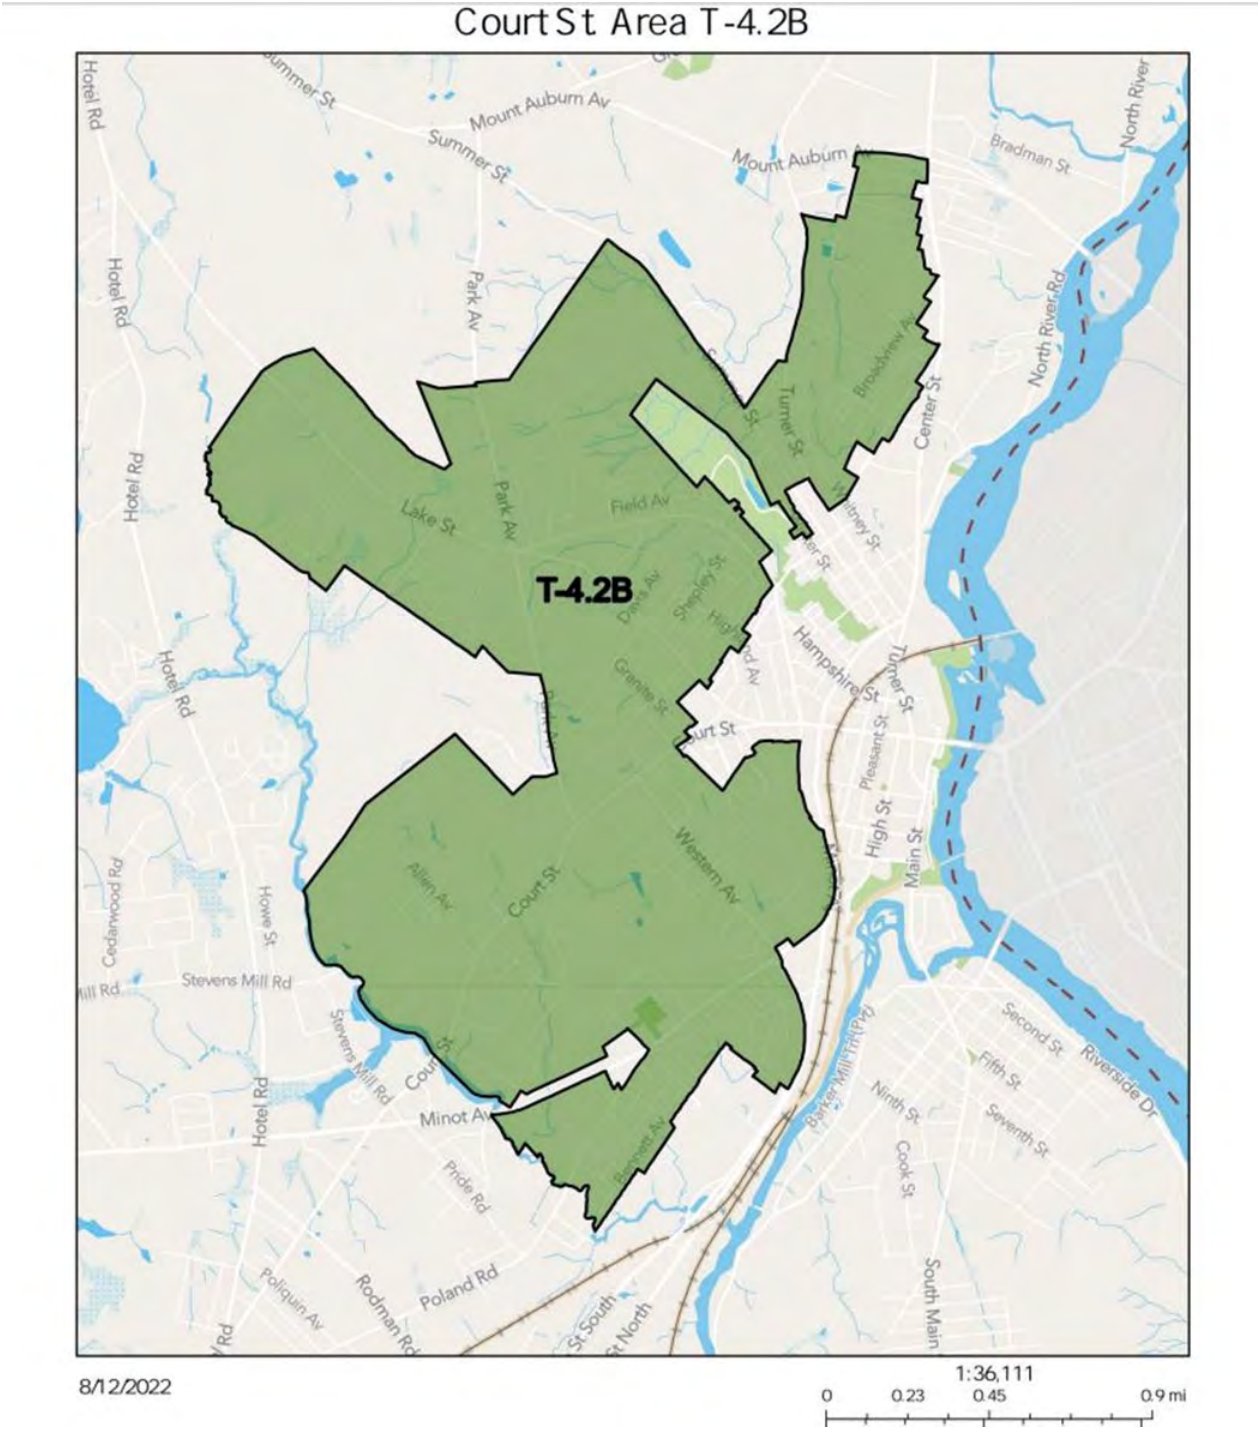
4. Amend the official zoning map of the City of Auburn entitled "City of Auburn, Zoning Map, dated May 16, 2016," revised through its current date and revisions, as provided under Sec. 60-5 of the Zoning Ordinance, to rezone certain land area from the Urban Residence zoning district to the Traditional Neighborhood Form Based Code T-4.2B zoning district, all as more particularly shown on the attached sketch map. (The attached sketch map is for general reference purposes only. The official zoning map amendment is available for review and inspection at the City Clerk's Office and the Planning & Permitting Department.)

SKETCH MAP OF COURT STREET AREA TO BE REZONED FROM URBAN RESIDENCE TO TRADITIONAL NEIGHBORHOOD FORM BASED CODE T-4.2B

The green area outlined in black below is 1,687.41 acres of land area that is currently zoned Urban Residence and is proposed to be rezoned Traditional Neighborhood Form Based Code District T-4.2B. Streets/roads included in the new district are parts of Lake, Court, Turner and Summer Streets and parts of Park, Western, Gamage Avenues.



City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: November 7, 2022 **Order**: 148-11072022

Author: Glen E. Holmes, Director of Business & Community Development

Subject: Downtown Curb Appeal Grant Program

Information: The Downtown Curb Appeal Grant Program will allocate Two Hundred Fifteen Thousand dollars ($215,000) of APRA Funding to promote revitalization of properties in the Downtown District by providing financial assistance to building owners for improvement and maintenance to existing multi-unit residential buildings. Financial assistance is made available to provide a visual impact on the exterior of existing multi-unit buildings, thus improving the quality of the neighborhood, improve the sense of place and marketability of the overall area. The intent of this program is to incentivize building owners to reinvest in their buildings and communities.

City Budgetary Impacts: NONE

Staff Recommended Action: Approve the Order as presented.

Previous Meetings and History: City Council Meeting October 3, 2022, during Communications and Presentations, Mayor Leveque proposed action. City Council Workshop October 17, 2022, staff presented draft program and Counsel provided feedback and direction to move forward to final order.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell J.

Downtown Curb Appeal Grant Program (DCAGP)

Purpose

The purpose of the Downtown Curb Appeal Grant Program is to promote revitalization of properties in the Downtown District by providing financial assistance to residents for improvement and maintenance to existing residential buildings. Financial assistance is made available to provide a visual impact on the exterior of existing single-family residences and owner-occupied multi-unit buildings, thus improving the quality of the neighborhood, improve the sense of place and marketability of the overall area. The intent of this program is to incentivize residents to take reinvest in their buildings and communities.

Eligibility

Owners of a single-family residence or owner-occupied multi-unit who are below 120% of the area median income (AMI) and are located within the Downtown District are eligible for financial assistance**.** The funds can be used to upgrade and rehabilitate the exterior façade of their buildings. Only projects, which have not begun prior to being awarded, are eligible.

Eligible items may include:

- **Exterior Improvements** to the façade, including but not limited to, the following: changing exterior wall covering, landscaping, lighting, screening of unsightly utilities and to a limited extent, paving of parking areas.
- **Exterior Maintenance** measures that improve the overall looks of the façade and ensure the sustainability of exterior surfaces, such as cleaning, painting, tuckpointing, repairing, power washing, sand blasting, acid washing, window glazing, and caulking.

In order to be eligible to receive grant funds, all property taxes, real and personal, owed on the property that is the subject of the application must be current at the time the application is made. Any property on which there is past due balance for such taxes will be removed from consideration.

Property Conditions

All properties enrolled within the program will have a Housing Safety Inspection (HIS) conducted by Community Development Staff. This inspection will check every room in each unit to assure the base level of safety is present. This inspection does not supersede or circumvent any regular or required inspections by city Code Enforcement during the duly and regularly permitted process to be carried out in part with funding from this program. If the owner/building qualify for additional Community Development programs (such as the Critical Repair program or the Lead Hazard Control grant) city staff will expand the application to include these repairs. In such case, the most restrictive qualification standards and post-construction conditions will apply.

All projects must be reviewed and approved by the Community Development Office and all work conducted with proper permitting and approvals from the city Code Enforcement office.

DRAFT

Scoring Criteria

- The level of private investment utilized for the renovation. Applicants providing more than a 50% match will receive higher priority
- The potential impact the project will have on the surrounding area (visual prominence/significance)
- Whether the proposed improvements restore the historical character of the building
- The building's level of blight
- Whether the building is abandoned
- Improvements must be adjacent to a public space; however, priority is given to projects renovating multiple facades
- Whether the applicant has utilized the city incentive programs in the recent past

Funding

The City of Auburn may allocate $215,000 from the City ARPA funds for this program to complete projects on a minimum of 18 separate properties within the Downtown District. Maximum assistance is $10,000 per unit and can be combined with other city rehab programs.

All work must take place after an approved and separate scope of work and budget. A closing for a forgivable loan will be executed and approved funds will be held in a city managed escrow account. Contractors will be paid pari passu to matching funds and other programs funds which may be included. Financial assistance will only be available to those projects meeting eligibility requirements and preference will be given to projects that can be completed in a timely manner and make the most visual impact to the downtown area.

If additional funds are part of the financial package more restrictive procurement, inspection & post-construction conditions (including owner occupancy or Fair Market Rent standards) will apply.

Downtown Curb Appeal Grant Program

Sources and Uses	Unit Price	Quantity	Budget
Total Sources=			$215,000
Auburn Funds (ARPA)			$200,000
Auburn Funds (ARPA)			$15,000
Total Uses=			$215,000
Program Administration (1 year)			$15,000
Rebates for Approved Façade Improvements	$10,000.00	*18*	$180,000
Program Delivery (20 Hours)	$1,000.00	18	$18,000
Marketing and supplies			$2,000

Outreach

The City of Auburn will utilize existing data compiled and scored within the Downtown Blight survey to inform a direct mailer campaign and targeted outreach will be conducted in collaboration with the city Codes office.

Downtown Curb Appeal Grant Program (DCAGP) Guidelines

A. PROGRAM GOAL

The goal of the Downtown **Curb Appeal Grant Program** is to promote revitalization of properties in the Downtown District by providing financial assistance to residents for improvement and maintenance to existing residential buildings. This program is funded by American Rescue Plan Act (ARPA) and is subject to all requirements set forth by the funders as well as the Community Development Program rules herein.

B. ELIGIBILITY CRITERIA

1. The property must be an owner-occupied, year-round residential property of no more than 4 units.
2. Property owners must qualify at or below 120% of the Area Median Income (AMI) based on the current year limits as established by HUD.
3. Owners must not be delinquent on any taxes or utilities.
4. Funds must be used to provide a visual impact on the exterior of existing single-family residences and owner-occupied multi-unit building, thus improving the quality of the neighborhood, improve the sense of place and marketability of the overall area.

C. ASSISTANCE CATEGORIES AND TERMS

Loan Terms

1.) Maximum loan assistance is $10,000 per unit.
   a) Fully amortized loan @ 2% APR for 1-year, deferred payments.
   b) Upon final inspection and only if all conditions of the agreement are met this loan will be converted to a grant.

Funding

All work must take place after an approved and separate scope of work and budget. A closing for a forgivable loan will be executed and approved funds will be held in a city managed escrow account. Contractors will be paid pari

passu to matching private funds and other programs funds included within the approved budget and scope of work.

D. NATIONAL OBJECTIVES

Projects will be eligible under the American Rescue Plan Act (ARPA). The allocation of loan pool funds will be monitored and adhere to the current and future requirements set forth by these funding sources.

Income Qualification: Applicants will be required to provide source income. Applicants will be required to sign a Rehabilitation Agreement to assure project completion.

E. PROGRAM QUALIFICATION ASSESMENT

The Community Development Office has responsibility for administration of the **Downtown Curb Appeal Grant Program**. Community Development verifies source documentation in accordance with program guidelines and presents the loan request to the Program Director for approval based on achieving the national objective in part D above and part G below.

F. PRIVATE FUNDS

Private Funds: When matching funds are required, the applicant will have the option of using cash or borrowed funds. Disbursement of funds will be Pari Passu to matching funds on a per-invoice basis. Verification of private fund payments will accompany each disbursement request.

G. LOAN CONSIDERATIONS

In approving or denying loan requests, the Community Development staff shall be guided by the following loan considerations:

1.) Underwriting

a) Construction costs reasonable and arms-length.
b) Credit - credit history and reputation.
c) Payment of taxes or acceptable arrangements.
d) Collateral - Collateral coverage must be adequate as determined by the Community Development Staff.
e) Security - other assets.
f) Commitment of matching funds.

2.) Assessment Private/Public Benefit

The Community Development staff will also consider the broader implications of private and public benefits.

H. NON-DISCRIMINATION

Administration of this program shall be in accordance with Title VI of the Civil Rights Act of 1964. No person shall, on the ground of race, color, national origin, be excluded from participation in, be denied the benefits of, or subjected to discrimination under this program.

I. APPLICATION PRIORITY

Applications shall be processed on a first-come, first-served basis. Community Development staff shall use the receipt date of a complete application (including all required source documentations) to establish the order of priority. The applicant will be notified if there is funding available to proceed with the project, if there is inadequate funding then the application may be placed on a waiting list.

J. PROPERTY INSPECTIONS

All properties enrolled within the program will have a Housing Safety Inspection (HIS) conducted by Community Development Staff. This inspection will check every room in each unit to assure the base level of safety is present. This inspection does not supersede or circumvent any regular or required inspections by city Code Enforcement during the duly and regularly permitted process to be carried out in part with funding from this program.

K. DEFINITIONS

a. Household Income

i. For the purpose of determining eligibility, Community Development staff will calculate income by estimating the annual income of a family or household by projecting the prevailing rate of income of each person at the time assistance is requested based on the IRS Form 1040 method as defined by the Office of Housing and Urban Development.

ii. Income of all members of the household over the age of 18 years is considered for computing income. This may include wages, salaries, overtime, bonuses, fees, tips, commissions, interest and dividend income, self-employment income, net rental income, income from estates or trusts, child support, alimony, Social Security benefits, SSI retirement, survivor or disability pension, VA payments, pension, or annuity, Temporary Aid to Needy Families, unemployment

DRAFT

benefits, worker's compensation, and disability or benefits from any source.

iii. For computing income, a household shall be defined as all persons who occupy a housing unit. The occupants may be a single family, one person living alone, two or more families living together or any other group of related or unrelated persons who share living arrangements.

b. **Owner-Occupied**
An applicant who holds the entire ownership interest of a property and lives in one unit of the property as a primary residence.

c. **Construction Costs**
The total of contractor estimates from the lowest eligible contractors, and the contingency determined to be reasonable by the Community Development Staff.

d. **Residential Property**
A property used entirely for residential purposes (household living space).

e. **Income Limits**
To qualify applicants for assistance under the **Downtown Curb Appeal Grant Program**, Community Development staff will use income limits for Lewiston-Auburn SMSA established by the Office of Housing and Urban Development. Revised charts will be used upon receipt.

DRAFT

ORDER 148-11072022

City Council Order

IN CITY COUNCIL

ORDERED, that the City Council hereby allocates Two Hundred Fifteen Thousand Dollars ($215,000) of ARPA Funds to create the Downtown Curb Appeal Grant Program which will comply with established program guidelines and meet all ARPA rules, regulations, and guidance.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: November 7, 2022 **Order:** 151-11072022

Author: Councilor Stephen Milks and Councilor Leroy Walker

Subject: Directing the Planning Board to provide a recommendation on a text amendment

Information: The Council on September 6, 2022, voted on a resolve (06-09062022) to direct the Planning Board to provide an opinion, no later than 3/20/2023 on whether to eliminate the income standard and the current strip zoning limitations in all areas outside of the Lake Auburn Watershed overlay in an effort to try to help address the housing shortage and demand upon existing housing stock.

Councilors Milks and Walker are submitting this order for council consideration, directing the Planning Board to for the purposes outlined in the resolve, to discuss and provide facts relating to an ordinance change which strikes the 30% income requirement in both the permitted use for a single-family homes accessory to a farm in the AGRP zone city-wide on lots over 10 acres and for the special exception use on lots between 6.2 and 10 acres that existed prior to 2017.

The intent of the ordinance text change is not to change the purpose as outlined in Section 60-144 but to eliminate impediments that have stopped any farm growth in Auburn. Furthermore, the Comprehensive Plan of 2021 states “it is understood that agriculture and forestry may not be profitable in some areas of the city and the existing Agriculture and Resource Protection zoning, in some cases, eliminates the economic use of private land.”

In accordance with city ordinance, the city council hereby orders the planning board to render a final decision and recommendation which shall include written findings of fact and shall specify the reason or reasons for such decision or recommendation as it pertains to striking the income requirement and farm accessory dwelling standards within the Agriculture and Resource Protection Zone. This finding shall be returned to the city council no later than 3/20/2023.

RESOLVE 06-09062022

City Council Resolve

IN CITY COUNCIL

Whereas the City of Auburn is experiencing tremendous demand upon existing housing stock causing values to significantly increase.

Whereas the City of Auburn, State of Maine and most parts of the United States is experiencing a significant housing shortage.

Whereas the City of Auburn has over 20,000 acres of under or undeveloped land, with a significant percentage serviced by some infrastructure such as roads, trash, police, and fire protection, which is on average more served than similar rural communities.

Whereas there are certain impediments that are restricting natural growth of homes on this privately held land within the Agriculture and Resource Protection Zone or within an arbitrary residential strip of 300' in depth.

Whereas the City of Auburn Planning Department has received numerous requests to petition to Planning Board to change zoning in order to construct a residence, these numerous requests must be heard but will produce a significant burden upon staff and Planning Bboard.

Whereas the 2018 third party Cross Roads study of the viability of our rural land recommended elimination of the income standard as a condition to build a residence.

Whereas the income standard was not repealed but modified from 50% of a family's income to 30% of an individual's income being derived from agriculture activities as a condition to build a residence in 2019 without any increase in number of new farms created.

Whereas the Comprehensive plan of 2021 states "it is understood that agriculture and forestry may not be profitable in some areas of the city and the existing Agriculture and Resource Protection zoning, in some cases, eliminates the economic use of private land."

Whereas LD 2003 allows the building of 2 units on a parcel located in an area that allows residences. This State law supersedes local ordinance and will be in effect in July of 2023.

Whereas the Lake Auburn Watershed requires conservation measures to protect Lake Auburn and therefore the greater good supersedes the individual's economic benefits unless those within the watershed petition the Planning Board directly for a zone change and can

City Council Resolve

demonstrate that any development will not negatively impact the regions primary source of drinking water.

Therefore, **be it resolved that** the City Council directs the Planning Board after consultation from the Sustainability and Natural Resource Management Board to provide an opinion and deliver recommendations to the City Council no later than March 20, 2023 ~~December 15th, 2022~~, on whether or not to eliminate the income standard and the current strip zoning limitations in all areas outside of the Lake Auburn Watershed overlay.

Passage on 9/6/2022 as amended, 5-3 (Councilors Gerry, Whiting, and Staples opposed).

DIVISION 2. AGRICULTURE AND RESOURCE PROTECTION DISTRICT

Sec. 60-144. Purpose.

The purposes of this district are to allow for conservation of natural resources and open space land, and to encourage agricultural, forestry, and certain types of recreational uses. It is declared to be in the public interest that these areas should be protected and conserved because of their natural, aesthetic and scenic value, the need to retain and preserve open space lands, their economic contribution to the city, and primarily because these areas are so remote from existing centers of development that any added uncontrolled growth could result in an economic burden on the city and its inhabitants. This section shall be construed so as to effectuate the purposes outline here and to prevent any attempt to establish uses which are inconsistent with these purposes or any attempt to evade the provisions of this division.

(Ord. of 9-21-2009, § 3.31A)

Sec. 60-145. Use regulations.

(a) *Permitted uses.* The following uses are permitted:

(1) One-family detached dwellings except as prohibited by Section 60-952(b).~~, including manufactured housing subject to all the design standards, except the siting requirements of section 60-1010, as set forth in division 6 of article XII of this chapter, on parcels containing no less than ten acres, provided that the dwelling is accessory to farming operations and subject to the following restrictions:~~

~~a. At least 30 percent of the gross annual household income of the farm occupants living in the farm residence will be derived from farm uses or the gross farm income of the farm occupants living in the farm residence is equal to or greater than 30 percent of the city's median household income, according the most recent census data.~~

~~b. No certificate of occupancy shall be issued for any such farm residence until the barns, livestock pens, silos, or other such buildings or structures which are to be erected in connection with the proposed agricultural use as shown on the plans and specifications presented to the municipal officer charged with enforcement are 75 percent completed.~~

~~c. In no case shall any farm residence constructed under the provisions of this section after the effective date of the amended ordinance from which this section is derived continue to be occupied as a residence if the principal agricultural use has been abandoned or reduced in scope below the minimum requirements as shown on the plans and specifications presented to the municipal officer charged with enforcement.~~

~~d. Any residence constructed under this article shall not be converted to nonfarm residential use except by permission of the planning board based upon a finding that the abandonment or reduction in such use resulted from causes beyond the control of the applicant and not from any intention to circumvent the requirements of this article.~~

(2) Buildings, equipment and machinery accessory to the principal use including, but not limited to: barns silos, storage buildings and farm automobile garages.

(3) Forest products raised for harvest.

(4) Field crop farms.

(5) Row crop farms.

(6) Orchard farms.

(7) Truck gardens.

(8) Plant and tree nurseries.

(9) Greenhouses.

(10) Handling, storage and sale of agriculture produce and processed agricultural products derived from produce grown on the premises.

(11) Livestock operations including poultry farms, cattle farms, dairy farms, stud farms, hog farms, sheep ranches, other animal farms, including farms for raising fur-bearing animals.

(12) Wayside stands.

(13) Two-family dwellings which are created from the conversion of a one-family dwelling structure which was constructed prior to 1900.

(14) Adult use and medical marijuana cultivation, but not retail sales of any kind.

(15) Marijuana manufacturing accessory to a licensed cultivation site.

(16) Ground-mounted and dual-use solar energy generating systems less than one acre in total land area as defined in section 60-1501.

(b) *Special exception uses.* The following uses are permitted by special exception after approval by the planning board in accordance with the provisions of division 3 of article XVII of this chapter:

(1) Sawmills and their customary accessory land uses and buildings incidental to the harvesting of forest products, subject to the following conditions:

a. Sawmill and accessory activity shall not be detrimental to the neighborhood or the city by reason of special danger of fire or explosion, pollution of rivers or perennial streams or accumulation of refuse.

b. Wood processing operation shall be located no closer than 75 feet from any river or perennial stream, 250 feet from any zoning district boundary or residential dwelling and shall be limited to four persons employed.

c. Where natural vegetation is removed, it shall be replaced within six months with other vegetation which will be equally effective in retarding erosion and will preserve natural beauty.

(2) Veterinary hospitals, where operated by licensed veterinarians, including offices and facilities for temporarily boarding animals.

(3) Handling, storage and sale of agricultural services, equipment, and supplies accessory to the farming use.

(4) Bona fide residences required for farm labor. Any residence constructed for farm labor shall not be converted to nonfarm residential use except by permission of the planning board based upon a finding that the abandonment or reduction in such use resulted from causes beyond the control of the applicant and not from any intention to circumvent the requirements of this division. The findings and the conditions upon which such altered use may be continued shall be made a part of the permanent records.

(5) Recreational uses of land intended or designed for public use subject to the following conditions:

a. No such recreational use shall be expanded or extended so as to occupy additional land area greater than 20 percent of the original area or one acre, whichever is less; or by the construction of a structure or an addition to an existing structure by more than 900 square feet of additional floor space unless the owner or occupant first obtains approval of the planning board in the manner and upon the same terms as approvals of initial recreational uses.

b. Any proposed new or expanded recreational use shall be completed on or before the estimated completion date except that the planning board may grant reasonable extension of time where good cause for the failure to complete is shown.

(6) Any legally nonconforming summer camp or cottage may be rebuilt if destroyed by fire or other casualty, subject to the following conditions:

a. Such reconstruction shall comply with all ordinances applicable to new construction. Such reconstruction need not, however, comply with zoning provisions which would otherwise be applicable except for the provisions of article XII of this chapter.

b. In cases where no minimum setback is established by division 5 of article XII of this chapter an open yard space of at least ten feet between the building as reconstructed and each of the property lines shall be maintained.

(7) Rifle, pistol, skeet or trap shooting ranges, public or private.

(8) Cemeteries, subject to the following conditions:

a. At least 20 acres in area.

b. Not located in any environmental overlay district or over any known aquifer.

(9) Municipal sanitary landfills, subject to the following conditions:

a. Not located in any environmental overlay district or over any known aquifer.

b. Provisions shall be made to avoid surface water and groundwater pollution.

c. Provisions shall be made for frequent covering of deposited wastes with earth to counteract vermin, insects, odors, and windblown debris.

(10) Radio, radar, television and radio telephone transmitting or broadcasting towers, but not studios or offices for such transmitting or broadcasting, provided that:

a. Every such tower shall be installed in a location and manner that ensures its safe operation and the safety of the surrounding residents, building occupants, land uses and properties.

b. In no case shall such tower be located less than one and one-half times its height from the nearest property line.

(11) Wholesale nurseries, subject to the following conditions:

a. At least one-half of the area of the lot (up to a maximum of three acres) is in active nursery production in a husband type manner.

b. The plants and trees propagated, grown and nurtured in the nursery are used as the primary products by the owner/operator of the landscape service.

(12) Processing and storage of compost and bulking agents from the municipal wastewater sewerage sludge facilities provided that:

a. All compost and amendments are to be stored undercover or screened from the public way and abutting property as determined by the planning board.

b. All federal, state and local ordinances and laws relating to the processing and storage of waste are complied with.

c. An end-use plan must be filed as part of the planning board process.

(13) Licensed hospice care facility provided that it shall be licensed by the state as a Medicare certificate hospice.

(14) Slaughterhouse, stockyard, abattoir, dressing plant in compliance with state and federal regulations subject to the following conditions:

a. The facility shall not be located within the Lake Auburn Watershed Overlay District, the watershed of Taylor Pond, the shoreland overlay district or the floodplain overlay district.

b. The proposed use shall not occupy more than 10,000 square feet of building area.

c. The number of employees shall be limited to not more than 15.

d. Accessory retail sales shall be limited to 10 percent of building area or 1,000 square feet, whichever is smaller.

e. Hours of operation shall limited to between 6:00 a.m. and 8:00 p.m.

(15) Compost operations, excluding municipal and industrial waste, to process products such as manure, bedding, animal mortalities, waste feed, produce, forestry by-products, leaves and yard trimmings in compliance with state and federal regulations, subject to the following conditions:

a. All compost sites shall be evaluated for suitability by a properly qualified professional, including benchmark water testing prior to approval.

b. Provisions shall be made to avoid surface and groundwater pollution.

c. Provisions shall be made to counteract vermin, insects and odors.

d. Must comply with all applicable state department of environmental protection and state department of agriculture rules and regulations and best management practices.

e. Shall not be located within the Lake Auburn Watershed Overlay District.

(16) Adaptive reuse of structures of community significance.

(17) Assembly, sale, research and development, distribution, instruction, training, demonstration or maintenance of recreational or agricultural equipment, including buildings as accessory structures used in the assembly, sale, distribution, instruction, training, demonstration, or maintenance of recreational or agricultural equipment, subject to the following conditions:

a. The proposed use is accessory, complementary, or otherwise related to a recreational or agricultural use;

b. The recreational or agricultural use has been in existence for at least five years prior to the date of the application for the special exception; and

c. The recreational or agricultural use is located on the parcel for which the special exception is requested or is adjacent to the property for which the special exception is requested.

(18) One-family detached dwellings~~, including manufactured housing, subject to all the design standards, except the siting requirements of section 60-1010, as set forth in division 6, article XII of this chapter,~~

on parcels containing greater than 6.1, but less than ten acres, provided that ~~the dwelling is accessory to farming operations and subject to~~ the following restrictions are met:

a. ~~At least 30 percent of the gross annual household income of the farm occupants living in the farm residence will be derived from farm uses or the gross farm income of the farm occupants living in the farm residence is equal to or greater than 30 percent of the city's median household income, according to the most recent census data; and~~

~~b. No certificate of occupancy shall be issued for any such farm residence until the barns, livestock pens, silos, or other such buildings or structures which are to be erected in connection with the proposed agricultural use as shown on the plans and specifications presented to the municipal officer charged with enforcement are 75 percent completed; and~~

~~c. The applicant shall demonstrate compliance with the following requirements, said compliance to be first reviewed by the Agricultural Advisory Committee for recommendation:~~

~~1. The applicant shall provide a farm business plan that appears feasible and, if implemented, will meet the definition of a farm.~~

~~2. The parcel can reasonably accommodate the proposed farm.~~

~~3. The applicant shall demonstrate a commitment to the proposed farm use through compliance with the following requirements:~~

~~4. The parcel must contribute to a gross income per year of at least the amount required to meet the definition of farmland in 36 M.R.S.A. § 1102(4), per year from the sales value of agricultural products as defined in 7 M.R.S.A. § 152(2) in the two calendar years preceding the date of application for special exception use approval. Gross income includes the value of commodities produced for consumption by the farm household.~~

~~5. The proposed residence shall be accessory to farming.~~

a~~6~~. The proposed residence shall not be located in the Lake Auburn Watershed Overlay District.

b~~d~~. The parcel was existing as of October 1, 2017, contains more than five acres of land area, and otherwise meets the requirements of this chapter.

~~e. In no case shall any farm residence constructed under the provisions of this section, after the effective date of the amended ordinance from which this section is derived, continue to be occupied as a residence if the principal agricultural use has been abandoned or reduced in scope below the minimum requirements as shown on the plans and specifications presented to the municipal officer charged with enforcement.~~

~~f. Any residence constructed under this article shall not be converted to nonfarm residential use except by permission of the planning board based upon a finding that the abandonment or reduction in such use resulted from causes beyond the control of the applicant and not from any intention to circumvent the requirement of this article.~~

(19) Ground-mounted and dual-use solar energy generating systems greater than one acre in total land area as defined in section 60-1501, subject to the following conditions:

a. Must comply with the provisions of article XVIII under this chapter;

b. Setbacks, including appurtenant structures and parking areas, shall be subject to the following yard requirements:

1. *Rear.* There shall be behind every structure associated with a solar energy generating system a rear yard having a minimum depth of 25 feet.

2. *Side.* There shall be a minimum distance of 15 feet between any structure associated with a solar energy generating system and the side property line.

3. *Front.* There shall be in front of every structure associated with a solar energy generating system a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot whichever is less.

c. Lot coverage shall not exceed 30 percent, as defined under subsection 60-1506(a)(2).

d. *Total land area.* Once one percent of the agriculture and resource protection district has been developed into solar energy generating systems, the planning board must find that any additional proposed solar energy generating systems will not materially alter the stability of the overall land use pattern of the agriculture and resource protection district. In making this determination, the planning board shall consider the overall effect of existing and potential solar energy generating systems and if it will be more difficult for existing farms in the area to continue operation due to diminished opportunities to expand, purchase or lease farmland, acquire water rights, or diminish the number of tracts or acreage in farm use in a manner that will destabilize the overall character of the surrounding area. The planning board shall request an assessment of the proposed project based on subsection 60-145(b)(19)d. by the agriculture committee and, if located in the resource protection district, the conservation commission and carefully consider their recommendations.

e. All applications shall consider the location of existing grid infrastructure and plan to limit the need to extend the amenities for optimal efficiency.

f. If a solar energy generating system is proposed on forestland in the agriculture and resource protection district, on a parcel adjacent to prime farmland or land currently used for farming, clearing of forestland or the use of prime farmland may be permitted under the following conditions:

1. The presence of the solar energy generating system will not result in unnecessary soil erosion or loss that could limit agricultural productivity on the subject property or abutting properties.

2. At the time of decommissioning of any solar energy generating system approved by the planning board, the current sitting planning board shall review the site and proposed decommissioning plan for the conversion of the parcel into prime farmland or forestland, as applicable under the current ordinance standards.

3. A survey of critical wildlife habitat is provided at the time of application, if a project is located in an area determined to be essential habitat, as defined by the state department of inland fisheries and wildlife, an IF&W recommendation shall be secured before a planning board ruling.

4. A vegetative cover plan is provided that demonstrates, where feasible, the replanting of forested areas disturbed during construction and preservation of prime soils throughout the life of the project.

g. *Prime soils.* All solar energy generating systems proposed in the agriculture and resource protection district shall include a soil analysis. Such analysis shall demonstrate if the site proposed for development contains prime farmland as defined by the United States Department of Agriculture (USDA). Least productive agricultural soils shall be considered first for development unless it can be demonstrated to the planning board that:

1. Non-prime farmland is not reasonably available on the subject property.

h. All applications for solar energy generating systems in the agriculture and resource protection district shall be subject to the following provisions:

1. Siting of the overall facility and individual panels shall keep with the existing contours of the land;

2. Only pile driven, or ballast block footing shall be used so as to minimize the disturbance of soils during installation;

3. To the extent possible, infrastructure shall not be located on steep slopes; and

4. A plan for topsoil maintenance shall be provided at the time of application to the planning board.

i. All operations and maintenance plans shall also include:

1. A plan prioritizing the ability to co-mingle agricultural and energy generation land uses including but not limited to: apiaries, grazing or handpicked crops.

2. A plan that provides habitat for native plants and animals and native pollinators.

(Ord. of 9-21-2009, § 3.31B; Ord. No. 32-02072011-07, 2-7-2011; Ord. No. 06-08012011-07, 8-1-2011; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 06-06052017, 6-19-2017; Ord. No. 04-05202019, 6-3-2019; Ord. No. 17-11182019, 12-9-2019; Ord. No. 05-05182020, 6-1-2020; Ord. No. 11-03012021, §§ 5, 6, 3-15-2021)

Sec. 60-146. Dimensional regulations.

All structures in this district, except as noted shall be subject to the following dimensional regulations:

(1) *Minimum lot area, width and depth.* No lot shall be created containing less than ten acres, exclusive of any bodies of water having a surface area of one-fourth of an acre or more and measuring less than 250 feet in width at the street frontage, and 200 feet in depth. No building shall be erected on a lot containing less than ten acres, except as allowed in this section, exclusive of any bodies of water having a surface area of one-fourth of an acre or more, and measuring not less than 250 feet in width at the street frontage, and 200 feet in depth.

a. A building may be erected on a lot containing not less than 50,000 square feet and possessing the required minimum frontage width provided it is contiguous with other lots or parcels of land in the same ownership containing an aggregate of not less than ten acres; notwithstanding the separation of the said other lots or parcels of land by a road, stream, private right-of-way or other natural boundary from the lot on which the building is to be constructed. This section shall not be construed to prevent the construction of nonresidential accessory farm buildings on any such lot.

b. On legally nonconforming undersized lots, the keeping of horses, mules, cows, goats, sheep, hogs, and similar sized animals for domestic use of the residents of the lot is permitted provided that the land area required per animal unit conforms to the definition of farm, livestock contained in section 60-2.

c. A dwelling may be constructed on lots existing as of October 1, 2017 and containing greater than 6.1 acres but less than ten acres, if approved as a special exception pursuant to subsection 60-145(b)(18).

(2) *Density.* The density of year-round dwelling units shall not exceed an average of one dwelling per ten acres, unless approved pursuant to subsection (1) above.

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 25 feet.

b. *Side.* There shall be a minimum distance of 15 feet between any building and the side property line.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot whichever is less.

(4) *Height.* The height of all dwelling structures shall be limited to two and one-half stories or 35 feet in height. Accessory buildings and structures may have a maximum height of 65 feet from grade, provided that the front yard, rear yard and each of the side yards shall be increased by one foot for each foot in height in excess of 35 feet.

(5) *Off-street parking.* Off-street parking spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.31C; Ord. No. 18-11182019, 12-9-2019; Ord. No. 11-03012021, §§ 7, 8, 58, 3-15-2021)

Secs. 60-147—60-199. Reserved.

DIVISION 4. LAKE AUBURN WATERSHED OVERLAY DISTRICT

Sec. 60-950. Purpose.

The Lake Auburn Watershed District is intended to maintain safe and healthful environmental conditions; prevent and control water pollution; protect spawning ground for fish, aquatic life, bird and other wildlife habitats; control building sites; provide visual and physical points of access to waters and natural beauty; and protect and maintain the present quality and volume of potable water supplied from the Lake Auburn Watershed to the population of the Auburn-Lewiston area.

(Ord. of 9-21-2009, § 5.3A)

Sec. 60-951. Boundaries and definitions.

The Lake Auburn Watershed District is that section of the city in which surface and subsurface waters ultimately flow or drain into Lake Auburn as such section is delineated on a watershed map and survey by the city water district on file in the office of the city water district, the city department of planning and permitting services and the city clerk. The Lake Auburn Watershed District shall be superimposed over underlying districts within such section. Permitted uses in the underlying districts shall continue subject to compliance with the provisions of the Lake Auburn Watershed District.

(Ord. of 9-21-2009, § 5.3B)

Sec. 60-952. Use and environmental regulations.

(a) *Agricultural uses.* All uses of land for chicken farms, cattle farms, horse farms, egg farms, piggeries, sheep farms, stables, crop farming and other agricultural purposes shall be subject to the approval of the city water district. Such approval shall be granted upon a showing that such uses will not cause groundwater contamination or contaminate or disturb the normal course of surface water runoff.

(b) New *Residential dwellings in the agriculture and resource protection zoning district* *are prohibited in the Lake Auburn Watershed*~~. Notwithstanding subsections 60-145(a)(1), 60-145(b)(18) and 60-146(1)(c), one-family detached dwellings are only permitted in the Lake Auburn Watershed District on parcels containing no less than ten acres, provided that the dwelling is accessory to farming operations and subject to the following restriction: at least 50 percent of the total annual household income of the farm occupants living in the farm residence will be derived from farm uses.~~

Order 151-11072022

City Council Order

IN CITY COUNCIL

Whereas City of Auburn Council passed resolve 06-09062022.

Whereas the City of Auburn Council intended the resolve to begin an ordinance text amendment process that would deliver a Planning Board recommendation back to Council by March 20, 2023, however, actual text to be considered was not included in the resolve.

Therefore, **be it ordered that** the City Council directs the Planning Board after consultation from the Sustainability and Natural Resource Management Board to provide an opinion and deliver recommendations to the City Council no later than March 20, 2023, on whether or not to eliminate the income standard and the current strip zoning limitations in all areas outside of the Lake Auburn Watershed overlay as an ordinance text amendment considering the attached proposed text changes.

7:00 P.M. City Council Meeting - Roll call votes will begin with Councilor Staples

Pledge of Allegiance

I. Consent Items – All items with an asterisk (*) are considered routine and will be enacted by one motion. There will be no separate discussion of these items unless a Council member or a citizen so requests, in which event, the item will be removed from the Consent Agenda and considered in its normal sequence on the agenda.

1. Order 156-12052022*
Confirming the Mayor's appointment of Scott Berry to the Mayor's Ad Hoc Committee to develop permit ready housing.

II. Minutes – November 21, 2022, Regular Council Meeting

III. Communications, Presentations and Recognitions

- Communication – Staff response to the Sustainability and Natural Resource Management Board (SNRB) communication
- St. Lawrence and Atlantic Railroad – Berlin Subdivision (Rail Use Advisory Council) Update
- Council Communications (about and to the community)

IV. Open Session – *Members of the public are invited to speak to the Council about any issue directly related to City business or any item that does not appear on the agenda.*

V. Unfinished Business - None

VI. New Business

1. Order 157-12052022
Authorizing the use of $35,000 in ARPA funds for the Auburn Heating Assistance Program.

2. Order 158-12052022
Disposition of building located at 110 Hampshire Street under dangerous building statute. Public hearing. Hearing for parties with interest in property.
Council may enter into Executive Session pursuant to 1 M.R.S.A. Sec. 405 (6)(C).

3. Order 159-12052022
Approving the liquor license for Ryan & Connor Concessions Group, LLC, DBA: Ringers, located at 985 Turner Street. Public hearing.

4. Order 160-12052022
Allocating up to $180,000 from the American Rescue Plan Act (ARPA) funds for the purchase of a portable Stage.

5. Ordinance 24-12052022
Zoning Map Amendment - Amending a portion of 150 Andrew Drive (Parcel I.D. 347-003) from Agriculture and Resource Protection (AG), and Low-Density Country Residential (LDCR), zoning districts to the Suburban Residential (SR) as recommended by the Planning Board. First Reading.

VII. Open Session - *Members of the public are invited to speak to the Council about any issue directly related to City business or any item that does not appear on the agenda*

VIII. Reports (from sub-committees to Council)

a. Mayor's Report
b. City Councilors' Reports
c. City Manager Report

IX. Executive Sessions - None

X. Adjournment

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: December 5, 2022

Subject: Executive Session

Information: Legal consultation, pursuant to 1 M.R.S.A. Section 405(6) (E).

Executive Session: On occasion, the City Council discusses matters which are required or allowed by State law to be considered in executive session. Executive sessions are not open to the public. The matters that are discussed in executive session are required to be kept confidential until they become a matter of public discussion. In order to go into executive session, a Councilor must make a motion in public. The motion must be recorded, and 3/5 of the members of the Council must vote to go into executive session. An executive session is not required to be scheduled in advance as an agenda item, although when it is known at the time that the agenda is finalized, it will be listed on the agenda. The only topics which may be discussed in executive session are those that fall within one of the categories set forth in Title 1 M.R.S.A. Section 405(6). Those applicable to municipal government are:

A. Discussion or consideration of the employment, appointment, assignment, duties, promotion, demotion, compensation, evaluation, disciplining, resignation or dismissal of an individual or group of public officials, appointees or employees of the body or agency or the investigation or hearing of charges or complaints against a person or persons subject to the following conditions:
(1) An executive session may be held only if public discussion could be reasonably expected to cause damage to the individual's reputation or the individual's right to privacy would be violated;
(2) Any person charged or investigated must be permitted to be present at an executive session if that person so desires;
(3) Any person charged or investigated may request in writing that the investigation or hearing of charges or complaints against that person be conducted in open session. A request, if made to the agency, must be honored; and
(4) Any person bringing charges, complaints or allegations of misconduct against the individual under discussion must be permitted to be present. This paragraph does not apply to discussion of a budget or budget proposal;

B. Discussion or consideration by a school board of suspension or expulsion of a public school student or a student at a private school, the cost of whose education is paid from public funds, as long as:
(1) The student and legal counsel and, if the student is a minor, the student's parents or legal guardians are permitted to be present at an executive session if the student, parents or guardians so desire;

C. Discussion or consideration of the condition, acquisition or the use of real or personal property permanently attached to real property or interests therein or disposition of publicly held property or economic development only if premature disclosures of the information would prejudice the competitive or bargaining position of the body or agency;

D. Discussion of labor contracts and proposals and meetings between a public agency and its negotiators. The parties must be named before the body or agency may go into executive session. Negotiations between the representatives of a public employer and public employees may be open to the public if both parties agree to conduct negotiations in open sessions;

E. Consultations between a body or agency and its attorney concerning the legal rights and duties of the body or agency, pending or contemplated litigation, settlement offers and matters where the duties of the public body's or agency's counsel to the attorney's client pursuant to the code of professional responsibility clearly conflict with this subchapter or where premature general public knowledge would clearly place the State, municipality or other public agency or person at a substantial disadvantage;

F. Discussions of information contained in records made, maintained or received by a body or agency when access by the general public to those records is prohibited by statute;

G. Discussion or approval of the content of examinations administered by a body or agency for licensing, permitting or employment purposes; consultation between a body or agency and any entity that provides examination services to that body or agency regarding the content of an examination; and review of examinations with the person examined; and

H. Consultations between municipal officers and a code enforcement officer representing the municipality pursuant to Title 30-A, section 4452, subsection 1, paragraph C in the prosecution of an enforcement matter pending in District Court when the consultation relates to that pending enforcement matter.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: December 5, 2022

Author: Jennifer Boenig, Downtown Coordinator

Subject: Public Art Policy

Information: As the City's public art collection continues to grow, it is necessary to have a clear definition of public art through a policy which outlines the principles, oversight, maintenance, acquisition and deaccession of the city's public art collection.

City Budgetary Impacts: None

Staff Recommended Action: Review the draft policy for consideration

---

Previous Meetings and History: The draft policy is based on a situation summary delivered to the City on October 24, 2021 from RSC Consulting. That summary included interviews with City staff and factored in the experiences of the Public Art Working Group that was convened to manage the Maine Arts Commission Creative Communities = Economic Development grant (2019-2021).

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell J.

Attachments: Copies of the draft policy will be available at the meeting.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: December 5, 2022 **Order:** 160-12052022

Author: Brian Wood, Assistant City Manager

Subject: Purchase of a portable stage

Information:
The City of Auburn has historically rented a stage 2 to 4 times a year for various performances and events. With an increase in major events planned over the next several years an investment in a mobile stage, equipment and training would remediate the need to rent a stage and allow for greater flexibility with events.

City Budgetary Impacts:
$180,000.00

Staff Recommended Action:
Staff recommends supporting this purchase

Previous Meetings and History:
N/A

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: December 5, 2022 **Order:** 157-12052022

Author: Glen E. Holmes, Director of Business & Community Development

Subject: Auburn Heating Assistance Program

Information:
The City of Auburn is seeking funds from the American Rescue Plan Act (ARPA) to support the establishment of a heating assistance program for Auburn residents. These vouchers can be requested through the General Assistance office and can be used by homeowners and renters for purchasing approved utilities or heating fuels.

City Budgetary Impacts:
The Office of Business & Community Development is seeking $35,000 in ARPA funds to administer this program.

Staff Recommended Action:
Vote to Authorize the use of $35,000 in ARPA funds for the Auburn Heating Assistance Program.

Previous Meetings and History:
11/21/2022 The council made a request for staff to develop such a program.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Auburn Heating Assistance Program (AHAP) summary

Purpose

The purpose of the Auburn Heating Assistance program is to support Auburn residents struggling with increased heating costs for the winter of 2022-23 and who have exhausted all other resources available. This program will provide grants up to $600 to residents whose income is below 100% AMI, and who have exhausted other regional resources. Qualified expenses include: #2 heating fuel, K-1 heating fuel, natural gas, propane, firewood, wood pellets, and electricity.

Funding

The City of Auburn may allocate $35,000 from the City ARPA funds for this program to supplement current funds. The city will operate this program through the General Assistance (GA) office and all expenses and program administration will be covered with existing city budgets. Budget priority will be given to existing funding sources such as state-funded GA, Li-heap etc. before utilizing ARPA funds to fill this need.

Eligibility

Income & asset eligibility will be based on the annual gross income threshold table below and require verification to include paystubs, social security information, bank statements, etc. Income minimums represent GA maximum thresholds, and exceptions to these guidelines can be made insofar as they are in the spirit of the program.

Household Size	1	2	3	4	5	6	7	8
Minimum income	$9540	$10,308	$13,188	$17,124	$20,736	$21,636	$22,536	$23,436
Max income	$55,720	$63,680	$71,640	$79,600	$85,968	$92,336	$98,704	$105,072
Max liquid assets	$500	$1,000	$1,500	$2,000	$2,500	$3,000	$3,500	$4,000

Additional qualifications:

- Must reside in Auburn as a renter or homeowner
- Must have accessed other eligible programs first (LI-HEAP, General Assistance)
- Renters must provide lease and/or landlord verification form identifying tenant responsibilities.
- Non-owner-occupied multi-units which provide heat do not qualify for this program.
- Must provide documentation of current household composition and provide identification for all who are residents as evidenced by: Driver's license, birth certificates, social security numbers, immigration paperwork, etc.

Application

Applicants will apply through the General Assistance office and will provide all necessary documentation. The program administrator will track applications within the Welpac system and make final determinations of eligibility. Failure to provide all needed information will result in applications being denied. Complete applications will be approved on a first-come first-served basis until program funds are exhausted. The city of Auburn reserves the right to reject any application.

DRAFT

ORDER 157-12052022

City Council Order

Belinda A. Gerry, At Large

Ryan Hawes, Ward Two
Leroy G. Walker, Ward Five
Jason J. Levesque, Mayor

Stephen G. Milks, Ward Three
Dana Staples, At Large
Phillip L. Crowell, Jr., City Manager

City Manager Crowell called the meeting to order at 7:03 pm. All Councilors were present. The Mayor had an excused absence.

Motion was made by Councilor Walker and seconded by Councilor Morin to nominate Councilor Milks to serve as Mayor Pro Tempore in the temporary absence of the Mayor. There were no other nominations.

Passage 7-0.

Mayer Pro Tempore Milks led the assembly in the salute to the flag.

I. Consent Items - None

II. Minutes – November 7, 2022 Regular Council Meeting

Motion was made by Councilor Staples and seconded by Councilor Walker to approve the minutes of the November 7, 2022 Regular Council Meeting.

Passage 7-0.

III. Communications, Presentations and Recognitions

- Communication - Sustainability and Natural Resource Management Board
- Council Communications (about and to the community)

Councilor Morin congratulated the Leavitt High School and Oxford Hills football teams for winning the state championships.

Councilor Gerry reminded everyone about the Thanksgiving Dinner that will be held at the Senior Center on 11-24-2022. The public is encouraged to call in advance if possible.

City Manager Crowell announced that on December 1st at 4:30 pm at Anniversary Park, we will be unveiling the newest piece of public art installation. More information will be forthcoming. He also reminded the public that the city building will be closed on Thursday and Friday in observance of the Thanksgiving holiday, and there will be no trash pick-up on Thanksgiving Day.

IV. Open Session –

Jane Costlow, 104 Fourth Street provided an explanation of the SNRB communication that was included in the packet.

Pam Rousseau, 745 West Auburn Road, encouraged Council to not move forward on their efforts on the strip zone and she commented on the Andrew Drive zone change request and the FB Environmental study.

David Griswold, 199 Gamage Avenue, spoke regarding the Community Cords Program.

V. Unfinished Business - None

VI. New Business

1. Order 152-11212022
Approving the reallocation of bonds to build roof protection for the Norway Savings Bank Arena (NSBA) sign.

Motion was made by Councilor Staples and seconded by Councilor Whiting for passage.

Public comment – No one from the public spoke.

Passage 7-0.

2. Order 153-11212022
Approving the Mass Gathering for the New Year's Eve event to be held 12/31/2022. Public hearing.

Motion was made by Councilor Hawes and seconded by Councilor Staples for passage.

Public hearing – No one from the public spoke.

Passage 7-0.

3. Order 154-11212022
Approving the temporary liquor license for an Incorporated Civic Organization for the New Year's Eve event to be held 12/31/2022. Public hearing.

Motion was made by Councilor Walker and seconded by Councilor Staples for passage.

Public hearing – No one from the public spoke.

Passage 7-0.

4. Order 155-11212022
Allocating $150,000 American Rescue Plan Act (ARPA) funding for the Neighborhood Corner Store Program.

Motion was made by Councilor Walker and seconded by Councilor Gerry for passage.

Public comment – No one from the public spoke.

Passage 7-0.

VII. Open Session – No one from the public spoke.

VIII. Reports (from sub-committees to Council)

Councilor Staples noted that the Library Board will meet tomorrow at 4:30 p.m. at the Auburn Public Library, and this month's LATC meeting has been cancelled.

Councilor Whiting spoke on the Community Cords Program.

Jill Eastman, Finance Director – October Finance Report

Motion was made by Councilor Walker and seconded by Councilor Staples to accept and place on file the final October Finance Report.

Passage 7-0.

IX. Executive Sessions – None

X. Adjournment - Motion was made by Councilor Walker and seconded by Councilor Staples for passage. Unanimously approved and the meeting adjourned at 7:36 pm.

To: Auburn Mayor and City Council
From: Eric J. Cousens, Director of Planning and Permitting
Re: Staff Response to Sustainability & Natural Resource Management Board Working Group Communication for Council Review
Date: November 30, 2022

At the November 21, 2022 Council meeting the Council received a request for clarification from the Sustainability & Natural Resource Management Board Working Group. That communication is on page 12 of the November 21, 2022 Council Packet . The Council asked that staff draft a response to provide the requested clarification. Below is staff's understanding of the requested resolve and order from the Council for confirmation or editing if the Council expectation differs from our understanding.

Question 1: There are two references to strip zones in the resolution ("arbitrary residential strip" and "current strip zone limitations"): please clarify what you mean by "arbitrary" and "current strip zoning limitations."

Response 1: The depth of the residential strips varies between 450' -750' in some areas. The depth of the strip limits residential construction to within the residential strip while many of the parcels have residentially zoned frontage and AG/RP zoned back land and no farming, forestry or agricultural use of the parcels. "Arbitrary" refers to the strip depth being set in the past without regard, in most cases, to physical or environmental constraints. One exception to this may be where the strip depth follows a floodplain boundary(Riverside Drive as an example). "Current strip zoning limitations" refers to the residential development allowances being limited to the depth of the strip and not being allowed outside the strip at the rear of a parcel that is primarily used for residential purposes.

Question 2: You refer to the 2021 Comprehensive Plan regarding non-profitability of certain areas of the city for agriculture and forestry. What particular areas of the city are you referring to? Please provide a map showing those areas.

Response 2: The AG/RP zoning district allows limited uses. The zone does not allow residential uses unless the residence is in support of a farm and uses the 30% income standard to validate that connection of the residence to the farm. The standard effectively removed the "residential" value of the land from the parcel and the market sales of AG/RP land are generally a lower value per acre than land that allows residences as a primary use. This question refers to all lands in the AG/RP zoning district that do not have an existing legally nonconforming home and also refers to excess land (large lots) contiguous with lots containing an existing single family home. "Non-profitability" refers to this reduction in market value that exists in AG/RP zoned lands as perceived by the competitive real estate market and demonstrated by actual arms length sales data. The City zoning map shows the areas in the AG/RP zoning District.

City Council Information Sheet

Council Workshop or Meeting Date: December 5th, 2022

Author: Jonathan P. LaBonte, Transportation Systems Director

Subject: St. Lawrence and Atlantic Railroad – Berlin Subdivision (Rail Use Advisory Council) Update

---

Information: The attached memo provides details to be covered during the presentation. The rail corridor under evaluation was first acquired in 2007 at the urging of regional planners from the Auburn and Lewiston region and has been studied for various uses over the last 25 years. A process now underway will make a recommendation to the Commissioner of MaineDOT on future transportation uses of that corridor that could eliminate rail.

City Budgetary Impacts: None

Staff Recommended Action: Discussion and potential action on a City Council Resolve at December 19th, 2022 meeting

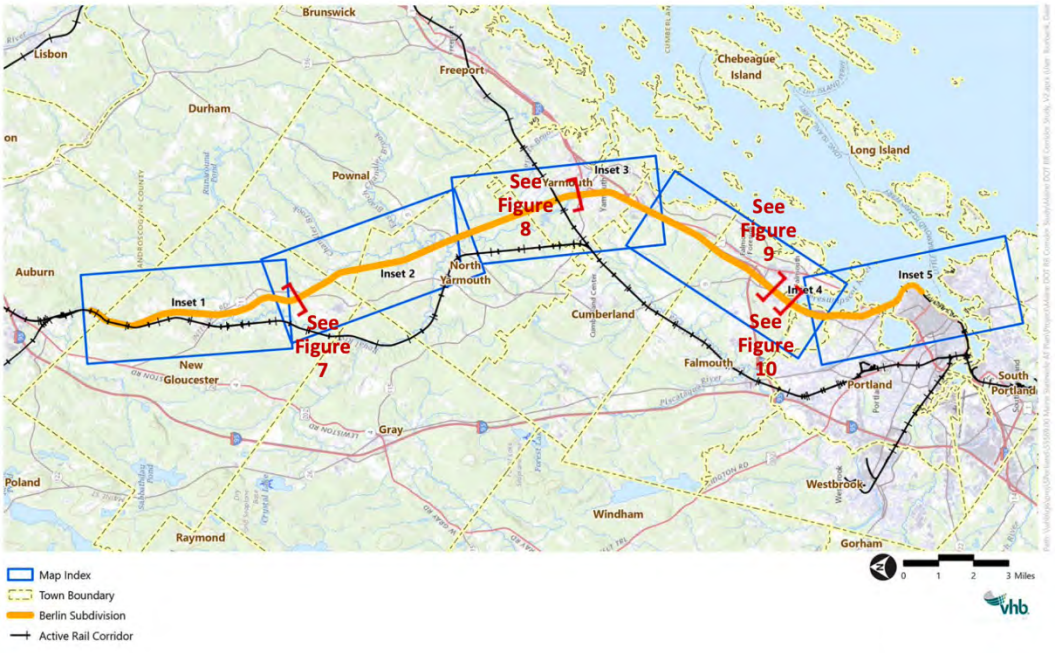
Memo to City Council Dated November 30th on SLR Berlin Subdivision RUAC

City of Auburn, Maine
Transportation Systems Director
www.auburnmaine.gov | 60 Court Street
Auburn, Maine 04210
207.333.6601

TO: Mayor Jason Levesque and the Auburn City Council
FROM: Jonathan P. LaBonte
DATE: November 30, 2022
SUBJECT: St. Lawrence and Atlantic/State-owned Corridor (Rail Use Advisory Council)

This memo serves to provide context and a recommended City of Auburn position related to the Rail Use Advisory Council (RUAC) process underway for the future use of the State of Maine-owned St. Lawrence and Atlantic Railroad (SLR) corridor from Auburn to Portland (see Figure 1). During the previous legislative session, a bill was passed into law allowing for a petition process to assess the conversion of existing railroad corridors to alternative transportation uses. This assessment would occur under the auspices of an RUAC, giving municipalities, trail users, and rail use advocates the opportunity to spend nine months reviewing technical analysis on the costs and potential economic value of various transportation uses of a rail corridor.

Figure 1



Source: MaineDOT Berlin Subdivision Corridor Study DRAFT, https://www.maine.gov/mdot/ofps/ruac/parac/index.shtml

Communities along the SLR corridor petitioned the state in the summer and fall of 2021 to establish such an RUAC, with most entering the process fully committed to seeing this rail corridor converted to a trail. Unlike the City of Auburn, which has land use plans that explicitly call out the economic opportunity of freight and passenger rail connections on multiple railroads, the suburban and rural towns between Auburn and Portland have all but eliminated those types of land uses.

Given the long-term nature of land use and transportation planning, some context about this corridor is of value. Unfortunately, this RUAC process is being advanced outside of other statewide planning efforts for Maine's transportation system. Namely, the state is creating a new long-range plan (through 2050) along with a new statewide rail plan and a new statewide strategic transit plan. This process will finish before those planning efforrts are completed.

In the early to mid 2000's, MaineDOT, along with Auburn, Lewiston and AVCOG, laid out a robust plan for reestablishing passenger rail service to the region as well as making the Port of Auburn a major freight hub with improved links to the Port of Portland. A series of steps were taken in that time period to advance that, including an updated Auburn-Lewiston Airport Master Plan with siting of a passenger terminal off Kittyhawk Avenue, the permitting by MaineDOT of said passenger terminal, and the acquisition of the SLR corridor from Portland to Auburn.

During that same period, the newly acquired SLR segment was identified for its potential as a dedicated commuter transit service corridor along Interstate 295. Its proximity to key suburban exits at Yarmouth and Falmouth, with a terminus in downtown Portland, presented a unique opportunity for either future commuter rail or a dedicated bus rapid transit route that would not be impacted by growing congestion on that highway.

In the last handful of years, a movement in Maine to create long distance trails by securing rights over dedicated rights of way, like rail corridors, has gained momentum. The Casco Bay Trail Alliance, the Maine Trails Coalition, and the East Coast Greenway, have released a vision entitled the Active Transportation Arterials Plan, that includes the SLR corridor and connections into downtown Auburn (see Figure 2).

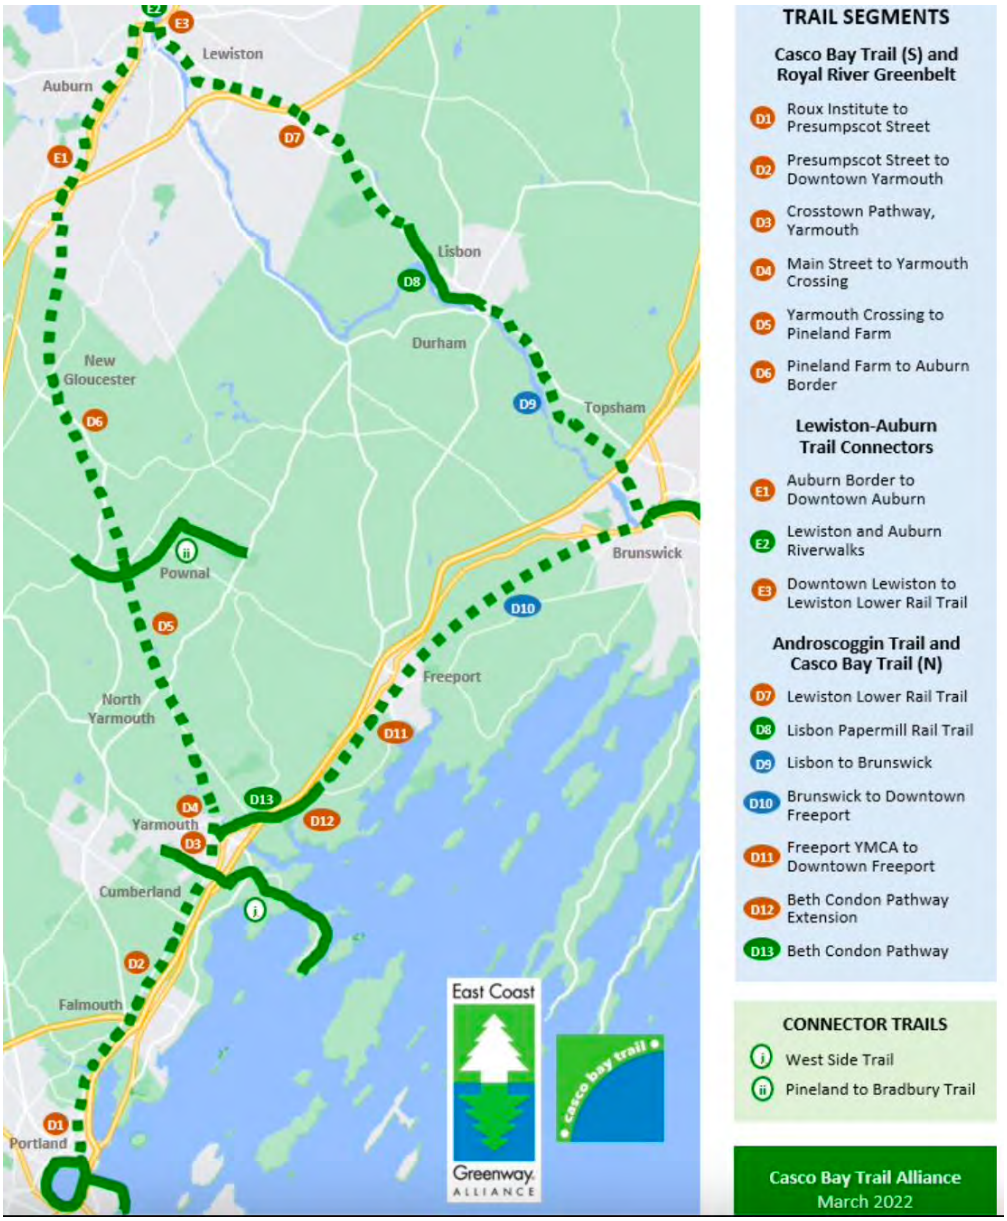
Figure 2

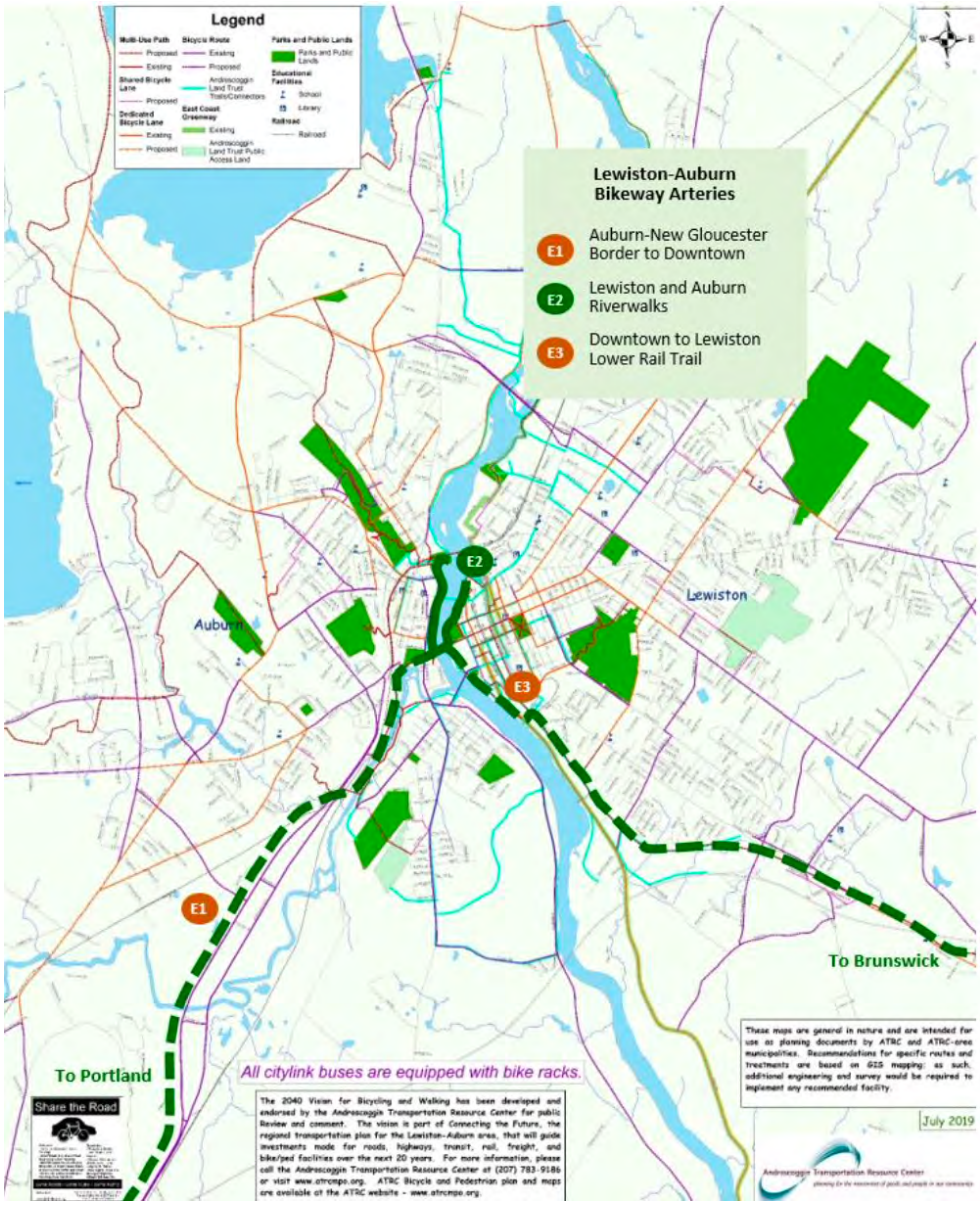


Source: Maine Trails Coalition, Active Transportation Arterials Plan (https://mainetrailscoalition.org/active-transport-arterials)

The vision put forward by the Casco Bay Trail Alliance connects from Danville Junction north into downtown Auburn and the Riverwalk system. The planned study of the Washington Street

corridor from Exit 75 to downtown would contemplate bicycle and pedestrian connections (see Figure 3).

Figure 3



Source: Maine Trails Coalition, Active Transportation Arterials Plan (https://mainetrailscoalition.org/active-transport-arterials)

In 2000, Auburn completed an engineering study for extending the Riverwalk from the Trestle Bridge west and south to connect New Auburn and the neighborhoods west of Washington Street (see Figure 4).

Unfortunately, the more than two decades of past MaineDOT efforts around the SLR corridor for passenger and freight services have not been presented or discussed in detail. It is unclear whether MaineDOT has abandoned those plans or is deferring to those on the RUAC to set the course for the greater Portland and Auburn regions. With the phrase "future proof" being used in discussing Auburn's community growth efforts, here are some near term and long-term prospects for transportation uses of this corridor to consider.

Freight Rail

- Near Term – South of Danville Junction, it is unlikely that the municipalities between Auburn and Portland will change their zoning to support industrial or logistics-based private investment.
- Long Term – With growth at the Port of Portland, it is conceivable that international shippers would have interest in accessing Canadian markets via rail, or that large scale processing or distribution may wish to locate in Auburn (given favorable zoning) and access the Port of Auburn. There are mechanisms at the Surface Transportation Board (STB) for one railroad to securing operating rights over another railroad's corridor. This could lead to SLR servicing the Port of Portland and using the CSX line to reach the state-owned SLR corridor in Yarmouth before returning to Auburn.

Passenger/Commuter Rail or Transit Services

- Near Term – An ongoing study of the economic impacts of establishing commuter rail between Auburn and Lewiston and Portland includes use of the SLR corridor from Yarmouth to Danville. With no documented discussions between NNEPRA or MaineDOT with CSX for use of their corridor for passenger rail, reserving the state-owned SLR corridor is a necessity if the Auburn and Lewiston region wishes to see passenger rail return.
- Long Term – Outside of the intercity model of passenger service that the Downeaster provides, the state's ownership of a dedicated right of way between Auburn and Portland presents a number of opportunities. From a seasonal or excursion standpoint, a return of a "ski train" type service or the concept Montreal Hotel Train could make connections in Portland or Yarmouth and make dedicated runs north. From a commuter service perspective, the interest in higher density housing growth, in particular near Washington Street and Exit 75, could present opportunities for a direct Auburn to Portland commuter service using the SLR corridor. Such a dedicated transit corridor could never been acquired in greater Portland with today's real estate realities.

City of Auburn, Maine
Transportation Systems Director
www.auburnmaine.gov | 60 Court Street
Auburn, Maine 04210
207.333.6601

Active Transportation/Recreation Trail

- Near Term – Without an imminent proposal for freight and/or passenger services, trail advocates have seized a window to justify a conversion to a trail "until rail" as the only viable alternative. There are very few examples nationally of a rail corridor being converted to a trail and then reverting to rail use (given both the cost and political sensitivity)
- Long Term – There are no likely alternative corridors to make such a robust regional trail system happen between Auburn's downtown riverfront and the waterfront in downtown Portland. This use would also be a significant complement to the targeted residential and commercial growth envisions from downtown Auburn south along Washington Street.

Recommended City of Auburn Position:

Given the near term and long term economic benefits that would accrue to the City of Auburn through future freight rail activity, potential passenger services, and an active transportation (trail) corridor, a rail with trail proposal should be advanced through the RUAC process.

Author: Eric J. Cousens, Planning and Permitting Director

Subject: 110 Hampshire Street – Dangerous Building Public Hearing and Order

---

Information: The City of Auburn staff has responded to complaints of dangerous conditions at the property over an extended period. Dangerous conditions have been confirmed to exist at the property and the owners of the property have not responded to resolve the issues.

To address the issues at the property and eliminate the dangerous conditions the Auburn City Council will hold a dangerous building hearing regarding the above-captioned property on December 5, 2022, at 7:00 PM. The hearing will be held at Auburn, Hall, 60 Court Street, Auburn, Maine. During the hearing, the City Council will consider whether the buildings located on the property constitute dangerous buildings under 17 M.R.S. § 2851, with possible actions and orders to follow.

To adjudge a building to be a nuisance or dangerous, the municipal officers or county commissioners must find that the building is structurally unsafe, unstable or unsanitary; constitutes a fire hazard; is unsuitable or improper for the use or occupancy to which it is put; constitutes a hazard to health or safety because of inadequate maintenance, dilapidation, obsolescence or abandonment; or is otherwise dangerous to life or property.

Proper notice to parties of interest have been made and supporting information is included in the attached information packet. At the meeting staff will provide a review of conditions at the property and attempts to convince the owners to remedy the dangerous conditions in order to protect the public from harm. After a public hearing the Council will be asked to review draft findings of fact and determine if an order to abate the hazardous conditions is warranted under 17 M.R.S. § 2851. The draft findings and order are provided by in the attached packet. If the property constitutes a dangerous building under 17 M.R.S. § 2851, the Council should order the abatement of the hazardous conditions within 90-days.

City Budgetary Impacts: NA

Staff Recommended Action: If the property constitutes a dangerous building under 17 M.R.S. § 2851, the Council should order the abatement of the hazardous conditions within 90-days.

Previous Meetings and History: None

City Manager Comments:

I concur with the recommendation. Signature:

Attachments: Information packet for 110 Hampshire, including draft findings and Order.

110 HAMPSHIRE STREET DANGEROUS BUILDING HEARING
December 5, 2022

Good evening, Mr. Mayor and Councilors. My name is Kris Beaudoin, and I serve as the City's Code Compliance Team Leader. As part of my duties as Code Compliance Officer I am tasked with the enforcement of adopted code and ordinance compliance throughout the City of Auburn. I have served as code compliance officer for the city for approximately the last 36 months with certifications in commercial and residential building inspection, internal plumbing, and subsurface wastewater. I have a 20-year history in the implementation of safe housing enforcement with certifications in Housing Quality Standards, Uniform Physical Conditions Standards, advanced Inspections, I am a certified HUD renovation consultant, and am also a certified Veterans Administration compliance inspector for the special adaptive housing grant.

Tonight, I am tasked with explaining to the Council why City Staff has concluded that the structures located at 110 Hampshire Street in Auburn constitute "Dangerous Buildings" within the meaning of Title 17, Section 2851, of the Maine Revised Statutes. I have personally spoken with the owner of the property, I have scheduled multiple inspections of the property, and have made numerous attempts at giving the owners, Lions Real Estate LLC. the opportunity to repair the property and to put in place a plan to mitigate the safety hazards present. Over the course of approximately two years, city staff has observed continued deterioration of the structural elements of the property. As I will explain, the owner of 110 Hampshire Street has been afforded significant opportunity to prevent the buildings from becoming the imminent public safety threat that it is today, and from an enforcement standpoint, I have exhausted all other options at my disposal for the removal or mitigation of this threat. That is why we are here tonight, I am asking you to render an order that all structures located at 110 Hampshire Street be declared dangerous buildings within the meaning of the statute, and that you order the structures to be demolished within 90 days.

1. **Background on the property:**

A. Property Details:

110 Hampshire Street is a rectangle shaped parcel consisting of .16 acres sitting on the corner of Hampshire and Willows Street. The property consists of one principal structure which serves as a nine-unit multifamily building.

B. Ownership of the Property and Identification of Parties-in-Interest:

Before preparing the notices of tonight's hearing, the City attorney conducted a search of the Registry of Deeds to verify ownership of this property. That search discovered that Lions Real Estate LLC. acquired the Property by Warranty Deed on February 7, 2019. The deed of conveyance is recorded at Book 10028, Page 126, in the Androscoggin County Registry. The

mortgage identifies Lions Real Estate LLC of P.O Box 3403, Auburn Maine 04210, as the mailing address of the interested parties to this hearing. Please reference Exhibit 1 for notification of service.

The owner of the property has been given notice of tonight's hearing, and at tonight's hearing, they are being given an opportunity to be heard.

C. Summary of the dangerous building statute's legal standard and remedies permitted.

The legal standard you are asked to apply is contained in Title 17 of the Maine Revised Statutes, Section 2851, and the following sections. Section 2851 defines a "Dangerous Building" as one which the municipal officers deem to be "structurally unsafe; unstable; unsanitary; constitutes a fire hazard; is unsuitable or improper for the use or occupancy to which it is put; constitutes a hazard to health or safety because of inadequate maintenance, dilapidation, obsolescence or abandonment; or is otherwise dangerous to life or property." If the municipal officers make such a determination, they may, "after notice and hearing on this matter adjudge the same to be a nuisance or dangerous and may make and record an order prescribing what disposal must be made of that building or structure," up to and including the demolition of the structure.

I have found that the condition of the building located at 110 Hampshire Street satisfies those criteria. If you agree, we request that the Council order Lions Realty LLC to demolish the building within 90 days. If the Building is not demolished within 90 days, we ask that the City be authorized to conduct the demolition and to assess a special tax against the property in order to recoup the City's costs and expenses, as permitted by the statute. If you designate such a nuisance and/or order it removed by the owner, State law requires that the City "shall cause said nuisance to be abated or removed in compliance with" your order, and all expenses of the City incurred in connection with this removal, including costs of title searches, service of process, costs incurred in securing the structures pending removal, and all other costs incurred by the City which are reasonably related to the removal of the structure, shall be paid by the owner and may be assessed as a special tax against the property.

A. History of the City's Enforcement Actions and Interactions with this Property.

II. Review affidavit

In conclusion, the structure at 110 Hampshire Street qualifies as dangerous building pursuant to 17 M.R.S. § 2851. It is unsuitable and improper for use as a residential dwelling unit (or other uses) due to significant deterioration of structural elements as defined in Sec 12-146 of the city ordinance, ongoing lack of maintenance, as well as structural damage. This constitutes a hazard to health and safety of our neighborhoods and community members because of the inadequate maintenance, dilapidation, and obsolescence. Lions Real Estate LLC

clearly have an inability or an unwillingness to remediate the dangerous conditions at this property despite being afforded extensive opportunity to do so.

Therefore, City Staff is requesting that you adopt the proposed findings of fact and conclusions of law that we have provided tonight. We request that you designate all structures at 110 Hampshire Street as dangerous building, that you order Lions Real Estate LLC. to demolish them within 90 days of the date of your order (which would be March 5, 2023, assuming you act tonight). We also request an order of authorization to schedule a demolition in the event the owner does not remove the buildings within 90 days.

RE: 110 HAMPSHIRE STREET– NOTICE OF HEARING ON DANGEROUS BUILDING

Dear Sir or Madam:

You are hereby notified that the Auburn City Council will hold a dangerous building hearing regarding the above-captioned property on December 5, 2022, at 7:00 PM. The hearing will be held at Auburn, Hall, 60 Court Street, Auburn, Maine. During the hearing, the City Council will consider whether the buildings located on the property constitute dangerous buildings under 17 M.R.S. § 2851, with possible actions and orders to follow. You have the right to attend that hearing and to be heard. If you fail to do so, you may be deemed to have waived your right to further review or to be heard at a later date.

Sincerely,

AFFIDAVIT OF KRIS BEAUDOIN

I, Kris Beaudoin, being duly sworn, state the following based upon my personal knowledge:

1. I am a Code Enforcement Officer for the City of Auburn, Maine (the "City").

2. In connection with that position, I enforce housing code and ordinances.

3. In the course of my duties for the City, I have become familiar with the property owned by Lions Real Estate LLC and located at 110 Hampshire Street (the "Hampshire Street property") within the City limits.

4. The City has received numerous complaints regarding the condition of the Hampshire Street property.

5. As I will describe in more detail below, the structural elements of the Hampshire Street Property have not been maintained in a manner that is hazard free and suitable for the intended use and pose an immediate and serious threat to public health, safety, and welfare.

6. As I will describe in more detail below, the plumbing facilities of the Hampshire Street Property have not been maintained in good sanitary working condition and constitute a serious threat to public health and safety.

7. As I will describe in more detail below, the heating and ventilation system of the Hampshire Street Property has not been maintained in safe operating condition and constitute a serious threat to public health and safety and welfare.

8. The electrical and lighting of the Hampshire St Property has not been maintained in good, safe, and suitable electrical order and constitutes an immediate threat to public health, safety and welfare as described below.

9. In recent months, I have personally observed the structural elements of the property deteriorate, to the point that the Hampshire Street Property poses a serious and immediate safety hazard for the occupants of the building, the neighborhood, and the general public. The following is a brief summary of complaints I have personally received and discussed with the owner of the Hampshire Street Property.

SPECIFIC COMPLAINTS AND FAILURE TO ADDRESS PROPERTY CONDITIONS

10. On June 29, 2020, I received a complaint via email regarding maintenance issues within one of the apartments. I spoke with Alexandrea Savard, who confirmed to me that she is the owner of Lions real estate LLC, that same day we made a verbal agreement that

she would repair the property. Attached as **Exhibit 7** is the email I received notifying me of the complaint.

11. On July 23, 2020, I received a voicemail regarding the complaint filed on June 29, 2020, making me aware that the repairs were never made.

12. On August 4, 2020, I received a phone call regarding the June 29, 2020, complaint, and I sent an email to Alexandrea Savard owner of Lions Real estate LLC. A true copy of which is attached as **Exhibit 8.**

13. On September 14, 2020, I received an anonymous voicemail regarding trash & debris being allowed to accumulate around the building and other concerns regarding the condition of the structure. I followed up with a phone call with Peter Ntarugera, a representative of Lions Real Estate LLC and requested an inspection of the building. The Inspection was scheduled for September 25, 2020.

14. On September 25, 2020, I received an email canceling the inspection at the request of Lions Real Estate LLC and rescheduling it for September 30, 2020. Attached as **Exhibit 9** is the email I received rescheduling the inspection.

15. On September 30, 2020, I visited the Hampshire Street Property with Eric Cousens, the Director of Planning & Permitting, for the scheduled inspection. After waiting for a few minutes, I called Peter Ntarugera, a representative of Lions Real Estate LLC who informed me he would not be showing up but did give permission to walk on the property. At that time, I viewed the Hampshire Street Property from the road and driveway, and I observed significant deterioration of the structural elements and debris scattered about. For example, the porches which are a second means of egress for some of the units were in disrepair; there were holes in the side of the building exposing the framing; I noticed the roofing materials were deteriorated and an excess amount of trash was allowed to build up under the porches. Attached as **Exhibit 10** are photographs that I took of the Hampshire Street Property during this inspection.

16. On October 2, 2020, I issued Lions Real Estate LLC a Notice of Violation for the conditions I observed at my September 30, 2020, inspection, a true and accurate copy of which is attached as **Exhibit 11.**

17. On October 20, 2020, I again visited the Hampshire Street Property to observe whether the substandard conditions cited in my October 2, 2020 Notice of Violation had been cured. Based upon my personal observations that day, I concluded the cited violations and dangerous conditions persisted. In fact, no apparent effort had been made to mitigate these conditions therefore, I issued Lions Real Estate LLC the First Citation for the conditions I observed, a true and accurate copy of which is attached as **Exhibit 12.**

18. On November 9, 2020, I visited the Hampshire Street Property to verify whether the conditions referenced in my prior citation had been cured. I observed no change from the previous notice. On that day I issued Lions Real Estate LLC the Second Citation for the conditions I observed, a true and accurate copy of which is attached as **Exhibit 13.**

19. On November 25, I visited the Hampshire Street Property following up on the previous citation and observed no change in the condition of the property. On that day I issued Lions Real Estate LLC the Third Citation for the conditions I observed, a true and accurate copy of which is attached as **Exhibit 14.**

20. On February 17, 2021, I visited the Hampshire Street Property and observed no change in the condition of the property. I issued Lions real Estate LLC the Fourth Citation for the conditions I observed, a true and accurate copy of which is attached as **Exhibit 15**.

21. On February 18, 2021, Alexandrea Savard applied for a building permit application for the purpose of making repairs to the Hampshire Street Property. Attached as **Exhibit 16** is the copy of her application I received by email.

22. On February 18, 2021, I responded to Ms. Savard's request and informed her that the application for that the application for a building permit did not demonstrate an intention to repair all of the substandard conditions that I repeatedly cited in my notices and citations to her. Attached as **Exhibit 17** is the email I sent.

23. On March 4, 2021, I received notification via email that an in-office representatives of the City had scheduled a meeting to be held with an in Lions Real Estate LLC. Through my conversations and correspondence with my colleagues, I was made aware that that the purpose of this meeting was to discuss the ongoing code violations at the Hampshire Street Property, and that the meeting had been requested by the property owner, Lions Real Estate LLC. The meeting was scheduled for March 8, 2020, at 11:00 am. On March 8, 2021. Attached as **Exhibit 18** is the email I received

24. I attended the meeting scheduled for March 8, 2021. Representatives for Lions Real Estate LLC did not appear. To the best of my knowledge and belief, the property owner did not attempt to reschedule. this meeting.

25. On April 5, 2021, I received another building permit application from Ms. Savard, purporting to seek permission to repair the Hampshire Street Property. However, the application was incomplete as it did not include payment of the permit fee, nor did it include required construction documents. describing the scope of the work to be performed. Attached as **Exhibit 19** is a true and accurate copy of the email and attachment I received

26. On April 24, 2021, I sent an email request to Ms. Savard, requesting that she provide more details regarding her recent permit application. Attached as **Exhibit 20** is a copy of the email I sent. To the best of my recollection and knowledge, she never responded or provided the requested information.

27. On July 20, 2021, I received an email from Ms. Savard, in which she described receiving a threat from one of her tenants to call the City's code enforcement office in the context of a landlord-tenant dispute. I informed her that if a complaint came in, we would need to conduct an inspection, I also made her aware that I still needed construction documents for the permit that was sought in April of 2020. Attached as **Exhibit 21** is the email correspondence for that communication.

28. On August 18, 2021, I received an email from Lions Real Estate with some construction documents apparently indicating an intention repair or replace the porch at the Hampshire Street Property. Attached as **Exhibit 22** is the email I received with the attachments.

29. On January 21, 2022, a meeting was scheduled with Ms. Savard for January 27, 2022. Attached as **Exhibit 23** is the email scheduling the meeting.

30. On January 27, 2022, a meeting took place in the community room at city hall to discuss the ongoing violations at The Hampshire Street Property. Those in attendance included Ms. Savard, Michael Fox, Eric Cousens, Cy Wilkinson, and Kris Beaudoin. At that meeting, Ms. Savard was informed that The City needed a documented plan of action that provided a timetable to repair the health and safety hazards of the Hampshire Street Property.

31. On February 1, 2022, I received an email from Alex Savard regarding the installation of an engineered beam otherwise referred to as an LVL at 110 Hampshire Street. The installation of this support beam is to restore the structural integrity of the property. Properly sized beams and LVL's are necessary components to carry and distribute load, failure of a beam often results catastrophic failure of the components it supports and can be conducive to injury and in some cases death. Attached as **Exhibit 24** is the email I received.

32. On March 1, 2022, I sent an email to Alex Savard requesting information that was not previously sent. Attached as **Exhibit 25** is the email I sent and the subsequent reply.

33. On April 12, 2022, I visited 110 Hampshire Street at the request of Michael Fox the contractor to verify that work for the support beam had been completed appropriately. During the inspection it was observed that the work had been covered and what was exposed was not sufficient.

34. On April 15, 2022, I revisited 110 Hampshire Street at the request of Michael Fox. During that visit I was able to view the work that had been completed. Because the area in question was uncovered it was observed that the new components were attached to completely deteriorated framing. Mr. Fox was contacted immediately to be made aware of the findings.

35. On August 30, 2022, I visited the property to conduct and inspection with Cy Wilkinson Code Compliance Officer for the City of Auburn, Jennifer Dick, Code compliance Officer for the City of Auburn, David O'Connell the Fire Prevention Officer for the City of Auburn and Charlie DeAngelis, the Electrician for the City of Auburn. During this inspection, I was provided access to two occupied units and two vacant units, and the common areas associated with those units. During the inspection I observed exposed wiring, missing smoke detectors, deteriorated flooring, missing/damaged handrails, loose decking, and railings on the rear egress. It was also observed at that time that the deteriorated roof had been repaired.

36. On September 1, 2022, I visited the property to conduct and inspection with Cy Wilkinson Code Compliance Officer for the City of Auburn, Jennifer Dick, Code compliance Officer for the City of Auburn, David O'Connell the Fire Prevention Officer for the City of Auburn and Charlie DeAngelis, the Electrician for the City of Auburn. During the inspection, significant deficiencies were observed including but not limited to; numerous stained ceiling tiles which indicates water leaking or moisture intrusion, holes in walls, rotting bathroom floors, broken windows, exposed electrical components and missing smoke detectors which are an immediate threat to health and safety, exposed wall cavities with active leaks causing deterioration of structural components, infestation, an abandoned oil tank in the basement, signs of unpermitted plumbing, and other deficiencies listed in the original Notice of Violation and subsequent Citations for instance, deteriorated porches which are a second means of egress, rotting substrate/framing etc. Attached as **Exhibit 26** are notes that I took of the Hampshire Street Property at that time.

37. As a result of the conditions described above, I believe that Lions Real Estate LLC. has no intention or means of making necessary repairs to the Hampshire Street Property, and that as a result of these conditions which have persisted for over 2 years despite repeated citations, notices and inspections, the Hampshire Street Property poses an immediate and serious threat to the health, safety, and welfare of any occupant of the property as well as the public, including without limitation, any first responders who may be required to enter the premises.

AFFIDAVIT OF CY WILKINSON

I, Cy Wilkinson, being duly sworn, state the following based upon my personal knowledge:

1. I am a Code Enforcement Officer for the City of Auburn, Maine (the "City").

2. In connection with that position, I enforce housing code and ordinances.

3. In the course of my duties for the City, I have become familiar with the property owned by Lions Real Estate LLC and located at 110 Hampshire St (the "Hampshire Street property") within the City limits.

4. The City has received numerous complaints regarding the condition of the Hampshire Street property.

5. As I will describe in more detail below, the structural elements of the Hampshire Street Property have not been maintained in a manner that is hazard free and suitable for the intended use, and pose an immediate and serious threat to public health, safety, and welfare.

6. As I will describe in more detail below, the plumbing facilities of the Hampshire Street Property have not been maintained in good sanitary working condition, and constitute a serious threat to public health and safety.

7. As I will describe in more detail below, the heating and ventilation system of the Hampshire Street Property has not been maintained in safe operating condition, and constitute a serious threat to public health and safety and welfare.

8. The electrical and lighting of the Hampshire St Property has not been maintained in good, safe, and suitable electrical order and constitutes an immediate threat to public health, safety and welfare as described below.

9. In recent months, I have personally observed the structural elements of the property deteriorate, to the point that the Hampshire Street Property poses a serious and immediate safety hazard for the occupants of the building, the neighborhood, and the general public. The following is a brief summary of complaints I have personally received and discussed with the owner of the Hampshire Street Property.

SPECIFIC COMPLAINTS AND FAILURE TO ADDRESS PROPERTY CONDITIONS

10. On December 19, 2021 I received a call from Stardust Chase, a concerned tenant at the Hampshire Street property in apartment #3 regarding exposed electrical wires, missing fire alarms, and no floor covering in her apartment. We schedule an inspection for the following day December 20, 2021 at 9:00am.

11. On December 20, 2021, Eric Cousens, Director of Planning and Permitting and I conducted an exterior inspection of the Hampshire Street property to follow up on an existing citation for case 1847-2020. We also conducted the inspection of Apartment #3 as scheduled the day before with Stardust Chase. During the inspection we observed broken railings and guards on secondary egress, broken windows, pealing and chipping paint, exposed deteriorating structural elements, missing siding, water intrusion, exposed wires, missing faceplates to outlets and switches, missing smoke detectors, and no floor covering. Attached as **Exhibit** 5 is the scheduled inspection and findings/pictures taken that day.

12. On December 20, 2021, I issued Lions Real Estate LLC the fifth citation for case 1847-2020 for the conditions I observed, a true and accurate copy of which is attached as **Exhibit 28.**

13. On December 21, 2021 I issued Lions Real Estate LLC a new Notice of violation regarding the interior housing conditions I observed on December 20, 2021. A true accurate copy of which is attached as **Exhibit 29.**

14. On January 20, 2021 I received an email from Alexandrea Savard stating they have a plan for the repairs and want to meet to go over the plan they had made. Attached as **Exhibit 30** is the email from Alexandrea Savard.

15. On January 21, 2022, a meeting was scheduled with Alexandrea Savard for January 27, 2022 to go over her plan for the repairs. Attached as **Exhibit 31** is the email scheduling the meeting.

16. On January 27, 2022, a meeting took place in the community room at city hall to discuss the ongoing violations at 110 Hampshire St. Those in attendance included Alexandrea Savard, Michael Fox, Eric Cousens, Kris Beaudoin, and Cy Wilkinson.

17. On August 30, 2022, I visited the property to conduct an inspection with Kris Beaudoin Code Compliance Officer Team Lead for the City of Auburn, Jennifer Dick, Code compliance Officer for the City of Auburn, David O'Connell the Fire Prevention Officer for the City of Auburn and Charlie DeAngelis, the Electrician for the City of Auburn. During this inspection, I was provided access to two occupied units and two vacant units, and the common areas associated with those units. During the inspection I observed exposed wiring, missing smoke detectors, deteriorated flooring, missing/damaged handrails, loose decking, and railings on the rear egress. It was also observed at that time that the deteriorated roof had been repaired.

18. On September 1, 2022, I visited the property to conduct and inspection with Kris Beaudoin Code Compliance Officer Team Lead for the City of Auburn, Jennifer Dick, Code compliance Officer for the City of Auburn, David O'Connell the Fire Prevention Officer for the City of Auburn and Charlie DeAngelis, the Electrician for the City of Auburn. During the inspection, significant deficiencies were observed, Attached as **Exhibit 32** are photographs that I took of the Hampshire Street Property at that time.

19. As a result of the conditions described above, I believe that Lions Real Estate LLC. has no intent of making necessary repairs to the Hampshire Street Property, and that the lack of actions constitutes a nuisance in violation of the City ordinances and state law.

20. Based upon these circumstances, Lions Real Estate LLC's inaction to properly maintain the Hampshire Street property is in such a manner as to be unsightly, detracting from the natural scenery, injurious to the happiness of individuals and the public, and injurious to the property rights of the occupants of the structure, the abutters and of the citizens of Auburn.

Subject: 17 Willow St (110 Hampshire) Complaint

Kris,
I received a call from Dan Gallagher regarding 17 Willow Street (we know it as 110 Hampshire Street). He said his mother lives there and has complained to the landlord, Lions Real Estate, LLC about the ceiling leaking upstairs. The landlord said they would fix it but never have and now the ceiling is sagging from the pressure of all the rain water. Dan said there's also a bedbug infestation there so his mom who just had surgery cannot lie down in the bedroom because of that.

Dan can be reached at 899-8019

Thank you!

Subject: 110 Hampshire St

Alex,

I have been receiving complaints regarding 110 Hampshire St #3 and have been speaking with Peter regarding the plumbing leaks and lack of water and was assured that this would be taken care of over a week ago. Again today I received another call about the water issue and the leaking and was made aware that others in the building are having similar issues. Please contact me ASAP so we can discuss these calls.

NOTICE OF VIOLATION
CODE-1847-2020

October 2, 2020

91 7199 9991 7038 5362 5719

Lions Real Estate, LLC
175 Pine Street
Lewiston, ME 04240

RE: 110 HAMPSHIRE ST, PID # 250-357

Dear property owner:

It has come to the attention of this office that violation(s) of the Code of Ordinances of the City of Auburn, hereafter referred to as the (Code), exist at:

110 HAMPSHIRE ST.
AUBURN, ME 04210
PID#: 250357000

PERMIT REQUIRED

- Deterioration to exterior surface areas.
- Missing siding leaving structural elements exposed to the weather
- Loose/Damaged handrails and railings
- Structural components of the porches are damaged or separating
- Deterioration/Rot in exposed areas of sheathing and framing
- Deteriorated roofing materials

Violation: Chapter 12, Section 12-226; MAINTENANCE

Revision: All structures and structural elements shall be maintained structurally sound, in good repair, hazard free and suitable for the intended use.

Corrective Action: Apply for and obtain permits for the issues listed above, make necessary repairs or replacements of any compromised areas and contact this office to schedule a complete building inspection.

Compliance Date: October 16, 2020

- Trash has been allowed to accumulate and is now scattered around the entire building.

Violation: Chapter 44, Section 44-32; Accumulation of Refuse.

Revision: No person shall allow any material to collect or lie on property which he owns, occupies or

controls in such a manner that it attracts flies, annoys or interferes with the safety, health, comfort or repose of the public, emits odors, or is unsightly or is offensive.

Corrective Action: Properly dispose of all trash located outside of the property, this includes the driveway areas and street side.

Compliance Date: 10/16/2020

Therefore, in accordance with the above referenced ordinance requirements, you are hereby ordered to complete the above corrective action by the compliance date given. Your prompt attention to this matter is advised to avoid legal action. It is our sincere desire to work with you in devising an implementation schedule for the correction of these conditions. Please contact this office immediately if circumstances do not permit the timely compliance with this order and abatement of the violations or if you have any questions regarding this matter.

In the event that you do not comply with this order, this office may issue a citation pursuant to Chapter 2, Article VIII of the aforementioned Code. Said citation shall require you to pay a penalty of one hundred and five dollars ($105.00) for the first citation and you will be reordered to abate the outstanding violations in the previous Notices and Orders. In the event that you do not comply with the first citation, additional citations may be issued. The second citation imposes a civil penalty of two hundred and ten dollars ($210.00), the third is four hundred and twenty dollars ($420.00), the fourth and subsequent citations are eight hundred and forty dollars ($840.00), and penalties are cumulative. In the future, if any of the above violations are repeated, you are not entitled to receive any further notification, and this office may serve you with a citation.

In lieu of or in addition to the issuance of citations, this office may initiate a land use complaint pursuant to 30-A M.R.S.A. § 4452 et seq. as amended, and M.R. Civ. P. 80K. A judgment from such a lawsuit in the City's favor will result in a court order that any violations be abated, the imposition of a mandatory fine of between one-hundred dollars ($100.00) and two-thousand five-hundred dollars ($2,500.00) per violation, per day, and the payment of court costs and the City's legal fees.

If you disagree with this Notice of Violations and order, you may appeal to the Auburn Board of Appeals pursuant to 30-A M.R.S. § 2691(4). You must do so within 30 days of the date of this order, pursuant to Section 60-1151 of the City Code, or you will be deemed to have waived your right to appeal. The decisions of timely appeals to the Auburn Board of Appeals may be reviewed by the Superior Court subject to the terms and conditions stated in M.R. Civ. P. 80B. A failure to appeal this Notice of Violation does not preclude you from opposing any further enforcement action the City may pursue against you.

If you have any questions about what you need to do to comply with this Notice and Order please contact this office immediately. I can be reached directly at (207)333-6601 Ext.1150

Sincerely,

Kris R. Beaudoin

RE: 110 HAMPSHIRE ST, PID # 250-357

Dear property owner:

It has come to the attention of this office that violation(s) of the Code of Ordinances of the City of Auburn, hereafter referred to as the (Code), exist at:

110 HAMPSHIRE ST.
AUBURN, ME 04210
PID#: 250357000

*****PERMIT REQUIRED*****

- Deterioration to exterior surface areas.
- Missing siding leaving structural elements exposed to the weather
- Loose/Damaged handrails and railings
- Structural components of the porches are damaged or separating
- Deterioration/Rot in exposed areas of sheathing and framing
- Deteriorated roofing materials

Violation: Chapter 12, Section 12-226; MAINTENANCE

Revision: All structures and structural elements shall be maintained structurally sound, in good repair, hazard free and suitable for the intended use.

Corrective Action: Apply for and obtain permits for the issues listed above, make necessary repairs or replacements of any compromised areas and contact this office to schedule a complete building inspection.

Compliance Date: November 3, 2020

- Trash has been allowed to accumulate and is now scattered around the entire building.

Violation: Chapter 44, Section 44-32; Accumulation of Refuse.

Revision: No person shall allow any material to collect or lie on property which he owns, occupies or controls in such a manner that it attracts flies, annoys or interferes with the safety, health, comfort or

repose of the public, emits odors, or is unsightly or is offensive.

Corrective Action: Properly dispose of all trash located outside of the property, this includes the driveway areas and street side.

Compliance Date: November 3, 2020

Therefore, in accordance with Chapter 2, Article VIII of the Ordinances of the City of Auburn, you are hereby ordered to pay a civil penalty in the amount of **one hundred and five dollars ($105)** to the City of Auburn. This penalty amount must be received by this office within seven days of receiving this citation. Payment of this fine may be made in person or by mail to Auburn Hall, C/O Planning and Permitting Department, suite 104, 60 Court Street, Auburn, ME 04210. Unpaid civil penalties accrue at 18% per annum beginning 5 days after the date the civil penalty became due.

You are further ordered to correct the violation by the Compliance Date listed above. Failure to correct the violation by the compliance date will result in the issuance of a second citation with a civil penalty in the amount of two hundred and ten dollars ($210.00), the third is four hundred and twenty dollars ($420.00), the fourth and subsequent citations are eight hundred and forty dollars ($840.00), and penalties are cumulative. In the future, if the specific violation(s) is/are repeated you are not entitled to receive any further notification and this office may serve you with a citation.

In lieu of or in addition to the issuance of citations, this office may initiate a land use complaint pursuant to 30-A M.R.S.A. § 4452 et seq. as amended, and M.R. Civ. P. 80K. A judgment from such a lawsuit in the City's favor will result in a court order that any violations be abated, the imposition of a mandatory fine of between one-hundred dollars ($100.00) and two-thousand five-hundred dollars ($2,500.00) per violation, per day, and the payment of court costs and the City's legal fees.

If you wish to dispute anything contained in the Notice of Violation / Order to Correct, you may appeal to the Auburn Board of Appeals by submitting a written petition to the Director of Planning and Permitting, in accordance with Chapter 60, Article 15, Division 3 of the Ordinance, within thirty (30) days of receipt of this letter requesting an appeals hearing be scheduled before the Board of Appeals. The hearing shall be held within sixty-five (65) days of the receipt of the petition for appeal and shall be heard as an administrative appeal. A one hundred and fifty dollar ($150.00) filing fee plus required advertising fee is required at the receipt of the written request for Appeal on the form provided by the Planning and Permitting Department. Failure to appeal within (30) days may deprive you of your ability to contest the contents of this Notice of Violation / Order to Correct in any subsequent legal proceedings. However, filing an appeal to the Board of Appeals does not relieve you of your obligation to correct the violations or of your liability for civil penalties.

If you have any questions about what you need to do to comply with this Notice and Order please contact this office immediately. I can be reached directly at (207)333-6601 Ext.1150

SECOND CITATION - $210
NOTICE OF CIVIL PENALTY
CODE-1847-2020

November 9, 2020

9489 0090 0027 6269 5892 52

Lions Real Estate, LLC
175 Pine Street
Lewiston, ME 04240

RE: 110 HAMPSHIRE ST, PID # 250-357

Dear property owner:

It has come to the attention of this office that violation(s) of the Code of Ordinances of the City of Auburn, hereafter referred to as the (Code), exist at:

110 HAMPSHIRE ST.
AUBURN, ME 04210
PID#: 250357000

*****PERMIT REQUIRED*****

- Deterioration to exterior surface areas.
- Missing siding leaving structural elements exposed to the weather
- Loose/Damaged handrails and railings
- Structural components of the porches are damaged or separating
- Deterioration/Rot in exposed areas of sheathing and framing
- Deteriorated roofing materials

Violation: Chapter 12, Section 12-226; MAINTENANCE

Revision: All structures and structural elements shall be maintained structurally sound, in good repair, hazard free and suitable for the intended use.

Corrective Action: Apply for and obtain permits for the issues listed above, make necessary repairs or replacements of any compromised areas and contact this office to schedule a complete building inspection.

Compliance Date: November 23, 2020

- Trash has been allowed to accumulate and is now scattered around the entire building.

Violation: Chapter 44, Section 44-32; Accumulation of Refuse.

Revision: No person shall allow any material to collect or lie on property which he owns, occupies or controls in such a manner that it attracts flies, annoys or interferes with the safety, health, comfort or

repose of the public, emits odors, or is unsightly or is offensive.

Corrective Action: Properly dispose of all trash located outside of the property, this includes the driveway areas and street side.

Compliance Date: November 23, 2020

Therefore, in accordance with Chapter 2, Article VIII of the Ordinances of the City of Auburn, you are hereby ordered to pay a civil penalty in the amount of **two hundred and ten dollars ($210)** to the City of Auburn. This penalty amount must be received by this office within seven days of receiving this citation. Payment of this fine may be made in person or by mail to Auburn Hall, C/O Planning and Permitting Department, suite 104, 60 Court Street, Auburn, ME 04210. Unpaid civil penalties accrue at 18% per annum beginning 5 days after the date the civil penalty became due.

You are further ordered to correct the violation by the Compliance Date listed above. Failure to correct the violation by the compliance date will result in the issuance of a third citation with a civil penalty in the amount of four hundred and twenty dollars ($420.00), the fourth and subsequent citations are eight hundred and forty dollars ($840.00), and penalties are cumulative. In the future, if the specific violation(s) is/are repeated you are not entitled to receive any further notification and this office may serve you with a citation.

In lieu of or in addition to the issuance of citations, this office may initiate a land use complaint pursuant to 30-A M.R.S.A. § 4452 et seq. as amended, and M.R. Civ. P. 80K. A judgment from such a lawsuit in the City's favor will result in a court order that any violations be abated, the imposition of a mandatory fine of between one-hundred dollars ($100.00) and two-thousand five-hundred dollars ($2,500.00) per violation, per day, and the payment of court costs and the City's legal fees.

If you wish to dispute anything contained in the Notice of Violation / Order to Correct, you may appeal to the Auburn Board of Appeals by submitting a written petition to the Director of Planning and Permitting, in accordance with Chapter 60, Article 15, Division 3 of the Ordinance, within thirty (30) days of receipt of this letter requesting an appeals hearing be scheduled before the Board of Appeals. The hearing shall be held within sixty-five (65) days of the receipt of the petition for appeal and shall be heard as an administrative appeal. A one hundred and fifty dollar ($150.00) filing fee plus required advertising fee is required at the receipt of the written request for Appeal on the form provided by the Planning and Permitting Department. Failure to appeal within (30) days may deprive you of your ability to contest the contents of this Notice of Violation / Order to Correct in any subsequent legal proceedings. However, filing an appeal to the Board of Appeals does not relieve you of your obligation to correct the violations or of your liability for civil penalties.

If you have any questions about what you need to do to comply with this Notice and Order please contact this office immediately. I can be reached directly at (207)333-6601 Ext.1150

RE: 110 HAMPSHIRE ST, PID # 250-357

Dear property owner:

It has come to the attention of this office that violation(s) of the Code of Ordinances of the City of Auburn, hereafter referred to as the (Code), exist at:

110 HAMPSHIRE ST.
AUBURN, ME 04210
PID#: 250357000

*****PERMIT REQUIRED*****

- Deterioration to exterior surface areas.
- Missing siding leaving structural elements exposed to the weather
- Loose/Damaged handrails and railings
- Structural components of the porches are damaged or separating
- Deterioration/Rot in exposed areas of sheathing and framing
- Deteriorated roofing materials

Violation: Chapter 12, Section 12-226; MAINTENANCE

Revision: All structures and structural elements shall be maintained structurally sound, in good repair, hazard free and suitable for the intended use.

Corrective Action: Apply for and obtain permits for the issues listed above, make necessary repairs or replacements of any compromised areas and contact this office to schedule a complete building inspection.

Compliance Date: DECEMBER 9, 2020

- Trash has been allowed to accumulate and is now scattered around the entire building.

Violation: Chapter 44, Section 44-32; Accumulation of Refuse.

Revision: No person shall allow any material to collect or lie on property which he owns, occupies or controls in such a manner that it attracts flies, annoys or interferes with the safety, health, comfort or

repose of the public, emits odors, or is unsightly or is offensive.

Corrective Action: Properly dispose of all trash located outside of the property, this includes the driveway areas and street side.

Compliance Date: DECEMBER 9, 2020

Therefore, in accordance with Chapter 2, Article VIII of the Ordinances of the City of Auburn, you are hereby ordered to pay a civil penalty in the amount of **four hundred and twenty dollars ($420)** to the City of Auburn. This penalty amount must be received by this office within seven days of receiving this citation. Payment of this fine may be made in person or by mail to Auburn Hall, C/O Planning and Permitting Department, suite 104, 60 Court Street, Auburn, ME 04210. Unpaid civil penalties accrue at 18% per annum beginning 5 days after the date the civil penalty became due.

You are further ordered to correct the violation by the Compliance Date listed above. Failure to correct the violation by the compliance date will result in the issuance of a fourth citation with a civil penalty in the amount of four eight hundred and forty dollars ($840.00), and subsequent citations are eight hundred and forty dollars ($840.00), and penalties are cumulative. In the future, if the specific violation(s) is/are repeated you are not entitled to receive any further notification and this office may serve you with a citation.

In lieu of or in addition to the issuance of citations, this office may initiate a land use complaint pursuant to 30-A M.R.S.A. § 4452 et seq. as amended, and M.R. Civ. P. 80K. A judgment from such a lawsuit in the City's favor will result in a court order that any violations be abated, the imposition of a mandatory fine of between one-hundred dollars ($100.00) and two-thousand five-hundred dollars ($2,500.00) per violation, per day, and the payment of court costs and the City's legal fees.

If you wish to dispute anything contained in the Notice of Violation / Order to Correct, you may appeal to the Auburn Board of Appeals by submitting a written petition to the Director of Planning and Permitting, in accordance with Chapter 60, Article 15, Division 3 of the Ordinance, within thirty (30) days of receipt of this letter requesting an appeals hearing be scheduled before the Board of Appeals. The hearing shall be held within sixty-five (65) days of the receipt of the petition for appeal and shall be heard as an administrative appeal. A one hundred and fifty-dollar ($150.00) filing fee plus required advertising fee is required at the receipt of the written request for Appeal on the form provided by the Planning and Permitting Department. Failure to appeal within (30) days may deprive you of your ability to contest the contents of this Notice of Violation / Order to Correct in any subsequent legal proceedings. However, filing an appeal to the Board of Appeals does not relieve you of your obligation to correct the violations or of your liability for civil penalties.

If you have any questions about what you need to do to comply with this Notice and Order please contact this office immediately. I can be reached directly at (207)333-6601 Ext.1150

Attachments: 4th citation 02172021.pdf

Alex,

The repairs to 110 Hampshire St that are required repairs are not limited to what is in the permit application. There are structural issues with rotten framing that is visible, severe deterioration of the roof and assemblies and other exterior surface areas. We spoke last week and I made you aware of trash issues that were still ongoing and I was told that you would take care of them but unfortunately that did not occur. I had to send out another citation yesterday because this has been ongoing for so long. I am attaching the 4th citation to this email for your reference.

Please update the permit application to include everything and email it to Tammy so she can collect payment. We also need to schedule a walkthrough of the building.

Alex,

Before I can issue the permit for 110 Hampshire St I will need you to provide more specific details about the LVL and what the scope of the other repairs you will be doing. I understand you can not really provide much detail about the framing of the rotten areas of the exterior wall until those areas have been exposed more but there needs to be specifics provided.

Subject: RE: 110 Hampshire Street

Alex, thank you for the heads up. I do want to make you aware, because of the condition of the building, if she does call I will need to schedule an inspection with her.

Regarding the same property: on April 5, you applied for a building permit to make repairs to the building to avoid any further citations but have not provided any of the documentation requested. If you cannot provide the information I need to approve the permit I will need to restart the citation process, for your reference I believe I have already issued 4 citations so each new citations has a civil penalty of $840 just like the 4th.

I need to following information:

1. Description of the repairs to the porches, this is to include components needed to make said repairs.
2. Documentation (cut sheet) of the LVL you intend on using, the location, method of support etc.

Best Regards

Kris,
We have a tenant says she cannot pay rent next month (110#2). I told her she must and we will require her to pay her portion of the rent. She left screaming that she was calling code enforcement. I just wanted to give you a heads up.

Thank you,
Alex

Kris,
I have met with my contractor today regarding 110 Hampshire St support issue. He has made a game plan to install two LVL's.

We have ordered:
10in X 12in X 18ft
10in x 12in X 14ft

I'm going to send him in for a permit this week. Attached is the for he'd given me for the city for size rate?

Please see attached.

Kris,
Thank you for reaching out. I will contact Mike Fox and get back to you today.

I also wanted to see if you'd had a chance to take a look at the plumbing permit for 46 Valley St, Auburn, ME 04210? I'd like to get the ball rolling on this project, too.

Thank you for your time,

Alexandrea Savard :)

> Alex, I spoke with both Eric and Cy regarding your inquiries regarding the permit application. When you and Mr. Fox were here, Mr. Fox described how he wanted to make the repairs. During that conversation I made you aware that the method he wanted to use was not a permitted method. In the event that I was misunderstanding the conversation, I asked for pictures of the area and a diagram to show the repair, and both of you agreed that I would be sent the construction documents we need so I can reevaluate my concerns. As of today, I have not received any documentation from you or Mr. Fox which is why the permit has not been approved. Will either of you be able to provide construction documents for the repairs this week?

RE: 110 HAMPSHIRE ST, PID # 250-357

Dear property owner:

It has come to the attention of this office that violation(s) of the Code of Ordinances of the City of Auburn, hereafter referred to as the (Code), exist at:

110 HAMPSHIRE ST.
AUBURN, ME 04210
PID#: 250357000

*****PERMIT REQUIRED*****

- Deterioration to exterior surface areas.
- Missing siding leaving structural elements exposed to the weather
- Loose/Damaged handrails and railings
- Structural components of the porches are damaged or separating
- Deterioration/Rot in exposed areas of sheathing and framing
- Deteriorated roofing materials
- Broken windows

Violation: Chapter 12, Section 12-226; MAINTENANCE

Revision: All structures and structural elements shall be maintained structurally sound, in good repair, hazard free and suitable for the intended use.

Corrective Action: Apply for and obtain permits for the issues listed above, make necessary repairs or replacements of any compromised areas and contact this office to schedule a complete building inspection.

Compliance Date: January 19, 2021

Therefore, in accordance with Chapter 2, Article VIII of the Ordinances of the City of Auburn, you are hereby ordered to pay a civil penalty in the amount of eight hundred and forty dollars ($840) to the City of Auburn. This penalty amount must be received by this office within seven days of receiving this citation. Payment of this fine may be made in person or by mail to Auburn Hall, C/O Planning and Permitting Department, suite 104, 60 Court Street, Auburn, ME 04210. Unpaid civil penalties accrue at 18% per

annum beginning 5 days after the date the civil penalty became due.

You are further ordered to correct the violation by the Compliance Date listed above. Failure to correct the violation by the compliance date will result in the issuance of a citation with a civil penalty in the amount of eight hundred and forty dollars ($840.00), and subsequent citations are eight hundred and forty dollars ($840.00), and penalties are cumulative. In the future, if the specific violation(s) is/are repeated you are not entitled to receive any further notification and this office may serve you with a citation.

In lieu of or in addition to the issuance of citations, this office may initiate a land use complaint pursuant to 30 A M.R.S.A. § 4452 et seq. as amended, and M.R. Civ. P. 80K. A judgment from such a lawsuit in the City's favor will result in a court order that any violations be abated, the imposition of a mandatory fine of between one hundred dollars ($100.00) and two thousand five hundred dollars ($2,500.00) per violation, per day, and the payment of court costs and the City's legal fees.

If you wish to dispute anything contained in the Notice of Violation / Order to Correct, you may appeal to the Auburn Board of Appeals by submitting a written petition to the Director of Planning and Permitting, in accordance with Chapter 60, Article 15, Division 3 of the Ordinance, within thirty (30) days of receipt of this letter requesting an appeals hearing be scheduled before the Board of Appeals. The hearing shall be held within sixty five (65) days of the receipt of the petition for appeal and shall be heard as an administrative appeal. A one hundred and fifty dollar ($150.00) filing fee plus required advertising fee is required at the receipt of the written request for Appeal on the form provided by the Planning and Permitting Department. Failure to appeal within (30) days may deprive you of your ability to contest the contents of this Notice of Violation / Order to Correct in any subsequent legal proceedings. However, filing an appeal to the Board of Appeals does not relieve you of your obligation to correct the violations or of your liability for civil penalties.

If you have any questions about what you need to do to comply with this Notice and Order please contact this office immediately. I can be reached directly at (207)333-6601 Ext.1150

NOTICE OF VIOLATION
CODE-1907-2021

December 21, 2021

LIONS REAL ESTATE LLC
175 PINE ST
LEWISTON, ME 04240

RE: 110 HAMPSHIRE ST., PID # 250-357

Dear property owner:

It has come to the attention of this office that violation(s) of the Code of Ordinances of the City of Auburn, hereafter referred to as the (Code), exist at:

110 HAMPSHIRE ST. #17
AUBURN, ME 04210
PID#: 250357000

- No floor covering in bedroom
- Flaking paint

Violation: Chapter 12, Section 12-226; MAINTENANCE

Revision: (a) All structures and structural elements shall be maintained structurally sound, in good repair, hazard free and suitable for the intended use.

(b)All painted exterior surface areas of pre 1978 properties must be maintained in a manner to not cause a public nuisance or affect the health and safety of the occupants of the property where the condition exists or of surrounding properties. Paint stabilization must occur if the potential for such a condition exists.

Corrective Action: Install new floor covering in bedroom. Paint ceilings where paint is flaking off.

Compliance Date: January 3, 2021

****PERMIT REQUIRED****

- Open and exposed wiring
- Open receptacles/no faceplates
- No fire alarm wired in

Violation: Chapter 12, Section 12-229; ELECTRICAL & LIGHTING

Revision: All lighting and other electrical facilities shall be in accordance with the requirements of the electrical code adopted by the city and shall be maintained in good, safe and suitable electrical order.

Corrective Action: Install new fire alarm. Install faceplates and new receptacles/switches where wires are exposed. Permit is required and work needs to be done by a licensed electrician.

Compliance Date: January 3, 2021

Therefore, in accordance with the above referenced ordinance requirements, you are hereby ordered to complete the above corrective action by the compliance date given. Your prompt attention to this matter is advised to avoid legal action. It is our sincere desire to work with you in devising an implementation schedule for the correction of these conditions. Please contact this office immediately if circumstances do not permit the timely compliance with this order and abatement of the violations or if you have any questions regarding this matter.

In the event that you do not comply with this order, this office may issue a citation pursuant to Chapter 2, Article VIII of the aforementioned Code. Said citation shall require you to pay a penalty of one hundred and five dollars ($105.00) for the first citation and you will be reordered to abate the outstanding violations in the previous Notices and Orders. In the event that you do not comply with the first citation, additional citations may be issued. The second citation imposes a civil penalty of two hundred and ten dollars ($210.00), the third is four hundred and twenty dollars ($420.00), the fourth and subsequent citations are eight hundred and forty dollars ($840.00), and penalties are cumulative. In the future, if any of the above violations are repeated, you are not entitled to receive any further notification, and this office may serve you with a citation.

In lieu of or in addition to the issuance of citations, this office may initiate a land use complaint pursuant to 30-A M.R.S.A. § 4452 et seq. as amended, and M.R. Civ. P. 80K. A judgment from such a lawsuit in the City's favor will result in a court order that any violations be abated, the imposition of a mandatory fine of between one-hundred dollars ($100.00) and two-thousand five-hundred dollars ($2,500.00) per violation, per day, and the payment of court costs and the City's legal fees.

If you disagree with this Notice of Violations and order, you may appeal to the Auburn Board of Appeals pursuant to 30-A M.R.S. § 2691(4). You must do so within 30 days of the date of this order, pursuant to Section 60-1151 of the City Code, or you will be deemed to have waived your right to appeal. The decisions of timely appeals to the Auburn Board of Appeals may be reviewed by the Superior Court subject to the terms and conditions stated in M.R. Civ. P. 80B. A failure to appeal this Notice of Violation does not preclude you from opposing any further enforcement action the City may pursue against you.

If you have any questions about what you need to do to comply with this Notice and Order please contact this office immediately. I can be reached directly at (207)333-6601 Ext.1150

Good Afternoon,
I apologize that I didn't get back to you sooner. I ended up getting covid and I was stuck home for a few weeks. I wanted to get on the same page with Hampshire Street with a timeline on repairs needed. After going over with the contractor we are using we've made a plan. We are going to start with the roof repairs (they are the most urgent).

Please let me know if you have a moment we could meet and go over these plans.

ORDER 158-12052022

City Council Order

IN CITY COUNCIL

CITY OF AUBURN CITY COUNCIL
FINDINGS OF FACT, CONCLUSIONS OF LAW
AND ORDER OF DEMOLITION

110 HAMPSHIRE STREET

On December 5, 2022, at 7:00 p.m., the Auburn City Council held a hearing at 60 Court Street in Auburn, Maine to determine whether the ("Structures") at 110 Hampshire Street in Auburn, Maine, further described in the deed recorded in the Androscoggin County Registry of Deeds at Book 10028, Page 126 (the "Premises"), are dangerous or nuisances pursuant to 17 M.R.S. § 2851. As such, the Council makes the following findings of fact and conclusions of law, and orders that the Structures be demolished.

Findings of Fact

Present at the hearing on this matter for the city was Eric Cousens, Director of Planning & Permitting, and Kris Beaudoin, Code Enforcement Officer. The following individuals appeared on behalf of the owner and/or parties in interest_____.

After considering the testimony and evidence presented, the City Council makes the following findings of fact:

1. The Premises and Structures are owned by Lions Real Estate LLC (the "Owner"). Planning, Permitting & Code Department ("Department") **Exhibits 1**.
2. Alexandria Savard Owner of Lions Real Estate LLC was served with copies of the Notice of Hearing ("Notice") on November 17, 2022. **Exhibit 2.**
3. A copy of that Notice was also recorded in the Androscoggin County Registry of Deeds on November 16, 2022. **Exhibit 3.**
4. The Council has accepted and adopts the facts stated in the affidavits and supporting exhibits of Code Enforcement Officers Kris Beaudoin, Cy Wilkinson, and Jennifer Dick. Department **Exhibits 4, 5 and 6.**
5. The Structures are structurally unsafe.
6. The Structures are unfit for human occupancy due to significant structural damage.
7. The Structures constitute a hazard to health and safety because of inadequate maintenance.
8. The Owner have been given the opportunity to remedy the conditions at the Premises but have failed to do so.

Conclusions of Law

City Council Order

Applying the legal standards set forth in 17 M.R.S. § 2851, the Auburn City Council reaches the following conclusions of law:

9. The Structures are structurally unsafe and unstable.
10. The Structures are unsanitary.
11. The Structures constitutes a fire hazard.
12. The Structures are unsuitable and improper for human habitation.
13. The Structures are a hazard to health and safety because of inadequate maintenance, dilapidation, obsolescence, or abandonment.
14. The Structures are dangerous to life and property.

Any one of these conclusions would be sufficient to support a finding that the Structures are a nuisance and dangerous buildings, and the Council hereby concludes that the Structure at 110 Hampshire Street is a nuisance and dangerous building within the meaning of 17 M.R.S. § 2851.

Order 15-12052022

Having found that the Structures at 110 Hampshire Street is a nuisance and dangerous buildings within the meaning of 17 M.R.S. § 2851, the Auburn City Council hereby ORDERS:

15. That the Owner, and/or their successors or assigns, demolish the Structures, remove all debris, and stabilize the site within ninety (90) days of service of this Order.
16. That if the Owners, and/or their successors or assigns, fail to comply with this Order in the time frame set forth herein, the City shall have the authority to carry out this Order.
17. That within ninety (90) days after demand by the City, the Owners, and/or their successors or assigns, shall reimburse the City for all expenses it incurs in connection with this proceeding, including, but not limited to, expenses for securing and maintaining the Structure, service and other costs incurred, attorneys' fees, and any and all demolition and clean-up costs.
18. That if the Owners, and/or their successors and assigns, fail to timely reimburse the City for the expenses provided for above, the City shall assess a special tax against the Premises, as provided for in 17 M.R.S. § 2853 and/or recover its costs by means of a collection action.

This decision may be appealed to Superior Court under Maine Rule of Civil Procedure 80B.

I, Susan Clements-Dallaire, City Clerk for the City of Auburn, certify that on December 5, 2022, the Auburn City Council adopted the above Order.

This Application will Expire 60 Days from the date of Municipal or County Approval unless submitted to the Bureau

Included below is the section of Maine's liquor laws regarding the approval process by the municipalities or the county commissioners. This is provided as a courtesy only and may not reflect the law in effect at the time of application. Please see http://www.mainelegislature.org/legis/statutes/28-A/title28-Asec653.html

§653. Hearings; bureau review; appeal

1. Hearings. The municipal officers or, in the case of unincorporated places, the county commissioners of the county in which the unincorporated place is located, may hold a public hearing for the consideration of applications for new on-premises licenses and applications for transfer of location of existing on-premises licenses. The municipal officers or county commissioners may hold a public hearing for the consideration of requests for renewal of licenses, except that when an applicant has held a license for the prior 5 years and a complaint has not been filed against the applicant within that time, the applicant may request a waiver of the hearing.

A. The bureau shall prepare and supply application forms.

B. The municipal officers or the county commissioners, as the case may be, shall provide public notice of any hearing held under this section by causing a notice, at the applicant's prepaid expense, stating the name and place of hearing, to appear on at least 3 consecutive days before the date of hearing in a daily newspaper having general circulation in the municipality where the premises are located or one week before the date of the hearing in a weekly newspaper having general circulation in the municipality where the premises are located.

C. If the municipal officers or the county commissioners, as the case may be, fail to take final action on an application for a new on-premises license or transfer of the location of an existing on-premises license within 60 days of the filing of an application, the application is deemed approved and ready for action by the bureau. For purposes of this paragraph, the date of filing of the application is the date the application is received by the municipal officers or county commissioners. This paragraph applies to all applications pending before municipal officers or county commissioners as of the effective date of this paragraph as well as all applications filed on or after the effective date of this paragraph. This paragraph applies to an existing on-premises license that has been extended pending renewal. The municipal officers or the county commissioners shall take final action on an on-premises license that has been extended pending renewal within 120 days of the filing of the application.

D. If an application is approved by the municipal officers or the county commissioners but the bureau finds, after inspection of the premises and the records of the applicant, that the applicant does not qualify for the class of license applied for, the bureau shall notify the applicant of that fact in writing. The bureau shall give the applicant 30 days to file an amended application for the appropriate class of license, accompanied by any additional license fee, with the municipal officers or county commissioners, as the case may be. If the applicant fails to file an amended application within 30 days, the original application must be denied by the bureau. The bureau shall notify the applicant in writing of its decision to deny the application including the reasons for the denial and the rights of appeal of the applicant.

2. Findings. In granting or denying an application, the municipal officers or the county commissioners shall indicate the reasons for their decision and provide a copy to the applicant. A license may be denied on one or more of the following grounds:

A. Conviction of the applicant of any Class A, Class B or Class C crime;

B. Noncompliance of the licensed premises or its use with any local zoning ordinance or other land use ordinance not directly related to liquor control;

C. Conditions of record such as waste disposal violations, health or safety violations or repeated parking or traffic violations on or in the vicinity of the licensed premises and caused by persons patronizing or employed by the licensed premises or other such conditions caused by persons patronizing or employed by the licensed premises that unreasonably disturb, interfere with or affect the ability of persons or businesses residing or located in the vicinity of the licensed premises to use their property in a reasonable manner;

D. Repeated incidents of record of breaches of the peace, disorderly conduct, vandalism or other violations of law on or in the vicinity of the licensed premises and caused by persons patronizing or employed by the licensed premises;

D-1. Failure to obtain, or comply with the provisions of, a permit for music, dancing or entertainment required by a municipality or, in the case of an unincorporated place, the county commissioners;

E. A violation of any provision of this Title;

F. A determination by the municipal officers or county commissioners that the purpose of the application is to circumvent the provisions of section 601; and

G.After September 1, 2010, server training, in a program certified by the bureau and required by local ordinance, has not been completed by individuals who serve alcoholic beverages.

3. Appeal to bureau. Any applicant aggrieved by the decision of the municipal officers or county commissioners under this section may appeal to the bureau within 15 days of the receipt of the written decision of the municipal officers or county commissioners. The bureau shall hold a public hearing in the city, town or unincorporated place where the premises are situated. In acting on such an appeal, the bureau may consider all licensure requirements and findings referred to in subsection 2.

A. Repealed

B. If the decision appealed from is an application denial, the bureau may issue the license only if it finds by clear and convincing evidence that the decision was without justifiable cause.

4. Repealed

5. Appeal to District Court. Any person or governmental entity aggrieved by a bureau decision under this section may appeal the decision to the District Court within 30 days of receipt of the written decision of the bureau.

An applicant who files an appeal or who has an appeal pending shall pay the annual license fee the applicant would otherwise pay. Upon resolution of the appeal, if an applicant's license renewal is denied, the bureau shall refund the applicant the prorated amount of the unused license fee.

Section IV: Terms and Conditions of Licensure as an Establishment that sells liquor for on-premises consumption in Maine

- The licensee/applicant(s) agrees to be bound by and comply with the laws, rules and instructions promulgated by the Bureau.
- The licensee/applicant(s) agrees to maintain accurate records related to an on-premise license as required by the law, rules and instructions promulgated or issued by the Bureau if a license is issued as a result of this application.
    - The licensee/applicant(s) authorizes the Bureau to obtain and examine all books, records and tax returns pertaining to the business, for which this liquor license is requested, and also any books, records and returns during the year in which any liquor license is in effect.
- Any change in the licensee's/applicant's licensed premises as defined in this application must be approved by the Bureau in advance.
- All new applicants must apply to the Alcohol and Tobacco Tax and Trade Bureau (TTB) for its Retail Beverage Alcohol Dealers permit. See the TTB's website at https://www.ttb.gov/nrc/retail-beverage-alcohol-dealers for more information.

Section V: Fee Schedule

Filing fee required. In addition to the license fees listed below, a filing fee of $10.00 must be included with all applications.

Please note: For Licensees/Applicants in unorganized territories in Maine, the $10.00 filing fee must be paid directly to County Treasurer. All applications received by the Bureau from licensees/applicants in unorganized territories must submit proof of payment was made to the County Treasurer together with the application.

Class of License	Type of liquor/Establishments included	Fee
Class I	**For the sale of liquor (malt liquor, wine and spirits)**	$ 900.00

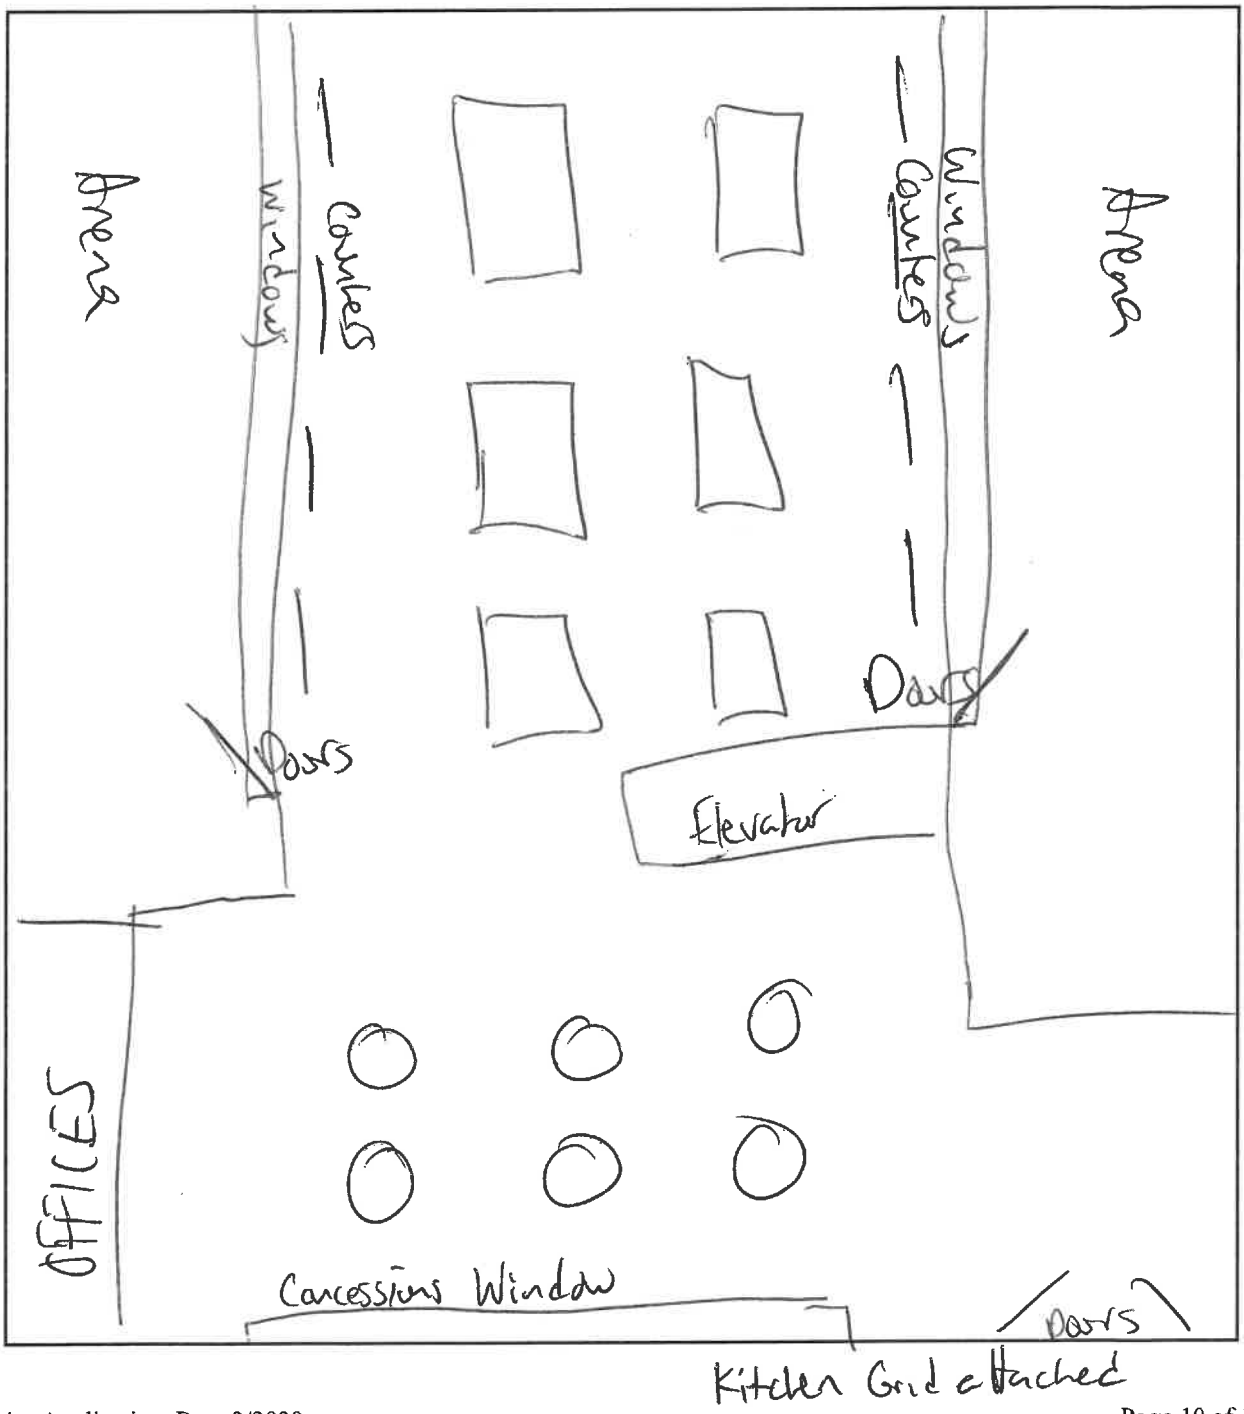
	This class includes only a Restaurant Lounge	

Section VI Premises Floor Plan

In an effort to clearly define your license premise and the areas that consumption and storage of liquor authorized by your license type is allowed, the Bureau requires all applications to include a diagram of the premise to be licensed.

Diagrams should be submitted on this form and should be as accurate as possible. Be sure to label the following areas: entrances, office area, coolers, storage areas, display cases, shelves, restroom, point of sale area, area for on-premise consumption, dining rooms, event/function rooms, lounges, outside area/decks or any other areas on the premise that you are requesting approval. Attached an additional page as needed to fully describe the premise.



Section VII: Required Additional Information for a Licensee/Applicant for an On-Premises Liquor License Who are Legal Business Entities

Questions 1 to 4 of this part of the application must match information in Section I of the application above and match the information on file with the Maine Secretary of State's office. If you have questions regarding your legal entity name or DBA, please call the Secretary of State's office at (207) 624-7752.

All Questions Must Be Answered Completely. Please print legibly.

1. Exact legal name: Ryan and Carver Concessions Group LLC
2. Doing Business As, if any: Ringers
3. Date of filing with Secretary of State: 9/1/22 State in which you are formed: ME
4. If not a Maine business entity, date on which you were authorized to transact business in the State of Maine:

City Council Information Sheet

Council Workshop or Meeting Date: December 5, 2022 **Order:** 160-12052022

Author: Brian Wood, Assistant City Manager

Subject: Purchase of a portable stage

Information:
The City of Auburn has historically rented a stage 2 to 4 times a year for various performances and events. With an increase in major events planned over the next several years an investment in a mobile stage, equipment and training would remediate the need to rent a stage and allow for greater flexibility with events.

City Budgetary Impacts:
$180,000.00

Staff Recommended Action:
Staff recommends supporting this purchase

Previous Meetings and History:
N/A

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: December 5, 2022 **Ordinance:** 24-12052022

Author: Eric Cousens, Director of Planning and Permitting

Subject: First Reading on a Zone Change Petition for 150 Andrew Drive (Parcel I.D. 347-003)

Information: On November 15, 2022, The Planning Board held a public hearing and vote on a petition submitted to amend the areas outside the Lake Auburn watershed: 33.49 +/- acres of 38.22 total acres at 150 Andrew Drive (Parcel I.D. 347-003) from Agricultural and Resource Protection (AG), occupying 29.92 +/- acres, and Low-Density Country Residential (LDCR), occupying 3.576 acres, zoning districts to Suburban Residential (SR) zoning district. The remaining 4.73 +/- acres in the Lake Auburn Watershed District would remain protected through an AG zone designation. The proposal is pursuant to Chapter 60 Article XVII Division 2— Amendment to the Zoning Ordinance or Zoning Map.

After the Planning Board voted against a motion to not rezone the parcel, they made a favorable recommendation to "amend 33.49 +/- acres of the 38.22 total acres on 150 Andrew Drive (Parcel I.D. 347-003) from Agriculture and Resource Protection (AG), occupying 29.92 +/- acres, and Low-Density Country Residential (LDCR), occupying 3.57 +/- acres, zoning districts to the Suburban Residential (SR). The remaining 4.73 +/- acres in the Lake Auburn Watershed District would remain protected through an AG zone designation."

At the hearing it was noted by a member of the public that the Maine Municipal Guide for Planning Boards recommends that Board Members not represent clients in front of the Planning Board that they serve on. Board Member Brian Dubois did his due diligence and asked if he could recuse himself from the item but still participate and represent his client as a member of the public and local Real Estate Broker and was advised that that he could, and that the recusal was the appropriate action on his part. Staff has since researched the issue further and although State Law allows it, local Planning Board policy is more stringent, and doe does not allow it. We raise this issue for full transparency and to note that the Board Member did as he was advised and had no intention of violating a policy or rule. The Council, if they choose, could remedy this by requesting that the Planning Board hold a new hearing, without the participation of the board member that had a conflict and recused himself from deliberation as a Board Member. It is unlikely that this would result in a different outcome and may not be worthwhile, but it has brought attention to the policy for future referrals. The policy is up for review in February and Staff will work with the Board to align the Policy with updated Maine Municipal Association Guidance and State Law and to ensure staff and the Board are familiar with the updated policy.

City Budgetary Impacts:

Staff Recommended Action:
Staff suggests Council hold the first reading vote to pass the Planning Board's recommendation to amend 33.49 +/- acres of the 38.22 total acres on 150 Andrew Drive (Parcel I.D. 347-003) from Agriculture and Resource Protection (AG), occupying 29.92 +/- acres, and Low-Density Country Residential (LDCR), occupying 3.57 +/-

acres, zoning districts to the Suburban Residential (SR). The remaining 4.73 +/- acres in the Lake Auburn Watershed District would remain protected through an AG zone designation.

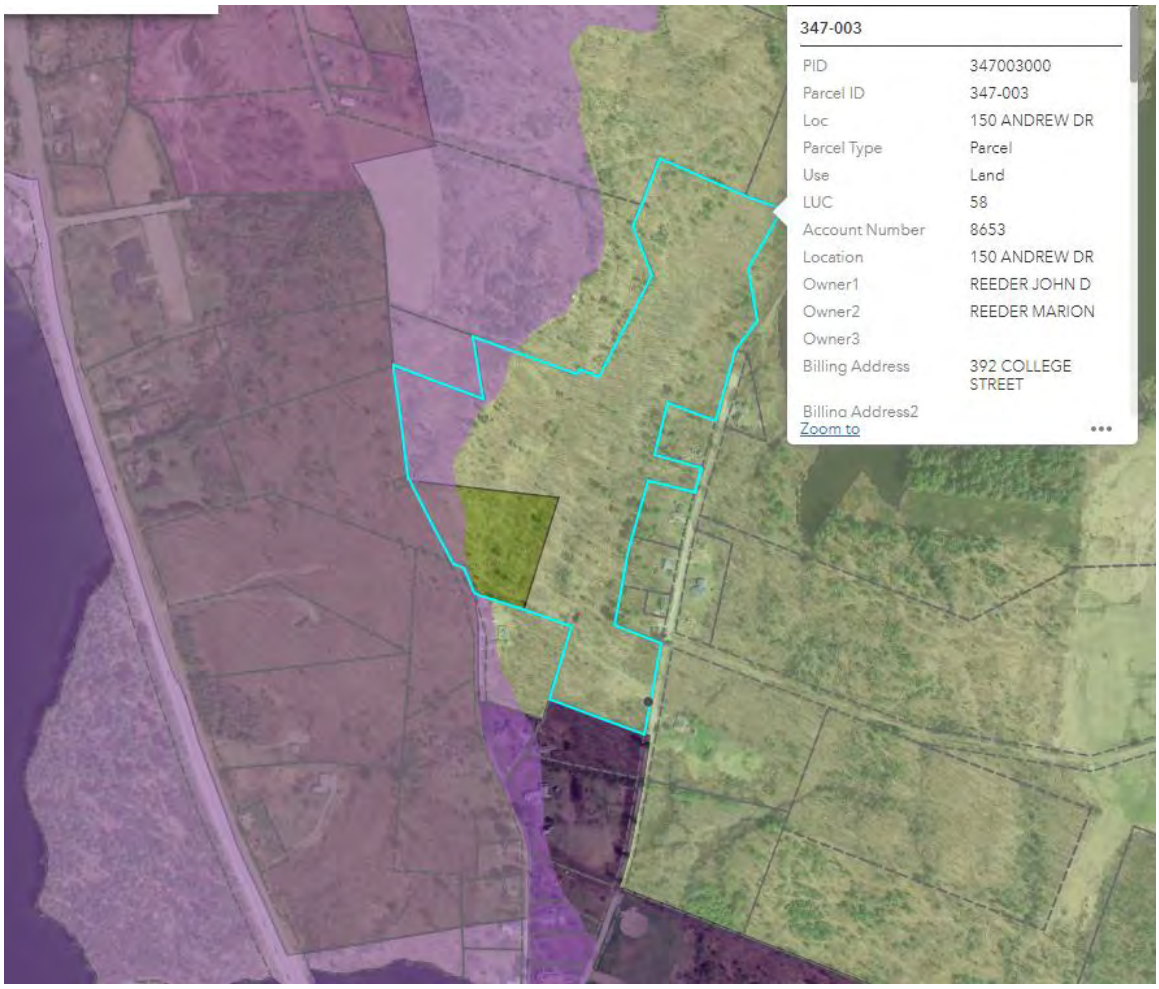
City of Auburn, Maine
Office of Planning & Permitting
Eric Cousens, Director
60 Court Street | Auburn, Maine 04210 www.auburnmaine.gov | 207.333.6601

To: Auburn Planning Board
From: Katherine Cook, Planning Coordinator
Re: Zone Change Petition for 150 Andrew Drive (Parcel I.D. 347-003)
Date: November 15, 2022

Proposal: Petition/ Zone Change Request: Petition to amend the areas outside the Lake Auburn watershed: 33.49 +/- acres of 38.22 total acres on 150 Andrew Drive (Parcel I.D. 347-003) from Agricultural and Resource Protection (AG), occupying 29.92 +/- acres, and Low-Density Country Residential (LDCR), occupying 3.57 +/- acres, zoning districts to Suburban Residential (SR). The remaining 4.73 +/- acres in the Lake Auburn Watershed District would remain protected through and AG zone designation. The proposal is pursuant to Chapter 60 Article XVII Division 2—Amendment to the Zoning Ordinance or Zoning Map.



Amendments to the zoning ordinance, including the zoning map, may be initiated by the Planning Board on its own initiative or upon request by the City Council or by a petition signed by not less than 25 registered voters of the city (Ord. of 9-21-2009, § 8.1A).
One of the primary tests of a zone change is its conformance with the Comprehensive Plan.
The 2021 Comprehensive Plan provides two standards and mechanisms to consider if rezoning this parcel. First, residential strip zones may be appropriate based on a few considerations. One of these criteria are the existence of an established residential pattern. An established pattern means at least six to eight homes per half mile counting both sides of the road. This road meets the criteria with seven homes in 0.25 miles. The Comprehensive Plan guides the city to also consider "Reserve Area Adjacency" (maintained as undeveloped for the purpose of a different use in the foreseeable future) and "Natural Resource Adjacency" (areas with significant natural value) as reason to not provide a residential strip zone. Part of the parcel has slopes with a grade of over 25%, where a residential strip should not be placed according to the comprehensive plan. Residential strips adjacent to Agriculture and Resource Protection land in Auburn are commonly 450 ft deep.

Based on the guidance within the comprehensive plan and considering the slopes and location of this parcel, staff recommends that the Board vote in favor of rezoning a portion, 21.06 +/- acres, instead of 33.49 +/- acres requested in the petition. By excluding the parts of the parcel that have steep slopes as defined in the Comprehensive Plan and parts of the parcel in the watershed and finally applying 450 ft residential strips, staff recommends that the Planning Board rezone 21.06 +/- acres as Suburban Residential with 12.00 +/- acres to remain in AG and 4.66 +/- acres to remain in LDCR as shown on the map below as depicted in the original text and map.

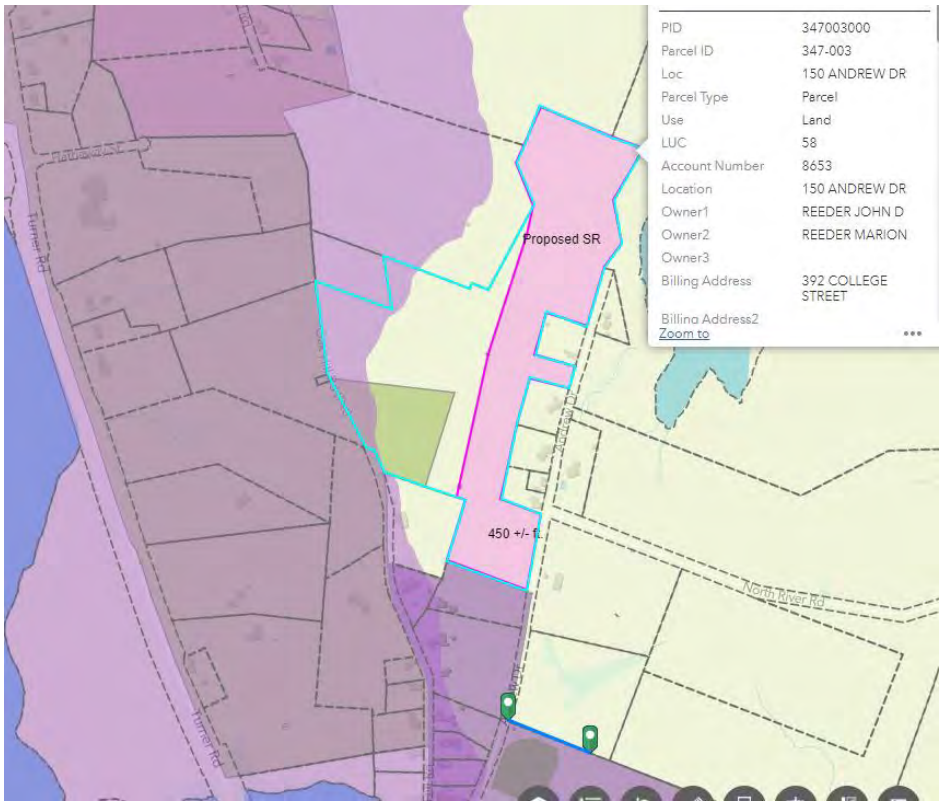


Figure 1—Staff Suggested Zone Change, supported by 2021 Comprehensive Plan.

Andrew Drive is adjacent to Gulf Island Pond where a public boat launch was proposed by the city in the past. At the time, the proposal was rejected because of safety concerns

on Route 4. This summer, considerable safety upgrades have been made on the road addressing the original concerns that prevented the boat launch. While the board considers rezoning 150 Andrew Drive, they may also consider rezoning the easterly side of the road abutting the river to SR as well to allow for future public access.

The Board may decide to initiate a zone change at a later meeting to rezone the five remaining parcels on the westerly side of Andrew Drive from AG to SR and an additional 450 ft. Strip from AG to SR on the easterly side of Andrew Drive beginning at Parcel I.D. 337-021, 101 Andrew Drive, ending north where Andrew drive ends or determined by the board and council. With this change, the board may decide to change the portion of the parcel in question currently zoned as LDCR to AG. The purpose of these subsequent changes would be to create a strip zone consistent with the Comprehensive Plan allowing for riverfront access thereby enhancing the neighborhood with waterfront recreational activity. The other purpose of the subsequent zone change would be to convert land within the watershed to Agriculture and Resource Protection which is currently in LDCR. The map of a future change could look like the following:

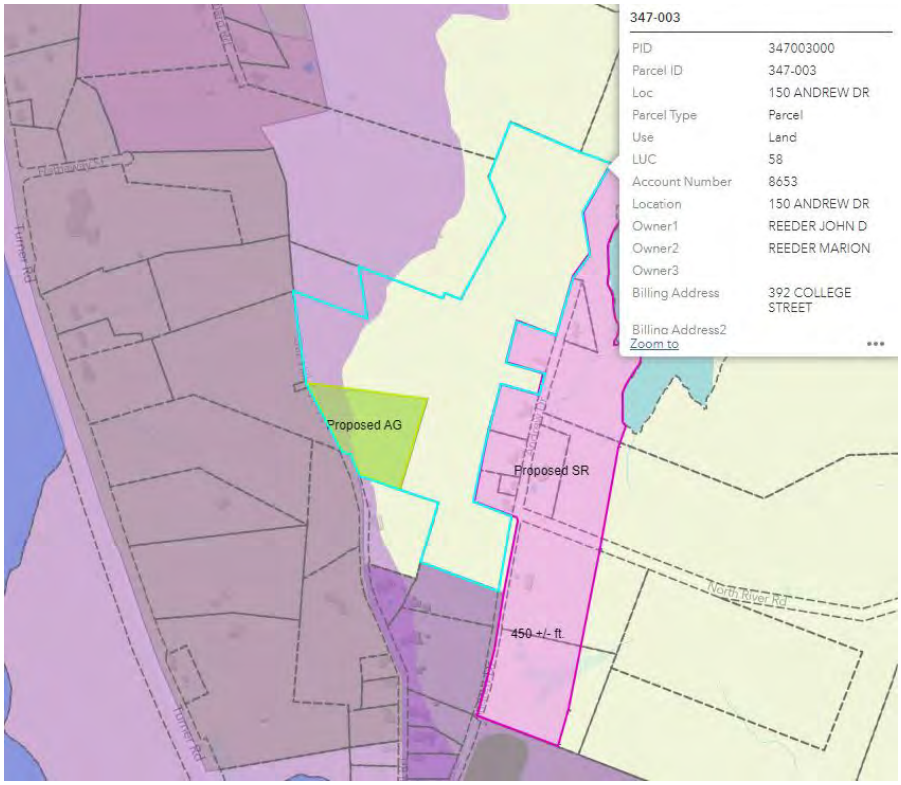

Figure 2—Possible future change not part of this petition.

The Board could instead opt to change the existing Low-Density Country Residential to Suburban Residential zoning or leave it as it is.

A second Comprehensive Plan supported option the Board could consider changing the area of the parcel proposed in the petition. This proposal could also be considered as an expansion of an existing historic core as referenced in the Comprehensive Plan:

"The Future Land Use Plan shows graphically how the City's land use policies apply to the land area of the community, and where and how growth and development should and should not be accommodated over the next decade. The Future Land Use Plan is not a zoning map. It is intended to show, in a general sense, the desired pattern of future land use and development. The intention is that this Future Land Use Plan will guide near-term revisions to the City's zoning ordinance and maps to assure that the City's land use regulations are consistent with the policies set forth in this Comprehensive Plan. In addition, by designating transitional districts, the Future Land Use Plan is designed to guide future zoning changes when the circumstances become appropriate.

This Future Land Use Plan reaffirms the basic objective of land use planning, that development in Auburn should grow out from the historic cores (downtown, Danville, New Auburn, West Auburn, and East Auburn) and from older established neighborhoods. This policy was originally set forth in the City's first comprehensive plan over a half century ago and has continued to guide the City's land use planning ever since. We continue to believe that growth out from the downtown core and older established neighborhoods provides the most efficient utilization of city services" (Chapter 2 Page 86)

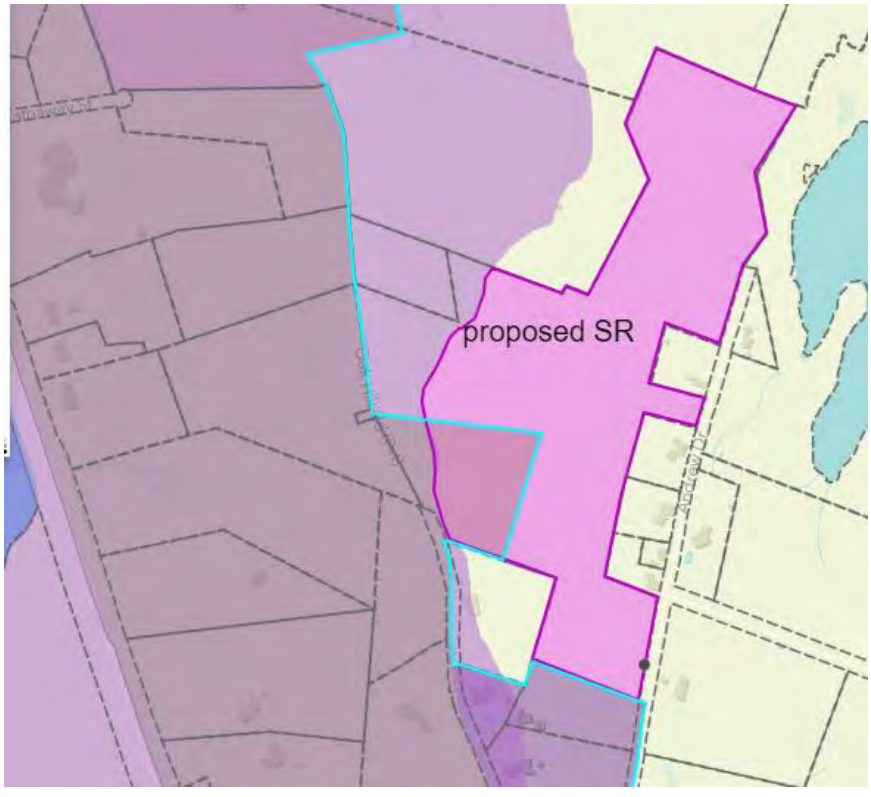

Figure 3—Second Comprehensive Plan Supported change, and the change requested in the petition.

Planning Board Action: Staff recommends that the planning board rezone 21.06 +/- acres bordering Andrew Drive in the AG zone to SR and leave 12.00 +/- acres remaining in the AG zone, and 4.66 +/- acres to remain in LDCR following the boundaries in figure 1; or that the planning board rezone 33.49 +/- acres of 38.22 total acres on 150 Andrew Drive (Parcel I.D. 347-003) from Agricultural and Resource Protection (AG), occupying 29.92 +/- acres, and Low-Density Country Residential (LDCR), occupying 3.57 +/- acres, zoning districts to Suburban Residential (SR) as shown in Figure 3.

Suggested Findings of Fact

1. The applicant submitted rezoning petitions and signatures, City Zoning maps with Parcels identified, 500' abutters list, and plans which met the standards the required materials to make the Zone change on October 3, 2022, thus meeting the time frame and submission standards (Sec. 60-1446).
2. The proposal can be implemented without detriment to city resources.
3. The proposal meets the general future land use plan pattern of development and is consistent with the current comprehensive plan.
4. The zone change will occur outside the Lake Auburn watershed.

Department Review

N/A

Suggested Motion

A. I make a motion to change 21.06 +/- acres of the 38.22 total acres on 150 Andrew Drive (Parcel I.D. 347-003) from Agriculture and Resource Protection (AG) to Suburban Residential (SR) outside the Lake Auburn Watershed, following the map depiction in *Figure 1.*

OR

B. I make a motion to amend 33.49 +/- acres of 38.22 total acres on 150 Andrew Drive (Parcel I.D. 347-003) from Agricultural and Resource Protection (AG), occupying 29.92 +/- acres, and Low-Density Country Residential (LDCR), occupying 3.57 +/- acres, zoning districts to Suburban Residential (SR). The remaining 4.73 +/- acres in the Lake Auburn Watershed District would remain protected through and AG zone designation.

REZONING PETITION

We, the undersigned registered voters of the City of Auburn, do herein petition the City of Auburn to amend the Agricultural/Rural zoning portion of the zoning ordinance on (PID 347-003) to allow for a Zone change of Agriculture & Resource Protection Zone to Suburban Residential to support residential opportunities in an otherwise residential neighborhood along Andrews Drive and Oak Hill Road. The property has not been in agricultural use for the last 30 years. The lot is outside the floodplain. Of the 38.22 total acres, approximately 4.73 acres lies in the Lake Auburn Watershed District and would remain protected. Only the remaining 33.49+/- acres is recommended for a Zone change.

DIVISION 5. SUBURBAN RESIDENCE DISTRICT

Sec. 60-254. Purpose.

This district is intended to provide for, protect and stabilize low density suburban residential areas and their adjunct public and institutional uses. It is designed to ensure an open character of development through its lot size requirements and through permitting of certain uses, rural in nature, that are compatible with residential uses.

(Ord. of 9-21-2009, § 3.42A)

Sec. 60-255. Use regulations.

(a) *Permitted uses.* The following uses are permitted:

(1) One-family detached dwellings.

(2) Two-family dwellings.

(3) Attached single-family dwellings, provided that they are approved by the planning board as part of a planned residential unit development and subdivision, under the provisions of division 9 of article IV and division 4 of article XVI of this chapter.

(4) Mobile home parks, subject to the requirements and conditions of section 60-669, mobile home park standards.

(5) Farming of field crops, row crops, orchards or truck gardens.

(6) Greenhouses.

(7) Licensed veterinarians, provided that the lot containing same is of at least three acres.

(8) Farm, livestock provided that the land area required per animal unit conforms to the definition of farm, livestock contained in section 60-2 and:

a. A site plan be submitted to the municipal officer charged with enforcement that contains the information required by section 60-1301.

b. Upon request, the municipal officer charged with enforcement may waive the necessity of providing any of the foregoing information which is not relevant to the proposed development.

c. In judging whether or not a permit to operate an animal farm will be issued, the municipal officer charged with enforcement shall review and make a decision consistent with the finding requirements of section 60-1304.

(9) Wayside stands.

(10) Accessory uses, buildings or structures.

(11) Lawn maintenance services.

(12) Municipal uses and buildings.

(b) *Special exception uses.* The following uses are permitted by special exception after approval by the planning board in accordance with division 3 of article XVI of this chapter:

(1) All uses permitted by special exception in the Rural Residence (RR) District, except those uses allowed by section 60-229(b)(3), (9), (11) and (12).

(2) Professional offices may be created within existing single-family residences in existence at the time of adoption of this chapter, provided the following conditions are met:

a. Such residences shall have frontage on a major arterial as defined in the city's comprehensive plan.

b. Access to parking shall be located on the arterial frontage except for corner lots, in which case access may be located on the secondary roadway frontage.

c. In addition to meeting the requirements of article V of this chapter, required parking shall be separated from all lot lines by a buffer of 30 feet in width. Such buffer shall be vegetated in a manner to fully screen parked vehicles from view at the lot lines. A driveway serving such a parking area must be separated from the side lot line by a sight impervious fence of six feet in height or a buffer of ten feet in width meeting the vegetation requirements of this subsection (b)(2)c.

d. Signage shall be limited to a single nonilluminated sign with a maximum of 16 square feet of display per side.

(3) Adaptive reuse of structures of community significance.

(Ord. of 9-21-2009, § 3.42B; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 11-03012021, §§ 15—17, 3-15-2021)

Sec. 60-256. Dimensional regulations.

All structures in this district, except as noted, shall be subject to the following dimensional regulations:

(1) *Minimum lot area, width and depth.* No lot shall be created and/or no building shall be erected on a lot containing less than 21,780 square feet, and measuring less than 150 feet in width; and measuring less than 125 feet in depth.

(2) *Density.* The density of dwelling units shall not exceed an average of two dwellings per acre.

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 25 feet or 25 percent of the average depth of lot, whichever is less.

b. *Side.* There shall be a minimum distance of five feet between any building and the side property line plus the side yard setback shall be increased one foot for every five feet or part thereof increase in street frontage over 50 feet to a maximum of 15 feet for side yard setback.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot whichever is less.

(4) *Height.* The height of all structures shall be limited to 2½ stories or 35 feet in height with the following exceptions: A farm accessory building or structure, church or temple, or windmill may have a maximum height of 65 feet from grade, provided that the front yard, rear yard and each of the side yards shall be increased by one foot for each foot in height in excess of 35 feet.

(5) *Off-street parking.* Off-street parking spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.42C; Ord. No. 11-03012021, § 18, 3-15-2021)

Secs. 60-257—60-275. Reserved.

shoreland zoning under state law. It establishes water body setback requirements and performance standards and is being updated to reflect current state requirements.

3. Rural Residential Road Strips

The city has historically zoned narrow strips of land along some rural roads for low density residential development. These strips represent a compromise between the City's goal of limiting residential development in rural areas, and existing conditions along these rural roads. As part of the development of the Future Land Use Plan (see Chapter 2), the City conducted a comprehensive review of where residential strips should and should not be created based upon the following set of criteria. The considerations outlined below apply sequentially – first to identify where strips are appropriate based on current land use patterns, and then to work through where residential strips are inappropriate based on a variety of considerations.

Consideration #1 – Established Residential Pattern

A residential strip **may be provided** along a rural road where there is an established pattern of residential uses along the road. An established residential pattern means at least 6-8 homes per half mile counting both sides of the road. In general, both sides of a road should have a residential strip unless there is a significant reason not to allow residential development based on the following considerations.

Consideration #2 – Reserve Area Adjacency

A residential strip **should not be provided** along a rural road if the area adjacent to the road is a "reserve area" where the objective is to maintain the land as undeveloped to allow for its conversion to a different use in the foreseeable future. There should be some realistic expectation that something will occur that will change the desired land use for the area in the future.

Consideration #3 – Natural Resource Adjacency

A residential strip **should not be provided** along a rural road if the area adjacent to the road has significant natural resource value. Areas with significant natural value include areas that are zoned Resource Protection or are high value wetlands, 100 Year floodplains, significant wildlife habitats, and areas with steep slopes (>25%).

Consideration #4 – Conservation/Open Space Adjacency

A residential strip **should not be provided** along a rural road where the adjacent land is protected open space, or where there is a reasonable expectation that the land will be preserved as open space in the foreseeable future, and residential development is inconsistent with that open space use.

Consideration #5 -- Ability to Provide Public Services

A residential strip **should not be provided** along a rural road if residential development will tax the City's ability to provide municipal services as indicated by the following:

- The road is a gravel or dirt road
- The road is a poorly maintained paved road that will need to be improved to support residential development along it

Consideration #6 – Water Quality Protection

A residential strip **should not be provided** along rural roads with undeveloped frontage that are in the watershed of Lake Auburn unless such development will not have an adverse impact on the lake's water quality.

The Future Land Use Plan (see Chapter 2) shows the areas where low density residential development is proposed to be allowed along rural roads based on these criteria. These criteria should be used in the future to review the areas designated as residential strips as conditions change, or to review property owner-initiated requests for rezoning.

4. NEIGHBORHOOD BUSINESS DISTRICTS

The city has several neighborhood businesses that are located within residential neighborhoods. It is the City's policy to support the retention and improvement of these businesses since they offer a valuable service to the City's residents. It is also the City's policy to encourage the owners of these properties to reinvest in maintaining and improving these buildings. To accomplish these objectives, the Future Land Use Plan (see Chapter 2) designates these properties as Neighborhood Business Districts. The standards for these districts allow the existing nonresidential use to be maintained and improved if it is compatible with the surrounding neighborhood. The standards also allow for replacing an existing use with a new nonresidential use (other than service stations and auto service facilities) if it is appropriate for the neighborhood. The primary objective in creating these districts is to encourage the retention of these neighborhood businesses. If the property includes nonresidential space, whether occupied or not, the property should remain in the Neighborhood Business District to allow re-occupancy

RE: Planning Board Recommendation to City Council on Zone Change Petition for 150 Andrew Drive (Parcel I.D. 347-003)

Date: November 15, 2022

This is the report from the Planning Board regarding the above-described map amendments pursuant to Section 60-1496 of the City of Auburn Ordinances. After notice and Public Hearings held on November 15, 2022, the Planning Board forwards this report to the City Council.

Proposal: Petition/ Zone Change Request: Petition to amend the areas outside the Lake Auburn watershed: 33.49 +/- acres if 38.22 total areas on 150 Andrew Drive (Parcel I.D. 347-003) from Agricultural and Resource Protection (AG), occupying 29.92 +/- acres, and Low-Density Country Residential (LDCR), occupying 3.576 acres, zoning districts to Suburban Residential (SR) zoning district. The remaining 4.73 +/- acres in the Lake Auburn Watershed District would remain protected through an AG zone designation. The proposal is pursuant to Chapter 60 Article XVII Division 2—Amendment to the Zoning Ordinance or Zoning Map.

Motion: Stacey LeBlanc; Second: Paul Jacques

"I make a motion to recommend changing 33.49 +/- acres of the 38.22 total acres on 150 Andrew Drive (Parcel I.D. 347-003) from Agriculture and Resource Protection (AG), occupying 29.92 +/- acres, and Low-Density Country Residential (LDCR), occupying 3.57 +/- acres, zoning districts to the Suburban Residential (SR). The remaining 4.73 +/- acres in the Lake Auburn Watershed District would remain protected through an AG zone designation."

Motion passes 5-1-1

ORDINANCE 24-12052022

City Council Ordinance

IN CITY COUNCIL

Zoning map amendment changing 33.49 +/- acres of the 38.22 total acres on the 150 Andrew Drive (Parcel I.D. 347-003) from Agriculture and Resource Protection (AG) and Low-Density Country Residential (LDCR) zoning districts to the Suburban Residential (SR) zoning district.

Be it ordained, that the City Council approve the zoning map amendment changing 33.49 +/- acres of the 38.22 total acres on the 150 Andrew Drive (Parcel I.D. 347-003) from Agriculture and Resource Protection (AG), occupying 29.92 +/- acres, and Low-Density Country Residential (LDCR), occupying 3.57 +/- acres, zoning districts to the Suburban Residential (SR). The remaining 4.73 +/- acres in the Lake Auburn Watershed District would remain protected through an AG zone designation as shown on attached map.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: December 19, 2022

Subject: Executive Session

Information: Legal consultation, pursuant to 1 M.R.S.A. Section 405(6) (E).

Executive Session: On occasion, the City Council discusses matters which are required or allowed by State law to be considered in executive session. Executive sessions are not open to the public. The matters that are discussed in executive session are required to be kept confidential until they become a matter of public discussion. In order to go into executive session, a Councilor must make a motion in public. The motion must be recorded, and 3/5 of the members of the Council must vote to go into executive session. An executive session is not required to be scheduled in advance as an agenda item, although when it is known at the time that the agenda is finalized, it will be listed on the agenda. The only topics which may be discussed in executive session are those that fall within one of the categories set forth in Title 1 M.R.S.A. Section 405(6). Those applicable to municipal government are:

A. Discussion or consideration of the employment, appointment, assignment, duties, promotion, demotion, compensation, evaluation, disciplining, resignation or dismissal of an individual or group of public officials, appointees or employees of the body or agency or the investigation or hearing of charges or complaints against a person or persons subject to the following conditions:
(1) An executive session may be held only if public discussion could be reasonably expected to cause damage to the individual's reputation or the individual's right to privacy would be violated;
(2) Any person charged or investigated must be permitted to be present at an executive session if that person so desires;
(3) Any person charged or investigated may request in writing that the investigation or hearing of charges or complaints against that person be conducted in open session. A request, if made to the agency, must be honored; and
(4) Any person bringing charges, complaints or allegations of misconduct against the individual under discussion must be permitted to be present. This paragraph does not apply to discussion of a budget or budget proposal;

B. Discussion or consideration by a school board of suspension or expulsion of a public school student or a student at a private school, the cost of whose education is paid from public funds, as long as:
(1) The student and legal counsel and, if the student is a minor, the student's parents or legal guardians are permitted to be present at an executive session if the student, parents or guardians so desire;

C. Discussion or consideration of the condition, acquisition or the use of real or personal property permanently attached to real property or interests therein or disposition of publicly held property or economic development only if premature disclosures of the information would prejudice the competitive or bargaining position of the body or agency;

D. Discussion of labor contracts and proposals and meetings between a public agency and its negotiators. The parties must be named before the body or agency may go into executive session. Negotiations between the representatives of a public employer and public employees may be open to the public if both parties agree to conduct negotiations in open sessions;

E. Consultations between a body or agency and its attorney concerning the legal rights and duties of the body or agency, pending or contemplated litigation, settlement offers and matters where the duties of the public body's or agency's counsel to the attorney's client pursuant to the code of professional responsibility clearly conflict with this subchapter or where premature general public knowledge would clearly place the State, municipality or other public agency or person at a substantial disadvantage;

F. Discussions of information contained in records made, maintained or received by a body or agency when access by the general public to those records is prohibited by statute;

G. Discussion or approval of the content of examinations administered by a body or agency for licensing, permitting or employment purposes; consultation between a body or agency and any entity that provides examination services to that body or agency regarding the content of an examination; and review of examinations with the person examined; and

H. Consultations between municipal officers and a code enforcement officer representing the municipality pursuant to Title 30-A, section 4452, subsection 1, paragraph C in the prosecution of an enforcement matter pending in District Court when the consultation relates to that pending enforcement matter.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: December 19, 2022 **Order:** 161-12192022

Author: Sue Clements-Dallaire, City Clerk

Subject: Appointment of Registrar of Voters

Information: The City Council must appoint a Registrar of Voters as outlined in Title 21-A, section 101. Sue has served as Deputy Registrar of Voters from 2008 – 2011 and Registrar of Voters since 2011. The term expiration for this appointment is 12/31/2024.

21-A, Sec. 101 - The municipal officers of each municipality shall appoint in writing a qualified registrar of voters by January 1st of each odd-numbered year. The registrar shall serve for 2 years and until a successor is appointed and sworn. The municipal clerk may be appointed to serve as registrar, but the term of the clerk has no effect on the term of the registrar. If the clerk is not appointed to serve as registrar, the clerk must be appointed by the registrar to serve as a deputy registrar and has the same authority as the registrar to make determinations of voter eligibility and to perform the duties of voter registration as provided in this Title.

City Budgetary Impacts: N/A

Staff Recommended Action: Recommend passage

Previous Meetings and History: Every two years

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell J.

§2461. ELECTION BY MUNICIPAL OFFICERS

The municipal officers of a municipality may elect or appoint a sealer of weights and measures, and a deputy sealer if necessary, not necessarily a resident of that municipality, and the sealer and deputy sealer hold office during their efficiency and the faithful performance of their duties. The state sealer has final approval authority over a sealer or deputy sealer elected or appointed pursuant to this section. Prior to approval or assuming any duties, a sealer or deputy sealer elected or appointed pursuant to this section must successfully complete certification by the National Conference on Weights and Measures as a weights and measures professional in the National Conference on Weights and Measures professional certification program for the device types the sealer or deputy sealer wishes to seal. On complaint being made to the municipal officers of the inefficiency or neglect of duty of a sealer or deputy sealer, the municipal officers shall set a date for and give notice of a hearing to the complainant, the relevant sealer and the state sealer. If evidence satisfies the municipal officers that the sealer or deputy sealer has been inefficient or has neglected the sealer's or deputy sealer's duty, they may remove the sealer or deputy sealer from office and elect or appoint another in the sealer's or deputy sealer's stead. The state sealer has jurisdiction over a sealer or deputy sealer elected or appointed pursuant to this section, and any vacancy caused by death or resignation must be filled by election or appointment by the municipal officers within 30 days. Within 10 days after each such election or appointment, the clerk of each municipality shall communicate the name of the person so elected or appointed to the state sealer. A sealer of weights and measures in any municipality may be sealer for several municipalities, if such is the pleasure of the municipal officers of those municipalities, as long as this action receives the approval of the state sealer. The state sealer or the state sealer's designee shall test and certify annually municipal weights and measures equipment used by a sealer or deputy sealer elected or appointed pursuant to this section.[2017, c. 172, §1(NEW).]

§2462. MUNICIPALITIES THAT DO NOT CHOOSE A SEALER

If the municipal officers do not elect or appoint a sealer or fail to make a return to the state sealer of the election or appointment within 30 days after the election or appointment in accordance with section 2461, the state sealer retains sole authority to enforce this chapter in that municipality and the concurrent authority provided under section 2411 does not apply in that municipality. Pursuant to section 2402, subsection 7, the state sealer may appoint a qualified person to carry out the state sealer's responsibilities in that municipality, and any person appointed under this section may serve in that capacity for more than one municipality. [2017, c. 172, §1 (NEW).]

§2463. POWERS AND DUTIES

A weights and measures official elected or appointed for a municipality has the duties enumerated in section 2402, subsections 2 to 9 and the powers enumerated in section

2403. These powers and duties extend to the official's jurisdiction. [2017, c. 172, §1 (NEW).]
SECTION HISTORY 2017, c. 172, §1 (NEW).

§2464. RECORDS OF WEIGHTS AND MEASURES SEALED; ANNUAL REPORT
A sealer shall keep records of all weights and measures, balances and measuring devices inspected, sealed or condemned by that sealer, giving the name of the owner or agent, the place of business, the date of inspection and kind of apparatus inspected, sealed or condemned. The sealer shall make an annual report on July 1st for the 12 preceding months on forms prescribed by the state sealer and shall furnish such information as the state sealer may require. [2017, c. 172, §1 (NEW).]

ORDER 163-12192022

City Council Order

IN CITY COUNCIL

ORDERED, that the City Council hereby re-appoints Bryan Bachelder as the Local Sealer of Weights and Measures with a term expiration of December 31, 2023.

Richard Whiting, Ward One
Joseph Morin, Ward Four
Belinda A. Gerry, At Large

Ryan Hawes, Ward Two
Leroy G. Walker, Ward Five
Jason J. Levesque, Mayor

Stephen G. Milks, Ward Three
Dana Staples, At Large
Phillip L. Crowell, Jr., City Manager

Mayor Levesque called the meeting to order at 7:00 P.M. in the Council Chambers of Auburn Hall and led the assembly in the salute to the flag. All Councilors were present.

7:00 P.M. City Council Meeting

Pledge of Allegiance

I. **Consent Items** – All items with an asterisk (*) are considered routine and will be enacted by one motion. There will be no separate discussion of these items unless a Council member or a citizen so requests, in which event, the item will be removed from the Consent Agenda and considered in its normal sequence on the agenda.

1. **Order 156-12052022***
Confirming the Mayor's appointment of Scott Berry to the Mayor's Ad Hoc Committee to develop permit ready housing.

Motion was made by Councilor Staples and seconded by Councilor Walker for passage.

Passage 7-0.

II. **Minutes** – November 21, 2022, Regular Council Meeting

Motion was made by Councilor Walker and seconded by Councilor Staples to approve the minutes of the November 21, 2022 Regular Council Meeting.

Passage 7-0.

III. **Communications, Presentations and Recognitions**

- Communication – Staff response to the Sustainability and Natural Resource Management Board (SNRB) communication (Phil Crowell)
- St. Lawrence and Atlantic Railroad – Berlin Subdivision (Rail Use Advisory Council) Update – Jonathan LaBonte
- Stage Purchase (carryover from the workshop) – Brian Wood
- Council Communications (about and to the community)

Mayor Levesque played a live TV commercial ad for Auburn's New Year's Auburn event. He gave a big thanks to Emerson Toyota for being a big sponsor, as well as Androscoggin Bank, Neocraft Signs, and Proctor and Gamble. The tree lighting is this week at Festival Plaza on Thursday at 6:00 pm and the Christmas Village opens at 4:00 pm.

Councilor Staples stated that he would like to sponsor an order for the next meeting to have the Planning Board take a look at our city zoning to determine whether or not there is an area for shelters.

Councilor Walker announced that Santa Claus is coming to Sullivan Park behind Rolly's Diner on Saturday at 5:00 pm.

City Manager Crowell reported on the Night Out at the Hilton held on Friday evening and the Regional Roundtable that was held with the Chamber.

IV. Open Session –

Pam Rousseau, 745 West Auburn Road expressed concerns with the number of realtors becoming more and more involved in our city and planning board decisions.

V. Unfinished Business - None

VI. New Business

1. Order 157-12052022
Authorizing the use of $35,000 in ARPA funds for the Auburn Heating Assistance Program.

Motion was made by Councilor Gerry and seconded by Councilor Walker for passage.

Public comment – No one from the public spoke.

Passage 7-0.

2. Order 158-12052022
Disposition of building located at 110 Hampshire Street under dangerous building statute. Public hearing. Hearing for parties with interest in property.
Council may enter into Executive Session pursuant to 1 M.R.S.A. Sec. 405 (6)(C).

Motion was made by Councilor Walker and seconded by Councilor Whiting for passage.

Public hearing – Alexandria Savard, owner of 110 Hampshire Street spoke regarding issues with the property.

Passage 6-1 (Councilor Walker opposed). A roll call vote was taken.

3. Order 159-12052022
Approving the liquor license for Ryan & Connor Concessions Group, LLC, DBA: Ringers, located at 985 Turner Street. Public hearing.

Motion was made by Councilor Walker and seconded by Councilor Staples for passage.

Public hearing – No one from the public spoke.

Passage 7-0.

4. **Order 160-12052022**
Allocating up to $180,000 from the American Rescue Plan Act (ARPA) funds for the purchase of a portable Stage.

Motion was made by Councilor Staples and seconded by Councilor Hawes for passage.

Public comment – No one from the public spoke.

Motion was made by Councilor Whiting and seconded by Councilor Hawes to postpone this item until the second meeting in January.

Passage 7-0.

5. **Ordinance 24-12052022**
Zoning Map Amendment - Amending a portion of 150 Andrew Drive (Parcel I.D. 347-003) from Agriculture and Resource Protection (AG), and Low-Density Country Residential (LDCR), zoning districts to the Suburban Residential (SR) as recommended by the Planning Board. First Reading.

Motion was made by Councilor Staples and seconded by Councilor Morin for passage.

Motion was made by Councilor Whiting and seconded by Councilor Staples to remand to the planning board.

Public comment – Jeffrey Harmon, 34 Vista Drive wanted to clarify what happened at the Planning Board meeting, which he attended.

John Cleveland, 183 Davis Avenue, said that he concurs with what Mr. Harmon said and noted that he recommends that the Council obtains a legal written opinion on the procedure before moving forward. He provided his comments in writing to the City Council.

Motion was made by Councilor Gerry and seconded by Councilor Staples to add that it is subject to legal review.

Passage 7-0.

Passage of the order as amended, 7-0.

VII. Open Session – No one from the public spoke.

VIII. Reports (from sub-committees to Council)

Mayor Levesque, asked the Council if anyone would be interested in serving on the Airport Board, filling that opening. He reported on the upcoming School Committee

meeting where they will be discussing the budget, and the possibility of closing Lake Street School. Discussions are still moving forward on dual enrollment.

Councilor Gerry reported on the Thanksgiving Dinner that took place at the Senior Center on Thanksgiving Day.

Councilor Walker reported on the 9-1-1 meeting that was held last week.

Manager Crowell reported that the Legislative Policy Committee has prepared their list of legislative actions to move forward, and they are monitoring several bills. He also noted that he has asked that the incoming Legislators attend the December 19th meeting.

IX. Executive Sessions - None

X. Adjournment

Motion was made by Councilor Staples and seconded by Councilor Walker to adjourn. Unanimously approved and the meeting adjourned at 8:26 pm.

RE: Planning Board Policy on Board Member Conduct

DATE: December 15, 2022

I am writing in response to your inquiry regarding a recent incident at a Planning Board meeting. As I understand the facts, a member of the Board recused himself from a particular agenda item, left the dais, and then appeared before the Board on that agenda item. The agenda item was a public hearing on a zoning map change, and the Board member, a local real estate broker, appeared on behalf of his real estate client during the public hearing. The Board member's real estate client is the seller of the property that is the subject of the zoning map change.

Planning Board members serve in a quasi-judicial (literally "court-like") capacity in hearing and deciding permit applications. This means Board members are acting like judges on applications and so must be fair and impartial to everyone involved in a specific application – the applicant, the neighbors, other Board members and the general public. If certain procedural requirements are not followed, the Planning Board's decision could be invalidated by a reviewing court if it is challenged. Quasi-judicial proceedings must follow basic standards of due process, including: proper notice of the public meeting/hearing; providing everyone with an interest in the proceedings an opportunity to be heard and to hear what others have to say; full disclosure to everyone of the facts being considered by the board (*e.g.*, no *ex parte* communications, no investigative work by board members, and reliance only on information presented at the public meetings on the application); impartial decision-makers free from bias and conflicts of interest; and decisions based on the facts of the application, not on political pressure or vocal opposition.

Planning Board members are "municipal officials" as defined in State statute, 30-A M.R.S. § 2001(11). As a general rule, a conflict of interest occurs when a municipal official has a direct personal or pecuniary (*i.e.*, financial) interest in the outcome of a matter of official business. In Maine, there is both a statutory (30-A M.R.S. § 2605) and a case law (*see generally Tuscan v. Smith*, 130 Me. 36 (1931)) test for conflicts of interest. Even when an official's conduct is not specifically prohibited by law, competing interests and personal relationships could create an appearance of wrongdoing that could undermine the public trust in the integrity and impartiality of local government. State statute, 30-A M.R.S. § 2605(6), addresses this issue by providing that municipal officials shall "attempt to avoid the appearance of a conflict of interest by disclosure or by abstention."

The Maine conflict of interest statute does not expressly address whether a current Planning Board member may represent clients before the Board. Many municipal law practitioners, including MMA Legal Services, take the positon that the statute likely does prohibit a board member (including alternate members) from representing another applicant who is seeking the board's approval or a neighbor opposing a project, but that it is reasonable to interpret the statute to allow a board member to abstain and step down as a board member in order to present his/her own application to the board.

Here, the Planning Board's own Policies and Procedures specifically prohibit a regular board member from appearing before the Board, even on his or her own application:

> Any regular Board member may want to recuse him/herself from acting on the application/petition because of a conflict of interest or personal reason. Any member who does shall surrender his/her seat and either leave the chamber or sit in the back of the room. Such member shall not communicate with other members of the Board who are acting on an application/petition and shall not address the Board if they are a party at interest who is potentially affected by the application/petition.

City of Auburn Planning Board Policies and Procedures, Article VIII(G)(1). While the Policies and Procedures do not address what happens if there is a policy violation, it does appear that a violation of the policy occurred recently. My understanding is that the City Council has referred the zoning map change back to the Planning Board for the conduct of a new public hearing that does not involve the recused Planning Board member participating in the zoning map change matter in any fashion. That makes sense under the circumstances. Going forward, note that the Policies and Procedures are due to be reviewed in February of 2023 (*see* Article X); perhaps that is a good time to update the policy to distinguish between a board member's personal versus professional interest in an agenda item as well as to provide a refresher on the topic of conflicts of interest to Planning Board members.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: December 19, 2022 **Order:** 165-12192022

Author: John Blais, Deputy Director of Planning, Permitting and Code

Subject: Directing the City Manager to fund the Engineering and Architectural (AE) Proposal, Shovel Ready Housing Plans Proposal #2023-009 with ARPA Funds

---

Information:. The competitive RFP was drafted and advertised through the Engineering and Architectural (AE) Proposal, Shovel Ready Housing Plans, **Proposal #2023-009**. using the City of Auburn, procurement process. Two proposals were received on November 10th, 2022. Over the past few weeks, the Mayors Ad-hoc committee reviewed and scored the proposals with a selection score of (91) LeMessurier Consultants, Inc over Gawron Turgeon Architects (77).

Total contract would be $145,000.00 as we have negotiated that down by the original bid by $8,000.00.

City Budgetary Impacts: $145,000 allocated to ARPA funds.

Staff Recommended Action: Fully fund the Shovel Ready Housing Plans Proposal #2023-009 to LeMessurier Consultants.

Previous Meetings and History: September 6 & 19, 2022. The Council on September 19, 2022, voted to direct the City Manager to draft a request for proposal (RFP) and budgeting for an architectural firm. Ad-Hoc committee met on November 17 and December 8th 2022 to review and score proposals and provide direction.

City Manager Comments:
I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: Ad-Hoc RFP Score.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: December 19th, 2022 **Resolve:** 09-12192022

Author: Jonathan P. LaBonte, Transportation Systems Director

Subject: St. Lawrence and Atlantic Railroad – Berlin Subdivision (Rail Use Advisory Council) Resolve

---

Information: A presentation was made to the City Council regarding the Rail Use Advisory Council (RUAC) process, studies and plan associated with this corridor, and a staff recommendation of a "rail with trail" position for the City of Auburn. This resolve will be advanced through the final two RUAC meetings where a report to the Commissioner of MaineDOT will be completed. Staff remain in active communication with the City of Portland and other partners and stakeholders to this corridor and its economic potential.

City Budgetary Impacts: None

Staff Recommended Action: Adoption of City Council Resolve at December 19th, 2022 meeting

---

Previous Meetings and History: December 5th, 2022 presentation on RUAC process and rail corridor history

---

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Draft Resolve

RESOLVE 09-12192022

City Council Resolve

IN CITY COUNCIL

WHEREAS, the Commissioner of the Maine Department of Transportation, pursuant to Public Law 21, Chapter 239, established a Rail Use Advisory Council to facilitate discussion, gather information, and provide advice regarding the future use of the state-owned section of the St. Lawrence and Atlantic Railroad Berlin Subdivision between Auburn and Portland; and

WHEREAS, the City of Auburn was provided a seat on said Council to provide input on city plans and policies relating to the future use of this rail corridor; and

WHEREAS, state of Maine acquired this corridor through two purchases, one in 2007 and another in 2010, as part of on-going planning for freight and passenger movements between the City of Portland and the City of Auburn; and

WHEREAS, the city has identified south Auburn as a growth area in its most recent Comprehensive Plan and multi-modal use of this corridor, including for active transportation, would increase its attractiveness for residential and commercial investment; and

NOW THEREFORE BE IT RESOLVED, that the Auburn City Council supports a "rail with trail" recommendation from the Rail Use Advisory Council and the expedited movement of any necessary planning and design work to implement that recommendation between Maine's largest city, Portland, and the city of Auburn.

Council Workshop or Meeting Date: December 19, 2022 **Order:** 164-12192022

Author: Eric J. Cousens, Director of Planning and Permitting

Subject: Shelter Related Zoning – Directing Planning Board to review and provide a recommendation on potential zoning changes

---

Information: The Current zoning ordinance does not allow general use shelters but does allow Shelters for abused persons. The Council indicated that they would like the Planning Board to consider allowing shelters for emergencies or other shelter based on non-emergency needs within the City in some locations. Considering the need to be proximate to other goods and services that a person residing in a shelter may need should be part of the consideration. A draft order for Council consideration is attached.

City Budgetary Impacts: Minimal for policy discussion.

Staff Recommended Action: Review draft order and modify it or vote to pass it to meet Council goals.

Previous Meetings and History: December 5, 2022 communications.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: Draft Order.

ORDER 164-12192022

City Council Order

IN CITY COUNCIL

ORDERED, that the City Council hereby directs the Planning Board to review unhoused/homeless shelter related uses in the City of Auburn Zoning Districts, with public input, and consider where shelters should be allowed. After initial review by the Planning Board the Council Directs the Planning Board to use the information from their review and initiate a zoning change including ordinance text, hold a public hearing and provide a recommendation to the City Council on a zoning amendment designating which types of shelters should be allowed and where they should be allowed as permitted uses or special exceptions in the City of Auburn.

DATE: **December 19, 2022**

The following is a discussion regarding the significant variances found in the City's November financial report. Please note that although the monthly financial report contains amounts reported by the School Department, this discussion is limited to the City's financial results and does not attempt to explain any variances for the School Department.

The City has completed its fifth month of the current fiscal year. As a guideline for tracking purposes, revenues and expenditures should amount to approximately 41.7% of the annual budget. However, not all costs and revenues are distributed evenly throughout the year; individual line items can vary based upon cyclical activity.

Revenues

Revenues collected through November 30th, including the school department were $48,180,162, or 45.01%, of the budget. The municipal revenues including property taxes were $33,721,039 or 47.85% of the budget which is less than last year by 0.68% which is $1,259,679 more in dollars. The accounts listed below are noteworthy.

A. State Revenue Sharing for the month of November is 61.99% or $2,791,878. This is an increase of $491,0181 from last November.

B. Current year Property Taxes for the month of November are 50.11% or $26,289,598 which is $1,075,450 more than last year.

www.auburnmaine.org

Expenditures

City expenditures through November 2022 were $26,695,655 or 52.03% of the budget. This is 2.49% less than the same period last year. The dollar amount is higher, due to the budget increase in FY 23. Noteworthy variances are:

A. Debt Service is higher than last year by $594,447.
B. Public works is higher than last year by $ 286,254.
C. Administration is higher than last year by $43,933, as is Community Services by $120,594 and Public Safety by $27,959 .

Investments

This section contains an investment schedule as of November 30th. Currently the City's funds are earning an average interest rate of 2.35%.

Respectfully submitted,

Jill M. Eastman
Finance Director

Re: Financial Reports for November 30, 2022

Attached you will find a Statement of Net Assets and a Statement of Activities and budget to actual reports for Ingersoll Turf Facility for revenue and expenditures as of November 30, 2022.

INGERSOLL TURF FACILITY

Statement of Net Assets:
The Statement of Net Assets lists current assets, noncurrent assets, liabilities and net assets as of November 30, 2022.

Current Assets:
As of the end of November 2022 the total current assets of Ingersoll Turf Facility were $236,476. This consisted of cash and cash equivalents.

Noncurrent Assets:
Ingersoll's noncurrent assets are the building, and equipment that was purchased, less depreciation. The total value of the noncurrent assets as of November 30, 2022, were $61,779.

Liabilities:
Ingersoll had accounts payable of $405 as of November 30, 2022.

Statement of Activities:

The statement of activities shows the current operating revenue collected for the fiscal year and the operating expenses as well as any nonoperating revenue and expenses.

The operating revenues for Ingersoll Turf Facility through November 2022 are $52,046. This revenue comes from the sponsorships, programs, rental income and batting cages.

The operating expenses for Ingersoll Turf Facility through November 2022 were $17,710. These expenses include program costs and capital purchases. Personal and operating costs are now in the Recreation budget.

As of November 2022, Ingersoll has an operating gain of $34,336 compared to a net gain in October of $8,533.

As of November 30, 2022, Ingersoll has an increase in net assets of $34,336.

The budget to actual reports for revenue and expenditures, show that the revenue for FY23 compared to FY 22.

NORWAY SAVINGS BANK ARENA

Statement of Net Assets:
The Statement of Net Assets lists current assets, noncurrent assets, liabilities and net assets and shows a comparison to the previous month, in this case, October 31, 2022.

Current Assets:
As of the end of November 2022 the total current assets of Norway Savings Bank Arena were ($1,340,177). These consisted of cash and cash equivalents of $280,889, accounts receivable of $99,561, and an interfund payable of $1,720,627.

Noncurrent Assets:
Norway's noncurrent assets are equipment that was purchased, less depreciation (depreciation is posted at year end). The total value of the noncurrent assets as of November 30, 2022, was $147,691.

Liabilities:
Norway Arena had no accounts payable as of November 30, 2022.

Statement of Activities:

The statement of activities shows the current operating revenue collected for the fiscal year and the operating expenses as well as any nonoperating revenue and expenses.

The operating revenues for Norway Arena through November 2022 are $322,756. This revenue comes from the concessions, sign advertisements, pro shop lease, youth programming, shinny hockey, public skating and ice rentals.

The operating expenses for Norway Arena through November 2022 were $279,392. These expenses include personnel costs, supplies, utilities, repairs, capital purchases and maintenance.

As of November 2022, Norway Arena had an operating gain of $43,364.

As of November 30, 2022 Norway Arena has a increase in net assets of $43,364

The budget to actual reports for revenue and expenditures, with comparison to the same period last year show that revenue for FY23 is $405 more than in FY22 and expenditures in FY23 are $64,215 more than last year in November.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: December 19, 2022

Subject: Executive Session

Information: Contract Negotiations, pursuant to 1 M.R.S.A. Section 405(6) (D) with possible action to follow.

Executive Session: On occasion, the City Council discusses matters which are required or allowed by State law to be considered in executive session. Executive sessions are not open to the public. The matters that are discussed in executive session are required to be kept confidential until they become a matter of public discussion. In order to go into executive session, a Councilor must make a motion in public. The motion must be recorded, and 3/5 of the members of the Council must vote to go into executive session. An executive session is not required to be scheduled in advance as an agenda item, although when it is known at the time that the agenda is finalized, it will be listed on the agenda. The only topics which may be discussed in executive session are those that fall within one of the categories set forth in Title 1 M.R.S.A. Section 405(6). Those applicable to municipal government are:

A. Discussion or consideration of the employment, appointment, assignment, duties, promotion, demotion, compensation, evaluation, disciplining, resignation or dismissal of an individual or group of public officials, appointees or employees of the body or agency or the investigation or hearing of charges or complaints against a person or persons subject to the following conditions:
(1) An executive session may be held only if public discussion could be reasonably expected to cause damage to the individual's reputation or the individual's right to privacy would be violated;
(2) Any person charged or investigated must be permitted to be present at an executive session if that person so desires;
(3) Any person charged or investigated may request in writing that the investigation or hearing of charges or complaints against that person be conducted in open session. A request, if made to the agency, must be honored; and
(4) Any person bringing charges, complaints or allegations of misconduct against the individual under discussion must be permitted to be present. This paragraph does not apply to discussion of a budget or budget proposal;

B. Discussion or consideration by a school board of suspension or expulsion of a public school student or a student at a private school, the cost of whose education is paid from public funds, as long as:
(1) The student and legal counsel and, if the student is a minor, the student's parents or legal guardians are permitted to be present at an executive session if the student, parents or guardians so desire;

C. Discussion or consideration of the condition, acquisition or the use of real or personal property permanently attached to real property or interests therein or disposition of publicly held property or economic development only if premature disclosures of the information would prejudice the competitive or bargaining position of the body or agency;

D. Discussion of labor contracts and proposals and meetings between a public agency and its negotiators. The parties must be named before the body or agency may go into executive session. Negotiations between the representatives of a public employer and public employees may be open to the public if both parties agree to conduct negotiations in open sessions;

E. Consultations between a body or agency and its attorney concerning the legal rights and duties of the body or agency, pending or contemplated litigation, settlement offers and matters where the duties of the public body's or agency's counsel to the attorney's client pursuant to the code of professional responsibility clearly conflict with this subchapter or where premature general public knowledge would clearly place the State, municipality or other public agency or person at a substantial disadvantage;

F. Discussions of information contained in records made, maintained or received by a body or agency when access by the general public to those records is prohibited by statute;

G. Discussion or approval of the content of examinations administered by a body or agency for licensing, permitting or employment purposes; consultation between a body or agency and any entity that provides examination services to that body or agency regarding the content of an examination; and review of examinations with the person examined; and

H. Consultations between municipal officers and a code enforcement officer representing the municipality pursuant to Title 30-A, section 4452, subsection 1, paragraph C in the prosecution of an enforcement matter pending in District Court when the consultation relates to that pending enforcement matter.
