City Council Workshop & Meeting
Agenda
January 3, 2023
Auburn Hall, Council Chambers

5:30 P.M. City Council Workshop

A. Stage Purchase Discussion – Marc Gosselin
B. Senior Tax Rebate and State Tax Stabilization Update
C. Executive Session - Economic Development (121 Mill Street), pursuant to 1 M.R.S.A. §405(6)(C).

7:00 P.M. City Council Meeting - Roll call votes will begin with Councilor Gerry

Pledge of Allegiance

I. Consent Items – All items with an asterisk (*) are considered routine and will be enacted by one motion. There will be no separate discussion of these items unless a Council member or a citizen so requests, in which event, the item will be removed from the Consent Agenda and considered in its normal sequence on the agenda.

1. Order 01-01032023*
Confirming Chief Moen's appointments of Steven Friedrich, William Howard, James Clement, and Joshua Croswell as Constable with Firearm for the Auburn Police Department.

2. Order 02-01032023*
Re-appointing Darren Finnegan to the Planning Board, full member, with a term expiration of 1/1/2026.

3. Order 03-01032023*
Appointing Paul Jacques to the Planning Board, full member, with a term expiration of 1/1/2026.

4. Order 04-01032023*
Re-appointing Stacey LeBlanc to the Planning Board, full member, with a term expiration of 1/1/2026.

5. Order 05-01032023*
Appointing David Trask to the Planning Board, full member, with a term expiration of 1/1/2025.

6. Order 06-01032023*

Appointing Amanda Guerette to the Planning Board, associate member, with a term expiration of 1/1/2025.

7. Order 07-01032023*
Appointing Timothy DeRoche to the Planning Board, associate member, with a term expiration of 1/1/2026.

8. Order 08-01032023*
Re-appointing Danelle Martel to the Auburn Housing Authority Board of Trustees, with a term expiration of 10/01/2027.

9. Order 09-01032023*
Re-appointing Jeremiah Bartlett to the Complete Streets Committee, with a term expiration of 1/1/2026.

10. Order 10-01032023*
Appointing Benjamin Weisner to the Age Friendly Community Committee, with a term expiration of 6/1/2023.

11. Order 11-01032023*
Appointing Gerald Samson to the Regulatory Advisory Board, with a term expiration of 6/1/2024.

12. Order 12-01032023*
Appointing Kirk Nadeau to the Airport Board, with a term expiration of 1/1/2026.

13. Order 13-01032023*
Amending the postponement date of order 165-12192022 to February 21, 2022 instead of February 13, 2022.

II. Minutes – December 19, 2022, Regular Council Meeting

III. Communications, Presentations and Recognitions

- LA 9-1-1 Presentation
- Presentation of Recreation Non-Profit Groups
- Council Communications (about and to the community)

IV. Open Session – *Members of the public are invited to speak to the Council about any issue directly related to City business or any item that does not appear on the agenda.*

V. Unfinished Business - None

VI. New Business

1. Order 14-01032023

Directing the City Manager to acquire the necessary property to optimize a new Engine 2 station and allocating up to $25,000 from the American Rescue Plan Act (ARPA) funds in support of this initiative.

2. Order 15-01032023
Amending Order 22-02072022 to include website redesign and associated costs to the list of projects that were approved in the allocation of ARPA funds.

3. Ordinance 01-01032023
Amending the Code of Ordinances, Sec. 16-49, Security Systems and Appendix A, Fees and Charges under Emergency Management and Service, removing the renewal requirement and associated fee.

VII. Open Session - *Members of the public are invited to speak to the Council about any issue directly related to City business or any item that does not appear on the agenda*

VIII. Reports (from sub-committees to Council)

a. Mayor's Report
b. City Councilors' Reports
c. City Manager Report

IX. Executive Sessions – Legal Matter, pursuant to 1 M.R.S.A. §405(6)(E).

X. Adjournment

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: January 3, 2023

Author: Marc Gosselin (Executive Director, Community Partnerships/Sport Tourism)

Subject: Portable Stage Purchase

Information:

At the previous meeting, the council requested more information and tabled the order to purchase the stage. Specifically, the council was interested in what have we spent on stage rentals and how much do we anticipate spending and the future.

Since FY19, we have spent over $30,000 in rentals. There were no rentals in FY21 due to COVID. As events get back to normal and to meet the goal of the council for having signature events, we anticipate spending over $100,000 over the next five years. This includes the costs for the high school graduation. Staff is prepared to answer any further questions you have before the tabled order returns at the next council meeting. The information below and the attached materials were shared but not included during the last workshop.

StageLine SL100 General information about pricing:
Video Link Below:

SL100 Video

- This model is compatible working with video walls, setting up for intimate to sizeable events and for its ease, speed and safety in setup and teardown.

- Base package at $140,000 with options and accessories reaching $25,205, service fees $2,890 (total $168,095). I'll prepare another quote with options pre-selected for you to review.

- SAFETY, TRAINING AND WARRANTY: Stageline units have warranties, low maintenance requirements, expert training programs, offers on equipment inspections, high resale value, references and the highest wind resistance in the industry

- NOTE ON VIDEO WALLS: Stageline offers pre-installed, quick release, 6' sound rig overhanging trusses on its SL100, 24' x 20' aluminum mobile stage. The 6' trusses are deployed in seconds, have a capacity of 1,500 lb and can be fully converted to receive video walls.

Stageline SL100, all hydraulic, all aluminum mobile stage:

A popular start-up kit with municipalities and community oriented events on the SL100 unit is made up of options in sections A and C. You will see in the attached photos that very large banner space can be made available for your imaging and sponsorship partners.

- Options that you could want to include on the Stageline SL100:
  - skirt
  - full banner support hardware Stageline
  - windwalls
- reinforced fly-bays for video walls and line array rigging points

Stageline SL100 – 24' x 20' (7,3 x 6M) - Stageline SL100 has, built in, Stageline quality and durability to make your purchase and your investment count with high resale value remaining after years of use. It features, height, depth, speed of set-up, durability and safety. Indicated size is before the addition of platforms.

- with multiple configurations and very easy, all hydraulic, operations, this Stageline will fully deploy in 45 minutes to one hour, hold tons of lights and sound. To set it up as a bandshell with low roof and less depth, will take no more than 15 minutes.

- some of your smaller events will dictate numerous uses and other applications such as: a fully covered 24' x 20' (7,3 x 6M) public access surface for a café, a terrasse, a fun room, a meeting room, a display floor

- you can have a lightweight windwall on any side as well as on all sides or leave the stage fully open.

- you have the capacity to be on the stage and cater to a crowd on 360 degrees of the unit. This includes the capacity to rig speakers from all four roof corners, calling out or projecting music in all directions.

- promotional material, products or relief equipment can be handed to the public from all sides of the equipment.

- you can easily attach large banners on the rooftop as well as on the sides letting visuals, artwork and imaging beam out from an interesting height.

- as for other Stageline equipment, the rigid sides of this trailer also permit to apply image and artwork which makes you visible 24 hours a day

---

City Budgetary Impacts: ARPA funding is being proposed which will have a savings in future operational budgets.

Staff Recommended Action: Council consideration.

Previous Meetings and History: December 5, 2022 Council meeting

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

STAGE LINE

STAGELINE ADVANTAGES

STAGELINE, THE SPECIALISTS FOR OVER 35 YEARS IN DESIGNING, PRODUCING AND DELIVERING THE SAFEST AND MOST INNOVATIVE MOBILE STAGES TO OUTDOOR EVENTS.

- Most requested mobile stage in its category
- Holds the market lead in rigging & wind resistance
- Built to last 25 years and more
- Outstanding payback and great resale value

SL100

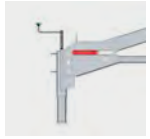
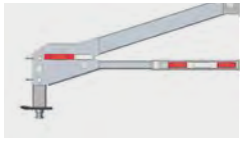
IT ALL STARTS ON THE ROAD

STAGELINE MOBILE STAGES ARE ENGINEERED FOR THE ROAD.
Before its main usage as an outdoor stage, a mobile stage must perform as a road legal trailer.

Stageline advanced design combines a custom chassis with multiple hinged panels and telescoping structures that will not alter in performance from mileage and bad roads. It results in excellent road handling and safety year after year.

HAULING OPTIONS





Gooseneck or king pin

Drawbar for pintle hook or ball hitch

Photo: DF Motion
STAGE LINE
SL100
22
RAM

A HIGH PERFORMANCE STAGE

WITH A COMPLETE HYDRAULIC SET UP

- Fast and controlled operations
- Precision designed cylinders with safety block valves
- Low maintenance

1

Position & level the trailer.

2

Hydraulically deploy
the floor and roof panels.

3

Hang sound, lighting, banners, windwalls and sets from ground and deck level.

4

Raise the roof with up to 3,800 lbs (1,725 kg) of show equipment.

Install stairs, guardrails
and add accessories.

AT A GLANCE

FLOOR

24’ x 20’ (7 m x 6 m)
up to 40’ x 28’ (12 m x 8 m)
with extension platforms

SET-UP

2 technicians*

30 minutes

WIND RESISTANCE

115 mph (185 km/h)
without windwalls

77 mph (123 km/h) with windwalls

RIGGING

11,400 lb (5,190 kg)

6’ outriggers on each side /
1,500 lb (680kg) per side

* Stageline promotes safe working habits by having a minimum of two workers on every job site.

SHOWCASE YOUR SPONSORS & EVENTS

On the road trailer wrap advertising panels
24’ x 7’ (7 m X 2 m) - rivet-free panels with gel coating that improve graphics application and appearance.

MAXIMUM BANNER SPACE

1. Top banner 37’ x 4’ (11 m x 1.2 m)
2. 2 Side banners 6’ x 16’ (1.8 m x 5 m)
3. Backdrop 23’ x 13’ (7.1 m x 4 m)
4. Skirt 40’ x 4’ (12.2 m x 1.4 m)

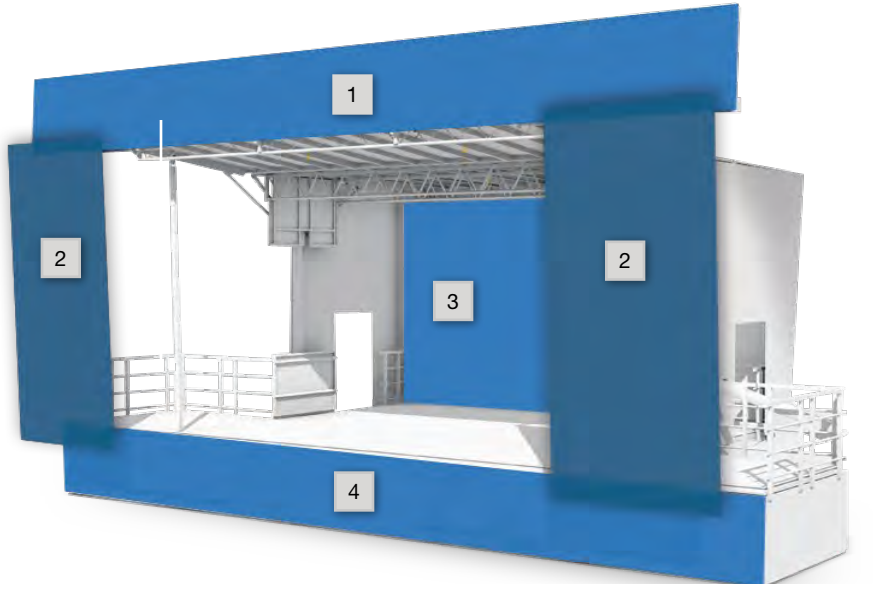


Photo: Scott Thompson / StageRental.com

SAFE & EFFICIENT INSTALLATION

WORK FROM GROUND & DECK LEVEL
All the work and installation of sound, light, banner is done from deck and ground level reducing the risk of climbing accidents.

3,800 LB (1,725 KG) OF HYDRAULIC LIFTING CAPACITY

TOTALLY SELF STANDING
No ballast or cables required

SUPERIOR DESIGN FOR LOADS & RIGGING
The SL100 is designed, built and tested with the highest load and rigging design criteria in the industry – up to 2 times the permitted load.

Deck & chassis at 150 lb/ft² (732 kg/m²) **meets IBC & NBC standards**
Cross braced steel members added to support legs under the mid-section of trailer frame.

Storage
Custom underfloor storage system for staging components.

Storage
Corner posts stored in roof panels. Easy to access.

Raise & lower the roof securely with double mast lifting mechanism
A set of sturdy masts lifts and lowers the roof and show support equipment.
They function with balanced or unbalanced loads even in difficult weather conditions.

Lights
4 battery powered LED work lights.
2 in the roof – 2 under the floor.

Battery
Battery system for work lights, emergency breakaway system and engine starter.

MORE RIGGING POSSIBILITIES TO PLAY WITH

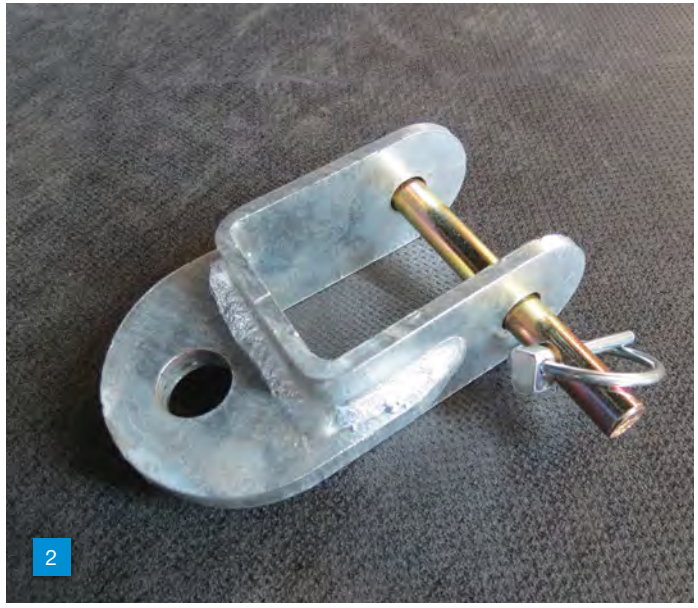
Multiple rigging options
1 24 built in rigging points with a capacity of up to 1,500 lb (680 kg).

Movable rigging brackets
2 4 movable rigging brackets provided.

Front overhang pipes
3 Capacity of 700 lb (317 kg) at 2’-9” (0.84 m) from roof edge – 9’ 4” (2.85 m) rigging pipe.

T2 Trusses
4 Strong capacity of 1,200 lb (544 kg).

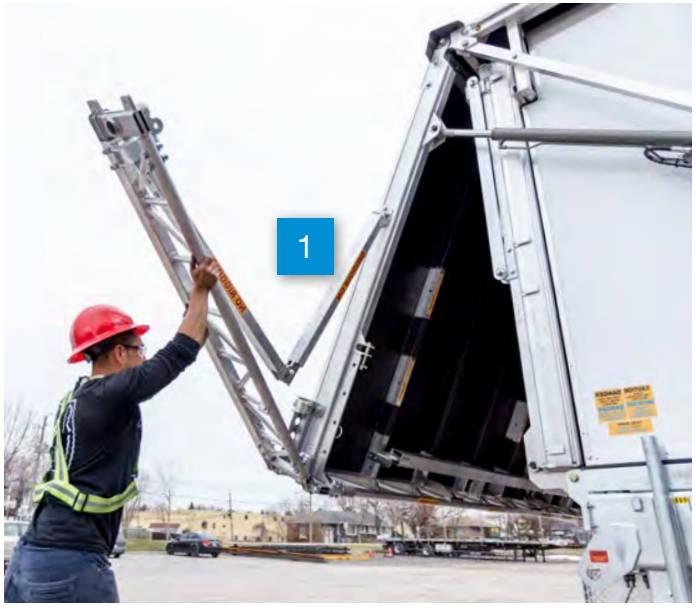
1



2

Photo: Upstage Crew Services

6’ SIDE RIGGING TRUSS



Standard Flybay
1,500 lb (680 kg) capacity per side.
1 Truss deploys in seconds.

Optional Flybay
2 Line array and screen rigging capability with multiple configurations.

Rigging points for PA
3 In front of all 4 corner posts. PA extension bars available.

2
3

SCREENS

1,500 LB (680 KG) CAPACITY PER SIDE. INCREASED RIGGING OPTIONS WITH THE 6’ (1.8M) SIDE RIGGING TRUSSES FOR LED SCREEN OR SPEAKERS.

1 LINE ARRAY CAPABILITY FREE UP FLYBAY FOR VIDEO WALL.

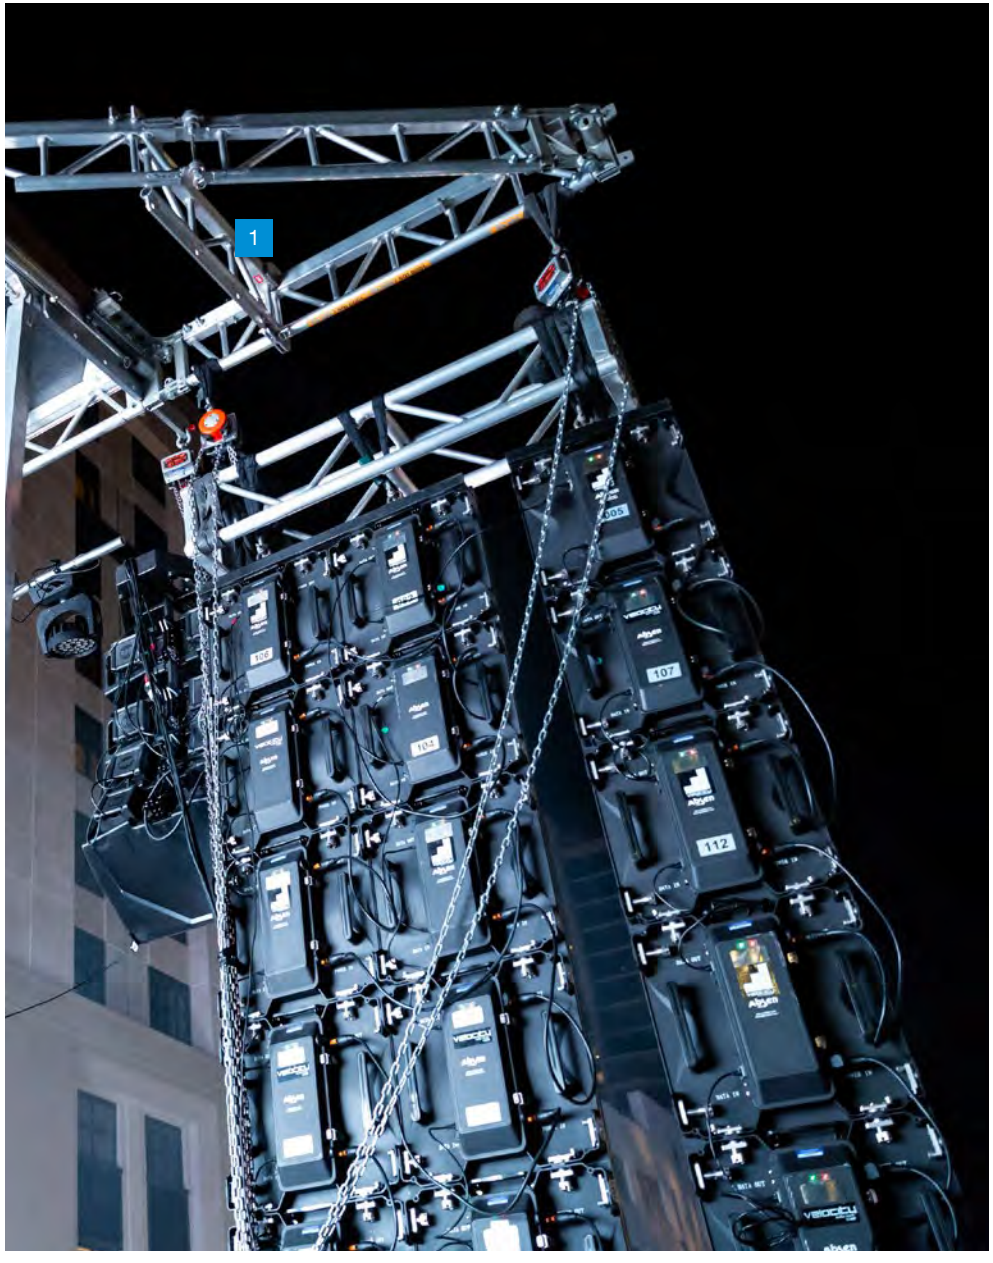


Photo: ASK Media

SAFETY AND RELIABILITY IN ALL CONDITIONS

HIGHEST WIND RESISTANCE IN THE INDUSTRY

Rain and wind protection up to:

- **115 mph (185 km/h)** without windwalls
- **77 mph (123 km/h)** with PVC windwalls

Rain or shine, sand or snow
Stageline mobile stages are built to be operated under the most demanding outdoor conditions.

The SL100 is engineered and built based on the IBC (International building code) & NBC (National building code)

Exceeds AINSI standards

Photo: AV Strategies

MAXIMUM WEATHER PROTECTION

A STAGE DESIGNED TO MANAGE WINDY CONDITIONS

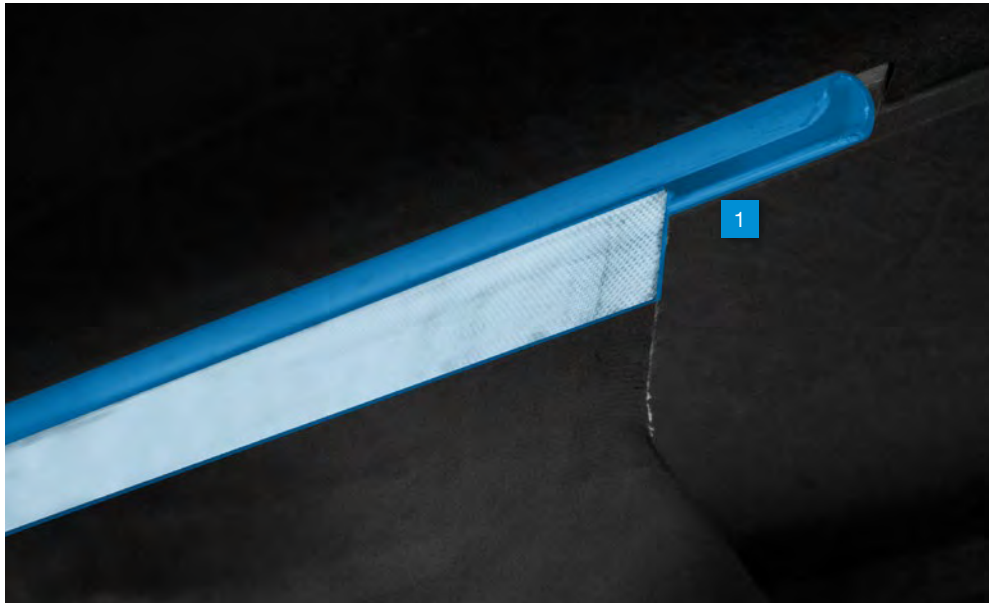
Sturdy windwalls

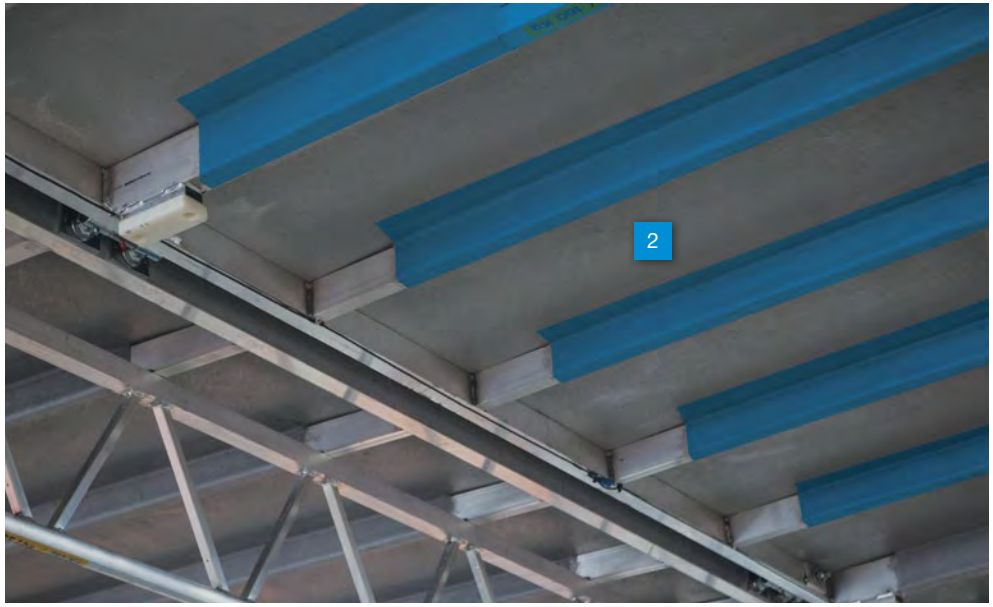
1 Fire retardant vinyl windwalls with a keeder track system preventing water infiltration to protect gear, talent and crew.

Protection on and off the road with a roof made of fiber glass.

2 In closed position, the roof panels of the stage become the side panels of a hardshell trailer. Wrapped around the frame they are structural and weather protective.*

* Blue in picture to highlight keeder track system and Fiber Lock wrap.





WE JUST TOOK 75 MPH (120KM/H) WINDS, GOLF BALL SIZE HAIL AND 4 INCHES OF RAIN IN 30 MINUTES AND THE ENTIRE EVENT SPACE IS DEVASTATED WITH TENTS BROKEN EVERYWHERE.

THE ONLY THING I'M NOT HAVING TO DEAL WITH RIGHT NOW, IS AN ABSOLUTELY PRISTINE SL100 STANDING PROUD IN THE MIDDLE OF IT.

– Jeff Krebs, Epicenter Productions

ASR
STAGE
LINE

WHY THE INDUSTRY PREFERS STAGELINE

Most Widely used
More than 25,000 events per year in over 50 countries - an average of 68 events per day.

Craftsmanship and expertise
Every stage is built in-house and benefits from serious engineering and craftsmanship with experience gathered from decades of use in outdoor events.

Quality control and delivery
Each mobile stage goes through a complete inspection during manufacturing including load tests and complete installation prior to delivery.

Exceptional durability and reliability
Built to last 25 years and more with proper care and maintenance.

Provider of safe staging environments for over 30 years
Highest wind resistance - up to 115 mph (185 km/h) without windwalls and 77 mph (123 km/h) with windwalls. No incident causing an injury due to a breakdown of equipment.

Outstanding value
Low operation and maintenance cost. High resale value even after 10 years.

Certification
Each stage complies with road regulations. Stageline provides complete engineering certification for both structural design and rigging capacity for all countries. Certified documents available for each state and province of the US and Canada.

Environmentally responsible
All products are manufactured in Stageline's state of the art LEED® certified facility integrating the latest environmental technologies.

Award-winning
Our company and products have achieved high acclaim in the industry and have won several engineering and event industry awards.

CUSTOMER SERVICE

Customer Support
We provide a complete 24/7 after sales support.

Parts & Accessories
The best way to ensure that your Stageline mobile stage retains its original condition is to purchase your parts and accessories directly from Stageline.

Inspection & Maintenance
Like any sophisticated piece of equipment, a Stageline mobile stage requires basic maintenance throughout the year. This maintenance must be performed according to specific guidelines.

With this in mind, Stageline's engineers and experienced technicians have developed a unique inspection program. This program will give you a complete analysis of the condition of your equipment including a list of immediate repairs & recommendations.

Training
Driven by the need to ensure technical efficiency, Stageline developed a training and certification program which meets and even exceeds its clients' and users' requirements. Operation of a Stageline mobile stage by qualified personnel is directly linked with the enforceability of the warranty and is required to benefit from the technical support offered on all Stageline products.

With its training program, Stageline helps its users and clients increase profitability on their investment through an efficient utilization of the products.

The main goal is to develop the aptitudes and technical knowledge of the technicians in order to preserve the products' integrity and guarantee durability and maximum safety levels.

UNMATCHED ADDED VALUE

A STAGE THAT PAYS FOR ITSELF FOR GOOD REASONS:
Built to last over 20 years, this stage will help you maximize your benefits for years while endorsing a strong commitment to sustainability.

THIS STAGE COMES WITH THE HIGHEST RESIDUAL VALUE OF ANY MOBILE STAGE
It retains 50-75% of its value after 10 years

OFFERS A STRONG LEVERAGE ON YOUR OTHER SERVICES AND A QUICK RETURN ON INVESTMENT

STAGE CARE WARRANTY (TRANSFERABLE)
We are so confident in our staging technology that we offer the Stage Care Warranty that conveys a lasting assurance equal to none

- Full 1 year parts and labor
- 3 years on the chassis and structure
- 5 years on the fiber glass

MEET THOSE WHO OWN

DURABILITY AND VALUE

“Each year I flirt with the idea of purchasing more Stageline equipment. All I can tell you is that used, properly maintained Stageline equipment sells quickly. I watch the secondary market out of habit and its very rare to find anything, plus it usually maintains almost all of its dollar value as new.”

Dolph Federico /
Pelican Events, New Orleans, LA

PRODUCTION AND ENTERTAINMENT

“SL100 is defacto a standard in the industry. Everyone of professional note use Stageline. I wanted that bulletproof proven technology, workmanship, and engineering. Stageline’s SL100 changed my life!”

Laurence Sheldon /
Big Ear Audio, CA

MUNICIPALITIES / PARKS AND RECREATION

“The “Rec & Roll Stage” is a hit in our community! The size and versatility of the SL100 combined with the ease of set-up make it perfect for our needs. We’ve used it for performances, graduations, and speeches. Community requests keep coming in and we’re the envy of our neighboring communities.”

Ron Rodriguez /
Recreation Services Manager /
Recreation and Parks Department,
City of Santa Maria, CA

STANDARD EQUIPMENT *

ROOF STRUCTURE & RIGGING

4 Built-in trusses / aluminum 2" diameter tube trussing	Compatible with industry clamps
24 Built-in rigging points - 4 movable rigging brackets included	Capacity: up to 1,500lb
Rigging bar / 14' - spans 2 rigging points from left to right	Capacity: 30 lb / ft
2 side overhang rigging trusses 6'	Capacity: 1500 lb per side
Rigging points in front of corner posts	Capacity: 1500 lb per side
4 Aluminum corner posts	Added roof stability and safety
Fiberglass roof molded and wrapped around structure - black roof	
Rigging load capacity tested at twice the working load	
Total roof load capacity with sound wings:	11,400 lb
Galvanized steel column - one on each side	System safely hoists rigged loads
Reversible as standard	Downstage will reverse in difficult to access venues

HYDRAULICS

Double mast lifting mechanism (for a fully hydraulic set up of the stage, roof, sound, lighting and other equipment)	Lifting Capacity: 3,800 lb - balanced load
High power integrated hydraulic system	Equipped with safety valves on all cylinders
4 Hydraulic stabilizers / stage levels from 3' 6" to 4' 3" Vertical support capacity (each): 15,000 lb Lateral support capacity (each): 2,000 lb	No tools required
Gas engine	No other power source required

STAGE

Plywood, black finish, non slip / quick levelling legs	24' x 20'
Multifunctional extruded aluminum deck edges	To install decks, skirts, guardrails & staircases
Guardrails (stage model) / aluminum	5 x 5' 9" + 2 x 2' 8"
Support brackets built-in for Stageline platforms	Full perimeter
Aluminum stairway - 7 steps - adjustable - 35" wide - with handrails	
4 LED work lights	2 in the roof, 2 on the chassis
Spares kit	

TRAILER

Drawbar with pintle eye	
2 Leaf spring axles	Capacity: 14,990 lb
4 Tires	0.40 m (16")
Electric brakes on all wheels	
Emergency breakaway system	DOT requirement
Spare wheel / full-size rim / integrated storage	
2 Storage bumpers	Protects structure
10 Equipment tie-downs	
Storage weight capacity	GVWR:15,000 lb - adaptable to your requirements
Storage space capacity	23' 10" x 5' 6" x 5' 6" = 720 ft³

STANDARDS & CERTIFICATIONS

Applicable regulations	IBC, SAE, DOT, NFPA, CBC, NBC & CWB
Vertical load:	Floor: 7.18 KPa (150 psf) / Roof: 1 KPa (20 psf)

APEX STAGE OPTIONAL EQUIPMENT PRICING https://apexstages.com/optional-equipment/

1. STEPS – ($**2,100 ea**.)

2. MESH BACKDROP – (sizes and prices vary per stage size)

3. SOLID FRONT SKIRT (sizes and prices vary per stage size)

4. BANNER PACKAGE – Framing assembly for downstage banner displays **($1,850**)
BANNER FEET Only - 862.00 for the pair **STRAIGHT CLAW ARMS** – 111.00 each

5. BACKUP POWER – Electric or Gas supplemental power **($2,500) STANDARD ON THE 2016**

6. WORK LIGHTS – Positioned above inside masts, toggle switch on control board **($600)**

7. LIGHT BAR – when rigging lights on the existing upstage roof beam, they end up behind your backdrop, and exposed to rain. This bar cantilever's in and out with the roof panel and is 16" inward to eliminate this issue. **($1,500 per side)**

8. EXTENSION DECKS – Includes jacks and hardware. **(4x6 $1,500 4x8 1,600)** Custom sizes available. (Additional handrailing: 4'- $110 2'- $75)

9. VINYL WALL PANELS - 3 piece wrap-around with "door" access on both flanks (4x8) and upstage middle (8x8). Quick release Velcro feature for "high wind" action. **(2420 - $2,850 3224 -$5,544)**

10. OUTLETS – 110 duplexes in outer corners of roof panels; networked (12-S3) to belly box or motor box. **($187.50 each)**

11. BELLY TOOL BOX –These undercarriage lockable boxes allow quick access storage. **($875 each)**

12. 16'EQUIPMENT RAMP – 1k rated - 36" usable width – 62" top service range - $2,365

13. HATCH - easy access to the hydraulic fluid tank. Heavy duty to mitigate low-end rattle (**$250**)

14. SHOCKER HITCH - Greatly reduces 'turbulence' during transport. **($865)**

15. WIND MONITOR - Anemometer with Cell phone app monitoring. (**Device - $512; Mount arm - $100**)

16. RISER CONVERSION KIT – Lockable, heavy duty, telescoping inserts for converting APEX extension decks into rolling risers. Bracing and transition hardware included. **($860.00 Per set of four) Decks not included**

ITEMS IN YELLOW NOT AVAILABLE ON 2016 MODEL

3224 ONLY

16. PRT BARS (Pre-Rigged Truss support Bars) – Removable steel bars extending outward off the roof panel beam. Provides optional rigging. Rated at 1k. **($1,200)**

17. STABILIZER ASSEMBLY– The APEX is aluminum, it might 'shimmy' a little from side to side if there is an active performance (cheerleaders, dance squads) especially when the floor jacks and outrigger rams are fully extended. This support assembly eliminates those issues. **($2,945)**

18. SUPER DUTY – Axles rated 15K in place of standard 10K (Pricing Varies)

19. VIDEO WALL CABLE KIT - This assembly increases the load rating on the outer roof beam to accommodate larger L.E.D. screens. **($2,975)**

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: January 3, 2023

Author: Kelsey Earle, Deputy Finance Director

Subject: Homeowner Relief Program 2022 & Tax Stabilization update

---

Information:
Homeowner Relief Program 2022: Application was made available October 28, 2022, with a deadline to apply of February 1, 2023. This allows a 3-month window for qualifying homeowners to apply for the funds. So far, 520 applications have been received and staff has been working to review and notify applicants of the status of their application. Those that have been verified have been notified that they can expect to receive payment by mid to late February at the name and address provided on their application.

Tax Stabilization: 1480 applications were submitted by the December 1 deadline. To date, 40 have been disqualified. The remaining applications appear to qualify but will have a second review.

City Budgetary Impacts: N/A

Staff Recommended Action: N/A

Previous Meetings and History:
Homeowner Relief Program-September 19, 2022, workshop suggesting edits. October 3, 2022, Order 125-09062022 Allocating $1,500,000.00 ARPA (American Rescue Plan Act) funding for home relief amended to $700,000 with terms and conditions outlined in workshop. Passage 7-0 by Council.

Tax Stabilization- LD 290 enacted by Legislature May 8, 2022.

City Manager Comments:

I concur with the recommendation. Signature:

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: January 3, 2023

Subject: Executive Session

Information: Economic development (121 Mill Street), pursuant to 1 M.R.S.A. Section 405(6) (C).

Executive Session: On occasion, the City Council discusses matters which are required or allowed by State law to be considered in executive session. Executive sessions are not open to the public. The matters that are discussed in executive session are required to be kept confidential until they become a matter of public discussion. In order to go into executive session, a Councilor must make a motion in public. The motion must be recorded, and 3/5 of the members of the Council must vote to go into executive session. An executive session is not required to be scheduled in advance as an agenda item, although when it is known at the time that the agenda is finalized, it will be listed on the agenda. The only topics which may be discussed in executive session are those that fall within one of the categories set forth in Title 1 M.R.S.A. Section 405(6). Those applicable to municipal government are:

A. Discussion or consideration of the employment, appointment, assignment, duties, promotion, demotion, compensation, evaluation, disciplining, resignation or dismissal of an individual or group of public officials, appointees or employees of the body or agency or the investigation or hearing of charges or complaints against a person or persons subject to the following conditions:
(1) An executive session may be held only if public discussion could be reasonably expected to cause damage to the individual's reputation or the individual's right to privacy would be violated;
(2) Any person charged or investigated must be permitted to be present at an executive session if that person so desires;
(3) Any person charged or investigated may request in writing that the investigation or hearing of charges or complaints against that person be conducted in open session. A request, if made to the agency, must be honored; and
(4) Any person bringing charges, complaints or allegations of misconduct against the individual under discussion must be permitted to be present. This paragraph does not apply to discussion of a budget or budget proposal;

B. Discussion or consideration by a school board of suspension or expulsion of a public school student or a student at a private school, the cost of whose education is paid from public funds, as long as:
(1) The student and legal counsel and, if the student is a minor, the student's parents or legal guardians are permitted to be present at an executive session if the student, parents or guardians so desire;

C. Discussion or consideration of the condition, acquisition or the use of real or personal property permanently attached to real property or interests therein or disposition of publicly held property or economic development only if premature disclosures of the information would prejudice the competitive or bargaining position of the body or agency;

D. Discussion of labor contracts and proposals and meetings between a public agency and its negotiators. The parties must be named before the body or agency may go into executive session. Negotiations between the representatives of a public employer and public employees may be open to the public if both parties agree to conduct negotiations in open sessions;

E. Consultations between a body or agency and its attorney concerning the legal rights and duties of the body or agency, pending or contemplated litigation, settlement offers and matters where the duties of the public body's or agency's counsel to the attorney's client pursuant to the code of professional responsibility clearly conflict with this subchapter or where premature general public knowledge would clearly place the State, municipality or other public agency or person at a substantial disadvantage;

F. Discussions of information contained in records made, maintained or received by a body or agency when access by the general public to those records is prohibited by statute;

G. Discussion or approval of the content of examinations administered by a body or agency for licensing, permitting or employment purposes; consultation between a body or agency and any entity that provides examination services to that body or agency regarding the content of an examination; and review of examinations with the person examined; and

H. Consultations between municipal officers and a code enforcement officer representing the municipality pursuant to Title 30-A, section 4452, subsection 1, paragraph C in the prosecution of an enforcement matter pending in District Court when the consultation relates to that pending enforcement matter.

How did you learn of this vacancy?

The City Council strives to promote membership and by practice will attempt to limit the number of boards or committees any one person will serve. The city Council also strives to maintain balance of ward distribution on all boards, commissions, or committees.

Thank you for your interest and willingness to serve our community. The giving of your time is commendable and appreciated. Without people like you coming forward, our community would not be as strong, as vibrant, or as great as it is. On behalf of all of us at the City of Auburn, we hope your volunteer experience is rewarding and we thank you for being an outstanding citizen!

Current Occupation: Professional firefighter/EMT

Previous Occupation (if retired or no longer working):

Education and/or experience: AAS Fire Science, 7 years of full time public service experience, over 2 years of experience on various Auburn boards/committees.

Please check which board or committee you are interested in serving on. Individual applications for each board or committee (if you wish to serve on more than one).: Planning Board

OTHER (Ad-Hoc Committees not on the list above)::

This application is for a... (choose one): Reappointment

Briefly describe why you want to serve on a board/committee (1,000 character limit): I wish to serve on the planning board to assist in further advancing Auburn?s success in growth and development. I would be able to help the team ensure smart growth within the city and the broader community. Auburn has been a model for other cities by adding housing, readdressing zoning, simplifying permits and regulations, so it would be a great honor to be apart of the continued growth and to create a new vision for the future of the city that is centered around increasing the prosperity of every resident. I have served on this committee for a year and have gained experience and knowledge in this field. Having acted as a full term voting member on over half a dozen meetings already, I have consistently shown my dedication in studying, researching the item at hand, and taking careful considerations to all stakeholders when evaluating any work that is brought to the planning board.

What do you hope to accomplish?: As part of a dedicated team, I could help take Auburn to another level of achievements by reaching current goals while establishing new ambitions for the future. I understand the importance of economic sustainability for the community, and how crucial development and strategic planning are for setting the stage for sustained prosperity. It is my goal to help polish and improve the environment that will attract businesses, residents and continue to develop and preserve Auburn for future success.

Are you presently serving on a City or Community Board or Committee? If so, which one(s)?: Planning board

Have you previously served on a City or Community Board or Committee? If so, which one(s)?: Complete streets committee

Dates served (if known): October 2020-February 2022 for complete streets committee, Planning board -January 2022-Present

How did you learn of this vacancy?: Term Expiration

Previous Occupation (if retired or no longer working): Jet Engine Mechanic

Education and/or experience: Associate Degree

Please check which board or committee you are interested in serving on. Individual applications for each board or committee (if you wish to serve on more than one).: Planning Board

OTHER (Ad-Hoc Committees not on the list above)::

This application is for a... (choose one): New appointment

Briefly describe why you want to serve on a board/committee (1,000 character limit): I grew up in Auburn. After High School, I moved to Pittsburgh, PA in 1993 to further my education. Shortly after receiving my degree, I lived in a few different States and regions of our great Country; TX, VT, NY & PA. Ultimately, when it was time to begin a family, my wife and I found ourselves recognizing the lifestyle and values we wanted for our family are a hard atmosphere to find outside of Auburn, so we came back in 2006. This City has allowed my wife & I to raise our 2 daughters in a community which is safe, abundant in activities and is growing exponentially. I feel it is time to do what I can to contribute to the further growth of our City and wish to enter that voyage as a member of the Planning Board.

What do you hope to accomplish?: I hope to learn more of the inner, behind-the-scenes activities it takes to make this City run. Being analytical and detail oriented by nature, I hope I can fill a much needed niche.

Are you presently serving on a City or Community Board or Committee? If so, which one(s)?: No

Have you previously served on a City or Community Board or Committee? If so, which one(s)?: No

This application is for a... (choose one): New appointment

Briefly describe why you want to serve on a board/committee (1,000 character limit): I was born and raise in the Lewiston/Auburn area. I have a son that attends loca schooling and plays local sports. I have owned my home in Auburn for the past 7 years. I want to take an active role in our great City grow and have other families be proud it call it home. I am confidently able to collect data and make an educated decision on the facts that are presented. I enjoy taking on challenges and being a team player. Facts have always what I have made decisions on and I want to help the City of Auburn establish a comprehensive plan towards growth and change where needed.

What do you hope to accomplish?: As a seat on the planning board I will help accomplish growth and development. With my current occupation I am able to collect information and present it to my patients as different options and find what is best for their treatment and care. I am committed to continue to make our city a beautiful and flourishing place for business and families. I want to be an active role in my community for future generations to have the best platform.

The City Council strives to promote membership and by practice will attempt to limit the number of boards or committees any one person will serve. The city Council also strives to maintain balance of ward distribution on all boards, commissions, or committees.
Thank you for your interest and willingness to serve our community. The giving of your time is commendable and appreciated. Without people like you coming forward, our community would not be as strong, as vibrant, or as great as it is. On behalf of all of us at the City of Auburn, we hope your volunteer experience is rewarding and we thank you for being an outstanding citizen!
I certify that this information is true to the best of my knowledge and agree to the terms and conditions set forth above.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: January 3, 2022 **Order:** 13-01032023

Author: Sue Clements-Dallaire, City Clerk

Subject: Amending the postponement date of Order 165-12192022

Information: Order 165-12192022 allocating $145,000 of ARPA (American Rescue Plan Act) funds for the acquisition of the Shovel Ready Housing Plans that was presented at the 12/19/2022 City Council meeting was postponed until February 13, 2023. That is not a regular Council meeting date so staff is proposing that the date be changed from February 13, 2023 to February 21, 2023.

City Budgetary Impacts: N/A

Staff Recommended Action: Consider passage of the Order to change the postponement date.

Previous Meetings and History: N/A

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments:

ORDER 13-01032023

City Council Order

Mayor Levesque called the meeting to order at 7:00 P.M. in the Council Chambers of Auburn Hall and led the assembly in the salute to the flag. All Councilors were present.

7:00 P.M. City Council Meeting

Pledge of Allegiance

I. Consent Items - All items with an asterisk (*) are considered routine and will be enacted by one motion. There will be no separate discussion of these items unless a Council member or a citizen so requests, in which event, the item will be removed from the Consent Agenda and considered in its normal sequence on the agenda.

1. Order 161-12192022*
Re-appointing Susan Clements-Dallaire, City Clerk as the Registrar of Voters for the City of Auburn for a two-year term which will expire on 12/31/2024.

2. Order 162-12192022*
Confirming Chief Moen's appointments of Civilian Process Servers for the Auburn Police Department and Constable Process Servers without firearm/arrest powers within the City of Auburn.

3. Order 163-12192022*
Re-appointing Bryan Bachelder as Auburn's Local Sealer of Weights and Measures with a term expiration of December 31, 2023.

Motion was made by Councilor Staples and seconded by Councilor Walker for passage of the three consent items.

Passage 7-0.

II. Minutes – December 5, 2022 Regular Council Meeting

Motion was made by Councilor Walker and seconded by Councilor Milks to approve the minutes of the December 5, 2022 Regular Council meeting.

Passage 7-0.

III. Communications, Presentations and Recognitions

- Discussion with State Legislators -Representative Laurel Libby was present
- Planning Board Policy Violation Legal Opinion (150 Andrew Drive)
- Communication - Shovel Ready Housing Update (Eric Cousens)
- Council Communications (about and to the community)

Mayor Levesque, commented on the Christmas Village in Festival Plaza, and the New Year's Eve Auburn event that is scheduled to be held on December 31st.

Councilor Staples, commented on the Christmas tree lighting ceremonies in Festival Plaza and in New Auburn, and the Christmas Village in Festival Plaza, adding that it was a great time, and he noted that Public Works did a great job clearing roads after the storm.

Councilor Walker thanked everyone that came out for both holiday celebrations.

Councilor Morin reinforced the previous comments, noting that the festivities were awesome, well attended, and he gave thanks to city staff that were involved with the events and the storm clean up.

Councilor Whiting reported on Auburn Nordic Ski Association. You can register on-line at auburnnordicski.org, there is lots of snow, it's been groomed and it's beautiful.

Councilor Gerry thanked the Public Works Department for their efforts with the storm clean up.

City Manager Crowell thanked staff for their efforts with the storm, even with the staffing challenges, the team did a great job. He also commended the work done by the Sustainability and Natural Resource Management Board (SNRB) on the work they did on the ag zone as it pertains to income standards. He encouraged everyone to watch the presentation. It was clear, and they did a great job presenting. He also provided an update on the opioid settlement.

IV. Open Session – No one from the public spoke.

V. Unfinished Business - None

VI. New Business

1. Resolve 09-12192022
Supporting a "rail with trail" recommendation from the Rail Use Advisory Council.

Motion was made by Councilor Staples and seconded by Councilor Whiting for passage.

Public comment – No one from the public spoke.

Passage 7-0.

2. Order 164-12192022
Directing the Planning Board to review unhoused/homeless shelter related uses in the City of Auburn Zoning Districts.

Motion was made by Councilor Gerry and seconded by Councilor Staples for passage.

Public comment – Andy Titus, 24 Rubilite Lane, said that he is not in favor of sending this to the Planning Board adding that this is important, and we should not sit on this.

Motion was made by Councilor Whiting and seconded by Councilor to postpone this item until May of 2023.

Passage 7-0.

3. Order 165-12192022
Allocating $145,000 of ARPA (American Rescue Plan Act) funds for the acquisition of the Shovel Ready Housing Plans.

Motion was made by Councilor Staples and seconded by Councilor Morin for passage.

Public comment –

Ryan Smith, Auburn resident was unable to attend but provided written comments noting that he would like to see the Council reject this proposal and spend the ARPA money elsewhere and that he would like them to consider other measures to make building in Auburn more affordable.

Andy Titus, 24 Rubelite Lane, stated that he is against the proposal stating that it is unfair to anyone that wants to go through the normal process, there are costs and staff time involved, and it will be hard to police or control this.

Motion was made by Councilor Morin and seconded by Councilor Hawes to postpone until February 13, 2023.

Passage 7-0.

VII. Open Session - No one from the public spoke.

VIII. Reports (from sub-committees to Council)

Mayor Levesque reported on the upcoming School Committee meeting scheduled for this Wednesday, where they will discuss dual enrollment.

City Manager Crowell provided an update on the holiday schedule. Next week Auburn Hall will be closed on Monday for the holiday, trash pickup will continue as scheduled.

Jill Eastman, Finance Director – November Finance Report

Motion was made by Councilor Whiting and seconded by Councilor Milks to accept and place on file the November finance report.

Passage 7-0.

IX. Executive Sessions

Contract negotiations, pursuant to 1 M.R.S.A. Section 405(6)(D), ***with possible action to follow.***

Motion was made by Councilor Walker and seconded by Councilor Morin to enter into executive session, pursuant to 1 M.R.S.A. Section 405(6)(D), with possible action to follow.

Passage 7-0. Time, 8:35 pm.

Council was declared out of executive session at 8:55 pm.

Order 166-12192022 authorizing the City Manager to execute a Memorandum of Agreement (MOA) for retention efforts and to reopen Patrol/Detective and Command Unit contracts for negotiation no later than February 1, 2023.

Motion was made by Councilor Walker and seconded by Councilor Milks for passage.

Public comment – No one from the public spoke.

Passage 7-0.

Economic development, pursuant to 1 M.R.S.A. Section 405(6)(C).

Motion was made by Councilor Milks and seconded by Councilor Whiting to enter into executive session**,** pursuant to 1 M.R.S.A. Section 405(6)(C). Mayor Levesque recused himself and stepped out of the room for the discussion.

Passage 7-0. Time 8:59 pm.

Council was declared out of executive session at 9:24 pm.

Economic development, pursuant to 1 M.R.S.A. Section 405(6)(C), ***with possible action to follow*****.**

Motion was made by Councilor Hawes and seconded by Councilor Walker to enter into executive session, pursuant to 1 M.R.S.A. Section 405(6)(C), with possible action to follow. Councilor Milks recused himself and stepped out of the room for the discussion.

Passage 7-0. Time 9:24 pm.

Council was declared out of executive session at 9:48 pm.

Council Workshop or Meeting Date: 1/3/2022 **Order:** 14-01032023

Author: Brian Wood, Assistant City Manager

Subject: Land Acquisition for Public Safety Facilities Upgrade

---

Information:
The City of Auburn is taking another step towards the modifying the aging infrastructure of the city's public safety buildings. Through the acquisition of additional land the existing locations will remain public safety locations while allowing for new upgraded facilities to meet the current and future demands of staff and public safety vehicles.

City Budgetary Impacts:
N/A ARPA Funds recommended

Staff Recommended Action:
Staff recommends supporting this purchase

Subject: Modifying IT ARPA allocation to include website redesign

---

Information: In February, Council passed an order (Order 22-02072022) allocating $350,000 for a number of new software's including, permitting software, document digitization and assessing software as well as and it's implementation. The implementation of these projects is ongoing, however the City would like to include website redesign to the list of projects. This project is in the early stages, however the current host will no longer be supporting the City's website. Additionally, it has been approximately 10 years since the website was redesigned and is due for an upgrade and increased integration with new software's for ease of use for residents and businesses. This amendment will allow for already allocated funds to be used towards this effort.

City Budgetary Impacts: N/A

Staff Recommended Action: Staff recommends the modification

Previous Meetings and History: N/A

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: January 3, 2023 **Ordinance:** 01-01032023

Author: Phil Crowell, City Manager

Subject: Ordinance Amendment Chapter 16 Emergency Management - Security Systems

---

Information: The City of Auburn has approximately 650 active security system permits issued. The ordinance requires a $5.00 annual renewal fee on each system. After reviewing the revenue for the annual renewal and the cost to bill, process, and collect unpaid invoices, staff has determined this fee puts an unneeded impact on system owners and the time allocated by staff for this function could be better used. A renewal application rarely has any changes. The initial purpose for permitting a security system is still important for the proper response to alarms and necessary to bill for false alarms. The need to respond for false alarms continues to be reduced because of the fine structure.

Revenue
Approximately 30 new applications are received annually = $900.00
Renewal of 650 permits at $5.00 = $3,250.00
False Alarms Fines = $14,000.00

Renewal Expenditures Only
Paper and Postage = $823.00
Staff Processing = $1,263.50

City Budgetary Impacts: Revenue reduction of $3,250.00 for renewals, not including any late fines or collection costs.

Staff Recommended Action: Approve the ordinance amendment.

Previous Meetings and History: N/A

City Manager Comments:
I concur with the recommendation. Signature: Phillip Crowell Jr.

ARTICLE III. SECURITY SYSTEMS

Sec. 16-47. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Alarm site means a single premises or location served by an alarm system.

Alarm system means a device or system which transmits a signal intended to summon aid in a robbery, burglary, or personal hostage situation. The term "alarm system" does not include a system installed on a vehicle, personal safety alarm device, or a system designed to alert only the persons within a premises which does not emit a signal visible or audible outside of the premises.

Chief means the chief of police of the city or his authorized representative.

False alarm notification means an alarm notification to the police department when the responding personnel find no evidence of actual or attempted robbery, burglary, or personal hostage.

Local alarm means an alarm system that emits a signal at an alarm site which is audible or visible from the exterior of the alarm site.

(Ord. of 10-1-2007(01), § 2.1)

State law reference(s)—Security system defined, 32 M.R.S.A. § 9403(10).

Sec. 16-48. Permit required.

The owner or person in control of a premise commits an offense if he installs an alarm system or possesses an activated alarm system without first obtaining a permit from the chief. A separate permit is required for each alarm site.

(Ord. of 10-1-2007(01), § 2.2)

Sec. 16-49. Application; false statements; issuance; transferability; permit fees.

(a) The application for a permit shall contain the following information:

(1) Name, business address, home address, business telephone number, and home telephone number of the person in whose name the permit is requested;

(2) Name, business telephone number, and home telephone number of two persons who are authorized and have agreed to receive notification at any time from responding police personnel to come to the alarm site within 30 minutes after receiving such notification;

(3) Classification of the alarm site as residential, commercial or banking institution;

(4) Purpose of the alarm (i.e. burglary, robbery);

(5) Any other information required by the chief to ensure compliance with all provisions of this article.

(b) The permit holder shall notify the chief of any change in the information contained in the application within five days of such change.

(c) If the application complies with all requirements of this article, the chief shall issue a permit upon receipt of a permit fee in the amount provided in the city fee schedule.

(d) Any false statement of a material nature made by an applicant for the purpose of obtaining a permit shall be grounds for denial of the issuance of the permit, or cancellation of the permit if it has been issued.

(e) A permit is not assignable or transferable to another person.

(f) A permit shall be valid until the property ownership is transferred or the system is eliminated. ~~for the period of January 1 through December 31 of the same year issued. However, if a permit is obtained after December 1, the permit shall be valid through December 31 of the next calendar year. Permits expire on December 31. After expiration, a new application must be made.~~

(g) ~~Permit renewals for the next calendar year shall start on December 1 of the year of expiration. Renewals may be made on weekdays during normal business hours in person, by telephone, or by mail. A renewal fee in the amount provided in the city fee schedule will be charged if renewal occurs before expiration. There will be an additional charge in the amount provided in the city fee schedule for renewals made after December 31.~~

(Ord. of 10-1-2007(01), § 2.3)

Sec. 16-50. Automatic shutoff required.

In the event that a mechanism sounds an alarm signal for longer than 15 minutes after being activated, the chief of police or his designated representative is authorized to disable the alarm. All costs of the city in disabling such an alarm shall be assessed to the operator of the alarm system and shall be paid to the city within 30 days after the operator has received notice that the said costs have been assessed. Application for a permit under the provisions of this section constitutes a grant of approval by the operator of the alarm system for the city to deactivate the local alarm system under the provisions of this section.

(Ord. of 10-1-2007(01), § 2.4)

Sec. 16-51. Maintenance of system.

The permit holder shall maintain the alarm system in such a manner as to ensure proper operation and to minimize false alarm notifications.

(Ord. of 10-1-2007(01), § 2.5)

Sec. 16-52. Reporting of alarm signals.

(a) A permit holder commits an offense if he allows alarm signals to be reported through a relaying intermediary that is not licensed to legally provide such service.

(b) A permit holder or other party commits an offense if they allow an alarm signal to be reported through an automatic dialing system directly to the police department other than through the installed alarm console.

(Ord. of 10-1-2007(01), § 2.6)

Sec. 16-53. Indirect alarm reporting.

A person who is engaged in the business of relaying alarm notifications to the city shall:

(1) Send notification of an alarm to the city by an individual;

(2) Keep his business premises locked and secured at all times;

(3) Allow an inspection of his business premises by authorized agents of the police chief;

(4) Report alarms only to a telephone number designated by the city;

(5) Send alarm notifications to the city in a manner and form determined by the city; and

(6) Maintain sufficient staff to ensure that valid alarms are relayed immediately to the city.

(Ord. of 10-1-2007(01), § 2.7)

Sec. 16-54. Alarm dispatch records.

The chief shall maintain a written record of all alarm notifications, including, but not limited to, the following:

(1) Name of permit holder;

(2) Location of alarm site;

(3) Date and time of alarm notification;

(4) Name of the responding police officer in charge of response;

(5) Weather conditions; and

(6) Whether the notification was a false alarm notification.

(Ord. of 10-1-2007(01), § 2.8)

Sec. 16-55. False alarm notification—Determination.

(a) The chief shall not consider an alarm notification to be false if he determines that the alarm was caused by:

(1) A natural or manmade disaster;

(2) Severe weather that causes physical damage to the premises;

(3) Vandalism;

(4) Telephone line outage;

(5) Attempted entry or attempted robbery; or

(6) Accidental activation by the occupant provided the alarm is immediately reported to the police department.

(b) The determination of the chief in classifying an alarm notification as false or actual is final.

(Ord. of 10-1-2007(01), § 2.9)

Sec. 16-56. Same—Penalty.

(a) The permit holder shall pay a penalty of $30.00 beginning with the third and fourth false alarm notification (the first two are at no charge); an additional fee of $50.00 will be assessed for the fifth and sixth false alarm and all subsequent false alarms will be assessed at $100.00.

(b) The time period for alarms will be from the beginning of the permit period.

(c) The police department shall, on a monthly basis, send to the permit holder, at the address stated on the application, a statement of fees due. The permit holder shall pay such fees within 30 days of the date of the statement and shall be delinquent after such 30-day period.

(Ord. of 10-1-2007(01), § 2.10)

State law reference(s)—False alarms or reports, 17A M.R.S.A. § 509.

Sec. 16-57. Revocation of permit.

The chief shall revoke an alarm permit if he determines that:

(1) There is a false statement of a material nature in the application for a permit;

(2) The permit holder has violated any provision of this article; or

(3) The permit holder is delinquent in payment of fees for false alarm notifications.

(Ord. of 10-1-2007(01), § 2.11)

Sec. 16-58. Appeal from denial of issuance or revocation of permit.

(a) If the chief denies the issuance of a permit, or suspends a permit, he shall send to the applicant or permit holder by certified mail, return receipt requested, written notice of his action setting forth the reason for such action and advising the applicant or permit holder of the right to an appeal. The applicant or permit holder may appeal the decision of the chief to the city manager by filing with the city manager's office a written request for a hearing, setting forth his objections to the action of the chief, within ten days after receipt of the notice from the chief. The filing of a request for an appeal hearing with the city manager shall stay the action of the chief in denying the issuance of or suspending a permit until a final decision on the appeal is made by the city manager. If a request for an appeal hearing is not made within the ten-day limit, the action of the chief is final.

(b) The city manager or his designee shall preside at any administrative hearing conducted under the provisions of this section and shall consider evidence offered by any interested person. The formal rules of evidence shall not apply at such hearing. The city manager shall render a written decision setting forth findings of fact and conclusions of law within 30 days after the request for an appeal hearing is filed. Such decision shall affirm, reverse, or modify the action of the chief, and the city manager decision is final.

(Ord. of 10-1-2007(01), § 2.12)

Sec. 16-59. Violations; penalties.

A person commits an offense if he violates by commission or omission (nonregistration of alarm) any provisions of this article that impose upon him a duty or responsibility, other than false alarms. Each day or portion

of a day in which the violation exists or is committed shall constitute a separate offense. Each offense other than false alarms is punishable by a fine in the amount of $100.00.

Zoning conformance/rebuild letter—each50.00

Independent professional review feesTBD

Engineering inspection feesTBD

Required advertising (unless otherwise specifically provided above)100.00

Other General Information:

- Applicants are responsible for the cost of all public hearing advertisements and background checks required for various licenses. Failure to list that additional expense in the fee schedule shall not eliminate that requirement from the licensing process.
- Applicants are responsible for providing background checks, not older than 3 days prior to submission of application for all licenses that require such checks or, alternatively, applicants may pay $100.00 to the city with the application to cover the cost of the background check.
- License fees established in this appendix include two routine or pre-operational inspections and one follow-up inspection. When additional inspections are required, the city may charge an additional $100.00 per inspection to cover the costs of each additional inspection or visit.
- All first time applications must be made in person, unless otherwise specifically stated herein.
- All on-line licenses will receive a 10% discount unless otherwise indicated herein.
- No on-line renewal of liquor licenses, special amusement licenses, or tattoo or massage licenses is permitted.
- Residential construction. A veteran/widow/widower of a veteran or contractor on behalf of a veteran/widow/widower of a veteran seeking to build new construction or to rehabilitate an existing property will have all fees waived/reimbursed at time of permit approval. This applies to owner occupied single family and multifamily units, up to 3 unit structures. This does not apply to state fees administered by the city.
- Commercial construction. A veteran owned business* or subcontractor hired by a veteran owned business*, will be entitled to a 50% fee reduction/reimbursement for new construction or rehabilitation of an existing property at the time of permit approval. This does not apply to state fees administered by the city.

  * Veterans honorably discharged from federal service, must present DD-214 to economic, and community development office for fees to be waived.

  ** Veteran owned business as defined by the SBA being a corporation in which 51% of the shares of the company are owned by a veteran.

(Ord. No. 35-10182021, 11-1-2021; Ord. No. 48-12062021, 12-20-2021; Ord. No. 04-02072022, 2-7-2022)

ORDINANCE 01-01032023

City Council Ordinance

IN CITY COUNCIL

Amending the Code of Ordinances, Sec. 16-49. Security Systems and Appendix A Fees and Charges, Emergency Management and Services

Be it ordained, that the City Council hereby amends the Code of Ordinances, Sec. 16-49. Security Systems as follows:

Sec. 16-49. Application; false statements; issuance; transferability; permit fees.

(a) The application for a permit shall contain the following information:

(1) Name, business address, home address, business telephone number, and home telephone number of the person in whose name the permit is requested;

(2) Name, business telephone number, and home telephone number of two persons who are authorized and have agreed to receive notification at any time from responding police personnel to come to the alarm site within 30 minutes after receiving such notification;

(3) Classification of the alarm site as residential, commercial or banking institution;

(4) Purpose of the alarm (i.e. burglary, robbery);

(5) Any other information required by the chief to ensure compliance with all provisions of this article.

(b) The permit holder shall notify the chief of any change in the information contained in the application within five days of such change.

(c) If the application complies with all requirements of this article, the chief shall issue a permit upon receipt of a permit fee in the amount provided in the city fee schedule.

(d) Any false statement of a material nature made by an applicant for the purpose of obtaining a permit shall be grounds for denial of the issuance of the permit, or cancellation of the permit if it has been issued.

(e) A permit is not assignable or transferable to another person.

(f) A permit shall be valid until the property ownership is transferred or the system is eliminated. ~~for the period of January 1 through December 31 of the same year issued. However, if a permit is obtained after December 1, the permit shall be valid through December 31 of the~~

City Council Ordinance

~~next calendar year. Permits expire on December 31. After expiration, a new application must be made.~~

~~(g) Permit renewals for the next calendar year shall start on December 1 of the year of expiration. Renewals may be made on weekdays during normal business hours in person, by telephone, or by mail. A renewal fee in the amount provided in the city fee schedule will be charged if renewal occurs before expiration. There will be an additional charge in the amount provided in the city fee schedule for renewals made after December 31.~~

(Ord. of 10-1-2007(01), § 2.3)

Appendix A FEES AND CHARGES

Emergency Management and Services

Security (alarm) system permit:

~~Initial issuance~~ Issuance 30.00

~~Annual renewal fee, if paid on or before December 31 $5.00~~

~~Annual renewal fee, if paid after December 31 $30.00~~

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: January 3, 2023

Subject: Executive Session

Information: Legal matter, pursuant to 1 M.R.S.A. Section 405(6) (E).

Executive Session: On occasion, the City Council discusses matters which are required or allowed by State law to be considered in executive session. Executive sessions are not open to the public. The matters that are discussed in executive session are required to be kept confidential until they become a matter of public discussion. In order to go into executive session, a Councilor must make a motion in public. The motion must be recorded, and 3/5 of the members of the Council must vote to go into executive session. An executive session is not required to be scheduled in advance as an agenda item, although when it is known at the time that the agenda is finalized, it will be listed on the agenda. The only topics which may be discussed in executive session are those that fall within one of the categories set forth in Title 1 M.R.S.A. Section 405(6). Those applicable to municipal government are:

A. Discussion or consideration of the employment, appointment, assignment, duties, promotion, demotion, compensation, evaluation, disciplining, resignation or dismissal of an individual or group of public officials, appointees or employees of the body or agency or the investigation or hearing of charges or complaints against a person or persons subject to the following conditions:
(1) An executive session may be held only if public discussion could be reasonably expected to cause damage to the individual's reputation or the individual's right to privacy would be violated;
(2) Any person charged or investigated must be permitted to be present at an executive session if that person so desires;
(3) Any person charged or investigated may request in writing that the investigation or hearing of charges or complaints against that person be conducted in open session. A request, if made to the agency, must be honored; and
(4) Any person bringing charges, complaints or allegations of misconduct against the individual under discussion must be permitted to be present. This paragraph does not apply to discussion of a budget or budget proposal;

B. Discussion or consideration by a school board of suspension or expulsion of a public school student or a student at a private school, the cost of whose education is paid from public funds, as long as:
(1) The student and legal counsel and, if the student is a minor, the student's parents or legal guardians are permitted to be present at an executive session if the student, parents or guardians so desire;

C. Discussion or consideration of the condition, acquisition or the use of real or personal property permanently attached to real property or interests therein or disposition of publicly held property or economic development only if premature disclosures of the information would prejudice the competitive or bargaining position of the body or agency;

D. Discussion of labor contracts and proposals and meetings between a public agency and its negotiators. The parties must be named before the body or agency may go into executive session. Negotiations between the representatives of a public employer and public employees may be open to the public if both parties agree to conduct negotiations in open sessions;

E. Consultations between a body or agency and its attorney concerning the legal rights and duties of the body or agency, pending or contemplated litigation, settlement offers and matters where the duties of the public body's or agency's counsel to the attorney's client pursuant to the code of professional responsibility clearly conflict with this subchapter or where premature general public knowledge would clearly place the State, municipality or other public agency or person at a substantial disadvantage;

F. Discussions of information contained in records made, maintained or received by a body or agency when access by the general public to those records is prohibited by statute;

G. Discussion or approval of the content of examinations administered by a body or agency for licensing, permitting or employment purposes; consultation between a body or agency and any entity that provides examination services to that body or agency regarding the content of an examination; and review of examinations with the person examined; and

H. Consultations between municipal officers and a code enforcement officer representing the municipality pursuant to Title 30-A, section 4452, subsection 1, paragraph C in the prosecution of an enforcement matter pending in District Court when the consultation relates to that pending enforcement matter.

City Council Workshop & Meeting
Agenda
January 17, 2023
Auburn Hall, Council Chambers

5:30 P.M. City Council Workshop

- **A.** Lake Auburn Watershed – Eric Cousens
- **B.** Council Vision & Goals Update – Phil Crowell
- **C.** Tax Increment Financing Presentation – Glen Holmes
- **D.** Executive Session, Labor Negotiations (Fire), pursuant to 1 M.R.S.A. §405(6)(D).
- **E.** Executive Session, Economic Development, pursuant to 1 M.R.S.A. §405(6)(C) which premature disclosure would prejudice the competitive or bargaining position of the City.

7:00 P.M. City Council Meeting - Roll call votes will begin with Councilor Whiting

Pledge of Allegiance

I. **Consent Items** - All items with an asterisk (*) are considered routine and will be enacted by one motion. There will be no separate discussion of these items unless a Council member or a citizen so requests, in which event, the item will be removed from the Consent Agenda and considered in its normal sequence on the agenda.

1. **Order 16-01172023***
Re-appointing Karen Scammon as the City Assessor with a term expiration of 01/31/2028.

2. **Order 17-01172023***
Confirming Chief Moen's appointment of Nathaniel Aronson as Constable with Firearm for the Auburn Police Department.

II. **Minutes –** January 3, 2023 Regular Council Meeting

Allocating up to $180,000 from the American Rescue Plan Act (ARPA) funds for the purchase of a portable Stage.

2. Ordinance 01-01032023
Amending the Code of Ordinances, Sec. 16-49, Security Systems and Appendix A, Fees and Charges under Emergency Management and Service, removing the renewal requirement and associated fee. Public hearing and second reading.

3. Ordinance 24-12052022
Zoning Map Amendment - Amending a portion of 150 Andrew Drive (Parcel I.D. 347-003) from Agriculture and Resource Protection (AG), and Low-Density Country Residential (LDCR), zoning districts to the Suburban Residential (SR) as recommended by the Planning Board. First Reading.

VI. New Business

1. Order 18-01172023
Directing the Planning Board to provide a recommendation on a zoning text and map amendment prohibiting any future residential structures and animal farms within the portion of the Lake Auburn watershed zoned "Agriculture and Resource Protection".

2. Order 19-01172023
Directing the Planning Board to provide a recommendation for a zoning amendment that will prohibit any future subsurface wastewater disposal within 300' of Lake Auburn.

VII. Open Session - *Members of the public are invited to speak to the Council about any issue directly related to City business or any item that does not appear on the agenda*

VIII. Reports (from sub-committees to Council)

a. Mayor's Report
b. City Councilors' Reports
c. City Manager Report
d. Jill Eastman, Finance Director – December Finance Report

IX. Executive Sessions – None

X. Adjournment

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: January 17, 2023

Author: Eric Cousens, Director of Planning and Permitting

Subject: Lake Auburn Workshop –Updates and discussion

Information: In the City's continuing effort to pursue strong, transparent, easier to understand watershed protection regulations that reduce development potential and hold any developments within the Lake Auburn Watershed to a higher science-based standard for phosphorus control and wastewater disposal there are two new items under consideration tonight in the regular meeting. This workshop will allow staff to give the Council and update, review those proposed Orders and answer questions.

City Budgetary Impacts: None.

Staff Recommended Action:
Discuss Lake Auburn watershed related ordinance changes.

Previous Meetings and History: Many over the last 2 years.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: See attachments (also included for action under new Business).

Sec. 60-952. Use and environmental regulations.

(a) *Agricultural uses.* All uses of land for chicken farms, cattle farms, horse farms, egg farms, piggeries, sheep farms, stables, crop farming and other agricultural purposes shall be subject to the approval of the city water district. Such approval shall be granted upon a showing that such uses will not cause groundwater contamination or contaminate or disturb the normal course of surface water runoff.

(b) *Residential dwellings in the agriculture and resource protection zoning district.* Notwithstanding subsections 60-145(a)(1), 60-145(b)(18) and 60-146(1)(c), one-family detached dwellings are only permitted in the Lake Auburn Watershed District on parcels containing no less than ten acres, provided that the dwelling is accessory to farming operations and subject to the following restriction: at least 50 percent of the total annual household income of the farm occupants living in the farm residence will be derived from farm uses.

(c) *Agricultural buffer strip.* Where land adjoining Lake Auburn or its perennial tributaries is tilled for agricultural purposes, an untilled buffer strip 50 feet wide shall be retained between the tilled area and the normal high-water mark. This subsection (c) shall not be interpreted as permitting agricultural tillage in any zoning district in which it is not otherwise permitted.

(d) *Municipal and manure sludge disposal.* All spreading and disposal of municipal sludge shall be accomplished in conformance with the Rules of Municipal Sludge Utilization on Land, published by the department of environmental protection in September, 1980. All spreading and disposal of manure shall be accomplished in conformance with Maine Guidelines for Manure and Manure Sludge Disposal on Land, published by the Life Sciences and Agriculture Experiment Station and the Cooperative Extension Service, University of Maine at Orono, and the Maine Soil and Water Conservation Commission in July, 1972.

(e) *Erosion control.* The following provisions shall be observed for the control of erosion in the Lake Auburn Watershed:

(1) Any earth cutting, moving or removal activities that will result in erosion or runoff which is likely to increase sedimentation of Lake Auburn, or any tributaries or other water bodies in the watershed are prohibited.

(2) Vegetative cover shall not be removed except in a manner which will minimize erosion. Harvesting of trees shall be permitted only after a plan prepared by a qualified forester is submitted to and approved by the water district. Such plan will be approved or disapproved on the basis of its conformance with good watershed management practice for domestic water supplies.

(3) Trees may be cleared, provided the cleared areas are covered with other vegetation, for approved construction and landscaping. Where such clearing is extended to the shoreline, a cleared opening or openings not greater than 30 feet in width for every 100 feet of shoreline (measured along the high-water mark) may be created in the strip extending 50 feet inland from the normal high-water mark. For purposes of this section, clearing is the removal of adjacent dominant trees which extend into the canopy and shrubs within ten feet of the shoreline. Where natural vegetation is removed, it shall be replaced with other vegetation which is equally effective in retarding erosion and preserving natural beauty. When the vegetative cover is changed in areas greater than three acres, a plan shall be filed with the city water district indicating the changes so that a record can be maintained of watershed water yields to the system.

(f) *Private sewage disposal systems.* The following regulations shall be adhered to in the development of private sewage disposal systems in the Lake Auburn Watershed:

(1) Subsurface absorption areas shall not be permitted on sites on which the highest seasonal groundwater table, bedrock, or other impervious layer is less than 36 inches below the bottom of the organic horizon. Not less than 24 inches of suitable soil shall be present below the bottom of the

subsurface absorption area. The bottom of such subsurface absorption area shall not be less than 12 inches below the bottom of the organic horizon measured from the lowest point on the subsurface absorption area.

(2) No subsurface absorption area shall be installed closer than 400 feet w~~W~~ithin areas containing soils described as deep, ~~loose~~ and sandy or gravelly and which contain ~~more than 70 percent~~ sand or gravel outwash or stratified drift as shown on table 4D (profiles 5 or 6 and some 11) of the State of Maine Subsurface Wastewater Disposal Rules 10-144, Chapter 241.~~9-3 of the state plumbing code, part II (April 25, 1975),~~ N~~n~~o subsurface absorption area shall be installed closer than 300 feet to the normal high-water mark of Lake Auburn~~any lake, pond, or year-round or intermittent stream~~. Where the daily sewage flow is or is reasonably likely to be in excess of 2,000 gallons, the system shall be located at least 1,000 feet from the normal high-water mark of any lake, pond or year-round or intermittent stream.

(3) The city water district shall have the right to inspect any system within the Lake Auburn Watershed District during its construction and operation and may notify the health office, police chief, local plumbing inspector or housing inspector who shall require the abatement of such defects or malfunctions.

(4) The local plumbing inspector shall furnish a copy of all site investigation reports in the Lake Auburn Watershed District to the city water district.

(5) Replacement or reconstruction of private residential sewage disposal systems in existence and in use on December 17, 1983 shall not be subject to the requirements of this section but shall be required to comply with the current state plumbing code.

(Ord. of 9-21-2009, § 5.3C; Ord. No. 19-12022019, 12-9-2019)

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: January 17, 2023

Author: Phil Crowell, City Manager

Subject: Council Vision, Goals, and Goal Statements

Information:

On November 8, 2021, the newly elected council members and mayor participated in a retreat to establish a vision and goals for the 2021 – 2023 term. At the January 18, 2022 workshop, staff provided the council with goal statements that were brought in from the Strategic Plan. At the council retreat on November 14, 2022, the council reviewed these goals and staff shared that a written update would be presented in January 2023.

The updated goal sheet will be provided during the presentation.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: January 17, 2023

Subject: Executive Session

Information: Contract Negotiations (Fire), pursuant to 1 M.R.S.A. Section 405(6) (D).

Executive Session: On occasion, the City Council discusses matters which are required or allowed by State law to be considered in executive session. Executive sessions are not open to the public. The matters that are discussed in executive session are required to be kept confidential until they become a matter of public discussion. In order to go into executive session, a Councilor must make a motion in public. The motion must be recorded, and 3/5 of the members of the Council must vote to go into executive session. An executive session is not required to be scheduled in advance as an agenda item, although when it is known at the time that the agenda is finalized, it will be listed on the agenda. The only topics which may be discussed in executive session are those that fall within one of the categories set forth in Title 1 M.R.S.A. Section 405(6). Those applicable to municipal government are:

A. Discussion or consideration of the employment, appointment, assignment, duties, promotion, demotion, compensation, evaluation, disciplining, resignation or dismissal of an individual or group of public officials, appointees or employees of the body or agency or the investigation or hearing of charges or complaints against a person or persons subject to the following conditions:
(1) An executive session may be held only if public discussion could be reasonably expected to cause damage to the individual's reputation or the individual's right to privacy would be violated;
(2) Any person charged or investigated must be permitted to be present at an executive session if that person so desires;
(3) Any person charged or investigated may request in writing that the investigation or hearing of charges or complaints against that person be conducted in open session. A request, if made to the agency, must be honored; and
(4) Any person bringing charges, complaints or allegations of misconduct against the individual under discussion must be permitted to be present. This paragraph does not apply to discussion of a budget or budget proposal;

B. Discussion or consideration by a school board of suspension or expulsion of a public school student or a student at a private school, the cost of whose education is paid from public funds, as long as:
(1) The student and legal counsel and, if the student is a minor, the student's parents or legal guardians are permitted to be present at an executive session if the student, parents or guardians so desire;

C. Discussion or consideration of the condition, acquisition or the use of real or personal property permanently attached to real property or interests therein or disposition of publicly held property or economic development only if premature disclosures of the information would prejudice the competitive or bargaining position of the body or agency;

D. Discussion of labor contracts and proposals and meetings between a public agency and its negotiators. The parties must be named before the body or agency may go into executive session. Negotiations between the representatives of a public employer and public employees may be open to the public if both parties agree to conduct negotiations in open sessions;

E. Consultations between a body or agency and its attorney concerning the legal rights and duties of the body or agency, pending or contemplated litigation, settlement offers and matters where the duties of the public body's or agency's counsel to the attorney's client pursuant to the code of professional responsibility clearly conflict with this subchapter or where premature general public knowledge would clearly place the State, municipality or other public agency or person at a substantial disadvantage;

F. Discussions of information contained in records made, maintained or received by a body or agency when access by the general public to those records is prohibited by statute;

G. Discussion or approval of the content of examinations administered by a body or agency for licensing, permitting or employment purposes; consultation between a body or agency and any entity that provides examination services to that body or agency regarding the content of an examination; and review of examinations with the person examined; and

H. Consultations between municipal officers and a code enforcement officer representing the municipality pursuant to Title 30-A, section 4452, subsection 1, paragraph C in the prosecution of an enforcement matter pending in District Court when the consultation relates to that pending enforcement matter.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: January 17, 2023

Subject: Executive Session

Information: Economic development, pursuant to 1 M.R.S.A. Section 405(6) (D). Premature disclosure would prejudice the competitive or bargaining position of the city.

Executive Session: On occasion, the City Council discusses matters which are required or allowed by State law to be considered in executive session. Executive sessions are not open to the public. The matters that are discussed in executive session are required to be kept confidential until they become a matter of public discussion. In order to go into executive session, a Councilor must make a motion in public. The motion must be recorded, and 3/5 of the members of the Council must vote to go into executive session. An executive session is not required to be scheduled in advance as an agenda item, although when it is known at the time that the agenda is finalized, it will be listed on the agenda. The only topics which may be discussed in executive session are those that fall within one of the categories set forth in Title 1 M.R.S.A. Section 405(6). Those applicable to municipal government are:

A. Discussion or consideration of the employment, appointment, assignment, duties, promotion, demotion, compensation, evaluation, disciplining, resignation or dismissal of an individual or group of public officials, appointees or employees of the body or agency or the investigation or hearing of charges or complaints against a person or persons subject to the following conditions:
(1) An executive session may be held only if public discussion could be reasonably expected to cause damage to the individual's reputation or the individual's right to privacy would be violated;
(2) Any person charged or investigated must be permitted to be present at an executive session if that person so desires;
(3) Any person charged or investigated may request in writing that the investigation or hearing of charges or complaints against that person be conducted in open session. A request, if made to the agency, must be honored; and
(4) Any person bringing charges, complaints or allegations of misconduct against the individual under discussion must be permitted to be present. This paragraph does not apply to discussion of a budget or budget proposal;

B. Discussion or consideration by a school board of suspension or expulsion of a public school student or a student at a private school, the cost of whose education is paid from public funds, as long as:
(1) The student and legal counsel and, if the student is a minor, the student's parents or legal guardians are permitted to be present at an executive session if the student, parents or guardians so desire;

C. Discussion or consideration of the condition, acquisition or the use of real or personal property permanently attached to real property or interests therein or disposition of publicly held property or economic development only if premature disclosures of the information would prejudice the competitive or bargaining position of the body or agency;

D. Discussion of labor contracts and proposals and meetings between a public agency and its negotiators. The parties must be named before the body or agency may go into executive session. Negotiations between the representatives of a public employer and public employees may be open to the public if both parties agree to conduct negotiations in open sessions;

E. Consultations between a body or agency and its attorney concerning the legal rights and duties of the body or agency, pending or contemplated litigation, settlement offers and matters where the duties of the public body's or agency's counsel to the attorney's client pursuant to the code of professional responsibility clearly conflict with this subchapter or where premature general public knowledge would clearly place the State, municipality or other public agency or person at a substantial disadvantage;

F. Discussions of information contained in records made, maintained or received by a body or agency when access by the general public to those records is prohibited by statute;

G. Discussion or approval of the content of examinations administered by a body or agency for licensing, permitting or employment purposes; consultation between a body or agency and any entity that provides examination services to that body or agency regarding the content of an examination; and review of examinations with the person examined; and

H. Consultations between municipal officers and a code enforcement officer representing the municipality pursuant to Title 30-A, section 4452, subsection 1, paragraph C in the prosecution of an enforcement matter pending in District Court when the consultation relates to that pending enforcement matter.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: January 17, 2023

Author: Sue Clements-Dallaire, City Clerk

Subject: RE-appointment of Karen Scammon as City Assessor

Information: The appointment term for Karen Scammon, City Tax Assessor, expires 1/31/2023. The City is required to have a Tax Assessor to do the annual tax commitment and to perform other functions as required by State Statute. Section 2-255 of our City Ordinance states:

"The Tax Assessor shall be appointed by the City Council on the recommendation of the City Manager. The Tax Assessor shall be appointed for a term not to exceed five years."

City Budgetary Impacts: None

Staff Recommended Action: Consider passage

Previous Meetings and History: None

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: Law reference Title 30A §2552(C)

(3) The name of the person who administered the oath; and

(4) The date when the oath was taken.

B. The clerk shall be sworn to accurately record the votes of town meetings and to discharge faithfully all the other duties of that office, until another clerk is elected and sworn.

C. After the town meeting, the clerk shall immediately issue a warrant directed to a constable containing the names of persons chosen for office who have not been sworn.

(1) The constable shall immediately summon the named persons to appear before the clerk within 7 days from the time of notice to take the oath of office.

(2) The constable shall make a return immediately to the clerk.

(3) The town shall pay the constable a reasonable compensation for these services.

D. The clerk shall record the election or appointment of each official or deputy, including the clerk's own, and the other information specified in paragraph A.

E. A record by the clerk that a person was sworn for a stated town office is sufficient evidence that the person was legally sworn for the office. The entire oath need not be recorded.

TITLE 30-A
MUNICIPALITIES AND COUNTIES
CHAPTER 121
MEETINGS AND ELECTIONS

30A § 2551. Warrant for city election; conduct of election

Each city election shall be called by a warrant. The warrant must meet the requirements listed in section 2523. An attested copy shall be posted in a conspicuous, public place in each ward.

30A § 2552. Designation of officials

1. **Assessors and assistant assessors.** The following provisions apply to assessors and their assistants.

A. Assessors and their assistants shall be chosen annually on the 2nd Monday of March to serve for one year and until others are chosen and qualified in their places, unless the city charter provides otherwise.

B. In addition to the assistant assessors chosen under a city charter, the municipal officers may authorize the assessors to appoint any necessary assistants to serve during the municipal year in which they are appointed.

C. Notwithstanding the provisions of any city charter to the contrary, the city council, by ordinance, may provide for a single assessor whose powers and duties are the same as for towns, and who is appointed for a term not exceeding 5 years.

DIVISION 7. - TAX ASSESSOR

Footnotes:
*--- **(10)** ---*
***State Law reference**— Powers and duties of municipal tax assessors, 36 M.R.S.A. § 701 et seq.*

Sec. 2-255. - Appointment; term.

The tax assessor shall be appointed by the city council on the recommendation of the city manager. The tax assessor shall be appointed for a term not to exceed five years.

(Code 1967, §§ 5-1.1, 5-1.2; Ord. No. 12-03212022, 4-4-2022)

Sec. 2-256. - Powers and duties.

(a) The tax assessor shall be the administrative head of the assessing operations in the finance department and shall, with the approval of the city manager, have power to appoint such assistants as he may require and as shall from time to time be authorized by the city council. The tax assessor will be a direct report to the finance director.

(b) The tax assessor shall have those powers and perform those duties established by state statute for assessors and boards of assessors.

(Code 1967, § 5-1.3; Ord. No. 08-02022015, 2-17-2015)

Secs. 2-257—2-275. - Reserved.

9. **Order 09-01032023***

Re-appointing Jeremiah Bartlett to the Complete Streets Committee, with a term expiration of 1/1/2026.

10. **Order 10-01032023***
Appointing Benjamin Weisner to the Age Friendly Community Committee, with a term expiration of 6/1/2023.

11. **Order 11-01032023***
Appointing Gerald Samson to the Regulatory Advisory Board, with a term expiration of 6/1/2024.

12. **Order 12-01032023***
Appointing Kirk Nadeau to the Airport Board, with a term expiration of 1/1/2026.

13. **Order 13-01032023***
Amending the postponement date of order 165-12192022 to February 21, 2022 instead of February 13, 2022.

Motion was made by Councilor Walker and seconded by Councilor Morin for passage of the consent items.

Councilor Whiting asked that Orders 05-01032023, 06-01032023, and 07-01032023 be removed from the consent agenda and placed under new business for discussion.

Passage of the remaining consent items, 6-0.

II. **Minutes** – December 19, 2022, Regular Council Meeting

Motion was made by Councilor Hawes and seconded by Councilor Staples to approve the minutes of the December 19, 2022 Regular Council Meeting.

Passage 6-0.

III. **Communications, Presentations and Recognitions**

- LA 9-1-1 Presentation
- Presentation of Recreation Non-Profit Groups
    - Auburn Suburban Baseball & Softball
    - Phoenix Karate
    - Auburn Ski Association
    - YMCA
- Council Communications (about and to the community)

Councilor Whiting reported that we should be hearing a fairly big announcement from Museum LA soon.

Councilor Walker reported back on the New Year's Day party that was held at the Senior Community Center.

Councilor Staples reported that he attended the New Year's Auburn event and thanked staff for their efforts.

City Manager Crowell also reported on the New Year's Eve event and thanked everyone that was involved.

Mayor Levesque also commented positively on the New Year's Eve event. He also noted that he is asking staff to put together an order for Council to review and vote on directing the Planning Board to recommend converting the agricultural & resource protection zone within the Lake Auburn Watershed into a city conservation zone.

IV. **Open Session** – Stephen Beal, Johnson Road commented on the Planning Board appointments that are on the agenda.

V. **Unfinished Business** - None

VI. **New Business**

1. **Order 14-01032023**
Directing the City Manager to acquire the necessary property to optimize a new Engine 2 station and allocating up to $25,000 from the American Rescue Plan Act (ARPA) funds in support of this initiative.

Motion was made by Councilor Walker and seconded by Councilor Whiting for passage.

Public comment - No one from the public spoke.

Passage 6-0.

2. **Order 15-01032023**
Amending Order 22-02072022 to include website redesign and associated costs to the list of projects that were approved in the allocation of ARPA funds.

Motion was made by Councilor Staples and seconded by Councilor Walker for passage.

Public comment – No one from the public spoke.

Passage – 6-0.

3. **Ordinance 01-01032023**
Amending the Code of Ordinances, Sec. 16-49, Security Systems and Appendix A, Fees and Charges under Emergency Management and Service, removing the renewal requirement and associated fee. First Reading.

Motion was made by Councilor Staples and seconded by Councilor Hawes for passage.

Public comment – No one from the public spoke.

Passage – 6-0. A roll call vote was taken.

Order 05-01032023
Appointing David Trask to the Planning Board, full member, with a term expiration of 1/1/2025. This item was removed from the Consent Agenda.

Motion was made by Councilor Gerry and seconded by Councilor Staples for passage.

Public comment – No one from the public spoke.

Motion was made by Councilor Staples and seconded by Councilor Whiting to replace David Trask with Joshua Daigle for this position.

Motion failed 3-4 (there was a tie vote of 3-3 with Councilors Hawes, Morin, and Walker opposed, and in accordance with the City Charter, Article III, Section 3.3, Mayor Levesque voted to break the tie vote and voted in opposition).

Passage of Order 05-01032023 4-2 (Councilors Gerry and Whiting opposed).

Order 06-01032023
Appointing Amanda Guerette to the Planning Board, associate member, with a term expiration of 1/1/2025. This item was removed from the Consent Agenda.

Motion was made by Councilor Staples and seconded by Councilor Walker for passage.

Public comment – Stephen Beal, 575 Johnson Road, commented that it would be of interest to the public to know if someone has resigned or reached their term limits.

Motion was made by Councilor Whiting and seconded by Councilor Gerry to replace Amanda Guerette with Stanwood Gray for this position.

Motion failed 3-4 (there was a tie vote of 3-3 with Councilors Hawes, Morin, and Walker opposed, and in accordance with the City Charter, Article III, Section 3.3, Mayor Levesque voted to break the tie vote, and voted in opposition).

Passage of Order 06-01032023 4-3 (there was a tie vote of 3-3 with Councilors Gerry, Whiting, and Staples opposed, and in accordance with the City Charter, Article III, Section 3.3, Mayor Levesque voted to break the tie vote, voting in the affirmative).

Order 07-01032023
Appointing Timothy DeRoche to the Planning Board, associate member, with a term expiration of 1/1/2026. This item was removed from the consent agenda.

Motion was made by Councilor Walker and seconded by Councilor Morin for passage.

Public comment – No one from the public spoke.

Motion was made by Councilor Staples and seconded by Councilor Whiting to replace Timothy DeRoche with Joshua Daigle for this position.

Motion failed 3-4 (there was a tie vote of 3-3 with Councilors Hawes, Morin, and Walker opposed, and in accordance with the City Charter, Article III, Section 3.3, Mayor Levesque voted to break the tie vote, and voted in opposition).

Passage of Order 07-01032023 6-0.

VII. Open Session – No one from the public spoke.

VIII. Reports (from sub-committees to Council)

Mayor Levesque reported on the dual enrollment program for Edward Little High School students.

Councilor Morin reported that he is excited about this project, and he gave special thanks to the Central Maine Community College staff, particularly Andrew Morong, and his team.

Councilor Whiting commented on an experience he had while in high school and stated that it will be great for students to have this opportunity.

Manager Crowell thanked Mr. DeRoche for coming to the meeting tonight and for applying to serve on the Planning Board position. There will be a legal consultation for new Planning Board members that will be held tomorrow night. He also said that moving forward, we will include information in the Appointment Committee minutes when a position is vacant due to a resignation or term expiration. He also provided an update on staffing and hiring of police officers.

IX. Executive Sessions – Legal Matter, pursuant to 1 M.R.S.A. §405(6)(E). This item was taken up during the workshop.

X. Adjournment

Motion was made by Councilor Staples and seconded by Councilor Morin to adjourn. Unanimously approved and the meeting adjourned at 8:09 pm.

A TRUE COPY ATTEST Susan Clements-Dallaire

Susan Clements-Dallaire, City Clerk

January 9, 2023

Lisa Cooper
34 Court Street
Auburn, ME 210

Re: The 1800 Club, LLC., 34 Court Street, Auburn, ME 04210

Dear Ms. Cooper,

This letter is to notify you that the applications for a Food Service Establishment License and Special Amusement permit that you submitted have been denied.

Pursuant to Section 14-38 of the City of Auburn code of Ordinances no license or permit shall be issued to any person who is indebted to the city upon any claim, tax or account that is more than 60 days delinquent. Currently, the 1800 Club, LLC. has an outstanding balance of $3,240 in parking permit fees.

Section 14-26 also states that it is a violation to operate a business without a license.

Section 14-27. Penalty
The violation of any provision of this division shall be punished by a civil penalty, payable to the city, of not less than $100.00 and not more than $2,500.00 for each offense, based on the severity of the offense and number of occurrences. Each act of violation and every day upon which any such violation occurs shall constitute a new and separate offence. In addition to such penalty, if the court finds for the city, the city shall recover its costs of suit, including reasonable experts' fees, reasonable attorneys' fees and reasonable and necessary investigative costs.

Please note the City Council shall be notified of the decision to deny these business license applications at their next regularly scheduled meeting, which is scheduled for Tuesday, January 17, 2023.

If you decide to appeal the decision, the process is as follows:

Sec 14-39. Appeal
Except as otherwise provided, appeals shall be made by filing a written notice of appeal with the office of the City Clerk or designee within 30 days of the date of any such denial to the City

Council in writing, whereupon a hearing will be scheduled, at which time the applicant shall have the right to be heard. It shall be the duty of the City Clerk or designee to notify such applicants who have appealed, of the time and place of the hearing.

If you have any questions with the foregoing, please feel free to contact me at 333-6601 ext. 1126.

Sincerely,

Susan Clements-Dallaire

Susan Clements-Dallaire, City Clerk

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: December 5, 2022 **Order:** 160-12052022

Author: Brian Wood, Assistant City Manager

Subject: Purchase of a portable stage

Information:
The City of Auburn has historically rented a stage 2 to 4 times a year for various performances and events. With an increase in major events planned over the next several years an investment in a mobile stage, equipment and training would remediate the need to rent a stage and allow for greater flexibility with events.

City Budgetary Impacts:
$180,000.00

Staff Recommended Action:
Staff recommends supporting this purchase

Previous Meetings and History:
This item was postponed at the 12/5/2022 meeting. It was discussed further at the 1/3/2023 City Council workshop.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments:

ORDER 160-12052022

City Council Order

IN CITY COUNCIL

ORDERED, that the Auburn City Council direct the City Manager to purchase a portable stage of similar size and capabilities as has historically been rented. The City of Auburn will allocate up to $180,000 from the American Rescue Plan Act (ARPA) funds in support of this initiative.

Richard Whiting, Ward One

Phillip L. Crowell, Jr., City Manager

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: January 17, 2023 **Ordinance:** 01-01032023

Author: Phil Crowell, City Manager

Subject: Ordinance Amendment Chapter 16 Emergency Management - Security Systems

---

Information: The City of Auburn has approximately 650 active security system permits issued. The ordinance requires a $5.00 annual renewal fee on each system. After reviewing the revenue for the annual renewal and the cost to bill, process, and collect unpaid invoices, staff has determined this fee puts an unneeded impact on system owners and the time allocated by staff for this function could be better used. A renewal application rarely has any changes. The initial purpose for permitting a security system is still important for the proper response to alarms and necessary to bill for false alarms. The need to respond for false alarms continues to be reduced because of the fine structure.

Revenue
Approximately 30 new applications are received annually = $900.00
Renewal of 650 permits at $5.00 = $3,250.00
False Alarms Fines = $14,000.00

Renewal Expenditures Only
Paper and Postage = $823.00
Staff Processing = $1,263.50

City Budgetary Impacts: Revenue reduction of $3,250.00 for renewals, not including any late fines or collection costs.

Staff Recommended Action: Approve the ordinance amendment.

Previous Meetings and History: Passage of first reading on 1/3/2023

City Manager Comments:
I concur with the recommendation. Signature: Phillip Crowell Jr.

ARTICLE III. SECURITY SYSTEMS

Sec. 16-47. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Alarm site means a single premises or location served by an alarm system.

Alarm system means a device or system which transmits a signal intended to summon aid in a robbery, burglary, or personal hostage situation. The term "alarm system" does not include a system installed on a vehicle, personal safety alarm device, or a system designed to alert only the persons within a premises which does not emit a signal visible or audible outside of the premises.

Chief means the chief of police of the city or his authorized representative.

False alarm notification means an alarm notification to the police department when the responding personnel find no evidence of actual or attempted robbery, burglary, or personal hostage.

Local alarm means an alarm system that emits a signal at an alarm site which is audible or visible from the exterior of the alarm site.

(Ord. of 10-1-2007(01), § 2.1)

State law reference(s)—Security system defined, 32 M.R.S.A. § 9403(10).

Sec. 16-48. Permit required.

The owner or person in control of a premise commits an offense if he installs an alarm system or possesses an activated alarm system without first obtaining a permit from the chief. A separate permit is required for each alarm site.

(Ord. of 10-1-2007(01), § 2.2)

Sec. 16-49. Application; false statements; issuance; transferability; permit fees.

(a) The application for a permit shall contain the following information:

(1) Name, business address, home address, business telephone number, and home telephone number of the person in whose name the permit is requested;

(2) Name, business telephone number, and home telephone number of two persons who are authorized and have agreed to receive notification at any time from responding police personnel to come to the alarm site within 30 minutes after receiving such notification;

(3) Classification of the alarm site as residential, commercial or banking institution;

(4) Purpose of the alarm (i.e. burglary, robbery);

(5) Any other information required by the chief to ensure compliance with all provisions of this article.

(b) The permit holder shall notify the chief of any change in the information contained in the application within five days of such change.

(c) If the application complies with all requirements of this article, the chief shall issue a permit upon receipt of a permit fee in the amount provided in the city fee schedule.

(d) Any false statement of a material nature made by an applicant for the purpose of obtaining a permit shall be grounds for denial of the issuance of the permit, or cancellation of the permit if it has been issued.

(e) A permit is not assignable or transferable to another person.

(f) A permit shall be valid until the property ownership is transferred or the system is eliminated. ~~for the period of January 1 through December 31 of the same year issued. However, if a permit is obtained after December 1, the permit shall be valid through December 31 of the next calendar year. Permits expire on December 31. After expiration, a new application must be made.~~

(g) ~~Permit renewals for the next calendar year shall start on December 1 of the year of expiration. Renewals may be made on weekdays during normal business hours in person, by telephone, or by mail. A renewal fee in the amount provided in the city fee schedule will be charged if renewal occurs before expiration. There will be an additional charge in the amount provided in the city fee schedule for renewals made after December 31.~~

(Ord. of 10-1-2007(01), § 2.3)

Sec. 16-50. Automatic shutoff required.

In the event that a mechanism sounds an alarm signal for longer than 15 minutes after being activated, the chief of police or his designated representative is authorized to disable the alarm. All costs of the city in disabling such an alarm shall be assessed to the operator of the alarm system and shall be paid to the city within 30 days after the operator has received notice that the said costs have been assessed. Application for a permit under the provisions of this section constitutes a grant of approval by the operator of the alarm system for the city to deactivate the local alarm system under the provisions of this section.

(Ord. of 10-1-2007(01), § 2.4)

Sec. 16-51. Maintenance of system.

The permit holder shall maintain the alarm system in such a manner as to ensure proper operation and to minimize false alarm notifications.

(Ord. of 10-1-2007(01), § 2.5)

Sec. 16-52. Reporting of alarm signals.

(a) A permit holder commits an offense if he allows alarm signals to be reported through a relaying intermediary that is not licensed to legally provide such service.

(b) A permit holder or other party commits an offense if they allow an alarm signal to be reported through an automatic dialing system directly to the police department other than through the installed alarm console.

(Ord. of 10-1-2007(01), § 2.6)

Sec. 16-53. Indirect alarm reporting.

A person who is engaged in the business of relaying alarm notifications to the city shall:

(1) Send notification of an alarm to the city by an individual;

(2) Keep his business premises locked and secured at all times;

(3) Allow an inspection of his business premises by authorized agents of the police chief;

(4) Report alarms only to a telephone number designated by the city;

(5) Send alarm notifications to the city in a manner and form determined by the city; and

(6) Maintain sufficient staff to ensure that valid alarms are relayed immediately to the city.

(Ord. of 10-1-2007(01), § 2.7)

Sec. 16-54. Alarm dispatch records.

The chief shall maintain a written record of all alarm notifications, including, but not limited to, the following:

(1) Name of permit holder;

(2) Location of alarm site;

(3) Date and time of alarm notification;

(4) Name of the responding police officer in charge of response;

(5) Weather conditions; and

(6) Whether the notification was a false alarm notification.

(Ord. of 10-1-2007(01), § 2.8)

Sec. 16-55. False alarm notification—Determination.

(a) The chief shall not consider an alarm notification to be false if he determines that the alarm was caused by:

(1) A natural or manmade disaster;

(2) Severe weather that causes physical damage to the premises;

(3) Vandalism;

(4) Telephone line outage;

(5) Attempted entry or attempted robbery; or

(6) Accidental activation by the occupant provided the alarm is immediately reported to the police department.

(b) The determination of the chief in classifying an alarm notification as false or actual is final.

(Ord. of 10-1-2007(01), § 2.9)

Sec. 16-56. Same—Penalty.

(a) The permit holder shall pay a penalty of $30.00 beginning with the third and fourth false alarm notification (the first two are at no charge); an additional fee of $50.00 will be assessed for the fifth and sixth false alarm and all subsequent false alarms will be assessed at $100.00.

(b) The time period for alarms will be from the beginning of the permit period.

(c) The police department shall, on a monthly basis, send to the permit holder, at the address stated on the application, a statement of fees due. The permit holder shall pay such fees within 30 days of the date of the statement and shall be delinquent after such 30-day period.

(Ord. of 10-1-2007(01), § 2.10)

State law reference(s)—False alarms or reports, 17A M.R.S.A. § 509.

Sec. 16-57. Revocation of permit.

The chief shall revoke an alarm permit if he determines that:

(1) There is a false statement of a material nature in the application for a permit;

(2) The permit holder has violated any provision of this article; or

(3) The permit holder is delinquent in payment of fees for false alarm notifications.

(Ord. of 10-1-2007(01), § 2.11)

Sec. 16-58. Appeal from denial of issuance or revocation of permit.

(a) If the chief denies the issuance of a permit, or suspends a permit, he shall send to the applicant or permit holder by certified mail, return receipt requested, written notice of his action setting forth the reason for such action and advising the applicant or permit holder of the right to an appeal. The applicant or permit holder may appeal the decision of the chief to the city manager by filing with the city manager's office a written request for a hearing, setting forth his objections to the action of the chief, within ten days after receipt of the notice from the chief. The filing of a request for an appeal hearing with the city manager shall stay the action of the chief in denying the issuance of or suspending a permit until a final decision on the appeal is made by the city manager. If a request for an appeal hearing is not made within the ten-day limit, the action of the chief is final.

(b) The city manager or his designee shall preside at any administrative hearing conducted under the provisions of this section and shall consider evidence offered by any interested person. The formal rules of evidence shall not apply at such hearing. The city manager shall render a written decision setting forth findings of fact and conclusions of law within 30 days after the request for an appeal hearing is filed. Such decision shall affirm, reverse, or modify the action of the chief, and the city manager decision is final.

(Ord. of 10-1-2007(01), § 2.12)

Sec. 16-59. Violations; penalties.

A person commits an offense if he violates by commission or omission (nonregistration of alarm) any provisions of this article that impose upon him a duty or responsibility, other than false alarms. Each day or portion

of a day in which the violation exists or is committed shall constitute a separate offense. Each offense other than false alarms is punishable by a fine in the amount of $100.00.

Required advertising (unless otherwise specifically provided above)100.00

Other General Information:

- Applicants are responsible for the cost of all public hearing advertisements and background checks required for various licenses. Failure to list that additional expense in the fee schedule shall not eliminate that requirement from the licensing process.
- Applicants are responsible for providing background checks, not older than 3 days prior to submission of application for all licenses that require such checks or, alternatively, applicants may pay $100.00 to the city with the application to cover the cost of the background check.
- License fees established in this appendix include two routine or pre-operational inspections and one follow-up inspection. When additional inspections are required, the city may charge an additional $100.00 per inspection to cover the costs of each additional inspection or visit.
- All first time applications must be made in person, unless otherwise specifically stated herein.
- All on-line licenses will receive a 10% discount unless otherwise indicated herein.
- No on-line renewal of liquor licenses, special amusement licenses, or tattoo or massage licenses is permitted.
- Residential construction. A veteran/widow/widower of a veteran or contractor on behalf of a veteran/widow/widower of a veteran seeking to build new construction or to rehabilitate an existing property will have all fees waived/reimbursed at time of permit approval. This applies to owner occupied single family and multifamily units, up to 3 unit structures. This does not apply to state fees administered by the city.
- Commercial construction. A veteran owned business* or subcontractor hired by a veteran owned business*, will be entitled to a 50% fee reduction/reimbursement for new construction or rehabilitation of an existing property at the time of permit approval. This does not apply to state fees administered by the city.

    * Veterans honorably discharged from federal service, must present DD-214 to economic, and community development office for fees to be waived.

    ** Veteran owned business as defined by the SBA being a corporation in which 51% of the shares of the company are owned by a veteran.

(Ord. No. 35-10182021, 11-1-2021; Ord. No. 48-12062021, 12-20-2021; Ord. No. 04-02072022, 2-7-2022)

ORDINANCE 01-01032023

City Council Ordinance

IN CITY COUNCIL

Amending the Code of Ordinances, Sec. 16-49. Security Systems and Appendix A Fees and Charges, Emergency Management and Services

Be it ordained, that the City Council hereby amends the Code of Ordinances, Sec. 16-49. Security Systems as follows:

Sec. 16-49. Application; false statements; issuance; transferability; permit fees.

(a) The application for a permit shall contain the following information:

(1) Name, business address, home address, business telephone number, and home telephone number of the person in whose name the permit is requested;

(2) Name, business telephone number, and home telephone number of two persons who are authorized and have agreed to receive notification at any time from responding police personnel to come to the alarm site within 30 minutes after receiving such notification;

(3) Classification of the alarm site as residential, commercial or banking institution;

(4) Purpose of the alarm (i.e. burglary, robbery);

(5) Any other information required by the chief to ensure compliance with all provisions of this article.

(b) The permit holder shall notify the chief of any change in the information contained in the application within five days of such change.

(c) If the application complies with all requirements of this article, the chief shall issue a permit upon receipt of a permit fee in the amount provided in the city fee schedule.

(d) Any false statement of a material nature made by an applicant for the purpose of obtaining a permit shall be grounds for denial of the issuance of the permit, or cancellation of the permit if it has been issued.

(e) A permit is not assignable or transferable to another person.

(f) A permit shall be valid until the property ownership is transferred or the system is eliminated. ~~for the period of January 1 through December 31 of the same year issued. However, if a permit is obtained after December 1, the permit shall be valid through December 31 of the~~

City Council Ordinance

~~next calendar year. Permits expire on December 31. After expiration, a new application must be made.~~

~~(g) Permit renewals for the next calendar year shall start on December 1 of the year of expiration. Renewals may be made on weekdays during normal business hours in person, by telephone, or by mail. A renewal fee in the amount provided in the city fee schedule will be charged if renewal occurs before expiration. There will be an additional charge in the amount provided in the city fee schedule for renewals made after December 31.~~

(Ord. of 10-1-2007(01), § 2.3)

Appendix A FEES AND CHARGES

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: January 17, 2023 **Ordinance: 24-12052022**

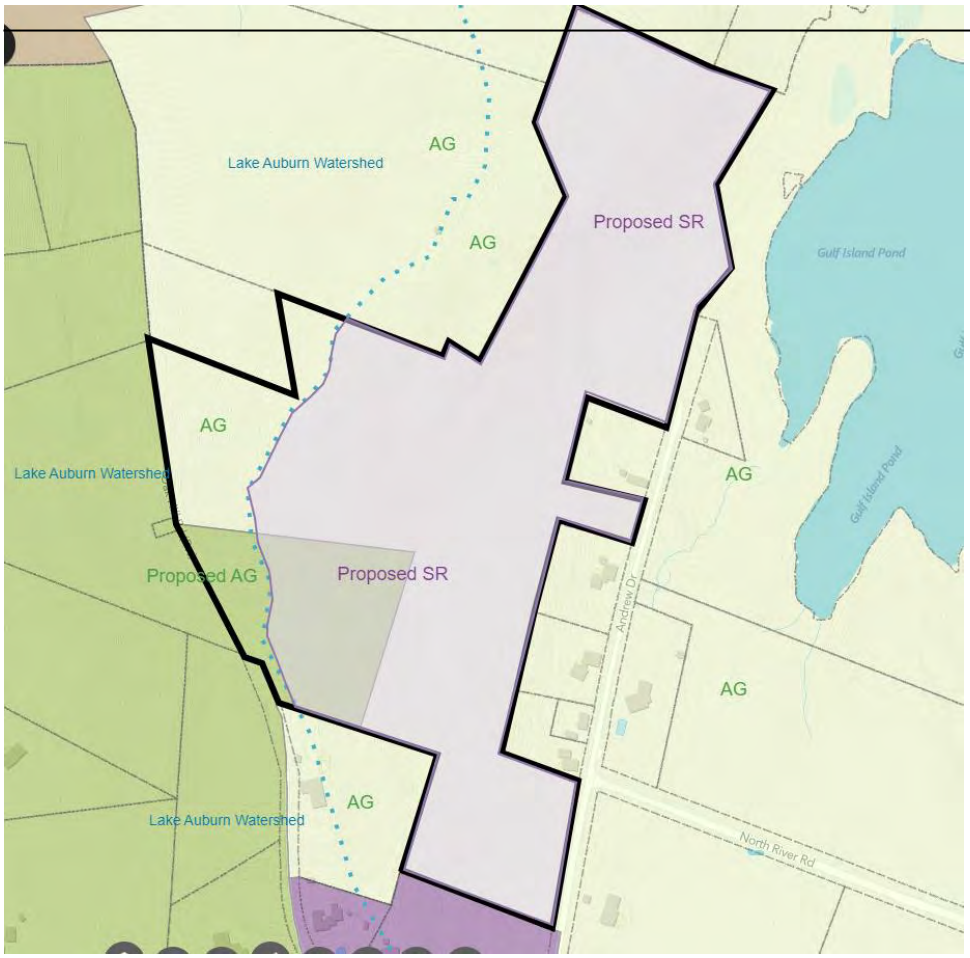
Author: Eric Cousens, Director of Planning and Permitting

Subject: First Reading on a Zone Change Petition for 150 Andrew Drive (Parcel I.D. 347-003)

Information: On January 10, 2023, The Planning Board held a public hearing and vote on a petition submitted to amend the areas outside the Lake Auburn watershed: 33 +/- acres of 38.22 total acres on 150 Andrew Drive (Parcel I.D. 347-003) from Agricultural and Resource Protection (AG), occupying 29.92+/- acres, and Low-Density Country Residential (LDCR), occupying 3.57 +/- acres, zoning districts to Suburban Residential (SR). The remaining 4.73 +/- acres in the Lake Auburn Watershed District would remain protected through an AG zone designation. The proposal is pursuant to Chapter 60 Article XVII Division 2—Amendment to the Zoning Ordinance or Zoning Map.

The Board made a favorable recommendation to "recommend amending 33.49 acres of 38.22 total areas on 150 Andrew Drive (Parcel I.D. 347-003) from Agriculture and Resource Protection (AG), occupying 29.902 +/- acres, and Low-Density Country Residential (LDCR), occupying 3.57 +/- acres, zoning districts to Suburban Residential (SR). The remaining 4.73 +/- acres in the Lake Auburn Watershed District would remain protected through an AG zone designation as depicted in *figure 1."*

Figure 1



City Budgetary Impacts:

Staff Recommended Action:
Staff suggests Council hold the first reading and vote to pass proposed map amendment in accordance with the Planning Board's recommendation to amend 33.49 acres of 38.22 total areas on 150 Andrew Drive (Parcel I.D. 347-003) from Agriculture and Resource Protection (AG), occupying 29.902 +/- acres, and Low-Density Country Residential (LDCR), occupying 3.57 +/- acres, zoning districts to Suburban Residential (SR). The remaining 4.73 +/- acres in the Lake Auburn Watershed District would remain protected through an AG zone designation as depicted in *figure 1*.

From: Auburn Planning Board

RE: Planning Board Recommendation to City Council on Zone Change Petition for 150 Andrew Drive (Parcel I.D. 347-003)

Date: January 10, 2023

This is the report from the Planning Board regarding the above-described map amendments pursuant to Section 60-1496 of the City of Auburn Ordinances. After notice and Public Hearings held on November 15, 2022, the Planning Board forwards this report to the City Council.

Proposal: Petition/ Zone Change Request: Petition to amend the areas outside the Lake Auburn watershed: 33 +/- acres of 38.22 total acres on 150 Andrew Drive (Parcel I.D. 347-003) from Agricultural and Resource Protection (AG), occupying 29.92+/- acres, and Low-Density Country Residential (LDCR), occupying 3.57 +/- acres, zoning districts to Suburban Residential (SR). The remaining 4.73 +/- acres in the Lake Auburn Watershed District would remain protected through an AG zone designation. The proposal is pursuant to Chapter 60 Article XVII Division 2— Amendment to the Zoning Ordinance or Zoning Map.

Motion: Stacey LeBlanc; Second: Paul Jacques

"I make a motion to recommend amending 33.49 acres of 38.22 total areas on 150 Andrew Drive (Parcel I.D. 347-003) from Agriculture and Resource Protection (AG), occupying 29.902 +/- acres, and Low-Density Country Residential (LDCR), occupying 3.57 +/- acres, zoning districts to Suburban Residential (SR). The remaining 4.73 +/- acres in the Lake Auburn Watershed District would remain protected through an AG zone designation as depicted in *figure 1*."

Motion passes 5-2-0

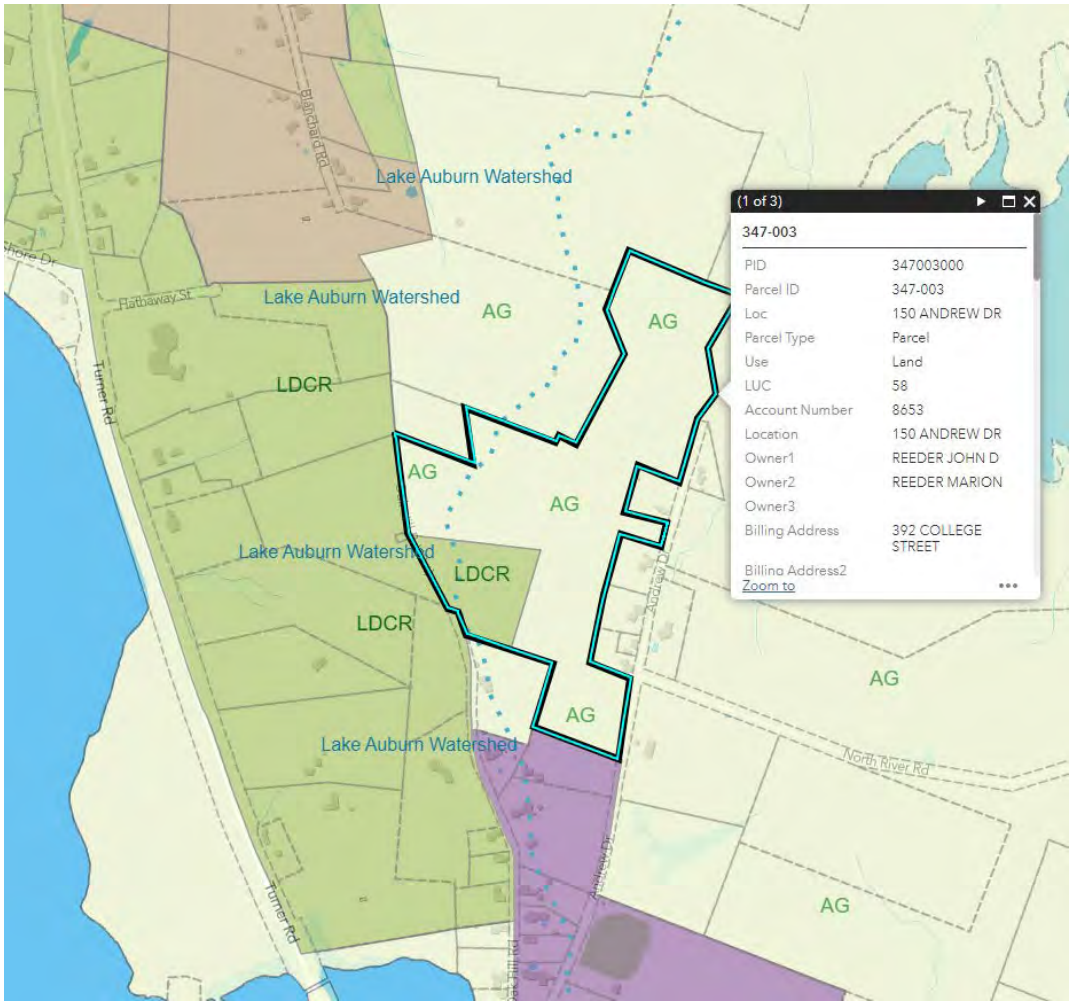
Re: Zone Change Petition for 150 Andrew Drive (Parcel I.D. 347-003)
Date: January 10, 2023

I. Proposal: Petition/ Zone Change Request:
Petition to amend the areas outside the Lake Auburn watershed: 33 +/- acres of 38.22 total acres on 150 Andrew Drive (Parcel I.D. 347-003) from Agricultural and Resource Protection (AG), occupying 29.92+/- acres, and Low-Density Country Residential (LDCR), occupying 3.57 +/- acres, zoning districts to Suburban Residential (SR). The remaining 4.73 +/- acres in the Lake Auburn Watershed District would remain protected through an AG zone designation. The proposal is pursuant to Chapter 60 Article XVII Division 2—Amendment to the Zoning Ordinance or Zoning Map.



Materials:

1. January 10, 2023, Staff Report
2. Petition, Receipt and Map
3. Sketch Map with Comp Plan Overlay
4. Division 5 Suburban Residence District
5. Comprehensive Plan Excerpt on Residential Strips

II. Background:

Amendments to the zoning ordinance, including the zoning map, may be initiated by the Planning Board on its own initiative or upon request by the City Council or by a petition signed by not less than 25 registered voters of the city (Ord. of 9-21-2009, Sec. 8.1A)
One of the primary tests of a zone change is its conformance with the Comprehensive Plan.

The 2021 Comprehensive Plan provides two standards and mechanisms to consider if rezoning the parcel is logical. The first Comprehensive Plan supported option to approach this proposal is to rezone the area of the parcel proposed in the petition as an expansion of an existing historic core as referenced in the Comprehensive Plan:

"The Future Land Use Plan shows graphically how the City's land use policies apply to the land area of the community, and where and how growth and development should and should not be accommodated over the next decade. The Future Land Use Plan is not a zoning map. It is intended to show, in a general sense, the desired pattern of future land use and development. The intention is that this Future Land use Plan will guide near-term revisions to the City's zoning ordinance and maps to assure that the City's land use regulations are consistent with the policies set forth in this Comprehensive Plan. In addition, by designating transitional districts, the Future Land Use Plan is designed to guide future zoning changes when the circumstances become appropriate.

This Future Land Use Plan reaffirms the basic objective of land use planning, that development in Auburn should grow out from the historic cores (downtown, Danville, New Auburn, West Auburn, and East Auburn) and from older established neighborhoods. This policy was originally set forth in the City's first Comprehensive Plan over held a century ago and has continued to guide the City's land use planning ever since. We continue to believe that growth out from the downtown core and older established neighborhoods provide the most efficient utilization of city services," (Ch. 2 P. 86).

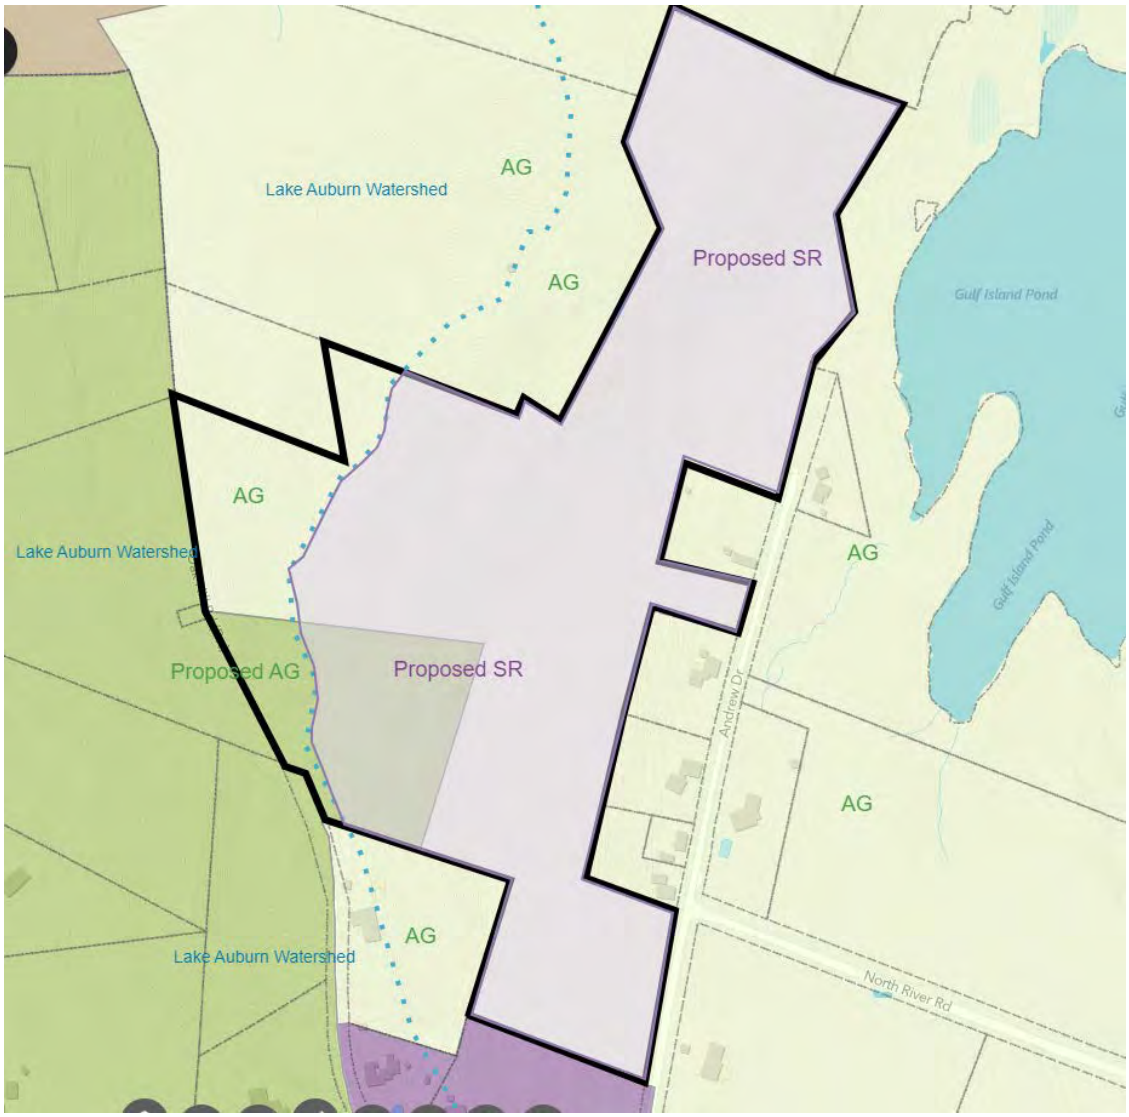


Figure 1—First Comprehensive Plan suggested change—the change requested in the petition.

The second Comprehensive Plan supported mechanism the Board could employ to approach this proposal is to apply residential strip zones. One of these criteria are the existence of an established residential pattern. An established residential pattern means at least six to eight homes per half mile counting both sides of the road. The road meets the criteria with seven homes in a quarter mile The Comprehensive Plan guides the city to also consider "reserve area adjacency" (maintained as undeveloped for the purpose of a different use in the foreseeable future) and "natural resource adjacency" (areas with significant natural value) as reason to not provide a residential strip zone. Part of the parcel has slopes of over 25%, where a residential strip should not be placed according to the comprehensive plan. Residential strips adjacent to Agriculture and Resource Protection land in Auburn are commonly 450 ft. deep measured from the centerline of the road.

The existing lots on Andrew Drive are approximately 240 ft- 250 ft deep measured from the centerline of the road.

If they opt to pursue the residential strips option, the Board could recommend rezoning 21.06 +/- acres instead of 33.49 +/- acres requested in the petition. This reduced acreage avoids some of the steepest slopes at the southerly edge of the parcel but does include steep slopes as shown on the attached overlay map. 12 +/- acres would remain in AG and 4.66 +/- acres would remain in LDCR as shown on the map below.

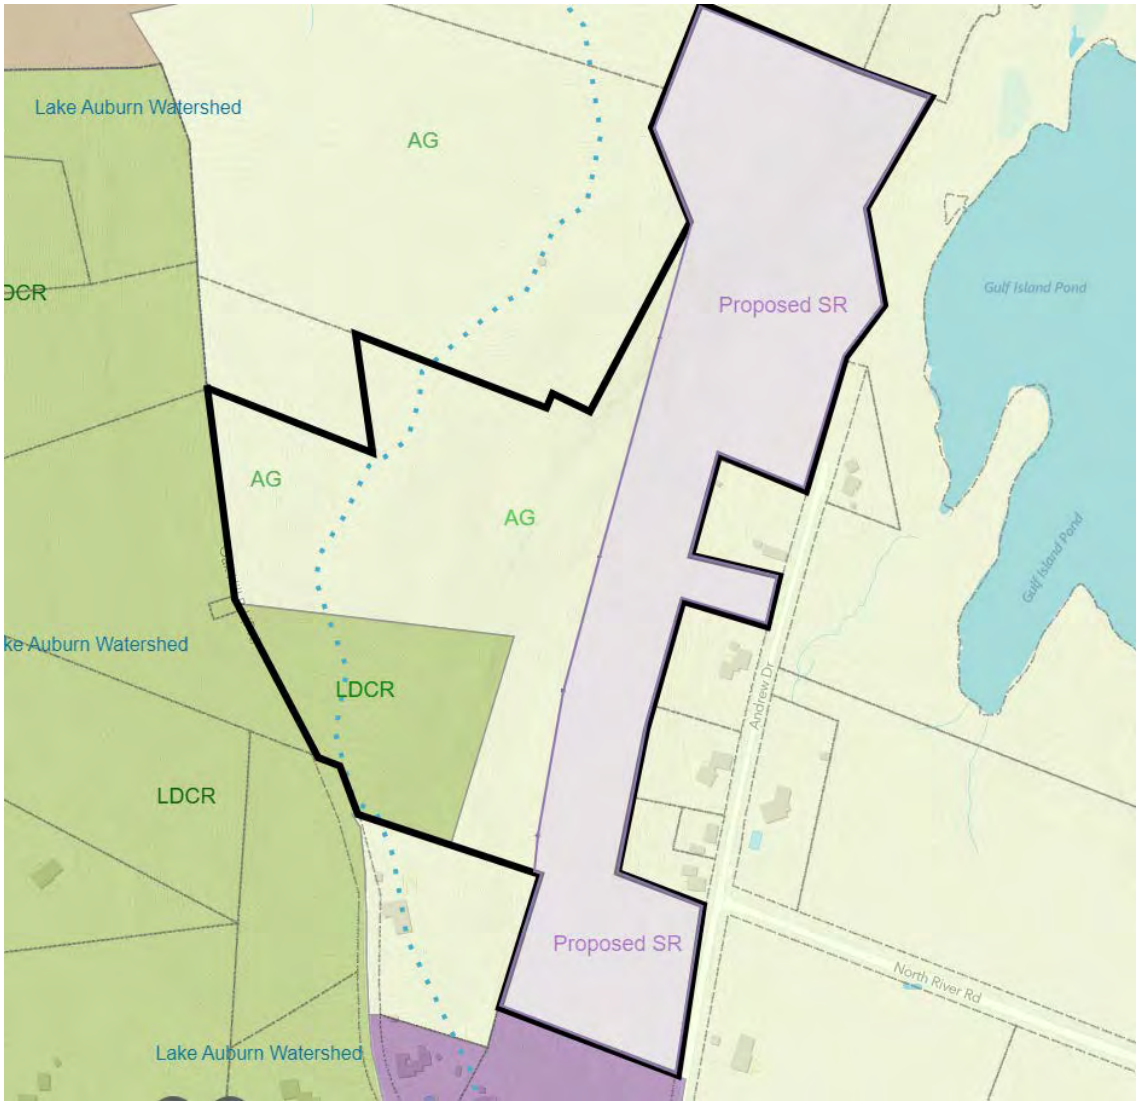

Figure 2—Option for Zone Change reflecting approximately 450' residential strip, supported by 2021 Comprehensive Plan.

Andrew Drive is adjacent to Gulf Island Pond where a public boat launch was proposed by the city in the past. At the time, the proposal was rejected because of safety concerns on Route 4. This summer, considerable safety upgrades have been made on the road addressing the original concerns that prevented the boat launch. As the Board considers rezoning 150 Andrew Drive, they may also consider rezoning the easterly side of the road abutting the river to SR to allow for future public access.

If the Board determines that residential strip zones should be extended on Andrew Drive, they may initiate a zone change in the future to rezone the five remaining parcels on the westerly side

of Andrew Drive from AG to SR and an additional 450 ft. strip from AG to SR on the easterly side of Andrew Drive beginning at Parcel I.D. 337-021, 101 Andrew Drive, or as determined by the Board and Council. If they pursue this, the board may decide to change the portion of the parcel in question currently zoned as LDCR to AG. The purpose of these subsequent changes would be to create a strip zone consistent with the Comprehensive Plan allowing for riverfront access thereby enhancing the neighborhood with waterfront recreational activity. The other purpose the subsequent zone change would be to convert land within the watershed to Agriculture and Resource Protection which is currently in LDCR. Below is a rendering of this future possible zone change.

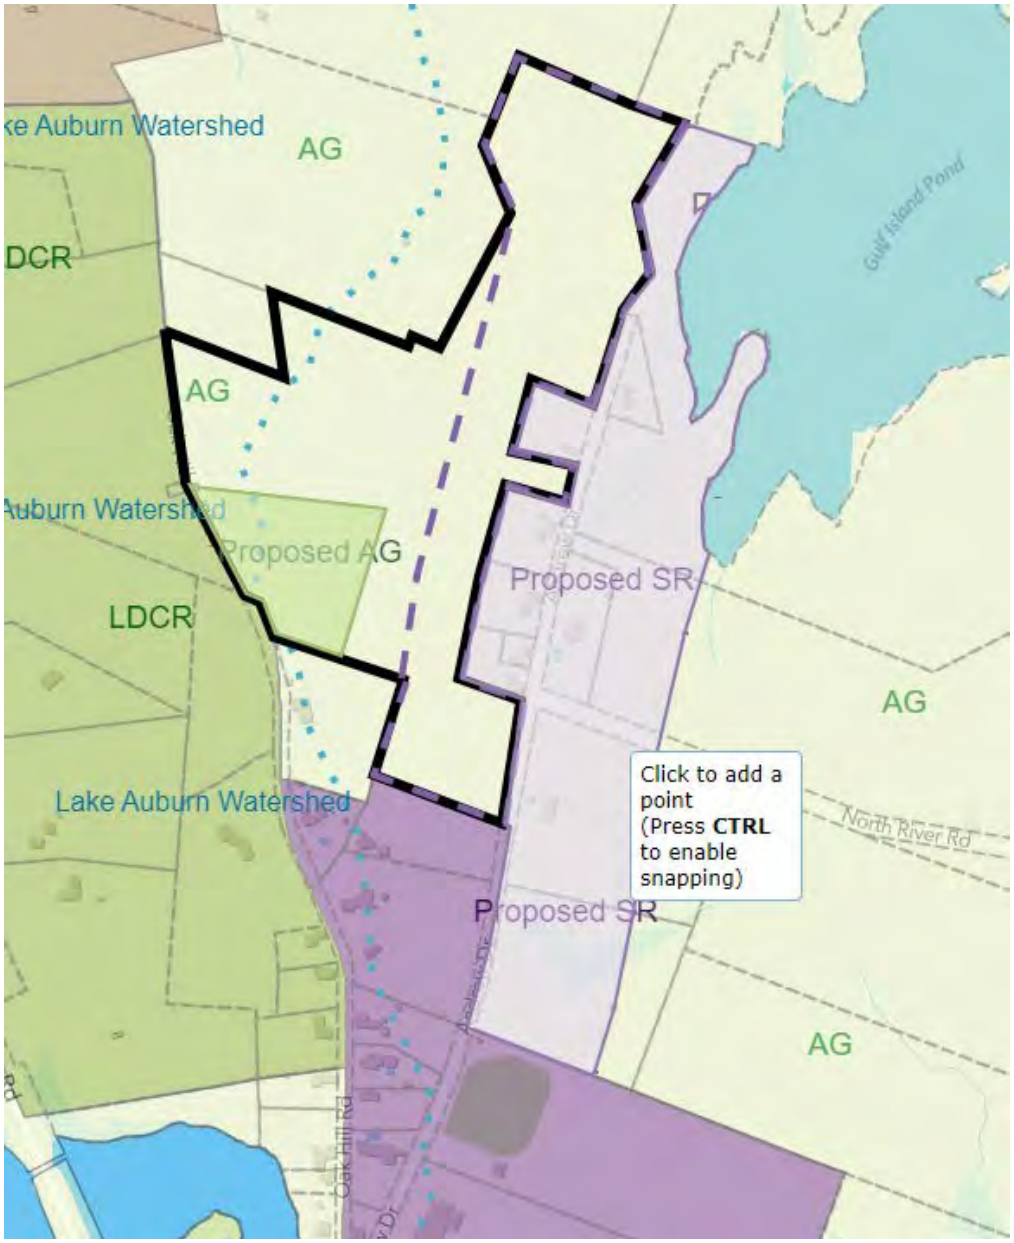

Figure 3—Possible future change; not part of this petition.

The Board could instead opt to change the existing Low-Density Country Residential to Suburban Residential zoning or leave it as LDCR it is now rather than designating it AG.

Planning Board Action:
Staff recommends that the planning board hold a Public Hearing and decide whether it is a better fit to make a motion to change 33.49 +/- acres as petitioned, change 21.06 +/- acres as a residential strip zone, or decide to take another route.

III. Suggested Finding of Fact:

1. The applicant submitted rezoning petitions and signatures, City Zoning maps with Parcels identified, 500' abutters list, and plans on October 3, 2022, thus meeting the time frame and submission standards (Sec. 60-1446).
2. The proposal can be implemented without detriment to city resources.
3. The proposal meets the general future land use plan pattern of development and is consistent with the current comprehensive plan.
4. The zone change will occur outside the Lake Auburn watershed.

IV. Department Review:
N/A

V. Suggested Motion:

A. I make a motion to recommend amending 33.49 acres of 38.22 total areas on 150 Andrew Drive (Parcel I.D. 347-003) from Agriculture and Resource Protection (AG), occupying 29.902 +/- acres, and Low-Density Country Residential (LDCR), occupying 3.57 +/- acres, zoning districts to Suburban Residential (SR). The remaining 4.73 +/- acres in the Lake Auburn Watershed District would remain protected through an AG zone designation as depicted in *figure 1.*

OR

B. I make a motion to change 21.06 +/- acres of the 38.22 total acres on 150 Andrew Drive (Parcel I.D. 347-003) from Agriculture and Resource Protection (AG) to Suburban Residential (SR) outside the Lake Auburn watershed, following the map depiction in *figure 2.*

REZONING PETITION

We, the undersigned registered voters of the City of Auburn, do herein petition the City of Auburn to amend the Agricultural/Rural zoning portion of the zoning ordinance on (PID 347-003) to allow for a Zone change of Agriculture & Resource Protection Zone to Suburban Residential to support residential opportunities in an otherwise residential neighborhood along Andrews Drive and Oak Hill Road. The property has not been in agricultural use for the last 30 years. The lot is outside the floodplain. Of the 38.22 total acres, approximately 4.73 acres lies in the Lake Auburn Watershed District and would remain protected. Only the remaining 33.49+/- acres is recommended for a Zone change.

DIVISION 5. SUBURBAN RESIDENCE DISTRICT

Sec. 60-254. Purpose.

This district is intended to provide for, protect and stabilize low density suburban residential areas and their adjunct public and institutional uses. It is designed to ensure an open character of development through its lot size requirements and through permitting of certain uses, rural in nature, that are compatible with residential uses.

(Ord. of 9-21-2009, § 3.42A)

Sec. 60-255. Use regulations.

(a) *Permitted uses.* The following uses are permitted:

(1) One-family detached dwellings.

(2) Two-family dwellings.

(3) Attached single-family dwellings, provided that they are approved by the planning board as part of a planned residential unit development and subdivision, under the provisions of division 9 of article IV and division 4 of article XVI of this chapter.

(4) Mobile home parks, subject to the requirements and conditions of section 60-669, mobile home park standards.

(5) Farming of field crops, row crops, orchards or truck gardens.

(6) Greenhouses.

(7) Licensed veterinarians, provided that the lot containing same is of at least three acres.

(8) Farm, livestock provided that the land area required per animal unit conforms to the definition of farm, livestock contained in section 60-2 and:

a. A site plan be submitted to the municipal officer charged with enforcement that contains the information required by section 60-1301.

b. Upon request, the municipal officer charged with enforcement may waive the necessity of providing any of the foregoing information which is not relevant to the proposed development.

c. In judging whether or not a permit to operate an animal farm will be issued, the municipal officer charged with enforcement shall review and make a decision consistent with the finding requirements of section 60-1304.

(9) Wayside stands.

(10) Accessory uses, buildings or structures.

(11) Lawn maintenance services.

(12) Municipal uses and buildings.

(b) *Special exception uses.* The following uses are permitted by special exception after approval by the planning board in accordance with division 3 of article XVI of this chapter:

(1) All uses permitted by special exception in the Rural Residence (RR) District, except those uses allowed by section 60-229(b)(3), (9), (11) and (12).

(2) Professional offices may be created within existing single-family residences in existence at the time of adoption of this chapter, provided the following conditions are met:

a. Such residences shall have frontage on a major arterial as defined in the city's comprehensive plan.

b. Access to parking shall be located on the arterial frontage except for corner lots, in which case access may be located on the secondary roadway frontage.

c. In addition to meeting the requirements of article V of this chapter, required parking shall be separated from all lot lines by a buffer of 30 feet in width. Such buffer shall be vegetated in a manner to fully screen parked vehicles from view at the lot lines. A driveway serving such a parking area must be separated from the side lot line by a sight impervious fence of six feet in height or a buffer of ten feet in width meeting the vegetation requirements of this subsection (b)(2)c.

d. Signage shall be limited to a single nonilluminated sign with a maximum of 16 square feet of display per side.

(3) Adaptive reuse of structures of community significance.

(Ord. of 9-21-2009, § 3.42B; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 11-03012021, §§ 15—17, 3-15-2021)

Sec. 60-256. Dimensional regulations.

All structures in this district, except as noted, shall be subject to the following dimensional regulations:

(1) *Minimum lot area, width and depth.* No lot shall be created and/or no building shall be erected on a lot containing less than 21,780 square feet, and measuring less than 150 feet in width; and measuring less than 125 feet in depth.

(2) *Density.* The density of dwelling units shall not exceed an average of two dwellings per acre.

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 25 feet or 25 percent of the average depth of lot, whichever is less.

b. *Side.* There shall be a minimum distance of five feet between any building and the side property line plus the side yard setback shall be increased one foot for every five feet or part thereof increase in street frontage over 50 feet to a maximum of 15 feet for side yard setback.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot whichever is less.

(4) *Height.* The height of all structures shall be limited to 2½ stories or 35 feet in height with the following exceptions: A farm accessory building or structure, church or temple, or windmill may have a maximum height of 65 feet from grade, provided that the front yard, rear yard and each of the side yards shall be increased by one foot for each foot in height in excess of 35 feet.

(5) *Off-street parking.* Off-street parking spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.42C; Ord. No. 11-03012021, § 18, 3-15-2021)

Secs. 60-257—60-275. Reserved.

shoreland zoning under state law. It establishes water body setback requirements and performance standards and is being updated to reflect current state requirements.

3. Rural Residential Road Strips

The city has historically zoned narrow strips of land along some rural roads for low density residential development. These strips represent a compromise between the City's goal of limiting residential development in rural areas, and existing conditions along these rural roads. As part of the development of the Future Land Use Plan (see Chapter 2), the City conducted a comprehensive review of where residential strips should and should not be created based upon the following set of criteria. The considerations outlined below apply sequentially – first to identify where strips are appropriate based on current land use patterns, and then to work through where residential strips are inappropriate based on a variety of considerations.

Consideration #1 – Established Residential Pattern

A residential strip **may be provided** along a rural road where there is an established pattern of residential uses along the road. An established residential pattern means at least 6-8 homes per half mile counting both sides of the road. In general, both sides of a road should have a residential strip unless there is a significant reason not to allow residential development based on the following considerations.

Consideration #2 – Reserve Area Adjacency

A residential strip **should not be provided** along a rural road if the area adjacent to the road is a "reserve area" where the objective is to maintain the land as undeveloped to allow for its conversion to a different use in the foreseeable future. There should be some realistic expectation that something will occur that will change the desired land use for the area in the future.

Consideration #3 – Natural Resource Adjacency

A residential strip **should not be provided** along a rural road if the area adjacent to the road has significant natural resource value. Areas with significant natural value include areas that are zoned Resource Protection or are high value wetlands, 100 Year floodplains, significant wildlife habitats, and areas with steep slopes (>25%).

Consideration #4 – Conservation/Open Space Adjacency

A residential strip **should not be provided** along a rural road where the adjacent land is protected open space, or where there is a reasonable expectation that the land will be preserved as open space in the foreseeable future, and residential development is inconsistent with that open space use.

Consideration #5 -- Ability to Provide Public Services

A residential strip **should not be provided** along a rural road if residential development will tax the City's ability to provide municipal services as indicated by the following:

- The road is a gravel or dirt road
- The road is a poorly maintained paved road that will need to be improved to support residential development along it

Consideration #6 – Water Quality Protection

A residential strip **should not be provided** along rural roads with undeveloped frontage that are in the watershed of Lake Auburn unless such development will not have an adverse impact on the lake's water quality.

The Future Land Use Plan (see Chapter 2) shows the areas where low density residential development is proposed to be allowed along rural roads based on these criteria. These criteria should be used in the future to review the areas designated as residential strips as conditions change, or to review property owner-initiated requests for rezoning.

4. NEIGHBORHOOD BUSINESS DISTRICTS

The city has several neighborhood businesses that are located within residential neighborhoods. It is the City's policy to support the retention and improvement of these businesses since they offer a valuable service to the City's residents. It is also the City's policy to encourage the owners of these properties to reinvest in maintaining and improving these buildings. To accomplish these objectives, the Future Land Use Plan (see Chapter 2) designates these properties as Neighborhood Business Districts. The standards for these districts allow the existing nonresidential use to be maintained and improved if it is compatible with the surrounding neighborhood. The standards also allow for replacing an existing use with a new nonresidential use (other than service stations and auto service facilities) if it is appropriate for the neighborhood. The primary objective in creating these districts is to encourage the retention of these neighborhood businesses. If the property includes nonresidential space, whether occupied or not, the property should remain in the Neighborhood Business District to allow re-occupancy

ORDINANCE 24-12052022

City Council Ordinance

IN CITY COUNCIL

Zoning map amendment changing 33.49 +/- acres of the 38.22 total acres on the 150 Andrew Drive (Parcel I.D. 347-003) from Agriculture and Resource Protection (AG) and Low-Density Country Residential (LDCR) zoning districts to the Suburban Residential (SR) zoning district.

Be it ordained, that the City Council approve the zoning map amendment changing 33.49 +/- acres of the 38.22 total acres on the 150 Andrew Drive (Parcel I.D. 347-003) from Agriculture and Resource Protection (AG), occupying 29.92 +/- acres, and Low-Density Country Residential (LDCR), occupying 3.57 +/- acres, zoning districts to the Suburban Residential (SR). The remaining 4.73 +/- acres in the Lake Auburn Watershed District would remain protected through an AG zone designation as shown on attached map.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: January 17, 2023 **Order:** 18-01172023

Author: Eric Cousens, Director of Planning and Permitting

Subject: Order for Staff to draft Text and Map amendments for consideration, Public Hearing and recommendation by the Planning Board that will prohibit any future residential structures and animal farms within the portion of the Lake Auburn watershed zoned "Agriculture and Resource Protection." This should be accomplished by creating a new Resource Protection and/or Conservation zoning district with the specific purpose of conservation and protection of natural resources, open spaces and public purposes and use as suggested by the 2010 Comprehensive Plan and the 2021 Comprehensive Plan Update.

Information: Consider the directive in the attached order and vote to forward to Planning Board. With approximately 70% of the land within the Lake Auburn Watershed, within Auburns municipal boundaries, in the Agriculture and Resource Protection zoning District, this change would solidify the housing prohibitions in the AGRP zone and remove a use from the district that experts consider to be a significant threat to water quality, animal farms. In the City's continuing effort to pursue strong, transparent, easier to understand watershed protection regulations that reduce development potential and hold any developments within the Lake Auburn Watershed to a higher science-based standard for phosphorus control and wastewater disposal, this would be a significant guarantee of protection for the Lake Auburn watershed.

City Budgetary Impacts:

Staff Recommended Action:
Staff suggests Council vote to forward the order to the Planning Board.

Previous Meetings and History:
None

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: ORDER

ORDER 18-01172023

City Council Order

IN CITY COUNCIL

Whereas, The City of Auburn continues to take bold steps in the protection of Lake Auburn.

Whereas, The city is pursuing transparent, easier to understand watershed protection regulations that reduce development potential and hold any developments within the Lake Auburn Watershed to a higher science-based standard for phosphorus control and wastewater disposal that has been historically required.

Whereas, Consultant, FB Environmental, hired by the City have recognized the existing prohibitions on housing in the AGRP Zoning District as an effective tool, with no new homes built accessory to farms in the Watershed in over the past 15+ years, LAWPC peer reviews have questioned the approach as still not an absolute prohibition of new homes. Consultant reviews have also identified potential animal farms as a threat to water quality.

Whereas, approximately 70% of the land within the Lake Auburn Watershed, within Auburns municipal boundaries, is in the Agriculture and Resource Protection zoning District.

Whereas, addressing this concern meets the objectives of the City of Auburn to have strong, clear and science-based protections utilizing best practices for development controls, phosphorus treatment and wastewater disposal standards that exceed past practices to protect the water quality of Lake Auburn.

BE IT ORDERED, that the City Council hereby directs Staff to draft ordinance Text and Map amendments for consideration, Public Hearing and recommendation by the Planning Board that will prohibit any future residential structures and animal farms within the portion of the Lake Auburn watershed zoned "Agriculture and Resource Protection." This should be accomplished by creating a new Resource Protection and/or Conservation zoning district with the specific purpose of conservation and protection of natural resources, open spaces and public purposes and use as suggested by the 2010 Comprehensive Plan and the 2021 Comprehensive Plan Update.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: January 17, 2023 **Order:** 19-01172023

Author: John Blais, Deputy Director of Planning and Permitting

Subject: Order for Staff to draft Text amendments for consideration, Public Hearing and recommendation by the Planning Board that will prohibit any new first time Subsurface Wastewater Disposal systems within 300' of Lake Auburn.

Information: Consider the directive in the attached order and vote to forward to Planning Board. In the City's continuing effort to pursue strong, transparent, easier to understand watershed protection regulations that reduce development potential and hold any developments within the Lake Auburn Watershed to a higher science-based standard for phosphorus control and wastewater disposal, this would be an added guarantee of protection for Lake Auburn watershed. Current ordinance prohibits SSWW systems in very well drained coarse soils within 300' of the Lake and tributaries. The draft recommended by Planning board increases that to 400' in specific soils. This proposal would add a prohibition of new SSWW systems within 300' of the Lake, regardless of soil type, and was recommended by peer review consultants hired by the Lake Auburn Watershed Protection Commission and is supported by FB Environnmental's 2021 watershed analysis.

City Budgetary Impacts:

Staff Recommended Action:
Staff suggests Council vote to forward the order to the Planning Board.

Previous Meetings and History:
None

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: ORDER, draft ordinance language.

Sec. 60-952. Use and environmental regulations.

(a) *Agricultural uses.* All uses of land for chicken farms, cattle farms, horse farms, egg farms, piggeries, sheep farms, stables, crop farming and other agricultural purposes shall be subject to the approval of the city water district. Such approval shall be granted upon a showing that such uses will not cause groundwater contamination or contaminate or disturb the normal course of surface water runoff.

(b) *Residential dwellings in the agriculture and resource protection zoning district.* Notwithstanding subsections 60-145(a)(1), 60-145(b)(18) and 60-146(1)(c), one-family detached dwellings are only permitted in the Lake Auburn Watershed District on parcels containing no less than ten acres, provided that the dwelling is accessory to farming operations and subject to the following restriction: at least 50 percent of the total annual household income of the farm occupants living in the farm residence will be derived from farm uses.

(c) *Agricultural buffer strip.* Where land adjoining Lake Auburn or its perennial tributaries is tilled for agricultural purposes, an untilled buffer strip 50 feet wide shall be retained between the tilled area and the normal high-water mark. This subsection (c) shall not be interpreted as permitting agricultural tillage in any zoning district in which it is not otherwise permitted.

(d) *Municipal and manure sludge disposal.* All spreading and disposal of municipal sludge shall be accomplished in conformance with the Rules of Municipal Sludge Utilization on Land, published by the department of environmental protection in September, 1980. All spreading and disposal of manure shall be accomplished in conformance with Maine Guidelines for Manure and Manure Sludge Disposal on Land, published by the Life Sciences and Agriculture Experiment Station and the Cooperative Extension Service, University of Maine at Orono, and the Maine Soil and Water Conservation Commission in July, 1972.

(e) *Erosion control.* The following provisions shall be observed for the control of erosion in the Lake Auburn Watershed:

(1) Any earth cutting, moving or removal activities that will result in erosion or runoff which is likely to increase sedimentation of Lake Auburn, or any tributaries or other water bodies in the watershed are prohibited.

(2) Vegetative cover shall not be removed except in a manner which will minimize erosion. Harvesting of trees shall be permitted only after a plan prepared by a qualified forester is submitted to and approved by the water district. Such plan will be approved or disapproved on the basis of its conformance with good watershed management practice for domestic water supplies.

(3) Trees may be cleared, provided the cleared areas are covered with other vegetation, for approved construction and landscaping. Where such clearing is extended to the shoreline, a cleared opening or openings not greater than 30 feet in width for every 100 feet of shoreline (measured along the high-water mark) may be created in the strip extending 50 feet inland from the normal high-water mark. For purposes of this section, clearing is the removal of adjacent dominant trees which extend into the canopy and shrubs within ten feet of the shoreline. Where natural vegetation is removed, it shall be replaced with other vegetation which is equally effective in retarding erosion and preserving natural beauty. When the vegetative cover is changed in areas greater than three acres, a plan shall be filed with the city water district indicating the changes so that a record can be maintained of watershed water yields to the system.

(f) *Private sewage disposal systems.* The following regulations shall be adhered to in the development of private sewage disposal systems in the Lake Auburn Watershed:

(1) Subsurface absorption areas shall not be permitted on sites on which the highest seasonal groundwater table, bedrock, or other impervious layer is less than 36 inches below the bottom of the organic horizon. Not less than 24 inches of suitable soil shall be present below the bottom of the

subsurface absorption area. The bottom of such subsurface absorption area shall not be less than 12 inches below the bottom of the organic horizon measured from the lowest point on the subsurface absorption area.

(2) No subsurface absorption area shall be installed closer than 400 feet w~~W~~ithin areas containing soils described as deep, ~~loose~~ and sandy or gravelly and which contain ~~more than 70 percent~~ sand or gravel outwash or stratified drift as shown on table 4D (profiles 5 or 6 and some 11) of the State of Maine Subsurface Wastewater Disposal Rules 10-144, Chapter 241.~~9-3 of the state plumbing code, part II (April 25, 1975),~~ N~~n~~o subsurface absorption area shall be installed closer than 300 feet to the normal high-water mark of Lake Auburn~~any lake, pond, or year-round or intermittent stream~~. Where the daily sewage flow is or is reasonably likely to be in excess of 2,000 gallons, the system shall be located at least 1,000 feet from the normal high-water mark of any lake, pond or year-round or intermittent stream.

(3) The city water district shall have the right to inspect any system within the Lake Auburn Watershed District during its construction and operation and may notify the health office, police chief, local plumbing inspector or housing inspector who shall require the abatement of such defects or malfunctions.

(4) The local plumbing inspector shall furnish a copy of all site investigation reports in the Lake Auburn Watershed District to the city water district.

(5) Replacement or reconstruction of private residential sewage disposal systems in existence and in use on December 17, 1983 shall not be subject to the requirements of this section but shall be required to comply with the current state plumbing code.

(Ord. of 9-21-2009, § 5.3C; Ord. No. 19-12022019, 12-9-2019)

ORDER 19-01172023

City Council Order

IN CITY COUNCIL

Whereas, The City of Auburn continues to take bold steps in the protection of Lake Auburn with greater restrictive setbacks of disposal fields.

Whereas, The city is pursuing transparent, easier to understand watershed protection regulations that reduce development impacts to lake water quality hold any developers within the Lake Auburn Watershed to a higher science-based standard for phosphorus, nitrogen and nitrates control through wastewater disposal that has been historically required.

Whereas, Outside Consultants and FB Environmental, hired by the City have recognized the existing ordinance in the Lake Auburn Overlay District as an effective tool, with 300' setbacks for disposal fields with well drained soils in the Watershed over the past 15+ years. Consultant reviews have suggested extended that setback in all soils within the watershed.

Whereas, Approximately 34 existing septic systems exist within 300' of the watershed.

Whereas, addressing this concern meets the objectives of the City of Auburn to have strong, clear and science-based protections utilizing best practices for development controls, phosphorus, nitrogen and nitrates treatment and wastewater disposal standards that exceed past practices to protect the water quality of Lake Auburn.

BE IT ORDERED, that the City Council hereby directs Staff to draft ordinance Text amendment for consideration, Public Hearing and recommendation by the Planning Board that will prohibit any future subsurface wastewater disposal fields within 300'of Lake Auburn.

TO: **Phillip Crowell, City Manager**

FROM: **Jill Eastman, Finance Director**

REF: **December 2022 Financial**

DATE: **Report January 11, 2023**

The following is a discussion regarding the significant variances found in the City's December financial report. Please note that although the monthly financial report contains amounts reported by the School Department, this discussion is limited to the City's financial results and does not attempt to explain any variances for the School Department.

The City has completed its sixth month of the current fiscal year. As a guideline for tracking purposes, revenues and expenditures should amount to approximately 50.0% of the annual budget. However, not all costs and revenues are distributed evenly throughout the year; individual line items can vary based upon cyclical activity.

Revenues

Revenues collected through December 31st, including the school department were $57,740,456, or 53.94%, of the budget. The municipal revenues including property taxes were $38,534,334, or 54.68% of the budget which is 2.50% lower than last year during the same period. The accounts listed below are noteworthy.

The current year tax revenue is at 56.39% as compared to 57.08% last year. This is an increase over last year of $1,024,633.

Excise tax for the month of December is at 52.7%. This is an increase over FY 22, of $53,236.

State Revenue Sharing at the end of December is 61.99% or $2,791,878 which is $122,583 more than last year in December.

Expenditures

City expenditures through December 2022 were $30,020,593 or 58.5% of the budget. This is 2.24 % less than the same period last year. Noteworthy variances are:

City of Auburn, Maine
Finance Department
www.auburnmaine.gov | 60 Court Street
Auburn, Maine 04210
207.333.6601

A. The main variances are Debt Service is $594,447 more than FY22, Public Safety Departments are higher than last year by $182,358 and Public Works is higher than FY 22 by $196,331. The departments that are under last is primarily due to the reorganization of some of these departments.

Investments

This section contains an investment schedule as of December 31st. Currently the City's funds are earning an average interest rate of 2.35%. I was also notified that Androscoggin Bank will be increasing the interest rate on our investments within the next couple of weeks.

Respectfully submitted,

Jill M. Eastman
Finance Director

Re: Financial Reports for December 31, 2022

Attached you will find a Statement of Net Assets and a Statement of Activities and budget to actual reports for Ingersoll Turf Facility for revenue and expenditures as of December 31, 2022.

INGERSOLL TURF FACILITY

Statement of Net Assets:
The Statement of Net Assets lists current assets, noncurrent assets, liabilities and net assets as of December 31, 2022.

Current Assets:
As of the end of December 2022 the total current assets of Ingersoll Turf Facility were $257,362. This consisted of cash and cash equivalents.

Noncurrent Assets:
Ingersoll's noncurrent assets are the building, and equipment that was purchased, less depreciation. The total value of the noncurrent assets as of December 31, 2022, were $61,779.

Liabilities:
Ingersoll had accounts payable of $105 as of December 31, 2022.

Statement of Activities:

The statement of activities shows the current operating revenue collected for the fiscal year and the operating expenses as well as any nonoperating revenue and expenses.

The operating revenues for Ingersoll Turf Facility through December 2022 are $76,802. This revenue comes from the sponsorships, programs, rental income and batting cages.

The operating expenses for Ingersoll Turf Facility through November 2022 were $21,280. These expenses include program costs and capital purchases. Personal and operating costs are now in the Recreation budget.

As of December 2022, Ingersoll has an operating gain of $55,522 compared to a net gain in November 2022 of $34,336.

As of December 31, 2022, Ingersoll has an increase in net assets of $55,522.

The budget to actual reports for revenue and expenditures, show that the revenue for FY23 compared to FY 22.

Re: Arena Financial Reports for December 31, 2022

Attached you will find a Statement of Net Assets and a Statement of Activities and budget to actual reports for Norway Savings Bank Arena for revenue and expenditures as of December 31, 2022.

NORWAY SAVINGS BANK ARENA

Statement of Net Assets:
The Statement of Net Assets lists current assets, noncurrent assets, liabilities and net assets and shows a comparison to the previous month, in this case, November 30, 2022.

Current Assets:
As of the end of December 2022 the total current assets of Norway Savings Bank Arena were ($1,315,743). These consisted of cash and cash equivalents of $281,162, accounts receivable of $133,331, and an interfund payable of $1,730,236.

Noncurrent Assets:
Norway's noncurrent assets are equipment that was purchased, less depreciation (depreciation is posted at year end). The total value of the noncurrent assets as of December 31, 2022, was $147,691.

Liabilities:
Norway Arena had no accounts payable as of December 31, 2022.

Statement of Activities:

The statement of activities shows the current operating revenue collected for the fiscal year and the operating expenses as well as any nonoperating revenue and expenses.

The operating revenues for Norway Arena through December 2022 are $421,435. This revenue comes from the concessions, sign advertisements, pro shop lease, youth programming, shinny hockey, public skating and ice rentals.

The operating expenses for Norway Arena through December 2022 were $353,637. These expenses include personnel costs, supplies, utilities, repairs, capital purchases and maintenance.

As of December 2022, Norway Arena had an operating gain of $67,798.

As of December 31, 2022 Norway Arena has an increase in net assets of $67,798.

The budget to actual reports for revenue and expenditures, with comparison to the same period last year show that revenue for FY23 is $80,388 more than in FY22 and expenditures in FY23 are $57,312 more than last year in December.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: February 13, 2023

Author: Eric Cousens, Director of Planning and Permitting

Subject: Workshop in preparation for First Reading on a Zoning text amendment related to Public Safety Facilities, Detention Facilities, Correctional Facilities and/ or Government Offices.

Information: Zoning text amendment involving definitions and use standards related to Public Safety Facilities, Detention Facilities, Correctional Facilities and/ or Government Offices. The proposed text amendment includes amendments to Chapter 60, Article I, Section 60-2 Definitions and Chapter 60, Article IV. District Regulations. This item is pursuant to Chapter 60 Article XVII Division 2- Amendment to the Zoning Ordinance or Zoning Map.

This is a workshop to ask questions and clarify how the draft ordinance would work for review of specified uses. First reading is scheduled for later tonight, a Planning Board Public Hearing is scheduled for 2/14/23 and Second reading with Public Hearing is scheduled for City Council on 2/17/23. In summary the proposed ordinance established new definitions for Public Safety Facilities, correctional facilities and related uses. Prior to this there was only a broad category of Government Offices and Services that could cover a wide range of uses that had very different potential impacts. The Planning Board and staff worked to define the different uses using other communities and best practices as a guide and then to determine where they could be appropriate and what special impacts should be addressed by conditions. Attached is the draft text. Correctional facilities and jails will be limited to T5.2 (where one exists) and the Industrial district. Public safety facilities will be allowed more broadly as a special exception with Planning Board review and with an approval by the City Council after review of a needs and impacts analysis specific to any proposed facility. The needs and impacts analysis would be easier to justify where impacts from existing facilities already exist and residents are used to living with them. Government Offices/services with more office related functions, other than Public safety and correctional facilities/jails, would be allowed even more broadly as shown in the attached amendment.

City Budgetary Impacts: None

Staff Recommended Action: Review and discuss in preparation for First reading later tonight.

Previous Meetings and History: None. Partly discussed when a moratorium was put in place in 2022.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: Ordinance amendment language, Use Matrix used for discussion with Planning Board Planning Board staff report.

PUBLIC SAFETY SERVICES	X	X	S	S	S	S	S	S	S	S	S	S	S	S	S	S
Facilities operated by public agencies to provide services relating to the general health, safety, and welfare of the population, including but not limited to fire stations and other fire prevention and firefighting facilities; police and sheriff substations and headquarter, and emergency response services, excluding interim incarceration, lock-up or jail facilities.																
CORRECTIONAL INSTITUTION	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	S
A publicly or privately operated facility generally designed for the confinement, correction, and rehabilitation of adult and/or juvenile offenders sentenced by a court																
LOCK-UP FACILITY																
"Lock-up" means a facility designated by law or regularly used for detention for a temporary period before trial or transfer to a jail or other facility																
GOVERNMENT SERVICES	X	X	S	S	S	S	S	S	S	S	S	S	S	S	S	S
For the purposes of this chapter, "government services" shall include the functions performed by the various government agencies in the City. Government services shall include but not be limited to the following: government administration, courts, public schools, postal services, public works and municipal utilities.																
GOVERNMENT OFFICES	X	X	S	S	S	S	S	S	S	S	S	S	S	S	S	S
A room or group of rooms used for conducting the affairs of a government entity, not entailing the sale of goods except that which is clearly incidental.																
MUNICIPAL OR PUBLIC UTILITIES AND COMMUNICATIONS FACILITIES	S	S	S	S	S	S	S	S	S	S	S	S	S	S	S	S
The use of land for public utility purposes by an entity providing pipeline, gas, electrical, telephone, telegraph, water, or sewage service. "Public utility" also includes the use of land for utility purposes, whether or not owned, controlled, or operated by a public entity, whose services are performed for or commodities delivered to the public or any portion thereof. Facilities that provide for the transmission, transfer, and distribution of telephone service and related activities that are not a minor or major utility facility. For the purposes of this chapter, a municipal or public utility or communications facility includes, but is not limited to, the following: a private telephone company or paging service, any utility regulated by the Maine Public Utilities Commission, and any other commercial communications tower.																
MUNICIPAL USES	P	P	P	P	P	P	P	P	P	P	P	P	P	P	P	P
Municipal uses means any lawful use of a building or of land carried on by the city. Sanitary landfill shall not be deemed a municipal use.																
JAIL																
"Jail" means a specially constructed or modified facility designated by law or regularly used for detention for a period of up to 12 months.																
DETENTION FACILITY	X	X	X	X	X	X	X	X	X	X	X	X	X	S	X	X
In the case of an adult or juvenile, "detention" means the confining of an adult held in lawful custody in a specially constructed or modified facility designed to ensure continued custody and control. Detention may be confinement before trial or another hearing by a court or confinement to serve court-imposed sentences or dispositions and may be in a half way house, safe voices, step-down, jail or lock-up facility.

Sec. 60-2. Definitions.

For the purposes of this chapter, the following words and terms as used herein shall have the meanings or limitations of meaning hereby defined, explained or assigned:

Accessory structure or building means an uninhabited building, at least five feet in distance from the principal building, used for a purpose which is customarily subordinate and incidental to that of the principal building or to the principal use of the land and which is located on the same lot as the principal building use. The term "accessory buildings," in residential districts, includes tool sheds, wood sheds, detached garages and swimming pools. No accessory building shall house a home occupation or professional office or be used as a sales outlet in a residential district.

Accessory use means a subordinate use of land or building which is customarily incidental and subordinate to the principal building or to the principal use of the land and which is located on the same lot with the principal building or use.

Adaptive reuse means a special exception permitting a structure of community significance to be used for one or more purposes, not otherwise permitted in the district in which the building is located, but which the planning board has determined will contribute to the preservation of a structure of community significance, including without limitation, the following uses:

(1) Bed and breakfast homes or inns;

(2) Restaurants, diners or cafes;

(3) Art studios and galleries;

(4) Performing arts centers;

(5) Medical and dental clinics;

(6) Office space;

(7) Municipal and government uses; and

(8) Retail sales as an accessory use.

Adult day center means a supervised facility providing a program of education, crafts or recreation for adults over the age of 55 years.

Animal unit means one living animal of any species.

Antique shop means a building, or portion of building, where artifacts from generally recognized previous eras are sold or traded as the primary commercial activity.

Apartment. See the term *Dwelling unit.*

Architectural features means exterior building elements intended to provide ornamentation to the building massing, including but not limited to, eaves, cornices, bay windows, window and door surrounds, light fixtures, canopies, and balconies.

Art galleries means a building or place where works of art or other objects of value are kept, displayed, produced and offered for sale to the general public.

Artist studio, residential means a dwelling where up to 50 percent of the total floor space can be used for the production of art and/or craft products. The term "residential artist studio" shall not include galleries or studios open to the public for display or sales. All artist studios shall be designed to meet all residential safety and occupancy requirements and shall be considered to be accessory to the residential use.

Automobile means a passenger vehicle propelled by a self-contained motor. The term "automobile" also includes motorcycles, all-terrain vehicles, trucks and recreation vehicles (RVs).

Automobile and marine paint and body shops means a building in which the business of automobile and marine paint and bodywork is conducted. Such use may also include as an accessory use a facility for the orderly display and sale of vehicles which have undergone substantial body repair on the premises. No such facility shall display, outdoors or indoors, or offer for sale more than ten vehicles at any one time.

Automobile and marine repair and service station means a building, lot or both in or upon which the business of general motor repair and vehicle service is conducted, but excluding junk and/or wrecking businesses.

Automobile, commercial, means a vehicle the primary use of which is commercial in character.

Automobile filling station means a building or lot having pumps and storage tanks at which fuel, oil or accessories for the use of motor vehicles are dispensed, sold or offered for sale at retail, where repair service is incidental and no vehicle storage or parking space is offered for rent.

Automobile garage, private, means an accessory building or portion of a main building designed, arranged or used for housing of private motor vehicles, only one of which may be a commercial vehicle. Not more than 50 percent of the space in such a garage shall be used for housing vehicles other than those owned by occupants of the premises.

Automobile parking lot, private, means a parcel of land, lot or portion thereof required, in accordance with these regulations, for off-street automobile parking.

Automobile repair and service station means a building, lot or both in or upon which the business of general motor vehicle repair and service is conducted, but excluding junk and/or wrecking business.

Automobile sales lot means a lot arranged, designed or used for the storage and display of motor vehicles or any unoccupied trailer for sale.

Automobile scrap yard means any land or building used for the dismantling, storage and salvaging for reuse of automobiles or other vehicles not in running condition.

Automotive towing and storage means a business engaged in/or offering the services of a towtruck or towing service whereby motor vehicles are towed or otherwise removed from one place to another by the use of a motor vehicle specifically designed for that purpose. Storage of towed vehicles is considered to be the keeping of vehicles in a secured yard for not more than 120 days until claimed or disposed of in accordance with the laws of the state.

Basement means that portion of a building below the first floor joists having at least one-half of its clear ceiling height above the main level of the adjacent ground.

Bed and breakfast home means an accessory use to a single-family dwelling involving the renting of four or fewer guestrooms to transient guests who are staying for a limited duration (seven consecutive days and/or 60 accumulated days in a calendar year) and the serving of breakfast only to house guests. Such establishment shall be owned and operated by the resident of the dwelling. The term "bed and breakfast home" also includes a tourist home.

Bed and breakfast inn means a dwelling involving the renting of more than four but fewer than ten guestrooms to transient guests who are staying for a limited duration (seven consecutive days and/or 60 accumulated days in a calendar year) and the serving of breakfast to house guests only. Such use may provide a restaurant, function rooms and places of public assembly.

Boardinghouse or *lodginghouse* means a dwelling which, for compensation, lodging, or lodging and meals are provided to more than four persons and where a proprietor or owner may reside in the building. No provisions for cooking in individual rooms other than a main kitchen is allowed.

Building means a structure having one or more stories and a roof, designed primarily for the shelter, support or enclosure of persons, animals or property of any kind. (See the term *Structure.*)

Building envelope means the ground area on a lot and the space above it on which a building may be constructed.

Building form means the overall shape and dimensions of a building.

Building height means the vertical distance from the grade of the top of the highest roof beams of a flat roof, or to the mean level of the highest gable or slope of a hip roof. When a building faces on more than one street, the height shall be measured from the averages of the grades at the center of each street front.

Building inspector means the building inspector of the City of Auburn, Maine, or their duly authorized agent.

Building line means a line beyond which the foundation wall and/or any enclosed porch, vestibule of other enclosed portion of a building shall not project.

Building, principal, means a building in which is conducted the principal use of the lot on which it is situated.

Care home means a rest, nursing, or convalescent home established to render domiciliary nursing care and board for chronically ill or convalescent patients, or persons who are infirm because of mental or physical conditions, but excluding a child care home or one for the care of mentally retarded patients, alcoholics, psychotics or drug addicts.

Cellar means that portion of a building below the first floor joists having at least one-half of its clear ceiling height below the mean level of the adjacent ground. A cellar shall not be used for habitation.

Cemetery means a place used for the permanent interment of dead bodies or cremated remains thereof. A cemetery may be a burial park of earth interments, a mausoleum for vault or crypt interments, a columbarium for cinerary interments, or a combination of one or more thereof.

Child care home means a child boarding home, summer camp, foster family home or other place providing domiciliary arrangements for compensation, of three or more children, unrelated to the operator by blood, marriage or adoption, under 18 years of age. A facility providing child day care less than 24 hours per day, per child, to more than five children shall not be considered a child care home. The term "child care home" includes any family-type facility which provides child care to children placed by order of any court of competent jurisdiction, or by any public welfare department, or other governmental agency having responsibility for placing children for care, or placed by child-placing agency licensed under state law.

Child day care center means a facility conducted or maintained by anyone who provides, for consideration, care and protection for more than 12 children under 16 years of age, unrelated to the day care center operator, who are unattended by parents or guardians, for any part of the day. Any facility, the chief purpose of which is to provide education, shall not be considered to be a day care center, but is classified as a nursery school.

Child day care home means an accessory use of a residence by a person residing on a premises to provide on a regular basis, and for consideration, care and protection for up to 12 children under 16 years of age, unrelated to the day care home operator, who are unattended by parents or guardians, for any part of the day. Any facility, the chief purpose of which is to provide education, shall not be considered to be a day care home, but is classified as a nursery school. A child day care home shall not be located closer to another child day care home than 500 feet measured along the street frontage. Child day care homes shall be reviewed under the city's home occupation regulations (article IX of this chapter) and shall meet the following:

(1) All outdoor play areas, used in conjunction with the day care operation, shall be fully enclosed by a fence, a minimum of four feet in height.

(2) If the property utilizes a private sewerage disposal/septic system a written verification from a site evaluator, stating that the current system can handle the change of use to include the children in the proposed day care, shall be submitted.

Church means a building, together with its accessory buildings and uses, where persons regularly assemble for religious worship, and which buildings, accessory buildings and uses are maintained and controlled by a religious body organized to sustain public worship.

Clinic means an establishment where patients are accepted for treatment by a group of physicians practicing medicine together, but shall not offer domiciliary arrangements; medical and dental.

Club, private, means any building or rooms, which serve as a meeting place for an incorporated or unincorporated association for civic, social, cultural, religious, literary, political, recreational or like activities, operated for the benefit of its members and not open to the general public.

Community based residential facilities (CRF) means dwelling units providing communal domiciliary arrangements for a group of unrelated persons under supervision of the state government human service agencies, for the transition of formerly institutionalized persons back into the mainstream community living and participation, a halfway house, or a group home.

Comprehensive plan means the master development plan of the City of Auburn, Maine, any amendments or additions thereto, part or portion thereof adopted by the city council upon recommendations of the planning board of Auburn, Maine, pursuant to 30-A M.R.S.A. § 4323.

Convenience store means a business establishment having an interior selling space of less than 3,000 square feet where general food supplies for the table, other articles of household use and gasoline pump service is offered for sale. Such a use may include the sale of food vended in disposable containers for consumption on or off the premises.

Correctional institution means a publicly or privately operated facility generally designed for the confinement, correction, and rehabilitation of adult and/or juvenile offenders sentenced by a court.

Court means an open, unoccupied space, other than a yard, on the same lot with a building or group of buildings which is bounded on two or more sides by such building or buildings and every part of which is clear and unobstructed from its lowest point to the sky.

Dental clinic means an establishment where patients are accepted for treatment by a group of dentists practicing dentistry together.

Detention facility mean In the case of an adult or juvenile, "detention" means the confining of an adult or juvenile held in lawful custody in a specially constructed or modified facility designed to ensure continued custody and control. Detention may be confinement before trial or another hearing by a court or confinement to serve court-imposed sentences or dispositions and may be in a step-down, jail, half-way house or lock-up facility.

Development standard(s) means building standards that establish basic parameters governing building form, including the envelope for building placement in three dimensions and certain permitted and required building elements such as storefronts, balconies, street walls, etc. The development standards establish both boundaries within which development may take place and what requirements apply.

Director means the director of planning and any successor or other official designated from time to time by the city council to enforce the provisions of this chapter.

District or *zone* means an area within which certain uses of land and buildings are permitted or denied pursuant to municipal review, and certain others are prohibited.

District, overlay, means a special district or zone which addresses special land use circumstances and environmental safeguards and is superimposed over the underlying existing zoning districts. Permitted uses in the underlying zoning district shall continue subject to compliance with the regulations of the overlay zone or district.

Dormitory means a building or portion thereof used for sleeping purposes in connection with a school, college or other educational institution.

Driveway means private ways intended for internal vehicular circulation on a lot or within an automobile parking lot.

Dump means any premises used primarily for disposal by abandonment, discarding, dumping, reduction, burial, incineration or any other means and for whatever purpose of garbage, trash, refuse, dead animals, waste materials of any kind, junk; but not untreated sewage, animal waste, discarded machinery, or vehicles or parts thereof. The establishment of any dump shall be approved by the city council of the City of Auburn.

Dwelling means a building or portion thereof arranged or designed to provide living facilities for one or more families.

Dwelling, multifamily, means a residence designed for or occupied by three or more families with separate housekeeping and cooking facilities for each.

Dwelling, one-family attached, means a residential structure designed to house a single-family unit from lowest level to roof, with private outside entrance, but not necessarily occupying a private lot, and sharing a common wall or walls with an adjoining dwelling unit or units. Each one-family attached dwelling shall contain not less than 700 square feet of net floor area of habitable space.

Dwelling, one-family detached, means a dwelling unit singly and apart from any other building and intended and designed to be occupied and used exclusively for residential purposes by one family only, excluding those forms of temporary housing permitted by section 60-666. Each one-family detached dwelling shall contain not less than 700 square feet of net floor area of habitable space.

Dwelling, seasonal, means a dwelling occupied for not more than six months of any year.

Dwelling, two-family, means a freestanding building intended and designed to be occupied and used exclusively for residential purposes by two families only, with separate housekeeping and cooking facilities for each.

Dwelling unit means a room or group of rooms located within a building and forming a single habitable unit, physically separated from any other rooms or dwelling units which may be in the same structure, with facilities which are used for or intended to be used for independent living, sleeping, cooking and eating purposes. Dwelling units available for rental or occupancy for periods of less than one week shall be considered boarding/lodging units.

Eave means the edge of a roof which projects beyond the exterior wall.

Encroachment means any architectural feature, structure or structural element, such as a gallery, fence, garden wall, porch, stoop, balcony, bay window, terrace, or deck that breaks the plane of a vertical or horizontal regulatory limit exceeding into a setback, the public frontage, or above a height limit.

Erected includes the terms "built," "constructed," "reconstructed," "enlarged" and/or "retained on."

Facade means the vertical surface of a building.

Family means one or more persons occupying a single housekeeping unit and using common cooking facilities, provided that unless all members are related by blood or marriage, no such family shall contain over four persons.

Farm means any parcel of land which is used in the raising of agricultural products, livestock or poultry, or for dairying.

Farm, livestock, means any parcel of land that contains at least the following land area used for the keeping of horses, mules, donkeys, cattle, goats, sheep, swine and similar sized animals for the agricultural use of the residents of the lot, provided that there is a minimum of 1 acre of land as required by Chapter 8 Animals and adequate land area is provided for each animal unit, excluding water bodies of one-quarter acre surface area or larger:

(1) Cattle: One bovine animal unit per acre of cleared hay-pasture land.

(2) Horse: 1.5 animal units per acre of cleared hay/pasture land.

(3) Sheep: Three animal units per acre of cleared hay/pasture land.

(4) Swine: Two animal units per acre of cleared land.

(5) Other livestock farms: The required lot size shall be determined by municipal officer charged with enforcement and shall conform to the lot size for similar sized animals.

Floodplain overlay means those areas of the city which are directly affected by flooding as shown on the flood insurance rate maps (FIRM) as established by the Federal Emergency Management Agency and that shall comply with the pertinent regulations found in division 2 of article XII of this chapter pertaining to the Floodplain Overlay District.

Floor area of building means the total number of square feet of floor area of all stories in a building, excluding cellars, uncovered steps and uncovered porches. All horizontal measurements shall be made between exterior faces of walls.

Form based code means a land development regulation that fosters predictable built results and a high-quality public realm by using physical form (rather than separation of uses) as the organizing principle for the code.

Form based code zoning district means one of the five areas on the regulating plan, including Transect 4.1 (T-4.1), Transect 4.2 (T-4.2), Transect 5.1 (T-5.1), Transect 5.2 (T-5.2), and Transect 6 (T-6).

Frontage means the length of a lot extending between the side lot lines of a lot which borders an accepted portion of a street. Maine Turnpike frontage does not apply to this definition.

Frontage line means the lot line(s) of a lot fronting a street or other public way.

Government offices means a room or group of rooms used for conducting the affairs of a government entity, not entailing the sale of goods except that which is clearly incidental.

Government services means for the purposes of this chapter, "government services" includes the functions performed by the various government agencies in the city. Government services includes the following: government administration, courts, public schools, postal services, public works and municipal utilities.

Greenhouse means an enclosed structure where trees, shrubs, vines and plants are propagated, grown or maintained. Activities associated with a greenhouse include:

(1) The sale of greenhouse products and related supplies; and

(2) The storage of material used in the maintenance of plants and growing items sold.

Grocery store means a small retail establishment having an interior selling space of less than 3,000 square feet where general food supplies for the table and other articles of household use are offered for sale. Such a use may include the sale of food vended in disposable containers for consumption on or off the premises; a corner market, a mom and pop store.

Ground area of building means the total number of square feet of horizontal surface covered by a building, including covered porches and accessory buildings. All measurements shall be made between exterior faces of walls, foundation, piers or other means of support.

Group home. See the term *Community based residential facilities.*

Guesthouse means a detached dwelling that is intended, arranged or designed for occupancy by transient, nonpaying visitors.

Habitable space means that area within a dwelling which has headroom of not less than seven feet when measured vertically upward from the finished floor, provided that any such area next below the roof of a dwelling

shall be counted only if it is connected with the story next below by a permanent inside stairway. The floor area of any porch, cellar room, garage or shed attached to such dwelling shall not be counted in any measure of habitable space.

Half-story means a story directly under a sloping roof in which the points of intersection of the bottom of the rafters with the interior faces of the walls are less than three feet above the floor level.

Historic site means a parcel of land, a particular building, or a group of buildings that have played a significant role in the history of the community, and identified as such by the state historic preservation committee.

Historic or archaeological resources means areas identified by a governmental agency such as the state historic preservation commission as having significant value as historic or archaeological resources and any areas identified in the municipality's comprehensive plan.

Hog farm means any land or building used for the purpose of keeping, feeding or raising 20 or more swine per piggery. Establishment of this use requires approval from the city health department.

Home occupation means the accessory use of a dwelling unit for a business or commercial venture engaged in, by the person residing in the dwelling unit, and which allows up to one person who does not reside on the premises to be employed by that home occupation.

Hospital means any institution receiving inpatients and rendering medical, surgical and/or obstetrical care. The term "hospital" includes general hospitals and institutions in which service is limited to special fields such as cardiac, eye, nose and throat, pediatric, orthopedic, skin, cancer, mental health, tuberculosis, chronic disease and obstetrics. The term "hospital" also includes sanitariums, including those wherein mentally retarded and mental patients, epileptics, alcoholics, senile psychotics or drug addicts are cared for or treated.

Hotel means a building in which the primary use is transient lodging accommodations offered to the public on a daily rate of compensation and where ingress and egress to the sleeping rooms is primarily through an inside lobby or office, supervised by a person in charge at all hours. Such facilities may include accessory uses such as restaurants, bars, nightclubs, function rooms, places of public assembly and/or recreational facilities.

Household pet means any animal kept as a pet and normally housed at night within the owner's dwelling or an accessory building on the same lot, including laying hens, but not including any animal normally raised as livestock or poultry or any animal raised for commercial gain. No household pet shall be kept that creates a public nuisance by reason of:

(1) Objectionable effects perceptible outside the owner's property, such as excessive or untimely noise or offensive odors; or

(2) Being a hazard to the health, safety and welfare of neighbors, invited guests or public servants visiting the property in the pursuit of their normal duties.

Illustrative plan means a plan or map that depicts (i.e. Illustrates but does not regulate) the streets, lots, buildings and general landscaping of the proposed Downtown Auburn/New Auburn Form-Based Code District.

Industrial use, heavy, means the use of real estate, building or structure, or any portion thereof, for assembling, fabricating, manufacturing, packaging or processing operations.

Industrial use, light, means the use of real estate, building or structure, or any portion thereof, for manufacturing or fabrication which will not create a nuisance by noise, smoke, vibration, odor or appearance.

Institution means any building or open area used only by an educational, religious, medical, charitable, philanthropic, or nonprofit organization, either public or private.

Institution, philanthropic, means a private, nonprofit organization that is not organized or operated for the purpose of carrying on a trade or business, no part of the net earnings of which inures to the benefit of any member of said organization and which either:

(1) Provides volunteer aid to the sick and wounded of the armed forces in time of war and relief services to victims of natural or manmade calamities; or

(2) Provides all or any of the following: religious, social, physical, recreational and benevolent service.

Institution, private educational, means any private school or educational institution, however designated, which offers an academic curriculum of college, professional, preparatory, high school, middle school, elementary, kindergarten or nursery school instruction, or any combination thereof; but not a training program of trade, craft, technical or artistic instruction operated by a governmental entity. No private educational institution shall be deemed a home occupation. (See the terms *Training school* and *School.*)

Institution, research, means an agency for scientific research of technical development including offices, libraries, laboratories, testing facilities and equipment incidental to such research and development.

Jail means a specially constructed or modified facility designated by law or regularly used for detention for a period of up to 12 months.

Junkyard or *automobile graveyard* means any land or building used for the abandonment, storage, keeping, collecting or bailing of paper, rags, scrap metal, other scrap or discarded material, or for the abandonment, demolition, dismantling, storage or salvaging of automobiles or other vehicles not in running condition, machinery or parts thereof. Establishment and operation of this use requires annual approval from the City Council of Auburn, Maine.

Kennel means any building and/or land used, designed or arranged for the boarding, breeding or care of dogs, cats, pets, fowl or domestic animals, kept for purposes of show, hunting or as pets, except horses.

Land use permit means a permit required for the use of property that is legally permitted under the provisions of this chapter.

Landscape services means the actual planting, bed preparation, installation of landscape materials and maintenance of the landscape, planting and materials. Activities associated with landscaping include: the storage of materials and equipment related to the performance of landscaping, the temporary storage of trees, shrubs and plants pending installation in an existing landscape plan and the application and storage of pesticides and fertilizers by a licensed person.

Lawn maintenance service means the care and upkeep of the landscape after its installation and consists of such activities as mowing of the lawn, pruning of trees and shrubs, application by hand of fertilizer and weed control, insect and disease control, planting and care of flower beds, replacement of dead plants, incidental repairing of walls and paved surfaces, cleaning of fountains and pool basins, irrigation of lawns, cultivation of soil around trees and shrubs, rolling and reseeding of lawns, raking of leaves, winterization of trees and shrubs and snow removal.

Library means a place containing books and other material for reading, study or reference, provided that no such material is offered for sale.

Livestock means, but may not be limited to, any horses, mules, donkeys, cattle, goats, sheep, or swine.

Lock-up facility means a facility designated by law or regularly used for detention for a temporary period before trial or transfer to a jail or other facility.

Lodge, private. See the term *Club, private.*

Lot means for zoning purposes, as covered by this chapter, a lot is a parcel of land under one ownership or joint ownership of at least sufficient size to meet minimum zoning requirements for use, coverage and area, and to

provide such yards and other open spaces as are herein required. Such lot shall have frontage on an accepted public street and may consist of:

(1) A single lot of record;

(2) A portion of a lot of record;

(3) A combination of complete lots of record;

(4) A parcel of land described by metes and bounds; provided that in no case of division or combination shall any residential lot or parcel be created which does not meet the requirements of this chapter;

(5) Lots shown on a plan approved by the planning board of the City of Auburn.

Lot frontage/width means the front of a lot shall be construed to be the portion nearest the street. For the purpose of determining yard requirements or corner lots and through lots, all sides of a lot adjacent to streets shall be considered frontage, and yards shall be provided as indicated under the definition of yards in this section.

Lot line, rear, means the lot line generally opposite or parallel to the front lot line, except in a through lot. If the rear lot line is less than ten feet long or the lot comes to a point at the rear, said rear lot line is assumed to be a line not less than 20 feet long, lying wholly within the lot, parallel to the front lot line, or in the case of a curved front lot line, parallel to the chord of the arc of said front lot line.

Lot measurements means the following measurements:

(1) The depth of a lot shall be considered to be the uninterrupted distance between the midpoints of lot frontage and the midpoint of the rear lot line unless the lot meets the exception provided for by section 60-39.

(2) The width of a lot shall be considered to be the distance between straight lines connecting front and rear lot lines at each side of the lot, measured across the rear of the required front yard, provided, however, that the width between the side lot lines at their foremost points (where they intersect the street line) shall not be less than 80 percent of the required lot width except in the case of a lot on the turning circle of a cul-de-sac, where the 80 percent requirement shall not apply.

Lot of record means a lawfully laid out lot which is part of a subdivision recorded in the proper office of the registry of deeds, or a lawfully laid out lot or parcel described by metes and bounds, the description of which has been so recorded.

Lot types means the diagram which follows illustrates terminology used in this chapter with reference to corner lots, interior lots, reversed frontage lots and through lots. In the diagram above, the lots designated by letters are defined as follows:

(1) Corner lot, defined as a lot located at the intersection of two or more streets. A lot abutting on a curved street or streets shall be considered a corner lot if straight lines drawn from the foremost points of the side lot lines to the foremost points of the side lot lines to the foremost point of the lot meet at an interior angle of less than 135 degrees. (See lots marked A(1) in diagram)

(2) Interior lot, defined as a lot other than a corner lot with only one frontage on a street other than an alley.

(3) Through lot, defined as a lot other than a corner lot with frontage on more than one street other than an alley. Through lots with frontage on two streets may be referred to as double frontage lots.

(4) Reversed frontage lot, defined as a lot in which the frontage is at right angles or approximately right angles to the general pattern in the area involved. A reversed frontage lot may also be a corner lot or an interior lot. (See A-D and B-D in diagram.)

Lot, undersized, means for zoning purposes, as covered by this chapter, an undersized lot is a parcel of land of insufficient size to meet minimum zoning requirements for area or width or depth.

Major or principal arterial highway means the highway that:

(1) Serves the major traffic movements within urbanized areas such as between central business districts and outlying residential areas, between major intercity communities, or between major suburban centers;

(2) Serves a major portion of the trips entering and leaving the urban area, as well as the majority of the through traffic desiring to bypass the central city;

(3) Provides continuity for all rural arterials which intercept the urban area. The term "major or principal arterial highways" includes Washington Street (State Routes 4 and 100, U.S. 202), Minot Avenue (State Routes 11 and 121), Union Street/Center Street/Turner Road (State Route 4), Veterans Memorial Bridge and approaches (State Routes 11 and 100, U.S. Route 202), North Bridge/Court Street to in town Minot Avenue Intersection (Turner Street), Court to Center Street (State Route 4).

Major recreational use of land means permanent use of at least 100 acres of outdoor space limited to ski areas with at least two lifts and public and private golf courses with a minimum of 18 holes.

Major retail development means a single building in excess of 100,000 square feet of new ground floor retail space.

Manufactured housing means a structural unit designed for occupancy, and constructed in a manufacturing facility and then transported by the use of its own chassis, or placed on an independent chassis, to a building site. The term "manufactured housing" includes any type of building which is constructed at a manufacturing facility and then transported to a building site where it is utilized for housing and may be purchased or sold by a dealer in the interim. The term "manufactured housing" includes newer mobile homes and modular homes.

Mining, quarrying, or *earth removing* means the excavation of any earth materials.

Minor arterial highway means the highway that:

(1) Serves trips of moderate length at a somewhat lower level of travel mobility than principal arterials;

(2) Provides access to geographic areas smaller than those served by the major arterial highway system; and

(3) Provides intra-community continuity but does not penetrate identifiable neighborhoods. Examples are Riverside Drive, Mill Street, South Bridge (Broad Street to Mill Street), Main Street, Mechanics Row, High Street (Minot Avenue to Academy Street), Academy Street (High Street to Main Street), Elm Street, Spring Street (Minot Avenue to Court Street), Turner Street (Union Street to Turner Road), Mount Auburn Avenue (Center Street to Turner Street), Lake Street, Court Street (Union Street to in town Minot Avenue Intersection), Hotel Road (Manley Road to Poland Spring Road).

Mobile home development, intended to be generic, includes mobile home parks, mobile home subdivisions, and mobile home condominiums.

Mobile home park means a parcel of land under single ownership in rural residence and suburban residence districts which has been planned and improved for the placement of not less than three mobile homes for nontransient use.

Mobile homes, newer, means those units constructed after June 15, 1976, commonly called "newer mobile homes," which the manufacture certifies are constructed in compliance with the United States Department of Housing and Urban Development standards, meaning structures, transportable in one or more sections, which, in the traveling mode, are 14 body feet or more in width and are 700 or more square feet, and which are built on a permanent chassis and designed to be used as dwellings on foundations when connected to the required utilities,

including the plumbing, heating, air conditioning and electrical system contained therein; except that the term "newer mobile homes" includes any structure which meets all the requirements of this definition, except the size requirements and with respect to which the manufacturer voluntarily files a certification required by the Secretary of the United States Department of Housing and Urban development and complies with the standard established under the National Manufactured Housing Construction and Safety Standards Act of 1974, United States Code, 42 USC 5401 et seq.

Mobile homes, older, means any factory-built home which fails to meet the definition of manufactured housing and more specifically, the term "older mobile homes" means any mobile home constructed prior to June 15, 1976. These units shall be restricted to approved mobile home parks.

Modular homes means those units which the manufacturer certifies are constructed in compliance with the state's Manufactured Housing Act and regulations, meaning structures, transportable in one or more sections, which are not constructed on a permanent chassis and are designed to be used as dwellings on foundations when connected to required utilities, including the plumbing, heating, air conditioning or electrical systems contained therein.

Motel means a building or group of detached buildings intended primarily to provide sleeping accommodations to the public on a daily rate of compensation and having a parking space generally located adjacent to a sleeping room. Such facilities may include a main kitchen or snack bar for the use of motel guests only.

Municipal sanitary landfill means a disposal site for household, commercial and industrial wastes, sludge or incinerator ash operated or controlled for operation by the city in a controlled manner involving the covering of deposited wastes with layers of earth so as to reduce health hazards and public nuisances from vermin, insects, odors and wind-borne debris. The location and design of sanitary landfills also require precautions against ground and surface water contamination through clay lining, water impoundment, aquifer avoidance and similar techniques.

Municipal or public utilities and communication facilities means the use of land for public utility purposes by an entity providing pipeline, gas, electrical, telephone, telegraph, water, or sewage service. "Public utility" also includes the use of land for utility purposes, whether or not owned, controlled, or operated by a public entity, whose services are performed for or commodities delivered to the public or any portion thereof. Facilities that provide for the transmission, transfer, and distribution of telephone service and related activities that are not a minor or major utility facility. For the purposes of this chapter, a municipal or public utility or communications facility includes, but is not limited to, the following: a private telephone company or paging service, any utility regulated by the Maine Public Utilities Commission, and any other commercial communications tower.

Municipal uses means any lawful use of a building or of land carried on by the city sanitary landfill shall not be deemed a municipal use.

Museum means a building or place where works of art or other objects of permanent value are kept and displayed, provided such objects are not offered for sale.

Nonconforming building means a building lawfully existing at the time this or any previous zoning ordinance became effective and which does not conform to the dimensional regulations of the district in which it is located.

Nonconforming lot means a lot lawfully existing at the time this or any previous zoning ordinance became effective and which does not conform to the dimensional regulations of the district in which it is located.

Nonconforming use means a use of a building or of land lawfully existing at the time this or any previous zoning ordinance became effective and which does not conform with the use regulations of the district in which it is located.

Nursery means an outdoor place where live trees, shrubs, vines and plants are propagated, grown or maintained before permanent planting. Activities associated with nursery a business include: the sale of nursery

products and related gardening supplies, the storage of material used in the maintenance of plants and growing items sold and the use of power-motorized equipment required by the nursery.

Nursery, child, means a facility providing a program less than 24 hours per day per child for the care of infants up to the age of 2½ years.

Nursery, wholesale, means a nursery where plants, trees, shrubs and vines are propagated and/or grown and sold only at wholesale to industry related buyers such as retail nurseries, greenhouses and landscape contractors. A wholesale nursery may also provide landscape services accessory to the nursery use provided.

(1) At least one-half of the area of the lot (up to a maximum of three acres) is in active nursery production in a husband type manner; and

(2) The plants and trees propagated, grown and nurtured in the nursery are used as the primary products by the owner/operator of the landscape service.

Office means a building, or portion of a building wherein services are preformed involving predominantly administrative, professional or clerical operations.

Office trailer means a movable vehicle or structure designed for year round or temporary occupancy for purposed of supervising construction; for business actually engaged in the business of selling manufactured housing, mobile homes and trailers; and as temporary office space for a business during the period in which permanent office space is being constructed.

Open space, common means land within or related to a development which is not individually owned and is designed and intended for the common use or enjoyment of the residents of a development and may include such complementary structures and improvements as are necessary and appropriate.

Outpatient addiction treatment clinic means a program or facility operated for the purpose of and specializing in the care, treatment and/or rehabilitation of persons suffering with addictions, including but not limited to gambling addition, alcohol or controlled substance addictions. The term "outpatient addiction treatment clinic" includes, but is not limited to, substance abuse treatment programs licensed by the State of Maine Department of Behavioral and Developmental Services Office of Substance Abuse. An outpatient addiction treatment clinic shall not be located within 2,000 feet of any property that is occupied by a church, school, family day care home, small day care facility, day care center, or public park or playground on the date of application for a license for such a facility. The term "outpatient addiction treatment clinic" does not include an inpatient or residential addiction treatment program, or a program consisting solely of support group activities without treatment by licensed health practitioners, such as Alcoholics Anonymous, Narcotics Anonymous, and similar programs.

Parapet means a low wall along the edge of a roof or the other portion of a wall that extends above the roof line.

Parking space, off-street, means a rectangular area, not less than nine feet by 18 feet, forming a parking stall within or without a structure, not located in any public right-of-way.

Performing arts center means a public or private space used to create and present various performing and visual arts. For the purposes of this definition, the term "performing arts center" also includes educational and training uses associated with the various performing and visual arts.

Personal services means the furnishing of labor, time and effort by a person as an independent contractor not involving the delivery of a specific end product.

Place of worship see definition of church.

Planning board means the planning board of the City of Auburn, Maine.

Primary entrance means a section of building elevation which contains the street level principal entrance of the business, including the businesses on upper floors or in a basement.

Principal use means the principal use for which a lot or main building thereon is designed, arranged or intended and for which it is or may be used, occupied or maintained.

Professional office means rooms and/or buildings used for office purposes as the principal use by members of any recognized profession, including doctors, dentists, lawyers, accountants, engineers, architects, veterinarians, etc.

Public Safety Services Facilities operated by public agencies to provide services relating to the general health, safety, and welfare of the population, including but not limited to fire stations and other fire prevention and firefighting facilities; police and sheriff substations and headquarter, and emergency response services, excluding correctional facility, interim incarceration, lock-up or jail facilities.

Realm, private means the physical and social domain that is considered private by their physical location and visual association being away from public view. This is considered areas behind the front building facade along with side and rear yard areas.

Realm, public means the physical and social domain of the public that is held in common either by their physical presence or visual association. This includes but is not limited to sidewalks, plazas, squares, parks, streets, front yards, civic buildings and civic spaces.

Recreational uses of land means permanent uses of outdoor space which are intended or designed for public use and include but are not limited to ski areas, golf courses (both public and private), driving ranges, horse boarding and riding facilities, miniature golf, paintball, horse and dog racing, snowmobile races, motorhome or recreational vehicle parks or commercial campgrounds and facilities for mass gatherings when used for two or more events during a calendar year.

Regulating plan means the adopted map that shows the Form Based Code zoning districts, which correspond to the special requirements of the form based code.

Restaurant means an eating place in which food is prepared and vended for immediate consumption on the premises without further preparation by the customer. The takeout of food on an infrequent basis is not prohibited.

Restaurant, carry-out, means an eating place in which all food is vended in disposable containers for consumption on or off premises at the customer's choice; a fast-food restaurant.

Restaurant, drive-in, means an eating place in which the business transacted is conducted by a customer from within his automobile or in which consumption of goods sold normally takes place within the customer's automobile on the establishment's premises.

Retail means a principal use encompassing the sale of commodities or goods in small quantities directly to the consumer. The term "retail" sales does not include sales of professional, financial and governmental services and personal services, including but not limited to a hotel and its accessory uses (restaurants, salons, gift shops, recreational facilities, convention space, etc.).

Retail space means the areas of a building, within a climate controlled environment, devoted to the display of commodities or goods for sale directly to the consumer and including customer sales transaction areas and areas associated with customer access.

Rifle, pistol, skeetor trap shooting range means a rifle, pistol, skeet or trap shooting range operated by an individual or club. Such a range may be opened to the general public or developed for the exclusive use of the individual, or club and invited guests.

Road means any public or private traveled way or any portion thereof.

Roof means the covering for a building which is an integral part of the structure for the purpose primarily of protecting the interior of the building or covering a porch or other similar permanent portion thereof, excluding awnings, stoop coverings, or similar additions which are removable without substantially impairing the original structure.

Sawmill means a unit designed to saw logs into lumber, firewood or other processed wood products.

School means an educational institution offering an academic curriculum; not the teaching of the crafts or a training school offering a program of trade, technical instruction or physical education. (See the term *Training school.*)

Shared housing means housing consisting of two or more families occupying a single dwelling and using common cooking facilities. Shared housing shall permit the same number of families at the same density as allowed in the zoning district where the property is located subject to all applicable codes relating to building, housing, life safety, health and zoning as would be applied to independent living units located in the same structure. Approval for shared housing shall be secured from the department of community development and planning subject to the codes and ordinances indicated in this definition, prior to establishing a shared housing arrangement in any building.

Shelter for abused persons means dwelling facilities complying with the laws administered by the state government human services agencies, providing temporary domiciliary arrangements for children and adults unable to protect their own interest and welfare because of critical family circumstances.

Shopping center or*office mall* means a planned integrated complex of three or more retail stores and/or offices sharing a common structure and developed according to a unified plan. Such uses may include a common pedestrian circulation system and off-street automobile parking facilities.

Sign means any device, display surface, structure or object in public intended for visual communications.

Sign, mobile mounted, means a temporary sign which is mounted or for mounting on wheels or a mobile platform or which is portable.

Sign, official business directional, means any off-premise sign permitted to be erected pursuant to article II of chapter 42.

Sign, on-premises, means any sign that advertises, calls attention to, or indicates the person occupying the premises on which the sign is erected or maintained or the business transacted thereon, or advertises the property itself or any part thereof as for sale or rent, and which contains no other matter.

Sign, standing, means any sign that is not attached to a building.

Sign, temporary, means any movable sign, including its supporting structure, intended to be maintained for not more than 90 days in any calendar year.

Site-built home means a building constructed on-site which is designed to be used as a dwelling on foundations, when connected to the required utilities.

Slaughterhouse (abattoir, dressing plant) means any building, place or establishment in which is conducted the slaughtering of livestock and/or poultry for commercial purposes.

Special exception means a use that would not be appropriate generally or without restriction throughout the district, but which, if controlled as to number, area, location or relation to the neighborhood, would promote the public health, safety, welfare, order, comfort, convenience, appearance, prosperity, or general welfare. Such a use may be permitted in such district as a special exception, if specific provision for such special exception is made in this zoning chapter and reasonable restrictions imposed by the planning board are complied with.

Specialty shop means a retail business offering products of a similar kind and nature designed for a particular use, purpose or occasion and distinguished from a store offering the same type of product together with other products of a nonhomogeneous quality.

Stable, riding, means any building or structure used or designed for boarding, breeding or care of horses, other than horses used for farming or agricultural purposes.

Standing means a person who holds title, right or interest in a property which may include a written option, contract to purchase the property or a leasehold interest or may be a person who can show how his actual use or enjoyment of property will be adversely affected by the proposed decision as an abutter as defined in section 60-1473.

Story means that portion of a building between the surface of any floor and the surface of the other floor or roof next above it, but not including the lowest portion so contained if more than one-half of such portion vertically is below the mean finished grade of the ground adjoining such building unless such space is used for business or as habitable space, in which case it shall count as a story.

Story, half, means a story under the gable, hip or gambrel roof, the plates of which on at least two opposite exterior walls are more than two feet above the floor of such story.

Street means the following:

(1) A public way laid out and established by the state, county commissioners of the County of Androscoggin;

(2) A way accepted by the municipal officers of the city;

(3) A way as to which a petition for improvements has been allowed under the provisions of this chapter for which the cost of the improvements has been provided for by the developer in either a cash amount or as provided for in this chapter; or

(4) A way on a plan of a subdivision duly approved by the planning board.

Street frontage. See the term *Frontage.*

Street line means a line defining the edge of a street right-of-way separating the street from abutting property or lots.

Street, primary means the street that is considered to be more intensely used than the other on a corner or double sided lot.

Street, secondary means the street that is considered to be less intense to the other on a corner or double sided lot.

Structure of community significance means a building that by virtue of its historic, social, cultural or economic contribution to the community, as determined by the planning board, is entitled to a special exception allowing its adaptive reuse. The planning board may consider a building's age, as well as any evidence of its role in the historic, social cultural, or economic history of the community, in determining whether a building qualifies for this designation.

Structure or *building* means a combination of materials to form a construction that is safe and stable including, among other things: stadia, reviewing stands, platforms, automobile parking garages, stagings, windmills, observation towers, trestles, sheds, coal bins, shelters and display signs, but not fences of any kind.

Subdivision means a division of land as defined in 30-A M.R.S.A. § 4401.

Summer camps means seasonal dwelling units intended for and actually used for single-family dwellings only during the months of May, June, July, August, September and October or weekends or other periods of vacations not exceeding 30 days.

Supermarket means a retail establishment having an interior selling space of 3,000 square feet or more where general food supplies for the table and other articles of household use are offered for sale.

Swimming pool means any manmade receptacle or excavation housing a surface area of 250 square feet, or more, designed to hold water to a depth of at least 24 inches, primarily for swimming or bathing whether in the ground or above the ground.

Theater, indoor, means a building designed and/or used primarily for the commercial exhibition of motion pictures or plays to the general public.

Theater, outdoor, includes only those areas, buildings or structures designed and used for the commercial outdoor exhibition of motion pictures to passengers in parked motor vehicles.

Tourist home. See the term *Bed and breakfast home.*

Townhouse means a single-family dwelling unit that is one of two or more residential buildings having a common or party wall separating the units.

Trailer or *RV* means any vehicle or structure, except a device exclusively used upon stationary rails or tracks, mounted on wheels for use on highways and streets; propelled or drawn by its own or other motor power; and designed and constructed to provide living and/or sleeping quarters for one or more persons or for the conduct of a business, profession, trade or occupation for use as a selling or advertising device. If the wheels of a trailer are removed, except for repairs, it is deemed a building subject to all the regulations thereof. A trailer shall not be considered an accessory building.

Trailer home means a travel trailer, camping trailer or other similar vehicle capable of being hauled by a passenger automobile or light truck and designed primarily for temporary occupancy for recreational purposes or other seasonal use. A trailer home shall not be considered an accessory building.

Training school means a public or private school or training institution which offers a training program of trade, technical instruction, or physical education. A training school shall not be deemed a home occupation.

Transect (rural-to-urban) means a cross-section of the environment showing a range of different building development zones. The rural-to-urban transect of the human environment is divided into multiple transect zones that describe the physical form and character of a place according to the intensity of its land use and building development pattern.

Transmission towers means a structure that has the sole purpose of transmitting radio, television, cellular telephone or telephone waves from one location to another.

Useable open space means open or green space that is accessible for the use and enjoyment of residents, shall not be steep sloped (over ten percent slope), shall not include wetlands, parking or required buffer areas, and may include any required yard area or open areas for play.

Variance means a relaxation of the terms of the zoning ordinance where such variance will not be contrary to the public interest and where, owing to conditions peculiar to the property and not the result of the actions of the applicant, a literal enforcement of the ordinance would result in unnecessary and undue hardship. The term "variance" is authorized for only dimensional and supplemental regulations. Establishment of a use otherwise prohibited shall not be allowed by variance, nor shall a variance be granted because of the presence of nonconformities in the district or adjoining districts.

Wayside stand means a structure designed, arranged or used for the display and sale of agricultural products primarily grown or produced on the premises upon which such stand is located. A wayside stand may be located on premises that the products are not grown upon provided such premises is owned by the grower.

Wholesale means sales chiefly to retailers, other merchants, industrial and/or commercial users mainly for resale or business use.

Yard means a required open space on a lot unoccupied and unobstructed by any principal structure or portion of a principal structure.

Yard, front, means the open space extending across the full width of lot between the front lot line and nearest line of the principal building or any enclosed portion thereof. The depth of such yard shall be the shortest horizontal distance between the front lot line and the nearest point of the building or any enclosed portion thereof.

Yard, rear, means the open space extending across the full width of lot between the rear line of the lot and the nearest line of the building or any enclosed portion thereof. The depth of such yard is the shortest horizontal distance between the rear lot line and the nearest point of the building. When the rear lot line is less than ten feet long or if the lot comes to a point at the rear, the depth of the rear yard is measured to an assumed rear lot line as follows, the lot line generally opposite or parallel to the front lot line, except in a through lot. If the rear lot line is less than ten feet long or the lot comes to a point at the rear, said rear lot line is assumed to be a line not less than 20 feet long, lying wholly within the lot, parallel to the front lot line, or in the case of a curved front lot line, parallel to the chord of the arc of said lot line.

Yard, side, means the open space between the side lot line, the side street line, or the proposed side street line and the principal buildings, or any portion thereof, extending from the front yard to the rear yard, or, in the absence of either of such yards, to the front lot line and/or rear lot line. The width of a side yard shall be the shortest distance between the side lot line and the nearest point of the principal building or any portion thereof.

Zone. See the term *District.*

(Ord. of 9-21-2009, § 2.2; Ord. No. 13-09062011-05, 9-6-2011; Ord. No. 12-09062011-04, 9-19-2011; Ord. No. 04-03072016, 5-16-2016; Ord. No. 11-11072016, 11-21-2016; Ord. No. 05-04032017, § 1, 4-24-2017; Ord. No. 08-08072017, 9-11-2017; Ord. No. 13-11062017, 11-20-2017; Ord. No. 16-11182019, 12-9-2019; Ord. No. 11-03012021, 3-15-2021)

ARTICLE IV. DISTRICT REGULATIONS

DIVISION 1. GENERALLY

Secs. 60-116—60-143. Reserved.

DIVISION 2. AGRICULTURE AND RESOURCE PROTECTION DISTRICT

Sec. 60-144. Purpose.

The purposes of this district are to allow for conservation of natural resources and open space land, and to encourage agricultural, forestry, and certain types of recreational uses. It is declared to be in the public interest that these areas should be protected and conserved because of their natural, aesthetic and scenic value, the need to retain and preserve open space lands, their economic contribution to the city, and primarily because these areas are so remote from existing centers of development that any added uncontrolled growth could result in an economic burden on the city and its inhabitants. This section shall be construed so as to effectuate the purposes outline here and to prevent any attempt to establish uses which are inconsistent with these purposes or any attempt to evade the provisions of this division.

(Ord. of 9-21-2009, § 3.31A)

Sec. 60-145. Use regulations.

(a) *Permitted uses.* The following uses are permitted:

(1) One-family detached dwellings, including manufactured housing subject to all the design standards, except the siting requirements of section 60-1010, as set forth in division 6 of article XII of this chapter, on parcels containing no less than ten acres, provided that the dwelling is accessory to farming operations and subject to the following restrictions:

a. At least 30 percent of the gross annual household income of the farm occupants living in the farm residence will be derived from farm uses or the gross farm income of the farm occupants living in the farm residence is equal to or greater than 30 percent of the city's median household income, according the most recent census data.

b. No certificate of occupancy shall be issued for any such farm residence until the barns, livestock pens, silos, or other such buildings or structures which are to be erected in connection with the proposed agricultural use as shown on the plans and specifications presented to the municipal officer charged with enforcement are 75 percent completed.

c. In no case shall any farm residence constructed under the provisions of this section after the effective date of the amended ordinance from which this section is derived continue to be occupied as a residence if the principal agricultural use has been abandoned or reduced in scope below the minimum requirements as shown on the plans and specifications presented to the municipal officer charged with enforcement.

d. Any residence constructed under this article shall not be converted to nonfarm residential use except by permission of the planning board based upon a finding that the abandonment or reduction in such use resulted from causes beyond the control of the applicant and not from any intention to circumvent the requirements of this article.

(2) Buildings, equipment and machinery accessory to the principal use including, but not limited to: barns silos, storage buildings and farm automobile garages.

(3) Forest products raised for harvest.

(4) Field crop farms.

(5) Row crop farms.

(6) Orchard farms.

(7) Truck gardens.

(8) Plant and tree nurseries.

(9) Greenhouses.

(10) Handling, storage and sale of agriculture produce and processed agricultural products derived from produce grown on the premises.

(11) Livestock operations including poultry farms, cattle farms, dairy farms, stud farms, hog farms, sheep ranches, other animal farms, including farms for raising fur-bearing animals.

(12) Wayside stands.

(13) Two-family dwellings which are created from the conversion of a one-family dwelling structure which was constructed prior to 1900.

(14) Adult use and medical marijuana cultivation, but not retail sales of any kind.

(15) Marijuana manufacturing accessory to a licensed cultivation site.

(16) Ground-mounted and dual-use solar energy generating systems less than one acre in total land area as defined in section 60-1501.

(b) *Special exception uses.* The following uses are permitted by special exception after approval by the planning board in accordance with the provisions of division 3 of article XVII of this chapter:

(1) Sawmills and their customary accessory land uses and buildings incidental to the harvesting of forest products, subject to the following conditions:

a. Sawmill and accessory activity shall not be detrimental to the neighborhood or the city by reason of special danger of fire or explosion, pollution of rivers or perennial streams or accumulation of refuse.

b. Wood processing operation shall be located no closer than 75 feet from any river or perennial stream, 250 feet from any zoning district boundary or residential dwelling and shall be limited to four persons employed.

c. Where natural vegetation is removed, it shall be replaced within six months with other vegetation which will be equally effective in retarding erosion and will preserve natural beauty.

(2) Veterinary hospitals, where operated by licensed veterinarians, including offices and facilities for temporarily boarding animals.

(3) Handling, storage and sale of agricultural services, equipment, and supplies accessory to the farming use.

(4) Bona fide residences required for farm labor. Any residence constructed for farm labor shall not be converted to nonfarm residential use except by permission of the planning board based upon a finding that the abandonment or reduction in such use resulted from causes beyond the control of the applicant and not from any intention to circumvent the requirements of this division. The findings and the conditions upon which such altered use may be continued shall be made a part of the permanent records.

(5) Recreational uses of land intended or designed for public use subject to the following conditions:

a. No such recreational use shall be expanded or extended so as to occupy additional land area greater than 20 percent of the original area or one acre, whichever is less; or by the construction of a structure or an addition to an existing structure by more than 900 square feet of additional floor space unless the owner or occupant first obtains approval of the planning board in the manner and upon the same terms as approvals of initial recreational uses.

b. Any proposed new or expanded recreational use shall be completed on or before the estimated completion date except that the planning board may grant reasonable extension of time where good cause for the failure to complete is shown.

(6) Any legally nonconforming summer camp or cottage may be rebuilt if destroyed by fire or other casualty, subject to the following conditions:

a. Such reconstruction shall comply with all ordinances applicable to new construction. Such reconstruction need not, however, comply with zoning provisions which would otherwise be applicable except for the provisions of article XII of this chapter.

b. In cases where no minimum setback is established by division 5 of article XII of this chapter an open yard space of at least ten feet between the building as reconstructed and each of the property lines shall be maintained.

(7) Rifle, pistol, skeet or trap shooting ranges, public or private.

(8) Cemeteries, subject to the following conditions:

a. At least 20 acres in area.

b. Not located in any environmental overlay district or over any known aquifer.

(9) Municipal sanitary landfills, subject to the following conditions:

a. Not located in any environmental overlay district or over any known aquifer.

b. Provisions shall be made to avoid surface water and groundwater pollution.

c. Provisions shall be made for frequent covering of deposited wastes with earth to counteract vermin, insects, odors, and windblown debris.

(10) Radio, radar, television and radio telephone transmitting or broadcasting towers, but not studios or offices for such transmitting or broadcasting, provided that:

a. Every such tower shall be installed in a location and manner that ensures its safe operation and the safety of the surrounding residents, building occupants, land uses and properties.

b. In no case shall such tower be located less than one and one-half times its height from the nearest property line.

(11) Wholesale nurseries, subject to the following conditions:

a. At least one-half of the area of the lot (up to a maximum of three acres) is in active nursery production in a husband type manner.

b. The plants and trees propagated, grown and nurtured in the nursery are used as the primary products by the owner/operator of the landscape service.

(12) Processing and storage of compost and bulking agents from the municipal wastewater sewerage sludge facilities provided that:

a. All compost and amendments are to be stored undercover or screened from the public way and abutting property as determined by the planning board.

b. All federal, state and local ordinances and laws relating to the processing and storage of waste are complied with.

c. An end-use plan must be filed as part of the planning board process.

(13) Licensed hospice care facility provided that it shall be licensed by the state as a Medicare certificate hospice.

(14) Slaughterhouse, stockyard, abattoir, dressing plant in compliance with state and federal regulations subject to the following conditions:

a. The facility shall not be located within the Lake Auburn Watershed Overlay District, the watershed of Taylor Pond, the shoreland overlay district or the floodplain overlay district.

b. The proposed use shall not occupy more than 10,000 square feet of building area.

c. The number of employees shall be limited to not more than 15.

d. Accessory retail sales shall be limited to 10 percent of building area or 1,000 square feet, whichever is smaller.

e. Hours of operation shall limited to between 6:00 a.m. and 8:00 p.m.

(15) Compost operations, excluding municipal and industrial waste, to process products such as manure, bedding, animal mortalities, waste feed, produce, forestry by-products, leaves and yard trimmings in compliance with state and federal regulations, subject to the following conditions:

a. All compost sites shall be evaluated for suitability by a properly qualified professional, including benchmark water testing prior to approval.

b. Provisions shall be made to avoid surface and groundwater pollution.

c. Provisions shall be made to counteract vermin, insects and odors.

d. Must comply with all applicable state department of environmental protection and state department of agriculture rules and regulations and best management practices.

e. Shall not be located within the Lake Auburn Watershed Overlay District.

(16) Adaptive reuse of structures of community significance.

(17) Assembly, sale, research and development, distribution, instruction, training, demonstration or maintenance of recreational or agricultural equipment, including buildings as accessory structures used in the assembly, sale, distribution, instruction, training, demonstration, or maintenance of recreational or agricultural equipment, subject to the following conditions:

a. The proposed use is accessory, complementary, or otherwise related to a recreational or agricultural use;

b. The recreational or agricultural use has been in existence for at least five years prior to the date of the application for the special exception; and

c. The recreational or agricultural use is located on the parcel for which the special exception is requested or is adjacent to the property for which the special exception is requested.

(18) One-family detached dwellings, including manufactured housing, subject to all the design standards, except the siting requirements of section 60-1010, as set forth in division 6, article XII of this chapter, on parcels containing greater than 6.1, but less than ten acres, provided that the dwelling is accessory to farming operations and subject to the following restrictions:

a. At least 30 percent of the gross annual household income of the farm occupants living in the farm residence will be derived from farm uses or the gross farm income of the farm occupants living in the farm residence is equal to or greater than 30 percent of the city's median household income, according to the most recent census data; and

b. No certificate of occupancy shall be issued for any such farm residence until the barns, livestock pens, silos, or other such buildings or structures which are to be erected in connection with the proposed agricultural use as shown on the plans and specifications presented to the municipal officer charged with enforcement are 75 percent completed; and

c. The applicant shall demonstrate compliance with the following requirements, said compliance to be first reviewed by the Agricultural Advisory Committee for recommendation:

1. The applicant shall provide a farm business plan that appears feasible and, if implemented, will meet the definition of a farm.

2. The parcel can reasonably accommodate the proposed farm.

3. The applicant shall demonstrate a commitment to the proposed farm use through compliance with the following requirements:

4. The parcel must contribute to a gross income per year of at least the amount required to meet the definition of farmland in 36 M.R.S.A. § 1102(4), per year from the sales value of agricultural products as defined in 7 M.R.S.A. § 152(2) in the two calendar years preceding the date of application for special exception use approval. Gross income includes the value of commodities produced for consumption by the farm household.

5. The proposed residence shall be accessory to farming.

6. The proposed residence shall not be located in the Lake Auburn Watershed Overlay District.

d. The parcel was existing as of October 1, 2017, contains more than five acres of land area, and otherwise meets the requirements of this chapter.

e. In no case shall any farm residence constructed under the provisions of this section, after the effective date of the amended ordinance from which this section is derived, continue to be occupied as a residence if the principal agricultural use has been abandoned or reduced in scope below the minimum requirements as shown on the plans and specifications presented to the municipal officer charged with enforcement.

f. Any residence constructed under this article shall not be converted to nonfarm residential use except by permission of the planning board based upon a finding that the abandonment or reduction in such use resulted from causes beyond the control of the applicant and not from any intention to circumvent the requirement of this article.

(19) Ground-mounted and dual-use solar energy generating systems greater than one acre in total land area as defined in section 60-1501, subject to the following conditions:

a. Must comply with the provisions of article XVIII under this chapter;

b. Setbacks, including appurtenant structures and parking areas, shall be subject to the following yard requirements:

1. *Rear.* There shall be behind every structure associated with a solar energy generating system a rear yard having a minimum depth of 25 feet.

2. *Side.* There shall be a minimum distance of 15 feet between any structure associated with a solar energy generating system and the side property line.

3. *Front.* There shall be in front of every structure associated with a solar energy generating system a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot whichever is less.

c. Lot coverage shall not exceed 30 percent, as defined under subsection 60-1506(a)(2).

d. *Total land area.* Once one percent of the agriculture and resource protection district has been developed into solar energy generating systems, the planning board must find that any additional proposed solar energy generating systems will not materially alter the stability of the overall land use pattern of the agriculture and resource protection district. In making this determination, the planning board shall consider the overall effect of existing and potential solar energy generating systems and if it will be more difficult for existing farms in the area to continue operation due to diminished opportunities to expand, purchase or lease farmland, acquire water rights, or diminish the number of tracts or acreage in farm use in a manner that will destabilize the overall character of the surrounding area. The planning board shall request an assessment of the proposed project based on subsection 60-145(b)(19)d. by the agriculture committee and, if located in the resource protection district, the conservation commission and carefully consider their recommendations.

e. All applications shall consider the location of existing grid infrastructure and plan to limit the need to extend the amenities for optimal efficiency.

f. If a solar energy generating system is proposed on forestland in the agriculture and resource protection district, on a parcel adjacent to prime farmland or land currently used for farming, clearing of forestland or the use of prime farmland may be permitted under the following conditions:

1. The presence of the solar energy generating system will not result in unnecessary soil erosion or loss that could limit agricultural productivity on the subject property or abutting properties.

2. At the time of decommissioning of any solar energy generating system approved by the planning board, the current sitting planning board shall review the site and proposed decommissioning plan for the conversion of the parcel into prime farmland or forestland, as applicable under the current ordinance standards.

3. A survey of critical wildlife habitat is provided at the time of application, if a project is located in an area determined to be essential habitat, as defined by the state department of inland fisheries and wildlife, an IF&W recommendation shall be secured before a planning board ruling.

4. A vegetative cover plan is provided that demonstrates, where feasible, the replanting of forested areas disturbed during construction and preservation of prime soils throughout the life of the project.

g. *Prime soils.* All solar energy generating systems proposed in the agriculture and resource protection district shall include a soil analysis. Such analysis shall demonstrate if the site proposed for development contains prime farmland as defined by the United States Department

of Agriculture (USDA). Least productive agricultural soils shall be considered first for development unless it can be demonstrated to the planning board that:

1. Non-prime farmland is not reasonably available on the subject property.

h. All applications for solar energy generating systems in the agriculture and resource protection district shall be subject to the following provisions:

1. Siting of the overall facility and individual panels shall keep with the existing contours of the land;

2. Only pile driven, or ballast block footing shall be used so as to minimize the disturbance of soils during installation;

3. To the extent possible, infrastructure shall not be located on steep slopes; and

4. A plan for topsoil maintenance shall be provided at the time of application to the planning board.

i. All operations and maintenance plans shall also include:

1. A plan prioritizing the ability to co-mingle agricultural and energy generation land uses including but not limited to: apiaries, grazing or handpicked crops.

2. A plan that provides habitat for native plants and animals and native pollinators.

(20) Municipal or public utilities and communications facilities

(21) Municipal uses

(Ord. of 9-21-2009, § 3.31B; Ord. No. 32-02072011-07, 2-7-2011; Ord. No. 06-08012011-07, 8-1-2011; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 06-06052017, 6-19-2017; Ord. No. 04-05202019, 6-3-2019; Ord. No. 17-11182019, 12-9-2019; Ord. No. 05-05182020, 6-1-2020; Ord. No. 11-03012021, §§ 5, 6, 3-15-2021)

Sec. 60-146. Dimensional regulations.

All structures in this district, except as noted shall be subject to the following dimensional regulations:

(1) *Minimum lot area, width and depth.* No lot shall be created containing less than ten acres, exclusive of any bodies of water having a surface area of one-fourth of an acre or more and measuring less than 250 feet in width at the street frontage, and 200 feet in depth. No building shall be erected on a lot containing less than ten acres, except as allowed in this section, exclusive of any bodies of water having a surface area of one-fourth of an acre or more, and measuring not less than 250 feet in width at the street frontage, and 200 feet in depth.

a. A building may be erected on a lot containing not less than 50,000 square feet and possessing the required minimum frontage width provided it is contiguous with other lots or parcels of land in the same ownership containing an aggregate of not less than ten acres; notwithstanding the separation of the said other lots or parcels of land by a road, stream, private right-of-way or other natural boundary from the lot on which the building is to be constructed. This section shall not be construed to prevent the construction of nonresidential accessory farm buildings on any such lot.

b. On legally nonconforming undersized lots, the keeping of horses, mules, cows, goats, sheep, hogs, and similar sized animals for domestic use of the residents of the lot is permitted provided

that the land area required per animal unit conforms to the definition of farm, livestock contained in section 60-2.

c. A dwelling may be constructed on lots existing as of October 1, 2017 and containing greater than 6.1 acres but less than ten acres, if approved as a special exception pursuant to subsection 60-145(b)(18).

(2) *Density.* The density of year-round dwelling units shall not exceed an average of one dwelling per ten acres, unless approved pursuant to subsection (1) above.

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 25 feet.

b. *Side.* There shall be a minimum distance of 15 feet between any building and the side property line.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot whichever is less.

(4) *Height.* The height of all dwelling structures shall be limited to two and one-half stories or 35 feet in height. Accessory buildings and structures may have a maximum height of 65 feet from grade, provided that the front yard, rear yard and each of the side yards shall be increased by one foot for each foot in height in excess of 35 feet.

(5) *Off-street parking.* Off-street parking spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.31C; Ord. No. 18-11182019, 12-9-2019; Ord. No. 11-03012021, §§ 7, 8, 58, 3-15-2021)

Secs. 60-147—60-199. Reserved.

DIVISION 3. LOW DENSITY COUNTRY RESIDENTIAL DISTRICT

Sec. 60-200. Purpose.

The purpose of this zone is to maintain and promote the rural/agricultural character of the land within this zone. This zone is composed of those areas in the city whose predominant land use is rural, wooded and agricultural. The regulations for this zone are designed to protect and stabilize these predominant land uses which are the essential characteristics of these areas and to minimize conflicting land uses detrimental to agricultural enterprises. Since residences are only incidental to this zone's development, the densities which require improved roads and expanded municipal services, in excess of those required by the present agricultural-oriented uses, shall not be permitted.

(Ord. of 9-21-2009, § 3.32A)

Sec. 60-201. Use regulations.

(a) *Permitted uses.* The following uses are permitted:

(1) All uses permitted in the Agriculture and Resource Protection District, except uses allowed by section 60-145(a)(8), (14) and (15).

(2) One-family detached dwellings.

(3) Two-family dwellings.

(4) Lawn maintenance services.

(b) *Special exception uses*. The following uses are permitted by special exception after approval by the planning board in accordance with the provisions of division 3 of article XVI of this chapter:

(1) All uses permitted by special exception in the Agriculture and Resource Protection (AR) District, (division 2 of article IV of this chapter), except uses allowed by section 60-172(b)(7), (14), and (15).

(2) Bed and breakfast.

(3) Adaptive reuse of structures of community significance.

(Ord. of 9-21-2009, § 3.32B; Ord. 33-02072011-08, 2-7-2011; Ord. No. 08-08012011-07b, 8-1-2011; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 11-08192019, 9-9-2019; Ord. No. 11-03012021, § 9, 3-15-2021; Ord. No. 27-06212021, 7-19-2021)

Sec. 60-202. Dimensional requirements.

All structures in this district except as noted shall be subject to the following dimensional regulations:

(1) *Minimum lot area, width and depth.* No lot shall be created and/or no building shall be erected on a lot containing less than three acres and measuring less than 325 feet in width. No lot shall be less than 200 feet in depth. The keeping of horses, mules, cows, goats, sheep, hogs and similar size animals for domestic use of the residents of the lot is permitted provided that the land area required per animal unit forms to the definition of farm, livestock contained in section 60-2.

(2) *Density.* The density of dwelling units shall not exceed an average of one dwelling per three acres.

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 50 feet or 25 percent of the average depth of the lot, whichever is less.

b. *Side.* There shall be a minimum distance of 15 feet between any building and the side property line plus the side yard setback shall be increased one foot for every five feet or part thereof increase in street frontage over 50 feet to a maximum of 25 feet for side yard setback.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 50 feet or 25 percent of the average depth of the lot whichever is less.

(4) *Height.* The height of all dwelling structures shall be limited to 2½ stories or 35 feet in height. Accessory buildings and structures may have a maximum height of 65 feet from grade, provided that the front yard, rear yard, and each of the side yards shall be increased by one foot for each foot in height in excess of 35 feet.

(5) *Off-street parking.* Off-street parking spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.32C; Ord. No. 11-03012021, §§ 10, 11, 3-15-2021)

Secs. 60-203—60-227. Reserved.

DIVISION 4. LOW DENSITY RURAL RESIDENCE DISTRICT

Sec. 60-228. Purpose.

This district is intended to provide for low density rural residential areas while protecting adjacent agriculture and resource protection districts, allowing a degree of residential development compatible with maintenance of environmental quality and preservation of the open character of the area.

(Ord. of 9-21-2009, § 3.41A)

Sec. 60-229. Use regulations.

(a) *Permitted uses.* The following uses are permitted:

(1) All uses permitted in the Agriculture and Resource Protection District pursuant to section 60-145(a), except 60-145(a)(14) and (15).

(2) One-family detached dwellings.

(3) Two-family dwellings.

(4) Attached single-family dwellings, provided that they are approved by the planning board as part of a planned residential unit development and subdivision, under the provisions of division 9 of article IV and division 4 of article XVI of this chapter.

(5) Mobile home parks, subject to the requirements and conditions of section 60-669, mobile home park standards.

(6) Licensed veterinarians provided that the lot is of at least three acres.

(7) Wayside stands.

(8) Accessory uses, buildings or structures.

(9) Lawn maintenance services.

(10) Municipal uses and buildings.

(b) *Special exception uses.* The following uses are permitted by special exception after approval by the planning board in accordance with the provisions of division 3 of article XVI of this chapter:

(1) Radio, radar, television and radio-telephone transmitting or broadcasting towers, but not studios or offices for such transmitting or broadcasting, provided that:

a. Every such tower shall be installed in a location and manner that ensures its safe operation and the safety of the surrounding residents, buildings occupants, land uses and properties.

b. In no case shall such tower be located less than 1½ times its height from the nearest property line.

(2) Care homes, lodginghouses and boardinghouses.

(3) Recreational uses of land intended or designed for public use, subject to the following conditions:

a. No such recreational use shall be expanded or extended so as to occupy additional land area greater than 20 percent of the original area or one acre, whichever is less; or by the construction of a structure or an addition to an existing structure by more than 900 square feet of additional floor space unless the owner or occupant first obtains approval of the planning board.

b. Any proposed new or expanded recreational use shall be completed on or before the estimated completion date except that the planning board may grant reasonable extension of time where good cause for the failure to complete is shown.

(4) Child day care centers, provided that:

a. They are located on arterial and collector streets as defined in the Auburn Tomorrow Comprehensive Plan.

b. They shall not be located closer than 1,000 feet from other established day care centers.

c. These standards shall not apply to section 60-52.

(5) Cemeteries, provided that:

a. At least 20 acres in area.

b. Not located in any environmental overlay district or over any known aquifer.

(6) Community-based residential facilities, provided that:

a. The minimum distance between any two such facilities shall be 1,500 feet.

b. Any such facility shall house no more than eight persons.

(7) Licensed kennels provided that there shall be available land area of at least three acres.

(8) Training schools.

(9) Handling, storage and sale of agricultural services, equipment, and supplies accessory to the farming use.

(10) Adult day centers.

(11) Landscape services.

(12) Wholesale nurseries, subject to the following conditions:

a. At least one-half of the area of the lot (up to a maximum of three acres) is in active nursery production in a husband type manner.

b. The plants and trees propagated, grown and nurtured in the nursery are used as the primary products by the owner/operator of the landscape service.

(13) Schools.

(14) Churches or temples.

(15) Libraries.

(16) Museums.

(17) Adaptive reuse of structures of community significance.

(18) Public Safety Services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(19) Government services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(20) Government offices

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(21) Municipal or public utilities and communication facilities

(Ord. of 9-21-2009, § 3.41B; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 12-08192019, 9-9-2019; Ord. No. 11-03012021, § 12, 3-15-2021)

Sec. 60-230. Dimensional regulations.

All structures in this district, except as noted, shall be subject to the following dimensional regulations:

(1) *Minimum lot area, width and depth.* No lot shall be created and/or no building shall be erected on a lot containing less than 43,560 square feet and measuring less than 250 feet in width. No lot shall be less than 150 feet in depth. The keeping of horses, mules, cows, goats, sheep, hogs, and similar sized animals for domestic use of the residents of the lot is permitted, provided that the land area required per animal unit conforms to the definition of farm, livestock contained in section 60-2.

(2) *Density.* The density of dwelling units shall not exceed an average of one dwelling per acre.

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 25 feet or 25 percent of the average depth of lot, whichever is less.

b. *Side.* There shall be a minimum distance of five feet between any building and the side property line plus the side yard setback shall be increased one foot for every five feet or part thereof increase in street frontage over 50 feet to a maximum of 15 feet for side yard setback.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot whichever is less.

(4) *Height.* The height of all dwelling structures shall be limited to two and one-half stories or 35 feet in height. A public building, church or temple, and accessory buildings and structures may have a maximum height of 65 feet from grade, provided that the front yard, rear yard, and each of the side yards shall be increased by one foot for each foot in height in excess of 35 feet.

(5) *Off-street parking.* Off-street parking spaces shall be provided in accordance with the requirements of specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.41C; Ord. No. 11-03012021, §§ 13, 14, 3-15-2021)

Secs. 60-231—60-253. Reserved.

DIVISION 5. SUBURBAN RESIDENCE DISTRICT

Sec. 60-254. Purpose.

This district is intended to provide for, protect and stabilize low density suburban residential areas and their adjunct public and institutional uses. It is designed to ensure an open character of development through its lot size requirements and through permitting of certain uses, rural in nature, that are compatible with residential uses.

(Ord. of 9-21-2009, § 3.42A)

Sec. 60-255. Use regulations.

(a) *Permitted uses.* The following uses are permitted:

(1) One-family detached dwellings.

(2) Two-family dwellings.

(3) Attached single-family dwellings, provided that they are approved by the planning board as part of a planned residential unit development and subdivision, under the provisions of division 9 of article IV and division 4 of article XVI of this chapter.

(4) Mobile home parks, subject to the requirements and conditions of section 60-669, mobile home park standards.

(5) Farming of field crops, row crops, orchards or truck gardens.

(6) Greenhouses.

(7) Licensed veterinarians, provided that the lot containing same is of at least three acres.

(8) Farm, livestock provided that the land area required per animal unit conforms to the definition of farm, livestock contained in section 60-2 and:

a. A site plan be submitted to the municipal officer charged with enforcement that contains the information required by section 60-1301.

b. Upon request, the municipal officer charged with enforcement may waive the necessity of providing any of the foregoing information which is not relevant to the proposed development.

c. In judging whether or not a permit to operate an animal farm will be issued, the municipal officer charged with enforcement shall review and make a decision consistent with the finding requirements of section 60-1304.

(9) Wayside stands.

(10) Accessory uses, buildings or structures.

(11) Lawn maintenance services.

(12) Municipal uses and buildings.

(b) *Special exception uses.* The following uses are permitted by special exception after approval by the planning board in accordance with division 3 of article XVI of this chapter:

(1) All uses permitted by special exception in the Rural Residence (RR) District, except those uses allowed by section 60-229(b)(3), (9), (11) and (12).

(2) Professional offices may be created within existing single-family residences in existence at the time of adoption of this chapter, provided the following conditions are met:

a. Such residences shall have frontage on a major arterial as defined in the city's comprehensive plan.

b. Access to parking shall be located on the arterial frontage except for corner lots, in which case access may be located on the secondary roadway frontage.

c. In addition to meeting the requirements of article V of this chapter, required parking shall be separated from all lot lines by a buffer of 30 feet in width. Such buffer shall be vegetated in a manner to fully screen parked vehicles from view at the lot lines. A driveway serving such a parking area must be separated from the side lot line by a sight impervious fence of six feet in

height or a buffer of ten feet in width meeting the vegetation requirements of this subsection (b)(2)c.

d. Signage shall be limited to a single nonilluminated sign with a maximum of 16 square feet of display per side.

(3) Adaptive reuse of structures of community significance.

(4) Public Safety Services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(5) Government services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(6) Government offices

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(7) Municipal or public utilities and communication facilities

(Ord. of 9-21-2009, § 3.42B; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 11-03012021, §§ 15—17, 3-15-2021)

Sec. 60-256. Dimensional regulations.

All structures in this district, except as noted, shall be subject to the following dimensional regulations:

(1) *Minimum lot area, width and depth.* No lot shall be created and/or no building shall be erected on a lot containing less than 21,780 square feet, and measuring less than 150 feet in width; and measuring less than 125 feet in depth.

(2) *Density.* The density of dwelling units shall not exceed an average of two dwellings per acre.

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 25 feet or 25 percent of the average depth of lot, whichever is less.

b. *Side.* There shall be a minimum distance of five feet between any building and the side property line plus the side yard setback shall be increased one foot for every five feet or part thereof increase in street frontage over 50 feet to a maximum of 15 feet for side yard setback.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot whichever is less.

(4) *Height.* The height of all structures shall be limited to 2½ stories or 35 feet in height with the following exceptions: A farm accessory building or structure, church or temple, or windmill may have a maximum height of 65 feet from grade, provided that the front yard, rear yard and each of the side yards shall be increased by one foot for each foot in height in excess of 35 feet.

(5) *Off-street parking.* Off-street parking spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.42C; Ord. No. 11-03012021, § 18, 3-15-2021)

Secs. 60-257—60-275. Reserved.

DIVISION 6. URBAN RESIDENCE DISTRICT

Sec. 60-276. Purpose.

This district is intended to provide for, protect and stabilize medium density urban residential areas of single- and two-family detached dwellings and their adjunct public and institutional uses. It is designed to ensure a family living environment in an urban setting through lot size requirements that provide adequate yard space for family outdoor activity and play space for children.

(Ord. of 9-21-2009, § 3.43A)

Sec. 60-277. Use regulations.

(a) *Permitted uses.* The following uses are permitted:

(1) One-family detached dwellings.

(2) Two-family dwellings.

(3) Attached single-family dwellings, provided that they are approved by the planning board as part of a planned residential unit development and subdivision, under the provisions of division 9 of article IV and division 4 of article XVI of this chapter.

(4) Accessory uses building or structures.

(5) Farming of field crops, row crops, orchards or truck gardens.

(6) Municipal uses and buildings.

(b) *Special exception uses.* All uses permitted by special exception in the Suburban Residence (SR) District (division 5 of article IV of this chapter), except radio, radar, television and radio-telephone transmitting towers are permitted in the Urban Residence (UR) District.

(1) Adaptive reuse of structures of community significance.

(Ord. of 9-21-2009, § 3.43B; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 11-03012021, §§ 19, 20, 3-15-2021)

Sec. 60-278. Dimensional regulations.

All structures in this district, except as noted, shall be subject to the following dimensional regulations:

(1) *Minimum lot area, width and depth.* No lot shall be created and/or no building shall be erected on a lot containing less than 10,000 square feet; and measuring less than 100 feet in width. No lot shall be less than 100 feet in depth. No two-family dwelling shall be erected on a lot containing less than 12,000 square feet.

(2) *Density.* The density of single-family dwelling units shall not exceed four units per acre. The density of two-family dwelling units shall not exceed six units per acre.

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 25 feet or 25 percent of the average depth of lot, whichever is less.

b. *Side.* There shall be a minimum distance of five feet between any building and the side property line plus the side yard setback shall be increased one foot for every five feet or part thereof increase in street frontage over 50 feet to a maximum of 15 feet for side yard setback.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot, whichever is less.

(4) *Height.* The height of all structures shall be limited to 2½ stories or 35 feet in height with the following exceptions: A farm accessory building or structure, church or temple, or windmill may have a maximum height of 65 feet from grade, provided that the front yard, rear yard and each of the side yards shall be increased by one foot for each foot in height in excess of 35 feet.

(5) *Off-street parking.* Off-street parking spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.43C; Ord. No. 11-03012021, § 21, 3-15-2021)

Secs. 60-279—60-304. Reserved.

DIVISION 7. MULTIFAMILY SUBURBAN DISTRICT

Sec. 60-305. Purpose.

This district is intended to stabilize and protect medium to high density residential areas by providing for a varied denser urban pattern made suitable to the needs of the population by encouraging a range of dwelling types. This multifamily zone has a maximum density of 17 dwelling units per acre, yet retains the open character of residential areas by requiring 50 percent green space. It is intended that this district will provide the maximum possible freedom in the design of structures and their grouping and will encourage flexible and imaginative layouts and designs.

(Ord. of 9-21-2009, § 3.44A)

Sec. 60-306. Use regulations.

(a) *Permitted uses.* The following uses are permitted:

(1) One-family detached dwellings.

(2) Two-family dwellings.

(3) Multifamily dwellings in existence on September 23, 1988.

(4) Attached single-family dwellings, provided that they are approved by the planning board as part of a planned residential unit development and subdivision, under the provisions of division 9 of article IV and division 4 of article XVI of this chapter.

(5) Farming of field crops, row crops, orchards or truck gardens.

(6) Shelter for abused persons.

(7) Accessory uses, buildings or structures.

(8) Newly constructed multifamily dwellings and existing structures expanded to contain three or more additional dwelling units within a five-year period, provided that they are approved by the planning board as a subdivision under division 4 of article XVI of this chapter.

(9) Municipal uses and buildings.

(b) *Special exception uses.* The following uses are permitted as special exceptions after approval by the planning board in accordance with division 3 of article XVI of this chapter:

(1) All uses are permitted by special exception in the Urban Residence (UR) District (division 6 of article IV of this chapter).

(2) Off-street parking lot, provided that:

a. Such parking is limited to occupants of buildings located within 500 feet of such parking area whether or not within the same zone.

b. Reasonable conditions imposed by the planning board regarding location, fencing, screening, drainage, ingress and egress, signs and lighting and total capacity of the parking area designed to protect the residential character of the neighborhood are met.

(3) Professional offices.

a. Shall be in buildings which are listed on the state resource list and/or federal historic register.

b. All renovations to the building either internally and externally or both to accommodate the office use shall be accomplished in conformance with accepted historic preservation and rehabilitation guidelines.

c. A single sign to identify the building and its uses, conforming to the requirements contained in article VI of this chapter. Signs shall not be lighted.

(4) Adaptive reuse of structures of community significance.

(5) Public Safety Services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(6) Government services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(7) Government offices

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(8) Municipal or public utilities and communication facilities

(Ord. of 9-21-2009, § 3.44B; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 11-03012021, §§ 22, 23, 3-15-2021)

Sec. 60-307. Dimensional regulations.

All structures in this district, except as noted, shall be subject to the following dimensional regulations.

(1) *Minimum lot area, width and depth.* For each building erected, there shall be provided lot areas as follows:

a. Building housing one family: 10,000 square feet minimum lot area, not less than 100 feet width, and 100 feet in depth.

b. Buildings housing two families: 12,000 square feet minimum lot area, not less than 100 feet width, and 100 feet in depth.

c. Multifamily buildings: 10,000 square feet minimum lot area for the first dwelling unit and 2,000 square feet minimum lot area for each additional dwelling unit. No lot shall be less than 100 feet width and 100 feet in depth. More than one principal building per lot is allowed.

(2) *Density.* The following maximum densities per acre shall apply, according to housing type:

One-family	4 units per acre
Two-family	6 units per acre
Multifamily	17 units per acre

Not less than 50 percent of the net acreage shall be devoted to green area. Green space shall be deemed to include patios, whether paved or not, pedestrian walks, and landscaping within parking lots, but no off-street parking spaces, driveways, or common roads. For townhouse projects, the green area of individual lots may be counted toward the 50 percent green space requirement of the project. Net acreage shall include all land contained within the project except dedicated streets or street rights-of-way shown on the city's adopted master development plan or proposed to be so included within a reasonable period of time.

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 25 feet or 25 percent of the average depth of lot, whichever is less.

b. *Side.* There shall be a minimum distance of five feet between any building and the side property line plus the side yard setback shall be increased one foot for every five feet or part thereof increase in street frontage over 50 feet to a maximum of 15 feet for side yard setback.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot whichever is less.

d. *Principal buildings.* More than one principal building may be erected on a lot, provided that the building meet all yard setback requirements and are separated by a distance equivalent to the height of the higher building or 30 feet, whichever is greater.

(4) *Height.* The height of all structures shall be limited to 2½ stories or 35 feet, except as follows:

a. Multifamily buildings shall have a maximum height of 45 feet from grade.

b. A church or temple or windmill may have a maximum height of 65 feet from grade, provided that the front yard, rear yard and each of the side yards shall be increased by one foot for each foot in height in excess of 35 feet.

(5) *Off-street parking.* Off-street parking spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.44C; Ord. No. 11-03012021, §§ 24, 59, 3-15-2021; Ord. No. 19-05032021, 5-17-2021)

Secs. 60-308—60-332. Reserved.

DIVISION 8. RESERVED[1]

Secs. 60-333—60-358. Reserved.

DIVISION 9. PLANNED UNIT DEVELOPMENTS

Subdivision I. In General

Sec. 60-359. Purpose.

The purpose of this section is to provide for a greater variety and choice of design for urban and suburban living, to gain efficiencies, to coordinate design development efforts, to conserve and make available open space, to utilize new technologies for land development and to offer a flexible alternative to conventional land control regulations. This section should not be used as a device for circumventing the city's development regulations and may be employed in instances where there is truly some benefit to be derived from its use for the community and for the developer. The type and amount of development permitted shall be based on the planning board's evaluation of the development proposal and the purposes standards and provisions set forth in this division.

(Ord. of 3-16-2009, § 3.51(A); Ord. of 9-21-2009, § 3.51A; Ord. No. 08-08072017, 9-11-2017)

Sec. 60-360. Scope.

(a) Application for a PUD-C Planned Unit Development, PUD-I Planned Unit Development or PUD-R Planned Unit Development may be made for land located where public sewer is presently available or will be made available by the developer prior to certificates of occupancy being issued. Application for a PUD-RR Planned Unit Development: Recreation/Residential may be made for land located where public sewer is presently available, will be made available by the developer prior to certificates of occupancy being issued or may utilize private wastewater disposal systems in compliance with state plumbing codes.

(b) The dimensional requirements stated in individual zoning districts and signs as stated in article VI of this chapter may be increased or decreased by the planning board as they apply to planned unit developments, except the front yard setback from all public streets shall not be reduced. The dimensional requirements and provision of signs shall be controlled by the standards sets forth in section 60-359, purpose, and section 60-361, general standards.

(c) Coordination with subdivision regulations.

[1]Editor's note(s)—Ord. No. 25-06212021, adopted July 19, 2021, repealed div. 8, §§ 60-333—60-335, which pertained to the multifamily urban district and derived from an Ord. adopted September 21, 2009; Ord. No. 05-04032017, adopted April 24, 2017; and Ord. No. 11-03012021, adopted March 15, 2021.

(1) If a plan review is required under division 4 of article XVI subdivision of this chapter, it shall be accomplished simultaneously with the review of the planned unit development plan under this division of this zoning chapter.

(2) The final development plan shall be submitted in a form that is in accordance with the requirements of division 4 of article XVI subdivision of this chapter relative to final plans where applicable.

(3) Requirements of this division of this zoning chapter and those of division 4 of article XVI of this chapter shall apply to all planned unit developments.

(Ord. of 3-16-2009, § 3.51(B); Ord. of 9-21-2009, § 3.51B; Ord. No. 08-08072017, 9-11-2017; Ord. No. 11-03012021, § 27, 3-15-2021)

Sec. 60-361. General standards.

The following provisions apply to all planned unit development districts:

(1) The dimensional requirements as stated in individual zoning districts shall apply within the PUD but may be increased or decreased due to individual site characteristics as determined by the planning board to promote the purposes set forth in section 60-359 of this chapter.

(2) The planning board may increase or decrease the required number of off-street parking spaces as stated in article V of this chapter in consideration of the following factors:

a. The probable number of cars owned by occupants of dwellings in the planned unit development;

b. The parking needs of any nonresidential uses;

c. Varying time periods of use, and whatever joint use of common parking areas is proposed.

(3) Whenever the number of off-street parking spaces is reduced because of the nature of the occupancy, the city shall obtain assurance that the nature of the occupancy will not change.

(4) A PUD involving residential uses shall reserve an amount of land equal to that required by section 60-1367 to be held as open space for the mutual use of the residents of the PUD or open to the public. Land reserved to satisfy the open space requirement shall be:

a. Administered through a homeowner's association; or

b. Dedicated to and accepted by the city for public use; or

c. Land occupied by a major recreational use adjacent to a PUD-RR; or

d. Managed by a non-profit organization or land trust deemed capable of management by the planning board; or

e. A combination of a, b, c and/or d above.

(5) All of the requirements of the City Code of Ordinances applicable to the zoning district not addressed in this division, shall apply.

(6) Before granting approval of the final development plans, the planning board must find that said plan addresses each of the following criteria or that one or more of the criteria are not applicable to the proposed development and/or that a practical substitute to one or more of the criteria has been achieved::

a. The proposed development has an appropriate relationship to the surrounding area;

b. Circulation, in terms of internal street circulation system, is designed for the type of traffic generated, safety, separation from living areas, convenience, access and control of noise and

exhaust. Proper circulation in parking areas is designed for safety, convenience, separation and screening;

c. Adequate open space has been provided with consideration given to preservation of natural features including trees and drainage areas, topographic features, recreation and views.

d. Privacy in terms of needs of individuals, families and neighbors;

e. Pedestrian and bicycle traffic in terms of safety, separation, convenience and access points;

f. Building types in terms of appropriateness to density, site relationship and bulk;

g. Building design in terms of orientation, spacing, character, storage, signs and lighting;

h. Landscaping of total site in terms of purpose such as screening, ornamental types used, and materials uses, if any;

i. Preservation of historically or architecturally significant buildings or places, if any;

j. There is public sewer available to the lot or will be made available by the developer prior to certificates of occupancy being issued, except as allowed by section 60-360(a) in the case of a PUD-RR.

k. That the proposal meets the requirements of section 60-1335, special exception of this ordinance.

(Ord. of 3-16-2009, § 3.51(D); Ord. of 9-21-2009, § 3.51D; Ord. No. 08-08072017, 9-11-2017)

Secs. 60-362—60-380. Reserved.

Subdivision II. Types

Sec. 60-381. Definitions.

The following words, terms and phrases, when used in this subdivision, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Planned includes plans, plats or any combination thereof.

(Ord. of 3-16-2009, § 3.51(C)(1); Ord. of 9-21-2009, § 3.51C)

Sec. 60-382. PUDs established.

The following types of planned unit development may be established by special use approval in any existing zoning district as noted in this section. The options for use are as follows:

(1) PUD-R Planned Unit Development: Residential in LDCR, RR, SR, UR, MFS, MFU, GB and CB.

(2) PUD-RR Planned Unit Development: Recreation/Residential in AG/RP, LDCR, RR, SR, UR, and GB.

(3) PUD-C Planned Unit Development: Commercial in GB and GBII.

(4) PUD-I Planned Unit Development: Industrial in ID.

(Ord. of 3-16-2009, § 3.51(C)(1); Ord. of 9-21-2009, § 3.51C; Ord. No. 08-08072017, 9-11-2017; Ord. No. 11-03012021, § 28, 3-15-2021)

Sec. 60-383. Zoning map indication.

The area included in each approved planned unit development shall be indicated on the zoning map as PUD-R or, PUD-RR or PUD-C or PUD-I. (Ord. of 3-16-2009, § (3.51)(C); Ord. of 9-21-2009, § 3.51C; Ord. No. 08-08072017, 9-11-2017)

Sec. 60-384. Permitting.

Phased planned unit developments shall be permitted where any type of PUD is otherwise allowed by this chapter with an additional review by the director of planning and permitting prior to recording at the Androscoggin County Registry of Deeds. It is the intent of this phasing to allow coordinated long term planning of a large scale development without the disincentives of taxation and financing for phases that will not be constructed in the short term. The final development plan shall be kept on file in the planning and permitting office and the developer shall meet the requirements of section 60-420(c) prior to declaration and recording of a phase. The developer shall declare and record the approved phase plan within 30 days after a written approval is issued by the director. The recorded plan shall contain a note referencing this chapter. This division may be applied to existing PUDs if said plan was approved by the planning board as a phased development. (Ord. of 3-16-2009, § 3.51(C)(1); Ord. of 9-21-2009, § 3.51C; Ord. No. 08-08072017, 9-11-2017)

Sec. 60-385. Planned Unit Development—Residential (PUD-R).

It is the intent of this section that any residential property which is under single ownership and contains three acres or more area may be developed as PUD-R Planned Unit Development: Residential. Within the PUD-R the following uses and densities may be permitted subject to the approval of the planning board.

(1) Uses permitted by right or permitted by special exception in the residential districts noted in this section and the underlying zoning district.

(2) Commercial uses may be permitted in the PUD-R district if the planned unit development contains 20 or more dwelling units. Such commercial uses shall be subject to the following requirements:

a. Such uses including parking shall be included as an integral part of the PUD and shall not occupy more than five percent of the total area of the PUD. Commercial uses in any development shall not be open to use prior to issuance of the certificates of occupancy for 50 percent of the dwelling units.

b. Except as stated in division 11 of article IV of this chapter all restrictions applicable to the NB district are applicable to the commercial center in the PUD-R district.

c. Such establishments shall be located, designed and operated primarily to serve the needs of the persons within the planned development. These buildings shall be architecturally compatible with the dwellings they serve using similar materials, geometry, topographic relationships, color and lighting to minimize its effect on the environment of existing or future residential uses adjacent to them.

d. Sign.

1. Any part of the sign for a commercial use shall not project above the eaves or protrude from the face of the building more than 12 inches. A commercial use shall have not more than one sign for every street frontage. Any free standing signs may not exceed 20 feet in height and must have a minimum setback of 25 feet. Portable flashing and moving signs are not permitted. All emblems, shields or logos are considered part of the total allowable sign area.

2. A residential subdivision may have one sign for each newly created entry to the subdivision, not to exceed 40 square feet in size.

(3) The total number of dwelling units permitted in the PUD-R district shall be determined by dividing the total project acreage (not including public rights-of-way) by the area required per unit in the underlying zoning district or as approved by the planning board pursuant to the standards in the underlying zoning district.

(4) If common open space remaining is offered to the city and is acceptable to the city, such dedication may be considered as partial or total fulfillment of park and open space dedication.

(5) Upon review of a PUD-R proposal, the planning board may authorize up to a 20 percent increase in density over that otherwise allowed in the underlying district if the following criteria are met:

a. *Architecture.* Utilization of existing topography, recognition of the character of the area reflected in materials and layout.

b. *Siting.* Preservation of unique natural features, separation of pedestrian and vehicular circulation and integration of open space.

c. *Design.* A unified cohesive development, focal points for orientation and interaction, variety of scale.

d. *Landscaping.* The compatibility with natural landscape, the separation of individual units for privacy.

e. *Convenient.* A convenient well-defined access.

f. *Compatibility.* Compatibility with the adopted comprehensive plan and/or plans approved by city boards and departments for school service area and size of buildings, park system, police and fire protection standards and other facilities public or private.

(6) All planned unit developments containing residential units shall comply with all city zoning and subdivision regulations.

(Ord. of 3-16-2009, § 3.51(C)(2); Ord. of 9-21-2009, § 3.51C; Ord. No. 08-08072017, 9-11-2017; Ord. No. 11-03012021, § 29, 3-15-2021)

Sec. 60-386. Planned Unit Development—Recreation/Residential (PUD-RR).

The PUD-RR district is created to provide for the development of residential and commercial uses that are customary, complementary, and appropriate to major recreational uses on land located adjacent to them. Major recreation uses of land are designed for outdoor use of large land areas and have indoor facilities to accommodate groups of people. Major recreation uses may be open year round or may operate seasonally and their economic viability and continued operation are recognized as assets to Auburn. Flexibility for the siting of homes, condominiums, hotels or motels and accessory uses that are of a scale that is compatible with the surrounding area will help support the economics of a major recreation use.

Any major recreation use containing 100 acres or more area may be developed as a planned unit development: Recreation/Residential-PUD-RR. Within a PUD-RR the following uses and densities may be permitted subject to the approval of the planning board.

(1) Uses permitted by right or permitted by special exception in the underlying zoning district.

(2) Attached single-family dwellings with direct access to the outside at ground level may be permitted, provided that they are approved as part of a planned unit development and as a subdivision under section 60-359 and section 60-1359 of this chapter.

(3) Hotels or motels adjacent to an existing major recreation use or a major recreation use if construction of the major recreational use is complete and open for use, provided that they are approved by the planning board as a site plan and as a special exception under section 60-1276 and section 60-1335 of this chapter. The size and scale of a hotel, motel, or accessory commercial uses shall be determined by the planning board at the time of PUD and/or special exception review. In making their determination, the planning board shall consider the appropriate relationship of the hotel, motel or accessory buildings and structures to the major recreation use and the surrounding neighborhood in terms of bulk, location or operation of proposed buildings and structures, traffic impact, access management, parking requirements, internal circulation, vehicular and pedestrian connections to adjacent property, external lighting, landscaping, signage using the standards of section 60-385(2)d. as a guide, provisions for water and public sewer, and the preservation of scenic and natural beauty to the extent possible.

(4) Accessory commercial uses provided that they are approved as a site plan and as a special exception under section 60-1276 and section 60-1335. Building and structures shall be architecturally compatible using similar materials, topographic relationships, color and lighting, landscaping, and signage to minimize its effect on the environment of existing or future recreation and residential uses adjacent to it.

(5) The total number of dwelling units permitted in the PUD-RR district shall be determined by dividing the total project acreage including the major recreational use (not including public rights-of-way) by the area required per unit in that zoning district or as approved by the planning board pursuant to section 60-361(4). For the purpose of determining the number of dwelling units permitted on parcels located within more than one zoning district, the higher density district standard may be applied to the entire parcel and adjacent major recreational use in the case of a PUD-RR Planned Unit Development.

(6) The requirements of a planned unit development, section 60-361(4) and as a subdivision, section 60-1367 to provide recreation and/or open space may be satisfied by the principal recreation, entertainment, and social uses of the adjacent major recreation use.

(7) Access to the property shall be located on an arterial or collector street to minimize congestion or unsafe conditions and unreasonable deterioration of the local road system. Access to individual house lots shall be from an internal street system to retain the character of the area.

(8) The requirements of this chapter applicable to the underlying district or districts, not addressed in this section, shall apply.

(Ord. No. 08-08072017, 9-11-2017; Ord. No. 11-03012021, § 61, 3-15-2021)

Sec. 60-387. Planned Unit Development—Commercial (PUD-C).

The PUD-C district is created to provide for the development of planned business and shopping centers and mixtures thereof. It is intended to promote the grouping of professional offices and retail commercial uses and to provide areas of sufficient size to establish harmonious relationships between structures, people and vehicles through the use of well planned parking access, pedestrian walkways, courtyards, walls and other open spaces. This district should offer a wide variety of goods and services. Any commercially zoned area three acres or more in size may be developed as a PUD-C district. Uses permitted in the underlying zoning districts are permitted in the PUD-C district.

(Ord. of 3-16-2009, § 3.51(C)(3); Ord. of 9-21-2009, § 3.51C; Ord. No. 08-08072017, 9-11-2017)

Sec. 60-388. Planned Unit Development—Industrial (PUD-I).

The PUD-I district is created to provide for the development of planned industrial areas. It is intended to promote the grouping of industrial uses and to group these uses in such a manner that they provide well planned parking and access, landscaped open areas and harmonious relationships between structures. Any industrial area over five acres may be developed as a PUD-I district. Uses permitted in the underlying zoning district are permitted in the PUD-I district.

(Ord. of 3-16-2009, § 3.51(C)(4); Ord. of 9-21-2009, § 3.51C; Ord. No. 08-08072017, 9-11-2017)

Secs. 60-389—60-417. Reserved.

Subdivision III. Application Procedure

Sec. 60-418. Compliance.

All applicants for planned unit development shall comply with procedures set forth in this subdivision and in accordance with division 2 of article XVI of this chapter site plan review.

(Ord. of 3-16-2009, § 3.51(E)(intro. ¶); Ord. of 9-21-2009, § 3.51E)

Sec. 60-419. Submission and review.

(a) An applicant shall make application for the approval of the planned unit development to the planning department. The applicant shall present his completed application and fee, in the amount provided in the city fee schedule, along with the development plan outline as specified in this division.

(b) The development plan outline shall include both the site plan map and a written statement of procedures. The plan shall indicate sufficient areas surrounding the proposed planned unit development to demonstrate the relationship of the planned unit development to adjoining existing and proposed uses.

(c) The site plan must contain the following information:

  (1) All site plans shall conform to the provisions as contained in division 2 of article XVI of this chapter;

  (2) The type and character of proposed development to include general architectural design, types of building materials to be used and, when appropriate, the proposed number of dwelling units per acre;

  (3) The proposed location and size of public uses including schools, parks, playgrounds, swimming pools and other common open spaces.

(d) The written statement to accompany the development plan outline map must contain the following information:

  (1) A brief description of unique project design needs that make the planned unit approach advantageous to the city and developer;

  (2) An anticipated schedule of development and a conceptual phase plan where the developer intends to phase the declaration of portions of the development;

  (3) Proposed agreements, provisions or covenants which govern the use, maintenance and continued protection of the PUD and any of its common areas.

(e) The number of copies of the written statement must be consistent with the provisions of section 60-1300.

(f) The applicant may be requested to submit any other information or exhibits deemed pertinent in evaluating the proposed planned unit development.

(Ord. of 3-16-2009, § 3.51(E)(1); Ord. of 9-21-2009, § 3.51E)

Sec. 60-420. Final development plan.

(a) The final development plan shall be submitted in accordance with section 60-419 of the municipal code relative to final plans.

(b) The planning board shall approve the final development plan if it is in substantial compliance with the approved preliminary development plan. The final development plan shall be recorded as if it were a final subdivision plan except in the case of a phased development which shall follow the standards of subsection (c) of this section.

(c) For phased developments the final development plan shall be kept on file in the planning and permitting office. The developer shall provide a phase plan and letter of intent to declare a phase for review and approval by the director of planning and permitting prior to recording at the registry of deeds. The director shall consider the following standards before approving a phased plan for recording:

(1) The remaining undeveloped land/phases shall be considered as one lot for frontage purposes. The phase plan shall provide the required frontage for the remaining land/phases.

(2) Common open space, roadway improvements and/or access to utilities may be completed without opening a phase provided that the director determines that the work is necessary or beneficial to an open phase of the development or to the city.

(3) The phased plan must be determined by the director of planning and permitting to be consistent with and progress towards completion of the long term final development plan.

(d) From time to time the planning board shall compare the actual development accomplished in the planned unit development with the approved development schedule. If the owner of property in the PUD has failed to meet the approved development schedule without cause, the planning board may initiate proceedings. The planning board, for good cause shown by the property owner, may extend the limits of the development schedule.

(e) The planning board may require adequate assurance in a form consistent and acceptable to the planning board, that the common open space shown in the final development plan shall be provided and developed.

(f) Final development plan contents:

(1) The final development plan shall contain the information provided on the preliminary development plan and any additional information requested by the planning board and must be submitted within one year following the approval of the preliminary development plan unless written request is made for an extension of up to one year and approved by the planning board.

(2) The final development plan, with supplemental information in report form, shall be prepared in conformity with the provisions of section 60-419.

(3) Copies of any special agreements, conveyances, deed restrictions, or covenants, which will govern the use, maintenance and continued protection of the planned unit development and any of its common area must accompany the final development plan.

(4) The applicant may submit any other information or exhibits he deems pertinent in evaluating his proposed planned unit development.

(g) Control of planned unit development following completion.

(1) The planning board shall review and take action on the competed final plan.

(2) After final approval has been granted the use of the land and the construction, modification or alteration of any building or structure within the planned development shall be governed by the approved final development plan rather than by any other provisions of this zoning chapter.

(3) After final approval, no changes may be made in the approved final development plan except upon application to the appropriate agency under the following procedures:

a. Any minor extension, alteration, or modification of existing buildings or structures may be authorized by the planning board if they are consistent with the purposes and intent of the final plan. No change authorized by this division may decrease or increase the dimension of any building or structure by more than ten percent.

b. Any uses not authorized by the approved final plan, but allowable in the PUD as a permitted principal, accessory, or special use under the provisions of the underlying zoning district in which the planned development is located may be authorized by the planning director and added to the final development plan provided that such an addition does not adversely impact the approved development plan.

c. A building or structure that is totally or substantially destroyed may be reconstructed only in compliance with the final development plan or amendments thereof approved under subsection (g)(3)a and b of this section.

d. Changes in use of common open spaces may be authorized by an amendment to the final development plan under subsection (g)(3)a and b of this section.

e. All other changes in the final development plan must be made by the planning board under the procedures authorized by this chapter. No changes may be made in the final development plan unless found to be required for:

1. Continued successful functioning of the planned unit development;

2. By changes in conditions that have occurred since the final plan was approved; or

3. By changes in the development of the community.

No changes in the final development plan which are approved under this division are to be considered as a waiver of the provisions limiting the land use, buildings, structures, and improvements within the area of the planned unit development, and all rights to enforce these provisions against any changes permitted in this division are expressly reserved.

(Ord. of 3-16-2009, § 3.51(E)(2); Ord. of 9-21-2009, § 3.51E; Ord. No. 08-08072017, 9-11-2017; Ord. No. 11-03012021, §§ 62, 63, 3-15-2021)

Secs. 60-421—60-438. Reserved.

DIVISION 10. RESERVED[2]

Secs. 60-439—60-469. Reserved.

DIVISION 11. NEIGHBORHOOD BUSINESS DISTRICT

Sec. 60-470. Purpose.

This district is intended to provide for the daily convenience shopping and business needs of nearby residents and contains those retail, service and office uses which serve primarily a neighborhood population. It is intended that this district be located on lots in areas zoned for residential use.

(Ord. of 9-21-2009, § 3.61A)

Sec. 60-471. Use regulations.

(a) *Permitted uses.* The following uses are permitted, provided that the business use be limited to the ground floor and/or basement and that the gross building area devoted to business use, excluding storage, does not exceed 3,000 square feet:

(1) Residential dwellings at the same density as permitted in any abutting residential district.

(2) Beauty parlors, barbershops and self-service laundries.

(3) Public transportation passenger stations.

(4) Grocery stores.

(5) General commercial uses (retail, service and office uses), not necessarily associated with the surrounding neighborhood, may be authorized by the planning director upon written application adhering to the following procedure and criteria:

a. The external activity levels and impacts are limited as to be compatible with and not adversely affect the character of the surrounding neighborhood.

b. The proposed use will not create excessive noise, excessive traffic, nuisances (vibration, smoke, odor, appearance, etc.), fire hazard and other negative impacts of business activities being conducted in the residential neighborhood.

(b) *Special exception uses.* The following uses are permitted as special exceptions after approval by the planning board in accordance with division 3 of article XVI of this chapter.

[2]Editor's note(s)—Ord. No. 20-05032021, adopted May 17, 2021, repealed div. 10, §§ 60-439—60-443, which pertained to the downtown enterprise zone and derived from an Ord. adopted September 21, 2009 and Ord. No. 05-04032017, adopted April 24, 2017.

(1) Automobile parking lots and garages, commercial and public, provided that they shall be at least ten feet from any lot in a residential district and that the setback area be landscaped.

(2) Public utility uses, such as electric substations and office, excluding repair facilities and the storage of material and trucks.

(3) Convenience stores, drug stores, variety stores and retail bakeries shops provided that goods baked on the premises shall be sold only on the premises.

(4) Automobile filling stations.

(5) Halls, private clubs and lodges.

(6) Shoe repair shops, pickup laundries and dry cleaners.

(7) Adaptive reuse of structures of community significance.

(Ord. of 9-21-2009, § 3.61B; Ord. No. 05-04032017, § 2, 4-24-2017)

Sec. 60-472. Dimensional regulations.

All structures in this district, except as noted, shall be subject to the following dimensional regulations:

(1) *Minimum lot area, width and depth.* No minimum shall be applied to buildings in this district.

(2) *Density.* The maximum lot coverage by all building shall be 40 percent.

(3) *Yard requirements.*

a. *Rear.* There shall be behind every principal building a rear yard having a minimum depth of 35 feet or 25 percent of the average depth of the lot, whichever is less.

b. *Side.* There shall be a distance of five feet between any principal building and the side property line, plus the side yard setback shall be increased one foot for every four feet or part thereof increase in street frontage over 49 feet to a maximum of 25 feet for side yard setback.

c. *Front.* There shall be in front of every principal building a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot, whichever is less.

d. *Open and unbuilt spaces.* Any yard space or area required to be kept open and unbuilt on may be used, if otherwise lawful, for off-street automobile parking, except that a green strip not less than ten feet wide shall be maintained open and green, not built on, paved, or parked on, all or parked on, all along each property line that abuts land residentially.

(4) *Height.* No permitted structure shall exceed two stories or 35 feet in height. A public building, church or temple, or accessory building or structure may have a maximum height of 65 feet from grade, provided that the front yard, rear yard and each of the side yards shall be increased by one foot for each foot in height in excess of 35 feet.

(5) *Off-street parking and loading.* Provisions for off-street parking shall not be required in the NB district, except for dwellings and for any parking and loading area required as a condition of special exception approval.

(Ord. of 9-21-2009, § 3.61C)

Secs. 60-473—60-497. Reserved.

DIVISION 12. GENERAL BUSINESS DISTRICT

Sec. 60-498. Purpose.

This district is intended to include commercial uses serving both the city and the region, together with normal accessory uses compatible with a cohesive and attractive shopping and office area.

(Ord. of 9-21-2009, § 3.62A)

Sec. 60-499. Use regulation.

(a) *Permitted uses.* The following uses are permitted:

(1) Residential dwelling uses permitted in the Multifamily Suburban District (MFS) (division 7 of article IV of this chapter).

(2) Grocery stores and supermarkets.

(3) Clothing stores.

(4) Furniture stores.

(5) Department stores.

(6) Specialty shops.

(7) Hotels and motels.

(8) Funeral homes and mortuaries.

(9) Child day care centers.

(10) Medical and dental clinics.

(11) Wholesale bakeries.

(12) Retail laundries and dry cleaners, but not plants.

(13) Banks, business and professional offices.

(14) Public transportation passenger offices.

(15) Governmental offices.

(16) Municipal, civic or public service buildings and other utility facilities.

(17) Warehouses, wholesale offices, salesrooms and showrooms.

(18) Restaurants, bars, dining rooms or lunchrooms, but not to include drive-in and carry-out restaurants.

(19) Halls, private clubs and lodges, bowling alleys, ice and roller skating rinks, indoor theaters and similar places of indoor amusement or recreation.

(20) Animal hospitals and pet shops, but no kennels.

(21) Business equipment repair and business services.

(22) Radio and television studios.

(23) Printing shops, but not publishing plants.

(24) Retail, service, office and commercial uses similar to the foregoing.

(25) Carwashes.

(26) Accessory uses, building and structures.

(27) Shelters for abused persons.

(28) Greenhouses and lawn maintenance services.

(29) Temporary outdoor places of amusement.

(30) Churches and temples.

(31) Adult use and medical marijuana stores subject to the requirements of chapter 14, article XVIII of the City of Auburn Ordinances.

(32) Marijuana cultivation accessory to a licensed retail store on the same property.

(b) *Special exception uses.* The following uses are permitted as special exceptions after approval by the planning board in accordance with division 3 of article XVI of this chapter:

(1) Automobile filling stations.

(2) Automobile repair and service stations.

(3) Automobile and marine sales lots and sales and service agencies.

(4) Automobile and marine paint and body repair shops.

(5) Hospitals, care homes, boardinghouses and lodginghouses.

(6) Research or philanthropic institutions.

(7) Outdoor theaters.

(8) Drive-in or carry-out restaurants.

(9) Commercial parks.

(10) Sales, rental and service agencies for mobile homes, farm equipment, trucks and trailers, and machine equipment.

(11) Light industrial plants which will not create a nuisance by noise, vibration, smoke, odor or appearance.

(12) Off-street parking as a commercial or municipal use provided that such parking is limited to occupants of buildings located within 500 feet of such parking area whether or not within the same district. The planning board may impose conditions regarding fencing and screening, drainage, ingress and egress, signs and lighting, and total capacity of the parking area as it deems necessary to protect the character of the neighborhood.

(13) Trucking terminals and similar nonprocessing storage and distribution uses, except bulk storage of chemicals, petroleum products and other flammable, explosive or noxious materials.

(14) Convenience stores.

(15) Research, experimental and testing laboratories.

(16) Landscape services.

(17) Any new building of 5,000 square feet or more or any existing building which proposes a use permitted under subsection (a) of this section which will occupy an area of 5,000 square feet or more.

(18) Automotive towing and storage.

(19) Major retail development provided that it meets the conditions noted in section 60-45(g).

(20) Outpatient addiction treatment clinics.

(21) Adaptive reuse of structures of community significance.

(22) Public Safety Services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(23) Government services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(Ord. of 9-21-2009, § 3.62B; Ord. No. 11-11072016, 11-21-2016; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 05-05202019, 6-3-2019; Ord. No. 11-03012021, §§ 30, 31, 3-15-2021)

Sec. 60-500. Dimensional regulations.

All structures in this district, except as noted, shall be subject to the following dimensional regulations:

(1) *Minimum lot width and depth.* No building used for commercial or office uses shall be constructed on a lot having less than 10,000 square feet minimum lot area and measuring 100 feet in width. No lot shall be less than 100 feet in depth. Buildings used for residential uses shall have the same minimum lot area, width and depth as provided for buildings in the Multifamily Suburban District (MFS), section 60-307(1).

(2) *Density.* Not more than 30 percent of the total lot area shall be covered by buildings used for commercial or office uses. The density of residential uses shall be the same as that required for buildings in the Multifamily Suburban District (MFS), section 60-30(2).

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 35 feet or 35 percent of the average depth of the lot, whichever is less.

b. *Side.* There shall be a distance of five feet between any side property line, plus the side yard setback shall be increased one foot for every two feet or part thereof increase in street frontage over 60 feet to a maximum of 25 feet for side yard setback.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot, whichever is less. No front yard need to be any deeper than the average depth off front yards on the lots next thereto on either side. A vacant lot or a lot occupied by a building with a front yard more than 25 feet shall be considered as having a front yard of 25 feet.

d. *Principal buildings.* More than one principal building may be erected on a lot, provided that the building meet all yard setback requirements and are separated by a distance equivalent to the height of the higher building or 30 feet, whichever is greater.

e. *Railroad tracks.* Where the principal use requires access to a railroad, the yard requirements are disregarded for the side of the building adjacent to the railroad trackage. The engineering requisites for a safe and properly designed siding and building setback acceptable to the railroad shall take precedence.

f. *Open and unbuilt spaces.* Any yard, space or area required to be kept open and unbuilt on may be used, if otherwise lawful for outdoor storage and display of articles, supplies and materials. Such outdoor storage and display shall occupy no more than 20 percent of the lot with display areas not to exceed one-quarter of the total allowable area. Storage and display areas shall be clearly identified on the land in a fixed location. Storage areas shall be screened from the view of an abutting residential district or use and from the street by an evergreen tree line planted in staggered rows having the base of the trees not more than ten feet apart or by a solid fence not less than six feet in height.

(4) *Height.* No permitted structure shall exceed four stories or 45 feet in height. Religious buildings, municipal buildings or buildings listed by the state historic preservations commission may have a steeple, cupola or tower to a maximum height of 90 feet, if said structure is limited to 15 percent of the footprint of the principal building. In the airport approach zone, Federal Aviation Administration regulations shall apply. Accessory structures, including windmills, that are necessary for the operation of an allowed principal use may exceed the above maximum height requirements, provided that the front yard, rear yard and each of the side yards shall be increased by one foot for each foot in height in excess of the yard required pursuant to this section. In the airport approach zone, Federal Aviation Administration regulations shall apply.

(5) *Off-street parking.* Off-street parking and loading spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.62C; Ord. of 3-22-2010; Ord. No. 11-03012021, §§ 32, 64, 3-15-2021)

Secs. 60-501—60-523. Reserved.

DIVISION 13. MINOT AVENUE (GBII)

Sec. 60-524. Purpose.

This district is intended to allow commercial development to locate along the Minot Avenue corridor which is most compatible with local scale business. The corridor is also an arterial which requires that good sound access management design is incorporated into the uses consistent with the access management ordinance.

(Ord. of 9-21-2009, § 3.63A)

Sec. 60-525. Use regulation.

(a) *Permitted uses.* The following uses are permitted:

(1) Residential dwelling uses permitted in the Multifamily Suburban District (MFS) (division 7 of article IV of this chapter).

(2) Grocery stores and supermarkets.

(3) Clothing stores.

(4) Furniture stores.

(5) Department stores.

(6) Specialty shops.

(7) Hotels and motels.

(8) Funeral homes and mortuaries.

(9) Child day care centers.

(10) Medical and dental clinics.

(11) Retail bakeries.

(12) Retail laundries and dry cleaners.

(13) Banks, business and professional offices.

(14) Public transportation passenger offices.

(15) Governmental offices.

(16) Municipal, civic or public service buildings and other utility facilities.

(17) Restaurants, dining rooms or lunchrooms.

(18) Bowling alleys, ice and roller skating rinks, indoor theaters and similar places of indoor amusement or recreation.

(19) Animal hospitals and pet shops, but not kennels.

(20) Business equipment repair and business services.

(21) Radio and television studios.

(22) Printing shops, but not publishing plants.

(23) Carwashes.

(24) Accessory uses, buildings and structures.

(25) Greenhouses.

(26) Seasonal outdoor places of amusement.

(27) Churches and temples.

(28) Shelters for abused persons.

(29) Adult use and medical marijuana stores subject to the requirements of chapter 14, article XVIII of the City of Auburn Ordinances.

(30) Marijuana cultivation accessory to a licensed retail store on the same property.

(31) Automobile and marine sales lots and sales and service agencies, provided that the vehicle display spaces are limited to not more than 10 spaces per 1,000 square feet of gross building area permanently constructed on the site with maximum of 100 display spaces.

(b) *Special exception uses.* The following uses are permitted as special exceptions after approval by the planning board in accordance with division 3 of article XVI of this chapter:

(1) Commercial parks.

(2) Automobile repair and service stations.

(3) Hospitals, care homes, boardinghouses and lodginghouses.

(4) Research or philanthropic institutions.

(5) Outdoor theaters.

(6) Drive-in or carry-out restaurants.

(7) Sales, rental and service agencies for farm equipment, trucks and trailers, and construction equipment.

(8) Light industrial plants which support a retail store selling goods made on the premises and will not create a nuisance by noise, vibration, smoke, odor or appearance.

(9) Convenience stores.

(10) Research, experimental and testing laboratories.

(11) Landscape services and lawn maintenance services.

(12) Halls, private clubs and lodges.

(13) Outpatient addiction treatment clinics.

(14) Any new building of 5,000 square feet or more or any existing building which proposes a use permitted under section 60-525(a) which will occupy an area of 5,000 square feet or more.

(15) Adaptive reuse of structures of community significance.

(16) Public Safety Services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(17) Government services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(Ord. of 9-21-2009, § 3.63B; Ord. No. 11-11072016, 11-21-2016; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 06-05202019, 6-3-2019; Ord. No. 11-03012021, §§ 33, 34, 3-15-2021; Ord. No. 21-05032021, 5-17-2021; Ord. No. 26-06212021, 7-19-2021)

Sec. 60-526. Dimensional regulations.

All structures in this district, except as noted, shall be subject to the following dimensional regulations:

(1) *Minimum lot width and depth.* No building used for commercial office uses shall be constructed on a lot having less than 10,000 square feet minimum lot area and measuring 100 feet in width. No lot shall be less than 100 feet in depth. Buildings used for residential uses shall have the same minimum lot area, width and depth as provided for buildings in the Multifamily Suburban (MFS) District, section 60-307(1).

(2) *Density.* Not more than 30 percent of the total lot area shall be covered by buildings used for commercial or office uses. The density of residential uses shall be the same as that required for buildings in the Multifamily Suburban (MFS) District, section 60-307(2).

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 35 feet or 35 percent of the average depth of the lot, whichever is less.

b. *Side.* There shall be a distance of five feet between any building and the side property line, plus the side yard setback shall be increased one foot for every two feet or part thereof increase in street frontage over 60 feet to a maximum of 25 feet for side yard setback.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot, whichever is less.

d. *Principal buildings.* More than one principal building may be erected on a lot, provided that the building meet all yard setback requirements and are separated by a distance equivalent to the height of the higher building or 30 feet, whichever is greater.

e. *Outdoor storage.* Any yard, space or area required to be kept open and unbuilt on may be used, if otherwise lawful for outdoor storage and display of articles, supplies and materials, Such outdoor storage and display shall occupy no more than 20 percent of the lot with display areas not to exceed one-quarter of the total allowable area. Storage and display areas shall be clearly identified on the land in a fixed location. Storage areas shall be screened from the view of an abutting residential district or use and from the street by an evergreen tree line planted in staggered rows having the base of the trees not more than ten feet apart or by a solid fence not less than six feet in height.

(4) *Height.* No permitted structure shall exceed four stories or 45 feet in height, except in the airport approach zone where Federal Aviation Administration regulations shall apply.

(5) *Off-street parking.* Off-street parking and loading spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.63C; Ord. No. 11-03012021, § 40, 3-15-2021)

Secs. 60-527—60-545. Reserved.

DIVISION 14. FORM BASED CODE[3]

Subdivision I. In General

Sec. 60-546. Purpose.

The purpose of the form based code is to:

(a) Provide a building development pattern that is based upon the built environment's physical form and its relationship to the public realm and the private realm.

(b) Allow for a diversity of uses appropriate and compatible to the designated district area.

(c) Provide a more accelerated building design, review, approval and construction process.

[3]Editor's note(s)—Ord. No. 04-03072016, adopted May 16, 2016, repealed former Div. 14, §§ 60-546—60-549, in its entirety and enacted new provisions as herein set out. Former Div. 14 pertained to the central business district and derived from Ord. of 9-21-2009, §§ 3.69A—3.69D; Ord. of 2-16-2010.

(d) Deliver a more predictable building development outcome that is consistent with the traditional pedestrian-oriented street-building development pattern.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-547. Transects.

Form based code uses transects as a way to describe the areas under the regulating plan. A transect is a system of ordering human habitats in a range from the most natural to the most urban. Auburn's transects are organized using five form based code districts, (Transect 4.1, Transect 4.2, Transect 5.1, Transect 5.2 and Transect 6), which describe the physical character of a place at a certain scale, according to the density and intensity of land use and urbanism.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-548. Traditional Main Street Neighborhood (T-4.1)

Illustrative View of T-4.1 (Main Street)

Intent and Purpose:
Traditional Main Street Neighborhood (T-4.1)

The Main Street Neighborhood district is designed to continue the existing pattern of large houses set along Main Street. This area is characterized by front porches, residential front yards and front doors facing the street. T-4.1 promotes a lower-density and less concentrated pattern of buildings along the street, while maintaining a pleasing, connective and compact multi-modal environment.

Characteristic Features

- Front lawns
- Front facade detailing
- Frontage fences
- Porches
- Bay windows
- Foundation planting and yard landscaping
- Street Trees
- Lower Density

Examples of Main Street Neighborhood - T-4.1

(Ord. No. 04-03072016, 5-16-2016)

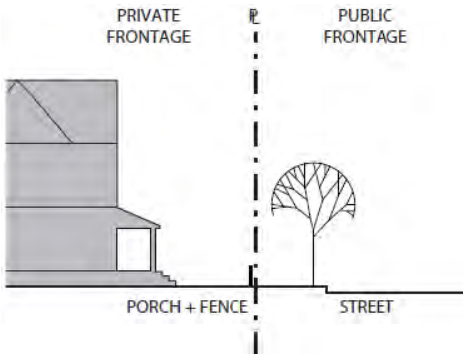
Common Yard



Porch Yard

BUILDING FRONTAGE TYPES:	Common Yard; Porch Yard

BUILDING ENTRIES:	Primary entry door is encouraged along ground story facade facing a primary street.
BUILDING ENVELOPE ARTICULATION:	
Ground Story Building Frontage Facade:	Windows and doors shall comprise a minimum of 25% and maximum 60% coverage of the total ground story facade frontage.
Upper Story Building Frontage Facades:	Windows and doors shall comprise a minimum of 20% and maximum 40% coverage of the total upper story facade frontage.
Ground Story Finished Floor Elevation:	The ground story shall be a minimum of 2 feet and 6 feet maximum above the front yard elevation (average grade).
Frontage Facade Wall:	Blank lengths of wall exceeding 10 linear feet are prohibited.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-548.3. External elements T-4.1.

Front Yard Fence:	A front yard fence a minimum of 2 feet and a maximum of 4 feet in height is encouraged to maintain spatial edge of street. Chain link, vinyl, split rail, or barbed wire is not allowed.
Front Yard Fence/Wall Opening:	A vehicle entry way, as part of a front fence/wall, shall be a maximum width of 20 feet; a pedestrian entry way shall be a maximum width of 6 feet.
Building Projections:	No part of any building, except overhanging eaves, awnings, balconies, bay windows, stoops and other architectural features shall encroach beyond the minimum or maximum front setback line.
Porch & Stoop Encroachments:	Porches & Stoops may encroach upon the minimum front setback line by the following distances: Front Setback, Principal Frontage 10 ft. maximum. Front Setback, Secondary Frontage 10 ft. maximum.
Garages:	Detached garages shall be located a minimum of 20 feet from any street right-of-way.
Driveways:	Driveways are encouraged to be on the secondary street frontage. Driveways shall be paved and a minimum of 8 feet wide and a maximum of 20 feet wide.
Parking:	Residential - Vehicle parking areas shall be located only on driveways or designated parking areas and shall not extend into the street right-of-way or sidewalk. Commercial - Parking shall be located to rear of the property to the greatest extent possible. Parking on a side yard is limited to no more than 60 feet wide or

	40% of the lot width. Screening and/or street wall is required for parking areas along a street.
Accessory Structures:	Accessory structures shall be located a minimum of 20 feet from any street right-of-way and 5 feet from either side or rear property line.
Landscaping:	Landscaping is encouraged but shall not extend into any sidewalk or travel way. Street trees are encouraged.
Foundation Planting:	Foundation plantings are encouraged but should be pruned and maintained with enough clearance from the building facade to encourage air circulation.

(Ord. No. 04-03072016, 5-16-2016; Ord. No. 11-03012021, § 65, 3-15-2021)

Sec. 60.549. Traditional Downtown Neighborhood T-4.2.

Illustrative View of T-4.2 (Spring Street)

Intent and Purpose:
Traditional Downtown Neighborhood (T-4.2)

The Traditional Downtown Neighborhood district is characterized by a small to medium sized buildings with smaller front yards and stoops in a more compact urban environment, and includes and traditional neighborhood sized storefronts. The smaller minimum and maximum building set-backs form a moderately dense street-wall pattern, diverse architectural styles and pedestrian friendly streets and sidewalks.

Characteristic Features

- More public and private realm interaction
- Front facade detailing
- Small front yards
- Bay windows
- Neighborhood scaled storefronts with large windows
- Frontage Fences
- Street Trees
- Moderate densities

(Ord. No. 04-03072016, 5-16-2016)

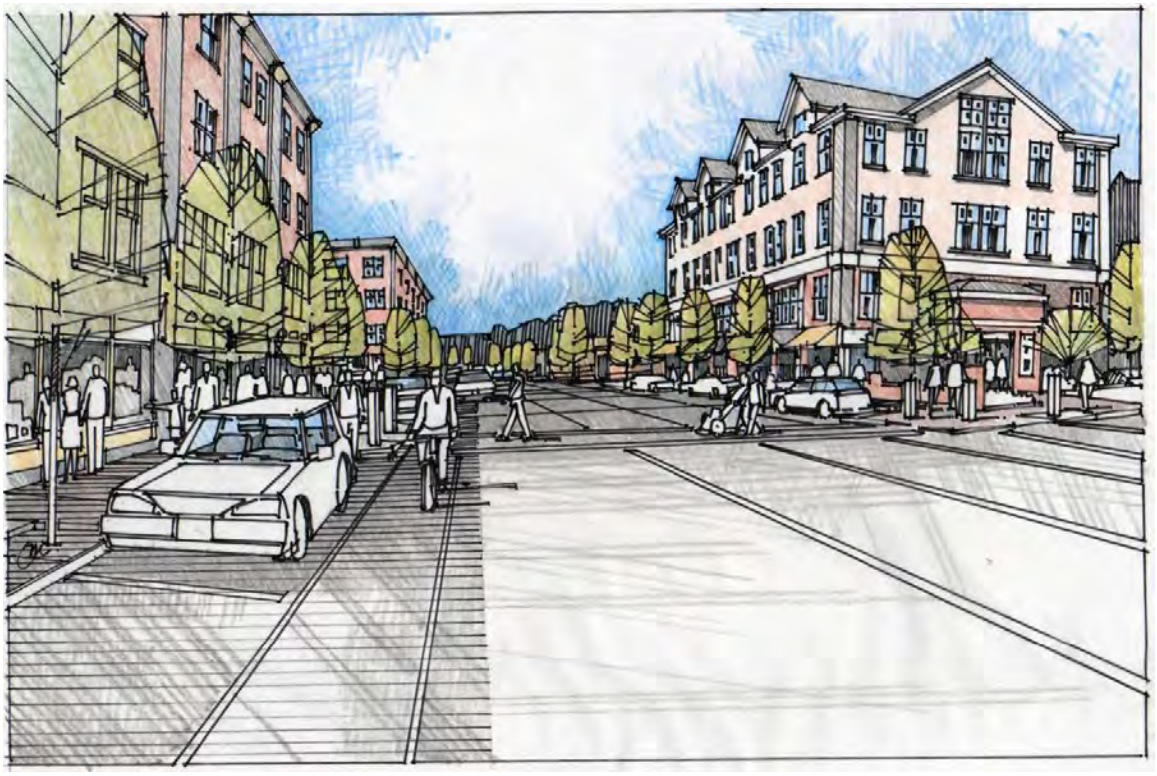
Foundation Planting:	Foundation plantings are encouraged but should be pruned and maintained with enough clearance from the building facade to encourage air circulation.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-550. Downtown Traditional Center T-5.1.



Illustrative View of T-5.1 (Future Great Falls Plaza)

Intent and Purpose:
Downtown Traditional Center (T-5.1)

The Downtown Traditional Center zone is characterized by medium to larger sized buildings in a compact urban environment that generates an active street life. There is interplay between the Public Realm of the busy street and sidewalk, and the Private Realm of the residential stoops, commercial storefronts and gallery building fronts. The increased building widths form a more solid and compact street wall pattern, generating an energized traditional downtown feel.

Key Features

- Vibrant and active interaction between public and private realms
- Larger buildings
- Front facade detailing
- Bay windows
- Balconies
- Street trees
- More urban density

Sec. 60-551. Downtown City Center T-5.2.

Illustrative View of T-5.2 (Court Street)

Intent and Purpose:
Downtown City Center (T-5.2)

The Downtown City Center district is characterized by medium to large sized buildings in a compact urban environment. This setting will generate social and cultural activity and events, economic stimulation and human interaction. The streets will be important transportation corridors with large sidewalks. The large residential and commercial building widths, frontages and building heights form a solid, compact street wall pattern. The Downtown Center will generate regional economic development activity along with energized social and lifestyle options.

Key Features

- Vibrant street life
- Front facade detailing
- Articulated storefront entrance
- Awnings for storefronts
- Balconies
- Wide sidewalks
- Street Trees
- Compact Urban Environment

Examples of Downtown City Center - T-5.2

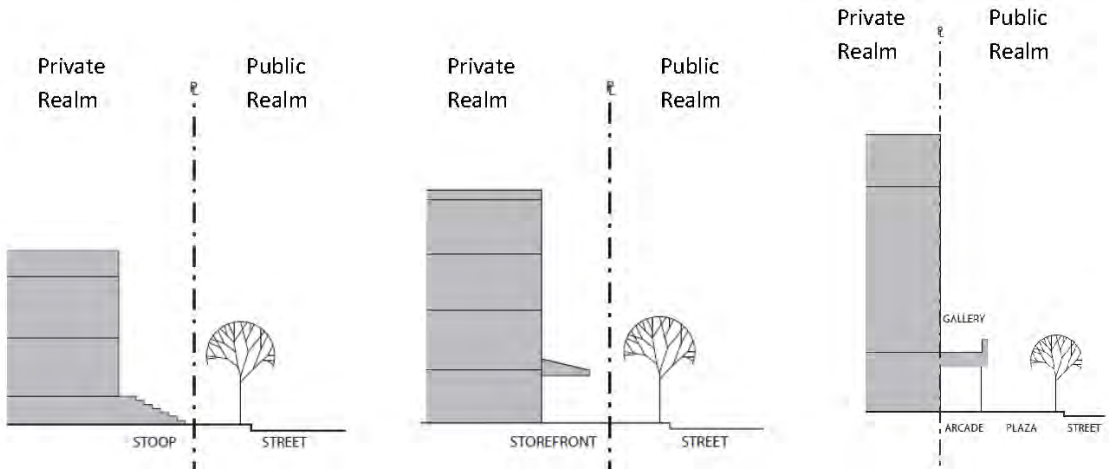
Sec. 60-551.2. Building frontages T-5.2.



Stoop Frontage YardStorefront FrontageGallery Frontage

BUILDING FRONTAGE TYPES:	Stoop, Storefront and Gallery
BUILDING ENTRIES:	Primary entry door is encouraged along ground story facade facing a primary street.
BUILDING ENVELOPE ARTICULATION:	
Ground Story Building Frontage Facade:	Residential: Windows and doors shall comprise a minimum of 25% and maximum 60% coverage of the total ground story facade frontage. Storefront: Windows and doors shall comprise a

	minimum 60% and maximum 90% coverage of the total ground story facade frontage.
Upper Story Building Frontage Facade:	Windows and doors shall comprise a minimum of 20% and maximum 40% coverage of the total upper story facade frontage.
Ground Story Finished Floor Elevation:	Residential: Ground story must be a minimum of 2 feet or 6 feet maximum above the average front yard elevation. Storefront: Ground story must be a minimum of at the average sidewalk elevation or a maximum of 2 feet above the front yard elevation.
Front Facade Wall:	Blank lengths of wall exceeding 15 linear feet are prohibited.

(Ord. No. 04-03072016, 5-16-2016; Ord. No. 11-03012021, § 68, 3-15-2021)

Sec. 60-551.3. External elements T-5.2.

Front Yard Fence: (Residential)	A front yard fence a minimum of 3 feet and a maximum of 4 feet in height is encouraged to maintain spatial edge of street.
Front Yard Fence/Wall Opening:	A vehicle entry way, as part of a front fence/wall, shall be a maximum width of 20 feet; a pedestrian entry way shall be a maximum width of 6 feet.
Required Street Wall Height:	A street wall a minimum of 4 feet and maximum of 6 feet shall be required along the building line frontage that is not otherwise occupied by the principal building on the lot. The height of the street wall shall be measured from the adjacent public sidewalk or from the adjacent ground elevation once construction is complete.
Building Projections:	No part of any building, except overhanging eaves, awnings, balconies, bay windows, and other architectural features shall encroach beyond the minimum front setback line.
Stoop Encroachments:	Stoops may encroach upon the front setback line by the following distances but not encroach in the street right-of-way.
Parking:	Residential - Vehicle parking areas shall be located only on driveways or designated parking areas and shall not extend into the street right-of-way or sidewalk. Commercial - Parking shall be located to rear of the property to the greatest extent possible. Parking on a side yard is limited to no more than 60 feet wide or 40% of the lot width. Screening and/or street wall is required for parking areas along a street.

Landscaping:	Landscaping is encouraged but shall not extend into any street sidewalk or travel way. Street trees are encouraged.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-552. Great Falls Metropolitan T-6.

Illustrative View of T-6 (Turner Street)

Intent and Purpose:
Great Falls Metropolitan (T-6)

The Great Falls Metropolitan zone is characterized by large buildings up to 8 stories tall that will define the City of Auburn's emerging downtown. A new central square, "Great Falls Square" will provide a downtown focal point and center for professional enterprise and commerce. The Great Falls Metropolitan urban form will generate strong regional socio-economic gravitational pull, attract corporate investment and become a regional destination for visitors, events, entertainment, shopping and social gatherings.

Key Features

- High energy downtown center
- Balconies
- Articulated storefront entrances
- Awnings for storefronts
- Wide sidewalks
- Street trees
- Streetscape elements (benches, planters)
- Transportation hub
- High density

Examples of Great Falls Metropolitan T-6

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-553. Conservation/Open Space C/OS.

The conservation/open space district is reserved for natural resource and compatible open space uses such as agriculture and forestry, low-intensity recreation, facilities that provide water access and similar low impact uses. Uses that involve significant development or impervious surfaces should not be allowed in this district. Uses such as utility lines and roads may be located within the district if there is no practical alternative.

Subdivision II. Form Based Code Administration

Sec. 60-555. Form based code administration.

Form based code relation to zoning ordinance:

(1) The form based code shall regulate areas designated as form based code districts.

(2) All buildings and land uses located within a form based code district shall comply with section 60-33 et seq. (General Provisions) unless specifically stated otherwise in sections 60-546 to 60-558 of the form based code.

(3) Site plan/special exception. Any project located within a form based code district that requires special exception or site plan review shall comply with section 60-45.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-556. Form based code plan types.

(a) *Administrative types.*

(1) *By right.* No permits are required for projects such as normal maintenance or for new structures under 200 square feet.

(2) *Minor administrative.* Projects that require permits and comply with all form based code or zoning regulations, may be approved and permitted by the appropriate city departmental staff and will not require multiple departmental or planning board approval. These projects can be applied for at any time.

(3) *Major administrative.* Projects that do not qualify as a Subdivision. Special exception or site plan review type plans and comply with all form based code or zoning regulations, but due to multiple issues, will require review by the multiple city departmental staff.

(b) *Discretionary type plans.* The following plan types shall require review and action by the planning board.

(1) Subdivisions of three or more lots over a five-year period or a project creating more than three dwelling units. (Subdivision Review).

(2) Any project listed as special exception or "S" in section 60-554, Use and Parking Matrix Chart. (Special Exception and Site Plan Review).

(3) Any project within the form based code district proposing a total of 12,000 square feet of new construction, all floors included. (Special Exception and Site Plan Review).

(4) Any amendment to an existing discretionary plan that increases existing square footage more than 25 percent.

(5) Any project located within the form based code district area that seeks a waiver from the adopted form based code regulating development standards shall submit a complete Special Exception and Site Plan Review application for Planning Board review and action.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-557. Applicability.

(a) Any minor, major administrative type plan and/or discretionary plan, as defined in section 60-556, located within a form based code district, shall be required to submit a development review application prior to any issuance of building permits or development activity.

(b) Any development activity on or within property located with the form based code district shall be reviewed for compliance with applicable form based code or zoning ordinance regulations.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-558. Form based code development application procedure.

(a) *Administrative type plan application process.*

(1) Applicant identifies the subject property's zoning/transect district and determines what plan type the project is.

(2) Applicant reviews the project's compliance for form based code development standards, sections 60-548 through 60-552; including all sections on purpose, building placement and configuration, building frontages, external elements, lot layout, the Parking and Use Matrix Chart and administration; along with any other applicable zoning ordinance Regulations.

(3) Pre-development consultation. All administrative type plan applicants are encouraged to contact the Auburn Planning Office for a pre-development consultation to confirm the property's form based code or zoning district and discuss the form based code requirements and related zoning and/or other regulatory items. Failure to consult with the planning office may result in the delay of acceptance, review and approval of the application.

(4) Any minor or major administrative plan or discretionary plan applicant in a form based code district shall complete and submit a cover letter describing the project, a development review application, a form based code development checklist and the appropriate application fee and number of applications to the planning office.

(5) All form based code applications will be reviewed by the planning staff for completeness and applicant will be notified within five working days if the plan is deemed complete and whether the plan is administrative or discretionary. The applicant is responsible for working with the planning staff to correct any deficiencies needed to be accepted for further review.

(6) Type 2 and 3 administrative plans will be reviewed by the appropriate city departmental staff or other relevant agencies who will recommend approving, disapproving or postponing to allow for time to correct the application. The director of planning will notify the applicant of the decision in writing within 15 calendar days of its receipt of a completed application.

(7) The director of planning shall have the authority to require an administrative plan to be considered by the planning board and notify the applicant the justifications for doing so.

(b) *Discretionary project application process.*

(1) Applicant identifies subject property's zoning/transect and determines what plan type the project is.

(2) Applicant reviews the project's compliance for the applicable form based code development standards sections 60-548 through 60-552; including all sections on purpose, building placement and configuration, building frontages, external elements, lot layout, the Parking and Use Matrix Chart and administration; along with any other applicable zoning ordinance regulations.

(3) Pre-development consultation. All potential development and project applicants are encouraged to contact the Auburn Planning Office for a pre-development consultation to confirm the form based code or zoning regulations and discuss the form based code requirements and related zoning and/or other regulatory items. Failure to consult with the planning office may result in the delay of acceptance, review and approval of the application.

(4) Discretionary plan applicants will submit; a development review application, a form based code development checklist the appropriate application fee and number of applications to the planning office for review and consideration by the planning board according to their normal submission deadline and meeting schedule.

(5) Applications not meeting all the requirements of the form based code may include waiver as per section 60-1312 or variance requests as part of their application.

(c) *Waiver requests.*

(1) Any waiver request of form based code standards and requirements must identify what is regulation is being requested for the waiver and include a narrative explaining how the waiver, if approved, will allow the project to meet the purpose of the form based code and the objective of section 60-1277, site plan review.

(d) *Planning board approval.*

(1) The planning board shall approve, approve with conditions, disapprove or postpone based on its review of the application meeting all existing requirements, conditions, criteria and provisions of special exception, site plan review. Subdivision law and any other relevant procedural requirement of Chapter 60, Zoning, as part of its consideration of a form based code application.

(2) The planning board shall provide findings for approval or disapproval based on the application's meeting the purpose of the form based code.

(Ord. No. 04-03072016, 5-16-2016; Ord. No. 11-03012021, § 41, 3-15-2021)

Secs. 60-559—60-576. Reserved.

DIVISION 15. INDUSTRIAL DISTRICT

Sec. 60-577. Purpose.

This district is intended to provide for those manufacturing, processing, transportation and storage uses which should be separated from other uses by reason of characteristics which may conflict with other uses. The exclusion of residential and commercial uses is intended to promote the economic welfare of the city by reserving especially suited areas for industry.

(Ord. of 9-21-2009, § 3.71A)

Sec. 60-578. Use regulations.

(a) *Permitted uses.* The following uses are permitted, provided that the use proposed will not be noxious, offensive or detrimental to the neighborhood or to the city by reason of danger of fire or explosion; pollution of waterways or groundwater; vibration; emission of corrosive, toxic or unhealthful fumes, gas, smoke, soot obnoxious dust, disagreeable odors, offensive noises or other objectionable characteristics:

(1) Farming of field crops, row crops, orchards and truck gardens.

(2) Plant and tree nurseries, wholesale nurseries, landscape services and greenhouses; on-premises sales permitted.

(3) Farm dwellings on premises actively farmed.

(4) Financial institutions.

(5) Office buildings.

(6) Post offices.

(7) Telephone exchanges or telephone business offices.

(8) Public transportation passenger stations.

(9) Churches or temples.

(10) Municipal uses buildings.

(11) Airports.

(12) Wholesale businesses, warehouses, trucking terminals and similar nonprocessing storage and distribution uses, except bulk storage of chemicals, petroleum products and other flammable, explosive or noxious material.

(13) Manufacture, compounding, processing or packaging of foods and food products, except uses approved by resolution of the city council allowing review and recommendation of the planning board in the same manner as a special exception.

(14) Manufacture, compounding or assembling of articles using the following prepared materials: bone or shell, cellophane, fur, glass, leather, plastics, precious or semi-precious metals or stones, rubber textiles or cloth products, tobacco, or wood, bark or wood products.

(15) Manufacture of ceramic products, brick and cinder blocks.

(16) Manufacture or assembling from prepared material of the following: musical instruments, clocks or watches, toys or novelties, electrical devices, light sheet metal products, office equipment.

(17) Building material sales yard and contractor's equipment storage yard and plant.

(18) Research, experimental or testing laboratories.

(19) Lumber yard, including planning, milling and other processing.

(20) Ice manufacturing and storage plant.

(21) Beverage bottling plants.

(22) Public utilities uses, such as electric substations, storage of material and trucks, repair facilities, offices and electric generating plants including ground-mounted and dual use solar energy generating systems less than one acre in total land area as defined in section 60-1501 in accordance with applicable FAA regulations if within the airport overlay zone.

(23) Accessory uses and buildings, including but not limited to:

a. Retail sales of products manufactured on premises.

b. Dwellings used as living quarters for caretakers or watchmen and their families.

c. Storage boxes or space trailers as defined in subsection 60-666(12) used for the storage of nonhazardous material by the commercial or industrial use which occupies the property.

(24) Training schools.

(25) Uses similar to those in this subsection (a) and not elsewhere named in the following subsections, provided that the use will not be noxious.

(26) Any new or existing building proposed as a complex of three of more business and/or offices provided that they are approved by the planning board as a subdivision under division 4 of article XVI of this chapter.

(27) Adult use and medical marijuana cultivation, manufacturing and testing facilities subject to the requirements of chapter 14, article XVIII of this Code.

(28) Adult use and medical marijuana stores subject to the requirements of chapter 14, article XVIII of this Code, provided that the store is located on the same parcel of land as a marijuana cultivation facility or marijuana manufacturing facility.

(b) *Special exception uses.* The following uses are permitted as special exceptions after approval by the planning board in accordance with division 3 of article XVI of this chapter; upon determination that such a use will not unduly disturb or harmfully influence other uses in the areas adjoining:

(1) Uses similar to those found in subsection (a) of this section and not elsewhere named in the following subsection; that in the determination of the municipal officer charged with enforcement do not meet the requirements subsection (a) of this section.

(2) Automobile filling stations.

(3) Automobile and marine repair and service stations, automobile and marine paint and body repair shops.

(4) Restaurants and diners, including drive-in and carry-out restaurants.

(5) Retail food stores.

(6) Microwave, radio, radar, television or radio-telephone transmitting or broadcasting towers, including studios or offices for such transmitting or broadcasting, provided that:

a. Every such tower shall be installed in a location and manner that ensures its safe operation and the safety of surrounding residents, building occupants, land uses and properties.

b. In no case shall such tower be located less than 1½ times its height from the nearest property line.

(7) Motels and hotels.

(8) Automobile scrap yards.

(9) Off-street parking accessory, to a permitted use whether or not located on the same lot.

(10) Outdoor advertising.

(11) Junkyard.

(12) Airplane manufacture or assembly.

(13) Alcohol, methanol, or ethanol manufacture.

(14) Automobile or automotive manufacture or assembly.

(15) Brewery or distillery.

(16) Manufacture, or bulk storage of chemicals, petroleum products and other flammable, explosive or noxious materials.

(17) Machinery and machine tool manufacture.

(18) Metal fabrication plant.

(19) Municipal incinerator or sewage treatment plant.

(20) Manufacture of cosmetics, toiletries and pharmaceuticals.

(21) Asphalt batching plant.

(22) Grain processing and storage.

(23) Concrete or cement products manufacture.

(24) Coal distillation and derivation of coal products.

(25) Iron or steel foundry.

(26) Meat products manufacture.

(27) Packinghouse, including meat and poultry canning and curing, processing or freezing.

(28) Plastic and pyroxylin manufacture.

(29) Uses similar to the uses of this section and not elsewhere named in the following subsections.

(30) Accessory uses building and structures, including but not limited to:

a. Retail sales of products manufactured on the premises and products accessory to the industry.

b. A single dwelling unit for security personnel. Such dwelling unit shall be located in the principal building.

(31) Hospital.

(32) Automobile and marine sales lots and agencies.

(33) Child day care centers over 5,000 square feet (building area).

(34) Outpatient addiction treatment clinics.

(35) Any new building of 10,000 square feet or more or any existing building which proposes a use permitted under subsection (a) of this section which will occupy an area of 10,000 square feet or more.

(36) Adaptive reuse of structures of community significance.

(37) Ground-mounted and dual-use solar energy generating systems greater than one acre in total land area as defined in section 60-1501.

(38) Public Safety Service or Services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee,

(39) Correctional Institution

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee,

(40) Government Services

(41) Government Offices

(42) Municipal or Public Utilities and Communication Facilities

(Ord. of 9-21-2009, § 3.71B; Ord. 11-09062011-02, 9-6-2011; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 08-05202019, 6-3-2019; Ord. No. 02-02242020, 3-2-2020; Ord. No. 11-03012021, § 35, 3-15-2021)

Sec. 60-579. Dimensional regulations.

All structures in this district, except as noted, shall be subject to the following dimensional regulations:

(1) *Minimum lot width and depth.* Each lot shall have not less than 150 feet width. No lot shall be less than 250 feet in depth.

(2) *Density.* Not more than 40 percent of the total lot area shall be covered by buildings.

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 50 feet or 20 percent of the average depth of the lot, whichever is less.

b. *Side.* There shall be a distance of five feet between any building and the side property line, plus the side yard setback shall be increased one foot for every three feet or part thereof increased in street frontage over 60 feet to a maximum of 35 feet for side yard setback.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 35 feet or 15 percent of the average depth of the lot, whichever is less. No front yard need be any deeper than the average depth of front yards on the lots next thereto on either side. A vacant lot or a lot occupied by a building with a front yard more than 35 feet shall be considered as having a front yard of 35 feet.

d. *Principal buildings.* More than one principal building may be erected on a lot provided that the building meet all yard setback requirements and are separated by a distance equivalent to the height of the higher building or 30 feet, whichever is greater.

e. *Railroad tracks.* Where the principal use requires access to a railroad, the yard requirements are disregarded for the side of the building adjacent to the railroad trackage. The engineering requisites for a safe and properly designed siding and building setback acceptable to the railroad shall take precedence.

f. *Open and unbuilt spaces.* Any yard, space or are required to be kept open and unbuilt on may be used, if otherwise lawful, for outdoor storage of articles, supplies and materials except that such storage shall be screened from the view of abutting residential property owners and/or street by a solid wall or evergreen hedge.

g. *Landscaping.* Landscaping shall be provided and maintained as follows:

1. Within a parking lot, landscaping shall be provided in an amount equal to ten percent of the area of the parking lot.

2. The perimeter of a principal building, except for entrances and loading doors, shall be landscaped in an amount equal to 20 percent of the building footprint. Emphasis shall be given to the front and sides of the building.

3. All lots which abut the side or rear lot line of a lot in a residential district or use shall be screened from said lot by an evergreen tree line planted in staggered rows having the base of the trees not more than ten feet apart. The minimum width of the screened buffer line shall be 30 feet.

4. Side and rear lot lines between nonresidential uses shall be planted with evergreen trees in the same manner as subsection (3)g3 of this section, except that the width of the screened buffer line shall not be less than 15 feet.

5. Landscaping is considered to be vegetative treatment with trees, shrubs, flowering plants and grass and/or bark mulch. Grass only is not deemed to satisfy this requirement. Evergreen trees shall be used as required in subsections (3)g3 and (3)g4 of this section Trees shall be a minimum of six feet at the time of planting. Where possible, existing trees shall be preserved, building shall be oriented with respect to natural landscape features, topography and natural drainage areas.

(4) *Height.* Buildings shall not exceed 75 feet in height, except in the airport approach zone where Federal Aviation Administration height regulations shall apply.

(5) *Off-street parking.* Off-street parking and loading spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.71C; Ord. No. 11-03012021, § 36, 3-15-2021)

To: Auburn Planning Board
From: John Blais, Deputy Director
Re: Public Hearing on Council Ordinance 07-02222022: Moratorium on development proposals involving public safety facilities, detention facilities, correctional facilities, and/ or government offices
Date: February 14, 2023

I. **Public Hearing/ Text Amendment: City Council Ordinance 07-02222022:**
Public hearing on a text amendment involving definitions and use standards related to Public Safety Facilities, Detention Facilities, Correctional Facilities and/ or Government Offices at a site on which the use does not currently exist. The proposed text amendment includes amendments to Chapter 60, Article I, Section 60-2 Definitions and Chapter 60, Article IV. District Regulations. This item is pursuant to Chapter 60 Article XVII Division 2- Amendment to the Zoning Ordinance or Zoning Map.

II. Planning Board Action:
Provide the culmination document as a decision matrix that outlines the findings of the board in relation to the following items: 1. Determine whether Auburn's existing ordinance definition is sufficient as it relates to public safety facilities and similar facilities and uses all being categorized as *governmental offices; municipal, civic, or public service buildings and other utility facilities*. If significant differences exist between the range of uses that could be seen as public safety and detention facilities, then consider defining them as separate uses as other communities have done; 2. Determine appropriate definitions for different use categories; 3. Decide which zones would be appropriate for each use and whether there should be additional criteria to consider when citing new facilities and recommend revisions to the zoning ordinance as appropriate. **See attached: Matrix (reference document), Definitions and District Regulations text amendments.**

III. Background
Prior Meetings and Tentative Future Meetings:
February 7, 2022—City Council passes moratorium ordinance.
November 15, 2022—Planning Board holds first workshop to discuss the moratorium.
December 13, 2022—Planning Board holds second workshop to discuss the moratorium.

December 11, 2022, Packet Materials (not included):
1. December 13, 2022, and January 10, Staff Report (workshops)
2. Ordinance 07-02222022

November 15, 2022, Packet Materials (not included):
1. November 15, 2022, Staff Report **listed mistakenly as Ordinance 07-02072022.*
2. Ordinance 07-02222022

In February 2022 Council passed a public safety, detention and correctional facility moratorium ordinance prohibiting development of any new public safety facilities, detention centers, and

prisons for 180 days with a stated reason that the city's current ordinances governing land use, zoning, site plan review and special exception do not adequately or specifically address public safety facilities, detention facilities, or correctional facilities. The council later voted to extend the moratorium by an additional 180 days until February 2023 because the city had not yet reached a conclusion on the matter; and planning board agendas were booked with other projects. The ordinance directs the board to provide guidance based on public safety, health, environmental, and land use considerations, on which regulations might be appropriate for these facilities and uses.

IV. Suggested Motion:

I make a motion to forward a positive recommendation to the City Council to adopt the text amendment involving definitions and use standards related to Public Safety Facilities, Detention Facilities, Correctional Facilities and/ or Government Offices at a site on which the use does not currently exist. The proposed text amendment includes amendments to Chapter 60, Article I, Section 60-2 Definitions and Chapter 60, Article IV. District Regulations, pursuant to Chapter 60 Article XVII Division 2- Amendment to the Zoning Ordinance or Zoning Map.

City Council Information Sheet

Council Workshop or Meeting Date: February 13, 2023

Author: Glen E. Holmes, Director of Business & Community Development

Subject: CDBG & HOME Consortium Annual Action Plan Process Overview

---

Information:
The City of Auburn and the Auburn-Lewiston HOME Consortium received entitlement funds from the US Department of Housing & Urban Development. The purpose of this workshop is to review the annual allocation expectations, eligible uses of funds and planning process. This process includes assessing the views of residents of the community on housing and community development needs, including priority non-housing community development needs and affirmatively furthering fair housing. Staff will release the Draft Action Plan after reviewing and incorporating responses to any comments received. Once the City's annual allocation award has been received from HUD the action plan will be finalized and released in draft form for additional comment. After a minimum of thirty (30) days comment period it will again have a public hearing and be put before the Council for approval.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: February 13, 2023

Subject: Executive Session

Information: Economic development which premature disclosure would prejudice the competitive or bargaining position of the City, pursuant to 1 M.R.S.A. Section 405(6) (C).

Executive Session: On occasion, the City Council discusses matters which are required or allowed by State law to be considered in executive session. Executive sessions are not open to the public. The matters that are discussed in executive session are required to be kept confidential until they become a matter of public discussion. In order to go into executive session, a Councilor must make a motion in public. The motion must be recorded, and 3/5 of the members of the Council must vote to go into executive session. An executive session is not required to be scheduled in advance as an agenda item, although when it is known at the time that the agenda is finalized, it will be listed on the agenda. The only topics which may be discussed in executive session are those that fall within one of the categories set forth in Title 1 M.R.S.A. Section 405(6). Those applicable to municipal government are:

A. Discussion or consideration of the employment, appointment, assignment, duties, promotion, demotion, compensation, evaluation, disciplining, resignation or dismissal of an individual or group of public officials, appointees or employees of the body or agency or the investigation or hearing of charges or complaints against a person or persons subject to the following conditions:
(1) An executive session may be held only if public discussion could be reasonably expected to cause damage to the individual's reputation or the individual's right to privacy would be violated;
(2) Any person charged or investigated must be permitted to be present at an executive session if that person so desires;
(3) Any person charged or investigated may request in writing that the investigation or hearing of charges or complaints against that person be conducted in open session. A request, if made to the agency, must be honored; and
(4) Any person bringing charges, complaints or allegations of misconduct against the individual under discussion must be permitted to be present. This paragraph does not apply to discussion of a budget or budget proposal;

B. Discussion or consideration by a school board of suspension or expulsion of a public school student or a student at a private school, the cost of whose education is paid from public funds, as long as:
(1) The student and legal counsel and, if the student is a minor, the student's parents or legal guardians are permitted to be present at an executive session if the student, parents or guardians so desire;

C. Discussion or consideration of the condition, acquisition or the use of real or personal property permanently attached to real property or interests therein or disposition of publicly held property or economic development only if premature disclosures of the information would prejudice the competitive or bargaining position of the body or agency;

D. Discussion of labor contracts and proposals and meetings between a public agency and its negotiators. The parties must be named before the body or agency may go into executive session. Negotiations between the representatives of a public employer and public employees may be open to the public if both parties agree to conduct negotiations in open sessions;

E. Consultations between a body or agency and its attorney concerning the legal rights and duties of the body or agency, pending or contemplated litigation, settlement offers and matters where the duties of the public body's or agency's counsel to the attorney's client pursuant to the code of professional responsibility clearly conflict with this subchapter or where premature general public knowledge would clearly place the State, municipality or other public agency or person at a substantial disadvantage;

F. Discussions of information contained in records made, maintained or received by a body or agency when access by the general public to those records is prohibited by statute;

G. Discussion or approval of the content of examinations administered by a body or agency for licensing, permitting or employment purposes; consultation between a body or agency and any entity that provides examination services to that body or agency regarding the content of an examination; and review of examinations with the person examined; and

H. Consultations between municipal officers and a code enforcement officer representing the municipality pursuant to Title 30-A, section 4452, subsection 1, paragraph C in the prosecution of an enforcement matter pending in District Court when the consultation relates to that pending enforcement matter.

'Why I want to serve on this committee.' (continued)

District. I wish to continue as a Sewer District Trustee, making decisions regarding operations and functions and funding for replacement or relining of aging underground sewer pipe infrastructure, along with the other Trustees. I have a keen interest in the monthly ASD/AWD expenditures.

'What I hope to accomplish.' (continued)

monthly expenditures. I will continue to work to approve annual budgets with modest rate increases every few years, while looking-out for the best interests of Sewer District customers, treating all District employees fairly, approving infrastructure upgrades, and continuously keeping sewer rates as low as possible.

7:00 P.M. City Council Meeting

Pledge of Allegiance

I. Consent Items – All items with an asterisk (*) are considered routine and will be enacted by one motion. There will be no separate discussion of these items unless a Council member or a citizen so requests, in which event, the item will be removed from the Consent Agenda and considered in its normal sequence on the agenda.

1. Order 16-01172023*
Re-appointing Karen Scammon as the City Assessor with a term expiration of 01/31/2028.

2. Order 17-01172023*
Confirming Chief Moen's appointment of Nathaniel Aronson as Constable with Firearm for the Auburn Police Department.

Motion was made by Councilor Staples and seconded by Councilor Walker for passage of the two consent items.

Passage 6-0.

II. Minutes – January 3, 2023 Regular Council Meeting

Motion was made by Councilor Walker and seconded by Councilor Staples to approve the minutes of the January 3, 2023 Regular Council Meeting.

Passage 6-0.

III. Communications, Presentations and Recognitions

- Library Presentation and Update - Mamie Anthoine Ney, Library Director
- Communication - Business License Denial Notification (1800 Club, LLC.)
- Council Communications (about and to the community)

Mayor Levesque reported that Burnt Ends BBQ located Lewiston and owned by Jill and Kevin Cunningham (Jill is an Auburn city staff member) will be celebrating their 1-year business anniversary, on January 23rd adding that they have great barbeque.

Councilor Morin extended his appreciation for everyone involved at the Auburn Public Library.

Councilor Walker reported that the United New Auburn Association will be meeting on January 31st at Rolly's Diner. Chief Moen of the Auburn Police Department will be the

guest speaker. On Thursday, January 26th the Neighborhood Watch meeting will be held at 6:00 pm at the Sixth Street Congregational Church.

Manager Crowell, provided an update on the Maine's Hire-A-Vet Campaign which staff participated in. He also stated that he has been hearing from Councilors regarding conflict with the February meeting dates. He is proposing that Councilors suspend the rules to add item to the agenda to change meeting dates.

IV. Open Session

Bruce Rioux, 85 Mary Carroll Street would like Councilors to add to the February agenda a workshop and eventually a vote to use tax-payer funds to reimburse rate payers of the Auburn Water District for the cost of the litigation for the Lake Auburn lawsuit that the City of Lewiston has filed.

Pam Rousseau, 745 West Auburn Road would like to have a way to provide public comment when people cannot attend a meeting.

Larry Pelletier, 129 Second Street commented on the homeless crisis in Auburn and Lewiston.

V. Unfinished Business

1. Order 160-12052022

Allocating up to $180,000 from the American Rescue Plan Act (ARPA) funds for the purchase of a portable Stage.

Motion was made by Councilor Staples. No one seconded the motion.

Motion fails for lack of a second.

2. Ordinance 01-01032023

Amending the Code of Ordinances, Sec. 16-49, Security Systems and Appendix A, Fees and Charges under Emergency Management and Service, removing the renewal requirement and associated fee. Public hearing and second reading.

Motion was made by Councilor Walker and seconded by Councilor Staples for passage.

Public hearing – No one from the public spoke.

Passage 6-0. A roll call vote was taken.

3. Ordinance 24-12052022

Zoning Map Amendment - Amending a portion of 150 Andrew Drive (Parcel I.D. 347-003) from Agriculture and Resource Protection (AG), and Low-Density Country Residential (LDCR), zoning districts to the Suburban Residential (SR) as recommended by the Planning Board. First Reading.

Motion was made by Councilor Walker and seconded by Councilor Staples for passage.

Public comment – No one from the public spoke.

Passage 4-2 (Councilors Gerry and Whiting opposed). A roll call vote was taken.

VI. New Business

1. Order 18-01172023

Directing the Planning Board to provide a recommendation on a zoning text and map amendment prohibiting any future residential structures and animal farms within the portion of the Lake Auburn watershed zoned "Agriculture and Resource Protection".

Motion was made by Councilor Hawes and seconded by Councilor Walker for passage.

Public comment – No one from the public spoke.

Passage 5-1 (Councilor Gerry opposed).

2. Order 19-01172023

Directing the Planning Board to provide a recommendation for a zoning amendment that will prohibit any future subsurface wastewater disposal within 300' of Lake Auburn.

Motion was made by Councilor Walker and seconded by Councilor Morin for passage.

Public comment – No one from the public spoke.

Passage 5-1 (Councilor Gerry opposed).

Motion was made by Councilor Staples and seconded by Councilor Whiting to suspend the rules. Passage 6-0.

Motion was made by Councilor Whiting and seconded by Councilor Walker to cancel the February 6, 2023 and February 21, 2023 Council meetings and to schedule a meeting for February 13, 2023.

Passage 6-0. This becomes Order 20-01172023.

VII. Open Session – No one from the public spoke

VIII. Reports (from sub-committees to Council)

Mayor Levesque reported on some recent news about the high school construction cost overruns and significant PBC mitigation. A meeting has been scheduled with the Governor, the General Contractor and sub-contractors regarding this issue. The School Committee is now in budget discussions and prepping their FY 24 budget.

Councilor Staples, reported on last week's LATC (Lewiston Auburn Transit Committee) meeting. They have been discussing the upcoming budget.

Councilor Walker reported that the 911 Committee will be meeting on Thursday at 8:00 am at Lewiston City Hall, and the Age Friendly Community Committee will be holding a spaghetti Valentine Day dinner on February 14th.

Councilor Whiting, commented on Larry Pelletier's comments on homelessness and asked the City Manager if there was any word on the State of Maine housing.

City Manager Crowell provided an update on overnight warming shelters. A draft application will be submitted to the State which would provide accommodations for up to 68 people and will be located at 121 Mill Street in Auburn. If approved, it will be coming back to the Council for a vote. The Director of the 911 center provided updated information which will be made available. He also wanted to recognize staff. Brian Wood, Assistant City Manager received an award for the Finest Under 40 with the Chamber of Commerce, Sue Clements-Dallaire, City Clerk received her Master Municipal Clerk designation, and our Finance Director, Jill Eastman and her team received a certificate of achievement for excellence in finance reporting which is 29 years running for our Finance Department.

Jill Eastman, Finance Director – December Finance Report

Motion was made by Councilor Walker and seconded by Councilor Morin to accept and place on file the December Finance Report. Passage 6-0.

IX. Executive Sessions – None.

X. Adjournment

Motion was made by Councilor Morin seconded by Councilor Walker to adjourn. Unanimously approved and the meeting adjourned at 7:44pm.

Subject: Re: Auburn Suburban Baseball & Softball

Holli -

Thanks again for all your help! Would it be possible for the following note to be included in an upcoming City Council Meeting Agenda?

Greetings!

By way of introduction, my name is Fritz Kunas. I am the current President for Auburn Suburban Baseball and Softball.

The purpose of my message is to acknowledge and thank you for the generous support provided with your recent grant.

While I am incredibly embarrassed that we missed the award in person, we are grateful for your support financially and in our league/community.

We are poised to continue offering a robust youth sports program for our community and appreciate the ongoing partnership with the City of Auburn.

Some of these funds will be used to help provide free access to our Bambino Buddy Ball League whereby players of any age with physical or mental disabilities can participate in baseball/softball. We were proud to adopt this program two years ago with two teams and have quickly doubled in size to four teams.

We also promote, and adhere, to a strict policy whereby no child will be turned away due to financial hardship. Fundraising efforts within our league, support from sponsors and grants like this will help ensure we can continue to provide this opportunity.

On behalf of the ASBS Board of Directors, thank you again for the wonderful support and collaboration!

Fritz Kunas
ASBS President

City Council Information Sheet

Council Workshop or Meeting Date: February 13, 2023 **Ordinance:** 24-12052022

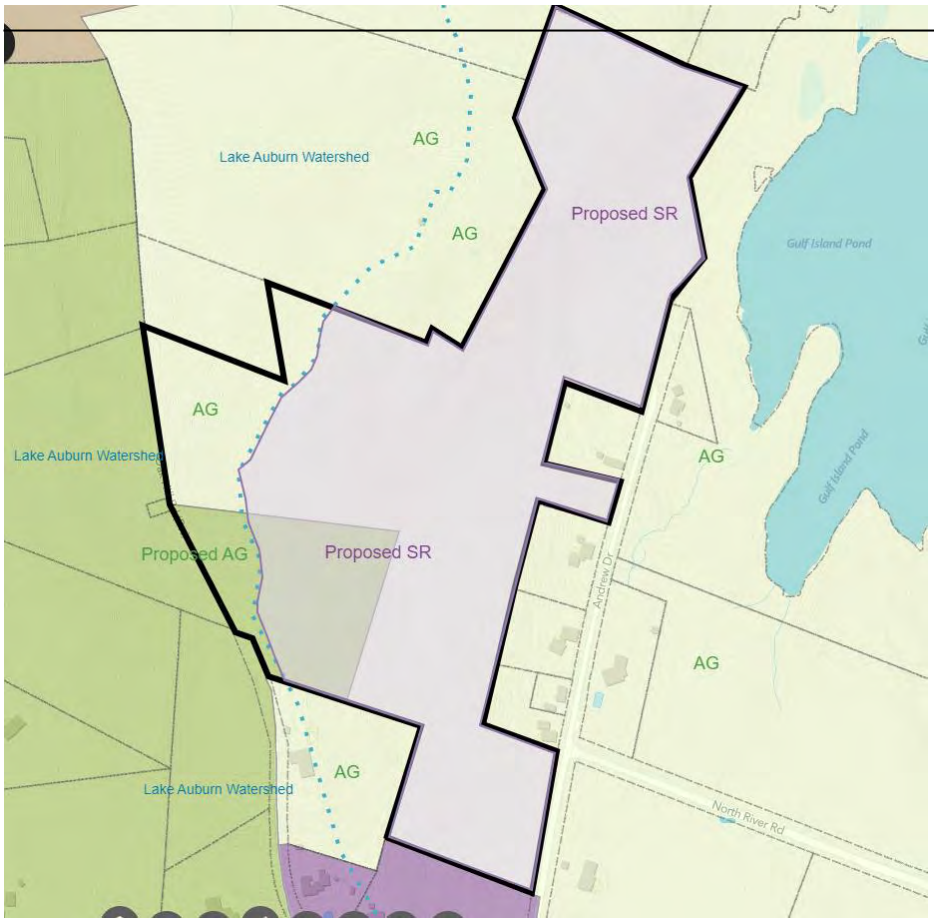
Author: Eric Cousens, Director of Planning and Permitting

Subject: Public Hearing/ Second and Final Reading on a Zone Change Petition for 150 Andrew Drive (Parcel I.D. 347-003)

Information: On January 10, 2023, The Planning Board held a public hearing and vote on a petition submitted to amend the areas outside the Lake Auburn watershed: 33 +/- acres of 38.22 total acres on 150 Andrew Drive (Parcel I.D. 347-003) from Agricultural and Resource Protection (AG), occupying 29.92+/- acres, and Low-Density Country Residential (LDCR), occupying 3.57 +/- acres, zoning districts to Suburban Residential (SR). The remaining 4.73 +/- acres in the Lake Auburn Watershed District would remain protected through an AG zone designation. The proposal is pursuant to Chapter 60 Article XVII Division 2—Amendment to the Zoning Ordinance or Zoning Map.

The Board made a favorable recommendation to "recommend amending 33.49 acres of 38.22 total areas on 150 Andrew Drive (Parcel I.D. 347-003) from Agriculture and Resource Protection (AG), occupying 29.902 +/- acres, and Low-Density Country Residential (LDCR), occupying 3.57 +/- acres, zoning districts to Suburban Residential (SR). The remaining 4.73 +/- acres in the Lake Auburn Watershed District would remain protected through an AG zone designation as depicted in *figure 1."*

Figure 1



City Budgetary Impacts:

Staff Recommended Action:
Staff suggests Council hold the first reading and vote to pass proposed map amendment in accordance with the Planning Board's recommendation to amend 33.49 acres of 38.22 total areas on 150 Andrew Drive (Parcel I.D. 347-003) from Agriculture and Resource Protection (AG), occupying 29.902 +/- acres, and Low-Density Country Residential (LDCR), occupying 3.57 +/- acres, zoning districts to Suburban Residential (SR). The remaining 4.73 +/- acres in the Lake Auburn Watershed District would remain protected through an AG zone designation as depicted in *figure 1*.

RE: Planning Board Recommendation to City Council on Zone Change Petition for 150 Andrew Drive (Parcel I.D. 347-003)

Date: January 10, 2023

This is the report from the Planning Board regarding the above-described map amendments pursuant to Section 60-1496 of the City of Auburn Ordinances. After notice and Public Hearings held on November 15, 2022, the Planning Board forwards this report to the City Council.

Proposal: Petition/ Zone Change Request: Petition to amend the areas outside the Lake Auburn watershed: 33 +/- acres of 38.22 total acres on 150 Andrew Drive (Parcel I.D. 347-003) from Agricultural and Resource Protection (AG), occupying 29.92+/- acres, and Low-Density Country Residential (LDCR), occupying 3.57 +/- acres, zoning districts to Suburban Residential (SR). The remaining 4.73 +/- acres in the Lake Auburn Watershed District would remain protected through an AG zone designation. The proposal is pursuant to Chapter 60 Article XVII Division 2— Amendment to the Zoning Ordinance or Zoning Map.

Motion: Stacey LeBlanc; Second: Paul Jacques

"I make a motion to recommend amending 33.49 acres of 38.22 total areas on 150 Andrew Drive (Parcel I.D. 347-003) from Agriculture and Resource Protection (AG), occupying 29.902 +/- acres, and Low-Density Country Residential (LDCR), occupying 3.57 +/- acres, zoning districts to Suburban Residential (SR). The remaining 4.73 +/- acres in the Lake Auburn Watershed District would remain protected through an AG zone designation as depicted in *figure 1*."

Motion passes 5-2-0

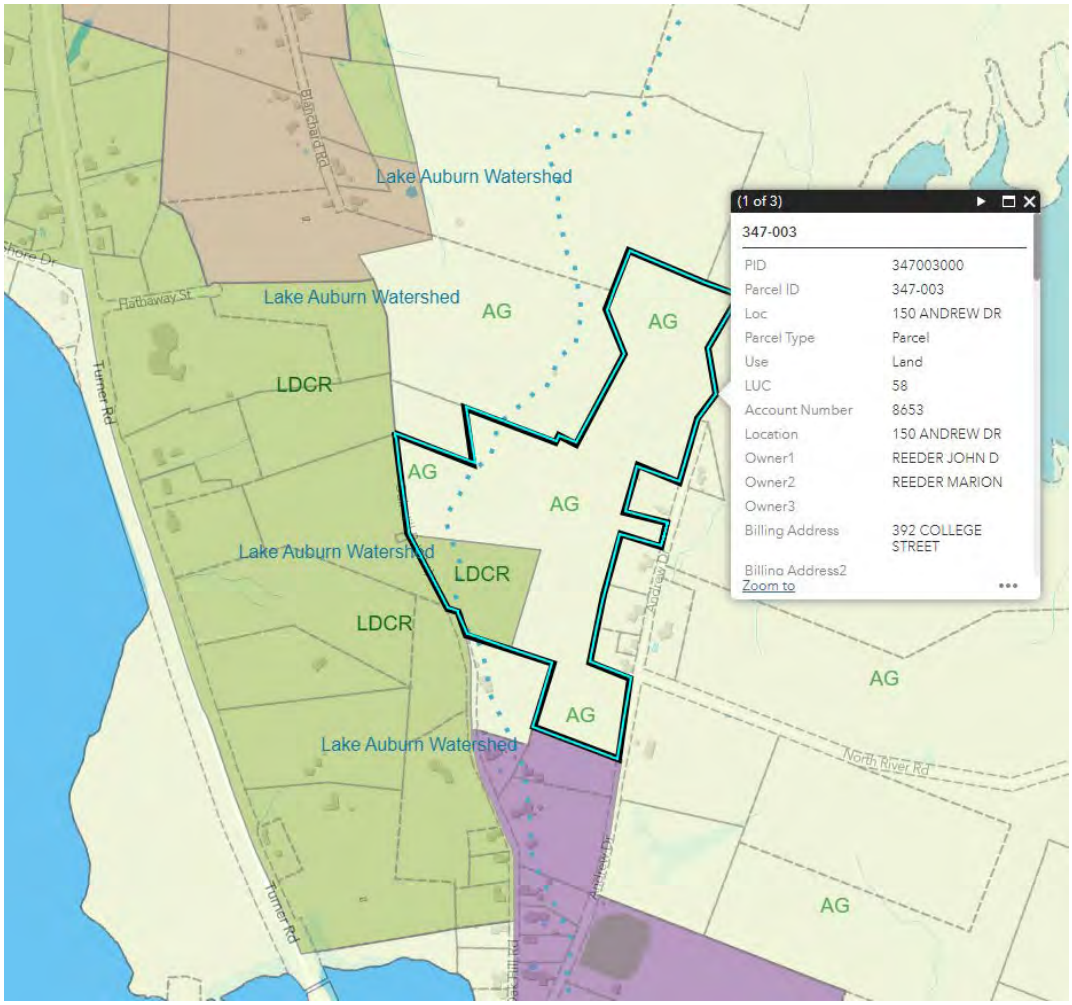
Re: Zone Change Petition for 150 Andrew Drive (Parcel I.D. 347-003)
Date: January 10, 2023

I. Proposal: Petition/ Zone Change Request:
Petition to amend the areas outside the Lake Auburn watershed: 33 +/- acres of 38.22 total acres on 150 Andrew Drive (Parcel I.D. 347-003) from Agricultural and Resource Protection (AG), occupying 29.92+/- acres, and Low-Density Country Residential (LDCR), occupying 3.57 +/- acres, zoning districts to Suburban Residential (SR). The remaining 4.73 +/- acres in the Lake Auburn Watershed District would remain protected through an AG zone designation. The proposal is pursuant to Chapter 60 Article XVII Division 2—Amendment to the Zoning Ordinance or Zoning Map.



Materials:

1. January 10, 2023, Staff Report
2. Petition, Receipt and Map
3. Sketch Map with Comp Plan Overlay
4. Division 5 Suburban Residence District
5. Comprehensive Plan Excerpt on Residential Strips

II. Background:

Amendments to the zoning ordinance, including the zoning map, may be initiated by the Planning Board on its own initiative or upon request by the City Council or by a petition signed by not less than 25 registered voters of the city (Ord. of 9-21-2009, Sec. 8.1A)
One of the primary tests of a zone change is its conformance with the Comprehensive Plan.

The 2021 Comprehensive Plan provides two standards and mechanisms to consider if rezoning the parcel is logical. The first Comprehensive Plan supported option to approach this proposal is to rezone the area of the parcel proposed in the petition as an expansion of an existing historic core as referenced in the Comprehensive Plan:

"The Future Land Use Plan shows graphically how the City's land use policies apply to the land area of the community, and where and how growth and development should and should not be accommodated over the next decade. The Future Land Use Plan is not a zoning map. It is intended to show, in a general sense, the desired pattern of future land use and development. The intention is that this Future Land use Plan will guide near-term revisions to the City's zoning ordinance and maps to assure that the City's land use regulations are consistent with the policies set forth in this Comprehensive Plan. In addition, by designating transitional districts, the Future Land Use Plan is designed to guide future zoning changes when the circumstances become appropriate.

This Future Land Use Plan reaffirms the basic objective of land use planning, that development in Auburn should grow out from the historic cores (downtown, Danville, New Auburn, West Auburn, and East Auburn) and from older established neighborhoods. This policy was originally set forth in the City's first Comprehensive Plan over held a century ago and has continued to guide the City's land use planning ever since. We continue to believe that growth out from the downtown core and older established neighborhoods provide the most efficient utilization of city services," (Ch. 2 P. 86).

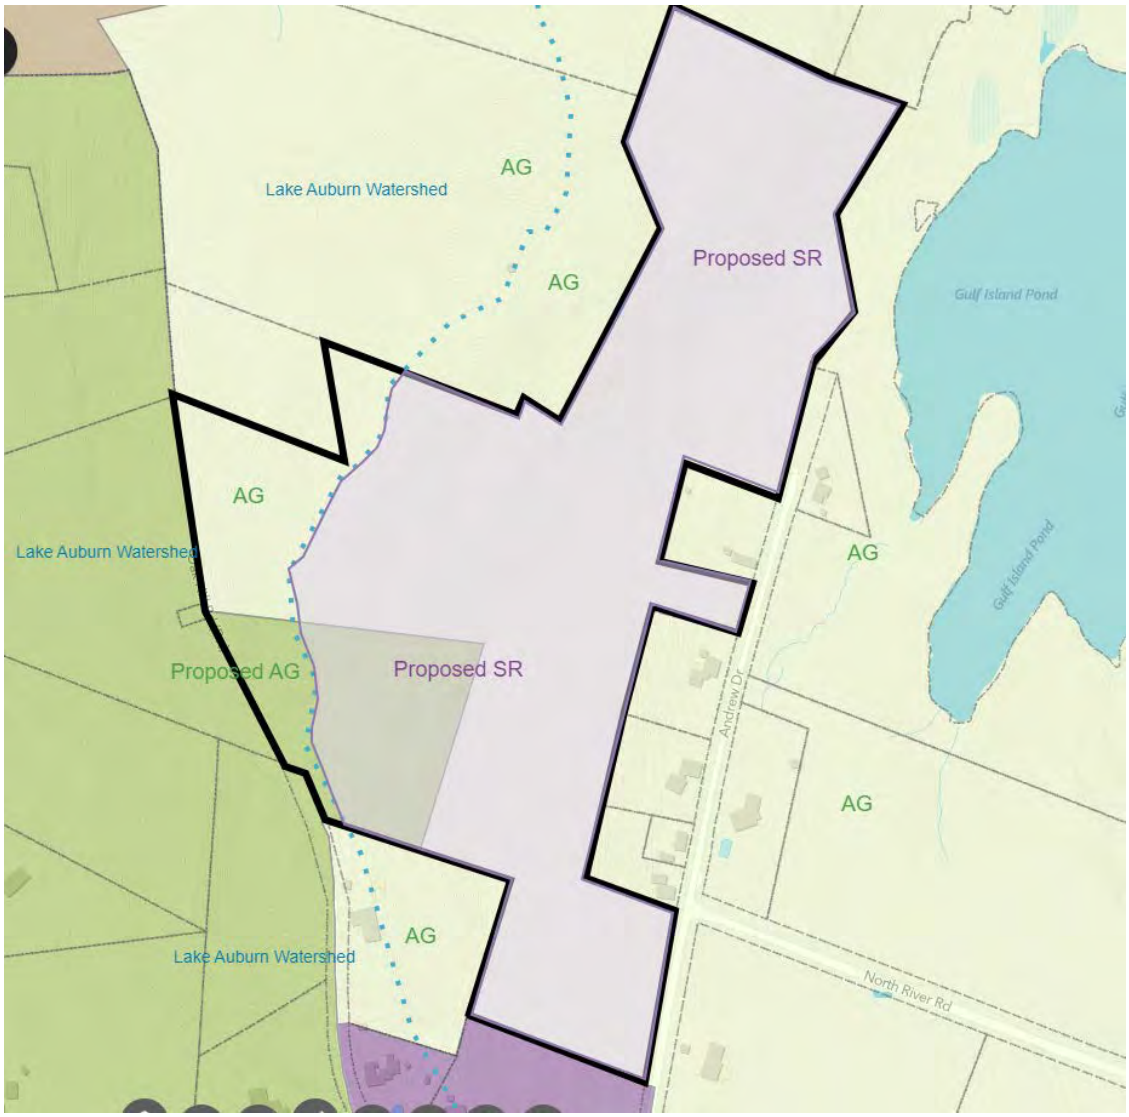


Figure 1—First Comprehensive Plan suggested change—the change requested in the petition.

The second Comprehensive Plan supported mechanism the Board could employ to approach this proposal is to apply residential strip zones. One of these criteria are the existence of an established residential pattern. An established residential pattern means at least six to eight homes per half mile counting both sides of the road. The road meets the criteria with seven homes in a quarter mile The Comprehensive Plan guides the city to also consider "reserve area adjacency" (maintained as undeveloped for the purpose of a different use in the foreseeable future) and "natural resource adjacency" (areas with significant natural value) as reason to not provide a residential strip zone. Part of the parcel has slopes of over 25%, where a residential strip should not be placed according to the comprehensive plan. Residential strips adjacent to Agriculture and Resource Protection land in Auburn are commonly 450 ft. deep measured from the centerline of the road.

The existing lots on Andrew Drive are approximately 240 ft- 250 ft deep measured from the centerline of the road.

If they opt to pursue the residential strips option, the Board could recommend rezoning 21.06 +/- acres instead of 33.49 +/- acres requested in the petition. This reduced acreage avoids some of the steepest slopes at the southerly edge of the parcel but does include steep slopes as shown on the attached overlay map. 12 +/- acres would remain in AG and 4.66 +/- acres would remain in LDCR as shown on the map below.

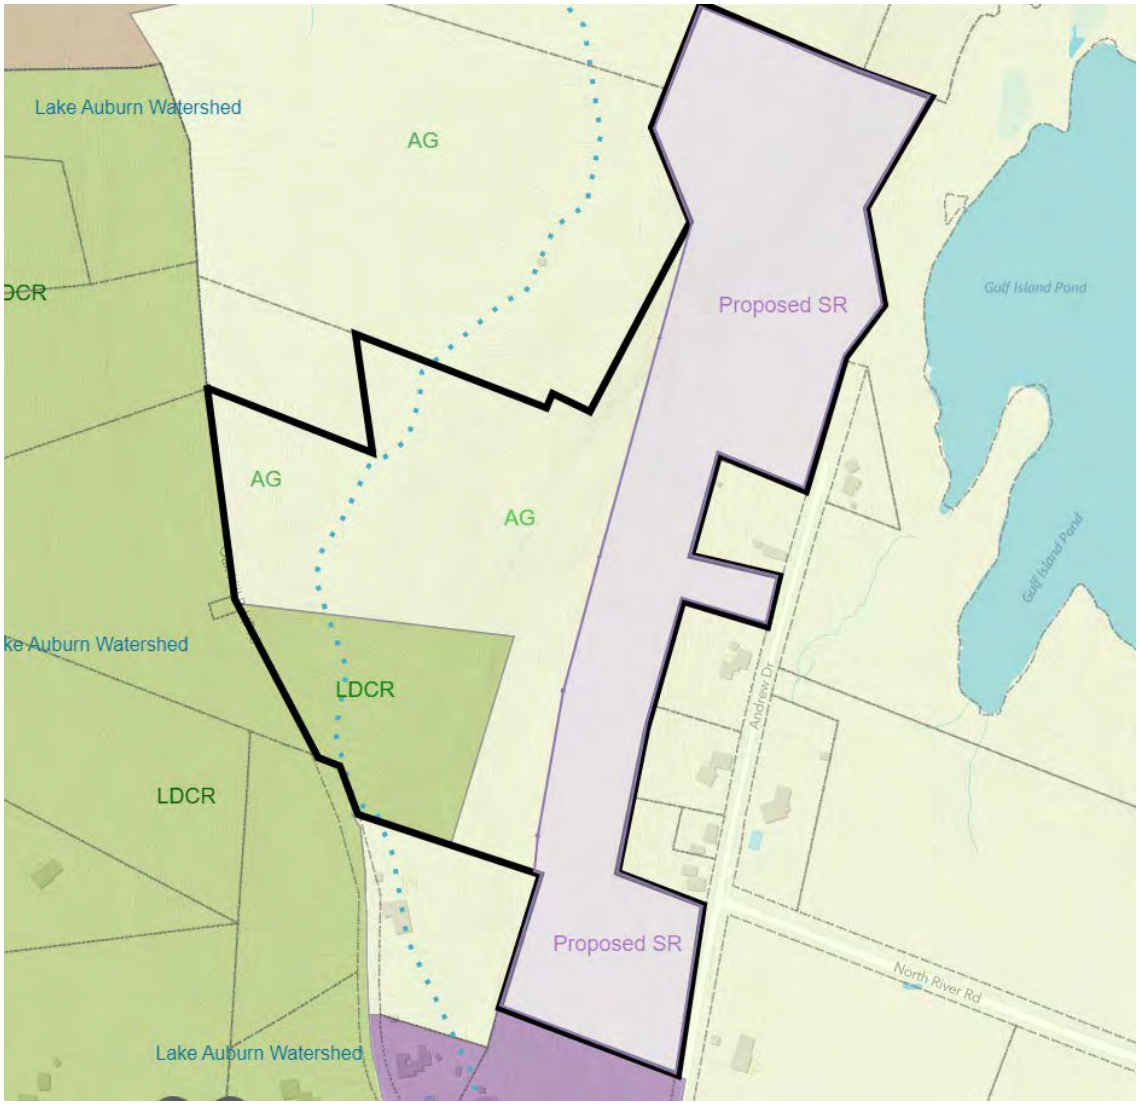

Figure 2—Option for Zone Change reflecting approximately 450' residential strip, supported by 2021 Comprehensive Plan.

Andrew Drive is adjacent to Gulf Island Pond where a public boat launch was proposed by the city in the past. At the time, the proposal was rejected because of safety concerns on Route 4. This summer, considerable safety upgrades have been made on the road addressing the original concerns that prevented the boat launch. As the Board considers rezoning 150 Andrew Drive, they may also consider rezoning the easterly side of the road abutting the river to SR to allow for future public access.

If the Board determines that residential strip zones should be extended on Andrew Drive, they may initiate a zone change in the future to rezone the five remaining parcels on the westerly side

of Andrew Drive from AG to SR and an additional 450 ft. strip from AG to SR on the easterly side of Andrew Drive beginning at Parcel I.D. 337-021, 101 Andrew Drive, or as determined by the Board and Council. If they pursue this, the board may decide to change the portion of the parcel in question currently zoned as LDCR to AG. The purpose of these subsequent changes would be to create a strip zone consistent with the Comprehensive Plan allowing for riverfront access thereby enhancing the neighborhood with waterfront recreational activity. The other purpose the subsequent zone change would be to convert land within the watershed to Agriculture and Resource Protection which is currently in LDCR. Below is a rendering of this future possible zone change.

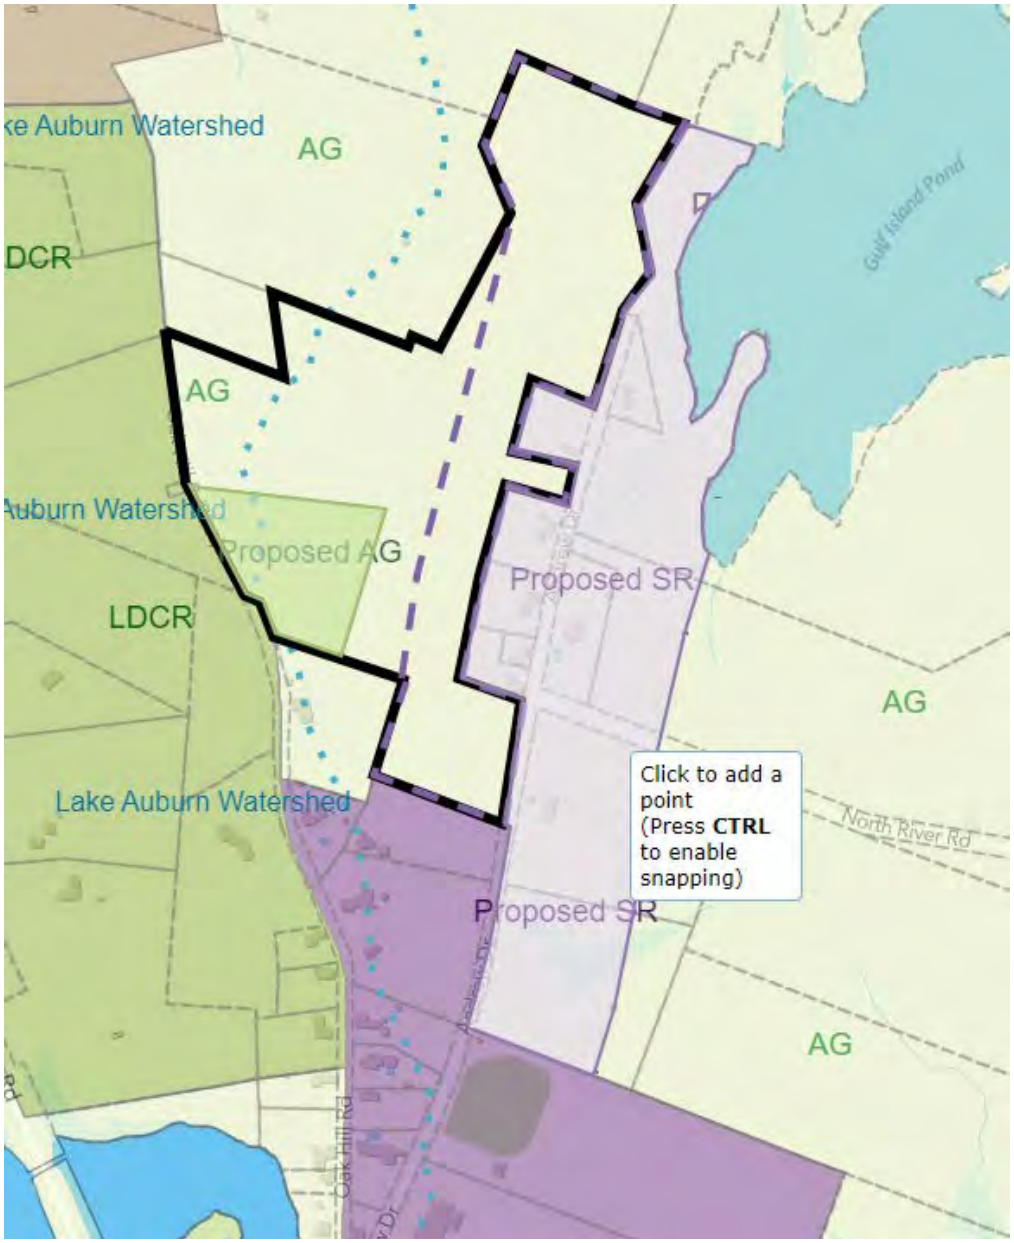

Figure 3—Possible future change; not part of this petition.

The Board could instead opt to change the existing Low-Density Country Residential to Suburban Residential zoning or leave it as LDCR it is now rather than designating it AG.

Planning Board Action:
Staff recommends that the planning board hold a Public Hearing and decide whether it is a better fit to make a motion to change 33.49 +/- acres as petitioned, change 21.06 +/- acres as a residential strip zone, or decide to take another route.

III. Suggested Finding of Fact:

1. The applicant submitted rezoning petitions and signatures, City Zoning maps with Parcels identified, 500' abutters list, and plans on October 3, 2022, thus meeting the time frame and submission standards (Sec. 60-1446).
2. The proposal can be implemented without detriment to city resources.
3. The proposal meets the general future land use plan pattern of development and is consistent with the current comprehensive plan.
4. The zone change will occur outside the Lake Auburn watershed.

IV. Department Review:
N/A

V. Suggested Motion:

A. I make a motion to recommend amending 33.49 acres of 38.22 total areas on 150 Andrew Drive (Parcel I.D. 347-003) from Agriculture and Resource Protection (AG), occupying 29.902 +/- acres, and Low-Density Country Residential (LDCR), occupying 3.57 +/- acres, zoning districts to Suburban Residential (SR). The remaining 4.73 +/- acres in the Lake Auburn Watershed District would remain protected through an AG zone designation as depicted in *figure 1.*

OR

B. I make a motion to change 21.06 +/- acres of the 38.22 total acres on 150 Andrew Drive (Parcel I.D. 347-003) from Agriculture and Resource Protection (AG) to Suburban Residential (SR) outside the Lake Auburn watershed, following the map depiction in *figure 2.*

REZONING PETITION

We, the undersigned registered voters of the City of Auburn, do herein petition the City of Auburn to amend the Agricultural/Rural zoning portion of the zoning ordinance on (PID 347-003) to allow for a Zone change of Agriculture & Resource Protection Zone to Suburban Residential to support residential opportunities in an otherwise residential neighborhood along Andrews Drive and Oak Hill Road. The property has not been in agricultural use for the last 30 years. The lot is outside the floodplain. Of the 38.22 total acres, approximately 4.73 acres lies in the Lake Auburn Watershed District and would remain protected. Only the remaining 33.49+/- acres is recommended for a Zone change.

DIVISION 5. SUBURBAN RESIDENCE DISTRICT

Sec. 60-254. Purpose.

This district is intended to provide for, protect and stabilize low density suburban residential areas and their adjunct public and institutional uses. It is designed to ensure an open character of development through its lot size requirements and through permitting of certain uses, rural in nature, that are compatible with residential uses.

(Ord. of 9-21-2009, § 3.42A)

Sec. 60-255. Use regulations.

(a) *Permitted uses.* The following uses are permitted:

(1) One-family detached dwellings.

(2) Two-family dwellings.

(3) Attached single-family dwellings, provided that they are approved by the planning board as part of a planned residential unit development and subdivision, under the provisions of division 9 of article IV and division 4 of article XVI of this chapter.

(4) Mobile home parks, subject to the requirements and conditions of section 60-669, mobile home park standards.

(5) Farming of field crops, row crops, orchards or truck gardens.

(6) Greenhouses.

(7) Licensed veterinarians, provided that the lot containing same is of at least three acres.

(8) Farm, livestock provided that the land area required per animal unit conforms to the definition of farm, livestock contained in section 60-2 and:

a. A site plan be submitted to the municipal officer charged with enforcement that contains the information required by section 60-1301.

b. Upon request, the municipal officer charged with enforcement may waive the necessity of providing any of the foregoing information which is not relevant to the proposed development.

c. In judging whether or not a permit to operate an animal farm will be issued, the municipal officer charged with enforcement shall review and make a decision consistent with the finding requirements of section 60-1304.

(9) Wayside stands.

(10) Accessory uses, buildings or structures.

(11) Lawn maintenance services.

(12) Municipal uses and buildings.

(b) *Special exception uses.* The following uses are permitted by special exception after approval by the planning board in accordance with division 3 of article XVI of this chapter:

(1) All uses permitted by special exception in the Rural Residence (RR) District, except those uses allowed by section 60-229(b)(3), (9), (11) and (12).

(2) Professional offices may be created within existing single-family residences in existence at the time of adoption of this chapter, provided the following conditions are met:

a. Such residences shall have frontage on a major arterial as defined in the city's comprehensive plan.

b. Access to parking shall be located on the arterial frontage except for corner lots, in which case access may be located on the secondary roadway frontage.

c. In addition to meeting the requirements of article V of this chapter, required parking shall be separated from all lot lines by a buffer of 30 feet in width. Such buffer shall be vegetated in a manner to fully screen parked vehicles from view at the lot lines. A driveway serving such a parking area must be separated from the side lot line by a sight impervious fence of six feet in height or a buffer of ten feet in width meeting the vegetation requirements of this subsection (b)(2)c.

d. Signage shall be limited to a single nonilluminated sign with a maximum of 16 square feet of display per side.

(3) Adaptive reuse of structures of community significance.

(Ord. of 9-21-2009, § 3.42B; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 11-03012021, §§ 15—17, 3-15-2021)

Sec. 60-256. Dimensional regulations.

All structures in this district, except as noted, shall be subject to the following dimensional regulations:

(1) *Minimum lot area, width and depth.* No lot shall be created and/or no building shall be erected on a lot containing less than 21,780 square feet, and measuring less than 150 feet in width; and measuring less than 125 feet in depth.

(2) *Density.* The density of dwelling units shall not exceed an average of two dwellings per acre.

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 25 feet or 25 percent of the average depth of lot, whichever is less.

b. *Side.* There shall be a minimum distance of five feet between any building and the side property line plus the side yard setback shall be increased one foot for every five feet or part thereof increase in street frontage over 50 feet to a maximum of 15 feet for side yard setback.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot whichever is less.

(4) *Height.* The height of all structures shall be limited to 2½ stories or 35 feet in height with the following exceptions: A farm accessory building or structure, church or temple, or windmill may have a maximum height of 65 feet from grade, provided that the front yard, rear yard and each of the side yards shall be increased by one foot for each foot in height in excess of 35 feet.

(5) *Off-street parking.* Off-street parking spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.42C; Ord. No. 11-03012021, § 18, 3-15-2021)

Secs. 60-257—60-275. Reserved.

shoreland zoning under state law. It establishes water body setback requirements and performance standards and is being updated to reflect current state requirements.

3. Rural Residential Road Strips

The city has historically zoned narrow strips of land along some rural roads for low density residential development. These strips represent a compromise between the City's goal of limiting residential development in rural areas, and existing conditions along these rural roads. As part of the development of the Future Land Use Plan (see Chapter 2), the City conducted a comprehensive review of where residential strips should and should not be created based upon the following set of criteria. The considerations outlined below apply sequentially – first to identify where strips are appropriate based on current land use patterns, and then to work through where residential strips are inappropriate based on a variety of considerations.

Consideration #1 – Established Residential Pattern

A residential strip **may be provided** along a rural road where there is an established pattern of residential uses along the road. An established residential pattern means at least 6-8 homes per half mile counting both sides of the road. In general, both sides of a road should have a residential strip unless there is a significant reason not to allow residential development based on the following considerations.

Consideration #2 – Reserve Area Adjacency

A residential strip **should not be provided** along a rural road if the area adjacent to the road is a "reserve area" where the objective is to maintain the land as undeveloped to allow for its conversion to a different use in the foreseeable future. There should be some realistic expectation that something will occur that will change the desired land use for the area in the future.

Consideration #3 – Natural Resource Adjacency

A residential strip **should not be provided** along a rural road if the area adjacent to the road has significant natural resource value. Areas with significant natural value include areas that are zoned Resource Protection or are high value wetlands, 100 Year floodplains, significant wildlife habitats, and areas with steep slopes (>25%).

Consideration #4 – Conservation/Open Space Adjacency

A residential strip **should not be provided** along a rural road where the adjacent land is protected open space, or where there is a reasonable expectation that the land will be preserved as open space in the foreseeable future, and residential development is inconsistent with that open space use.

Consideration #5 -- Ability to Provide Public Services

A residential strip **should not be provided** along a rural road if residential development will tax the City's ability to provide municipal services as indicated by the following:

- The road is a gravel or dirt road
- The road is a poorly maintained paved road that will need to be improved to support residential development along it

Consideration #6 – Water Quality Protection

A residential strip **should not be provided** along rural roads with undeveloped frontage that are in the watershed of Lake Auburn unless such development will not have an adverse impact on the lake's water quality.

The Future Land Use Plan (see Chapter 2) shows the areas where low density residential development is proposed to be allowed along rural roads based on these criteria. These criteria should be used in the future to review the areas designated as residential strips as conditions change, or to review property owner-initiated requests for rezoning.

4. NEIGHBORHOOD BUSINESS DISTRICTS

The city has several neighborhood businesses that are located within residential neighborhoods. It is the City's policy to support the retention and improvement of these businesses since they offer a valuable service to the City's residents. It is also the City's policy to encourage the owners of these properties to reinvest in maintaining and improving these buildings. To accomplish these objectives, the Future Land Use Plan (see Chapter 2) designates these properties as Neighborhood Business Districts. The standards for these districts allow the existing nonresidential use to be maintained and improved if it is compatible with the surrounding neighborhood. The standards also allow for replacing an existing use with a new nonresidential use (other than service stations and auto service facilities) if it is appropriate for the neighborhood. The primary objective in creating these districts is to encourage the retention of these neighborhood businesses. If the property includes nonresidential space, whether occupied or not, the property should remain in the Neighborhood Business District to allow re-occupancy

East Auburn – Citizens' Petition

We the undersigned registered voters, residents of East Auburn do hereby petition the Auburn Planning Board and City Council to retain the Agriculture/Resource Protection and the Low Density Country Residential zones on the entire parcel identified as PID 347-003.

This parcel contains a large hill of which, approximately 20 acres are composed of rock and ledge with extremely steep slopes that are not suitable for residential development.

ORDINANCE 24-12052022

City Council Ordinance

IN CITY COUNCIL

Zoning map amendment changing 33.49 +/- acres of the 38.22 total acres on the 150 Andrew Drive (Parcel I.D. 347-003) from Agriculture and Resource Protection (AG) and Low-Density Country Residential (LDCR) zoning districts to the Suburban Residential (SR) zoning district.

Be it ordained, that the City Council approve the zoning map amendment changing 33.49 +/- acres of the 38.22 total acres on the 150 Andrew Drive (Parcel I.D. 347-003) from Agriculture and Resource Protection (AG), occupying 29.92 +/- acres, and Low-Density Country Residential (LDCR), occupying 3.57 +/- acres, zoning districts to the Suburban Residential (SR). The remaining 4.73 +/- acres in the Lake Auburn Watershed District would remain protected through an AG zone designation as shown on attached map.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: February 13, 2023 **Order:** 165-12192022

Author: John Blais, Deputy Director of Planning, Permitting and Code

Subject: Directing the City Manager to fund the Engineering and Architectural (AE) Proposal, Shovel Ready Housing Plans Proposal #2023-009 with ARPA Funds

---

Information:. The competitive RFP was drafted and advertised through the Engineering and Architectural (AE) Proposal, Shovel Ready Housing Plans, **Proposal #2023-009**. using the City of Auburn, procurement process. Two proposals were received on November 10th, 2022. Over the past few weeks, the Mayors Ad-hoc committee reviewed and scored the proposals with a selection score of (91) LeMessurier Consultants, Inc over Gawron Turgeon Architects (77).

Total contract would be $145,000.00 as we have negotiated that down by the original bid by $8,000.00.

City Budgetary Impacts: $145,000 allocated to ARPA funds.

Staff Recommended Action: Based on the response to the RFP, staff is recommending not moving forward with this item.

Previous Meetings and History: September 6 & 19, 2022. The Council on September 19, 2022, voted to direct the City Manager to draft a request for proposal (RFP) and budgeting for an architectural firm. Ad-Hoc committee met on November 17 and December 8th 2022 to review and score proposals and provide direction. At the 12/19/2022 meeting, this item was postponed to tonight's meeting.

City Manager Comments:
I concur with the recommendation. Signature: Phillip Crowell J.

City Council Information Sheet

Council Workshop or Meeting Date: February 13, 2023

Author: Glen E. Holmes, Director of Business & Community Development

Subject: Public Hearing Prior to drafting CDBG & HOME Consortium Annual Action Plan

---

Information:
The City of Auburn is required to hold a Public Hearing prior to drafting the annual action plan for the US Department of Housing & Urban Development. The purpose of this Public Hearing is to obtain the views of residents of the community on housing and community development needs, including priority non-housing community development needs and affirmatively furthering fair housing. Staff will release the Draft Action Plan after reviewing and incorporating responses to any comments received. Once the City's annual allocation award has been received the action plan will be finalized and released in draft form for additional comment. After a minimum of thirty (30) days comment period it will again have a public hearing and be put before the Council for approval.

City Budgetary Impacts:
n/a

Staff Recommended Action:
Hold public hearing.

Council Workshop or Meeting Date: February 13, 2023 **Ordinance:** 02-02132023

Author: Eric Cousens, Director of Planning and Permitting

Subject: Workshop in preparation for First Reading on a Zoning text amendment related to Public Safety Facilities, Detention Facilities, Correctional Facilities and/ or Government Offices.

Information: Zoning text amendment involving definitions and use standards related to Public Safety Facilities, Detention Facilities, Correctional Facilities and/ or Government Offices. The proposed text amendment includes amendments to Chapter 60, Article I, Section 60-2 Definitions and Chapter 60, Article IV. District Regulations. This item is pursuant to Chapter 60 Article XVII Division 2- Amendment to the Zoning Ordinance or Zoning Map.

This is a workshop to ask questions and clarify how the draft ordinance would work for review of specified uses. First reading is scheduled for later tonight, a Planning Board Public Hearing is scheduled for 2/14/23 and Second reading with Public Hearing is scheduled for City Council on 2/17/23. In summary the proposed ordinance established new definitions for Public Safety Facilities, correctional facilities and related uses. Prior to this there was only a broad category of Government Offices and Services that could cover a wide range of uses that had very different potential impacts. The Planning Board and staff worked to define the different uses using other communities and best practices as a guide and then to determine where they could be appropriate and what special impacts should be addressed by conditions. Attached is the draft text. Correctional facilities and jails will be limited to T5.2 (where one exists) and the Industrial district. Public safety facilities will be allowed more broadly as a special exception with Planning Board review and with an approval by the City Council after review of a needs and impacts analysis specific to any proposed facility. The needs and impacts analysis would be easier to justify where impacts from existing facilities already exist and residents are used to living with them. Government Offices/services with more office related functions, other than Public safety and correctional facilities/jails, would be allowed even more broadly as shown in the attached amendment.

City Budgetary Impacts: None

Staff Recommended Action: Consider passage.

Previous Meetings and History: None. Partly discussed when a moratorium was put in place in 2022.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: Ordinance amendment language, Use Matrix used for discussion with Planning Board Planning Board staff report.

ORDINANCE 02-02132023

City Council Ordinance

IN CITY COUNCIL

Amending Chapter 60, Article I, Section 60-2 Definitions and Chapter 60, Article IV.

Be it ordained, that the Auburn City Council adopts a Zoning text amendment involving definitions and use standards related to Public Safety Facilities, Detention Facilities, Correctional Facilities and/ or Government Offices. The proposed text amendment includes amendments to Chapter 60, Article I, Section 60-2 Definitions and Chapter 60, Article IV. District Regulations as shown on the attached copies with proposed amendments. This item is pursuant to Chapter 60 Article XVII Division 2- Amendment to the Zoning Ordinance or Zoning Map.

Sec. 60-2. Definitions.

For the purposes of this chapter, the following words and terms as used herein shall have the meanings or limitations of meaning hereby defined, explained or assigned:

Accessory structure or building means an uninhabited building, at least five feet in distance from the principal building, used for a purpose which is customarily subordinate and incidental to that of the principal building or to the principal use of the land and which is located on the same lot as the principal building use. The term "accessory buildings," in residential districts, includes tool sheds, wood sheds, detached garages and swimming pools. No accessory building shall house a home occupation or professional office or be used as a sales outlet in a residential district.

Accessory use means a subordinate use of land or building which is customarily incidental and subordinate to the principal building or to the principal use of the land and which is located on the same lot with the principal building or use.

Adaptive reuse means a special exception permitting a structure of community significance to be used for one or more purposes, not otherwise permitted in the district in which the building is located, but which the planning board has determined will contribute to the preservation of a structure of community significance, including without limitation, the following uses:

(1) Bed and breakfast homes or inns;

(2) Restaurants, diners or cafes;

(3) Art studios and galleries;

(4) Performing arts centers;

(5) Medical and dental clinics;

(6) Office space;

(7) Municipal and government uses; and

(8) Retail sales as an accessory use.

Adult day center means a supervised facility providing a program of education, crafts or recreation for adults over the age of 55 years.

Animal unit means one living animal of any species.

Antique shop means a building, or portion of building, where artifacts from generally recognized previous eras are sold or traded as the primary commercial activity.

Apartment. See the term *Dwelling unit.*

Architectural features means exterior building elements intended to provide ornamentation to the building massing, including but not limited to, eaves, cornices, bay windows, window and door surrounds, light fixtures, canopies, and balconies.

Art galleries means a building or place where works of art or other objects of value are kept, displayed, produced and offered for sale to the general public.

Artist studio, residential means a dwelling where up to 50 percent of the total floor space can be used for the production of art and/or craft products. The term "residential artist studio" shall not include galleries or studios open to the public for display or sales. All artist studios shall be designed to meet all residential safety and occupancy requirements and shall be considered to be accessory to the residential use.

Automobile means a passenger vehicle propelled by a self-contained motor. The term "automobile" also includes motorcycles, all-terrain vehicles, trucks and recreation vehicles (RVs).

Automobile and marine paint and body shops means a building in which the business of automobile and marine paint and bodywork is conducted. Such use may also include as an accessory use a facility for the orderly display and sale of vehicles which have undergone substantial body repair on the premises. No such facility shall display, outdoors or indoors, or offer for sale more than ten vehicles at any one time.

Automobile and marine repair and service station means a building, lot or both in or upon which the business of general motor repair and vehicle service is conducted, but excluding junk and/or wrecking businesses.

Automobile, commercial, means a vehicle the primary use of which is commercial in character.

Automobile filling station means a building or lot having pumps and storage tanks at which fuel, oil or accessories for the use of motor vehicles are dispensed, sold or offered for sale at retail, where repair service is incidental and no vehicle storage or parking space is offered for rent.

Automobile garage, private, means an accessory building or portion of a main building designed, arranged or used for housing of private motor vehicles, only one of which may be a commercial vehicle. Not more than 50 percent of the space in such a garage shall be used for housing vehicles other than those owned by occupants of the premises.

Automobile parking lot, private, means a parcel of land, lot or portion thereof required, in accordance with these regulations, for off-street automobile parking.

Automobile repair and service station means a building, lot or both in or upon which the business of general motor vehicle repair and service is conducted, but excluding junk and/or wrecking business.

Automobile sales lot means a lot arranged, designed or used for the storage and display of motor vehicles or any unoccupied trailer for sale.

Automobile scrap yard means any land or building used for the dismantling, storage and salvaging for reuse of automobiles or other vehicles not in running condition.

Automotive towing and storage means a business engaged in/or offering the services of a towtruck or towing service whereby motor vehicles are towed or otherwise removed from one place to another by the use of a motor vehicle specifically designed for that purpose. Storage of towed vehicles is considered to be the keeping of vehicles in a secured yard for not more than 120 days until claimed or disposed of in accordance with the laws of the state.

Basement means that portion of a building below the first floor joists having at least one-half of its clear ceiling height above the main level of the adjacent ground.

Bed and breakfast home means an accessory use to a single-family dwelling involving the renting of four or fewer guestrooms to transient guests who are staying for a limited duration (seven consecutive days and/or 60 accumulated days in a calendar year) and the serving of breakfast only to house guests. Such establishment shall be owned and operated by the resident of the dwelling. The term "bed and breakfast home" also includes a tourist home.

Bed and breakfast inn means a dwelling involving the renting of more than four but fewer than ten guestrooms to transient guests who are staying for a limited duration (seven consecutive days and/or 60 accumulated days in a calendar year) and the serving of breakfast to house guests only. Such use may provide a restaurant, function rooms and places of public assembly.

Boardinghouse or *lodginghouse* means a dwelling which, for compensation, lodging, or lodging and meals are provided to more than four persons and where a proprietor or owner may reside in the building. No provisions for cooking in individual rooms other than a main kitchen is allowed.

Building means a structure having one or more stories and a roof, designed primarily for the shelter, support or enclosure of persons, animals or property of any kind. (See the term *Structure.*)

Building envelope means the ground area on a lot and the space above it on which a building may be constructed.

Building form means the overall shape and dimensions of a building.

Building height means the vertical distance from the grade of the top of the highest roof beams of a flat roof, or to the mean level of the highest gable or slope of a hip roof. When a building faces on more than one street, the height shall be measured from the averages of the grades at the center of each street front.

Building inspector means the building inspector of the City of Auburn, Maine, or their duly authorized agent.

Building line means a line beyond which the foundation wall and/or any enclosed porch, vestibule of other enclosed portion of a building shall not project.

Building, principal, means a building in which is conducted the principal use of the lot on which it is situated.

Care home means a rest, nursing, or convalescent home established to render domiciliary nursing care and board for chronically ill or convalescent patients, or persons who are infirm because of mental or physical conditions, but excluding a child care home or one for the care of mentally retarded patients, alcoholics, psychotics or drug addicts.

Cellar means that portion of a building below the first floor joists having at least one-half of its clear ceiling height below the mean level of the adjacent ground. A cellar shall not be used for habitation.

Cemetery means a place used for the permanent interment of dead bodies or cremated remains thereof. A cemetery may be a burial park of earth interments, a mausoleum for vault or crypt interments, a columbarium for cinerary interments, or a combination of one or more thereof.

Child care home means a child boarding home, summer camp, foster family home or other place providing domiciliary arrangements for compensation, of three or more children, unrelated to the operator by blood, marriage or adoption, under 18 years of age. A facility providing child day care less than 24 hours per day, per child, to more than five children shall not be considered a child care home. The term "child care home" includes any family-type facility which provides child care to children placed by order of any court of competent jurisdiction, or by any public welfare department, or other governmental agency having responsibility for placing children for care, or placed by child-placing agency licensed under state law.

Child day care center means a facility conducted or maintained by anyone who provides, for consideration, care and protection for more than 12 children under 16 years of age, unrelated to the day care center operator, who are unattended by parents or guardians, for any part of the day. Any facility, the chief purpose of which is to provide education, shall not be considered to be a day care center, but is classified as a nursery school.

Child day care home means an accessory use of a residence by a person residing on a premises to provide on a regular basis, and for consideration, care and protection for up to 12 children under 16 years of age, unrelated to the day care home operator, who are unattended by parents or guardians, for any part of the day. Any facility, the chief purpose of which is to provide education, shall not be considered to be a day care home, but is classified as a nursery school. A child day care home shall not be located closer to another child day care home than 500 feet measured along the street frontage. Child day care homes shall be reviewed under the city's home occupation regulations (article IX of this chapter) and shall meet the following:

(1) All outdoor play areas, used in conjunction with the day care operation, shall be fully enclosed by a fence, a minimum of four feet in height.

(2) If the property utilizes a private sewerage disposal/septic system a written verification from a site evaluator, stating that the current system can handle the change of use to include the children in the proposed day care, shall be submitted.

Church means a building, together with its accessory buildings and uses, where persons regularly assemble for religious worship, and which buildings, accessory buildings and uses are maintained and controlled by a religious body organized to sustain public worship.

Clinic means an establishment where patients are accepted for treatment by a group of physicians practicing medicine together, but shall not offer domiciliary arrangements; medical and dental.

Club, private, means any building or rooms, which serve as a meeting place for an incorporated or unincorporated association for civic, social, cultural, religious, literary, political, recreational or like activities, operated for the benefit of its members and not open to the general public.

Community based residential facilities (CRF) means dwelling units providing communal domiciliary arrangements for a group of unrelated persons under supervision of the state government human service agencies, for the transition of formerly institutionalized persons back into the mainstream community living and participation, a halfway house, or a group home.

Comprehensive plan means the master development plan of the City of Auburn, Maine, any amendments or additions thereto, part or portion thereof adopted by the city council upon recommendations of the planning board of Auburn, Maine, pursuant to 30-A M.R.S.A. § 4323.

Convenience store means a business establishment having an interior selling space of less than 3,000 square feet where general food supplies for the table, other articles of household use and gasoline pump service is offered for sale. Such a use may include the sale of food vended in disposable containers for consumption on or off the premises.

Correctional institution means a publicly or privately operated facility generally designed for the confinement, correction, and rehabilitation of adult and/or juvenile offenders sentenced by a court.

Court means an open, unoccupied space, other than a yard, on the same lot with a building or group of buildings which is bounded on two or more sides by such building or buildings and every part of which is clear and unobstructed from its lowest point to the sky.

Dental clinic means an establishment where patients are accepted for treatment by a group of dentists practicing dentistry together.

Detention facility mean In the case of an adult or juvenile, "detention" means the confining of an adult or juvenile held in lawful custody in a specially constructed or modified facility designed to ensure continued custody and control. Detention may be confinement before trial or another hearing by a court or confinement to serve court-imposed sentences or dispositions and may be in a step-down, jail, half-way house or lock-up facility.

Development standard(s) means building standards that establish basic parameters governing building form, including the envelope for building placement in three dimensions and certain permitted and required building elements such as storefronts, balconies, street walls, etc. The development standards establish both boundaries within which development may take place and what requirements apply.

Director means the director of planning and any successor or other official designated from time to time by the city council to enforce the provisions of this chapter.

District or *zone* means an area within which certain uses of land and buildings are permitted or denied pursuant to municipal review, and certain others are prohibited.

District, overlay, means a special district or zone which addresses special land use circumstances and environmental safeguards and is superimposed over the underlying existing zoning districts. Permitted uses in the underlying zoning district shall continue subject to compliance with the regulations of the overlay zone or district.

Dormitory means a building or portion thereof used for sleeping purposes in connection with a school, college or other educational institution.

Driveway means private ways intended for internal vehicular circulation on a lot or within an automobile parking lot.

Dump means any premises used primarily for disposal by abandonment, discarding, dumping, reduction, burial, incineration or any other means and for whatever purpose of garbage, trash, refuse, dead animals, waste materials of any kind, junk; but not untreated sewage, animal waste, discarded machinery, or vehicles or parts thereof. The establishment of any dump shall be approved by the city council of the City of Auburn.

Dwelling means a building or portion thereof arranged or designed to provide living facilities for one or more families.

Dwelling, multifamily, means a residence designed for or occupied by three or more families with separate housekeeping and cooking facilities for each.

Dwelling, one-family attached, means a residential structure designed to house a single-family unit from lowest level to roof, with private outside entrance, but not necessarily occupying a private lot, and sharing a common wall or walls with an adjoining dwelling unit or units. Each one-family attached dwelling shall contain not less than 700 square feet of net floor area of habitable space.

Dwelling, one-family detached, means a dwelling unit singly and apart from any other building and intended and designed to be occupied and used exclusively for residential purposes by one family only, excluding those forms of temporary housing permitted by section 60-666. Each one-family detached dwelling shall contain not less than 700 square feet of net floor area of habitable space.

Dwelling, seasonal, means a dwelling occupied for not more than six months of any year.

Dwelling, two-family, means a freestanding building intended and designed to be occupied and used exclusively for residential purposes by two families only, with separate housekeeping and cooking facilities for each.

Dwelling unit means a room or group of rooms located within a building and forming a single habitable unit, physically separated from any other rooms or dwelling units which may be in the same structure, with facilities which are used for or intended to be used for independent living, sleeping, cooking and eating purposes. Dwelling units available for rental or occupancy for periods of less than one week shall be considered boarding/lodging units.

Eave means the edge of a roof which projects beyond the exterior wall.

Encroachment means any architectural feature, structure or structural element, such as a gallery, fence, garden wall, porch, stoop, balcony, bay window, terrace, or deck that breaks the plane of a vertical or horizontal regulatory limit exceeding into a setback, the public frontage, or above a height limit.

Erected includes the terms "built," "constructed," "reconstructed," "enlarged" and/or "retained on."

Facade means the vertical surface of a building.

Family means one or more persons occupying a single housekeeping unit and using common cooking facilities, provided that unless all members are related by blood or marriage, no such family shall contain over four persons.

Farm means any parcel of land which is used in the raising of agricultural products, livestock or poultry, or for dairying.

Farm, livestock, means any parcel of land that contains at least the following land area used for the keeping of horses, mules, donkeys, cattle, goats, sheep, swine and similar sized animals for the agricultural use of the residents of the lot, provided that there is a minimum of 1 acre of land as required by Chapter 8 Animals and adequate land area is provided for each animal unit, excluding water bodies of one-quarter acre surface area or larger:

(1) Cattle: One bovine animal unit per acre of cleared hay-pasture land.

(2) Horse: 1.5 animal units per acre of cleared hay/pasture land.

(3) Sheep: Three animal units per acre of cleared hay/pasture land.

(4) Swine: Two animal units per acre of cleared land.

(5) Other livestock farms: The required lot size shall be determined by municipal officer charged with enforcement and shall conform to the lot size for similar sized animals.

Floodplain overlay means those areas of the city which are directly affected by flooding as shown on the flood insurance rate maps (FIRM) as established by the Federal Emergency Management Agency and that shall comply with the pertinent regulations found in division 2 of article XII of this chapter pertaining to the Floodplain Overlay District.

Floor area of building means the total number of square feet of floor area of all stories in a building, excluding cellars, uncovered steps and uncovered porches. All horizontal measurements shall be made between exterior faces of walls.

Form based code means a land development regulation that fosters predictable built results and a high-quality public realm by using physical form (rather than separation of uses) as the organizing principle for the code.

Form based code zoning district means one of the five areas on the regulating plan, including Transect 4.1 (T-4.1), Transect 4.2 (T-4.2), Transect 5.1 (T-5.1), Transect 5.2 (T-5.2), and Transect 6 (T-6).

Frontage means the length of a lot extending between the side lot lines of a lot which borders an accepted portion of a street. Maine Turnpike frontage does not apply to this definition.

Frontage line means the lot line(s) of a lot fronting a street or other public way.

Government offices means a room or group of rooms used for conducting the affairs of a government entity, not entailing the sale of goods except that which is clearly incidental.

Government services means for the purposes of this chapter, "government services" includes the functions performed by the various government agencies in the city. Government services includes the following: government administration, courts, public schools, postal services, public works and municipal utilities.

Greenhouse means an enclosed structure where trees, shrubs, vines and plants are propagated, grown or maintained. Activities associated with a greenhouse include:

(1) The sale of greenhouse products and related supplies; and

(2) The storage of material used in the maintenance of plants and growing items sold.

Grocery store means a small retail establishment having an interior selling space of less than 3,000 square feet where general food supplies for the table and other articles of household use are offered for sale. Such a use may include the sale of food vended in disposable containers for consumption on or off the premises; a corner market, a mom and pop store.

Ground area of building means the total number of square feet of horizontal surface covered by a building, including covered porches and accessory buildings. All measurements shall be made between exterior faces of walls, foundation, piers or other means of support.

Group home. See the term *Community based residential facilities.*

Guesthouse means a detached dwelling that is intended, arranged or designed for occupancy by transient, nonpaying visitors.

Habitable space means that area within a dwelling which has headroom of not less than seven feet when measured vertically upward from the finished floor, provided that any such area next below the roof of a dwelling

shall be counted only if it is connected with the story next below by a permanent inside stairway. The floor area of any porch, cellar room, garage or shed attached to such dwelling shall not be counted in any measure of habitable space.

Half-story means a story directly under a sloping roof in which the points of intersection of the bottom of the rafters with the interior faces of the walls are less than three feet above the floor level.

Historic site means a parcel of land, a particular building, or a group of buildings that have played a significant role in the history of the community, and identified as such by the state historic preservation committee.

Historic or archaeological resources means areas identified by a governmental agency such as the state historic preservation commission as having significant value as historic or archaeological resources and any areas identified in the municipality's comprehensive plan.

Hog farm means any land or building used for the purpose of keeping, feeding or raising 20 or more swine per piggery. Establishment of this use requires approval from the city health department.

Home occupation means the accessory use of a dwelling unit for a business or commercial venture engaged in, by the person residing in the dwelling unit, and which allows up to one person who does not reside on the premises to be employed by that home occupation.

Hospital means any institution receiving inpatients and rendering medical, surgical and/or obstetrical care. The term "hospital" includes general hospitals and institutions in which service is limited to special fields such as cardiac, eye, nose and throat, pediatric, orthopedic, skin, cancer, mental health, tuberculosis, chronic disease and obstetrics. The term "hospital" also includes sanitariums, including those wherein mentally retarded and mental patients, epileptics, alcoholics, senile psychotics or drug addicts are cared for or treated.

Hotel means a building in which the primary use is transient lodging accommodations offered to the public on a daily rate of compensation and where ingress and egress to the sleeping rooms is primarily through an inside lobby or office, supervised by a person in charge at all hours. Such facilities may include accessory uses such as restaurants, bars, nightclubs, function rooms, places of public assembly and/or recreational facilities.

Household pet means any animal kept as a pet and normally housed at night within the owner's dwelling or an accessory building on the same lot, including laying hens, but not including any animal normally raised as livestock or poultry or any animal raised for commercial gain. No household pet shall be kept that creates a public nuisance by reason of:

(1) Objectionable effects perceptible outside the owner's property, such as excessive or untimely noise or offensive odors; or

(2) Being a hazard to the health, safety and welfare of neighbors, invited guests or public servants visiting the property in the pursuit of their normal duties.

Illustrative plan means a plan or map that depicts (i.e. Illustrates but does not regulate) the streets, lots, buildings and general landscaping of the proposed Downtown Auburn/New Auburn Form-Based Code District.

Industrial use, heavy, means the use of real estate, building or structure, or any portion thereof, for assembling, fabricating, manufacturing, packaging or processing operations.

Industrial use, light, means the use of real estate, building or structure, or any portion thereof, for manufacturing or fabrication which will not create a nuisance by noise, smoke, vibration, odor or appearance.

Institution means any building or open area used only by an educational, religious, medical, charitable, philanthropic, or nonprofit organization, either public or private.

Institution, philanthropic, means a private, nonprofit organization that is not organized or operated for the purpose of carrying on a trade or business, no part of the net earnings of which inures to the benefit of any member of said organization and which either:

(1) Provides volunteer aid to the sick and wounded of the armed forces in time of war and relief services to victims of natural or manmade calamities; or

(2) Provides all or any of the following: religious, social, physical, recreational and benevolent service.

Institution, private educational, means any private school or educational institution, however designated, which offers an academic curriculum of college, professional, preparatory, high school, middle school, elementary, kindergarten or nursery school instruction, or any combination thereof; but not a training program of trade, craft, technical or artistic instruction operated by a governmental entity. No private educational institution shall be deemed a home occupation. (See the terms *Training school* and *School.*)

Institution, research, means an agency for scientific research of technical development including offices, libraries, laboratories, testing facilities and equipment incidental to such research and development.

Jail means a specially constructed or modified facility designated by law or regularly used for detention for a period of up to 12 months.

Junkyard or *automobile graveyard* means any land or building used for the abandonment, storage, keeping, collecting or bailing of paper, rags, scrap metal, other scrap or discarded material, or for the abandonment, demolition, dismantling, storage or salvaging of automobiles or other vehicles not in running condition, machinery or parts thereof. Establishment and operation of this use requires annual approval from the City Council of Auburn, Maine.

Kennel means any building and/or land used, designed or arranged for the boarding, breeding or care of dogs, cats, pets, fowl or domestic animals, kept for purposes of show, hunting or as pets, except horses.

Land use permit means a permit required for the use of property that is legally permitted under the provisions of this chapter.

Landscape services means the actual planting, bed preparation, installation of landscape materials and maintenance of the landscape, planting and materials. Activities associated with landscaping include: the storage of materials and equipment related to the performance of landscaping, the temporary storage of trees, shrubs and plants pending installation in an existing landscape plan and the application and storage of pesticides and fertilizers by a licensed person.

Lawn maintenance service means the care and upkeep of the landscape after its installation and consists of such activities as mowing of the lawn, pruning of trees and shrubs, application by hand of fertilizer and weed control, insect and disease control, planting and care of flower beds, replacement of dead plants, incidental repairing of walls and paved surfaces, cleaning of fountains and pool basins, irrigation of lawns, cultivation of soil around trees and shrubs, rolling and reseeding of lawns, raking of leaves, winterization of trees and shrubs and snow removal.

Library means a place containing books and other material for reading, study or reference, provided that no such material is offered for sale.

Livestock means, but may not be limited to, any horses, mules, donkeys, cattle, goats, sheep, or swine.

Lock-up facility means a facility designated by law or regularly used for detention for a temporary period before trial or transfer to a jail or other facility.

Lodge, private. See the term *Club, private.*

Lot means for zoning purposes, as covered by this chapter, a lot is a parcel of land under one ownership or joint ownership of at least sufficient size to meet minimum zoning requirements for use, coverage and area, and to

provide such yards and other open spaces as are herein required. Such lot shall have frontage on an accepted public street and may consist of:

(1) A single lot of record;

(2) A portion of a lot of record;

(3) A combination of complete lots of record;

(4) A parcel of land described by metes and bounds; provided that in no case of division or combination shall any residential lot or parcel be created which does not meet the requirements of this chapter;

(5) Lots shown on a plan approved by the planning board of the City of Auburn.

Lot frontage/width means the front of a lot shall be construed to be the portion nearest the street. For the purpose of determining yard requirements or corner lots and through lots, all sides of a lot adjacent to streets shall be considered frontage, and yards shall be provided as indicated under the definition of yards in this section.

Lot line, rear, means the lot line generally opposite or parallel to the front lot line, except in a through lot. If the rear lot line is less than ten feet long or the lot comes to a point at the rear, said rear lot line is assumed to be a line not less than 20 feet long, lying wholly within the lot, parallel to the front lot line, or in the case of a curved front lot line, parallel to the chord of the arc of said front lot line.

Lot measurements means the following measurements:

(1) The depth of a lot shall be considered to be the uninterrupted distance between the midpoints of lot frontage and the midpoint of the rear lot line unless the lot meets the exception provided for by section 60-39.

(2) The width of a lot shall be considered to be the distance between straight lines connecting front and rear lot lines at each side of the lot, measured across the rear of the required front yard, provided, however, that the width between the side lot lines at their foremost points (where they intersect the street line) shall not be less than 80 percent of the required lot width except in the case of a lot on the turning circle of a cul-de-sac, where the 80 percent requirement shall not apply.

Lot of record means a lawfully laid out lot which is part of a subdivision recorded in the proper office of the registry of deeds, or a lawfully laid out lot or parcel described by metes and bounds, the description of which has been so recorded.

Lot types means the diagram which follows illustrates terminology used in this chapter with reference to corner lots, interior lots, reversed frontage lots and through lots. In the diagram above, the lots designated by letters are defined as follows:

(1) Corner lot, defined as a lot located at the intersection of two or more streets. A lot abutting on a curved street or streets shall be considered a corner lot if straight lines drawn from the foremost points of the side lot lines to the foremost points of the side lot lines to the foremost point of the lot meet at an interior angle of less than 135 degrees. (See lots marked A(1) in diagram)

(2) Interior lot, defined as a lot other than a corner lot with only one frontage on a street other than an alley.

(3) Through lot, defined as a lot other than a corner lot with frontage on more than one street other than an alley. Through lots with frontage on two streets may be referred to as double frontage lots.

(4) Reversed frontage lot, defined as a lot in which the frontage is at right angles or approximately right angles to the general pattern in the area involved. A reversed frontage lot may also be a corner lot or an interior lot. (See A-D and B-D in diagram.)

Lot, undersized, means for zoning purposes, as covered by this chapter, an undersized lot is a parcel of land of insufficient size to meet minimum zoning requirements for area or width or depth.

Major or principal arterial highway means the highway that:

(1) Serves the major traffic movements within urbanized areas such as between central business districts and outlying residential areas, between major intercity communities, or between major suburban centers;

(2) Serves a major portion of the trips entering and leaving the urban area, as well as the majority of the through traffic desiring to bypass the central city;

(3) Provides continuity for all rural arterials which intercept the urban area. The term "major or principal arterial highways" includes Washington Street (State Routes 4 and 100, U.S. 202), Minot Avenue (State Routes 11 and 121), Union Street/Center Street/Turner Road (State Route 4), Veterans Memorial Bridge and approaches (State Routes 11 and 100, U.S. Route 202), North Bridge/Court Street to in town Minot Avenue Intersection (Turner Street), Court to Center Street (State Route 4).

Major recreational use of land means permanent use of at least 100 acres of outdoor space limited to ski areas with at least two lifts and public and private golf courses with a minimum of 18 holes.

Major retail development means a single building in excess of 100,000 square feet of new ground floor retail space.

Manufactured housing means a structural unit designed for occupancy, and constructed in a manufacturing facility and then transported by the use of its own chassis, or placed on an independent chassis, to a building site. The term "manufactured housing" includes any type of building which is constructed at a manufacturing facility and then transported to a building site where it is utilized for housing and may be purchased or sold by a dealer in the interim. The term "manufactured housing" includes newer mobile homes and modular homes.

Mining, quarrying, or *earth removing* means the excavation of any earth materials.

Minor arterial highway means the highway that:

(1) Serves trips of moderate length at a somewhat lower level of travel mobility than principal arterials;

(2) Provides access to geographic areas smaller than those served by the major arterial highway system; and

(3) Provides intra-community continuity but does not penetrate identifiable neighborhoods. Examples are Riverside Drive, Mill Street, South Bridge (Broad Street to Mill Street), Main Street, Mechanics Row, High Street (Minot Avenue to Academy Street), Academy Street (High Street to Main Street), Elm Street, Spring Street (Minot Avenue to Court Street), Turner Street (Union Street to Turner Road), Mount Auburn Avenue (Center Street to Turner Street), Lake Street, Court Street (Union Street to in town Minot Avenue Intersection), Hotel Road (Manley Road to Poland Spring Road).

Mobile home development, intended to be generic, includes mobile home parks, mobile home subdivisions, and mobile home condominiums.

Mobile home park means a parcel of land under single ownership in rural residence and suburban residence districts which has been planned and improved for the placement of not less than three mobile homes for nontransient use.

Mobile homes, newer, means those units constructed after June 15, 1976, commonly called "newer mobile homes," which the manufacture certifies are constructed in compliance with the United States Department of Housing and Urban Development standards, meaning structures, transportable in one or more sections, which, in the traveling mode, are 14 body feet or more in width and are 700 or more square feet, and which are built on a permanent chassis and designed to be used as dwellings on foundations when connected to the required utilities,

including the plumbing, heating, air conditioning and electrical system contained therein; except that the term "newer mobile homes" includes any structure which meets all the requirements of this definition, except the size requirements and with respect to which the manufacturer voluntarily files a certification required by the Secretary of the United States Department of Housing and Urban development and complies with the standard established under the National Manufactured Housing Construction and Safety Standards Act of 1974, United States Code, 42 USC 5401 et seq.

Mobile homes, older, means any factory-built home which fails to meet the definition of manufactured housing and more specifically, the term "older mobile homes" means any mobile home constructed prior to June 15, 1976. These units shall be restricted to approved mobile home parks.

Modular homes means those units which the manufacturer certifies are constructed in compliance with the state's Manufactured Housing Act and regulations, meaning structures, transportable in one or more sections, which are not constructed on a permanent chassis and are designed to be used as dwellings on foundations when connected to required utilities, including the plumbing, heating, air conditioning or electrical systems contained therein.

Motel means a building or group of detached buildings intended primarily to provide sleeping accommodations to the public on a daily rate of compensation and having a parking space generally located adjacent to a sleeping room. Such facilities may include a main kitchen or snack bar for the use of motel guests only.

Municipal sanitary landfill means a disposal site for household, commercial and industrial wastes, sludge or incinerator ash operated or controlled for operation by the city in a controlled manner involving the covering of deposited wastes with layers of earth so as to reduce health hazards and public nuisances from vermin, insects, odors and wind-borne debris. The location and design of sanitary landfills also require precautions against ground and surface water contamination through clay lining, water impoundment, aquifer avoidance and similar techniques.

Municipal or public utilities and communication facilities means the use of land for public utility purposes by an entity providing pipeline, gas, electrical, telephone, telegraph, water, or sewage service. "Public utility" also includes the use of land for utility purposes, whether or not owned, controlled, or operated by a public entity, whose services are performed for or commodities delivered to the public or any portion thereof. Facilities that provide for the transmission, transfer, and distribution of telephone service and related activities that are not a minor or major utility facility. For the purposes of this chapter, a municipal or public utility or communications facility includes, but is not limited to, the following: a private telephone company or paging service, any utility regulated by the Maine Public Utilities Commission, and any other commercial communications tower.

Municipal uses means any lawful use of a building or of land carried on by the city sanitary landfill shall not be deemed a municipal use.

Museum means a building or place where works of art or other objects of permanent value are kept and displayed, provided such objects are not offered for sale.

Nonconforming building means a building lawfully existing at the time this or any previous zoning ordinance became effective and which does not conform to the dimensional regulations of the district in which it is located.

Nonconforming lot means a lot lawfully existing at the time this or any previous zoning ordinance became effective and which does not conform to the dimensional regulations of the district in which it is located.

Nonconforming use means a use of a building or of land lawfully existing at the time this or any previous zoning ordinance became effective and which does not conform with the use regulations of the district in which it is located.

Nursery means an outdoor place where live trees, shrubs, vines and plants are propagated, grown or maintained before permanent planting. Activities associated with nursery a business include: the sale of nursery

products and related gardening supplies, the storage of material used in the maintenance of plants and growing items sold and the use of power-motorized equipment required by the nursery.

Nursery, child, means a facility providing a program less than 24 hours per day per child for the care of infants up to the age of 2½ years.

Nursery, wholesale, means a nursery where plants, trees, shrubs and vines are propagated and/or grown and sold only at wholesale to industry related buyers such as retail nurseries, greenhouses and landscape contractors. A wholesale nursery may also provide landscape services accessory to the nursery use provided.

(1) At least one-half of the area of the lot (up to a maximum of three acres) is in active nursery production in a husband type manner; and

(2) The plants and trees propagated, grown and nurtured in the nursery are used as the primary products by the owner/operator of the landscape service.

Office means a building, or portion of a building wherein services are preformed involving predominantly administrative, professional or clerical operations.

Office trailer means a movable vehicle or structure designed for year round or temporary occupancy for purposed of supervising construction; for business actually engaged in the business of selling manufactured housing, mobile homes and trailers; and as temporary office space for a business during the period in which permanent office space is being constructed.

Open space, common means land within or related to a development which is not individually owned and is designed and intended for the common use or enjoyment of the residents of a development and may include such complementary structures and improvements as are necessary and appropriate.

Outpatient addiction treatment clinic means a program or facility operated for the purpose of and specializing in the care, treatment and/or rehabilitation of persons suffering with addictions, including but not limited to gambling addition, alcohol or controlled substance addictions. The term "outpatient addiction treatment clinic" includes, but is not limited to, substance abuse treatment programs licensed by the State of Maine Department of Behavioral and Developmental Services Office of Substance Abuse. An outpatient addiction treatment clinic shall not be located within 2,000 feet of any property that is occupied by a church, school, family day care home, small day care facility, day care center, or public park or playground on the date of application for a license for such a facility. The term "outpatient addiction treatment clinic" does not include an inpatient or residential addiction treatment program, or a program consisting solely of support group activities without treatment by licensed health practitioners, such as Alcoholics Anonymous, Narcotics Anonymous, and similar programs.

Parapet means a low wall along the edge of a roof or the other portion of a wall that extends above the roof line.

Parking space, off-street, means a rectangular area, not less than nine feet by 18 feet, forming a parking stall within or without a structure, not located in any public right-of-way.

Performing arts center means a public or private space used to create and present various performing and visual arts. For the purposes of this definition, the term "performing arts center" also includes educational and training uses associated with the various performing and visual arts.

Personal services means the furnishing of labor, time and effort by a person as an independent contractor not involving the delivery of a specific end product.

Place of worship see definition of church.

Planning board means the planning board of the City of Auburn, Maine.

Primary entrance means a section of building elevation which contains the street level principal entrance of the business, including the businesses on upper floors or in a basement.

Principal use means the principal use for which a lot or main building thereon is designed, arranged or intended and for which it is or may be used, occupied or maintained.

Professional office means rooms and/or buildings used for office purposes as the principal use by members of any recognized profession, including doctors, dentists, lawyers, accountants, engineers, architects, veterinarians, etc.

Public Safety Services Facilities operated by public agencies to provide services relating to the general health, safety, and welfare of the population, including but not limited to fire stations and other fire prevention and firefighting facilities; police and sheriff substations and headquarter, and emergency response services, excluding correctional facility, interim incarceration, lock-up or jail facilities.

Realm, private means the physical and social domain that is considered private by their physical location and visual association being away from public view. This is considered areas behind the front building facade along with side and rear yard areas.

Realm, public means the physical and social domain of the public that is held in common either by their physical presence or visual association. This includes but is not limited to sidewalks, plazas, squares, parks, streets, front yards, civic buildings and civic spaces.

Recreational uses of land means permanent uses of outdoor space which are intended or designed for public use and include but are not limited to ski areas, golf courses (both public and private), driving ranges, horse boarding and riding facilities, miniature golf, paintball, horse and dog racing, snowmobile races, motorhome or recreational vehicle parks or commercial campgrounds and facilities for mass gatherings when used for two or more events during a calendar year.

Regulating plan means the adopted map that shows the Form Based Code zoning districts, which correspond to the special requirements of the form based code.

Restaurant means an eating place in which food is prepared and vended for immediate consumption on the premises without further preparation by the customer. The takeout of food on an infrequent basis is not prohibited.

Restaurant, carry-out, means an eating place in which all food is vended in disposable containers for consumption on or off premises at the customer's choice; a fast-food restaurant.

Restaurant, drive-in, means an eating place in which the business transacted is conducted by a customer from within his automobile or in which consumption of goods sold normally takes place within the customer's automobile on the establishment's premises.

Retail means a principal use encompassing the sale of commodities or goods in small quantities directly to the consumer. The term "retail" sales does not include sales of professional, financial and governmental services and personal services, including but not limited to a hotel and its accessory uses (restaurants, salons, gift shops, recreational facilities, convention space, etc.).

Retail space means the areas of a building, within a climate controlled environment, devoted to the display of commodities or goods for sale directly to the consumer and including customer sales transaction areas and areas associated with customer access.

Rifle, pistol, skeetor trap shooting range means a rifle, pistol, skeet or trap shooting range operated by an individual or club. Such a range may be opened to the general public or developed for the exclusive use of the individual, or club and invited guests.

Road means any public or private traveled way or any portion thereof.

Roof means the covering for a building which is an integral part of the structure for the purpose primarily of protecting the interior of the building or covering a porch or other similar permanent portion thereof, excluding awnings, stoop coverings, or similar additions which are removable without substantially impairing the original structure.

Sawmill means a unit designed to saw logs into lumber, firewood or other processed wood products.

School means an educational institution offering an academic curriculum; not the teaching of the crafts or a training school offering a program of trade, technical instruction or physical education. (See the term *Training school.*)

Shared housing means housing consisting of two or more families occupying a single dwelling and using common cooking facilities. Shared housing shall permit the same number of families at the same density as allowed in the zoning district where the property is located subject to all applicable codes relating to building, housing, life safety, health and zoning as would be applied to independent living units located in the same structure. Approval for shared housing shall be secured from the department of community development and planning subject to the codes and ordinances indicated in this definition, prior to establishing a shared housing arrangement in any building.

Shelter for abused persons means dwelling facilities complying with the laws administered by the state government human services agencies, providing temporary domiciliary arrangements for children and adults unable to protect their own interest and welfare because of critical family circumstances.

Shopping center or*office mall* means a planned integrated complex of three or more retail stores and/or offices sharing a common structure and developed according to a unified plan. Such uses may include a common pedestrian circulation system and off-street automobile parking facilities.

Sign means any device, display surface, structure or object in public intended for visual communications.

Sign, mobile mounted, means a temporary sign which is mounted or for mounting on wheels or a mobile platform or which is portable.

Sign, official business directional, means any off-premise sign permitted to be erected pursuant to article II of chapter 42.

Sign, on-premises, means any sign that advertises, calls attention to, or indicates the person occupying the premises on which the sign is erected or maintained or the business transacted thereon, or advertises the property itself or any part thereof as for sale or rent, and which contains no other matter.

Sign, standing, means any sign that is not attached to a building.

Sign, temporary, means any movable sign, including its supporting structure, intended to be maintained for not more than 90 days in any calendar year.

Site-built home means a building constructed on-site which is designed to be used as a dwelling on foundations, when connected to the required utilities.

Slaughterhouse (abattoir, dressing plant) means any building, place or establishment in which is conducted the slaughtering of livestock and/or poultry for commercial purposes.

Special exception means a use that would not be appropriate generally or without restriction throughout the district, but which, if controlled as to number, area, location or relation to the neighborhood, would promote the public health, safety, welfare, order, comfort, convenience, appearance, prosperity, or general welfare. Such a use may be permitted in such district as a special exception, if specific provision for such special exception is made in this zoning chapter and reasonable restrictions imposed by the planning board are complied with.

Specialty shop means a retail business offering products of a similar kind and nature designed for a particular use, purpose or occasion and distinguished from a store offering the same type of product together with other products of a nonhomogeneous quality.

Stable, riding, means any building or structure used or designed for boarding, breeding or care of horses, other than horses used for farming or agricultural purposes.

Standing means a person who holds title, right or interest in a property which may include a written option, contract to purchase the property or a leasehold interest or may be a person who can show how his actual use or enjoyment of property will be adversely affected by the proposed decision as an abutter as defined in section 60-1473.

Story means that portion of a building between the surface of any floor and the surface of the other floor or roof next above it, but not including the lowest portion so contained if more than one-half of such portion vertically is below the mean finished grade of the ground adjoining such building unless such space is used for business or as habitable space, in which case it shall count as a story.

Story, half, means a story under the gable, hip or gambrel roof, the plates of which on at least two opposite exterior walls are more than two feet above the floor of such story.

Street means the following:

(1) A public way laid out and established by the state, county commissioners of the County of Androscoggin;

(2) A way accepted by the municipal officers of the city;

(3) A way as to which a petition for improvements has been allowed under the provisions of this chapter for which the cost of the improvements has been provided for by the developer in either a cash amount or as provided for in this chapter; or

(4) A way on a plan of a subdivision duly approved by the planning board.

Street frontage. See the term *Frontage.*

Street line means a line defining the edge of a street right-of-way separating the street from abutting property or lots.

Street, primary means the street that is considered to be more intensely used than the other on a corner or double sided lot.

Street, secondary means the street that is considered to be less intense to the other on a corner or double sided lot.

Structure of community significance means a building that by virtue of its historic, social, cultural or economic contribution to the community, as determined by the planning board, is entitled to a special exception allowing its adaptive reuse. The planning board may consider a building's age, as well as any evidence of its role in the historic, social cultural, or economic history of the community, in determining whether a building qualifies for this designation.

Structure or *building* means a combination of materials to form a construction that is safe and stable including, among other things: stadia, reviewing stands, platforms, automobile parking garages, stagings, windmills, observation towers, trestles, sheds, coal bins, shelters and display signs, but not fences of any kind.

Subdivision means a division of land as defined in 30-A M.R.S.A. § 4401.

Summer camps means seasonal dwelling units intended for and actually used for single-family dwellings only during the months of May, June, July, August, September and October or weekends or other periods of vacations not exceeding 30 days.

Supermarket means a retail establishment having an interior selling space of 3,000 square feet or more where general food supplies for the table and other articles of household use are offered for sale.

Swimming pool means any manmade receptacle or excavation housing a surface area of 250 square feet, or more, designed to hold water to a depth of at least 24 inches, primarily for swimming or bathing whether in the ground or above the ground.

Theater, indoor, means a building designed and/or used primarily for the commercial exhibition of motion pictures or plays to the general public.

Theater, outdoor, includes only those areas, buildings or structures designed and used for the commercial outdoor exhibition of motion pictures to passengers in parked motor vehicles.

Tourist home. See the term *Bed and breakfast home.*

Townhouse means a single-family dwelling unit that is one of two or more residential buildings having a common or party wall separating the units.

Trailer or *RV* means any vehicle or structure, except a device exclusively used upon stationary rails or tracks, mounted on wheels for use on highways and streets; propelled or drawn by its own or other motor power; and designed and constructed to provide living and/or sleeping quarters for one or more persons or for the conduct of a business, profession, trade or occupation for use as a selling or advertising device. If the wheels of a trailer are removed, except for repairs, it is deemed a building subject to all the regulations thereof. A trailer shall not be considered an accessory building.

Trailer home means a travel trailer, camping trailer or other similar vehicle capable of being hauled by a passenger automobile or light truck and designed primarily for temporary occupancy for recreational purposes or other seasonal use. A trailer home shall not be considered an accessory building.

Training school means a public or private school or training institution which offers a training program of trade, technical instruction, or physical education. A training school shall not be deemed a home occupation.

Transect (rural-to-urban) means a cross-section of the environment showing a range of different building development zones. The rural-to-urban transect of the human environment is divided into multiple transect zones that describe the physical form and character of a place according to the intensity of its land use and building development pattern.

Transmission towers means a structure that has the sole purpose of transmitting radio, television, cellular telephone or telephone waves from one location to another.

Useable open space means open or green space that is accessible for the use and enjoyment of residents, shall not be steep sloped (over ten percent slope), shall not include wetlands, parking or required buffer areas, and may include any required yard area or open areas for play.

Variance means a relaxation of the terms of the zoning ordinance where such variance will not be contrary to the public interest and where, owing to conditions peculiar to the property and not the result of the actions of the applicant, a literal enforcement of the ordinance would result in unnecessary and undue hardship. The term "variance" is authorized for only dimensional and supplemental regulations. Establishment of a use otherwise prohibited shall not be allowed by variance, nor shall a variance be granted because of the presence of nonconformities in the district or adjoining districts.

Wayside stand means a structure designed, arranged or used for the display and sale of agricultural products primarily grown or produced on the premises upon which such stand is located. A wayside stand may be located on premises that the products are not grown upon provided such premises is owned by the grower.

Wholesale means sales chiefly to retailers, other merchants, industrial and/or commercial users mainly for resale or business use.

Yard means a required open space on a lot unoccupied and unobstructed by any principal structure or portion of a principal structure.

Yard, front, means the open space extending across the full width of lot between the front lot line and nearest line of the principal building or any enclosed portion thereof. The depth of such yard shall be the shortest horizontal distance between the front lot line and the nearest point of the building or any enclosed portion thereof.

Yard, rear, means the open space extending across the full width of lot between the rear line of the lot and the nearest line of the building or any enclosed portion thereof. The depth of such yard is the shortest horizontal distance between the rear lot line and the nearest point of the building. When the rear lot line is less than ten feet long or if the lot comes to a point at the rear, the depth of the rear yard is measured to an assumed rear lot line as follows, the lot line generally opposite or parallel to the front lot line, except in a through lot. If the rear lot line is less than ten feet long or the lot comes to a point at the rear, said rear lot line is assumed to be a line not less than 20 feet long, lying wholly within the lot, parallel to the front lot line, or in the case of a curved front lot line, parallel to the chord of the arc of said lot line.

Yard, side, means the open space between the side lot line, the side street line, or the proposed side street line and the principal buildings, or any portion thereof, extending from the front yard to the rear yard, or, in the absence of either of such yards, to the front lot line and/or rear lot line. The width of a side yard shall be the shortest distance between the side lot line and the nearest point of the principal building or any portion thereof.

Zone. See the term *District.*

(Ord. of 9-21-2009, § 2.2; Ord. No. 13-09062011-05, 9-6-2011; Ord. No. 12-09062011-04, 9-19-2011; Ord. No. 04-03072016, 5-16-2016; Ord. No. 11-11072016, 11-21-2016; Ord. No. 05-04032017, § 1, 4-24-2017; Ord. No. 08-08072017, 9-11-2017; Ord. No. 13-11062017, 11-20-2017; Ord. No. 16-11182019, 12-9-2019; Ord. No. 11-03012021, 3-15-2021)

ARTICLE IV. DISTRICT REGULATIONS

DIVISION 1. GENERALLY

Secs. 60-116—60-143. Reserved.

DIVISION 2. AGRICULTURE AND RESOURCE PROTECTION DISTRICT

Sec. 60-144. Purpose.

The purposes of this district are to allow for conservation of natural resources and open space land, and to encourage agricultural, forestry, and certain types of recreational uses. It is declared to be in the public interest that these areas should be protected and conserved because of their natural, aesthetic and scenic value, the need to retain and preserve open space lands, their economic contribution to the city, and primarily because these areas are so remote from existing centers of development that any added uncontrolled growth could result in an economic burden on the city and its inhabitants. This section shall be construed so as to effectuate the purposes outline here and to prevent any attempt to establish uses which are inconsistent with these purposes or any attempt to evade the provisions of this division.

(Ord. of 9-21-2009, § 3.31A)

Sec. 60-145. Use regulations.

(a) *Permitted uses.* The following uses are permitted:

(1) One-family detached dwellings, including manufactured housing subject to all the design standards, except the siting requirements of section 60-1010, as set forth in division 6 of article XII of this chapter, on parcels containing no less than ten acres, provided that the dwelling is accessory to farming operations and subject to the following restrictions:

a. At least 30 percent of the gross annual household income of the farm occupants living in the farm residence will be derived from farm uses or the gross farm income of the farm occupants living in the farm residence is equal to or greater than 30 percent of the city's median household income, according the most recent census data.

b. No certificate of occupancy shall be issued for any such farm residence until the barns, livestock pens, silos, or other such buildings or structures which are to be erected in connection with the proposed agricultural use as shown on the plans and specifications presented to the municipal officer charged with enforcement are 75 percent completed.

c. In no case shall any farm residence constructed under the provisions of this section after the effective date of the amended ordinance from which this section is derived continue to be occupied as a residence if the principal agricultural use has been abandoned or reduced in scope below the minimum requirements as shown on the plans and specifications presented to the municipal officer charged with enforcement.

d. Any residence constructed under this article shall not be converted to nonfarm residential use except by permission of the planning board based upon a finding that the abandonment or reduction in such use resulted from causes beyond the control of the applicant and not from any intention to circumvent the requirements of this article.

(2) Buildings, equipment and machinery accessory to the principal use including, but not limited to: barns silos, storage buildings and farm automobile garages.

(3) Forest products raised for harvest.

(4) Field crop farms.

(5) Row crop farms.

(6) Orchard farms.

(7) Truck gardens.

(8) Plant and tree nurseries.

(9) Greenhouses.

(10) Handling, storage and sale of agriculture produce and processed agricultural products derived from produce grown on the premises.

(11) Livestock operations including poultry farms, cattle farms, dairy farms, stud farms, hog farms, sheep ranches, other animal farms, including farms for raising fur-bearing animals.

(12) Wayside stands.

(13) Two-family dwellings which are created from the conversion of a one-family dwelling structure which was constructed prior to 1900.

(14) Adult use and medical marijuana cultivation, but not retail sales of any kind.

(15) Marijuana manufacturing accessory to a licensed cultivation site.

(16) Ground-mounted and dual-use solar energy generating systems less than one acre in total land area as defined in section 60-1501.

(b) *Special exception uses.* The following uses are permitted by special exception after approval by the planning board in accordance with the provisions of division 3 of article XVII of this chapter:

(1) Sawmills and their customary accessory land uses and buildings incidental to the harvesting of forest products, subject to the following conditions:

a. Sawmill and accessory activity shall not be detrimental to the neighborhood or the city by reason of special danger of fire or explosion, pollution of rivers or perennial streams or accumulation of refuse.

b. Wood processing operation shall be located no closer than 75 feet from any river or perennial stream, 250 feet from any zoning district boundary or residential dwelling and shall be limited to four persons employed.

c. Where natural vegetation is removed, it shall be replaced within six months with other vegetation which will be equally effective in retarding erosion and will preserve natural beauty.

(2) Veterinary hospitals, where operated by licensed veterinarians, including offices and facilities for temporarily boarding animals.

(3) Handling, storage and sale of agricultural services, equipment, and supplies accessory to the farming use.

(4) Bona fide residences required for farm labor. Any residence constructed for farm labor shall not be converted to nonfarm residential use except by permission of the planning board based upon a finding that the abandonment or reduction in such use resulted from causes beyond the control of the applicant and not from any intention to circumvent the requirements of this division. The findings and the conditions upon which such altered use may be continued shall be made a part of the permanent records.

(5) Recreational uses of land intended or designed for public use subject to the following conditions:

a. No such recreational use shall be expanded or extended so as to occupy additional land area greater than 20 percent of the original area or one acre, whichever is less; or by the construction of a structure or an addition to an existing structure by more than 900 square feet of additional floor space unless the owner or occupant first obtains approval of the planning board in the manner and upon the same terms as approvals of initial recreational uses.

b. Any proposed new or expanded recreational use shall be completed on or before the estimated completion date except that the planning board may grant reasonable extension of time where good cause for the failure to complete is shown.

(6) Any legally nonconforming summer camp or cottage may be rebuilt if destroyed by fire or other casualty, subject to the following conditions:

a. Such reconstruction shall comply with all ordinances applicable to new construction. Such reconstruction need not, however, comply with zoning provisions which would otherwise be applicable except for the provisions of article XII of this chapter.

b. In cases where no minimum setback is established by division 5 of article XII of this chapter an open yard space of at least ten feet between the building as reconstructed and each of the property lines shall be maintained.

(7) Rifle, pistol, skeet or trap shooting ranges, public or private.

(8) Cemeteries, subject to the following conditions:

a. At least 20 acres in area.

b. Not located in any environmental overlay district or over any known aquifer.

(9) Municipal sanitary landfills, subject to the following conditions:

a. Not located in any environmental overlay district or over any known aquifer.

b. Provisions shall be made to avoid surface water and groundwater pollution.

c. Provisions shall be made for frequent covering of deposited wastes with earth to counteract vermin, insects, odors, and windblown debris.

(10) Radio, radar, television and radio telephone transmitting or broadcasting towers, but not studios or offices for such transmitting or broadcasting, provided that:

a. Every such tower shall be installed in a location and manner that ensures its safe operation and the safety of the surrounding residents, building occupants, land uses and properties.

b. In no case shall such tower be located less than one and one-half times its height from the nearest property line.

(11) Wholesale nurseries, subject to the following conditions:

a. At least one-half of the area of the lot (up to a maximum of three acres) is in active nursery production in a husband type manner.

b. The plants and trees propagated, grown and nurtured in the nursery are used as the primary products by the owner/operator of the landscape service.

(12) Processing and storage of compost and bulking agents from the municipal wastewater sewerage sludge facilities provided that:

a. All compost and amendments are to be stored undercover or screened from the public way and abutting property as determined by the planning board.

b. All federal, state and local ordinances and laws relating to the processing and storage of waste are complied with.

c. An end-use plan must be filed as part of the planning board process.

(13) Licensed hospice care facility provided that it shall be licensed by the state as a Medicare certificate hospice.

(14) Slaughterhouse, stockyard, abattoir, dressing plant in compliance with state and federal regulations subject to the following conditions:

a. The facility shall not be located within the Lake Auburn Watershed Overlay District, the watershed of Taylor Pond, the shoreland overlay district or the floodplain overlay district.

b. The proposed use shall not occupy more than 10,000 square feet of building area.

c. The number of employees shall be limited to not more than 15.

d. Accessory retail sales shall be limited to 10 percent of building area or 1,000 square feet, whichever is smaller.

e. Hours of operation shall limited to between 6:00 a.m. and 8:00 p.m.

(15) Compost operations, excluding municipal and industrial waste, to process products such as manure, bedding, animal mortalities, waste feed, produce, forestry by-products, leaves and yard trimmings in compliance with state and federal regulations, subject to the following conditions:

a. All compost sites shall be evaluated for suitability by a properly qualified professional, including benchmark water testing prior to approval.

b. Provisions shall be made to avoid surface and groundwater pollution.

c. Provisions shall be made to counteract vermin, insects and odors.

d. Must comply with all applicable state department of environmental protection and state department of agriculture rules and regulations and best management practices.

e. Shall not be located within the Lake Auburn Watershed Overlay District.

(16) Adaptive reuse of structures of community significance.

(17) Assembly, sale, research and development, distribution, instruction, training, demonstration or maintenance of recreational or agricultural equipment, including buildings as accessory structures used in the assembly, sale, distribution, instruction, training, demonstration, or maintenance of recreational or agricultural equipment, subject to the following conditions:

a. The proposed use is accessory, complementary, or otherwise related to a recreational or agricultural use;

b. The recreational or agricultural use has been in existence for at least five years prior to the date of the application for the special exception; and

c. The recreational or agricultural use is located on the parcel for which the special exception is requested or is adjacent to the property for which the special exception is requested.

(18) One-family detached dwellings, including manufactured housing, subject to all the design standards, except the siting requirements of section 60-1010, as set forth in division 6, article XII of this chapter, on parcels containing greater than 6.1, but less than ten acres, provided that the dwelling is accessory to farming operations and subject to the following restrictions:

a. At least 30 percent of the gross annual household income of the farm occupants living in the farm residence will be derived from farm uses or the gross farm income of the farm occupants living in the farm residence is equal to or greater than 30 percent of the city's median household income, according to the most recent census data; and

b. No certificate of occupancy shall be issued for any such farm residence until the barns, livestock pens, silos, or other such buildings or structures which are to be erected in connection with the proposed agricultural use as shown on the plans and specifications presented to the municipal officer charged with enforcement are 75 percent completed; and

c. The applicant shall demonstrate compliance with the following requirements, said compliance to be first reviewed by the Agricultural Advisory Committee for recommendation:

1. The applicant shall provide a farm business plan that appears feasible and, if implemented, will meet the definition of a farm.

2. The parcel can reasonably accommodate the proposed farm.

3. The applicant shall demonstrate a commitment to the proposed farm use through compliance with the following requirements:

4. The parcel must contribute to a gross income per year of at least the amount required to meet the definition of farmland in 36 M.R.S.A. § 1102(4), per year from the sales value of agricultural products as defined in 7 M.R.S.A. § 152(2) in the two calendar years preceding the date of application for special exception use approval. Gross income includes the value of commodities produced for consumption by the farm household.

5. The proposed residence shall be accessory to farming.

6. The proposed residence shall not be located in the Lake Auburn Watershed Overlay District.

d. The parcel was existing as of October 1, 2017, contains more than five acres of land area, and otherwise meets the requirements of this chapter.

e. In no case shall any farm residence constructed under the provisions of this section, after the effective date of the amended ordinance from which this section is derived, continue to be occupied as a residence if the principal agricultural use has been abandoned or reduced in scope below the minimum requirements as shown on the plans and specifications presented to the municipal officer charged with enforcement.

f. Any residence constructed under this article shall not be converted to nonfarm residential use except by permission of the planning board based upon a finding that the abandonment or reduction in such use resulted from causes beyond the control of the applicant and not from any intention to circumvent the requirement of this article.

(19) Ground-mounted and dual-use solar energy generating systems greater than one acre in total land area as defined in section 60-1501, subject to the following conditions:

a. Must comply with the provisions of article XVIII under this chapter;

b. Setbacks, including appurtenant structures and parking areas, shall be subject to the following yard requirements:

1. *Rear.* There shall be behind every structure associated with a solar energy generating system a rear yard having a minimum depth of 25 feet.

2. *Side.* There shall be a minimum distance of 15 feet between any structure associated with a solar energy generating system and the side property line.

3. *Front.* There shall be in front of every structure associated with a solar energy generating system a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot whichever is less.

c. Lot coverage shall not exceed 30 percent, as defined under subsection 60-1506(a)(2).

d. *Total land area.* Once one percent of the agriculture and resource protection district has been developed into solar energy generating systems, the planning board must find that any additional proposed solar energy generating systems will not materially alter the stability of the overall land use pattern of the agriculture and resource protection district. In making this determination, the planning board shall consider the overall effect of existing and potential solar energy generating systems and if it will be more difficult for existing farms in the area to continue operation due to diminished opportunities to expand, purchase or lease farmland, acquire water rights, or diminish the number of tracts or acreage in farm use in a manner that will destabilize the overall character of the surrounding area. The planning board shall request an assessment of the proposed project based on subsection 60-145(b)(19)d. by the agriculture committee and, if located in the resource protection district, the conservation commission and carefully consider their recommendations.

e. All applications shall consider the location of existing grid infrastructure and plan to limit the need to extend the amenities for optimal efficiency.

f. If a solar energy generating system is proposed on forestland in the agriculture and resource protection district, on a parcel adjacent to prime farmland or land currently used for farming, clearing of forestland or the use of prime farmland may be permitted under the following conditions:

1. The presence of the solar energy generating system will not result in unnecessary soil erosion or loss that could limit agricultural productivity on the subject property or abutting properties.

2. At the time of decommissioning of any solar energy generating system approved by the planning board, the current sitting planning board shall review the site and proposed decommissioning plan for the conversion of the parcel into prime farmland or forestland, as applicable under the current ordinance standards.

3. A survey of critical wildlife habitat is provided at the time of application, if a project is located in an area determined to be essential habitat, as defined by the state department of inland fisheries and wildlife, an IF&W recommendation shall be secured before a planning board ruling.

4. A vegetative cover plan is provided that demonstrates, where feasible, the replanting of forested areas disturbed during construction and preservation of prime soils throughout the life of the project.

g. *Prime soils.* All solar energy generating systems proposed in the agriculture and resource protection district shall include a soil analysis. Such analysis shall demonstrate if the site proposed for development contains prime farmland as defined by the United States Department

of Agriculture (USDA). Least productive agricultural soils shall be considered first for development unless it can be demonstrated to the planning board that:

1. Non-prime farmland is not reasonably available on the subject property.

h. All applications for solar energy generating systems in the agriculture and resource protection district shall be subject to the following provisions:

1. Siting of the overall facility and individual panels shall keep with the existing contours of the land;

2. Only pile driven, or ballast block footing shall be used so as to minimize the disturbance of soils during installation;

3. To the extent possible, infrastructure shall not be located on steep slopes; and

4. A plan for topsoil maintenance shall be provided at the time of application to the planning board.

i. All operations and maintenance plans shall also include:

1. A plan prioritizing the ability to co-mingle agricultural and energy generation land uses including but not limited to: apiaries, grazing or handpicked crops.

2. A plan that provides habitat for native plants and animals and native pollinators.

(20) Municipal or public utilities and communications facilities

(21) Municipal uses

(Ord. of 9-21-2009, § 3.31B; Ord. No. 32-02072011-07, 2-7-2011; Ord. No. 06-08012011-07, 8-1-2011; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 06-06052017, 6-19-2017; Ord. No. 04-05202019, 6-3-2019; Ord. No. 17-11182019, 12-9-2019; Ord. No. 05-05182020, 6-1-2020; Ord. No. 11-03012021, §§ 5, 6, 3-15-2021)

Sec. 60-146. Dimensional regulations.

All structures in this district, except as noted shall be subject to the following dimensional regulations:

(1) *Minimum lot area, width and depth.* No lot shall be created containing less than ten acres, exclusive of any bodies of water having a surface area of one-fourth of an acre or more and measuring less than 250 feet in width at the street frontage, and 200 feet in depth. No building shall be erected on a lot containing less than ten acres, except as allowed in this section, exclusive of any bodies of water having a surface area of one-fourth of an acre or more, and measuring not less than 250 feet in width at the street frontage, and 200 feet in depth.

a. A building may be erected on a lot containing not less than 50,000 square feet and possessing the required minimum frontage width provided it is contiguous with other lots or parcels of land in the same ownership containing an aggregate of not less than ten acres; notwithstanding the separation of the said other lots or parcels of land by a road, stream, private right-of-way or other natural boundary from the lot on which the building is to be constructed. This section shall not be construed to prevent the construction of nonresidential accessory farm buildings on any such lot.

b. On legally nonconforming undersized lots, the keeping of horses, mules, cows, goats, sheep, hogs, and similar sized animals for domestic use of the residents of the lot is permitted provided

that the land area required per animal unit conforms to the definition of farm, livestock contained in section 60-2.

c. A dwelling may be constructed on lots existing as of October 1, 2017 and containing greater than 6.1 acres but less than ten acres, if approved as a special exception pursuant to subsection 60-145(b)(18).

(2) *Density.* The density of year-round dwelling units shall not exceed an average of one dwelling per ten acres, unless approved pursuant to subsection (1) above.

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 25 feet.

b. *Side.* There shall be a minimum distance of 15 feet between any building and the side property line.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot whichever is less.

(4) *Height.* The height of all dwelling structures shall be limited to two and one-half stories or 35 feet in height. Accessory buildings and structures may have a maximum height of 65 feet from grade, provided that the front yard, rear yard and each of the side yards shall be increased by one foot for each foot in height in excess of 35 feet.

(5) *Off-street parking.* Off-street parking spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.31C; Ord. No. 18-11182019, 12-9-2019; Ord. No. 11-03012021, §§ 7, 8, 58, 3-15-2021)

Secs. 60-147—60-199. Reserved.

DIVISION 3. LOW DENSITY COUNTRY RESIDENTIAL DISTRICT

Sec. 60-200. Purpose.

The purpose of this zone is to maintain and promote the rural/agricultural character of the land within this zone. This zone is composed of those areas in the city whose predominant land use is rural, wooded and agricultural. The regulations for this zone are designed to protect and stabilize these predominant land uses which are the essential characteristics of these areas and to minimize conflicting land uses detrimental to agricultural enterprises. Since residences are only incidental to this zone's development, the densities which require improved roads and expanded municipal services, in excess of those required by the present agricultural-oriented uses, shall not be permitted.

(Ord. of 9-21-2009, § 3.32A)

Sec. 60-201. Use regulations.

(a) *Permitted uses.* The following uses are permitted:

(1) All uses permitted in the Agriculture and Resource Protection District, except uses allowed by section 60-145(a)(8), (14) and (15).

(2) One-family detached dwellings.

(3) Two-family dwellings.

(4) Lawn maintenance services.

(b) *Special exception uses*. The following uses are permitted by special exception after approval by the planning board in accordance with the provisions of division 3 of article XVI of this chapter:

(1) All uses permitted by special exception in the Agriculture and Resource Protection (AR) District, (division 2 of article IV of this chapter), except uses allowed by section 60-172(b)(7), (14), and (15).

(2) Bed and breakfast.

(3) Adaptive reuse of structures of community significance.

(Ord. of 9-21-2009, § 3.32B; Ord. 33-02072011-08, 2-7-2011; Ord. No. 08-08012011-07b, 8-1-2011; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 11-08192019, 9-9-2019; Ord. No. 11-03012021, § 9, 3-15-2021; Ord. No. 27-06212021, 7-19-2021)

Sec. 60-202. Dimensional requirements.

All structures in this district except as noted shall be subject to the following dimensional regulations:

(1) *Minimum lot area, width and depth.* No lot shall be created and/or no building shall be erected on a lot containing less than three acres and measuring less than 325 feet in width. No lot shall be less than 200 feet in depth. The keeping of horses, mules, cows, goats, sheep, hogs and similar size animals for domestic use of the residents of the lot is permitted provided that the land area required per animal unit forms to the definition of farm, livestock contained in section 60-2.

(2) *Density.* The density of dwelling units shall not exceed an average of one dwelling per three acres.

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 50 feet or 25 percent of the average depth of the lot, whichever is less.

b. *Side.* There shall be a minimum distance of 15 feet between any building and the side property line plus the side yard setback shall be increased one foot for every five feet or part thereof increase in street frontage over 50 feet to a maximum of 25 feet for side yard setback.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 50 feet or 25 percent of the average depth of the lot whichever is less.

(4) *Height.* The height of all dwelling structures shall be limited to 2½ stories or 35 feet in height. Accessory buildings and structures may have a maximum height of 65 feet from grade, provided that the front yard, rear yard, and each of the side yards shall be increased by one foot for each foot in height in excess of 35 feet.

(5) *Off-street parking.* Off-street parking spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.32C; Ord. No. 11-03012021, §§ 10, 11, 3-15-2021)

Secs. 60-203—60-227. Reserved.

DIVISION 4. LOW DENSITY RURAL RESIDENCE DISTRICT

Sec. 60-228. Purpose.

This district is intended to provide for low density rural residential areas while protecting adjacent agriculture and resource protection districts, allowing a degree of residential development compatible with maintenance of environmental quality and preservation of the open character of the area.

(Ord. of 9-21-2009, § 3.41A)

Sec. 60-229. Use regulations.

(a) *Permitted uses.* The following uses are permitted:

(1) All uses permitted in the Agriculture and Resource Protection District pursuant to section 60-145(a), except 60-145(a)(14) and (15).

(2) One-family detached dwellings.

(3) Two-family dwellings.

(4) Attached single-family dwellings, provided that they are approved by the planning board as part of a planned residential unit development and subdivision, under the provisions of division 9 of article IV and division 4 of article XVI of this chapter.

(5) Mobile home parks, subject to the requirements and conditions of section 60-669, mobile home park standards.

(6) Licensed veterinarians provided that the lot is of at least three acres.

(7) Wayside stands.

(8) Accessory uses, buildings or structures.

(9) Lawn maintenance services.

(10) Municipal uses and buildings.

(b) *Special exception uses.* The following uses are permitted by special exception after approval by the planning board in accordance with the provisions of division 3 of article XVI of this chapter:

(1) Radio, radar, television and radio-telephone transmitting or broadcasting towers, but not studios or offices for such transmitting or broadcasting, provided that:

a. Every such tower shall be installed in a location and manner that ensures its safe operation and the safety of the surrounding residents, buildings occupants, land uses and properties.

b. In no case shall such tower be located less than 1½ times its height from the nearest property line.

(2) Care homes, lodginghouses and boardinghouses.

(3) Recreational uses of land intended or designed for public use, subject to the following conditions:

a. No such recreational use shall be expanded or extended so as to occupy additional land area greater than 20 percent of the original area or one acre, whichever is less; or by the construction of a structure or an addition to an existing structure by more than 900 square feet of additional floor space unless the owner or occupant first obtains approval of the planning board.

b. Any proposed new or expanded recreational use shall be completed on or before the estimated completion date except that the planning board may grant reasonable extension of time where good cause for the failure to complete is shown.

(4) Child day care centers, provided that:

a. They are located on arterial and collector streets as defined in the Auburn Tomorrow Comprehensive Plan.

b. They shall not be located closer than 1,000 feet from other established day care centers.

c. These standards shall not apply to section 60-52.

(5) Cemeteries, provided that:

a. At least 20 acres in area.

b. Not located in any environmental overlay district or over any known aquifer.

(6) Community-based residential facilities, provided that:

a. The minimum distance between any two such facilities shall be 1,500 feet.

b. Any such facility shall house no more than eight persons.

(7) Licensed kennels provided that there shall be available land area of at least three acres.

(8) Training schools.

(9) Handling, storage and sale of agricultural services, equipment, and supplies accessory to the farming use.

(10) Adult day centers.

(11) Landscape services.

(12) Wholesale nurseries, subject to the following conditions:

a. At least one-half of the area of the lot (up to a maximum of three acres) is in active nursery production in a husband type manner.

b. The plants and trees propagated, grown and nurtured in the nursery are used as the primary products by the owner/operator of the landscape service.

(13) Schools.

(14) Churches or temples.

(15) Libraries.

(16) Museums.

(17) Adaptive reuse of structures of community significance.

(18) Public Safety Services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(19) Government services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(20) Government offices

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(21) Municipal or public utilities and communication facilities

(Ord. of 9-21-2009, § 3.41B; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 12-08192019, 9-9-2019; Ord. No. 11-03012021, § 12, 3-15-2021)

Sec. 60-230. Dimensional regulations.

All structures in this district, except as noted, shall be subject to the following dimensional regulations:

(1) *Minimum lot area, width and depth.* No lot shall be created and/or no building shall be erected on a lot containing less than 43,560 square feet and measuring less than 250 feet in width. No lot shall be less than 150 feet in depth. The keeping of horses, mules, cows, goats, sheep, hogs, and similar sized animals for domestic use of the residents of the lot is permitted, provided that the land area required per animal unit conforms to the definition of farm, livestock contained in section 60-2.

(2) *Density.* The density of dwelling units shall not exceed an average of one dwelling per acre.

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 25 feet or 25 percent of the average depth of lot, whichever is less.

b. *Side.* There shall be a minimum distance of five feet between any building and the side property line plus the side yard setback shall be increased one foot for every five feet or part thereof increase in street frontage over 50 feet to a maximum of 15 feet for side yard setback.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot whichever is less.

(4) *Height.* The height of all dwelling structures shall be limited to two and one-half stories or 35 feet in height. A public building, church or temple, and accessory buildings and structures may have a maximum height of 65 feet from grade, provided that the front yard, rear yard, and each of the side yards shall be increased by one foot for each foot in height in excess of 35 feet.

(5) *Off-street parking.* Off-street parking spaces shall be provided in accordance with the requirements of specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.41C; Ord. No. 11-03012021, §§ 13, 14, 3-15-2021)

Secs. 60-231—60-253. Reserved.

DIVISION 5. SUBURBAN RESIDENCE DISTRICT

Sec. 60-254. Purpose.

This district is intended to provide for, protect and stabilize low density suburban residential areas and their adjunct public and institutional uses. It is designed to ensure an open character of development through its lot size requirements and through permitting of certain uses, rural in nature, that are compatible with residential uses.

(Ord. of 9-21-2009, § 3.42A)

Sec. 60-255. Use regulations.

(a) *Permitted uses.* The following uses are permitted:

(1) One-family detached dwellings.

(2) Two-family dwellings.

(3) Attached single-family dwellings, provided that they are approved by the planning board as part of a planned residential unit development and subdivision, under the provisions of division 9 of article IV and division 4 of article XVI of this chapter.

(4) Mobile home parks, subject to the requirements and conditions of section 60-669, mobile home park standards.

(5) Farming of field crops, row crops, orchards or truck gardens.

(6) Greenhouses.

(7) Licensed veterinarians, provided that the lot containing same is of at least three acres.

(8) Farm, livestock provided that the land area required per animal unit conforms to the definition of farm, livestock contained in section 60-2 and:

a. A site plan be submitted to the municipal officer charged with enforcement that contains the information required by section 60-1301.

b. Upon request, the municipal officer charged with enforcement may waive the necessity of providing any of the foregoing information which is not relevant to the proposed development.

c. In judging whether or not a permit to operate an animal farm will be issued, the municipal officer charged with enforcement shall review and make a decision consistent with the finding requirements of section 60-1304.

(9) Wayside stands.

(10) Accessory uses, buildings or structures.

(11) Lawn maintenance services.

(12) Municipal uses and buildings.

(b) *Special exception uses.* The following uses are permitted by special exception after approval by the planning board in accordance with division 3 of article XVI of this chapter:

(1) All uses permitted by special exception in the Rural Residence (RR) District, except those uses allowed by section 60-229(b)(3), (9), (11) and (12).

(2) Professional offices may be created within existing single-family residences in existence at the time of adoption of this chapter, provided the following conditions are met:

a. Such residences shall have frontage on a major arterial as defined in the city's comprehensive plan.

b. Access to parking shall be located on the arterial frontage except for corner lots, in which case access may be located on the secondary roadway frontage.

c. In addition to meeting the requirements of article V of this chapter, required parking shall be separated from all lot lines by a buffer of 30 feet in width. Such buffer shall be vegetated in a manner to fully screen parked vehicles from view at the lot lines. A driveway serving such a parking area must be separated from the side lot line by a sight impervious fence of six feet in

height or a buffer of ten feet in width meeting the vegetation requirements of this subsection (b)(2)c.

d. Signage shall be limited to a single nonilluminated sign with a maximum of 16 square feet of display per side.

(3) Adaptive reuse of structures of community significance.

(4) Public Safety Services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(5) Government services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(6) Government offices

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(7) Municipal or public utilities and communication facilities

(Ord. of 9-21-2009, § 3.42B; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 11-03012021, §§ 15—17, 3-15-2021)

Sec. 60-256. Dimensional regulations.

All structures in this district, except as noted, shall be subject to the following dimensional regulations:

(1) *Minimum lot area, width and depth.* No lot shall be created and/or no building shall be erected on a lot containing less than 21,780 square feet, and measuring less than 150 feet in width; and measuring less than 125 feet in depth.

(2) *Density.* The density of dwelling units shall not exceed an average of two dwellings per acre.

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 25 feet or 25 percent of the average depth of lot, whichever is less.

b. *Side.* There shall be a minimum distance of five feet between any building and the side property line plus the side yard setback shall be increased one foot for every five feet or part thereof increase in street frontage over 50 feet to a maximum of 15 feet for side yard setback.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot whichever is less.

(4) *Height.* The height of all structures shall be limited to 2½ stories or 35 feet in height with the following exceptions: A farm accessory building or structure, church or temple, or windmill may have a maximum height of 65 feet from grade, provided that the front yard, rear yard and each of the side yards shall be increased by one foot for each foot in height in excess of 35 feet.

(5) *Off-street parking.* Off-street parking spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.42C; Ord. No. 11-03012021, § 18, 3-15-2021)

Secs. 60-257—60-275. Reserved.

DIVISION 6. URBAN RESIDENCE DISTRICT

Sec. 60-276. Purpose.

This district is intended to provide for, protect and stabilize medium density urban residential areas of single- and two-family detached dwellings and their adjunct public and institutional uses. It is designed to ensure a family living environment in an urban setting through lot size requirements that provide adequate yard space for family outdoor activity and play space for children.

(Ord. of 9-21-2009, § 3.43A)

Sec. 60-277. Use regulations.

(a) *Permitted uses.* The following uses are permitted:

(1) One-family detached dwellings.

(2) Two-family dwellings.

(3) Attached single-family dwellings, provided that they are approved by the planning board as part of a planned residential unit development and subdivision, under the provisions of division 9 of article IV and division 4 of article XVI of this chapter.

(4) Accessory uses building or structures.

(5) Farming of field crops, row crops, orchards or truck gardens.

(6) Municipal uses and buildings.

(b) *Special exception uses.* All uses permitted by special exception in the Suburban Residence (SR) District (division 5 of article IV of this chapter), except radio, radar, television and radio-telephone transmitting towers are permitted in the Urban Residence (UR) District.

(1) Adaptive reuse of structures of community significance.

(Ord. of 9-21-2009, § 3.43B; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 11-03012021, §§ 19, 20, 3-15-2021)

Sec. 60-278. Dimensional regulations.

All structures in this district, except as noted, shall be subject to the following dimensional regulations:

(1) *Minimum lot area, width and depth.* No lot shall be created and/or no building shall be erected on a lot containing less than 10,000 square feet; and measuring less than 100 feet in width. No lot shall be less than 100 feet in depth. No two-family dwelling shall be erected on a lot containing less than 12,000 square feet.

(2) *Density.* The density of single-family dwelling units shall not exceed four units per acre. The density of two-family dwelling units shall not exceed six units per acre.

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 25 feet or 25 percent of the average depth of lot, whichever is less.

b. *Side.* There shall be a minimum distance of five feet between any building and the side property line plus the side yard setback shall be increased one foot for every five feet or part thereof increase in street frontage over 50 feet to a maximum of 15 feet for side yard setback.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot, whichever is less.

(4) *Height.* The height of all structures shall be limited to 2½ stories or 35 feet in height with the following exceptions: A farm accessory building or structure, church or temple, or windmill may have a maximum height of 65 feet from grade, provided that the front yard, rear yard and each of the side yards shall be increased by one foot for each foot in height in excess of 35 feet.

(5) *Off-street parking.* Off-street parking spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.43C; Ord. No. 11-03012021, § 21, 3-15-2021)

Secs. 60-279—60-304. Reserved.

DIVISION 7. MULTIFAMILY SUBURBAN DISTRICT

Sec. 60-305. Purpose.

This district is intended to stabilize and protect medium to high density residential areas by providing for a varied denser urban pattern made suitable to the needs of the population by encouraging a range of dwelling types. This multifamily zone has a maximum density of 17 dwelling units per acre, yet retains the open character of residential areas by requiring 50 percent green space. It is intended that this district will provide the maximum possible freedom in the design of structures and their grouping and will encourage flexible and imaginative layouts and designs.

(Ord. of 9-21-2009, § 3.44A)

Sec. 60-306. Use regulations.

(a) *Permitted uses.* The following uses are permitted:

(1) One-family detached dwellings.

(2) Two-family dwellings.

(3) Multifamily dwellings in existence on September 23, 1988.

(4) Attached single-family dwellings, provided that they are approved by the planning board as part of a planned residential unit development and subdivision, under the provisions of division 9 of article IV and division 4 of article XVI of this chapter.

(5) Farming of field crops, row crops, orchards or truck gardens.

(6) Shelter for abused persons.

(7) Accessory uses, buildings or structures.

(8) Newly constructed multifamily dwellings and existing structures expanded to contain three or more additional dwelling units within a five-year period, provided that they are approved by the planning board as a subdivision under division 4 of article XVI of this chapter.

(9) Municipal uses and buildings.

(b) *Special exception uses.* The following uses are permitted as special exceptions after approval by the planning board in accordance with division 3 of article XVI of this chapter:

(1) All uses are permitted by special exception in the Urban Residence (UR) District (division 6 of article IV of this chapter).

(2) Off-street parking lot, provided that:

a. Such parking is limited to occupants of buildings located within 500 feet of such parking area whether or not within the same zone.

b. Reasonable conditions imposed by the planning board regarding location, fencing, screening, drainage, ingress and egress, signs and lighting and total capacity of the parking area designed to protect the residential character of the neighborhood are met.

(3) Professional offices.

a. Shall be in buildings which are listed on the state resource list and/or federal historic register.

b. All renovations to the building either internally and externally or both to accommodate the office use shall be accomplished in conformance with accepted historic preservation and rehabilitation guidelines.

c. A single sign to identify the building and its uses, conforming to the requirements contained in article VI of this chapter. Signs shall not be lighted.

(4) Adaptive reuse of structures of community significance.

(5) Public Safety Services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(6) Government services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(7) Government offices

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(8) Municipal or public utilities and communication facilities

(Ord. of 9-21-2009, § 3.44B; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 11-03012021, §§ 22, 23, 3-15-2021)

Sec. 60-307. Dimensional regulations.

All structures in this district, except as noted, shall be subject to the following dimensional regulations.

(1) *Minimum lot area, width and depth.* For each building erected, there shall be provided lot areas as follows:

a. Building housing one family: 10,000 square feet minimum lot area, not less than 100 feet width, and 100 feet in depth.

b. Buildings housing two families: 12,000 square feet minimum lot area, not less than 100 feet width, and 100 feet in depth.

c. Multifamily buildings: 10,000 square feet minimum lot area for the first dwelling unit and 2,000 square feet minimum lot area for each additional dwelling unit. No lot shall be less than 100 feet width and 100 feet in depth. More than one principal building per lot is allowed.

(2) *Density.* The following maximum densities per acre shall apply, according to housing type:

One-family	4 units per acre
Two-family	6 units per acre
Multifamily	17 units per acre

Not less than 50 percent of the net acreage shall be devoted to green area. Green space shall be deemed to include patios, whether paved or not, pedestrian walks, and landscaping within parking lots, but no off-street parking spaces, driveways, or common roads. For townhouse projects, the green area of individual lots may be counted toward the 50 percent green space requirement of the project. Net acreage shall include all land contained within the project except dedicated streets or street rights-of-way shown on the city's adopted master development plan or proposed to be so included within a reasonable period of time.

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 25 feet or 25 percent of the average depth of lot, whichever is less.

b. *Side.* There shall be a minimum distance of five feet between any building and the side property line plus the side yard setback shall be increased one foot for every five feet or part thereof increase in street frontage over 50 feet to a maximum of 15 feet for side yard setback.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot whichever is less.

d. *Principal buildings.* More than one principal building may be erected on a lot, provided that the building meet all yard setback requirements and are separated by a distance equivalent to the height of the higher building or 30 feet, whichever is greater.

(4) *Height.* The height of all structures shall be limited to 2½ stories or 35 feet, except as follows:

a. Multifamily buildings shall have a maximum height of 45 feet from grade.

b. A church or temple or windmill may have a maximum height of 65 feet from grade, provided that the front yard, rear yard and each of the side yards shall be increased by one foot for each foot in height in excess of 35 feet.

(5) *Off-street parking.* Off-street parking spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.44C; Ord. No. 11-03012021, §§ 24, 59, 3-15-2021; Ord. No. 19-05032021, 5-17-2021)

Secs. 60-308—60-332. Reserved.

DIVISION 8. RESERVED[1]

Secs. 60-333—60-358. Reserved.

DIVISION 9. PLANNED UNIT DEVELOPMENTS

Subdivision I. In General

Sec. 60-359. Purpose.

The purpose of this section is to provide for a greater variety and choice of design for urban and suburban living, to gain efficiencies, to coordinate design development efforts, to conserve and make available open space, to utilize new technologies for land development and to offer a flexible alternative to conventional land control regulations. This section should not be used as a device for circumventing the city's development regulations and may be employed in instances where there is truly some benefit to be derived from its use for the community and for the developer. The type and amount of development permitted shall be based on the planning board's evaluation of the development proposal and the purposes standards and provisions set forth in this division.

(Ord. of 3-16-2009, § 3.51(A); Ord. of 9-21-2009, § 3.51A; Ord. No. 08-08072017, 9-11-2017)

Sec. 60-360. Scope.

(a) Application for a PUD-C Planned Unit Development, PUD-I Planned Unit Development or PUD-R Planned Unit Development may be made for land located where public sewer is presently available or will be made available by the developer prior to certificates of occupancy being issued. Application for a PUD-RR Planned Unit Development: Recreation/Residential may be made for land located where public sewer is presently available, will be made available by the developer prior to certificates of occupancy being issued or may utilize private wastewater disposal systems in compliance with state plumbing codes.

(b) The dimensional requirements stated in individual zoning districts and signs as stated in article VI of this chapter may be increased or decreased by the planning board as they apply to planned unit developments, except the front yard setback from all public streets shall not be reduced. The dimensional requirements and provision of signs shall be controlled by the standards sets forth in section 60-359, purpose, and section 60-361, general standards.

(c) Coordination with subdivision regulations.

[1]Editor's note(s)—Ord. No. 25-06212021, adopted July 19, 2021, repealed div. 8, §§ 60-333—60-335, which pertained to the multifamily urban district and derived from an Ord. adopted September 21, 2009; Ord. No. 05-04032017, adopted April 24, 2017; and Ord. No. 11-03012021, adopted March 15, 2021.

(1) If a plan review is required under division 4 of article XVI subdivision of this chapter, it shall be accomplished simultaneously with the review of the planned unit development plan under this division of this zoning chapter.

(2) The final development plan shall be submitted in a form that is in accordance with the requirements of division 4 of article XVI subdivision of this chapter relative to final plans where applicable.

(3) Requirements of this division of this zoning chapter and those of division 4 of article XVI of this chapter shall apply to all planned unit developments.

(Ord. of 3-16-2009, § 3.51(B); Ord. of 9-21-2009, § 3.51B; Ord. No. 08-08072017, 9-11-2017; Ord. No. 11-03012021, § 27, 3-15-2021)

Sec. 60-361. General standards.

The following provisions apply to all planned unit development districts:

(1) The dimensional requirements as stated in individual zoning districts shall apply within the PUD but may be increased or decreased due to individual site characteristics as determined by the planning board to promote the purposes set forth in section 60-359 of this chapter.

(2) The planning board may increase or decrease the required number of off-street parking spaces as stated in article V of this chapter in consideration of the following factors:

a. The probable number of cars owned by occupants of dwellings in the planned unit development;

b. The parking needs of any nonresidential uses;

c. Varying time periods of use, and whatever joint use of common parking areas is proposed.

(3) Whenever the number of off-street parking spaces is reduced because of the nature of the occupancy, the city shall obtain assurance that the nature of the occupancy will not change.

(4) A PUD involving residential uses shall reserve an amount of land equal to that required by section 60-1367 to be held as open space for the mutual use of the residents of the PUD or open to the public. Land reserved to satisfy the open space requirement shall be:

a. Administered through a homeowner's association; or

b. Dedicated to and accepted by the city for public use; or

c. Land occupied by a major recreational use adjacent to a PUD-RR; or

d. Managed by a non-profit organization or land trust deemed capable of management by the planning board; or

e. A combination of a, b, c and/or d above.

(5) All of the requirements of the City Code of Ordinances applicable to the zoning district not addressed in this division, shall apply.

(6) Before granting approval of the final development plans, the planning board must find that said plan addresses each of the following criteria or that one or more of the criteria are not applicable to the proposed development and/or that a practical substitute to one or more of the criteria has been achieved::

a. The proposed development has an appropriate relationship to the surrounding area;

b. Circulation, in terms of internal street circulation system, is designed for the type of traffic generated, safety, separation from living areas, convenience, access and control of noise and

exhaust. Proper circulation in parking areas is designed for safety, convenience, separation and screening;

c. Adequate open space has been provided with consideration given to preservation of natural features including trees and drainage areas, topographic features, recreation and views.

d. Privacy in terms of needs of individuals, families and neighbors;

e. Pedestrian and bicycle traffic in terms of safety, separation, convenience and access points;

f. Building types in terms of appropriateness to density, site relationship and bulk;

g. Building design in terms of orientation, spacing, character, storage, signs and lighting;

h. Landscaping of total site in terms of purpose such as screening, ornamental types used, and materials uses, if any;

i. Preservation of historically or architecturally significant buildings or places, if any;

j. There is public sewer available to the lot or will be made available by the developer prior to certificates of occupancy being issued, except as allowed by section 60-360(a) in the case of a PUD-RR.

k. That the proposal meets the requirements of section 60-1335, special exception of this ordinance.

(Ord. of 3-16-2009, § 3.51(D); Ord. of 9-21-2009, § 3.51D; Ord. No. 08-08072017, 9-11-2017)

Secs. 60-362—60-380. Reserved.

Subdivision II. Types

Sec. 60-381. Definitions.

The following words, terms and phrases, when used in this subdivision, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Planned includes plans, plats or any combination thereof.

(Ord. of 3-16-2009, § 3.51(C)(1); Ord. of 9-21-2009, § 3.51C)

Sec. 60-382. PUDs established.

The following types of planned unit development may be established by special use approval in any existing zoning district as noted in this section. The options for use are as follows:

(1) PUD-R Planned Unit Development: Residential in LDCR, RR, SR, UR, MFS, MFU, GB and CB.

(2) PUD-RR Planned Unit Development: Recreation/Residential in AG/RP, LDCR, RR, SR, UR, and GB.

(3) PUD-C Planned Unit Development: Commercial in GB and GBII.

(4) PUD-I Planned Unit Development: Industrial in ID.

(Ord. of 3-16-2009, § 3.51(C)(1); Ord. of 9-21-2009, § 3.51C; Ord. No. 08-08072017, 9-11-2017; Ord. No. 11-03012021, § 28, 3-15-2021)

Sec. 60-383. Zoning map indication.

The area included in each approved planned unit development shall be indicated on the zoning map as PUD-R or, PUD-RR or PUD-C or PUD-I. (Ord. of 3-16-2009, § (3.51)(C); Ord. of 9-21-2009, § 3.51C; Ord. No. 08-08072017, 9-11-2017)

Sec. 60-384. Permitting.

Phased planned unit developments shall be permitted where any type of PUD is otherwise allowed by this chapter with an additional review by the director of planning and permitting prior to recording at the Androscoggin County Registry of Deeds. It is the intent of this phasing to allow coordinated long term planning of a large scale development without the disincentives of taxation and financing for phases that will not be constructed in the short term. The final development plan shall be kept on file in the planning and permitting office and the developer shall meet the requirements of section 60-420(c) prior to declaration and recording of a phase. The developer shall declare and record the approved phase plan within 30 days after a written approval is issued by the director. The recorded plan shall contain a note referencing this chapter. This division may be applied to existing PUDs if said plan was approved by the planning board as a phased development. (Ord. of 3-16-2009, § 3.51(C)(1); Ord. of 9-21-2009, § 3.51C; Ord. No. 08-08072017, 9-11-2017)

Sec. 60-385. Planned Unit Development—Residential (PUD-R).

It is the intent of this section that any residential property which is under single ownership and contains three acres or more area may be developed as PUD-R Planned Unit Development: Residential. Within the PUD-R the following uses and densities may be permitted subject to the approval of the planning board.

(1) Uses permitted by right or permitted by special exception in the residential districts noted in this section and the underlying zoning district.

(2) Commercial uses may be permitted in the PUD-R district if the planned unit development contains 20 or more dwelling units. Such commercial uses shall be subject to the following requirements:

a. Such uses including parking shall be included as an integral part of the PUD and shall not occupy more than five percent of the total area of the PUD. Commercial uses in any development shall not be open to use prior to issuance of the certificates of occupancy for 50 percent of the dwelling units.

b. Except as stated in division 11 of article IV of this chapter all restrictions applicable to the NB district are applicable to the commercial center in the PUD-R district.

c. Such establishments shall be located, designed and operated primarily to serve the needs of the persons within the planned development. These buildings shall be architecturally compatible with the dwellings they serve using similar materials, geometry, topographic relationships, color and lighting to minimize its effect on the environment of existing or future residential uses adjacent to them.

d. Sign.

1. Any part of the sign for a commercial use shall not project above the eaves or protrude from the face of the building more than 12 inches. A commercial use shall have not more than one sign for every street frontage. Any free standing signs may not exceed 20 feet in height and must have a minimum setback of 25 feet. Portable flashing and moving signs are not permitted. All emblems, shields or logos are considered part of the total allowable sign area.

2. A residential subdivision may have one sign for each newly created entry to the subdivision, not to exceed 40 square feet in size.

(3) The total number of dwelling units permitted in the PUD-R district shall be determined by dividing the total project acreage (not including public rights-of-way) by the area required per unit in the underlying zoning district or as approved by the planning board pursuant to the standards in the underlying zoning district.

(4) If common open space remaining is offered to the city and is acceptable to the city, such dedication may be considered as partial or total fulfillment of park and open space dedication.

(5) Upon review of a PUD-R proposal, the planning board may authorize up to a 20 percent increase in density over that otherwise allowed in the underlying district if the following criteria are met:

a. *Architecture.* Utilization of existing topography, recognition of the character of the area reflected in materials and layout.

b. *Siting.* Preservation of unique natural features, separation of pedestrian and vehicular circulation and integration of open space.

c. *Design.* A unified cohesive development, focal points for orientation and interaction, variety of scale.

d. *Landscaping.* The compatibility with natural landscape, the separation of individual units for privacy.

e. *Convenient.* A convenient well-defined access.

f. *Compatibility.* Compatibility with the adopted comprehensive plan and/or plans approved by city boards and departments for school service area and size of buildings, park system, police and fire protection standards and other facilities public or private.

(6) All planned unit developments containing residential units shall comply with all city zoning and subdivision regulations.

(Ord. of 3-16-2009, § 3.51(C)(2); Ord. of 9-21-2009, § 3.51C; Ord. No. 08-08072017, 9-11-2017; Ord. No. 11-03012021, § 29, 3-15-2021)

Sec. 60-386. Planned Unit Development—Recreation/Residential (PUD-RR).

The PUD-RR district is created to provide for the development of residential and commercial uses that are customary, complementary, and appropriate to major recreational uses on land located adjacent to them. Major recreation uses of land are designed for outdoor use of large land areas and have indoor facilities to accommodate groups of people. Major recreation uses may be open year round or may operate seasonally and their economic viability and continued operation are recognized as assets to Auburn. Flexibility for the siting of homes, condominiums, hotels or motels and accessory uses that are of a scale that is compatible with the surrounding area will help support the economics of a major recreation use.

Any major recreation use containing 100 acres or more area may be developed as a planned unit development: Recreation/Residential-PUD-RR. Within a PUD-RR the following uses and densities may be permitted subject to the approval of the planning board.

(1) Uses permitted by right or permitted by special exception in the underlying zoning district.

(2) Attached single-family dwellings with direct access to the outside at ground level may be permitted, provided that they are approved as part of a planned unit development and as a subdivision under section 60-359 and section 60-1359 of this chapter.

(3) Hotels or motels adjacent to an existing major recreation use or a major recreation use if construction of the major recreational use is complete and open for use, provided that they are approved by the planning board as a site plan and as a special exception under section 60-1276 and section 60-1335 of this chapter. The size and scale of a hotel, motel, or accessory commercial uses shall be determined by the planning board at the time of PUD and/or special exception review. In making their determination, the planning board shall consider the appropriate relationship of the hotel, motel or accessory buildings and structures to the major recreation use and the surrounding neighborhood in terms of bulk, location or operation of proposed buildings and structures, traffic impact, access management, parking requirements, internal circulation, vehicular and pedestrian connections to adjacent property, external lighting, landscaping, signage using the standards of section 60-385(2)d. as a guide, provisions for water and public sewer, and the preservation of scenic and natural beauty to the extent possible.

(4) Accessory commercial uses provided that they are approved as a site plan and as a special exception under section 60-1276 and section 60-1335. Building and structures shall be architecturally compatible using similar materials, topographic relationships, color and lighting, landscaping, and signage to minimize its effect on the environment of existing or future recreation and residential uses adjacent to it.

(5) The total number of dwelling units permitted in the PUD-RR district shall be determined by dividing the total project acreage including the major recreational use (not including public rights-of-way) by the area required per unit in that zoning district or as approved by the planning board pursuant to section 60-361(4). For the purpose of determining the number of dwelling units permitted on parcels located within more than one zoning district, the higher density district standard may be applied to the entire parcel and adjacent major recreational use in the case of a PUD-RR Planned Unit Development.

(6) The requirements of a planned unit development, section 60-361(4) and as a subdivision, section 60-1367 to provide recreation and/or open space may be satisfied by the principal recreation, entertainment, and social uses of the adjacent major recreation use.

(7) Access to the property shall be located on an arterial or collector street to minimize congestion or unsafe conditions and unreasonable deterioration of the local road system. Access to individual house lots shall be from an internal street system to retain the character of the area.

(8) The requirements of this chapter applicable to the underlying district or districts, not addressed in this section, shall apply.

(Ord. No. 08-08072017, 9-11-2017; Ord. No. 11-03012021, § 61, 3-15-2021)

Sec. 60-387. Planned Unit Development—Commercial (PUD-C).

The PUD-C district is created to provide for the development of planned business and shopping centers and mixtures thereof. It is intended to promote the grouping of professional offices and retail commercial uses and to provide areas of sufficient size to establish harmonious relationships between structures, people and vehicles through the use of well planned parking access, pedestrian walkways, courtyards, walls and other open spaces. This district should offer a wide variety of goods and services. Any commercially zoned area three acres or more in size may be developed as a PUD-C district. Uses permitted in the underlying zoning districts are permitted in the PUD-C district.

(Ord. of 3-16-2009, § 3.51(C)(3); Ord. of 9-21-2009, § 3.51C; Ord. No. 08-08072017, 9-11-2017)

Sec. 60-388. Planned Unit Development—Industrial (PUD-I).

The PUD-I district is created to provide for the development of planned industrial areas. It is intended to promote the grouping of industrial uses and to group these uses in such a manner that they provide well planned parking and access, landscaped open areas and harmonious relationships between structures. Any industrial area over five acres may be developed as a PUD-I district. Uses permitted in the underlying zoning district are permitted in the PUD-I district.

(Ord. of 3-16-2009, § 3.51(C)(4); Ord. of 9-21-2009, § 3.51C; Ord. No. 08-08072017, 9-11-2017)

Secs. 60-389—60-417. Reserved.

Subdivision III. Application Procedure

Sec. 60-418. Compliance.

All applicants for planned unit development shall comply with procedures set forth in this subdivision and in accordance with division 2 of article XVI of this chapter site plan review.

(Ord. of 3-16-2009, § 3.51(E)(intro. ¶); Ord. of 9-21-2009, § 3.51E)

Sec. 60-419. Submission and review.

(a) An applicant shall make application for the approval of the planned unit development to the planning department. The applicant shall present his completed application and fee, in the amount provided in the city fee schedule, along with the development plan outline as specified in this division.

(b) The development plan outline shall include both the site plan map and a written statement of procedures. The plan shall indicate sufficient areas surrounding the proposed planned unit development to demonstrate the relationship of the planned unit development to adjoining existing and proposed uses.

(c) The site plan must contain the following information:

  (1) All site plans shall conform to the provisions as contained in division 2 of article XVI of this chapter;

  (2) The type and character of proposed development to include general architectural design, types of building materials to be used and, when appropriate, the proposed number of dwelling units per acre;

  (3) The proposed location and size of public uses including schools, parks, playgrounds, swimming pools and other common open spaces.

(d) The written statement to accompany the development plan outline map must contain the following information:

  (1) A brief description of unique project design needs that make the planned unit approach advantageous to the city and developer;

  (2) An anticipated schedule of development and a conceptual phase plan where the developer intends to phase the declaration of portions of the development;

  (3) Proposed agreements, provisions or covenants which govern the use, maintenance and continued protection of the PUD and any of its common areas.

(e) The number of copies of the written statement must be consistent with the provisions of section 60-1300.

(f) The applicant may be requested to submit any other information or exhibits deemed pertinent in evaluating the proposed planned unit development.

(Ord. of 3-16-2009, § 3.51(E)(1); Ord. of 9-21-2009, § 3.51E)

Sec. 60-420. Final development plan.

(a) The final development plan shall be submitted in accordance with section 60-419 of the municipal code relative to final plans.

(b) The planning board shall approve the final development plan if it is in substantial compliance with the approved preliminary development plan. The final development plan shall be recorded as if it were a final subdivision plan except in the case of a phased development which shall follow the standards of subsection (c) of this section.

(c) For phased developments the final development plan shall be kept on file in the planning and permitting office. The developer shall provide a phase plan and letter of intent to declare a phase for review and approval by the director of planning and permitting prior to recording at the registry of deeds. The director shall consider the following standards before approving a phased plan for recording:

(1) The remaining undeveloped land/phases shall be considered as one lot for frontage purposes. The phase plan shall provide the required frontage for the remaining land/phases.

(2) Common open space, roadway improvements and/or access to utilities may be completed without opening a phase provided that the director determines that the work is necessary or beneficial to an open phase of the development or to the city.

(3) The phased plan must be determined by the director of planning and permitting to be consistent with and progress towards completion of the long term final development plan.

(d) From time to time the planning board shall compare the actual development accomplished in the planned unit development with the approved development schedule. If the owner of property in the PUD has failed to meet the approved development schedule without cause, the planning board may initiate proceedings. The planning board, for good cause shown by the property owner, may extend the limits of the development schedule.

(e) The planning board may require adequate assurance in a form consistent and acceptable to the planning board, that the common open space shown in the final development plan shall be provided and developed.

(f) Final development plan contents:

(1) The final development plan shall contain the information provided on the preliminary development plan and any additional information requested by the planning board and must be submitted within one year following the approval of the preliminary development plan unless written request is made for an extension of up to one year and approved by the planning board.

(2) The final development plan, with supplemental information in report form, shall be prepared in conformity with the provisions of section 60-419.

(3) Copies of any special agreements, conveyances, deed restrictions, or covenants, which will govern the use, maintenance and continued protection of the planned unit development and any of its common area must accompany the final development plan.

(4) The applicant may submit any other information or exhibits he deems pertinent in evaluating his proposed planned unit development.

(g) Control of planned unit development following completion.

(1) The planning board shall review and take action on the competed final plan.

(2) After final approval has been granted the use of the land and the construction, modification or alteration of any building or structure within the planned development shall be governed by the approved final development plan rather than by any other provisions of this zoning chapter.

(3) After final approval, no changes may be made in the approved final development plan except upon application to the appropriate agency under the following procedures:

a. Any minor extension, alteration, or modification of existing buildings or structures may be authorized by the planning board if they are consistent with the purposes and intent of the final plan. No change authorized by this division may decrease or increase the dimension of any building or structure by more than ten percent.

b. Any uses not authorized by the approved final plan, but allowable in the PUD as a permitted principal, accessory, or special use under the provisions of the underlying zoning district in which the planned development is located may be authorized by the planning director and added to the final development plan provided that such an addition does not adversely impact the approved development plan.

c. A building or structure that is totally or substantially destroyed may be reconstructed only in compliance with the final development plan or amendments thereof approved under subsection (g)(3)a and b of this section.

d. Changes in use of common open spaces may be authorized by an amendment to the final development plan under subsection (g)(3)a and b of this section.

e. All other changes in the final development plan must be made by the planning board under the procedures authorized by this chapter. No changes may be made in the final development plan unless found to be required for:

1. Continued successful functioning of the planned unit development;

2. By changes in conditions that have occurred since the final plan was approved; or

3. By changes in the development of the community.

No changes in the final development plan which are approved under this division are to be considered as a waiver of the provisions limiting the land use, buildings, structures, and improvements within the area of the planned unit development, and all rights to enforce these provisions against any changes permitted in this division are expressly reserved.

(Ord. of 3-16-2009, § 3.51(E)(2); Ord. of 9-21-2009, § 3.51E; Ord. No. 08-08072017, 9-11-2017; Ord. No. 11-03012021, §§ 62, 63, 3-15-2021)

Secs. 60-421—60-438. Reserved.

DIVISION 10. RESERVED[2]

Secs. 60-439—60-469. Reserved.

DIVISION 11. NEIGHBORHOOD BUSINESS DISTRICT

Sec. 60-470. Purpose.

This district is intended to provide for the daily convenience shopping and business needs of nearby residents and contains those retail, service and office uses which serve primarily a neighborhood population. It is intended that this district be located on lots in areas zoned for residential use.

(Ord. of 9-21-2009, § 3.61A)

Sec. 60-471. Use regulations.

(a) *Permitted uses.* The following uses are permitted, provided that the business use be limited to the ground floor and/or basement and that the gross building area devoted to business use, excluding storage, does not exceed 3,000 square feet:

(1) Residential dwellings at the same density as permitted in any abutting residential district.

(2) Beauty parlors, barbershops and self-service laundries.

(3) Public transportation passenger stations.

(4) Grocery stores.

(5) General commercial uses (retail, service and office uses), not necessarily associated with the surrounding neighborhood, may be authorized by the planning director upon written application adhering to the following procedure and criteria:

a. The external activity levels and impacts are limited as to be compatible with and not adversely affect the character of the surrounding neighborhood.

b. The proposed use will not create excessive noise, excessive traffic, nuisances (vibration, smoke, odor, appearance, etc.), fire hazard and other negative impacts of business activities being conducted in the residential neighborhood.

(b) *Special exception uses.* The following uses are permitted as special exceptions after approval by the planning board in accordance with division 3 of article XVI of this chapter.

[2]Editor's note(s)—Ord. No. 20-05032021, adopted May 17, 2021, repealed div. 10, §§ 60-439—60-443, which pertained to the downtown enterprise zone and derived from an Ord. adopted September 21, 2009 and Ord. No. 05-04032017, adopted April 24, 2017.

(1) Automobile parking lots and garages, commercial and public, provided that they shall be at least ten feet from any lot in a residential district and that the setback area be landscaped.

(2) Public utility uses, such as electric substations and office, excluding repair facilities and the storage of material and trucks.

(3) Convenience stores, drug stores, variety stores and retail bakeries shops provided that goods baked on the premises shall be sold only on the premises.

(4) Automobile filling stations.

(5) Halls, private clubs and lodges.

(6) Shoe repair shops, pickup laundries and dry cleaners.

(7) Adaptive reuse of structures of community significance.

(Ord. of 9-21-2009, § 3.61B; Ord. No. 05-04032017, § 2, 4-24-2017)

Sec. 60-472. Dimensional regulations.

All structures in this district, except as noted, shall be subject to the following dimensional regulations:

(1) *Minimum lot area, width and depth.* No minimum shall be applied to buildings in this district.

(2) *Density.* The maximum lot coverage by all building shall be 40 percent.

(3) *Yard requirements.*

a. *Rear.* There shall be behind every principal building a rear yard having a minimum depth of 35 feet or 25 percent of the average depth of the lot, whichever is less.

b. *Side.* There shall be a distance of five feet between any principal building and the side property line, plus the side yard setback shall be increased one foot for every four feet or part thereof increase in street frontage over 49 feet to a maximum of 25 feet for side yard setback.

c. *Front.* There shall be in front of every principal building a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot, whichever is less.

d. *Open and unbuilt spaces.* Any yard space or area required to be kept open and unbuilt on may be used, if otherwise lawful, for off-street automobile parking, except that a green strip not less than ten feet wide shall be maintained open and green, not built on, paved, or parked on, all or parked on, all along each property line that abuts land residentially.

(4) *Height.* No permitted structure shall exceed two stories or 35 feet in height. A public building, church or temple, or accessory building or structure may have a maximum height of 65 feet from grade, provided that the front yard, rear yard and each of the side yards shall be increased by one foot for each foot in height in excess of 35 feet.

(5) *Off-street parking and loading.* Provisions for off-street parking shall not be required in the NB district, except for dwellings and for any parking and loading area required as a condition of special exception approval.

(Ord. of 9-21-2009, § 3.61C)

Secs. 60-473—60-497. Reserved.

DIVISION 12. GENERAL BUSINESS DISTRICT

Sec. 60-498. Purpose.

This district is intended to include commercial uses serving both the city and the region, together with normal accessory uses compatible with a cohesive and attractive shopping and office area.

(Ord. of 9-21-2009, § 3.62A)

Sec. 60-499. Use regulation.

(a) *Permitted uses.* The following uses are permitted:

(1) Residential dwelling uses permitted in the Multifamily Suburban District (MFS) (division 7 of article IV of this chapter).

(2) Grocery stores and supermarkets.

(3) Clothing stores.

(4) Furniture stores.

(5) Department stores.

(6) Specialty shops.

(7) Hotels and motels.

(8) Funeral homes and mortuaries.

(9) Child day care centers.

(10) Medical and dental clinics.

(11) Wholesale bakeries.

(12) Retail laundries and dry cleaners, but not plants.

(13) Banks, business and professional offices.

(14) Public transportation passenger offices.

(15) Governmental offices.

(16) Municipal, civic or public service buildings and other utility facilities.

(17) Warehouses, wholesale offices, salesrooms and showrooms.

(18) Restaurants, bars, dining rooms or lunchrooms, but not to include drive-in and carry-out restaurants.

(19) Halls, private clubs and lodges, bowling alleys, ice and roller skating rinks, indoor theaters and similar places of indoor amusement or recreation.

(20) Animal hospitals and pet shops, but no kennels.

(21) Business equipment repair and business services.

(22) Radio and television studios.

(23) Printing shops, but not publishing plants.

(24) Retail, service, office and commercial uses similar to the foregoing.

(25) Carwashes.

(26) Accessory uses, building and structures.

(27) Shelters for abused persons.

(28) Greenhouses and lawn maintenance services.

(29) Temporary outdoor places of amusement.

(30) Churches and temples.

(31) Adult use and medical marijuana stores subject to the requirements of chapter 14, article XVIII of the City of Auburn Ordinances.

(32) Marijuana cultivation accessory to a licensed retail store on the same property.

(b) *Special exception uses.* The following uses are permitted as special exceptions after approval by the planning board in accordance with division 3 of article XVI of this chapter:

(1) Automobile filling stations.

(2) Automobile repair and service stations.

(3) Automobile and marine sales lots and sales and service agencies.

(4) Automobile and marine paint and body repair shops.

(5) Hospitals, care homes, boardinghouses and lodginghouses.

(6) Research or philanthropic institutions.

(7) Outdoor theaters.

(8) Drive-in or carry-out restaurants.

(9) Commercial parks.

(10) Sales, rental and service agencies for mobile homes, farm equipment, trucks and trailers, and machine equipment.

(11) Light industrial plants which will not create a nuisance by noise, vibration, smoke, odor or appearance.

(12) Off-street parking as a commercial or municipal use provided that such parking is limited to occupants of buildings located within 500 feet of such parking area whether or not within the same district. The planning board may impose conditions regarding fencing and screening, drainage, ingress and egress, signs and lighting, and total capacity of the parking area as it deems necessary to protect the character of the neighborhood.

(13) Trucking terminals and similar nonprocessing storage and distribution uses, except bulk storage of chemicals, petroleum products and other flammable, explosive or noxious materials.

(14) Convenience stores.

(15) Research, experimental and testing laboratories.

(16) Landscape services.

(17) Any new building of 5,000 square feet or more or any existing building which proposes a use permitted under subsection (a) of this section which will occupy an area of 5,000 square feet or more.

(18) Automotive towing and storage.

(19) Major retail development provided that it meets the conditions noted in section 60-45(g).

(20) Outpatient addiction treatment clinics.

(21) Adaptive reuse of structures of community significance.

(22) Public Safety Services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(23) Government services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(Ord. of 9-21-2009, § 3.62B; Ord. No. 11-11072016, 11-21-2016; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 05-05202019, 6-3-2019; Ord. No. 11-03012021, §§ 30, 31, 3-15-2021)

Sec. 60-500. Dimensional regulations.

All structures in this district, except as noted, shall be subject to the following dimensional regulations:

(1) *Minimum lot width and depth.* No building used for commercial or office uses shall be constructed on a lot having less than 10,000 square feet minimum lot area and measuring 100 feet in width. No lot shall be less than 100 feet in depth. Buildings used for residential uses shall have the same minimum lot area, width and depth as provided for buildings in the Multifamily Suburban District (MFS), section 60-307(1).

(2) *Density.* Not more than 30 percent of the total lot area shall be covered by buildings used for commercial or office uses. The density of residential uses shall be the same as that required for buildings in the Multifamily Suburban District (MFS), section 60-30(2).

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 35 feet or 35 percent of the average depth of the lot, whichever is less.

b. *Side.* There shall be a distance of five feet between any side property line, plus the side yard setback shall be increased one foot for every two feet or part thereof increase in street frontage over 60 feet to a maximum of 25 feet for side yard setback.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot, whichever is less. No front yard need to be any deeper than the average depth off front yards on the lots next thereto on either side. A vacant lot or a lot occupied by a building with a front yard more than 25 feet shall be considered as having a front yard of 25 feet.

d. *Principal buildings.* More than one principal building may be erected on a lot, provided that the building meet all yard setback requirements and are separated by a distance equivalent to the height of the higher building or 30 feet, whichever is greater.

e. *Railroad tracks.* Where the principal use requires access to a railroad, the yard requirements are disregarded for the side of the building adjacent to the railroad trackage. The engineering requisites for a safe and properly designed siding and building setback acceptable to the railroad shall take precedence.

f. *Open and unbuilt spaces.* Any yard, space or area required to be kept open and unbuilt on may be used, if otherwise lawful for outdoor storage and display of articles, supplies and materials. Such outdoor storage and display shall occupy no more than 20 percent of the lot with display areas not to exceed one-quarter of the total allowable area. Storage and display areas shall be clearly identified on the land in a fixed location. Storage areas shall be screened from the view of an abutting residential district or use and from the street by an evergreen tree line planted in staggered rows having the base of the trees not more than ten feet apart or by a solid fence not less than six feet in height.

(4) *Height.* No permitted structure shall exceed four stories or 45 feet in height. Religious buildings, municipal buildings or buildings listed by the state historic preservations commission may have a steeple, cupola or tower to a maximum height of 90 feet, if said structure is limited to 15 percent of the footprint of the principal building. In the airport approach zone, Federal Aviation Administration regulations shall apply. Accessory structures, including windmills, that are necessary for the operation of an allowed principal use may exceed the above maximum height requirements, provided that the front yard, rear yard and each of the side yards shall be increased by one foot for each foot in height in excess of the yard required pursuant to this section. In the airport approach zone, Federal Aviation Administration regulations shall apply.

(5) *Off-street parking.* Off-street parking and loading spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.62C; Ord. of 3-22-2010; Ord. No. 11-03012021, §§ 32, 64, 3-15-2021)

Secs. 60-501—60-523. Reserved.

DIVISION 13. MINOT AVENUE (GBII)

Sec. 60-524. Purpose.

This district is intended to allow commercial development to locate along the Minot Avenue corridor which is most compatible with local scale business. The corridor is also an arterial which requires that good sound access management design is incorporated into the uses consistent with the access management ordinance.

(Ord. of 9-21-2009, § 3.63A)

Sec. 60-525. Use regulation.

(a) *Permitted uses.* The following uses are permitted:

(1) Residential dwelling uses permitted in the Multifamily Suburban District (MFS) (division 7 of article IV of this chapter).

(2) Grocery stores and supermarkets.

(3) Clothing stores.

(4) Furniture stores.

(5) Department stores.

(6) Specialty shops.

(7) Hotels and motels.

(8) Funeral homes and mortuaries.

(9) Child day care centers.

(10) Medical and dental clinics.

(11) Retail bakeries.

(12) Retail laundries and dry cleaners.

(13) Banks, business and professional offices.

(14) Public transportation passenger offices.

(15) Governmental offices.

(16) Municipal, civic or public service buildings and other utility facilities.

(17) Restaurants, dining rooms or lunchrooms.

(18) Bowling alleys, ice and roller skating rinks, indoor theaters and similar places of indoor amusement or recreation.

(19) Animal hospitals and pet shops, but not kennels.

(20) Business equipment repair and business services.

(21) Radio and television studios.

(22) Printing shops, but not publishing plants.

(23) Carwashes.

(24) Accessory uses, buildings and structures.

(25) Greenhouses.

(26) Seasonal outdoor places of amusement.

(27) Churches and temples.

(28) Shelters for abused persons.

(29) Adult use and medical marijuana stores subject to the requirements of chapter 14, article XVIII of the City of Auburn Ordinances.

(30) Marijuana cultivation accessory to a licensed retail store on the same property.

(31) Automobile and marine sales lots and sales and service agencies, provided that the vehicle display spaces are limited to not more than 10 spaces per 1,000 square feet of gross building area permanently constructed on the site with maximum of 100 display spaces.

(b) *Special exception uses.* The following uses are permitted as special exceptions after approval by the planning board in accordance with division 3 of article XVI of this chapter:

(1) Commercial parks.

(2) Automobile repair and service stations.

(3) Hospitals, care homes, boardinghouses and lodginghouses.

(4) Research or philanthropic institutions.

(5) Outdoor theaters.

(6) Drive-in or carry-out restaurants.

(7) Sales, rental and service agencies for farm equipment, trucks and trailers, and construction equipment.

(8) Light industrial plants which support a retail store selling goods made on the premises and will not create a nuisance by noise, vibration, smoke, odor or appearance.

(9) Convenience stores.

(10) Research, experimental and testing laboratories.

(11) Landscape services and lawn maintenance services.

(12) Halls, private clubs and lodges.

(13) Outpatient addiction treatment clinics.

(14) Any new building of 5,000 square feet or more or any existing building which proposes a use permitted under section 60-525(a) which will occupy an area of 5,000 square feet or more.

(15) Adaptive reuse of structures of community significance.

(16) Public Safety Services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(17) Government services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(Ord. of 9-21-2009, § 3.63B; Ord. No. 11-11072016, 11-21-2016; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 06-05202019, 6-3-2019; Ord. No. 11-03012021, §§ 33, 34, 3-15-2021; Ord. No. 21-05032021, 5-17-2021; Ord. No. 26-06212021, 7-19-2021)

Sec. 60-526. Dimensional regulations.

All structures in this district, except as noted, shall be subject to the following dimensional regulations:

(1) *Minimum lot width and depth.* No building used for commercial office uses shall be constructed on a lot having less than 10,000 square feet minimum lot area and measuring 100 feet in width. No lot shall be less than 100 feet in depth. Buildings used for residential uses shall have the same minimum lot area, width and depth as provided for buildings in the Multifamily Suburban (MFS) District, section 60-307(1).

(2) *Density.* Not more than 30 percent of the total lot area shall be covered by buildings used for commercial or office uses. The density of residential uses shall be the same as that required for buildings in the Multifamily Suburban (MFS) District, section 60-307(2).

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 35 feet or 35 percent of the average depth of the lot, whichever is less.

b. *Side.* There shall be a distance of five feet between any building and the side property line, plus the side yard setback shall be increased one foot for every two feet or part thereof increase in street frontage over 60 feet to a maximum of 25 feet for side yard setback.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot, whichever is less.

d. *Principal buildings.* More than one principal building may be erected on a lot, provided that the building meet all yard setback requirements and are separated by a distance equivalent to the height of the higher building or 30 feet, whichever is greater.

e. *Outdoor storage.* Any yard, space or area required to be kept open and unbuilt on may be used, if otherwise lawful for outdoor storage and display of articles, supplies and materials, Such outdoor storage and display shall occupy no more than 20 percent of the lot with display areas not to exceed one-quarter of the total allowable area. Storage and display areas shall be clearly identified on the land in a fixed location. Storage areas shall be screened from the view of an abutting residential district or use and from the street by an evergreen tree line planted in staggered rows having the base of the trees not more than ten feet apart or by a solid fence not less than six feet in height.

(4) *Height.* No permitted structure shall exceed four stories or 45 feet in height, except in the airport approach zone where Federal Aviation Administration regulations shall apply.

(5) *Off-street parking.* Off-street parking and loading spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.63C; Ord. No. 11-03012021, § 40, 3-15-2021)

Secs. 60-527—60-545. Reserved.

DIVISION 14. FORM BASED CODE[3]

Subdivision I. In General

Sec. 60-546. Purpose.

The purpose of the form based code is to:

(a) Provide a building development pattern that is based upon the built environment's physical form and its relationship to the public realm and the private realm.

(b) Allow for a diversity of uses appropriate and compatible to the designated district area.

(c) Provide a more accelerated building design, review, approval and construction process.

[3]Editor's note(s)—Ord. No. 04-03072016, adopted May 16, 2016, repealed former Div. 14, §§ 60-546—60-549, in its entirety and enacted new provisions as herein set out. Former Div. 14 pertained to the central business district and derived from Ord. of 9-21-2009, §§ 3.69A—3.69D; Ord. of 2-16-2010.

(d) Deliver a more predictable building development outcome that is consistent with the traditional pedestrian-oriented street-building development pattern.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-547. Transects.

Form based code uses transects as a way to describe the areas under the regulating plan. A transect is a system of ordering human habitats in a range from the most natural to the most urban. Auburn's transects are organized using five form based code districts, (Transect 4.1, Transect 4.2, Transect 5.1, Transect 5.2 and Transect 6), which describe the physical character of a place at a certain scale, according to the density and intensity of land use and urbanism.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-548. Traditional Main Street Neighborhood (T-4.1)

Illustrative View of T-4.1 (Main Street)

Intent and Purpose:
Traditional Main Street Neighborhood (T-4.1)

The Main Street Neighborhood district is designed to continue the existing pattern of large houses set along Main Street. This area is characterized by front porches, residential front yards and front doors facing the street. T-4.1 promotes a lower-density and less concentrated pattern of buildings along the street, while maintaining a pleasing, connective and compact multi-modal environment.

Characteristic Features

- Front lawns
- Front facade detailing
- Frontage fences
- Porches
- Bay windows
- Foundation planting and yard landscaping
- Street Trees
- Lower Density

Examples of Main Street Neighborhood - T-4.1

(Ord. No. 04-03072016, 5-16-2016)

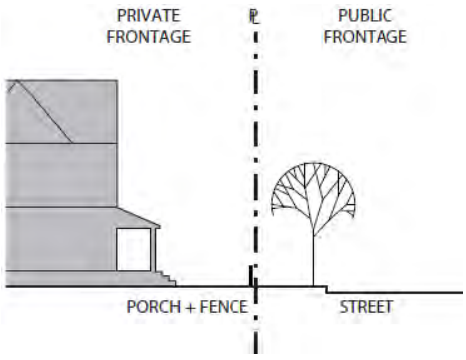
Common Yard



Porch Yard

BUILDING FRONTAGE TYPES:	Common Yard; Porch Yard

BUILDING ENTRIES:	Primary entry door is encouraged along ground story facade facing a primary street.
BUILDING ENVELOPE ARTICULATION:	
Ground Story Building Frontage Facade:	Windows and doors shall comprise a minimum of 25% and maximum 60% coverage of the total ground story facade frontage.
Upper Story Building Frontage Facades:	Windows and doors shall comprise a minimum of 20% and maximum 40% coverage of the total upper story facade frontage.
Ground Story Finished Floor Elevation:	The ground story shall be a minimum of 2 feet and 6 feet maximum above the front yard elevation (average grade).
Frontage Facade Wall:	Blank lengths of wall exceeding 10 linear feet are prohibited.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-548.3. External elements T-4.1.

Front Yard Fence:	A front yard fence a minimum of 2 feet and a maximum of 4 feet in height is encouraged to maintain spatial edge of street. Chain link, vinyl, split rail, or barbed wire is not allowed.
Front Yard Fence/Wall Opening:	A vehicle entry way, as part of a front fence/wall, shall be a maximum width of 20 feet; a pedestrian entry way shall be a maximum width of 6 feet.
Building Projections:	No part of any building, except overhanging eaves, awnings, balconies, bay windows, stoops and other architectural features shall encroach beyond the minimum or maximum front setback line.
Porch & Stoop Encroachments:	Porches & Stoops may encroach upon the minimum front setback line by the following distances: Front Setback, Principal Frontage 10 ft. maximum. Front Setback, Secondary Frontage 10 ft. maximum.
Garages:	Detached garages shall be located a minimum of 20 feet from any street right-of-way.
Driveways:	Driveways are encouraged to be on the secondary street frontage. Driveways shall be paved and a minimum of 8 feet wide and a maximum of 20 feet wide.
Parking:	Residential - Vehicle parking areas shall be located only on driveways or designated parking areas and shall not extend into the street right-of-way or sidewalk. Commercial - Parking shall be located to rear of the property to the greatest extent possible. Parking on a side yard is limited to no more than 60 feet wide or

	40% of the lot width. Screening and/or street wall is required for parking areas along a street.
Accessory Structures:	Accessory structures shall be located a minimum of 20 feet from any street right-of-way and 5 feet from either side or rear property line.
Landscaping:	Landscaping is encouraged but shall not extend into any sidewalk or travel way. Street trees are encouraged.
Foundation Planting:	Foundation plantings are encouraged but should be pruned and maintained with enough clearance from the building facade to encourage air circulation.

(Ord. No. 04-03072016, 5-16-2016; Ord. No. 11-03012021, § 65, 3-15-2021)

Sec. 60.549. Traditional Downtown Neighborhood T-4.2.

Illustrative View of T-4.2 (Spring Street)

Intent and Purpose:
Traditional Downtown Neighborhood (T-4.2)

The Traditional Downtown Neighborhood district is characterized by a small to medium sized buildings with smaller front yards and stoops in a more compact urban environment, and includes and traditional neighborhood sized storefronts. The smaller minimum and maximum building set-backs form a moderately dense street-wall pattern, diverse architectural styles and pedestrian friendly streets and sidewalks.

Characteristic Features

- More public and private realm interaction
- Front facade detailing
- Small front yards
- Bay windows
- Neighborhood scaled storefronts with large windows
- Frontage Fences
- Street Trees
- Moderate densities

(Ord. No. 04-03072016, 5-16-2016)

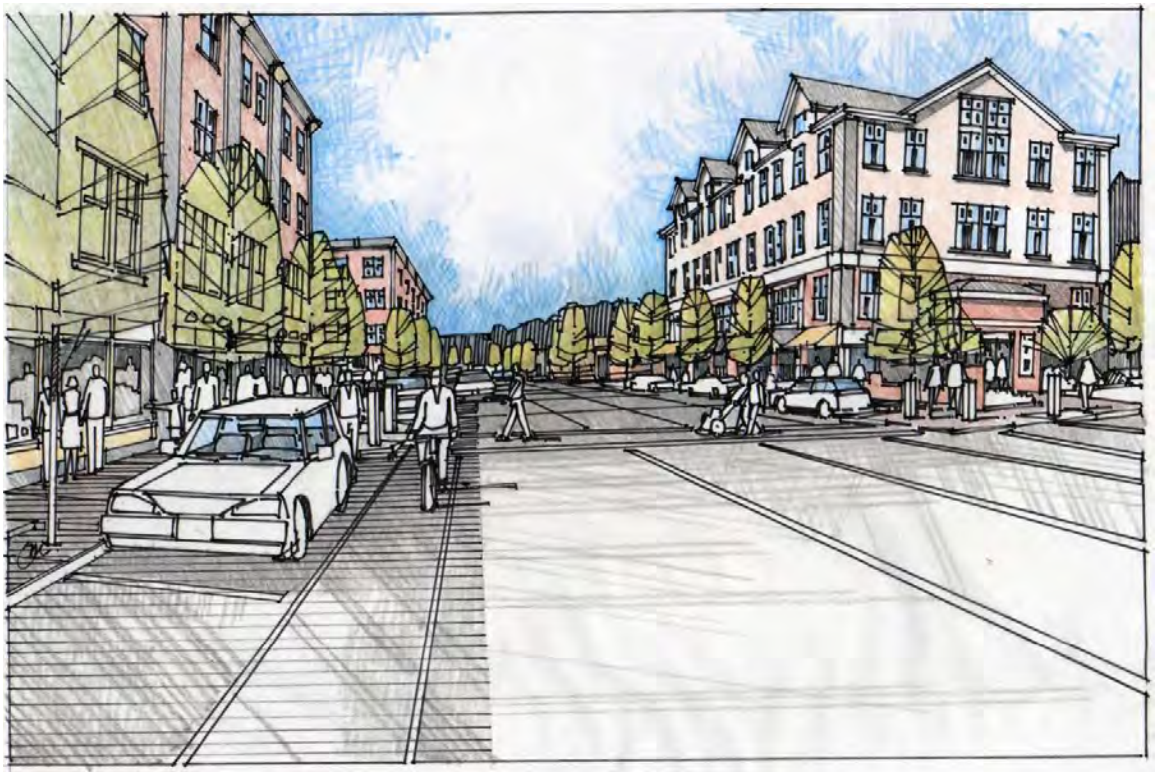
Sec. 60-550. Downtown Traditional Center T-5.1.



Illustrative View of T-5.1 (Future Great Falls Plaza)

Intent and Purpose:
Downtown Traditional Center (T-5.1)

The Downtown Traditional Center zone is characterized by medium to larger sized buildings in a compact urban environment that generates an active street life. There is interplay between the Public Realm of the busy street and sidewalk, and the Private Realm of the residential stoops, commercial storefronts and gallery building fronts. The increased building widths form a more solid and compact street wall pattern, generating an energized traditional downtown feel.

Key Features

- Vibrant and active interaction between public and private realms
- Larger buildings
- Front facade detailing
- Bay windows
- Balconies
- Street trees
- More urban density

Examples of Downtown Traditional Center T-5.1

Sec. 60-551. Downtown City Center T-5.2.

Illustrative View of T-5.2 (Court Street)

Intent and Purpose:
Downtown City Center (T-5.2)

The Downtown City Center district is characterized by medium to large sized buildings in a compact urban environment. This setting will generate social and cultural activity and events, economic stimulation and human interaction. The streets will be important transportation corridors with large sidewalks. The large residential and commercial building widths, frontages and building heights form a solid, compact street wall pattern. The Downtown Center will generate regional economic development activity along with energized social and lifestyle options.

Key Features

- Vibrant street life
- Front facade detailing
- Articulated storefront entrance
- Awnings for storefronts
- Balconies
- Wide sidewalks
- Street Trees
- Compact Urban Environment

Examples of Downtown City Center - T-5.2

Sec. 60-552. Great Falls Metropolitan T-6.

Illustrative View of T-6 (Turner Street)

Intent and Purpose:
Great Falls Metropolitan (T-6)

The Great Falls Metropolitan zone is characterized by large buildings up to 8 stories tall that will define the City of Auburn's emerging downtown. A new central square, "Great Falls Square" will provide a downtown focal point and center for professional enterprise and commerce. The Great Falls Metropolitan urban form will generate strong regional socio-economic gravitational pull, attract corporate investment and become a regional destination for visitors, events, entertainment, shopping and social gatherings.

Key Features

- High energy downtown center
- Balconies
- Articulated storefront entrances
- Awnings for storefronts
- Wide sidewalks
- Street trees
- Streetscape elements (benches, planters)
- Transportation hub
- High density

Examples of Great Falls Metropolitan T-6

Subdivision II. Form Based Code Administration

Sec. 60-555. Form based code administration.

Form based code relation to zoning ordinance:

(1) The form based code shall regulate areas designated as form based code districts.

(2) All buildings and land uses located within a form based code district shall comply with section 60-33 et seq. (General Provisions) unless specifically stated otherwise in sections 60-546 to 60-558 of the form based code.

(3) Site plan/special exception. Any project located within a form based code district that requires special exception or site plan review shall comply with section 60-45.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-556. Form based code plan types.

(a) *Administrative types.*

(1) *By right.* No permits are required for projects such as normal maintenance or for new structures under 200 square feet.

(2) *Minor administrative.* Projects that require permits and comply with all form based code or zoning regulations, may be approved and permitted by the appropriate city departmental staff and will not require multiple departmental or planning board approval. These projects can be applied for at any time.

(3) *Major administrative.* Projects that do not qualify as a Subdivision. Special exception or site plan review type plans and comply with all form based code or zoning regulations, but due to multiple issues, will require review by the multiple city departmental staff.

(b) *Discretionary type plans.* The following plan types shall require review and action by the planning board.

(1) Subdivisions of three or more lots over a five-year period or a project creating more than three dwelling units. (Subdivision Review).

(2) Any project listed as special exception or "S" in section 60-554, Use and Parking Matrix Chart. (Special Exception and Site Plan Review).

(3) Any project within the form based code district proposing a total of 12,000 square feet of new construction, all floors included. (Special Exception and Site Plan Review).

(4) Any amendment to an existing discretionary plan that increases existing square footage more than 25 percent.

(5) Any project located within the form based code district area that seeks a waiver from the adopted form based code regulating development standards shall submit a complete Special Exception and Site Plan Review application for Planning Board review and action.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-557. Applicability.

(a) Any minor, major administrative type plan and/or discretionary plan, as defined in section 60-556, located within a form based code district, shall be required to submit a development review application prior to any issuance of building permits or development activity.

(b) Any development activity on or within property located with the form based code district shall be reviewed for compliance with applicable form based code or zoning ordinance regulations.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-558. Form based code development application procedure.

(a) *Administrative type plan application process.*

(1) Applicant identifies the subject property's zoning/transect district and determines what plan type the project is.

(2) Applicant reviews the project's compliance for form based code development standards, sections 60-548 through 60-552; including all sections on purpose, building placement and configuration, building frontages, external elements, lot layout, the Parking and Use Matrix Chart and administration; along with any other applicable zoning ordinance Regulations.

(3) Pre-development consultation. All administrative type plan applicants are encouraged to contact the Auburn Planning Office for a pre-development consultation to confirm the property's form based code or zoning district and discuss the form based code requirements and related zoning and/or other regulatory items. Failure to consult with the planning office may result in the delay of acceptance, review and approval of the application.

(4) Any minor or major administrative plan or discretionary plan applicant in a form based code district shall complete and submit a cover letter describing the project, a development review application, a form based code development checklist and the appropriate application fee and number of applications to the planning office.

(5) All form based code applications will be reviewed by the planning staff for completeness and applicant will be notified within five working days if the plan is deemed complete and whether the plan is administrative or discretionary. The applicant is responsible for working with the planning staff to correct any deficiencies needed to be accepted for further review.

(6) Type 2 and 3 administrative plans will be reviewed by the appropriate city departmental staff or other relevant agencies who will recommend approving, disapproving or postponing to allow for time to correct the application. The director of planning will notify the applicant of the decision in writing within 15 calendar days of its receipt of a completed application.

(7) The director of planning shall have the authority to require an administrative plan to be considered by the planning board and notify the applicant the justifications for doing so.

(b) *Discretionary project application process.*

(1) Applicant identifies subject property's zoning/transect and determines what plan type the project is.

(2) Applicant reviews the project's compliance for the applicable form based code development standards sections 60-548 through 60-552; including all sections on purpose, building placement and configuration, building frontages, external elements, lot layout, the Parking and Use Matrix Chart and administration; along with any other applicable zoning ordinance regulations.

(3) Pre-development consultation. All potential development and project applicants are encouraged to contact the Auburn Planning Office for a pre-development consultation to confirm the form based code or zoning regulations and discuss the form based code requirements and related zoning and/or other regulatory items. Failure to consult with the planning office may result in the delay of acceptance, review and approval of the application.

(4) Discretionary plan applicants will submit; a development review application, a form based code development checklist the appropriate application fee and number of applications to the planning office for review and consideration by the planning board according to their normal submission deadline and meeting schedule.

(5) Applications not meeting all the requirements of the form based code may include waiver as per section 60-1312 or variance requests as part of their application.

(c) *Waiver requests.*

(1) Any waiver request of form based code standards and requirements must identify what is regulation is being requested for the waiver and include a narrative explaining how the waiver, if approved, will allow the project to meet the purpose of the form based code and the objective of section 60-1277, site plan review.

(d) *Planning board approval.*

(1) The planning board shall approve, approve with conditions, disapprove or postpone based on its review of the application meeting all existing requirements, conditions, criteria and provisions of special exception, site plan review. Subdivision law and any other relevant procedural requirement of Chapter 60, Zoning, as part of its consideration of a form based code application.

(2) The planning board shall provide findings for approval or disapproval based on the application's meeting the purpose of the form based code.

(Ord. No. 04-03072016, 5-16-2016; Ord. No. 11-03012021, § 41, 3-15-2021)

Secs. 60-559—60-576. Reserved.

DIVISION 15. INDUSTRIAL DISTRICT

Sec. 60-577. Purpose.

This district is intended to provide for those manufacturing, processing, transportation and storage uses which should be separated from other uses by reason of characteristics which may conflict with other uses. The exclusion of residential and commercial uses is intended to promote the economic welfare of the city by reserving especially suited areas for industry.

(Ord. of 9-21-2009, § 3.71A)

Sec. 60-578. Use regulations.

(a) *Permitted uses.* The following uses are permitted, provided that the use proposed will not be noxious, offensive or detrimental to the neighborhood or to the city by reason of danger of fire or explosion; pollution of waterways or groundwater; vibration; emission of corrosive, toxic or unhealthful fumes, gas, smoke, soot obnoxious dust, disagreeable odors, offensive noises or other objectionable characteristics:

(1) Farming of field crops, row crops, orchards and truck gardens.

(2) Plant and tree nurseries, wholesale nurseries, landscape services and greenhouses; on-premises sales permitted.

(3) Farm dwellings on premises actively farmed.

(4) Financial institutions.

(5) Office buildings.

(6) Post offices.

(7) Telephone exchanges or telephone business offices.

(8) Public transportation passenger stations.

(9) Churches or temples.

(10) Municipal uses buildings.

(11) Airports.

(12) Wholesale businesses, warehouses, trucking terminals and similar nonprocessing storage and distribution uses, except bulk storage of chemicals, petroleum products and other flammable, explosive or noxious material.

(13) Manufacture, compounding, processing or packaging of foods and food products, except uses approved by resolution of the city council allowing review and recommendation of the planning board in the same manner as a special exception.

(14) Manufacture, compounding or assembling of articles using the following prepared materials: bone or shell, cellophane, fur, glass, leather, plastics, precious or semi-precious metals or stones, rubber textiles or cloth products, tobacco, or wood, bark or wood products.

(15) Manufacture of ceramic products, brick and cinder blocks.

(16) Manufacture or assembling from prepared material of the following: musical instruments, clocks or watches, toys or novelties, electrical devices, light sheet metal products, office equipment.

(17) Building material sales yard and contractor's equipment storage yard and plant.

(18) Research, experimental or testing laboratories.

(19) Lumber yard, including planning, milling and other processing.

(20) Ice manufacturing and storage plant.

(21) Beverage bottling plants.

(22) Public utilities uses, such as electric substations, storage of material and trucks, repair facilities, offices and electric generating plants including ground-mounted and dual use solar energy generating systems less than one acre in total land area as defined in section 60-1501 in accordance with applicable FAA regulations if within the airport overlay zone.

(23) Accessory uses and buildings, including but not limited to:

a. Retail sales of products manufactured on premises.

b. Dwellings used as living quarters for caretakers or watchmen and their families.

c. Storage boxes or space trailers as defined in subsection 60-666(12) used for the storage of nonhazardous material by the commercial or industrial use which occupies the property.

(24) Training schools.

(25) Uses similar to those in this subsection (a) and not elsewhere named in the following subsections, provided that the use will not be noxious.

(26) Any new or existing building proposed as a complex of three of more business and/or offices provided that they are approved by the planning board as a subdivision under division 4 of article XVI of this chapter.

(27) Adult use and medical marijuana cultivation, manufacturing and testing facilities subject to the requirements of chapter 14, article XVIII of this Code.

(28) Adult use and medical marijuana stores subject to the requirements of chapter 14, article XVIII of this Code, provided that the store is located on the same parcel of land as a marijuana cultivation facility or marijuana manufacturing facility.

(b) *Special exception uses.* The following uses are permitted as special exceptions after approval by the planning board in accordance with division 3 of article XVI of this chapter; upon determination that such a use will not unduly disturb or harmfully influence other uses in the areas adjoining:

(1) Uses similar to those found in subsection (a) of this section and not elsewhere named in the following subsection; that in the determination of the municipal officer charged with enforcement do not meet the requirements subsection (a) of this section.

(2) Automobile filling stations.

(3) Automobile and marine repair and service stations, automobile and marine paint and body repair shops.

(4) Restaurants and diners, including drive-in and carry-out restaurants.

(5) Retail food stores.

(6) Microwave, radio, radar, television or radio-telephone transmitting or broadcasting towers, including studios or offices for such transmitting or broadcasting, provided that:

a. Every such tower shall be installed in a location and manner that ensures its safe operation and the safety of surrounding residents, building occupants, land uses and properties.

b. In no case shall such tower be located less than 1½ times its height from the nearest property line.

(7) Motels and hotels.

(8) Automobile scrap yards.

(9) Off-street parking accessory, to a permitted use whether or not located on the same lot.

(10) Outdoor advertising.

(11) Junkyard.

(12) Airplane manufacture or assembly.

(13) Alcohol, methanol, or ethanol manufacture.

(14) Automobile or automotive manufacture or assembly.

(15) Brewery or distillery.

(16) Manufacture, or bulk storage of chemicals, petroleum products and other flammable, explosive or noxious materials.

(17) Machinery and machine tool manufacture.

(18) Metal fabrication plant.

(19) Municipal incinerator or sewage treatment plant.

(20) Manufacture of cosmetics, toiletries and pharmaceuticals.

(21) Asphalt batching plant.

(22) Grain processing and storage.

(23) Concrete or cement products manufacture.

(24) Coal distillation and derivation of coal products.

(25) Iron or steel foundry.

(26) Meat products manufacture.

(27) Packinghouse, including meat and poultry canning and curing, processing or freezing.

(28) Plastic and pyroxylin manufacture.

(29) Uses similar to the uses of this section and not elsewhere named in the following subsections.

(30) Accessory uses building and structures, including but not limited to:

a. Retail sales of products manufactured on the premises and products accessory to the industry.

b. A single dwelling unit for security personnel. Such dwelling unit shall be located in the principal building.

(31) Hospital.

(32) Automobile and marine sales lots and agencies.

(33) Child day care centers over 5,000 square feet (building area).

(34) Outpatient addiction treatment clinics.

(35) Any new building of 10,000 square feet or more or any existing building which proposes a use permitted under subsection (a) of this section which will occupy an area of 10,000 square feet or more.

(36) Adaptive reuse of structures of community significance.

(37) Ground-mounted and dual-use solar energy generating systems greater than one acre in total land area as defined in section 60-1501.

(38) Public Safety Service or Services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee,

(39) Correctional Institution

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee,

(40) Government Services

(41) Government Offices

(42) Municipal or Public Utilities and Communication Facilities

(Ord. of 9-21-2009, § 3.71B; Ord. 11-09062011-02, 9-6-2011; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 08-05202019, 6-3-2019; Ord. No. 02-02242020, 3-2-2020; Ord. No. 11-03012021, § 35, 3-15-2021)

Sec. 60-579. Dimensional regulations.

All structures in this district, except as noted, shall be subject to the following dimensional regulations:

(1) *Minimum lot width and depth.* Each lot shall have not less than 150 feet width. No lot shall be less than 250 feet in depth.

(2) *Density.* Not more than 40 percent of the total lot area shall be covered by buildings.

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 50 feet or 20 percent of the average depth of the lot, whichever is less.

b. *Side.* There shall be a distance of five feet between any building and the side property line, plus the side yard setback shall be increased one foot for every three feet or part thereof increased in street frontage over 60 feet to a maximum of 35 feet for side yard setback.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 35 feet or 15 percent of the average depth of the lot, whichever is less. No front yard need be any deeper than the average depth of front yards on the lots next thereto on either side. A vacant lot or a lot occupied by a building with a front yard more than 35 feet shall be considered as having a front yard of 35 feet.

d. *Principal buildings.* More than one principal building may be erected on a lot provided that the building meet all yard setback requirements and are separated by a distance equivalent to the height of the higher building or 30 feet, whichever is greater.

e. *Railroad tracks.* Where the principal use requires access to a railroad, the yard requirements are disregarded for the side of the building adjacent to the railroad trackage. The engineering requisites for a safe and properly designed siding and building setback acceptable to the railroad shall take precedence.

f. *Open and unbuilt spaces.* Any yard, space or are required to be kept open and unbuilt on may be used, if otherwise lawful, for outdoor storage of articles, supplies and materials except that such storage shall be screened from the view of abutting residential property owners and/or street by a solid wall or evergreen hedge.

g. *Landscaping.* Landscaping shall be provided and maintained as follows:

1. Within a parking lot, landscaping shall be provided in an amount equal to ten percent of the area of the parking lot.

2. The perimeter of a principal building, except for entrances and loading doors, shall be landscaped in an amount equal to 20 percent of the building footprint. Emphasis shall be given to the front and sides of the building.

3. All lots which abut the side or rear lot line of a lot in a residential district or use shall be screened from said lot by an evergreen tree line planted in staggered rows having the base of the trees not more than ten feet apart. The minimum width of the screened buffer line shall be 30 feet.

4. Side and rear lot lines between nonresidential uses shall be planted with evergreen trees in the same manner as subsection (3)g3 of this section, except that the width of the screened buffer line shall not be less than 15 feet.

5. Landscaping is considered to be vegetative treatment with trees, shrubs, flowering plants and grass and/or bark mulch. Grass only is not deemed to satisfy this requirement. Evergreen trees shall be used as required in subsections (3)g3 and (3)g4 of this section Trees shall be a minimum of six feet at the time of planting. Where possible, existing trees shall be preserved, building shall be oriented with respect to natural landscape features, topography and natural drainage areas.

(4) *Height.* Buildings shall not exceed 75 feet in height, except in the airport approach zone where Federal Aviation Administration height regulations shall apply.

(5) *Off-street parking.* Off-street parking and loading spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.71C; Ord. No. 11-03012021, § 36, 3-15-2021)

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: 02/13/2023 **Order:** 23-002132023

Author: Brian Wood, Assistant City Manager

Subject: Authorization for the City Manager to execute the Collective Bargaining Agreement between the City of Auburn and the IAFFA Local 797 from 07/01/2022 to 06/30/2025

Information: The Collective Bargaining Agreement between the City of Auburn and IAFFA Local 797

The following is a summary of the changes:

- Wages with 4.5%, 5%, and 5.5% COLA
- Added lateral entry provision
- Ambulance assignment incentive increase from $1 to $3.50/hr
- EMS licenses requiring everyone to maintain a license at the EMT B level (minimum)
- Acting Rank increasing from 5 to 7.5%
- Holiday addition of Juneteenth
- Vacation cash out increased from 280 max to 350 hour max
- FPO Holidays added Juneteenth
- Improved operational flexibility by defining "float" positions
- Improved operations by prioritizing Lieutenants working on Engines over working on rescues.
- Formalized language requiring COVID vaccination for EMS providers as required by the State.

City Budgetary Impacts: Budgetary impacts will be reflected in the FY24 budget.

Staff Recommended Action: Staff recommends the City Council vote for passage of this Resolve.

Previous Meetings and History:

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: Contract Agreement from 07/01/2022 to 6/30/2025

ORDER 23-02132023

City Council Order

IN CITY COUNCIL

ORDERED, that the City Council hereby authorizes the City Manager to execute the Collective Bargaining Agreement with the IAFFA Local 797, effective 07/01/2022 through 06/30/2025.

Financial Services

TO: **Phillip Crowell, City Manager**

FROM: **Jill Eastman, Finance Director**

REF: **January 2023 Financial Report**

DATE: **February 7, 2023**

The following is a discussion regarding the significant variances found in the City's January financial report. Please note that although the monthly financial report contains amounts reported by the School Department, this discussion is limited to the City's financial results and does not attempt to explain any variances for the School Department.

The City has completed its seventh month of the current fiscal year. As a guideline for tracking purposes, revenues and expenditures should amount to approximately 58.3% of the annual budget. However, not all costs and revenues are distributed evenly throughout the year; individual line items can vary based upon cyclical activity.

Revenues

Revenues collected through January 31st, including the school department were $59,947,134 or 56.00%, of the budget. The municipal revenues including property taxes were $40,741,012, or 57.81% of the budget which is less than the same period last year by 1.482%. The accounts listed below are noteworthy.

A. The current year tax revenue is at 57.00% as compared to 57.84% last year. This is a $958,590 increase over last year. The second payment is due March 15th.

B. Excise tax for the month of January is at 63.30%. This is an increase of $194,410 over FY 21. Our excise revenues for FY22 are 0.75% above projections as of January 31, 2023.

C. State Revenue Sharing at the end of January is 83.27% or $3,750,613. This is an increase of $645,995 over last January.

Expenditures

City expenditures through January 2023 were $32,876,464, or 64.07%, of the budget. This is a decrease of 0.02% less than the same period last year. The percentage of expenditures is lower, but dollars are higher due to the higher budget. Noteworthy variances are:

A. Administration is higher than last year by 2.52%. The major increases are Communications & Technology and Human Resources budgets being higher than last year.

B. Public Safety is higher due to both Police and Fire/EMS are higher.

C. Public Works is higher due to Winter Storm operations and overtime.

Investments

This section contains an investment schedule as of January 31st. Currently the City's funds are earning an average interest rate of 2.88% compared to .15% in 2022.

Respectfully submitted,

Jill M. Eastman
Finance Director

Re: Arena Financial Reports for January 31, 2023

Attached you will find a Statement of Net Assets and a Statement of Activities and budget to actual reports for Norway Savings Bank Arena for revenue and expenditures as of January 31, 2023.

NORWAY SAVINGS BANK ARENA

Statement of Net Assets:
The Statement of Net Assets lists current assets, noncurrent assets, liabilities and net assets and shows a comparison to the previous month, in this case, December 31, 2022.

Current Assets:
As of the end of January 2023 the total current assets of Norway Savings Bank Arena were ($1,240,363). These consisted of cash and cash equivalents of $281,162, accounts receivable of $176,845, and an interfund payable of $1,698,370.

Noncurrent Assets:
Norway's noncurrent assets are equipment that was purchased, less depreciation (depreciation is posted at year end). The total value of the noncurrent assets as of January 31, 2023, was $147,691.

Liabilities:
Norway Arena had no accounts payable as of January 31, 2023.

Statement of Activities:

The statement of activities shows the current operating revenue collected for the fiscal year and the operating expenses as well as any nonoperating revenue and expenses.

The operating revenues for Norway Arena through January 2023 are $588,845. This revenue comes from the concessions, sign advertisements, pro shop lease, youth programming, shinny hockey, public skating and ice rentals.

The operating expenses for Norway Arena through January 2023 were $445,667. These expenses include personnel costs, supplies, utilities, repairs, capital purchases and maintenance.

As of January 2023, Norway Arena had an operating gain of $143,178.

As of January 31, 2023 Norway Arena has an increase in net assets of $143,178.

The budget to actual reports for revenue and expenditures, with comparison to the same period last year show that revenue for FY23 is $18,119 less than in FY22 and expenditures in FY23 are $106,602 more than last year in December.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: February 13, 2023

Subject: Executive Session

Information: Economic development which premature disclosure would prejudice the competitive or bargaining position of the City, pursuant to 1 M.R.S.A. Section 405(6) (C).

Executive Session: On occasion, the City Council discusses matters which are required or allowed by State law to be considered in executive session. Executive sessions are not open to the public. The matters that are discussed in executive session are required to be kept confidential until they become a matter of public discussion. In order to go into executive session, a Councilor must make a motion in public. The motion must be recorded, and 3/5 of the members of the Council must vote to go into executive session. An executive session is not required to be scheduled in advance as an agenda item, although when it is known at the time that the agenda is finalized, it will be listed on the agenda. The only topics which may be discussed in executive session are those that fall within one of the categories set forth in Title 1 M.R.S.A. Section 405(6). Those applicable to municipal government are:

A. Discussion or consideration of the employment, appointment, assignment, duties, promotion, demotion, compensation, evaluation, disciplining, resignation or dismissal of an individual or group of public officials, appointees or employees of the body or agency or the investigation or hearing of charges or complaints against a person or persons subject to the following conditions:
(1) An executive session may be held only if public discussion could be reasonably expected to cause damage to the individual's reputation or the individual's right to privacy would be violated;
(2) Any person charged or investigated must be permitted to be present at an executive session if that person so desires;
(3) Any person charged or investigated may request in writing that the investigation or hearing of charges or complaints against that person be conducted in open session. A request, if made to the agency, must be honored; and
(4) Any person bringing charges, complaints or allegations of misconduct against the individual under discussion must be permitted to be present. This paragraph does not apply to discussion of a budget or budget proposal;

B. Discussion or consideration by a school board of suspension or expulsion of a public school student or a student at a private school, the cost of whose education is paid from public funds, as long as:
(1) The student and legal counsel and, if the student is a minor, the student's parents or legal guardians are permitted to be present at an executive session if the student, parents or guardians so desire;

C. Discussion or consideration of the condition, acquisition or the use of real or personal property permanently attached to real property or interests therein or disposition of publicly held property or economic development only if premature disclosures of the information would prejudice the competitive or bargaining position of the body or agency;

D. Discussion of labor contracts and proposals and meetings between a public agency and its negotiators. The parties must be named before the body or agency may go into executive session. Negotiations between the representatives of a public employer and public employees may be open to the public if both parties agree to conduct negotiations in open sessions;

E. Consultations between a body or agency and its attorney concerning the legal rights and duties of the body or agency, pending or contemplated litigation, settlement offers and matters where the duties of the public body's or agency's counsel to the attorney's client pursuant to the code of professional responsibility clearly conflict with this subchapter or where premature general public knowledge would clearly place the State, municipality or other public agency or person at a substantial disadvantage;

F. Discussions of information contained in records made, maintained or received by a body or agency when access by the general public to those records is prohibited by statute;

G. Discussion or approval of the content of examinations administered by a body or agency for licensing, permitting or employment purposes; consultation between a body or agency and any entity that provides examination services to that body or agency regarding the content of an examination; and review of examinations with the person examined; and

H. Consultations between municipal officers and a code enforcement officer representing the municipality pursuant to Title 30-A, section 4452, subsection 1, paragraph C in the prosecution of an enforcement matter pending in District Court when the consultation relates to that pending enforcement matter.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: February 13, 2023

Subject: Executive Session

Information: Contract Negotiations (Police Command), pursuant to 1 M.R.S.A. Section 405(6) (D).

Executive Session: On occasion, the City Council discusses matters which are required or allowed by State law to be considered in executive session. Executive sessions are not open to the public. The matters that are discussed in executive session are required to be kept confidential until they become a matter of public discussion. In order to go into executive session, a Councilor must make a motion in public. The motion must be recorded, and 3/5 of the members of the Council must vote to go into executive session. An executive session is not required to be scheduled in advance as an agenda item, although when it is known at the time that the agenda is finalized, it will be listed on the agenda. The only topics which may be discussed in executive session are those that fall within one of the categories set forth in Title 1 M.R.S.A. Section 405(6). Those applicable to municipal government are:

A. Discussion or consideration of the employment, appointment, assignment, duties, promotion, demotion, compensation, evaluation, disciplining, resignation or dismissal of an individual or group of public officials, appointees or employees of the body or agency or the investigation or hearing of charges or complaints against a person or persons subject to the following conditions:
(1) An executive session may be held only if public discussion could be reasonably expected to cause damage to the individual's reputation or the individual's right to privacy would be violated;
(2) Any person charged or investigated must be permitted to be present at an executive session if that person so desires;
(3) Any person charged or investigated may request in writing that the investigation or hearing of charges or complaints against that person be conducted in open session. A request, if made to the agency, must be honored; and
(4) Any person bringing charges, complaints or allegations of misconduct against the individual under discussion must be permitted to be present. This paragraph does not apply to discussion of a budget or budget proposal;

B. Discussion or consideration by a school board of suspension or expulsion of a public school student or a student at a private school, the cost of whose education is paid from public funds, as long as:
(1) The student and legal counsel and, if the student is a minor, the student's parents or legal guardians are permitted to be present at an executive session if the student, parents or guardians so desire;

C. Discussion or consideration of the condition, acquisition or the use of real or personal property permanently attached to real property or interests therein or disposition of publicly held property or economic development only if premature disclosures of the information would prejudice the competitive or bargaining position of the body or agency;

D. Discussion of labor contracts and proposals and meetings between a public agency and its negotiators. The parties must be named before the body or agency may go into executive session. Negotiations between the representatives of a public employer and public employees may be open to the public if both parties agree to conduct negotiations in open sessions;

E. Consultations between a body or agency and its attorney concerning the legal rights and duties of the body or agency, pending or contemplated litigation, settlement offers and matters where the duties of the public body's or agency's counsel to the attorney's client pursuant to the code of professional responsibility clearly conflict with this subchapter or where premature general public knowledge would clearly place the State, municipality or other public agency or person at a substantial disadvantage;

F. Discussions of information contained in records made, maintained or received by a body or agency when access by the general public to those records is prohibited by statute;

G. Discussion or approval of the content of examinations administered by a body or agency for licensing, permitting or employment purposes; consultation between a body or agency and any entity that provides examination services to that body or agency regarding the content of an examination; and review of examinations with the person examined; and

H. Consultations between municipal officers and a code enforcement officer representing the municipality pursuant to Title 30-A, section 4452, subsection 1, paragraph C in the prosecution of an enforcement matter pending in District Court when the consultation relates to that pending enforcement matter.

City Council Special Meeting
Agenda
February 17, 2023
Auburn Hall, Council Chambers

5:30 P.M. City Council Meeting - Roll call votes will begin with Councilor Milks

Pledge of Allegiance

I. Unfinished Business

1. Ordinance 02-02132023
Amending the definition and use of standards related to Public Safety Facilities, Detention Facilities, Correctional Facilities and/or Government Offices at a site on which the use does not currently exist. Public hearing and second reading.

II. Adjournment

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: February 17, 2023 **Ordinance:** 02-02132023

Author: Eric Cousens, Director of Planning and Permitting

Subject: Workshop in preparation for First Reading on a Zoning text amendment related to Public Safety Facilities, Detention Facilities, Correctional Facilities and/ or Government Offices.

Information: Zoning text amendment involving definitions and use standards related to Public Safety Facilities, Detention Facilities, Correctional Facilities and/ or Government Offices. The proposed text amendment includes amendments to Chapter 60, Article I, Section 60-2 Definitions and Chapter 60, Article IV. District Regulations. This item is pursuant to Chapter 60 Article XVII Division 2- Amendment to the Zoning Ordinance or Zoning Map.

This is a workshop to ask questions and clarify how the draft ordinance would work for review of specified uses. First reading is scheduled for later tonight, a Planning Board Public Hearing is scheduled for 2/14/23 and Second reading with Public Hearing is scheduled for City Council on 2/17/23. In summary the proposed ordinance established new definitions for Public Safety Facilities, correctional facilities and related uses. Prior to this there was only a broad category of Government Offices and Services that could cover a wide range of uses that had very different potential impacts. The Planning Board and staff worked to define the different uses using other communities and best practices as a guide and then to determine where they could be appropriate and what special impacts should be addressed by conditions. Attached is the draft text. Correctional facilities and jails will be limited to T5.2 (where one exists) and the Industrial district. Public safety facilities will be allowed more broadly as a special exception with Planning Board review and with an approval by the City Council after review of a needs and impacts analysis specific to any proposed facility. The needs and impacts analysis would be easier to justify where impacts from existing facilities already exist and residents are used to living with them. Government Offices/services with more office related functions, other than Public safety and correctional facilities/jails, would be allowed even more broadly as shown in the attached amendment.

City Budgetary Impacts: None

Staff Recommended Action: Staff recommends passage of the ordinance as is without amendments.

Previous Meetings and History: Partly discussed when a moratorium was put in place in 2022, passage of first reading on 2/13/2023, and discussed at the Planning Board meeting on 2/14/2023.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: Ordinance amendment language, Use Matrix used for discussion with Planning Board Planning Board staff report.

LEGAL NOTICE
City of Auburn

Notice is hereby given that the Auburn City Council will hold a Public Hearing on **Friday, February 17, 2023, at 5:30 p.m.** in the City Council Chambers, 60 Court Street, Auburn, Maine to consider the following topic:

1. **PUBLIC HEARING/ SECOND READING/ TEXT AMENDMENT/** Public hearing on a text amendment involving definitions and use standards related to Public Safety Facilities, Detention Facilities, Correctional Facilities and/ or Government Offices at a site on which the use does not currently exist. The proposed text amendment includes amendments to Chapter 60, Article I, Section 60-2 Definitions and Chapter 60, Article IV. District Regulations. This item is pursuant to Chapter 60 Article XVII Division 2- Amendment to the Zoning Ordinance or Zoning Map.

Additional information is available at the Auburn Planning & Permitting Department by contacting Katherine Cook at (207) 333-6601 ext. 1155 or kcook@auburnmaine.gov.

To: Auburn City Council
From: Auburn Planning Board
Re: Planning Board February 14, 2023 public safety ordinance recommendation
Date: February 17, 2023

The Planning Board forwards the following recommendation to council after notice and public hearing at the February 14, 2023, Planning Board meeting.

Motion: Riley Bergeron; Second: Stacey LeBlanc

I make a motion to forward a positive recommendation to the City Council to adopt the text amendment involving definitions and use standards related to Public Safety Facilities, Detention Facilities, Correctional Facilities and/ or Government Offices at a site where the use does not currently exist. The proposed text amendment includes amendments to Chapter 60, Article I, Section 60-2 Definitions and Chapter 60, Article IV District Regulations. Pursuant to Chapter 60 Article XVII Division 2- Amendment to the Zoning Ordinance or Zoning Map including the staff suggestion to include in the government services definition a 1000 sq ft threshold.

Amendment to main motion:

Motion: Evan Cyr; Second: Darren Finnegan

I make a motion to amend municipal uses to read municipal uses means any lawful use of a building or of land carried on by the city not defined elsewhere in the ordinance; a city landfill shall not be deemed a municipal use.

Vote 7-0-0 Motion carries

ORDINANCE 02-02132023

City Council Ordinance

IN CITY COUNCIL

Amending Chapter 60, Article I, Section 60-2 Definitions and Chapter 60, Article IV.

Be it ordained, that the Auburn City Council adopts a Zoning text amendment involving definitions and use standards related to Public Safety Facilities, Detention Facilities, Correctional Facilities and/ or Government Offices. The proposed text amendment includes amendments to Chapter 60, Article I, Section 60-2 Definitions and Chapter 60, Article IV. District Regulations as shown on the attached copies with proposed amendments. This item is pursuant to Chapter 60 Article XVII Division 2- Amendment to the Zoning Ordinance or Zoning Map.

Sec. 60-2. Definitions.

For the purposes of this chapter, the following words and terms as used herein shall have the meanings or limitations of meaning hereby defined, explained or assigned:

Accessory structure or building means an uninhabited building, at least five feet in distance from the principal building, used for a purpose which is customarily subordinate and incidental to that of the principal building or to the principal use of the land and which is located on the same lot as the principal building use. The term "accessory buildings," in residential districts, includes tool sheds, wood sheds, detached garages and swimming pools. No accessory building shall house a home occupation or professional office or be used as a sales outlet in a residential district.

Accessory use means a subordinate use of land or building which is customarily incidental and subordinate to the principal building or to the principal use of the land and which is located on the same lot with the principal building or use.

Adaptive reuse means a special exception permitting a structure of community significance to be used for one or more purposes, not otherwise permitted in the district in which the building is located, but which the planning board has determined will contribute to the preservation of a structure of community significance, including without limitation, the following uses:

(1) Bed and breakfast homes or inns;

(2) Restaurants, diners or cafes;

(3) Art studios and galleries;

(4) Performing arts centers;

(5) Medical and dental clinics;

(6) Office space;

(7) Municipal and government uses; and

(8) Retail sales as an accessory use.

Adult day center means a supervised facility providing a program of education, crafts or recreation for adults over the age of 55 years.

Animal unit means one living animal of any species.

Antique shop means a building, or portion of building, where artifacts from generally recognized previous eras are sold or traded as the primary commercial activity.

Apartment. See the term *Dwelling unit.*

Architectural features means exterior building elements intended to provide ornamentation to the building massing, including but not limited to, eaves, cornices, bay windows, window and door surrounds, light fixtures, canopies, and balconies.

Art galleries means a building or place where works of art or other objects of value are kept, displayed, produced and offered for sale to the general public.

Artist studio, residential means a dwelling where up to 50 percent of the total floor space can be used for the production of art and/or craft products. The term "residential artist studio" shall not include galleries or studios open to the public for display or sales. All artist studios shall be designed to meet all residential safety and occupancy requirements and shall be considered to be accessory to the residential use.

Automobile means a passenger vehicle propelled by a self-contained motor. The term "automobile" also includes motorcycles, all-terrain vehicles, trucks and recreation vehicles (RVs).

Automobile and marine paint and body shops means a building in which the business of automobile and marine paint and bodywork is conducted. Such use may also include as an accessory use a facility for the orderly display and sale of vehicles which have undergone substantial body repair on the premises. No such facility shall display, outdoors or indoors, or offer for sale more than ten vehicles at any one time.

Automobile and marine repair and service station means a building, lot or both in or upon which the business of general motor repair and vehicle service is conducted, but excluding junk and/or wrecking businesses.

Automobile, commercial, means a vehicle the primary use of which is commercial in character.

Automobile filling station means a building or lot having pumps and storage tanks at which fuel, oil or accessories for the use of motor vehicles are dispensed, sold or offered for sale at retail, where repair service is incidental and no vehicle storage or parking space is offered for rent.

Automobile garage, private, means an accessory building or portion of a main building designed, arranged or used for housing of private motor vehicles, only one of which may be a commercial vehicle. Not more than 50 percent of the space in such a garage shall be used for housing vehicles other than those owned by occupants of the premises.

Automobile parking lot, private, means a parcel of land, lot or portion thereof required, in accordance with these regulations, for off-street automobile parking.

Automobile repair and service station means a building, lot or both in or upon which the business of general motor vehicle repair and service is conducted, but excluding junk and/or wrecking business.

Automobile sales lot means a lot arranged, designed or used for the storage and display of motor vehicles or any unoccupied trailer for sale.

Automobile scrap yard means any land or building used for the dismantling, storage and salvaging for reuse of automobiles or other vehicles not in running condition.

Automotive towing and storage means a business engaged in/or offering the services of a towtruck or towing service whereby motor vehicles are towed or otherwise removed from one place to another by the use of a motor vehicle specifically designed for that purpose. Storage of towed vehicles is considered to be the keeping of vehicles in a secured yard for not more than 120 days until claimed or disposed of in accordance with the laws of the state.

Basement means that portion of a building below the first floor joists having at least one-half of its clear ceiling height above the main level of the adjacent ground.

Bed and breakfast home means an accessory use to a single-family dwelling involving the renting of four or fewer guestrooms to transient guests who are staying for a limited duration (seven consecutive days and/or 60 accumulated days in a calendar year) and the serving of breakfast only to house guests. Such establishment shall be owned and operated by the resident of the dwelling. The term "bed and breakfast home" also includes a tourist home.

Bed and breakfast inn means a dwelling involving the renting of more than four but fewer than ten guestrooms to transient guests who are staying for a limited duration (seven consecutive days and/or 60 accumulated days in a calendar year) and the serving of breakfast to house guests only. Such use may provide a restaurant, function rooms and places of public assembly.

Boardinghouse or *lodginghouse* means a dwelling which, for compensation, lodging, or lodging and meals are provided to more than four persons and where a proprietor or owner may reside in the building. No provisions for cooking in individual rooms other than a main kitchen is allowed.

Building means a structure having one or more stories and a roof, designed primarily for the shelter, support or enclosure of persons, animals or property of any kind. (See the term *Structure.*)

Building envelope means the ground area on a lot and the space above it on which a building may be constructed.

Building form means the overall shape and dimensions of a building.

Building height means the vertical distance from the grade of the top of the highest roof beams of a flat roof, or to the mean level of the highest gable or slope of a hip roof. When a building faces on more than one street, the height shall be measured from the averages of the grades at the center of each street front.

Building inspector means the building inspector of the City of Auburn, Maine, or their duly authorized agent.

Building line means a line beyond which the foundation wall and/or any enclosed porch, vestibule of other enclosed portion of a building shall not project.

Building, principal, means a building in which is conducted the principal use of the lot on which it is situated.

Care home means a rest, nursing, or convalescent home established to render domiciliary nursing care and board for chronically ill or convalescent patients, or persons who are infirm because of mental or physical conditions, but excluding a child care home or one for the care of mentally retarded patients, alcoholics, psychotics or drug addicts.

Cellar means that portion of a building below the first floor joists having at least one-half of its clear ceiling height below the mean level of the adjacent ground. A cellar shall not be used for habitation.

Cemetery means a place used for the permanent interment of dead bodies or cremated remains thereof. A cemetery may be a burial park of earth interments, a mausoleum for vault or crypt interments, a columbarium for cinerary interments, or a combination of one or more thereof.

Child care home means a child boarding home, summer camp, foster family home or other place providing domiciliary arrangements for compensation, of three or more children, unrelated to the operator by blood, marriage or adoption, under 18 years of age. A facility providing child day care less than 24 hours per day, per child, to more than five children shall not be considered a child care home. The term "child care home" includes any family-type facility which provides child care to children placed by order of any court of competent jurisdiction, or by any public welfare department, or other governmental agency having responsibility for placing children for care, or placed by child-placing agency licensed under state law.

Child day care center means a facility conducted or maintained by anyone who provides, for consideration, care and protection for more than 12 children under 16 years of age, unrelated to the day care center operator, who are unattended by parents or guardians, for any part of the day. Any facility, the chief purpose of which is to provide education, shall not be considered to be a day care center, but is classified as a nursery school.

Child day care home means an accessory use of a residence by a person residing on a premises to provide on a regular basis, and for consideration, care and protection for up to 12 children under 16 years of age, unrelated to the day care home operator, who are unattended by parents or guardians, for any part of the day. Any facility, the chief purpose of which is to provide education, shall not be considered to be a day care home, but is classified as a nursery school. A child day care home shall not be located closer to another child day care home than 500 feet measured along the street frontage. Child day care homes shall be reviewed under the city's home occupation regulations (article IX of this chapter) and shall meet the following:

(1) All outdoor play areas, used in conjunction with the day care operation, shall be fully enclosed by a fence, a minimum of four feet in height.

(2) If the property utilizes a private sewerage disposal/septic system a written verification from a site evaluator, stating that the current system can handle the change of use to include the children in the proposed day care, shall be submitted.

Church means a building, together with its accessory buildings and uses, where persons regularly assemble for religious worship, and which buildings, accessory buildings and uses are maintained and controlled by a religious body organized to sustain public worship.

Clinic means an establishment where patients are accepted for treatment by a group of physicians practicing medicine together, but shall not offer domiciliary arrangements; medical and dental.

Club, private, means any building or rooms, which serve as a meeting place for an incorporated or unincorporated association for civic, social, cultural, religious, literary, political, recreational or like activities, operated for the benefit of its members and not open to the general public.

Community based residential facilities (CRF) means dwelling units providing communal domiciliary arrangements for a group of unrelated persons under supervision of the state government human service agencies, for the transition of formerly institutionalized persons back into the mainstream community living and participation, a halfway house, or a group home.

Comprehensive plan means the master development plan of the City of Auburn, Maine, any amendments or additions thereto, part or portion thereof adopted by the city council upon recommendations of the planning board of Auburn, Maine, pursuant to 30-A M.R.S.A. § 4323.

Convenience store means a business establishment having an interior selling space of less than 3,000 square feet where general food supplies for the table, other articles of household use and gasoline pump service is offered for sale. Such a use may include the sale of food vended in disposable containers for consumption on or off the premises.

Correctional institution means a publicly or privately operated facility generally designed for the confinement, correction, and rehabilitation of adult and/or juvenile offenders sentenced by a court.

Court means an open, unoccupied space, other than a yard, on the same lot with a building or group of buildings which is bounded on two or more sides by such building or buildings and every part of which is clear and unobstructed from its lowest point to the sky.

Dental clinic means an establishment where patients are accepted for treatment by a group of dentists practicing dentistry together.

Detention facility mean In the case of an adult or juvenile, "detention" means the confining of an adult or juvenile held in lawful custody in a specially constructed or modified facility designed to ensure continued custody and control. Detention may be confinement before trial or another hearing by a court or confinement to serve court-imposed sentences or dispositions and may be in a step-down, jail, half-way house or lock-up facility.

Development standard(s) means building standards that establish basic parameters governing building form, including the envelope for building placement in three dimensions and certain permitted and required building elements such as storefronts, balconies, street walls, etc. The development standards establish both boundaries within which development may take place and what requirements apply.

Director means the director of planning and any successor or other official designated from time to time by the city council to enforce the provisions of this chapter.

District or *zone* means an area within which certain uses of land and buildings are permitted or denied pursuant to municipal review, and certain others are prohibited.

District, overlay, means a special district or zone which addresses special land use circumstances and environmental safeguards and is superimposed over the underlying existing zoning districts. Permitted uses in the underlying zoning district shall continue subject to compliance with the regulations of the overlay zone or district.

Dormitory means a building or portion thereof used for sleeping purposes in connection with a school, college or other educational institution.

Driveway means private ways intended for internal vehicular circulation on a lot or within an automobile parking lot.

Dump means any premises used primarily for disposal by abandonment, discarding, dumping, reduction, burial, incineration or any other means and for whatever purpose of garbage, trash, refuse, dead animals, waste materials of any kind, junk; but not untreated sewage, animal waste, discarded machinery, or vehicles or parts thereof. The establishment of any dump shall be approved by the city council of the City of Auburn.

Dwelling means a building or portion thereof arranged or designed to provide living facilities for one or more families.

Dwelling, multifamily, means a residence designed for or occupied by three or more families with separate housekeeping and cooking facilities for each.

Dwelling, one-family attached, means a residential structure designed to house a single-family unit from lowest level to roof, with private outside entrance, but not necessarily occupying a private lot, and sharing a common wall or walls with an adjoining dwelling unit or units. Each one-family attached dwelling shall contain not less than 700 square feet of net floor area of habitable space.

Dwelling, one-family detached, means a dwelling unit singly and apart from any other building and intended and designed to be occupied and used exclusively for residential purposes by one family only, excluding those forms of temporary housing permitted by section 60-666. Each one-family detached dwelling shall contain not less than 700 square feet of net floor area of habitable space.

Dwelling, seasonal, means a dwelling occupied for not more than six months of any year.

Dwelling, two-family, means a freestanding building intended and designed to be occupied and used exclusively for residential purposes by two families only, with separate housekeeping and cooking facilities for each.

Dwelling unit means a room or group of rooms located within a building and forming a single habitable unit, physically separated from any other rooms or dwelling units which may be in the same structure, with facilities which are used for or intended to be used for independent living, sleeping, cooking and eating purposes. Dwelling units available for rental or occupancy for periods of less than one week shall be considered boarding/lodging units.

Eave means the edge of a roof which projects beyond the exterior wall.

Encroachment means any architectural feature, structure or structural element, such as a gallery, fence, garden wall, porch, stoop, balcony, bay window, terrace, or deck that breaks the plane of a vertical or horizontal regulatory limit exceeding into a setback, the public frontage, or above a height limit.

Erected includes the terms "built," "constructed," "reconstructed," "enlarged" and/or "retained on."

Facade means the vertical surface of a building.

Family means one or more persons occupying a single housekeeping unit and using common cooking facilities, provided that unless all members are related by blood or marriage, no such family shall contain over four persons.

Farm means any parcel of land which is used in the raising of agricultural products, livestock or poultry, or for dairying.

Farm, livestock, means any parcel of land that contains at least the following land area used for the keeping of horses, mules, donkeys, cattle, goats, sheep, swine and similar sized animals for the agricultural use of the residents of the lot, provided that there is a minimum of 1 acre of land as required by Chapter 8 Animals and adequate land area is provided for each animal unit, excluding water bodies of one-quarter acre surface area or larger:

(1) Cattle: One bovine animal unit per acre of cleared hay-pasture land.

(2) Horse: 1.5 animal units per acre of cleared hay/pasture land.

(3) Sheep: Three animal units per acre of cleared hay/pasture land.

(4) Swine: Two animal units per acre of cleared land.

(5) Other livestock farms: The required lot size shall be determined by municipal officer charged with enforcement and shall conform to the lot size for similar sized animals.

Floodplain overlay means those areas of the city which are directly affected by flooding as shown on the flood insurance rate maps (FIRM) as established by the Federal Emergency Management Agency and that shall comply with the pertinent regulations found in division 2 of article XII of this chapter pertaining to the Floodplain Overlay District.

Floor area of building means the total number of square feet of floor area of all stories in a building, excluding cellars, uncovered steps and uncovered porches. All horizontal measurements shall be made between exterior faces of walls.

Form based code means a land development regulation that fosters predictable built results and a high-quality public realm by using physical form (rather than separation of uses) as the organizing principle for the code.

Form based code zoning district means one of the five areas on the regulating plan, including Transect 4.1 (T-4.1), Transect 4.2 (T-4.2), Transect 5.1 (T-5.1), Transect 5.2 (T-5.2), and Transect 6 (T-6).

Frontage means the length of a lot extending between the side lot lines of a lot which borders an accepted portion of a street. Maine Turnpike frontage does not apply to this definition.

Frontage line means the lot line(s) of a lot fronting a street or other public way.

Government offices means a room or group of rooms used for conducting the affairs of a government entity, not entailing the sale of goods except that which is clearly incidental.

Government services means for the purposes of this chapter, "government services" includes the functions performed by the various government agencies in the city. Government services includes the following: government administration, courts, public schools, postal services, public works and municipal utilities.

Greenhouse means an enclosed structure where trees, shrubs, vines and plants are propagated, grown or maintained. Activities associated with a greenhouse include:

(1) The sale of greenhouse products and related supplies; and

(2) The storage of material used in the maintenance of plants and growing items sold.

Grocery store means a small retail establishment having an interior selling space of less than 3,000 square feet where general food supplies for the table and other articles of household use are offered for sale. Such a use may include the sale of food vended in disposable containers for consumption on or off the premises; a corner market, a mom and pop store.

Ground area of building means the total number of square feet of horizontal surface covered by a building, including covered porches and accessory buildings. All measurements shall be made between exterior faces of walls, foundation, piers or other means of support.

Group home. See the term *Community based residential facilities.*

Guesthouse means a detached dwelling that is intended, arranged or designed for occupancy by transient, nonpaying visitors.

Habitable space means that area within a dwelling which has headroom of not less than seven feet when measured vertically upward from the finished floor, provided that any such area next below the roof of a dwelling

shall be counted only if it is connected with the story next below by a permanent inside stairway. The floor area of any porch, cellar room, garage or shed attached to such dwelling shall not be counted in any measure of habitable space.

Half-story means a story directly under a sloping roof in which the points of intersection of the bottom of the rafters with the interior faces of the walls are less than three feet above the floor level.

Historic site means a parcel of land, a particular building, or a group of buildings that have played a significant role in the history of the community, and identified as such by the state historic preservation committee.

Historic or archaeological resources means areas identified by a governmental agency such as the state historic preservation commission as having significant value as historic or archaeological resources and any areas identified in the municipality's comprehensive plan.

Hog farm means any land or building used for the purpose of keeping, feeding or raising 20 or more swine per piggery. Establishment of this use requires approval from the city health department.

Home occupation means the accessory use of a dwelling unit for a business or commercial venture engaged in, by the person residing in the dwelling unit, and which allows up to one person who does not reside on the premises to be employed by that home occupation.

Hospital means any institution receiving inpatients and rendering medical, surgical and/or obstetrical care. The term "hospital" includes general hospitals and institutions in which service is limited to special fields such as cardiac, eye, nose and throat, pediatric, orthopedic, skin, cancer, mental health, tuberculosis, chronic disease and obstetrics. The term "hospital" also includes sanitariums, including those wherein mentally retarded and mental patients, epileptics, alcoholics, senile psychotics or drug addicts are cared for or treated.

Hotel means a building in which the primary use is transient lodging accommodations offered to the public on a daily rate of compensation and where ingress and egress to the sleeping rooms is primarily through an inside lobby or office, supervised by a person in charge at all hours. Such facilities may include accessory uses such as restaurants, bars, nightclubs, function rooms, places of public assembly and/or recreational facilities.

Household pet means any animal kept as a pet and normally housed at night within the owner's dwelling or an accessory building on the same lot, including laying hens, but not including any animal normally raised as livestock or poultry or any animal raised for commercial gain. No household pet shall be kept that creates a public nuisance by reason of:

(1) Objectionable effects perceptible outside the owner's property, such as excessive or untimely noise or offensive odors; or

(2) Being a hazard to the health, safety and welfare of neighbors, invited guests or public servants visiting the property in the pursuit of their normal duties.

Illustrative plan means a plan or map that depicts (i.e. Illustrates but does not regulate) the streets, lots, buildings and general landscaping of the proposed Downtown Auburn/New Auburn Form-Based Code District.

Industrial use, heavy, means the use of real estate, building or structure, or any portion thereof, for assembling, fabricating, manufacturing, packaging or processing operations.

Industrial use, light, means the use of real estate, building or structure, or any portion thereof, for manufacturing or fabrication which will not create a nuisance by noise, smoke, vibration, odor or appearance.

Institution means any building or open area used only by an educational, religious, medical, charitable, philanthropic, or nonprofit organization, either public or private.

Institution, philanthropic, means a private, nonprofit organization that is not organized or operated for the purpose of carrying on a trade or business, no part of the net earnings of which inures to the benefit of any member of said organization and which either:

(1) Provides volunteer aid to the sick and wounded of the armed forces in time of war and relief services to victims of natural or manmade calamities; or

(2) Provides all or any of the following: religious, social, physical, recreational and benevolent service.

Institution, private educational, means any private school or educational institution, however designated, which offers an academic curriculum of college, professional, preparatory, high school, middle school, elementary, kindergarten or nursery school instruction, or any combination thereof; but not a training program of trade, craft, technical or artistic instruction operated by a governmental entity. No private educational institution shall be deemed a home occupation. (See the terms *Training school* and *School.*)

Institution, research, means an agency for scientific research of technical development including offices, libraries, laboratories, testing facilities and equipment incidental to such research and development.

Jail means a specially constructed or modified facility designated by law or regularly used for detention for a period of up to 12 months.

Junkyard or *automobile graveyard* means any land or building used for the abandonment, storage, keeping, collecting or bailing of paper, rags, scrap metal, other scrap or discarded material, or for the abandonment, demolition, dismantling, storage or salvaging of automobiles or other vehicles not in running condition, machinery or parts thereof. Establishment and operation of this use requires annual approval from the City Council of Auburn, Maine.

Kennel means any building and/or land used, designed or arranged for the boarding, breeding or care of dogs, cats, pets, fowl or domestic animals, kept for purposes of show, hunting or as pets, except horses.

Land use permit means a permit required for the use of property that is legally permitted under the provisions of this chapter.

Landscape services means the actual planting, bed preparation, installation of landscape materials and maintenance of the landscape, planting and materials. Activities associated with landscaping include: the storage of materials and equipment related to the performance of landscaping, the temporary storage of trees, shrubs and plants pending installation in an existing landscape plan and the application and storage of pesticides and fertilizers by a licensed person.

Lawn maintenance service means the care and upkeep of the landscape after its installation and consists of such activities as mowing of the lawn, pruning of trees and shrubs, application by hand of fertilizer and weed control, insect and disease control, planting and care of flower beds, replacement of dead plants, incidental repairing of walls and paved surfaces, cleaning of fountains and pool basins, irrigation of lawns, cultivation of soil around trees and shrubs, rolling and reseeding of lawns, raking of leaves, winterization of trees and shrubs and snow removal.

Library means a place containing books and other material for reading, study or reference, provided that no such material is offered for sale.

Livestock means, but may not be limited to, any horses, mules, donkeys, cattle, goats, sheep, or swine.

Lock-up facility means a facility designated by law or regularly used for detention for a temporary period before trial or transfer to a jail or other facility.

Lodge, private. See the term *Club, private.*

Lot means for zoning purposes, as covered by this chapter, a lot is a parcel of land under one ownership or joint ownership of at least sufficient size to meet minimum zoning requirements for use, coverage and area, and to

provide such yards and other open spaces as are herein required. Such lot shall have frontage on an accepted public street and may consist of:

(1) A single lot of record;

(2) A portion of a lot of record;

(3) A combination of complete lots of record;

(4) A parcel of land described by metes and bounds; provided that in no case of division or combination shall any residential lot or parcel be created which does not meet the requirements of this chapter;

(5) Lots shown on a plan approved by the planning board of the City of Auburn.

Lot frontage/width means the front of a lot shall be construed to be the portion nearest the street. For the purpose of determining yard requirements or corner lots and through lots, all sides of a lot adjacent to streets shall be considered frontage, and yards shall be provided as indicated under the definition of yards in this section.

Lot line, rear, means the lot line generally opposite or parallel to the front lot line, except in a through lot. If the rear lot line is less than ten feet long or the lot comes to a point at the rear, said rear lot line is assumed to be a line not less than 20 feet long, lying wholly within the lot, parallel to the front lot line, or in the case of a curved front lot line, parallel to the chord of the arc of said front lot line.

Lot measurements means the following measurements:

(1) The depth of a lot shall be considered to be the uninterrupted distance between the midpoints of lot frontage and the midpoint of the rear lot line unless the lot meets the exception provided for by section 60-39.

(2) The width of a lot shall be considered to be the distance between straight lines connecting front and rear lot lines at each side of the lot, measured across the rear of the required front yard, provided, however, that the width between the side lot lines at their foremost points (where they intersect the street line) shall not be less than 80 percent of the required lot width except in the case of a lot on the turning circle of a cul-de-sac, where the 80 percent requirement shall not apply.

Lot of record means a lawfully laid out lot which is part of a subdivision recorded in the proper office of the registry of deeds, or a lawfully laid out lot or parcel described by metes and bounds, the description of which has been so recorded.

Lot types means the diagram which follows illustrates terminology used in this chapter with reference to corner lots, interior lots, reversed frontage lots and through lots. In the diagram above, the lots designated by letters are defined as follows:

(1) Corner lot, defined as a lot located at the intersection of two or more streets. A lot abutting on a curved street or streets shall be considered a corner lot if straight lines drawn from the foremost points of the side lot lines to the foremost points of the side lot lines to the foremost point of the lot meet at an interior angle of less than 135 degrees. (See lots marked A(1) in diagram)

(2) Interior lot, defined as a lot other than a corner lot with only one frontage on a street other than an alley.

(3) Through lot, defined as a lot other than a corner lot with frontage on more than one street other than an alley. Through lots with frontage on two streets may be referred to as double frontage lots.

(4) Reversed frontage lot, defined as a lot in which the frontage is at right angles or approximately right angles to the general pattern in the area involved. A reversed frontage lot may also be a corner lot or an interior lot. (See A-D and B-D in diagram.)

Lot, undersized, means for zoning purposes, as covered by this chapter, an undersized lot is a parcel of land of insufficient size to meet minimum zoning requirements for area or width or depth.

Major or principal arterial highway means the highway that:

(1) Serves the major traffic movements within urbanized areas such as between central business districts and outlying residential areas, between major intercity communities, or between major suburban centers;

(2) Serves a major portion of the trips entering and leaving the urban area, as well as the majority of the through traffic desiring to bypass the central city;

(3) Provides continuity for all rural arterials which intercept the urban area. The term "major or principal arterial highways" includes Washington Street (State Routes 4 and 100, U.S. 202), Minot Avenue (State Routes 11 and 121), Union Street/Center Street/Turner Road (State Route 4), Veterans Memorial Bridge and approaches (State Routes 11 and 100, U.S. Route 202), North Bridge/Court Street to in town Minot Avenue Intersection (Turner Street), Court to Center Street (State Route 4).

Major recreational use of land means permanent use of at least 100 acres of outdoor space limited to ski areas with at least two lifts and public and private golf courses with a minimum of 18 holes.

Major retail development means a single building in excess of 100,000 square feet of new ground floor retail space.

Manufactured housing means a structural unit designed for occupancy, and constructed in a manufacturing facility and then transported by the use of its own chassis, or placed on an independent chassis, to a building site. The term "manufactured housing" includes any type of building which is constructed at a manufacturing facility and then transported to a building site where it is utilized for housing and may be purchased or sold by a dealer in the interim. The term "manufactured housing" includes newer mobile homes and modular homes.

Mining, quarrying, or *earth removing* means the excavation of any earth materials.

Minor arterial highway means the highway that:

(1) Serves trips of moderate length at a somewhat lower level of travel mobility than principal arterials;

(2) Provides access to geographic areas smaller than those served by the major arterial highway system; and

(3) Provides intra-community continuity but does not penetrate identifiable neighborhoods. Examples are Riverside Drive, Mill Street, South Bridge (Broad Street to Mill Street), Main Street, Mechanics Row, High Street (Minot Avenue to Academy Street), Academy Street (High Street to Main Street), Elm Street, Spring Street (Minot Avenue to Court Street), Turner Street (Union Street to Turner Road), Mount Auburn Avenue (Center Street to Turner Street), Lake Street, Court Street (Union Street to in town Minot Avenue Intersection), Hotel Road (Manley Road to Poland Spring Road).

Mobile home development, intended to be generic, includes mobile home parks, mobile home subdivisions, and mobile home condominiums.

Mobile home park means a parcel of land under single ownership in rural residence and suburban residence districts which has been planned and improved for the placement of not less than three mobile homes for nontransient use.

Mobile homes, newer, means those units constructed after June 15, 1976, commonly called "newer mobile homes," which the manufacture certifies are constructed in compliance with the United States Department of Housing and Urban Development standards, meaning structures, transportable in one or more sections, which, in the traveling mode, are 14 body feet or more in width and are 700 or more square feet, and which are built on a permanent chassis and designed to be used as dwellings on foundations when connected to the required utilities,

including the plumbing, heating, air conditioning and electrical system contained therein; except that the term "newer mobile homes" includes any structure which meets all the requirements of this definition, except the size requirements and with respect to which the manufacturer voluntarily files a certification required by the Secretary of the United States Department of Housing and Urban development and complies with the standard established under the National Manufactured Housing Construction and Safety Standards Act of 1974, United States Code, 42 USC 5401 et seq.

Mobile homes, older, means any factory-built home which fails to meet the definition of manufactured housing and more specifically, the term "older mobile homes" means any mobile home constructed prior to June 15, 1976. These units shall be restricted to approved mobile home parks.

Modular homes means those units which the manufacturer certifies are constructed in compliance with the state's Manufactured Housing Act and regulations, meaning structures, transportable in one or more sections, which are not constructed on a permanent chassis and are designed to be used as dwellings on foundations when connected to required utilities, including the plumbing, heating, air conditioning or electrical systems contained therein.

Motel means a building or group of detached buildings intended primarily to provide sleeping accommodations to the public on a daily rate of compensation and having a parking space generally located adjacent to a sleeping room. Such facilities may include a main kitchen or snack bar for the use of motel guests only.

Municipal sanitary landfill means a disposal site for household, commercial and industrial wastes, sludge or incinerator ash operated or controlled for operation by the city in a controlled manner involving the covering of deposited wastes with layers of earth so as to reduce health hazards and public nuisances from vermin, insects, odors and wind-borne debris. The location and design of sanitary landfills also require precautions against ground and surface water contamination through clay lining, water impoundment, aquifer avoidance and similar techniques.

Municipal or public utilities and communication facilities means the use of land for public utility purposes by an entity providing pipeline, gas, electrical, telephone, telegraph, water, or sewage service. "Public utility" also includes the use of land for utility purposes, whether or not owned, controlled, or operated by a public entity, whose services are performed for or commodities delivered to the public or any portion thereof. Facilities that provide for the transmission, transfer, and distribution of telephone service and related activities that are not a minor or major utility facility. For the purposes of this chapter, a municipal or public utility or communications facility includes, but is not limited to, the following: a private telephone company or paging service, any utility regulated by the Maine Public Utilities Commission, and any other commercial communications tower.

Municipal uses means any lawful use of a building or of land carried on by the city sanitary landfill shall not be deemed a municipal use.

Museum means a building or place where works of art or other objects of permanent value are kept and displayed, provided such objects are not offered for sale.

Nonconforming building means a building lawfully existing at the time this or any previous zoning ordinance became effective and which does not conform to the dimensional regulations of the district in which it is located.

Nonconforming lot means a lot lawfully existing at the time this or any previous zoning ordinance became effective and which does not conform to the dimensional regulations of the district in which it is located.

Nonconforming use means a use of a building or of land lawfully existing at the time this or any previous zoning ordinance became effective and which does not conform with the use regulations of the district in which it is located.

Nursery means an outdoor place where live trees, shrubs, vines and plants are propagated, grown or maintained before permanent planting. Activities associated with nursery a business include: the sale of nursery

products and related gardening supplies, the storage of material used in the maintenance of plants and growing items sold and the use of power-motorized equipment required by the nursery.

Nursery, child, means a facility providing a program less than 24 hours per day per child for the care of infants up to the age of 2½ years.

Nursery, wholesale, means a nursery where plants, trees, shrubs and vines are propagated and/or grown and sold only at wholesale to industry related buyers such as retail nurseries, greenhouses and landscape contractors. A wholesale nursery may also provide landscape services accessory to the nursery use provided.

(1) At least one-half of the area of the lot (up to a maximum of three acres) is in active nursery production in a husband type manner; and

(2) The plants and trees propagated, grown and nurtured in the nursery are used as the primary products by the owner/operator of the landscape service.

Office means a building, or portion of a building wherein services are preformed involving predominantly administrative, professional or clerical operations.

Office trailer means a movable vehicle or structure designed for year round or temporary occupancy for purposed of supervising construction; for business actually engaged in the business of selling manufactured housing, mobile homes and trailers; and as temporary office space for a business during the period in which permanent office space is being constructed.

Open space, common means land within or related to a development which is not individually owned and is designed and intended for the common use or enjoyment of the residents of a development and may include such complementary structures and improvements as are necessary and appropriate.

Outpatient addiction treatment clinic means a program or facility operated for the purpose of and specializing in the care, treatment and/or rehabilitation of persons suffering with addictions, including but not limited to gambling addition, alcohol or controlled substance addictions. The term "outpatient addiction treatment clinic" includes, but is not limited to, substance abuse treatment programs licensed by the State of Maine Department of Behavioral and Developmental Services Office of Substance Abuse. An outpatient addiction treatment clinic shall not be located within 2,000 feet of any property that is occupied by a church, school, family day care home, small day care facility, day care center, or public park or playground on the date of application for a license for such a facility. The term "outpatient addiction treatment clinic" does not include an inpatient or residential addiction treatment program, or a program consisting solely of support group activities without treatment by licensed health practitioners, such as Alcoholics Anonymous, Narcotics Anonymous, and similar programs.

Parapet means a low wall along the edge of a roof or the other portion of a wall that extends above the roof line.

Parking space, off-street, means a rectangular area, not less than nine feet by 18 feet, forming a parking stall within or without a structure, not located in any public right-of-way.

Performing arts center means a public or private space used to create and present various performing and visual arts. For the purposes of this definition, the term "performing arts center" also includes educational and training uses associated with the various performing and visual arts.

Personal services means the furnishing of labor, time and effort by a person as an independent contractor not involving the delivery of a specific end product.

Place of worship see definition of church.

Planning board means the planning board of the City of Auburn, Maine.

Primary entrance means a section of building elevation which contains the street level principal entrance of the business, including the businesses on upper floors or in a basement.

Principal use means the principal use for which a lot or main building thereon is designed, arranged or intended and for which it is or may be used, occupied or maintained.

Professional office means rooms and/or buildings used for office purposes as the principal use by members of any recognized profession, including doctors, dentists, lawyers, accountants, engineers, architects, veterinarians, etc.

Public Safety Services Facilities operated by public agencies to provide services relating to the general health, safety, and welfare of the population, including but not limited to fire stations and other fire prevention and firefighting facilities; police and sheriff substations and headquarter, and emergency response services, excluding correctional facility, interim incarceration, lock-up or jail facilities.

Realm, private means the physical and social domain that is considered private by their physical location and visual association being away from public view. This is considered areas behind the front building facade along with side and rear yard areas.

Realm, public means the physical and social domain of the public that is held in common either by their physical presence or visual association. This includes but is not limited to sidewalks, plazas, squares, parks, streets, front yards, civic buildings and civic spaces.

Recreational uses of land means permanent uses of outdoor space which are intended or designed for public use and include but are not limited to ski areas, golf courses (both public and private), driving ranges, horse boarding and riding facilities, miniature golf, paintball, horse and dog racing, snowmobile races, motorhome or recreational vehicle parks or commercial campgrounds and facilities for mass gatherings when used for two or more events during a calendar year.

Regulating plan means the adopted map that shows the Form Based Code zoning districts, which correspond to the special requirements of the form based code.

Restaurant means an eating place in which food is prepared and vended for immediate consumption on the premises without further preparation by the customer. The takeout of food on an infrequent basis is not prohibited.

Restaurant, carry-out, means an eating place in which all food is vended in disposable containers for consumption on or off premises at the customer's choice; a fast-food restaurant.

Restaurant, drive-in, means an eating place in which the business transacted is conducted by a customer from within his automobile or in which consumption of goods sold normally takes place within the customer's automobile on the establishment's premises.

Retail means a principal use encompassing the sale of commodities or goods in small quantities directly to the consumer. The term "retail" sales does not include sales of professional, financial and governmental services and personal services, including but not limited to a hotel and its accessory uses (restaurants, salons, gift shops, recreational facilities, convention space, etc.).

Retail space means the areas of a building, within a climate controlled environment, devoted to the display of commodities or goods for sale directly to the consumer and including customer sales transaction areas and areas associated with customer access.

Rifle, pistol, skeetor trap shooting range means a rifle, pistol, skeet or trap shooting range operated by an individual or club. Such a range may be opened to the general public or developed for the exclusive use of the individual, or club and invited guests.

Road means any public or private traveled way or any portion thereof.

Roof means the covering for a building which is an integral part of the structure for the purpose primarily of protecting the interior of the building or covering a porch or other similar permanent portion thereof, excluding awnings, stoop coverings, or similar additions which are removable without substantially impairing the original structure.

Sawmill means a unit designed to saw logs into lumber, firewood or other processed wood products.

School means an educational institution offering an academic curriculum; not the teaching of the crafts or a training school offering a program of trade, technical instruction or physical education. (See the term *Training school.*)

Shared housing means housing consisting of two or more families occupying a single dwelling and using common cooking facilities. Shared housing shall permit the same number of families at the same density as allowed in the zoning district where the property is located subject to all applicable codes relating to building, housing, life safety, health and zoning as would be applied to independent living units located in the same structure. Approval for shared housing shall be secured from the department of community development and planning subject to the codes and ordinances indicated in this definition, prior to establishing a shared housing arrangement in any building.

Shelter for abused persons means dwelling facilities complying with the laws administered by the state government human services agencies, providing temporary domiciliary arrangements for children and adults unable to protect their own interest and welfare because of critical family circumstances.

Shopping center or*office mall* means a planned integrated complex of three or more retail stores and/or offices sharing a common structure and developed according to a unified plan. Such uses may include a common pedestrian circulation system and off-street automobile parking facilities.

Sign means any device, display surface, structure or object in public intended for visual communications.

Sign, mobile mounted, means a temporary sign which is mounted or for mounting on wheels or a mobile platform or which is portable.

Sign, official business directional, means any off-premise sign permitted to be erected pursuant to article II of chapter 42.

Sign, on-premises, means any sign that advertises, calls attention to, or indicates the person occupying the premises on which the sign is erected or maintained or the business transacted thereon, or advertises the property itself or any part thereof as for sale or rent, and which contains no other matter.

Sign, standing, means any sign that is not attached to a building.

Sign, temporary, means any movable sign, including its supporting structure, intended to be maintained for not more than 90 days in any calendar year.

Site-built home means a building constructed on-site which is designed to be used as a dwelling on foundations, when connected to the required utilities.

Slaughterhouse (abattoir, dressing plant) means any building, place or establishment in which is conducted the slaughtering of livestock and/or poultry for commercial purposes.

Special exception means a use that would not be appropriate generally or without restriction throughout the district, but which, if controlled as to number, area, location or relation to the neighborhood, would promote the public health, safety, welfare, order, comfort, convenience, appearance, prosperity, or general welfare. Such a use may be permitted in such district as a special exception, if specific provision for such special exception is made in this zoning chapter and reasonable restrictions imposed by the planning board are complied with.

Specialty shop means a retail business offering products of a similar kind and nature designed for a particular use, purpose or occasion and distinguished from a store offering the same type of product together with other products of a nonhomogeneous quality.

Stable, riding, means any building or structure used or designed for boarding, breeding or care of horses, other than horses used for farming or agricultural purposes.

Standing means a person who holds title, right or interest in a property which may include a written option, contract to purchase the property or a leasehold interest or may be a person who can show how his actual use or enjoyment of property will be adversely affected by the proposed decision as an abutter as defined in section 60-1473.

Story means that portion of a building between the surface of any floor and the surface of the other floor or roof next above it, but not including the lowest portion so contained if more than one-half of such portion vertically is below the mean finished grade of the ground adjoining such building unless such space is used for business or as habitable space, in which case it shall count as a story.

Story, half, means a story under the gable, hip or gambrel roof, the plates of which on at least two opposite exterior walls are more than two feet above the floor of such story.

Street means the following:

(1) A public way laid out and established by the state, county commissioners of the County of Androscoggin;

(2) A way accepted by the municipal officers of the city;

(3) A way as to which a petition for improvements has been allowed under the provisions of this chapter for which the cost of the improvements has been provided for by the developer in either a cash amount or as provided for in this chapter; or

(4) A way on a plan of a subdivision duly approved by the planning board.

Street frontage. See the term *Frontage.*

Street line means a line defining the edge of a street right-of-way separating the street from abutting property or lots.

Street, primary means the street that is considered to be more intensely used than the other on a corner or double sided lot.

Street, secondary means the street that is considered to be less intense to the other on a corner or double sided lot.

Structure of community significance means a building that by virtue of its historic, social, cultural or economic contribution to the community, as determined by the planning board, is entitled to a special exception allowing its adaptive reuse. The planning board may consider a building's age, as well as any evidence of its role in the historic, social cultural, or economic history of the community, in determining whether a building qualifies for this designation.

Structure or *building* means a combination of materials to form a construction that is safe and stable including, among other things: stadia, reviewing stands, platforms, automobile parking garages, stagings, windmills, observation towers, trestles, sheds, coal bins, shelters and display signs, but not fences of any kind.

Subdivision means a division of land as defined in 30-A M.R.S.A. § 4401.

Summer camps means seasonal dwelling units intended for and actually used for single-family dwellings only during the months of May, June, July, August, September and October or weekends or other periods of vacations not exceeding 30 days.

Supermarket means a retail establishment having an interior selling space of 3,000 square feet or more where general food supplies for the table and other articles of household use are offered for sale.

Swimming pool means any manmade receptacle or excavation housing a surface area of 250 square feet, or more, designed to hold water to a depth of at least 24 inches, primarily for swimming or bathing whether in the ground or above the ground.

Theater, indoor, means a building designed and/or used primarily for the commercial exhibition of motion pictures or plays to the general public.

Theater, outdoor, includes only those areas, buildings or structures designed and used for the commercial outdoor exhibition of motion pictures to passengers in parked motor vehicles.

Tourist home. See the term *Bed and breakfast home.*

Townhouse means a single-family dwelling unit that is one of two or more residential buildings having a common or party wall separating the units.

Trailer or *RV* means any vehicle or structure, except a device exclusively used upon stationary rails or tracks, mounted on wheels for use on highways and streets; propelled or drawn by its own or other motor power; and designed and constructed to provide living and/or sleeping quarters for one or more persons or for the conduct of a business, profession, trade or occupation for use as a selling or advertising device. If the wheels of a trailer are removed, except for repairs, it is deemed a building subject to all the regulations thereof. A trailer shall not be considered an accessory building.

Trailer home means a travel trailer, camping trailer or other similar vehicle capable of being hauled by a passenger automobile or light truck and designed primarily for temporary occupancy for recreational purposes or other seasonal use. A trailer home shall not be considered an accessory building.

Training school means a public or private school or training institution which offers a training program of trade, technical instruction, or physical education. A training school shall not be deemed a home occupation.

Transect (rural-to-urban) means a cross-section of the environment showing a range of different building development zones. The rural-to-urban transect of the human environment is divided into multiple transect zones that describe the physical form and character of a place according to the intensity of its land use and building development pattern.

Transmission towers means a structure that has the sole purpose of transmitting radio, television, cellular telephone or telephone waves from one location to another.

Useable open space means open or green space that is accessible for the use and enjoyment of residents, shall not be steep sloped (over ten percent slope), shall not include wetlands, parking or required buffer areas, and may include any required yard area or open areas for play.

Variance means a relaxation of the terms of the zoning ordinance where such variance will not be contrary to the public interest and where, owing to conditions peculiar to the property and not the result of the actions of the applicant, a literal enforcement of the ordinance would result in unnecessary and undue hardship. The term "variance" is authorized for only dimensional and supplemental regulations. Establishment of a use otherwise prohibited shall not be allowed by variance, nor shall a variance be granted because of the presence of nonconformities in the district or adjoining districts.

Wayside stand means a structure designed, arranged or used for the display and sale of agricultural products primarily grown or produced on the premises upon which such stand is located. A wayside stand may be located on premises that the products are not grown upon provided such premises is owned by the grower.

Wholesale means sales chiefly to retailers, other merchants, industrial and/or commercial users mainly for resale or business use.

Yard means a required open space on a lot unoccupied and unobstructed by any principal structure or portion of a principal structure.

Yard, front, means the open space extending across the full width of lot between the front lot line and nearest line of the principal building or any enclosed portion thereof. The depth of such yard shall be the shortest horizontal distance between the front lot line and the nearest point of the building or any enclosed portion thereof.

Yard, rear, means the open space extending across the full width of lot between the rear line of the lot and the nearest line of the building or any enclosed portion thereof. The depth of such yard is the shortest horizontal distance between the rear lot line and the nearest point of the building. When the rear lot line is less than ten feet long or if the lot comes to a point at the rear, the depth of the rear yard is measured to an assumed rear lot line as follows, the lot line generally opposite or parallel to the front lot line, except in a through lot. If the rear lot line is less than ten feet long or the lot comes to a point at the rear, said rear lot line is assumed to be a line not less than 20 feet long, lying wholly within the lot, parallel to the front lot line, or in the case of a curved front lot line, parallel to the chord of the arc of said lot line.

Yard, side, means the open space between the side lot line, the side street line, or the proposed side street line and the principal buildings, or any portion thereof, extending from the front yard to the rear yard, or, in the absence of either of such yards, to the front lot line and/or rear lot line. The width of a side yard shall be the shortest distance between the side lot line and the nearest point of the principal building or any portion thereof.

Zone. See the term *District.*

(Ord. of 9-21-2009, § 2.2; Ord. No. 13-09062011-05, 9-6-2011; Ord. No. 12-09062011-04, 9-19-2011; Ord. No. 04-03072016, 5-16-2016; Ord. No. 11-11072016, 11-21-2016; Ord. ARTICLE IV. DISTRICT REGULATIONS

DIVISION 1. GENERALLY

Secs. 60-116—60-143. Reserved.

DIVISION 2. AGRICULTURE AND RESOURCE PROTECTION DISTRICT

Sec. 60-144. Purpose.

The purposes of this district are to allow for conservation of natural resources and open space land, and to encourage agricultural, forestry, and certain types of recreational uses. It is declared to be in the public interest that these areas should be protected and conserved because of their natural, aesthetic and scenic value, the need to retain and preserve open space lands, their economic contribution to the city, and primarily because these areas are so remote from existing centers of development that any added uncontrolled growth could result in an economic burden on the city and its inhabitants. This section shall be construed so as to effectuate the purposes outline here and to prevent any attempt to establish uses which are inconsistent with these purposes or any attempt to evade the provisions of this division.

(Ord. of 9-21-2009, § 3.31A)

Sec. 60-145. Use regulations.

(a) *Permitted uses.* The following uses are permitted:

(1) One-family detached dwellings, including manufactured housing subject to all the design standards, except the siting requirements of section 60-1010, as set forth in division 6 of article XII of this chapter, on parcels containing no less than ten acres, provided that the dwelling is accessory to farming operations and subject to the following restrictions:

a. At least 30 percent of the gross annual household income of the farm occupants living in the farm residence will be derived from farm uses or the gross farm income of the farm occupants living in the farm residence is equal to or greater than 30 percent of the city's median household income, according the most recent census data.

b. No certificate of occupancy shall be issued for any such farm residence until the barns, livestock pens, silos, or other such buildings or structures which are to be erected in connection with the proposed agricultural use as shown on the plans and specifications presented to the municipal officer charged with enforcement are 75 percent completed.

c. In no case shall any farm residence constructed under the provisions of this section after the effective date of the amended ordinance from which this section is derived continue to be occupied as a residence if the principal agricultural use has been abandoned or reduced in scope below the minimum requirements as shown on the plans and specifications presented to the municipal officer charged with enforcement.

d. Any residence constructed under this article shall not be converted to nonfarm residential use except by permission of the planning board based upon a finding that the abandonment or reduction in such use resulted from causes beyond the control of the applicant and not from any intention to circumvent the requirements of this article.

(2) Buildings, equipment and machinery accessory to the principal use including, but not limited to: barns silos, storage buildings and farm automobile garages.

(3) Forest products raised for harvest.

(4) Field crop farms.

(5) Row crop farms.

(6) Orchard farms.

(7) Truck gardens.

(8) Plant and tree nurseries.

(9) Greenhouses.

(10) Handling, storage and sale of agriculture produce and processed agricultural products derived from produce grown on the premises.

(11) Livestock operations including poultry farms, cattle farms, dairy farms, stud farms, hog farms, sheep ranches, other animal farms, including farms for raising fur-bearing animals.

(12) Wayside stands.

(13) Two-family dwellings which are created from the conversion of a one-family dwelling structure which was constructed prior to 1900.

(14) Adult use and medical marijuana cultivation, but not retail sales of any kind.

(15) Marijuana manufacturing accessory to a licensed cultivation site.

(16) Ground-mounted and dual-use solar energy generating systems less than one acre in total land area as defined in section 60-1501.

(b) *Special exception uses.* The following uses are permitted by special exception after approval by the planning board in accordance with the provisions of division 3 of article XVII of this chapter:

(1) Sawmills and their customary accessory land uses and buildings incidental to the harvesting of forest products, subject to the following conditions:

a. Sawmill and accessory activity shall not be detrimental to the neighborhood or the city by reason of special danger of fire or explosion, pollution of rivers or perennial streams or accumulation of refuse.

b. Wood processing operation shall be located no closer than 75 feet from any river or perennial stream, 250 feet from any zoning district boundary or residential dwelling and shall be limited to four persons employed.

c. Where natural vegetation is removed, it shall be replaced within six months with other vegetation which will be equally effective in retarding erosion and will preserve natural beauty.

(2) Veterinary hospitals, where operated by licensed veterinarians, including offices and facilities for temporarily boarding animals.

(3) Handling, storage and sale of agricultural services, equipment, and supplies accessory to the farming use.

(4) Bona fide residences required for farm labor. Any residence constructed for farm labor shall not be converted to nonfarm residential use except by permission of the planning board based upon a finding that the abandonment or reduction in such use resulted from causes beyond the control of the applicant and not from any intention to circumvent the requirements of this division. The findings and the conditions upon which such altered use may be continued shall be made a part of the permanent records.

(5) Recreational uses of land intended or designed for public use subject to the following conditions:

a. No such recreational use shall be expanded or extended so as to occupy additional land area greater than 20 percent of the original area or one acre, whichever is less; or by the construction of a structure or an addition to an existing structure by more than 900 square feet of additional floor space unless the owner or occupant first obtains approval of the planning board in the manner and upon the same terms as approvals of initial recreational uses.

b. Any proposed new or expanded recreational use shall be completed on or before the estimated completion date except that the planning board may grant reasonable extension of time where good cause for the failure to complete is shown.

(6) Any legally nonconforming summer camp or cottage may be rebuilt if destroyed by fire or other casualty, subject to the following conditions:

a. Such reconstruction shall comply with all ordinances applicable to new construction. Such reconstruction need not, however, comply with zoning provisions which would otherwise be applicable except for the provisions of article XII of this chapter.

b. In cases where no minimum setback is established by division 5 of article XII of this chapter an open yard space of at least ten feet between the building as reconstructed and each of the property lines shall be maintained.

(7) Rifle, pistol, skeet or trap shooting ranges, public or private.

(8) Cemeteries, subject to the following conditions:

a. At least 20 acres in area.

b. Not located in any environmental overlay district or over any known aquifer.

(9) Municipal sanitary landfills, subject to the following conditions:

a. Not located in any environmental overlay district or over any known aquifer.

b. Provisions shall be made to avoid surface water and groundwater pollution.

c. Provisions shall be made for frequent covering of deposited wastes with earth to counteract vermin, insects, odors, and windblown debris.

(10) Radio, radar, television and radio telephone transmitting or broadcasting towers, but not studios or offices for such transmitting or broadcasting, provided that:

a. Every such tower shall be installed in a location and manner that ensures its safe operation and the safety of the surrounding residents, building occupants, land uses and properties.

b. In no case shall such tower be located less than one and one-half times its height from the nearest property line.

(11) Wholesale nurseries, subject to the following conditions:

a. At least one-half of the area of the lot (up to a maximum of three acres) is in active nursery production in a husband type manner.

b. The plants and trees propagated, grown and nurtured in the nursery are used as the primary products by the owner/operator of the landscape service.

(12) Processing and storage of compost and bulking agents from the municipal wastewater sewerage sludge facilities provided that:

a. All compost and amendments are to be stored undercover or screened from the public way and abutting property as determined by the planning board.

b. All federal, state and local ordinances and laws relating to the processing and storage of waste are complied with.

c. An end-use plan must be filed as part of the planning board process.

(13) Licensed hospice care facility provided that it shall be licensed by the state as a Medicare certificate hospice.

(14) Slaughterhouse, stockyard, abattoir, dressing plant in compliance with state and federal regulations subject to the following conditions:

a. The facility shall not be located within the Lake Auburn Watershed Overlay District, the watershed of Taylor Pond, the shoreland overlay district or the floodplain overlay district.

b. The proposed use shall not occupy more than 10,000 square feet of building area.

c. The number of employees shall be limited to not more than 15.

d. Accessory retail sales shall be limited to 10 percent of building area or 1,000 square feet, whichever is smaller.

e. Hours of operation shall limited to between 6:00 a.m. and 8:00 p.m.

(15) Compost operations, excluding municipal and industrial waste, to process products such as manure, bedding, animal mortalities, waste feed, produce, forestry by-products, leaves and yard trimmings in compliance with state and federal regulations, subject to the following conditions:

a. All compost sites shall be evaluated for suitability by a properly qualified professional, including benchmark water testing prior to approval.

b. Provisions shall be made to avoid surface and groundwater pollution.

c. Provisions shall be made to counteract vermin, insects and odors.

d. Must comply with all applicable state department of environmental protection and state department of agriculture rules and regulations and best management practices.

e. Shall not be located within the Lake Auburn Watershed Overlay District.

(16) Adaptive reuse of structures of community significance.

(17) Assembly, sale, research and development, distribution, instruction, training, demonstration or maintenance of recreational or agricultural equipment, including buildings as accessory structures used in the assembly, sale, distribution, instruction, training, demonstration, or maintenance of recreational or agricultural equipment, subject to the following conditions:

a. The proposed use is accessory, complementary, or otherwise related to a recreational or agricultural use;

b. The recreational or agricultural use has been in existence for at least five years prior to the date of the application for the special exception; and

c. The recreational or agricultural use is located on the parcel for which the special exception is requested or is adjacent to the property for which the special exception is requested.

(18) One-family detached dwellings, including manufactured housing, subject to all the design standards, except the siting requirements of section 60-1010, as set forth in division 6, article XII of this chapter, on parcels containing greater than 6.1, but less than ten acres, provided that the dwelling is accessory to farming operations and subject to the following restrictions:

a. At least 30 percent of the gross annual household income of the farm occupants living in the farm residence will be derived from farm uses or the gross farm income of the farm occupants living in the farm residence is equal to or greater than 30 percent of the city's median household income, according to the most recent census data; and

b. No certificate of occupancy shall be issued for any such farm residence until the barns, livestock pens, silos, or other such buildings or structures which are to be erected in connection with the proposed agricultural use as shown on the plans and specifications presented to the municipal officer charged with enforcement are 75 percent completed; and

c. The applicant shall demonstrate compliance with the following requirements, said compliance to be first reviewed by the Agricultural Advisory Committee for recommendation:

1. The applicant shall provide a farm business plan that appears feasible and, if implemented, will meet the definition of a farm.

2. The parcel can reasonably accommodate the proposed farm.

3. The applicant shall demonstrate a commitment to the proposed farm use through compliance with the following requirements:

4. The parcel must contribute to a gross income per year of at least the amount required to meet the definition of farmland in 36 M.R.S.A. § 1102(4), per year from the sales value of agricultural products as defined in 7 M.R.S.A. § 152(2) in the two calendar years preceding the date of application for special exception use approval. Gross income includes the value of commodities produced for consumption by the farm household.

5. The proposed residence shall be accessory to farming.

6. The proposed residence shall not be located in the Lake Auburn Watershed Overlay District.

d. The parcel was existing as of October 1, 2017, contains more than five acres of land area, and otherwise meets the requirements of this chapter.

e. In no case shall any farm residence constructed under the provisions of this section, after the effective date of the amended ordinance from which this section is derived, continue to be occupied as a residence if the principal agricultural use has been abandoned or reduced in scope below the minimum requirements as shown on the plans and specifications presented to the municipal officer charged with enforcement.

f. Any residence constructed under this article shall not be converted to nonfarm residential use except by permission of the planning board based upon a finding that the abandonment or reduction in such use resulted from causes beyond the control of the applicant and not from any intention to circumvent the requirement of this article.

(19) Ground-mounted and dual-use solar energy generating systems greater than one acre in total land area as defined in section 60-1501, subject to the following conditions:

a. Must comply with the provisions of article XVIII under this chapter;

b. Setbacks, including appurtenant structures and parking areas, shall be subject to the following yard requirements:

1. *Rear.* There shall be behind every structure associated with a solar energy generating system a rear yard having a minimum depth of 25 feet.

2. *Side.* There shall be a minimum distance of 15 feet between any structure associated with a solar energy generating system and the side property line.

3. *Front.* There shall be in front of every structure associated with a solar energy generating system a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot whichever is less.

c. Lot coverage shall not exceed 30 percent, as defined under subsection 60-1506(a)(2).

d. *Total land area.* Once one percent of the agriculture and resource protection district has been developed into solar energy generating systems, the planning board must find that any additional proposed solar energy generating systems will not materially alter the stability of the overall land use pattern of the agriculture and resource protection district. In making this determination, the planning board shall consider the overall effect of existing and potential solar energy generating systems and if it will be more difficult for existing farms in the area to continue operation due to diminished opportunities to expand, purchase or lease farmland, acquire water rights, or diminish the number of tracts or acreage in farm use in a manner that will destabilize the overall character of the surrounding area. The planning board shall request an assessment of the proposed project based on subsection 60-145(b)(19)d. by the agriculture committee and, if located in the resource protection district, the conservation commission and carefully consider their recommendations.

e. All applications shall consider the location of existing grid infrastructure and plan to limit the need to extend the amenities for optimal efficiency.

f. If a solar energy generating system is proposed on forestland in the agriculture and resource protection district, on a parcel adjacent to prime farmland or land currently used for farming, clearing of forestland or the use of prime farmland may be permitted under the following conditions:

1. The presence of the solar energy generating system will not result in unnecessary soil erosion or loss that could limit agricultural productivity on the subject property or abutting properties.

2. At the time of decommissioning of any solar energy generating system approved by the planning board, the current sitting planning board shall review the site and proposed decommissioning plan for the conversion of the parcel into prime farmland or forestland, as applicable under the current ordinance standards.

3. A survey of critical wildlife habitat is provided at the time of application, if a project is located in an area determined to be essential habitat, as defined by the state department of inland fisheries and wildlife, an IF&W recommendation shall be secured before a planning board ruling.

4. A vegetative cover plan is provided that demonstrates, where feasible, the replanting of forested areas disturbed during construction and preservation of prime soils throughout the life of the project.

g. *Prime soils.* All solar energy generating systems proposed in the agriculture and resource protection district shall include a soil analysis. Such analysis shall demonstrate if the site proposed for development contains prime farmland as defined by the United States Department

of Agriculture (USDA). Least productive agricultural soils shall be considered first for development unless it can be demonstrated to the planning board that:

1. Non-prime farmland is not reasonably available on the subject property.

h. All applications for solar energy generating systems in the agriculture and resource protection district shall be subject to the following provisions:

1. Siting of the overall facility and individual panels shall keep with the existing contours of the land;

2. Only pile driven, or ballast block footing shall be used so as to minimize the disturbance of soils during installation;

3. To the extent possible, infrastructure shall not be located on steep slopes; and

4. A plan for topsoil maintenance shall be provided at the time of application to the planning board.

i. All operations and maintenance plans shall also include:

1. A plan prioritizing the ability to co-mingle agricultural and energy generation land uses including but not limited to: apiaries, grazing or handpicked crops.

2. A plan that provides habitat for native plants and animals and native pollinators.

(20) Municipal or public utilities and communications facilities

(21) Municipal uses

(Ord. of 9-21-2009, § 3.31B; Ord. No. 32-02072011-07, 2-7-2011; Ord. No. 06-08012011-07, 8-1-2011; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 06-06052017, 6-19-2017; Ord. No. 04-05202019, 6-3-2019; Ord. No. 17-11182019, 12-9-2019; Ord. No. 05-05182020, 6-1-2020; Ord. No. 11-03012021, §§ 5, 6, 3-15-2021)

Sec. 60-146. Dimensional regulations.

All structures in this district, except as noted shall be subject to the following dimensional regulations:

(1) *Minimum lot area, width and depth.* No lot shall be created containing less than ten acres, exclusive of any bodies of water having a surface area of one-fourth of an acre or more and measuring less than 250 feet in width at the street frontage, and 200 feet in depth. No building shall be erected on a lot containing less than ten acres, except as allowed in this section, exclusive of any bodies of water having a surface area of one-fourth of an acre or more, and measuring not less than 250 feet in width at the street frontage, and 200 feet in depth.

a. A building may be erected on a lot containing not less than 50,000 square feet and possessing the required minimum frontage width provided it is contiguous with other lots or parcels of land in the same ownership containing an aggregate of not less than ten acres; notwithstanding the separation of the said other lots or parcels of land by a road, stream, private right-of-way or other natural boundary from the lot on which the building is to be constructed. This section shall not be construed to prevent the construction of nonresidential accessory farm buildings on any such lot.

b. On legally nonconforming undersized lots, the keeping of horses, mules, cows, goats, sheep, hogs, and similar sized animals for domestic use of the residents of the lot is permitted provided

that the land area required per animal unit conforms to the definition of farm, livestock contained in section 60-2.

c. A dwelling may be constructed on lots existing as of October 1, 2017 and containing greater than 6.1 acres but less than ten acres, if approved as a special exception pursuant to subsection 60-145(b)(18).

(2) *Density.* The density of year-round dwelling units shall not exceed an average of one dwelling per ten acres, unless approved pursuant to subsection (1) above.

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 25 feet.

b. *Side.* There shall be a minimum distance of 15 feet between any building and the side property line.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot whichever is less.

(4) *Height.* The height of all dwelling structures shall be limited to two and one-half stories or 35 feet in height. Accessory buildings and structures may have a maximum height of 65 feet from grade, provided that the front yard, rear yard and each of the side yards shall be increased by one foot for each foot in height in excess of 35 feet.

(5) *Off-street parking.* Off-street parking spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.31C; Ord. No. 18-11182019, 12-9-2019; Ord. No. 11-03012021, §§ 7, 8, 58, 3-15-2021)

Secs. 60-147—60-199. Reserved.

DIVISION 3. LOW DENSITY COUNTRY RESIDENTIAL DISTRICT

Sec. 60-200. Purpose.

The purpose of this zone is to maintain and promote the rural/agricultural character of the land within this zone. This zone is composed of those areas in the city whose predominant land use is rural, wooded and agricultural. The regulations for this zone are designed to protect and stabilize these predominant land uses which are the essential characteristics of these areas and to minimize conflicting land uses detrimental to agricultural enterprises. Since residences are only incidental to this zone's development, the densities which require improved roads and expanded municipal services, in excess of those required by the present agricultural-oriented uses, shall not be permitted.

(Ord. of 9-21-2009, § 3.32A)

Sec. 60-201. Use regulations.

(a) *Permitted uses.* The following uses are permitted:

(1) All uses permitted in the Agriculture and Resource Protection District, except uses allowed by section 60-145(a)(8), (14) and (15).

(2) One-family detached dwellings.

(3) Two-family dwellings.

(4) Lawn maintenance services.

(b) *Special exception uses*. The following uses are permitted by special exception after approval by the planning board in accordance with the provisions of division 3 of article XVI of this chapter:

(1) All uses permitted by special exception in the Agriculture and Resource Protection (AR) District, (division 2 of article IV of this chapter), except uses allowed by section 60-172(b)(7), (14), and (15).

(2) Bed and breakfast.

(3) Adaptive reuse of structures of community significance.

(Ord. of 9-21-2009, § 3.32B; Ord. 33-02072011-08, 2-7-2011; Ord. No. 08-08012011-07b, 8-1-2011; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 11-08192019, 9-9-2019; Ord. No. 11-03012021, § 9, 3-15-2021; Ord. No. 27-06212021, 7-19-2021)

Sec. 60-202. Dimensional requirements.

All structures in this district except as noted shall be subject to the following dimensional regulations:

(1) *Minimum lot area, width and depth.* No lot shall be created and/or no building shall be erected on a lot containing less than three acres and measuring less than 325 feet in width. No lot shall be less than 200 feet in depth. The keeping of horses, mules, cows, goats, sheep, hogs and similar size animals for domestic use of the residents of the lot is permitted provided that the land area required per animal unit forms to the definition of farm, livestock contained in section 60-2.

(2) *Density.* The density of dwelling units shall not exceed an average of one dwelling per three acres.

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 50 feet or 25 percent of the average depth of the lot, whichever is less.

b. *Side.* There shall be a minimum distance of 15 feet between any building and the side property line plus the side yard setback shall be increased one foot for every five feet or part thereof increase in street frontage over 50 feet to a maximum of 25 feet for side yard setback.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 50 feet or 25 percent of the average depth of the lot whichever is less.

(4) *Height.* The height of all dwelling structures shall be limited to 2½ stories or 35 feet in height. Accessory buildings and structures may have a maximum height of 65 feet from grade, provided that the front yard, rear yard, and each of the side yards shall be increased by one foot for each foot in height in excess of 35 feet.

(5) *Off-street parking.* Off-street parking spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.32C; Ord. No. 11-03012021, §§ 10, 11, 3-15-2021)

Secs. 60-203—60-227. Reserved.

DIVISION 4. LOW DENSITY RURAL RESIDENCE DISTRICT

Sec. 60-228. Purpose.

This district is intended to provide for low density rural residential areas while protecting adjacent agriculture and resource protection districts, allowing a degree of residential development compatible with maintenance of environmental quality and preservation of the open character of the area.

(Ord. of 9-21-2009, § 3.41A)

Sec. 60-229. Use regulations.

(a) *Permitted uses.* The following uses are permitted:

(1) All uses permitted in the Agriculture and Resource Protection District pursuant to section 60-145(a), except 60-145(a)(14) and (15).

(2) One-family detached dwellings.

(3) Two-family dwellings.

(4) Attached single-family dwellings, provided that they are approved by the planning board as part of a planned residential unit development and subdivision, under the provisions of division 9 of article IV and division 4 of article XVI of this chapter.

(5) Mobile home parks, subject to the requirements and conditions of section 60-669, mobile home park standards.

(6) Licensed veterinarians provided that the lot is of at least three acres.

(7) Wayside stands.

(8) Accessory uses, buildings or structures.

(9) Lawn maintenance services.

(10) Municipal uses and buildings.

(b) *Special exception uses.* The following uses are permitted by special exception after approval by the planning board in accordance with the provisions of division 3 of article XVI of this chapter:

(1) Radio, radar, television and radio-telephone transmitting or broadcasting towers, but not studios or offices for such transmitting or broadcasting, provided that:

a. Every such tower shall be installed in a location and manner that ensures its safe operation and the safety of the surrounding residents, buildings occupants, land uses and properties.

b. In no case shall such tower be located less than 1½ times its height from the nearest property line.

(2) Care homes, lodginghouses and boardinghouses.

(3) Recreational uses of land intended or designed for public use, subject to the following conditions:

a. No such recreational use shall be expanded or extended so as to occupy additional land area greater than 20 percent of the original area or one acre, whichever is less; or by the construction of a structure or an addition to an existing structure by more than 900 square feet of additional floor space unless the owner or occupant first obtains approval of the planning board.

b. Any proposed new or expanded recreational use shall be completed on or before the estimated completion date except that the planning board may grant reasonable extension of time where good cause for the failure to complete is shown.

(4) Child day care centers, provided that:

a. They are located on arterial and collector streets as defined in the Auburn Tomorrow Comprehensive Plan.

b. They shall not be located closer than 1,000 feet from other established day care centers.

c. These standards shall not apply to section 60-52.

(5) Cemeteries, provided that:

a. At least 20 acres in area.

b. Not located in any environmental overlay district or over any known aquifer.

(6) Community-based residential facilities, provided that:

a. The minimum distance between any two such facilities shall be 1,500 feet.

b. Any such facility shall house no more than eight persons.

(7) Licensed kennels provided that there shall be available land area of at least three acres.

(8) Training schools.

(9) Handling, storage and sale of agricultural services, equipment, and supplies accessory to the farming use.

(10) Adult day centers.

(11) Landscape services.

(12) Wholesale nurseries, subject to the following conditions:

a. At least one-half of the area of the lot (up to a maximum of three acres) is in active nursery production in a husband type manner.

b. The plants and trees propagated, grown and nurtured in the nursery are used as the primary products by the owner/operator of the landscape service.

(13) Schools.

(14) Churches or temples.

(15) Libraries.

(16) Museums.

(17) Adaptive reuse of structures of community significance.

(18) Public Safety Services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(19) Government services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(20) Government offices

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(21) Municipal or public utilities and communication facilities

(Ord. of 9-21-2009, § 3.41B; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 12-08192019, 9-9-2019; Ord. No. 11-03012021, § 12, 3-15-2021)

Sec. 60-230. Dimensional regulations.

All structures in this district, except as noted, shall be subject to the following dimensional regulations:

(1) *Minimum lot area, width and depth.* No lot shall be created and/or no building shall be erected on a lot containing less than 43,560 square feet and measuring less than 250 feet in width. No lot shall be less than 150 feet in depth. The keeping of horses, mules, cows, goats, sheep, hogs, and similar sized animals for domestic use of the residents of the lot is permitted, provided that the land area required per animal unit conforms to the definition of farm, livestock contained in section 60-2.

(2) *Density.* The density of dwelling units shall not exceed an average of one dwelling per acre.

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 25 feet or 25 percent of the average depth of lot, whichever is less.

b. *Side.* There shall be a minimum distance of five feet between any building and the side property line plus the side yard setback shall be increased one foot for every five feet or part thereof increase in street frontage over 50 feet to a maximum of 15 feet for side yard setback.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot whichever is less.

(4) *Height.* The height of all dwelling structures shall be limited to two and one-half stories or 35 feet in height. A public building, church or temple, and accessory buildings and structures may have a maximum height of 65 feet from grade, provided that the front yard, rear yard, and each of the side yards shall be increased by one foot for each foot in height in excess of 35 feet.

(5) *Off-street parking.* Off-street parking spaces shall be provided in accordance with the requirements of specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.41C; Ord. No. 11-03012021, §§ 13, 14, 3-15-2021)

Secs. 60-231—60-253. Reserved.

DIVISION 5. SUBURBAN RESIDENCE DISTRICT

Sec. 60-254. Purpose.

This district is intended to provide for, protect and stabilize low density suburban residential areas and their adjunct public and institutional uses. It is designed to ensure an open character of development through its lot size requirements and through permitting of certain uses, rural in nature, that are compatible with residential uses.

(Ord. of 9-21-2009, § 3.42A)

Sec. 60-255. Use regulations.

(a) *Permitted uses.* The following uses are permitted:

(1) One-family detached dwellings.

(2) Two-family dwellings.

(3) Attached single-family dwellings, provided that they are approved by the planning board as part of a planned residential unit development and subdivision, under the provisions of division 9 of article IV and division 4 of article XVI of this chapter.

(4) Mobile home parks, subject to the requirements and conditions of section 60-669, mobile home park standards.

(5) Farming of field crops, row crops, orchards or truck gardens.

(6) Greenhouses.

(7) Licensed veterinarians, provided that the lot containing same is of at least three acres.

(8) Farm, livestock provided that the land area required per animal unit conforms to the definition of farm, livestock contained in section 60-2 and:

a. A site plan be submitted to the municipal officer charged with enforcement that contains the information required by section 60-1301.

b. Upon request, the municipal officer charged with enforcement may waive the necessity of providing any of the foregoing information which is not relevant to the proposed development.

c. In judging whether or not a permit to operate an animal farm will be issued, the municipal officer charged with enforcement shall review and make a decision consistent with the finding requirements of section 60-1304.

(9) Wayside stands.

(10) Accessory uses, buildings or structures.

(11) Lawn maintenance services.

(12) Municipal uses and buildings.

(b) *Special exception uses.* The following uses are permitted by special exception after approval by the planning board in accordance with division 3 of article XVI of this chapter:

(1) All uses permitted by special exception in the Rural Residence (RR) District, except those uses allowed by section 60-229(b)(3), (9), (11) and (12).

(2) Professional offices may be created within existing single-family residences in existence at the time of adoption of this chapter, provided the following conditions are met:

a. Such residences shall have frontage on a major arterial as defined in the city's comprehensive plan.

b. Access to parking shall be located on the arterial frontage except for corner lots, in which case access may be located on the secondary roadway frontage.

c. In addition to meeting the requirements of article V of this chapter, required parking shall be separated from all lot lines by a buffer of 30 feet in width. Such buffer shall be vegetated in a manner to fully screen parked vehicles from view at the lot lines. A driveway serving such a parking area must be separated from the side lot line by a sight impervious fence of six feet in

height or a buffer of ten feet in width meeting the vegetation requirements of this subsection (b)(2)c.

d. Signage shall be limited to a single nonilluminated sign with a maximum of 16 square feet of display per side.

(3) Adaptive reuse of structures of community significance.

(4) Public Safety Services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(5) Government services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(6) Government offices

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(7) Municipal or public utilities and communication facilities

(Ord. of 9-21-2009, § 3.42B; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 11-03012021, §§ 15—17, 3-15-2021)

Sec. 60-256. Dimensional regulations.

All structures in this district, except as noted, shall be subject to the following dimensional regulations:

(1) *Minimum lot area, width and depth.* No lot shall be created and/or no building shall be erected on a lot containing less than 21,780 square feet, and measuring less than 150 feet in width; and measuring less than 125 feet in depth.

(2) *Density.* The density of dwelling units shall not exceed an average of two dwellings per acre.

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 25 feet or 25 percent of the average depth of lot, whichever is less.

b. *Side.* There shall be a minimum distance of five feet between any building and the side property line plus the side yard setback shall be increased one foot for every five feet or part thereof increase in street frontage over 50 feet to a maximum of 15 feet for side yard setback.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot whichever is less.

(4) *Height.* The height of all structures shall be limited to 2½ stories or 35 feet in height with the following exceptions: A farm accessory building or structure, church or temple, or windmill may have a maximum height of 65 feet from grade, provided that the front yard, rear yard and each of the side yards shall be increased by one foot for each foot in height in excess of 35 feet.

(5) *Off-street parking.* Off-street parking spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.42C; Ord. No. 11-03012021, § 18, 3-15-2021)

Secs. 60-257—60-275. Reserved.

DIVISION 6. URBAN RESIDENCE DISTRICT

Sec. 60-276. Purpose.

This district is intended to provide for, protect and stabilize medium density urban residential areas of single- and two-family detached dwellings and their adjunct public and institutional uses. It is designed to ensure a family living environment in an urban setting through lot size requirements that provide adequate yard space for family outdoor activity and play space for children.

(Ord. of 9-21-2009, § 3.43A)

Sec. 60-277. Use regulations.

(a) *Permitted uses.* The following uses are permitted:

(1) One-family detached dwellings.

(2) Two-family dwellings.

(3) Attached single-family dwellings, provided that they are approved by the planning board as part of a planned residential unit development and subdivision, under the provisions of division 9 of article IV and division 4 of article XVI of this chapter.

(4) Accessory uses building or structures.

(5) Farming of field crops, row crops, orchards or truck gardens.

(6) Municipal uses and buildings.

(b) *Special exception uses.* All uses permitted by special exception in the Suburban Residence (SR) District (division 5 of article IV of this chapter), except radio, radar, television and radio-telephone transmitting towers are permitted in the Urban Residence (UR) District.

(1) Adaptive reuse of structures of community significance.

(Ord. of 9-21-2009, § 3.43B; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 11-03012021, §§ 19, 20, 3-15-2021)

Sec. 60-278. Dimensional regulations.

All structures in this district, except as noted, shall be subject to the following dimensional regulations:

(1) *Minimum lot area, width and depth.* No lot shall be created and/or no building shall be erected on a lot containing less than 10,000 square feet; and measuring less than 100 feet in width. No lot shall be less than 100 feet in depth. No two-family dwelling shall be erected on a lot containing less than 12,000 square feet.

(2) *Density.* The density of single-family dwelling units shall not exceed four units per acre. The density of two-family dwelling units shall not exceed six units per acre.

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 25 feet or 25 percent of the average depth of lot, whichever is less.

b. *Side.* There shall be a minimum distance of five feet between any building and the side property line plus the side yard setback shall be increased one foot for every five feet or part thereof increase in street frontage over 50 feet to a maximum of 15 feet for side yard setback.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot, whichever is less.

(4) *Height.* The height of all structures shall be limited to 2½ stories or 35 feet in height with the following exceptions: A farm accessory building or structure, church or temple, or windmill may have a maximum height of 65 feet from grade, provided that the front yard, rear yard and each of the side yards shall be increased by one foot for each foot in height in excess of 35 feet.

(5) *Off-street parking.* Off-street parking spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.43C; Ord. No. 11-03012021, § 21, 3-15-2021)

Secs. 60-279—60-304. Reserved.

DIVISION 7. MULTIFAMILY SUBURBAN DISTRICT

Sec. 60-305. Purpose.

This district is intended to stabilize and protect medium to high density residential areas by providing for a varied denser urban pattern made suitable to the needs of the population by encouraging a range of dwelling types. This multifamily zone has a maximum density of 17 dwelling units per acre, yet retains the open character of residential areas by requiring 50 percent green space. It is intended that this district will provide the maximum possible freedom in the design of structures and their grouping and will encourage flexible and imaginative layouts and designs.

(Ord. of 9-21-2009, § 3.44A)

Sec. 60-306. Use regulations.

(a) *Permitted uses.* The following uses are permitted:

(1) One-family detached dwellings.

(2) Two-family dwellings.

(3) Multifamily dwellings in existence on September 23, 1988.

(4) Attached single-family dwellings, provided that they are approved by the planning board as part of a planned residential unit development and subdivision, under the provisions of division 9 of article IV and division 4 of article XVI of this chapter.

(5) Farming of field crops, row crops, orchards or truck gardens.

(6) Shelter for abused persons.

(7) Accessory uses, buildings or structures.

(8) Newly constructed multifamily dwellings and existing structures expanded to contain three or more additional dwelling units within a five-year period, provided that they are approved by the planning board as a subdivision under division 4 of article XVI of this chapter.

(9) Municipal uses and buildings.

(b) *Special exception uses.* The following uses are permitted as special exceptions after approval by the planning board in accordance with division 3 of article XVI of this chapter:

(1) All uses are permitted by special exception in the Urban Residence (UR) District (division 6 of article IV of this chapter).

(2) Off-street parking lot, provided that:

a. Such parking is limited to occupants of buildings located within 500 feet of such parking area whether or not within the same zone.

b. Reasonable conditions imposed by the planning board regarding location, fencing, screening, drainage, ingress and egress, signs and lighting and total capacity of the parking area designed to protect the residential character of the neighborhood are met.

(3) Professional offices.

a. Shall be in buildings which are listed on the state resource list and/or federal historic register.

b. All renovations to the building either internally and externally or both to accommodate the office use shall be accomplished in conformance with accepted historic preservation and rehabilitation guidelines.

c. A single sign to identify the building and its uses, conforming to the requirements contained in article VI of this chapter. Signs shall not be lighted.

(4) Adaptive reuse of structures of community significance.

(5) Public Safety Services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(6) Government services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(7) Government offices

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(8) Municipal or public utilities and communication facilities

(Ord. of 9-21-2009, § 3.44B; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 11-03012021, §§ 22, 23, 3-15-2021)

Sec. 60-307. Dimensional regulations.

All structures in this district, except as noted, shall be subject to the following dimensional regulations.

(1) *Minimum lot area, width and depth.* For each building erected, there shall be provided lot areas as follows:

a. Building housing one family: 10,000 square feet minimum lot area, not less than 100 feet width, and 100 feet in depth.

b. Buildings housing two families: 12,000 square feet minimum lot area, not less than 100 feet width, and 100 feet in depth.

c. Multifamily buildings: 10,000 square feet minimum lot area for the first dwelling unit and 2,000 square feet minimum lot area for each additional dwelling unit. No lot shall be less than 100 feet width and 100 feet in depth. More than one principal building per lot is allowed.

(2) *Density.* The following maximum densities per acre shall apply, according to housing type:

One-family	4 units per acre
Two-family	6 units per acre
Multifamily	17 units per acre

Not less than 50 percent of the net acreage shall be devoted to green area. Green space shall be deemed to include patios, whether paved or not, pedestrian walks, and landscaping within parking lots, but no off-street parking spaces, driveways, or common roads. For townhouse projects, the green area of individual lots may be counted toward the 50 percent green space requirement of the project. Net acreage shall include all land contained within the project except dedicated streets or street rights-of-way shown on the city's adopted master development plan or proposed to be so included within a reasonable period of time.

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 25 feet or 25 percent of the average depth of lot, whichever is less.

b. *Side.* There shall be a minimum distance of five feet between any building and the side property line plus the side yard setback shall be increased one foot for every five feet or part thereof increase in street frontage over 50 feet to a maximum of 15 feet for side yard setback.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot whichever is less.

d. *Principal buildings.* More than one principal building may be erected on a lot, provided that the building meet all yard setback requirements and are separated by a distance equivalent to the height of the higher building or 30 feet, whichever is greater.

(4) *Height.* The height of all structures shall be limited to 2½ stories or 35 feet, except as follows:

a. Multifamily buildings shall have a maximum height of 45 feet from grade.

b. A church or temple or windmill may have a maximum height of 65 feet from grade, provided that the front yard, rear yard and each of the side yards shall be increased by one foot for each foot in height in excess of 35 feet.

(5) *Off-street parking.* Off-street parking spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.44C; Ord. No. 11-03012021, §§ 24, 59, 3-15-2021; Ord. No. 19-05032021, 5-17-2021)

Secs. 60-308—60-332. Reserved.

DIVISION 8. RESERVED[1]

Secs. 60-333—60-358. Reserved.

DIVISION 9. PLANNED UNIT DEVELOPMENTS

Subdivision I. In General

Sec. 60-359. Purpose.

The purpose of this section is to provide for a greater variety and choice of design for urban and suburban living, to gain efficiencies, to coordinate design development efforts, to conserve and make available open space, to utilize new technologies for land development and to offer a flexible alternative to conventional land control regulations. This section should not be used as a device for circumventing the city's development regulations and may be employed in instances where there is truly some benefit to be derived from its use for the community and for the developer. The type and amount of development permitted shall be based on the planning board's evaluation of the development proposal and the purposes standards and provisions set forth in this division.

(Ord. of 3-16-2009, § 3.51(A); Ord. of 9-21-2009, § 3.51A; Ord. No. 08-08072017, 9-11-2017)

Sec. 60-360. Scope.

(a) Application for a PUD-C Planned Unit Development, PUD-I Planned Unit Development or PUD-R Planned Unit Development may be made for land located where public sewer is presently available or will be made available by the developer prior to certificates of occupancy being issued. Application for a PUD-RR Planned Unit Development: Recreation/Residential may be made for land located where public sewer is presently available, will be made available by the developer prior to certificates of occupancy being issued or may utilize private wastewater disposal systems in compliance with state plumbing codes.

(b) The dimensional requirements stated in individual zoning districts and signs as stated in article VI of this chapter may be increased or decreased by the planning board as they apply to planned unit developments, except the front yard setback from all public streets shall not be reduced. The dimensional requirements and provision of signs shall be controlled by the standards sets forth in section 60-359, purpose, and section 60-361, general standards.

(c) Coordination with subdivision regulations.

[1]Editor's note(s)—Ord. No. 25-06212021, adopted July 19, 2021, repealed div. 8, §§ 60-333—60-335, which pertained to the multifamily urban district and derived from an Ord. adopted September 21, 2009; Ord. No. 05-04032017, adopted April 24, 2017; and Ord. No. 11-03012021, adopted March 15, 2021.

(1) If a plan review is required under division 4 of article XVI subdivision of this chapter, it shall be accomplished simultaneously with the review of the planned unit development plan under this division of this zoning chapter.

(2) The final development plan shall be submitted in a form that is in accordance with the requirements of division 4 of article XVI subdivision of this chapter relative to final plans where applicable.

(3) Requirements of this division of this zoning chapter and those of division 4 of article XVI of this chapter shall apply to all planned unit developments.

(Ord. of 3-16-2009, § 3.51(B); Ord. of 9-21-2009, § 3.51B; Ord. No. 08-08072017, 9-11-2017; Ord. No. 11-03012021, § 27, 3-15-2021)

Sec. 60-361. General standards.

The following provisions apply to all planned unit development districts:

(1) The dimensional requirements as stated in individual zoning districts shall apply within the PUD but may be increased or decreased due to individual site characteristics as determined by the planning board to promote the purposes set forth in section 60-359 of this chapter.

(2) The planning board may increase or decrease the required number of off-street parking spaces as stated in article V of this chapter in consideration of the following factors:

a. The probable number of cars owned by occupants of dwellings in the planned unit development;

b. The parking needs of any nonresidential uses;

c. Varying time periods of use, and whatever joint use of common parking areas is proposed.

(3) Whenever the number of off-street parking spaces is reduced because of the nature of the occupancy, the city shall obtain assurance that the nature of the occupancy will not change.

(4) A PUD involving residential uses shall reserve an amount of land equal to that required by section 60-1367 to be held as open space for the mutual use of the residents of the PUD or open to the public. Land reserved to satisfy the open space requirement shall be:

a. Administered through a homeowner's association; or

b. Dedicated to and accepted by the city for public use; or

c. Land occupied by a major recreational use adjacent to a PUD-RR; or

d. Managed by a non-profit organization or land trust deemed capable of management by the planning board; or

e. A combination of a, b, c and/or d above.

(5) All of the requirements of the City Code of Ordinances applicable to the zoning district not addressed in this division, shall apply.

(6) Before granting approval of the final development plans, the planning board must find that said plan addresses each of the following criteria or that one or more of the criteria are not applicable to the proposed development and/or that a practical substitute to one or more of the criteria has been achieved::

a. The proposed development has an appropriate relationship to the surrounding area;

b. Circulation, in terms of internal street circulation system, is designed for the type of traffic generated, safety, separation from living areas, convenience, access and control of noise and

exhaust. Proper circulation in parking areas is designed for safety, convenience, separation and screening;

c. Adequate open space has been provided with consideration given to preservation of natural features including trees and drainage areas, topographic features, recreation and views.

d. Privacy in terms of needs of individuals, families and neighbors;

e. Pedestrian and bicycle traffic in terms of safety, separation, convenience and access points;

f. Building types in terms of appropriateness to density, site relationship and bulk;

g. Building design in terms of orientation, spacing, character, storage, signs and lighting;

h. Landscaping of total site in terms of purpose such as screening, ornamental types used, and materials uses, if any;

i. Preservation of historically or architecturally significant buildings or places, if any;

j. There is public sewer available to the lot or will be made available by the developer prior to certificates of occupancy being issued, except as allowed by section 60-360(a) in the case of a PUD-RR.

k. That the proposal meets the requirements of section 60-1335, special exception of this ordinance.

(Ord. of 3-16-2009, § 3.51(D); Ord. of 9-21-2009, § 3.51D; Ord. No. 08-08072017, 9-11-2017)

Secs. 60-362—60-380. Reserved.

Subdivision II. Types

Sec. 60-381. Definitions.

The following words, terms and phrases, when used in this subdivision, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Planned includes plans, plats or any combination thereof.

(Ord. of 3-16-2009, § 3.51(C)(1); Ord. of 9-21-2009, § 3.51C)

Sec. 60-382. PUDs established.

The following types of planned unit development may be established by special use approval in any existing zoning district as noted in this section. The options for use are as follows:

(1) PUD-R Planned Unit Development: Residential in LDCR, RR, SR, UR, MFS, MFU, GB and CB.

(2) PUD-RR Planned Unit Development: Recreation/Residential in AG/RP, LDCR, RR, SR, UR, and GB.

(3) PUD-C Planned Unit Development: Commercial in GB and GBII.

(4) PUD-I Planned Unit Development: Industrial in ID.

(Ord. of 3-16-2009, § 3.51(C)(1); Ord. of 9-21-2009, § 3.51C; Ord. No. 08-08072017, 9-11-2017; Ord. No. 11-03012021, § 28, 3-15-2021)

Sec. 60-383. Zoning map indication.

The area included in each approved planned unit development shall be indicated on the zoning map as PUD-R or, PUD-RR or PUD-C or PUD-I. (Ord. of 3-16-2009, § (3.51)(C); Ord. of 9-21-2009, § 3.51C; Ord. No. 08-08072017, 9-11-2017)

Sec. 60-384. Permitting.

Phased planned unit developments shall be permitted where any type of PUD is otherwise allowed by this chapter with an additional review by the director of planning and permitting prior to recording at the Androscoggin County Registry of Deeds. It is the intent of this phasing to allow coordinated long term planning of a large scale development without the disincentives of taxation and financing for phases that will not be constructed in the short term. The final development plan shall be kept on file in the planning and permitting office and the developer shall meet the requirements of section 60-420(c) prior to declaration and recording of a phase. The developer shall declare and record the approved phase plan within 30 days after a written approval is issued by the director. The recorded plan shall contain a note referencing this chapter. This division may be applied to existing PUDs if said plan was approved by the planning board as a phased development. (Ord. of 3-16-2009, § 3.51(C)(1); Ord. of 9-21-2009, § 3.51C; Ord. No. 08-08072017, 9-11-2017)

Sec. 60-385. Planned Unit Development—Residential (PUD-R).

It is the intent of this section that any residential property which is under single ownership and contains three acres or more area may be developed as PUD-R Planned Unit Development: Residential. Within the PUD-R the following uses and densities may be permitted subject to the approval of the planning board.

(1) Uses permitted by right or permitted by special exception in the residential districts noted in this section and the underlying zoning district.

(2) Commercial uses may be permitted in the PUD-R district if the planned unit development contains 20 or more dwelling units. Such commercial uses shall be subject to the following requirements:

a. Such uses including parking shall be included as an integral part of the PUD and shall not occupy more than five percent of the total area of the PUD. Commercial uses in any development shall not be open to use prior to issuance of the certificates of occupancy for 50 percent of the dwelling units.

b. Except as stated in division 11 of article IV of this chapter all restrictions applicable to the NB district are applicable to the commercial center in the PUD-R district.

c. Such establishments shall be located, designed and operated primarily to serve the needs of the persons within the planned development. These buildings shall be architecturally compatible with the dwellings they serve using similar materials, geometry, topographic relationships, color and lighting to minimize its effect on the environment of existing or future residential uses adjacent to them.

d. Sign.

1. Any part of the sign for a commercial use shall not project above the eaves or protrude from the face of the building more than 12 inches. A commercial use shall have not more than one sign for every street frontage. Any free standing signs may not exceed 20 feet in height and must have a minimum setback of 25 feet. Portable flashing and moving signs are not permitted. All emblems, shields or logos are considered part of the total allowable sign area.

2. A residential subdivision may have one sign for each newly created entry to the subdivision, not to exceed 40 square feet in size.

(3) The total number of dwelling units permitted in the PUD-R district shall be determined by dividing the total project acreage (not including public rights-of-way) by the area required per unit in the underlying zoning district or as approved by the planning board pursuant to the standards in the underlying zoning district.

(4) If common open space remaining is offered to the city and is acceptable to the city, such dedication may be considered as partial or total fulfillment of park and open space dedication.

(5) Upon review of a PUD-R proposal, the planning board may authorize up to a 20 percent increase in density over that otherwise allowed in the underlying district if the following criteria are met:

a. *Architecture.* Utilization of existing topography, recognition of the character of the area reflected in materials and layout.

b. *Siting.* Preservation of unique natural features, separation of pedestrian and vehicular circulation and integration of open space.

c. *Design.* A unified cohesive development, focal points for orientation and interaction, variety of scale.

d. *Landscaping.* The compatibility with natural landscape, the separation of individual units for privacy.

e. *Convenient.* A convenient well-defined access.

f. *Compatibility.* Compatibility with the adopted comprehensive plan and/or plans approved by city boards and departments for school service area and size of buildings, park system, police and fire protection standards and other facilities public or private.

(6) All planned unit developments containing residential units shall comply with all city zoning and subdivision regulations.

(Ord. of 3-16-2009, § 3.51(C)(2); Ord. of 9-21-2009, § 3.51C; Ord. No. 08-08072017, 9-11-2017; Ord. No. 11-03012021, § 29, 3-15-2021)

Sec. 60-386. Planned Unit Development—Recreation/Residential (PUD-RR).

The PUD-RR district is created to provide for the development of residential and commercial uses that are customary, complementary, and appropriate to major recreational uses on land located adjacent to them. Major recreation uses of land are designed for outdoor use of large land areas and have indoor facilities to accommodate groups of people. Major recreation uses may be open year round or may operate seasonally and their economic viability and continued operation are recognized as assets to Auburn. Flexibility for the siting of homes, condominiums, hotels or motels and accessory uses that are of a scale that is compatible with the surrounding area will help support the economics of a major recreation use.

Any major recreation use containing 100 acres or more area may be developed as a planned unit development: Recreation/Residential-PUD-RR. Within a PUD-RR the following uses and densities may be permitted subject to the approval of the planning board.

(1) Uses permitted by right or permitted by special exception in the underlying zoning district.

(2) Attached single-family dwellings with direct access to the outside at ground level may be permitted, provided that they are approved as part of a planned unit development and as a subdivision under section 60-359 and section 60-1359 of this chapter.

(3) Hotels or motels adjacent to an existing major recreation use or a major recreation use if construction of the major recreational use is complete and open for use, provided that they are approved by the planning board as a site plan and as a special exception under section 60-1276 and section 60-1335 of this chapter. The size and scale of a hotel, motel, or accessory commercial uses shall be determined by the planning board at the time of PUD and/or special exception review. In making their determination, the planning board shall consider the appropriate relationship of the hotel, motel or accessory buildings and structures to the major recreation use and the surrounding neighborhood in terms of bulk, location or operation of proposed buildings and structures, traffic impact, access management, parking requirements, internal circulation, vehicular and pedestrian connections to adjacent property, external lighting, landscaping, signage using the standards of section 60-385(2)d. as a guide, provisions for water and public sewer, and the preservation of scenic and natural beauty to the extent possible.

(4) Accessory commercial uses provided that they are approved as a site plan and as a special exception under section 60-1276 and section 60-1335. Building and structures shall be architecturally compatible using similar materials, topographic relationships, color and lighting, landscaping, and signage to minimize its effect on the environment of existing or future recreation and residential uses adjacent to it.

(5) The total number of dwelling units permitted in the PUD-RR district shall be determined by dividing the total project acreage including the major recreational use (not including public rights-of-way) by the area required per unit in that zoning district or as approved by the planning board pursuant to section 60-361(4). For the purpose of determining the number of dwelling units permitted on parcels located within more than one zoning district, the higher density district standard may be applied to the entire parcel and adjacent major recreational use in the case of a PUD-RR Planned Unit Development.

(6) The requirements of a planned unit development, section 60-361(4) and as a subdivision, section 60-1367 to provide recreation and/or open space may be satisfied by the principal recreation, entertainment, and social uses of the adjacent major recreation use.

(7) Access to the property shall be located on an arterial or collector street to minimize congestion or unsafe conditions and unreasonable deterioration of the local road system. Access to individual house lots shall be from an internal street system to retain the character of the area.

(8) The requirements of this chapter applicable to the underlying district or districts, not addressed in this section, shall apply.

(Ord. No. 08-08072017, 9-11-2017; Ord. No. 11-03012021, § 61, 3-15-2021)

Sec. 60-387. Planned Unit Development—Commercial (PUD-C).

The PUD-C district is created to provide for the development of planned business and shopping centers and mixtures thereof. It is intended to promote the grouping of professional offices and retail commercial uses and to provide areas of sufficient size to establish harmonious relationships between structures, people and vehicles through the use of well planned parking access, pedestrian walkways, courtyards, walls and other open spaces. This district should offer a wide variety of goods and services. Any commercially zoned area three acres or more in size may be developed as a PUD-C district. Uses permitted in the underlying zoning districts are permitted in the PUD-C district.

(Ord. of 3-16-2009, § 3.51(C)(3); Ord. of 9-21-2009, § 3.51C; Ord. No. 08-08072017, 9-11-2017)

Sec. 60-388. Planned Unit Development—Industrial (PUD-I).

The PUD-I district is created to provide for the development of planned industrial areas. It is intended to promote the grouping of industrial uses and to group these uses in such a manner that they provide well planned parking and access, landscaped open areas and harmonious relationships between structures. Any industrial area over five acres may be developed as a PUD-I district. Uses permitted in the underlying zoning district are permitted in the PUD-I district.

(Ord. of 3-16-2009, § 3.51(C)(4); Ord. of 9-21-2009, § 3.51C; Ord. No. 08-08072017, 9-11-2017)

Secs. 60-389—60-417. Reserved.

Subdivision III. Application Procedure

Sec. 60-418. Compliance.

All applicants for planned unit development shall comply with procedures set forth in this subdivision and in accordance with division 2 of article XVI of this chapter site plan review.

(Ord. of 3-16-2009, § 3.51(E)(intro. ¶); Ord. of 9-21-2009, § 3.51E)

Sec. 60-419. Submission and review.

(a) An applicant shall make application for the approval of the planned unit development to the planning department. The applicant shall present his completed application and fee, in the amount provided in the city fee schedule, along with the development plan outline as specified in this division.

(b) The development plan outline shall include both the site plan map and a written statement of procedures. The plan shall indicate sufficient areas surrounding the proposed planned unit development to demonstrate the relationship of the planned unit development to adjoining existing and proposed uses.

(c) The site plan must contain the following information:

  (1) All site plans shall conform to the provisions as contained in division 2 of article XVI of this chapter;

  (2) The type and character of proposed development to include general architectural design, types of building materials to be used and, when appropriate, the proposed number of dwelling units per acre;

  (3) The proposed location and size of public uses including schools, parks, playgrounds, swimming pools and other common open spaces.

(d) The written statement to accompany the development plan outline map must contain the following information:

  (1) A brief description of unique project design needs that make the planned unit approach advantageous to the city and developer;

  (2) An anticipated schedule of development and a conceptual phase plan where the developer intends to phase the declaration of portions of the development;

  (3) Proposed agreements, provisions or covenants which govern the use, maintenance and continued protection of the PUD and any of its common areas.

(e) The number of copies of the written statement must be consistent with the provisions of section 60-1300.

(f) The applicant may be requested to submit any other information or exhibits deemed pertinent in evaluating the proposed planned unit development.

(Ord. of 3-16-2009, § 3.51(E)(1); Ord. of 9-21-2009, § 3.51E)

Sec. 60-420. Final development plan.

(a) The final development plan shall be submitted in accordance with section 60-419 of the municipal code relative to final plans.

(b) The planning board shall approve the final development plan if it is in substantial compliance with the approved preliminary development plan. The final development plan shall be recorded as if it were a final subdivision plan except in the case of a phased development which shall follow the standards of subsection (c) of this section.

(c) For phased developments the final development plan shall be kept on file in the planning and permitting office. The developer shall provide a phase plan and letter of intent to declare a phase for review and approval by the director of planning and permitting prior to recording at the registry of deeds. The director shall consider the following standards before approving a phased plan for recording:

(1) The remaining undeveloped land/phases shall be considered as one lot for frontage purposes. The phase plan shall provide the required frontage for the remaining land/phases.

(2) Common open space, roadway improvements and/or access to utilities may be completed without opening a phase provided that the director determines that the work is necessary or beneficial to an open phase of the development or to the city.

(3) The phased plan must be determined by the director of planning and permitting to be consistent with and progress towards completion of the long term final development plan.

(d) From time to time the planning board shall compare the actual development accomplished in the planned unit development with the approved development schedule. If the owner of property in the PUD has failed to meet the approved development schedule without cause, the planning board may initiate proceedings. The planning board, for good cause shown by the property owner, may extend the limits of the development schedule.

(e) The planning board may require adequate assurance in a form consistent and acceptable to the planning board, that the common open space shown in the final development plan shall be provided and developed.

(f) Final development plan contents:

(1) The final development plan shall contain the information provided on the preliminary development plan and any additional information requested by the planning board and must be submitted within one year following the approval of the preliminary development plan unless written request is made for an extension of up to one year and approved by the planning board.

(2) The final development plan, with supplemental information in report form, shall be prepared in conformity with the provisions of section 60-419.

(3) Copies of any special agreements, conveyances, deed restrictions, or covenants, which will govern the use, maintenance and continued protection of the planned unit development and any of its common area must accompany the final development plan.

(4) The applicant may submit any other information or exhibits he deems pertinent in evaluating his proposed planned unit development.

(g) Control of planned unit development following completion.

(1) The planning board shall review and take action on the competed final plan.

(2) After final approval has been granted the use of the land and the construction, modification or alteration of any building or structure within the planned development shall be governed by the approved final development plan rather than by any other provisions of this zoning chapter.

(3) After final approval, no changes may be made in the approved final development plan except upon application to the appropriate agency under the following procedures:

a. Any minor extension, alteration, or modification of existing buildings or structures may be authorized by the planning board if they are consistent with the purposes and intent of the final plan. No change authorized by this division may decrease or increase the dimension of any building or structure by more than ten percent.

b. Any uses not authorized by the approved final plan, but allowable in the PUD as a permitted principal, accessory, or special use under the provisions of the underlying zoning district in which the planned development is located may be authorized by the planning director and added to the final development plan provided that such an addition does not adversely impact the approved development plan.

c. A building or structure that is totally or substantially destroyed may be reconstructed only in compliance with the final development plan or amendments thereof approved under subsection (g)(3)a and b of this section.

d. Changes in use of common open spaces may be authorized by an amendment to the final development plan under subsection (g)(3)a and b of this section.

e. All other changes in the final development plan must be made by the planning board under the procedures authorized by this chapter. No changes may be made in the final development plan unless found to be required for:

1. Continued successful functioning of the planned unit development;

2. By changes in conditions that have occurred since the final plan was approved; or

3. By changes in the development of the community.

No changes in the final development plan which are approved under this division are to be considered as a waiver of the provisions limiting the land use, buildings, structures, and improvements within the area of the planned unit development, and all rights to enforce these provisions against any changes permitted in this division are expressly reserved.

(Ord. of 3-16-2009, § 3.51(E)(2); Ord. of 9-21-2009, § 3.51E; Ord. No. 08-08072017, 9-11-2017; Ord. No. 11-03012021, §§ 62, 63, 3-15-2021)

DIVISION 10. RESERVED[2]

Secs. 60-439—60-469. Reserved.

DIVISION 11. NEIGHBORHOOD BUSINESS DISTRICT

Sec. 60-470. Purpose.

This district is intended to provide for the daily convenience shopping and business needs of nearby residents and contains those retail, service and office uses which serve primarily a neighborhood population. It is intended that this district be located on lots in areas zoned for residential use.

(Ord. of 9-21-2009, § 3.61A)

Sec. 60-471. Use regulations.

(a) *Permitted uses.* The following uses are permitted, provided that the business use be limited to the ground floor and/or basement and that the gross building area devoted to business use, excluding storage, does not exceed 3,000 square feet:

(1) Residential dwellings at the same density as permitted in any abutting residential district.

(2) Beauty parlors, barbershops and self-service laundries.

(3) Public transportation passenger stations.

(4) Grocery stores.

(5) General commercial uses (retail, service and office uses), not necessarily associated with the surrounding neighborhood, may be authorized by the planning director upon written application adhering to the following procedure and criteria:

a. The external activity levels and impacts are limited as to be compatible with and not adversely affect the character of the surrounding neighborhood.

b. The proposed use will not create excessive noise, excessive traffic, nuisances (vibration, smoke, odor, appearance, etc.), fire hazard and other negative impacts of business activities being conducted in the residential neighborhood.

(b) *Special exception uses.* The following uses are permitted as special exceptions after approval by the planning board in accordance with division 3 of article XVI of this chapter.

[2]Editor's note(s)—Ord. No. 20-05032021, adopted May 17, 2021, repealed div. 10, §§ 60-439—60-443, which pertained to the downtown enterprise zone and derived from an Ord. adopted September 21, 2009 and Ord. No. 05-04032017, adopted April 24, 2017.

(1) Automobile parking lots and garages, commercial and public, provided that they shall be at least ten feet from any lot in a residential district and that the setback area be landscaped.

(2) Public utility uses, such as electric substations and office, excluding repair facilities and the storage of material and trucks.

(3) Convenience stores, drug stores, variety stores and retail bakeries shops provided that goods baked on the premises shall be sold only on the premises.

(4) Automobile filling stations.

(5) Halls, private clubs and lodges.

(6) Shoe repair shops, pickup laundries and dry cleaners.

(7) Adaptive reuse of structures of community significance.

(Ord. of 9-21-2009, § 3.61B; Ord. No. 05-04032017, § 2, 4-24-2017)

Sec. 60-472. Dimensional regulations.

All structures in this district, except as noted, shall be subject to the following dimensional regulations:

(1) *Minimum lot area, width and depth.* No minimum shall be applied to buildings in this district.

(2) *Density.* The maximum lot coverage by all building shall be 40 percent.

(3) *Yard requirements.*

a. *Rear.* There shall be behind every principal building a rear yard having a minimum depth of 35 feet or 25 percent of the average depth of the lot, whichever is less.

b. *Side.* There shall be a distance of five feet between any principal building and the side property line, plus the side yard setback shall be increased one foot for every four feet or part thereof increase in street frontage over 49 feet to a maximum of 25 feet for side yard setback.

c. *Front.* There shall be in front of every principal building a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot, whichever is less.

d. *Open and unbuilt spaces.* Any yard space or area required to be kept open and unbuilt on may be used, if otherwise lawful, for off-street automobile parking, except that a green strip not less than ten feet wide shall be maintained open and green, not built on, paved, or parked on, all or parked on, all along each property line that abuts land residentially.

(4) *Height.* No permitted structure shall exceed two stories or 35 feet in height. A public building, church or temple, or accessory building or structure may have a maximum height of 65 feet from grade, provided that the front yard, rear yard and each of the side yards shall be increased by one foot for each foot in height in excess of 35 feet.

(5) *Off-street parking and loading.* Provisions for off-street parking shall not be required in the NB district, except for dwellings and for any parking and loading area required as a condition of special exception approval.

(Ord. of 9-21-2009, § 3.61C)

Secs. 60-473—60-497. Reserved.

DIVISION 12. GENERAL BUSINESS DISTRICT

Sec. 60-498. Purpose.

This district is intended to include commercial uses serving both the city and the region, together with normal accessory uses compatible with a cohesive and attractive shopping and office area.

(Ord. of 9-21-2009, § 3.62A)

Sec. 60-499. Use regulation.

(a) *Permitted uses.* The following uses are permitted:

(1) Residential dwelling uses permitted in the Multifamily Suburban District (MFS) (division 7 of article IV of this chapter).

(2) Grocery stores and supermarkets.

(3) Clothing stores.

(4) Furniture stores.

(5) Department stores.

(6) Specialty shops.

(7) Hotels and motels.

(8) Funeral homes and mortuaries.

(9) Child day care centers.

(10) Medical and dental clinics.

(11) Wholesale bakeries.

(12) Retail laundries and dry cleaners, but not plants.

(13) Banks, business and professional offices.

(14) Public transportation passenger offices.

(15) Governmental offices.

(16) Municipal, civic or public service buildings and other utility facilities.

(17) Warehouses, wholesale offices, salesrooms and showrooms.

(18) Restaurants, bars, dining rooms or lunchrooms, but not to include drive-in and carry-out restaurants.

(19) Halls, private clubs and lodges, bowling alleys, ice and roller skating rinks, indoor theaters and similar places of indoor amusement or recreation.

(20) Animal hospitals and pet shops, but no kennels.

(21) Business equipment repair and business services.

(22) Radio and television studios.

(23) Printing shops, but not publishing plants.

(24) Retail, service, office and commercial uses similar to the foregoing.

(25) Carwashes.

(26) Accessory uses, building and structures.

(27) Shelters for abused persons.

(28) Greenhouses and lawn maintenance services.

(29) Temporary outdoor places of amusement.

(30) Churches and temples.

(31) Adult use and medical marijuana stores subject to the requirements of chapter 14, article XVIII of the City of Auburn Ordinances.

(32) Marijuana cultivation accessory to a licensed retail store on the same property.

(b) *Special exception uses.* The following uses are permitted as special exceptions after approval by the planning board in accordance with division 3 of article XVI of this chapter:

(1) Automobile filling stations.

(2) Automobile repair and service stations.

(3) Automobile and marine sales lots and sales and service agencies.

(4) Automobile and marine paint and body repair shops.

(5) Hospitals, care homes, boardinghouses and lodginghouses.

(6) Research or philanthropic institutions.

(7) Outdoor theaters.

(8) Drive-in or carry-out restaurants.

(9) Commercial parks.

(10) Sales, rental and service agencies for mobile homes, farm equipment, trucks and trailers, and machine equipment.

(11) Light industrial plants which will not create a nuisance by noise, vibration, smoke, odor or appearance.

(12) Off-street parking as a commercial or municipal use provided that such parking is limited to occupants of buildings located within 500 feet of such parking area whether or not within the same district. The planning board may impose conditions regarding fencing and screening, drainage, ingress and egress, signs and lighting, and total capacity of the parking area as it deems necessary to protect the character of the neighborhood.

(13) Trucking terminals and similar nonprocessing storage and distribution uses, except bulk storage of chemicals, petroleum products and other flammable, explosive or noxious materials.

(14) Convenience stores.

(15) Research, experimental and testing laboratories.

(16) Landscape services.

(17) Any new building of 5,000 square feet or more or any existing building which proposes a use permitted under subsection (a) of this section which will occupy an area of 5,000 square feet or more.

(18) Automotive towing and storage.

(19) Major retail development provided that it meets the conditions noted in section 60-45(g).

(20) Outpatient addiction treatment clinics.

(21) Adaptive reuse of structures of community significance.

(22) Public Safety Services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(23) Government services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(Ord. of 9-21-2009, § 3.62B; Ord. No. 11-11072016, 11-21-2016; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 05-05202019, 6-3-2019; Ord. No. 11-03012021, §§ 30, 31, 3-15-2021)

Sec. 60-500. Dimensional regulations.

All structures in this district, except as noted, shall be subject to the following dimensional regulations:

(1) *Minimum lot width and depth.* No building used for commercial or office uses shall be constructed on a lot having less than 10,000 square feet minimum lot area and measuring 100 feet in width. No lot shall be less than 100 feet in depth. Buildings used for residential uses shall have the same minimum lot area, width and depth as provided for buildings in the Multifamily Suburban District (MFS), section 60-307(1).

(2) *Density.* Not more than 30 percent of the total lot area shall be covered by buildings used for commercial or office uses. The density of residential uses shall be the same as that required for buildings in the Multifamily Suburban District (MFS), section 60-30(2).

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 35 feet or 35 percent of the average depth of the lot, whichever is less.

b. *Side.* There shall be a distance of five feet between any side property line, plus the side yard setback shall be increased one foot for every two feet or part thereof increase in street frontage over 60 feet to a maximum of 25 feet for side yard setback.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot, whichever is less. No front yard need to be any deeper than the average depth off front yards on the lots next thereto on either side. A vacant lot or a lot occupied by a building with a front yard more than 25 feet shall be considered as having a front yard of 25 feet.

d. *Principal buildings.* More than one principal building may be erected on a lot, provided that the building meet all yard setback requirements and are separated by a distance equivalent to the height of the higher building or 30 feet, whichever is greater.

e. *Railroad tracks.* Where the principal use requires access to a railroad, the yard requirements are disregarded for the side of the building adjacent to the railroad trackage. The engineering requisites for a safe and properly designed siding and building setback acceptable to the railroad shall take precedence.

f. *Open and unbuilt spaces.* Any yard, space or area required to be kept open and unbuilt on may be used, if otherwise lawful for outdoor storage and display of articles, supplies and materials. Such outdoor storage and display shall occupy no more than 20 percent of the lot with display areas not to exceed one-quarter of the total allowable area. Storage and display areas shall be clearly identified on the land in a fixed location. Storage areas shall be screened from the view of an abutting residential district or use and from the street by an evergreen tree line planted in staggered rows having the base of the trees not more than ten feet apart or by a solid fence not less than six feet in height.

(4) *Height.* No permitted structure shall exceed four stories or 45 feet in height. Religious buildings, municipal buildings or buildings listed by the state historic preservations commission may have a steeple, cupola or tower to a maximum height of 90 feet, if said structure is limited to 15 percent of the footprint of the principal building. In the airport approach zone, Federal Aviation Administration regulations shall apply. Accessory structures, including windmills, that are necessary for the operation of an allowed principal use may exceed the above maximum height requirements, provided that the front yard, rear yard and each of the side yards shall be increased by one foot for each foot in height in excess of the yard required pursuant to this section. In the airport approach zone, Federal Aviation Administration regulations shall apply.

(5) *Off-street parking.* Off-street parking and loading spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.62C; Ord. of 3-22-2010; Ord. No. 11-03012021, §§ 32, 64, 3-15-2021)

Secs. 60-501—60-523. Reserved.

DIVISION 13. MINOT AVENUE (GBII)

Sec. 60-524. Purpose.

This district is intended to allow commercial development to locate along the Minot Avenue corridor which is most compatible with local scale business. The corridor is also an arterial which requires that good sound access management design is incorporated into the uses consistent with the access management ordinance.

(Ord. of 9-21-2009, § 3.63A)

Sec. 60-525. Use regulation.

(a) *Permitted uses.* The following uses are permitted:

(1) Residential dwelling uses permitted in the Multifamily Suburban District (MFS) (division 7 of article IV of this chapter).

(2) Grocery stores and supermarkets.

(3) Clothing stores.

(4) Furniture stores.

(5) Department stores.

(6) Specialty shops.

(7) Hotels and motels.

(8) Funeral homes and mortuaries.

(9) Child day care centers.

(10) Medical and dental clinics.

(11) Retail bakeries.

(12) Retail laundries and dry cleaners.

(13) Banks, business and professional offices.

(14) Public transportation passenger offices.

(15) Governmental offices.

(16) Municipal, civic or public service buildings and other utility facilities.

(17) Restaurants, dining rooms or lunchrooms.

(18) Bowling alleys, ice and roller skating rinks, indoor theaters and similar places of indoor amusement or recreation.

(19) Animal hospitals and pet shops, but not kennels.

(20) Business equipment repair and business services.

(21) Radio and television studios.

(22) Printing shops, but not publishing plants.

(23) Carwashes.

(24) Accessory uses, buildings and structures.

(25) Greenhouses.

(26) Seasonal outdoor places of amusement.

(27) Churches and temples.

(28) Shelters for abused persons.

(29) Adult use and medical marijuana stores subject to the requirements of chapter 14, article XVIII of the City of Auburn Ordinances.

(30) Marijuana cultivation accessory to a licensed retail store on the same property.

(31) Automobile and marine sales lots and sales and service agencies, provided that the vehicle display spaces are limited to not more than 10 spaces per 1,000 square feet of gross building area permanently constructed on the site with maximum of 100 display spaces.

(b) *Special exception uses.* The following uses are permitted as special exceptions after approval by the planning board in accordance with division 3 of article XVI of this chapter:

(1) Commercial parks.

(2) Automobile repair and service stations.

(3) Hospitals, care homes, boardinghouses and lodginghouses.

(4) Research or philanthropic institutions.

(5) Outdoor theaters.

(6) Drive-in or carry-out restaurants.

(7) Sales, rental and service agencies for farm equipment, trucks and trailers, and construction equipment.

(8) Light industrial plants which support a retail store selling goods made on the premises and will not create a nuisance by noise, vibration, smoke, odor or appearance.

(9) Convenience stores.

(10) Research, experimental and testing laboratories.

(11) Landscape services and lawn maintenance services.

(12) Halls, private clubs and lodges.

(13) Outpatient addiction treatment clinics.

(14) Any new building of 5,000 square feet or more or any existing building which proposes a use permitted under section 60-525(a) which will occupy an area of 5,000 square feet or more.

(15) Adaptive reuse of structures of community significance.

(16) Public Safety Services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(17) Government services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee.

(Ord. of 9-21-2009, § 3.63B; Ord. No. 11-11072016, 11-21-2016; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 06-05202019, 6-3-2019; Ord. No. 11-03012021, §§ 33, 34, 3-15-2021; Ord. No. 21-05032021, 5-17-2021; Ord. No. 26-06212021, 7-19-2021)

Sec. 60-526. Dimensional regulations.

All structures in this district, except as noted, shall be subject to the following dimensional regulations:

(1) *Minimum lot width and depth.* No building used for commercial office uses shall be constructed on a lot having less than 10,000 square feet minimum lot area and measuring 100 feet in width. No lot shall be less than 100 feet in depth. Buildings used for residential uses shall have the same minimum lot area, width and depth as provided for buildings in the Multifamily Suburban (MFS) District, section 60-307(1).

(2) *Density.* Not more than 30 percent of the total lot area shall be covered by buildings used for commercial or office uses. The density of residential uses shall be the same as that required for buildings in the Multifamily Suburban (MFS) District, section 60-307(2).

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 35 feet or 35 percent of the average depth of the lot, whichever is less.

b. *Side.* There shall be a distance of five feet between any building and the side property line, plus the side yard setback shall be increased one foot for every two feet or part thereof increase in street frontage over 60 feet to a maximum of 25 feet for side yard setback.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot, whichever is less.

d. *Principal buildings.* More than one principal building may be erected on a lot, provided that the building meet all yard setback requirements and are separated by a distance equivalent to the height of the higher building or 30 feet, whichever is greater.

e. *Outdoor storage.* Any yard, space or area required to be kept open and unbuilt on may be used, if otherwise lawful for outdoor storage and display of articles, supplies and materials, Such outdoor storage and display shall occupy no more than 20 percent of the lot with display areas not to exceed one-quarter of the total allowable area. Storage and display areas shall be clearly identified on the land in a fixed location. Storage areas shall be screened from the view of an abutting residential district or use and from the street by an evergreen tree line planted in staggered rows having the base of the trees not more than ten feet apart or by a solid fence not less than six feet in height.

(4) *Height.* No permitted structure shall exceed four stories or 45 feet in height, except in the airport approach zone where Federal Aviation Administration regulations shall apply.

(5) *Off-street parking.* Off-street parking and loading spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.63C; Ord. No. 11-03012021, § 40, 3-15-2021)

Secs. 60-527—60-545. Reserved.

DIVISION 14. FORM BASED CODE[3]

Subdivision I. In General

Sec. 60-546. Purpose.

The purpose of the form based code is to:

(a) Provide a building development pattern that is based upon the built environment's physical form and its relationship to the public realm and the private realm.

(b) Allow for a diversity of uses appropriate and compatible to the designated district area.

(c) Provide a more accelerated building design, review, approval and construction process.

[3]Editor's note(s)—Ord. No. 04-03072016, adopted May 16, 2016, repealed former Div. 14, §§ 60-546—60-549, in its entirety and enacted new provisions as herein set out. Former Div. 14 pertained to the central business district and derived from Ord. of 9-21-2009, §§ 3.69A—3.69D; Ord. of 2-16-2010.

(d) Deliver a more predictable building development outcome that is consistent with the traditional pedestrian-oriented street-building development pattern.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-547. Transects.

Form based code uses transects as a way to describe the areas under the regulating plan. A transect is a system of ordering human habitats in a range from the most natural to the most urban. Auburn's transects are organized using five form based code districts, (Transect 4.1, Transect 4.2, Transect 5.1, Transect 5.2 and Transect 6), which describe the physical character of a place at a certain scale, according to the density and intensity of land use and urbanism.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-548. Traditional Main Street Neighborhood (T-4.1)

Illustrative View of T-4.1 (Main Street)

Intent and Purpose:
Traditional Main Street Neighborhood (T-4.1)

The Main Street Neighborhood district is designed to continue the existing pattern of large houses set along Main Street. This area is characterized by front porches, residential front yards and front doors facing the street. T-4.1 promotes a lower-density and less concentrated pattern of buildings along the street, while maintaining a pleasing, connective and compact multi-modal environment.

Characteristic Features

- Front lawns
- Front facade detailing
- Frontage fences
- Porches
- Bay windows
- Foundation planting and yard landscaping
- Street Trees
- Lower Density

Examples of Main Street Neighborhood - T-4.1

(Ord. No. 04-03072016, 5-16-2016)

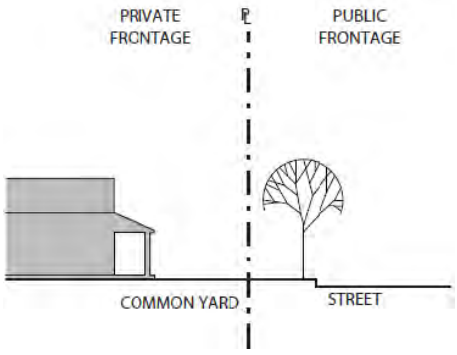
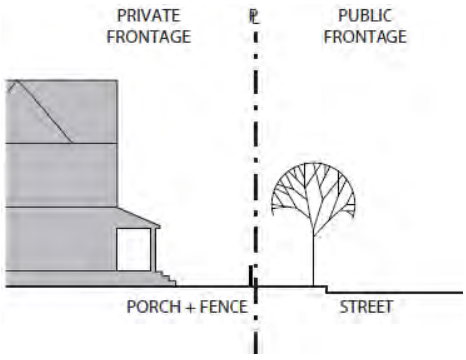
Sec. 60-548.2. Building frontages types T-4.1.



Common Yard



Porch Yard

BUILDING FRONTAGE TYPES:	Common Yard; Porch Yard

BUILDING ENTRIES:	Primary entry door is encouraged along ground story facade facing a primary street.
BUILDING ENVELOPE ARTICULATION:	
Ground Story Building Frontage Facade:	Windows and doors shall comprise a minimum of 25% and maximum 60% coverage of the total ground story facade frontage.
Upper Story Building Frontage Facades:	Windows and doors shall comprise a minimum of 20% and maximum 40% coverage of the total upper story facade frontage.
Ground Story Finished Floor Elevation:	The ground story shall be a minimum of 2 feet and 6 feet maximum above the front yard elevation (average grade).
Frontage Facade Wall:	Blank lengths of wall exceeding 10 linear feet are prohibited.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-548.3. External elements T-4.1.

Front Yard Fence:	A front yard fence a minimum of 2 feet and a maximum of 4 feet in height is encouraged to maintain spatial edge of street. Chain link, vinyl, split rail, or barbed wire is not allowed.
Front Yard Fence/Wall Opening:	A vehicle entry way, as part of a front fence/wall, shall be a maximum width of 20 feet; a pedestrian entry way shall be a maximum width of 6 feet.
Building Projections:	No part of any building, except overhanging eaves, awnings, balconies, bay windows, stoops and other architectural features shall encroach beyond the minimum or maximum front setback line.
Porch & Stoop Encroachments:	Porches & Stoops may encroach upon the minimum front setback line by the following distances: Front Setback, Principal Frontage 10 ft. maximum. Front Setback, Secondary Frontage 10 ft. maximum.
Garages:	Detached garages shall be located a minimum of 20 feet from any street right-of-way.
Driveways:	Driveways are encouraged to be on the secondary street frontage. Driveways shall be paved and a minimum of 8 feet wide and a maximum of 20 feet wide.
Parking:	Residential - Vehicle parking areas shall be located only on driveways or designated parking areas and shall not extend into the street right-of-way or sidewalk. Commercial - Parking shall be located to rear of the property to the greatest extent possible. Parking on a side yard is limited to no more than 60 feet wide or

	40% of the lot width. Screening and/or street wall is required for parking areas along a street.
Accessory Structures:	Accessory structures shall be located a minimum of 20 feet from any street right-of-way and 5 feet from either side or rear property line.
Landscaping:	Landscaping is encouraged but shall not extend into any sidewalk or travel way. Street trees are encouraged.
Foundation Planting:	Foundation plantings are encouraged but should be pruned and maintained with enough clearance from the building facade to encourage air circulation.

(Ord. No. 04-03072016, 5-16-2016; Ord. No. 11-03012021, § 65, 3-15-2021)

Sec. 60.549. Traditional Downtown Neighborhood T-4.2.

Illustrative View of T-4.2 (Spring Street)

Intent and Purpose:
Traditional Downtown Neighborhood (T-4.2)

The Traditional Downtown Neighborhood district is characterized by a small to medium sized buildings with smaller front yards and stoops in a more compact urban environment, and includes and traditional neighborhood sized storefronts. The smaller minimum and maximum building set-backs form a moderately dense street-wall pattern, diverse architectural styles and pedestrian friendly streets and sidewalks.

Characteristic Features

- More public and private realm interaction
- Front facade detailing
- Small front yards
- Bay windows
- Neighborhood scaled storefronts with large windows
- Frontage Fences
- Street Trees
- Moderate densities

(Ord. No. 04-03072016, 5-16-2016)

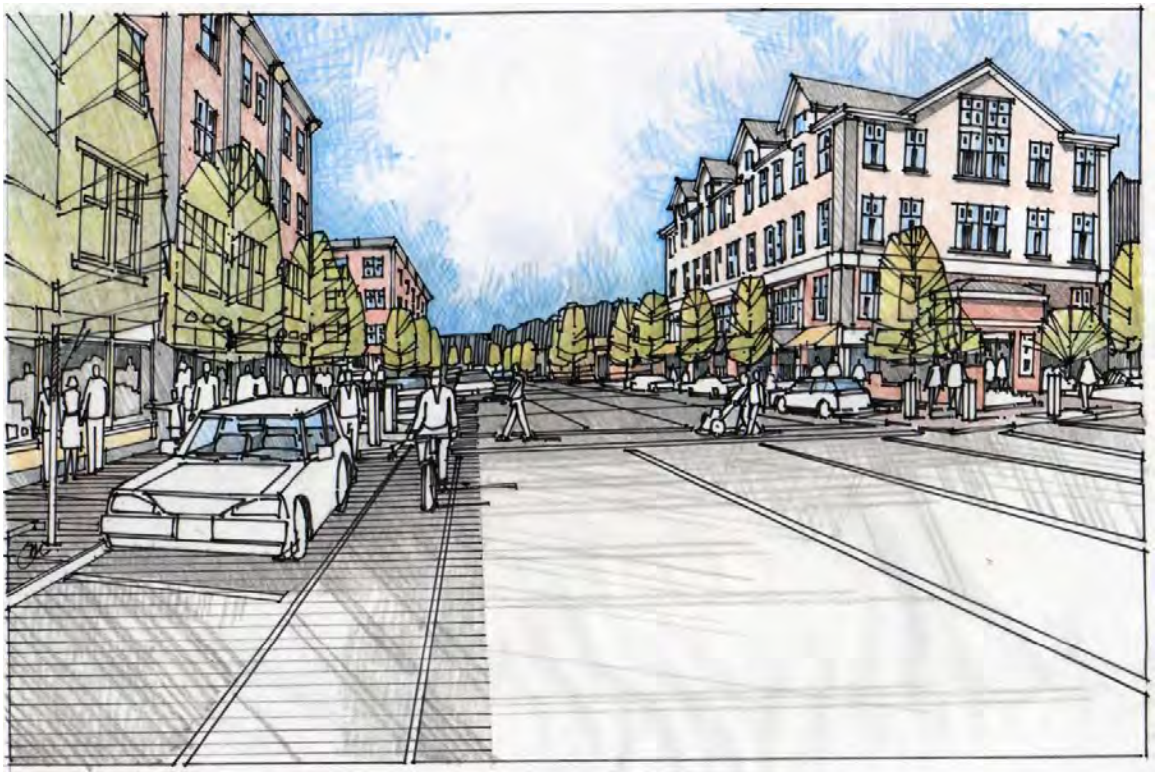
Sec. 60-550. Downtown Traditional Center T-5.1.



Illustrative View of T-5.1 (Future Great Falls Plaza)

Intent and Purpose:
Downtown Traditional Center (T-5.1)

The Downtown Traditional Center zone is characterized by medium to larger sized buildings in a compact urban environment that generates an active street life. There is interplay between the Public Realm of the busy street and sidewalk, and the Private Realm of the residential stoops, commercial storefronts and gallery building fronts. The increased building widths form a more solid and compact street wall pattern, generating an energized traditional downtown feel.

Key Features

- Vibrant and active interaction between public and private realms
- Larger buildings
- Front facade detailing
- Bay windows
- Balconies
- Street trees
- More urban density

Examples of Downtown Traditional Center T-5.1

Sec. 60-551. Downtown City Center T-5.2.

Illustrative View of T-5.2 (Court Street)

Intent and Purpose:
Downtown City Center (T-5.2)

The Downtown City Center district is characterized by medium to large sized buildings in a compact urban environment. This setting will generate social and cultural activity and events, economic stimulation and human interaction. The streets will be important transportation corridors with large sidewalks. The large residential and commercial building widths, frontages and building heights form a solid, compact street wall pattern. The Downtown Center will generate regional economic development activity along with energized social and lifestyle options.

Key Features

- Vibrant street life
- Front facade detailing
- Articulated storefront entrance
- Awnings for storefronts
- Balconies
- Wide sidewalks
- Street Trees
- Compact Urban Environment

Sec. 60-552. Great Falls Metropolitan T-6.

Illustrative View of T-6 (Turner Street)

Intent and Purpose:
Great Falls Metropolitan (T-6)

The Great Falls Metropolitan zone is characterized by large buildings up to 8 stories tall that will define the City of Auburn's emerging downtown. A new central square, "Great Falls Square" will provide a downtown focal point and center for professional enterprise and commerce. The Great Falls Metropolitan urban form will generate strong regional socio-economic gravitational pull, attract corporate investment and become a regional destination for visitors, events, entertainment, shopping and social gatherings.

Key Features

- High energy downtown center
- Balconies
- Articulated storefront entrances
- Awnings for storefronts
- Wide sidewalks
- Street trees
- Streetscape elements (benches, planters)
- Transportation hub
- High density

Examples of Great Falls Metropolitan T-6

Notes:

(1) Uses not listed are considered prohibited unless deemed similar by the director of planning or by the planning board through a special exception approval.

(2) *Parking requirements in T-5.1, T-5.2 and T-6 may be provided by the municipality or private parking resources within 1,000 feet of the principal building, subject to planning board approval.

(3) Where more than 50 percent of floor space is devoted to age restricted goods. This may include licensed adult use or medical marijuana stores.

(4) All projects shall provide a community impact and needs analysis with review and approval from city council or its designee,

(Ord. No. 04-03072016, 5-16-2016; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 07-05202019, 6-3-2019; Ord. No. 29-06212021, 7-19-2021)

Subdivision II. Form Based Code Administration

Sec. 60-555. Form based code administration.

Form based code relation to zoning ordinance:

(1) The form based code shall regulate areas designated as form based code districts.

(2) All buildings and land uses located within a form based code district shall comply with section 60-33 et seq. (General Provisions) unless specifically stated otherwise in sections 60-546 to 60-558 of the form based code.

(3) Site plan/special exception. Any project located within a form based code district that requires special exception or site plan review shall comply with section 60-45.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-556. Form based code plan types.

(a) *Administrative types.*

(1) *By right.* No permits are required for projects such as normal maintenance or for new structures under 200 square feet.

(2) *Minor administrative.* Projects that require permits and comply with all form based code or zoning regulations, may be approved and permitted by the appropriate city departmental staff and will not require multiple departmental or planning board approval. These projects can be applied for at any time.

(3) *Major administrative.* Projects that do not qualify as a Subdivision. Special exception or site plan review type plans and comply with all form based code or zoning regulations, but due to multiple issues, will require review by the multiple city departmental staff.

(b) *Discretionary type plans.* The following plan types shall require review and action by the planning board.

(1) Subdivisions of three or more lots over a five-year period or a project creating more than three dwelling units. (Subdivision Review).

(2) Any project listed as special exception or "S" in section 60-554, Use and Parking Matrix Chart. (Special Exception and Site Plan Review).

(3) Any project within the form based code district proposing a total of 12,000 square feet of new construction, all floors included. (Special Exception and Site Plan Review).

(4) Any amendment to an existing discretionary plan that increases existing square footage more than 25 percent.

(5) Any project located within the form based code district area that seeks a waiver from the adopted form based code regulating development standards shall submit a complete Special Exception and Site Plan Review application for Planning Board review and action.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-557. Applicability.

(a) Any minor, major administrative type plan and/or discretionary plan, as defined in section 60-556, located within a form based code district, shall be required to submit a development review application prior to any issuance of building permits or development activity.

(b) Any development activity on or within property located with the form based code district shall be reviewed for compliance with applicable form based code or zoning ordinance regulations.

(Ord. No. 04-03072016, 5-16-2016)

Sec. 60-558. Form based code development application procedure.

(a) *Administrative type plan application process.*

(1) Applicant identifies the subject property's zoning/transect district and determines what plan type the project is.

(2) Applicant reviews the project's compliance for form based code development standards, sections 60-548 through 60-552; including all sections on purpose, building placement and configuration, building frontages, external elements, lot layout, the Parking and Use Matrix Chart and administration; along with any other applicable zoning ordinance Regulations.

(3) Pre-development consultation. All administrative type plan applicants are encouraged to contact the Auburn Planning Office for a pre-development consultation to confirm the property's form based code or zoning district and discuss the form based code requirements and related zoning and/or other regulatory items. Failure to consult with the planning office may result in the delay of acceptance, review and approval of the application.

(4) Any minor or major administrative plan or discretionary plan applicant in a form based code district shall complete and submit a cover letter describing the project, a development review application, a form based code development checklist and the appropriate application fee and number of applications to the planning office.

(5) All form based code applications will be reviewed by the planning staff for completeness and applicant will be notified within five working days if the plan is deemed complete and whether the plan is administrative or discretionary. The applicant is responsible for working with the planning staff to correct any deficiencies needed to be accepted for further review.

(6) Type 2 and 3 administrative plans will be reviewed by the appropriate city departmental staff or other relevant agencies who will recommend approving, disapproving or postponing to allow for time to correct the application. The director of planning will notify the applicant of the decision in writing within 15 calendar days of its receipt of a completed application.

(7) The director of planning shall have the authority to require an administrative plan to be considered by the planning board and notify the applicant the justifications for doing so.

(b) *Discretionary project application process.*

(1) Applicant identifies subject property's zoning/transect and determines what plan type the project is.

(2) Applicant reviews the project's compliance for the applicable form based code development standards sections 60-548 through 60-552; including all sections on purpose, building placement and configuration, building frontages, external elements, lot layout, the Parking and Use Matrix Chart and administration; along with any other applicable zoning ordinance regulations.

(3) Pre-development consultation. All potential development and project applicants are encouraged to contact the Auburn Planning Office for a pre-development consultation to confirm the form based code or zoning regulations and discuss the form based code requirements and related zoning and/or other regulatory items. Failure to consult with the planning office may result in the delay of acceptance, review and approval of the application.

(4) Discretionary plan applicants will submit; a development review application, a form based code development checklist the appropriate application fee and number of applications to the planning office for review and consideration by the planning board according to their normal submission deadline and meeting schedule.

(5) Applications not meeting all the requirements of the form based code may include waiver as per section 60-1312 or variance requests as part of their application.

(c) *Waiver requests.*

(1) Any waiver request of form based code standards and requirements must identify what is regulation is being requested for the waiver and include a narrative explaining how the waiver, if approved, will allow the project to meet the purpose of the form based code and the objective of section 60-1277, site plan review.

(d) *Planning board approval.*

(1) The planning board shall approve, approve with conditions, disapprove or postpone based on its review of the application meeting all existing requirements, conditions, criteria and provisions of special exception, site plan review. Subdivision law and any other relevant procedural requirement of Chapter 60, Zoning, as part of its consideration of a form based code application.

(2) The planning board shall provide findings for approval or disapproval based on the application's meeting the purpose of the form based code.

(Ord. No. 04-03072016, 5-16-2016; Ord. No. 11-03012021, § 41, 3-15-2021)

Secs. 60-559—60-576. Reserved.

DIVISION 15. INDUSTRIAL DISTRICT

Sec. 60-577. Purpose.

This district is intended to provide for those manufacturing, processing, transportation and storage uses which should be separated from other uses by reason of characteristics which may conflict with other uses. The exclusion of residential and commercial uses is intended to promote the economic welfare of the city by reserving especially suited areas for industry.

(Ord. of 9-21-2009, § 3.71A)

Sec. 60-578. Use regulations.

(a) *Permitted uses.* The following uses are permitted, provided that the use proposed will not be noxious, offensive or detrimental to the neighborhood or to the city by reason of danger of fire or explosion; pollution of waterways or groundwater; vibration; emission of corrosive, toxic or unhealthful fumes, gas, smoke, soot obnoxious dust, disagreeable odors, offensive noises or other objectionable characteristics:

(1) Farming of field crops, row crops, orchards and truck gardens.

(2) Plant and tree nurseries, wholesale nurseries, landscape services and greenhouses; on-premises sales permitted.

(3) Farm dwellings on premises actively farmed.

(4) Financial institutions.

(5) Office buildings.

(6) Post offices.

(7) Telephone exchanges or telephone business offices.

(8) Public transportation passenger stations.

(9) Churches or temples.

(10) Municipal uses buildings.

(11) Airports.

(12) Wholesale businesses, warehouses, trucking terminals and similar nonprocessing storage and distribution uses, except bulk storage of chemicals, petroleum products and other flammable, explosive or noxious material.

(13) Manufacture, compounding, processing or packaging of foods and food products, except uses approved by resolution of the city council allowing review and recommendation of the planning board in the same manner as a special exception.

(14) Manufacture, compounding or assembling of articles using the following prepared materials: bone or shell, cellophane, fur, glass, leather, plastics, precious or semi-precious metals or stones, rubber textiles or cloth products, tobacco, or wood, bark or wood products.

(15) Manufacture of ceramic products, brick and cinder blocks.

(16) Manufacture or assembling from prepared material of the following: musical instruments, clocks or watches, toys or novelties, electrical devices, light sheet metal products, office equipment.

(17) Building material sales yard and contractor's equipment storage yard and plant.

(18) Research, experimental or testing laboratories.

(19) Lumber yard, including planning, milling and other processing.

(20) Ice manufacturing and storage plant.

(21) Beverage bottling plants.

(22) Public utilities uses, such as electric substations, storage of material and trucks, repair facilities, offices and electric generating plants including ground-mounted and dual use solar energy generating systems less than one acre in total land area as defined in section 60-1501 in accordance with applicable FAA regulations if within the airport overlay zone.

(23) Accessory uses and buildings, including but not limited to:

a. Retail sales of products manufactured on premises.

b. Dwellings used as living quarters for caretakers or watchmen and their families.

c. Storage boxes or space trailers as defined in subsection 60-666(12) used for the storage of nonhazardous material by the commercial or industrial use which occupies the property.

(24) Training schools.

(25) Uses similar to those in this subsection (a) and not elsewhere named in the following subsections, provided that the use will not be noxious.

(26) Any new or existing building proposed as a complex of three of more business and/or offices provided that they are approved by the planning board as a subdivision under division 4 of article XVI of this chapter.

(27) Adult use and medical marijuana cultivation, manufacturing and testing facilities subject to the requirements of chapter 14, article XVIII of this Code.

(28) Adult use and medical marijuana stores subject to the requirements of chapter 14, article XVIII of this Code, provided that the store is located on the same parcel of land as a marijuana cultivation facility or marijuana manufacturing facility.

(b) *Special exception uses.* The following uses are permitted as special exceptions after approval by the planning board in accordance with division 3 of article XVI of this chapter; upon determination that such a use will not unduly disturb or harmfully influence other uses in the areas adjoining:

(1) Uses similar to those found in subsection (a) of this section and not elsewhere named in the following subsection; that in the determination of the municipal officer charged with enforcement do not meet the requirements subsection (a) of this section.

(2) Automobile filling stations.

(3) Automobile and marine repair and service stations, automobile and marine paint and body repair shops.

(4) Restaurants and diners, including drive-in and carry-out restaurants.

(5) Retail food stores.

(6) Microwave, radio, radar, television or radio-telephone transmitting or broadcasting towers, including studios or offices for such transmitting or broadcasting, provided that:

a. Every such tower shall be installed in a location and manner that ensures its safe operation and the safety of surrounding residents, building occupants, land uses and properties.

b. In no case shall such tower be located less than 1½ times its height from the nearest property line.

(7) Motels and hotels.

(8) Automobile scrap yards.

(9) Off-street parking accessory, to a permitted use whether or not located on the same lot.

(10) Outdoor advertising.

(11) Junkyard.

(12) Airplane manufacture or assembly.

(13) Alcohol, methanol, or ethanol manufacture.

(14) Automobile or automotive manufacture or assembly.

(15) Brewery or distillery.

(16) Manufacture, or bulk storage of chemicals, petroleum products and other flammable, explosive or noxious materials.

(17) Machinery and machine tool manufacture.

(18) Metal fabrication plant.

(19) Municipal incinerator or sewage treatment plant.

(20) Manufacture of cosmetics, toiletries and pharmaceuticals.

(21) Asphalt batching plant.

(22) Grain processing and storage.

(23) Concrete or cement products manufacture.

(24) Coal distillation and derivation of coal products.

(25) Iron or steel foundry.

(26) Meat products manufacture.

(27) Packinghouse, including meat and poultry canning and curing, processing or freezing.

(28) Plastic and pyroxylin manufacture.

(29) Uses similar to the uses of this section and not elsewhere named in the following subsections.

(30) Accessory uses building and structures, including but not limited to:

a. Retail sales of products manufactured on the premises and products accessory to the industry.

b. A single dwelling unit for security personnel. Such dwelling unit shall be located in the principal building.

(31) Hospital.

(32) Automobile and marine sales lots and agencies.

(33) Child day care centers over 5,000 square feet (building area).

(34) Outpatient addiction treatment clinics.

(35) Any new building of 10,000 square feet or more or any existing building which proposes a use permitted under subsection (a) of this section which will occupy an area of 10,000 square feet or more.

(36) Adaptive reuse of structures of community significance.

(37) Ground-mounted and dual-use solar energy generating systems greater than one acre in total land area as defined in section 60-1501.

(38) Public Safety Service or Services

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee,

(39) Correctional Institution

a. All projects shall provide a community impact and needs analysis with review and approval from city council or its designee,

(40) Government Services

(41) Government Offices

(42) Municipal or Public Utilities and Communication Facilities

(Ord. of 9-21-2009, § 3.71B; Ord. 11-09062011-02, 9-6-2011; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 08-05202019, 6-3-2019; Ord. No. 02-02242020, 3-2-2020; Ord. No. 11-03012021, § 35, 3-15-2021)

Sec. 60-579. Dimensional regulations.

All structures in this district, except as noted, shall be subject to the following dimensional regulations:

(1) *Minimum lot width and depth.* Each lot shall have not less than 150 feet width. No lot shall be less than 250 feet in depth.

(2) *Density.* Not more than 40 percent of the total lot area shall be covered by buildings.

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 50 feet or 20 percent of the average depth of the lot, whichever is less.

b. *Side.* There shall be a distance of five feet between any building and the side property line, plus the side yard setback shall be increased one foot for every three feet or part thereof increased in street frontage over 60 feet to a maximum of 35 feet for side yard setback.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 35 feet or 15 percent of the average depth of the lot, whichever is less. No front yard need be any deeper than the average depth of front yards on the lots next thereto on either side. A vacant lot or a lot occupied by a building with a front yard more than 35 feet shall be considered as having a front yard of 35 feet.

d. *Principal buildings.* More than one principal building may be erected on a lot provided that the building meet all yard setback requirements and are separated by a distance equivalent to the height of the higher building or 30 feet, whichever is greater.

e. *Railroad tracks.* Where the principal use requires access to a railroad, the yard requirements are disregarded for the side of the building adjacent to the railroad trackage. The engineering requisites for a safe and properly designed siding and building setback acceptable to the railroad shall take precedence.

f. *Open and unbuilt spaces.* Any yard, space or are required to be kept open and unbuilt on may be used, if otherwise lawful, for outdoor storage of articles, supplies and materials except that such storage shall be screened from the view of abutting residential property owners and/or street by a solid wall or evergreen hedge.

g. *Landscaping.* Landscaping shall be provided and maintained as follows:

1. Within a parking lot, landscaping shall be provided in an amount equal to ten percent of the area of the parking lot.

2. The perimeter of a principal building, except for entrances and loading doors, shall be landscaped in an amount equal to 20 percent of the building footprint. Emphasis shall be given to the front and sides of the building.

3. All lots which abut the side or rear lot line of a lot in a residential district or use shall be screened from said lot by an evergreen tree line planted in staggered rows having the base of the trees not more than ten feet apart. The minimum width of the screened buffer line shall be 30 feet.

4. Side and rear lot lines between nonresidential uses shall be planted with evergreen trees in the same manner as subsection (3)g3 of this section, except that the width of the screened buffer line shall not be less than 15 feet.

5. Landscaping is considered to be vegetative treatment with trees, shrubs, flowering plants and grass and/or bark mulch. Grass only is not deemed to satisfy this requirement. Evergreen trees shall be used as required in subsections (3)g3 and (3)g4 of this section Trees shall be a minimum of six feet at the time of planting. Where possible, existing trees shall be preserved, building shall be oriented with respect to natural landscape features, topography and natural drainage areas.

(4) *Height.* Buildings shall not exceed 75 feet in height, except in the airport approach zone where Federal Aviation Administration height regulations shall apply.

(5) *Off-street parking.* Off-street parking and loading spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.71C; Ord. No. 11-03012021, § 36, 3-15-2021)

City Council Workshop & Meeting
Agenda
March 6, 2023
Auburn Hall, Council Chambers

5:30 P.M. City Council Workshop

A. Budget and CIP (Capital Improvement Plan) Schedule Review – Phil Crowell
B. CSX Quiet Zone – Jonathan LaBonté
C. Spring Clean-up (follow up) – Denis D'Auteuil
D. Assessing Market Rate Adjustment on Multi-family Units – Karen Scammon
E. Executive Session - Economic Development, pursuant to 1 M.R.S.A. §405(6)(C) which premature disclosure would prejudice the competitive or bargaining position of the City.

7:00 P.M. City Council Meeting - Roll call votes will begin with Councilor Morin

Pledge of Allegiance

I. Consent Items – All items with an asterisk (*) are considered routine and will be enacted by one motion. There will be no separate discussion of these items unless a Council member or a citizen so requests, in which event, the item will be removed from the Consent Agenda and considered in its normal sequence on the agenda.

1. Order 24-03062023*
Setting the time to open the polls at 7:00 a.m. for 2023 Elections.

1. Order 25-03062023*
Appointing Chris Carson to the Sustainability and Natural Resource Management Board with a term expiration of April 1, 2024.

II. Minutes

- February 13, 2023, Regular Council Meeting
- February 17, 2023, Special Council Meeting

III. Communications, Presentations and Recognitions

- Norway Savings Bank Arena's 10 Year Anniversary
- Council Communications (about and to the community)

IV. Open Session – *Members of the public are invited to speak to the Council about any issue directly related to City business or any item that does not appear on the agenda.*

V. Unfinished Business - None

VI. New Business

1. Order 26-03062023
Authorizing the marketing of City owned property 121 Mill Street Parcel ID 221-041.

2. Order 27-03062023
Authorizing the marketing of City owned property 80 Lake Street Parcel ID 239-114.

3. Order 28-03062023
Authorizing the marketing of City owned property Rodman Road Parcel ID 198-036.

4. Public Hearing
Stable Ridge TIF District.

5. Order 29-03062023
Amending Order 151-11072022 previously adopted by the City Council on 11/07/2022 extending the date for the Planning Board to provide a recommendation on a text amendment on a proposed zoning amendment from 3/20/2023 to 4/18/2023.

VII. Open Session - *Members of the public are invited to speak to the Council about any issue directly related to City business or any item that does not appear on the agenda*

VIII. Reports (from sub-committees to Council)

a. Mayor's Report
b. City Councilors' Reports
c. City Manager Report

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: March 8, 2023

Author: Jonathan P. LaBonte

Subject: CSX Transportation (railroad) Quiet Zone

Information: City staff and elected officials have consistently received requests from citizens and investors interested in Auburn establishing a "quiet zone" in the community. A "quiet zone" is a designation from the Federal Railroad Administration for a designating area of reduced horn use, typically targeting an improvement in quality of life for residents living near at-grade highway crossings of a railroad. Since quiet zones are initiated by the local government, any costs associated with the necessary safety improvements to achieve this status must be borne by the local government. The included memo provides further context on the recent history of this topic, and a potential pathway to evaluate this along the entirety of the CSX (former PanAM) corridor from Danville through Downtown.

City Budgetary Impacts: None at this time

Staff Recommended Action: City Council support to advance evalution of quiet zone designation, including potential at-grade highway crossing closures. (NOTE: All evaluations require public process and hearings and further City Council action)

Previous Meetings and History: N/A

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

TO: Mayor Jason Levesque and the Auburn City Council
FROM: Jonathan P. LaBonte, Transportation Systems Director
DATE: March 8, 2023
RE: Potential Evaluation of Quiet Zones and Targeted At-Grade Highway Rail Crossings

BACKGROUND

City staff and elected officials have consistently received requests from citizens and investors interested in Auburn establishing a "quiet zone" in the community. A "quiet zone" is a designation from the Federal Railroad Administration for a designating area of reduced horn use, typically targeting an improvement in quality of life for residents living near at-grade highway crossings of a railroad. Since quiet zones are initiated by the local government, any costs associated with the necessary safety improvements to achieve this status must be borne by the local government.

PREVIOUS EVALUATION

In 2017, ATRC was tasked with completing the initial documentation for a potential quiet zone application for downtown Auburn from Albiston Way to Spring Street. At the time, staff there noted that before a risk assessment could be calculated as part of the FRA process, each crossing must have a minimum set of safety hardware that includes, at minimum, a 'constant warning time device' (a motion sensing system with the capability of measuring train speed and providing a relatively uniform warning time to public traffic at highway-rail intersections) and a 'power-off indicator' (alerts operators that the crossing does not have power and may not be operational.) From the assessment of just those downtown, Spring Street, Hampshire Street, and Library Ave did not have a 'constant warning time device' installed. Given the significant costs associated with that, before being able to complete the risk assessment, the effort was put aside.

CURRENT OPPORTUNITY

PanAm, before its acquisition by CSX Transportation in June of 2022, had secured a federal Consolidated Rail Infrastructure and Safety (CRISI) grant of $17 million for crossing improvements from Yarmouth through Waterville, including Auburn. Due to other delays, that project had not gone forward and is not under design and planning for 2023 or 2024 construction. This introduces an opportunity to assess infrastructure needs at crossings to achieve quiet zone status and to coordinate and achieve an economy of scale with the CSX project.

City of Auburn, Maine
Transportation Systems Director
www.auburnmaine.gov | 60 Court Street
Auburn, Maine 04210
207.333.6601

While investors and residents in the downtown neighborhood have continued to inquire about quiet zone opportunities, no previous effort to assess options for quiet zones in Danville have been done. With residents there having also made inquiries, and the potential for residential development in south Auburn in Danville and near Exit 75 and Washington Street, staff is recommending assessing the entirety of the CSX corridor.

As noted in the background section, quiet zones, if deemed appropriate through the FRA risk assessment and calculator, required all costs be paid by the requesting authority (local government). From discussions with other Maine municipalities that have recently completed upgrades, these costs are likely $125,000 or more per crossing. Staff has reviewed all CSX at-grade crossings in Auburn and believes there is an opportunity to evaluate the closure of some crossings (due to logical alternative routes for vehicles and pedestrians and improved overall safety) and negotiate the investment of "savings" by CSX at those crossings to achieve a quiet zone investment at the remaining.

There have been preliminary conversations with CSX about this framework. City staff have also met with MaineDOT to discuss funding programs to support improved safety at rail crossings, up to and including closures. MaineDOT does not provide funding for quiet zones, aligned with FRA's rules, but closure funding could be available in FY24 or FY25.

The crossings we would evaluate closing include:

- Black Cat Road (Danville)
- Library Avenue (Downtown)
- Spring Street (Downtown)

If the City Council supports advancing this evaluation, there would be public process, including public hearings, as state statute requires public hearings for any closures of streets at railroad crossings. Staff recognizes pedestrian connectivity, public works winter maintenance operations, community parking access, landscaping and visual appeal if crossings were closed, and safety along any new travel routes would be essential to any review of implementing such an initiative. Improving quality of life for residents in our community and leveraging the alignment of CSX investments with state and federal grants could yield these improvements with little cost to Auburn when compared to the alternative.

Purpose of the Guide

This brochure was developed to serve as a guide for local decision makers seeking a greater understanding of train horn sounding requirements and how to establish quiet zones. Its purpose is to provide a general overview and thus does not contain every detail about the quiet zone establishment process. For more detailed and authoritative information, the reader is encouraged to review the official regulations governing the use of locomotive horns at public highway-rail grade crossings and the establishment of quiet zones that are contained in 49 CFR Part 222. A copy of the rule can be downloaded or printed at http://www.fra.dot.gov/eLib/Details/L02809.

About Quiet Zones

FRA is committed to reducing the number of collisions at highway-rail grade crossings, while establishing a consistent standard for communities who opt to preserve or enhance quality of life for their residents by establishing quiet zones within which routine use of train horns at crossings is prohibited.

Federal regulation requires that locomotive horns begin sounding 15–20 seconds before entering public highway-rail grade crossings, no more than one-quarter mile in advance. Only a public authority, the governmental entity responsible for traffic control or law enforcement at the crossings, is permitted to create quiet zones.

A quiet zone is a section of a rail line at least one-half mile in length that contains one or more consecutive public highway-rail grade crossings at which locomotive horns are not routinely sounded when trains are approaching the crossings. The prohibited use of train horns at quiet zones only applies to trains when approaching and entering crossings and does not include train horn use within passenger stations or rail yards. Train horns may be sounded in emergency situations or to comply with other railroad or FRA rules even within a quiet zone. Quiet zone regulations also do not eliminate the use of locomotive bells at crossings. Therefore, a more appropriate description of a designated quiet zone would be a “reduced train horn area.”

Communities wishing to establish quiet zones must work through the appropriate public authority that is responsible for traffic control or law enforcement at the crossings.

Historical Context

Historically, railroads have sounded locomotive horns or whistles in advance of grade crossings and under other circumstances as a universal safety precaution. Some States allowed local communities to create whistle bans where the train horn was not routinely sounded. In other States, communities created whistle bans through informal agreements with railroads.

In the late 1980's, FRA observed a significant increase in nighttime train-vehicle collisions at certain gated highway-rail grade crossings on the Florida East Coast Railway (FEC) at which nighttime whistle bans had been established in accordance with State statute In 1991, FRA issued Emergency Order #15 requiring trains on the FEC to sound their horns again. The number and rate of collisions at affected crossings returned to pre-whistle ban levels.

In 1994, Congress enacted a law that required FRA to issue a Federal regulation requiring the sounding of locomotive horns at public highway-rail grade crossings. It also gave FRA the ability to provide for exceptions to that requirement by allowing communities under some circumstances to establish "quiet zones."

The Train Horn Rule became effective on June 24, 2005. The rule set nationwide standards for the sounding of train horns at public highway-rail grade crossings. This rule changed the criteria for sounding the horn from distance-based to time-based. It also set limits on the volume of a train horn. The rule also established a process for communities to obtain relief from the routine sounding of train horns by providing criteria for the establishment of quiet zones. Locomotive horns may still be used in the case of an emergency and to comply with Federal regulations or certain railroad rules.

Public Safety Considerations

Because the absence of routine horn sounding increases the risk of a crossing collision, a public authority that desires to establish a quiet zone usually will be required to mitigate this additional risk. At a minimum, each public highway–rail crossing within a quiet zone must be equipped with active warning devices: flashing lights, gates, constant warning time devices (except in rare circumstances) and power out indicators.

In order to create a quiet zone, one of the following conditions must be met

1. ***The Quiet Zone Risk Index (QZRI)*** **is less than or equal to the** ***Nationwide Significant Risk Threshold (NSRT)*** with or without additional safety measures such as Supplementary Safety Measures (SSMs) or Alternative Safety Measures (ASMs) described below. The QZRI is the average risk for all public highway-rail crossings in the quiet zone, including the additional risk for absence of train horns and any reduction in risk due to the risk mitigation measures. The NSRT is the level of risk calculated annually by averaging the risk at all of the Nation's public highway-rail grade crossings equipped with flashing lights and gates where train horns are routinely sounded.
2. ***The Quiet Zone Risk Index (QZRI) is less than or equal to the Risk Index With Horns (RIWH)*** with additional safety measures such as SSMs or ASMs. The RIWH is the average risk for all public highway-rail crossings in the proposed quiet zone when locomotive horns are routinely sounded.
3. ***Install SSMs at every public highway-rail crossing.*** This is the best method to reduce to reduce risks in a proposed quiet zone and to enhance safety.

SSMs are pre-approved risk reduction engineering treatments installed at certain public highway-rail crossings within the quiet zone and can help maximize safety benefits and minimize risk. SSMs include: medians or channelization devices, one-way streets with gates, four quadrant gate systems, and temporary or permanent crossing closures. Examples of SSMs are shown on the next page.

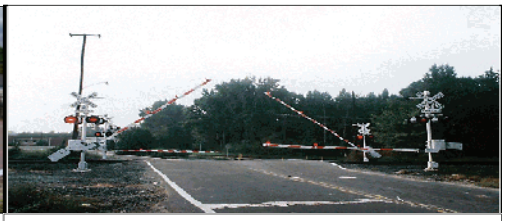
ASMs are safety systems, other than SSMs, that are used to reduce risk in a quiet zone. ASMs typically are improvements that do not fully meet the requirements to be SSMs and their risk reduction effectiveness must be submitted in writing and approved by FRA.

FRA strongly recommends that all crossings in the quiet zone be reviewed by a diagnostic team. A diagnostic team typically consists of representatives from the public authority, railroad, and State agency responsible for crossing safety and FRA grade crossing managers.

Public Safety Considerations continued

Examples of SSMs

Crossing Closure



Four Quadrant Gate System

Gates with Channelization Devices

Gates with Medians

Wayside Horns The train horn rule also provides another method for reducing the impact of routine locomotive horn sounding when trains approach public highway-rail grade crossings. A wayside horn may be installed at highway-rail grade crossings that have flashing lights, gates, constant warning time devices (except in rare circumstances), and power out indicators. The wayside horn is positioned at the crossing and will sound when the warning devices are activated. The sound is directed down the roadway, which greatly reduces the noise footprint of the audible warning. Use of wayside horns is not the same as establishing a quiet zone although they may be used within quiet zones.

Cost Considerations

The enabling Federal statute did not provide funding for the establishment of quiet zones. Public authorities seeking to establish quiet zones should be prepared to finance the installation of SSMs and ASMs used. Costs can vary from $30,000 per crossing to more than $1 million depending on the number of crossings and the types of safety improvements required.

Legal Considerations

The courts will ultimately determine who will be held liable if a collision occurs at a grade crossing located within a quiet zone, based upon the facts of each case, as a collision may have been caused by factors other than the absence of an audible warning. FRA's rule is intended to remove failure to sound the horn as a cause of action in lawsuits involving collisions that have occurred at grade crossings within duly established quiet zones.

The Quiet Zone Establishment Process

Under the Train Horn Rule, only public authorities are permitted to establish quiet zones. Citizens who wish to have a quiet zone in their neighborhood should contact their local government to pursue the establishment of a quiet zone. The following is a typical example of the steps taken to establish a quiet zone:

1. ***Determine*** which crossings will be included in the quiet zone. All public highway-rail crossings in the quiet zone must have, at a minimum, an automatic warning system consisting of flashing lights and gates. The warning systems must be equipped with constant warning time devices (except in rare circumstances) and power out indicators. The length of the quiet zone must be at least one-half mile in length.

2. ***Identify*** any private highway-rail grade crossings within the proposed quiet zone. If they allow access to the public or provide access to active industrial or commercial sites, a diagnostic review must be conducted and the crossing(s) treated in accordance with the recommendations of the diagnostic team.

3. ***Identify*** any pedestrian crossings within the proposed quiet zone and conduct a diagnostic review of those crossings too. They also must be treated in accordance with the diagnostic team's recommendations. *NOTE:* While it is not required by the regulations, FRA recommends that every crossing within a proposed quiet zone be reviewed for safety concerns.

4. ***Update*** the U.S. DOT Crossing Inventory Form to reflect current physical and operating conditions at each public, private, and pedestrian crossing located within a proposed quiet zone.

5. ***Provide*** a Notice of Intent (NOI) to all of the railroads that operate over crossings in the proposed quiet zone, the State agency responsible for highway safety and the State agency responsible for crossing safety. The NOI must list all of the crossings in the proposed quiet zone and give a brief explanation of the tentative plans for implementing improvements within the quiet zone. Additional required elements of the NOI can be found in 49 CFR 222.43(b). The railroads and State agencies have 60 days in which to provide comments to the public authority on the proposed plan.

6. ***Alternative Safety Measures*** – If ASMs are going to be used to reduce risk, an application to FRA must be made. The application must include all of the elements provided in 49 CFR 222.39(b)(1) and copies of the application must be sent to the entities listed in 49 CFR 222.39(b)(3). They will have 60 days to provide comments to FRA on the application. FRA will provide a written decision on the application typically within three to four months after it is received.

The Quiet Zone Establishment Process continued

7. ***Determine*** how the quiet zone will be established using one of the following criteria: (Note that Options 2 through 4 will require the use of the FRA Quiet Zone Calculator available at http://safetydata.fra.dot.gov/quiet/.)

1. Every public highway-rail crossing in the proposed quiet zone is equipped with one or more SSMs.
2. The Quiet Zone Risk Index (QZRI) of the proposed quiet zone is less than or equal to the Nationwide Significant Risk Threshold (NSRT) without installing SSMs or ASMs.
3. The QZRI of the proposed quiet zone is less than or equal to the Nationwide Significant Risk Threshold (NSRT) after the installation of SSMs or ASMs.
4. The QZRI of the proposed quiet zone is less than or equal to the Risk Index with Horns (RIWH) after the installation of SSMs or ASMs.

8. ***Complete*** the installation of SSMs and ASMs and any other required improvements determined by the diagnostic team at all public, private, and pedestrian crossings within the proposed quiet zone.

9. ***Ensure*** that the required signage at each public, private, and pedestrian crossing is installed in accordance with 49 CFR Sections 222.25, 222.27, and 222.35, and the standards outlined in the Manual on Uniform Traffic Control Devices. These signs may need to be covered until the quiet zone is in effect.

10. ***Establish*** the quiet zone by providing a Notice of Quiet Zone Establishment to all of the parties that are listed in 49 CFR Section 222.43(a)(3). Be sure to include all of the required contents in the notice as listed in 49 CFR Section 222.43(d). The quiet zone can take effect no earlier than 21 days after the date on which the Notice of Quiet Zone Establishment is mailed.

*****Appendix C to the Train Horn Rule provides detailed, step by step guidance on how to create a quiet zone.*****

Required Documentation

Public authorities interested in establishing a quiet zone are required to submit certain documentation during the establishment process. FRA has provided checklists for the various documents that can be found at http://www.fra.dot.gov/Elib/Details/L03055.

FRA's Regional Grade Crossing Managers are available to provide technical assistance. A State's department of transportation or rail regulatory agency also may be able to provide assistance to communities pursuing quiet zones.

Public authorities are encouraged to consult with the agencies in their State that have responsibility for crossing safety. Some States may have additional administrative or legal requirements that must be met in order to modify a public highway-rail grade crossing.

Role of Railroads

Communities seeking to establish a quiet zone are required to send a Notice of Intent and a Notice of Quiet Zone Establishment to railroads operating over the public highway-rail grade crossings within the proposed quiet zone. Railroad officials can provide valuable input during the quiet zone establishment process and should be included on all diagnostic teams. Listed below are links to the Class I Railroads and Amtrak.

BNSF Railway (BNSF)	Canadian Pacific (CP)
CSX Transportation (CSX)	Norfolk Southern (NS)
Canadian National (CN)	Union Pacific (UP)
Kansas City Southern (KCS)	Amtrak (ATK)

FINAL NOTE

The information contained in this brochure is provided as general guidance related to the Quiet Zone Establishment Process and should not be considered as a definitive resource. FRA strongly recommends that any public authority desiring to establish quiet zones take the opportunity to review all aspects of safety along its rail corridor. Particular attention should be given to measures that prevent trespassing on railroad tracks since investments made to establish a quiet zone may be negated if the horn has to be routinely sounded to warn trespassers.

Addendum to presentation

CITY OF AUBURN

Auburn Public Works
296 Gracelawn Road

TO: **Phil Crowell, City Manager**

FROM: **Denis D'Auteuil, Public Works Director**

RE: **Bulky Waste Presentation Addendum**

DATE: **March 6, 2023**

The following information is additional information for the Bulky Waste 2023 presentation scheduled for the City Council Workshop on March 6, 2023. Public Works staff gathered the following information related to Bulky Waste Disposal Programs around Maine.

Portland

- Permit required. No fee for permit.
- Curbside collection available for free for items under 30lbs.
- Curbside collection available with permit and $40 fee for each item over 30lbs. Limited to 10 items per year per resident.
- Program runs from April through November.

South Portland

- No curbside collection
- Residents may bring bulky waste to transfer station for a fee on each bulky item to be disposed. They have a detailed fee schedule for items.
- Permit required

Lewiston

- No curbside collection
- EZ card program
- Residents may bring items to dump with EZ card
- 1,000 lb limit per household per year
- Lewiston is considering a more frequent bulky waste collection event in the Choice Neighborhood Grant area (Downtown Tree streets). This would not be a City wide program and this is being planned through a non-profit in the City associated with the Choice Neighborhood Grant.

Bangor

- No curbside collection
- Residents may bring items to the Transfer Station for a fee

Helping to keep Auburn clean, safe & beautiful

2021 Spring Clean Up

Bulky Waste Disposal: $49,376

Equipment Rental: $13,624

Fuel: $4,994

Labor:$86,214

IMPACT: STAFFING RESOURCES

Avg. 2 injuries per Spring Clean Up Collection Event

Total W/C injury costs over past 10 yrs was $338,975 for a total of 8 injuries

Currently 6 vacant positions. W/C Injuries impact operations after Spring Clean Up putting further strain on resources

IMPACT: SERVICE DELAYS

- All available resources dedicated to Spring Clean Up for minimum 2-3 weeks.
- Parks: clean up, mowing, playground repairs, and new installs delayed
- Memorial Day Preparations delayed
- Athletic mowing and lining
- Roadside mowing and ditch work
- Catch basin cleaning
- Street Sweeping
- Special Event Preparation: New Event May 6, 2023
- Residential lawn repairs- plow damage
- Norway Savings Bank Arena Special Event Support- Business to Business Trade Show
- Pothole patching

AUBURN'S HOUSEHOLD BULKY WASTE DISPOSAL PROGRAM

auburnmaine.gov

maine waste to energy

Starting April 1, 2023, Auburn residents can dispose of household bulky waste YEAR-ROUND at MWE [110 Goldthwaite Road] **at no cost.**

Monday-Friday 7am - 4pm
Saturday 7am to 12pm

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: March 6, 2023

Subject: Executive Session

Information: Economic development, pursuant to 1 M.R.S.A. Section 405(6)(C) which premature disclosure would prejudice the competitive or bargaining position of the city.

Executive Session: On occasion, the City Council discusses matters which are required or allowed by State law to be considered in executive session. Executive sessions are not open to the public. The matters that are discussed in executive session are required to be kept confidential until they become a matter of public discussion. In order to go into executive session, a Councilor must make a motion in public. The motion must be recorded, and 3/5 of the members of the Council must vote to go into executive session. An executive session is not required to be scheduled in advance as an agenda item, although when it is known at the time that the agenda is finalized, it will be listed on the agenda. The only topics which may be discussed in executive session are those that fall within one of the categories set forth in Title 1 M.R.S.A. Section 405(6). Those applicable to municipal government are:

A. Discussion or consideration of the employment, appointment, assignment, duties, promotion, demotion, compensation, evaluation, disciplining, resignation or dismissal of an individual or group of public officials, appointees or employees of the body or agency or the investigation or hearing of charges or complaints against a person or persons subject to the following conditions:
(1) An executive session may be held only if public discussion could be reasonably expected to cause damage to the individual's reputation or the individual's right to privacy would be violated;
(2) Any person charged or investigated must be permitted to be present at an executive session if that person so desires;
(3) Any person charged or investigated may request in writing that the investigation or hearing of charges or complaints against that person be conducted in open session. A request, if made to the agency, must be honored; and
(4) Any person bringing charges, complaints or allegations of misconduct against the individual under discussion must be permitted to be present. This paragraph does not apply to discussion of a budget or budget proposal;

B. Discussion or consideration by a school board of suspension or expulsion of a public school student or a student at a private school, the cost of whose education is paid from public funds, as long as:
(1) The student and legal counsel and, if the student is a minor, the student's parents or legal guardians are permitted to be present at an executive session if the student, parents or guardians so desire;

C. Discussion or consideration of the condition, acquisition or the use of real or personal property permanently attached to real property or interests therein or disposition of publicly held property or economic development only if premature disclosures of the information would prejudice the competitive or bargaining position of the body or agency;

D. Discussion of labor contracts and proposals and meetings between a public agency and its negotiators. The parties must be named before the body or agency may go into executive session. Negotiations between the representatives of a public employer and public employees may be open to the public if both parties agree to conduct negotiations in open sessions;

E. Consultations between a body or agency and its attorney concerning the legal rights and duties of the body or agency, pending or contemplated litigation, settlement offers and matters where the duties of the public body's or agency's counsel to the attorney's client pursuant to the code of professional responsibility clearly conflict with this subchapter or where premature general public knowledge would clearly place the State, municipality or other public agency or person at a substantial disadvantage;

F. Discussions of information contained in records made, maintained or received by a body or agency when access by the general public to those records is prohibited by statute;

G. Discussion or approval of the content of examinations administered by a body or agency for licensing, permitting or employment purposes; consultation between a body or agency and any entity that provides examination services to that body or agency regarding the content of an examination; and review of examinations with the person examined; and

H. Consultations between municipal officers and a code enforcement officer representing the municipality pursuant to Title 30-A, section 4452, subsection 1, paragraph C in the prosecution of an enforcement matter pending in District Court when the consultation relates to that pending enforcement matter.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: March 6, 20232 **Order:** 24-03062023

Author: Sue Clements-Dallaire, City Clerk

Subject: Setting the time for opening the polls for 2023 Elections

---

Information:
State law requires the Municipal Officers to set the time to open the polls for elections (21-A §626. Polling times). The polls must be opened no earlier than 6 a.m. and no later than 8 a.m. on election day, except that in municipalities with a population of less than 500, the polls must be opened no later than 10:00 a.m. It is recommended that the polls open at 7:00 A.M. in Auburn for all 2023 elections. Opening the polls at 7:00 A.M. is consistent with past practice in Auburn and it allows additional time in the morning for people to have an opportunity to vote.

City Budgetary Impacts: Minimal – the cost for Election workers to start one hour early is minimal.

Staff Recommended Action: Recommend a motion to set the time for opening the polls for all 2023 Elections to be 7:00 AM.

Previous Meetings and History: N/A

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: Order

ORDER 24-03062023

Author: Sue Clements-Dallaire, City Clerk

Subject: Appointing Chris Carson to the Sustainability & Natural Resource Management Board (SNRB)

Information: Chris Carson has volunteered and been selected by the agriculture working group to fill the remaining term of the seat previously held by William Sylvester on the Sustainability & Natural Resource Management Board (SNRB):

Sec. 2-477. Board established. A Board is hereby established pursuant to 30-A M.R.S.A. §§ 3261—3263 to consist of six members, including representatives of the city council, planning board, and four standing working groups on agriculture, conservation, the community forest, and sustainability. The planning board chair and the mayor may either serve on this board or appoint a representative to serve as members of the SNRB for a term of two years. ***The standing working groups on agriculture, conservation, the community forest, and sustainability shall nominate one representative each for approval by the Council****; these members shall serve staggered three-year terms. There shall be one ex officio member of the board, consisting of the city manager or his/her designee.*

City Budgetary Impacts: N/A

Staff Recommended Action: Motion to approve the appointment as nominated by the agriculture working group.

Previous Meetings and History: N/A

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

IN COUNCIL REGULAR MEETING FEBRUARY 13, 2023, VOL. 37 PAGE 10

Mayor Levesque called the meeting to order at 7:01 P.M. in the Council Chambers of Auburn Hall and led the assembly in the salute to the flag. All Councilors were present.

7:00 P.M. City Council Meeting

Pledge of Allegiance

I. Consent Items

1. Order 21-01032023*
Re-appointing Robert Cavanagh to the Auburn Sewer District Board of Trustees, with a term expiration of 3/1/2027.

2. Order 22-01032023*
Re-appointing Jason Pawlina to the Auburn Water District Board of Trustees, with a term expiration of 3/1/2027.

Motion was made by Councilor Staples and seconded by Councilor Walker for passage of the two consent items.

Passage 7-0.

II. Minutes – January 17, 2023 Regular Council Meeting

Motion was made by Councilor Walker and seconded by Councilor Staples to approve the minutes of the January 17, 2023 Regular City Council meeting.

Passage 6-0-1 (Councilor Milks abstained as he was not present for the meeting).

III. Communications, Presentations and Recognitions

- Mayor Jason Levesque's State of the City Address which was previously recorded was presented.
- Communication from Frederick Kunas (Auburn Suburban Baseball & Softball)
- A Special City Council Meeting to be held on February 17, 2023
- Council Communications (about and to the community)

Councilor Staples congratulated the Edward Little High School basketball teams on a successful season. He also commented on the Sun Journal article regarding the warming shelter. He stated that the city did put forth a good effort and would like that to continue.

IV. Open Session

Larry Pelletier, 129 Second Street, spoke regarding an article on homelessness and read reasons why someone may become homeless. He provided a written copy.

Bruce Rioux, 85 Mary Carroll Street, would like Auburn tax payers to reimburse the Water District rate payers for the legal fees incurred due to the law suit that was initiated by the City of Lewiston.

V. Unfinished Business

1. Ordinance 24-12052022
Zoning Map Amendment - Amending a portion of 150 Andrew Drive (Parcel I.D. 347-003) from Agriculture and Resource Protection (AG), and Low-Density Country Residential (LDCR), zoning districts to the Suburban Residential (SR) as recommended by the Planning Board. Public hearing and second reading.

Motion was made by Councilor Milks and seconded by Councilor Staples for passage.

Public hearing –

Ryan Smith, 14 Weaver Street, spoke regarding the City Attorney's recent legal opinion and said he would like the City Council to reach out to legal counsel again or have the petitioner start the process over.

Stephen Beal, 575 Johnson Road, spoke regarding this property adding that this parcel is not suitable for suburban residential.

Razell Ward, 1372 North River Road, spoke regarding storm water runoff on Andrew Drive and stated that this lot is not suited for residential development, and she is respectfully requesting that this not be approved.

Lisa Bisson, 199 Andrew Drive, stated that there was a lack of adequate infrastructure for development at this location, the roads are narrow and there is no turnaround. She stated that the East Auburn Community respectfully requests that they not approve the zoning change.

John Cleveland, 183 Davis Avenue, discussed elevations and slope sides of this lot, there is no way to develop a road on those steep grades and there are no other abutting roads to get there adding that it is not adequate to support suburban residential construction, and he would like the City Council to reject this.

Passage 5-2 (Councilors Whiting and Gerry opposed). A roll call vote was taken.

2. Order 165-12192022
Allocating $145,000 of ARPA (American Rescue Plan Act) funds for the acquisition of the Shovel Ready Housing Plans.

Motion was made by Councilor Morin and seconded by Councilor Hawes for passage.

Public comment – No one from the public spoke.

Motion was made by Councilor Staples to postpone this item, then withdrew his motion.

Failed 1-6 (Councilors Gerry, Whiting, Hawes, Milks, Morin, Staples opposed). A roll call vote was taken.

VI. New Business

1. **Public hearing** – CDBG & HOME Annual Action Plan

Larry Pelletier, 129 Second Street, continued reading an article he found regarding homelessness.

Andy Titus, 24 Rubellite Lane, stated that this plan should have a goal and how we did against that goal when spending the money. We need to measure how the money is being used and if it is not working that is how we will know to switch to something different.

2. **Ordinance 02-02132023**
Amending the definition and use of standards related to Public Safety Facilities, Detention Facilities, Correctional Facilities and/or Government Offices at a site on which the use does not currently exist. First reading.

Motion was made by Councilor Staples and seconded by Councilor Milks for passage.

Public comment – Andy Titus, 24 Rubellite Lane stated that he was disturbed about this, adding that it is far reaching, and Council will have to become involved and then it becomes politics. He said he feels it is wrong and they are rushing this through.

Passage 5-2 (Councilors Whiting and Gerry opposed). A roll call vote was taken.

3. **Order 23-02132023**
Authorizing the City Manager to execute a CBA between the City of Auburn and the Auburn Firefighters Association Local 797.

Motion was made by Councilor Morin and seconded by Councilor Whiting for passage.

Public comment – No one from the public spoke.

Passage 7-0.

VII. **Open Session** – Fred Stone, 169 Royal River Road would like to extend some of his property to rural residential, which is currently listed in the Ag zone. He said he would like to build a home on the land, but he can't because of the zoning. He also spoke about a blue building on Trapp Road that he said is an eyesore, a danger, and a fire hazard. It is boarded up now after being vandalized. He would like to know if something can be done about that property.

VIII. **Reports (from sub-committees to Council)**

Mayor Levesque commented on the ELHS basketball games, the boys alpine ski team came in first place in KVAC's, girls came in second, and boys swimming first place, adding that it is a very busy sports season. He spoke about the Court Street traffic, and appreciates the work Jason Moen, Jonathan LaBonté, and Kris Bennett did presenting, and he reported that the Legislative Policy Committee will be working on several bills.

Councilor Gerry commented on the warming shelter and asked what will we be doing moving forward. She would like to see the City Manager come up with some other locations.

Councilor Whiting wanted to attest to Mr. Stones comment on the building on Trapp Road and said he was glad that he brought it to our attention. He also announced the new name of Museum LA is Maine Mill – Maine Museum of Innovation, Learning, and Labor.

Councilor Milks reported that we are looking for two additional Sewer District Trustees.

Councilor Morin reported that Mr. Stone lives in his ward and he encouraged him to come here to speak.

Councilor Walker said he agreed with Mr. Stone regarding his property and the warehouse that he mentioned earlier. He also reported that the Neighborhood Watch meeting will be held at the Sixth Street Congregational Church at 6:00 pm on February 23rd. The United New Auburn Association will be meeting on February 28th at Rolly's Diner. Fire Chief Chase will be the guest speaker at 6:00 pm.

Councilor Staples reported that the library committee met at the end of January, and they've been discussing fundraising events.

City Manager Crowell will provide a budget meeting schedule at the next regular meeting, he provided an update on the status of the warming center, some of the partnerships working with the city on this, and resources that are available and how we are addressing the issue.

Jill Eastman, Finance Director – January 2023 Finance Report

Motion was made by Councilor Walker and seconded by Councilor Morin to accept and place on file the January 2023 Finance Report.

Passage 7-0.

IX. Executive Sessions

Labor contract negotiations (Police Patrol), pursuant to 1 M.R.S.A. §405(6)(D).

Motion was made by Councilor Hawes and seconded by Councilor Milks to enter executive session.

Passage 7-0. Time 8:29 pm.

Council was declared out of Executive Session at 8:39 pm.

Labor contract negotiations (Police Command), pursuant to 1M.R.S.A. §405(6)(D).

Motion was made by Councilor Milks and seconded by Councilor Walker to enter executive session.

Passage 7-0. Time 8:40 pm.

Council was declared out of Executive Session at 8:48 pm.

Economic development, pursuant to 1 M.R.S.A. §405(6)(C) which premature disclosure would prejudice the competitive or bargaining position of the City.

Motion was made by Councilor Milks and seconded by Councilor Whiting to enter executive session.

Passage 7-0. Time 8:51 pm.

Council was declared out of Executive Session at 9:11 pm.

X. Adjournment

Motion was made by Councilor Whiting and seconded by Councilor Morin to adjourn. Unanimously approved and the meeting adjourned at 9:13 pm.

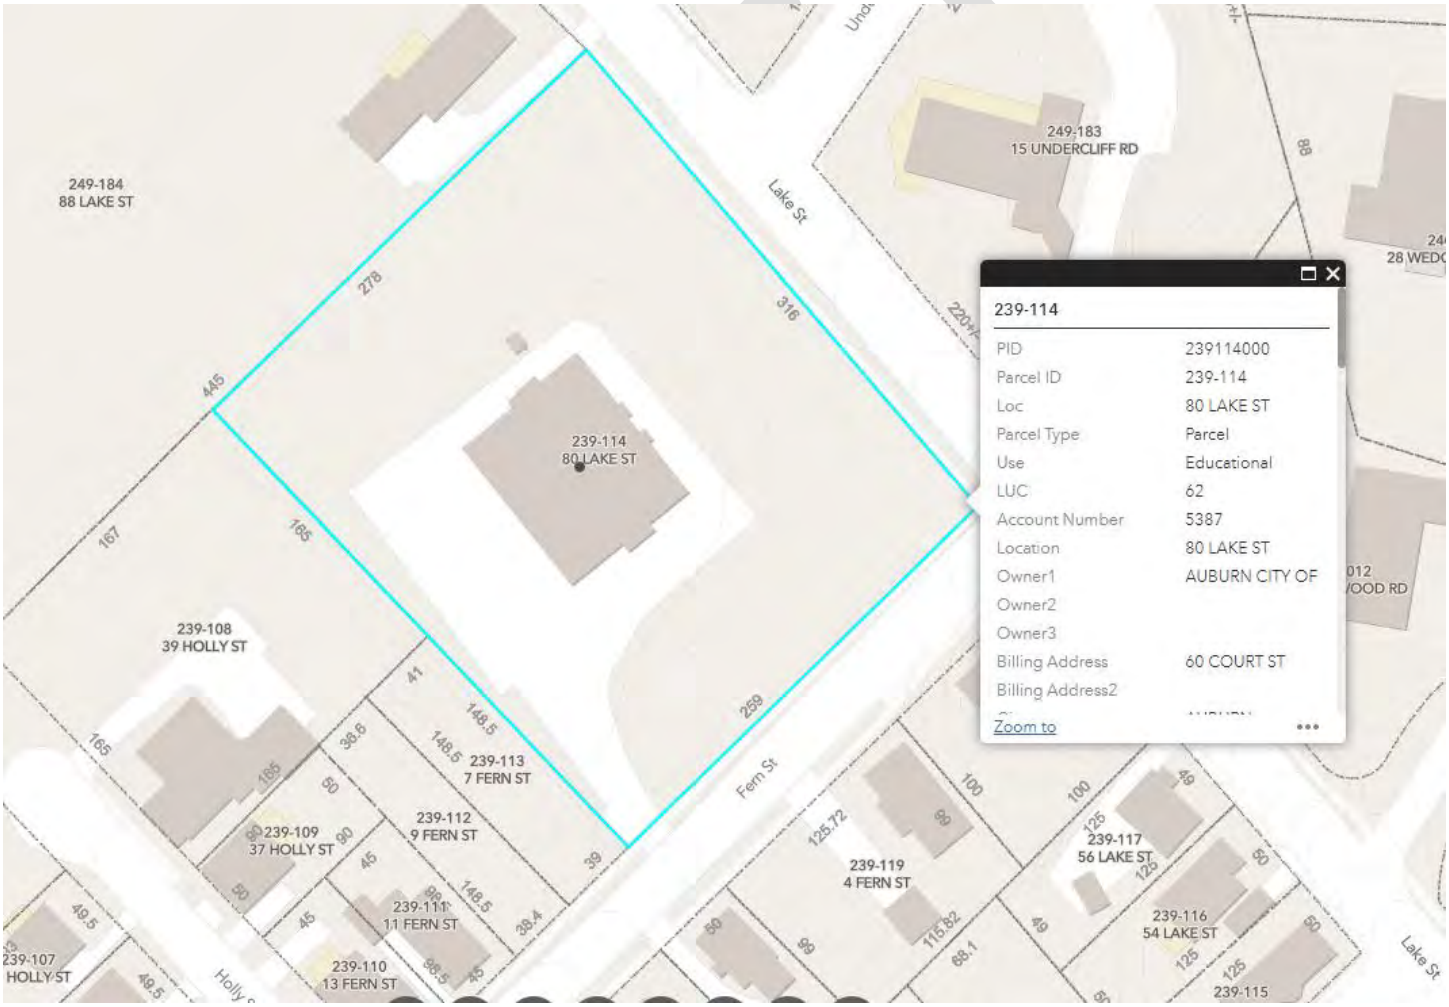
DRAFT
REQUEST FOR PROPOSALS

DEVELOPMENT PROPOSALS FOR the acquisition and development of 80 Lake Street Auburn, ME 04210



INTRODUCTION:

The City of Auburn, Maine is seeking proposals for the acquisition and development of 80 Lake Street. This property is known as the Lake Street School. The property is currently utilized as a school but will be vacated and available for development June 2023. The site is identified as tax map parcel number 239-114. The school building is 14,820 sf and sits on 1.88 acres. Adjacent to this parcel are two more city-owned lots. They are 7 Fern Street (Property ID 239-113) and 9 Fern Street

(Property ID 239-112). Proposals that incorporate 7 and 9 Fern Street will be considered.

See the legal description attached hereto as Exhibit “A”

DEVELOPMENT GOALS:

The City of Auburn is seeking a developer with the proven skills, resources and commitment needed to renovate the school into private residential, daycare, or other use in conformance with zoning. In pursing this project, the City is seeking a developer who will assemble a team that is capable of planning, designing, financing, negotiating and managing the proposed project in a timely manner.

DRAFT

City of Auburn, Maine
Office of Economic & Community Development
www.auburnmaine.gov | 60 Court Street
Auburn, Maine 04210
207.333.6601

The development of the parcel and facility should be in conformance with the City's Traditional Neighborhood Development District Zoning (T-4.2B) and should be consistent with surrounding and/or existing uses. The Form Based Code is available on the City website at http://www.auburnmaine.gov/Pages/Government/City-Charter-Ordinances.

The City has identified the following criteria for the development of the property and the surrounding area:

1. The school structure should maintain the current historic high-quality façade.

2. The development should provide for thoughtful pedestrian connectivity.

3. Proposals must complement the character of the surrounding neighborhood and the existing infrastructure resources of the area.

4. Proposals should incorporate facets of the area's historic character in the design concept.

5. Proposals should identify anticipated assessed value created by the development and any financial assistance required to complete the development.

9. The proposal should emphasize the immediate usefulness of the subject parcels as part of a development plan that will be a tangible asset to the City and its residents and demonstrate the proposed use will provide the highest and best value to the area and meet the development goals of the developer and City.

PROPOSAL REQUIREMENTS:

The following information must be included in all proposal submissions unless otherwise provided:

1. **Detailed description** of the proposed development, a concept site plan showing orientation of all buildings, parking areas, vehicle and pedestrian access and circulation patterns, other site improvements, size of buildings and square footage of specific components, exterior building elevations and anticipated materials and design style. Provide a list of all approvals necessary, including any variances, zone change requests, subdivision approvals or special use permits required. Staff can help with this based on a specific project proposal.

The developer must also clearly identify any additional land acquisition that may be necessary to support the development and provide a clear explanation for how this land will be acquired.

DRAFT

City of Auburn, Maine
Office of Economic & Community Development
www.auburnmaine.gov | 60 Court Street
Auburn, Maine 04210
207.333.6601

If the development is proposed to be phased, the narrative should clearly define the components, timing and contingencies for each phase of development. However, the developer shall demonstrate that the project will have immediate utility for its intended purposes, rather than simply as a real property holding with no usefulness to the area or added value.

2. An **identification of the entities** that will be involved in the project, a description of the roles each will play (*e.g.* developer, architect, details of ownership and operation, property manager, tenant, professional consultant) and a summary of the team's past experience in working together. A description of each of the entities' experience in developing similar projects should be included.

Provide information on past development activities and/or projects completed for other public and/or private sector clients that shows the competency of the respondent in acting as the lead development entity, being sure to specify size, capacity and experience relevant to similar type developments. Provide references related to projects that are similar in size and scope to this project that may be contacted by the City with phone numbers and email addresses, if available.

3. A preliminary **capital pro forma** showing the detailed sources (amounts and names of banks or financial institutions) and uses of funds (debt, equity and other) to acquire the parcel(s) and construct the development (including any tenant improvements). Information as to the status of securing those funds should be included and inclusion of a conditional financing commitment is strongly encouraged.

4. A **description of the public benefits** that will result from the development, *e.g.* the number and types of housing units, the creation or retention of jobs (including the estimated number, type and wage levels), tax base enhancement, the provision of services, etc. This should include an estimate of the taxable value upon completion and annual real estate taxes.

5. A **proposed schedule** for the development, including identification of any conditions that must be met. The schedule should include the time needed to obtain financing, complete design and secure permits and approvals, prepare the site, start and complete construction, and state and complete lease-up and operations.

6. Provide a detailed explanation of any **public assistance** that will be required to support this development, including any property tax credits, credit enhancement agreements, loans or capital grants.

The contents of the proposal and any clarification to the contents submitted by the successful respondent may be incorporated by reference into an agreement between the developer and the City.

The City reserves the right to waive any of the above submission requirements.

DRAFT

City of Auburn, Maine
Office of Economic & Community Development
www.auburnmaine.gov | 60 Court Street
Auburn, Maine 04210
207.333.6601

EVALUATION CRITERIA:

All proposals submitted will be evaluated based upon the qualifications and financial strength of the developer, the technical, financial and market feasibility of the proposal, and the degree to which the development goals outlined above are addressed.

REVIEW/SELECTION PROCESS:

Review of proposals will proceed in the following steps:

1. The City will review all proposals.

2. Selected respondents may be requested to make a formal presentation of their proposal to the City Council.

3. Following the presentations, the City Council will meet to select a developer and will initiate negotiations regarding a preferred developer agreement and/or land disposition agreement.

The City shall not be responsible for any costs incurred by any submitting individual or firm in the preparation of any response to this Request for Proposals. The City reserves the right to reject any and all proposals for any reason, and to waive any irregularities or noncompliance with the Request for Proposals in the selection of any firm or individual to participate in the redevelopment of the subject property. Submissions will not be returned.

PRICE:

The City shall consider which proposal will result in an overall higher benefit than comparable proposals; Net tax revenues, overall compatibility with the neighborhood and purchase price will be considered. The City reserves the right to reject all proposals. The proposed purchase price must be included in the submitted proposal.

TIMING:

Developers can make an appointment to tour the school and property from **April 17 through April 21, 2023.**

The City plans to review initial proposals monthly as they are received and select a developer by **May 15, 2023** or reissue the RFP for additional proposals.

PROPOSAL SUBMISSION AND DEADLINE:

Three (3) complete copies of all proposals should be delivered to the City Clerk at Auburn Hall, 60 Court Street, Auburn, Maine 04210 on or before August 25, 2023.

DRAFT

City of Auburn, Maine
Office of Economic & Community Development
www.auburnmaine.gov | 60 Court Street
Auburn, Maine 04210
207.333.6601

Submission of a proposal shall constitute the consent of the submitting firm, its principals and employees to the making of inquiries and investigations by the City into the qualifications of the submitting firm, its principals and employees, including the contacting of references.

PRE-PROPOSAL INFORMATION MEETING:

The City will host a pre-proposal information meeting on **Wednesday, April 26 at 9:00 a.m.** at Auburn Hall, 60 Court Street, Auburn, Maine 04210. The meeting will be on the second floor of City Hall in the Community Room. The meeting will begin with City staff providing a brief overview of the property and goals and concluding with a question-and-answer session. Persons interested in attending this meeting are asked to contact Jenna-Rae Brown at (207) 333-6601, ext. 1156.

DRAFT

Development Program

I. Introduction

The Maine Legislature established tax increment financing as an economic development tool to be used by municipalities to: (a) provide new employment opportunities; (b) improve and broaden its tax base; and (c) improve the general economy of the State. The Legislature recognizes that the State and its municipalities benefit from a municipality's economic development partnership with a local business to promote responsible new development that (a) enhances local efforts for economic, industrial or commercial development; and (b) retains and expands the local tax base and employment opportunities.

The City of Auburn (the "City" or "Auburn") seeks to establish a Tax Increment Financing ("TIF") district to be known as the "**TIF #27 Stable Ridge Municipal Development and Tax Increment Financing District**" (the "District"), located at 555 Court Street.

The District consists of one parcel located at 555 Court Street and is identified on City Tax Maps as Tax Map 229 Lot 007. The District is approximately 13.19 acres. The District is being developed for rental housing, Phase 1 consisting of five (5) buildings with twelve (12) apartments per building and Phase 2 consisting of five (5) buildings with twelve (12) apartments per building, a garage and recreational storage facility for use by the residents. The complex is estimated to add $14,000,000 in taxable value to the City.

In designating the proposed District and adopting this Development Program, the City can accomplish the following goals:

- Maintain the existing tax revenues;
- Enjoy enhanced future tax revenues generated by improvements within the District;
- Enable the investment of TIF Revenues (defined below) in high priority City projects;
- Improve the overall economy of the City, the Androscoggin County region, and the State of Maine.

In addition, by creating a TIF district, the City will "shelter" the increase in municipal valuation that the development will bring about. The tax benefit provided by the District will mitigate the adverse effect that the District's increased assessed property value would have on the City's share of state aid to education, municipal revenue sharing, and its county tax assessment. An estimate of the tax shift benefit is shown as **Exhibit C-2** attached hereto.

DRAFT

II. Development Program Narrative

A. The Development District

The District will encompass approximately 13.19 acres of real property. The District is located at 555 Court Street. The District is shown in **Exhibit A-1** and **Exhibit A-2** attached hereto.

B. The Development Program

The City's designation of the District and adoption of this Development Program creates a single municipal TIF District in order to capture the value of the taxable real property improvements made within the District and to authorize the use of tax increment financing revenues for various municipal economic development projects, as well as any potential future credit enhancement agreements. The Development Program will begin with the City's 2023-2024 fiscal year on July 1, 2023 and will continue for a total of twenty (20) years, ending on June 30, 2043.

Under this Development Program, the City will capture one hundred (100%) of the increased assessed value of taxable real property over the original assessed value of the District and retain the tax revenues generated by the captured assessed value for designated economic development purposes. The calculation of TIF Revenues (as defined below) is more specifically described below in Section IV – Financial Plan. In the Assessor's Certificate attached as **Exhibit B** hereto, the Assessor has certified the original assessed value of the District.

By adopting this Development Program, the City is creating a TIF district that will: (1) maintain existing tax revenues; (2) enjoy enhanced future tax revenues generated by new development within the District; and (3) shelter the captured assessed value from impacting the overall State valuation for the City of Auburn, thereby minimizing: (a) potential decreases in the City's State school subsidy and State revenue sharing, and (b) potential increases in the City's county tax assessments and local school district contributions.

Further, approval of this Development Program and the designation of the District will have a neutral impact on the existing tax base; only the increased assessed value over the original assessed value within the District will be captured. In addition, at the end of the District and Development Program, the City expects to emerge with a substantial amount of new taxable property value to add to its municipal tax base.

This Development Program is structured and proposed pursuant to Chapter 206 of Title 30-A of the Maine Revised Statutes, as amended (the "TIF Statute"). Subsequent to a City Council vote designating the District and adopting this Development Program, evidenced by **Exhibit F** hereto, the designation of the District and adoption of this Development Program are effective upon approval by the DECD.

DRAFT

C. The Projects

Development within the District will provide a revenue source for the City's economic development projects. The City plans to use the TIF Revenues for several projects related to economic and infrastructure development. Please see Table 1 herein for a complete list of authorized projects and their respective cost estimates.

TABLE 1
Municipal Project Costs

Project	Cost Estimate*	Statutory Citation
1. Administrative & Professional Services Costs. Costs of prorated portion of salaries of City staff for time associated with creation and administration of District, and fund costs of professional services associated with creation and administration of District. ***	$120,000	30-A M.R.S. § 5225(1)(A)(4); (1)(A)(5)
2. Economic Development Programs: Costs of the City's economic development programs, including, but not limited to, marketing costs, prorated portions of staff salaries devoted to supporting and administering TIF programming, and other related operating expenses for the City's Economic Development Department.**	$20,000	30-A M.R.S. § 5225(1)(C)(1)
3. Road Improvements: Design, construction, engineering, other associated costs of road construction, sidewalk and pedestrian crossing safety improvements on Court Street, Park Ave., Russel Ave., Pinnacle Drive, Fairview Ave, Allen Ave., Dawes Ave., and Minot Ave. located within the District or outside the District but directly related to or made necessary by the District.***	$3,000,000	30-A M.R.S. § 5225(1)(A)(1); (1)(B)(1)

DRAFT

Project	Cost Estimate*	Statutory Citation
4. Public Safety Facility: To the extent a new public safety building or equipment is needed to serve District development, TIF revenues may support the costs of such facility whether it is located inside the District or outside the District. Costs related to the construction or operation of a public safety facility in the City, the need for which is related to general economic development within the City, not to exceed 15% of the captured assessed value of the development district.***	$250,000	30-A M.R.S. § 5225 (1)(C)(9); (1)(B)(1)
Total	**$3,390,000**	

* These are estimates only. The City may allocate revenues generated by the District across approved project cost categories as needed.
** Similar project contained within #23 Auburn Memory Care TIF, #10 Downtown Omnibus TIF, #25 Futureguard TIF and TID #26 – North River Road.
*** Similar project costs contained within TIF #25 Futureguard and TIF #26 – North River Road.

D. Strategic Growth and Development

By creating and designating the District, the City is maximizing the economic development potential of the District and the City in general. TIF Revenues from the District will be used on important City economic development projects and programs.

Further, the City's designation of a TIF district and pursuit of this Development Program constitute a good and valid public purpose described in the TIF Statute in Chapter 206 of Title 30-A because it represents a substantial contribution to the economic well-being of both the City and the Androscoggin County Region, by providing jobs and contributing to property taxes.

E. Improvements to the Public Infrastructure

As further set forth in Table 1, the City will use certain TIF Revenues for a variety of projects, including public infrastructure improvements.

F. Operational Components

1. Public Facilities

Please refer to Table 1 to review public facilities intended to be financed with TIF Revenues.

DRAFT

2. Commercial Improvements Financed Through Development Program

No commercial improvements will be financed through the Development Program.

3. Relocation of Displaced Persons

No persons will be displaced.

4. Transportation Improvements

Certain transportation related improvements are described in Table 1.

5. Environmental Controls

The improvements made under the proposed Development Program will meet or exceed all federal and state environmental regulations and will comply with all applicable land use requirements for the City.

6. Plan of Operation

During the term of the District, the City Manager or his designee will be responsible for all administrative matters within the purview of the City concerning the implementation and operation of the District.

III. Physical Description

Municipal documents relating to the District's physical description attached as Exhibits:

(a) City of Auburn property map showing the District relative to City boundaries. **Exhibit A-1**

(b) City of Auburn property map showing the District property. **Exhibit A-2**

(c) Certification by the City of Auburn Assessor of the original assessed value of the District. **Exhibit B**.

IV. Financial Plan

The District will encompass approximately 13.19 acres of property. The original assessed value of the real property in the District was $235,500 as of March 31, 2022 (April 1, 2021). Development of the parcel is estimated to add approximately $14,000,000 of new assessed real property value to the City.

This Development Program provides that, beginning on July 1, 2023, the City will "capture" one hundred percent (100%) of the increased assessed value of real property in the District. TIF revenues will consist of property taxes paid on 100% of the increased assessed value ("TIF Revenues").

DRAFT

The reimbursement schedule provides for the Developer to receive up to fifty percent (50%) of the TIF revenues generated by the captured assessed value of real property in the District for a term not to exceed ten (10) years or until the Developer reaches an overall payment cap not to exceed $500,000, whichever occurs first. The City will retain the remainder of TIF Revenues generated by the captured assessed value of the real property located within the District for the City's economic development projects. The City will retain 100% of the TIF Revenues for the remainder of the District term after the expiration of the Credit Enhancement Agreement with the Developer.

The City will establish two Development Program Fund sub-accounts: one for the Developer reimbursement and one for the City programs and projects. Upon each payment in full as due of property taxes by the Developer, the City, based upon the allocations described above, will deposit into the Development Program Fund Developer's sub-account. The Development Program Fund Developer's sub-account is pledged to and charged with the payment of the project costs in the manner provided in 30-A M.R.S.A. § 5227(3). In each fiscal year, the City will disburse funds from the Development Program Fund sub-account to the Developer within thirty (30) business days following payment of the taxes on all captured assessed value.

The Credit Enhancement Agreement will provide for the maximum of a 10-year term of TIF revenue reimbursements to the Developer at fifty percent (50%) of the captured assessed value until payments reach an overall cap of $500,000, per **Exhibit C-1 and Exhibit C-2**. This Credit Enhancement Agreement represents reimbursement of extraordinary costs associated with infrastructure improvement and improved site access. Estimates of the increased assessed values of the District, the anticipated TIF Revenues generated by the District, the portion of the TIF revenues to be applied to the District each year, and the estimated tax shifts are shown in **Exhibit C-1 and Exhibit C-2**.

A. Costs and Sources of Revenues

Developers of District property will pay for and/or finance all costs of projects located in the District through private sources.

B. Municipal Indebtedness

The City reserves the right to issue municipal bonds in order to pay for infrastructure improvements described in Table 1. Any municipal bond issued for such project would require City Council approval.

V. Financial Data

The original assessed value of the taxable property in the District was $235,500 as of March 31, 2022 (April 1, 2021). Please find attached as **Exhibit G** the Statutory Requirements and Thresholds Form required by the Maine Department of Economic and Community Development.

DRAFT

VI. Tax Shifts

In accordance with Maine statutes governing the establishment of a tax increment financing district, the table set forth in **Exhibit C-2** identifies the tax shifts that are expected to result during the term of the District from the establishment of the District.

VII. Municipal Approvals

A. Notice of Public Hearing

Attached as **Exhibit D** is a certified copy of the Notice of Public Hearing held on March 6, 2023 in accordance with the requirements of 30-A M.R.S.A. § 5226(1). The notice was published in the *Sun Journal*, a newspaper of general circulation in the City on a date at least ten (10) days prior to the public hearing.

B. Minutes of Public Hearing

Attached as **Exhibit E** is a certified copy of the minutes of the public hearing held on March 6, 2023, at which time the proposed District was discussed by the public.

C. City Council Order

Attached as **Exhibit F**, is an attested copy of the City Council Order adopted by the Auburn City Council at a Council Meeting duly called and held on March 6, 2023, designating the District and adopting the Development Program.

ASSESSOR'S CERTIFICATE
CITY OF AUBURN

The undersigned Assessor for the City of Auburn, Maine hereby certifies pursuant to the provisions of M.R.S.A Title 30-A § 5227(2) that:

The assessed value of taxable real property of the TIF #27 Stable Ridge Municipal Development and Tax Increment Financing District as described in the Development Program to which the Certificate is included, comprised of the approximately 13.19 acres identified on City Tax Maps as Tax Map 229, Lot 007, was **$235,500** as of March 31, 2022 (April 1, 2021).

In Witness Whereof, This Certificate has been executed as of this 24th day of February, 2023.

2040-2041	18	$235,500	$14,235,500	$14,000,000	100%	100%	$14,000,000	22.75	$318,500	$0	$318,500
2041-2042	19	$235,500	$14,235,500	$14,000,000	100%	100%	$14,000,000	22.75	$318,500	$0	$318,500
2042-2043	20	$235,500	$14,235,500	$14,000,000	100%	100%	$14,000,000	22.75	$318,500	$0	$318,500
							20-Year Projected Total:		$5,642,000	$500,000	$5,142,000
							20-Year Projected Average:		$282,100	$25,000	$257,100

Assumptions:

1. The above projections show the anticipated increased assessed values, captured assessed values, and TIF revenues throughout the term of the District. The Assessor has estimated the projected increased assessed value based on available project plans and currently available information. The final assessed value will be determined based on the actual land and improvement values after construction of phase one and phase two on the applicable April 1st.
2. The projections assumes a 20-year district term, with a 10-year credit enhancement agreement to the Developer. The credit enhancement agreement under these assumptions provides a reimbursement of 50% of the TIF revenues to the Developer and 50% to the City until the Developer reaches a cap of $500,000. The $500,000 payment cap is projected in year 6. The City will retain 100% of the TIF revenues for years 7-20 based on this projection model.
3. Projections assume a flat mill rate of 22.75 and projected certified assessment ratio of 100%.
4. Projections assume 100% of the increased assessed value is captured in the District and that TIF revenue is available for municipal project costs.
5. The preceding financial information contains projections and forward-looking statements that are subject to a number of risks and uncertainties that could cause the actual results, performance, or achievements to differ materially from any future results, performances, or achievements expressed or implied by the financial information reported in this projection. The model is not, nor intended to be, an appraisal or guarantee of an assessed value, and there may be positive or negative variations in the actual assessment of the project due to variety of factors, including without limitation the employment of alternative methods of valuation and then-current market conditions.

2042-2043	20	$102,060	$13,009	$4,641	$119,709
2042-2043		$102,060	$13,009	$4,641	$119,709
2043-2044		$102,060	$13,009	$4,641	$119,709
2044-2045		$102,060	-	-	$102,060
	Totals:	**$1,807,920**	**$230,773**	**$82,206**	**$2,120,899**
	Averages:	**$90,396**	**$11,539**	**$4,110**	**$92,213**

Assumptions:

1. Data sources include the 2022-2023 mill rate/commitment reported by the City, Androscoggin County's FY2022 Budget reflecting Tax Allocation, the State Treasurer's Office Municipal Revenue Sharing projections for FY2023, published 03/17/2022, and the Maine Department of Education 02/02/2023 2023-2024 ED 279 form for Auburn Schools. Based on these projections, the City of Auburn loses approximately 37 cents out of every new tax dollar to education and state subsidy losses and increased County taxes. This loss is determined by calculating the total subsidy and County tax that would have left the City's revenue stream for this project and dividing it by the total TIF revenue generated for there District term.

2. Tax shift losses are comprised of declining subsidies in revenue sharing and increasing obligations to pay county taxes. Tax shift losses occur for a couple of years following the year in which the new assessed value is first recognized in the assessment. No tax shift losses occur when a TIF captures all of the new value.

3. The preceding financial information contains projections and forward-looking statements that are subject to a number of risks and uncertainties that could cause the actual results, performance, or achievements to differ materially from any future results, performances, or achievements expressed or implied by the financial information reported in this projection. These projections assume that the formulas and general inputs for state subsidies and county taxes do not change over time and they assume that all other values in other communities are static relative to one another except for the new value assessed. The projections are less likely to be accurate farther into the future.

4. Assumes the assessment ratio in the City is 100% when the new property value arrives, such that the market value of new property is used for assessment purposes.

Exhibit D

(Notice of Public Hearing)

DRAFT

Exhibit D

NOTICE OF PUBLIC HEARING

CITY OF AUBURN
NOTICE OF PUBLIC HEARING

Regarding
Approval of the Municipal Development and Tax Increment Financing District known as:

"TIF #27 Stable Ridge Municipal Development and Tax Increment Financing District"

Notice is hereby given that the City of Auburn will hold a public hearing on

March 20, 2023
at 60 Court Street Auburn , ME 04210
The Public Hearing will be at 7:00 p.m.

The purpose of the public hearing is to receive public comments on the creation of a municipal development and tax increment financing district known as the TIF #27 Stable Ridge Municipal Development and Tax Increment Financing District (the "District") and the adoption of the development program for the District pursuant to the provisions of Chapter 206 of Title 30-A of the Maine Revised Statutes, as amended.

The TIF #27 Stable Ridge Municipal Development Tax Increment Financing District is comprised of approximately 13.19 acres and is located at 555 Court Street. The proposed district will consist of Phase 1 consisting of three five buildings with sixty apartments per building and Phase 2 consisting of five buildings with sixty apartments per building. This District authorizes the City Manager to enter into a credit enhancement agreement with the developer, as described in the proposed development program.

A copy of the proposed Development Program materials, , including a description of a proposed credit enhancement agreement with the developer, will be on file with the City Office during normal business hours of 8:30 am – 4:00 pm. They can also be found at https://www.auburnmaine.gov/or one can call *207-333-6601* during normal business hours to request that a copy be mailed to you. All interested persons are invited to attend the public hearing and will be given an opportunity to be heard at that time.

Public comments will be taken at the hearings and written comments should be submitted to Susan Clements-Dallaire, City Clerk. Written comments will be accepted until 4:00 PM on March 20, 2023.

DRAFT

Exhibit E

(Minutes of Public Hearing)

DRAFT

Exhibit F

(City Council Order)

DRAFT

City Council Order

Approving the TIF #27 Stable Ridge Municipal Development Tax Increment Financing Development Program

WHEREAS, the City of Auburn (the "City") is authorized pursuant to Chapter 206 of Title 30-A of the Maine Revised Statutes, as amended, to designate specific areas within the City as the TIF #27 Stable Ridge Municipal Tax Increment Financing District ("the District") and to adopt a development program for the District (the "Development Program"); and

WHEREAS, there is a need to provide continuing employment opportunities for the citizens of the City and the surrounding region; to improve and broaden the tax base of the City; and to improve the general economy of the City, the surrounding region and the State of Maine; and

WHEREAS, adopting and implementing the District and the Development Program will help to improve and broaden the tax base in the City and improve the economy of the City and the State of Maine; and

WHEREAS, the City has held a public hearing on the question of establishing the District in accordance with the requirements of 30-A M.R.S.A. §5226, upon at least ten (10) days prior notice published in a newspaper of general circulation within the City; and

WHEREAS, the City desires to designate the District and to adopt the Development Program for the District; and

WHEREAS, it is expected that approval will be sought and obtained from the Maine Department of Economic and Community Development ("DECD"), approving the designation of the District and the adoption of the Development Program; and

NOW THEREFORE, BE IT ORDERED BY THE CITY COUNCIL OF THE CITY OF AUBURN, MAINE:

Section 1. The City hereby finds and determines that:

(a) At least twenty-five percent (25%), by area, of the real property within the District, as hereinafter designated, is in need of rehabilitation, redevelopment or conservation or is suitable for commercial uses as defined in 30-A M.R.S.A. §5223(3); and

(b) The total area of the District does not exceed two percent (2%) of the total acreage of the City, and the total area of all development districts within the City (including the District) does not exceed five percent (5%) of the total acreage of the City; and

(c) The aggregate original assessed value of the District plus the original assessed value of all other existing tax increment financing districts in the City does not exceed five percent (5%) of the total value of taxable property within the City as of April 1, 2021; and

(d) The City Council has considered all evidence presented to it with regard to any adverse economic effect on or detriment to any existing business and has found and determined

DRAFT

that any such adverse economic effect on or detriment to any existing business is outweighed by the contribution expected to be made through the District and the adoption of the Development Program. The projects and improvements described in the Development Program will contribute to the economic growth and well-being of the City and the surrounding region, and will contribute to the betterment of the health, welfare and safety of the inhabitants of the City, including employment opportunities, a broadened and improved tax base and economic stimulus, and therefore constitutes a good and valid public purpose.

Section 2. Pursuant to Chapter 206 of Title 30-A of the Maine Revised Statutes, as amended, the City hereby designates the District and adopts the Development Program all as more particularly described in the Development Program presented to the City Council and such Development Program is hereby incorporated by reference into this vote as the Development Program for the District.

Section 3. Pursuant to the provisions of 30-A M.R.S.A. §5227, the percentage of increased assessed value to be retained in the District as captured assessed value and the term for which it will be retained is hereby established as set forth in the Development Program.

Section 4. The City Manager be, and hereby is, authorized, empowered and directed to submit the designation of the District and the Development Program to DECD for review and approval pursuant to the requirements of 30-A M.R.S.A. §5226(2).

Section 5. The foregoing designation of the District and adoption of the Development Program shall automatically become final and shall take full force and effect upon receipt by the City of approval of the designation of the District and adoption of the Development Program by DECD, without requirement of any further action by the City, the City Council, or any other party.

Section 6. The City Manager be and hereby is authorized and empowered, at his discretion, from time to time, to make such revisions and corrections to the Development Program or to the scope, cost or description of the public improvements to be financed with tax increment revenues generated by the District as described in the Development Program, and to the exhibits to the Development Program, as the City Manager deems reasonably necessary or convenient, necessary in order to facilitate the process for review and approval of the District or the Development Program by DECD, or for any other reason so long as such revisions are not inconsistent with these resolutions or the basic structure and intent of the Development Program.

Section 7. The City Manager be and hereby is authorized, empowered and directed to enter into the Credit Enhancement Agreement contemplated by the Development Program, in the name of and on behalf of the City, such agreement to be in such form and to contain such terms and provisions, not inconsistent with the Development Program, as the City Manager may approve, the City Manager's approval to be conclusively evidenced by his or her execution thereof.

DRAFT

This Order shall take effect immediately upon adoption.

Approved March 20, 2023, by the City Council, at a meeting duly convened and conducted in Auburn, Maine.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: March 6, 2023 **Order:** 29-03062023

Author: Eric Cousens, Director of Planning and Permitting

Subject: Directing the Planning Board to provide a recommendation on a text amendment (Amending the date and clarifying expectations on residential strip limitations of Order 151-11072022 previously adopted by the City Council on 11/7/2022)

Information: The Council on September 6, 2022, voted on a resolve (06-09062022) to direct the Planning Board to provide an opinion, no later than 3/20/2023 on whether to eliminate the income standard and the current strip zoning limitations in all areas outside of the Lake Auburn Watershed overlay in an effort to try to help address the housing shortage and demand upon existing housing stock.

The Council clarified that effort on 11/7/2022 with Order 151-11072022.

In accordance with city ordinance the city council is directing the Planning Board, after consultation with the Sustainability and Natural Resource Management Board, to conduct a public hearing pursuant to Article XVII, Division 3 of the Zoning Ordinance and report in writing the results of the hearing and recommendations of the Planning Board pursuant to Article XVII, Division 4 of the Zoning Ordinance to the City Council no later than April 18, 2023, instead of March 20, 2023 as previously adopted, on whether or not to eliminate the income standard and the current strip zoning limitations in all areas outside of the Lake Auburn Watershed overlay as an ordinance text amendment, as shown on the attached proposed text changes. Eliminate the current strip zoning limitations means where there is a residential strip over a portion of a parcel, the entirety of the parcel would become residentially zoned in the same way as the strip (zoning map amendment).

City Budgetary Impacts: NA

Staff Recommended Action: NA

Previous Meetings and History: September 6, 2022, November 7, 2022

City Manager Comments: For council consideration.

Signature: Phillip Crowell Jr.

ORDER 29-03062023

City Council Order

IN CITY COUNCIL

ORDERED, that the City Council hereby amends Order 151-11072022, previously adopted by the Auburn City Council on November 7, 2022 directing the Planning Board, after consultation with the Sustainability and Natural Resource Management Board, to conduct a public hearing pursuant to Article XVII, Division 3 of the Zoning Ordinance and report in writing the results of the hearing and recommendations of the Planning Board pursuant to Article XVII, Division 4 of the Zoning Ordinance to the City Council no later than April 18, 2023, instead of March 20, 2023 as previously adopted, on whether or not to eliminate the income standard and the current strip zoning limitations in all areas outside of the Lake Auburn Watershed overlay as an ordinance text amendment, as shown on the attached proposed text changes.

Eliminate the current strip zoning limitations means where there is a residential strip over a portion of a parcel, the entirety of the parcel would become residentially zoned in the same way as the strip (zoning map amendment).

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: March 20, 2023

Author: Mark Conrad, Business Manager

Subject: FY 2024 School Budget Discussion

Information: The School Committee is currently reviewing the FY 2024 budget proposal submitted by the Superintendent of Schools. The FY 2024 operating budget proposed by the Superintendent is increasing by 5.9% to $58,609,805. Article 10 – Debt Service is increasing by $2,418,801, reflecting the last increase in bonding for the new High School. Excluding debt service the budget is increasing by only 1.7%. This budget includes the cost impact of opening the new High School, and cuts 23.5 positions, including 15.5 teachers, six educational technicians, a program director (RETC), and a substance abuse counselor.

The proposed FY 2024 revenue budget includes a budget reduction in state operating subsidy of $1,174,902, driven in part by a 4.5% increase in state property valuation. The state subsidy for debt service is increasing $2,128,066. With inflationary increases, debt service increases, the cost impact of the new High School, and the loss of State operating subsidy, even with a reduction of 23.5 staff positions the total local share is increasing by 7.3%, from $18,957,683 in FY 2023 to $20,347,617 in FY 2024.

The School Committee is scheduled to approve a school budget and forward it to the City Council on May 3, 2023.

City Budgetary Impacts: TBD

Staff Recommended Action: Discussion

Previous Meetings and History: N/A

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Superintendent's 2023-2024 Budget Message
Budget Analysis by Warrant Article
General Fund Revenue Budget
Summary of Personnel Reductions

To: Auburn School Committee
From: Cornelia Brown PhD Superintendent of Schools
RE: Budget Message for the 2023-2024 Auburn School Department Operating Budget

Date: March 1, 2023

Introduction:

The most effective budget processes are those that are driven by clear, unambiguous goals that improve the educational experience for our students. Our staff is the most important asset we have and it follows that 80% of our costs are people-related. The budget is driven by the goals of the ASD in support of our students. This budget also seeks to limit the impact of tax increases on our taxpayers in a difficult inflationary environment for everyone, thus requiring significant budget reductions.

The Auburn School Committee established several auspicious goals:

1: Ensure that all students within the Auburn School Department are provided with a rigorous curriculum.
2: Communicate effectively to continue building and maintaining trust with all stakeholders in the Auburn School Department.
3: Create a Master Plan to address the capacity, sufficiency, and structural quality of all Auburn School Department facilities.

The Auburn School Department has much to celebrate. We deliver high-quality, research-based instruction and our efforts are truly paying off for our students. During the last three (3) years, all of our schools have seen at least double digit growth in their assessment scores and among our highest poverty schools, the gains were even greater. For example, Walton Elementary, with a poverty rate of 75% saw a 42 point gain in reading and a 32 point gain in math. Fairview Elementary, with a 92% proficiency in reading and a 91% in math, rivals the top elementary schools in the state. The Edward Little graduation rate changed from 72% (one of the lowest in the State) to near 90% and is now well above the state average. Franklin Alternative School had a perfect graduation rate of 100%.

Proposed Budget: $58,951,552

It is my pleasure to submit for your consideration my recommended operating budget to support the needs of our students in the Auburn School Department for the 2023-2024 School Year. As proposed, the Auburn School Department Budget is $58,951,552, an increase of $3,219,462 over the 2022-2023 operating budget or 5.78%. The Mil rate for education would be $9.47, an increase of .64, based on current assessed values. On a home assessed at $150,000 the increase would be $96.44.

The total debt service payment for the new Edward Little High School, opening July 1, is $9,535,714, an increase of $2,444,127 or 34.5%. The Local-only Debt Service is going from $894,187 to $1,187,586 or an increase of $293,399 or 32.8%.

As proposed, the School Department's operating personnel budget totals $36,594,945, an increase of $437,027 even after a reduction in 23.5 positions (discussed below). This recognizes the costs associated with five (5) settled contracts (Administrators, Teachers, Education Support Personnel, Transportation, and IAM), along with non-represented staff. The proposed budget includes a 15% increase in health insurance, an additional cost of $845,996.

Revenues:

The Auburn School Department is scheduled to receive $1,174,902 less in general subsidy from the Maine Department of Education (MDOE) going from the 2022-2023 budgeted amount of $28,055,7623 to the anticipated amount of $26,880,721 (not including subsidy for debt service or Adult Education). The reason for this reduction is as follows: a decrease in enrollment, an increase in the valuation of the City of Auburn, and an increase in the mil rate set by the MDOE.

I propose increasing the revenue from Fund Balance from the current budget (2022-2023) at $1,251,726 to $2,000,000 or an increase of $748,274 or 59.8%.

Reductions:

I have reduced 23.5 positions totaling $1,559,696 to help balance the proposed budget. All but 2.5 teaching positions, and the position of RETC/SOS director currently held by Lila Mitchell, are or will be vacant at the end of this school year.

Cost Centers

Pursuant to 20-A M.R.S.A Section 1485 a school budget, including a municipal school budget, is divided into eleven categories: (1) Regular Education (2) Special Education (3) Career and Technical Education (4) Other Instruction (5) Student and Staff Support (6) System Administration (7) School Administration (8) Transportation and Buses (9) Facilities Maintenance (10) Debt Service/Other Commitments and (11) all other expenditures. Adult Education is also included in the Auburn School Department Operating budget.
I will now review each Cost Center noting change(s):

Cost Center (1): Regular Instruction

Cost Center one (1) includes the cost of regular education (personnel, supplies, books, etc.). As proposed, this Cost Center has been reduced by ($946,747) or 4.61%. This reduction represents the loss of 15.5 teaching positions as follows: (.5) EACS (2) Fairview Elementary (2) Park Avenue Elementary (2) Sherwood Elementary (4) Walton Elementary (1) Washburn Elementary (1) Auburn Middle School (3) Edward Little High School. The reduction(s) are

largely based on enrollment declines. The ELHS positions are as follows: (1) Aspirations, (1) Physical Education (1) Substance Misuse Counselor*
* We have entered into a partnership with B Street to provide these services free of charge to our students. This work has already started.

Cost Center (2): Special Education

Cost Center two (2) pertains to the services required by law for special needs students. As proposed, this center is up $400,421 or 3.3%. One (1) of the largest increases relates to Out of District placements. That line is going up more than $495,000.

This Cost Center total reflects the decrease of six (6) educational technicians, one at each of the following locations: EACS, Fairview, Park Avenue, Walton, AMS, and RETC.

Expenditures Associated with Out of District Placements:

	Budget	Actual	Difference
2014-2015	$ 1,203,337.00	$ 1,301,682.55	$ (98,345.55)
2015-2016	$ 1,617,819.00	$ 1,650,831.75	$ (33,012.75)
2016-2017	$ 1,667,819.00	$ 1,964,889.81	$ (297,070.81)
2017-2018	$ 1,923,039.00	$ 2,635,915.34	$ (712,876.34)
2018-2019	$ 2,056,544.17	$ 1,916,349.20	$ 140,194.97
2019-2020	$ 2,075,490.30	$ 2,275,992.84	$ (200,502.54)
2020-2021	$ 2,410,305.00	$ 2,445,125.25	$(34,820.25)
2021-2022	$ 2,908,586.00	$ 2,047,950.00	$ 860,636
2022-2023	$3,135,490.00	—	—
2023-2024	$3,630,600.00	—	—

School Year	# of Tuition Students
2017-2018	63
2018-2019	61
2019-2020	62
2020-2021	64
2021-2022	60
2022-2023	62

2023-2024	61

Cost Center Three (3)
The Lewiston Regional Technical Center receives subsidy for our students directly from the Maine Department of Education. We do not budget any revenues or expenditures.

Cost Center Four (4): Other Instruction (Includes Athletics and Co-curricular)
Cost Center four (4) reflects a very modest increase of $307. Reductions made to Article four (4) include the elimination of the following athletic programs: EL First Team Football, EL First Team Baseball, Fall Cheer (Non Competitive), Nordic Skiing and a reduction of general supplies for a total reduction of $34,848.

Cost Center Five (5): Student and Staff Support
Cost Center Five (5) is increasing from $3,291,349 ('22) to $3,797,890 or $506,541. Notably, this cost center includes increase(s) for tuition reimbursement, supplies, and the inclusion of an Instructional Coach. This cost center reflects staff hires that were budgeted less than what the position was actually hired for. This cost center includes a position decrease of the Substance Misuse Counselor at Edward Little High School, at a savings of $78,086.

Cost Center Six (6): System Administration
Cost Center Six reflects a 0.4% decrease. The reason for this is a judgment against the School Department is now satisfied and the cost(s) no longer need to be carried in the budget. Increased cost(s) in this article include the audit fee, going from $26,000 to $35,000, or a 34.62% increase. The other increases in this cost center largely relate to salaries. The Budget for salary increases for staff not covered by collective bargaining agreements or individual contracts is three (3) %.

Cost Center Seven (7): School Administration
This cost center is going up by 3.5% or $83,702 and reflects the negotiated agreement with the Auburn Administrators' Association.

Cost Center Eight (8): Transportation and Buses
This cost center is up $369,596 or 20.5%. Among the increase(s) in this cost center, there is a new position of Assistant Transportation Coordinator, approved by the Finance Committee in the current fiscal year. This cost center recognizes the increased cost(s) for the mechanic to ensure that the ASD remained competitive with similar positions in the private sector, going from $44,803 to $74,880. With the ongoing shortage of bus drivers, the budget for contracted transportation for special education students to out-of-district placements is increasing by $90,365. Under Contracted Services, I project an increase of $62,500 for the possibility of either continuing the MOU with the City of Auburn or the need to hire a Transportation Director.

Cost Center Nine (9): Facilities and Maintenance
Cost Center Nine (9) reflects an increase of $415,527 or 7.9%. Included in this amount are three (3) additional custodians for the new Edward Little High School at an increase of $145,140, an increase in property insurance of $101,948 because of two (2) factors, inflation and the increased value of the new Edward Little High School (which accounts for over 75% of the increase). This cost center also includes a substantial increase of $403,037 in the cost of electricity, of which $271,002 is attributable to the new Edward Little High School. This account also includes an increase of $62,500 for either continuing the MOU or the need to hire a Facilities and Maintenance Director.

This account does include a decrease of $354,157 in principal and interest in capital improvement debt.

Article Ten (10) is Debt Service
The projected debt for the school system is going from $7,726,548 to $10,145,349, an increase of $2,418,349 or 31.31%. (This includes only state-approved debt service costs for Park Avenue and the new High School.)

Article Eleven (11) Crossing Guides
This Article represents the costs for Crossing Guides. The most significant decrease in this article is the reduction in Workers Compensation costs, going down $2,250.

Adult Education rounds out the proposed budget with a request of $341,747.

I look forward to working with the School Committee, the City Council and our community to bring to a successful conclusion the development of the 2023-2024 Auburn School Department Budget.

CITY OF AUBURN

TAX INCREMENT FINANCING

&

CREDIT ENHANCEMENT

POLICY

AND

GUIDELINES

DRAFT DOCUMENT

The following are the City of Auburn Tax Increment Financing (TIF) Policy and Credit Enhancement Agreement Application Guidelines.

I. Purpose and Introduction

TIF allows municipalities to "shelter" new value resulting from private investment from the calculation of its State subsidies (education and revenue sharing) and County taxes. A municipality's total equalized assessed value is used to calculate General Purpose Aid to Education (subsidy), State Revenue Sharing (subsidy), and County taxes (expense). When a municipality's equalized assessed value increases, State Aid for Education decreases, municipal revenue sharing decreases, and the municipality pays a greater portion of County taxes. Specific municipal shelter benefits for the term of the TIF include: No reduction in State aid for education, no decrease in municipal revenue sharing, and no increase in County taxes (assuming 100% capture).

A Tax Increment Financing District is a tool available to the City of Auburn to promote economic development. TIF enables the City to revitalize and redevelop designated areas and build community and economic growth through public-private partnerships. The TIF District allows the City to capture some or all of the incremental real and/or personal property tax revenues derived from new development or expansion of an existing development and provides a means of financing the economic and community development goals of Auburn as set forth in the Development Program of the District adopted by the City Council and as authorized by state law. The captured tax revenues from a TIF District can be used to finance municipal investments and City infrastructure projects; and can also be used to provide incentive or financing to a private development in the form of an associated Credit Enhancement Agreement (CEA), as authorized by the Development Program of the District and state law.

These guidelines are to provide guidance and outline standards for the development of TIF's and CEA's in the City when utilizing TIF Districts and TIF revenue for the City's development and redevelopment efforts. Notwithstanding compliance with any or all of these guidelines, the creation of a TIF District or authorization of a Credit Enhancement Agreement is a policy decision of the City of Auburn to be evaluated by the City on a

case-by-case basis. Adopting this policy or any TIF District does not create a right or entitlement to assistance by any applicant.

II. Eligibility for Assistance

Economic development projects may be eligible for Tax Increment Financing assistance from the City when they meet the following standards:

- Would not occur without City assistance.
- Create or retain employment opportunities.
- Significantly expand the City's tax base by a minimum of $1,000,000.
- Diversify the economy and tax base of the City
- Conform to the quality and types of development the City seeks as outlined in the Comprehensive Plan, Strategic Plan, Downtown Revitalization Plan, Economic Development Action Plan, and Zoning Ordinances.
- Demonstrate a public benefit, such as expanding public infrastructure to service areas beyond the project or creating job opportunities or affordable housing.
- Public benefits from development must outweigh any possible adverse impacts on existing businesses or residents of the City.

The City provides TIF assistance through a Credit Enhancement Agreement that provides developers with reimbursement of a percentage of the property tax revenue paid on the increased assessed value (or incremental value) of their property. Tax revenue on the incremental value returned to the developers under a Credit Enhancement Agreement will not exceed an average of 75% of the incremental taxes over the life of the particular tax increment financing district or the Credit Enhancement Agreement. Further, the City Council may establish a cap on the total incremental taxes to be reimbursed to a developer under a CEA on an annual and/or cumulative basis. The applicant is required to submit all documentation required by the City in consideration of a Credit Enhancement Agreement. A Public Hearing shall be held to receive public comment on a completed CEA application at least ten days prior to a meeting at which the CEA is being considered for approval by the City Council.

Ill. Application Process

The City has established an Application for Tax Increment Financing & Credit Enhancement Agreement. Applications (whether initiated by the City or requested by a developer or business) will be reviewed by the Business and Community Development Department Staff and considered by the City Manager. Applications for a new TIF District or an amendment to an existing TIF District are subject to final approval by the City Council and the Maine Department of Economic and Community Development (DECD). The specific terms of TIF assistance through a CEA will be negotiated between the City and the applicant on a case-by-case basis. The City Manager or the City Manager's designee will negotiate for the City, and all recommendations for TIF assistance shall be based on the merits of the project and compliance with these guidelines. Based on City Council direction and approval, Business and Community Development staff will coordinate all activities regarding applications and will prepare materials as needed. The Director of Business and Community Development will assist the developer through the process. They

DRAFT

will monitor ongoing investments in the development project if TIF assistance is granted.

All applicants for TIF assistance must pay a $500 non-refundable application fee at the time of submission. All applicants are required to reimburse the City of Auburn for all legal and administrative costs incurred as a result of the TIF proposal, including the cost of preparing all materials necessary to establish a new TIF District, amend an existing TIF District and draft the Credit Enhancement Agreement. If a Credit Enhancement Agreement is approved, an annual fee equal to 2% of the incremental tax reallocated back to the project will be assessed.

IV. Waiver of Provisions

The City of Auburn reserves the right under certain conditions to waive the provisions of the policy. The decision to do so shall be made by applying the following guidelines to ensure that the project remains within the general parameters of the Auburn Comprehensive Plan and community development vision(s). Criteria to be considered with granting a waiver are:

- Consistency with the Auburn Comprehensive Plan
- Consistency with the Downtown Revitalization Plan
- Consistency with the City's Economic Development Plan
- Consistency with the Development Plan of the TIF District
- Consistency with other local, State, and Federal laws/rules
- Evidence of need, and
- Capacity to carry out the project

V. Mandatory Guidelines

In all instances, applicants for tax increment financing and Credit Enhancement Agreements must demonstrate that the City's participation is economically needed to undertake the project. Such justification is demonstrated by:

- Need to offset infrastructure costs unique to the site
- Need to offset economic advantages available if it should develop a project or expand operations outside of Auburn
- Lack of sufficient funding sources to meet the entire capital investments needed to undertake the project
- The project creates significant new tax value throughout the Downtown District and other areas the City Council deems necessary
- The developer is financially capable of undertaking the project
- The developer is compliant with all statutory and regulatory guidelines of the City of Auburn and the State of Maine

DRAFT

VI. Guidelines that Determine the Level of Municipal Participation

Although the applicants' project need not meet each of the following criteria, the following will be used to determine the City of Auburn's participation level.

- Assists an established business in Auburn, retaining existing employment opportunities
- Creates long-term permanent and quality employment opportunities
- Contributes to the revitalization of the Downtown District or other areas in need of development or redevelopment
- Improves a blighted building site in need of rehabilitation
- Creates public infrastructure facilities that have applications beyond the particular development, road improvements, parking, sidewalks, green space, etc.
- Supports or will support community projects, job training, internships, and programs that assist the under-employed and supports local contractors and suppliers.

VII. Transfer of Ownership

If the applicant transfers ownership of property in the TIF District subject to a CEA to which the applicant is a party, the applicant must notify the City Manager in writing prior to finalizing the transfer. The prospective new owner must agree, in writing, to accept the provisions of the agreement as presented to and approved by the City Council before the City will release any further TIF reimbursements under the CEA. Failure to provide notice of a transfer of ownership by the applicant or for the prospective new owner to accept the terms of the CEA before the transfer shall render the CEA invalid, and no further payments under it shall be authorized.

VIII. Annual Expenditure of TIF Revenues for Municipal Projects

Each year the Director of Business and Community Development will review all proposed TIF Revenue expenditures as part of the City Budget process to ensure compliance with the existing TIFs.

Annual allocations of TIF revenues to fund existing Credit Enhancement Agreement commitments will be factored into the annual review of the use of the available TIF revenues and estimates of proposed Credit Enhancement Agreements will be calculated by the City Assessor and City Treasurer and provided to the City Manager for review and consideration.

DRAFT

TIF / CEA Scenarios

	New Tax Revenue	+/- in County Tax	+/- in Aid to School	+/- in Revenue Sharing	CEA	General Fund Impact	TIF Funding	TOTAL Funding
Scenario One - NO TIF	$ 5,869,500.00	$ 230,773.00	$ 1,807,920.00	$ 82,206.00	$ -	$ 3,748,601.00	$ -	**$ 3,748,601.00**
Scenario Two - 100% TIF	$ 5,869,500.00	$ 230,773.00	$ 1,807,920.00	$ 82,206.00	$ -	$ 2,120,899.00	$ 5,869,500.00	**$ 7,990,399.00**
Scenario Three - 100% TIF & CEA of $500,000	$ 5,869,500.00	$ 230,773.00	$ 1,807,920.00	$ 82,206.00	$ 500,000.00	$ 2,120,899.00	$ 5,369,500.00	**$ 7,490,399.00**
Scenario Four - 60% TIF	$ 5,869,500.00	$ 138,465.00	$ 1,084,752.00	$ 49,327.80		$ 3,620,344.80	$ 3,521,700.00	**$ 7,142,044.80**
Scenario Three - 60% TIF & CEA of $500,000	$ 5,869,500.00	$ 138,465.00	$ 1,084,752.00	$ 49,327.80	$ 500,000.00	$ 3,620,344.80	$ 3,021,700.00	**$ 6,642,044.80**

Funds not sheltered in the TIF will create expenses in County taxes and reductions in funding for School and State assistance.
Funds that are sheltered create reduced expenses in County taxes and prevent reductions in funding for Schools and State assistance.
General Fund Impact is defined with all things being equal what would the change in the General Fund be based on the scenarion.
TIF Funding is meant to be the funds avaialble for allowed expenses within the TIF as approved.
Total Funding is the total of both TIF funds and the impact to the General Fund.
These examples are based on a project that would increase the tax value of the city by fourteen million dollars.

March 6, 2023

City of Auburn
60 Court St.
Auburn, ME 04210

Honorable Mayor & City Council Members:

On behalf of Auburn Suburban Baseball & Softball (ASBS), I respectfully request a waiver of the $200.00 licensing fee for operation of our concession stand (snack shack) during the 2023 season (April 2023 - July 2023).

ASBS is a non-profit organization serving over 400 youth through competitive baseball & softball teams. Funds raised by the snack shack, staffed by volunteers, are vital to the success of our organization. Funds raised throughout the season support facility maintenance, new equipment, program expansion (Buddy Ball), uniform purchase and items/services to ensure the safety of our families and players.

I invite you to join us for a game this season, appreciate your support of ASBS and hope you will consider waiving our licensing fee this season.

Sincerely,

Fritz Kunas
ASBS President
207-577-5853

ORDER 31-03202023

City Council Order

IN CITY COUNCIL

ORDERED, that the City Council hereby authorized the City Clerk to waive the $200 business license fee for Auburn Suburban Baseball/Softball, located at 4 Mount Apatite Road.

Richard Whiting, Ward One
Joseph Morin, Ward Four
Belinda A. Gerry, At Large

Ryan Hawes, Ward Two
Leroy G. Walker, Ward Five
Jason J. Levesque, Mayor

Stephen G. Milks, Ward Three
Dana Staples, At Large
Phillip L. Crowell, Jr., City Manager

Mayor Levesque called the meeting to order at 7:00 P.M. in the Council Chambers of Auburn Hall and led the assembly in the salute to the flag. Councilor Staples had an excused absence. All other City Councilors were present.

7:00 P.M. City Council Meeting

Pledge of Allegiance

I. Consent Items

1. Order 24-03062023*
Setting the time to open the polls at 7:00 a.m. for 2023 Elections.

2. Order 25-03062023*
Appointing Chris Carson to the Sustainability and Natural Resource Management Board with a term expiration of April 1, 2024.

Motion was made by Councilor Milks and seconded by Councilor Walker for passage of the two consent items.

Passage 6-0.

II. Minutes

February 13, 2023, Regular Council Meeting Minutes

Motion was made by Councilor Milks and seconded by Councilor Walker to approve the minutes of the February 13, 2023 Regular Council Meeting.

Passage 6-0.

February 17, 2023, Special Council Meeting Minutes

Motion was made by Councilor Milks and seconded by Councilor Walker to approve the minutes of the February 17, 2023 Special Council meeting.

Passage 5-0-1 (Councilor Morin abstained as he was no present at that meeting).

III. Communications, Presentations and Recognitions

Norway Savings Bank Arena's 10 Year Anniversary

Marc Gosselin, Executive Director, Community Partnerships & Sport Tourism and Karen Hakala, Senior Vice President of Marketing for Norway Savings Bank presented by unveiling the new anniversary log and introduced the new mascot, Barnabee.

Council Communications (about and to the community)

Councilor Whiting stated that he has missed out on skiing at Auburn Nordic Ski Association which has more snow than they've had in a long time.

Mayor Levesque reported that there has been great public response to the announcement of the Auburn Lobster Festival that is scheduled on May 6th at Festival Plaza beginning at noon. More information can be found at www.auburnlobsterfestival.com.

City Manager Crowell addressed the article that was in the newspaper this morning regarding biosolids in the State of Maine and the impacts it is having on communities.

IV. **Open Session** – Dave Griswold, 199 Gamage Avenue, as Chair of the Community Forest Working Group provided a summary of their 2022 accomplishments and touched on a few things the group would like to work on in 2023.

V. **Unfinished Business - None**

VI. **New Business**

1. **Order 26-03062023**
Authorizing the marketing of City owned property 121 Mill Street Parcel ID 221-041.

Motion was made by Councilor Walker and seconded by Councilor Hawes for passage.

Public comment – No one from the public spoke.

Motion was made by Councilor Whiting and seconded by Councilor Gerry to amend by adding language that all offers will be reviewed and recommendations made by a neighborhood committee formed by the Mayor.

Passage 4-2 (Councilor Milks and Walker opposed).

Passage as amended, 6-0.

2. **Order 27-03062023**
Authorizing the marketing of City owned property 80 Lake Street Parcel ID 239-114.

Motion was made by Councilor Gerry and seconded by Councilor Morin for passage.

Public comment – No one from the public spoke.

Motion was made by Councilor Whiting and seconded by Councilor Gerry to amend by adding language that all offers will be reviewed and recommendations made by a neighborhood committee formed by the Mayor.

Passage 4-2 (Councilor Milks and Walker opposed).

Passage as amended, 6-0.

3. **Order 28-03062023**

Authorizing the marketing of City owned property Rodman Road Parcel ID 198-036.

Motion was made by Councilor Morin and seconded by Councilor Whiting for passage.

Public comment – No one from the public spoke.

Motion was made by Councilor Whiting and seconded by Councilor Gerry to amend by adding language that all offers will be reviewed and recommendations made by a neighborhood committee formed by the Mayor.

Passage 4-2 (Councilor Milks and Walker opposed).

Passage as amended, 6-0.

4. **Public Hearing**
Stable Ridge TIF District.

Mayor Levesque opened the public hearing at 7:43 pm

Andy Titus, 24 Rubelite Lane, questioned the $250,000 amount that was mentioned would go toward public safety (under allowed use of TIF dollars). He said his is not a fan of TIF's and found that it is restrictive. He added that he doesn't believe in credit enhancements at all, and added that we should TIF just a portion, maybe a 50% TIF and the rest should be available for the general fund.

Jeffrey Harmon, 34 Vista Drive, commented on a credit enhancement agreement which he stated would give a $500,000 rebate of taxes paid by the developer back to them. He said if they want to create a TIF and steer money toward improvements in the Court Street area, great, but we should not include a credit enhancement agreement.

Bob Hayes, 172 Allen Avenue stated that he finds it interesting how TIF's have evolved over the years adding that in the last decade or so, we've gone from TIF's on commercial properties to TIF's on residential properties. He stated that we have to be careful with the project that is before us being considered.

John Cleveland, 183 Davis Avenue, stated that he agrees with previous speakers. He noted that the credit enhancement agreement is transferrable, so if the current owner decides to sell the property, the credit enhancement goes to the new buyer. He went on to say that we really should think about whether we should be doing a 100% TIF. All property owners should contribute something to the ongoing expenses, and he suggested looking at a 60% TIF instead of a 100% TIF, and further suggested removing the credit enhancement agreement.

Mayor Levesque closed public hearing at 7:56 pm.

5. **Order 29-03062023**
Amending Order 151-11072022 previously adopted by the City Council on 11/07/2022 extending the date for the Planning Board to provide a recommendation on a text amendment on a proposed zoning amendment from 3/20/2023 to 4/18/2023.

Motion was made by Councilor Walker and seconded by Councilor Morin for passage.

Public comment – Ryan Smith, 14 Weaver Street, asked why this is being delayed just a month when the Planning Board said at their last meeting that they would probably need until the end of the year on this. He asked that Council vote this down and take the proper public process and the Planning Board can make a proper recommendation.

Passage 6-0.

VII. Open Session

Andy Titus, 24 Rubelite Lane, spoke regarding spring clean-up and said he thinks we should do the spring clean-up this year and notify the public that this is the last year we do spring clean-up and delay the new proposal until next year.

VIII. Reports (from sub-committees to Council)

Mayor Levesque reported that there is a lot of legislation action happening. He stated that the decrease in educational revenue share is driven by a decrease of students. He reported on the School Committee budget. The School Committee is looking at bottom line budget increase as proposed on the school side of .64 to the mil rate.

IX. Executive Session - None

X. Adjournment

Motion was made by Councilor Milks seconded by Councilor Morin to adjourn. Unanimously approved and the meeting adjourned at 8:09 pm.

Development Program

I. Introduction

The Maine Legislature established tax increment financing as an economic development tool to be used by municipalities to: (a) provide new employment opportunities; (b) improve and broaden its tax base; and (c) improve the general economy of the State. The Legislature recognizes that the State and its municipalities benefit from a municipality's economic development partnership with a local business to promote responsible new development that (a) enhances local efforts for economic, industrial or commercial development; and (b) retains and expands the local tax base and employment opportunities.

The City of Auburn (the "City" or "Auburn") seeks to establish a Tax Increment Financing ("TIF") district to be known as the "**TIF #27 Stable Ridge Municipal Development and Tax Increment Financing District**" (the "District"), located at 555 Court Street.

The District consists of one parcel located at 555 Court Street and is identified on City Tax Maps as Tax Map 229 Lot 007. The District is approximately 13.19 acres. The District is being developed for rental housing, Phase 1 consisting of five (5) buildings with twelve (12) apartments per building and Phase 2 consisting of five (5) buildings with twelve (12) apartments per building, a garage and recreational storage facility for use by the residents. The complex is estimated to add $14,000,000 in taxable value to the City.

In designating the proposed District and adopting this Development Program, the City can accomplish the following goals:

- Maintain the existing tax revenues;
- Enjoy enhanced future tax revenues generated by improvements within the District;
- Enable the investment of TIF Revenues (defined below) in high priority City projects;
- Improve the overall economy of the City, the Androscoggin County region, and the State of Maine.

In addition, by creating a TIF district, the City will "shelter" the increase in municipal valuation that the development will bring about. The tax benefit provided by the District will mitigate the adverse effect that the District's increased assessed property value would have on the City's share of state aid to education, municipal revenue sharing, and its county tax assessment. An estimate of the tax shift benefit is shown as **Exhibit C-2** attached hereto.

DRAFT

II. Development Program Narrative

A. The Development District

The District will encompass approximately 13.19 acres of real property. The District is located at 555 Court Street. The District is shown in **Exhibit A-1** and **Exhibit A-2** attached hereto.

B. The Development Program

The City's designation of the District and adoption of this Development Program creates a single municipal TIF District in order to capture the value of the taxable real property improvements made within the District and to authorize the use of tax increment financing revenues for various municipal economic development projects, as well as any potential future credit enhancement agreements. The Development Program will begin with the City's 2023-2024 fiscal year on July 1, 2023 and will continue for a total of twenty (20) years, ending on June 30, 2043.

Under this Development Program, the City will capture one hundred (100%) of the increased assessed value of taxable real property over the original assessed value of the District and retain the tax revenues generated by the captured assessed value for designated economic development purposes. The calculation of TIF Revenues (as defined below) is more specifically described below in Section IV – Financial Plan. In the Assessor's Certificate attached as **Exhibit B** hereto, the Assessor has certified the original assessed value of the District.

By adopting this Development Program, the City is creating a TIF district that will: (1) maintain existing tax revenues; (2) enjoy enhanced future tax revenues generated by new development within the District; and (3) shelter the captured assessed value from impacting the overall State valuation for the City of Auburn, thereby minimizing: (a) potential decreases in the City's State school subsidy and State revenue sharing, and (b) potential increases in the City's county tax assessments and local school district contributions.

Further, approval of this Development Program and the designation of the District will have a neutral impact on the existing tax base; only the increased assessed value over the original assessed value within the District will be captured. In addition, at the end of the District and Development Program, the City expects to emerge with a substantial amount of new taxable property value to add to its municipal tax base.

This Development Program is structured and proposed pursuant to Chapter 206 of Title 30-A of the Maine Revised Statutes, as amended (the "TIF Statute"). Subsequent to a City Council vote designating the District and adopting this Development Program, evidenced by **Exhibit F** hereto, the designation of the District and adoption of this Development Program are effective upon approval by the DECD.

DRAFT

C. The Projects

Development within the District will provide a revenue source for the City's economic development projects. The City plans to use the TIF Revenues for several projects related to economic and infrastructure development. Please see Table 1 herein for a complete list of authorized projects and their respective cost estimates.

TABLE 1
Municipal Project Costs

Project	Cost Estimate*	Statutory Citation
1. Administrative & Professional Services Costs. Costs of prorated portion of salaries of City staff for time associated with creation and administration of District, and fund costs of professional services associated with creation and administration of District. ***	$120,000	30-A M.R.S. § 5225(1)(A)(4); (1)(A)(5)
2. Economic Development Programs: Costs of the City's economic development programs, including, but not limited to, marketing costs, prorated portions of staff salaries devoted to supporting and administering TIF programming, and other related operating expenses for the City's Economic Development Department.**	$20,000	30-A M.R.S. § 5225(1)(C)(1)
3. Road Improvements: Design, construction, engineering, other associated costs of road construction, sidewalk and pedestrian crossing safety improvements on Court Street, Park Ave., Russel Ave., Pinnacle Drive, Fairview Ave, Allen Ave., Dawes Ave., and Minot Ave. located within the District or outside the District but directly related to or made necessary by the District.***	$3,000,000	30-A M.R.S. § 5225(1)(A)(1); (1)(B)(1)

DRAFT

Project	Cost Estimate*	Statutory Citation
4. Public Safety Facility: To the extent a new public safety building or equipment is needed to serve District development, TIF revenues may support the costs of such facility whether it is located inside the District or outside the District. Costs related to the construction or operation of a public safety facility in the City, the need for which is related to general economic development within the City, not to exceed 15% of the captured assessed value of the development district.***	$250,000	30-A M.R.S. § 5225 (1)(C)(9); (1)(B)(1)
Total	**$3,390,000**	

* These are estimates only. The City may allocate revenues generated by the District across approved project cost categories as needed.
** Similar project contained within #23 Auburn Memory Care TIF, #10 Downtown Omnibus TIF, #25 Futureguard TIF and TID #26 – North River Road.
*** Similar project costs contained within TIF #25 Futureguard and TIF #26 – North River Road.

D. Strategic Growth and Development

By creating and designating the District, the City is maximizing the economic development potential of the District and the City in general. TIF Revenues from the District will be used on important City economic development projects and programs.

Further, the City's designation of a TIF district and pursuit of this Development Program constitute a good and valid public purpose described in the TIF Statute in Chapter 206 of Title 30-A because it represents a substantial contribution to the economic well-being of both the City and the Androscoggin County Region, by providing jobs and contributing to property taxes.

E. Improvements to the Public Infrastructure

As further set forth in Table 1, the City will use certain TIF Revenues for a variety of projects, including public infrastructure improvements.

F. Operational Components

1. Public Facilities

Please refer to Table 1 to review public facilities intended to be financed with TIF Revenues.

DRAFT

2. Commercial Improvements Financed Through Development Program

No commercial improvements will be financed through the Development Program.

3. Relocation of Displaced Persons

No persons will be displaced.

4. Transportation Improvements

Certain transportation related improvements are described in Table 1.

5. Environmental Controls

The improvements made under the proposed Development Program will meet or exceed all federal and state environmental regulations and will comply with all applicable land use requirements for the City.

6. Plan of Operation

During the term of the District, the City Manager or his designee will be responsible for all administrative matters within the purview of the City concerning the implementation and operation of the District.

III. Physical Description

Municipal documents relating to the District's physical description attached as Exhibits:

(a) City of Auburn property map showing the District relative to City boundaries. **Exhibit A-1**

(b) City of Auburn property map showing the District property. **Exhibit A-2**

(c) Certification by the City of Auburn Assessor of the original assessed value of the District. **Exhibit B**.

IV. Financial Plan

The District will encompass approximately 13.19 acres of property. The original assessed value of the real property in the District was $235,500 as of March 31, 2022 (April 1, 2021). Development of the parcel is estimated to add approximately $14,000,000 of new assessed real property value to the City.

This Development Program provides that, beginning on July 1, 2023, the City will "capture" one hundred percent (100%) of the increased assessed value of real property in the District. TIF revenues will consist of property taxes paid on 100% of the increased assessed value ("TIF Revenues").

DRAFT

The reimbursement schedule provides for the Developer to receive up to fifty percent (50%) of the TIF revenues generated by the captured assessed value of real property in the District for a term not to exceed ten (10) years or until the Developer reaches an overall payment cap not to exceed $500,000, whichever occurs first. The City will retain the remainder of TIF Revenues generated by the captured assessed value of the real property located within the District for the City's economic development projects. The City will retain 100% of the TIF Revenues for the remainder of the District term after the expiration of the Credit Enhancement Agreement with the Developer.

The City will establish two Development Program Fund sub-accounts: one for the Developer reimbursement and one for the City programs and projects. Upon each payment in full as due of property taxes by the Developer, the City, based upon the allocations described above, will deposit into the Development Program Fund Developer's sub-account. The Development Program Fund Developer's sub-account is pledged to and charged with the payment of the project costs in the manner provided in 30-A M.R.S.A. § 5227(3). In each fiscal year, the City will disburse funds from the Development Program Fund sub-account to the Developer within thirty (30) business days following payment of the taxes on all captured assessed value.

The Credit Enhancement Agreement will provide for a maximum of a 10-year term of TIF revenue reimbursements to the Developer at no more than fifty percent (50%) of the captured assessed value until payments reach a cap not to exceed $500,000, per **Exhibit C-1 and Exhibit C-2**. The Credit Enhancement Agreement represents reimbursement of extraordinary costs associated with infrastructure improvement and improved site access. Estimates of the increased assessed values of the District, the anticipated TIF Revenues generated by the District, the portion of the TIF revenues to be applied to the District each year, and the estimated tax shifts are shown in **Exhibit C-1 and Exhibit C-2.**

A. Costs and Sources of Revenues

Developers of District property will pay for and/or finance all costs of projects located in the District through private sources.

B. Municipal Indebtedness

The City reserves the right to issue municipal bonds in order to pay for infrastructure improvements described in Table 1. Any municipal bond issued for such project would require City Council approval.

V. Financial Data

The original assessed value of the taxable property in the District was $235,500 as of March 31, 2022 (April 1, 2021). Please find attached as **Exhibit G** the Statutory Requirements and Thresholds Form required by the Maine Department of Economic and Community Development.

DRAFT

VI. Tax Shifts

In accordance with Maine statutes governing the establishment of a tax increment financing district, the table set forth in **Exhibit C-2** identifies the tax shifts that are expected to result during the term of the District from the establishment of the District.

VII. Municipal Approvals

A. Notice of Public Hearing

Attached as **Exhibit D** is a certified copy of the Notice of Public Hearing held on March 20, 2023 in accordance with the requirements of 30-A M.R.S.A. § 5226(1). The notice was published in the *Sun Journal*, a newspaper of general circulation in the City on a date at least ten (10) days prior to the public hearing.

B. Minutes of Public Hearing

Attached as **Exhibit E** is a certified copy of the minutes of the public hearing held on March 20, 2023, at which time the proposed District was discussed by the public.

C. City Council Order

Attached as **Exhibit F**, is an attested copy of the City Council Order adopted by the Auburn City Council at a Council Meeting duly called and held on March 20, 2023, designating the District and adopting the Development Program.

ASSESSOR'S CERTIFICATE
CITY OF AUBURN

The undersigned Assessor for the City of Auburn, Maine hereby certifies pursuant to the provisions of M.R.S.A Title 30-A § 5227(2) that:

The assessed value of taxable real property of the TIF #27 Stable Ridge Municipal Development and Tax Increment Financing District as described in the Development Program to which the Certificate is included, comprised of the approximately 13.19 acres identified on City Tax Maps as Tax Map 229, Lot 007, was **$235,500** as of March 31, 2022 (April 1, 2021).

In Witness Whereof, This Certificate has been executed as of this 24th day of February, 2023.

ASSESSOR

Karen Scammon, CMA-4, City Assessor

								20-Year Projected Average:	$282,100	$61,425	$220,675

DRAFT

Assumptions:

1. The above projections show the anticipated increased assessed values, captured assessed values, and TIF revenues throughout the term of the District. The Assessor has estimated the projected increased assessed value based on available project plans and currently available information. The final assessed value will be determined based on the actual land and improvement values after construction of phase one and phase two on the applicable April 1st.
2. The projections assumes a 20-year district term, with a 10-year credit enhancement agreement to the Developer. The credit enhancement agreement under these assumptions provides a reimbursement of 50% of the TIF revenues to the Developer and 50% to the City for the first 10 years of the District. The City will retain 100% of the TIF revenues for years 11-20.
3. Projections assume a flat mill rate of 22.75 and projected certified assessment ratio of 100%.
4. Projections assume 100% of the increased assessed value is captured in the District and that TIF revenue is available for municipal project costs.
5. The preceding financial information contains projections and forward-looking statements that are subject to a number of risks and uncertainties that could cause the actual results, performance, or achievements to differ materially from any future results, performances, or achievements expressed or implied by the financial information reported in this projection. The model is not, nor intended to be, an appraisal or guarantee of an assessed value, and there may be positive or negative variations in the actual assessment of the project due to variety of factors, including without limitation the employment of alternative methods of valuation and then-current market conditions.

DRAFT

Assumptions:

1. Data sources include the 2022-2023 mill rate/commitment reported by the City, Androscoggin County's FY2022 Budget reflecting Tax Allocation, the State Treasurer's Office Municipal Revenue Sharing projections for FY2023, published 03/17/2022, and the Maine Department of Education 02/02/2023 2023-2024 ED 279 form for Auburn Schools. Based on these projections, the City of Auburn loses approximately 37 cents out of every new tax dollar to education and state subsidy losses and increased County taxes. This loss is determined by calculating the total subsidy and County tax that would have left the City's revenue stream for this project and dividing it by the total TIF revenue generated for there District term.

2. Tax shift losses are comprised of declining subsidies in revenue sharing and increasing obligations to pay county taxes. Tax shift losses occur for a couple of years following the year in which the new assessed value is first recognized in the assessment. No tax shift losses occur when a TIF captures all of the new value.

3. The preceding financial information contains projections and forward-looking statements that are subject to a number of risks and uncertainties that could cause the actual results, performance, or achievements to differ materially from any future results, performances, or achievements expressed or implied by the financial information reported in this projection. These projections assume that the formulas and general inputs for state subsidies and county taxes do not change over time and they assume that all other values in other communities are static relative to one another except for the new value assessed. The projections are less likely to be accurate farther into the future.

4. Assumes the assessment ratio in the City is 100% when the new property value arrives, such that the market value of new property is used for assessment purposes.

DRAFT

Exhibit D

NOTICE OF PUBLIC HEARING

CITY OF AUBURN
NOTICE OF PUBLIC HEARING

Regarding
Approval of the Municipal Development and Tax Increment Financing District known as:

"TIF #27 Stable Ridge Municipal Development and Tax Increment Financing District"

Notice is hereby given that the City of Auburn will hold a public hearing on

March 20, 2023
at 60 Court Street Auburn , ME 04210
The Public Hearing will be at 7:00 p.m.

The purpose of the public hearing is to receive public comments on the creation of a municipal development and tax increment financing district known as the TIF #27 Stable Ridge Municipal Development and Tax Increment Financing District (the "District") and the adoption of the development program for the District pursuant to the provisions of Chapter 206 of Title 30-A of the Maine Revised Statutes, as amended.

The TIF #27 Stable Ridge Municipal Development Tax Increment Financing District is comprised of approximately 13.19 acres and is located at 555 Court Street. The proposed district will consist of Phase 1 consisting of three five buildings with sixty apartments per building and Phase 2 consisting of five buildings with sixty apartments per building. This District authorizes the City Manager to enter into a credit enhancement agreement with the developer, as described in the proposed development program.

A copy of the proposed Development Program materials, , including a description of a proposed credit enhancement agreement with the developer, will be on file with the City Office during normal business hours of 8:30 am – 4:00 pm. They can also be found at https://www.auburnmaine.gov/or one can call *207-333-6601* during normal business hours to request that a copy be mailed to you. All interested persons are invited to attend the public hearing and will be given an opportunity to be heard at that time.

Public comments will be taken at the hearings and written comments should be submitted to Susan Clements-Dallaire, City Clerk. Written comments will be accepted until 4:00 PM on March 20, 2023.

(City Council Order)

DRAFT

City Council Order

Approving the TIF #27 Stable Ridge Municipal Development Tax Increment Financing Development Program

WHEREAS, the City of Auburn (the "City") is authorized pursuant to Chapter 206 of Title 30-A of the Maine Revised Statutes, as amended, to designate specific areas within the City as the TIF #27 Stable Ridge Municipal Tax Increment Financing District ("the District") and to adopt a development program for the District (the "Development Program"); and

WHEREAS, there is a need to provide continuing employment opportunities for the citizens of the City and the surrounding region; to improve and broaden the tax base of the City; and to improve the general economy of the City, the surrounding region and the State of Maine; and

WHEREAS, adopting and implementing the District and the Development Program will help to improve and broaden the tax base in the City and improve the economy of the City and the State of Maine; and

WHEREAS, the City has held a public hearing on the question of establishing the District in accordance with the requirements of 30-A M.R.S.A. §5226, upon at least ten (10) days prior notice published in a newspaper of general circulation within the City; and

WHEREAS, the City desires to designate the District and to adopt the Development Program for the District; and

WHEREAS, it is expected that approval will be sought and obtained from the Maine Department of Economic and Community Development ("DECD"), approving the designation of the District and the adoption of the Development Program; and

NOW THEREFORE, BE IT ORDERED BY THE CITY COUNCIL OF THE CITY OF AUBURN, MAINE:

Section 1. The City hereby finds and determines that:

(a) At least twenty-five percent (25%), by area, of the real property within the District, as hereinafter designated, is in need of rehabilitation, redevelopment or conservation or is suitable for commercial uses as defined in 30-A M.R.S.A. §5223(3); and

(b) The total area of the District does not exceed two percent (2%) of the total acreage of the City, and the total area of all development districts within the City (including the District) does not exceed five percent (5%) of the total acreage of the City; and

(c) The aggregate original assessed value of the District plus the original assessed value of all other existing tax increment financing districts in the City does not exceed five percent (5%) of the total value of taxable property within the City as of April 1, 2021; and

(d) The City Council has considered all evidence presented to it with regard to any adverse economic effect on or detriment to any existing business and has found and determined

DRAFT

that any such adverse economic effect on or detriment to any existing business is outweighed by the contribution expected to be made through the District and the adoption of the Development Program. The projects and improvements described in the Development Program will contribute to the economic growth and well-being of the City and the surrounding region, and will contribute to the betterment of the health, welfare and safety of the inhabitants of the City, including employment opportunities, a broadened and improved tax base and economic stimulus, and therefore constitutes a good and valid public purpose.

Section 2. Pursuant to Chapter 206 of Title 30-A of the Maine Revised Statutes, as amended, the City hereby designates the District and adopts the Development Program all as more particularly described in the Development Program presented to the City Council and such Development Program is hereby incorporated by reference into this vote as the Development Program for the District.

Section 3. Pursuant to the provisions of 30-A M.R.S.A. §5227, the percentage of increased assessed value to be retained in the District as captured assessed value and the term for which it will be retained is hereby established as set forth in the Development Program.

Section 4. The City Manager be, and hereby is, authorized, empowered and directed to submit the designation of the District and the Development Program to DECD for review and approval pursuant to the requirements of 30-A M.R.S.A. §5226(2).

Section 5. The foregoing designation of the District and adoption of the Development Program shall automatically become final and shall take full force and effect upon receipt by the City of approval of the designation of the District and adoption of the Development Program by DECD, without requirement of any further action by the City, the City Council, or any other party.

Section 6. The City Manager be and hereby is authorized and empowered, at his discretion, from time to time, to make such revisions and corrections to the Development Program or to the scope, cost or description of the public improvements to be financed with tax increment revenues generated by the District as described in the Development Program, and to the exhibits to the Development Program, as the City Manager deems reasonably necessary or convenient, necessary in order to facilitate the process for review and approval of the District or the Development Program by DECD, or for any other reason so long as such revisions are not inconsistent with these resolutions or the basic structure and intent of the Development Program.

Section 7. The City Manager be and hereby is authorized, empowered and directed to enter into the Credit Enhancement Agreement contemplated by the Development Program, in the name of and on behalf of the City, such agreement to be in such form and to contain such terms and provisions, not inconsistent with the Development Program, as the City Manager may approve, the City Manager's approval to be conclusively evidenced by his or her execution thereof.

DRAFT

This Order shall take effect immediately upon adoption.

Approved March 20, 2023, by the City Council, at a meeting duly convened and conducted in Auburn, Maine.

City Council Order 32-03202023
Approving the TIF #27 Stable Ridge Municipal Development Tax Increment Financing Development Program

WHEREAS, the City of Auburn (the "City") is authorized pursuant to Chapter 206 of Title 30-A of the Maine Revised Statutes, as amended, to designate specific areas within the City as the TIF #27 Stable Ridge Municipal Tax Increment Financing District ("the District") and to adopt a development program for the District (the "Development Program"); and

WHEREAS, there is a need to provide continuing employment opportunities for the citizens of the City and the surrounding region; to improve and broaden the tax base of the City; and to improve the general economy of the City, the surrounding region and the State of Maine; and

WHEREAS, adopting and implementing the District and the Development Program will help to improve and broaden the tax base in the City and improve the economy of the City and the State of Maine; and

WHEREAS, the City has held a public hearing on the question of establishing the District in accordance with the requirements of 30-A M.R.S.A. §5226, upon at least ten (10) days prior notice published in a newspaper of general circulation within the City; and

WHEREAS, the City desires to designate the District and to adopt the Development Program for the District; and

WHEREAS, it is expected that approval will be sought and obtained from the Maine Department of Economic and Community Development ("DECD"), approving the designation of the District and the adoption of the Development Program; and

NOW THEREFORE, BE IT ORDERED BY THE CITY COUNCIL OF THE CITY OF AUBURN, MAINE:

Section 1. The City hereby finds and determines that:
(a) At least twenty-five percent (25%), by area, of the real property within the District, as hereinafter designated, is in need of rehabilitation, redevelopment or conservation or is suitable for commercial uses as defined in 30-A M.R.S.A. §5223(3); and
(b) The total area of the District does not exceed two percent (2%) of the total acreage of the City, and the total area of all development districts within the City (including the District) does not exceed five percent (5%) of the total acreage of the City; and
(c) The aggregate original assessed value of the District plus the original assessed value of all other existing tax increment financing districts in the City does not exceed five percent (5%) of the total value of taxable property within the City as of April 1, 2021; and
(d) The City Council has considered all evidence presented to it with regard to any adverse economic effect on or detriment to any existing business and has found and determined that any such adverse economic effect on or detriment to any existing business is outweighed by the contribution expected to be made through the District and the adoption of the Development Program. The projects and improvements described in the Development Program will contribute to the economic growth and well-being of the City and the surrounding region, and will contribute to the betterment of the health, welfare and safety of the inhabitants of the City,

including employment opportunities, a broadened and improved tax base and economic stimulus, and therefore constitutes a good and valid public purpose.

Section 2. Pursuant to Chapter 206 of Title 30-A of the Maine Revised Statutes, as amended, the City hereby designates the District and adopts the Development Program all as more particularly described in the Development Program presented to the City Council and such Development Program is hereby incorporated by reference into this vote as the Development Program for the District.

Section 3. Pursuant to the provisions of 30-A M.R.S.A. §5227, the percentage of increased assessed value to be retained in the District as captured assessed value and the term for which it will be retained is hereby established as set forth in the Development Program.

Section 4. The City Manager be, and hereby is, authorized, empowered and directed to submit the designation of the District and the Development Program to DECD for review and approval pursuant to the requirements of 30-A M.R.S.A. §5226(2).

Section 5. The foregoing designation of the District and adoption of the Development Program shall automatically become final and shall take full force and effect upon receipt by the City of approval of the designation of the District and adoption of the Development Program by DECD, without requirement of any further action by the City, the City Council, or any other party.

Section 6. The City Manager be and hereby is authorized and empowered, at his discretion, from time to time, to make such revisions and corrections to the Development Program or to the scope, cost or description of the public improvements to be financed with tax increment revenues generated by the District as described in the Development Program, and to the exhibits to the Development Program, as the City Manager deems reasonably necessary or convenient, necessary in order to facilitate the process for review and approval of the District or the Development Program by DECD, or for any other reason so long as such revisions are not inconsistent with these resolutions or the basic structure and intent of the Development Program.

Section 7. The City Manager be and hereby is authorized, empowered and directed to enter into the Credit Enhancement Agreement contemplated by the Development Program, in the name of and on behalf of the City, such agreement to be in such form and to contain such terms and provisions, not inconsistent with the Development Program, as the City Manager may approve, the City Manager's approval to be conclusively evidenced by his or her execution thereof.

This Order shall take effect immediately upon adoption.

Approved March 20, 2023, by the City Council, at a meeting duly convened and conducted in Auburn, Maine.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: March 20, 2023 **Order:** 33-03202023

Author: Mark Conrad, Business Manager

Subject: FY 2024 School Budget Discussion

Information: The School Committee is currently reviewing the FY 2024 budget proposal submitted by the Superintendent of Schools. The FY 2024 operating budget proposed by the Superintendent is increasing by 5.9% to $58,951,552. Article 10 – Debt Service is increasing by $2,418,801, reflecting the last increase in bonding for the new High School. Excluding debt service the budget is increasing by only 1.7%. This budget includes the cost impact of opening the new High School, and cuts 23.5 positions, including 15.5 teachers, six educational technicians, a program director (RETC), and a substance abuse counselor.

The proposed FY 2024 revenue budget includes a budget reduction in state operating subsidy of $1,174,902, driven in part by a 4.5% increase in state property valuation. The state subsidy for debt service is increasing $2,128,066. With inflationary increases, debt service increases, the cost impact of the new High School, and the loss of State operating subsidy, even with a reduction of 23.5 staff positions the total local share is increasing by 7.3%, from $18,957,683 in FY 2023 to $20,347,617 in FY 2024.

The School Committee is scheduled to approve a school budget and forward it to the City Council on May 3, 2023.

City Budgetary Impacts: TBD

TO: Auburn City Council

FR: Dr. Cornelia Brown, Superintendent of Schools

DATE: March 10, 2023

RE: Approval of Referendum Question

At your March 20th meeting the Auburn City Council will be asked to the following referendum question:

"Shall the City of Auburn approve City Council Order__-____2023 and (a) authorize up to $4,598,331 in additional costs for environmental remediation (Polychlorinated Biphenyls (PCB) Abatement) of the soil and existing building material at the new high school project location, and (b) authorize up to $4,598,331 of the City's general obligation bonds (which may be callable) for that purpose (all of which additional bonds have been approved for State debt service subsidy support), the sale proceeds of which, together with investment earnings, if any, are appropriated to finance such costs (including costs of issuance and capitalized interest)?"

As you know, the existing Edward Little High School is scheduled for demolition following the opening of the new High School. Over the course of the project, with further testing for PCB remediation, the extent of the required abatement has significantly increased beyond the project allowance of $675,000, to a current estimate of over $5 million. This requires additional funding to the construction budget of just under $4.6 million.

For your information I would highlight the following points:

- The full cost of additional bonding required to raise these funds will fully qualify for State school subsidy funds. **The State of Maine will therefore fully fund this increase, with no impact on the local tax rate.**
- If the City of Auburn fails to approve these additional funds at referendum we will **not** have the funding available to demolish the existing High School. The building will remain empty on the site, resulting in the loss of athletic fields, parking, and the bus loop, and in additional costs to modify the existing site plan, particularly with regard to drainage.
- At a straw poll held on February 27, 2023 the 49 residents voting in the straw poll unanimously supported the referendum question.
- On March 8, 2023 the State Board of Education unanimously approved a revised concept approval for the Edward Little High School Construction Project, a necessary step to amend (increase) the approved construction budget and qualify for State subsidy.

For your additional information I have attached the Statement of Fact provided to the State Board of Information. Thank you for your support of this referendum question.

STATE OF MAINE

23 STATE HOUSE STATION
AUGUSTA, ME 04333-0023

JANET T. MILLS
GOVERNOR

PENDER MAKIN
COMMISSIONER

EXHIBIT IX.B.

To: Members of the State Board of Education

From: Pender Makin, Commissioner*

Date: March 8, 2023

Subject: Major Capital School Construction Program; REVISED Concept Approval Consideration; Auburn School Department-New Edward Little High School Construction Project

STATEMENT OF FACT

Superintendent Dr. Cornelia Brown requests that the State Board of Education grants REVISED Concept Approval for the new Edward Little High School (ELHS) in Auburn. The project, planned for 1,100 Auburn high school students and 210 Lewiston Regional Career and Technical Center (LRTC) students, is being constructed on the existing high school site adjacent to the current ELHS.

State Board of Education Site Approval occurred on September 12, 2018 and Concept Approval on April 10, 2019. The project was approved by local referendum vote on June 11, 2019. After receiving State Board of Education Design and Funding Approval on December 21, 2020, construction documents were issued for bidding.

The COVID pandemic began in March of 2020. Bids were opened on March 2, 2021. Two qualified bids were received, both well over budget. The lowest bid was 6% above cost estimates. Construction contingency was not funded to the 5% standard due to a lack of funds. Investigating cost saving options after bid opening, the owner, architect, and Department staff worked closely with the low bidder, Arthur C. Dudley Contractor/Builder of Standish, to eliminate the budget gap and keep the project on the approved schedule and budget. The most significant reductions came from value engineering, moveable equipment, and project contingency totaling $6,163,174. A construction contract was signed, and construction began immediately in March of 2021.

Due to the ongoing COVID pandemic and the global events that followed, the project experienced numerous challenges from its inception: increasing costs of materials, labor shortages, supply chain disruptions, and an extremely overloaded construction market. These conditions continued to worsen and placed unprecedented financial stress on the project. A process has been developed to allow specific material cost increases as a project contingency expense.

Due to required EPA comprehensive testing, a significant amount of polychlorinated biphenyl (PCB's) was identified in the existing ELHS which must be abated prior to demolition. If discovered earlier, the financial implications would have been reflected in the project budget presented at the time of Concept Approval. A final plan, which includes abatement, transportation,

disposal, and fees, requires an additional $4,598,331 bond to maintain other budget line items and keep the project on its schedule for student occupancy in Fall of 2023. This will allow the demolition and remaining site work to be completed by Summer of 2024.

This REVISED Concept Approval is being requested pursuant to Title 20-A M.R.S. §15905(1) and State Board of Education Rule, Chapter 61, Rules for Major Capital School Construction Projects.

Project Information:
Project: Auburn School Department - New Edward Little High School Construction Project
Superintendent: Dr. Cornelia Brown
Architect: Harriman – Mark Lee, Lisa Sawin
Schools to be closed: Existing Edward Little High School to be demolished

REVISED Project Budget Information:
Total Project Cost: $126,614,673 (increased by $4,598,331 from $122,016,342)
Local Only (no State participation): $16,117,492 (no increase)
Approved for State/Local Debt Service Subsidy: $110,497,181 (increased by $4,598,331 from $105,898,850)

COMMISSIONER'S RECOMMENDATION

The Commissioner of the Department of Education recommends that the State Board of Education grant REVISED Concept Approval to the Auburn School Department that includes an additional $4,598,331 in the project budget for the abatement of PCB's at the existing Edward Little High School to complete the construction project.

SCHOOL CONSTRUCTION COMMITTEE RECOMMENDATION

On February 24, 2023 the School Construction Committee recommended that this exhibit be placed on the March 8, 2023 State Board meeting agenda and that the State Board grant REVISED Concept Approval to the Auburn School Department that includes an additional $4,598,331 in the project budget for the abatement of PCB's at the existing Edward Little High School to complete the construction project.

CITY OF AUBURN
NOTICE OF PUBLIC HEARING

Pursuant to Section 8.13 of the City Charter, notice is hereby given that the Auburn City Council will hold a public hearing and second reading on Monday, April 3, 2023, at 7:00 p.m. in the Council Chambers, Auburn Hall, 60 Court Street on a proposed order authorizing $4,598,331 of the City's general obligation bonds to finance additional costs for environmental remediation (Polychlorinated Biphenyls (PCB) Abatement) of the soil and existing building material at the new high school project location. The order is available for inspection at the City Clerk's office during regular business hours and on the City's website: www.auburnmaine.gov.

Public comment may be given at the meeting or can be sent via email to: **comments@auburnmaine.gov**. Your comments will be included in the meeting minutes.

The City Council meeting can be viewed LIVE on on Great Falls TV channel 11 and on the City of Auburn YouTube channel.

Following the public hearing and first reading, the City Council expects to take final action on the order.

ORDER 33-03202023

City Council Order

IN CITY COUNCIL

ORDER – APPROVING $4,598,331 OF ADDITIONAL COSTS FOR ENVIRONMENTAL REMEDIATION OF NEW HIGH SCHOOL PROJECT AND AUTHORIZING GENERAL OBLIGATION BONDS AND A TAX LEVY THEREFOR

Be It Ordered by the Auburn City Council, following a public hearing duly called and held as required by Article 8, Section 8.13 of the Auburn City Charter:

THAT there be and hereby is authorized (a) $4,598,331 in additional costs for environmental remediation (Polychlorinated Biphenyls (PCB) Abatement) of the soil and existing building material at the new high school project location, and (b) issuance of up to $4,598,331 City of Auburn general obligation bonds, which may be sold at or above par, the sale proceeds of which, together with investment earnings, if any, are appropriated to finance such costs (including costs of issuance and capitalized interest).

Be It Further Ordered by the Auburn City Council:

THAT the Finance Director be and hereby is authorized and empowered, in the name of and on behalf of the City, to prepare, issue, and sell such bonds and notes in anticipation therof, in the aggregate amount of $4,598,331 at one time, or from time to time, as one or more separate bond issues or consolidated with any other issue of bonds and notes authorized to be issued by the City Council, as term bonds or serial bonds, through a public offering or a private placement, on a competitive or negotiated basis, or some combination of any of the foregoing, all as the Finance Director shall determine to be appropriate in her sole discretion.

THAT the bonds and notes authorized hereunder shall be executed in the name of and on behalf of the City by the City's Finance Director and its Treasurer, either or both of whose signatures may be by facsimile to the extent permitted by law, and shall bear the City seal thereon, attested by its Clerk.

THAT the Finance Director be and hereby is authorized and empowered, in the name of and on behalf of the City, to establish, determine and approve the form, dates, maturities (with the last maturity not to exceed the maximum term permitted by law), denominations, interest rates, places of payment, provisions for early redemption, with or without a premium, prior to the stated maturity date(s), and all other details, including the timing and manner of their sale and award, such approval to be conclusively evidenced by her execution thereof.

Belinda A. Gerry, At Large
Ryan Hawes, Ward Two
Leroy G. Walker, Ward Five
Jason J. Levesque, Mayor
Stephen G. Milks, Ward Three
Dana Staples, At Large
Phillip L. Crowell, Jr., City Manager

City Council Order

THAT a tax levy is hereby provided for each fiscal year that the bonds authorized hereunder remain outstanding to meet the annual installments of principal and interest as may accrue in each respective year.

THAT the Finance Director be and hereby is authorized and empowered, in the name of and on behalf of the City, to designate the bond or notes authorized hereunder, or a portion thereof, as qualified tax-exempt obligations under Section 265 of the Internal Revenue Code of 1986, as amended.

THAT the Finance Director be and hereby is authorized and empowered, in the name of and on behalf of the City, to do or cause to be done all such acts and things, including to approve and select a financial advisor and underwriter with respect to the issue, sale and delivery of the bonds and notes, and to approve, execute and deliver such contracts, agreements, loan agreements, investment agreements, bond purchase agreements, official statements, certificates, tax certificates, instruments, assignments and other documents (the " Bond Documents"), as may be necessary or advisable in order to accomplish the issuance of the bonds and notes, which Bond Documents may be in such form and contain such terms, conditions and provisions including, without limitation, the waiving of the City's sovereign or governmental immunity with respect to the enforceability of any of the forgoing, as may be approved by the Finance Director, such approval to be conclusively evidenced by her execution thereof.

THAT if the Finance Director, Treasurer, or Clerk are for any reason unavailable to approve and execute the bonds or any other Bond Document necessary or convenient to the issuance, execution and delivery of the bonds or notes, the person or persons then acting in any such capacity, whether on an interim or acting basis, as an assistant, a deputy, or otherwise, is authorized to act for such official with the same force and effect as if such official had himself or herself performed such act.

THAT if any of the officers or officials of the City who have signed or sealed the bonds or notes shall cease to be such officers or officials before the bonds or notes so signed and sealed shall have been actually authenticated or delivered by the City, such bonds or notes nevertheless may be authenticated, issued, and delivered with the same force and effect as though the person or persons who signed or sealed such bonds or notes had not ceased to be such officer or official; and also any such bonds or notes may be signed and sealed on behalf of the City by those persons who, at the actual date of the execution of such bonds or notes, shall be the proper officers and officials of the City, although at the nominal date of such bonds or notes any such person shall not have been such officer or official.

Phillip L. Crowell, Jr., City Manager

ORDER 33-03202023

City Council Order

THAT the City may pay certain costs of the projects prior to the issuance of the bonds and notes (referred to as "original expenditures"); to that end, the City hereby declares its official intent to reimburse itself for such original expenditures from the proceeds of such bonds and notes, and this Order shall constitute the City's declaration of official intent pursuant to Treasury Regulation §1.150-2.

THAT the bonds and notes authorized hereby are conditioned upon and made subject to an approving vote of the voters of the City.

A Public Notice describing the general purpose of the borrowing and the terms thereof and the times and places where copies of the bond proposal were available for inspection by the public was published on or before March 20, 2023, in the Lewiston Sun-Journal, a daily newspaper published in the City of Auburn and in Androscoggin County.

A public hearing was held on April 3, 2023.

TO: **Phillip Crowell, City Manager**

FROM: **Jill Eastman, Finance Director**

REF: **February 2023 Financial Report**

DATE: **March 20, 2023**

The following is a discussion regarding the significant variances found in the City's February financial report. Please note that although the monthly financial report contains amounts reported by the School Department, this discussion is limited to the City's financial results and does not attempt to explain any variances for the School Department.

The City has completed its eighth month of the current fiscal year. As a guideline for tracking purposes, revenues and expenditures should amount to approximately 66.7% of the annual budget. However, not all costs and revenues are distributed evenly throughout the year; individual line items can vary based upon cyclical activity.

Revenues

Revenues collected through February 28th, including the school department were $66,303,219 or 61.94% of the budget. The municipal revenues including property taxes were $44,798,901, or 63.56% of the budget which is less than the same period last year by 1.95%. The accounts listed below are noteworthy.

A. The current year tax revenue is at 62.56% compared to last year at 63.47% the second payment is due March 15th. We are currently $1,061,340 higher than last year at this time.

B. Excise tax for the month of February is at 68.82%. This is a $101,641 increase over FY 22.

C. State Revenue Sharing at the end of February is 96.62% or $4,351,685. The percentage is less than last year, but the dollars collected are $743,064 more than last year.

City of Auburn, Maine
Finance Department
www.auburnmaine.gov | 60 Court Street
Auburn, Maine 04210
207.333.6601

Expenditures

City expenditures through February 2023 were $35,605,613 or 69.39% of the budget. This is a decrease of 2.62%, but an increase in dollars of $1,685,308 for the same period last year. Noteworthy variances are:

A. Fiscal Services are higher than last year due to the increase in Debt Service payments for FY 23.

B. Public Safety and Public Works are higher than at this time last year.

C. Public Works is high than last year at this time by $ 326,459. This also includes solid waste disposal.

Investments

This section contains an investment schedule as of February 28th. Currently the City's funds are earning an average interest rate of 2.88%. I was also notified by Androscoggin Bank that they will be raising the interest rate on our accounts this month. (March).

Respectfully submitted,

Jill M. Eastman
Finance Director

Re: Arena Financial Reports for February 28, 2023

Attached you will find a Statement of Net Assets and a Statement of Activities and budget to actual reports for Norway Savings Bank Arena for revenue and expenditures as of February 28, 2023.

NORWAY SAVINGS BANK ARENA

Statement of Net Assets:
The Statement of Net Assets lists current assets, noncurrent assets, liabilities, and net assets and shows a comparison to the previous month, in this case, January 31, 2023.

Current Assets:
As of the end of February 2023 the total current assets of Norway Savings Bank Arena were ($1339,907). These consisted of cash and cash equivalents of $281,140, accounts receivable of $190,627, and an interfund payable of $1,811,720.

Noncurrent Assets:
Norway's noncurrent assets are equipment that was purchased, less depreciation (depreciation is posted at year end). The total value of the noncurrent assets as of February 28, 2023 was $147,691.

Liabilities:
Norway Arena had no accounts payable as of February 28, 2023.

Statement of Activities:

The statement of activities shows the current operating revenue collected for the fiscal year and the operating expenses as well as any nonoperating revenue and expenses.

The operating revenues for Norway Arena through February 2023 are $555,201. This revenue comes from the concessions, sign advertisements, pro shop lease, youth programming, shinny hockey, public skating, and ice rentals.

The operating expenses for Norway Arena through February 2023 were $511,567. These expenses include personnel costs, supplies, utilities, repairs, rent, capital purchases and maintenance.

At the end of February 2023, there was an operating gain of $43,634.

As of February 28, 2023, Norway Arena has an increase in net assets of $43,634.

The budget to actual reports for revenue and expenditures, with comparison to the same period last year show that revenue for FY23 is $555,201 more than in FY22 and expenditures in FY23 are $206,766 less than last year in February.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: March 20, 2023

Subject: Executive Session

Information: Economic Development, pursuant to 1 M.R.S.A. §405(6)(C) which premature disclosure would prejudice the competitive or bargaining position of the City. ***Possible action will follow.***

Executive Session: On occasion, the City Council discusses matters which are required or allowed by State law to be considered in executive session. Executive sessions are not open to the public. The matters that are discussed in executive session are required to be kept confidential until they become a matter of public discussion. In order to go into executive session, a Councilor must make a motion in public. The motion must be recorded, and 3/5 of the members of the Council must vote to go into executive session. An executive session is not required to be scheduled in advance as an agenda item, although when it is known at the time that the agenda is finalized, it will be listed on the agenda. The only topics which may be discussed in executive session are those that fall within one of the categories set forth in Title 1 M.R.S.A. Section 405(6). Those applicable to municipal government are:

A. Discussion or consideration of the employment, appointment, assignment, duties, promotion, demotion, compensation, evaluation, disciplining, resignation or dismissal of an individual or group of public officials, appointees or employees of the body or agency or the investigation or hearing of charges or complaints against a person or persons subject to the following conditions:
(1) An executive session may be held only if public discussion could be reasonably expected to cause damage to the individual's reputation or the individual's right to privacy would be violated;
(2) Any person charged or investigated must be permitted to be present at an executive session if that person so desires;
(3) Any person charged or investigated may request in writing that the investigation or hearing of charges or complaints against that person be conducted in open session. A request, if made to the agency, must be honored; and
(4) Any person bringing charges, complaints or allegations of misconduct against the individual under discussion must be permitted to be present. This paragraph does not apply to discussion of a budget or budget proposal;

B. Discussion or consideration by a school board of suspension or expulsion of a public school student or a student at a private school, the cost of whose education is paid from public funds, as long as:
(1) The student and legal counsel and, if the student is a minor, the student's parents or legal guardians are permitted to be present at an executive session if the student, parents or guardians so desire;

C. Discussion or consideration of the condition, acquisition or the use of real or personal property permanently attached to real property or interests therein or disposition of publicly held property or economic development only if premature disclosures of the information would prejudice the competitive or bargaining position of the body or agency;

D. Discussion of labor contracts and proposals and meetings between a public agency and its negotiators. The parties must be named before the body or agency may go into executive session. Negotiations between the representatives of a public employer and public employees may be open to the public if both parties agree to conduct negotiations in open sessions;

E. Consultations between a body or agency and its attorney concerning the legal rights and duties of the body or agency, pending or contemplated litigation, settlement offers and matters where the duties of the public body's or agency's counsel to the attorney's client pursuant to the code of professional responsibility clearly conflict with this subchapter or where premature general public knowledge would clearly place the State, municipality or other public agency or person at a substantial disadvantage;

F. Discussions of information contained in records made, maintained or received by a body or agency when access by the general public to those records is prohibited by statute;

G. Discussion or approval of the content of examinations administered by a body or agency for licensing, permitting or employment purposes; consultation between a body or agency and any entity that provides examination services to that body or agency regarding the content of an examination; and review of examinations with the person examined; and

H. Consultations between municipal officers and a code enforcement officer representing the municipality pursuant to Title 30-A, section 4452, subsection 1, paragraph C in the prosecution of an enforcement matter pending in District Court when the consultation relates to that pending enforcement matter.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: April 3, 2023

Author: Sue Clements-Dallaire, City Clerk

Subject: FY2024 Preliminary Budget and CIP 5-Year Plan discussion

---

Information: City Manager Phil Crowell will provide information to the Mayor and City Council regarding the FY24 Preliminary Budget and proposed 5-year Capital Improvement Plan.

City Budgetary Impacts: None at this time.

Staff Recommended Action: Review the preliminary budget and 5 year CIP plan/projects.

Previous Meetings and History: The 5 Year CIP Plan was discussed at the 3/20/2023 Council workshop.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: Final Five Year CIP Plan

March 30, 2023

Honorable Mayor Jason Levesque
Auburn City Council Members

RE: Five Year Capital Improvement Program Plan

Dear Mayor and Councilors:

The Five-Year City of Auburn Capital Improvement Plan is hereby submitted for your review in accordance with the provisions of the City Charter.

CAPITAL IMPROVEMENT

Introduction

My preliminary draft recommendations for the FY24 Capital Improvement Program were presented for your review at the Joint City Council and School Committee workshop on March 20, 2023. The City of Auburn Capital Improvement Plan, updated annually, is a five-year plan that serves as a multi –year planning instrument. The expectation is that looking longer-term will bring stability to requests over time. While the long-term CIP Plan takes a five year look at the needs of the city, the focus will be on the projects requested for the upcoming fiscal year. Finally, the initial presentation of the CIP includes all needs of the city to sustain operations.

As usual the CIP includes a spreadsheet for FY 2024 by expenditure and department, including the intended source of funds. There is also a more detailed sheet of expenditures planned for this year.

Charter Requirements

1. A clear general summary of its contents;
2. Identification of the long-term goals of the community;
3. A list of all capital improvements and other capital expenditures which are proposed to be undertaken during the fiscal years next ensuing, with appropriate supporting information as to the necessity of each;
4. Cost estimates and recommended time schedules for each improvement or other capital expenditures;
5. Method of financing upon which each capital expenditure is to be reliant;
6. The estimated annual cost of operating and maintaining the facilities to be constructed or acquired;
7. A commentary on how the plan addresses the sustainability of the community and the region of which it is a part; and
8. Methods to measure outcomes and performance of the capital plan related to the long-term goals of the community.

Long-term Goals

The goals of the City of Auburn focus on these 5 general areas. These are not in any particular order of importance:

1. Planning for a better future.
2. Reclaiming our streets.
3. Making housing more attainable.
4. Enacting resilient solutions.
5. Enriching neighborhood identities

The FY24 Work Plan recognizes that there are also other goals that serve as a "catch-all" for items outside of these 5 areas.

Of course, we must remain aware of the overall cost of services and taxes. And we must also acknowledge that there is a limit to the amount of spending and debt service the City can afford. This leads me to suggest that the CIP has a final, general goal, "to assure that the assets of the City are maintained in a fiscally responsible manner." Following this approach recognizes that neglect or underfunding the capital needs of the City results in long-term increased costs.

Cost and Schedule

Please see attached spreadsheet at the end of the memo.

Status (See Next Page)

Sustainability

Sustainability has two concepts that must be acknowledged. The first is the core principle that assets are maintained such that they do not deteriorate to the point of being destroyed or beyond repair. The second concept identifies that the City of Auburn can only afford to sustain a certain annual expense. The job of the staff and Council is to strike that balance the best way possible.

The following chart shows the amount of debt issued and retired over the last fifteen years.

CAPITAL IMPROVEMENT PROGRAM - Fund 3000

Average Debt Issued FY 08 - FY 23 $10,387,909

Minus the debt for ELHS new High School

Between FY09 and FY19 the City's total outstanding debt was reduced by **$22,601,149**. Due to the approval by the State of the New Edward Little High School, In FY 20 through FY 22 the City has borrowed the $120,000,000 to complete the project. Of this $120,000,000, the State of Maine will pay the debt service on approximately $105,000,000, leaving $15,000,000 to be paid by the City. It is my goal to keep the debt service payments at 12% - 14% of the total operating budget as recommended by our bond advisors. This is the range that bond rating agencies look favorably on. Less than this and the bond rating agencies will feel that we are not addressing our infrastructure needs. And more than this will make them concerned about our ability to repay the debt. These efforts in conjunction with other sound management policies should continue to support or improve the City's bond rating.

Per the State of Maine's state valuation for 2023, below is a table that shows what the City of Auburn's legal debt limitation is as of June 30, 2023. This statutory analysis needs to be reviewed with the understanding of the City's capacity to meet debt service payments.

CITY OF AUBURN, MAINE
Legal Debt Management
Last Ten Years

Computation of Legal Debt Margin
June 30, 2023

Total State Valuation	$ 2,607,050,000
Legal Debt Limitation:	
15% of State Valuation	391,057,500

Debt Applicable to Debt Limitation:

	Legal Maximum		Bonded General Obligation Debt		
				As a Percent of	
			Dollar	Legal	State
Purpose	Percentage	Amount	Amount	Maximum	Valuation
Municipal & School	15.0%	$ 391,057,500	-	0.00%	0.00%
		Margin for Additional Borrowing:	$ 391,057,500		

Historical Legal Debt Margin
Last Ten Fiscal Years

	Legal Debt Limit	Debt Outstanding	Legal Debt Margin	Debt Outstanding/ Legal Debt Limit
2007	$ 288,330,000	72,629,000	215,701,000	25.2%
2016	294,015,000	52,225,126	241,789,874	17.8%
2017	297,592,500	48,634,394	248,958,106	16.3%
2018	297,255,000	48,883,662	248,371,338	16.4%
2019	300,330,000	48,082,930	252,247,070	16.0%
2020	315,592,500	59,925,000	255,667,500	14.9%
2021	326,385,000	112,130,000	214,255,000	14.9%
2022	342,300,000	178,342,692	163,957,308	52.1%
2023	391,057,500	159,770,000	231,287,500	40.9%

The most significant impact to the City of Auburn's debt service being sustainable is investment in road infrastructure. Auburn's local roads currently have zero funding in the operating budget. In the City's Engineering CIP request there is $6.0 million recommended for this coming fiscal year. The $6.0 million, if funding and construction costs remain stable, would result in an ability to reconstruct, reclaim or overlay only 10% of the roads over the next 10 years.

The funding allocated to overlays will proportionally grow as the City's roadways are reconstructed. The overlay acts as a surface maintenance that protects and sustains previous reconstruction and reclamation projects. These funds account for 25% of the current request for the recommended budget but account for 80% of the roads undergoing work.

Capital Investment Director Dan Goyette has said a maintenance program that would stabilize the remaining 90% of local roads would require $10,000,000 per year. Due to both staff capacity and financial availability this is too much to add to the operating budget in one year.

Finally, I would like to thank the City Finance Director Jill Eastman for her major contribution to the preparation of this memo and her overall assistance with the Five-Year CIP Plan, the FY24 CIP, and the FY24 Budget. The City of Auburn has a capable and dedicated team with sound financial management.

Sincerely,

Phillip L. Crowell Jr.

Phillip L. Crowell Jr., City Manager

Project Title: Comprehensive Plan Program Implementation

Project Purpose: Implement Elements of the Comprehensive Plan Prioritized by

Copy picture here if available. Click on Insert, illustrations, Picture, resize to fit this box

Department: **Planning & Permitting**

Project Description: Comprehensive Plan Implementation Program-Council reserved funding for priority comprehensive plan efforts and property acquisition when opportunities present themselves. Past years projects include ballfields design, Mapping services for Comp Plan Update and printing updated plan, Lake Auburn Study.

Location:

Justification: Without these funds we will not be able to implement comprehensive and strategic plan initiatives. If there is not funding available the Council will need to budget for priorities next year and that does not place the City in a Competetive position for a property that may become available during the year. Council will be asked to vote to allocate this funding to specific efforts during the year.

Fiscal Year: **2024**

Priority: Very High

Project Title: **Scheduled Fleet Replacement**

Project Purpose: Vehicle Replacement

Department: **Police**

Project Description: Scheduled replacement of four police vehicles.

Location: **Police Department**

Justification: The department has established a three-year life cycle for the patrol fleet and a five to seven year life cycle for support vehicles. Due to previous budget cuts, the service life of some patrol vehicles has been extended. This has increased vehicle repair costs significantly while drastically reducing trade-in value. The department will trade out a 2012 vehicle, a 2015 vehicle and two 2016 vehicles. The department will purchase four new vehicles. one of which will be an electric vehicle for Support Services / CID.

Useful Life: Five Years

Project Title: **New Mini Bus**

Project Purpose: Replace "Age-Friendly" Mini Bus with a new one

Department: **Recreation**

Project Description: Current Mini Bus used for senior trips is in-need of many repairs and is currently unsafe to take on long trips. We are looking to replace that Mini Bus with a new one. Looking to add an additonal $2,500 to cover the possible repair costs in 2-3 years.

Location: **Auburn Senior Community Center**

Justification: Senior/age-friendly trips are limited to the space we have on our mini busses. With our before & aftercare program that limits the use of that "Rec" mini bus to 9-2PM Mon-Fri. Having another reliable bus will ensure that all programs get the proper and safe transportation.

Project Title: **Traffic Claming and Pedestrian Safety**

Project Purpose: To create targeted funds for neighborhood initiated traffic calm

Department: **Transportation**

Project Description: Modeling after the FY23 City Council amended request, these funds would be available to support the implementation of traffic calming and pedestrian safety efforts that align with neighborhood initiated requests.

Location: **Various locations throughout the City**

Justification: Traffic calming and pedestrian safety are regular requests from Coucilors and citizens city-wide. A dedicated fund of capial resources, aligned with policies to manage requests for safety evaluations, will improve livability in the city and support the Reclaiming our Streets recommendation in the strategic plan.

Project Description Form

Project Title: **LA911 Server Infrastructure Replacement**

Operational Funding Division: LA911 **Project Name:** Server Replacement

Est. Total Cost FY24:	0	**Est. Total Cost FY25-FY28:**	300,000
City Share FY24:	0	**City Share FY25-FY28:**	150,000

Project Description:
Planned LA911 Server Infrastructure Replacement. Hardware will be due to be replaced because of end of life (EOL) situations or replaced due to age of equipment, and manufacture support limitations in FY23. The Storage Area Networks (SAN), network switches, and servers that house the datacenter of LA911 will be due to be replaced in FY23. This project includes both the replacement of production site hardware and Disaster Recovery (DR) site hardware with reuse of current equipment as available. We have pushed the project to FY25 to align with planned relocation of the 9-1-1 Center.

Consistency with the Comprehensive or Strategic Plans or other related planning documents:
Organizations should proactively develop strategies that leverage resources, anticipate future requirements, and focus on business goals and performance objectives. As technology and other computing platforms become central to supporting the mission of the organization, effective planning for the management of these platforms has become vital.

Justification for project implementation/construction and segments, if applicable:
By not staying current with supported hardware and emerging technologies, systems become outdated, obsolete, and lose residual value. There is a high factor of risk involved in falling behind in a datacenter hardware lifecycle management. Potential issues are extended system downtime, data loss, and data corruption.

Future maintenance costs if known, including contracts and special service requirements:
All hardware purchased will have a 3 - 5 year life span. Recurring capital expenditure will be required each 3- 5 year cycle.

How were cost estimates obtained and expenditure commitment:
Worked with vendor to assess current usage and needs with planned growth and data trends.

Project Purpose: Replace worn-out equipment

Department: **Public Works**

Project Description: This unit is used for plowing and sanding/salting in winter months and ise used to move material to and from APW job sites in the summer months.

Location: **Woodbury Brackett Municipal Garage**

Justification: This would replace unit 16-single axle dump truck with plow and wing.

Useful Life: 10yrs

Cost FY 2024	Cost FY 2025	Cost FY 2026	Cost FY 2027	Cost FY 2028	**Total Cost**

Project Title: **Basketball Court Logo Update**

Project Purpose: Refinish basketball court and add rebrand Auburn logo

Department: **Recreation**

Project Description: Replace old logo with rebranded logo- would include shaving down entire court and cleaning off old lines.

Location: **Hasty Community Center**

Justification: Current logo is 10 years old and does not resemble our current logo or rebrand. Cost would include the annual cleaning that the floor gets so that would be taken off FY 24 budget. This quote also includes the cost of relining the court for pickleball, volleyball and basketball.

Project Title: **Ambulance Purchase**

Project Purpose: New equipment to meet service needs

Department: **EMS**

Project Description: Purchase one ambulance

Location: **Fire**

Justification: As call volumes continue to increase, Auburn EMS has reached the point where we must begin to staff a third ambulance to meet the service demands of the City. To prepare for having three staffed units, we must increase our fleet of ambulances. The current lead time from the ambulance vendor for a new ambulnace is 18-24 months. It is important that we make this purchase now to have the ambulance before the service demands exceed our ability to respond.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: April 3, 2023

Author: Eric J. Cousens, Planning and Permitting Director

Subject: Update on the licensing process for the Lewiston Falls/Monty Hydro Facility

---

Information: This is an informational update on the licensing process for the Lewiston Falls/Monty Hydro Facility on the main stem of the Androscoggin in anticipation of the expiration of the existing license in 2026. Our Comprehensive Plan, Strategic Plan, New Auburn Master Plan, the Androscoggin Greenway Plan and ATRC Bridging the Gaps Bicycle and Pedestrian Plans give staff substantive direction and support to advocate for needs, improvements and studies to identify the best way to meet identified needs to mitigate impacts of the facility on the community. The latest submittal is the Study report summarizing the studies completed to date during 2022: https://elibrary.ferc.gov/eLibrary/docinfo?accession_num=20230302-5205 . The city and other stakeholders requested recreational, aesthetic, cultural, hydro-facility operational and river flow related studies to ensure that we have the information needed to advocate for mitigation of facility impacts and needs of the community at future stages of the process. The City drafted study requests with stakeholders, including the City of Lewiston and at least 6 other stakeholder groups, to best advocate for Auburn's needs in this process. Most of the requests were included in the Study Plan. Past licensing processes have been more successful when there is coordination and agreement on study needs, rather than conflicting requests from multiple stakeholders. More studies will be completed in 2023 to inform the licensing process. Staff will file a response to reiterate that additional studies as outlined in the Study Plan remain to be completed in 2023, most notably stakeholder involvement in recreational and aesthetic flow studies.

The Pre-Application Document (PAD) was filed in 2021 and is available here: https://elibrary.ferc.gov/eLibrary/filelist?accession_num=20210804-5115 .

Staff will participate in virtual meetings to review the findings of the 2022 studies on **Wednesday April 5th.** The meetings will be held online (via Microsoft Teams) with a phone-in option. Brookfield (BWPH) will provide login/phone-in information and a more detailed agenda for each meeting to interested parties who plan on attending one or both meetings in advance of the meeting date. In order to plan accordingly, BWPH respectfully requests that agencies or stakeholders who plan on attending one or both meetings RSVP by contacting Jessica Antonez at **Jessica.Antonez@kleinschmidtgroup.com** on or before March 29, 2023.

10 AM - 12 PM Water Quality, Bass Spawning, Fish Assemblage, and Upstream Eel

2 PM - 3:30 PM Recreation and Aesthetics

City Budgetary Impacts: None.

Staff Recommended Action: Update and discussion

Previous Meetings and History: 6.6.2022 Communications(attached), 12.20.2021 Communications

Re: Hydropower, Rivers and Dams Update June 6, 2022, Council Meeting

Date: June 6, 2022, Council Meeting

Lewiston Auburn Riverfest

The Riverfest, sponsored by the Lewiston Auburn Metropolitan Chamber of Commerce, is scheduled for Friday June 17th and Saturday June 18th and has something to offer for everyone. Last year's event was well attended and a great success. This year offers a kickball tournament, Trek Across Maine welcome, Rowing Regatta, canoe rentals, Beer Garden and Food Trucks.

For a full schedule see the website: **https://discoverlamaine.com/the-riverfest/**

Lewiston Falls Monty Hydro Licensing Update

The Federal Energy Regulatory Commission licenses hydropower facilities. The city may participate and comment on a proposed license as a stakeholder, much like a resident participates in a Planning Board process at a public hearing. We only get a chance to comment on a license renewal every 30 to 50 years so it is important that we advocate for compatibility and even contribution to accomplishing community goals in exchange for using the public's river for private power generating revenues. The FERC process requires the applicant to address fisheries, recreation, water quality and other potential impacts of their operation with equal consideration compared to power generation. Documents related to current and past licensing processes are available here: https://www.auburnmaine.gov/pages/government/rivers-hydropower .

We updated the Council in December of 2021 to start to familiarize you with the current relicensing of the Lewiston Falls Monty Hydro Project (FERC P-2302) in preparation for future discussions. The relicensing process has begun for the Lewiston Falls/Monty Hydro Facility on the main stem of the Androscoggin in anticipation of the expiration of the existing license in 2026. Our Comprehensive Plan, Strategic Plan, New Auburn Master Plan, the Androscoggin Greenway Plan and ATRC Bridging the Gaps Bicycle and Pedestrian Plans give staff substantive direction and support to advocate for needs, improvements and studies to identify the best way to meet identified needs to mitigate impacts of project operations on the community. The Pre-Application Document (PAD) has been filed and is available here: https://elibrary.ferc.gov/eLibrary/filelist?accession_num=20210804-5115 . Despite advocacy for a more inclusive *Integrated Licensing Process*, (TLP Objection and ILP Request.pdf) the request for Traditional Licensing Process was approved by FERC for this relicensing and an initial stakeholder meeting was held ahead of schedule (Table 2-1, Page 41 of the linked PAD) in November. The city along with other stakeholders asked for recreational, aesthetic, cultural, hydro-facility operational and river flow related studies to ensure that we have the information needed to advocate for mitigation of facility impacts and needs of the community at future stages

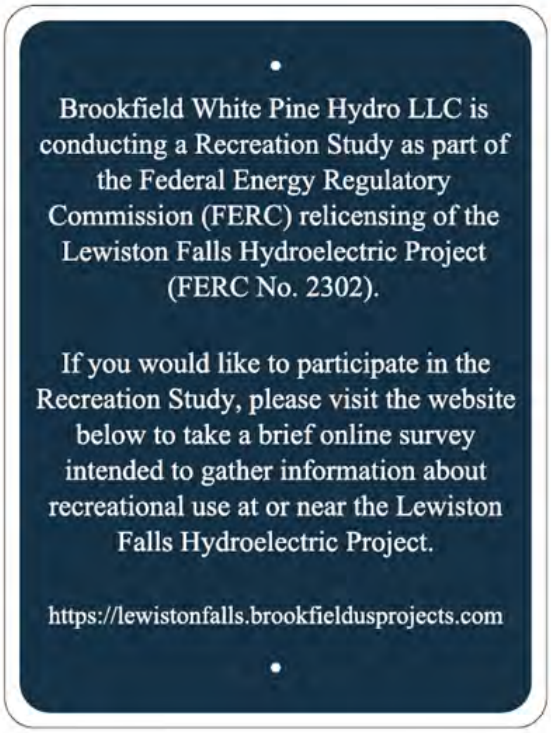
of the process. We submitted study requests with stakeholders, including the City of Lewiston and at least 6 other stakeholder groups, to best advocate for Auburn's needs in December of 2021 (Study Requests12.31.21). Past licensing processes have been more successful when there is coordination and agreement on study needs, rather than conflicting requests from multiple stakeholders. There will be public meetings and feedback needed from City Council, Committees and potentially legal counsel in the coming few years as we work with Brookfield and FERC on this important 40-year relicensing.

At this stage we have submitted comments on a Preapplication Document, preferred licensing process and a Draft Study Plan (StudyPlanComments31822.pdf) . A Final study Plan was proposed by Brookfield and they have begun the 2022 study season P2302FinalStudyPlan.pdf . Many agencies focused on different aspects of project operations and their impacts on the environment participate in the process. While the City has been supportive of studies requested by Maine DEP, NOAA Fisheries (NOAA Comments.pdf and Maine IFW related to water quality and fisheries improvement our focus has been on recreation, aesthetics of the falls and access for the public. Water quality, historic resources and fisheries are important to the City's overall recreational goals, but State and Federal Agencies are well equipped to for strong participation on those elements and we have collaborated with them.

The Final Study Plan (P2302FinalStudyPlan.pdf) covers almost all recreational elements requested for the main stem of the river-See pages 58-67 of the plan. The primary shortcomings relate to water quality monitoring in the Lewiston owned Canals and specific analysis of how water over the falls affects water quality and dissolved oxygen below the falls. The second part of that will have data available from the proposed water quality monitoring and we will continue to advocate for the analysis of how flows over the falls affect dissolved oxygen as part of the process, but it is currently not proposed. A primary shortcoming of the study plans is not including the canals in the study based on the argument that they are owned by Lewiston and not part of the project area mapped by FERC. In 2020 the project area was adjusted to remove nearly 4 miles of river and the canals from the FERC Project Boundary which the City opposed (Objection to P2302 Project Boundary Amendment 2020.pdf) but was ultimately approved by FERC. The ownership and FERC project Boundary test for inclusion in studies is not usually what determines if they are included. The test is whether the project operations impact the area, which they clearly do. Brookfield controls flows at this facility and at the upstream Gulf Island and Deer Rips hydro facilities and those three operations control water levels and flows in the canals that we believe are clearly affected by project operations. This raises a question of whether Auburn wants to advocate among stakeholders to exercise the FERC Study Dispute Process or take that on ourselves - either way we would need legal assistance and funding to do that. We are looking for preliminary feedback from Council on whether you wish to explore this further in an executive session. Staff's opinion is that we got most of what we asked for and would be happy to join Lewiston if they chose to challenge this important element, but that fight may not be our best use of limited resources.

The 2022 Study season is upon us, and Memorial Day Weekend will be the start of recreational monitoring and a survey for recreational users along the river in Auburn and Lewiston. We will be encouraging people who visit the area to take the time to fill out the survey. The results will be used to gauge recreational interest, benefits and

needs for the project area and nearby amenities affected by project operations. Signage has been placed along the Riverwalk and other project recreation facilities to alert the public of the existence of the survey and in person counts will be conducted by Brookfield staff throughout the summer. The website hosting the survey is here: https://lewistonfalls.brookfieldusprojects.com/ Results are intended to be collected based on specific locations visited and not from people that were there in the past so please encourage anyone visiting the riverfront area to check out the signs at Bonney Park, West Pitch Park, the North River Road Boat Launch, Durham Boat Launch or riverside parks and trails in Lewiston and provide feedback for each location that they enjoy or desire improvements. We will promote awareness of the effort on social media and any other opportunities.



Little Androscoggin River Dams - Recreation and Restoration Opportunities

Barker Mill Dams Update: The City participated, with other stakeholders, in the relicensing process at Lower and Upper Barker Mill Dams which are relatively small generators with limited profits. We achieved recreational benefits including increased minimum flows and controlled releases for whitewater paddling. The licensee looks very close to a settlement agreement to resolve a dispute over fish passage where the applicant used upstream obstructions as one reason not to restore fish access in the watershed. It looks like fish passage will be required during the terms of the new licenses and in exchange KEI will likely get a longer than normal license term of up to 45 years. Not many people that were here for this licensing process will be active participants in the next one. The proposed Settlement agreement would require KEI to install upstream passage for American eel for the 2026 migration season (June 1, 2026) and required to install upstream passage for anadromous fish species by the 2031 migration season (May 1, 2031), subject to a consideration of "New Information" as defined in the Settlement.

Littlefield Dam Update: The Littlefield Dam is the next obstruction upstream that impacts recreation, the environment and fish movement in the river. Past efforts to apply for grants to remove the unused partially breached dam have not been funded and required significant local match. There is a potential new opportunity in the coming years that has been explored by the Conservation Commission and Federal Grant Funding Sources that could go beyond restoration and include development of improved recreational access that furthers goals of the Comprehensive and Strategic Plans of the City. The anticipated funding sources may also be match free with the Little Androscoggin being identified as critical Atlantic Salmon Habitat. Sam Boss, Conservation Commission Chair explains this exciting opportunity below. Staff is hopeful that the City might be able to fund a planning and design exercise to position us for successful application when the funding becomes available. One option is to appropriate Comprehensive Plan Implementation funds if the Council is interested in this.

City Council, Mayor, and City Staff,

The Conservation Working Group has a longstanding interest in the removal of the defunct Littlefield Dam, which is a major barrier to fish passage on the Little Androscoggin River. Earlier this year we learned of an upcoming opportunity to apply for federal funds to support dam removals and other fish passage restoration efforts. The 2021 Infrastructure and Jobs Act allocated $400 million to the National Oceanic and Atmospheric Association (NOAA) to restore fish passage through the removal of dams and other barriers (further

information here). NOAA will award $80 million in grants for each of the next five years to support communities in undertaking river restoration efforts. Although a request for proposals has not yet been released, our contacts at NOAA have confirmed that the grants *will not* require a matching contribution from municipalities to support the costs of projects. Partner organizations such as Maine Rivers, the Androscoggin Watershed Council, and Trout Unlimited have described this funding and the lack of a matching requirement as a once-in-a-lifetime opportunity to make significant progress with river restoration efforts.

Because of the expected terms of the NOAA grants, we anticipate that the process will be highly competitive, and we have been working to lay the groundwork for a strong proposal when funds are released. Although some funding will be available to support the planning stages of dam removal and subsequent restoration efforts, we expect that shovel ready projects will have the best chance of receiving full funding. To this end, it would aid the development of a proposal significantly if the Council can provide funding to support further site assessments and planning. We have led multiple site visits, and have been in consistent conversation with local stakeholders including property owners on Littlefield Road and Panolam Surface Systems. Our goal is to identify scenarios for removing the dam that maximize ecological and recreational benefits to the broader community while minimizing any negative impacts for abutting property owners.

Outlined below are several key reasons to support the removal of the Littlefield Dam and further restoration efforts in the Little Androscoggin watershed.

1. **Improved fish passage and other ecological benefits**

   The Littlefield Dam is a full or partial barrier to fish passage, depending on the time of year and water levels. Removing the Littlefield Dam would help to pave the way for further efforts to restore fish species including alewives, shad, and American Eels to the Androscoggin watershed. These species need to travel freely from the ocean into freshwater rivers to spawn. Alewives in particular are a keystone species that provide a particularly important food source for the endangered Atlantic Salmon, as well as several other fish species (further information here). Removal of the Littlefield Dam will demonstrate our commitment to improving fish passage and strengthen our position in future negotiations for fish passage on the Lower and Upper Barker Dams. In addition to improving fish passage, dam removal improves dissolved oxygen content and sediment transfer, leading to healthier riverine ecosystems.

2. **Avoid potential safety issues**

   The Littlefield Dam has not been operational for at least fifty years, and there is no indication it has received regular maintenance in that time; FERC records indicate the most recent effort to restore the dam to production was in the 1980s, but that effort ultimately failed. During site visits when the water levels have been lower, we have observed significant corrosion of the bottom of the dam; high precipitation events or ice jams could eventually cause the dam to break in an uncontrolled way that would send concrete debris and sediment downriver and pose potential hazards to property owners and industries downriver. The dam can also present risks to swimmers, hikers, etc. who may go too close to the dam and not realize the dangers of its undertow. Taking full advantage of NOAA funds now to remove the dam in a controlled way will avoid the potential safety issues these scenarios could cause in the future.

3. **Improved recreational opportunities**

The Little Androscoggin is an underutilized resource for recreation that runs through the heart of Auburn. Removal of the Littlefield Dam could open up approximately four miles of the river for passage of kayaks and canoes and other small craft, with the potential that more of the river upstream would be navigable, depending on the water levels and time of year. NOAA staff have indicated that applicants should "think big", and submit a proposal that would support not only the removal of the dam, but the creation of possible recreational improvements such as a boat launch at the site, and restoration/modification of the riverbed to facilitate passage of boats and fish.

More information about the points outlined above is available on request (auburn.me.conservation@gmail.com).

Respectfully submitted,

Sam Boss, Chair

Conservation Working Group

Lewiston Falls Hydroelectric Project (FERC No. 2302) Relicensing Study Report Meeting

Jessica Antonez <Jessica.Antonez@Kleinschmidtgroup.com>

Fri 3/10/2023 1:35 PM

To: Anderson, Luke <Luke.Anderson@brookfieldrenewable.com>

Some people who received this message don't often get email from jessica.antonez@kleinschmidtgroup.com. Learn why this is important

Dear Stakeholders:

On March 2, 2023, Brookfield White Pine Hydro (BWPH) distributed to Stakeholders via email and electronic link (FERC's eLibrary at https://elibrary.ferc.gov/eLibrary/docinfo?accession_num=20230302-5205), six of the study reports for resource studies conducted in 2022 for the Lewiston Falls Project relicensing effort.

On behalf of BWPH, we are providing the following schedule for interested stakeholders to participate in a virtual meeting to review the findings of the 2022 studies. Given the number of studies and the varying topics, we are dividing the meeting into two sessions on Wednesday April 5th.

- 10 AM - 12 PM Water Quality, Bass Spawning, Fish Assemblage, and Upstream Eel
- 2 PM - 3:30 PM Recreation and Aesthetics

The meetings will be held online (via Microsoft Teams) with a phone-in option. We will provide login/phone-in information and a more detailed agenda for each meeting to interested parties who plan on attending one or both meetings in advance of the meeting date. In order to plan accordingly, BWPH respectfully requests that agencies or stakeholders who plan on attending one or both meetings RSVP by contacting Jessica Antonez at Jessica.Antonez@kleinschmidtgroup.com on or before March 29, 2023.

Finally, BWPH is extending the comment due date (from April 3rd, as noted in the study report cover letter) to April 14, 2023, to allow for additional time to have a meeting to review the study findings before comments are due.

Please contact Luke Anderson, Licensing Manager, with any questions at Luke.Anderson@brookfieldrenewable.com.

If you would like to be removed from this distribution list or have updated contact information, please contact Jessica Antonez and Jessica.Antonez@kleinschmidtgroup.com.

Thank you,

Jessica Antonez
Associate Licensing Coordinator
Kleinschmidt
Office: 207-416-1214

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: April 3, 2023

Subject: Executive Session

Information: Economic development, pursuant to 1 M.R.S.A. Section 405(6) (C) which premature disclosure would prejudice the competitive or bargaining position of the City.

Executive Session: On occasion, the City Council discusses matters which are required or allowed by State law to be considered in executive session. Executive sessions are not open to the public. The matters that are discussed in executive session are required to be kept confidential until they become a matter of public discussion. In order to go into executive session, a Councilor must make a motion in public. The motion must be recorded, and 3/5 of the members of the Council must vote to go into executive session. An executive session is not required to be scheduled in advance as an agenda item, although when it is known at the time that the agenda is finalized, it will be listed on the agenda. The only topics which may be discussed in executive session are those that fall within one of the categories set forth in Title 1 M.R.S.A. Section 405(6). Those applicable to municipal government are:

A. Discussion or consideration of the employment, appointment, assignment, duties, promotion, demotion, compensation, evaluation, disciplining, resignation or dismissal of an individual or group of public officials, appointees or employees of the body or agency or the investigation or hearing of charges or complaints against a person or persons subject to the following conditions:
(1) An executive session may be held only if public discussion could be reasonably expected to cause damage to the individual's reputation or the individual's right to privacy would be violated;
(2) Any person charged or investigated must be permitted to be present at an executive session if that person so desires;
(3) Any person charged or investigated may request in writing that the investigation or hearing of charges or complaints against that person be conducted in open session. A request, if made to the agency, must be honored; and
(4) Any person bringing charges, complaints or allegations of misconduct against the individual under discussion must be permitted to be present. This paragraph does not apply to discussion of a budget or budget proposal;

B. Discussion or consideration by a school board of suspension or expulsion of a public school student or a student at a private school, the cost of whose education is paid from public funds, as long as:
(1) The student and legal counsel and, if the student is a minor, the student's parents or legal guardians are permitted to be present at an executive session if the student, parents or guardians so desire;

C. Discussion or consideration of the condition, acquisition or the use of real or personal property permanently attached to real property or interests therein or disposition of publicly held property or economic development only if premature disclosures of the information would prejudice the competitive or bargaining position of the body or agency;

D. Discussion of labor contracts and proposals and meetings between a public agency and its negotiators. The parties must be named before the body or agency may go into executive session. Negotiations between the representatives of a public employer and public employees may be open to the public if both parties agree to conduct negotiations in open sessions;

E. Consultations between a body or agency and its attorney concerning the legal rights and duties of the body or agency, pending or contemplated litigation, settlement offers and matters where the duties of the public body's or agency's counsel to the attorney's client pursuant to the code of professional responsibility clearly conflict with this subchapter or where premature general public knowledge would clearly place the State, municipality or other public agency or person at a substantial disadvantage;

F. Discussions of information contained in records made, maintained or received by a body or agency when access by the general public to those records is prohibited by statute;

G. Discussion or approval of the content of examinations administered by a body or agency for licensing, permitting or employment purposes; consultation between a body or agency and any entity that provides examination services to that body or agency regarding the content of an examination; and review of examinations with the person examined; and

H. Consultations between municipal officers and a code enforcement officer representing the municipality pursuant to Title 30-A, section 4452, subsection 1, paragraph C in the prosecution of an enforcement matter pending in District Court when the consultation relates to that pending enforcement matter.

(1) An executive session may be held only if public discussion could be reasonably expected to cause damage to the individual's reputation or the individual's right to privacy would be violated;
(2) Any person charged or investigated must be permitted to be present at an executive session if that person so desires;
(3) Any person charged or investigated may request in writing that the investigation or hearing of charges or complaints against that person be conducted in open session. A request, if made to the agency, must be honored; and
(4) Any person bringing charges, complaints or allegations of misconduct against the individual under discussion must be permitted to be present. This paragraph does not apply to discussion of a budget or budget proposal;

B. Discussion or consideration by a school board of suspension or expulsion of a public school student or a student at a private school, the cost of whose education is paid from public funds, as long as:
(1) The student and legal counsel and, if the student is a minor, the student's parents or legal guardians are permitted to be present at an executive session if the student, parents or guardians so desire;

C. Discussion or consideration of the condition, acquisition or the use of real or personal property permanently attached to real property or interests therein or disposition of publicly held property or economic development only if premature disclosures of the information would prejudice the competitive or bargaining position of the body or agency;

D. Discussion of labor contracts and proposals and meetings between a public agency and its negotiators. The parties must be named before the body or agency may go into executive session. Negotiations between the representatives of a public employer and public employees may be open to the public if both parties agree to conduct negotiations in open sessions;

E. Consultations between a body or agency and its attorney concerning the legal rights and duties of the body or agency, pending or contemplated litigation, settlement offers and matters where the duties of the public body's or agency's counsel to the attorney's client pursuant to the code of professional responsibility clearly conflict with this subchapter or where premature general public knowledge would clearly place the State, municipality or other public agency or person at a substantial disadvantage;

F. Discussions of information contained in records made, maintained or received by a body or agency when access by the general public to those records is prohibited by statute;

G. Discussion or approval of the content of examinations administered by a body or agency for licensing, permitting or employment purposes; consultation between a body or agency and any entity that provides examination services to that body or agency regarding the content of an examination; and review of examinations with the person examined; and

H. Consultations between municipal officers and a code enforcement officer representing the municipality pursuant to Title 30-A, section 4452, subsection 1, paragraph C in the prosecution of an enforcement matter pending in District Court when the consultation relates to that pending enforcement matter.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: April 3, 2023 **Order:** 36-04032023

Author: Sue Clements-Dallaire, City Clerk

Subject: Scheduling the School Budget Validation Referendum Election to be held on June 13, 2023

Information:
Title M.R.S.A. 20-A, Section 2307 requires Municipalities to conduct a School Budget Validation Referendum Election each year.

The date is consistent with previous years, and there is a cost savings when holding this election at the same time as a State election which is normally the second Tuesday in June. It also results in better voter turnout.

City Budgetary Impacts: N/A

Staff Recommended Action: Recommend passage of this order.

Previous Meetings and History: N/A

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: Order

ORDER 36-04032022

City Council Order

IN CITY COUNCIL

ORDERED, that the City Council hereby sets the date to hold the School Budget Validation Referendum Election for Tuesday, June 13, 2023.

City of Auburn
City Council Information Sheet

Council Meeting Date: April 3, 2023 **Order:** 45-04032023*

Author: Jason D. Moen, Chief of Police

Subject: Transfer of Forfeiture Assets – Tyler Poland #1

Information:

In 2016, Auburn Police Department DEA Task Force officers received confidential intelligence information from multiple sources and began a three-month investigation. Other agencies including federal, state and local law enforcement participated in extensive surveillance. In February 2018, DEA Task Force members as well as 11 Auburn Police Department officers supported DEA during a large enforcement operation involving the execution of nineteen (19) simultaneous federal search warrants involving the seizure of large amounts of drug and non-drug evidence. Subsequent to this operation, Auburn PD's Task Force Officer drafted a report detailing the execution of a search warrant on Merrow Road in Auburn, Maine, and the acquisition of non-drug exhibits. $32,000.00 in a financial account was seized.

City Budgetary Impacts: The Department of the Treasury seeks to transfer $1,600.00 (5% of the $32,000. Seizure) in U.S. Currency to the Auburn Police Department. Funds will be used for the purchase of equipment.

Staff Recommended Action: Vote to accept the transfer of $1,600.00.

Previous Meetings and History: None

IN COUNCIL REGULAR MEETING MARCH 20, 2023, VOL. 37 PAGE 20

Mayor Levesque called the meeting to order at 7:01 P.M. in the Council Chambers of Auburn Hall and led the assembly in the salute to the flag. All Councilors were present.

7:00 P.M. City Council Meeting

Pledge of Allegiance

I. Consent Items

1. Order 30-03202023*
Confirming Chief Moen's appointments of Andrew Shute and Andrew St. Pierre as Constable with firearm/arrest powers for the Auburn Police Department.

2. Order 31-03202023*
Authorizing the City Clerk to waive the $200 business license fee for Auburn Suburban Baseball and Softball.

Motion was made by Councilor Staples and seconded by Councilor Walker for passage of the two consent items.

Passage 7-0.

II. Minutes – March 6, 2023, Regular Council Meeting

Motion was made by Councilor Walker and seconded by Councilor Milks to approve the minutes of the March 6, 2023 Regular City Council meeting.

Passage 6-0-1 (Councilor Staples abstained as he was not present for the meeting).

III. Communications, Presentations and Recognitions

Council Communications

David Chittim, President of the Androscoggin Historical Society announced that AHS turn one hundred years old this year. He also announced that they have purchased a building in Lewiston (93 Lisbon Street) after 86 years being located in the Androscoggin Court House building. He stated that they are hoping to raise a total of $750,000 over the next few years. He said they are requesting a grant from the City of Auburn in the amount of $60,000 adding that Lewiston granted them $75,000 last year. He noted that they will also be reaching out to other towns. The Mayor followed by stating that he submitted an endorsement for funding for this project with Senator Collins. A copy which will be included in the minutes.

Councilor Morin stated that he recalls visiting the Androscoggin Historical Society when he was in school, adding that he has a personal passion for history and he thanked Mr. Chittim for coming in and speaking.

Manager Crowell reported that on May 3rd the City of Auburn will collaborate with the Police Activities League (PAL) to bring LEADERCAST to the community. This is an important fundraiser for PAL. More information can be found on www.auburnpal.com or they can contact Liz Allen. He also shared the annual report with the Council and members of the public.

Mayor Levesque announced that the Lobster Festival is moving forward in May at Festival Plaza. He added that this event is also to raise money for the Maine Lobstermen Association. One fundraiser is a buoy painting contest where members of the public can buy a buoy for $20, decorate it, bring it to the festival and the winner of the event will receive 50% of the proceeds and the other half will be donated to the Maine Lobstermen Association. He also talked about the corner store initiative and talked about proposing a program on sustainable food options. He said he will ask for input from the Sustainability and Natural Resource Board (SNRB).

IV. **Open Session** – No one from the public spoke.

V. **Unfinished Business** - None

VI. **New Business**

Order 33-03202023
Approving $4,598,331 of additional costs for environmental remediation of the new high school project and authorizing general obligation bonds and a tax levy therefor. First reading.

Motion was made by Councilor Walker and seconded by Councilor Whiting for passage.

Public comment – No one from the public spoke.

Passage 7-0. A roll call vote was taken.

1. **Public hearing** – Stable Ridge TIF (Tax Increment Financing) District #27.

Mayor Levesque opened the public hearing at 7:36 pm.

John Cleveland, 183 Davis Avenue first commented on the TIF piece of this, noting that there are reasons to do that, and the percentage of the TIF is up to the Council. He then commented on the credit enhancement agreement portion adding that he doesn't think there is a need to offer this on a finished project and asked that it be removed.

Jeffrey Harmon, 34 Vista Drive commented on the credit enhancement agreement noting that at no time during this project did the developer come forward for assistance or ask for an incentive. He added that there is no community benefit in extending this rebate to the developer.

Celia Mcguckian, 10 Fairmount Avenue commented on a news article which stated that 5 police officers left Auburn for another municipality because of the budget. She stated that the $500,000 could help to keep our police officers here.

Ryan Smith, 14 Weaver Street reiterated the comments made by other speakers about the credit enhancement agreement. He commented on the numbers that were provided adding that he believes those are based on phase 2 of the development and when you assume the numbers, you should assume about half if the second phase of the development is denied again by the Planning Board. He added that he would rather see a 60% TIF so we can still control 40% and no credit enhancement.

Mayor Levesque closed the public hearing at 7:43 pm.

2. **Order 32-03202023**
Approving TIF (Tax Increment Financing) District #27 Stable Ridge Development.

Motion was made by Councilor Morin and seconded by Councilor Milks for passage.

Public comment – No one from the public spoke.

Motion was made by Councilor Hawes and seconded by Councilor Milks to amend the language in section 7 as follows:

Section 7. *The City Council will reconvene at a later date to review, hold a public hearing and vote to authorize the City Manager ~~be and hereby is authorized, empowered and directed~~ to enter into the Credit Enhancement Agreement contemplated by the Development Program, in the name of and on behalf of the City, such agreement to be in such form and to contain such terms and provisions, not inconsistent with the Development Program, as the City Manager may approve, the City Manager's approval to be conclusively evidenced by his or her execution thereof.*

Passage 4-3 (Councilors Gerry, Whiting, and Walker opposed).

Motion was made by Councilor Staples and seconded by Councilor Gerry to amend by striking any reference to "credit enhancement agreement".

Failed 3-4 (Councilors Hawes, Milks, Morin, and Walker opposed).

Passage of Order 32-03202023 as amended 4-3 (Councilors Staples, Gerry, and Whiting opposed). A roll call vote was taken.

3. **Order 33-03202023**
Approving $4,598,331 of additional costs for environmental remediation of the new high school project and authorizing general obligation bonds and a tax levy therefor. First reading.

This item was taken out of order and voted on earlier on in the meeting.

4. **Order 34-03202023**
Authorizing the City Manager to execute the Collective Bargaining Agreement with the Fraternal Order of Police Union, Command Division, effective 07/01/2023.

Motion was made by Councilor Walker and seconded by Councilor Morin for passage.

Public comment – No one from the public spoke.

Passage 7-0.

5. Order 35-03202023
Authorizing the City Manager to execute the Collective Bargaining Agreement with the Fraternal Order of Police Union, Patrol Division, effective 07/01/2023.
Motion Walker/Morin

Public comment – No one from the public spoke.

Passage 7-0.

VII. Open Session

Fred Stone, 169 Royal River Road, stated that he is trying to build a small campground on his property to pay the taxes. He has a preliminary plan. He said the property is in the accepted use of Ag Zone and he is concerned that this may become all residential because the campground will not work if this happens.

VIII. Reports

Mayor Levesque reported that the School Committee is meeting every week to discuss the budget, the Legislative Policy Committee (LPC) has been meeting and he will be going to Washington DC along with the City Manager on Tuesday.

Councilor Staples said he represented the city along with City staff at the opening of LA Arts back in February, adding that it was a great event.

Councilor Walker announced that on Friday, March 17th the Age Friendly Committee put on a St Patrick's Day dinner, approximately 140 people showed up. He said they are also working with the General Assistance department to help out people that are unhoused or in need. They are planning to offer lightly worn clothing, if not brand new to those in need. This will be held on March 25th from noon - 2:00 pm at the Senior Center. Donations are welcome. They are also putting on a Movie tomorrow at the Senior Center. It is a free event, however $1.00 donations welcome but not necessary.

Councilor Morin reported that on Saturday he watched his son got his orange belt at Phoenix Karate, then went to the Home Show at the Norway Savings Bank Arena. It was a well-attended, well managed, and well represented event.

Councilor Milks announced that the Sewer District will be meeting tomorrow at 4:00 pm and the Water District will be meeting on Wednesday, also at 4:00 pm at the Auburn Water District.

Councilor Whiting said he took a field trip to University of Maine, Orono, to see their 3D printer where they constructed a house with it. It is the biggest in the world other than one that does cement based products.

Councilor Gerry said that she has been contacted by constituents who have asked that when we start posting roads due to the spring thaw, that we give them a heads up so they can get their equipment out of the woods.

Jill Eastman, Finance Director – February 2023 Finance Report

Motion was made by Councilor Milks and seconded by Councilor Whiting to accept and place on file the February 2023 final finance report.

Passage 7-0.

IX. Executive Sessions

1. Economic Development, pursuant to 1 M.R.S.A. §405(6)(C) which premature disclosure would prejudice the competitive or bargaining position of the City.

   Motion was made by Councilor Staples and seconded by Councilor Morin for passage.

   Passage 6-0 (Councilor Walker was not in the room for the vote).

   Time in 8:23 pm.

   Council was declared out of executive session at 8:42 pm.

2. Labor contract negotiations – Public Works Teamsters (Drivers), pursuant to 1 M.R.S.A. §405(6)(D).

   Motion was made by Councilor Gerry and seconded by Councilor Whiting for passage.

   Passage 7-0.

   Time in 8:43 pm.

   Council was declared out of executive session at 8:48 pm.

3. Labor contract negotiations – Public Works Teamsters (Mechanics), pursuant to 1M.R.S.A. §405(6)(D).

   Motion was made by Councilor Hawes and seconded by Councilor Whiting for passage.

   Passage 7-0.

   Time in 8:48 pm.

   Council was declared out of executive session at 8:50 pm.

X. Adjournment

Motion was made by Councilor Morin seconded by Councilor Hawes to adjourn. Unanimously approved and the meeting adjourned at 8:50 pm.

A TRUE COPY ATTEST Susan Clements-Dallaire

March 15, 2023

Senator Susan Collins
55 Lisbon Street
Lewiston, Maine 04240

Re: Androscoggin Historical Society

Dear Senator Collins:

I have recently learned that the Androscoggin Historical Society is planning to apply for a HUD grant through the Economic Development Initiative Program. I encourage you to support this application, not only for the historical society itself, but for the spin-off effects on the local economy.

The Society is a long-time stable force in our community and is now undergoing a metamorphosis to broaden its influence. Its new home will provide it with greater exposure and allow it to attract more consumers to our county.

Auburn benefits from the activities of the Androscoggin Historical Society both culturally and economically. Its programs at the one-room 1850 West Auburn Schoolhouse and at the 1796 Knight House in downtown Auburn attract visitors from far and wide, visitors who also patronize local hotels, restaurants, and retail businesses.

I believe that inclusion of $150,000 in directed spending for the AHS will result in benefits for the entire community and I encourage you to include it in your spending package. Thank you for your consideration.

Sincerely,

Jason Levesque
Mayor

The Androscoggin Historical Society

Re: Request for funds

Dear Mr. Crowell:

Thank you for the opportunity to reintroduce the Androscoggin Historical Society to members of the Council and the public at Monday's Council Meeting. It was a pleasure to meet you and was gratifying to hear the Mayor's endorsement and the pleasant recollections of Councillor Morin.

Two years ago, the AHS was operating with an annual budget of $28,000, in obscurity on the third floor of the County Building. Recognizing that this was not the highest and best use of our assets, the Directors embarked on an ambitious plan to find a more central location, increase our weekly hours from 10 to at least 40, hire a full-time Executive Director, and expand our outreach programs. This tall order was viewed as a daunting challenge, but the Board pressed on, acquiring the law offices of Murphy and Coyne at 93 Lisbon Street in Lewiston. We have established the framework for a new, professional organization and have raised $263,000 toward our target of $750,000.

Following up on my presentation to the Council, this letter is a formal request for $60,000 from the City of Auburn to help us reach these goals.

I have included a brochure describing the campaign and its goals and would be happy to answer any questions or supply any other information you may require.

Sincerely,

David Chittim
President

Subject: LA Arts budget proposal FY'24

January 23, 2023

Phillip L. Crowell, Jr., City Manager
City of Auburn
60 Court Street
Auburn, Maine 04210

Dear Phil,

Attached please find LA Arts' proposed budget for FY 2024.

We are requesting from the City Auburn in FY 2024 a renewal of our FY 2023 grant of $30,000.

This year we have been delighted to relaunch our long-standing collaboration with the City of Auburn and with the artists, arts organizations, and citizens of Auburn by means of this support for our work. In particular, it has been gratifying for us to establish a working relationship with Jennifer Boenig and other members of your administration, beginning with the planning of the Christmas Fair on Festival Plaza last month. We have been discussing other ambitious ideas with her for the future.

Our ability to serve our community has just been revived by our move into new quarters, splendidly outfitted to our specifications, at 168 Lisbon Street in Lewiston. We invite you and your colleagues to join us for the dedication of that space on Saturday, February 18 from 1:00 to 4:00 pm.

This re-opening is allowing us to restart our exhibition program with a series of wonderful shows that has already begun with Lesia Sochor's "Reuse, Repair, Reconsider." It allows us to restart the indoor concert series that we formerly offered in our Downstage space. It is allowing us to welcome a variety of community arts and culture organizations into our home for gatherings, lectures, and workshops; these already include Sketchy Friends, The Corner, and the Androscoggin Historical Society. And it is allowing us to plan events of our own, including a film series, that we have not had an adequate space for in the past.

Our other plans include new possibilities for public art works, which the adoption of public art protocols by the City of Auburn will facilitate tremendously, and for providing new arts opportunities to young people in Auburn.

I look forward to introducing our new Arts Agency Manager, Gerald Walsh, to you and your colleagues and to presenting our budget proposal and plans to you on February 14.

With best wishes,
Jim Parakilas, Board Chair
LA Arts

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: April 3, 2023 **Orders:** 33-03202023 & 37-04032023

Author: Mark Conrad

Subject: Approving additional costs for environmental remediation of the new high school project and authorizing general obligation bonds and a tax levy therefor. First reading.

Information: The existing Edward Little High School is scheduled for demolition following the opening of the new High School. Over the course of the project, with further testing for PCB remediation, the extent of the required abatement has significantly increased beyond the project allowance of $675,000, to a current estimate of over $5 million. This requires additional funding to the construction budget of just under $4.6 million.
The full cost of additional bonding required to raise these funds will fully qualify for State school subsidy funds. **The State of Maine will therefore fully fund this increase, with no impact on the local tax rate.**

If the City of Auburn fails to approve these additional funds at referendum we will **not** have the funding available to demolish the existing High School. The building will remain empty on the site, resulting in the loss of athletic fields, parking, and the bus loop, and in additional costs to modify the existing site plan, particularly with regard to drainage.

At a straw poll held on February 27, 2023 the 49 residents voting in the straw poll unanimously supported the referendum question. On March 8, 2023 the State Board of Education unanimously approved a revised concept approval for the Edward Little High School Construction Project, a necessary step to amend (increase) the approved construction budget and qualify for State subsidy.

City Budgetary Impacts: Additional Debt Service costs offset by additional state subsidy funds

---

Staff Recommended Action: Hold a public hearing and recommend passage of second reading on the bond order 33-03202023 and recommend passage of referendum ballot question, order 37-04032023.

Previous Meetings and History: Passage of first reading on the bonds at the 3/20/2023 Council meeting.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

TO: Auburn City Council

FR: Dr. Cornelia Brown, Superintendent of Schools

DATE: March 10, 2023

RE: Approval of Referendum Question

At your March 20th meeting the Auburn City Council will be asked to the following referendum question:

"Shall the City of Auburn approve City Council Order__-____2023 and (a) authorize up to $4,598,331 in additional costs for environmental remediation (Polychlorinated Biphenyls (PCB) Abatement) of the soil and existing building material at the new high school project location, and (b) authorize up to $4,598,331 of the City's general obligation bonds (which may be callable) for that purpose (all of which additional bonds have been approved for State debt service subsidy support), the sale proceeds of which, together with investment earnings, if any, are appropriated to finance such costs (including costs of issuance and capitalized interest)?"

As you know, the existing Edward Little High School is scheduled for demolition following the opening of the new High School. Over the course of the project, with further testing for PCB remediation, the extent of the required abatement has significantly increased beyond the project allowance of $675,000, to a current estimate of over $5 million. This requires additional funding to the construction budget of just under $4.6 million.

For your information I would highlight the following points:

- The full cost of additional bonding required to raise these funds will fully qualify for State school subsidy funds. **The State of Maine will therefore fully fund this increase, with no impact on the local tax rate.**
- If the City of Auburn fails to approve these additional funds at referendum we will **not** have the funding available to demolish the existing High School. The building will remain empty on the site, resulting in the loss of athletic fields, parking, and the bus loop, and in additional costs to modify the existing site plan, particularly with regard to drainage.
- At a straw poll held on February 27, 2023 the 49 residents voting in the straw poll unanimously supported the referendum question.
- On March 8, 2023 the State Board of Education unanimously approved a revised concept approval for the Edward Little High School Construction Project, a necessary step to amend (increase) the approved construction budget and qualify for State subsidy.

For your additional information I have attached the Statement of Fact provided to the State Board of Information. Thank you for your support of this referendum question.

STATE OF MAINE

AUGUSTA, ME 04333-0023

JANET T. MILLS
GOVERNOR

PENDER MAKIN
COMMISSIONER

EXHIBIT IX.B.

To: Members of the State Board of Education

From: Pender Makin, Commissioner*

Date: March 8, 2023

Subject: Major Capital School Construction Program; REVISED Concept Approval Consideration; Auburn School Department-New Edward Little High School Construction Project

STATEMENT OF FACT

Superintendent Dr. Cornelia Brown requests that the State Board of Education grants REVISED Concept Approval for the new Edward Little High School (ELHS) in Auburn. The project, planned for 1,100 Auburn high school students and 210 Lewiston Regional Career and Technical Center (LRTC) students, is being constructed on the existing high school site adjacent to the current ELHS.

State Board of Education Site Approval occurred on September 12, 2018 and Concept Approval on April 10, 2019. The project was approved by local referendum vote on June 11, 2019. After receiving State Board of Education Design and Funding Approval on December 21, 2020, construction documents were issued for bidding.

The COVID pandemic began in March of 2020. Bids were opened on March 2, 2021. Two qualified bids were received, both well over budget. The lowest bid was 6% above cost estimates. Construction contingency was not funded to the 5% standard due to a lack of funds. Investigating cost saving options after bid opening, the owner, architect, and Department staff worked closely with the low bidder, Arthur C. Dudley Contractor/Builder of Standish, to eliminate the budget gap and keep the project on the approved schedule and budget. The most significant reductions came from value engineering, moveable equipment, and project contingency totaling $6,163,174. A construction contract was signed, and construction began immediately in March of 2021.

Due to the ongoing COVID pandemic and the global events that followed, the project experienced numerous challenges from its inception: increasing costs of materials, labor shortages, supply chain disruptions, and an extremely overloaded construction market. These conditions continued to worsen and placed unprecedented financial stress on the project. A process has been developed to allow specific material cost increases as a project contingency expense.

Due to required EPA comprehensive testing, a significant amount of polychlorinated biphenyl (PCB's) was identified in the existing ELHS which must be abated prior to demolition. If discovered earlier, the financial implications would have been reflected in the project budget presented at the time of Concept Approval. A final plan, which includes abatement, transportation,

disposal, and fees, requires an additional $4,598,331 bond to maintain other budget line items and keep the project on its schedule for student occupancy in Fall of 2023. This will allow the demolition and remaining site work to be completed by Summer of 2024.

This REVISED Concept Approval is being requested pursuant to Title 20-A M.R.S. §15905(1) and State Board of Education Rule, Chapter 61, Rules for Major Capital School Construction Projects.

Project Information:
Project: Auburn School Department - New Edward Little High School Construction Project
Superintendent: Dr. Cornelia Brown
Architect: Harriman – Mark Lee, Lisa Sawin
Schools to be closed: Existing Edward Little High School to be demolished

REVISED Project Budget Information:
Total Project Cost: $126,614,673 (increased by $4,598,331 from $122,016,342)
Local Only (no State participation): $16,117,492 (no increase)
Approved for State/Local Debt Service Subsidy: $110,497,181 (increased by $4,598,331 from $105,898,850)

COMMISSIONER'S RECOMMENDATION

The Commissioner of the Department of Education recommends that the State Board of Education grant REVISED Concept Approval to the Auburn School Department that includes an additional $4,598,331 in the project budget for the abatement of PCB's at the existing Edward Little High School to complete the construction project.

SCHOOL CONSTRUCTION COMMITTEE RECOMMENDATION

On February 24, 2023 the School Construction Committee recommended that this exhibit be placed on the March 8, 2023 State Board meeting agenda and that the State Board grant REVISED Concept Approval to the Auburn School Department that includes an additional $4,598,331 in the project budget for the abatement of PCB's at the existing Edward Little High School to complete the construction project.

CITY OF AUBURN
NOTICE OF PUBLIC HEARING

Pursuant to Section 8.13 of the City Charter, notice is hereby given that the Auburn City Council will hold a public hearing and second reading on Monday, April 3, 2023, at 7:00 p.m. in the Council Chambers, Auburn Hall, 60 Court Street on a proposed order authorizing $4,598,331 of the City's general obligation bonds to finance additional costs for environmental remediation (Polychlorinated Biphenyls (PCB) Abatement) of the soil and existing building material at the new high school project location. The order is available for inspection at the City Clerk's office during regular business hours and on the City's website: www.auburnmaine.gov.

Public comment may be given at the meeting or can be sent via email to: **comments@auburnmaine.gov**. Your comments will be included in the meeting minutes.

The City Council meeting can be viewed LIVE on on Great Falls TV channel 11 and on the City of Auburn YouTube channel.

Following the public hearing and first reading, the City Council expects to take final action on the order.

ORDER 33-03202023

City Council Order

IN CITY COUNCIL

ORDER – APPROVING $4,598,331 OF ADDITIONAL COSTS FOR ENVIRONMENTAL REMEDIATION OF NEW HIGH SCHOOL PROJECT AND AUTHORIZING GENERAL OBLIGATION BONDS AND A TAX LEVY THEREFOR

Be It Ordered by the Auburn City Council, following a public hearing duly called and held as required by Article 8, Section 8.13 of the Auburn City Charter:

THAT there be and hereby is authorized (a) $4,598,331 in additional costs for environmental remediation (Polychlorinated Biphenyls (PCB) Abatement) of the soil and existing building material at the new high school project location, and (b) issuance of up to $4,598,331 City of Auburn general obligation bonds, which may be sold at or above par, the sale proceeds of which, together with investment earnings, if any, are appropriated to finance such costs (including costs of issuance and capitalized interest).

Be It Further Ordered by the Auburn City Council:

THAT the Finance Director be and hereby is authorized and empowered, in the name of and on behalf of the City, to prepare, issue, and sell such bonds and notes in anticipation therof, in the aggregate amount of $4,598,331 at one time, or from time to time, as one or more separate bond issues or consolidated with any other issue of bonds and notes authorized to be issued by the City Council, as term bonds or serial bonds, through a public offering or a private placement, on a competitive or negotiated basis, or some combination of any of the foregoing, all as the Finance Director shall determine to be appropriate in her sole discretion.

THAT the bonds and notes authorized hereunder shall be executed in the name of and on behalf of the City by the City's Finance Director and its Treasurer, either or both of whose signatures may be by facsimile to the extent permitted by law, and shall bear the City seal thereon, attested by its Clerk.

THAT the Finance Director be and hereby is authorized and empowered, in the name of and on behalf of the City, to establish, determine and approve the form, dates, maturities (with the last maturity not to exceed the maximum term permitted by law), denominations, interest rates, places of payment, provisions for early redemption, with or without a premium, prior to the stated maturity date(s), and all other details, including the timing and manner of their sale and award, such approval to be conclusively evidenced by her execution thereof.

Belinda A. Gerry, At Large
Ryan Hawes, Ward Two
Leroy G. Walker, Ward Five
Jason J. Levesque, Mayor
Stephen G. Milks, Ward Three
Dana Staples, At Large
Phillip L. Crowell, Jr., City Manager

City Council Order

THAT a tax levy is hereby provided for each fiscal year that the bonds authorized hereunder remain outstanding to meet the annual installments of principal and interest as may accrue in each respective year.

THAT the Finance Director be and hereby is authorized and empowered, in the name of and on behalf of the City, to designate the bond or notes authorized hereunder, or a portion thereof, as qualified tax-exempt obligations under Section 265 of the Internal Revenue Code of 1986, as amended.

THAT the Finance Director be and hereby is authorized and empowered, in the name of and on behalf of the City, to do or cause to be done all such acts and things, including to approve and select a financial advisor and underwriter with respect to the issue, sale and delivery of the bonds and notes, and to approve, execute and deliver such contracts, agreements, loan agreements, investment agreements, bond purchase agreements, official statements, certificates, tax certificates, instruments, assignments and other documents (the " Bond Documents"), as may be necessary or advisable in order to accomplish the issuance of the bonds and notes, which Bond Documents may be in such form and contain such terms, conditions and provisions including, without limitation, the waiving of the City's sovereign or governmental immunity with respect to the enforceability of any of the forgoing, as may be approved by the Finance Director, such approval to be conclusively evidenced by her execution thereof.

THAT if the Finance Director, Treasurer, or Clerk are for any reason unavailable to approve and execute the bonds or any other Bond Document necessary or convenient to the issuance, execution and delivery of the bonds or notes, the person or persons then acting in any such capacity, whether on an interim or acting basis, as an assistant, a deputy, or otherwise, is authorized to act for such official with the same force and effect as if such official had himself or herself performed such act.

THAT if any of the officers or officials of the City who have signed or sealed the bonds or notes shall cease to be such officers or officials before the bonds or notes so signed and sealed shall have been actually authenticated or delivered by the City, such bonds or notes nevertheless may be authenticated, issued, and delivered with the same force and effect as though the person or persons who signed or sealed such bonds or notes had not ceased to be such officer or official; and also any such bonds or notes may be signed and sealed on behalf of the City by those persons who, at the actual date of the execution of such bonds or notes, shall be the proper officers and officials of the City, although at the nominal date of such bonds or notes any such person shall not have been such officer or official.

Phillip L. Crowell, Jr., City Manager

ORDER 33-03202023

City Council Order

THAT the City may pay certain costs of the projects prior to the issuance of the bonds and notes (referred to as "original expenditures"); to that end, the City hereby declares its official intent to reimburse itself for such original expenditures from the proceeds of such bonds and notes, and this Order shall constitute the City's declaration of official intent pursuant to Treasury Regulation §1.150-2.

THAT the bonds and notes authorized hereby are conditioned upon and made subject to an approving vote of the voters of the City.

A Public Notice describing the general purpose of the borrowing and the terms thereof and the times and places where copies of the bond proposal were available for inspection by the public was published on or before March 20, 2023, in the Lewiston Sun-Journal, a daily newspaper published in the City of Auburn and in Androscoggin County.

A public hearing was held on April 3, 2023.

ORDER 37-04032023

City Council Order

IN CITY COUNCIL

ORDER – APPROVING QUESTION FOR MUNICIPAL REFERENDUM ELECTION WITH RESPECT TO ENVIRONMENTAL REMEDIATION COSTS FOR NEW HIGH SCHOOL CONSTRUCTION PROJECT AND GENERAL OBLIGATION BONDS THEREFOR

Be It Ordered by the Auburn City Council that the question in substantially the following form and with substantially the following summary descriptions be approved and submitted to the voters of the City of Auburn to consider at a municipal referendum election:

> Shall the City of Auburn approve City Council Order 33-03202023 and (a) authorize up to $4,598,331 in additional costs for environmental remediation (Polychlorinated Biphenyls (PCB) Abatement) of the soil and existing building material at the new high school project location, and (b) authorize up to $4,598,331 of the City's general obligation bonds (which may be callable) for that purpose (all of which additional bonds have been approved for State debt service subsidy support), the sale proceeds of which, together with investment earnings, if any, are appropriated to finance such costs (including costs of issuance and capitalized interest)?
>
> Project Description: During construction of the new Edward Little High School Project, the City discovered unexpected Polychlorinated Biphenyls (PCB) contamination in the soil and existing building material at the new high school project location. The additional funding will pay for the costs to remediate and abate this environmental concern.

Be It Further Ordered by the Auburn City Council that the ballot shall contain the additional information required by Title 20-A and Title 30-A.

THE OMISSION OF FACTS OR ANY MISREPRESENTATION OF ANY OF THE INFORMATION ON THIS APPLICATION SHALL BE SUFFICIENT GROUNDS FOR THE REFUSAL OF SUCH LICENSE.

Chapter 14-Business Licenses & Permits-Article II Sec.14-34 Certification from City Officials *Before a license is issued the City Clerk shall submit the application for certification to the Code Enforcement Officer, Fire Chief, Chief of Police and City Treasurer.*

There is a 14 day review period after receipt of a **completed** application. Incomplete applications will not be reviewed for approval and will be returned for completion. A business must not operate until approved by the required departments. Final approval and issuance of license will be from the City Clerk's Office.

CERTIFICATE OF APPLICANT AND WAIVER OF CONFIDENTIALITY

****READ CAREFULLY BEFORE SIGNING****

I, Lindsay L. Koren (Print name), Owner/Operator of the business, hereby authorize the release of any criminal history record information to the City Clerk's Office or Licensing Authority. I understand that this information shall become public record, and I hereby waive any rights of privacy with respect hereto. I further stipulate that I am aware that deliberate falsification of the information herein shall be sufficient cause for denial of a license to operate the business. This application is accurate and true to the best of my knowledge.

Section III: For use by Municipal Officers and County Commissioners only

The undersigned hereby certifies that we have complied with the process outlined in 28-A M.R.S. §653 and approve this on-premises liquor license application.

Dated: _____

Who is approving this application? ☐ Municipal Officers of _____

☐ County Commissioners of _____ County

☐ **Please Note:** The Municipal Officers or County Commissioners must confirm that the records of Local Option Votes have been verified that allows this type of establishment to be licensed by the Bureau for the type of alcohol to be sold for the appropriate days of the week. Please check this box to indicate this verification was completed.

Signature of Officials	Printed Name and Title

This Application will Expire 60 Days from the date of Municipal or County Approval unless submitted to the Bureau

Included below is the section of Maine's liquor laws regarding the approval process by the municipalities or the county commissioners. This is provided as a courtesy only and may not reflect the law in effect at the time of application. Please see http://www.mainelegislature.org/legis/statutes/28-A/title28-Asec653.html

§653. Hearings; bureau review; appeal

1. Hearings. The municipal officers or, in the case of unincorporated places, the county commissioners of the county in which the unincorporated place is located, may hold a public hearing for the consideration of applications for new on-premises licenses and applications for transfer of location of existing on-premises licenses. The municipal officers or county commissioners may hold a public hearing for the consideration of requests for renewal of licenses, except that when an applicant has held a license for the prior 5 years and a complaint has not been filed against the applicant within that time, the applicant may request a waiver of the hearing.

A. The bureau shall prepare and supply application forms.

B. The municipal officers or the county commissioners, as the case may be, shall provide public notice of any hearing held under this section by causing a notice, at the applicant's prepaid expense, stating the name and place of hearing, to appear on at least 3 consecutive days before the date of hearing in a daily newspaper having general circulation in the municipality where the premises are located or one week before the date of the hearing in a weekly newspaper having general circulation in the municipality where the premises are located.

C. If the municipal officers or the county commissioners, as the case may be, fail to take final action on an application for a new on-premises license or transfer of the location of an existing on-premises license within 60 days of the filing of an application, the application is deemed approved and ready for action by the bureau. For purposes of this paragraph, the date of filing of the application is the date the application is received by the municipal officers or county commissioners. This paragraph applies to all applications pending before municipal officers or county commissioners as of the effective date of this paragraph as well as all applications filed on or after the effective date of this paragraph. This paragraph applies to an existing on-premises license that has been extended pending renewal. The municipal officers or the county commissioners shall take final action on an on-premises license that has been extended pending renewal within 120 days of the filing of the application.

D. If an application is approved by the municipal officers or the county commissioners but the bureau finds, after inspection of the premises and the records of the applicant, that the applicant does not qualify for the class of license applied for, the bureau shall notify the applicant of that fact in writing. The bureau shall give the applicant 30 days to file an amended application for the appropriate class of license, accompanied by any additional license fee, with the municipal officers or county commissioners, as the case may be. If the applicant fails to file an amended application within 30 days, the original application must be denied by the bureau. The bureau shall notify the applicant in writing of its decision to deny the application including the reasons for the denial and the rights of appeal of the applicant.

2. Findings. In granting or denying an application, the municipal officers or the county commissioners shall indicate the reasons for their decision and provide a copy to the applicant. A license may be denied on one or more of the following grounds:

A. Conviction of the applicant of any Class A, Class B or Class C crime;

B. Noncompliance of the licensed premises or its use with any local zoning ordinance or other land use ordinance not directly related to liquor control;

C. Conditions of record such as waste disposal violations, health or safety violations or repeated parking or traffic violations on or in the vicinity of the licensed premises and caused by persons patronizing or employed by the licensed premises or other such conditions caused by persons patronizing or employed by the licensed premises that unreasonably disturb, interfere with or affect the ability of persons or businesses residing or located in the vicinity of the licensed premises to use their property in a reasonable manner;

D. Repeated incidents of record of breaches of the peace, disorderly conduct, vandalism or other violations of law on or in the vicinity of the licensed premises and caused by persons patronizing or employed by the licensed premises;

D-1. Failure to obtain, or comply with the provisions of, a permit for music, dancing or entertainment required by a municipality or, in the case of an unincorporated place, the county commissioners;

E. A violation of any provision of this Title;

F. A determination by the municipal officers or county commissioners that the purpose of the application is to circumvent the provisions of section 601; and

G. After September 1, 2010, server training, in a program certified by the bureau and required by local ordinance, has not been completed by individuals who serve alcoholic beverages.

3. Appeal to bureau. Any applicant aggrieved by the decision of the municipal officers or county commissioners under this section may appeal to the bureau within 15 days of the receipt of the written decision of the municipal officers or county commissioners. The bureau shall hold a public hearing in the city, town or unincorporated place where the premises are situated. In acting on such an appeal, the bureau may consider all licensure requirements and findings referred to in subsection 2.

A. Repealed

B. If the decision appealed from is an application denial, the bureau may issue the license only if it finds by clear and convincing evidence that the decision was without justifiable cause.

4. Repealed

5. Appeal to District Court. Any person or governmental entity aggrieved by a bureau decision under this section may appeal the decision to the District Court within 30 days of receipt of the written decision of the bureau.

An applicant who files an appeal or who has an appeal pending shall pay the annual license fee the applicant would otherwise pay. Upon resolution of the appeal, if an applicant's license renewal is denied, the bureau shall refund the applicant the prorated amount of the unused license fee.

Section IV: Terms and Conditions of Licensure as an Establishment that sells liquor for on-premises consumption in Maine

- The licensee/applicant(s) agrees to be bound by and comply with the laws, rules and instructions promulgated by the Bureau.
- The licensee/applicant(s) agrees to maintain accurate records related to an on-premise license as required by the law, rules and instructions promulgated or issued by the Bureau if a license is issued as a result of this application.
    - The licensee/applicant(s) authorizes the Bureau to obtain and examine all books, records and tax returns pertaining to the business, for which this liquor license is requested, and also any books, records and returns during the year in which any liquor license is in effect.
- Any change in the licensee's/applicant's licensed premises as defined in this application must be approved by the Bureau in advance.
- All new applicants must apply to the Alcohol and Tobacco Tax and Trade Bureau (TTB) for its Retail Beverage Alcohol Dealers permit. See the TTB's website at https://www.ttb.gov/nrc/retail-beverage-alcohol-dealers for more information.

Section V: Fee Schedule

Filing fee required. In addition to the license fees listed below, a filing fee of $10.00 must be included with all applications.

Please note: For Licensees/Applicants in unorganized territories in Maine, the $10.00 filing fee must be paid directly to County Treasurer. All applications received by the Bureau from licensees/applicants in unorganized territories must submit proof of payment was made to the County Treasurer together with the application.

Class of License	Type of liquor/Establishments included	Fee

	This class includes only a Restaurant Lounge	

Section VI Premises Floor Plan

In an effort to clearly define your license premise and the areas that consumption and storage of liquor authorized by your license type is allowed, the Bureau requires all applications to include a diagram of the premise to be licensed.

Diagrams should be submitted on this form and should be as accurate as possible. Be sure to label the following areas: entrances, office area, coolers, storage areas, display cases, shelves, restroom, point of sale area, area for on-premise consumption, dining rooms, event/function rooms, lounges, outside area/decks or any other areas on the premise that you are requesting approval. Attached an additional page as needed to fully describe the premise.

See Attached Diagram.

State of Florida

Department of State

I certify from the records of this office that OLIVE GARDEN HOLDINGS, LLC, is a limited liability company organized under the laws of the State of Florida, filed on July 13, 2015.

The document number of this company is L15000116767.

I further certify that said company has paid all fees due this office through December 31, 2015, and its status is active.

Authentication Code: 115A00014639-071415-L15000116767-1/1

Given under my hand and the
Great Seal of the State of Florida,
at Tallahassee, the Capital, this the
Fourteenth day of July, 2015

Ken Detzner
Secretary of State

July 14, 2015

OLIVE GARDEN HOLDINGS, LLC
PO BOX 695011
ORLANDO, FL 32869-5011

The Articles of Organization for OLIVE GARDEN HOLDINGS, LLC were filed on July 13, 2015, and assigned document number L15000116767. Please refer to this number whenever corresponding with this office.

The certification you requested is enclosed. To be official, the certification for a certified copy must be attached to the original document number that was electronically submitted and filed under FAX audit number H15000170618.

To maintain "active" status with the Division of Corporations, an annual report must be filed yearly between January 1st and May 1st beginning in the year following the file date or effective date indicated above. If the annual report is not filed by May 1st, a $400 late fee will be added. It is your responsibility to remember to file your annual report in a timely manner.

A Federal Employer Identification Number (FEI/EIN) will be required when this report is filed. Apply today with the IRS online at:

https://sa.www4.irs.gov/modiein/individual/index.jsp.

Please be aware if the limited liability company address changes, it is the responsibility of the limited liability to notify this office.

Should you have any questions regarding this matter, please contact this office at the address given below.

RETAILER CERTIFICATE

Enclosed is the Retailer Certificate for your Sales and Use Tax account. This certificate acknowledges that you are registered with Maine Revenue Services for the collection and remittance of sales and use tax.

A Retailer Certificate is issued to all retailers. This certificate verifies a retail location has a valid Maine Sales and Use Tax account and is authorized to collect and remit sales tax on behalf of the State of Maine. The certificate does not expire and must be available at the place of business for inspection.

PLEASE NOTE: This retailer's certificate may NOT be used to purchase tangible personal property or taxable services for resale tax exempt (in Maine). A resale certificate is a separate document. If you qualify to receive a resale certificate, one has been printed and mailed to you.

You can now access your account information as well as electronic copies of your certificates and letters on the Maine Tax Portal at revenue.maine.gov. If you have questions regarding this document, please call (207) 624-9693.

OLIVE GARDEN HOLDINGS, LLC
PO BOX 695019
ORLANDO FL 32869-5019

Account Number: 1006-4245
Date Effective: March 02, 2023
Filing Frequency: Monthly
Business Description: Restaurant

This certificate is issued under the provisions of 36 M.R.S. § 1754(B).

This certificate must be available for inspection by the State Tax Assessor, the Assessor's representatives and agents and authorized municipal officials. This retailer's certificate verifies that this retailer and this retail location hold a valid Maine sales tax account and is authorized to collect and remit the sales tax on behalf of the State of Maine. This certificate has no expiration date. If you cease to do business in Maine please return this certificate to Maine Revenue Services.

This certificate is non-transferable and must be returned to Maine Revenue Services when operations cease.

RESALE CERTIFICATE

Enclosed is the Resale Certificate for your Sales and Use Tax account. This certificate allows you to make purchases for resale without paying sales tax on such purchases and must be provided to your vendor to support a claim that a purchase is exempt for resale.

DO NOT WRITE ON THIS ORIGINAL FORM

Retain this copy as an original in your files. Make copies of this original certificate, fill in the appropriate data and provide it to the vendors from whom you make purchases for resale.

This certificate is valid only for the period indicated on this certificate.

Prior to the expiration of this certificate, Maine Revenue Services will automatically renew and reissue a new resale certificate for the next period if:

- Your account is active; and
- You have reported $3000 or more in gross sales during the previous 12 months

You can now access your account information as well as electronic copies of your certificates and letters on the Maine Tax Portal at revenue.maine.gov.

If you cease doing business, this certificate is void and must be returned to Maine Revenue Services. Use of a resale certificate to make purchases not intended for resale is a criminal offense. If you have questions regarding this document, please call (207) 624-9693.

INSTRUCTIONS

GENERAL INSTRUCTIONS

This registration is for use on and after July 1, 2008. If you are engaged in one or more of the alcohol activities listed on this form, you are required to file this form before beginning business. If there is a change in your business, you need to report it on or before the next July 1 (see CHANGES IN OPERATIONS, below). You may file one registration to cover several locations or several types of activity operating under the same Employer Identification Number (EIN).

NOTE: The special (occupational) tax on producers and marketers of alcohol beverages was repealed by Section 11125 of Public Law 109-59, effective July 1, 2008. However, tax liability and the registration requirement for periods before that date remain. If you need to file a delinquent or amended registration for a period through June 30, 2008, please use TTB Form 5630.5a, Alcohol Special (Occupational) Tax Registration and Return – For Periods Ending On or Before June 30, 2008.

SIGNING YOUR REGISTRATION

This form must be signed by the individual owner, a partner, or, in the case of a corporation or LLC, an individual authorized to sign on behalf of the corporation or LLC.

SECTION 1 – IDENTIFYING INFORMATION

Complete Section 1, Identifying Information, as specified on the form. Your registration must contain a valid Employer Identification Number (EIN). The EIN is a unique number for business entities issued by the Internal Revenue Service (IRS). You must have an EIN whether you are an individual owner, partnership, corporation, LLC, or a government agency. If you do not have an EIN, contact the Internal Revenue Service immediately to obtain one. While TTB may assign a temporary identification number (beginning with XX) to allow initial processing of a return which lacks an EIN, do not delay submission of your registration pending receipt of your EIN. If you have not received a number by the time you file this return, write "number applied for" in the space for the number. Submit your EIN by separate correspondence after receipt from the IRS.

SECTION 2 – PREMISES LOCATIONS

Enter the requested information in Section 2 for each premises location even if this repeats the business information listed in Section 1. If you are reporting a change, enter the date of the change in the appropriate space in Section 1. If additional sheets are needed, make a copy of page 1 of this form or enter the requested information on a separate sheet of paper with your EIN and Company's name.

SECTION 3 – OWNERSHIP INFORMATION

Please complete the ownership information in Section 3. Supply the information specified for each individual owner, partner or responsible person. For a corporation, partnership or association, a responsible person is anyone with the power to control the management policies or buying or selling practices pertaining to alcohol. For a corporation, association, or similar organization, it also means any person owning 10 percent or more of the outstanding stock in the business.

CHANGES IN OPERATIONS

If there is a change of your company's name, trade name, address, premises location, telephone number, ownership information, type of business, or EIN, complete TTB F 5630.5d and submit it no later than the next July 1 after the change. Check the box, Existing Business with Change(s), complete all fields in Section 1, and complete Sections 2 and 3 as necessary to show any changes there. Upon going out of business, submit TTB F 5630.5d within 30 days, checking box b in Section 1. If you are still in business but there are no changes since your last registration, this form does not need to be submitted.

MAILING INSTRUCTIONS

Please sign and date this registration and mail it to:

Alcohol and Tobacco Tax and Trade Bureau
550 Main Street, Suite 8002
Cincinnati, OH 45202-5215.

CONTACT INFORMATION

For further assistance, contact TTB National Revenue Center at 1-800-937-8864 or 1-877-882-3277; or email to ttbtaxstamp@ttb.gov. Additional information is also available at our Web site, www.ttb.gov.

PAPERWORK REDUCTION ACT NOTICE

This request is in accordance with the Paperwork Reduction Act of 1995. This information is used to ensure compliance with Section 11125 of Public Law 109-59, and the Internal Revenue Laws of the United States.

The estimated average burden associated with this collection of information is .8 hour per respondent or record keeper, depending on individual circumstances. Comments concerning the accuracy of this burden estimate and suggestions for reducing this burden should be addressed to the Reports Management Officer, Regulations and Rulings Division, Alcohol and Tobacco Tax and Trade Bureau, 1310 G Street, NW., Box 12, Washington, DC 20005.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a current, valid OMB control number.

OPERATING AGREEMENT

OF

OLIVE GARDEN HOLDINGS, LLC

THIS OPERATING AGREEMENT (the "Agreement") of Olive Garden Holdings, LLC, a Florida limited liability company (the "Company") dated as of this 18th day of August, 2015, by Rare Hospitality International, Inc., a Georgia corporation, as the sole member of the Company (the "Member").

RECITAL

The Member has previously formed the Company as a limited liability company under the laws of the State of Florida and now desires to enter into a written agreement, in accordance with the provisions of Chapter 605 of the Florida Revised Limited Liability Company Act and any successor statute, as amended from time to time (the "Act"), governing the affairs of the Company and the conduct of its business.

ARTICLE 1
The Limited Liability Company

1.1 Formation. The Member has previously formed the Company as a limited liability company pursuant to the provisions of the Act. The Member hereby ratifies the prior execution of Articles of Organization described in Chapter 605, Section 0201 of the Act (the "Articles of Organization") by Diana Serra and Tim Pratts, each on behalf of Corporate Creations International Inc., and the filing of such Articles of Organization with the Secretary of State of the Florida Department of State in conformity with the Act.

1.2 Name. The name of the Company shall be "Olive Garden Holdings, LLC" and its business shall be carried on in such name with such variations and changes as the Board (as hereinafter defined) shall determine or deem necessary to comply with requirements of the jurisdictions in which the Company's operations are conducted.

1.3 Business Purpose; Powers. The Company is formed for the purpose of engaging in any lawful business, purpose or activity for which limited liability companies may be formed under the Act. The Company shall possess and may exercise all the powers and privileges granted by the Act or by any other law or by this Agreement, together with any powers incidental thereto, so far as such powers and privileges are necessary or convenient to the conduct, promotion or attainment of the business purposes or activities of the Company.

1.4 Registered Office and Agent. The location of the registered office of the Company shall be 11380 Prosperity Farms Road, 221E, Palm Beach Gardens, Florida 33410. The Company's registered agent at such address shall be Corporate Creations Network Inc.

1.5 Term. Subject to the provisions of Article 6 below, the Company shall have perpetual existence.

ARTICLE 2
The Member

2.1 The Member. The name and address of the Member and Common Interests held by the Member are as set forth on Schedule A hereto.

2.2 Actions by the Member; Meetings. The Member may approve a matter or take any action at a meeting or without a meeting by the written consent of the Member. Meetings of the Member may be called at any time by the Member.

2.3 Liability of the Member. All debts, obligations and liabilities of the Company, whether arising in contract, tort or otherwise, shall be solely the debts, obligations and liabilities of the Company, and the Member shall not be obligated personally for any such debt, obligation or liability of the Company solely by reason of being a member.

2.4 Power to Bind the Company. The Member (acting in its capacity as such) shall have the authority to bind the Company to any third party with respect to any matter.

2.5 Admission of Members. New Members shall be admitted only upon the approval of the Board. Upon the admission of any new Members, the Board shall update Schedule A to include the applicable information for each Member and all references to member herein shall be deemed to be a reference to all members taken as a whole. Each new Member shall execute a counterpart signature page to this Agreement agreeing to be bound by the terms hereby.

ARTICLE 3
The Board

3.1 Management By Board of Managers.

(a) Subject to such matters which are expressly reserved hereunder or under the Act to the Member for decision, the business and affairs of the Company shall be managed by a board of managers (the "Board"), which shall be responsible for policy setting, approving the overall direction of the Company and making all decisions affecting the business and affairs of the Company. The Board shall consist of one (1) to three (3) individuals (the "Managers"), the exact number of Managers to be determined from time to time by resolution of the Member. The initial Board shall consist of two (2) Managers, who shall be Joseph G. Kern and Colleen M. Hunter.

(b) Each Manager shall be elected by the Member and shall serve until his or her successor has been duly elected and qualified, or until his or her earlier removal, resignation, death or disability. The Member may remove any Manager from the Board or from any other capacity with the Company at any time, with or without cause. A Manager may resign at any time upon written notice to the Member.

(c) Any vacancy occurring on the Board as a result of the resignation, removal, death or disability of a Manager or an increase in the size of the Board shall be filled by a Manager appointed thereto by the Member. A Manager chosen to fill a vacancy resulting from the resignation, removal, death or disability of a Manager shall serve the unexpired term of his or her predecessor in office.

3.2 Action By the Board.

(a) Meetings of the Board may be called by any Manager upon twenty-four hours prior written notice to each Manager. The presence of a majority of the Managers then in office shall constitute a quorum at any meeting of the Board. All actions of the Board shall require the affirmative vote of a majority of the Managers then in office.

(b) Meetings of the Board may be conducted in person or by conference telephone facilities. Any action required or permitted to be taken at any meeting of the Board may be taken without a meeting if such number of Managers sufficient to approve such action pursuant to the terms of this Agreement consent thereto in writing. Notice of any meeting may be waived by any Manager.

3.3 Power to Bind Company. None of the Managers (acting in their capacity as such) shall have authority to bind the Company to any third party with respect to any matter unless the Board shall have approved such matter and authorized such Manager(s) to bind the Company with respect thereto.

3.4 Officers and Related Persons. The Board shall have the authority to appoint and terminate officers of the Company and retain and terminate employees, agents and consultants of the Company and to delegate such duties to any such officers, employees, agents and consultants as the Board deems appropriate, including the power, acting individually or jointly, to represent and bind the Company in all matters, in accordance with the scope of their respective duties. The following persons shall serve as the initial officers of the Company until their respective resignation or removal or until their respective successors are duly elected and qualified:

Joseph G. Kern – President
Colleen M. Hunter – Secretary and Treasurer

ARTICLE 4
Capital Structure and Contributions

4.1 Capital Structure. The capital structure of the Company shall consist of one class of common membership interests (the "Common Interests"). All Common Interests shall be identical with each other in every respect. The Member shall own all of the Common Interests issued and outstanding.

4.2 Capital Contributions. From time to time, the Board may determine that the Company requires capital and may request the Member to make capital contribution(s) in an amount determined by the Board. A capital account shall be maintained for the Member, to which contributions and profits shall be credited and against which distributions and losses shall be charged.

ARTICLE 5
Profits, Losses and Distributions

5.1 Profits and Losses. For financial accounting and tax purposes, the Company's net profits or net losses shall be determined on an annual basis in accordance with the manner determined by the Board. In each year, profits and losses shall be allocated entirely to the Member, provided if there is more than one member of the Company, profits and losses shall be allocated to such members in accordance with each member's pro rata ownership of the outstanding Common Interests.

5.2 Distributions. The Board shall determine profits available for distribution and the amount, if any, to be distributed to the Member, and shall authorize and distribute on the Common Interests, the determined amount when, as and if declared by the Board. The distributions of the Company shall be allocated entirely to the Member, provided if there is more than one member of the Company, distributions shall be allocated to such members in accordance with each member's pro rata ownership of the outstanding Common Interests.

ARTICLE 6
Events of Dissolution

The Company shall be dissolved and its affairs wound up upon the occurrence of any of the following events (each, an "Event of Dissolution"):

(a) The Member votes for dissolution;

(b) A judicial dissolution of the Company in accordance with the Act; or

(c) The filing of a statement of administrative dissolution by the Florida Department of State pursuant to the Act.

No other event, including, without limitation, the death, retirement, resignation, expulsion, bankruptcy or dissolution of the Member, shall cause the dissolution of the Company; provided, however, that in the event of any occurrence resulting in the termination of the continued membership of the last remaining member of the Company, the Company shall be dissolved unless, within 90 days following such event, the legal representative or successor of the last remaining member agrees in writing to continue the Company and to the admission of such legal representative or successor (or any other person or entity designated by such legal representative or successor) as a member of the Company, effective upon the event resulting in the termination of the continued membership of the last remaining member of the Company.

ARTICLE 7
Transfer of Interests in the Company

The Member may sell, assign, transfer, convey, gift, exchange, pledge, hypothecate or otherwise dispose of ("Transfer") any or all of its Common Interests to any person or entity; provided, however, that such person or entity to whom such Common Interests are Transferred shall be an assignee and shall have no right to participate in the Company's business and affairs unless and until such person or entity shall be admitted as a member of the Company upon (i) the prior written approval by the Board pursuant to Section 2.5 of this Agreement and (ii) receipt by the Company of a written agreement executed by the person or entity to whom such Common Interests are Transferred agreeing to be bound by the terms of this Agreement.

ARTICLE 8
Exculpation and Indemnification

8.1 Exculpation. Except as otherwise provided in the Act, and notwithstanding any other provisions of this Agreement, whether express or implied, or any obligation or duty at law or in equity, neither the Member nor the Managers, nor any of their respective officers, directors, stockholders, partners, members, managers, employees, affiliates, representatives or agents, nor any officer, employee, representative or agent of the Company (individually, a "Covered Person" and, collectively, the "Covered

Persons") shall be liable to the Company or any other person for any act or omission (in relation to the Company, its property or the conduct of its business or affairs, this Agreement, any related document or any transaction contemplated hereby or thereby) taken or omitted by a Covered Person in good faith in the reasonable belief that such act or omission is in or is not contrary to the best interests of the Company and is within the scope of authority granted to such Covered Person by this Agreement, provided such act or omission does not constitute fraud, willful misconduct or gross negligence.

8.2 Indemnification. To the fullest extent permitted by the Act, the Company shall indemnify and hold harmless each Covered Person from and against any and all losses, claims, demands, liabilities, expenses, judgments, fines, settlements and other amounts arising from any and all claims, demands, actions, suits or proceedings, civil, criminal, administrative or investigative ("Claims"), in which the Covered Person may be involved, or threatened to be involved, as a party or otherwise, by reason of the fact that he, she or it is a Covered Person or which relates to or arises out of the Company or its property, business or affairs. A Covered Person shall not be entitled to indemnification under this Section 8.2 with respect to (i) any Claim with respect to which such Covered Person has engaged in fraud, willful misconduct or gross negligence or (ii) any Claim initiated by such Covered Person unless such Claim (A) was brought to enforce such Covered Person's rights to indemnification hereunder or (B) was authorized or consented to by the Board. Expenses incurred in defending any Claim by (y) the Member or any Manager or any officer, director, stockholder, partner, member, manager, or affiliate of the Member or any Manager shall be paid by the Company and (z) any other Covered Person may be paid by the Company, but only upon the prior written approval of the Board in its sole and absolute discretion, upon such terms and conditions, if any, as the Board deems appropriate, in each case, in advance of the final disposition of such Claim upon receipt by the Company of an undertaking by or on behalf of such Covered Person to repay such amount if it shall be ultimately determined that such Covered Person is not entitled to be indemnified by the Company as authorized by this Section 8.2.

8.3 Amendments. Any repeal or modification of this Article 8 by the Member shall not adversely affect any rights of such Covered Person pursuant to this Article 8, including the right to indemnification and to the advancement of expenses of a Covered Person existing at the time of such repeal or modification with respect to any acts or omissions occurring prior to such repeal or modification.

ARTICLE 9
Miscellaneous

9.1 Tax Treatment. Unless otherwise determined by the Member, the Company shall be a corporation for U.S. federal income tax purposes (as well as for any analogous state or local tax purposes), and the Member and the Company shall timely make any and all necessary elections and filings for the Company to be treated as a corporation for U.S. federal income tax purposes (as well as for any analogous state or local tax purposes) effective on the date of the Company's formation.

9.2 Amendments. Amendments to this Agreement and to the Articles of Organization shall be effective only if approved in writing by the Member. An amendment shall become effective as of the date specified in the approval of the Member or if none is specified as of the date of such approval.

9.3 Severability. If any provision of this Agreement is held to be invalid or unenforceable for any reason, such provision shall be ineffective to the extent of such invalidity or unenforceability; provided, however, that the remaining provisions will continue in full force without being impaired or invalidated in any way unless such invalid or unenforceable provision or clause shall be

so significant as to materially affect the expectations of the Member regarding this Agreement. Otherwise, any invalid or unenforceable provision shall be replaced by the Member with a valid provision which most closely approximates the intent and economic effect of the invalid or unenforceable provision.

9.4 Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida without regard to the principles of conflicts of laws thereof.

9.5 Limited Liability Company. The Member intends to form a limited liability company and does not intend to form a partnership under the laws of the State of Florida or any other laws.

Subject: Approving the Mass Gathering for Auburn Lobster Festival event

---

Information: The Auburn Lobster Festival is scheduled for Saturday, May 6, 2023 from 1:00-7:00 PM. The event will be held in Festival Plaza and on Main Street which will be closed with public works trucks and barricades. This free community event will feature live music, craft brews, food trucks and more to help support our state's lobster industry.

A mass gathering is defined by ordinance as any gathering held outdoors with the intent to attract the continued attendance of 1,000 or more persons for two or more hours.

City Budgetary Impacts: This event is budgeted through the Economic Development Department.

Staff Recommended Action: Hold the public hearing and motion to approve the mass gathering.

Previous Meetings and History: NA

EVENT LIABILITY INSURANCE COVERAGE FOR EVENT

For an event such as a walk-a-thon, race, festival, concert, etc., the city requires general liability insurance coverage. The **City of Auburn** is to be named as "additionally insured" for the event activities on that date. Once the event is approved, the Certificate of Insurance will need to be received at least 30 days before the event and before permits can be issued. Please have the City of Auburn listed on the Certificate of Insurance (minimum coverage $1,000,000 Bodily Injury or Death, per occurrence, and $300,000 Property Damage, per occurrence). It should contain a clause providing that the policy may not be cancelled by either party except upon not less than 30 days written notice to the city. Please have your insurance company fax a copy to: City Clerk 207-333-6623.

DESCRIPTION OF EVENT – Please describe what will occur during your event

Auburn Lobster Festival is a free community event featuring live music, craft brews , food trucks, and more. This event is open to all ages and supports our state's lobster industry.

Council Workshop or Meeting Date: April 3, 2023 **Order:** 44-04032023

Author: Jennifer Boenig, Downtown Coordinator

Subject: Approving the temporary liquor license for an Incorporated Civic Organization for the Auburn Lobster Festival to be held on May 6, 2023. Public Hearing.

Information: The Auburn Lobster Festival is scheduled for Saturday, May 6, 2023 from 1:00-7:00 PM. The event will be held in Festival Plaza and on Main Street which will be closed with public works trucks and barricades. This free community event will feature live music, craft brews, food trucks and more to help support our state's lobster industry.

The City is applying for a Liquor License for an Incorporated Civic Organization to allow the sale of alcohol within the designated area of Festival Plaza and Main Street.

A Publc Hearing is not required per MRS Title 28-A Liquor § 1071. INCORPORATED CIVIC ORGANIZATIONS 4. Application G. Approval by the municipal officers of the municipality in which the proposed licensed premises are located, which, notwithstanding section 653, may be granted without notice or a public hearing.

City Budgetary Impacts: This event is budgeted through the Economic Development Department.

Staff Recommended Action: Hold the public hearing and motion to approve the liquor license.

Section D: For use by Municipal Officers and County Commissioners only
Approval of an Application for a License for an Incorporated Civic Organization

The undersigned hereby certifies that we have complied with the process outlined in 28-A M.R.S. §653 and approve this catering event application on this date: _____.

Check only one: ☐ City ☐ Town ☐ Unorganized Territory

Name of City/Town/Unorganized Territory: _____

Who is approving this application? ☐ Municipal Officers
☐ County Commissioners of _____ County

☐ **Please Note:** The Municipal Officers or County Commissioners must confirm that the records of Local Option Votes have been verified that allows this type of license to be issued by the Bureau for the type of alcohol to be sold for the appropriate days of the week. Please check this box to indicate this verification was completed.

Signature of Officials	Printed Name and Title

Section E: Application Fee; Other Information

1. The license fee is $50.00 plus a $10.00 filing fee; make checks payable to Treasurer State of Maine.
2. The law requires the application to be submitted at least 24 Hours prior to the function, however, a longer notice is appreciated to allow additional time for processing.
3. Once issued, this permit is not assignable and is valid only for use by the licensee named in this application and for the date, time, and location listed in this application. This permit is issued subject to Maine liquor laws under Title 28-A and the Bureau's Administrative Rules. Penalties for failure to comply with the laws and rules are provided in Chapter 33 of Title 28-A.
4. The Division is hereby authorized to obtain and examine all books, records and tax returns pertaining to the business, for which this liquor license is requested, and also such books, records and returns during the year in which any liquor license is in effect.
5. Payments to the Division by check subject to penalty provided by 28-A MRS Section 3-B.

Section F: Diagram for Outdoor Events

The following restrictions apply to outdoor events:

- There must be a stanchion or a fence completely enclosing the area.
- Signs must be posted stating "No alcohol beyond this point".
- There must be sufficient employees at the event to control and monitor the area.

In an effort to clearly define the area that consumption and storage of liquor will occur during this outdoor event, diagrams must be submitted on this form and should be as accurate as possible. Be sure to label the areas of consumption and storage on your diagram.

Council Workshop or Meeting Date: April 3, 2023 **Order:** 47-04032023

Author: Kelsey Earle, Deputy Finance Director

Subject: Acceptance consideration of gifted property- Riverside Drive

---

Information: The property owners of Riverside Drive (PID 184-030) approached the City with the offer of gifting the parcel as they had sold the adjoining parcel in 2021 and this portion was not acquired in that sale; the parcel had very little value to the new owners and no longer serves a purpose to the current owners without the adjoining property. City staff reviewed the parcel and determined that the potential for additional takeout and emergency access, and preservation of river views were favorable reasons to accept.

City Budgetary Impacts: None

Staff Recommended Action: Acceptance of the gifted property.

Previous Meetings and History: None

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

QUITCLAIM DEED WITH COVENANT
(Maine Statutory Short Form)

KNOW ALL PERSONS BY THESE PRESENTS, that **GAGNE REALTY HOLDINGS, LLC**, a Maine limited liability company with a mailing address of 67 Old Route 27 Road, Belgrade, ME 04917 ("Grantor"), as a gift, grants to the **CITY OF AUBURN**, a municipal corporation existing under the laws of the State of Maine and located at 60 Court Street, Auburn, Maine 04210 ("Grantee"), its successors and assigns forever, with QUITCLAIM COVENANT, a certain parcel of land located in the City of Auburn, Androscoggin County, Maine, more particularly bounded and described as follows:

A certain lot or parcel of land located in the City of Auburn, County of Androscoggin and State of Maine, bounded and described as follows:

Beginning at a point on the Southeasterly line of the Riverside Drive, said point being the Northerly corner of land now or formerly owned by Albert and Lorette Belanger: thence (1) in a Northeasterly direction along the Southeasterly line of said Riverside Drive two hundred seventy-four feet (274') to PT Station 56+62.78 as shown on a plan of MSHC Federal Aid Project No. S-0150 and recorded in the Androscoggin County Registry of Deeds; thence (2) in a Northeasterly direction along said Riverside Drive one thousand five hundred seven and fifty-six hundredths feet (1,507.56') to PC Station 71+70.34; thence (3) in a Northeasterly direction along a curve in said Riverside Drive four hundred forty-nine and eleven hundredths (449.11') to PT Station 76+23.40; thence (4) in a Northeasterly direction along said Riverside Drive four hundred forty-one and three hundredths feet (441.03') to PC Station 80+64.43; thence (5) in a Northeasterly direction along a curve in said Riverside Drive two hundred forty-nine feet more or less (249'+) to land now or formerly owned by Albert and Alice Turgeon; thence (6) in a Southeasterly direction along land of said Turgeon twenty-eight feet more or less (28'+/-) to the Androscoggin River; thence (7) in a Southwesterly direction along said Androscoggin River two thousand nine hundred twenty-five

feet more or less (2,925'+/-) to land of said Belanger; thence (8) in a Southwesterly direction along land of said Belanger ninety feet more or less (90'+/-) to the point of beginning.

Being those same premises conveyed to Grantor by deed of Gagne & Son Holding Co., Inc. dated December 30, 2021 and recorded in the Androscoggin County Registry of Deeds in Book 11000, Page 16.

Also hereby conveying all rights, easements, privileges, and appurtenances, belonging to the premises hereinabove described.

IN WITNESS WHEREOF, Gagne Realty Holdings, LLC caused this deed to be signed by Albert P. Gagne, its Member, as duly authorized.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: April 3, 2023 **Order#** 48-04032023

Author: Phil Crowell, City Manager

Subject: Drummond Street Park Naming Rights

Information: A request as been made by Tizz Crowley to name the Drummond Street Playground Park the "Edna Hadakin Crowley Mothers' Park" which will be commonly referred to as "Mothers' Park". To receive this naming right, the applicant will donate $10,000 to the City of Auburn for park improvements. $5,000 will be received upon approval of the naming and $1,000 will be paid annually for an additional five years. The naming will remain each year upon receiving $1,000 annually.

The applicant desires to unveil the naming and plans for the park improvements on Mother's Day, May 14, 2023.

The adopted policy for naming facilities and infrastructure is attached. The request is based on a monetary donation and not a permanent naming so the application form is not being used and a public hearing will not be required to consider other nominations. The naming rights agreement will be the document used.

City Budgetary Impacts: None. Any costs will be spent from the funds received.

Staff Recommended Action: Consider the request and if in agreement, direct the city manager to enter into a naming rights agreement with Tizz Crowley.

Previous Meetings and History: None

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: Naming of Facilities and Infrastructure Policy and Naming Rights Agreement

POLICY FOR NAMING OF FACILITIES AND INFRASTRUCTURE

Any naming or renaming of public places in Auburn should help to better define and build a sense of community, while also serving to honor the contributions of worthy individuals. The City of Auburn strives to have a process that serves these goals in a way that allows public participation.

The City Council will be the official naming body for all municipally owned facilities and infrastructure. The Council will make recommendations and work collaboratively with other governmental entities in the naming of facilities and infrastructure not solely owned by the City of Auburn.

Although the Council reserves the right to use whatever process they deem most appropriate for the circumstances, in general, the Council will use the following process.

Nominations will be accepted for names to any public facility, park, building, or infrastructure. Nominations should include the name and contact information from the person submitting the name as well as the reasons for their nomination.

The criteria for naming a city facility or infrastructure should reflect one or more of the following:

1. reflect City services provided in or at facility;

2. reflect geographical location;

3. reflect significant natural features; or

4. honor a significant individual (see below)

Criteria for naming a facility after an individual:

May be named after an individual living or dead;

a. made a unique contribution to the area being named;

b. substantially improved or contributed to the quality of life in Auburn;

c. gave significant civic contribution(s) to Auburn or the region;

d. brought recognition to Auburn for their achievements;

e. donated land or significant resources to the facility.

Once the nomination deadline has passed the Council will review all suggestions by using the above criteria. At its discretion, the Council may choose to appoint a subcommittee to review the nominations and forward their recommendation to the City Council.

The City Council shall hold a public hearing at a City Council meeting to solicit feedback on the final list of naming nominations. The Council will then take final action.

Naming Rights Agreement

This Naming Rights Agreement ("Agreement"), effective as of **MONTH DAY, YEAR** ("Effective Date"), is made and entered into by and between _____ (hereinafter, "Donor"), whose address is _____, and the City of Auburn, Maine (hereinafter the "City"), (each a "Party" and collectively, the "Parties").

RECITALS

WHEREAS, the City owns certain parcel of land (_____) located at _____, and commonly known as _____ (the "_____"); and

WHEREAS, the Parties desire to enter into a naming rights agreement pursuant to which the City will grant Donor temporary exclusive naming rights for the _____ referenced above in return for certain benefits set forth below.

NOW THEREFORE, in consideration of the following mutual promises, and all other good and valuable consideration, the receipt and adequacy of which are acknowledged, the Parties agree as follows:

AGREEMENT

1. Term. The Initial term of this Agreement shall be for _____ years, commencing on _____, and ending on _____, unless otherwise terminated earlier in accordance with the terms and conditions contained herein. The Parties by mutual written agreement may extend the term of this Agreement.

2. Naming Rights Fee. In consideration of the naming rights and ancillary benefits granted by the City hereunder, the Donor agrees to pay a naming rights fee in the amount of _____ ("$_____") dollars, in the manner and amounts set forth below ("Naming Rights Fee").

3. Naming Rights Payment Schedule. Donor has the option to pay the Naming Rights Fee to the City over a period of _____ (__) years. The initial payment of _____ ($_____) dollars shall be paid no later than _____, and then the _____ remaining payments shall be paid annually in accordance with the following schedule:

Naming Rights Fee Amount	Due Date
$	
$	
$	

$	
$	
Total: $	

Donor may accelerate the payment of any or all of these payments at any time, at Donors discretion, as long as the cumulative total of all payments meets the total amount of $_____ as agreed by the Parties. Payments shall be paid by Donor to the City via check or electronic funds transfer acceptable to Donor and the City.

4 Use of Payments. The payments shall be used exclusively for the _____ Development Project.

5 Acknowledgment. In consideration for the payment of the consideration and ancillary benefits granted hereunder, the City agrees to acknowledge Donors naming rights during the term of this Agreement by naming the _____. Subject to the terms of this Agreement, Donor naming rights will continue for the ten-year term of this Agreement. Any additional benefits or rights granted to Donor beyond those specified in this section must be mutually agreed to by the Parties and are subject to the payment of additional consideration in an amount agreed to by the Parties.

6. Promotion. During the term of this Agreement, the City, in consideration of the naming rights and benefits conferred hereunder, shall have the right, without charge, to photograph, use the names, likenesses, and images of Donors' _____ in photographic, audiovisual, digital or any other form of media (the "Media Materials") and to use, reproduce, distribute, exhibit, and publish the Media Materials in any manner, and in whole or in part, in City brochures, website postings, informational and marketing materials, and reports and publications.

7. Ownership. Donor acknowledges that the ownership of the park remains with the City.

8. Assignment. This Agreement and the rights and benefits hereunder may not be assigned by either Party without the prior written consent of the other Party, which consent shall be in the sole and absolute discretion of the non-assigning Party.

9. Notices. Any notice required or permitted to be given hereunder shall be deemed to be delivered, whether or not actually received, when deposited in the United States Postal Service, postage prepaid, registered or certified mail, return receipt requested, addressed to a Party, and the addresses set forth below:

Donor
Address
Address

City of Auburn
Attn: City Manager
60 Court St
Auburn, ME 04210

10 Termination of Naming. In addition to any rights and remedies available in law, the City may terminate this Agreement and all rights and benefits of Donor hereunder, including

termination of naming rights and affixation of the logoed plaques or signs upon the occurrence of the following:

a. In the event Donor fails to make any payment due under this Agreement; and such default is not cured within thirty ("30") calendar days following the date of written notice of default by the City; or

b. In the City's reasonable opinion, at any time during the term of this Agreement, Donor or the chosen name of the _____ have developed or acquired a negative connotation for any reason such that the reputation of the City is or might be at risk.

If termination is due to failure of payment, as of the effective date of termination, the City shall have no further obligation or liability to Donor and shall not be required to return any portion of the Naming Rights Payment already received; and the City may immediately cease to use or display the name. The City may in its sole and absolute discretion determine an alternative recognition for the portion of the payment already received.

If termination is due to a change in circumstances such that the City determines Donor or the _____ name have developed or acquired a negative connotation that may or does put the reputation of the _____ and/or the City at risk, Donor shall not be entitled to a refund of any portion of the payment made.

Should Donor decide to end affiliation with the City during the timeframe outlined in this agreement, Donor will be responsible for the payment to remove the name of the room.

11. Counterparts. This Agreement may be executed in two or more counterparts, which together shall constitute one and the same agreement among the parties.

13. Entire Agreement. This Agreement constitutes the entire agreement of the Parties with regard to the matters referenced herein, and supersedes all prior oral and written agreements, if any, of the Parties in respect hereto. This Agreement may not be modified or amended except by written agreement executed by both Parties hereto. The captions inserted in this Agreement are for convenience only and in no way define, limit, or otherwise describe the scope or intent of this Agreement, or any provision hereof, or in any way affect the interpretation of this Agreement.

14. Governing Law and Venue. This Agreement will be governed by and construed in accordance with the laws of the State of Maine and the City of Auburn, without regard to any conflict of law. Any legal proceeding brought in connection with disputes relating to or arising out of this Agreement shall be filed and heard in the courts of Androscoggin County.

IN WITNESS WHEREOF, this Agreement is executed by the Parties as of the day and year indicated above.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: April 18, 2023 **Order:**

Author: Office of Planning and Permitting

Subject: Joint Workshop with Planning Board and City Council on Map Amendment to expand residential strips abutting the AGRP Zone and Text Amendment to eliminate the income standard.

Information:
On March 28, 2023, Auburn Planning Board held a public hearing on the text and map amendment City Council directs the Planning Board, after consultation with the Sustainability and Natural Resources Management Board to conduct a public hearing pursuant to Chapter Article XVII, Division 3 of the Zoning Ordinance and to report in writing the results of the hearing and recommendations of the Planning Board pursuant to Chapter 60 Article XVII Division 4 of the zoning ordinance to the City Council no later than March 20, 2023 (procedural amendment by City Council on March 6th, 2023, extended to 4.18.2023), on whether to eliminate the income standard and the current strip zoning limitations in all areas outside the Lake Auburn watershed overlay as an ordinance text amendment as shown on the attached proposed text changes. This item is pursuant to Article XVII Division 2 & 3.

Staff outlined four options, A-D, listed in the attached Staff Report. After conducting a public hearing, Planning Board is recommending that council not remove the income standard until such time as there is a reasonable alternative and informing the Council that they have a draft of an alternative and need an additional hearing in order to vet it publicly.

City Budgetary Impacts:

Staff Recommended Action:
Review the Planning Board's findings with Staff, Planning Board, and Legal Counsel to discuss, and provide staff with recommendations on how to move forward with a draft for Public Hearing.
Request City Council to provide key policy directives:

1.) Is it the intent to allow residential uses separate from AG Uses?
2.) Is it the intent to create new 10 acre lots to allow for additional residential homes?
3.) If suggested language is implemented Future Land Use Plan should be amended-Appoint Planning Board as Comprehensive Plan Amendment Committee?

Previous Meetings and History:

September 9, 2022—City Council passes Resolve 06-09062022.
October 11, 2022—Planning Board is introduced to Resolve 06-09062022.

November 7, 2022—City Council passes Order 151-11072022.
November 15, 2022—Planning Board holds first workshop to consider Resolve 06-09062022, and Order 151-11072022 Receive recommendation from SNRB.
December 5, 2022—City Council responds to questions submitted by SNRB.
December 13, 2022—Planning Board workshop to consider Resolve 06-09062022, and Order 151-11072022 and receive SNRB recommendation.
January 10, 2023—Planning Board workshop on Resolve 06-09062022, and Order 151-11072022 and decide conservation values and prioritization matrix for mapping and community survey.
February 14, 2023— Planning Board workshop on Resolve 06-09062022, and Order 151-11072022/ receive survey and mapping results.
March 6, 2023—City Council extends recommendation deadline to April 18, 2023
March 28, 2023—Public Hearing on text and map amendments
April 2, 2023—Planning Board delivers recommendation to Council
May 9, 2023—Tentative Workshop or Public Hearing to review draft replacement text amendment.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

From: Auburn Planning Board

RE: Planning Board recommendation to City Council on text amendment on whether to eliminate the income standard in the AGRP zone

Date: 04/03/2023

This is the report from the Planning Board regarding the attached text amendments pursuant to Section 60-1496 of the City of Auburn Ordinances. After notice and Public Hearings held on March 28, 2023, the Planning Board forwards this report to the City Council.

PROPOSAL: PUBLIC HEARING/ TEXT AMENDMENT: The City Council directs the Planning Board after consultation with the Sustainability and Natural Resource Management Board to conduct a public hearing pursuant to Chapter Article XVII, Division 3 of the Zoning Ordinance and report in writing the results of the hearing and recommendations of the Planning Board pursuant to Chapter 60 Article XVII Division 4 of the Zoning Ordinance to the City Council no later than March 20, 2023, on whether to eliminate the income standard in all areas outside of the Lake Auburn Watershed overlay as an ordinance text amendment as shown on the proposed text changes available at https://www.auburnmaine.gov/pages/government/planning-board-agendas and in the planning department in city hall. This item is pursuant to Chapter 60, Article XVII, Division 2-Amendment to the Zoning Ordinance or Zoning Map.

MOTION: Riley Bergeron makes a motion; Toni Ferraro seconds.

"I'd like to make a make a motion to not recommend the elimination of the income standard without a replacement standard that maintains a connection of housing and agricultural uses of which the draft version we've seen and we'd require one more public hearing to develop the new standard."

Evan Cyr clarifies Riley Bergeron's motion as:

Planning Board is recommending that they not remove the income standard until such time as there is a reasonable alternative and that we are telling them we have a draft of an alternative and need an additional hearing in order to vet it publicly.

Riley Bergeron accepts this clarification.

VOTE: 7-0-0 Motion passes.

City of Auburn, Maine
Office of Planning & Permitting
Eric Cousens, Director

04210 www.auburnmaine.gov |
207.333.6601

To: Auburn Planning Board
From: Office of Planning and Permitting
Re: Public Hearing Map and Text Amendment on Resolve 06-09062022/ Order 151-11072022
Date: March 28, 2023

I. Proposal:

City Council directs the Planning Board, after consultation with the Sustainability and Natural Resources Management Board to conduct a public hearing pursuant to Chapter Article XVII, Division 3 of the Zoning Ordinance and report in writing the results of the hearing and recommendations of the Planning Board pursuant to Chapter 60 Article XVII Division 4 of the zoning ordinance to the City Council no later than March 20, 2023 (procedural amendment by City Council on March 6th, 2023, extended to 4.18.2023), on whether to eliminate the income standard and the current strip zoning limitations in all areas outside the Lake Auburn watershed overlay as an ordinance text amendment as shown on the attached proposed text changes. Review results from survey, conservation values map, and continue discussion. This item is pursuant to Article XVII Division 2 & 3.

II. Planning Board Action

The purpose of this Public Hearing for the Map and Text Amendment is to hear from the public, summarize results of the workshops as directed by the Planning Board and to make a recommendation to the City Council on eliminating income standards (outside Lake Auburn Watershed) and/or the current strip zone limitations in all areas outside the Lake Auburn Watershed. The Board has a range of options in making these recommendations.

A. Recommend the elimination of the income standards without a replacement that connects housing to agricultural uses. Staff does not recommend this and the Planning board feedback to date has not supported this. This option would require an amendment to the Comprehensive Plan.
B. Recommend the elimination of the income standards with a replacement standard that maintains a connection of housing to agricultural uses. The Board could recommend a timeline of 6-12 months to develop the new standard. This option may not require amendment to the Comprehensive Plan depending on how it is structured.
C. Recommend removing strip zone limitations in RR and LDCR areas abutting AG zone outside the lake auburn watershed as shown on the map by expanding the residential portions of the lot to include the entirety of any lot that is partly RR and LDCR zoned currently. This option would uphold the income requirement in the remaining AGRP lands totaling approximately 14,735 acres but allow for more housing opportunity in 5,610 acres. This option may not require amendment to the Comprehensive Plan depending on how it is structured, but likely would require amendment.
D. Recommend that the proposed changes not be approved, but that a hybrid be considered as follows: This option combines elements of the elimination of the income standards and the limitations of residential strips. Recommend a zoning

text change eliminating the income standard outside the lake auburn watershed in AGRP zone in certain areas by changing the zoning to Residential. This could be accomplished by amending the specific portions of the zoning map from AGRP to a residential zoning designation (RR, LDCR, SR, T-4.2, etc.) based on city wide planning conservation and economic services valuation map and proximity to existing developed areas. This option would uphold the income requirement in the remaining AGRP zone and would necessitate a Comprehensive Plan and Future Land Use Plan (FLUP) change that can be facilitated within 8-12 months. This combines a modified version of the residential strip limitations map with the concept of growing outward from the core while creating significant new opportunity for housing and leaving much of the AGRP zone as it is. This option could be modified based on environmental constraints, economics, and public input during the next 8-12 months. Staff recommends this option over the other options noted above.

E. Background

On 01/10/2023, the Planning Board reviewed the matrix that staff developed to reflect conservation land values that was informed by conversation leading up to that meeting, including the opinion from the Sustainability and Natural Resource Management Board (SNRB). This matrix informed a survey which was disseminated as a tool to gain additional public feedback beyond public meetings. The survey is an opportunity to highlight for the public some of the reason for the current policies, identify the Comprehensive plan elements/ qualities of the land that people have deemed important and continue a discussion about balancing those priorities with private property rights. Some reasons for the AGRP zone designation conflict with each other; such as preserving land for future industrial growth, protecting prime soils for agriculture, and conservation of natural resources for the sake of their ecological value.
The conservation values map is a tool to identify the locations of natural resources and ecologically valuable land, like areas with significant habitat or significant farmland soils. The map also shows the locations of existing city services, housing densities, approximate locations for transportation projects, etc.

The map could be used, first, to determine which parts of the city could accept residential development. The densities of new residential development should be considered as part of these discussions. Second, the map could inform which areas to prioritize protection or conservation.

Schedule of meetings up to this point; and tentative schedule of future meetings:

September 9, 2022—City Council passes Resolve 06-09062022.
October 11, 2022—Planning Board is introduced to Resolve 06-09062022.
November 7, 2022—City Council passes Order 151-11072022.
November 15, 2022—Planning Board holds first workshop to consider Resolve 06-09062022, and Order 151-11072022. Receive recommendation from SNRB.
December 5, 2022—City Council responds to questions submitted by SNRB.
December 13, 2022—Planning Board workshop to consider Resolve 06-09062022, and Order 151-11072022 and receive SNRB recommendation.
January 10, 2023—Planning Board workshop on Resolve 06-09062022, and Order 151-11072022 and decide conservation values and prioritization matrix for mapping and community survey.
February 14, 2023— Planning Board workshop on Resolve 06-09062022, and Order 151-11072022/ receive survey and mapping results.
March 6, 2023—City Council extends recommendation deadline to April 18, 2023

March 28, 2023—Public Hearing on text and map amendments
May 9, 2023—Tentative Workshop or Public Hearing to review draft replacement text amendment.

F. Staff Suggestion:

As listed above, the planning board could pursue one or more of the following options.

A. Recommend that the proposed changes not be approved, but that a hybrid be completed as follows: This option combines elements of the elimination of the income standards and the limitations of residential strips. Recommend a zoning text change eliminating the income standard outside the lake auburn watershed in AGRP zone in certain areas by changing the zoning to Residential. This could be accomplished by amending the specific portions of the zoning map from AGRP to a residential zoning designation (RR, LDCR, SR, T-4.2, etc.) based on city wide planning conservation and economic services valuation map and proximity to existing developed areas. This option would uphold the income requirement in the remaining AGRP zone and would necessitate a Comprehensive Plan and Future Land Use Plan (FLUP) change that can be facilitated within 8-12 months. This combines a modified version of the residential strip limitations map with the concept of growing outward from the core while creating significant new opportunity for housing and leaving much of the AGRP zone as it is. This option could be modified based on environmental constraints, economics, and public input during the next 8-12 months. Staff recommends this option over the other options noted above.

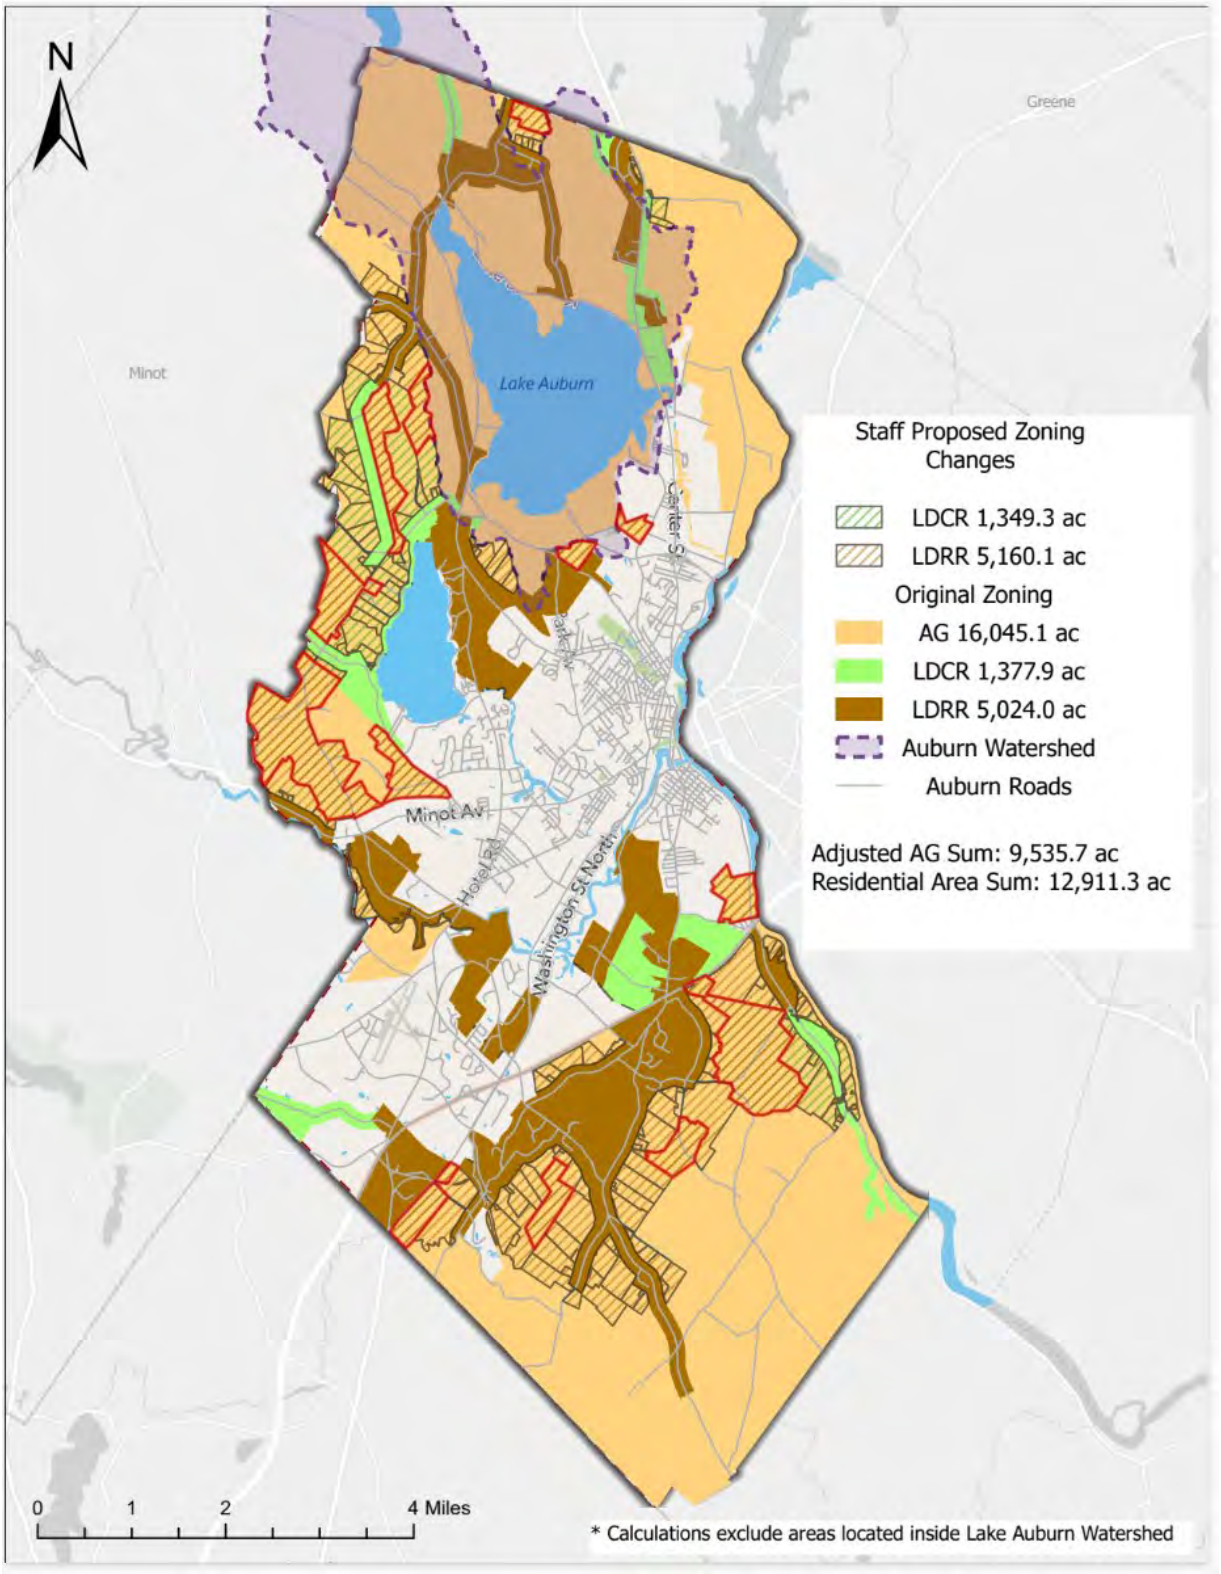
Appendix C: Staff Recommendation Map to include infill identified in red highlighted areas and cross hatched areas as compromise to the entirety of the AGRP Zone.



DIVISION 2. AGRICULTURE AND RESOURCE PROTECTION DISTRICT

Sec. 60-144. Purpose.

The purposes of this district are to allow for conservation of natural resources and open space land, and to encourage agricultural, forestry, and certain types of recreational uses. It is declared to be in the public interest that these areas should be protected and conserved because of their natural, aesthetic and scenic value, the need to retain and preserve open space lands, their economic contribution to the city, and primarily because these areas are so remote from existing centers of development that any added uncontrolled growth could result in an economic burden on the city and its inhabitants. This section shall be construed so as to effectuate the purposes outline here and to prevent any attempt to establish uses which are inconsistent with these purposes or any attempt to evade the provisions of this division.

(Ord. of 9-21-2009, § 3.31A)

Sec. 60-145. Use regulations.

(a) *Permitted uses.* The following uses are permitted:

(a) *Permitted uses.* The following uses are permitted:

(1) One-family detached dwellings, including manufactured housing subject to all the design standards, except the siting requirements of section 60-1010, as set forth in division 6 of article XII of this chapter, on parcels containing no less than ten acres, provided that the dwelling is ~~accessory to farming operations and~~ subject to the following restrictions:

a. ~~At least 30 percent of the gross annual household income of the farm occupants living in the farm residence will be derived from farm uses or the gross farm income of the farm occupants living in the farm residence is equal to or greater than 30 percent of the city's median household income, according to the most recent census data.~~

A building envelope comprising no more than 20% of the land coverage of the lot upon which the residential dwelling is to be constructed may be used for residential development. Residential development shall include, but is not limited to:

(i) Residential structures; and

(ii) Impervious surfaces accessory to residential use; and

(iii) Structures accessory to the residential use; and

(iv) Uses of the land accessory to the residential use, but not accessory to other allowed uses within the zone; and

b. New residential dwellings shall:

(i) Avoid being sited on soils of state significance or prime farmland as defined by the United States Department of Agriculture (USDA) unless it can be demonstrated to the planning

DRAFT

department that non-prime farmland is not reasonably available within the buildable area defined in Sec. 60-146 of this chapter on the subject property; and

(ii) Avoid being sited on land determined to be essential habitat, as defined by the state department of inland fisheries and wildlife unless it can be demonstrated to the planning department that non-essential habitat is not reasonably available within the buildable area defined in Sec. 60-146 of this chapter on the subject property; and

(iii) Avoid being sited on land that is currently forested unless it can be demonstrated to the planning department that non-forested land is not reasonably available within the buildable area defined in Sec. 60-146 of this chapter on the subject property; and

(i) Avoid being sited on wetland; and

(ii) Avoid being sited on steep slopes; and

(v) Not be built within the boundaries of the Lake Auburn Watershed Overlay; and

(vi) Not be sited on any portion of a parcel that has:

a. Been enrolled within the State of Maine's Farmland Tax Program within any of the ten years prior to construction of a new residential dwelling; or

b. Been used to derive income through an agricultural use within any of the ten years prior to construction of a new residential dwelling; or

c. Been enrolled in the State of Maine Tree Growth Tax Program within any of the ten years prior to construction of a new residential dwelling; or

d. Been used to derive income through the use of a forestry plan or wood cutting operation within any of the ten years prior to construction of a new residential dwelling; and

~~b.~~ c. No certificate of occupancy shall be issued for any such residence until the ~~proposed agricultural use as shown on the plans and specifications~~ proof of that Sec. 60-145(a)(1)a has been met is presented to the municipal officer charged with enforcement; ~~are 75 percent completed~~ and

~~c.~~d. In no case shall any ~~farm~~ residence constructed under the provisions of this section after the effective date of the amended ordinance from which this section is derived continue to be occupied as a residence if the ~~principal agricultural use has been abandoned or reduced in scope below the minimum requirements as shown on the plans and specifications presented to the municipal officer charged with enforcement~~ lot upon which the residence is constructed fails to meet the requirements set forth in Chapter 60-145(a)(1)a.

~~d. Any residence constructed under this article shall not be converted to nonfarm residential use except by permission of the planning board based upon a finding that the abandonment or reduction in such use resulted from causes beyond the control of the applicant and not from any intention to circumvent the requirements of this article.~~

(2) Buildings, equipment and machinery accessory to the principal use including, but not limited to: barns silos, storage buildings and farm automobile garages.

(3) Forest products raised for harvest.

(4) Field crop farms.

(5) Row crop farms.

(6) Orchard farms.

DRAFT

(7) Truck gardens.

(8) Plant and tree nurseries.

(9) Greenhouses.

(10) Handling, storage and sale of agriculture produce and processed agricultural products derived from produce grown on the premises.

(11) Livestock operations including poultry farms, cattle farms, dairy farms, stud farms, hog farms, sheep ranches, other animal farms, including farms for raising fur-bearing animals.

(12) Wayside stands.

(13) Two-family dwellings which are created from the conversion of a one-family dwelling structure which was constructed prior to 1900.

(14) Adult use and medical marijuana cultivation, but not retail sales of any kind.

(15) Marijuana manufacturing accessory to a licensed cultivation site.

(16) Ground-mounted and dual-use solar energy generating systems less than one acre in total land area as defined in section 60-1501.

(b) *Special exception uses.* The following uses are permitted by special exception after approval by the planning board in accordance with the provisions of division 3 of article XVII of this chapter:

(1) Sawmills and their customary accessory land uses and buildings incidental to the harvesting of forest products, subject to the following conditions:

a. Sawmill and accessory activity shall not be detrimental to the neighborhood or the city by reason of special danger of fire or explosion, pollution of rivers or perennial streams or accumulation of refuse.

b. Wood processing operation shall be located no closer than 75 feet from any river or perennial stream, 250 feet from any zoning district boundary or residential dwelling and shall be limited to four persons employed.

c. Where natural vegetation is removed, it shall be replaced within six months with other vegetation which will be equally effective in retarding erosion and will preserve natural beauty.

(2) Veterinary hospitals, where operated by licensed veterinarians, including offices and facilities for temporarily boarding animals.

(3) Handling, storage and sale of agricultural services, equipment, and supplies accessory to the farming use.

(4) Bona fide residences required for farm labor. Any residence constructed for farm labor shall not be converted to nonfarm residential use except by permission of the planning board based upon a finding that the abandonment or reduction in such use resulted from causes beyond the control of the applicant and not from any intention to circumvent the requirements of this division. The findings and the conditions upon which such altered use may be continued shall be made a part of the permanent records.

(5) Recreational uses of land intended or designed for public use subject to the following conditions:

a. No such recreational use shall be expanded or extended so as to occupy additional land area greater than 20 percent of the original area or one acre, whichever is less; or by the construction of a structure or an addition to an existing structure by more than 900 square feet of additional

DRAFT

floor space unless the owner or occupant first obtains approval of the planning board in the manner and upon the same terms as approvals of initial recreational uses.

b. Any proposed new or expanded recreational use shall be completed on or before the estimated completion date except that the planning board may grant reasonable extension of time where good cause for the failure to complete is shown.

(6) Any legally nonconforming summer camp or cottage may be rebuilt if destroyed by fire or other casualty, subject to the following conditions:

a. Such reconstruction shall comply with all ordinances applicable to new construction. Such reconstruction need not, however, comply with zoning provisions which would otherwise be applicable except for the provisions of article XII of this chapter.

b. In cases where no minimum setback is established by division 5 of article XII of this chapter an open yard space of at least ten feet between the building as reconstructed and each of the property lines shall be maintained.

(7) Rifle, pistol, skeet or trap shooting ranges, public or private.

(8) Cemeteries, subject to the following conditions:

a. At least 20 acres in area.

b. Not located in any environmental overlay district or over any known aquifer.

(9) Municipal sanitary landfills, subject to the following conditions:

a. Not located in any environmental overlay district or over any known aquifer.

b. Provisions shall be made to avoid surface water and groundwater pollution.

c. Provisions shall be made for frequent covering of deposited wastes with earth to counteract vermin, insects, odors, and windblown debris.

(10) Radio, radar, television and radio telephone transmitting or broadcasting towers, but not studios or offices for such transmitting or broadcasting, provided that:

a. Every such tower shall be installed in a location and manner that ensures its safe operation and the safety of the surrounding residents, building occupants, land uses and properties.

b. In no case shall such tower be located less than one and one-half times its height from the nearest property line.

(11) Wholesale nurseries, subject to the following conditions:

a. At least one-half of the area of the lot (up to a maximum of three acres) is in active nursery production in a husband type manner.

b. The plants and trees propagated, grown and nurtured in the nursery are used as the primary products by the owner/operator of the landscape service.

(12) Processing and storage of compost and bulking agents from the municipal wastewater sewerage sludge facilities provided that:

a. All compost and amendments are to be stored undercover or screened from the public way and abutting property as determined by the planning board.

b. All federal, state and local ordinances and laws relating to the processing and storage of waste are complied with.

c. An end-use plan must be filed as part of the planning board process.

DRAFT

(13) Licensed hospice care facility provided that it shall be licensed by the state as a Medicare certificate hospice.

(14) Slaughterhouse, stockyard, abattoir, dressing plant in compliance with state and federal regulations subject to the following conditions:

a. The facility shall not be located within the Lake Auburn Watershed Overlay District, the watershed of Taylor Pond, the shoreland overlay district or the floodplain overlay district.

b. The proposed use shall not occupy more than 10,000 square feet of building area.

c. The number of employees shall be limited to not more than 15.

d. Accessory retail sales shall be limited to 10 percent of building area or 1,000 square feet, whichever is smaller.

e. Hours of operation shall limited to between 6:00 a.m. and 8:00 p.m.

(15) Compost operations, excluding municipal and industrial waste, to process products such as manure, bedding, animal mortalities, waste feed, produce, forestry by-products, leaves and yard trimmings in compliance with state and federal regulations, subject to the following conditions:

a. All compost sites shall be evaluated for suitability by a properly qualified professional, including benchmark water testing prior to approval.

b. Provisions shall be made to avoid surface and groundwater pollution.

c. Provisions shall be made to counteract vermin, insects and odors.

d. Must comply with all applicable state department of environmental protection and state department of agriculture rules and regulations and best management practices.

e. Shall not be located within the Lake Auburn Watershed Overlay District.

(16) Adaptive reuse of structures of community significance.

(17) Assembly, sale, research and development, distribution, instruction, training, demonstration or maintenance of recreational or agricultural equipment, including buildings as accessory structures used in the assembly, sale, distribution, instruction, training, demonstration, or maintenance of recreational or agricultural equipment, subject to the following conditions:

a. The proposed use is accessory, complementary, or otherwise related to a recreational or agricultural use;

b. The recreational or agricultural use has been in existence for at least five years prior to the date of the application for the special exception; and

c. The recreational or agricultural use is located on the parcel for which the special exception is requested or is adjacent to the property for which the special exception is requested.

(18) One-family detached dwellings, including manufactured housing, subject to all the design standards, except the siting requirements of section 60-1010, as set forth in division 6, article XII of this chapter, on parcels containing greater than 6.1, but less than ten acres, provided that the dwelling is accessory to farming operations and subject to the following restrictions:

a. ~~At least 30 percent of the gross annual household income of the farm occupants living in the farm residence will be derived from farm uses or the gross farm income of the farm occupants living in the farm residence is equal to or greater than 30 percent of the city's median household income, according the most recent census data.~~

DRAFT

A building envelope comprising no more than 20% of the land coverage of the lot upon which the residential dwelling is to be constructed may be used for residential development. Residential development shall include, but is not limited to:

(i) Residential structures; and

(ii) Impervious surfaces accessory to residential use; and

(iii) Structures accessory to the residential use; and

(iv) Uses of the land accessory to the residential use, but not accessory to other allowed uses within the zone; and

b. New residential dwellings shall:

(i) Avoid being sited on soils of state significance as well as prime farmland as defined by the United States Department of Agriculture (USDA) unless it can be demonstrated to the planning department that non-prime farmland is not reasonably available within the buildable area defined in Sec. 60-146 of this chapter on the subject property; and

(ii) Avoid being sited on land determined to be essential habitat, as defined by the State of Maine department of inland fisheries and wildlife unless it can be demonstrated to the planning department that non-essential habitat is not reasonably available within the buildable area defined in Sec. 60-146 of this chapter on the subject property; and

(iii) Avoid being sited on land that is currently forested unless it can be demonstrated to the planning department that non-forested land is not reasonably available within the buildable area defined in Sec. 60-146 of this chapter on the subject property; and

(i) Avoid being sited on wetland; and

(ii) Avoid being sited on steep slopes; and

(v) Not be built within the boundaries of the Lake Auburn Watershed Overlay; and

(vi) Not be sited on any portion of a parcel that has:

a. Been enrolled within the State of Maine's Farmland Tax Program within any of the ten years prior to construction of a new residential dwelling; or

b. Been used to derive income through an agricultural use within any of the ten years prior to construction of a new residential dwelling; or

c. Been enrolled in the State of Maine Tree Growth Tax Program within any of the ten years prior to construction of a new residential dwelling; or

d. Been used to derive income through the use of a forestry plan or wood cutting operation within any of the ten years prior to construction of a new residential dwelling; and

~~b.~~c. No certificate of occupancy shall be issued for any such residence until the ~~proposed agricultural use as shown on the plans and specifications~~ proof of that Sec. 60-145(a)(1)a has been met is presented to the municipal officer charged with enforcement; ~~are 75 percent completed~~ and

~~c. The applicant shall demonstrate compliance with the following requirements, said compliance to be first reviewed by the Agricultural Advisory Committee for recommendation:~~

~~1. The applicant shall provide a farm business plan that appears feasible and, if implemented, will meet the definition of a farm.~~

~~2. The parcel can reasonably accommodate the proposed farm.~~

DRAFT

~~3. The applicant shall demonstrate a commitment to the proposed farm use through compliance with the following requirements:~~

~~4. The parcel must contribute to a gross income per year of at least the amount required to meet the definition of farmland in 36 M.R.S.A. § 1102(4), per year from the sales value of agricultural products as defined in 7 M.R.S.A. § 152(2) in the two calendar years preceding the date of application for special exception use approval. Gross income includes the value of commodities produced for consumption by the farm household.~~

~~5. The proposed residence shall be accessory to farming.~~

~~6. The proposed residence shall not be located in the Lake Auburn Watershed Overlay District.~~

d. The parcel was existing as of October 1, 2017, contains more than five acres of land area, and otherwise meets the requirements of this chapter.

e. In no case shall any ~~farm~~ residence constructed under the provisions of this section after the effective date of the amended ordinance from which this section is derived continue to be occupied as a residence if the ~~principal agricultural use has been abandoned or reduced in scope below the minimum requirements as shown on the plans and specifications presented to the municipal officer charged with enforcement~~ lot upon which the residence is constructed fails to meet the requirements set forth in Chapter 60-145(b)(18)(a).

~~f. Any residence constructed under this article shall not be converted to nonfarm residential use except by permission of the planning board based upon a finding that the abandonment or reduction in such use resulted from causes beyond the control of the applicant and not from any intention to circumvent the requirement of this article.~~

(19) Ground-mounted and dual-use solar energy generating systems greater than one acre in total land area as defined in section 60-1501, subject to the following conditions:

a. Must comply with the provisions of article XVIII under this chapter;

b. Setbacks, including appurtenant structures and parking areas, shall be subject to the following yard requirements:

1. *Rear.* There shall be behind every structure associated with a solar energy generating system a rear yard having a minimum depth of 25 feet.

2. *Side.* There shall be a minimum distance of 15 feet between any structure associated with a solar energy generating system and the side property line.

3. *Front.* There shall be in front of every structure associated with a solar energy generating system a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot whichever is less.

c. Lot coverage shall not exceed 30 percent, as defined under subsection 60-1506(a)(2).

d. *Total land area.* Once one percent of the agriculture and resource protection district has been developed into solar energy generating systems, the planning board must find that any additional proposed solar energy generating systems will not materially alter the stability of the overall land use pattern of the agriculture and resource protection district. In making this determination, the planning board shall consider the overall effect of existing and potential solar energy generating systems and if it will be more difficult for existing farms in the area to continue operation due to diminished opportunities to expand, purchase or lease farmland, acquire water rights, or diminish the number of tracts or acreage in farm use in a manner that will destabilize the overall character of the surrounding area. The planning board shall request an assessment of the

DRAFT

proposed project based on subsection 60-145(b)(19)d. by the agriculture committee and, if located in the resource protection district, the conservation commission and carefully consider their recommendations.

e. All applications shall consider the location of existing grid infrastructure and plan to limit the need to extend the amenities for optimal efficiency.

f. If a solar energy generating system is proposed on forestland in the agriculture and resource protection district, on a parcel adjacent to prime farmland or land currently used for farming, clearing of forestland or the use of prime farmland may be permitted under the following conditions:

1. The presence of the solar energy generating system will not result in unnecessary soil erosion or loss that could limit agricultural productivity on the subject property or abutting properties.

2. At the time of decommissioning of any solar energy generating system approved by the planning board, the current sitting planning board shall review the site and proposed decommissioning plan for the conversion of the parcel into prime farmland or forestland, as applicable under the current ordinance standards.

3. A survey of critical wildlife habitat is provided at the time of application, if a project is located in an area determined to be essential habitat, as defined by the state department of inland fisheries and wildlife, an IF&W recommendation shall be secured before a planning board ruling.

4. A vegetative cover plan is provided that demonstrates, where feasible, the replanting of forested areas disturbed during construction and preservation of prime soils throughout the life of the project.

g. *Prime soils.* All solar energy generating systems proposed in the agriculture and resource protection district shall include a soil analysis. Such analysis shall demonstrate if the site proposed for development contains prime farmland as defined by the United States Department of Agriculture (USDA). Least productive agricultural soils shall be considered first for development unless it can be demonstrated to the planning board that:

1. Non-prime farmland is not reasonably available on the subject property.

h. All applications for solar energy generating systems in the agriculture and resource protection district shall be subject to the following provisions:

1. Siting of the overall facility and individual panels shall keep with the existing contours of the land;

2. Only pile driven, or ballast block footing shall be used so as to minimize the disturbance of soils during installation;

3. To the extent possible, infrastructure shall not be located on steep slopes; and

4. A plan for topsoil maintenance shall be provided at the time of application to the planning board.

i. All operations and maintenance plans shall also include:

1. A plan prioritizing the ability to co-mingle agricultural and energy generation land uses including but not limited to: apiaries, grazing or handpicked crops.

2. A plan that provides habitat for native plants and animals and native pollinators.

DRAFT

(Ord. of 9-21-2009, § 3.31B; Ord. No. 32-02072011-07, 2-7-2011; Ord. No. 06-08012011-07, 8-1-2011; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 06-06052017, 6-19-2017; Ord. No. 04-05202019, 6-3-2019; Ord. No. 17-11182019, 12-9-2019; Ord. No. 05-05182020, 6-1-2020; Ord. No. 11-03012021, §§ 5, 6, 3-15-2021)

Sec. 60-146. Dimensional regulations.

All structures in this district, except as noted shall be subject to the following dimensional regulations:

(1) *Minimum lot area, width and depth.* No lot shall be created containing less than ten acres, exclusive of any bodies of water having a surface area of one-fourth of an acre or more and measuring less than 250 feet in width at the street frontage, and 200 feet in depth. No building shall be erected on a lot containing less than ten acres, except as allowed in this section, exclusive of any bodies of water having a surface area of one-fourth of an acre or more, and measuring not less than 250 feet in width at the street frontage, and 200 feet in depth.

a. A building may be erected on a lot containing not less than 50,000 square feet and possessing the required minimum frontage width provided it is contiguous with other lots or parcels of land in the same ownership containing an aggregate of not less than ten acres; notwithstanding the separation of the said other lots or parcels of land by a road, stream, private right-of-way or other natural boundary from the lot on which the building is to be constructed. This section shall not be construed to prevent the construction of nonresidential accessory farm buildings on any such lot.

b. On legally nonconforming undersized lots, the keeping of horses, mules, cows, goats, sheep, hogs, and similar sized animals for domestic use of the residents of the lot is permitted provided that the land area required per animal unit conforms to the definition of farm, livestock contained in section 60-2.

c. A dwelling may be constructed on lots existing as of October 1, 2017 and containing greater than 6.1 acres but less than ten acres, if approved as a special exception pursuant to subsection 60-145(b)(18).

(2) *Density.* The density of ~~year-round~~ dwelling units shall not exceed ~~an average of~~ one dwelling per lot ~~ten acres, unless approved pursuant to subsection (1) above.~~

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 25 feet.

b. *Side.* There shall be a minimum distance of 15 feet between any building and the side property line.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot whichever is less~~.~~, and having a maximum depth of 30% of the average depth of the lot.

(4) *Height.* The height of all dwelling structures shall be limited to two and one-half stories or 35 feet in height. Accessory buildings and structures may have a maximum height of 65 feet from grade, provided that the front yard, rear yard and each of the side yards shall be increased by one foot for each foot in height in excess of 35 feet.

(5) *Off-street parking.* Off-street parking spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.31C; Ord. No. 18-11182019, 12-9-2019; Ord. No. 11-03012021, §§ 7, 8, 58, 3-15-2021)

DRAFT

Secs. 60-147—60-199. Reserved.

DRAFT

DIVISION 2. AGRICULTURE AND RESOURCE PROTECTION DISTRICT

Sec. 60-144. Purpose.

The purposes of this district are to allow for conservation of natural resources and open space land, and to encourage agricultural, forestry, and certain types of recreational uses. It is declared to be in the public interest that these areas should be protected and conserved because of their natural, aesthetic and scenic value, the need to retain and preserve open space lands, their economic contribution to the city, and primarily because these areas are so remote from existing centers of development that any added uncontrolled growth could result in an economic burden on the city and its inhabitants. This section shall be construed so as to effectuate the purposes outline here and to prevent any attempt to establish uses which are inconsistent with these purposes or any attempt to evade the provisions of this division.

(Ord. of 9-21-2009, § 3.31A)

Sec. 60-145. Use regulations.

(a) *Permitted uses.* The following uses are permitted:

(1) One-family detached dwellings, including manufactured housing subject to all the design standards, except the siting requirements of Ssec.~~tion~~ 60-1010, as set forth in division 6 of article XII of this chapter, on parcels containing no less than 6.1~~ten~~ acres, ~~provided that the dwelling is accessory to farming operations and~~ subject to the following restrictions:

a. ~~At least 30 percent of the gross annual household income of the farm occupants living in the farm residence will be derived from farm uses or the gross farm income of the farm occupants living in the farm residence is equal to or greater than 30 percent of the city's median household income, according to the most recent census data.~~

The one-family detached dwelling residential development shall comprise no more than 20% of the land coverage of the lot upon which the dwelling is to be constructed. Residential development shall include, but is not limited to:

(i) Residential structures; and

(ii) Impervious surfaces accessory to the residential use; and

(iii) Structures accessory to the residential use; and

(iv) Uses of the land accessory to the residential use, but not accessory to other allowed uses within the zone.

b. New one-family detached dwellings shall:

(i) Avoid being sited on soils of state significance or prime farmland as defined by the United States Department of Agriculture (USDA) unless it can be demonstrated to the Code Enforcement Officer that non-prime farmland is not reasonably available within the buildable area, as defined in Sec. 60-146 of this chapter, on the subject property; and

DRAFT

(ii) Avoid being sited on land determined to be essential habitat, as defined by the State of Maine Department of Inland Fisheries and Wildlife unless it can be demonstrated to the Code Enforcement Officer that non-essential habitat is not reasonably available within the buildable area, as defined in Sec. 60-146 of this chapter, on the subject property; and

(iii) Avoid being sited on wetland; and

(iv) Avoid being sited on slopes greater than 25%; and

(v) Not be built within the Lake Auburn Watershed Overlay District; and

(vi) Not be sited on any portion of a parcel that is:

a. Currently enrolled in the State of Maine Farmland Tax Program; or

b. Currently enrolled in the State of Maine Tree Growth Tax Law Program.

~~b.~~ c. No certificate of occupancy shall be issued for any such farm residence until ~~the barns, livestock pens, silos, or other such buildings or structures which are to be erected in connection with the proposed agricultural use as shown on the plans and specifications~~ satisfactory evidence that the requirement of Sec. 60-145(a)(1)(a) has been met is presented to the municipal official~~er~~ charged with authority to issue the certificate of occupancy~~enforcement are 75 percent completed~~.

~~c.~~d. In no case shall any ~~farm~~ residence constructed under the provisions of this section after the effective date of the amended ordinance from which this section is derived continue to be occupied as a residence if the ~~principal agricultural use has been abandoned or reduced in scope below the minimum requirements as shown on the plans and specifications presented to the municipal officer charged with enforcement~~ lot upon which the residence is constructed fails to meet the requirements set forth in Sec. 60-145(a)(1)(a).

~~d. Any residence constructed under this article shall not be converted to nonfarm residential use except by permission of the planning board based upon a finding that the abandonment or reduction in such use resulted from causes beyond the control of the applicant and not from any intention to circumvent the requirements of this article.~~

(2) Buildings, equipment and machinery accessory to the principal use including, but not limited to: barns silos, storage buildings and farm automobile garages.

(3) Forest products raised for harvest.

(4) Field crop farms.

(5) Row crop farms.

(6) Orchard farms.

(7) Truck gardens.

(8) Plant and tree nurseries.

(9) Greenhouses.

(10) Handling, storage and sale of agriculture produce and processed agricultural products derived from produce grown on the premises.

(11) Livestock operations including poultry farms, cattle farms, dairy farms, stud farms, hog farms, sheep ranches, other animal farms, including farms for raising fur-bearing animals.

(12) Wayside stands.

DRAFT

(13) Two-family dwellings which are created from the conversion of a one-family dwelling structure which was constructed prior to 1900.

(14) Adult use and medical marijuana cultivation, but not retail sales of any kind.

(15) Marijuana manufacturing accessory to a licensed cultivation site.

(16) Ground-mounted and dual-use solar energy generating systems less than one acre in total land area as defined in Ssec.~~tion~~ 60-1501.

(b) *Special exception uses.* The following uses are permitted by special exception after approval by the planning board in accordance with the provisions of division 3 of article XVII of this chapter:

(1) Sawmills and their customary accessory land uses and buildings incidental to the harvesting of forest products, subject to the following conditions:

a. Sawmill and accessory activity shall not be detrimental to the neighborhood or the city by reason of special danger of fire or explosion, pollution of rivers or perennial streams or accumulation of refuse.

b. Wood processing operation shall be located no closer than 75 feet from any river or perennial stream, 250 feet from any zoning district boundary or residential dwelling and shall be limited to four persons employed.

c. Where natural vegetation is removed, it shall be replaced within six months with other vegetation which will be equally effective in retarding erosion and will preserve natural beauty.

(2) Veterinary hospitals, where operated by licensed veterinarians, including offices and facilities for temporarily boarding animals.

(3) Handling, storage and sale of agricultural services, equipment, and supplies accessory to the farming use.

(4) Bona fide residences required for farm labor. Any residence constructed for farm labor shall not be converted to nonfarm residential use except by permission of the planning board based upon a finding that the abandonment or reduction in such use resulted from causes beyond the control of the applicant and not from any intention to circumvent the requirements of this division. The findings and the conditions upon which such altered use may be continued shall be made a part of the permanent records.

(5) Recreational uses of land intended or designed for public use subject to the following conditions:

a. No such recreational use shall be expanded or extended so as to occupy additional land area greater than 20 percent of the original area or one acre, whichever is less; or by the construction of a structure or an addition to an existing structure by more than 900 square feet of additional floor space unless the owner or occupant first obtains approval of the planning board in the manner and upon the same terms as approvals of initial recreational uses.

b. Any proposed new or expanded recreational use shall be completed on or before the estimated completion date except that the planning board may grant reasonable extension of time where good cause for the failure to complete is shown.

(6) Any legally nonconforming summer camp or cottage may be rebuilt if destroyed by fire or other casualty, subject to the following conditions:

a. Such reconstruction shall comply with all ordinances applicable to new construction. Such reconstruction need not, however, comply with zoning provisions which would otherwise be applicable except for the provisions of article XII of this chapter.

DRAFT

b. In cases where no minimum setback is established by division 5 of article XII of this chapter an open yard space of at least ten feet between the building as reconstructed and each of the property lines shall be maintained.

(7) Rifle, pistol, skeet or trap shooting ranges, public or private.

(8) Cemeteries, subject to the following conditions:

a. At least 20 acres in area.

b. Not located in any environmental overlay district or over any known aquifer.

(9) Municipal sanitary landfills, subject to the following conditions:

a. Not located in any environmental overlay district or over any known aquifer.

b. Provisions shall be made to avoid surface water and groundwater pollution.

c. Provisions shall be made for frequent covering of deposited wastes with earth to counteract vermin, insects, odors, and windblown debris.

(10) Radio, radar, television and radio telephone transmitting or broadcasting towers, but not studios or offices for such transmitting or broadcasting, provided that:

a. Every such tower shall be installed in a location and manner that ensures its safe operation and the safety of the surrounding residents, building occupants, land uses and properties.

b. In no case shall such tower be located less than one and one-half times its height from the nearest property line.

(11) Wholesale nurseries, subject to the following conditions:

a. At least one-half of the area of the lot (up to a maximum of three acres) is in active nursery production in a husband type manner.

b. The plants and trees propagated, grown and nurtured in the nursery are used as the primary products by the owner/operator of the landscape service.

(12) Processing and storage of compost and bulking agents from the municipal wastewater sewerage sludge facilities provided that:

a. All compost and amendments are to be stored undercover or screened from the public way and abutting property as determined by the planning board.

b. All federal, state and local ordinances and laws relating to the processing and storage of waste are complied with.

c. An end-use plan must be filed as part of the planning board process.

(13) Licensed hospice care facility provided that it shall be licensed by the state as a Medicare certificate hospice.

(14) Slaughterhouse, stockyard, abattoir, dressing plant in compliance with state and federal regulations subject to the following conditions:

a. The facility shall not be located within the Lake Auburn Watershed Overlay District, the watershed of Taylor Pond, the shoreland overlay district or the floodplain overlay district.

b. The proposed use shall not occupy more than 10,000 square feet of building area.

c. The number of employees shall be limited to not more than 15.

DRAFT

d. Accessory retail sales shall be limited to 10 percent of building area or 1,000 square feet, whichever is smaller.

e. Hours of operation shall be limited to between 6:00 a.m. and 8:00 p.m.

(15) Compost operations, excluding municipal and industrial waste, to process products such as manure, bedding, animal mortalities, waste feed, produce, forestry by-products, leaves and yard trimmings in compliance with state and federal regulations, subject to the following conditions:

a. All compost sites shall be evaluated for suitability by a properly qualified professional, including benchmark water testing prior to approval.

b. Provisions shall be made to avoid surface and groundwater pollution.

c. Provisions shall be made to counteract vermin, insects and odors.

d. Must comply with all applicable state department of environmental protection and state department of agriculture rules and regulations and best management practices.

e. Shall not be located within the Lake Auburn Watershed Overlay District.

(16) Adaptive reuse of structures of community significance.

(17) Assembly, sale, research and development, distribution, instruction, training, demonstration or maintenance of recreational or agricultural equipment, including buildings as accessory structures used in the assembly, sale, distribution, instruction, training, demonstration, or maintenance of recreational or agricultural equipment, subject to the following conditions:

a. The proposed use is accessory, complementary, or otherwise related to a recreational or agricultural use;

b. The recreational or agricultural use has been in existence for at least five years prior to the date of the application for the special exception; and

c. The recreational or agricultural use is located on the parcel for which the special exception is requested or is adjacent to the property for which the special exception is requested.

(18) One-family detached dwellings, including manufactured housing, subject to all the design standards, except the siting requirements of Ssec.~~tion~~ 60-1010, as set forth in division 6, article XII of this chapter, on parcels containing ~~greater~~ less than 6.1 acres, ~~but less than ten acres, provided that the dwelling is accessory to farming operations and~~ subject to the following restrictions:

a. ~~At least 30 percent of the gross annual household income of the farm occupants living in the farm residence will be derived from farm uses or the gross farm income of the farm occupants living in the farm residence is equal to or greater than 30 percent of the city's median household income, according to the most recent census data.~~

The one-family detached dwelling residential development shall comprise no more than 20% of the land coverage of the lot upon which the dwelling is to be constructed. Residential development shall include, but is not limited to:

(i) Residential structures; and

(ii) Impervious surfaces accessory to the residential use; and

(iii) Structures accessory to the residential use; and

(iv) Uses of the land accessory to the residential use, but not accessory to other allowed uses within the zone.

b. New one-family detached dwellings shall:

(i) Avoid being sited on soils of state significance or prime farmland as defined by the United States Department of Agriculture (USDA) unless it can be demonstrated to the Planning Board that non-prime farmland is not reasonably available within the buildable area, as defined in Sec. 60-146 of this chapter, on the subject property; and

(ii) Avoid being sited on land determined to be essential habitat, as defined by the State of Maine Department of Inland Fisheries and Wildlife unless it can be demonstrated to the Planning Board that non-essential habitat is not reasonably available within the buildable area, as defined in Sec. 60-146 of this chapter, on the subject property; and

(iii) Avoid being sited on wetland; and

(iv) Avoid being sited on slopes greater than 25%; and

(v) Not be built within the Lake Auburn Watershed Overlay District; and

(vi) Not be sited on any portion of a parcel that is:

a. Currently enrolled in the State of Maine Farmland Tax Program; or

b. Currently enrolled in the State of Maine Tree Growth Tax Law Program.

~~b.~~ c. No certificate of occupancy shall be issued for any such farm residence until ~~the barns, livestock pens, silos, or other such buildings or structures which are to be erected in connection with the proposed agricultural use as shown on the plans and specifications~~ satisfactory evidence that the requirement of Sec. 60-145(b)(18)(a) has been met is presented to the municipal official~~er~~ charged with authority to issue the certificate of occupancy~~enforcement are 75 percent completed~~.

~~c. The applicant shall demonstrate compliance with the following requirements, said compliance to be first reviewed by the Agricultural Advisory Committee for recommendation:~~

~~1. The applicant shall provide a farm business plan that appears feasible and, if implemented, will meet the definition of a farm.~~

~~2. The parcel can reasonably accommodate the proposed farm.~~

~~3. The applicant shall demonstrate a commitment to the proposed farm use through compliance with the following requirements:~~

~~4. The parcel must contribute to a gross income per year of at least the amount required to meet the definition of farmland in 36 M.R.S.A. § 1102(4), per year from the sales value of agricultural products as defined in 7 M.R.S.A. § 152(2) in the two calendar years preceding the date of application for special exception use approval. Gross income includes the value of commodities produced for consumption by the farm household.~~

~~5. The proposed residence shall be accessory to farming.~~

~~6. The proposed residence shall not be located in the Lake Auburn Watershed Overlay District.~~

d. The parcel was existing as of October 1, 2017~~, contains more than five acres of land area~~, and otherwise meets the requirements of this chapter.

e. In no case shall any ~~farm~~ residence constructed under the provisions of this section after the effective date of the amended ordinance from which this section is derived continue to be occupied as a residence if the ~~principal agricultural use has been abandoned or reduced in scope below the minimum requirements as shown on the plans and specifications presented to the~~

~~municipal officer charged with enforcement~~ lot upon which the residence is constructed fails to meet the requirements set forth in Sec. 60-145(b)(18)(a).

~~f. Any residence constructed under this article shall not be converted to nonfarm residential use except by permission of the planning board based upon a finding that the abandonment or reduction in such use resulted from causes beyond the control of the applicant and not from any intention to circumvent the requirement of this article.~~

(19) Ground-mounted and dual-use solar energy generating systems greater than one acre in total land area as defined in S~~s~~ec.~~tion~~ 60-1501, subject to the following conditions:

a. Must comply with the provisions of article XVIII under this chapter;

b. Setbacks, including appurtenant structures and parking areas, shall be subject to the following yard requirements:

1. *Rear.* There shall be behind every structure associated with a solar energy generating system a rear yard having a minimum depth of 25 feet.

2. *Side.* There shall be a minimum distance of 15 feet between any structure associated with a solar energy generating system and the side property line.

3. *Front.* There shall be in front of every structure associated with a solar energy generating system a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot whichever is less.

c. Lot coverage shall not exceed 30 percent, as defined under subsection 60-1506(a)(2).

d. *Total land area.* Once one percent of the agriculture and resource protection district has been developed into solar energy generating systems, the planning board must find that any additional proposed solar energy generating systems will not materially alter the stability of the overall land use pattern of the agriculture and resource protection district. In making this determination, the planning board shall consider the overall effect of existing and potential solar energy generating systems and if it will be more difficult for existing farms in the area to continue operation due to diminished opportunities to expand, purchase or lease farmland, acquire water rights, or diminish the number of tracts or acreage in farm use in a manner that will destabilize the overall character of the surrounding area. The planning board shall request an assessment of the proposed project based on subsection 60-145(b)(19)d. by the agriculture committee and, if located in the resource protection district, the conservation commission and carefully consider their recommendations.

e. All applications shall consider the location of existing grid infrastructure and plan to limit the need to extend the amenities for optimal efficiency.

f. If a solar energy generating system is proposed on forestland in the agriculture and resource protection district, on a parcel adjacent to prime farmland or land currently used for farming, clearing of forestland or the use of prime farmland may be permitted under the following conditions:

1. The presence of the solar energy generating system will not result in unnecessary soil erosion or loss that could limit agricultural productivity on the subject property or abutting properties.

2. At the time of decommissioning of any solar energy generating system approved by the planning board, the current sitting planning board shall review the site and proposed decommissioning plan for the conversion of the parcel into prime farmland or forestland, as applicable under the current ordinance standards.

DRAFT

3. A survey of critical wildlife habitat is provided at the time of application, if a project is located in an area determined to be essential habitat, as defined by the state department of inland fisheries and wildlife, an IF&W recommendation shall be secured before a planning board ruling.

4. A vegetative cover plan is provided that demonstrates, where feasible, the replanting of forested areas disturbed during construction and preservation of prime soils throughout the life of the project.

g. *Prime soils.* All solar energy generating systems proposed in the agriculture and resource protection district shall include a soil analysis. Such analysis shall demonstrate if the site proposed for development contains prime farmland as defined by the United States Department of Agriculture (USDA). Least productive agricultural soils shall be considered first for development unless it can be demonstrated to the planning board that:

1. Non-prime farmland is not reasonably available on the subject property.

h. All applications for solar energy generating systems in the agriculture and resource protection district shall be subject to the following provisions:

1. Siting of the overall facility and individual panels shall keep with the existing contours of the land;

2. Only pile driven, or ballast block footing shall be used so as to minimize the disturbance of soils during installation;

3. To the extent possible, infrastructure shall not be located on steep slopes; and

4. A plan for topsoil maintenance shall be provided at the time of application to the planning board.

i. All operations and maintenance plans shall also include:

1. A plan prioritizing the ability to co-mingle agricultural and energy generation land uses including but not limited to: apiaries, grazing or handpicked crops.

2. A plan that provides habitat for native plants and animals and native pollinators.

(Ord. of 9-21-2009, § 3.31B; Ord. No. 32-02072011-07, 2-7-2011; Ord. No. 06-08012011-07, 8-1-2011; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 06-06052017, 6-19-2017; Ord. No. 04-05202019, 6-3-2019; Ord. No. 17-11182019, 12-9-2019; Ord. No. 05-05182020, 6-1-2020; Ord. No. 11-03012021, §§ 5, 6, 3-15-2021)

Sec. 60-146. Dimensional regulations.

All structures in this district, except as noted shall be subject to the following dimensional regulations:

(1) *Minimum lot area, width and depth.* No new lot shall be created after October 1, 2017 containing less than ten acres, exclusive of any bodies of water having a surface area of one-fourth of an acre or more and measuring less than 250 feet in width at the street frontage, and 200 feet in depth. No building shall be erected on a lot containing less than ten acres, except as allowed in this section, exclusive of any bodies of water having a surface area of one-fourth of an acre or more, and measuring not less than 250 feet in width at the street frontage, and 200 feet in depth.

a. A building may be erected on a lot containing not less than 50,000 square feet and possessing the required minimum frontage width provided it is contiguous with other lots or parcels of land in the same ownership containing an aggregate of not less than ten acres; notwithstanding the separation of the said other lots or parcels of land by a road, stream, private right-of-way or

other natural boundary from the lot on which the building is to be constructed. This section shall not be construed to prevent the construction of nonresidential accessory farm buildings on any such lot.

b. On legally nonconforming undersized lots, the keeping of horses, mules, cows, goats, sheep, hogs, and similar sized animals for domestic use of the residents of the lot is permitted provided that the land area required per animal unit conforms to the definition of farm, livestock contained in section 60-2.

c. A dwelling may be constructed on lots existing as of October 1, 2017 and containing 6.1 or more acres if approved pursuant to Sec. 60-145(a)(1). A dwelling may be constructed on lots existing as of October 1, 2017 and containing less than ~~greater than~~ 6.1 acres ~~but less than ten acres,~~ if approved as a special exception pursuant to Sec.~~subsection~~ 60-145(b)(18). A dwelling may be constructed on new lots containing ten or more acres or lots existing as of October 1, 2017 and containing ten or more acres if approved pursuant to Sec. 60-145(a)(1).

(2) *Density.* The density of ~~year-round~~ dwelling units shall not exceed ~~an average of~~ one dwelling unit per lot~~-ten acres, unless approved pursuant to subsection (1) above~~.

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 25 feet.

b. *Side.* There shall be a minimum distance of 15 feet between any building and the side property line.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot, whichever is less, and having a maximum depth of 30% of the average depth of the lot.

(4) *Height.* The height of all dwelling structures shall be limited to two and one-half stories or 35 feet in height. Accessory buildings and structures may have a maximum height of 65 feet from grade, provided that the front yard, rear yard and each of the side yards shall be increased by one foot for each foot in height in excess of 35 feet.

(5) *Off-street parking.* Off-street parking spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.31C; Ord. No. 18-11182019, 12-9-2019; Ord. No. 11-03012021, §§ 7, 8, 58, 3-15-2021)

Secs. 60-147—60-199. Reserved.

DRAFT

DRAFT

PROPOSED TEXT AMENDMENT PART II - CODE OF ORDINANCES
Chapter 60 - ZONING
ARTICLE IV. - DISTRICT REGULATIONS
DIVISION 2. AGRICULTURE AND RESOURCE PROTECTION DISTRICT

DIVISION 2. AGRICULTURE AND RESOURCE PROTECTION DISTRICT

Sec. 60-144. Purpose.

The purposes of this district are to allow for conservation of natural resources and open space land, and to encourage agricultural, forestry, and certain types of recreational uses. It is declared to be in the public interest that these areas should be protected and conserved because of their natural, aesthetic and scenic value, the need to retain and preserve open space lands, their economic contribution to the city, and primarily because these areas are so remote from existing centers of development that any added uncontrolled growth could result in an economic burden on the city and its inhabitants. This section shall be construed so as to effectuate the purposes outline here and to prevent any attempt to establish uses which are inconsistent with these purposes or any attempt to evade the provisions of this division.

(Ord. of 9-21-2009, § 3.31A)

Sec. 60-145. Use regulations.

(a) *Permitted uses.* The following uses are permitted:

(1) One-family detached dwellings except as prohibited by Section 60-952(b).~~, including manufactured housing subject to all the design standards, except the siting requirements of section 60-1010, as set forth in division 6 of article XII of this chapter, on parcels containing no less than ten acres, provided that the dwelling is accessory to farming operations and subject to the following restrictions:~~

~~a. At least 30 percent of the gross annual household income of the farm occupants living in the farm residence will be derived from farm uses or the gross farm income of the farm occupants living in the farm residence is equal to or greater than 30 percent of the city's median household income, according the most recent census data.~~

~~b. No certificate of occupancy shall be issued for any such farm residence until the barns, livestock pens, silos, or other such buildings or structures which are to be erected in connection with the proposed agricultural use as shown on the plans and specifications presented to the municipal officer charged with enforcement are 75 percent completed.~~

~~c. In no case shall any farm residence constructed under the provisions of this section after the effective date of the amended ordinance from which this section is derived continue to be occupied as a residence if the principal agricultural use has been abandoned or reduced in scope below the minimum requirements as shown on the plans and specifications presented to the municipal officer charged with enforcement.~~

~~d. Any residence constructed under this article shall not be converted to nonfarm residential use except by permission of the planning board based upon a finding that the abandonment or reduction in such use resulted from causes beyond the control of the applicant and not from any intention to circumvent the requirements of this article.~~

(2) Buildings, equipment and machinery accessory to the principal use including, but not limited to: barns silos, storage buildings and farm automobile garages.

(3) Forest products raised for harvest.

(4) Field crop farms.

(5) Row crop farms.

(6) Orchard farms.

(7) Truck gardens.

(8) Plant and tree nurseries.

(9) Greenhouses.

(10) Handling, storage and sale of agriculture produce and processed agricultural products derived from produce grown on the premises.

(11) Livestock operations including poultry farms, cattle farms, dairy farms, stud farms, hog farms, sheep ranches, other animal farms, including farms for raising fur-bearing animals.

(12) Wayside stands.

(13) Two-family dwellings which are created from the conversion of a one-family dwelling structure which was constructed prior to 1900.

(14) Adult use and medical marijuana cultivation, but not retail sales of any kind.

(15) Marijuana manufacturing accessory to a licensed cultivation site.

(16) Ground-mounted and dual-use solar energy generating systems less than one acre in total land area as defined in section 60-1501.

(b) *Special exception uses.* The following uses are permitted by special exception after approval by the planning board in accordance with the provisions of division 3 of article XVII of this chapter:

(1) Sawmills and their customary accessory land uses and buildings incidental to the harvesting of forest products, subject to the following conditions:

a. Sawmill and accessory activity shall not be detrimental to the neighborhood or the city by reason of special danger of fire or explosion, pollution of rivers or perennial streams or accumulation of refuse.

b. Wood processing operation shall be located no closer than 75 feet from any river or perennial stream, 250 feet from any zoning district boundary or residential dwelling and shall be limited to four persons employed.

c. Where natural vegetation is removed, it shall be replaced within six months with other vegetation which will be equally effective in retarding erosion and will preserve natural beauty.

(2) Veterinary hospitals, where operated by licensed veterinarians, including offices and facilities for temporarily boarding animals.

(3) Handling, storage and sale of agricultural services, equipment, and supplies accessory to the farming use.

(4) Bona fide residences required for farm labor. Any residence constructed for farm labor shall not be converted to nonfarm residential use except by permission of the planning board based upon a finding that the abandonment or reduction in such use resulted from causes beyond the control of the applicant and not from any intention to circumvent the requirements of this division. The findings and the conditions upon which such altered use may be continued shall be made a part of the permanent records.

(5) Recreational uses of land intended or designed for public use subject to the following conditions:

a. No such recreational use shall be expanded or extended so as to occupy additional land area greater than 20 percent of the original area or one acre, whichever is less; or by the construction of a structure or an addition to an existing structure by more than 900 square feet of additional floor space unless the owner or occupant first obtains approval of the planning board in the manner and upon the same terms as approvals of initial recreational uses.

b. Any proposed new or expanded recreational use shall be completed on or before the estimated completion date except that the planning board may grant reasonable extension of time where good cause for the failure to complete is shown.

(6) Any legally nonconforming summer camp or cottage may be rebuilt if destroyed by fire or other casualty, subject to the following conditions:

a. Such reconstruction shall comply with all ordinances applicable to new construction. Such reconstruction need not, however, comply with zoning provisions which would otherwise be applicable except for the provisions of article XII of this chapter.

b. In cases where no minimum setback is established by division 5 of article XII of this chapter an open yard space of at least ten feet between the building as reconstructed and each of the property lines shall be maintained.

(7) Rifle, pistol, skeet or trap shooting ranges, public or private.

(8) Cemeteries, subject to the following conditions:

a. At least 20 acres in area.

b. Not located in any environmental overlay district or over any known aquifer.

(9) Municipal sanitary landfills, subject to the following conditions:

a. Not located in any environmental overlay district or over any known aquifer.

b. Provisions shall be made to avoid surface water and groundwater pollution.

c. Provisions shall be made for frequent covering of deposited wastes with earth to counteract vermin, insects, odors, and windblown debris.

(10) Radio, radar, television and radio telephone transmitting or broadcasting towers, but not studios or offices for such transmitting or broadcasting, provided that:

a. Every such tower shall be installed in a location and manner that ensures its safe operation and the safety of the surrounding residents, building occupants, land uses and properties.

b. In no case shall such tower be located less than one and one-half times its height from the nearest property line.

(11) Wholesale nurseries, subject to the following conditions:

a. At least one-half of the area of the lot (up to a maximum of three acres) is in active nursery production in a husband type manner.

b. The plants and trees propagated, grown and nurtured in the nursery are used as the primary products by the owner/operator of the landscape service.

(12) Processing and storage of compost and bulking agents from the municipal wastewater sewerage sludge facilities provided that:

a. All compost and amendments are to be stored undercover or screened from the public way and abutting property as determined by the planning board.

b. All federal, state and local ordinances and laws relating to the processing and storage of waste are complied with.

c. An end-use plan must be filed as part of the planning board process.

(13) Licensed hospice care facility provided that it shall be licensed by the state as a Medicare certificate hospice.

(14) Slaughterhouse, stockyard, abattoir, dressing plant in compliance with state and federal regulations subject to the following conditions:

a. The facility shall not be located within the Lake Auburn Watershed Overlay District, the watershed of Taylor Pond, the shoreland overlay district or the floodplain overlay district.

b. The proposed use shall not occupy more than 10,000 square feet of building area.

c. The number of employees shall be limited to not more than 15.

d. Accessory retail sales shall be limited to 10 percent of building area or 1,000 square feet, whichever is smaller.

e. Hours of operation shall limited to between 6:00 a.m. and 8:00 p.m.

(15) Compost operations, excluding municipal and industrial waste, to process products such as manure, bedding, animal mortalities, waste feed, produce, forestry by-products, leaves and yard trimmings in compliance with state and federal regulations, subject to the following conditions:

a. All compost sites shall be evaluated for suitability by a properly qualified professional, including benchmark water testing prior to approval.

b. Provisions shall be made to avoid surface and groundwater pollution.

c. Provisions shall be made to counteract vermin, insects and odors.

d. Must comply with all applicable state department of environmental protection and state department of agriculture rules and regulations and best management practices.

e. Shall not be located within the Lake Auburn Watershed Overlay District.

(16) Adaptive reuse of structures of community significance.

(17) Assembly, sale, research and development, distribution, instruction, training, demonstration or maintenance of recreational or agricultural equipment, including buildings as accessory structures used in the assembly, sale, distribution, instruction, training, demonstration, or maintenance of recreational or agricultural equipment, subject to the following conditions:

a. The proposed use is accessory, complementary, or otherwise related to a recreational or agricultural use;

b. The recreational or agricultural use has been in existence for at least five years prior to the date of the application for the special exception; and

c. The recreational or agricultural use is located on the parcel for which the special exception is requested or is adjacent to the property for which the special exception is requested.

(18) One-family detached dwellings~~, including manufactured housing, subject to all the design standards, except the siting requirements of section 60-1010, as set forth in division 6, article XII of this chapter,~~

on parcels containing greater than 6.1, but less than ten acres, provided that ~~the dwelling is accessory to farming operations and subject to~~ the following restrictions are met:

a. ~~At least 30 percent of the gross annual household income of the farm occupants living in the farm residence will be derived from farm uses or the gross farm income of the farm occupants living in the farm residence is equal to or greater than 30 percent of the city's median household income, according to the most recent census data; and~~

~~b. No certificate of occupancy shall be issued for any such farm residence until the barns, livestock pens, silos, or other such buildings or structures which are to be erected in connection with the proposed agricultural use as shown on the plans and specifications presented to the municipal officer charged with enforcement are 75 percent completed; and~~

~~c. The applicant shall demonstrate compliance with the following requirements, said compliance to be first reviewed by the Agricultural Advisory Committee for recommendation:~~

~~1. The applicant shall provide a farm business plan that appears feasible and, if implemented, will meet the definition of a farm.~~

~~2. The parcel can reasonably accommodate the proposed farm.~~

~~3. The applicant shall demonstrate a commitment to the proposed farm use through compliance with the following requirements:~~

~~4. The parcel must contribute to a gross income per year of at least the amount required to meet the definition of farmland in 36 M.R.S.A. § 1102(4), per year from the sales value of agricultural products as defined in 7 M.R.S.A. § 152(2) in the two calendar years preceding the date of application for special exception use approval. Gross income includes the value of commodities produced for consumption by the farm household.~~

~~5. The proposed residence shall be accessory to farming.~~

a~~6~~. The proposed residence shall not be located in the Lake Auburn Watershed Overlay District.

b~~d~~. The parcel was existing as of October 1, 2017, contains more than five acres of land area, and otherwise meets the requirements of this chapter.

~~e. In no case shall any farm residence constructed under the provisions of this section, after the effective date of the amended ordinance from which this section is derived, continue to be occupied as a residence if the principal agricultural use has been abandoned or reduced in scope below the minimum requirements as shown on the plans and specifications presented to the municipal officer charged with enforcement.~~

~~f. Any residence constructed under this article shall not be converted to nonfarm residential use except by permission of the planning board based upon a finding that the abandonment or reduction in such use resulted from causes beyond the control of the applicant and not from any intention to circumvent the requirement of this article.~~

(19) Ground-mounted and dual-use solar energy generating systems greater than one acre in total land area as defined in section 60-1501, subject to the following conditions:

a. Must comply with the provisions of article XVIII under this chapter;

b. Setbacks, including appurtenant structures and parking areas, shall be subject to the following yard requirements:

1. *Rear.* There shall be behind every structure associated with a solar energy generating system a rear yard having a minimum depth of 25 feet.

2. *Side.* There shall be a minimum distance of 15 feet between any structure associated with a solar energy generating system and the side property line.

3. *Front.* There shall be in front of every structure associated with a solar energy generating system a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot whichever is less.

c. Lot coverage shall not exceed 30 percent, as defined under subsection 60-1506(a)(2).

d. *Total land area.* Once one percent of the agriculture and resource protection district has been developed into solar energy generating systems, the planning board must find that any additional proposed solar energy generating systems will not materially alter the stability of the overall land use pattern of the agriculture and resource protection district. In making this determination, the planning board shall consider the overall effect of existing and potential solar energy generating systems and if it will be more difficult for existing farms in the area to continue operation due to diminished opportunities to expand, purchase or lease farmland, acquire water rights, or diminish the number of tracts or acreage in farm use in a manner that will destabilize the overall character of the surrounding area. The planning board shall request an assessment of the proposed project based on subsection 60-145(b)(19)d. by the agriculture committee and, if located in the resource protection district, the conservation commission and carefully consider their recommendations.

e. All applications shall consider the location of existing grid infrastructure and plan to limit the need to extend the amenities for optimal efficiency.

f. If a solar energy generating system is proposed on forestland in the agriculture and resource protection district, on a parcel adjacent to prime farmland or land currently used for farming, clearing of forestland or the use of prime farmland may be permitted under the following conditions:

1. The presence of the solar energy generating system will not result in unnecessary soil erosion or loss that could limit agricultural productivity on the subject property or abutting properties.

2. At the time of decommissioning of any solar energy generating system approved by the planning board, the current sitting planning board shall review the site and proposed decommissioning plan for the conversion of the parcel into prime farmland or forestland, as applicable under the current ordinance standards.

3. A survey of critical wildlife habitat is provided at the time of application, if a project is located in an area determined to be essential habitat, as defined by the state department of inland fisheries and wildlife, an IF&W recommendation shall be secured before a planning board ruling.

4. A vegetative cover plan is provided that demonstrates, where feasible, the replanting of forested areas disturbed during construction and preservation of prime soils throughout the life of the project.

g. *Prime soils.* All solar energy generating systems proposed in the agriculture and resource protection district shall include a soil analysis. Such analysis shall demonstrate if the site proposed for development contains prime farmland as defined by the United States Department of Agriculture (USDA). Least productive agricultural soils shall be considered first for development unless it can be demonstrated to the planning board that:

1. Non-prime farmland is not reasonably available on the subject property.

h. All applications for solar energy generating systems in the agriculture and resource protection district shall be subject to the following provisions:

1. Siting of the overall facility and individual panels shall keep with the existing contours of the land;

2. Only pile driven, or ballast block footing shall be used so as to minimize the disturbance of soils during installation;

3. To the extent possible, infrastructure shall not be located on steep slopes; and

4. A plan for topsoil maintenance shall be provided at the time of application to the planning board.

i. All operations and maintenance plans shall also include:

1. A plan prioritizing the ability to co-mingle agricultural and energy generation land uses including but not limited to: apiaries, grazing or handpicked crops.

2. A plan that provides habitat for native plants and animals and native pollinators.

(Ord. of 9-21-2009, § 3.31B; Ord. No. 32-02072011-07, 2-7-2011; Ord. No. 06-08012011-07, 8-1-2011; Ord. No. 05-04032017, § 2, 4-24-2017; Ord. No. 06-06052017, 6-19-2017; Ord. No. 04-05202019, 6-3-2019; Ord. No. 17-11182019, 12-9-2019; Ord. No. 05-05182020, 6-1-2020; Ord. No. 11-03012021, §§ 5, 6, 3-15-2021)

Sec. 60-146. Dimensional regulations.

All structures in this district, except as noted shall be subject to the following dimensional regulations:

(1) *Minimum lot area, width and depth.* No lot shall be created containing less than ten acres, exclusive of any bodies of water having a surface area of one-fourth of an acre or more and measuring less than 250 feet in width at the street frontage, and 200 feet in depth. No building shall be erected on a lot containing less than ten acres, except as allowed in this section, exclusive of any bodies of water having a surface area of one-fourth of an acre or more, and measuring not less than 250 feet in width at the street frontage, and 200 feet in depth.

a. A building may be erected on a lot containing not less than 50,000 square feet and possessing the required minimum frontage width provided it is contiguous with other lots or parcels of land in the same ownership containing an aggregate of not less than ten acres; notwithstanding the separation of the said other lots or parcels of land by a road, stream, private right-of-way or other natural boundary from the lot on which the building is to be constructed. This section shall not be construed to prevent the construction of nonresidential accessory farm buildings on any such lot.

b. On legally nonconforming undersized lots, the keeping of horses, mules, cows, goats, sheep, hogs, and similar sized animals for domestic use of the residents of the lot is permitted provided that the land area required per animal unit conforms to the definition of farm, livestock contained in section 60-2.

c. A dwelling may be constructed on lots existing as of October 1, 2017 and containing greater than 6.1 acres but less than ten acres, if approved as a special exception pursuant to subsection 60-145(b)(18).

(2) *Density.* The density of year-round dwelling units shall not exceed an average of one dwelling per ten acres, unless approved pursuant to subsection (1) above.

(3) *Yard requirements.*

a. *Rear.* There shall be behind every building a rear yard having a minimum depth of 25 feet.

b. *Side.* There shall be a minimum distance of 15 feet between any building and the side property line.

c. *Front.* There shall be in front of every building a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot whichever is less.

(4) *Height.* The height of all dwelling structures shall be limited to two and one-half stories or 35 feet in height. Accessory buildings and structures may have a maximum height of 65 feet from grade, provided that the front yard, rear yard and each of the side yards shall be increased by one foot for each foot in height in excess of 35 feet.

(5) *Off-street parking.* Off-street parking spaces shall be provided in accordance with the requirements for specific uses as set forth in article V of this chapter.

(Ord. of 9-21-2009, § 3.31C; Ord. No. 18-11182019, 12-9-2019; Ord. No. 11-03012021, §§ 7, 8, 58, 3-15-2021)

Secs. 60-147—60-199. Reserved.

DIVISION 4. LAKE AUBURN WATERSHED OVERLAY DISTRICT

Sec. 60-950. Purpose.

The Lake Auburn Watershed District is intended to maintain safe and healthful environmental conditions; prevent and control water pollution; protect spawning ground for fish, aquatic life, bird and other wildlife habitats; control building sites; provide visual and physical points of access to waters and natural beauty; and protect and maintain the present quality and volume of potable water supplied from the Lake Auburn Watershed to the population of the Auburn-Lewiston area.

(Ord. of 9-21-2009, § 5.3A)

Sec. 60-951. Boundaries and definitions.

The Lake Auburn Watershed District is that section of the city in which surface and subsurface waters ultimately flow or drain into Lake Auburn as such section is delineated on a watershed map and survey by the city water district on file in the office of the city water district, the city department of planning and permitting services and the city clerk. The Lake Auburn Watershed District shall be superimposed over underlying districts within such section. Permitted uses in the underlying districts shall continue subject to compliance with the provisions of the Lake Auburn Watershed District.

(Ord. of 9-21-2009, § 5.3B)

Sec. 60-952. Use and environmental regulations.

(a) *Agricultural uses.* All uses of land for chicken farms, cattle farms, horse farms, egg farms, piggeries, sheep farms, stables, crop farming and other agricultural purposes shall be subject to the approval of the city water district. Such approval shall be granted upon a showing that such uses will not cause groundwater contamination or contaminate or disturb the normal course of surface water runoff.

(b) New *Residential dwellings in the agriculture and resource protection zoning district* *are prohibited in the Lake Auburn Watershed*~~. Notwithstanding subsections 60-145(a)(1), 60-145(b)(18) and 60-146(1)(c), one-family detached dwellings are only permitted in the Lake Auburn Watershed District on parcels containing no less than ten acres, provided that the dwelling is accessory to farming operations and subject to the following restriction: at least 50 percent of the total annual household income of the farm occupants living in the farm residence will be derived from farm uses.~~

SNRB memo on Cyr proposal to Planning Board.
Voted and approved by SNRB, April 13, 2023

Members of the SNRB have reviewed the proposal submitted by Evan Cyr at the Planning Board meeting on March 28. We appreciate the efforts that have gone into crafting this proposal, along with efforts on the part of Auburn Planning staff to begin developing proposals grounded in the SNRB recommendations to the Planning Board in December of 2022. We recognize these as continuing good faith efforts to advance this complex issue.

However, we are concerned about various aspects of the Cyr proposal that if adopted would not support the intentions of the Planning Board, which voted on March 28 to not recommend the elimination of the income standard without a replacement standard….to protect the zone for its stated purposes."[1] Numerous elements of the Cyr proposal allow for exceptions which undermine the intentions of both the Planning Board and the SNRB.

In particular:
1. The proposal allows building virtually anywhere on lots of 10 acres or more. Language in Sec. 60-145 (a)(i)(ii)(iii) allows for exceptions in siting a building envelope. Soils of state significance, essential habitat and forested land can all be built on if the owner claims there aren't alternatives.

Sec. 60-145 (b)(vi) restricts construction using criteria which will be very difficult to track.

Sec. 60-145 (b) (i),(ii),(III) allow siting exceptions provided that "it can be demonstrated to the planning department" that non-prime farmland, essential habitat or non-forested land is not "reasonably available", without establishing criteria with which the planning department can make a determination.

Sec. 60-146. Dimensional regulations. This is previously existing language, but in the absence of any limitation to agricultural buildings the implications differ significantly. The following are matters of particular concern:

1.The minimum lot size of 10 acres (or lots that existed as of 10/1/2017 and have at least 6.1 acres but less than 10 acres and has at least 250 ft. of frontage on a public or private street) creates the opportunity for a string of narrow lots along all current roadways in the AGRP zone.
2.Additionally, 2 acres of the lot can be completely cleared for the development envelope and the dwelling can be set as much as 30% into of the depth of the lot.
3.These standards would also enable the creation of subdivisions of large tracks of land using these lot standards.

[1] Exact language drawn from Youtube of Planning Board meeting: "not recommend the elimination of the income standard without a replacement standard that maintains a connection of housing and agriculture uses of which a draft version we have seen which would require one more public hearing to develop the new standard.to protect the zone for its stated purposes."

4.This could result in the creation of 250-foot-wide lots along roadways in the AGRP zone (spaghetti lots) with dwellings set deep into the lot with 2 acres of cleared building area, thus fragmenting open space, wildlife habitat, forestry, and farming land.

We also question what mechanisms exist in this proposal to prevent the building of multiple houses on a given lot.

Finally, the primary function of the zone in this proposal is residential, not agricultural or resource income and conservation. This directly contradicts the express purpose of the zone as stated in 60-144, "Purpose." The enumeration of use regulations should begin with the uses for which the zone is intended: agriculture, forestry, and the conservation of open space.

The SNRB has concerns that the proposal as submitted will lead to sprawl, stress on city services and higher taxes for all citizens and businesses in Auburn.

The SNRB recommends that the Planning Board take additional time, in collaboration with the planning staff and assessor's office, to develop an alternative that balances housing needs with the purpose of the AGRP. There are important questions to be answered to avoid any unintended consequences for Auburn's future.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: April 18, 2023 **Order:** 49-04182023

Author: Sue Clements-Dallaire, City Clerk

Subject: Setting the date, June 13, 2023, as the date for the Special Municipal Referendum Election for the new high school construction remediation.

Information: This is to set the date, June 13, 2023, as the date for the Special Municipal Referendum Election for the new high school construction remediation which will be held in conjunction with the School Budget Validation Referendum Election. Polls will be open from 7:00 AM until 8:00 PM.

There is a cost savings to hold this election at the same time as the School Budget Validation Referendum election. Council voted to approve the ballot questions at the 4/03/2023 Special Council meeting.

City Budgetary Impacts: There is a cost savings of approximately $5,000 by holding this election on the same date as the School Budget Validation Referendum Election.

Staff Recommended Action: Recommend passage.

Previous Meetings and History: Council approved the ballot questions at the 4/03/2023 Council meeting.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

IN COUNCIL REGULAR MEETING APRIL 03, 2023, VOL. 37 PAGE 26

Mayor Levesque called the meeting to order at 7:02 P.M. in the Council Chambers of Auburn Hall and led the assembly in the salute to the flag. All Councilors were present.

7:00 P.M. City Council Meeting

Pledge of Allegiance

I. Consent Items

1. Order 36-04032023*
Setting the date for the School Budget Validation Referendum Election (June 13, 2023).

2. Order 45-04032023*
Approving the transfer of $1,600 forfeiture assets in Rem in U.S. Currency to the Auburn Police Department.

3. Order 46-04032023*
Approving the transfer of $2,000 forfeiture assets in Rem in U.S. Currency to the Auburn Police Department.

Motion was made by Councilor Staples and seconded by Councilor Walker for passage of the three consent items.

Passage 7-0.

II. Minutes - March 20, 2023, Regular Council Meeting

Motion was made by Councilor Staples and seconded by Councilor Walker to approve the minutes of the March 20, 2023 Regular Council meeting.

Passage 7-0.

III. Communications, Presentations and Recognitions

- Communication – Request for funds from David Chittim, President of the Androscoggin Historical Society
- Communication - LA Arts programming review and funding request
- Council Communications (about and to the community)

Councilor Walker reported that the Age Friendly Committee will be offering a free clothing giveaway at the Auburn Public Library on April 8th from 2-4 pm.

Councilor Gerry stated that a constituent would like to know how many people staff the 911 Center during the daytime and in the evenings.

Mayor Levesque announced that there will be a joint City Council and Planning Board workshop on Tuesday, April 18th to discuss the Agriculture Resource Protection Zone

and the Strip Zones. He reminded everyone about the upcoming Lobster Festival adding that the Auburn Exchange Club will be putting on the lobster feed.

IV. **Open Session** – No one from the public spoke.

V. **Unfinished Business**

1. **Order 33-03202023**
Approving $4,598,331 of additional costs for environmental remediation of the new high school project and authorizing general obligation bonds and a tax levy therefor. Public hearing and second reading.

Motion was made by Councilor Whiting and seconded by Councilor Walker for passage.

Public hearing – No one from the public spoke.

Passage 7-0. A roll call vote was taken.

VI. **New Business**

1. **Order 37-04032023**
Approving the question for a Municipal Referendum Election with respect to environmental remediation costs for the new high school construction project and general obligation bonds therefor.

Motion was made by Councilor Walker and seconded by Councilor Morin for passage.

Public comment – No one from the public spoke.

Passage 7-0.

2. **Order 38-04032023**
Authorizing the City Manager to execute the sale of St. Louis Church, 32 Dunn Street, Auburn, Maine.

Motion was made by Councilor Walker and seconded by Councilor Milks for passage.

Public comment – No one from the public spoke.

Passage 7-0.

3. **Order 39-04032023**
Approving the liquor license for the Olive Garden. Public hearing and vote.

Motion was made by Councilor Gerry and seconded by Councilor Walker for passage.

Public hearing - Pawel Binczyk, Attorney representing the Olive Garden spoke. He stated that they are looking to open at the end of May.

Passage 7-0.

4. **Order 40-04032023**
Approving the Annual Reports to the Maine State Housing Authority for Tax Year 4/1/2022 – 3/31/2023.

Motion was made by Councilor Staples and seconded by Councilor Milks for passage.

Public comment - No one from the public spoke.

Passage 7-0.

5. **Order 41-04032023**
Authorizing the City Manager to execute the Collective Bargaining Agreement with the Public Works Teamsters (Highway), effective 07/01/2023.

Motion was made by Councilor Walker and seconded by Councilor Whiting for passage.

Public comment - No one from the public spoke.

Passage 7-0.

6. **Order 42-04032023**
Authorizing the City Manager to execute the Collective Bargaining Agreement with the Public Works Teamsters (Mechanics), effective 07/01/2023.

Motion was made by Councilor Walker and seconded by Councilor Milks for passage.

Public comment - No one from the public spoke.

Passage 7-0.

7. **Order 43-04032023**
Approving the Mass Gathering for the Auburn Lobster Festival event to be held 05/06/2023. Public hearing.

Motion was made by Councilor Staples and seconded by Councilor Morin for passage.

Public hearing - No one from the public spoke.

Passage 7-0.

8. **Order 44-04032023**

Approving the temporary liquor license for an Incorporated Civic Organization for the Auburn Lobster Festival event to be held 05/06/2023. Public hearing.

Motion was made by Councilor Staples and seconded by Councilor Walker for passage.

Public hearing - No one from the public spoke.

Passage 7-0.

9. Order 47-04032023
Accepting the consideration of Riverside Drive gifted property.

Motion was made by Councilor Walker and seconded by Councilor Milks for passage.

Public comment - No one from the public spoke.

Passage 7-0.

10. Order 48-04032023
Authorizing the City Manager to enter into a naming rights agreement of the Drummond Street Playground Park with Tizz Crowley.

Motion was made by Councilor Walker and seconded by Councilor Staples for passage.

Public comment - No one from the public spoke.

Passage 7-0.

VII. Open Session

Wayne Souza, 256 Main Street reported concerns regarding a section of the riverwalk that needs better drainage to help with ice buildup and large puddles when the ice melts. He also commented on the safety cones on Elm Street that have been there for months. Last, he commented on the bike path, and the lines painted at the section of Elm Street near School Street.

VIII. Reports (from sub-committees to Council)

Mayor Levesque reported that he and the City Manager were both in Washington, D.C. last week, meeting with our local delegation. He also reported on the School Committee budget, adding that they are looking at increased state aid to schools due to a statewide error calculating those figures.

Councilor Staples reported that the Auburn Public Library will be holding a fundraiser in June.

Councilor Walker reported on Waste to Energy adding that there was not a lot of bulky trash brought in last weekend.

City Manager Crowell reported that the next council meeting will be held on Tuesday April 18th, due to the holiday on the 17th, and there is a tentative date for a budget workshop to be held on April 24th. Last, he explained why the cones are on Elm Street.

IX. Executive Sessions - None

X. Adjournment

Motion was made by Councilor Milks seconded by Councilor Morin to adjourn. Unanimously approved and the meeting adjourned at 7:38 pm.

A TRUE COPY ATTEST Susan Clements-Dallaire

Lake Auburn Watershed Protection Commission

Auburn Water District
268 Court St.
Auburn, Me 04210

March 3, 2023

Trustees of the Auburn Water District,

This letter is addressed to you on behalf of the Commissioners of the Lake Auburn Watershed Protection Commission. This Commission was formed in 1993 with the principal purpose to maintain safe and healthful environmental conditions within the Lake Auburn Watershed, to prevent and control water pollution, and to protect and maintain the present quality and volume of potable water supplied from the Lake Auburn Watershed. In fulfilment of this purpose, Commissioners began reviewing changes being proposed by the City of Auburn to regulations within the Lake Auburn watershed last year. This process included conducting a peer review of the environmental studies being used by the City of Auburn in drafting new regulations, consultation with environmental engineers, and discussion at LAWPC meetings to assess the outcomes of these review processes.

Through this review process, Commissioners have concluded that additional regulation should be considered to maintain safe and healthful environmental conditions within the Lake Auburn Watershed, to prevent and control water pollution, and to protect and maintain the present quality and volume of potable water supplied from the Lake Auburn Watershed.

Commissioners reviewed the following documents in developing their recommendations regarding changes to regulations within the Lake Auburn Watershed:

- A Regulatory, Environmental, and Economic Analysis of Water Supply Protection in Auburn, Maine prepared by FB Environmental Associates, Horsely Witten Group and the University of Maine, dated October 2021.
- Lake Auburn Model Technical Memorandum addressed to Eric Cousens, City of Auburn, prepared by Laura Diemer, FB Environmental Associates, dated August 1, 2022.
- Watershed Delineation Rezoning Review – Gravel Pit Parcel Lake Auburn Watershed Protection Commission prepared by Robert H. Fitzgerald and Anne E. Malenfant, CDM Smith, dated June 22, 2022, and revised October 5, 2022.
- Peer Review of FB Environmental Associates *A Regulatory, Environmental, and Economic Analysis of Water Supply Protection in Auburn, Maine* dated October 2021 and the supplemental Lake Auburn Model Technical Memorandum dated August 1, 2022 prepared by

Rebecca Balke and Eileen Pannetier, Comprehensive Environmental Inc, dated December 5, 2022.

During their January 10, 2023 meeting, Commissions voted to adopt the following recommendation:

The Commissioners of LAWPC recommend that the Trustees of the Auburn Water District develop rules and policies within the watershed of Lake Auburn in order to implement the following regulatory recommendations:

Specific to Auburn

- Moratorium on siting of septic systems within a 400 foot buffer around Lake Auburn.
- Moratorium on new development within the boundaries of the AGRP zone within Auburn.
- Alum treatments be scheduled as needed based on regular monitoring rather than on a predetermined schedule.
- Any future development, based on changes to the watershed boundary on the Gracelawn Rd property, is required to monitor surface and ground water to ensure that water does not flow into the watershed.

Specific to the Entire Watershed

- A system of oversight for the installation of any new mounded wastewater systems be created and implemented to ensure proper installation. This system should include inspection prior to installation, prior to covering, and after final installation.
- An inspection schedule be developed and implemented for current septic systems.
- Ensure there is a responsible entity for the purpose of monitoring septic systems.
- Require using the most stringent standards for new septic systems, as set forth in the Maine Subsurface Disposal Rules chapter 241.
- Failing systems be replaced using the updated standards required for new installations.
- Create requirements for the replacement of older septic systems upon transfer of real estate within the watershed.
- Low Impact Development (LID) standards be implemented.
- Identify areas to be conserved in the upper watershed.
- Prohibit large scale disbursement of organic and synthetic fertilizers.

Respectfully Submitted,

Camille Parrish, Chair
Lake Auburn Watershed Protection Commission

Rick LaChapelle, Vice Chair
Lake Auburn Watershed Protection Commission

STATE OF MAINE **Docket No. 2023-00069**
PUBLIC UTILITIES COMMISSION

BRUCE RIOUX, ET ALS. v. AUBURN WATER DISTRICT	)	
	)	**CITY OF AUBURN'S**
10-Person Complaint Regarding Unreasonable Acts and Practices Threatening Water Quality and Potentially Unnecessary Increases in Rates	)	**PETITION TO INTERVENE**

The City of Auburn (the "City"), a municipal corporation in the State of Maine, by and through its attorneys, hereby petitions to intervene in the above-captioned docket. The City respectfully requests that the Commission grant this petition for the reasons set forth herein.

1. The City is entitled to mandatory intervention pursuant to Section 8(B)(1) of Chapter 110 of the Commission's Rules, as the City is an agency of local government.

2. The 10-Person Complaint that initiated this proceeding alleges that Auburn Water District ("AWD") has engaged in practices, acts or services that are "unjust, unreasonable, insufficient or otherwise in violation of Title 35-A." Under the AWD's charter (attached to the Complaint as Exhibit B), the Auburn City Council is authorized to elect AWD trustees, and therefore, the allegations raised in the Complaint are of significant interest to the City.

3. Moreover, the Complainants assert that AWD has engaged in unreasonable acts and practices by failing to oppose certain actions taken by the City, particularly: (1) the City's efforts to allow for development opportunities around Lake Auburn; and (2) the City's request for AWD to modify the boundary of the Lake Auburn Watershed, which AWD ultimately approved. As such, there are repeated mentions of the City throughout the Complaint, which contains allegations and characterizations regarding certain actions taken by the City, including the commissioning of a report by FB Environmental Associates, dated October 2021, and the adoption of certain ordinance provisions by the City Council. Therefore, although it remains unclear what relief the Complainants are seeking precisely, it is foreseeable that an order by the Commission in this case could directly impact the residents of the City.

4. The City intends to actively monitor this proceeding and participate as an active party to the extent necessary and practicable, including attendance at hearings and conferences, the ability to present evidence and witnesses and engage in negotiations, briefing, and argument.

5. The City therefore requests that it be placed on the Commission's service list and the service list of the parties, and that copies of documents served in this case be sent to:

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: April 18, 2023 **Order:** 50-04182023

Author: Sue Clements-Dallaire, City Clerk

Subject: Adoption of 5 Year Capital Improvement Plan

Information The City Manager has presented a 5 Year Capital Improvement Plan. By Charter, the City Council must adopt the Capital Plan before the end of the current fiscal year.

City Budgetary Impacts: This action is just adopting the plan.

Staff Recommended Action: Adoption of the 5 Year Capital Improvement Plan

Previous Meetings and History: 3/20/2023 and 4/3/2023

City Manager Comments:
The 5 Year Capital Improvement Plan is a conceptual plan for the City's long-term capital improvement program which is subject to change due to changing circumstances.

I concur with the recommendation. Signature: Phillip Crowell J.

CIP 5 Year Plan

City of Auburn

BUDGET FY24

5-Year Capital Improvement Plan

CITY MANAGER'S PROPOSED FY24 CIP PLAN

March 30, 2023

Honorable Mayor Jason Levesque
Auburn City Council Members

RE: Five Year Capital Improvement Program Plan

Dear Mayor and Councilors:

The Five-Year City of Auburn Capital Improvement Plan is hereby submitted for your review in accordance with the provisions of the City Charter.

CAPITAL IMPROVEMENT

Introduction

My preliminary draft recommendations for the FY24 Capital Improvement Program were presented for your review at the Joint City Council and School Committee workshop on March 20, 2023. The City of Auburn Capital Improvement Plan, updated annually, is a five-year plan that serves as a multi –year planning instrument. The expectation is that looking longer-term will bring stability to requests over time. While the long-term CIP Plan takes a five year look at the needs of the city, the focus will be on the projects requested for the upcoming fiscal year. Finally, the initial presentation of the CIP includes all needs of the city to sustain operations.

As usual the CIP includes a spreadsheet for FY 2024 by expenditure and department, including the intended source of funds. There is also a more detailed sheet of expenditures planned for this year.

Charter Requirements

1. A clear general summary of its contents;
2. Identification of the long-term goals of the community;
3. A list of all capital improvements and other capital expenditures which are proposed to be undertaken during the fiscal years next ensuing, with appropriate supporting information as to the necessity of each;
4. Cost estimates and recommended time schedules for each improvement or other capital expenditures;
5. Method of financing upon which each capital expenditure is to be reliant;
6. The estimated annual cost of operating and maintaining the facilities to be constructed or acquired;
7. A commentary on how the plan addresses the sustainability of the community and the region of which it is a part; and
8. Methods to measure outcomes and performance of the capital plan related to the long-term goals of the community.

Long-term Goals

The goals of the City of Auburn focus on these 5 general areas. These are not in any particular order of importance:

1. Planning for a better future.
2. Reclaiming our streets.
3. Making housing more attainable.
4. Enacting resilient solutions.
5. Enriching neighborhood identities

The FY24 Work Plan recognizes that there are also other goals that serve as a "catch-all" for items outside of these 5 areas.

Of course, we must remain aware of the overall cost of services and taxes. And we must also acknowledge that there is a limit to the amount of spending and debt service the City can afford. This leads me to suggest that the CIP has a final, general goal, "to assure that the assets of the City are maintained in a fiscally responsible manner." Following this approach recognizes that neglect or underfunding the capital needs of the City results in long-term increased costs.

Cost and Schedule

Please see attached spreadsheet at the end of the memo.

Status (See Next Page)

Sustainability

Sustainability has two concepts that must be acknowledged. The first is the core principle that assets are maintained such that they do not deteriorate to the point of being destroyed or beyond repair. The second concept identifies that the City of Auburn can only afford to sustain a certain annual expense. The job of the staff and Council is to strike that balance the best way possible.

The following chart shows the amount of debt issued and retired over the last fifteen years.

CAPITAL IMPROVEMENT PROGRAM - Fund 3000								
CURRENT STATUS OF BONDED PROJECTS								
FY 22-23

Average Debt Issued FY 08 - FY 23 $10,387,909

Minus the debt for ELHS new High School

Between FY09 and FY19 the City's total outstanding debt was reduced by **$22,601,149**. Due to the approval by the State of the New Edward Little High School, In FY 20 through FY 22 the City has borrowed the $120,000,000 to complete the project. Of this $120,000,000, the State of Maine will pay the debt service on approximately $105,000,000, leaving $15,000,000 to be paid by the City. It is my goal to keep the debt service payments at 12% - 14% of the total operating budget as recommended by our bond advisors. This is the range that bond rating agencies look favorably on. Less than this and the bond rating agencies will feel that we are not addressing our infrastructure needs. And more than this will make them concerned about our ability to repay the debt. These efforts in conjunction with other sound management policies should continue to support or improve the City's bond rating.

Per the State of Maine's state valuation for 2023, below is a table that shows what the City of Auburn's legal debt limitation is as of June 30, 2023. This statutory analysis needs to be reviewed with the understanding of the City's capacity to meet debt service payments.

2021	326,385,000	112,130,000	214,255,000	14.9%
2022	342,300,000	178,342,692	163,957,308	52.1%
2023	391,057,500	159,770,000	231,287,500	40.9%

The most significant impact to the City of Auburn's debt service being sustainable is investment in road infrastructure. Auburn's local roads currently have zero funding in the operating budget. In the City's Engineering CIP request there is $6.0 million recommended for this coming fiscal year. The $6.0 million, if funding and construction costs remain stable, would result in an ability to reconstruct, reclaim or overlay only 10% of the roads over the next 10 years.

The funding allocated to overlays will proportionally grow as the City's roadways are reconstructed. The overlay acts as a surface maintenance that protects and sustains previous reconstruction and reclamation projects. These funds account for 25% of the current request for the recommended budget but account for 80% of the roads undergoing work.

Capital Investment Director Dan Goyette has said a maintenance program that would stabilize the remaining 90% of local roads would require $10,000,000 per year. Due to both staff capacity and financial availability this is too much to add to the operating budget in one year.

Finally, I would like to thank the City Finance Director Jill Eastman for her major contribution to the preparation of this memo and her overall assistance with the Five-Year CIP Plan, the FY24 CIP, and the FY24 Budget. The City of Auburn has a capable and dedicated team with sound financial management.

Sincerely,

Phillip L. Crowell Jr.

Phillip L. Crowell Jr., City Manager

City of Auburn, Maine
FY 2024 Capital Improvement Program
Project Description Worksheet

Fiscal Year: **2024**

Prority: High

Project Title: **Record Restoration**

Project Purpose: Restore and protect all of the City's old records

Department: **City Clerk**

Project Description: Binding and preserving the City's old records of Council Minutes, etc.

Location: **City Clerks Vault**

Justification: We are required by Statute to keep these records forever.

Useful Life: 20 yrs

Cost FY 2024	Cost FY 2025	Cost FY 2026	Cost FY 2027	Cost FY 2028	Total Cost
$ 50,000	$ 100,000	$ 100,000	$ 100,000	$ 100,000	$ 450,000

City of Auburn, Maine
FY 2024 Capital Improvement Program
Project Description Worksheet

Fiscal Year: **2024**

Prority: High

Project Title: **Dangerous Buildings and Junkyard Cleanups**

Project Purpose: Removal of Dangerous conditions from properties

Department: **Planning & Permitting**

Project Description: We have completed two more junkyard cleanups at tax acquired properties in 2022 2 (1865 Hotel 145 Eastman Lane). We will be pursuing cleanup at 250 Hackett Road Junkyard in 2023/2024 and have a condemned building at 100 Hampshire Street that may require demolition. Others may come to our attention in any given year due to complaints, fire, or damage. We attempt to recoup costs from the sale of property and special tax filings but need to address the safety and

Location:

Justification: Without these funds we will not be able to address dangerous buildings or illegal junkyard cleanups.

Useful Life:

Project Title: Comprehensive Plan Program Implementation

Project Purpose: Implement Elements of the Comprehensive Plan Prioritized by

Department: **Planning & Permitting**

Project Description: Comprehensive Plan Implementation Program-Council reserved funding for priority comprehensive plan efforts and property acquisition when opportunities present themselves. Past years projects include ballfields design, Mapping services for Comp Plan Update and printing updated plan, Lake Auburn Study.

Location:

Justification: Without these funds we will not be able to implement comprehensive and strategic plan initiatives. If there is not funding available, the Council will need to budget for priorities next year and that does not place the City in a Competitive position for a property that may become available during the year. Council will be asked to vote to allocate this funding to specific efforts during the year.

City of Auburn, Maine
FY 2024 Capital Improvement Program
Project Description Worksheet

Fiscal Year: **2024**

Priority: Very High

Project Title: **Scheduled Fleet Replacement**

Project Purpose: Vehicle Replacement

Department: **Police**

Project Description: Scheduled replacement of four police vehicles.

Location: **Police Department**

Justification: The department has established a three-year life cycle for the patrol fleet and a five to seven year life cycle for support vehicles. Due to previous budget cuts, the service life of some patrol vehicles has been extended. This has increased vehicle repair costs significantly while drastically reducing trade-in value. The department will trade out a 2012 vehicle, a 2015 vehicle and two 2016 vehicles. The department will purchase four new vehicles. one of which will be an electric vehicle for Support Services / CID.

Useful Life: Five Years

Cost FY 2024	Cost FY 2025	Cost FY 2026	Cost FY 2027	Cost FY 2028	**Total Cost**

Project Description Worksheet

Fiscal Year: **2024**

Prority: High

Project Title: **New Minibus**

Project Purpose: Replace "Age-Friendly" Mini Bus with a new one

Department: **Recreation**

Project Description: Current Minibus used for senior trips is in-need of many repairs and is currently unsafe to take on long trips. We are looking to replace that Minibus with a new one. Looking to add an additional $2,500 to cover the possible repair costs in 2-3 years.

Location: **Auburn Senior Community Center**

Justification: Senior/age-friendly trips are limited to the space we have on our minibusses. With our before & aftercare program that limits the use of that "Rec" minibus to 9-2PM Mon-Fri. Having another reliable bus will ensure that all programs get the proper and safe transportation.

Useful Life: 5-10 years

Project Description Worksheet

Fiscal Year: **2024**

Prority: High

Project Title: **Traffic Calming and Pedestrian Safety**

Project Purpose: To create targeted funds for neighborhood-initiated traffic calming

Department: **Transportation**

Project Description: Modeling after the FY23 City Council amended request, these funds would be available to support the implementation of traffic calming and pedestrian safety efforts that align with neighborhood-initiated requests.

Location: **Various locations throughout the City**

Justification: Traffic calming and pedestrian safety are regular requests from Councilors and citizens city-wide. A dedicated fund of capital resources, aligned with policies to manage requests for safety evaluations, will improve livability in the city and support the Reclaiming our Streets recommendation in the strategic plan.

Useful Life:

Project Description Worksheet

Fiscal Year: **2024**

Prority: Very High

Project Title: **MDOT Match**

Project Purpose: Street Improvement

Department: **Capital Investment and Purchasing**

Project Description: This would provide the match for the MPI program ($825,000) which would reconstruct a State Aid Road. The additional $$$$ is to provide match money for STIP projects.

Location: Various

Justification: The money will provide the matching funds for the MDOT's Municipal Partnership Initiative (50/50) and the matching funds for STIP Projects (80/20). Without these funds the State will not contribute the 50% or the 80% matches.

Useful Life: 20 Years

Project Title: **Replace unit 320**

Project Purpose: Replace worn out equipment

Department: **Fire**

Project Description: To replace a 2014 Ford Explorer which is used as the Chief's vehicle. The project costs include vehicle costs as well as emergency lights, and the cost of a small command console so there will be a back up to our command unit if it is out of service.

Location: **Fire**

Justification: The current vehicle has 125,000 miles on it, needs body repairs and is nearing the end of its reliable life. This project cost also funds a small command console with radios which will be installed and provide redundancy for our primary command SUV when the primary unit is out of service.

Project Title: **Extrication tool replacement/upgrade**

Project Purpose: Replace tools

Department: **Fire**

Project Description: Replace one full set of hydraulic extrication tools.

Location: **Fire/Center St. Station**

Justification: The departments current extrication tools are over 20 years old and lack the power to cut the high strength components used it today's modern cars. The department has extrication tools on all three front line fire apparatus. This is phase two of a three step plan to upgrade all department extrication tools to work effectively on modern vehicles.

Project Title: **Replace Rescue 1**

Project Purpose: Replace Rescue 1 with a trailer

Department: **Fire**

Project Description: This project will replace Rescue 1, Which is a 2001 PL Custom converted ambulance, with 125,000 miles on it. It will be replaced with a 16-foot enclosed trailer. The project costs include the cost of the trailer and all necessary shelving and mounting of the technical rescue equipment currently stored and deployed in Rescue 1.

Location: **Fire**

Justification: Rescue 1 is long overdue for replacement. Moving to a trailer will eliminate an old apparatus from our fleet reducing maintenance costs. The trailer can be stored outside freeing up much needed bay space in the fire station.

Project Title: **Security Camera Project**

Project Purpose: Replace outdated equipment

Department: **IT**

Project Description: Auburn Hall parking garage is on schedule to have 12 cameras replaced due to age and advancements in camera technology, along with adding 3 cameras in the Pettengill Park fields.

Location: **Auburn Hall & Pettengill Park**

Justification: The IT department has reviewed the age of cameras and found many needed to be replaced to keep up with security needs within the Parking Garage at Auburn Hall. It was also brought to our attention that we needed more camera footage on a regular basis at Pettengill Park Fields, so we would like to add cameras there.

FY24 Capital Improvement Program
Project Description Form

Project Title: **LA911 Server Infrastructure Replacement**

Operational Funding Division: LA911 **Project Name:** Server Replacement

Est. Total Cost FY24:	0	**Est. Total Cost FY25-FY28:**	300,000
City Share FY24:	0	**City Share FY25-FY28:**	150,000

Project Description:
Planned LA911 Server Infrastructure Replacement. Hardware will be due to be replaced because of end of life (EOL) situations or replaced due to age of equipment, and manufacture support limitations in FY23. The Storage Area Networks (SAN), network switches, and servers that house the datacenter of LA911 will be due to be replaced in FY23. This project includes both the replacement of production site hardware and Disaster Recovery (DR) site hardware with reuse of current equipment as available. We have pushed the project to FY25 to align with planned relocation of the 9-1-1 Center.

Consistency with the Comprehensive or Strategic Plans or other related planning documents:
Organizations should proactively develop strategies that leverage resources, anticipate future requirements, and focus on business goals and performance objectives. As technology and other computing platforms become central to supporting the mission of the organization, effective planning for the management of these platforms has become vital.

Justification for project implementation/construction and segments, if applicable:
By not staying current with supported hardware and emerging technologies, systems become outdated, obsolete, and lose residual value. There is a high factor of risk involved in falling behind in a datacenter hardware lifecycle management. Potential issues are extended system downtime, data loss, and data corruption.

Future maintenance costs if known, including contracts and special service requirements:
All hardware purchased will have a 3 - 5-year life span. Recurring capital expenditure will be required each 3- 5-year cycle.

How were cost estimates obtained and expenditure commitment:
Worked with vendor to assess current usage and needs with planned growth and data trends.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: April 18, 2023 **Order:** 51-04182023

Author: Glen E. Holmes, Director of Business & Community Development

Subject: Auburn Victory Garden Program

Information:
The City of Auburn seeks funds from the American Rescue Plan Act (ARPA) to establish the Auburn Victory Garden Program. The program will assist residents in producing fresh, healthy food by providing a one-time grant from the Auburn Victory Garden Program. This program will incentivize residents to grow healthy food items for themselves or share with others. This grant program aligns with the city's strategic goal of enhancing access to healthy food choices and promoting neighborhoods.

City Budgetary Impacts:
This program will not impact the City's Budget as The Office of Business & Community Development is seeking $25,000 in ARPA funds to administer the program.

Staff Recommended Action:
Approve the Order as submitted.

Previous Meetings and History:
City Council Meeting March 20, 2023, during Communications and Presentations, Mayor Leveque proposed action for staff to work from.

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Auburn Victory Garden Program

Purpose

The purpose of the Victory Garden program is to assist residents who wish to produce their own fresh, healthy food by reducing the start-up costs of backyard or container gardens. This initiative aligns with goals established within the city's Comprehensive Plan which aims to "ensure that fresh, local food is equitably accessible to everyone regardless of income or geography" (Objective K.1.1) by "supporting practices that facilitate access to healthy food in residential settings" (Objective K.1.3).

Funding

The City of Auburn may allocate $25,000 from the City ARPA funds for this program to provide funds to qualified residents. Maximum assistance is $150 per household. Funds will be provided as vouchers to participating farm & garden retailers and nurseries.

Eligibility

Existing Auburn residents are eligible for financial assistance. The funds can be used to purchase necessary equipment, supplies or seedlings to improve the selection of fresh and healthy food offerings.

In order to be eligible to receive funds, all property taxes, real and personal, owed on the property that is the subject of the application must be current at the time the application is made. Any property on which there is past due balance for such taxes will be removed from consideration.

Sources and Uses	Unit Price	Quantity	Budget

Auburn Commercial Agriculture Incentive Program

Purpose

The purpose of the Auburn Commercial Agriculture Incentive program is to support the establishment or expansion of local farm and food production operations. This initiative aligns with goals established within the city Comprehensive Plan which aim to "ensure that fresh, local food is equitably accessible to everyone regardless of income or geography" (Objective K.1.1) by "supporting practices that facilitate access to healthy food in residential settings" (Objective K.1.3).

Funding

The City of Auburn may allocate $50,000 from the City ARPA funds for this program to provide funds to approx. ten (10) qualified farming operations. Maximum assistance is $5,000 per operation for approved expenses. Fund requests will provide a detailed budget and explain how this funding will provide a net increase in food production for existing or new farm operations. Funds will be made available as a deferred-payment, 12-month loan. If all conditions are met, the funds will be converted to a grant.

Eligibility

Existing or start-up Auburn based agricultural food producers who derive or will sell at least 25% of their produce locally, are eligible for financial assistance. These include qualified for-profit or non-profit C-corps, S-corps, partnerships, or sole proprietors filing a schedule F on their personal tax returns. The funds may be used to acquire or upgrade equipment, purchase supplies, or expand labor as necessary to improve the selection of healthy food offerings or facilitate greater access to local produce.

Post closing conditions will be reviewed 12 months after closing. If all conditions are met the loan will be converted to a grant. Conditions include copy of 2023 tax returns verifying agriculture based revenue and evidence of on-going operation.

In order to be eligible to receive funds, all property taxes, real and personal, owed on the property that is the subject of the application, must be current at the time the application is made. Any property on which there is past due balance for such taxes will be removed from consideration.

City of Auburn
City Council Information Sheet

First Reading or Meeting Date: April 18, 2023 **Ordinances:** 03-04182023 & 04-04182023

Author: Planning and Permitting Dept.

Subject: First Reading on adding conservation cemetery definition and size requirement as a zoning text amendment.

Information:
On March 28, 2023, Auburn Planning Board held a public hearing on a text amendment for Chapter 60 of the City Ordinances, specifically Sec.60-145 (b)(8)- Use regulations, and Sec. 60-2. Definitions, by changing the lot size requirement for a cemetery from 20 acres to 10 acres if the cemetery is a conservation cemetery; and adding the definition of conservation cemetery to Sec. 60-2 as stated in the petition. This item is pursuant to Chapter 60, Article XVI, Division 2-Amendment to the Zoning Ordinance or Zoning Map.
Planning Board recommended the amendments as suggested, but slightly amended for clarification, adding, "burials in conservation cemeteries consist solely of cremains." Staff believes this change is not substantive enough to require another public hearing.

City Budgetary Impacts: None

Staff Recommended Action:
Review the Planning Board's findings, discuss, and provide the first reading towards council adoption.

Previous Meetings and History:
March 28, 2023- Planning Board Public Hearing
April 2, 2023- City Council First Reading

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments:
Planning Board positive recommendation, 03/28/2023 staff report, Sec. 60-145 proposed amendment, Sec. 60-2 proposed amendment, petition with signatures.

RE: Planning Board recommendation to City Council on adding conservation cemetery definition and size requirement as a zoning text change

Date: 04/03/2023

This is the report from the Planning Board regarding the attached text amendments pursuant to Section 60-1496 of the City of Auburn Ordinances. After notice and Public Hearings held on March 28, 2023, the Planning Board forwards this report to the City Council.

PROPOSAL: PUBLIC HEARING/ PETITION/ TEXT AMENDMENT: The Life Forest submitted a petition to amend Chapter 60 of the City Ordinances, specifically Sec.60-145 (b)(8)- Use regulations, and Sec. 60-2. Definitions, by changing the lot size requirement for a cemetery from 20 acres to 10 acres if the cemetery is a conservation cemetery; and adding the definition of conservation cemetery to Sec. 60-2 as stated in the petition and as shown on the proposed text changes available at https://www.auburnmaine.gov/pages/government/planning-board-agendas and in the planning department in city hall. This item is pursuant to Chapter 60, Article XVI, Division 2-Amendment to the Zoning Ordinance or Zoning Map.

MOTION: Evan Cyr makes a motion; Riley Bergeron seconds.

"I make a motion to recommend amending chapter 60 of the city ordinances specifically sec 60-145b8 use regulations and sec 60-2 definitions by changing the lot size requirement for a cemetery from 20 acres to 10 acres if the cemetery is a conservation cemetery and adding the definition conservation cemetery to section 60-2 as stated in the petition and included in this meetings materials with the amendment that the definition of conservation cemetery read conservation cemetery means a type of natural cemetery that includes a conservation management plan that holds best practices and provides perpetual protection of the land according to a conservation easement or deed restriction. Burials in conservation cemeteries consist solely of cremains and utilize non-toxic and biodegradable chemicals."

VOTE: 7-0-0 Motion passes.

Re: Public Hearing on petition to change the minimum size requirement for cemeteries and add the definition of conservation cemetery to Chapter 60 of the zoning ordinance.
Date: March 14, 2023

I. PROPOSAL: PUBLIC HEARING/ PETITION/ TEXT AMENDMENT:

The Life Forest submitted a petition to amend Chapter 60 of the City Ordinances, specifically Sec.60-145 (b)(8)- Use regulations, and Sec. 60-2. Definitions, by changing the lot size requirement for a cemetery from 20 acres to 10 acres if the cemetery is a conservation cemetery; and adding the definition of conservation cemetery to Sec. 60-2 as stated in the petition. This item is pursuant to Chapter 60, Article XVI, Division 2-Amendment to the Zoning Ordinance or Zoning Map.

II. Materials:

1. March 14, 2023, Staff Report
2. Proposed Text Change: Sec. 60-145. Use regulations.
3. Proposed Text Change: Sec. 60-2. Definitions.
4. Signed Petition

III. Background

Amendments to the zoning ordinance, including the zoning map, may be initiated by the planning board on its own initiative or upon request by the city council or by a petition signed by not less than 25 registered voters of the city (Sec. 60-1445). The City received the completed application with 48 verified signatures on February 10, meeting the requirements of Sec. 60-1446.

Each proposal to change any zoning ordinance text (other than a change of zoning district name or zoning boundary description) shall include the wording then current, the words of change, the wording if so amended and a statement of the reasons for such change, showing how such change would affect the public health, safety, convenience and welfare (Sec. 60-1447).

One of the primary measures of whether a text change is appropriate is conformance with Comprehensive Plan. As the petition states, the proposed change is consistent with the Future Land Use Plan, Agricultural and Resource Protection (AGRP) District, and the Comprehensive Plan.

Currently, cemeteries are an allowed use in the Agricultural and Resource Protection Zone if they are at least 20 acres. This was originally put in place to avoid having many small cemeteries through the city which could become the municipality's responsibility to maintain over time. Allowing a smaller lot size for conservation cemeteries would not increase the burden of eventual maintenance for the city because first, they only bury cremains, which require smaller plot sizes, and they do not require the regular mowing maintenance of traditional cemeteries. Conservation

cemeteries and memorial forests intend that the look and feel of the land be created by nature. Therefore, unlike traditional cemeteries, there are no gravestones or manicured grass. Parking areas are to be of a gravel base and trails are to be woodland and natural.

IV. Planning Board Action

Review the proposed text change pursuant to Chapter Article XVI, Division 2-Amendment to the Zoning Ordinance or Zoning Map, for consistence with the Comprehensive Plan. Hold a Public Hearing and make a motion to approve or deny the proposal.

V. Suggested Motion:

I make a motion to recommend amending Chapter 60 of the City Ordinances, specifically Sec.60-145 (b)(8)- Use regulations, and Sec. 60-2. Definitions, by changing the lot size requirement for a cemetery from 20 acres to 10 acres if the cemetery is a conservation cemetery; and adding the definition of conservation cemetery to Sec. 60-2 as stated in the petition and included in this meeting's materials.

RECEIVED FEB 10 2023

REZONING PETITION

We, the undersigned registered voters of the City of Auburn, do herein petition the City of Auburn to amend Chapter 60 of the City of Auburn Ordinances, specifically changing the minimum lot size required for a cemetery from 20 acres to 10 acres if the cemetery is a conservation cemetery; and adding the definition of conservation cemetery to Chapter 60.

This petition is consistent with the Future Land Use Plan, Agricultural/Rural District (AG) section of the City of Auburn 2021 Comprehensive Plan. The proposed text change is attached.

ORDINANCE 03-04182023

City Council Ordinance

IN CITY COUNCIL

Amending Chapter 60 of the City Ordinances, Sec.60-145 (b)(8) - Use regulations

Be it ordained, that the Auburn City Council hereby adopts a Zoning text amendment involving use standards related to conservation cemeteries. The proposed text amendment includes amendments to Chapter 60 of the City Ordinances, specifically Sec.60-145 (b)(8)- Use regulations, by changing the lot size requirement for a cemetery from 20 acres to 10 acres if the cemetery is a conservation cemetery as shown on the attached copies with proposed amendments. This item is pursuant to Chapter 60 Article XVII Division 2- Amendment to the Zoning Ordinance.

Richard Whiting, Ward One
Joseph Morin, Ward Four
Belinda A. Gerry, At Large
Ryan Hawes, Ward Two
Leroy G. Walker, Ward Five
Jason J. Levesque, Mayor
Stephen G. Milks, Ward Three
Dana Staples, At Large
Phillip L. Crowell, Jr., City Manager

Sec. 60-145. Use regulations.

(a) *Permitted uses.* The following uses are permitted:

(1) One-family detached dwellings, including manufactured housing subject to all the design standards, except the siting requirements of section 60-1010, as set forth in division 6 of article XII of this chapter, on parcels containing no less than ten acres, provided that the dwelling is accessory to farming operations and subject to the following restrictions:

a. At least 30 percent of the gross annual household income of the farm occupants living in the farm residence will be derived from farm uses or the gross farm income of the farm occupants living in the farm residence is equal to or greater than 30 percent of the city's median household income, according the most recent census data.

b. No certificate of occupancy shall be issued for any such farm residence until the barns, livestock pens, silos, or other such buildings or structures which are to be erected in connection with the proposed agricultural use as shown on the plans and specifications presented to the municipal officer charged with enforcement are 75 percent completed.

c. In no case shall any farm residence constructed under the provisions of this section after the effective date of the amended ordinance from which this section is derived continue to be occupied as a residence if the principal agricultural use has been abandoned or reduced in scope below the minimum requirements as shown on the plans and specifications presented to the municipal officer charged with enforcement.

d. Any residence constructed under this article shall not be converted to nonfarm residential use except by permission of the planning board based upon a finding that the abandonment or reduction in such use resulted from causes beyond the control of the applicant and not from any intention to circumvent the requirements of this article.

(2) Buildings, equipment and machinery accessory to the principal use including, but not limited to: barns silos, storage buildings and farm automobile garages.

(3) Forest products raised for harvest.

(4) Field crop farms.

(5) Row crop farms.

(6) Orchard farms.

(7) Truck gardens.

(8) Plant and tree nurseries.

(9) Greenhouses.

(10) Handling, storage and sale of agriculture produce and processed agricultural products derived from produce grown on the premises.

(11) Livestock operations including poultry farms, cattle farms, dairy farms, stud farms, hog farms, sheep ranches, other animal farms, including farms for raising fur-bearing animals.

(12) Wayside stands.

(13) Two-family dwellings which are created from the conversion of a one-family dwelling structure which was constructed prior to 1900.

(14) Adult use and medical marijuana cultivation, but not retail sales of any kind.

(15) Marijuana manufacturing accessory to a licensed cultivation site.

(16) Ground-mounted and dual-use solar energy generating systems less than one acre in total land area as defined in section 60-1501.

(b) *Special exception uses.* The following uses are permitted by special exception after approval by the planning board in accordance with the provisions of division 3 of article XVII of this chapter:

(1) Sawmills and their customary accessory land uses and buildings incidental to the harvesting of forest products, subject to the following conditions:

a. Sawmill and accessory activity shall not be detrimental to the neighborhood or the city by reason of special danger of fire or explosion, pollution of rivers or perennial streams or accumulation of refuse.

b. Wood processing operation shall be located no closer than 75 feet from any river or perennial stream, 250 feet from any zoning district boundary or residential dwelling and shall be limited to four persons employed.

c. Where natural vegetation is removed, it shall be replaced within six months with other vegetation which will be equally effective in retarding erosion and will preserve natural beauty.

(2) Veterinary hospitals, where operated by licensed veterinarians, including offices and facilities for temporarily boarding animals.

(3) Handling, storage and sale of agricultural services, equipment, and supplies accessory to the farming use.

(4) Bona fide residences required for farm labor. Any residence constructed for farm labor shall not be converted to nonfarm residential use except by permission of the planning board based upon a finding that the abandonment or reduction in such use resulted from causes beyond the control of the applicant and not from any intention to circumvent the requirements of this division. The findings and the conditions upon which such altered use may be continued shall be made a part of the permanent records.

(5) Recreational uses of land intended or designed for public use subject to the following conditions:

a. No such recreational use shall be expanded or extended so as to occupy additional land area greater than 20 percent of the original area or one acre, whichever is less; or by the construction of a structure or an addition to an existing structure by more than 900 square feet of additional floor space unless the owner or occupant first obtains approval of the planning board in the manner and upon the same terms as approvals of initial recreational uses.

b. Any proposed new or expanded recreational use shall be completed on or before the estimated completion date except that the planning board may grant reasonable extension of time where good cause for the failure to complete is shown.

(6) Any legally nonconforming summer camp or cottage may be rebuilt if destroyed by fire or other casualty, subject to the following conditions:

a. Such reconstruction shall comply with all ordinances applicable to new construction. Such reconstruction need not, however, comply with zoning provisions which would otherwise be applicable except for the provisions of article XII of this chapter.

b. In cases where no minimum setback is established by division 5 of article XII of this chapter an open yard space of at least ten feet between the building as reconstructed and each of the property lines shall be maintained.

(7) Rifle, pistol, skeet or trap shooting ranges, public or private.

(8) Cemeteries, subject to the following conditions:

a. At least 20 acres in area.

b. Not located in any environmental overlay district or over any known aquifer.

c. At least 10 acres if designated a conservation cemetery.

(9) Municipal sanitary landfills, subject to the following conditions:

a. Not located in any environmental overlay district or over any known aquifer.

b. Provisions shall be made to avoid surface water and groundwater pollution.

c. Provisions shall be made for frequent covering of deposited wastes with earth to counteract vermin, insects, odors, and windblown debris.

(10) Radio, radar, television and radio telephone transmitting or broadcasting towers, but not studios or offices for such transmitting or broadcasting, provided that:

a. Every such tower shall be installed in a location and manner that ensures its safe operation and the safety of the surrounding residents, building occupants, land uses and properties.

b. In no case shall such tower be located less than one and one-half times its height from the nearest property line.

(11) Wholesale nurseries, subject to the following conditions:

a. At least one-half of the area of the lot (up to a maximum of three acres) is in active nursery production in a husband type manner.

b. The plants and trees propagated, grown and nurtured in the nursery are used as the primary products by the owner/operator of the landscape service.

(12) Processing and storage of compost and bulking agents from the municipal wastewater sewerage sludge facilities provided that:

a. All compost and amendments are to be stored undercover or screened from the public way and abutting property as determined by the planning board.

b. All federal, state and local ordinances and laws relating to the processing and storage of waste are complied with.

c. An end-use plan must be filed as part of the planning board process.

(13) Licensed hospice care facility provided that it shall be licensed by the state as a Medicare certificate hospice.

(14) Slaughterhouse, stockyard, abattoir, dressing plant in compliance with state and federal regulations subject to the following conditions:

a. The facility shall not be located within the Lake Auburn Watershed Overlay District, the watershed of Taylor Pond, the shoreland overlay district or the floodplain overlay district.

b. The proposed use shall not occupy more than 10,000 square feet of building area.

c. The number of employees shall be limited to not more than 15.

d. Accessory retail sales shall be limited to 10 percent of building area or 1,000 square feet, whichever is smaller.

e. Hours of operation shall limited to between 6:00 a.m. and 8:00 p.m.

(15) Compost operations, excluding municipal and industrial waste, to process products such as manure, bedding, animal mortalities, waste feed, produce, forestry by-products, leaves and yard trimmings in compliance with state and federal regulations, subject to the following conditions:

a. All compost sites shall be evaluated for suitability by a properly qualified professional, including benchmark water testing prior to approval.

b. Provisions shall be made to avoid surface and groundwater pollution.

c. Provisions shall be made to counteract vermin, insects and odors.

d. Must comply with all applicable state department of environmental protection and state department of agriculture rules and regulations and best management practices.

e. Shall not be located within the Lake Auburn Watershed Overlay District.

(16) Adaptive reuse of structures of community significance.

(17) Assembly, sale, research and development, distribution, instruction, training, demonstration or maintenance of recreational or agricultural equipment, including buildings as accessory structures used in the assembly, sale, distribution, instruction, training, demonstration, or maintenance of recreational or agricultural equipment, subject to the following conditions:

a. The proposed use is accessory, complementary, or otherwise related to a recreational or agricultural use;

b. The recreational or agricultural use has been in existence for at least five years prior to the date of the application for the special exception; and

c. The recreational or agricultural use is located on the parcel for which the special exception is requested or is adjacent to the property for which the special exception is requested.

(18) One-family detached dwellings, including manufactured housing, subject to all the design standards, except the siting requirements of section 60-1010, as set forth in division 6, article XII of this chapter, on parcels containing greater than 6.1, but less than ten acres, provided that the dwelling is accessory to farming operations and subject to the following restrictions:

a. At least 30 percent of the gross annual household income of the farm occupants living in the farm residence will be derived from farm uses or the gross farm income of the farm occupants living in the farm residence is equal to or greater than 30 percent of the city's median household income, according to the most recent census data; and

b. No certificate of occupancy shall be issued for any such farm residence until the barns, livestock pens, silos, or other such buildings or structures which are to be erected in connection with the proposed agricultural use as shown on the plans and specifications presented to the municipal officer charged with enforcement are 75 percent completed; and

c. The applicant shall demonstrate compliance with the following requirements, said compliance to be first reviewed by the Agricultural Advisory Committee for recommendation:

1. The applicant shall provide a farm business plan that appears feasible and, if implemented, will meet the definition of a farm.

2. The parcel can reasonably accommodate the proposed farm.

3. The applicant shall demonstrate a commitment to the proposed farm use through compliance with the following requirements:

4. The parcel must contribute to a gross income per year of at least the amount required to meet the definition of farmland in 36 M.R.S.A. § 1102(4), per year from the sales value of

agricultural products as defined in 7 M.R.S.A. § 152(2) in the two calendar years preceding the date of application for special exception use approval. Gross income includes the value of commodities produced for consumption by the farm household.

5. The proposed residence shall be accessory to farming.

6. The proposed residence shall not be located in the Lake Auburn Watershed Overlay District.

d. The parcel was existing as of October 1, 2017, contains more than five acres of land area, and otherwise meets the requirements of this chapter.

e. In no case shall any farm residence constructed under the provisions of this section, after the effective date of the amended ordinance from which this section is derived, continue to be occupied as a residence if the principal agricultural use has been abandoned or reduced in scope below the minimum requirements as shown on the plans and specifications presented to the municipal officer charged with enforcement.

f. Any residence constructed under this article shall not be converted to nonfarm residential use except by permission of the planning board based upon a finding that the abandonment or reduction in such use resulted from causes beyond the control of the applicant and not from any intention to circumvent the requirement of this article.

(19) Ground-mounted and dual-use solar energy generating systems greater than one acre in total land area as defined in section 60-1501, subject to the following conditions:

a. Must comply with the provisions of article XVIII under this chapter;

b. Setbacks, including appurtenant structures and parking areas, shall be subject to the following yard requirements:

1. *Rear.* There shall be behind every structure associated with a solar energy generating system a rear yard having a minimum depth of 25 feet.

2. *Side.* There shall be a minimum distance of 15 feet between any structure associated with a solar energy generating system and the side property line.

3. *Front.* There shall be in front of every structure associated with a solar energy generating system a front yard having a minimum depth of 25 feet or 25 percent of the average depth of the lot whichever is less.

c. Lot coverage shall not exceed 30 percent, as defined under subsection 60-1506(a)(2).

d. *Total land area.* Once one percent of the agriculture and resource protection district has been developed into solar energy generating systems, the planning board must find that any additional proposed solar energy generating systems will not materially alter the stability of the overall land use pattern of the agriculture and resource protection district. In making this determination, the planning board shall consider the overall effect of existing and potential solar energy generating systems and if it will be more difficult for existing farms in the area to continue operation due to diminished opportunities to expand, purchase or lease farmland, acquire water rights, or diminish the number of tracts or acreage in farm use in a manner that will destabilize the overall character of the surrounding area. The planning board shall request an assessment of the proposed project based on subsection 60-145(b)(19)d. by the agriculture committee and, if located in the resource protection district, the conservation commission and carefully consider their recommendations.

e. All applications shall consider the location of existing grid infrastructure and plan to limit the need to extend the amenities for optimal efficiency.

f. If a solar energy generating system is proposed on forestland in the agriculture and resource protection district, on a parcel adjacent to prime farmland or land currently used for farming, clearing of forestland or the use of prime farmland may be permitted under the following conditions:

1. The presence of the solar energy generating system will not result in unnecessary soil erosion or loss that could limit agricultural productivity on the subject property or abutting properties.

2. At the time of decommissioning of any solar energy generating system approved by the planning board, the current sitting planning board shall review the site and proposed decommissioning plan for the conversion of the parcel into prime farmland or forestland, as applicable under the current ordinance standards.

3. A survey of critical wildlife habitat is provided at the time of application, if a project is located in an area determined to be essential habitat, as defined by the state department of inland fisheries and wildlife, an IF&W recommendation shall be secured before a planning board ruling.

4. A vegetative cover plan is provided that demonstrates, where feasible, the replanting of forested areas disturbed during construction and preservation of prime soils throughout the life of the project.

g. *Prime soils.* All solar energy generating systems proposed in the agriculture and resource protection district shall include a soil analysis. Such analysis shall demonstrate if the site proposed for development contains prime farmland as defined by the United States Department of Agriculture (USDA). Least productive agricultural soils shall be considered first for development unless it can be demonstrated to the planning board that:

1. Non-prime farmland is not reasonably available on the subject property.

h. All applications for solar energy generating systems in the agriculture and resource protection district shall be subject to the following provisions:

1. Siting of the overall facility and individual panels shall keep with the existing contours of the land;

2. Only pile driven, or ballast block footing shall be used so as to minimize the disturbance of soils during installation;

3. To the extent possible, infrastructure shall not be located on steep slopes; and

4. A plan for topsoil maintenance shall be provided at the time of application to the planning board.

i. All operations and maintenance plans shall also include:

1. A plan prioritizing the ability to co-mingle agricultural and energy generation land uses including but not limited to: apiaries, grazing or handpicked crops.

2. A plan that provides habitat for native plants and animals and native pollinators.

ORDINANCE 04-04182023

City Council Ordinance

IN CITY COUNCIL

Chapter 60 of the City Ordinances, specifically Sec. 60-2. Definitions

Be it ordained, that the Auburn City Council hereby adopts a Zoning text amendment involving definitions for conservation cemeteries. The proposed text amendment includes amendments to Chapter 60 of the City Ordinances, specifically Sec. 60-2. Definitions, by adding the definition of Conservation Cemetery to Sec. 60-2 as shown on the attached copies with proposed amendments. This item is pursuant to Chapter 60 Article XVII Division 2- Amendment to the Zoning Ordinance.

Richard Whiting, Ward One
Joseph Morin, Ward Four
Belinda A. Gerry, At Large
Ryan Hawes, Ward Two
Leroy G. Walker, Ward Five
Jason J. Levesque, Mayor
Stephen G. Milks, Ward Three
Dana Staples, At Large
Phillip L. Crowell, Jr., City Manager

Sec. 60-2. Definitions.

For the purposes of this chapter, the following words and terms as used herein shall have the meanings or limitations of meaning hereby defined, explained or assigned:

Accessory structure or building means an uninhabited building, at least five feet in distance from the principal building, used for a purpose which is customarily subordinate and incidental to that of the principal building or to the principal use of the land and which is located on the same lot as the principal building use. The term "accessory buildings," in residential districts, includes tool sheds, wood sheds, detached garages and swimming pools. No accessory building shall house a home occupation or professional office or be used as a sales outlet in a residential district.

Accessory use means a subordinate use of land or building which is customarily incidental and subordinate to the principal building or to the principal use of the land and which is located on the same lot with the principal building or use.

Adaptive reuse means a special exception permitting a structure of community significance to be used for one or more purposes, not otherwise permitted in the district in which the building is located, but which the planning board has determined will contribute to the preservation of a structure of community significance, including without limitation, the following uses:

(1) Bed and breakfast homes or inns;

(2) Restaurants, diners or cafes;

(3) Art studios and galleries;

(4) Performing arts centers;

(5) Medical and dental clinics;

(6) Office space;

(7) Municipal and government uses; and

(8) Retail sales as an accessory use.

Adult day center means a supervised facility providing a program of education, crafts or recreation for adults over the age of 55 years.

Animal unit means one living animal of any species.

Antique shop means a building, or portion of building, where artifacts from generally recognized previous eras are sold or traded as the primary commercial activity.

Apartment. See the term *Dwelling unit.*

Architectural features means exterior building elements intended to provide ornamentation to the building massing, including but not limited to, eaves, cornices, bay windows, window and door surrounds, light fixtures, canopies, and balconies.

Art galleries means a building or place where works of art or other objects of value are kept, displayed, produced and offered for sale to the general public.

Artist studio, residential means a dwelling where up to 50 percent of the total floor space can be used for the production of art and/or craft products. The term "residential artist studio" shall not include galleries or studios open to the public for display or sales. All artist studios shall be designed to meet all residential safety and occupancy requirements and shall be considered to be accessory to the residential use.

Automobile means a passenger vehicle propelled by a self-contained motor. The term "automobile" also includes motorcycles, all-terrain vehicles, trucks and recreation vehicles (RVs).

Automobile and marine paint and body shops means a building in which the business of automobile and marine paint and bodywork is conducted. Such use may also include as an accessory use a facility for the orderly display and sale of vehicles which have undergone substantial body repair on the premises. No such facility shall display, outdoors or indoors, or offer for sale more than ten vehicles at any one time.

Automobile and marine repair and service station means a building, lot or both in or upon which the business of general motor repair and vehicle service is conducted, but excluding junk and/or wrecking businesses.

Automobile, commercial, means a vehicle the primary use of which is commercial in character.

Automobile filling station means a building or lot having pumps and storage tanks at which fuel, oil or accessories for the use of motor vehicles are dispensed, sold or offered for sale at retail, where repair service is incidental and no vehicle storage or parking space is offered for rent.

Automobile garage, private, means an accessory building or portion of a main building designed, arranged or used for housing of private motor vehicles, only one of which may be a commercial vehicle. Not more than 50 percent of the space in such a garage shall be used for housing vehicles other than those owned by occupants of the premises.

Automobile parking lot, private, means a parcel of land, lot or portion thereof required, in accordance with these regulations, for off-street automobile parking.

Automobile repair and service station means a building, lot or both in or upon which the business of general motor vehicle repair and service is conducted, but excluding junk and/or wrecking business.

Automobile sales lot means a lot arranged, designed or used for the storage and display of motor vehicles or any unoccupied trailer for sale.

Automobile scrap yard means any land or building used for the dismantling, storage and salvaging for reuse of automobiles or other vehicles not in running condition.

Automotive towing and storage means a business engaged in/or offering the services of a towtruck or towing service whereby motor vehicles are towed or otherwise removed from one place to another by the use of a motor vehicle specifically designed for that purpose. Storage of towed vehicles is considered to be the keeping of vehicles in a secured yard for not more than 120 days until claimed or disposed of in accordance with the laws of the state.

Basement means that portion of a building below the first floor joists having at least one-half of its clear ceiling height above the main level of the adjacent ground.

Bed and breakfast home means an accessory use to a single-family dwelling involving the renting of four or fewer guestrooms to transient guests who are staying for a limited duration (seven consecutive days and/or 60 accumulated days in a calendar year) and the serving of breakfast only to house guests. Such establishment shall be owned and operated by the resident of the dwelling. The term "bed and breakfast home" also includes a tourist home.

Bed and breakfast inn means a dwelling involving the renting of more than four but fewer than ten guestrooms to transient guests who are staying for a limited duration (seven consecutive days and/or 60 accumulated days in a calendar year) and the serving of breakfast to house guests only. Such use may provide a restaurant, function rooms and places of public assembly.

Boardinghouse or *lodginghouse* means a dwelling which, for compensation, lodging, or lodging and meals are provided to more than four persons and where a proprietor or owner may reside in the building. No provisions for cooking in individual rooms other than a main kitchen is allowed.

Building means a structure having one or more stories and a roof, designed primarily for the shelter, support or enclosure of persons, animals or property of any kind. (See the term *Structure*.)

Building envelope means the ground area on a lot and the space above it on which a building may be constructed.

Building form means the overall shape and dimensions of a building.

Building height means the vertical distance from the grade of the top of the highest roof beams of a flat roof, or to the mean level of the highest gable or slope of a hip roof. When a building faces on more than one street, the height shall be measured from the averages of the grades at the center of each street front.

Building inspector means the building inspector of the City of Auburn, Maine, or their duly authorized agent.

Building line means a line beyond which the foundation wall and/or any enclosed porch, vestibule of other enclosed portion of a building shall not project.

Building, principal, means a building in which is conducted the principal use of the lot on which it is situated.

Care home means a rest, nursing, or convalescent home established to render domiciliary nursing care and board for chronically ill or convalescent patients, or persons who are infirm because of mental or physical conditions, but excluding a child care home or one for the care of mentally retarded patients, alcoholics, psychotics or drug addicts.

Cellar means that portion of a building below the first floor joists having at least one-half of its clear ceiling height below the mean level of the adjacent ground. A cellar shall not be used for habitation.

Cemetery means a place used for the permanent interment of dead bodies or cremated remains thereof. A cemetery may be a burial park of earth interments, a mausoleum for vault or crypt interments, a columbarium for cinerary interments, or a combination of one or more thereof.

Child care home means a child boarding home, summer camp, foster family home or other place providing domiciliary arrangements for compensation, of three or more children, unrelated to the operator by blood, marriage or adoption, under 18 years of age. A facility providing child day care less than 24 hours per day, per child, to more than five children shall not be considered a child care home. The term "child care home" includes any family-type facility which provides child care to children placed by order of any court of competent jurisdiction, or by any public welfare department, or other governmental agency having responsibility for placing children for care, or placed by child-placing agency licensed under state law.

Child day care center means a facility conducted or maintained by anyone who provides, for consideration, care and protection for more than 12 children under 16 years of age, unrelated to the day care center operator, who are unattended by parents or guardians, for any part of the day. Any facility, the chief purpose of which is to provide education, shall not be considered to be a day care center, but is classified as a nursery school.

Child day care home means an accessory use of a residence by a person residing on a premises to provide on a regular basis, and for consideration, care and protection for up to 12 children under 16 years of age, unrelated to the day care home operator, who are unattended by parents or guardians, for any part of the day. Any facility, the chief purpose of which is to provide education, shall not be considered to be a day care home, but is classified as a nursery school. A child day care home shall not be located closer to another child day care home than 500 feet measured along the street frontage. Child day care homes shall be reviewed under the city's home occupation regulations (article IX of this chapter) and shall meet the following:

(1) All outdoor play areas, used in conjunction with the day care operation, shall be fully enclosed by a fence, a minimum of four feet in height.

(2) If the property utilizes a private sewerage disposal/septic system a written verification from a site evaluator, stating that the current system can handle the change of use to include the children in the proposed day care, shall be submitted.

Church means a building, together with its accessory buildings and uses, where persons regularly assemble for religious worship, and which buildings, accessory buildings and uses are maintained and controlled by a religious body organized to sustain public worship.

Clinic means an establishment where patients are accepted for treatment by a group of physicians practicing medicine together, but shall not offer domiciliary arrangements; medical and dental.

Club, private, means any building or rooms, which serve as a meeting place for an incorporated or unincorporated association for civic, social, cultural, religious, literary, political, recreational or like activities, operated for the benefit of its members and not open to the general public.

Community based residential facilities (CRF) means dwelling units providing communal domiciliary arrangements for a group of unrelated persons under supervision of the state government human service agencies, for the transition of formerly institutionalized persons back into the mainstream community living and participation, a halfway house, or a group home.

Comprehensive plan means the master development plan of the City of Auburn, Maine, any amendments, or additions thereto, part or portion thereof adopted by the city council upon recommendations of the planning board of Auburn, Maine, pursuant to 30-A M.R.S.A. § 4323.

Conservation cemetery means a type of natural cemetery that includes a conservation management plan that upholds best practices, and provides perpetual protection of the land according to a conservation easement or deed restriction. Burials in conservation cemeteries utilize non-toxic and biodegradable materials.

Convenience store means a business establishment having an interior selling space of less than 3,000 square feet where general food supplies for the table, other articles of household use and gasoline pump service is offered for sale. Such a use may include the sale of food vended in disposable containers for consumption on or off the premises.

Court means an open, unoccupied space, other than a yard, on the same lot with a building or group of buildings which is bounded on two or more sides by such building or buildings and every part of which is clear and unobstructed from its lowest point to the sky.

Dental clinic means an establishment where patients are accepted for treatment by a group of dentists practicing dentistry together.

Development standard(s) means building standards that establish basic parameters governing building form, including the envelope for building placement in three dimensions and certain permitted and required building elements such as storefronts, balconies, street walls, etc. The development standards establish both boundaries within which development may take place and what requirements apply.

Director means the director of planning and any successor or other official designated from time to time by the city council to enforce the provisions of this chapter.

District or *zone* means an area within which certain uses of land and buildings are permitted or denied pursuant to municipal review, and certain others are prohibited.

District, overlay, means a special district or zone which addresses special land use circumstances and environmental safeguards and is superimposed over the underlying existing zoning districts. Permitted uses in the underlying zoning district shall continue subject to compliance with the regulations of the overlay zone or district.

Dormitory means a building or portion thereof used for sleeping purposes in connection with a school, college or other educational institution.

Driveway means private ways intended for internal vehicular circulation on a lot or within an automobile parking lot.

Dump means any premises used primarily for disposal by abandonment, discarding, dumping, reduction, burial, incineration or any other means and for whatever purpose of garbage, trash, refuse, dead animals, waste materials of any kind, junk; but not untreated sewage, animal waste, discarded machinery, or vehicles or parts thereof. The establishment of any dump shall be approved by the city council of the City of Auburn.

Dwelling means a building or portion thereof arranged or designed to provide living facilities for one or more families.

Dwelling, multifamily, means a residence designed for or occupied by three or more families with separate housekeeping and cooking facilities for each.

Dwelling, one-family attached, means a residential structure designed to house a single-family unit from lowest level to roof, with private outside entrance, but not necessarily occupying a private lot, and sharing a common wall or walls with an adjoining dwelling unit or units. Each one-family attached dwelling shall contain not less than 700 square feet of net floor area of habitable space.

Dwelling, one-family detached, means a dwelling unit singly and apart from any other building and intended and designed to be occupied and used exclusively for residential purposes by one family only, excluding those forms of temporary housing permitted by section 60-666. Each one-family detached dwelling shall contain not less than 700 square feet of net floor area of habitable space.

Dwelling, seasonal, means a dwelling occupied for not more than six months of any year.

Dwelling, two-family, means a freestanding building intended and designed to be occupied and used exclusively for residential purposes by two families only, with separate housekeeping and cooking facilities for each.

Dwelling unit means a room or group of rooms located within a building and forming a single habitable unit, physically separated from any other rooms or dwelling units which may be in the same structure, with facilities which are used for or intended to be used for independent living, sleeping, cooking and eating purposes. Dwelling units available for rental or occupancy for periods of less than one week shall be considered boarding/lodging units.

Eave means the edge of a roof which projects beyond the exterior wall.

Encroachment means any architectural feature, structure or structural element, such as a gallery, fence, garden wall, porch, stoop, balcony, bay window, terrace, or deck that breaks the plane of a vertical or horizontal regulatory limit exceeding into a setback, the public frontage, or above a height limit.

Erected includes the terms "built," "constructed," "reconstructed," "enlarged" and/or "retained on."

Facade means the vertical surface of a building.

Family means one or more persons occupying a single housekeeping unit and using common cooking facilities, provided that unless all members are related by blood or marriage, no such family shall contain over four persons.

Farm means any parcel of land which is used in the raising of agricultural products, livestock or poultry, or for dairying.

Farm, livestock, means any parcel of land that contains at least the following land area used for the keeping of horses, mules, donkeys, cattle, goats, sheep, swine and similar sized animals for the agricultural use of the residents of the lot, provided that there is a minimum of 1 acre of land as required by Chapter 8 Animals and adequate land area is provided for each animal unit, excluding water bodies of one-quarter acre surface area or larger:

(1) Cattle: One bovine animal unit per acre of cleared hay-pasture land.

(2) Horse: 1.5 animal units per acre of cleared hay/pasture land.

(3) Sheep: Three animal units per acre of cleared hay/pasture land.

(4) Swine: Two animal units per acre of cleared land.

(5) Other livestock farms: The required lot size shall be determined by municipal officer charged with enforcement and shall conform to the lot size for similar sized animals.

Floodplain overlay means those areas of the city which are directly affected by flooding as shown on the flood insurance rate maps (FIRM) as established by the Federal Emergency Management Agency and that shall comply with the pertinent regulations found in division 2 of article XII of this chapter pertaining to the Floodplain Overlay District.

Floor area of building means the total number of square feet of floor area of all stories in a building, excluding cellars, uncovered steps and uncovered porches. All horizontal measurements shall be made between exterior faces of walls.

Form based code means a land development regulation that fosters predictable built results and a high-quality public realm by using physical form (rather than separation of uses) as the organizing principle for the code.

Form based code zoning district means one of the five areas on the regulating plan, including Transect 4.1 (T-4.1), Transect 4.2 (T-4.2), Transect 5.1 (T-5.1), Transect 5.2 (T-5.2), and Transect 6 (T-6).

Frontage means the length of a lot extending between the side lot lines of a lot which borders an accepted portion of a street. Maine Turnpike frontage does not apply to this definition.

Frontage line means the lot line(s) of a lot fronting a street or other public way.

Greenhouse means an enclosed structure where trees, shrubs, vines and plants are propagated, grown or maintained. Activities associated with a greenhouse include:

(1) The sale of greenhouse products and related supplies; and

(2) The storage of material used in the maintenance of plants and growing items sold.

Grocery store means a small retail establishment having an interior selling space of less than 3,000 square feet where general food supplies for the table and other articles of household use are offered for sale. Such a use may include the sale of food vended in disposable containers for consumption on or off the premises; a corner market, a mom and pop store.

Ground area of building means the total number of square feet of horizontal surface covered by a building, including covered porches and accessory buildings. All measurements shall be made between exterior faces of walls, foundation, piers or other means of support.

Group home. See the term *Community based residential facilities.*

Guesthouse means a detached dwelling that is intended, arranged or designed for occupancy by transient, nonpaying visitors.

Habitable space means that area within a dwelling which has headroom of not less than seven feet when measured vertically upward from the finished floor, provided that any such area next below the roof of a dwelling shall be counted only if it is connected with the story next below by a permanent inside stairway. The floor area of any porch, cellar room, garage or shed attached to such dwelling shall not be counted in any measure of habitable space.

Half-story means a story directly under a sloping roof in which the points of intersection of the bottom of the rafters with the interior faces of the walls are less than three feet above the floor level.

Historic site means a parcel of land, a particular building, or a group of buildings that have played a significant role in the history of the community, and identified as such by the state historic preservation committee.

Historic or archaeological resources means areas identified by a governmental agency such as the state historic preservation commission as having significant value as historic or archaeological resources and any areas identified in the municipality's comprehensive plan.

Hog farm means any land or building used for the purpose of keeping, feeding or raising 20 or more swine per piggery. Establishment of this use requires approval from the city health department.

Home occupation means the accessory use of a dwelling unit for a business or commercial venture engaged in, by the person residing in the dwelling unit, and which allows up to one person who does not reside on the premises to be employed by that home occupation.

Hospital means any institution receiving inpatients and rendering medical, surgical and/or obstetrical care. The term "hospital" includes general hospitals and institutions in which service is limited to special fields such as cardiac, eye, nose and throat, pediatric, orthopedic, skin, cancer, mental health, tuberculosis, chronic disease and obstetrics. The term "hospital" also includes sanitariums, including those wherein mentally retarded and mental patients, epileptics, alcoholics, senile psychotics or drug addicts are cared for or treated.

Hotel means a building in which the primary use is transient lodging accommodations offered to the public on a daily rate of compensation and where ingress and egress to the sleeping rooms is primarily through an inside lobby or office, supervised by a person in charge at all hours. Such facilities may include accessory uses such as restaurants, bars, nightclubs, function rooms, places of public assembly and/or recreational facilities.

Household pet means any animal kept as a pet and normally housed at night within the owner's dwelling or an accessory building on the same lot, including laying hens, but not including any animal normally raised as livestock or poultry or any animal raised for commercial gain. No household pet shall be kept that creates a public nuisance by reason of:

(1) Objectionable effects perceptible outside the owner's property, such as excessive or untimely noise or offensive odors; or

(2) Being a hazard to the health, safety and welfare of neighbors, invited guests or public servants visiting the property in the pursuit of their normal duties.

Illustrative plan means a plan or map that depicts (i.e. Illustrates but does not regulate) the streets, lots, buildings and general landscaping of the proposed Downtown Auburn/New Auburn Form-Based Code District.

Industrial use, heavy, means the use of real estate, building or structure, or any portion thereof, for assembling, fabricating, manufacturing, packaging or processing operations.

Industrial use, light, means the use of real estate, building or structure, or any portion thereof, for manufacturing or fabrication which will not create a nuisance by noise, smoke, vibration, odor or appearance.

Institution means any building or open area used only by an educational, religious, medical, charitable, philanthropic, or nonprofit organization, either public or private.

Institution, philanthropic, means a private, nonprofit organization that is not organized or operated for the purpose of carrying on a trade or business, no part of the net earnings of which inures to the benefit of any member of said organization and which either:

(1) Provides volunteer aid to the sick and wounded of the armed forces in time of war and relief services to victims of natural or manmade calamities; or

(2) Provides all or any of the following: religious, social, physical, recreational and benevolent service.

Institution, private educational, means any private school or educational institution, however designated, which offers an academic curriculum of college, professional, preparatory, high school, middle school, elementary, kindergarten or nursery school instruction, or any combination thereof; but not a training program of trade, craft,

technical or artistic instruction operated by a governmental entity. No private educational institution shall be deemed a home occupation. (See the terms *Training school* and *School.*)

Institution, research, means an agency for scientific research of technical development including offices, libraries, laboratories, testing facilities and equipment incidental to such research and development.

Junkyard or*automobile graveyard* means any land or building used for the abandonment, storage, keeping, collecting or bailing of paper, rags, scrap metal, other scrap or discarded material, or for the abandonment, demolition, dismantling, storage or salvaging of automobiles or other vehicles not in running condition, machinery or parts thereof. Establishment and operation of this use requires annual approval from the City Council of Auburn, Maine.

Kennel means any building and/or land used, designed or arranged for the boarding, breeding or care of dogs, cats, pets, fowl or domestic animals, kept for purposes of show, hunting or as pets, except horses.

Land use permit means a permit required for the use of property that is legally permitted under the provisions of this chapter.

Landscape services means the actual planting, bed preparation, installation of landscape materials and maintenance of the landscape, planting and materials. Activities associated with landscaping include: the storage of materials and equipment related to the performance of landscaping, the temporary storage of trees, shrubs and plants pending installation in an existing landscape plan and the application and storage of pesticides and fertilizers by a licensed person.

Lawn maintenance service means the care and upkeep of the landscape after its installation and consists of such activities as mowing of the lawn, pruning of trees and shrubs, application by hand of fertilizer and weed control, insect and disease control, planting and care of flower beds, replacement of dead plants, incidental repairing of walls and paved surfaces, cleaning of fountains and pool basins, irrigation of lawns, cultivation of soil around trees and shrubs, rolling and reseeding of lawns, raking of leaves, winterization of trees and shrubs and snow removal.

Library means a place containing books and other material for reading, study or reference, provided that no such material is offered for sale.

Livestock means, but may not be limited to, any horses, mules, donkeys, cattle, goats, sheep, or swine.

Lodge, private. See the term *Club, private.*

Lot means for zoning purposes, as covered by this chapter, a lot is a parcel of land under one ownership or joint ownership of at least sufficient size to meet minimum zoning requirements for use, coverage and area, and to provide such yards and other open spaces as are herein required. Such lot shall have frontage on an accepted public street and may consist of:

(1) A single lot of record;

(2) A portion of a lot of record;

(3) A combination of complete lots of record;

(4) A parcel of land described by metes and bounds; provided that in no case of division or combination shall any residential lot or parcel be created which does not meet the requirements of this chapter;

(5) Lots shown on a plan approved by the planning board of the City of Auburn.

Lot frontage/width means the front of a lot shall be construed to be the portion nearest the street. For the purpose of determining yard requirements or corner lots and through lots, all sides of a lot adjacent to streets shall be considered frontage, and yards shall be provided as indicated under the definition of yards in this section.

Lot line, rear, means the lot line generally opposite or parallel to the front lot line, except in a through lot. If the rear lot line is less than ten feet long or the lot comes to a point at the rear, said rear lot line is assumed to be a line not less than 20 feet long, lying wholly within the lot, parallel to the front lot line, or in the case of a curved front lot line, parallel to the chord of the arc of said front lot line.

Lot measurements means the following measurements:

(1) The depth of a lot shall be considered to be the uninterrupted distance between the midpoints of lot frontage and the midpoint of the rear lot line unless the lot meets the exception provided for by section 60-39.

(2) The width of a lot shall be considered to be the distance between straight lines connecting front and rear lot lines at each side of the lot, measured across the rear of the required front yard, provided, however, that the width between the side lot lines at their foremost points (where they intersect the street line) shall not be less than 80 percent of the required lot width except in the case of a lot on the turning circle of a cul-de-sac, where the 80 percent requirement shall not apply.

Lot of record means a lawfully laid out lot which is part of a subdivision recorded in the proper office of the registry of deeds, or a lawfully laid out lot or parcel described by metes and bounds, the description of which has been so recorded.

Lot types means the diagram which follows illustrates terminology used in this chapter with reference to corner lots, interior lots, reversed frontage lots and through lots. In the diagram above, the lots designated by letters are defined as follows:

(1) Corner lot, defined as a lot located at the intersection of two or more streets. A lot abutting on a curved street or streets shall be considered a corner lot if straight lines drawn from the foremost points of the side lot lines to the foremost points of the side lot lines to the foremost point of the lot meet at an interior angle of less than 135 degrees. (See lots marked A(1) in diagram)

(2) Interior lot, defined as a lot other than a corner lot with only one frontage on a street other than an alley.

(3) Through lot, defined as a lot other than a corner lot with frontage on more than one street other than an alley. Through lots with frontage on two streets may be referred to as double frontage lots.

(4) Reversed frontage lot, defined as a lot in which the frontage is at right angles or approximately right angles to the general pattern in the area involved. A reversed frontage lot may also be a corner lot or an interior lot. (See A-D and B-D in diagram.)

Lot, undersized, means for zoning purposes, as covered by this chapter, an undersized lot is a parcel of land of insufficient size to meet minimum zoning requirements for area or width or depth.

Major or principal arterial highway means the highway that:

(1) Serves the major traffic movements within urbanized areas such as between central business districts and outlying residential areas, between major intercity communities, or between major suburban centers;

(2) Serves a major portion of the trips entering and leaving the urban area, as well as the majority of the through traffic desiring to bypass the central city;

(3) Provides continuity for all rural arterials which intercept the urban area. The term "major or principal arterial highways" includes Washington Street (State Routes 4 and 100, U.S. 202), Minot Avenue (State Routes 11 and 121), Union Street/Center Street/Turner Road (State Route 4), Veterans Memorial Bridge and approaches (State Routes 11 and 100, U.S. Route 202), North Bridge/Court Street to in town Minot Avenue Intersection (Turner Street), Court to Center Street (State Route 4).

Major recreational use of land means permanent use of at least 100 acres of outdoor space limited to ski areas with at least two lifts and public and private golf courses with a minimum of 18 holes.

Major retail development means a single building in excess of 100,000 square feet of new ground floor retail space.

Manufactured housing means a structural unit designed for occupancy, and constructed in a manufacturing facility and then transported by the use of its own chassis, or placed on an independent chassis, to a building site. The term "manufactured housing" includes any type of building which is constructed at a manufacturing facility and then transported to a building site where it is utilized for housing and may be purchased or sold by a dealer in the interim. The term "manufactured housing" includes newer mobile homes and modular homes.

Mining, quarrying, or *earth removing* means the excavation of any earth materials.

Minor arterial highway means the highway that:

(1) Serves trips of moderate length at a somewhat lower level of travel mobility than principal arterials;

(2) Provides access to geographic areas smaller than those served by the major arterial highway system; and

(3) Provides intra-community continuity but does not penetrate identifiable neighborhoods. Examples are Riverside Drive, Mill Street, South Bridge (Broad Street to Mill Street), Main Street, Mechanics Row, High Street (Minot Avenue to Academy Street), Academy Street (High Street to Main Street), Elm Street, Spring Street (Minot Avenue to Court Street), Turner Street (Union Street to Turner Road), Mount Auburn Avenue (Center Street to Turner Street), Lake Street, Court Street (Union Street to in town Minot Avenue Intersection), Hotel Road (Manley Road to Poland Spring Road).

Mobile home development, intended to be generic, includes mobile home parks, mobile home subdivisions, and mobile home condominiums.

Mobile home park means a parcel of land under single ownership in rural residence and suburban residence districts which has been planned and improved for the placement of not less than three mobile homes for nontransient use.

Mobile homes, newer, means those units constructed after June 15, 1976, commonly called "newer mobile homes," which the manufacture certifies are constructed in compliance with the United States Department of Housing and Urban Development standards, meaning structures, transportable in one or more sections, which, in the traveling mode, are 14 body feet or more in width and are 700 or more square feet, and which are built on a permanent chassis and designed to be used as dwellings on foundations when connected to the required utilities, including the plumbing, heating, air conditioning and electrical system contained therein; except that the term "newer mobile homes" includes any structure which meets all the requirements of this definition, except the size requirements and with respect to which the manufacturer voluntarily files a certification required by the Secretary of the United States Department of Housing and Urban development and complies with the standard established under the National Manufactured Housing Construction and Safety Standards Act of 1974, United States Code, 42 USC 5401 et seq.

Mobile homes, older, means any factory-built home which fails to meet the definition of manufactured housing and more specifically, the term "older mobile homes" means any mobile home constructed prior to June 15, 1976. These units shall be restricted to approved mobile home parks.

Modular homes means those units which the manufacturer certifies are constructed in compliance with the state's Manufactured Housing Act and regulations, meaning structures, transportable in one or more sections, which are not constructed on a permanent chassis and are designed to be used as dwellings on foundations when connected to required utilities, including the plumbing, heating, air conditioning or electrical systems contained therein.

Motel means a building or group of detached buildings intended primarily to provide sleeping accommodations to the public on a daily rate of compensation and having a parking space generally located adjacent to a sleeping room. Such facilities may include a main kitchen or snack bar for the use of motel guests only.

Municipal sanitary landfill means a disposal site for household, commercial and industrial wastes, sludge or incinerator ash operated or controlled for operation by the city in a controlled manner involving the covering of deposited wastes with layers of earth so as to reduce health hazards and public nuisances from vermin, insects, odors and wind-borne debris. The location and design of sanitary landfills also require precautions against ground and surface water contamination through clay lining, water impoundment, aquifer avoidance and similar techniques.

Municipal uses means any lawful use of a building or of land carried on by the city sanitary landfill shall not be deemed a municipal use.

Museum means a building or place where works of art or other objects of permanent value are kept and displayed, provided such objects are not offered for sale.

Nonconforming building means a building lawfully existing at the time this or any previous zoning ordinance became effective and which does not conform to the dimensional regulations of the district in which it is located.

Nonconforming lot means a lot lawfully existing at the time this or any previous zoning ordinance became effective and which does not conform to the dimensional regulations of the district in which it is located.

Nonconforming use means a use of a building or of land lawfully existing at the time this or any previous zoning ordinance became effective and which does not conform with the use regulations of the district in which it is located.

Nursery means an outdoor place where live trees, shrubs, vines and plants are propagated, grown or maintained before permanent planting. Activities associated with nursery a business include: the sale of nursery products and related gardening supplies, the storage of material used in the maintenance of plants and growing items sold and the use of power-motorized equipment required by the nursery.

Nursery, child, means a facility providing a program less than 24 hours per day per child for the care of infants up to the age of 2½ years.

Nursery, wholesale, means a nursery where plants, trees, shrubs and vines are propagated and/or grown and sold only at wholesale to industry related buyers such as retail nurseries, greenhouses and landscape contractors. A wholesale nursery may also provide landscape services accessory to the nursery use provided.

(1) At least one-half of the area of the lot (up to a maximum of three acres) is in active nursery production in a husband type manner; and

(2) The plants and trees propagated, grown and nurtured in the nursery are used as the primary products by the owner/operator of the landscape service.

Office means a building, or portion of a building wherein services are preformed involving predominantly administrative, professional or clerical operations.

Office trailer means a movable vehicle or structure designed for year round or temporary occupancy for purposed of supervising construction; for business actually engaged in the business of selling manufactured housing, mobile homes and trailers; and as temporary office space for a business during the period in which permanent office space is being constructed.

Open space, common means land within or related to a development which is not individually owned and is designed and intended for the common use or enjoyment of the residents of a development and may include such complementary structures and improvements as are necessary and appropriate.

Outpatient addiction treatment clinic means a program or facility operated for the purpose of and specializing in the care, treatment and/or rehabilitation of persons suffering with addictions, including but not limited to gambling addition, alcohol or controlled substance addictions. The term "outpatient addiction treatment clinic" includes, but is not limited to, substance abuse treatment programs licensed by the State of Maine Department of Behavioral and Developmental Services Office of Substance Abuse. An outpatient addiction treatment clinic shall not be located within 2,000 feet of any property that is occupied by a church, school, family day care home, small day care facility, day care center, or public park or playground on the date of application for a license for such a facility. The term "outpatient addiction treatment clinic" does not include an inpatient or residential addiction treatment program, or a program consisting solely of support group activities without treatment by licensed health practitioners, such as Alcoholics Anonymous, Narcotics Anonymous, and similar programs.

Parapet means a low wall along the edge of a roof or the other portion of a wall that extends above the roof line.

Parking space, off-street, means a rectangular area, not less than nine feet by 18 feet, forming a parking stall within or without a structure, not located in any public right-of-way.

Performing arts center means a public or private space used to create and present various performing and visual arts. For the purposes of this definition, the term "performing arts center" also includes educational and training uses associated with the various performing and visual arts.

Personal services means the furnishing of labor, time and effort by a person as an independent contractor not involving the delivery of a specific end product.

Place of worship see definition of church.

Planning board means the planning board of the City of Auburn, Maine.

Primary entrance means a section of building elevation which contains the street level principal entrance of the business, including the businesses on upper floors or in a basement.

Principal use means the principal use for which a lot or main building thereon is designed, arranged or intended and for which it is or may be used, occupied or maintained.

Professional office means rooms and/or buildings used for office purposes as the principal use by members of any recognized profession, including doctors, dentists, lawyers, accountants, engineers, architects, veterinarians, etc.

Realm, private means the physical and social domain that is considered private by their physical location and visual association being away from public view. This is considered areas behind the front building facade along with side and rear yard areas.

Realm, public means the physical and social domain of the public that is held in common either by their physical presence or visual association. This includes but is not limited to sidewalks, plazas, squares, parks, streets, front yards, civic buildings and civic spaces.

Recreational uses of land means permanent uses of outdoor space which are intended or designed for public use and include but are not limited to ski areas, golf courses (both public and private), driving ranges, horse boarding and riding facilities, miniature golf, paintball, horse and dog racing, snowmobile races, motorhome or recreational vehicle parks or commercial campgrounds and facilities for mass gatherings when used for two or more events during a calendar year.

Regulating plan means the adopted map that shows the Form Based Code zoning districts, which correspond to the special requirements of the form based code.

Restaurant means an eating place in which food is prepared and vended for immediate consumption on the premises without further preparation by the customer. The takeout of food on an infrequent basis is not prohibited.

Restaurant, carry-out, means an eating place in which all food is vended in disposable containers for consumption on or off premises at the customer's choice; a fast-food restaurant.

Restaurant, drive-in, means an eating place in which the business transacted is conducted by a customer from within his automobile or in which consumption of goods sold normally takes place within the customer's automobile on the establishment's premises.

Retail means a principal use encompassing the sale of commodities or goods in small quantities directly to the consumer. The term "retail" sales does not include sales of professional, financial and governmental services and personal services, including but not limited to a hotel and its accessory uses (restaurants, salons, gift shops, recreational facilities, convention space, etc.).

Retail space means the areas of a building, within a climate controlled environment, devoted to the display of commodities or goods for sale directly to the consumer and including customer sales transaction areas and areas associated with customer access.

Rifle, pistol, skeetor trap shooting range means a rifle, pistol, skeet or trap shooting range operated by an individual or club. Such a range may be opened to the general public or developed for the exclusive use of the individual, or club and invited guests.

Road means any public or private traveled way or any portion thereof.

Roof means the covering for a building which is an integral part of the structure for the purpose primarily of protecting the interior of the building or covering a porch or other similar permanent portion thereof, excluding awnings, stoop coverings, or similar additions which are removable without substantially impairing the original structure.

Sawmill means a unit designed to saw logs into lumber, firewood or other processed wood products.

School means an educational institution offering an academic curriculum; not the teaching of the crafts or a training school offering a program of trade, technical instruction or physical education. (See the term *Training school.*)

Shared housing means housing consisting of two or more families occupying a single dwelling and using common cooking facilities. Shared housing shall permit the same number of families at the same density as allowed in the zoning district where the property is located subject to all applicable codes relating to building, housing, life safety, health and zoning as would be applied to independent living units located in the same structure. Approval for shared housing shall be secured from the department of community development and planning subject to the codes and ordinances indicated in this definition, prior to establishing a shared housing arrangement in any building.

Shelter for abused persons means dwelling facilities complying with the laws administered by the state government human services agencies, providing temporary domiciliary arrangements for children and adults unable to protect their own interest and welfare because of critical family circumstances.

Shopping center or*office mall* means a planned integrated complex of three or more retail stores and/or offices sharing a common structure and developed according to a unified plan. Such uses may include a common pedestrian circulation system and off-street automobile parking facilities.

Sign means any device, display surface, structure or object in public intended for visual communications.

Sign, mobile mounted, means a temporary sign which is mounted or for mounting on wheels or a mobile platform or which is portable.

Sign, official business directional, means any off-premise sign permitted to be erected pursuant to article II of chapter 42.

Sign, on-premises, means any sign that advertises, calls attention to, or indicates the person occupying the premises on which the sign is erected or maintained or the business transacted thereon, or advertises the property itself or any part thereof as for sale or rent, and which contains no other matter.

Sign, standing, means any sign that is not attached to a building.

Sign, temporary, means any movable sign, including its supporting structure, intended to be maintained for not more than 90 days in any calendar year.

Site-built home means a building constructed on-site which is designed to be used as a dwelling on foundations, when connected to the required utilities.

Slaughterhouse (abattoir, dressing plant) means any building, place or establishment in which is conducted the slaughtering of livestock and/or poultry for commercial purposes.

Special exception means a use that would not be appropriate generally or without restriction throughout the district, but which, if controlled as to number, area, location or relation to the neighborhood, would promote the public health, safety, welfare, order, comfort, convenience, appearance, prosperity, or general welfare. Such a use may be permitted in such district as a special exception, if specific provision for such special exception is made in this zoning chapter and reasonable restrictions imposed by the planning board are complied with.

Specialty shop means a retail business offering products of a similar kind and nature designed for a particular use, purpose or occasion and distinguished from a store offering the same type of product together with other products of a nonhomogeneous quality.

Stable, riding, means any building or structure used or designed for boarding, breeding or care of horses, other than horses used for farming or agricultural purposes.

Standing means a person who holds title, right or interest in a property which may include a written option, contract to purchase the property or a leasehold interest or may be a person who can show how his actual use or enjoyment of property will be adversely affected by the proposed decision as an abutter as defined in section 60-1473.

Story means that portion of a building between the surface of any floor and the surface of the other floor or roof next above it, but not including the lowest portion so contained if more than one-half of such portion vertically is below the mean finished grade of the ground adjoining such building unless such space is used for business or as habitable space, in which case it shall count as a story.

Story, half, means a story under the gable, hip or gambrel roof, the plates of which on at least two opposite exterior walls are more than two feet above the floor of such story.

Street means the following:

(1) A public way laid out and established by the state, county commissioners of the County of Androscoggin;

(2) A way accepted by the municipal officers of the city;

(3) A way as to which a petition for improvements has been allowed under the provisions of this chapter for which the cost of the improvements has been provided for by the developer in either a cash amount or as provided for in this chapter; or

(4) A way on a plan of a subdivision duly approved by the planning board.

Street frontage. See the term *Frontage.*

Street line means a line defining the edge of a street right-of-way separating the street from abutting property or lots.

Street, primary means the street that is considered to be more intensely used than the other on a corner or double sided lot.

Street, secondary means the street that is considered to be less intense to the other on a corner or double sided lot.

Structure of community significance means a building that by virtue of its historic, social, cultural or economic contribution to the community, as determined by the planning board, is entitled to a special exception allowing its adaptive reuse. The planning board may consider a building's age, as well as any evidence of its role in the historic, social cultural, or economic history of the community, in determining whether a building qualifies for this designation.

Structure or *building* means a combination of materials to form a construction that is safe and stable including, among other things: stadia, reviewing stands, platforms, automobile parking garages, stagings, windmills, observation towers, trestles, sheds, coal bins, shelters and display signs, but not fences of any kind.

Subdivision means a division of land as defined in 30-A M.R.S.A. § 4401.

Summer camps means seasonal dwelling units intended for and actually used for single-family dwellings only during the months of May, June, July, August, September and October or weekends or other periods of vacations not exceeding 30 days.

Supermarket means a retail establishment having an interior selling space of 3,000 square feet or more where general food supplies for the table and other articles of household use are offered for sale.

Swimming pool means any manmade receptacle or excavation housing a surface area of 250 square feet, or more, designed to hold water to a depth of at least 24 inches, primarily for swimming or bathing whether in the ground or above the ground.

Theater, indoor, means a building designed and/or used primarily for the commercial exhibition of motion pictures or plays to the general public.

Theater, outdoor, includes only those areas, buildings or structures designed and used for the commercial outdoor exhibition of motion pictures to passengers in parked motor vehicles.

Tourist home. See the term *Bed and breakfast home.*

Townhouse means a single-family dwelling unit that is one of two or more residential buildings having a common or party wall separating the units.

Trailer or *RV* means any vehicle or structure, except a device exclusively used upon stationary rails or tracks, mounted on wheels for use on highways and streets; propelled or drawn by its own or other motor power; and designed and constructed to provide living and/or sleeping quarters for one or more persons or for the conduct of a business, profession, trade or occupation for use as a selling or advertising device. If the wheels of a trailer are removed, except for repairs, it is deemed a building subject to all the regulations thereof. A trailer shall not be considered an accessory building.

Trailer home means a travel trailer, camping trailer or other similar vehicle capable of being hauled by a passenger automobile or light truck and designed primarily for temporary occupancy for recreational purposes or other seasonal use. A trailer home shall not be considered an accessory building.

Training school means a public or private school or training institution which offers a training program of trade, technical instruction, or physical education. A training school shall not be deemed a home occupation.

Transect (rural-to-urban) means a cross-section of the environment showing a range of different building development zones. The rural-to-urban transect of the human environment is divided into multiple transect zones

that describe the physical form and character of a place according to the intensity of its land use and building development pattern.

Transmission towers means a structure that has the sole purpose of transmitting radio, television, cellular telephone or telephone waves from one location to another.

Useable open space means open or green space that is accessible for the use and enjoyment of residents, shall not be steep sloped (over ten percent slope), shall not include wetlands, parking or required buffer areas, and may include any required yard area or open areas for play.

Variance means a relaxation of the terms of the zoning ordinance where such variance will not be contrary to the public interest and where, owing to conditions peculiar to the property and not the result of the actions of the applicant, a literal enforcement of the ordinance would result in unnecessary and undue hardship. The term "variance" is authorized for only dimensional and supplemental regulations. Establishment of a use otherwise prohibited shall not be allowed by variance, nor shall a variance be granted because of the presence of nonconformities in the district or adjoining districts.

Wayside stand means a structure designed, arranged or used for the display and sale of agricultural products primarily grown or produced on the premises upon which such stand is located. A wayside stand may be located on premises that the products are not grown upon provided such premises is owned by the grower.

Wholesale means sales chiefly to retailers, other merchants, industrial and/or commercial users mainly for resale or business use.

Yard means a required open space on a lot unoccupied and unobstructed by any principal structure or portion of a principal structure.

Yard, front, means the open space extending across the full width of lot between the front lot line and nearest line of the principal building or any enclosed portion thereof. The depth of such yard shall be the shortest horizontal distance between the front lot line and the nearest point of the building or any enclosed portion thereof.

Yard, rear, means the open space extending across the full width of lot between the rear line of the lot and the nearest line of the building or any enclosed portion thereof. The depth of such yard is the shortest horizontal distance between the rear lot line and the nearest point of the building. When the rear lot line is less than ten feet long or if the lot comes to a point at the rear, the depth of the rear yard is measured to an assumed rear lot line as follows, the lot line generally opposite or parallel to the front lot line, except in a through lot. If the rear lot line is less than ten feet long or the lot comes to a point at the rear, said rear lot line is assumed to be a line not less than 20 feet long, lying wholly within the lot, parallel to the front lot line, or in the case of a curved front lot line, parallel to the chord of the arc of said lot line.

Yard, side, means the open space between the side lot line, the side street line, or the proposed side street line and the principal buildings, or any portion thereof, extending from the front yard to the rear yard, or, in the absence of either of such yards, to the front lot line and/or rear lot line. The width of a side yard shall be the shortest distance between the side lot line and the nearest point of the principal building or any portion thereof.

Zone. See the term *District.*

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: April 18, 2023 **Order:** 53-04182023

Author: Brian Wood, Assistant City Manager

Subject: Reclamation of East Auburn Tennis Courts

Information:
The City of Auburn in collaboration with the Auburn School District are reclaiming the East Auburn Tennis courts that have fallen into disrepair. This is a joint effort to address an outstanding commitment when the City built these courts with funding and support from the Land and Water Conservation Fund. This project will revive the 2 current tennis courts and provide 4 new pickleball courts by using mixed striping.

City Budgetary Impacts:
ARPA Funds recommended

Staff Recommended Action:

ORDER 53-04182023

City Council Order

IN CITY COUNCIL

ORDERED, that the City of Auburn City Council hereby directs the City Manager to execute the East Auburn Tennis Court reclamation project. The City Council authorizes up to $95,000 from the American Rescue Plan Act (ARPA) funds in support of this initiative to match the $95,000 allocated by the Auburn School District.

TO: **Phillip Crowell, City Manager**

FROM: **Jill Eastman, Finance Director**

REF: **March 2023 Financial Report**

DATE: **April 18, 2023**

The following is a discussion regarding the significant variances found in the City's March financial report. Please note that although the monthly financial report contains amounts reported by the School Department, this discussion is limited to the City's financial results and does not attempt to explain any variances for the School Department.

The City has completed its ninth month of the current fiscal year. As a guideline for tracking purposes, revenues and expenditures should amount to approximately 75.0% of the annual budget. However, not all costs and revenues are distributed evenly throughout the year; individual line items can vary based upon cyclical activity.

Revenues

Revenues collected through March 31st, including the school department, were $86,340,720 or 80.66% of the budget. The municipal revenues including property taxes were $62,551,231, or 88.75% of the budget which is less than the same period last year by 2.07%. Due to the increase in the budgeted estimate for revenues, the percentage is lower, but the dollars collected are higher than the same period last year. The accounts listed below are noteworthy.

A. The current year tax revenue is at 94.31%, the second payment was due March 15th. We are currently $2,127,865 higher than this time last year.

B. Excise tax for the month of March is at 78.54%. This is an increase of $137,548 compared to FY 22.

C. State Revenue Sharing at the end of March is 102.21% or $753,648 more than in FY 22.

City of Auburn, Maine
Finance Department
www.auburnmaine.gov | 60 Court Street
Auburn, Maine 04210
207.333.6601

Expenditures

City expenditures through March 2023 were $39,085,533 or 76.17% of the budget. This is a 3.07% decrease in percentage for the same period last year. Actual dollars spent are higher than last year by $ 1,788,123. Noteworthy variances are:

A. Fiscal Services are higher than last year due to the higher debt service payments than last year.

B. Administration, Community Services, Public Safety and Public Works are higher dollar wise than last year.

Investments

This section contains an investment schedule as of March 31st. Currently the City's funds are earning an average interest rate of 3.24%.

Respectfully submitted,

Jill M. Eastman
Finance Director

Re: Arena Financial Reports for March 31, 2023

Attached you will find a Statement of Net Assets and a Statement of Activities and budget to actual reports for Norway Savings Bank Arena for revenue and expenditures as of March 31, 2023.

NORWAY SAVINGS BANK ARENA

Statement of Net Assets:
The Statement of Net Assets lists current assets, noncurrent assets, liabilities, and net assets and shows a comparison to the previous month, in this case, February 28, 2023.

Current Assets:
As of the end of March 2023 the total current assets of Norway Savings Bank Arena were ($1,242,536). These consisted of cash and cash equivalents of $281,010, accounts receivable of $131,143, and an interfund payable of $1,654,689.

Noncurrent Assets:
Norway's noncurrent assets are equipment that was purchased, less depreciation (depreciation is posted at year end). The total value of the noncurrent assets as of March 31, 2023 was $147,691.

Liabilities:
Norway Arena had no accounts payable as of March 31, 2023.

Statement of Activities:

The statement of activities shows the current operating revenue collected for the fiscal year and the operating expenses as well as any nonoperating revenue and expenses.

The operating revenues for Norway Arena through March 2023 are $702,427. This revenue comes from the concessions, sign advertisements, pro shop lease, youth programming, shinny hockey, public skating, and ice rentals.

The operating expenses for Norway Arena through March 2023 were $561,422. These expenses include personnel costs, supplies, utilities, repairs, rent, capital purchases and maintenance.

At the end of March 2023, there was an operating gain of $141,005.

As of March 31, 2023, Norway Arena has an increase in net assets of $141,005.

The budget to actual reports for revenue and expenditures, with comparison to the same period last year show that revenue for FY23 is $6,921 more than in FY22 and expenditures in FY23 are $25,426 more than last year in February.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date:

Subject: Executive Session

Information: Contract Negotiations (Fire), pursuant to 1 M.R.S.A. Section 405(6) (D).

Executive Session: On occasion, the City Council discusses matters which are required or allowed by State law to be considered in executive session. Executive sessions are not open to the public. The matters that are discussed in executive session are required to be kept confidential until they become a matter of public discussion. In order to go into executive session, a Councilor must make a motion in public. The motion must be recorded, and 3/5 of the members of the Council must vote to go into executive session. An executive session is not required to be scheduled in advance as an agenda item, although when it is known at the time that the agenda is finalized, it will be listed on the agenda. The only topics which may be discussed in executive session are those that fall within one of the categories set forth in Title 1 M.R.S.A. Section 405(6). Those applicable to municipal government are:

A. Discussion or consideration of the employment, appointment, assignment, duties, promotion, demotion, compensation, evaluation, disciplining, resignation or dismissal of an individual or group of public officials, appointees or employees of the body or agency or the investigation or hearing of charges or complaints against a person or persons subject to the following conditions:
(1) An executive session may be held only if public discussion could be reasonably expected to cause damage to the individual's reputation or the individual's right to privacy would be violated;
(2) Any person charged or investigated must be permitted to be present at an executive session if that person so desires;
(3) Any person charged or investigated may request in writing that the investigation or hearing of charges or complaints against that person be conducted in open session. A request, if made to the agency, must be honored; and
(4) Any person bringing charges, complaints or allegations of misconduct against the individual under discussion must be permitted to be present. This paragraph does not apply to discussion of a budget or budget proposal;

B. Discussion or consideration by a school board of suspension or expulsion of a public school student or a student at a private school, the cost of whose education is paid from public funds, as long as:
(1) The student and legal counsel and, if the student is a minor, the student's parents or legal guardians are permitted to be present at an executive session if the student, parents or guardians so desire;

C. Discussion or consideration of the condition, acquisition or the use of real or personal property permanently attached to real property or interests therein or disposition of publicly held property or economic development only if premature disclosures of the information would prejudice the competitive or bargaining position of the body or agency;

D. Discussion of labor contracts and proposals and meetings between a public agency and its negotiators. The parties must be named before the body or agency may go into executive session. Negotiations between the representatives of a public employer and public employees may be open to the public if both parties agree to conduct negotiations in open sessions;

E. Consultations between a body or agency and its attorney concerning the legal rights and duties of the body or agency, pending or contemplated litigation, settlement offers and matters where the duties of the public body's or agency's counsel to the attorney's client pursuant to the code of professional responsibility clearly conflict with this subchapter or where premature general public knowledge would clearly place the State, municipality or other public agency or person at a substantial disadvantage;

F. Discussions of information contained in records made, maintained or received by a body or agency when access by the general public to those records is prohibited by statute;

G. Discussion or approval of the content of examinations administered by a body or agency for licensing, permitting or employment purposes; consultation between a body or agency and any entity that provides examination services to that body or agency regarding the content of an examination; and review of examinations with the person examined; and

H. Consultations between municipal officers and a code enforcement officer representing the municipality pursuant to Title 30-A, section 4452, subsection 1, paragraph C in the prosecution of an enforcement matter pending in District Court when the consultation relates to that pending enforcement matter.

City Council Workshop & Meeting
Agenda
May 1, 2023
Auburn Hall, Council Chambers

5:30 P.M. City Council Workshop

A. FY24 Budget Discussion – Phil Crowell
B. Lake Auburn Discussion – Eric Cousens
C. Executive Session - Economic Development, pursuant to 1 M.R.S.A. §405(6)(C) which premature disclosure would prejudice the competitive or bargaining position of the City.
D. Executive Session - Economic Development, pursuant to 1 M.R.S.A. §405(6)(C) which premature disclosure would prejudice the competitive or bargaining position of the City.

7:00 P.M. City Council Meeting - Roll call votes will begin with Councilor Gerry

Pledge of Allegiance

I. Consent Items – All items with an asterisk (*) are considered routine and will be enacted by one motion. There will be no separate discussion of these items unless a Council member or a citizen requests, in which event, the item will be removed from the Consent Agenda and considered in its normal sequence on the agenda.

1. Order 55-05012023*
Authorizing the City Clerk to waive the $60 Temporary Food Service fee for Phoenix No Limits Karate for a fundraising event to be held on June 11, 2023.

2. Order 56-05012023*
Authorizing the City Clerk to waive the $60 Temporary Food Service fee for the Auburn Exchange Club for the Lobster Festival Event to be held on May 6, 2023.

3. Order 57-05012023*
Accepting the transfer of forfeiture assets ($490.00 and a Ruger .380 caliber semi-automatic pistol (Serial #372358035) to Auburn Police Department.

II. Minutes – April 18, 2023, Regular Council Meeting

III. Communications, Presentations and Recognitions

- Council Communications (about and to the community)

IV. Open Session – *Members of the public are invited to speak to the Council about any issue directly related to City business or any item that does not appear on the agenda.*

V. Unfinished Business

1. Ordinance 03-04182023
Amending Chapter 60 of the City Ordinances, Sec.60-145 (b)(8) - Use regulations by changing the lot size requirement for a cemetery from 20 acres to 10 acres if the cemetery is a conservation cemetery. Public hearing and second reading.

2. Ordinance 04-04182023
Amending Chapter 60 of the City Ordinances, Sec. 60-2. Definitions, by adding the definition of conservation cemetery. Public hearing and second reading.

VI. New Business

1. Order 58-05012023
Authorizing the City's general obligation bonds in the amount of $13,000,000.00 to finance the City's FY24 Capital Improvement Program. Public hearing and first reading. ***Passage requires an affirmative vote of 5 Councilors at the second reading.***

2. Resolve 01-05012023
Adopting the Appropriations Resolve for Fiscal Year 2024. Public hearing and first reading. ***Passage requires an affirmative vote of 4 Councilors at the second reading***.

3. Resolve 02-05012023
Supporting Congressman Golden's initiative for a federal budget agreement that would begin dealing with the serious problem of ongoing federal deficits.

4. Order 59-05012023
Modifying the Auburn-Lewiston Airport interlocal agreement.

5. Order 60-05012023
Reallocating unspent proceeds from the City's 2020 General Obligation Bonds. First reading. ***Passage requires an affirmative vote of 5 Councilors at the second reading.***

6. Public hearing – Public hearing to receive comments for Program Year 2023, CDBG & HOME Annual Action Plan.

7. Order 61-05012023
Adopting the CDBG/HOME Program Year 2023 Annual Action Plan.

VII. Open Session - *Members of the public are invited to speak to the Council about any issue directly related to City business or any item that does not appear on the agenda*

VIII. Reports (from sub-committees to Council)

a. Mayor's Report
b. City Councilors' Reports
c. City Manager Report

IX. Executive Sessions

X. Adjournment

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: May 1, 2023

Author: Sue Clements-Dallaire, City Clerk

Subject: FY Budget Discussion

Information: City Manager Crowell will provide an update and follow up on the budget discussion that took place at the 4/24/2023 City Council workshop.

City Budgetary Impacts: TBD

Staff Recommended Action: Discussion

Previous Meetings and History: 3-6-2023, 3-20-2023, 4-3-2023, 4-24-2023

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments:

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: May 1, 2023

Author: Eric J. Cousens, Director of Planning and Permitting

Subject: Lake Auburn Watershed Ordinance Updates

Information: The City has been working on water quality and drinking water protection with a focus on land-based Best Management Practices (BMPs) for watershed protection. The discussion has been ongoing and has evolved over the past year, most recently with the Council adding setbacks from the lake for new SSWW Disposal systems, regardless of soil types and a prohibition of housing and animal farms in the Agriculture and Resource Protection zoned parts (73% of the watershed lands in Auburn) of the Lake Auburn Watershed. This workshop is a chance to go over the list of changes and confirm that we are ready to draft the final text including all of the proposed changes and resume the discussion with Planning Board in June to bring recommendations back to Council for final decisions after that. Although some of the changes have been to Planning Board, our Counsel recommends a Public Hearing that includes all of the changes for each zoning division so they can be considered as a whole.

City Budgetary Impacts: Staff Time.

Staff Recommended Action: Discuss and provide feedback for staff to prepare for Planning Board Public Hearings.

Previous Meetings and History: Many meetings during 2021 and 2022

City Manager Comments:

I concur with the recommendation. Signature: Phillip Crowell Jr.

Attachments: Staff Report and summary of adopted and proposed changes.

To: Auburn City Council
From: Eric J. Cousens, Planning and Permitting
Re: Lake Auburn Watershed Workshop Update
Date: May 1, 2023

The City has been working on water quality and drinking water protection with a focus on land-based Best Management Practices (BMPs) for watershed protection for the communities of Auburn and Lewiston. The approach has been through transparent science-based, easier to understand watershed regulation that reduces development potential, requires improved stormwater and wastewater treatment which result in reducing phosphorus, nitrogen, nitrates, untreated wastewater and sediment entering Lake Auburn. The efforts have been drawn from expert opinions to form the recommended changes to date.

The City of Auburn has involved Lake Auburn Watershed Protection Commission (LAWPC), Lewiston Water Division (LWD) and Auburn Water District (AWD) staff and boards in discussions and worked through a set of proposed ordinance and map changes that keep clean public drinking water as the utmost importance while trying to form a holistic approach to surface water protection and best land use practices within the watershed. Strategies include hosting public meetings to have an open dialogue about the challenges, shortcomings and water quality issues that have existed in the Lake Auburn Watershed under current ordinances and land-uses. The results have included introducing updated septic, density, watershed boundary, phosphorus, land-use prohibitions and real estate requirements to make this a multi-prong approach to public water supply protection and a cleaner Lake Auburn.

The City of Auburn has long been criticized for watershed protections that are not easy for residents to understand and for using subsurface wastewater rules to control density of development when density can be effectively controlled by lot size and zoning in a way that is easier to understand, measurable and more transparent. The existing ordinances have further been criticized by experts as counterproductive to watershed protection based on the changing science and understanding of wastewater disposal that has evolved from the goal of making wastewater disappear underground for dilution in groundwater to an understanding the soil science of wastewater treatment

or renovation before it enters the water table. This evolution of wastewater science is important, and our ordinance currently requires systems that do not treat wastewater to the extent that it can be treated with improved systems; more on this from David Rocque, Retired State Soil Scientist, Licensed Site Evaluator and well-known expert on soils and wastewater disposal in Maine, is available here: Lake Auburn Watershed Wastewater Disposal Ordinance Concerns.pdf (auburnmaine.gov) The City further intends to encourage the AWD, LWD and LAWPC to implement Environmental protections in upper watershed towns, however, weaknesses in existing ordinances make implementing similar controls in the upper watershed difficult to justify and unlikely to succeed. This letter is intended to summarize and then resume those discussions with LAWPC Staff and Commissioners.

In 2019 The City of Auburn Council reviewed previous studies including the 2010 Lake Auburn Watershed Management Plan (lakeauburnwater.org) and identified several recommendations that have not been completed. The City of Auburn City Council chose to hire FB Environmental, a qualified well known environmental consultant, to analyze existing plans, model the water quality impacts of the existing conditions, ordinances and model existing development impacts currently allowed to compare to scenarios that include changes to existing ordinances within the Auburn portions of the watershed. Their report is available here: A Regulatory, Environmental, and Economic Analysis of Water Supply Protection in Auburn, Maine(auburnmaine.gov) The City has proceeded to implement some of the recommended changes that recognize new information or advances in science related to watershed protection and either promote transparency and understanding and that improve environmental protections within the Lake Auburn watershed and most importantly **do not** increase development potential within the actual watershed. The process has included attending LAWPC meetings, well attended public forums advertised as Community Conversations and numerous public workshops and public hearings with the Auburn Planning Board and City Council.

Staff intends to resume this discussion with the Planning Board in June to review the changes and hold a public hearing on the final draft of the proposed ordinance text amendments. A zoning map amendment to the Lake Auburn Watershed Overlay map will also be considered soon based on the latest information and peer reviews. Some time has passed while these were on hold. The purpose of this update is to summarize the list of changes already started by the Council and Planning Board in a single discussion and to confirm that the Council agrees with the list of changes for an upcoming public review and hearing process to make final decisions on implementing the changes. Although some of the changes have been to Planning Board, our Counsel recommends a Public Hearing that includes all of the changes for each zoning division so they can be considered as a whole.

Over approximately the last year the City has considered the following:

- The City has updated zoning standards to encourage housing outside of the Lake Auburn Watershed in areas served by public water and sewerage services to reduce demand on rural areas and take advantage of existing utilities. This discussion will continue through a separate hearing process for other areas of the City outside of the watershed of Lake Auburn.
- The City has updated the phosphorus control ordinances and adopted a requirement for Low Impact Development Standards to be met in the Lake Auburn Watershed whenever a development exceeds 200sf. We believe this is one of the most stringent standards in the State, if not the most stringent and is already fully adopted.
- The City is considering updating Subsurface Wastewater Standards in the lake Auburn Watershed to improve wastewater treatment in new systems, but also, and perhaps more impactfully, in replacement systems. There are about 50 new systems under the current ordinance and 270 existing grandfathered systems that would now need to meet a higher treatment standard at the time of future failure and replacements, resulting in an average required increase in separation from seasonal groundwater of 24 inches.
- The City is considering requiring new systems to have 36" separation between the bottom of the drain field and seasonal high groundwater with specific soils that maximize treatment of wastewater. The current standard requires 36" inches of existing well drained soils onsite and requires the new system to be set into the ground 12 inches below the organic horizon, below where most treatment occurs, resulting in only 24" of separation from seasonal high groundwater in soils that often drain too quickly to provide significant treatment. This will be remedied under proposed ordinance changes.
- Recognizing that the 36" existing soils requirement is being used to limit the number of developable lots, the Consultant analyzed the potential for developable lots that could result from the Change. We are now considering increasing the minimum lot size in the Lake Auburn Watershed in conjunction with the wastewater change from 1 acre to 3 acres which will allow for better wastewater treatment and an overall reduction in the total number of buildable lots. If LD 2003 happens in July this will limit density of new dwellings in residential portions of the watershed to 1 dwelling per 3 acres.
- The City of Auburn will be asking the LAWPC to take a more active role in ordinance related permit reviews and compliance efforts, so the City of Auburn does not bear the burden of watershed protection efforts alone and ensures Lewiston and Auburn Water participate in watershed protection efforts driven by City Ordinances.
- The City is considering implementing a subsurface wastewater inspection program requiring systems within the Lake Auburn Watershed to be inspected every 5 years or upon sale of a property.
- The City is considering increasing the setbacks from the lake or tributary streams for SSWW Systems, agricultural uses and tilled fields.
- The City is considering changing the Agriculture and Resource Protection part of the watershed (73% of the watershed lands within Auburn) to a Conservation and Natural Resource Protection Zone that would prohibit any new residential uses. If LD 2003

happens in July this will significantly limit density of new dwellings in the Auburn portion of the Lake Auburn Watershed.

- The City is considering changing the Agriculture and Resource Protection part of the watershed (73% of the watershed lands within Auburn) to a Conservation and Natural Resource Protection Zone that would prohibit or significantly restrict the size of any new animal farms. Consultants have found agriculture, specifically animal farms, to be a significant threat to water quality.
- The City is considering amending the Lake Auburn Watershed Boundary in the area of the Gracelawn Gravel Pits based on City Consultant reviews, peer reviews from consultants hired by the Auburn Water District and the City of Lewiston, and the Maine Drinking Water Program to consider new topography, groundwater monitoring data from the pits and City landfill that show groundwater and surface water moves away from the lake. This will accurately reflect the way water drains to or from the lake and correct the actual watershed boundary map that is used for local regulations. Based on peer reviews the City intends to use the conservative line that both FB Environmental and CDM agree drains away from the lake (Graphic attached). It should be noted that open, grandfathered, gravel mining pits are higher generators of sediment and nutrient runoff than developed and vegetated sites with stormwater treatments designed to meet modern stormwater treatment standards. This change will facilitate the development of housing that could replace the gravel mining use, including the blasting of bedrock for mining and require engineered stormwater treatments, site stabilization and interagency review of proposed plans that guarantee stormwater and sewer are not drained into the Lake Auburn Watershed.
- The current ordinance allows a property owner with the well-drained soils, deeper than 36" existing onsite to sell easement rights to nearby parcels to build so-called "septic farms" where multiple lots build concentrated wastewater disposal systems. The proposed ordinance will prohibit this and require a new system to be on the same lot as the home.
- The City is ensuring that all the changes are easier to understand to a homeowner, better for the environment and water quality of Lake Auburn and that the changes result in **reduced** development potential overall in the Auburn portions of the watershed.

Lake Auburn is a sensitive resource that appears to be at a tipping point for a reduced water quality requiring in-lake alum treatments and the status quo cannot be expected to improve water quality and protect public drinking water. The proposed changes are a step in the right direction to reduce development potential in the Lake Auburn Watershed despite a changing regulatory landscape with LD 2003 and ensure better drinking water protections. They provide a significant defense to changing State Regulations that limit local control of residential density where homes are allowed - homes will not be allowed in 73% of the lands within the Auburn part of the Lake Auburn Watershed. The City of Auburn is hopeful that these changes using the best available science can be implemented with increased participation of the City of Lewiston, through the LAWPC. We are also hopeful that these science-based standards

can bring awareness to communities sharing the watershed and resulting in, meaningful watershed protections that can be expanded by LAWPC and AWD to increase protections to the public water supply in the northern portions of the watershed which drain into Lake Auburn.

City of Auburn
City Council Information Sheet

Council Workshop or Meeting Date: May 1, 2023

Subject: Executive Session

Information: Economic development, which premature disclosure would prejudice the competitive or bargaining position of the City, pursuant to 1 M.R.S.A. Section 405(6) (C).

Executive Session: On occasion, the City Council discusses matters which are required or allowed by State law to be considered in executive session. Executive sessions are not open to the public. The matters that are discussed in executive session are required to be kept confidential until they become a matter of public discussion. In order to go into executive session, a Councilor must make a motion in public. The motion must be recorded, and 3/5 of the members of the Council must vote to go into executive session. An executive session is not required to be scheduled in advance as an agenda item, although when it is known at the time that the agenda is finalized, it will be listed on the agenda. The only topics which may be discussed in executive session are those that fall within one of the categories set forth in Title 1 M.R.S.A. Section 405(6). Those applicable to municipal government are:

A. Discussion or consideration of the employment, appointment, assignment, duties, promotion, demotion, compensation, evaluation, disciplining, resignation or dismissal of an individual or group of public officials, appointees or employees of the body or agency or the investigation or hearing of charges or complaints against a person or persons subject to the following conditions:
(1) An executive session may be held only if public discussion could be reasonably expected to cause damage to the individual's reputation or the individual's right to privacy would be violated;
(2) Any person charged or investigated must be permitted to be present at an executive session if that person so desires;
(3) Any person charged or investigated may request in writing that the investigation or hearing of charges or complaints against that person be conducted in open session. A request, if made to the agency, must be honored; and
(4) Any person bringing charges, complaints or allegations of misconduct against the individual under discussion must be permitted to be present. This paragraph does not apply to discussion of a budget or budget proposal;

B. Discussion or consideration by a school board of suspension or expulsion of a public school student or a student at a private school, the cost of whose education is paid from public funds, as long as:
(1) The student and legal counsel and, if the student is a minor, the student's parents or legal guardians are permitted to be present at an executive session if the student, parents or guardians so desire;

C. Discussion or consideration of the condition, acquisition or the use of real or personal property permanently attached to real property or interests therein or disposition of publicly held property or economic development only if premature disclosures of the information would prejudice the competitive or bargaining position of the body or agency;

D. Discussion of labor contracts and proposals and meetings between a public agency and its negotiators. The parties must be named before the body or agency may go into executive session. Negotiations between the representatives of a public employer and public employees may be open to the public if both parties agree to conduct negotiations in open sessions;

E. Consultations between a body or agency and its attorney concerning the legal rights and duties of the body or agency, pending or contemplated litigation, settlement offers and matters where the duties of the public body's or agency's counsel to the attorney's client pursuant to the code of professional responsibility clearly conflict with this subchapter or where premature general public knowledge would clearly place the State, municipality or other public agency or person at a substantial disadvantage;

F. Discussions of information contained in records made, maintained or received by a body or agency when access by the general public to those records is prohibited by statute;

G. Discussion or approval of the content of examinations administered by a body or agency for licensing, permitting or employment purposes; consultation between a body or agency and any entity that provides examination services to that body or agency regarding the content of an examination; and review of examinations with the person examined; and

H. Consultations between municipal officers and a code enforcement officer representing the municipality pursuant to Title 30-A, section 4452, subsection 1, paragraph C in the prosecution of an enforcement matter pending in District Court when the consultation relates to that pending enforcement matter.

The matters that are discussed in executive session are required to be kept confidential until they become a matter of public discussion. In order to go into executive session, a Councilor must make a motion in public. The motion must be recorded, and 3/5 of the members of the Council must vote to go into executive session. An executive session is not required to be scheduled in advance as an agenda item, although when it is known at the time that the agenda is finalized, it will be listed on the agenda. The only topics which may be discussed in executive session are those that fall within one of the categories set forth in Title 1 M.R.S.A. Section 405(6). Those applicable to municipal government are:

A. Discussion or consideration of the employment, appointment, assignment, duties, promotion, demotion, compensation, evaluation, disciplining, resignation or dismissal of an individual or group of public officials, appointees or employees of the body or agency or the investigation or hearing of charges or complaints against a person or persons subject to the following conditions:
(1) An executive session may be held only if public discussion could be reasonably expected to cause damage to the individual's reputation or the individual's right to privacy would be violated;
(2) Any person charged or investigated must be permitted to be present at an executive session if that person so desires;
(3) Any person charged or investigated may request in writing that the investigation or hearing of charges or complaints against that person be conducted in open session. A request, if made to the agency, must be honored; and
(4) Any person bringing charges, complaints or allegations of misconduct against the individual under discussion must be permitted to be present. This paragraph does not apply to discussion of a budget or budget proposal;

B. Discussion or consideration by a school board of suspension or expulsion of a public school student or a student at a private school, the cost of whose education is paid from public funds, as long as:
(1) The student and legal counsel and, if the student is a minor, the student's parents or legal guardians are permitted to be present at an executive session if the student, parents or guardians so desire;

C. Discussion or consideration of the condition, acquisition or the use of real or personal property permanently attached to real property or interests therein or disposition of publicly held property or economic development only if premature disclosures of the information would prejudice the competitive or bargaining position of the body or agency;

D. Discussion of labor contracts and proposals and meetings between a public agency and its negotiators. The parties must be named before the body or agency may go into executive session. Negotiations between the representatives of a public employer and public employees may be open to the public if both parties agree to conduct negotiations in open sessions;

E. Consultations between a body or agency and its attorney concerning the legal rights and duties of the body or agency, pending or contemplated litigation, settlement offers and matters where the duties of the public body's or agency's counsel to the attorney's client pursuant to the code of professional responsibility clearly conflict with this subchapter or where premature general public knowledge would clearly place the State, municipality or other public agency or person at a substantial disadvantage;

F. Discussions of information contained in records made, maintained or received by a body or agency when access by the general public to those records is prohibited by statute;

G. Discussion or approval of the content of examinations administered by a body or agency for licensing, permitting or employment purposes; consultation between a body or agency and any entity that provides examination services to that body or agency regarding the content of an examination; and review of examinations with the person examined; and

H. Consultations between municipal officers and a code enforcement officer representing the municipality pursuant to Title 30-A, section 4452, subsection 1, paragraph C in the prosecution of an enforcement matter pending in District Court when the consultation relates to that pending enforcement matter.

Subject: Fee waiver for the Exchange Club of Auburn for the Auburn Lobster Festival

---

Information: The Exchange Club of Auburn is a nonprofit organization hosting a fundraising dinner during the May 6, 2023 Auburn Lobster Festival. This is an opportunity for the club to serve the community and raise funds to support the Auburn PAL center. The club is requesting council waive the $60 temporary food license.

The fees for business licenses shall be paid by the owner or his agent in accordance with the business fee schedule established by the city council The city council is the only authority allowed to waive fees prescribed by ordinance. An application for waiver of any fees must be presented in writing to the city clerk to be brought to the city council at its next available meeting.

(Ord. No. 38-02072011-05, att. §§ 24-31, 2-7-2011)

City Budgetary Impacts:. Loss of $60 temporary food license fee.

Staff Recommended Action: Approve the fee waiver request.

EXCHANGE

THE EXCHANGE CLUB OF AUBURN

working to make our community a better place to live

Auburn City Council

Request for Waiver of Permit Fees

April 20, 2023

Dear Council,

The Exchange Club of Auburn has been serving the people of Auburn for over 75 years. We are excited to have been asked to participate in the inaugural Auburn Lobster Festival on May 6, 2023, by providing lobster dinners. This is an opportunity to serve our community yet again and raise funds to support our work donating to the many small groups and individuals who impact our community. Among the groups we have supported in recent years are the Auburn PAL Center, Project Graduation at Edward Little and St. Dominic's Academy, the Auburn Suburban Little League, the Auburn Middle School Hockey Team, and four Students of the Month and a Student of the Year each at Edward Little and St. Dominic's Academy.

To assist us in our efforts to make our community a better place to live, we request that the permit fees for our participation in the Auburn Lobster Festival be waived.

We thank you for your consideration.

Bill Gladu
President
